Hilliards comes alive again in Killarney

New Killarney business with a very familiar brand

Back to the future: Adrian Hilliard (second from right), whose family operated the thriving business from 1848, identifies former staff members in a photograph taken in 1964 with Sheahan Group directors Pat Sheahan (right), Niamh Sheahan and Pat Sheahan Jnr. They are pictured in the bar area of the new Hilliard's restaurant and cocktail bar.

Tony Ladden, project manager, left, and Gene Evans, master craftsmen, reinstating the iconic Hilliard's store sign on Main Street, Killarney.

It was a nostalgic moment for Adrian Hilliard when he met with members of the Sheahan family in the premises in which his family operated a thriving business for generations. One of the most iconic and distinguished retail brands in Killarney's long and proud commercial history is to be revived as part of an exciting new business venture due to open its doors in the coming days.

Hilliard's – the name chosen for a vibrant new restaurant and cocktail bar on 6/7 Main Street – will have huge significance for a whole generation of people in Killarney given the major influence the Hilliard family had in the area for well over a century and a half.

The unveiling of the back to the future brand is particularly appropriate given that the new development, undertaken by the Sheahan Group, is located on the exact site of the former R Hilliard and Sons department store which remains a landmark building on the town's main retail thoroughfare.

The new venture will bring the number of people employed by the Sheahan Group to over 500 with more than 50 new jobs being created at Hilliard's.

Members of the Hilliard family are thrilled that the name and building will again become central to the commercial life of Killarney town. The House of Hilliard, established in 1848, is synonymous with enduring quality, craftsmanship and style. For 148 years, Hilliard's traded as a department store, attracting well-heeled shoppers to sample an unrivalled selection of fine, handmade wares, from haberdashery to drapery and footwear.

The thread of masterful crafting will be sewn through the new Hilliard's experience, from signature cocktails and small plates to delicious mains, comprising the freshest local ingredients, in a space thoughtfully designed to be welcoming and inviting.

Hilliard's today, as before, has a family business at its core. The new team will be led by

executive chef Diarmuid Murphy, head chef Rory Gabriel, mixologist Ariel Sanecki and operations manager Siobhan Whelan.

The striking feature original sign at the top of the building's exterior, dating back to 1917, has been painstakingly restored by master craftsmen to ensure the business remains true to its roots at the beating heart of Killarney town.

Originally commissioned by John Hilliard, who consulted with the Irish language department in UCC, it was the first Irish language façade in Killarney and the first use of the word 'Teoranta' on any sign of its kind on a shopfront.

Hilliard's, the stylish elder sister of JM Reidy's, will add significantly to Main Street's rich and colourful history while ensuring a bright future. The official opening has been planned for Friday, July 8 but there is some suggestion of a sneak-peak this coming weekend.

Elisabeth Vincent to be interred in Killeeg Muckcross

The ashes of Elisabeth Vincent will be interred next to her husband Billy Vincent's in Killeeg cemetery, Muckcross Killarney at 5pm on Monday July 11 2022.

Elisabeth Vincent pictured aged 18 months old. Photo: Maurice Moriarty.

Born in Paris on April 29 1921 Mrs Vincent celebrated her 100th birthday in 2021 in Monaco. She died on July 2, 2021. The eldest of three daughters, she was educated in France and in England and worked in the fashion world in Paris. After marrying Arthur William Bourn Vincent in 1952 Elisabeth moved to San Francisco. In addition to an active social life, she started and headed for several years a haute couture house in San Francisco. Later she turned to painting in her SF

studio. Her works of an avant-garde and partly abstract style have rarely been exhibited publicly. Most remained in her possession.

The Vincent links with Ireland are well known. In 1932 Arthur Rose Vincent and his father-in-law William Bowers Bourn presented Muckcross and 11,000 acres to the people of Ireland as our first National Park.

From the mid-70s to the mid-90s Elisabeth spent most summers in Dromkerry near Killarney with her family and grandchildren.

The official opening of the Killarney Valley AC Arena will take place at the end of the Summer.

Jeremiah Griffin, Chairperson of the club has announced that the opening will be performed by Bishop Ray Browne and by Minister for Education Norma Foley on Saturday the 27th of August at 3.30pm on the grounds of St. Brendan's College in Killarney. All of the elected representatives and especially the community activists from Killarney Valley AC and friends will also be in attendance.

An exhibition athletics event hosted by Killarney Valley AC will also take place as part of the proceedings.

After nine years of hard work by the hardworking community group, spearheaded by volunteers from Killarney valley ac, the project became a reality almost two years ago. The facility at it's location could not have become a reality without the cooperation of Bishop emeritus Bill Murphy and by Bishop Ray Browne. The community group

worked through a number of suitable locations and it was decided that and with the bonus of it's proximity to the student population, the community group were able, to forge on with the massively beneficial plans.

The initial exploratory meeting to initiate the facility at this location took place between Jeremiah Griffin, Cathal O'Brien and Sean Coffey

Killarney Valley AC who are the appointed management agents of the facility have blossomed since it's opening achieving on the national and international stage. The club's members and the hardworking committee keeps the facility sustainable. This year the summer camps and the raffle of the 1982 classic Toyota starlet in conjunction with the vintage club, with other activities pays the bills.

The benefits to the community have been immense and this is an opportunity to say thanks and give it the blessing it so richly deserves.

THIS WEEKS BEEF COMES FROM CAHILLANES MEATS KILLORGLIN.
THIS WEEKS LAMB COMES FROM CAHILLANES MEATS KILLORGLIN.

It's the talk of the town...

With Anne Lucey

Anne Lucey looks at the positive news happening in the town of Killarney

Janie McCarthy - A Woman of Substance

The unveiling to Janie McCarthy, resistance fighter in Paris and acknowledged academic, is long overdue.

According to local historian Noel Grimes, town manager Angela McAllen and others, this column in the Killarney Outlook highlighting the imbalance in the public realm in Killarney provided the spark.

Indeed a copy of the article in the Outlook were produced by Noel. Fame at last, as the late Con Houlihan said!

We won't labour the point, but we will say it only took 130 years to honour a local woman in Killarney.

Gender issues aside, it is extraordinary that the exploits worthy of a book have not been recorded properly. As town manager Angela McAllen pointed out Janie's is "a fascinating" story.

The credit in Killarney is being widely claimed for this first step that will doubtless be momentous. But among those not so far acknowledged is Padraig Brosnan of the Hibernian Brosnans of New Street. The Brosnans are connected to Janie and Padraig has been unearthing her

story with two decades now.

Indeed there was a great turn out from New Street at the unveiling.

Maureen Somers, a neighbour of Janie's in New Street as a child met Janie on her annual returns to Killarney.

"She was a woman of presence with a beautiful speaking voice," Maureen recalled.

She pronounced every word very carefully and this was probably because of her profession as a teacher, Maureen said.

Janie Mc Carthy was the female equivalent of Monsignor Hugh O'Flaherty and although she has been honoured in France, the US and the UK, had never been recognized in her own home town or country.

"It was amazing that two Killarney people would have had so much involvement in the safe escape of allied troops during World War II," said mayor, Cllr Marie Moloney, who performed the unveiling..

Killarney Town manager Angela McAllen struck a chord with people:

"It is important for children growing up to hear of the heroic exploits of those from their

home town, to

inspire them and to give them people to look up to.

It is terrific especially for young girls to look at this plaque and I hope that

too will inspire them to greater heights and to realise that gender is no obstacle to achieving anything you want," Ms McAllen said.

Mary O'Sullivan who is from Park Road and a fluent French speaker researched Janie in Paris, having been alerted by then Cllr Michael Gleeson. Mary found she had studied the same course as Janie in the Sorbonne, had lived in a street "perpendicular" and sat in the same park and attended the same church - but 60 years apart.

Who knows in years to come, and maybe after a film, the plaque to Janie may morph into a lifesize statue - to accompany the Monsignor.

REPLACING PIPES IN HIGH SEASON

Is this the season for road and building works?

Could there be a better time to root up the town? Would a century of pipes have lasted a couple of more months, I ask?

The town is beginning to look like a down at heel building site, I am reluctant to say it. And hopefully it is just me, but this summer I am not seeing the happy throngs of tourists, or the buzzing atmosphere I normally encounter during the high season evenings in Killarney.

This column regularly highlights the need for infrastructure, but in tourism where season has less to do with nature than with tourism business, there has to be regard to timing.

Might the works to the water mains in Upper Lewis Road, and St. Allman's Terrace, Rock Road in Killarney be delayed till September.

The works along Upper Lewis Road, which are currently being delivered by Kerry County Council on behalf of Irish Water, are being undertaken due to ageing infrastructure on the water network.

"Some of our customers along Upper Lewis Road were experiencing low pressures or loss of supply, therefore, it was essential that these works took place as early as possible in order to ensure that these customers had an adequate water supply. Potential disruption to schools and state exams were factored into the timetabling of these works," a spokesman said..

The works along Allman's, Rock Road, are to remove lead service connections. "As always, we make every effort to try and limit disruption to local communities and businesses when delivering necessary water network improvement works," IW told me..

"We are acutely aware of the high footfall in Killarney during the summer months and are monitoring the situation on Upper Lewis Road and the Rock Road closely with Kerry County Council's Roads Department. Alternative arrangements will be made if deemed necessary." That last line needs to be highlighted and I for one will keep it in "the reservoir" Meanwhile the council are fully backing the timing saying there was an urgency to the work and they are "being carried out now but at a time when school traffic is not a factor".

COURT THEATRES

Is it beyond time to have proper court houses in Kerry?

While all the attention is on the county courthouse, or lack of it, in Tralee and the inability to settle on a site, the discomfort in other courthouses across the county goes unnoticed. There is a complete lack of facilities in Killarney courthouse, we are hoarse from highlighting.

Last Friday I sat in Dingle, a building used just once a month. Freezing for four solid hours while outside the rain bucketed down from a dull slate sky and people awaiting cases had nowhere only the kind of depressing stone yard and "public facilities" you might have recalled in the outside school toilet days of half a century ago.

It was a scene straight from the Corca Dorcha of An Béal Bocht.

Yet these buildings with their tiered seats, overhung galleries and "stages" that pass for judges benches (or is it the other way round?)

would make ideal small theatres.

There is a real need for a liaison person in this county to think outside the boxes and draw in all the several arms of public buildings. Buildings like St Finan's, (HSE) and courthouses

(Courts Service and County Council), and indeed emptying church and diocese buildings which have also been funded by the people could all have better uses.

Perhaps a "constructive ideas" officer might be decreed?

THE BRIDGE RATHMORE welcomes John Aldridge

Liverpool fans are counting down the days to Friday the 8th of July when hugely popular former player, John Aldridge, popularly known as Aldo will be warmly welcomed to the Bridge Bar, Rathmore.

A night of story telling about himself, Jack Charlton, the lads and the green Army is planned with all proceeds from the night going to the Air Ambulance Ireland.

A new visitor experience has officially opened at the Blasket Islands, following an investment of €2.9million from Fáilte Ireland, the Office of Public Works and the Department of Housing, Local Government and Heritage.

The Minister for State with responsibility for the Office of Public Works Patrick O'Donovan and Máire Ní Shúilleabháin Uí Chíobháin, daughter of famed Blasket author Muiris Ó Súilleabháin, today re-opened the iconic Blasket Centre (Ionad an Bhlascaoid) in Dún Chaoin on the Western edge of the Dingle Peninsula.

Adjacent to the recently opened viewing platform with spectacular views over the Blasket Islands, the project includes a total transformation of the Centre's exhibitions to deliver an authentic, and imaginative re-telling of the story of the Blasket islands, their rich heritage and their literature which is of national and international significance. The Blasket Centre is a flagship visitor attraction for County Kerry and is expected to attract 63,000 visitors to the region by Year 5 of opening.

Fáilte Ireland, the Office of Public Works and the Department of Housing,

Local Government and Heritage have together invested €2.9million in the Centre. The Centre has been designated as a Wild Atlantic Way Signature Discovery Point, and together with the walkway and viewing platform, which opened to the public in 2020, offers dramatic views of the Blasket Island archipelago and the Atlantic coastline. It may be the end of a great year of Mini Winnies Pony Club at Pony Tales Stables in Faha, but the fun continues at the stables right through the Summer.

In 2018 Mini Winnie's Pony Club was founded by the team at Pony Tales Stables, Faha, Killarney with a goal to teach children the responsibility involved in caring for a pony, while having fun as part of a team environment. At MWPC, riders come every Saturday for 3 hours - they each get a 1 hour group riding lesson and spend the other two hours learning about horse care and stable management.

Mini Winnie's Pony Club celebrate a great year

"We have seen a huge growth in interest in our pony club over the past number of years and this year in particular, we have been very impressed by the commitment from all riders and parents involved", Sheila from Pony Tales told Killarney Outlook.

As the school year is coming to a close, MWPC 2021/2022 is coming to an end too and to finish off the year, the team headed off to West Cork Secret in Kilbrittain, Co. Cork for an end of year trip on Sunday 19th June. They had a fantastic day taking part in orienteering, goKarting, team-building activities, assault courses and a huge mudslide, followed by pizza to finish the day.

A final in-house showjumping Competition Day Experience was also held for all the MWPC team members on Sunday 26th June. Riders groomed and prepared their assigned pony and warmed them up before jumping their course in front of their families and friends. They then cooled down and untacked their ponies. All riders did fantastic in their showjumping competition and we are so proud of all of them, not only for the progress they have made in their riding but also for the mature attitude and commitment they each have for caring for the horses they ride each week at Pony Tales Stables and the way they work together as a team to encourage and look after each other.

"It has been a super year at MWPC and we would like to thank all who took part in it. Although MWPC comes to a close for the summer holidays, the fun still continues at Pony Tales Stables throughout the summer with pony camps and riding lessons taking place. We would like to wish MWPC a wonderful summer and can't wait to see you all at summer camps, weekly lessons and MWPC when it returns in September", Sheila added.

SCEILG MHCÍL REOPENING TO VISITORS TOMORROW

Since the rockfall on 13 June which necessitated the temporary closure of the island to visitors for health and safety reasons, the Office of Public Works (OPW) has been working hard to progress investigations and safety measures to restore safe access to Sceilg Mhichíl as soon as possible. Specialist teams are on site to visually assess and remove debris and we hope to welcome visitors back on Saturday, 2 July. The reopening date is, of course, subject to weather conditions remaining favourable.

Sceilg Mhichíl's remote location in the Atlantic creates numerous issues as an operational visitor site, not least its accessibility, and throughout the more than three decades since the OPW began providing access to visitors, the safety of the public visiting and of our staff working on Sceilg Mhichíl has been our priority at all times. In all rockfall events, even minor ones, our expert-led investigations have to be very comprehensive.

IRISH WATER TO REPLACE LEAD SERVICE CONNECTIONS IN KILLARNEY

Works have commenced on Allmans Terrace this week.

Irish Water, working in partnership with Kerry County Council, is removing lead service connections from the public water network in Allman's Terrace, Rock Road, Killarney and Upper Lewis Road in Killarney which will improve water quality for the community.

The section of works will take place along the Upper Lewis Road from the Killarney bypass (N22) and continue 300m to the roundabout linking Upper Lewis Road and St. Anne's Road.

The project which commenced this week will form part of Irish Water's National Leakage Reduction Programme. The works are being carried out by Ward and Burke Ltd. on behalf of Irish Water.

The work will involve the replacement of existing lead pipes connecting the public water network to a customer's property with modern high-density polyethylene (HDPE) plastic pipes. Property owners will be notified if it is likely that there is lead present within the boundary of

their property. Property owners are responsible for replacing this lead. Job opportunities for disabled graduates at Local Authorities Nationwide - AHEAD

The Willing Abled Mentoring Programme (WAM) at AHEAD partners with leading Irish employers to offer paid graduate-level jobs exclusively for graduates with disabilities

The WAM Programme have partnered with the Local Government Management Agency to recruit graduates with disabilities across Ireland for a variety of roles within a number of participating local authorities across counties Cavan, Donegal, Leitrim, Kerry and Waterford. Positions are available in many different units and sections such as HR, Climate and Environment, Community and Sport, Health and Safety etc. Applicants will be invited to apply for the roles through the WAMworks database managed by AHEAD.

According to Census data from 2016, the employment rate of disabled people was about half of the rate for those without disabilities (36.5 per cent versus 72.8 per cent). Disabled people in Ireland continue to face significant gaps in employment, compared to people who don't have a disability. The WAM Programme works to close the gap by supporting graduates with disabilities in the transition to the workforce, and by working with employers to ensure their recruitment practices are accessible and inclusive.

Exciting Partnership for Inclusive Employment

Caroline McGrotty, Employment Manager at AHEAD said, "AHEAD are delighted to be working with various local authorities across Ireland to offer fixed-term, fully paid, graduate level work placements for people with disabilities. This partnership will hopefully lead to greater inclusion and awareness as to the recruitment and retention of people with disabilities in addition to enabling local authorities to meet their

commitments set out in the Comprehensive Employment Strategy for People with Disabilities.

The WAM Difference

Successful applicants will be invited to a needs assessment with the WAM team to discuss any support they may need to carry out their new position. Before starting the role, the successful applicant will be partnered with an in-house mentor. Mentors are other employees who work in the organisation but who are not the candidates' direct line manager or supervisor. The candidate, mentor and direct line manager all receive comprehensive pre-placement training on all aspects of The WAM Programme. The WAM team at AHEAD will provide ongoing support to both the candidate and the local authority to ensure that the placements run smoothly.

How to Apply

Graduates with a qualification of NFQ Level 6 and above and who meet the eligibility criteria should visit www.ahead.ie/LAplacements for information on all of the roles available and details on how to apply.

For more information on the work of AHEAD and WAM, visit www.ahead.ie/wam.

Castleisland on the up

Killarney Outlook recently caught up with chairperson of Castleisland Chamber Alliance Michael J. Kearney for an update on all things Castleisland, he was very enthusiastic about where Castleisland is now post lockdown, clearly Castleisland's rebranding and new tag line of 'Pride in all we do' is the mantra of the chamber.

Castleisland has had a very busy few months, from rebranding and marketing Castleisland Town to hosting events with international participants and audiences. Recent events held in Castleisland such as 'World Fiddle Day' in May and the second stage finish of Ras Tailteann which took place in June have put Castleisland on the international stage once again. I would like to take this opportunity to acknowledge PJ Teahan of the World Fiddle Day committee and John & Eamonn Breen of Currow Cycling Club for the work they put into hosting the aforementioned events. Recently the Castleisland Race committee hosted Castleisland Summerfest featuring many free music events which were very well attended. The races committee are now busy preparing for Castleisland Races which held in July", Michael said.

Castleisland Chamber worked tirelessly over the past six years to advance the upgrading of the Gleannsharoon viewing area on Limerick road. We were successful in doing so recently through funding from Leader and Kerry County Council. The upgrade has totally opened up this fabulous vista at the gateway to Kerry and this is well worth a visit. Signage including a large panoramic photograph by Killarney photographer Don MacMonagle and labelled by Seamus Fleming Castleisland will ensure you know exactly what you are viewing when you visit.

Castleisland has always been known for its shopping - for value, tradition and customer service so when it came to rebranding / marketing Castleisland post lockdown the retail offering in the town gets much focus. Many second and third generation retail outlets have stood the test of time in Castleisland and still lead the way throughout the county

and beyond with online and on-street offerings. If you are building, buying a new home or re-decorating, looking for a special outfit or gift, or in the market for a new car Castleisland is well worth a visit. The focus of the chamber and businesses on digital communication has increased substantially over the past year. Recently Castleisland town was highly commended in the national .ie Digital awards under the Community Digital Category for their town digital strategy. The commendation with a financial award of €2000 recognised the advances Castleisland has made in the digital communication and marketing area. Jacqueline Bird moderates the chambers social media platforms using fantastic creative content you can follow Castleisland town on instagram [castleislandtown](https://www.instagram.com/castleislandtown), facebook Castleisland Chamber Alliance or twitter @castleisland_c. Michael says the marketing strategy implemented by Castleisland Chamber Alliance over the past 12 months has helped to attract new businesses to the area with new outlets opening up recently on main street, off street industrial units, offices in Island Point and remote workers retuning to Castleisland are facilitated in the Carnegie co-working hub. There are some fabulous new coffee shops to sample ensuring your visit to Castleisland is made all the more special.

COLLEGE IS EXPENSIVE SO APPLY TO SUSI FOR YOUR COLLEGE GRANT

BY THE PRIORITY CLOSING DATE OF 7TH JULY

By Billy Ryle

It's not easy to integrate into college life if you're forced to make a daily return commute from Kerry to Limerick or Cork. But that's the only option facing an increasing number of students who can't afford to meet the unregulated cost of student accommodation. Rental accommodation, alone, has increased by 50% in the cities during the past five years, putting most of it beyond the reach of students. With inflation galloping out of control, deserving students, who have studied hard to achieve a college place, struggle financially with little or no state support.

Further and third level education is very expensive. The financial burden is somewhat eased for students who qualify for partial or total state funding. Even so, many college students have to work part-time or depend on their parents to make ends meet. Thousands of students who are ineligible for funding due to punitive means testing of the family income must come up with about €10,000 annually if they are living away from home or about €4,500 if living at home. The unjustifiable student contribution of €3000, which Minister Harris keeps promising to reduce, also has to be paid. In Budget 2022, the Student Universal Support Ireland (SUSI) grant for all eligible third level students was increased by €200 from this year. In the context of the ever-increasing cost of living it's a paltry increase. The gross income threshold for grant eligibility has been increased by €1,000, ensuring more students should qualify for some level of maintenance. The distance from home to college for the higher grant has been reduced from 45km to 30km. This means more students who are living away from home or travelling to college will qualify for the higher grant. About 60,000 students are eligible for some level of maintenance grants ranging from €305 to €3025. Now their payments will increase by €200.

The Budget changes mean that the maximum standard maintenance grant payable in the 2022/2023 academic year to students whose college is 30km or more from their homes will

increase from €3025 to €3225. For students who live less than 30km from their college, the standard maximum grant goes up from €1215 to €1415. The gross annual income levels for grant eligibility increases by €1000 from €39,875 to €40,875. There is also a special maintenance grant for applicants whose annual gross income is less than €24,500. That payment increases from €5915 and €2375 to €6115 and €2575, respectively.

Student Universal Support Ireland (SUSI), the grant awarding authority, is prioritising new grant applications until 7th July. SUSI will process late applications but its best to be on the priority applications list. Submit your online grant application as soon as possible. Applicants are assessed on gross income from all sources in the 2021 financial year. Applications are assessed as either a 'dependent', 'mature dependent' or 'independent' application. A dependent applicant is assessed on the income of parents or guardians, while an independent applicant is assessed on personal income and that of her/his partner.

As the grant is means-tested, visit the eligibility reckoner on www.susi.ie. This facility provides potential applicants with an approximate indication of whether or not they are likely to qualify for a grant. However, it's always advisable to submit a grant application. Even if you don't currently qualify, your financial circumstances may change en route through college.

Begin your SUSI grant application by registering for an online account where you can set up your username, password and security pin. Then carefully complete the interactive application form. Once you have submitted a grant application you can follow its progress on the SUSI Online Application Tracker.

Further information on state funding can be found on www.studentfinance.ie. Most of the institutions also offer a range of scholarships for excellence in areas such as academic, sport, creative arts and entrepreneurship. Colleges also operate a Financial Assistance Fund for

KILLARNEY ATHLETIC

MOURN THE PASSING OF THEIR FOUNDER

The passing of founder of Killarney Athletic AFC at his home last weekend was met with great sadness by everyone who knew him.

Donal (Don) Harrington passed away suddenly at his home in Mirfield, Huddersfield on Sunday morning the 26th of June.

Donal who was affectionately christened Don by his colleagues in the Killarney Garda station when he was posted there in 1965 as a 19 year old recruit.

It was through his sense of community spirit that he first came in contact with a group of local teenagers playing soccer in the 'Sandpit' (now the High St. Car Park) and it was from there that he expanded the group to include interested lads from all over the town to form Killarney's first organised affiliated soccer club. Don entered the club into the Desmond League as there was no Kerry League at the time and he had played underage and junior

soccer with Newcastle West in the Desmond League himself after the family moved there from Cork City.

His newly found club were warmly welcomed to compete against sides from mostly the West Limerick area but also included Tralee Dynamos and Listowel.

As the majority of members were teenagers at the time Don (Garda Dan or Harry as he was known as by the boys) entered underage cup competitions firstly to get the club up and going. As well as organising and managing the teams, Don also drove the transport on occasions to the away matches.

Although Kerry was a stronghold of the GAA and the infamous 'Ban' on the playing of foreign games existed at the time Don always acknowledged the great encouragement he got from his colleagues at the station and also the cross community support he got in promoting the club and facilitating young people to play soccer - although he did have one work transfer scare that was later cancelled and he continued to grow the club.

Don managed to recruit a few extra older players - some of whom were not from Killarney but worked in local hotel and tourism related businesses and they were then able to enter a senior team into the Desmond League in 1966 and this allowed Don to become a player/manager at the youthful age of 20.

He also secured the use of a playing pitch in a part of the McShain estate known as the Half Moon, situated in front of Killarney House and it was here that the club played all its home matches from 1966 to 1989 before moving to the Knockreer area and later to the club's home ground in Woodlawn.

Don and his late wife Monica remained in

Killarney until 1969 before they moved to England when Don joined the West Yorkshire police force that he served until his retirement as a superintendent in 2004.

He was a loyal Huddersfield Town supporter and enjoyed playing soccer with the police divisional teams into his 40's.

Don and Monica made a return visit to Killarney in 1990 for the celebration of Killarney Athletic's 25th anniversary and the couple returned annually thereafter to renew old and new friendships with many people associated to the club.

Sadly Monica passed away in 2015 but Don continued to revisit Killarney with his sister Esther and niece Mairead to present a Cup to the selected female person of the year in memory of his beloved wife. It was only in recent weeks that Don spoke about returning again for this year's presentation ceremony.

Don only spent a relatively short period in Killarney from 1965 to 1969 but the service he gave and the legacy he left in forming a soccer club lived on and

a number of his earlier recruits including Donagh Gleason, Joe Grant and Sean O'Donoghue reformed the Club in 1972 to join the now Kerry District League.

From their annual return visits to Killarney Don and Monica were affectionately welcomed and liked by all their old and new friends forged and it's a sad time for all of us particularly associated with Killarney Athletic to say goodbye to "The Don".

Don is survived by his three sisters and three brothers as well as his nieces and nephews. Funeral arrangements will be announced later. May he rest in Peace.

Culture Night invites everyone, everywhere, on one night to discover and celebrate all that our culture is today. One night for all. On Friday 23 September, Ireland will become a cultural playground. Special events are programmed throughout the country in various locations and unique settings. This is an opportunity for local community groups, businesses, charities, artists, and performers in Kerry to get involved and showcase their talents and skills.

Thanks to the continued support of the Arts Council as well as local authorities such as Kerry County Council, all activities are made available to the public free of charge. When considering an application to be part of the programme, ensure all creatives and performers are supported. The Arts Council's #PayTheArtist

The Culture Night experience is across a wide range of sectors – culture, arts, heritage, education, hospitality, tourism, health, and commercial and corporate enterprise. Writing

groups, choirs, dance classes, knitting circles, history enthusiasts, and many more are encouraged to apply. As Cathaoirleach of Kerry County Council, Councillor Jimmy Moloney, says;

"Culture Night is for everyone. I am excited to see communities around the County come together on Friday 23 September to perform, celebrate, and support all that our culture is and could be."

KILLARNEY REGATTA CANCELLATION

Following its three year COVID hiatus, the eagerly awaited return of Killarney's oldest surviving sporting contest will have to wait a little longer. The bad weather of last weekend forced the cancellation of Killarney Regatta which was due to run on Sunday last. It is hoped that a rescheduled fixture will be possible towards the end of the summer.

DONIE SHEAHAN MEMORIAL BLITZ

Academy The Donie Sheahan Memorial blitz will take place on Saturday the 2nd of July from 10am to 12pm. There will be blitzes throughout the morning as well as a bake sale and raffles. This will also be our last Saturday morning for a couple of weeks. It promises to be a great day as we remember the great Donie Sheahan. Donie served in many roles in Dr. Crokes through the years, including Chairman, assistant secretary, honorary treasurer, trainer, selector and club patron.

INNISFALLEN ISLAND MASS RESCHEDULED.

The Innisfallen Island Mass will now take place on Friday 8th July. Boats leaving Ross Castle from 4pm onwards. Mass on island at 6.30pm.

Anyone due their second Covid-19 booster vaccination can book a booster appointment online at a HSE vaccination centre. Vaccination centres in Tralee, Bantry and North Main street have appointments available to book this week for second Covid-19 booster doses.

We are encouraging everyone who has already had their first booster to get their second booster dose when they become eligible. This second booster will give you the best protection from serious illness caused by COVID-19.

There are still appointments available for people aged 65 and over for second booster vaccinations at our clinics (see list below for more info) and there will also be a number of walk-in clinics available at Kerry Vaccination Centre, Tralee (V92 HT21) – arrangements for second booster for the over 65s in the next few days:

Friday July 1st: Both walk-ins and appointments will be available between 9:15am and 4pm, appointments can be booked on hse.ie.

VISITOR RESTRICTIONS AT UNIVERSITY HOSPITAL KERRY

As the County of Kerry is now experiencing a very high incidence of COVID 19 with the 14 day incidence for Kerry is currently trending at 430.6. The consequence of this high incidence rate is that UHK has a significantly increased number of COVID 19 inpatients at the hospital along with a high level of emergency presentations.

Over the past number of months, University Hospital Kerry had re-instated visiting arrangements on a safe and structured basis, in recognition of the importance of visiting for patients and their families.

UHK Management having considered the continuing increasing Covid-19 numbers has taken the difficult decision to revise visiting arrangements in order to protect our patients, their relatives and our staff. Therefore, from Wednesday 29th June 2022, visiting to University Hospital Kerry is restricted as follows:

General Wards: One visit per patient per week [to be agreed with the ward manager & relevant Consultant, in advance of visiting]. Additional visiting will be facilitated on compassionate grounds.

UHK Visiting Co-ordinator shall co-ordinate visits and can be contacted on 087-1138053. Visiting outside of the designated times will be on compassionate grounds only.

Maternity : Accompanying partner arrangements unchanged presently. Supportive person can attend for Antenatal appointments & labour. No children to attend maternity services.

Palliative : Visiting will be facilitated by prior arrangement in order to protect patients and staff.

All visiting arrangements will be reviewed weekly.

University Hospital Kerry empathises with and understands that this announcement will make it difficult for many families, however our

priority is to continue to keep your loved ones safe while in the care of UHK, as well maintain the safety & wellbeing of staff at the hospital. We would like to remind the public that UHK has in place some alternative means of keeping contact with loved ones

Keeping Contact Initiative: UHK has set up a specific email address so that patients can receive direct messages. Communications from friends & family can be of great comfort to patients during these times and can be e-mailed to: uhk.keepingcontact@hse.ie Be sure to include on the subject line the Patient's Full Name, Ward Name (if known) and the first line of the patient's home address.

Virtual Visits: UHK have an initiative to facilitate Video Calls using WhatsApp on Digipads for patients who do not have SMART phone/devices. Please contact Ward Manager/ Nurse in Charge to request video call with your loved one.

UHK would like to extend a very sincere 'Thank You' in anticipation of the public's co-operation with these arrangements.

APPLICATIONS OPEN FOR LOCAL LIVE PERFORMANCE SCHEME

A fourth round of the Local Live Performance Programming Scheme (LLPPS) has been announced by Catherine Martin, the Minister for Tourism, Culture, Arts, Gaeltacht, Sport & Media.

The aim of the scheme is to support employment opportunities for professional performers and technicians across every town, city and county in Ireland and to help underpin the recovery of the commercial live performance sector. This round will support the production of performances from late July–31st October 2022.

Kerry County Council (KCC) invites applications from individual professional performers, professional bands, groups of professional musicians, event producers, promoters, arts organisations, festivals and venues for indoor and outdoor performances throughout Kerry's five Municipal Districts. KCC also welcomes performances programmed in Local Authority

owned cultural and outdoor spaces, for example, ANAM: Killarney Arts & Cultural Centre, the Island of Geese amphitheatre and Listowel Square, and as part of Culture Night (23rd September) and Night-time Economy.

YOU ARE NEVER TOO YOUNG TO MAKE A WILL

(if 18yrs old or over)

If you die without making a will, for example, both parents, in a car accident, your property will be divided by the rules set out in the Succession Act, 1965. The rules must be applied strictly regardless of your next of kin's needs or financial circumstances.

It is advisable to make a will if you are a parent with young children or if you have any long-term dependents to allow you to appoint Guardians to care for your children after your death, ensuring that custody of your children is granted to the individuals you prefer.

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

WHY SHOULD YOU REVIEW YOUR PENSION?

To check the performance of your pension and what funds you are invested in. This is VERY IMPORTANT, for example, if your pension is invested in high risk funds your total pension fund could substantially reduce over a short period of time and if you are coming close to retirement this could result in you having much less of a pension when you retire.

Is your pension on target to reach the income you want on retirement? This should be checked on regular occasions, at least annually, if your pension is not on target changes can be made to help and try to put your pension back on track again.

What pension provider is your pension with and how much do they charge you? Charges are very important because you need to make sure that your pension charges are competitive on a like for like basis with other pension providers.

Pension providers offer more choices to clients now than before and the choices can be easier to understand if explained to you in plain simple English and by not using jargon. A financial advisor should help you understand your pension and your pension options better.

For the above reasons I recommend at least an annual review of every pension with a financial advisor who has access to different pension providers.

To discuss the above or for any other queries you can contact Dermot Cronin QFA at 0646622775 or email at dermotcroninifa@gmail.com

FINDING YOUR INNER INSPIRATION

What inspires you? What makes you feel alive? What do you do just because you love the joy of doing it? What brings you the greatest feeling of fulfilment? These questions are just a few that invite you to connect with your deepest inspiration & motivation in your life. Inspiration and motivation are the fuels that help you to create, grow and live your life in a purposeful way. For inspiration and motivation to be sustainable it needs to come from within you. It is a deep, burning flame that is everlasting and slow burning.

Three powerful questions to help you find your inner flame

- **What moves you?** What are your clear and deep rooted reasons for doing the things that you are doing? (Your reasons why you want to do something need to be stronger than your excuses for not doing it).
- **What do you value in your life?** What gets your heart pumping, your spirit soaring and makes you feel good to be alive? (values help you to know what's really important in your life. The key is to live in alignment with these values).
- **What energises your heart, mind, body and soul?** Where do you experience an emotional "charge"? Notice what "fires" you up or makes you feel emotional?

Spend some time pondering these questions and make notes of your answers. Every day, take small positive actions that align you with your answers as you build your inner flame of inspiration.

Wondering about Ice Globes?

Ice Globes work by constricting blood vessels as you roll them over your face tightening and toning the skin. They are made of glass or metal and filled with a gel-like substance to prevent them from expanding when you put them into the fridge or freezer. This is a new beauty tool to mimic the effects of skin icing or using ice water on the face without the mess. When the cold globe touches your skin, blood rushes away from your face decreasing swelling and returns with fresh, new red blood cells and nutrients giving you a bright healthy glow. Keep in the fridge or freezer or place in bowl of ice water for 10 minutes before you use for best results. Use over your face serum to provide slip when circling or gliding globes out across your face. The cold helps to

calm inflammation and puffiness and slows down the secretion of sebum helping to clear your skin. Brilliant first thing in the morning to help soothe and depuff your face when tired or suffering from allergies.

LOW BLOOD SUGARS DUE TO EXERCISE

This is a topic that has come up recently in the studio. Some people, during or after exercise, can suffer from a drop in blood sugar levels. The medical term for this is Exercise Induced Hypoglycemia and can cause symptoms such as dizziness, weakness or feeling faint as well as extreme fatigue.

While hypoglycemia is normally associated with people with diabetes it is also possible that someone with no diabetes history can suffer from exercises induced hypoglycemia.

Causes include not eating enough or fasting; not having enough carbs; and of course, being diabetic. For people with diabetes they may need to alter their insulin dosages or food intake prior to and even for up to 24 hours after training, but it is best to seek advice from your GP or diabetic care team if you have concerns or questions.

For those of us that are not diabetic but can still suffer from low blood sugars then it is important to make sure that you are fuelling the body for a workout, try having a carb rich meal/snack at least 2 hours prior to training. You should have glucose tablets or a sugary drink with you as these would help in the event of such an episode occurring, but of course if you started feeling unwell you should stop training immediately.

Bottom line is if you are worried about it happening regularly then it would be sensible to talk to your GP.

DIARMUID O'SULLIVAN OPTOMETRIST

- Formerly Stack O'Brien -

DIABETIC RETINOPATHY

Diabetic retinopathy is a complication of diabetes. It's caused by high blood sugar levels damaging the back of the eye (retina). It can cause blindness if left undiagnosed and untreated.

The retina needs a constant supply of blood. It receives this through a network of tiny blood vessels. Over time, a high blood sugar level can damage these blood vessels in 3 main stages:

Stage 1: Background retinopathy

Tiny bulges develop in the blood vessels. These may bleed slightly but do not usually affect your vision.

Stage 2: Pre-proliferative retinopathy

More severe and widespread changes affect the blood vessels. These include more significant bleeding into the eye.

Stage 3: Proliferative retinopathy

Scar tissue and new blood vessels, which are weak and bleed easily, develop on the retina. This can result in some loss of vision.

If a problem with your eyes is picked up early, lifestyle changes and treatment can stop it getting worse.

Risk of diabetic retinopathy

Anyone with Type 1 or Type 2 diabetes is at risk of developing diabetic retinopathy.

You're at a greater risk if you:

- have had diabetes for a long time
- have a persistently high blood glucose (blood sugar) level
- have high blood pressure

- have high cholesterol
- develop a serious illness such as sepsis or pneumonia
- are pregnant
- are of Asian or Afro-Caribbean background

Reduce your risk of developing diabetic retinopathy or help stop it getting worse. Keep your blood sugar levels, blood pressure and cholesterol levels under control.

Symptoms of diabetic retinopathy

You will not usually notice diabetic retinopathy in the early stages. It does not tend to have any obvious symptoms until it's more advanced. Early signs of the condition can be picked up during an eye examination.

Treatments for diabetic retinopathy

Treatment is only necessary if screening detects your vision is at risk.

If the condition has not reached this stage, you should continue to manage your diabetes.

The main treatments for more advanced diabetic retinopathy are:

- laser treatment
- injections of medication into your eyes
- an operation to remove blood or scar tissue from your eyes

Regular eye examinations and diabetic retinal screening are essential to minimise the risk of diabetic retinopathy.

➤ COUNTY LEAGUE DIVISION 3 ROUND 10

Glenflesk 5 – 9 St Pats Blennerville 1 – 7

A blast of second half goals maintained Glenflesk's perfect record in Division 3 of the County League as they easily overcame the challenge of relegation threatened St Pats in the wind and rain in Glenflesk.

Ten win's from ten for Glenflesk, with just one round to go. When they needed to tonight, they found the speed and incision to open up St Pat's defense. With Ballydonoghue at home in the final round, the chance to complete the clean sweep is still on. With competition for places high, the team will be fully focused to continue the winning streak.

Report by Michael Healy

➤ COUNTY LEAGUE DIVISION 5

Glenflesk 1 – 3 Waterville 0 – 13

Despite scoring a superb goal in the first half, Glenflesk could not come away with the victory against Waterville, on a night where the weather made flowing football almost impossible.

The result leaves Waterville in second place in the table with one round to go. Glenflesk stay in eighth place, and will hoping to finish.

➤ UNDER 13 COUNTY LEAGUE DIVISION 8 SEMI FINAL

Glenflesk U 13's produced some exhilarating football as they overcome the challenge of a gallant Kerins O Rahilly's side, to qualify for the Division 8 County League Final. After this great performance, confidence will be high. The defence was strong throughout, with the tackling and blocking of the highest order. The ball into the forward's was mostly spot on, and the shooting accuracy was pretty efficient. The Final now sees them take on Rathmore in an East Kerry derby. They won over in Rathmore just last weekend, but Finals are a totally different occasion. It looks like a game not to be missed. Good luck to the team in that game

MUCKROSS ROWING CLUB**REGATTA CANCELLATIONS**

Following its three year COVID hiatus, the eagerly awaited return of Killarney's oldest surviving sporting contest will have to wait a little longer. The bad weather of last weekend forced the cancellation of Killarney Regatta which was due to run on Sunday last. It is hoped that a rescheduled fixture will be possible towards the end of the summer. Also cancelled last weekend was the two-day Cork Regatta.

NATIONAL TRIALS

Trials for the Irish rowing squad to compete in the Home International Regatta 2022 have been rescheduled to this weekend, taking place at the National Rowing Centre in Cork. We send the very best of luck to junior member Ethan O'Neill who is trialling for the junior squad and to Finn O'Sullivan, trialling for the senior squad with UL RC. The Homes Regatta is an annual contest of the four rowing federations of Great Britain and Ireland. This year's regatta is being hosted by England and is scheduled for Saturday, July 23 at the London Docklands.

FERMOY REGATTA

Following the disappointment of last weekend's cancelled racing, the club is already back in competitive action at the Fermoy Regatta this Sunday, July 3. Muckross RC will be represented by 37 crews, we wish them all the very best of luck.

*Geared Up!***SEÁN KELLY LAUNCHES THE 22ND EDITION OF TOUR DE MUNSTER**

The 22nd annual edition of the Tour de Munster charity cycle was officially launched by cycling legend Seán Kelly at DSI Cork's Field of Dreams on Sunday, 12th June. The popular Tour which takes place from August 4th to August 7th will see amateur cyclists travel 600km across the six counties of Munster in efforts to raise vital funds for the Munster branches of Down Syndrome Ireland (DSI).

The launch saw details of this year's Tour unveiled as cyclists taking part prepare for the four day trek through the towns and villages of Munster. No easy feat, cyclists are motivated and driven by their shared goal of raising much-needed funds and awareness for the Munster branches of Down Syndrome Ireland. Funds raised as a result of the Tour contribute significantly to the vital services and facilities provided by Down Syndrome Ireland's Munster branches.

Since 2001, Tour de Munster has raised over €3.9 million for its beneficiaries, with over €3.5 million for DSI alone since it became the main beneficiary of the tour in 2010. Last year

was certainly a year to remember for Tour de Munster, as it raised its largest sum to date for the Munster branches of Down Syndrome Ireland - a staggering €522,201.

Speaking at the launch, Enda O'Brien of Down Syndrome Kerry said, "It won't be long before the pedals are turning and we are really looking forward to welcoming Tour de Munster to Kerry once again this August. We are so grateful for the continued support our branch has received over the past 12 years from Tour de Munster. Thank you to everyone involved in this year's tour and best of luck to the cyclists as they prepare for the starting line."

The 2022 tour de Munster will kick off from Cork City on Thursday, August 4th and continues over

four days around the six counties of Munster before returning to Cork City on August 7th. The Irish Examiner, Clare FM, Tipp FM, WLR FM, Red FM, SPIN South West and Pure Radio are the Official Media Partners of Tour de Munster 2022.

For more information on the Tour de Munster visit www.tourdemunster.com, find it on Facebook @tourdemunster

FIRST PHASE OF TRALEE-FENIT GREENWAY OPENS

UP 6.5 K FOR WALKERS AND CYCLISTS IN TIME FOR SUMMER

The opening of the first phase of the Tralee-Fenit Greenway took place last Friday, June 24th 2022, when the Fenit-Spa leg of the greenway was opened to cyclists and walkers.

Minister for Transport Eamon Ryan TD joined Minister for Education, Norma Foley TD, Mayor of Tralee, Cllr Johnnie Wall and Cathaoirleach of Kerry County Council, Cllr Jimmy Moloney to launch the opening of the first 6.5km of greenway, allowing pedestrians and cyclists travel from Fenit to Spa and back again. The remainder of the greenway is expected to open in Autumn.

The entire 11.3 km greenway will encompass the already constructed stretch from Tralee Railway Station to the Bracker O'Regan Road and will greatly enhance the local tourist economy, allowing locals and tourists to cycle safely in a healthy and scenic car-free environment.

It will also provide a new link between Fenit, Tralee and the surrounding townlands, thereby improving the social fabric of local communities and providing a universally accessible amenity which will attract families, the elderly and disabled persons and complement the range of existing tourism trails throughout County Kerry.

In rainy conditions, the first phase of Tralee-Fenit Greenway opens up 6.5 k for walkers and cyclists in time for Summer

NO JOY IN NATIONAL FINALS FOR KSBGL SIDES

The 2021-2022 Inter League season at SFAI level will always be remembered as the one where soccer returned after the pandemic break.

The Inter League finals took place at 3 venues at the weekend with 26 competitions decided.

The KSBGL had two teams in National Finals but despite a very strong effort by both sides the ultimate reward just eluded them.

The 13's Girls lost 3-1 to North Tipperary in the Trophy Final with Louise O'Donoghue pulling one back for Kerry just before half time.

In the 15's Boys Bowl Final Limerick District scored the only goal of the game early in the first half and while Kerry went close on a number of occasions it was not their day.

Both squads and management can be very proud of their seasons and will look to build on this experience when the next competitions begin at the end of the year.

DARA'S BIRDIE SECURES INAUGURAL TOMMY GALVIN SHIELD

A competition which began in St. Olivers National School in 2008 has a new name.

The Tommy Galvin Shield Pitch & Putt Competition is open to schools in Killarney and this year was won by the Lissivigeen team.

Speaking to Killarney Outlook, Noel O'Sullivan told us the background to the competition.

"Back in 2007, a student of mine in St. Oliver's, Leon Hennessy asked me could we start a pitch and putt competition between the students of St. Olivers. After much perseverance from Leon, I asked Tommy Galvin, our 'minister of sports' could we start a competition and by the end of that academic year, Tommy organised the competition for June 2008. The winner would receive the Brendan Walshe Shield in honour of the former principal of St. Oliver's. Over the years we have had various pupils win the shield who have gone on to excel in pitch and putt and golf, including John Kerrisk, Ewan MacIndoe, Stephen and Conor McCarthy, and Brian McCarthy who won it in 4th class and 6th class, denied a trio of victories by the lockdown in 2020, when he was in 5th class", Noel said.

Tommy Galvin retired last year but we had a regular chat about opening up the competition to other schools. So this year I decided to make this idea happen and though the idea was thrown out there late enough in May, Lissivigeen, the Monastery and the Gaelscoil were in a position to enter a team in June. We

had a very high standard of pitch and putt, and the winning score came from a birdie on the last, care of the overall individual winner, Dara Wickham of Lissivigeen NS. That birdie handed Lissivigeen the overall victory.

"We decided to name the shield for this new inter schools' competition the 'Tommy Galvin Shield' as it would be a fitting recognition of Tommy's work promoting pitch and putt, and golf in the primary schools in Killarney. Tommy was surprised and delighted with the news which we sprung on him at the prize giving. He encouraged the boys and girls present to give pitch and putt, and golf a go, and to try new sports over the summer. Tommy is captain of the Killarney Golf Club and supports an excellent youth set up in the club. The Killarney Golf Club also has seen a huge growth in girls playing and we were delighted to have three girls compete in the pitch and putt competition. Cora O'Sullivan won the best girl prize, which makes me a very proud father!", Noel added.

Hopefully next year the Tommy Galvin Shield will feature more schools and that this is the beginning of a hotly contested competition over the coming years!

the ogham script

Have your name scribed in Ogham, the ancient alphabet of Ireland. The Ogham script was used in Ireland from the 4th to the 7th centuries. The only examples that survived are on stones marking graves or boundaries, and the vast majority of these are found in Munster. Nowadays it is an artistic and tasteful way of representing the name of a person. Ogham comprises of horizontal and diagonal lines through and either side of a central line. It is a pleasant exercise to spell the ogham letters one by one, written from the lowest up.

JIMMY O'SULLIVAN-DARCY takes a look at all things sport...

ALL IRELAND QUARTER-FINALS

Kerry 1-18 Mayo 0-13

There's a few little rumblings of discontent after this one. Kerry, apparently, had to labour harder than expected to see off a fairly under-rated Mayo, whose old failing once again came back to haunt them – if you had to face a firing squad, you'd be hoping they were from Mayo. To be fair, missing Ryan O'Donoghue, Tommy Conroy, James Carr not fit to start, and Cillian O'Connor after his long injury lay-off not the force of old....Mayo don't do excuses, but they could feel a bit hard done by themselves.

I don't get the negativity, being quite truthful. Mayo are a good side – they reached the last two All Ireland finals, after all. Coming in after that long lay-off, I was worried about rust on Kerry bones, especially missing our big trench warriors in Jack and Adrian. It was slick ground and a very challenging wind, so I'd be giving a lot of leeway. Frankly, we needed a test, we got a test, and we passed it with flying colours.

I was especially happy with our defending. Shane was rock solid on kick-outs and did well enough under the high ball. Tom O'Sullivan out-Mayoed Mayo in bursting forward for scores, but people forget how good he is as a one on one defender. Tadhg Morley eschewed the spectacular but his positional sense is phenomenal; he mopped an amount of ball that could have turned dangerous in his absence. Another man of the match contender for me. It's no secret that Graham O'Sullivan and Brian Ó Beaglaíoch benefitted from injuries to other players, but they have grown into two outstanding footballers. Both were excellent. Gavin White got caught on the burst a few times – it's a great trick with his blistering pace, but I think we over-use it on occasion. Still a great footballer, though. Paul Murphy reminded everyone of how composed and clever he is on his introduction. The game was all but over by the time Gavin Crowley made his appearance, but he will be needed later on; good to get game time into his legs. Overall, I'd be delighted with our defensive display. Mayo were poor enough in attack, but we made them look bad.

I thought midfield would be a real battleground, but we won it hands down. Key to that was the display of David Moran. If I can have a little rant here, there's a definite ageism about David. Three years ago he was widely acknowledged as rivalling Brian Fenton as the best midfielder in the country. And then, suddenly, he was 'too old'. He was only good for '35 minutes'. Where, why, and how in God's name did people drag that assessment out of thin air? He certainly tired late on against Cork in 2020, but that was after covering more ground than anyone else for the bones of 70 minutes. That's not age, that's energy expenditure. He was

superb against Tyrone last year. People have constructed a myth that isn't remotely justified by his performances. He was, yet again, the best midfielder on view and vied with Tom O'Sullivan as man of the match both made the GAATeam of the Week). He kicked two fine points, but he also picked up a lot of ball at the back. And I wasn't remotely surprised. But wait for previews of the Dublin semi-final, and I guarantee you there will be lazy pundits suggesting that David Moran will be a stabilising cameo rather than an all-out force in the game. Complete horse apples – and that's phrasing it politely.

Diarmuid was quieter, not one of his better games, but I'm not worried. This is, plain and simple, a good natural footballer. I will say that I thought Mattie Ruane was very subdued – I rate Ruane hugely, but he didn't really get going. Honours even between them, but Diarmuid has a battle with Jack Barry to start the next day. No harm – these days, the team that finishes is actually more important than the starters.

It'll sound churlish on a day when we scored 1-18 and won by eight points, but our attack never really kicked into top gear. There's no question in my mind that David was struggling on his ankle from early on and it definitely limited his effectiveness – I'd have taken him off sooner. That's not taking away from Oisín Mullin, who was superb. Credit where it's due. David still finished the goal in fantastic style, that was a lot harder than it looked. Perfectly timed pass by Stephen O'Brien, he delayed it a well-judged fraction. I remember Pat Spillane doing the same thing against Mayo in a semi-final in the early '80s. Stephen was excellent early on in this game, although he did fade in the later stages.

Dara Moynihan worked his socks off, but without having any great impact. Paudie Clifford, whom I rate as a different player to his brother but no less phenomenal with his dynamism, was fairly peripheral for once, but so was Lee Keegan. Paudie stayed inside and it kept Keegan occupied rather than being the driving force from half back. Was it deliberate by Paudie or just coincidence? No idea, but it worked for us. Seán O'Shea wasn't the major influence I had expected either – again, he was well marshalled, but still did his job. Paul Geaney, to my mind, wasted a few years being deployed to track back in the half forward line – he looked very frustrated in those days and I can see why, it was a huge waste of an out and out predator. Geaney scores, it's what he does, it's how he's defined as a footballer. He wasn't a dominant force here, but he finished with four points. Mayo would snap your hand off for that guy.

Killian Spillane yet again showed that he is another in that natural predator mode. He's

incredibly unlucky that Kerry rightly sacrifice his scoring power for the work-rate of players like Dara and Paudie (which every team badly needs, of course) and he is just behind Geaney in the pecking order, with Tony Brosnan also in the mix – I'd have brought Tony on earlier. One sub who very much impressed me against Mayo is Micheál Burns; he brought a fresh burst of energy that killed off any little hope that Mayo had remaining.

Mayo were effectively a spent force at that stage anyway. I don't think Kerry are getting enough credit for that. We were far from perfect and we have plenty to work on against Dublin (who have been my favourites for this year's All Ireland from a very long way out, including their doldrums in the League. It has always been my firm belief that the league has been about shaping, not substance. Kerry shaped really well in those games; now they are starting to look substantial.

Down to the last four. All of the chaff, and no little wheat, has been cast aside at this stage. There's no point in pretending that it has been a good championship – it most certainly hasn't, blanket defence and hand-pass to infinity for the most part – but it's racing to a climax and Kerry stand as tall as anybody else in it.

Dublin 0-21 Cork 0-10

All a bit 'meh', truth be told. Dublin looked wobbly last year, but seemed to have come good at the right time, leading Mayo in the semi-final by ten points and already looking home and hosed. Then their engine stalled completely. Mayo, with nothing left to lose, cast

all shackles aside and Dublin couldn't rev up the engines for a response. They have looked stricken ever since. They were wide open at the back (and I do mean wide open) all during the National League and were duly relegated – far too many people were far too quick to write their epitaphs. The Leinster Championship was basically an embarrassment all round and no help in steeling a team. Hard work at the grass roots pays dividends – Derry had good minor and college teams in recent years and they have blossomed into a real force at senior. But Cork were in an even worse position. Absolutely hammered by Kerry last year, and then haunted just to cling on to Division Two status (it came down to a mistake by Offaly in their final game, not anything that Cork did right). They stayed with Kerry for a fair while in this year's Munster Championship, but Kerry weren't pressing the accelerator in that game and never really looked troubled. Cork had actually been steadying the ship and have unearthed a few decent shooters. Having Powter as a playmaker from corner back is a fascinating tactic. With the packed defences of the modern game, it's no longer the corner forward who has the free role – Mayo do the same thing. But it's indicative of a team who haven't enough reliable shooters. Dublin were always going to win this and did so without much fuss. Cork stayed with them, just three points in it at half-time, but Dublin pulled away in the second half, Dean Rock filling his boots with handy frees. It was a dull, predictable encounter, truth be told, that won't linger in any memories. The big talking point was the absence of James McCarthy and Con O'Callaghan; that will be talked about ad nauseum. The fact that Roy Keane was in the crowd has generated more headlines (that passes for journalism in this twitter age, I'm afraid) than the game itself says a lot.

Derry 5-13 Clare 2-8

Derry are the romantic story of this year's championship. They are also proof that hard work at the grass roots pays dividends – Derry had good minor and college teams in recent years (not just those that played the Sem and Kerry) and they have blossomed into a real force at senior. To me, they were under-performing for a long time – admittedly, they were unlucky in being drawn against top guns early on for years. There's nothing lucky about them – just look at the big guns that have fallen to them so far. They crowd the back and are ferocious tacklers. They are back in the top

tier for very good reason and don't look over-awed. Clare have climbed to a similar height this year, but needed ropes and pitons to get here. They were always going to be a little bit out of their depth, and so it proved, as Derry sliced through them for three first half goals by simply driving through. There seems to be a modern belief that having enough bodies back counts as good defending in itself, but the hard truth is that if they can't stop the runners in their tracks, then they may as well not be there. Derry hit great goals, but they were allowed to. I know this is a sentence that could come back to haunt me, but I'm not fully convinced by Derry. They have played teams that all play a similar counter-attack style and Derry won on the overlaps. Tyrone and Donegal could and should have been better than they were and will have been disappointed with their displays. Derry are tough and skilful – you don't reach this level without it – but they seem to need the opposition to make mistakes, at which point they are ruthlessly effective. Is that enough at the very top level? I know Clare's two goals came too late to affect the result, but those are goals that All Ireland winners don't cough up. Love or hate Joe Brolly as a pundit – I like the man but don't admire the attention-seeking pundit – but he had panache. I'm not convinced that this Derry team, despite all the boxes they tick, have that little bit extra to get over the finishing line. That said, no other team, including ourselves, have stamped their imprimatur in the way that Dublin used to in recent years either.

Galway 3-18 Armagh 2-21

I watched four senior and two minor matches last weekend (I didn't make any county league game, which is usually my first preference, it's where the game lives and breathes). Five of those games were poor entertainment. Spare me the guff – the preponderance of blanket defence and hand-pass ball retention is a real problem for gaelic football and one that's getting worse. The minor, U20, and senior championships have been poor to watch for neutrals. The introduction of the mark has done nothing to improve it – there wasn't a lack of high fielding anyway and short kick-outs are still the preferred option. Space is at a premium with modern fitness levels, good football tends to be choked out with bodies. The fact is that there is only a handful of real contenders regardless of format; most games are predictable. The favourites won almost every game this year; modern preparation

reduces the capacity for joyful surprises. Galway and Armagh was such a joyful surprise. It was glorious. This was fantastic football. This is the one that you could bring a tourist and say "this is who we are". This was brilliant football. When you get people arguing that good defending means that you have to sacrifice attacking play, this is your rebuttal. Because both teams defended and attacked superbly. Unfortunately, the appalling conduct at the end of normal time has taken most of the attention away from the football. And it was genuinely appalling. That was no 'schmozzle', that was no excess of adrenaline. That was thuggery, nothing less. And I have no time for this rubbish about how the GAA are at fault for having teams in close proximity heading for one exit. They are grown men. They are incapable of walking off a field? Really? Stop looking for distractions or excuses. This was disgraceful and real and severe bans are needed. Armagh are a great team to watch, they have been fantastic ever since their opening league match against Dublin. Rian O'Neill is a guaranteed All Star and should be a Footballer of the Year contender. But they have been involved in far too much of this stuff all year. That's not excusing Galway, by the way, far from it. Both teams need to be called out for it. I actually sympathise with the two lads who were red carded, they weren't at the centre of anything. But this needs a real accounting.

It shouldn't detract from the quality of the football. Armagh played a midfielder in goal his forays outfield were gas to watch – and successful albeit risky. Armagh were a point or two ahead early on, but Galway were able to stick with them and gradually began to edge proceedings, especially once Armagh went a man down. In fact, they really should have closed it out late on in normal time. It's easy to blame the goalkeeper for the goals, but that's a lazy trope – he should have received much better cover from his defenders on the follow-up. Derry aren't a team to rain high ball down on the keeper – they look to win games on points – but both Kerry and Dublin will have taken note. So will Joyce, though. Extra-time and both sides maintained the intensity and it was honours even on the scoreboard. I'm not going to go into how much I hate penalties, sure so does everybody else. I'd sooner have a coin toss than have lads who have given everything be blaming themselves in the aftermath.

We are where we are, with Galway facing Derry, two sleeping giants who have woken up with a bang, and Kerry facing Dublin, both sides

something of an enigma as yet.

KERRY LADIES

Kerry 2-17 Westmeath 0-9

The Kerry Ladies have been flying all year and were always going to be hot favourites against a Westmeath side who had been well beaten by Galway already, especially in the Fitzgerald Stadium. Kerry made a number of changes to the side that had beaten Galway, with a lot of the fresher faces really putting their hands up with some superb displays.

The ever-reliable Louise Ní Muircheartaigh got the ball rolling with two frees and Siofra O'Shea (great to see her back in full flight after a long injury), Katie Brosnan, and Niamh Carmody made it 0-5 to 0-0. Things got worse for the Lakesiders when Mary O'Connell set up Louise for a fisted goal. Westmeath managed to pull back four points, while Louise pointed from play but Katie Brosnan and Siofra O'Shea closed out the first half scoring to leave Kerry comfortably in control, 1-8 to 0-4.

Louise Ní Muircheartaigh had departed just before the break (she will be a vital player for us in the knock-out stages) but Rachel Dwyer rapidly proved herself to be a more than adequate replacement, fisting home a goal at the start of the second half. Siofra O'Shea had another chance barely cleared off the goal-line. Westmeath did win good possession, but a resolute Kerry defence allowed them very few shooting opportunities, while Kerry had points from Anna Galvin, Danielle O'Leary, impressive debutante Niamh Broderick, and outstanding Dwyer (wouldn't she love an All Ireland medal to show her dad Denis and her uncle Maurice Fitzgerald!) saw Kerry run out comfortable winners. This result sets Kerry up for a tilt at tougher opposition in the shape of Armagh, who will be relishing another crack at the Kingdom after the League Final – a feeling that is assuredly mutual on Kerry's part! It should be a cracker.

Kerry: Ciara Butler, Eilís Lynch, Kayleigh Cronin, Aoife Dillane, Ciara McCarthy, Emma Costello, Clódagh Ní Chonchúir, Mary O'Connell, Anna Galvin (0-1), Katie Brosnan (0-2), Caoimhe Evans, Niamh Carmody, Danielle O'Leary (0-1), Siofra O'Shea (0-2), Louise Ní Muircheartaigh (1-3, 2f). Subs Rachel Dwyer 1-5, 3f (for Louise Ní Muircheartaigh, 30 mins), J O'Sullivan (for Kayleigh Cronin, 38 mins), Niamh Broderick 0-1 (for Niamh Ní Chonchúir, 43 mins), A Clifford (for Niamh Carmody, 43 mins), Elizabeth Mohan (for Danielle O'Leary, 49 mins)

ALL IRELAND MINOR SEMI-FINALS

Mayo 1-8 Kerry 0-9

Not a whole pile that can be said, I'm afraid. This was a poor game overall – better than the Tyrone game, not that it could have been too much worse in terms of quality – and we certainly can't quibble about the result. That's not to be harsh. This Kerry minor team put in huge effort, but the truth is that they never gelled into a team as opposed to a collection of talented individuals. Scoring was at a premium all day, not least because Mayo maintained a

Kerry Ladies team and management pictured before the game at the Fitzgerald Stadium.

defensive rampart all through. Give them space to operate, and the likes of Dillon, Donagh O'Sullivan, and especially Paddy Lane can weave magic. But deny them space.....

Mayo scored first before Darragh O'Connor broke from wing back to level. Kerry were in full control at this stage, winning kick-outs and turnovers, and picking off further points from Cormac Dillon (f) and Donagh O'Sullivan – a super pass from Fionn Murphy that could have ended in a goal.

Instead it was Mayo who raised a green flag, a bad one from Kerry's perspective. Ronan Clarke made a massive catch, fair enough, but he was on the end-line with two defenders between himself and goal. He should never have been allowed to squirm through, to be honest. Kerry responded brilliantly, Ferris, Dillon, and Lane with points that could have been goals.

Donagh O'Sullivan picked up a black card (quite correctly) and Mayo took over completely. They never looked back after that – it was only very, very wasteful finishing on their part that kept us in it. They kicked the last four points of the first half and the first of the second half to lead by 1-6 to 0-6. Darragh Beaufort O'Connor, extremely impressive on his introduction, pulled one back. To be fair, both Jack O'Sullivan and Paddy Lane went very close to goal – Davy Dolan had a stormer between the Mayo sticks. Mayo kicked two points to put four between the sides. Kerry pushed for goals at that stage that weren't going to happen – John MacMonagle had a stormer for Mayo, who missed a lot of easy enough chances to wrap this up. It didn't matter in the finish as Kerry couldn't get the goal they needed, with a Colm Browne effort well parried by Dolan.

Kerry never really convinced throughout their campaign, but making the last four in Ireland was still a solid achievement that bodes well for the future, especially after being hockeyed in the Munster Final.

Unfortunately, this may be the last competitive inter-county minor game for Kerry that we see for a while if rumours of it being reduced to a 'development league' prove true. Like the change to U17 in the first place, I disapprove, but no-one has asked my opinion

Kerry: Shay O'Meara, Maighcí Lynch, Liam Evans, Darragh Kenmare O'Connor (0-1), Eddie Healy, Colm Browne, Fionn Murphy, Jack

O'Sullivan, Evan Boyle, Niall Collins, Cormac Dillon (0-2, 1f), Jack Clifford, Paddy Lane (0-2, 1f), Donagh O'Sullivan (0-2), Odhran Ferris (0-1). Subs Darragh O'Connor 0-1 (for Niall Collins, 37 mins), Ian O'Sullivan (for Evan Boyle, 47 mins), John Burke (for Odhran Ferris, 54 mins), Rúairí Burke (for Darragh Kenmare O'Connor, 56 mins), Tomás Ashe (for Jack Clifford, 60 mins).

ATHLETICS

Sarah Leahy has been one of the athletes at the forefront of a rising wave of phenomenal sprinting talent in Ireland that includes the Healy sisters, Sarah Lavin, and of course the phenomenally talented Rhadisat Adeleke. Killarney girl Sarah further stamped her credentials, not that the Tokyo Olympian needed to, by winning silver at the 200m in 25.06 at the National Senior Championships in Santry last weekend. She was the fastest qualifier in the heats and led down the home straight, only to be just pipped at the line by Laura Cadden of Sligo.

Lios Tuathail's 4 x 100m team of Sinead Hunt, Rebecca Falvey, Rachel Neylon, and Megan Lynch took silver in their event.

Between them, Gillian O'Sullivan from Minish and Cork's Rob Heffernan, both of them world class, revolutionised the perception of race-walking in the popular imagination. One of those who has taken up that mantle in fine style has been David Kenny from Farranfore, who returned from Santry with the bronze medal in the 10k walk. Heffernan actually had three proteges including David on the podium at the finish.

CAMOGIE

Congratulations to Killarney Camogie's U15 team, who acquitted themselves in superb style at Féile nan Gael in Dunboyne, Meath. The girls drew with St. Vincents of Dublin in their opening game in Division Three, lost out to Mount Leinster rangers of Carlow, and beat Kildalkey of Meath in their final group game. That put them into a semi-final against a strong Naas side who had a bit too much for the Killarney side but were made to prove it all the way. Naas went on to win Division Three outright.

ALL IRELAND GLORY FOR KILLARNEY BOXER

Killarney boxer Jamesie Casey won the National Cadet championship last Sunday week in the National stadium in Dublin. He entered into the cadet championships with a preliminary match, beating his Dublin opponent on a 5:0 unanimous decision. He subsequently went on to beat his Leinster and Ulster opponents at the quarter and semi-final stages, also on a 5:0 unanimous decision.

This guaranteed Jamesie his place in the final last Sunday where he went on to beat a very good opponent and two time national champion Eddie Corcoran from Olympic BC, Mullingar on a 4:1 decision with a fantastic performance throughout the whole three rounds. Jamesie dominated throughout,

having boxed clever with brilliant skill, wit and sharpness.

Jamesie won the Boy 3, 44.5kg National Championships in April, beating then National champion Christian Doyle, also from Olympic Boxing Club, Mullingar. Jamesie then moved up weight for the National Cadet championship to the Boy 3, 46 kg category.

This win now makes Jamesie a two times national champion and propels him into the elite ranks of Ireland's up and coming boxing talent. He has now been called up to the High performance unit in Dublin beginning next Sunday to commence training for the European championships in August where he can justifiably hope to bring home Gold.

Jamesie, who has just finished first year in Killarney Community College, is a member of Sliabh Luachra Boxing Club, Castleisland where

he trains under the watchful eye of head Coach John Coffey. Jamesie is very Lucky to have such an amazing team of coaches and trainers behind him. Head Coach John Coffey travels the country with him for competitions and sparring and coaches Jennifer Coffey O'Sullivan, Jake Kelly and Mikey Broderick dedicate huge time and commitment to his training. Pro Boxer and family friend Kevin Cronin, aka The Kingdom Warrior, helps Jamesie with his nutrition plans and strength and conditioning twice a

week and is an exceptional role-model and inspiration to Jamesie. Jamesie trains twice a day, 6 days per week with Sunday rest. He travels to all different clubs all over Ireland for sparring at least twice a week in the run up to competitions.

Fossa A's gained promotion to division 3 of the credit union football county league after a hard-fought game against a resilient Castle side in tough conditions.

Leading at half-time 0-06 0-03, Fossa kicked on and led by 7 at one stage before Castlegregory found something late in the second half to make it a fantastic match with the home team eventually winning by 3 pts. A great achievement by the players, Adrian and his management team who have put a lot of hard work in this year. Fossa score's on the night: Tadgh O'Shea 0-08, Harry Buckley 1-03, Cian O'Shea. 0-01.

KILLARNEY LEGION GAA CLUB

SENIOR MEN

Killarney Legion 0-14 Austin Stacks 1-11

Even the most ardent of Rockies couldn't deny that the Killarney Legion senior team didn't deserve something out of this interesting County League clash played in Connolly Park this Saturday evening. When Austin Stacks corner forward Darragh O'Brien stood over a last minute close in free his only focus was to hit the onion sack. He did so by launching a rocket which somehow managed to evade any sprawling Legion hands to find the back of the net and hand the home side an unlikely draw. That the free was still awarded led to some

debate amongst the not so knowledgeable in the crowd. Shane O'Callaghan saw red for a clear strike in the immediate aftermath of the concession of the free by the Legion defence and all and sundry expected a hop ball as a result. But the free stood and the rest is history. What wasn't up for debate was the performance of the Legion team which was as gutsy as the days are long this week and arguably deserved the full points against the County Champions. Not for the first time this year James O'Donoghue was the conductor of the orchestra and his five first half points saw Legion lead 0-8 to 0-6 at half time.

Points were shared in the opening minutes of the second half with Darragh O'Brien kicking two free and James O'D and Sam Benson responding. Finbarr Murphy kicked a free following a tenacious run by Sam Benson which Stacks centre back Ronan Shanahan replied to. Conor Keane made his first appearance of 2022 and proceeded to kick a worldie from the right wing and when Peter McCarthy slipped over a point from play followed by a James O'D free a five point lead was in hand, 0-14 to 0-9. Darragh O'Brien narrowed it to four with a free, while sweeper keeper Wayne Guthrie made it a three point game from play.

It looked like Legion would hold out for the points until the cruel intervention of the last minute goal. But that shouldn't overshadow what was a massively encouraging display in the home of the County Champions.

The Senior B Team beat Dingle on the same evening. Points from Owen Benson(2), Matthew Horgan, Aaron Sullivan and Jack Enright from frees saw them lead 0-5 to 0-4 at half time. Despite Dingle levelling the game early in the second half the lads pushed on again thanks to Tadgh Doolan, Bryan Griffin, Ian Prendergast and Jack Enright to run out 0-13 to 0-7 winners.

LADIES UPDATE

A splash of summer welcomed the Dingle/Annascaul/Castlegregory combination to Direen on Monday in round 4 of the U14 County League. Our Green team got a firm grip on proceedings early on and hit the visitors for five first half goals. To their credit the Westerners battled gamely in the second half to strike for three goals themselves but the lead was insurmountable with Legion running out 8-11 to 3-7 winners.

The White team were due to travel to John Mitchels on Friday night but unfortunately the fixture fell foul to the inclement weather that prevailed that evening.

The Minor Ladies face Kilcummin in the County League semi final this Friday July 1st. Scheduled for Direen throw in is 7.30 but check social media channels nearer to date for any possible changes.

KERRY LADIES

Congratulations to the Kerry Ladies on qualifying for the All Ireland quarter finals after defeating Westmeath in Fitzgerald Stadium last Saturday. Made all the better for the introduction of Elizabeth Mohan for her inter county debut and Keri Ann Hanrahan who was also in the match day panel.

FEILE

Well done to the Killarney Camogie Club U15

team who did so well at last weekends National Feile competition held in Co Meath with special mention to our own Holly McLoughlin and Clodagh Flanagan.

MOTHERS AND OTHERS

Our Mothers and Others group continue to train every Wednesday At 8pm. An ideal opportunity to learn a new skill and get to know people in Killarney, no previous football experience is required and it's the perfect healthy social outlet. You can contact Blathin at 087 6963979 for more details if interested.

JUVENILE BOYS

The Go Games continued this past week. Our U9 boys were in Currow while the U11s entertained Glenbeigh/Glencar in Direen. Again these games are an ideal introduction to games in a non competitive fashion and a very enjoyable experience for all concerned.

WEDDING BELLS

We would like to wish Senior player Jonathan Lyne the very best of luck this Friday July 1st as he meets his perfect match in Adrienne Brosnan. Adrienne, although raised in Glenbeigh, is also of sound Legion stock as her father Donal is a member of the Brosnan family, New Street who are steeped in the Club. We hope the new couple will have a very happy future together.

On August 13th they will take part in a Munster U-8 Blitz in Austin Stack Park, Tralee. Further details to be confirmed closer to the time.

CLUB PRESENTATION

Milltown/Castlemaine Senior 'A' captain David Roche, John Foley (Club Chairperson) and other Club Members were on hand last Saturday night at Griffins Bar and Restaurant, Castlemaine following promotion to Division 1 of the Credit Union County Senior Football League to present a lifelong servant of our club, Mr Willie Hanafin with a Club Jacket to mark his recent 70th birthday and equally to recognise his sterling service to Milltown/Castlemaine GAA over many many years. Thanks for everything Willie and we hope you enjoyed the occasion.

ONWARD TRANSFERS FROM KERRY-DUBLIN FLIGHTS A SENSIBLE CHANGE

KERRY Fine Gael TD and Deputy Government Chief Whip, Brendan Griffin, has said a decision to allow Kerry-Dublin air passengers to connect automatically to onward flights at Dublin Airport is a sensible change. Deputy Griffin had been raising the issue in the Oireachtas Tourism Committee and the Oireachtas Transport Committee and had engagements with Aviation Minister, Hildegard Naughton, Dublin Airport Authority (DAA) and Kerry Airport management.

Passengers travelling on the Ryanair service from Kerry Airport to Dublin with an onward flight out of Dublin Airport on the same day as their Kerry-Dublin flight can now transit straight to their next departure gate without having to go landside and be re-screened.

Regardless of the air carrier of the onward flight, passengers must be checked in and have a valid boarding pass on arrival at Dublin Airport to avail of this facility.

The facility is available to passengers with cabin baggage only. Passengers with hold baggage must collect their checked-in baggage as usual on arrival in Dublin Airport and proceed landside to check-in for their

next flight. They will then be issued with a domestic transfer voucher which will expedite their entry to the security screening area at Dublin Airport once their luggage is checked in.

Deputy Griffin thanked the Kerry Airport CEO John Mulhern, Ministers Hildegard Naughton and Catherine Martin, DAA, the Irish Aviation Authority and all involved in helping achieve this practical change, which he said will help make the Kerry-Dublin route more attractive to potential passengers, thereby supporting the future of Kerry Airport.

Churchtown Burial Ground, Beaufort

Fianna Fáil Councillor Michael Cahill has welcomed the acquisition of additional lands next to Churchtown Burial Ground in Beaufort by Kerry County Council, which ensures deceased family members of local residents can continue to be buried in their own parish.

"This has been a major issue and worry in Beaufort in recent years for residents, as Churchtown was running out of spaces to cater for the burials in the locality. People feared that they, or their loved ones would have to be buried elsewhere in the county, due to the lack of burial space in Beaufort" stated Councillor Cahill.

"I am delighted that, through interventions on my part, an agreement has been reached by Kerry County Council, to purchase additional

lands, next to the present burial ground at Churchtown, for extension purposes. This is the perfect solution for all involved, as future interments can continue there" said Kerry's Deputy Mayor.

"In particular, I wish to thank the Coffey family, Kerry County Council's Property Manager Derry O Sullivan and Director of Services, John Breen for the agreement reached at a meeting I recently arranged in Beaufort" stated the Rossbeigh based Councillor.

"I would hope that a Columbarium wall could also be provided in the proposed extension to cater for the remains of the increasing numbers of cremations" added Councillor Cahill, Cathaoirleach of Kenmare Municipal District.

EMERGENCY MOTION TO KEEP BLACK VALLEY NS OPEN

The Deputy Mayor of Kerry, Councillor Michael Cahill moved an Emergency Motion at this month's meeting of Kerry County Council calling on the Council to make all necessary interventions with the Department of Education, the Bishop of Kerry, the Board of Management of the Blackvalley National School, the Principal and staff and the representatives of the parents there, to ensure that this essential item of infrastructure, their local national school, which has been the centre of education in the Black Valley for many generations, continues to operate there for many generations to come. Speaking at Monday's meeting of Kerry County Council, the Fianna Fáil Councillor said "the decision to close the Black Valley N.S has been met with great sadness and disappointment in Beaufort and throughout the region". "The Black Valley is a unique place with a unique community that

had to face huge issues in the past such as electricity, mobile phone coverage and broadband" said Councillor Cahill.

"The Minister for Education, Norma Foley has confirmed that funding from the Department is not at issue here" said the Rossbeigh based Councillor. "All schools are at the very heart of the community and where they have closed in the past, it has led to people leaving that community" stated Councillor Cahill. "Today with more and more people working

from home, I believe this closure will be a retrograde step. I believe everything should be put on the table so as to keep this school open, including the possibility of a Gael Scoil, educating Ukrainians, etc," added Councillor Cahill.

FOCUS ON BULBS

Even though its only July, you can start thinking about planting bulbs. Most bulbs are suitable for growing in containers especially the likes of tulips, daffodils, lilies and alliums. When planting up a container of window box with bulbs, plant them at about three times their depth and about one bulb width apart and don't forget to water them especially when the foliage is out and they are growing. When planting bulbs in the garden dig over the area well where you are planting and add some compost. Always plant your bulbs in groups of about six depending on the type of bulbs. If you would like to add some colour to some areas of the garden for Spring and into Summer, it would be advisable to grow your bulbs now in small pots and grow them on until early spring. You can then plant them in their pots in the areas you want and after flowering you can dig them up and keep them until next Spring. A good dwarf daffodil for this is Tete-a-tete.

Outlook  

A Word of Victory

Welcome back dear student we are looking forward to some sunshine. Do you notice though that when the sun shines in, it highlights all the dust and dirt inside? God our Creator lives in unapproachable Light (1st Timothy 6:17; Malachi 4:1-2). Jesus identified Himself as the 'Light of the world' in John's Gospel (John 8:12). A woman who had been caught in adultery was thrown down on the ground in front of Him for judgement while He was teaching in the temple court. Jesus appeared not to listen to the condemnation that was being levelled at this woman by those accusing her, instead He was writing in the sand (John 8:1-11).

When they finished their accusations Jesus spoke. (Anyone caught in adultery at that time was to be stoned to death once judgement was passed. The scribes and Pharisees didn't want to pass the judgement – they wanted Jesus to condemn her and lose His popular following, or, better still – if He let her go, they would have reason to kill Him too.) His answer though, left them speechless and took the energy out of the fight. He told them 'sure, that's what the law says, but I say to you whoever among you has not sinned, let him be the first one to cast a stone at her'. This answer stumped them and they dropped their stones and walked away one by one – beginning with the elders! Jesus pointed out to them what we tend to overlook in life – that we all have sinned and have no way of saving ourselves (Romans 3:23). It very easy to examine others under a microscope while glossing over our own failings (Matthew 7:1-5).

Jesus then raised the woman up from the dirt, a beautiful picture of His Mercy and Love (Psalm 113:7). He asked her who was now condemning her. She answered 'no-one Lord' and by that one word she acknowledged that she needed Jesus as her Lord to save her, and thus she entered in to receive the free gift of Salvation that Jesus was about to pay for on the Cross (John 3:16-17). Jesus answered her 'neither do I condemn you – go and sin no more'. He did not excuse her sin, and He does not excuse ours, which is why repentance is vital to our right relationship with God, but Jesus paid the ransom that was due for our sins so that we could be forgiven and set free from the curse of sin which is death (Romans 6:22-23). That is why Jesus had to die because, if He didn't die, every human being would have to spend eternity in Hell as a result of our sins; never forgiven nor reconciled to God. God is Holy and sin cannot dwell with Him. And God did not leave it there – He raised Jesus from the dead as a seal and guarantee that He will raise you and me from the dead to live with Him forever. This is the promise of Salvation in Christ (Romans 10:9-13). It was after this encounter with the woman condemned by the world as a hopeless sinner that Jesus revealed Himself as the Light of the World. "God is Light and in Him is no darkness at all" (1st John 1:5). Light quenches darkness and exposes what goes on in the darkness (Matthew 4:16-17). Repent – turn from sin and be saved because the Kingdom of God is at hand!
