KENMARE PLACE KILLARNEY

It certainly has been a busy week in the town of Killarney.... over 1000 people filled the INEC to see Killarney Outlook photographer Marie Carroll O'Sullivan clinch the title of Killarney Sing Off Champion. Friday morning saw the official opening of Killarney Gardens - an event that took place in splendid sunshine.

It was the beginning of a new chapter in schools in Killarney this week as they opened their doors to the Leaving Cert Class of 2031. Killarney's oldest citizen 103 year old Michael O'Connor will open the South Kerry Ploughing Championships next weekend and the founder of Killarney Against Cancer highlights the importance of exercise.

The hit 1916 drama Patrick is set to return to the INEC for one final show and Fr. Shay Cullen is the recipient of the Hugh O'Flaherty Humanitarian Award.

With a look back at last Sunday's matches in Croke Park and the launch of the new Basketball Season, there is plenty to keep you entertained in this week's Killarney Outlook.

SHE CAME IN LIKE A WRECKING BALL....

MARIE WINS KILLARNEY SING OFF BATTLE

Killarney Outlook photographer Marie Carroll O'Sullivan stole the show on Thursday night last when she came in like a "wrecking ball" to win the very first Killarney Sing Off battle.

The INEC played host to Killarney's first ever Sing Off in aid of Anthony Morris fight against Chronic Lyme Disease. Anthony has just started into his fourth month of intensive I.V. treatment and as the days go by his fight grows stronger also. The show was opened with a touching and moving video message from Anthony, Margaret and 9 year old Roisin explaining about the treatment so far and what lies ahead. Over a 1000 people came out in force to show their continued support for Anthony and vote for their favourite act.

The MC on the night was Mr. Kerry GAA himself Niall "Botty" O'Callaghan, from the very start Botty got the crowd going and kept the night ticking over perfectly keeping both the acts and judges, made up of Kerry Rose Danielle O'Sullivan, Kieran Healy, Brendan Fuller and head judge Joe Burkett all in tow. The night started with a rendition of hits from 90's & 00's band Five. Ciaran McCarthy got the first standing ovation of the night with his rendition of Tina Turner's classic Proud Mary. Next was the turn of Westlife with a melody of songs topped off with quick steps, slides and flips for good measure. Ambrose & Fiona aka Danny & Sandy provided an electric performance from Grease. Batty "skip" O'Sullivan closed the first half with his version of Queen's hit "I want to break free" whilst cleaning the stage along the way. The second half began where the first left off and with the performance of the night as Marie Carroll pulled out all the stops with a rousing performance that would put Miley Cyrus to shame as she danced, ripped

clothing and swung from her own wrecking ball kindly provided by Quinlan's shop, while her two burly builders of Darren O'Day and Wilson Da Silva provided the perfect back up. Next was the turn of Meatloaf and Cher who made sure that they were "real dead ringers for love" as their act received a rousing response from the congregation. Whoopi Goldberg would've been proud of Niall O'Sullivan's performance as he led his glorious band of nuns as they performed "I will follow him" from the hit film Sister Act. Gavin O'Leary or as he is more famously known as now Geyonce rode in on Moodini who travelled from Kenmare Ice Cream shop to perform a melody of hits from the queen of pop. Lastly saw the meeting of ABBA and Bucks Fizz as local hair dressers took on the iconic roles with their versions of Waterloo and Making Your Mind Up. Once the public votes were counted it was whittled down to two as Tina Turner took on Miley Cyrus for the coveted title. After performing the routine again for the judges it was Miley who came out on top becoming the first ever winner of Killarney Sing Off. The night couldn't have been a success without some influential people however, the committee consisting of Jim Morris, Tom Lucey, Cathal Flaherty, Maria O'Sullivan, Grainne Cronin, Niall O'Sullivan, Colm Foley & Fiona O'Connor. Michael O'Donoghue and all the staff at FBD. Eileen, Patrick and all the O'Donoghue family for their continued support. The main sponsors on the night were MD O'Shea's, Tricel & KTown Bar. General Sponsors on the night include O'Sullivan Outdoor Store, Macs Bar, JMAC Office Supplies, Macs of Main Street, The Killarney Park Hotel, Randles Brothers LTD. Dunloe Lodge, Killarney Tyre Centre, Mike's Take Away,

Kerry Coaches, Vincent Casey Life & Pensions, O'Donnell's Furniture, O'Callaghan's Fruit & Veg, O'Sullivan's Pharmacy, Hussey's Bar. Videographer on the night was John C O'Shea of Sideline Eye. Photographer on the night was Paudie Healy of Pdraig Healy Wedding Photography. Donal Clifford of VideoDJ Kerry provided all the music on the night, Kevin O'Sullivan from O'Sullivan Sound Systems looked after all the sound and The No Name Club took care of the raffle. Speaking to the Killarney Outlook. Anthony's brother Jim said "I would like to thank everyone who sold tickets and donated prizes for the raffle. Anthony Cronin for taking care of backline and props. Makeup provided by Aine Doherty, Saoirse Leigh & Michelle O'Connor. Tom Tobin of Killarney Medals and Trophy's for sourcing the fabulous trophy. Special thanks to Aisling and all the staff at the Killarney Outlook, Eve and staff at the Killarney Advertiser, Gordon at the The Kerry's Eye and Amy at the Kerryman, for being there from the very start".

MICHAEL, 103, TO LAUNCH PLOUGHING

He might be older than Ireland but 103-year-old Michael O'Connor from Killarney is still full of energy and continues to lead a hectic social schedule. He has been lined up to officially launch this year's South Kerry Ploughing Championships and Harvest Show which has been scheduled for Fleming's Farm, Grenagh, Fossa for Sunday, September 11. Despite his great age, Michael still drives and he remains an enthusiastic gardener, zipping around his garden on his drive-on mower every chance he gets. And he attributes his long and healthy life to a love of the land and a little bit of mini ploughing of his own. "If you only dug a hole in your back garden today and filled it in tomorrow, you're doing yourself a good turn," he said. The ploughing event has already helped to generate in excess of €60,000 for local organisations and this year's beneficiaries will be the Kerry branch of the Irish Kidney Association, Down Syndrome Kerry, the Irish Pilgrimage Trust and the Kerry-Cork Health Link Bus. It is organised by the Killarney Valley Classic and Vintage Club and there will be several celebrities in attendance on the day, mingling with the thousands of people expected to flock to the venue on the main Killarney to Killorglin road. The event will feature close on 200 trade stands, traditional and modern method ploughing demonstrations, sheep dog trials, sheep shearing competitions, harvesting demos, machinery showcases and traditional farm practice exhibitions – and that's only for starters. There will be two fashion shows on the day with sensational prizes on offer for the most stylish lady and the best dressed man. Two fun zones with rollercoasters and a hugely

Several food zones will be on site at this year's South Kerry Ploughing Championships and Harvest Show and there will be activities and novelties on the day for people of all ages and interests, including vintage and classic vehicle displays, stationary engines, competitions for fabulous prizes and so much more. One lucky person could win a wonderful

vintage Ford Anglia and five-star weekend breaks will also be up for grabs. A major traffic management plan will be enforced with 60-acres of land set aside for free parking while the Ploughing Championships and Harvest Show will take place in an adjoining 60 acres of land owned by the Fleming family. The gates will open at 11.00am and patrons are advised to arrive early as there will be so much to see and do on the day.

MARY MAKES LIFE EASIER FOR CHILDREN WITH THE HELP OF KILLARNEY PEOPLE

MARY O'LEARY PICTURED ON HER RECENT TRIP TO NEPAL WITH TEACHERS, PUPILS AND OTHER VOLUNTEERS.

A Killarney woman who spent the summer volunteering in Nepal has returned home just in time to start the school year. Mary O'Leary who works at the Naionra in Gaelscoil Faithleann made the trip with the Umbrella Foundation for 6 weeks during July and August. Mary worked in two schools, Gyanodaya School in Katmandu

where over 2,200 children attend aged 2-18 years old and she also worked in three nursery classes with over 90 children. With funds raised in Killarney before her trip Mary ensured that the nursery school classrooms were refurbished with new flooring and lots of new educational equipment like puzzles, books, arts and crafts.

While there Mary also passed on her knowledge and skills demonstrating to preschool teachers montessori and other western methods of teaching for preschool children. "While I was there I spent four weeks on rural school project in Sukute school in a village that was hugely affected by the earthquake which killed over 9,000 people in April of last year", Mary told the Killarney Outlook. "Houses are still being rebuilt with many families still living in temporary accommodation", she added. The group that Mary travelled with, The Umbrella Project has to date closed down 7 corrupt orphanages and has reunited over 400 children with their family. The group also financially supports the education of children in Nepal.

"I would like to thank the people of Killarney for all their support. It was lovely to hear from people through social media, which I am just beginning to master and a special thank you to everyone who contributed to the fundraiser which topped over €17,000", Mary said.

KILLARNEY AGAINST CANCER FOUNDER HIGHLIGHTS THE IMPORTANCE OF EXERCISE

PICTURED DR MARIA HARRIETT STACK DOING THE KETTLE BELL FIGURE OF EIGHT WHICH SPECIFICALLY TARGETS THE ABDOMINAL AREA. DR STACK IS PRESENTLY ON A 30 DAY KETTLE BELL FIGURE OF EIGHT CHALLENGE.

Dr. Maria Harriett Stack is highlighting the importance of exercise in the battle against

cancer.

The founder of Killarney Against Cancer is currently in the last week of a 30 day kettle bell challenge. Speaking to the Killarney Outlook Dr. Stack said "Accumulation of fat in the abdominal cavity a condition called visceral obesity is the highest risk form of obesity - even small amounts of excess fat, often seen as a cosmetic disfigurement can in fact contribute to a chronic medical disease".

"When you have too much intradominal visceral fat you have more fat around the heart leading to heart disease and hypertension, more fat in the liver leads to fatty liver and more fat infiltrating the pancreas causes insulin resistance leading to type 2 diabetes. Mellitus and even fat in your kidneys contributing to further exacerbating hypertension", she added. Visceral obesity is now implicated in many cancers including breast cancer in post menopausal women and prostate cancer in men and it is also associated with colon cancer in both men and women.

Osteoarthritis of knees hips and lower back is now becoming more prevalent in patients with this condition.

"Many drugs can also exacerbate visceral obesity including anti depressants and mood stabilisers and it is no longer acceptable that visceral obesity is an acceptable side effect in these patients", Dr. Stack said.

Management by lifestyle and exercise in the key to combating this disease. Target exercise alone and physical activity is known to decrease coronary artery disease by 50 % while a good balanced diet with a good protein intake, consuming less sugar and watching your portion sizes is hugely important.

Keeping physically active and keeping your waist measurements within healthy limits are the key to a healthier lifestyle, Dr. Stack concluded.

Killarney Against Cancer is a new foundation to highlight the importance of prevention and early detection and intervention in the fight against cancer.

SUN SHINES DOWN ON THE OPENING OF KILLARNEY GARDENS

Last Friday morning saw the official opening of Killarney Gardens by the Minister of State for Regional Economic Development, Michael Ring T.D. Kenmare House was originally built in 1726 and demolished by Sir Valentine Browne, 4th Earl of Kenmare, in 1872. In that same year Valentine and his wife Gertrude began construction of the new magnificent Killarney House. The new design by George Devey cost over £100,000 for the house and demesne developments. In 1879, Killarney House was burnt out just shortly after its completion and again in September 1916 the house was destroyed by fire caused by an overheated flue at the top of the building; the house was never rebuilt. Instead of rebuilding the house again, Valentine Browne, 5th Earl of Kenmare renovated the original 18th Century Courtyard from what was the Kenmare Estate. Here is where their family resided, also naming it "Kenmare House".

The Killarney House estate was a remarkable venue for attracting and entertaining guests; most notably, Queen Victoria holidayed in Killarney in 1861 and chose the Killarney house estate as her base. During the 1920's and 1930s, Valentine, Lord Castlerosse, spent much time entertaining guests in the newly refurbished Kenmare House.

In 1957 Mrs Beatrice Grosvenor, niece of Gerald Ralph Desmond Browne, 7th Earl of Kenmare, sold the Killarney House Estate to an American syndicate. However one member of the syndicate by the name of John McShain bought out all the other members and the

estate came into his full possession in 1959. On the death of McShain's wife Mary in 1998, the estate was transferred into the Ownership and care of the State.

Present Day Renovations: Using original plans of the estate, the National Parks & Wildlife Services have been working tirelessly to restore the gardens and achieve the 18th, 19th and 20th century magnificence and bring the gardens into their present day glory. The plans for the Killarney House itself included developing a visitor centre dedicated to the National Park, restoration of formal rooms and

using the remaining antique collection still present in the house to regale the history of the house and the lives of those who lived there.

The extension for the new visitor centre will feature cutting-edge technology, a cultural space for events and exciting exhibition space. The project was carefully designed to achieve the full potential of this important landmark while also respecting that this heritage property is managed by the National Parks and Wildlife Service of the Department of Arts, Heritage and the Gaeltacht.

The gardens are open to the public.

HIT 1916 DRAMA 'PATRICK' RETURNS TO THE INEC

The hit drama 'Patrick' returns to the INEC for a one-night-only showing at the INEC on Thursday, October 27th. Written and directed by Aidan O'Connor, the musical drama tells the moving story of the final months of the life of Patrick O'Connor from Rathmore - one of the four Kerry men to die during the six-day rebellion during Easter, 1916. The play sold out six shows earlier this year and over 3,000 people came to see the production when last staged at the INEC in May.

Despite several requests to take 'Patrick' to other venues around Kerry, Dublin, and London, the October 27th date will be the final showing of the hugely-successful amateur production.

A civic reception is to be awarded by Kerry County Council to the cast and crew later this year. Writer Aidan O'Connor said that the reaction to 'Patrick' has been phenomenal.

"The script, the story and the remarkable talent of the actors and performers has moved people beyond all expectations. It's powerful to see history come so alive." Managing Director of the Gleneagle Group and the INEC, Patrick O'Donoghue, said: "This is a fantastic production and a brilliant musical drama. We are thrilled Aidan and crew have decided to

return to the INEC after an extremely successful run in May."

A matinee performance will be held for students on October 27th at 11am. The show

that night is at 8pm. Tickets go on sale on at 10pm on Monday, August 29th, from INEC Box Office, Tel: **064 6671555**. Tickets cost €15.

€750,000 ADDITIONAL CAPITAL INVESTMENT IN KILLARNEY NATIONAL PARK FOR 2016

Kerry Fine Gael TD, Brendan Griffin and Fine Gael Kerry County Councillor for the Killarney Municipal District, John Sheahan, have received confirmation from the Minister of State for Regional Economic Development at the Department of Arts, Heritage, Regional, Rural and Gaeltacht Affairs, Michael Ring, that over €750,000 of capital investment for Killarney

National Park is to be made available this year. This figure is in addition to funding already allocated towards the completion and opening of Killarney House and Gardens.

The funding, which is part of the Department's Capital Programme for the National Parks and Wildlife Service, is aimed at priority capital projects identified within the country's 6

National Parks and 80 statutory Nature Reserves. Over a third of the funding is allocated towards the repair of internal roadways within the National Park, while a fifth of the funding is intended to address the consequences of recent flood damage.

Funding is also being made available to ensure that Dinis Cottage can re-open, and to complete a strategic land purchase at Tomies Wood to facilitate access to that side of the National Park. Deputy Griffin and Cllr. Sheahan said: 'This funding for Killarney National Park is crucial to ensure it remains a vital tourist attraction and local amenity. In particular, we have lobbied hard for funding to improve the condition of the National Park roads and we are delighted that this funding will now help address this issue. We will continue to do all that we can to ensure continued investment in the national park into the future.'

NEW ERA AT MUCKROSS HOUSE

Mr Rory D'Arcy, chairman of the board of trustees of Muckross House has welcomed what he described as a new era in the running of historic Muckross House, Killarney.

The new development in the partnership with the National Parks and Wildlife Service has been ushered in with the signing of a fresh agreement for the running of the leading tourist attraction between the State and a local board of trustees. The partnership has been in operation for more than 50 years. Mr Michael Ring, Minister of State for Regional Economic Development, signed on behalf of the State and Mr D'Arcy signed on behalf of the Trustees. The board of trustees of Muckross House is a voluntary body with charitable status. The trustees share a common interest in the preservation of Muckross House in particular, as well as in the history and folk life of Kerry. The board works in close cooperation with the Department in the care and upkeep of Muckross House. At the prompting of the first board of trustees, led by the late Dr Frank Hilliard, Muckross House first opened to the public as a Folk Museum on 14 June 1964. Since then, the board of trustees have been involved in the management of this magnificent House. This latest agreement, which covers the next five years, continues the successful partnership approach built up by the State and previous

HUMANITARIAN AWARD FOR FR. SHAY CULLEN

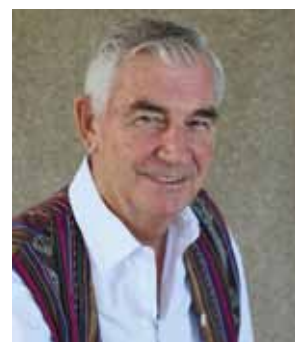

The 2016 Hugh O'Flaherty International Humanitarian Award will be awarded to Fr Shay Cullen, Dublin born Columban Missionary in the Philippines. The Award will be presented to Fr Shay by Cllr Brendan Cronin, Mayor of Killarney Municipal Area on Saturday evening November 5th at an Award Ceremony in the Killarney Avenue Hotel.

Over the past few months nominations have been invited for people or organisations, which have displayed the same humanitarian ideals and principals of the Monsignor and would be deserving of this Award. A shortlist of 11 Nominees was considered by the independent Award Panel, at which it was agreed that Fr Shay Cullen would receive the Award for 2016. Fr Cullen was nominated by Matt Moran from

Cork.

Born in Dublin, 27 March 1943, educated at Presentation College, Glashule, Co. Dublin Fr Shay completed his college education at St. Columban's, Dalgan Park, Navan, and was ordained in April 1969. He was subsequently assigned to parishes in Zambales and Olongapo City, Subic Bay, on the main Philippines island of Luzon. Father Shay Cullen established the (*) PREDA Foundation in Olongapo City, in the Philippines in 1974 to promote human rights, justice and peace. Believing that poverty, violence and child abuse are barriers to peace and give rise to extremism, he strives to eliminate child abuse and promote respect for children's rights. He works for peace by working to change the unjust economic political

and social structures and attitudes that allow such abuse. His mission for justice and peace is ecumenical; open to people of all faiths. It is based on taking a stand for human rights and protecting the dignity of every person, in particular exploited women and children.

FR SHAY CULLEN: PIC: COURTESY OF COLUMBAN MISSIONARIES.

Chairperson of the Hugh O'Flaherty Memorial Committee Jerry O'Grady said "Fr Shay has given his life to protecting the human rights of oppressed and exploited children and has fearlessly challenged those who were not prepared to shoulder their responsibilities, including local vested interests, local and national government in the Philippines and the USA Government"

Upon hearing the news of the Award, Fr Shay said, "On behalf of those children we have rescued and those human rights workers who like Monsignor Hugh, continue to work for the unjustly imprisoned, the refugees trying to escape from Isis and war and those risking their lives to help them escape, I gladly accept the award". Admission to the Humanitarian Award Ceremony in the Killarney Avenue Hotel on Saturday evening November 5th is free of charge but places are limited and can be reserved in advance through the Killarney Chamber Office on Beech Road (064) 6637928 / e-mail chamber@killarney.ie

education in Killarney and how joining the priesthood protected him from involvement in The War of Independence. Told with humour and sensitivity, God Has No Country brings the heroic deeds and achievements of this extraordinary man to a wider audience.

The performance is followed by a post-show discussion between writer Aidan O'Connor and creator of the show, Donal Courtney. Donal will discuss his personal connections to the story, the challenges faced in creating the piece and various other insights into the Hugh O'Flaherty story.

MONEY MATTERS....

By Dermot Cronin,
Financial Advisor

WHERE CAN YOU GET BETTER RATES OF INTEREST FOR YOUR MONEY??

Firstly interest rates in some banks are better than others, for example one bank at the moment will only give you just over .50% interest for a fixed rate account for 18 months, so for €75000 you would only get €375.00 interest over 18 months and that's even before DIRT tax is deducted. However another bank will give you 1.50% per annum for an 18 month fixed rate account which is €1125.00 interest over 18 months before DIRT tax, that is over €750.00 more in interest that you would earn. In every bank there are customers earning extremely low rates of interest at present. However, by shopping around or getting an independent financial advisor to check up to date interest rates you can substantially increase the amount of interest you can earn by just changing bank accounts, which is very easy to do. Also there are even better rates of interest available for other products such as longer fixed term accounts. This can be done for you by a financial advisor who is authorised to carry out this business for you.

For further information on the above or any other financial matter you can contact Dermot Cronin QFA at **064 66 22775** or dermotcroninifa@eircom.net

FOSSA NOTES

RACE NIGHT FUNDRAISER: Fossa Gaa are running a race night on Saturday 29th October towards funding the purchase and development of a juvenile playing pitch in 2.1 acres adjoining our current premises in Grotroe. It will be held in The Golden Nugget and over the next month club finance committee members will be asking for your support in the undertaking. Each horse costs €90 which can be bought outright or broken down into three at €30 for owner, €30 for trainer and €30 for jockey. Please support the club in the investment for this and future generations.

CONGRATS: Well done to David Clifford who produced yet another incredible performance when helping the Kerry minor team reach the All-Ireland final in three weeks time. David scored eight points but it is his general play and vision on the pitch that really sets him apart. He gave a Man Of The Match display and it will take a huge performance from Galway to beat this seriously talented Kerry team. The Kerry seniors were very unlucky not to close out their game against the Dubs, they gave it their all and left everything on the pitch and we can ask no more of these players who have given us so many great days out in the past, however, last Sunday was not to be.

GOLF SOCIETY: Fossa Golf Society had it's outing to Kenmare golf club on Saturday. The course was in great condition and the weather stayed fine all day. Larry Daly repeated his success of last year and was victorious with

a great score of 39 points. In 2nd place was James Curran, 3rd Sean Moynihan and 4th Alan Brady. Front 9 was won by Brendan Lynch, back 9 by Ronan Brosnan, longest drive by Ted Curran and nearest the pin by Mick Clifford. The society would like to say a big thank you to Sherry Fitzgerald Coghlan and Blooms Florist for their generous sponsorship and to all the staff at Kenmare Golf Club for a fantastic day out. For more information on Fossa Golf Society check out www.fossagolfsociety.com

UNDER 14 BOYS EAST KERRY

CHAMPIONSHIP: Fossa went to Kilcummin for Round 2 of the U-14 EK Championship last Monday evening. Kilcummin looked the much sharper team in the first ten minutes but as the game progressed Fossa gained control in midfield, with two solid performances from Colm Talbot and Darren Cronin. In defence, Joe Cahilane and Eoin Myers played very well. Captain Emmett O'Shea proved a handful all evening with Rossa Bellew full of running. Fossa eventually ran out winners with late goals by Darren Ryan, Conor Horgan and Harry Kelly. The one sad part of the evening was the fact that this was Rossa's last game till next summer as he heads back to Malaysia after a summer full of fun and football - he will be sorely missed - an excellent footballer with a great attitude.

UNDER 10 BOYS: After an extended break our boys had 2 games this week. First up on Tuesday was Kilcummin and with the help of a few U-8's we fielded 2 teams of 11-aside.

Playing against two strong Kilcummin teams we were very much up against it. We had good patches of play where we combined well and picked off some nice scores. This was a good challenge for us as we were match rusty. On Friday night we welcomed Furies to Fossa - another good test for us. Again, we fielded two teams of 9-aside splitting them into U-9's and U-10's. The U-9's had a great game with fine scores being taken and good moves being put together - a very good team performance by this bunch of lads. On the other side the U-10's started well but Furies were moving well and got the upper hand on us. We finished off the night by combining both teams together and playing 1 big game. Another enjoyable night with everyone giving it their all and doing their best we could ask no more. A few more training sessions and challenge matches and we should be up there with the best of them.

UNDER 8 BOYS: The U-8's also welcomed a large Furies contingent to Fossa on Friday evening with both sides fielding two teams of 11-aside. All teams played two matches and there were some great skills displayed by both sides in keenly contested matches. Both Fossa and Furies can rest assured the future is looking very bright if these lads are anything to go by.

FOSSA NOTES: If anybody has any item they would like included in the notes, please email information to John O'Neill at pro.fossa.kerry@gaa.ie. Please forward information before Sunday at 11am.

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

SKIPPING BREAKFAST

Another thing to bear in mind when thinking about why we don't eat breakfast is, did you ever consider that the quantity of food you're eating late at night might be a reason you are not so hungry first thing? It may be possible you can even taste the food from the night before? It's no wonder then that we wake up not hungry! I often find that when I'm like this it is best to wait an hour or 2 before eating until you feel your tummy emptying from the over indulgence the night before, but always eat something in the morning an hour or 2 after waking. It may be even 10am at that stage but still something even if it is small like a piece of fruit to get you to lunch without letting yourself getting to the starving state.

Tips that may help combat the "habbit" change of skipping breakfast

- Make a strict rule for yourself not to eat after 7pm
- Be prepared. Have the breakfast ingredients stocked up.
- Plan out what your having and even have it laid out on the table or in a lunch box to bring with you so you can have with your cuppa in work
- Set the alarm 20mins earlier to get up, let your digestive system wake up, and leave yourself time to eat slowly.
- If your always rushing (like me), whip up a nice breakfast smoothie in the blender and bring with you to sip on for the morning.
- Make a plan for 2xweeks that you are going to stick to and force yourself to practice this habbit change. Im confident that after 2 weeks of you actively trying hard to impliment this new habbit it will eventually feel like it is part of your every day routine and you will actually enjoy and look forward to it.

THE THREE MOST POWERFUL QUESTIONS YOU CAN ASK YOURSELF!

Questions help us to find clarity, insight, meaning and answers. As children we constantly question everything about the world we see around us. Life is full of wonder, possibilities and opportunities to discover and learn more. Sadly, so often as adults we begin to take things for granted or stop questioning why things are as they are. Instead of asking why, what or how, we begin to assume we know the answers. This is how so many people become stuck in their life. When nothing new or fresh comes into our life we begin to feel as if everything is the same old same old! Break free and begin to live in the questions of your life rather than assuming that you already know all the answers!

The top three questions that will reshape your life!

1. What is that makes you feel alive?
2. Who are you and what is the meaning of your life?
3. What is it that your soul most deeply longs for?

Spend some time answering these questions. This is important! It matters and can be potentially life transforming. Write your answers down. Reflect on your words and feelings. Then ask yourself if you are living your life in alignment with your answers. The secret is to take small steps each day to move more into alignment with who you truly are, what makes you feel alive and the meaning and desires of your life

Remember that my Chakranetics mindful movement classes begin at the Travel Inn, Fossa on Monday 12th September at 7.30pm and Tuesday 13th September at 10.00am. Please book your place asap!

GARDENING OUTLOOK

with John O'Sullivan

FOCUS ON AUTUMN GARDENING

There is a lot of work to do in the garden this time of the year, so you can reap the rewards later on during the spring and the summer.

You can start by giving your herbaceous plants a tidy up. Some of them are obviously in full flower and looking good but there are also a lot that have finished flowering for a while, so it is best with these to remove all the dead stems.

After this is done the flower bed might look a little bare, so now is a good time to start planting spring flowering plants such as wall flowers, primroses and polyanthis and also of course spring flowering bulbs.

A lot of containers, baskets and window boxes are looking a bit tired at this time of the year. Some plants look ok but others not so much. The best thing to do would be to remove the dead ones as it is only taking from the good ones. If you want you can always add a trailing ivy or a cyclamen as this will keep them looking good for another while and you can include them in your winter display.

Schools can avail of the homework journals by simply collecting mascots from Lee Strand packs. We have received very positive feedback from principals, teachers and parents on the homework journals as this is one less expense for parents to incur when their children return

to school. The homework journal not only records pupils' homework it is also filled with lots of interesting and educational material for pupils and teachers to enjoy in the classroom." EAST KERRY NOTES

WITH ÁINE NÍ SHÚILLEABHÁIN PRO MD O'SHEA EAST KERRY U14 CHAMPIONSHIP – DIVISION 4 FINAL GNEEVGUILLA 4-19 SPA 2-05:

Played in fine conditions at Killarney Legion Club grounds, on Monday, Gneeveguilla made the early running in this MD O'Shea, East Kerry Division 4 final with midfielders Ronan Collins (3) and Paudie Murphy along with Liam Murphy and Shane Warren raising white flags. Spa then enjoyed a good period of play where their captain Matt McAuliffe scored a point and also finished a well taken goal to the Gneeveguilla net. However, Gneeveguilla responded with points from Ronan Collins, Mark O'Leary and Shane Warren to lead at the break 0-12 to 1-1. Spa began the second half strongly scoring 2 fine points from play, Ruairí O'Connor on target and enjoyed a lot of possession during this period and Spa can count themselves really unlucky to see two fine efforts come off the crossbar. It was tit for tat. Paraic Finnegan pointed for Gneeveguilla before the same player finished a fine goal to the Spa net. Spa responded with a great goal of their own when Matt McAuliffe finished to the roof of the net. However, Gneeveguilla then took a real grip on the game as Shane Warren and Liam Murphy pointed before Mark O'Leary struck a fierce shot to the net after a sweeping move down the pitch. Mark O'Leary then added a pointed free. Gneeveguilla substitute Devin O'Mahony then announced his arrival by scoring 2 goals as the game slipped away from a brave Spa outfit. Gneeveguilla added a couple of further points before referee Tom Moriarty's final whistle to finish off a good all round team performance. Final score: Gneeveguilla 4-19 Spa 2-05. Referee: Tom Moriarty (Killarney Legion).

It was great to see new mom Alma O'Mahony back on the pitch and a great addition once again to the senior squad. The defence held Milltown to minimum scores with great work from Aoife Hickey, Sinead Cronin, Katie Cronin, Laura Herlihy and the great saves by Niamh Hickey. The ladies await their opposition in the Mary Jo Curran Cup final which is the first time we reached the final.

KERRY TEAMS: Well done to the Minor team who reached their third All Ireland in a row. The excellent Dara Moynihan was outstanding once again until he sustained an injury. SOUTH KERRY SENIOR HURLING C'SHIP SEMI-FINAL

DR. CROKES 2-12, KILGARVAN 2-16: The hurling season came to an end on Thursday last when we travelled to Kilgarvan to meet the home side in the Semi-final of the South Kerry Senior Hurling Championship Semi-final. Kilgarvan got off to the better start, scoring from play and applying constant pressure to our defence. A goal for Kilgarvan before the break put them in a 7 point lead despite the best efforts of John Ivory, Mike Milner and Jack Lenihan. We pushed hard in the second half and got within two points of Kilgarvan in the dying minutes. Mike Milner struck the net following a free which was dropped into the square and Kevin Smith had success with an effort from the 13 not long after. Time was not on our side and Kilgarvan pushed into a four point lead before the final whistle. Well done to Kilgarvan who will face either Kenmare or Austin Stacks in the Final. Thursday also marked the end for Tim Hourigan and his selectors, Paul Downey & Sean Browne, who formally stepped down from management. During their time, they brought the senior hurling team to unprecedented heights, contesting two Intermediate Championship Finals & representing Kerry in Munster last year. We sincerely thank them for their time and efforts in keeping senior hurling alive in Dr. Crokes over the past number of years.

GAELIC FOR ALL: We were delighted to be involved in the new Gaelic for All initiative by Kerry GAA, Kerry County Council and the South Kerry Development Partnership. It involved an introduction to football for kids who have not yet sampled GAA. Done in conjunction with Dr Crokes and Spa, there were two nights of coaching at each club's grounds. Many thanks to County Board coach Giles O'Grady, Children's Officer Christina Tangney, Seán Culloty, Enda Walshe and Joanne Downey for their assistance in what was a very enjoyable experience all around. Full marks to Bernie Reen and Áine Ní Shúilleabháin of the Kerry County Board for their organisation of the initiative.

JUNIORS: Congratulations to the juniors who won their third County League title in four years with an excellent victory over Gneeveguilla last week. Played in Derreen in front of a healthy crowd, Legion were just a bit too strong on the night for a Gneeveguilla outfit who had actually beaten our lads twice during the course of the current season. In what was a very competitive first half, some superb free-taking by Finbarr Murphy saw Legion go in at the break three points to the good and when the game opened up in the second half goals from Scott O'Mahony and Conor Culloty (two) fired the home team to an

impressive nine-point win. Final score: Killarney Legion 3-15 Gneeveguilla 1-12. Well done to everyone involved and a special thanks to mentors Thomas Lyne, Michael B. O'Donoghue, Enda Walshe and Connie O'Shea for their hard work throughout the campaign.

LEGION: Conor McCarthy, Andy O'Sullivan, Seán McCarthy, Ciarán Lyne, Brian Doolan, Kevin Breen, Alan Moriarty, Donal Lyne, Rob Leen, Adam Moynihan, Derek Twomey, Conor Culloty, Scott O'Mahony, Finbarr Murphy, KJ Griffin. Subs: Connie O'Leary, Mike Pierce, Dylan Trant, Rob Lucey, Daniel O'Donoghue, Stephen McCarthy, Michael Cronin, Gavin Moriarty.

LADIES: Well done to the senior ladies who qualified for the semi-final of Division 4 of the County League with a win over Abbeydorney.

U-11 BOYS: Our U-11 boys had a fine win over Firies in the East Kerry League as both teams put on a wonderful display of skilful football. A lot of credit must go to the coaches on both sides who are obviously putting a lot of time and effort into developing these young players. Well done to all involved.

U-13 BOYS: Our U-13s recently competed in the Rose Cup in Tralee and gave a good account of themselves in difficult conditions. A big thank you to the organisers of the event, especially host club Na Gaeil for their wonderful hospitality.

U-16 BOYS: Commiserations to the lads who just came up short against Cordal/Scartaglen in a playoff to get to the semi-final of the County League. Having trailed by ten points at half time, a much-improved second half display saw the deficit cut to just three but Cordal/Scart managed to hold on for the win.

INJURIES: Best wishes to senior players Billy McGuire and Peter McCarthy who have picked up unfortunate injuries in the past couple of weeks. We wish them a speedy recovery and hope to see them back in action as quickly as possible.

ALL IRELAND SENIOR FOOTBALL SEMI-FINAL

KERRY CHALLENGE STALLS AS DUBS FINISH STRONGER

KERRY 2-14 DUBLIN 0-22

Another memorable chapter in the enduring rivalry that is the story of Kerry and Dublin was written at Croke Park on Sunday when Gaelic football's greatest rivals played themselves to a standstill in 76 minutes of top class championship fare.

Kerry were attempting to clinch their first Championship win over the Dubs since 2009 and had their chances but in the end, Dublin's finishing power where they scored six points in the final ten minutes to Kerry's two eventually turned the tide.

In Dean Rock, who finished the game with a magnificent haul of 12 points, including 8 frees and 2 '45's, Dublin had a go-to man for scores. Rock who is every bit as good a free-taker as his father, punished Kerry's indiscretions with an incredible display of kicking. He was ably supported by Diarmuid Connolly and Kevin McManamon in the attack.

Between them, Dublin's inside line scored 0-16 out of their side's tally, an incredible return, while they were ably supported by Kerry's nemesis in the past, Kevin McManamon who had another profitable scoring return against the Kingdom, with three points to his name. Before a full house and on an ideal day for Gaelic football, Dublin began the game with fire while Kerry were slower and waited until the 14th minute for their opening score. The All-Ireland champions raced into a 0-4 to 0-0 lead after 12 minutes thanks to scores from Diarmuid Connolly and Dean Rock 0-3, one a 45 which came following a Brian Kelly save from Philly McMahon.

David Moran opened his side's account in the 14th minute. Dean Rock, with his fourth point, restored Dublin's four-point advantage. Kerry were on the ropes at this stage it would seem as the outstanding Paul Geaney and Colm Cooper (free) added points but Dean Rock and Kevin McManamon added further scores for Dublin.

Paul Geaney following a terrific upfield run from Killian Young, the Kerry ball carrier on the day, and Bernard Brogan exchanged points before Diarmuid Connolly landed his second for Dublin. Paul Geaney added his third point for Kerry who trailed 0-9 to 0-5 with 25 minutes of action-packed football gone. Suddenly the wheel of fortune began to turn for Eamon Fitzmaurice's side. Colm Cooper tapped over a free to leave three points between the sides. Following a disastrous attempted short kick-out by Stephen Cluxton, Kerry scored their first goal in the 29th minute when Darran O'Sullivan linked up with Donnchadh Walsh to fire home.

PAUL GEANEY PUT IN ANOTHER EXCELLENT PERFORMANCE FOR KERRY IN SUNDAY'S SEMI-FINAL DEFEAT TO DUBLIN SCORING 1-4.

Dublin were clearly rattled as Colm Cooper eased Kerry in front before Paul Geaney got his hand to a high ball from Anthony Maher to deceive Cluxton and score Kerry's second goal. Colm Cooper scored again to give the Kingdom a 2-8 to 0-9 interval lead. Half-time came at the wrong time for Kerry as Dublin came out rejuvenated and resumed their dominant ways.

Points from Dean Rock (3) and Bernard Brogan in reply to a Colm Cooper free for Kerry meant that the Kingdom led by two 2-9 to 0-13 after 42 minutes. Rock, from a free and Brian Fenton levelled the scores with 49 minutes gone.

Kerry enjoyed a period of dominance. Great scores from Barry John Keane a beauty, Paul Geaney and James O'Donoghue moved them three clear with 59 minutes gone.

Dean Rock and Paul Murphy exchanged scores before Philly McMahon stole upfield to boot over another Dublin point.

Rock, with a brace of points and Kevin McManamon added further scores as Dublin led by the minimum.

Stephen O'Brien levelled with a point when a goal looked on before Eoghan O'Gara and Diarmuid Connolly finished off the scoring as Dublin broke Kerry hearts once again.

In Sunday's game a major talking point came when Peter Crowley was over robustly challenged by Kevin McManamon late in the game. Kerry should have been awarded a free from a scoreable position but this did not happen.

At the other end, Kevin McManamon was involved again when he had fisted effort for a point signalled wide by the umpire but Referee Gough over-ruled his umpire and awarded Dublin a '45 which Dean Rock scored with ease.

QUESTIONS OVER REFS APPOINTMENT

Many Kerry fans departed Croke Park disappointed with many of David Gough's refereeing decisions.

Still whatever people's feelings to the referee on the on the day, away from the field and in the cold light of day, questions have been asked as to how a Leinster referee officiated an All Ireland semi-final between the Munster and Leinster champions. Still David Coldrick of Meath officiated last years All Ireland Final between the same two sides and there was little mention of this from Kerry supporters, so to be fair it should not be an issue this time either. After all the whole of Cork will remember Kerry's own Tommy Sugrue at the centre of controversy when they played Meath in the 1988 final. They still speak of Brian Stafford late equalising point in Cork. Cork lost the replay to Meath

What is an issue however and pretty valid is Goughs closeness to the current Dublin team, when the local St Jude's GAA notes (the same club of Kevin McManamon) congratulate their Under 14 Feile trainer David Gough on being announced as the All Ireland Semi-final ref. This certainly opens the door to all sorts of claims and it would appear that GAA officials took their eye of the ball. Suddenly all of Goughs decisions made on the day have become magnified. The decision to award McManamon a "45" after Goughs own Uncle waved it wide, the decision to yellow card Philly McMahon for abusing the same official when it's sanction is black or red, the infamous Crowley incident which again featured St Jude's own McManamon, a free awarded against Killian Young in front of the goal, when replays show no contact was made.

These will remain in the ether for a while but back to the playing field and we all know

that it's the scoreboard that decides the victory and Kerry were outscored 0-13 to 0-6 in the second half and Gough had little to do with this. He did not kick a Kerry wide or lose possession and he did not take off Paul Geaney Kerry's most dangerous forward. They are questions for a very different court.

SPAMUCKROSS COMMUNITY GAMES

CONGRATULATIONS: To all our swimmers on competing in the Community Games

national finals in Athlone on the first weekend of competitions (12th-14th August). Well done to Ian Coffey (breaststroke), Faye O'Neill (backstroke), Ethan O'Neill (breaststroke) Niamh Coffey (backstroke), and Ian, Niall and Cathal Coffey, and Ethan O'Neill in the U13 relay. Even though the standard was extremely high, our swimmers swam very competitively, with personal bests and semi-final positions achieved. The second weekend saw our track, judo & gymnastics competitors heading to Athlone. The track was a hive of activity over both days, with the heavy rain and wind failing to dampen the spirits of Cian Russell, Jason O'Reilly and Marie Courtney. All three were up against very stiff competition, as the track events attract high numbers in each race, with most counties in the country being represented. Jason progressed to his 200m final on Sunday afternoon, and performed brilliantly in an extremely fast race. Meanwhile, in other campus locations, Anna O'Shea was being presented with a gold medal in gymnastics, and later on Sunday, word filtered through that Mairéad Bennett's judo performances had secured another gold for Kerry, and Ali O'Donoghue added to the pot with a bronze medal in judo. Congratulations to these young ladies, you did an amazing job of representing both Spa Muckross, and Kerry. A huge thanks to all our local, county & national committees/volunteers. Community Games will be celebrating its 50 year anniversary in 2017, so it will be an extra special year - extra special means extra work, so any parents who would like to become involved, please do make an effort to attend our AGM later in the year. The children of the current committee members are nearing the max age (u16) for Community Games, at which point they will move on, so if parents wish for their children to compete in years to come, they will need to become involved. Finally, congratulations to the Kerry minor footballers on a fantastic semi-final win; one or two former Spa Muckross Community Games lads on that team. Hard luck to the seniors - super performances all round.

ST. PAUL'S LAUNCH THEIR BASKETBALL SEASON

St. Paul's Basketball club will hold their annual Registration and enrolment evening in Killarney Sports and Leisure Centre on Friday September 9th from 6.00 pm to 8.00 pm. The Registration evening is open to boys and girls from U-8 to U-18 and all players will be catered for. Registration for the 'Little Dribblers' (U-8) will also take place on the evening. Club officers and team coaches will be available to meet with players and parents at this event. It is important that all players register with the club on Friday September 9th so that a sufficient amount of teams can be entered in the Kerry Area Board leagues. Parents are asked to attend the Killarney Sports and Leisure Centre on the night with their children where club officers and coaches will be available to deal with any queries. Anybody who can't attend on the night will have to register with the club before the deadline day of September 23rd. Further registration details can be found on stpaulskillarney.ie and facebook.com/StPaulsKillarney St. Paul's would be delighted to welcome any new players interested in joining the club this season. The club would also appreciate the input of extra coaches as well. While most teams have a coach in place for the season ahead, the club is still looking for a coach and team manager for the U-12 and U-14 girls team and the U-11 boys team. Former players and anyone with any basketball background are more than welcome. Parents of any young players are also invited to get involved in club activities.

NEW COACH: Under the direction of new club Chairman, Padraig Weldon, St. Paul's have made very progressive steps in recent months towards the development of basketball coaching in Killarney. The club is delighted to announce that new Slovenian coach

BACK FROM LEFT ARE JEAN COURTNEY, JARLATH LEE, JULIE DELANEY, ELIZABETH SWITZER, BEN SWITZER, MARY DELANEY, RUTH COURTNEY, PADRAIG WELDON, AND PHILIP O'CONNOR. Muharem Vugdalic will arrive in Killarney on September 8th to take up the position of professional coach in the club. A former Slovenian international, Muharem also has a very impressive international coaching record and he will oversee all coaching in St. Paul's and will also help out with player development within the club. The new coach will also be working in the local schools reaching out to several more young players in the Killarney and East Kerry area. It is not the first time that the St. Paul's club have brought in a foreign coach to develop basketball in Killarney. Back in 1990 popular American coach Dennis Cutts did tremendous work in the club and local schools and he was followed by subsequent American coaches Ralph Groves, Ken McDonald and Bill Reagan during the early 90s. It was a move at the time that contributed to increased growth and popularity in Killarney basketball and paved for St. Paul's to achieve national league and Superleague status. Dennis Cutts is currently head coach of the University of

California, Riverside while Ken McDonald is a very high profile basketball coach with the Austin Spurs in the USA NBA Developmental league. McDonald also enjoyed a successful stint with Western Kentucky University in the NCAA before taking over the Austin Spurs, who are a subsidiary club of leading NBA franchise San Antonio Spurs. St. Paul's are hoping that the arrival of new foreign coach Muharem Vugdalic can help the club progress to the next level and bring even more success to the club. The club is very grateful for the support of local businesses who have made it possible to bring in a foreign coach. A fundraising drive in recent months has helped to attract new sponsors. St. Paul's would be delighted to hear from any local business that is interested in getting involved with the club in any sponsorship capacity.

DIARY DATES: The St. Paul's annual Flag Day will take place on Saturday 17th September. St. Paul's Basketball Club golf classic will take place at Beaufort Golf Club on Saturday 22nd of October.

The cyclists returned to festival headquarters, The Gleneagle, for the post cycle party where a well earned bbq awaited their

arrival. First man past the finish line was John Walsh from Mallow who completed the Hard Way round in under five hours. The Donal Walsh LiveLife Foundation was the official charity of the Killarney Cycling Festival and cyclists had the option of donating directly to the charity when registering.

KILLARNEY GOLF AND FISHING CLUB

MEN'S CLUB REPORT AND RESULTS: Club Captain Liam Hartnett was in the vanguard of the group of 19 Members of the Men's Club as they embarked on a trip to Wales last weekend, Liam outlined, as the tour commenced, that the "theme" for the trip would be one of "friendship" and that set the tone from the start to the finish, for the entire tour. The tour participants included 5 former Club Captains, and amongst them was the man who was responsible for

resurrecting the Southerndown connection, Senator Paul Coughlan. The trip commenced with a game in Tramore, where we were playing via the friendship between Men's Club PRO, Victor Mulcahy, and Tramore Member, and the current Irish Walker Cup selector, Michael Burns, and suffice to say that Killarney were well and truly beaten. Tramore who celebrated their win in the Irish Senior Cup and Barton Shield of 1992, and their team included a number of the players of that winning team.

Day two was played against Southerndown Golf Club, with whom we "twinned" with in 1968, and with a generous concession from Captain Liam, the match was called a draw, the subsequent evening's festivities was again in the spirit as laid down, and was a most enjoyable occasion, and culminated with Liam, on behalf of the Club, presenting a silver salver commemorating our 50 years of mutual

friendship, to their Club Captain. As the first visit of Southerndown to Killarney was in 1966. Day three was at Pyle and Kenfig Golf Club, and in order to facilitate the watching of the All-Ireland semi-final we played a scramble there, and this was won by Jack Buckley, Chris Collins, Paudie Sheahan, and Barry Duggan. Club Captain of Pyle and Kenfig, in accepting a gift from Club Captain Liam, expressed that a wish for a reciprocal visit from members of their Club to Killarney would be very much on the cards for 2017. Liam's theme was well and truly upheld, throughout the tour and a great time was enjoyed by all of the partakers. Sunday the 28th of August was an "Open" day, and played on Killeen, results were as follows, 1st Tommy Crowe (11) 42 points, 2nd George Vass (5) 41 points, 3rd John Lynch (11) 39 points, 4th James Devane (9) 37 points, 5th Seamus O'Donoghue (11) 37 points.

ALL IRELAND MINOR FOOTBALL SEMI-FINAL

KERRY POWER PAST KILDARE FOR GALWAY DATE

KERRY O'SHEA REPORTS FROM THE ALL IRELAND SEMI-FINAL IN CROKE PARK

**KERRY 2-26
KILDARE 0-10**

Kerry will be bidding to become just the fourth side to win a hat-trick of titles since the start of the minor championship in 1929. To date, Kerry (1931-33), Dublin (1954-56) and Cork (1967-69) are the only minor teams to achieve this remarkable feat.

Apart from the early minutes of the game when Kildare mounted a decent challenge and led by 0-4 to 0-2 by the 11th minute, with corner-forwards Ciaran Kelly and Jimmy Hyland posing problems, Kerry were never seriously threatened.

Kerry's work rate throughout the 66 minutes was very impressive and once David Clifford and full-forward David Shaw managed to win decent possession inside the Kildare defence, there was only going to be one result.

Kerry scored nine points to Kildare's three in the remaining 19 minutes of the first half to stamp their authority and take control of the game and lead 0-11 to 0-7 at the short whistle.

Clifford, the young Fossa lad who has hogged all the headlines in this year's Minor Championship with some brilliant individual displays, again showed his wonderful and rare talent, finishing the game with a personal tally of 0-8, 0-6 of which came from play. His score taking was sweet and sublime as he scored with both feet and his display will

rank with some of the best minor displays this season.

Clifford was afterwards named as the Electric Ireland Man of the Match and must be a candidate for the Minor Footballer of the Year. The game was as good as done in the opening nine minutes of the second half, when Kerry scored 1-7 from play in reply to Kildare's solitary point, the goal coming from David Shaw, when he finished a Dara Moynihan pass to the net.

Kerry were scoring points for fun now and by the end of the contest, 12 Kerry players would inscribe their names onto the scoresheet.

Kerry finished the game in style when Na Gaeil's Diarmuid O'Connor finished to the net deep in injury time.

This was a truly remarkable display from Kerry who now meet Galway in the All-Ireland final in Croke Park on September 18th and on this form, Kerry will be warm favourites to accomplish the hat-trick.

KERRY: Billy Courtney; David Naughton, Niall Collins (0-1), Graham O'Sullivan (0-1), Michael Potts (0-1), Daniel O'Brien, Michael Foley (0-1); Mike Breen (0-1), Mark Ryan; Dara Moynihan, Sean O'Shea (0-5, 0-2 frees), Diarmuid O'Connor (1-1), David Clifford (0-8, 0-2 frees), David Shaw (1-3), Bryan Sweeney.

JOHNNO INDUCTED TO CROKE PARK'S HALL OF FAME

Former Kerry Senior footballer John O'Keefe has become the latest inductee into Croke Park's Hall of Fame.

Mr O'Keefe, a former teacher at Tralee CBS The Green together with former Galway hurler John Connolly, Wexford great Tony Doran and the late great Dermot Earley from Roscommon are the latest inductees bringing the total to 42.

He now joins a list that also includes fellow Tralee residents, the late Joe Keohane, the late Dan O'Keefe, Mikey Sheehy and Dr Sean Murphy.

GAA President Aoghan O'Fearagail paid tribute to the four at a lunch in their honour recently and described them as men whose enduring legacy helped define the GAA experience for a generation of supporters. "They remain to this day synonymous with all that is good about our great games-inspirational warriors and sportsmen who played important roles in preserving and nurturing football and hurling for future

generations.

"Dermot Earley, John O'Keefe, John Connolly and Tony Doran are fully deserving of this distinction and it's another opportunity for us to pay respect and gratitude," added Mr O'Fearagail.

As a Gaelic footballer with Kerry, John O'Keefe was known as the 'Prince of Full-Backs'. He won seven All-Ireland Senior Medals in a remarkable career and was a key member

of Mick O'Dwyer's golden era team.

Johnno made 139 League and Championship appearances for Kerry scoring 0-16 in the process.

He first came to national attention in 1969 when he captained St Brendan's College to All-Ireland glory.

Johnno's impressive list of other major honours includes; 12 Munster Senior Medals, 6 National League Medals, 5 All Star Awards, 1 Texaco Footballer Of The Year Award, 7 Railway Cup Medals, 6 Munster 1 Combined Universities, 3 Sigerson Cups with UCD, 1 Dublin Senior County Championship Medal, 1 All Ireland Club Medal UCD 1974, 1 Hogan Cup 1969 Capt.

With his Club Austin Stacks he won further honours, including 5 Co SFC Medals, 1973, 1975, 1976, 1979 and 1986, 7 Co SFL Medals, 1 Munster Senior club Medal, 1976, 1 All-Ireland Club SFC Medal, 1977, 1 Minor Co SFC Medal 1969, 1 Minor SHC Medal in 1969.

THE KIND WAY TO EXPEL MICE FROM YOUR HOME

Here are three wonderful ways you can keep your house free of mice, without having to fork out for expensive exterminators.

- **Peppermint plant pots** - The first thing you should do is get as many plant pots as you can and fill them with luscious green peppermint plants. Post those pots all around the outside perimeter of your home. Any mice nearby will instantly be turned off by the pungent, aromatic smell of the peppermint.

- **A sock of peppermint** - Take some dried peppermint (dried yourself or bought from a herb seller) and stuff it in a sock. You can hang the sock on a door handle or somewhere similar. Do this with many more socks, placed strategically around your house. This way the inside of your home will be rendered unappealing to mice, but the fresh smell will do wonders for your mood and health.

- **Homemade peppermint spray** - Boil up a pot of water and drop some dried peppermint inside, letting the flavour infuse the water just like when you make a cup of tea. Once you are happy the mixture is rich enough, strain the water and let it cool down. Once cooled, you can now pour the peppermint water into a spray bottle. Spray liberally around your home to keep any mice at bay. Think about the tiny crevices and holes that you could imagine mice might frequent and give them a good minty spray. Bonus: The wonderful thing about peppermint is that not only will it keep your house mouse free, it will also deter many other unwanted pests from intruding on your private residence. So if you have a problem with, bees, ants, beetles, or anything like that, any of the above methods will work a treat for you.

GREYHOUND RACING BANNED IN NEW SOUTH WALES

The 24th of August, 2016 will be remembered as an historic day in the animal protection movement. Early that morning, after hours of

impassioned debate, the NSW government passed legislation to end greyhound racing. The politicians who spoke in favour of this landmark bill argued that profits cannot justify cruelty. That provoking dogs to maul terrified rabbits and piglets isn't 'training', it's obscene. That killing healthy dogs in the thousands simply because they can't run fast enough isn't 'sport', it's shameful. That communities will be safer and kinder without an industry that fosters such a callous disregard for life.

It was Animals Australia's evidence of live baiting which led to the Inquiry that ultimately sealed the fate of this cruel industry in NSW. Trainers have been jailed in Queensland where it's colleagues from ALQ documented similar brutal practices. And in Victoria, their evidence has led to convictions against a number of leading trainers. There were so many groups, individuals, politicians and journalists who've been relentless champions for the animals abused by this gambling industry — and who Animals Australia will continue to work with until greyhound racing is banned nation-wide. This decision reflects a shift in political consciousness. It's irrefutable proof, that politicians are not only recognising, but are prepared to act, on the deep compassion and concern in the community about Australia's treatment of animals. Australia just took a critical step forward and from this moment onwards the pathway to that kinder world we all crave is just that little bit clearer.

WHY NOT ADOPT A SENIOR DOG?

Those of us who have been fortunate enough to share our hearts and homes with a senior dog know just how special those gray-muzzled darlings can be. Earning the love of an aging pup who truly needs you creates a special bond that's hard to put into words. True, they may have some age-related health issues (like arthritis, dental disease or failing vision or hearing) that require attention or treatment. But older dogs have lots of pros, too, like the fact that they're likely to be better trained than a puppy and they're probably game to lounge around with you and take it

easy. And when it comes to adopting a senior dog, you have the benefit of knowing what you're getting in terms of size and in most cases, personality.

- **Love them unconditionally**, as you don't know how long you will have them.
- **For some dogs, age might be just a number**: Have fun with them; they still have a lot of energy and the desire to do most anything they ever did before. Baby them big time and be ready to be on the receiving end of some serious love and affection from them. Just let them enjoy the rest of their life like never before.
- **Be patient!** One day you're going to be elderly and you don't want someone yelling at or getting frustrated with you because you move so slowly and have accidents because you can't make it outside (or to the facilities) in time." If you're considering bringing a senior dog into your home, there are numerous things you can do to help him enjoy his senior years. You might take steps to pet-proof your home in a way that makes it easier for him to get around. And believe it or not, teaching your old dog new tricks isn't only possible, it's a great way to help your new-old pup stay mentally and physically sharp! Getting him to the vet for regular exams and keeping an eye out for any physical or behavioural changes is important for dogs of all ages, but becomes perhaps even more important as he ages.

IS A STREET IN SKEGNESS STAYING IN THE EU?

Following Britain's EU referendum, a Lincolnshire resident in the town of Skegness arranged his wheelie bins in a barrier across his street and labelled it "EU border crossing". He then stopped the first driver to come along and asked to see his passport, before assaulting him. The man was arrested for being drunk amongst other public order offences.

DID YOU KNOW?

The Kifune Shrine is located in Kyoto, Japan. It is sometimes also referred to as the Kibune Shrine – because according to legend, a goddess travelled in a yellow boat all the way from Osaka. The shrine is said to be built at the place where her journey came to an end. It is dedicated to the god of water and rain. Visitors can obtain a written fortune that reveals their secret messages only when dipped into water.

TWO KILO GOLDFISH

Australian researchers are warning of a new, invasive threat to the continent's native wildlife: goldfish that were abandoned by their owners and released into the wild. Most of us think of goldfish as a small and harmless species, but apparently Western Australia's rivers contain just the right conditions to allow the fish to grow into two kilo monsters that wreak havoc on the local ecosystem.

Once they are released into the water, they breed at a rapid rate, taking over the area. Because they can travel quite far, up to 230 kilometres per year, they're incredibly difficult to eradicate, they eat the eggs of native species and they're releasing a nutrient-rich waste into the water column which creates dangerous algae blooms. They're also carriers of nasty diseases that don't naturally occur in Australia's waters.

RUSSIAN WALKED 18,200KM TO VISIT RIO DE JANEIRO

Sergey Lukyanov at the age of 60, embarked on the adventure from Russia's "northern capital" of St. Petersburg on April 1 of last year to follow a childhood dream. Mr. Lukyanov's route ran thorough China, Kazakhstan, Vietnam, Laos, Thailand, Malaysia, and Singapore, where he boarded a plane bound for South America in order to cross the Atlantic Ocean. After he landed in the Chilean capital of Santiago, he continued his journey on foot. The wanderer trekked across Argentina and Uruguay before finally arriving at the Summer

Olympic Games in Brazil's capital and wearing out 6 pairs of shoes on the journey. His journey was made possible thanks to the tremendous support he received from volunteers around the world. Some donated money for Mr. Lukyanov's ticket, while others helped him get visas. People welcomed him everywhere, giving him food and shelter. Mr. Lukyanov's initial goal was to arrive in Rio by the start of the Olympics on August 5th, but unsuspected health problems prevented him from sticking to the schedule, as he had to undergo surgery and lost about 45 days overall. Mr. Lykianov himself is no ordinary hiker, as he is a Russian Master of Sport, as well as Russia's and the USSR's record holder in the 100-kilometer walk. He has competed more than 150 times at various distances during his 50-year career. The Russian plans to finish his journey in the spring of 2017 by walking into St. Petersburg on the final leg of his 32,000 kilometre trip.

NEW YORK JUST BECAME THE LATEST U. S. STATE TO GIVE LAB ANIMALS A SECOND CHANCE

In another victory for animals in labs, New York has become the latest state to pass a law that will give dogs and cats used as test subjects the chance to be adopted. The Research Animal Retirement Act, which was sponsored by Sen. Philip M. Boyle and Assembly member Linda B. Rosenthal, will require publicly funded institutions of higher education, and any institution that works with them, to offer dogs and cats to rescues and shelters for adoption when they are no longer needed. Research animals live their lives being poked and prodded by humans, purposefully made sick to keep us well, and they are deprived of the affection and human kindness that many dogs enjoy. After this long and often tortuous service, they are usually euthanized, ending a miserable existence. 95 percent of the estimated 65,000 dogs being used in labs across the U.S.A. to test drugs, cosmetics and household products are beagles. Sadly for the many companion animals who are used as test subjects, it's typical to kill them once they're no longer being used. However in 2014, Minnesota made history when it became the first state to enact second chance legislation, and it has since been followed by California, Connecticut and Nevada. While animal advocates are continuing to fight for a world where no animals are experimented on, efforts like this will at least help ensure that those who can be saved will get the opportunity to experience an entirely different world.

FIRE FORCES MAN TO SELL GOOD LUCK PEARL, TURNS

OUT TO BE WORTH \$100 MILLION

A Philippines fisherman was feeling down on his luck when a house fire forced him to clear out his possessions and change locations – until a good luck charm that he had kept under his bed changed his life. The unidentified man had fished out a giant pearl from the ocean when his anchor got stuck on the rock while sailing off the coast of Palawan Island in the Philippines ten years ago. When he was forced to sell it, he was told that the 77 pound gem that he had kept hidden in his rundown wooden home was the biggest pearl in the world valued at \$100M. The Pearl of Allah which is currently on display in the Ripley's Believe It or Not museum in New York City only weighs 14 pounds – five times smaller than the gem that the fisherman had found. The pearl measuring 1 foot wide and 2.2 feet long is going to be verified by the Gemologist Institute and other international authorities before hopefully going on display to attract more tourists in the little town.

OLYMPIC BUILDINGS TO BE DISASSEMBLED LIKE PUZZLES FOR PUBLIC PARKS AND SCHOOLS

The 2016 Rio Olympics have taken its toll on the city's struggling infrastructure, but the Olympic Committee is taking strides to ensure more efficient social and environmental responsibility by reusing the buildings typically abandoned after the games. Using a method known as "nomadic architecture", several of the Olympic structures can be assembled and disassembled like puzzles – so instead of rotting and taking up space in the city, they can be contributed towards public spaces and projects. Now that the games have ended, construction crews will start the deconstruction of the building for better use. The handball venue known as the Future Arena will be used to build four 500-student primary schools in the city's Jacarepaguá neighborhood while the \$38 million Aquatic Stadium where Michael Phelps dominated his races will go towards creating two community swimming centres. The International Broadcast Centre will become a high school dormitory for gifted athletes; the peninsula that featured several game venues will become host to public parks and private development; and the Tennis Centre and souvenir shop can simply be disassembled for better use. Not only are nomadic buildings better for the city's infrastructure, but they're also cheaper to build and more environmentally friendly since they don't require permanent design and materials.

MIND YOUR BIKE

With ever increasing fuel costs, more and more people are using bicycles for travel purposes. Safety is, of course, paramount and it is very important that bicycles are used in a safe manner. Wear appropriate safety gear at all times. Ensure that the bicycle is kept mechanically safe with good brakes, appropriate lights / reflectors, sound tyres etc. However, it is also important to consider security as bicycles are often an easy target for thieves. Figures for recent years, show that over 2000 bicycles per annum are taken without the authorised consent of the owner. This advice offered can help to reduce the risk of your bicycle being stolen. Basic Precautions When you first get your bicycle there are a number of matters you should attend to -

- Take at least one distinguishing coloured photograph of your bicycle.
- Keep a written record of the make, model and frame number of the bike and any unique features that the bike may have e.g. extra fittings, attachments, markings etc. Remember to also update as the bike gets older - it is unlikely that it will still be in pristine condition and will more likely have dents and scratches.
- Security mark your bicycle in at least two separate places. Your security mark should be clearly visible and not capable of being easily removed or camouflaged. You may need, particularly with light-framed (e.g. aluminium alloy) bicycles, to have this done by a specialist or suitably qualified person. Consider also advertising the fact that the bike is security marked with an appropriate label/sticker etc.
- Consider insuring your bicycle, either through a separate policy or through your home contents insurance.
- The owners of very valuable bicycles should also consider having an electronic tracking device covertly inserted within the frame.

SECURITY AT HOME: When at home, your bike should be kept in a secure location out of public view. Avoid leaving your bicycle unattended in your driveway, even for short periods. Garages and sheds are frequently used and these should be kept locked. It is also a good idea to secure your bike within the garage/shed by fixing or locking to a wall or other immovable object. If keeping outdoors, secure the bike to an immovable object - do

not leave it lying around and un-locked.

SECURITY IN PUBLIC PLACES

When out and about on your bike there are a number of precautions you should take.

- Always lock your bike, even if leaving it for a few brief moments.
- Lock your bike to an immovable object e.g. a metal railing or lamppost. Be aware, if using a lamppost, of the possibility of lifting the locked bicycle over the lamppost.
- Lock your frame and wheels if at all possible.
- Where bicycles parks are available, use them.
- Take all accessories and easily removable objects with you.

Consider replacing quick release levers with normal nuts and bolts or with special locking nuts and bolts.

- Do not leave / park your bike in isolated, dark or dimly lit places •

Try not to leave / lock your bike in the same place every day.

LOCKING YOUR BIKE: There are many different types of lock available that can be used for locking your bicycle. When choosing a lock you should consider how much your bicycle is worth, where you will leave it, how long it will be left unattended and the strength and weight of the lock etc. Most bicycles are locked using the following means - • D locks / U locks • Cable locks • Chain and padlocks, and • Click locks. D locks / U locks - are rigid steel locks in a D or U shape. They are generally heavy and strong, though the strength can vary and is normally

reflected in the price. There are limitations as to where these locks can be utilised e.g. they may not fit around many lampposts. Cable locks - are flexible and can be used in many situations. Cables, of course, can vary significantly in both weight and strength. Invariably, cheap and thinner cables can easily be cut and so should not be used as a sole locking method. Chains and Padlocks - will also vary in both weight and strength. Heavier ones can be awkward to carry around and manoeuvre around frames and lampposts or railings. Good quality hardened chains and padlocks do offer good security. It is important, however, to keep the chain and lock off the ground/pavement or against walls when your bike is secured as the chain or lock can easily be broken with a sledgehammer or cold chisel if resting on these areas. Similarly, keep your chain wrapped as tightly as possible around the frame and the immovable object that you are locking it to - this can help to stop thieves from inserting 'jemmy' bars into spaces and gaps and forcing the chain or lock apart. For similar reasons, closed shackle padlocks are recommended in preference to open shackled padlocks. Click locks - are not very common. They are generally fixed to the frame over the rear wheel, under and close to the seat. They lock your wheel to the frame, thereby stopping somebody from simply riding away but offer no protection from somebody picking up the bike and walking away with it.

TRANSITION FROM PRIMARY TO SECONDARY WHAT TO EXPECT AND WHAT CAN HELP

By the time you reach your final years in primary school, you will be totally comfortable with your school environment. By sixth class, you are one of the most senior people in your school and you are used to being given responsibility and looked up to by the younger children. However the transition to secondary school means that you have to revert to being the most junior again and have to cope with a brand new environment. Change can be a daunting task for any one of us and can take a lot of adjusting to.

Easily the biggest change when entering secondary school is going from the experience of one teacher all day in one classroom to encountering eight or nine different teachers and subject/classroom changes every forty minutes or so. A tip to help you cope with this is to write down the name of each new teacher beside the name of the subject and write your own version of the class timetable. The second big change is the constant movement between classrooms throughout the day. Depending on your subject choices, you will be moving all around the school. Getting lost during the first few weeks will be inevitable and a good tip is to always stay with at least one other person from the class. Another big adjustment is the number of specific subjects you will be covering. Students in First Year will cover up to sixteen different subjects; many of these will be new to you. Discuss all the subjects at home with your parents and let them know which ones you struggle with. Everyone will have their own favourites and will excel at certain subjects.

Your timetable will take a lot of getting used to and you may need help initially in the organisation of your schoolbag each day. Each student will also be provided with a locker and be sure to use your locker to avoid 'heavy bag syndrome'

Homework time is obviously going to increase. However not all subjects are covered every day and not all subjects involve homework. Learn how to successfully manage your time and don't rule out the possibility of supervised study. Schools reports may also be a new experience that comes with secondary school as regular reports come home from the school. Taking part in games and P.E. is a great way of getting to know more students in your school. Find activities which you and enjoy and try out new activities even if you haven't tried something before, or if you don't know what the activity entails.

If you find yourself struggling with any aspect of this change be sure to talk to someone: Your parents, a friend, a class teacher or school counsellor. This time will fly by, and before long your new school will feel like your second home!!

Know Your Rights:

PAYSLIPS

QUESTION

I started a new job 3 weeks ago. Although I have been paid each week, I don't know if I have paid any tax or PRSI. How do I find that out?

ANSWER

You should have been given a pay slip by your employer when you were paid. Your pay slip can be provided to you either in electronic format or in hard copy. Under the Payment of Wages Act 1991 all employees have the right to a pay slip which shows the gross pay and details of all deductions. A pay slip is essentially a written statement from the employer to the employee that outlines the total pay before tax and all details of any deductions from pay.

Certain deductions from pay are allowed under the Act. They include deductions that are required by law, for example, tax (PAYE), Universal Social Charge (USC) and social insurance (PRSI). Deductions provided for in your contract of employment, such as occupational pension contributions, are also allowed.

You should ask your employer for pay slips for the three weeks that you have already worked. If your employer fails to give you those pay slips and continues to pay you without giving you a pay slip, you may make a complaint to the Workplace Relations Commission (WRC). To do this, you make a complaint under the Payment of Wages Act using the online complaint form available on the WRC website, workplacelrelations.ie.

The Workplace Relations Commission also provides information on your rights and entitlements under employment legislation. For further information about your employment rights on pay slips and deductions from wages, you can contact its Information and Customer Service at Lo-call 1890 80 80 90 or through the website, workplacelrelations.ie.

A WORD OF VICTORY

Welcome back dear reader last week we looked at the powerful ministry of the Lord Jesus and how the ordinary people, the hurting, the poor and the bruised were drawn to Him through the awesome power that worked through Him (Acts 10:38). Even though the religious were preaching about the coming Messiah, when Jesus came they did not recognise Him. He was not what they expected. They were looking for a military leader who would raise up a powerful army to liberate Israel from Roman control. In Luke chapter 4 when Jesus was in the synagogue He was invited to read the Scriptures and He read from Isaiah chapter 61 of how the Messiah would come to heal the broken hearted, bring release to the captives, and those imprisoned in sickness and fear - the blind, the deaf, the cripples and the oppressed would be set free and good news would be preached to the poor. Jesus was of course reading about Himself here. Those in the synagogue wondered at His wonderful words and asked 'who is He?' But when they realised that He was the carpenter's son whose mother and brothers and sisters were all there with them, they became offended at Him as He didn't look a bit religious, and because of their unbelief Jesus could not do any mighty miracles there in His hometown, and He was amazed at this. Jesus did not say that He would not do any miracles there - He said He "could not" because of their unbelief (Mark 6:5-6). We at Word of Victory and many other believing fellowships experience the same thing - we've seen people with simple childlike faith being healed from every manner of sickness and disease and delivered from poverty. But many more do not receive anything because of unbelief. Faith comes from hearing, from being taught the Word of God. Then faith rises to a level that allows the hearer to receive what has already been done through Jesus' work at Calvary. "By His stripes we were (past tense) healed" (Isaiah 53:5; 1st Peter 2:24) More next week....

Relying on these promises I come with confidence during the novena to beg of you the favours that I need (make request). From whom shall I ask, Lord Jesus, if not from you whose heart is an unfailing source of graces and merits.

Most loving heart of my God I believe in your power, I believe in your knowledge, I believe in your personal love for me and therefore O Sacred Heart of Jesus I place all my trust in you. Our Father, Hail Mary and Glory. Say 3 times for 3 days and request will be granted, Never know to fail. Must publish. **S.P.**

NOVENA TO THE SACRED HEART

You have said O'Divine

Jesus ask and you shall receive, seek and you shall find, knock and the door shall be opened to you. Relying on these promises I come with confidence during the novena to beg of you the favours that I need (make request). From whom shall I ask, Lord Jesus, if not from you whose heart is an unfailing source of graces and merits. Most loving heart of my God I believe in your power, I believe in your knowledge, I believe in your personal love for me and therefore O Sacred Heart of Jesus I place all my trust in you. Our Father, Hail Mary and Glory. Say 3 times for 3 days and request will be granted, Never know to fail. Must publish. **S.P.**

PRAYER

Our Lady says to
parents who are
anxious about their children.

Say the Rosary every
day and ask me,
"Mother, please use
this Rosary as the
golden chain which
binds my child to your
Immaculate Heart",
and I will save that child.
