## **WHY YOU SHOULD BE DEALING WITH US FOR YOUR INSURANCE NEEDS!!!**

### **Frequently Asked Questions**

**How are Healy Insurances able to quote less than online and direct insurers?**

Simple really, we are in business for the past 32 years and have large amounts of business with each insurer. Effectively they give us discounts to retain business and get new business for them. It's a lot like bulk buying in that we can get a better quote than you can get on your own.

**Sounds too good to be true?**

No, as you can see for the example on the previous page we can do it and have been saving money for our customers for 32 years.

**And I get a local professional service with people I know and trust and can meet face to face?**

Yes

**Not a call centre?**

No

**And you search the markets at every renewal date to get me the best price?**

Yes that's our job

**And if I have an accident or a claim I deal with Healy Insurances who advise and help me at no additional cost?**

Yes. Our business model revolves around looking after our clients first and foremost.

## MONEY MATTERS.....

By Dermot Cronin,  
**Financial Advisor**

### PENSIONS

Do you have a pension? If so there is some very important information that you need to know about your pension, such as.... What is the present value of my pension? What funds is my pension invested in? Who manages my pension and how much am I being charged to manage my pension? These are just some of the important questions you need to know the answers to. You need this information in order to compare your pension to what is available in the market place today from pension companies who may be able to get you a better return for your money and therefore getting you a higher lump sum and income on retirement. So whether your pension is from an ex employer, you were self employed in the past or are self employed now it is very important that you have your pension reviewed and assessed by an independent advisor now.

## WHAT IS A SMEAR TEST AND HOW IS IT TAKEN?

A smear test (sometimes called a pap test) is used for cervical screening. It is a simple procedure where a doctor or nurse (smear taker) takes a sample of cells from the cervix (neck of the womb) to look for early changes on the cells of the cervix. A smear test can identify cell changes before they become cancer cells. If these cells are not found and treated, they could become cancerous over time. A smear test is a very simple test that takes about five minutes. It may be slightly uncomfortable but should not be painful. It is expected that the entire appointment should generally take about 15 minutes in the doctor's surgery or health clinic. You can lie on your side or on your back for your smear test. The doctor or nurse taking the test will gently insert an instrument called a speculum into your vagina to hold it open. The cervix is the area where the top of the vagina leads to the uterus (womb). The doctor or nurse will use a small, specialised broom to gently brush off a sample of cells from the cervix. This sample is sent to the laboratory to be checked. A smear test is not a diagnostic test. It is not needed for clinical investigation of fibroids, cysts, heavy or painful periods or pain during intercourse. A smear test is not used to detect any changes in the womb, the fallopian tubes or the ovaries. If you have any concerns about any of these issues you should speak to your GP or nurse.

## WHAT IS THE PURPOSE OF CERVICAL SCREENING?

A smear test (sometimes called a pap test) can detect changes in the cells of the cervix (neck of the womb). The earlier abnormal cell changes are found, the easier they are to treat.

**WHO SHOULD HAVE A SMEAR TEST?** Women who have ever been sexually active aged 25 to 60 should have a regular smear test and continue to have regular smear tests after the menopause. If you are aged over 60 years and have never had a smear test, please contact your family doctor (GP) or local CervicalCheck registered smear taker to discuss your cervical screening needs. If you have never been sexually active, the risk of developing cervical cancer is considered to be low. If you do become sexually active, you should have cervical screening. Women aged 25 to 60 who live in Ireland are eligible to have a free smear test. CervicalCheck has developed a register (list) of eligible women nationwide aged 25 to 60 through up-to-date information received from the Department of Social Protection.

## WHAT ARE THE RECOMMENDED SCREENING INTERVALS?

Women aged 25 to 44 will be offered a free smear test every three years.  
Women aged 45 to 60 will be offered a free smear test every five years.  
Regardless of the age of a woman when she has her first CervicalCheck smear test, she needs to have two normal smear test results - three years apart, before moving to a five year screening interval. A woman may also be advised by CervicalCheck to have additional smear tests if further investigation is needed, as recommended by the programme.

## HOW MUCH DOES IT COST?

There are no costs to a woman involved in having a smear test. CervicalCheck provides free cervical screening to women aged 25 to 60 years. This covers all aspects of the test from making the appointment, the initial consultation, the smear test, sending the sample to the laboratory (postage), the smear test result, follow-up and appropriate consultation if necessary.

## CHASE THE FEELING IN 2014!

If you are planning on making some life enhancing changes in your life in 2014 then read on for a NEW way to set and achieve your goals! The old fashioned way of goal setting meant that we had the procedures of achievement upside down. We go after the stuff we want to have, get, or accomplish, and we hope that we'll be fulfilled when we get there. It's backwards. And it's burning us out. So what if you first got clear on how you actually wanted to feel in your life, and then created some "Goals with Soul"?

Many goals are a bit soul less when looked at on paper. They tell you what you want to do but lack any real emotional pull! So instead of talking about external goals begin to talk about how you want to feel in various parts of your life. For example begin to get really clear about what you want to feel within yourself. Ask yourself

How do you want to feel when you look at your schedule for the week? When you get dressed in the morning? When you walk through the door of your studio, office, place of work etc? How do you want to feel when you run that marathon, finish your painting, make that sale, go to sleep at night or fall in love? The next question to ask is "What can you do to feel that way?" This begins the process of working from the inside out and creates the energy to attract what you desire!

If you would like to know more and feel inspired to create **GOALS WITH SOUL** come along to my Life Class on Wednesday January 29th at the Meadowlands Hotel (7.30-9.30pm) Only €15.00.

Reserve your place NOW!

## 24TH ANNIVERSARY

In loving Memory of

**PETER D. J. O'SULLIVAN**

It does not take a special day,  
For us to think of you,  
Each Mass we hear, each prayer we say,  
Is offered up for you.

May he rest in peace dear Jesus,  
In Thy Heavenly home above,  
With the the Scared Heart of Jesus,  
In his own Eternal Love.

## NOVENA TO THE SACRED HEART

Sacred Heart and Our Lady a  
thousand thanks.  
And to all of the Saints for favours  
received.

## HOLY WATER A MEANS OF SPIRITUAL HEALTH

HOLY WATER is a Sacramental that remits  
venial sin, because of the blessing  
attached to it, Holy Church strongly  
urges its use upon Her Children,  
especially when dangers threaten, such  
as fire, storms, sickness and other  
calamities.

Every Catholic home should have always  
in it a supply of Holy Water.

WE DO NOT TAKE ADVANTAGE OF THE  
BENEFITS DERIVED FROM HOLY WATER.  
LET US CULTIVATE ITS USE.

UNTOLD Spiritual Wealth is concentrated  
in a tiny drop of blessed water.  
AND WE GIVE IT SO LITTLE THOUGHT.

## NOVENA TO THE ST. CLARE
