KILLARNEY READY FOR GLOBAL ADVENTURE SUMMIT

Preparations for promoting Ireland's outdoors adventure appeal to the world's top experts in this sector were discussed as the Minister for Transport, Tourism and Sport, Paschal Donohoe, met with local adventure and activity providers in Killarney last week at an event to ready them for the hosting of the Adventure Travel Trade Association's (ATTA) World Summit in the town during October 6-9th. President of Killarney Chamber of Tourism & Commerce, Johnny McGuire, expressed that Killarney's efforts in procuring and liaising with all bodies involved for the Summit is a fantastic and encouraging display of working togetherness, for which Killarney is renowned, "The world summit is coming to Killarney; we need to make a world class effort as this event will make Killarney the number 1 destination for Adventure Tourism. An adventure tourist is worth 50% more to the local economy than the average tourist. Surely all businesses in Killarney will reap great financial rewards into the future by actively promoting and assisting to make this summit a tremendous success."

FREE ALZHEIMER'S TRAINING NOW AVAILABLE

Home Instead Senior Care in Killorglin is offering a unique approach to help local families manage the challenges of Alzheimer's and other dementias, diseases that eventually rob older people of their memories and independence. Free training for families caregivers is now available through a free training workshop taking place Tuesday, 16th September at 7pm, at the Meadowlands Hotel in Tralee.

Though research continues, there is currently no cure for Alzheimer's disease. But until there is a cure, there is care. This workshop is specially designed for family caregivers and offers a personal approach to help families care for seniors with Alzheimer's disease at home. 60-70% of people with dementia in Ireland currently live at home in the community and rely on family caregivers.

VICTORY FOR KILLARNEY TEAMS IN DR. BILL MANGAN MEMORIAL HURLING TOURNAMENT

The 5th Annual Dr. Bill Mangan Memorial U10 Hurling Tournament took place on the weekend of 30th /31st August and was the closing event of Heritage Week 2014 in Muckross House and Traditional Farms. This event was hosted and sponsored by the Trustees of Muckross House and organised in conjunction with the South Kerry Hurling Coiste na nÓg. This year, the tournament took on a different structure where there was a preliminary round of group games on Friday, 29th August at Dr. Crokes GAA Club in Killarney. The top two teams from both groups would progress to the Cup and Shield Finals on Sunday on the specially developed field at Muckross Traditional Farms. Group 1 saw Kilcummin/Legion, Tralee Parnells and Kenmare 'A' contest where Kenmare 'A' won both games and Kilcummin/Legion claimed entry to the Shield final with victory over Tralee Parnells. Group 2 consisted of Dr. Crokes, Kenmare 'B' and Rathmore. Dr. Crokes progressed to the Cup final with Rathmore

making the Shield final.

On Sunday, the Shield Final was the first game contested. This was an entertaining contest

between Kilcummin/Legion and Rathmore, played in front of an unprecedented crowd – the competition becoming more and more renowned each year. Kilcummin/Legion

emerged the winners of the Shield for the first time, which was presented to them by Dr. Patricia Mangan.

Following a break for refreshments, the Cup Final took place where Dr. Crokes met Kenmare in what was a great sporting game with some beautiful hurling skills from both sides. Dr. Crokes emerged victorious, winning the Cup for the fourth time since the competition began. Once again, Dr. Patricia Mangan was on hand to present the Memorial Cup to the Dr. Crokes team and the runners-up medals to the Kenmare team.

Well done to all teams who participated in this year's Dr. Bill Mangan Memorial Hurling Tournament for making it the success it was. Many thanks to the Trustees of Muckross House and the South Kerry Hurling Coiste na nÓg. Photographs of the teams who competed in tournament can be found on www.southkerryhurling.com.

Stefaan's Partner Bridget Brady, Roundwood, Co Wicklow, was the only female to complete the race in a time of 33 hrs and 01 minute. 50 Athletes competed in what is now called 'The most brutal race in the World'.

The Race Started in Killarney, and meandered across The MacGillycuddy's Reeks, across to Glencar, before negotiating the Iveragh Peninsula's Wild Atlantic Way with its magnificent coastal views, and unpredictable weather. Crossing mountains and ancient paths, between, Mountain Stage, Foilmore, Waterville, Sneem, Kenmare, and across the natural oak and woodlands of the Old Kenmare Road through Killarney National Park, before returning to Killarney. Kerry Athletes who competed in the race were, Pat Rodgers and Tina Reed, Neil Kelders, Bobby Enright, Melanie Watson, Niall Corrigan, Karl Sloan, Brian and Julie Byrnes, John Healy, Marcus Howlett. MONEY MATTERS....

By Dermot Cronin,
Financial Advisor

ARE YOU NEW TO INVESTING?

It's good to know your options...

We all want our money to grow and generate a good return. You may have noticed that interest rates are now not as attractive as they were a few years ago and maybe your wondering whether your money is currently working as hard as you did to earn it in the first place. So, perhaps now could be the right time for you to consider all the investment options available to you. You have worked hard for your money and the thought of investing for some people can seem complicated. It is important that you understand how your money is invested and that you talk to an independent financial advisor about the products available to you and the returns you can expect. This should then influence the type of products that you invest in. Everyone will have a different appetite for risk and reward and there is a huge range of investments for you to choose from that are available from different financial providers and these can be very difficult for you to understand. A financial advisor can help you in many ways especially in understanding the options available to you and explain these options in plain simple english. You can choose the investments you're comfortable with and that are right for you and your goals.

If you have any queries in relation to the above or any other matter you can contact Dermot Cronin at **064 66 22775** or **087 2893649**.

3RD ANNUAL COLM COOPER INVITATIONAL BLITZ: DUBLIN TEAM TAKES THE TOP PRIZE

The 3rd staging of the Colm Cooper Blitz resulted in a first Dublin success in the competition. Eight U13 squads assembled at Lewis Rd on Saturday last to celebrate the skills of Gaelic football. In Group 1 were Dr. Crokes, Coatbridge Davitts from Scotland, Corofin and Naomh Mearnog. After the group stages Dr. Crokes and Corofin progressed to the Cup semi finals with Coatbridge and Naomh Mearnog entering the Shield. Group 2 contained Kilmurphy Ibrickane, Oranmore/Maree, Skerries Harps and Gneeveguilla. Oranmore Maree topped the Group ahead of Skerries with Gneeveguilla and Kilmurphy going into the Shield. After the semi finals of both competitions Oranmore/Maree and Skerries met again in the major final with Skerries reversing the earlier result, to take the Cup back to North Dublin. Gneeveguilla ensured Kerry success in the Shield overcoming a gallant Coatbridge

team in the final. Once again Colm and the Cooper family were on hand to celebrate his success and stature in the game. In a poignant tribute to the late Maureen Cooper, Dr Crokes midfielder Mike Milner played a short lament on the pipes before the Cup final, with both participating teams brilliantly observing the tribute, having been paraded onto the field behind the lone piper. Two teams returned home successful but every participant was a winner with Colm presenting commemorative t-shirts to all and framed squad photos to the various teams. The Cup, Shield and medals were again provided by the Coffey family in memory of the late Denis. In what has been a difficult month for the Coopers, we hope they found some solace with their extended Dr. Crokes family at Lewis Rd on the day.

LETTER TO THE EDITOR

A Eagarthóir,

Over the past two years you have kindly published quite a few letters from me outlining my concerns at the then proposal by Minister Phil Hogan to abolish Town Councils. I feared that the long-term consequence for the towns and particularly for Killarney would be most serious. The Minister paid no heed to my pleadings or to those of some colleagues. The new reality is that Kerry County Council is the absolute authority for the entire county and the same rules and regulations will have to apply throughout the county. This reality has considerable implications for Killarney. For many years the rate in the euro [pound] payable by businesses in Killarney has been considerably less than that applied elsewhere

in the county or in Tralee and Listowel. The relevant figures for 2014 are: County Rate: €80.35, Tralee: € 79.90, Listowel: €77.07, Killarney: €70.37. The new legislation decrees that rates harmonisation has to be realised within a maximum of ten years.

Kerry County Council is proposing that this harmonisation should take place within five [5] years. The rate that applied in 2014 will continue to apply in 2015 but under the Council's proposal the rate for the entire county for each of the following four [4] years will be €79.90.

It is also important to keep in mind that money will be payable to Kerry County Council and will be utilised on a countywide basis by that body with some limited input from the Municipal

Authorities.

Many Killarney businesses have struggled during the recent years of recession and deserve great credit for surviving the harsh winds of the downturn.

The challenges posed by the Government's actions will be sorely testing for many of them and clearly show that the oft expressed fears should, at the very least, have been listened to.

A LOT DONE BUT MORE TO DO.....

Killarney town were celebrating this week with the announcement that they won a gold medal in the Tidy Towns Contest by winning the cleanest town in Kerry.

The town gained two more points and while the committee were delighted to increase their points this year - it was business as usual for the hard working volunteers who were out and about on the highways and byways on the evening of the results preparing for 2015.

"We have a lot done but more to do" said volunteer and President of the Chamber of Commerce Johnny Maguire, who pointed out that the volunteers will continue their good

work in the lead up to the judging of the Best Tourism Town in Ireland and of course next years Tidy Towns contest.

The judges had a lot of positive comments to make and highlighted some places which they felt stood out namely, the grass roof at the Cleeney Roundabout, the landscaping at McDonalds and at the Killarney hotel along

with with the well developed lanes and the stone houses on Rock Road and Lewis Road.

There were a few negatives including the walls at the Garda station and the weeds around the Department of Arts Sport and Tourism.

SUCCESS ON THE BEARA PENINSULA FOR KERRY MOUNTAIN RESCUE TEAM

Kerry Mountain Rescue Team along with the Castletownbere Coast Guard unit worked together last weekend to set up a cableway rope traverse to Crow Island on the Beara peninsula. The event was a community initiative organised as a commemoration of Beara's 'other cable car', which was set up in the 1960's by local farmer Tadgh Roger O'Sullivan and used for several years to transport sheep to and from the island. For Kerry Mountain Rescue Team, it served as a valuable training exercise in working with the Castletownbere Coast Guard unit and other local rescue agencies. A crowd

of around 100 people watched from a viewing area on the cliffs as the rope traverse was set up and traversed by members of both teams. The exercise had no guarantee of succeeding and was highly weather dependent but fortunately the weather and sea conditions worked in the favour of the teams on the day. It took around 4 hours to set up the rope traverse and the first crossing was completed successfully at around 4pm across a span of around 75 metres.

An evening was held at the Lehanmore Community Centre to mark the occasion and commemorate the cable car which was built in the 1960's, before the Dursey Island cable car at which presentations were made by the local community to Kerry Mountain Rescue Team, Castletownbere Coast Guard unit, Castletownbere RNLI unit and the wife of Tadgh Roger O'Sullivan, the local farmer who built the original cable car.

HUGE CELEBRATIONS WELCOME FOSSA CHAMPS HOME

The Fossa U10 Community Games Kerry Champions, Munster Champions and All-Ireland Silver Medallists had a great surprise homecoming to mark their outstanding achievements this year. Celebrations kicked off with Killarney Tourist Train, decked out in the Fossa colours with Fossa flags made by Marie Buckley, bringing them on a tour of the town and out to Fossa GAA Clubhouse under Garda Escort where a bonfire and a large crowd awaited to greet them. Sweets and drinks were provided by Foleys Spar and Fossa GAA for all kids in attendance and then it was off to Travel Inn, Fossa for hot food and drinks. The celebrations did not end there as the following day the team travelled into Holy Cross Mercy School where they received a superb reception with songs and photographs they were like celebrities and the celebrations continued when they returned to Fossa School. A huge thank-you to all who contributed to the fantastic celebration of this fantastic Fossa team.

Final preparations are underway for the inaugural Killarney 10 mile road race with the event set to take place on Saturday September 27th. The race is a fundraising drive to support the development of a 200m floodlit micro track and all weather pitch on the grounds of St. Brendan's College on lands which was generously donated by the diocese of Kerry and is ideally located close to the majority of the Killarney schools. Notable entrants in the event are Seamus Moynihan Kerry legend and now recreational participant and in the over 45 category, Dooks native and former 4minute miler Frank Conway, Former Sem boy and Canadian Olympian, former world record holder of 25k and now physical therapist Peter

Maher, John Linehan former mountain running world champion, Colm Cooper, Paudie O'Mahony, Phillip Harty of West Waterford AC, and of course our Honorary race starter Gillian O'Sullivan the former world silver medallist walker.

The initiative involves the coordinated efforts of athletics clubs, sports clubs and community organisations in the South and East Kerry area and when completed the community facility will be the hub focus for athletes from this catchment area.

The winner of the Killarney 10 will receive the The Richard Clifford Trophy in memory of a much loved and well known Killarney athlete who passed away this year. Richard was one of life's true gentlemen with a great love of sports and the outdoors with a special affection for athletics and running. This great love of sports was passed on to Richard from his own father Con and will live on through Richard's own children. Richard's son Risteard last year captained the St. Brendan's cross country team to win the Munster colleges cross country championship, the first time a Kerry school had achieved this honour. The trophy which is kindly sponsored and presented by Richard's family will be presented annually to the winner of The Killarney 10.

The much anticipated Junior Cycle results day finally arrived for the third years of St Brendan's (and 60,000 other 3rd years nationally!) on Wednesday September 13th. Welcoming the results as a reflection of the students' excellent preparation and the work of the staff for the benefit of the boys, school principal Sean Coffey saw them as a stepping stone into senior cycle. "Whether a student has chosen Transition Year or the traditional route to the Leaving Certificate he now has an objective state certificate of assessment. This allows a student to plan effectively based on an understanding of his potential areas of strength. On occasion the Junior Certificate may also serve as a reminder of the level of effort required to achieve at the highest level. School Guidance Counsellor Karen Rice congratulated the boys on their achievement and challenged them to set high targets for themselves in Senior Cycle. With the results circulated the fifth and transition Years set out on a hike to the summit of Mangerton- a fitting and health promoting activity on a day rich in achievement.

STUDENTS LEND A HAND IN LOURDES

The long tradition of students from St Brendan's assisting on the annual Diocesan Pilgrimage continued this September as four current sixth years-Darragh Lynch, Finian Wall, Kevin Moynihan and Denis Fleming- volunteered on the recent visit. Mark Moriarty, a 2014 sixth year also gave of his time and energy to support this wonderful occasion. The St Brendan's contingent was accompanied by College co-chaplain Fr Joe Begley. On returning to school this week the boys, exhausted but elated, their main reflection was on the dignity and the peace offered at the shrine for all who travelled. Describing it as a rollercoaster of events and experiences, Finian Wall noted that the thought of extremely long days, helping with transport, meals and general needs might not sound appealing but in fact was "an amazing experience". All four students expressed a strong desire to return with the pilgrimage in the future.

Sean Coffey- principal at the College- paid tribute to teacher Paul Barden who each year organises the shortlisting of students and the

fund raising necessary for the trip. Allowing our students the opportunity to experience the wonder of giving of themselves is the

true reward of engagement with the annual pilgrimage. We look forward to this involvement to continue for many years to come.

ST PAT'S HURLING: The joining forces of Kilcummin and Legion to form St. Pats underage hurling team proved a very successful move as the rose to victory in the Shield Final of Dr. Bill Mangan Under 10 Hurling Tournament recently. The initial group stage was held in Dr

Crokes on the Friday evening and having met Tralee Parnell's and Kenmare, the budding St Pats team met Rathmore in the final on Sunday which was held in Muckross Traditional Farms. An outstanding performance from the entire team saw the St. Pats joint captains Darragh Fleming and Darragh O'Callaghan collect the shield from Dr Patricia Mangan. This was a fantastic achievement for a team that are still in the forming stage of development after a short few months playing together.

Huge credit is due to this young team of players who have been committed to training and have progressed well beyond anyones dreams in their first year. Words of thanks and appreciation are owed to Pat O'Brien from St Pats Hurling Club for sponsoring the Jersey's, Eoghan Moriarty from Kilcummin GAA who organised a victory party for the players, to parents for their continued support and help and last but not least to their Mentors Garry, Denis, Ronan and Tommy for their time and dedication to underage hurling.

My Kerry Rose journey has been incredible. Since my selection in May, the good will, kindness and generosity has been immeasurable from family, friends, neighbours, my community, my colleagues, local businesses, voluntary groups and beyond.

To my wonderful supporters who made banners, advertised messages of good luck, travelled from afar, stood in the rain to cheer me on, sent gifts, cards, texts, messages and offered kind words of encouragement on the street, I am eternally grateful.

U16 GIRLS FOOTBALL: Our u16 girls finished their unbeaten campaign in the county league after a thrilling win in the final over Fossa on a score line of 5-11 to 5-5. After a shaky first half and despite trailing by a point at half time the girls had no intentions of leaving without a piece of silverware. With Fossa getting another goal straight from the restart, the girls were quick to react and didn't look back from there. Superb turnovers lead to some fantastic scores and the girls pushed on to eventually got over the line as deserved. They now look forward to the u15 county final and u16 east Kerry league.

U21 CLUB CHAMPIONSHIP: Our u21 side bowed out of the club championship to competition favourites Templenoe but only after a titanic battle. We had the better of the exchanges in the opening half went in at halftime leading 2-09 v 1-05 but the sending off of a key defender early in the second half changed the tide and Templenoe gradually cut back and with five minutes to go they had gone into a three point lead but a great finish by our side saw us cut the deficit to a single point and despite a couple of late chances, we couldnt get the equaliser that we deserved. Final score Legion 2-12 v Templenoe 2-13

LOUGH LEIN ANGLERS ASSOCIATION

The Lough Lein Anglers headed for Carragh Lake on Sunday September 7th to compete for the Dick Farrell cup. Dick was a long time member of the Lough Lein Anglers Association and also had very close links with the Macroom Angling Club. Twenty two enthusiastic anglers took to the water in sweltering conditions to try to tempt Carragh's cautious trout to sample some of the tempting flies that were on offer to them. The trout easily won the day with only nine being offered for the weigh in at the Climber's Inn. It was perhaps fitting that first place went to Denis Cronin who is a member of both the Lough Lein and Macroom Clubs. He had two trout weighing 440 gms. Second place went to another Cork angler, Eugene McCarthy also with two trout weighing 320 gms. Third place went to Killarney angler, Patsy O'Flaherty who had two fish weighing 290 gms. A special presentation was made to Juvenile Angler, Luke O'Donoghue who recently competed for Munster in the All Ireland river inter provincial junior championships. On Carragh he was accompanied by his proud granddad, Mick Murphy from Millstreet. The next outing will be on Lough Lein on 27 September. There will be a draw for partners.

FIRIES COMMUNITY GAMES

The Community Games All Ireland Finals were held over 2 weekends. Well done to all the children who traveled to the finals in Athlone. Kerry had a large volume of children taking part, within the Kerry camp there were six children partaking from Furies on the 1st weekend and seven taking part on the 2nd weekend. On weekend 2 Rachel Hctor competed in the shot putt, Amy Kennedy competed in the javelin and Robert Campbell took part in the discus competition. Whilst no medals were won from Furies in these events the children competed well against some very stiff competition. Cian Sheahan then competed in the recitation with 19 counties battling it out in this event. Well done to Cian who won gold followed by Mayo winning silver, Wicklow won bronze and Waterford took 4th place. The group singing was the final event which Furies took part in. Rachel Hctor, Shannon Foster, Sarah Kennedy and Aoife O'Shea took part here finishing in 6th place out of a very competitive 18 counties. Thank you to the management of Kerry Community Games who were on hand during both weekends if children needed advise or assistance. Thank you to the team managers and parents who were there for the children and helped out in any way. It was a great experience for all the children who took part. Community games promote a healthy lifestyle and promote healthy events. Furies were active in promoting and taking part in healthy events throughout the year and raised awareness on sun safety and importance of keeping active. Thank you to Dan Ahearn out local pharmacist who provided sun screen for our 1st aid bag as well as providing leaflets and flyers to parents during the annual sports night. Dan was also

on hand with information on mental health and advise for anyone who required this. Also thank you to David Norris who gave children lessons and advise on growing your own vegetables and caring for hens. Thank you to anyone else who helped out throughout year. A Mass will be held in St Gertrude's Church in Furies on Sunday 28th September on behalf of Furies Community Games.

KILLARNEY RUGBY CLUB NEWS

SENIOR CLUB: After a steady pre-season training period it was time for the newest young guns to get a shot at their first game. The squad had tried to get games prior to last Saturdays opener but all fell through. Finally a good mix of youth and experience travelled to Caherciveen to challenge Iveragh in a friendly. 3 players played their first ever game of rugby: Michael McEnery, Chris Myers and Richie O'Brien. Richie started at prop, Michael McEnery at second row and Chris had a brace of tries enjoying a great start to his career on the wing. Caherciveen were disorganised and were no match for a well prepared visiting side. All 5 subs contributed well with Darren Enright picking up a good score. Most heartening were the contributions made by last year's Youths. In particular Matt Leen bagged a couple of

tries and looks the real deal at 9. A first real test comes next Sunday when they host Corca Dhuibhne of Dingle in the Kerry Cup at Dirreen at 2:30pm. It would be great to get the new season off to a positive start but it will be a huge test for some of the newest players but coach John Nikora will expect nothing less than full commitment from the boys. All support is welcome. Team that played last weekend was as follows (tries scored in brackets): Richie O'Brien, Keith O'Leary, Ger Moynihan, Michael McEnery, Chris Brosnan (2), Hillary McCarthy (1), Aaron Jones, James Allman, Michael Sheahan (1), Kevin Keane (1), Colin McCarthy, Matt Lane (2), Maurice O'Dwyer (1), Chris Myers (2), and Paul O'Sullivan. Subs were Paul Moynihan, Darren Enright (1), Lorcan Howe, Jacob O'Keeffe, and Conor O'Leary. We would ask all players to get memberships sorted before presenting themselves for playing. Captain Ger Moynihan is the contact or you can do so online at www.myclubfinances.com.

MINI RUGBY: Has begun with a great turnout last Saturday at Knockreer. Same again tomorrow morning same place from 10:30 to 12pm. Please arrange to sort the Membership as soon as possible. You can now do so online very simply by registering on www.myclubfinances.com For details please approach any of the coaches on site. We welcome new players and we also welcome girls who want to try out the game. Any Mums or Dads who would like to lend a hand coaching or mentoring can contact any coach or Tom Campbell on 087 265 7994.

Aghadoe is progressing as our application for funding is at an advanced stage. The committee and Club Captain have been doing amazing work with little resources. There is a major fundraiser planned for November. It costs over €40,000 to run the club each season and a flag day or three won't cut it. In order to boost funds Fundraising Captains are being recruited and over a dozen teams of fundraisers will battle against each other to raise the most funds. We will have full details of the event launch in next week's issue.

YOUTHS: Training continues on Tuesday and Thursdays at 6pm for U16s and U18s. U14s are at 6pm on Wednesdays at Dirreen. New players are of course very welcome. Senior training on Tuesdays and Fridays at 7:30pm

ACTION FROM KERRY LADIES

KERRY LADIES INTERMEDIATE FINAL took place yesterday in Ballymacelligott between Castleisland Desmonds & Na Gaeil. Na Gaeil current All Ireland Junior Club champions were hoping to add the Intermediate title to the list of honors but from early on in the game it was clear this was going to be a difficult task. Castleisland were first on the scoreboard with a point from Stephanie Murphy within the opening minute. Within minutes of the kick out, Na Gaeil goalkeeper Laura Fitzgerald was called into action & pulled off the first of many point blank saves of the day. Castleisland also hit the post 3 times within the opening 5 minutes as Na Gaeil had difficulty clearing the lines, with county star Lorraine Scanlon pulling the strings & running hard at Na Gaeil. Desmonds tacked on a few points but Na Gaeil were still within touching distance, giving them hope. But a goal from Leanne Mangan, which was fisted to the net after a good passing move put some daylight between the teams on 12th minute, leaving the score Castleisland Desmonds 1-04

Na Gaeil 0-1 with Na Gaeil score coming from Kate Anne O'Connor. Desmonds added on a few more points to leave the score at half time Castleisland Desmonds 1-10 Na Gaeil 0-02 a free from Marie Quirke Na Gaeil's second. Laura Fitzgerald was busy just before the half time whistle as made 2 good saves in a row to keep her team in it. In the second half Na Gaeil moved their full back Deirdre Kearney out to curb Lorraine Scanlon however that left a hole in the full back line which Desmonds immediately exploited with 1-02 from full forward Leanne Mangan within 5 minutes. Desmonds added on a few points from Andrea Murphy & Rachel Cronin before Leanne Mangan completed her hat trick with her third & Castleisland Desmonds on the 12 minute, after an initial goal bound shot was stopped by the keeper, leaving the score 3-15 to 0-02. Na Gaeil continued to work hard despite the game going against them & returning club favorite Meadhbh Barry struck for a goal on the 19 minute, which was quickly followed up with points from Ayesha Roche &

Brid Connor. Na Gaeil were awarded a penalty late in the game which Marie Quirke struck to the left of keeper, low & hard & hitting the back of the net. Castleisland hit for the final point of the game through Aine O'Connor, leaving the final score 3-17 to Na Gaeil. Captain Lorraine Scanlon accepted the title from Vice Chairman Jerry O'Mahony & she paid tribute to the previous Kerry Ladies & Castleisland Desmonds Ladies Chair Donal Curtin RIP.

Castleisland now progress to the Munster Club competition & with such a strong panel will be hoping to do well. However sterner tests will be ahead. Playing well for the winning side was Lorraine Scanlon, particularly in the first half, Aisling Leonard in midfield, Andrea Murphy & Leanne Mangan. The defence was never really tested. Playing well for Na Gaeil was their keeper Laura Fitzgerald who was under immense pressure but didn't buckle, Deirdre Kearney played extremely well & Brid Connor worked to the end. But they will now have to go back & regroup.

SENIOR A: KILLARNEY ATHLETIC 1 KILLORGLIN 1: Slow 1st half with no chances at either end. Into the second half, Athletic had most of possession but unlucky in front of goal. Killorglin scored a very lucky goal through an Athletic mistake at the back, with 15 minutes

to go substitute Lubo scored on his debut and shortly after Jamie Doolan hit the crossbar as time ran out for us. Best for Athletic Kevin Breen, Ryan O'Carroll and Cillian Fitzgerald. Training continues Tuesday and Fridays at 7.

SENIOR B: QPR 4 KILLARNEY

ATHLETIC B 2: With a number of new faces and management team, the b's started very nervous and found themselves 2 down after 15 minutes through an own goal and a miss placed pass. With great fighting spirit and by not letting heads drop, Athletic got back on even terms before half time through a great lob by David Gleeson who then set up Sean McGrath for his first senior goal. QPR restored their lead in the second half and despite the majority of possession by Athletic, couldn't get past a stubborn QPR defence. They killed the game off in the final minute when Athletic were all out attack. Best for Athletic were Eoin O'Meara, David Sheerin and David Gleeson.

MC DONALDS FUN DAY: The Killarney Athletic academy section of the club made the long journey to Annacotty in Limerick last Sunday to take part in the McDonalds fun day, and a great time was had by all. Good weather ensured great scoring at SPA GAA's annual Golf Outing at Ross Golf Club last Saturday. Thirteen teams took part in a three ball scramble. CHEAPER VEGETABLE WARS - GROWERS FACE THE COST OF DECLINING VEG PRICES

Last week, Matt Foley, Chairman of the IFA Vegetable Committee confirmed that though the actual in store price of vegetables is lower compared to this time last year, it is the farmers producing the vegetables for sale that are experiencing the cost. He said that "Financial returns to growers are now below or at the actual cost of production and this leaves no profit for re-investment, unreliable yields or weather problems. The

Supermarkets persistently 'wave the Irish flag' and use individual growers for promotion, but this masks the real situation they are experiencing. This sector of the industry is actually in an on-going decline and without a change in approach towards the primary producer, customers will end up paying more for imported vegetables in the long run." Whatever price the Supermarkets charge, it is of course the farmers producing the vegetables and farm produce that really suffer and consumers should be aware of that.

KELLY TO PRESS EU LEADERS FOR AGRI AID IN WAKE OF RUSSIAN SANCTIONS

Sean Kelly MEP, the Leader of the Fine Gael delegation in the European Parliament, will press EU leaders to introduce a number of measures to protect the agri-food sector from any negative impact in the wake of Russian import restrictions, during the Parliament's plenary session in Strasbourg next week.

"Sanctions imposed on EU agriculture producers have the potential to negatively affect incomes in the farm sector in Ireland. The agriculture sector is paying for decisions taken in the foreign affairs policy area. This means that money should be found from outside EU and national agriculture budgets to aid farmers in acknowledgement of this fact."

There must be rapid, strong and clear mitigating measures put in place to aid farmers at risk. Not just for fairness, but also to send a strong signal to Russian President Putin that he cannot hurt our farmers," MEP Kelly said in Brussels today.

"The Commission has been working on Private Storage Aid for milk, butter and most importantly cheddar cheese, of which Ireland is a producer, to mitigate the Russian ban. Previously, the cheese aid was limited to mainly French and Italian GI cheeses.

"Private storage aid is aid for the warehousing of product, pending the return to normal market

conditions. This is the first step in a process that include Intervention - where the Commission buys up product off the market and stores it itself.

Mr Kelly also highlighted the need for the Commission to move quickly to reduce red tape on export licences so that new markets can be sourced for product that would otherwise have been destined for Russia.

The South MEP said such action would send a strong signal: "It is not just a signal to farmers that we stand ready to help, it is also a signal to President Putin that he cannot target our farmers."

"I will be bringing this to the floor of the European Parliament when it sits in Plenary for its September session, next week," Mr Kelly concluded.

WELCOME RETURN OF SOUTH KERRY PLOUGHING CHAMPIONSHIP

Following a number of successful events since the Launch of Killarney Valley Classic & Vintage last December we're delighted to announce that Ploughing is returning to South Kerry after an absence spanning many decades. We will be hosting the 2014 South Kerry Ploughing Championships on Sunday 14th September - all in aid of The Kerry Cork Health Link Bus. This is a vital service which offers transport to Cork University Hospital for cancer patients. The purpose built 25 seater coach brings patients to an average of 3,600 lifesaving appointments annually. This will be a great day out for all the family - entry costs just €10 and accompanied children can

enter for free. Ploughing will take place from 2pm at Fleming's Farm, Grenagh, Fossa, Killarney and all are welcome.

Other events on the day will include a Car & Tractor show, Live Music, Steam Engines, Model Show, Kids Zone, Maze in the Maize, Dog Show, Poultry Sale and a BBQ - along with a "best dressed" competition for both men and women!

FARMERS URGED TO BE SAFE ON ROADS DURING THE HARVEST

With the harvest underway, IFA Grain Committee Chairman Liam Dunne is urging farmers to be extremely careful, especially when transporting grain on public roads. "Farmers need to be safety conscious at all times, but especially when using farm machinery on public roads. Check machinery in advance and make sure all those in charge of farm vehicles are all experienced drivers." The IFA Chairman said the harvest can be challenging and farmers should avoid risks on the road: "Understandably, farmers will be anxious to get as much done as possible during the busy harvest season, but it is important to remember that danger could

literally be around the next corner. Any mishap will be very expensive in terms of time and money and could cause a serious accident or injury. Farmers and their contractors have a special responsibility when putting tractors and other large machinery on the public road. Never take the risk with other people's lives and your own livelihood."

Courtesy pays huge benefits, the IFA Chairman, said as he urged farmers to be mindful of other road users. "Allow other vehicles to pass whenever possible and be careful of speed in urban areas, narrow roads and uneven surfaces. Respect other road users at all times."

GARDENING OUTLOOK

with John O'Sullivan

FOCUS ON AUTUMN GARDENING

There is a lot of work to do in the garden this time of the year, so you can reap the rewards later on during the spring and the summer.

You can start by giving your herbaceous plants a tidy up. Some of them are obviously in full flower and looking good but there are also a lot that have finished flowering for a while, so it is best with these to remove all the dead stems.

After this is done the flower bed might look a little bare, so now is a good time to start planting spring flowering plants such as wall flowers, primroses and polyanthis and also of course spring flowering bulbs.

A lot of containers, baskets and window boxes are looking a bit tired at this time of the year. Some plants look ok but others not so much. The best thing to do would be to remove the dead ones as it is only taking from the good ones. If you want you can always add a trailing ivy or a cyclamen as this will keep them looking good for another while and you can include them in your winter display.

Astrid Longhurst
Life & Body Confidence Coach

CHOOSE YOU!

Isn't it amazing how most of us have been brought up with our sense of self being determined by those outside of ourselves? What I mean by this is that from day one we are taught to look to others for our own validation. And whilst as very young children we need the guiding and wise hands of our parents or guardians to help lead us into living positive happy and creative lives, we are seldom taught to look to ourselves for the answers we seek. As I write this piece I am reminded of those days in the school playground when I would wait and hope to be chosen for the netball team. I knew I would always be one of the last to get selected by the team captains. I was always so grateful when I wasn't the last one left standing. And the daft thing was that I never really liked netball anyway! We spend our lives waiting to be "chosen." Will we get the job? The relationship? The raise? The house? The qualifications? The body that is accepted? Will we have the right accent, personality, creativity, passion or professionalism for others to like us? No wonder one of the biggest worries that people often have is the fear of not being liked by others and what other people will say/think about them. No wonder there are so many people saying "yes" when in their hearts they are really saying No! **So, what do you do? You decide to choose yourself in every way possible!** Firstly, choose to love and accept you exactly as you are! Secondly, choose to back yourself up and support your choices and decisions with wholehearted encouragement! Thirdly, choose to own and accept the consequences of whatever actions you take or don't take. And lastly, choose to listen and follow your own heart! **Are you looking for a New & Inspiring career?** Is your life calling you to make a positive difference in this world and help people transform from the inside out? Train to become a Certified Body Confidence Coach! 9-month course (one weekend per month) starting October 25th. Please email or call me for details.

Citizens Information

Know Your Rights: MATERNITY BENEFIT

QUESTION

I was employed when I had my first child and got Maternity Benefit. I'm currently expecting my second child but I'm now self-employed – am I still entitled to Maternity Benefit?

ANSWER

Maternity Benefit is paid to women who are on maternity leave from work and are covered by social insurance (PRSI). This includes Class S social insurance which is paid by people who are insurable self-employed. In this case you need to have one of the following:

- 52 weeks' PRSI contributions paid at Class S in the relevant tax year. For example, if you are going on maternity leave in 2014, the relevant tax year is 2012. Or
- 52 weeks' PRSI contributions paid at Class S in the tax year immediately before the relevant tax year. Or
- 52 weeks' PRSI contributions paid at Class S in the tax year immediately following the relevant tax year.

If you do not meet these conditions, you may be able to use your PRSI contributions from your former employment to qualify.

PRSI Class S contributions for a particular year are not awarded until you have paid the tax due for that year. Your income tax and PRSI liabilities (primarily for the relevant tax year) must be paid to qualify for Maternity Benefit.

Note that if you earn less than €5,000 in a tax year then you are not insurable self-employed. But even if you are not sure if you have enough earnings, you should always apply for Maternity Benefit to check whether you qualify.

If you apply before you go on maternity leave but don't have enough earnings, you may qualify to have Maternity Benefit paid retrospectively if your earnings exceed the €5,000 threshold when you return to work.

You should apply at least 12 weeks before you intend to go on maternity leave.

HANDY HINTS

- Keep Tall Boots standing upright with wine bottles.
- Hang Pictures with Can Tabs. With just a screw and a drinks can tab, you can hang pictures that don't have wire or anything else to hang. In order to pull this off, we'll need to remove the pull tab from the drink can without damaging it. With a small pair of pliers, grab the short end of the tab and pull it out slowly—the rivet ring should still be intact once you get it off. Then, just thread a screw through the rivet ring and onto the back of your frame. The top of the tab will provide a nice small hole from which you can hang the frame on a nail in your wall.
- Choose durable, well-made cookware. Look for pieces with high heat conductivity; for instance, copper-bottom pans heat up faster than regular pans, and cast-iron pans hold heat longer so you can turn the burner off earlier. Use flat-bottomed pans – a warped-bottom pan can use 50% more energy to boil water.
- Maximize your oven space by cooking more than one dish at a time, and don't peek you lose 3:8° to 10°C every time you open the oven door. Make large batches and freeze them in meal portions to enjoy later, and pick the best-sized stovetop burner for the job. Use a toaster oven, slow cooker or microwave for smaller dishes to reduce energy use – by up to 80%.

WALKING YOUR DOG

1. Obey leash laws - Not doing so is rude and creates at best stressful and at worst dangerous situations, not only for other dogs and people who might not be excited about a greeting from your dog, but also for wildlife who call the area home.
2. Protect other animals - Don't permit your dog to chase, corner, or tree any wildlife. We share our parks and countryside with an array of animals and it's important to ensure that everyone's safety is protected.
3. Respect fences and other barriers and do not permit your dog to chase farm animals or pets.

HELPING HEDGEHOGS

Many hedgehogs die each year from a number of hazards, many of which are caused by

man. Common causes of death in hedgehogs include road kill and poisoning from chemicals. Hedgehogs also frequently die from drowning and from falling into cattle grids. Many hedgehogs make their hibernation and 'maternity' nests in our gardens. It is important that hedgehogs are not disturbed during hibernation as they waste energy and can die from stress. Also, mothers must not be disturbed after they have just given birth as they may abandon their nests. Easy steps can be taken to help conserve hedgehogs, which will not only benefit them, but also you! Hedgehogs are an excellent form of pest control as they eat slugs and snails which often feed on garden plants. The following are some tips to help encourage and protect hedgehogs in your garden:

- You can provide a hedgehog with a good home to hibernate in by placing a pile of hay, straw or leaves under a dry shed, log pile or a thick hedge.
- Make sure you are not disturbing a hedgehog when mowing, raking up leaf litter, breaking up compost, or lighting bonfires.
- Make hedgehog sized holes in your fence to allow hedgehogs to pass from one garden to the next.
- To help hedgehogs build fat reserves for the winter, leave out saucers of tinned cat or dog food rather than milk and bread which is bad for their digestion.

*Avoid using slug pellets and pesticides in your garden as hedgehogs can be poisoned by eating creatures that are contaminated with these chemicals.

Hedgehog Facts

- Hedgehogs have poor eyesight but a great sense of smell - so good that they can even smell the scent of an earthworm underground.
- Hedgehogs can swim but can become trapped in pools and ponds with steep sides.
- Hedgehogs can wander for up to 3 km a night in search of food

Log on to <http://www.biology.ie/> to record your sightings of any hedgehogs you see in your garden or in the countryside.

GOOD NEWS

Milwaukee in the US recently launched a new pilot program, Spot Abuse, that's raising awareness of the link between animal cruelty and domestic violence. The new public service campaigns show images of abused pets with young children next to them with chilling headlines, like "He's next." The goal is to encourage more people to report animal abuse. In doing so, citizens could help entire families.

The Wisconsin Humane Society stands behind the Spot Abuse program. The concept is simple: one phone call can stop two forms of abuse — animal and human.

Often, animal abuse is easier to observe and to report. This program helps give a voice to the voiceless animals.

The program is also desperately needed in Milwaukee to help combat domestic violence, which is exponentially on the rise. Abuse in the home was up 48 in 2012, and it's estimated that 70% of abuse never gets reported every year. Sadly, 65% of victims will stay in abusive environments.

The program emerged from the Association of Prosecuting Attorneys' research. Shockingly, 76% of animal abusers will go on and abuse a family member. By reporting animal abuse, law enforcement can explore other possible forms of abuse said John Chisolm, Milwaukee County's District Attorney, "It's just simple math. If we can increase the number of opportunities the police have to investigate domestic abuse inside the home, the more families we can help get the resources they need and move them into safer environments."

The goal is to make "make people uncomfortable with their inaction." If the campaign gets more citizens to take action, make the call, and there's an increase in domestic violence arrests, then the pilot program could be implemented

across the country to decrease the prevalence of domestic abuse.

A spokesperson for the Wisconsin Humane Society said "We often hear that domestic violence victims don't want to leave their abusive partners because they are children or other family members involved, but many also choose to stay for their pets. Programs like the Safe Haven Program give abused animals refuge, too. Safe Haven in particular offers the pets of domestic abuse victim's shelter for 60 days.

The American Humane Association partnered with the National Coalition Against Domestic Violence came up with the following facts about animal/domestic abuse:

- 71% of women who entered shelters with pets said that their abuser had also "injured, maimed, killed or threatened family pets." Revenge and psychological control and manipulation were common reasons for the animal abuse.

- 32% of the women said that their own children had also hurt or killed animals. But then again, 75% of the women said that their children witnessed animal abuse and violence. The children could be performing the violence because they are: 1) mimicking their parents' behaviour, 2) they are trying to prevent the animal from being killed by the abuser, or 3) they are releasing their own aggressions on another victim.

- Across the world, 13% of animal abuse is connected to domestic abuse.

Pets are already family to most of us. By taking action and reporting animal abuse, then you could save a pet and an entire family. Be a voice for the voiceless, animal and human alike.

IN CONVERSATION WITH GOD

GOD said: "Frank, you know all about gardens and nature. What in the world is going on down there on the planet? What happened to the dandelions, violets, milkweeds and stuff I started eons ago? I had a perfect no-maintenance garden plan. Those plants grow in any type of soil, withstand drought and multiply with abandon. The nectar from the long-lasting blossoms attracts butterflies, honey bees and flocks of songbirds. I expected to see a vast garden of colours by now. But, all I see are these green rectangles."

ST. FRANCIS: It's the tribes that settled there, Lord. The Suburbanites. They started calling your flowers 'weeds' and went to great lengths to kill them and replace them with grass.

GOD: Grass? But, it's so boring it's not colourful. It doesn't attract butterflies, birds and bees; only grubs and sod worms. It's sensitive to temperatures. Do these Suburbanites really want all that grass growing there?

ST. FRANCIS: Apparently so, Lord. They go to great pains to grow it and keep it green. They begin each spring by fertilizing grass and poisoning any other plant that crops up in the lawn.

GOD: The spring rains and warm weather

probably make grass grow really fast. That must make the Suburbanites happy.

ST. FRANCIS: Apparently not, Lord. As soon as it grows a little, they cut it-sometimes twice a week.

GOD: They cut it? Do they then bale it like hay?

ST. FRANCIS: Not exactly, Lord. Most of them rake it up and put it in bags.

GOD: They bag it? Why? Is it a cash crop? Do they sell it?

ST. FRANCIS: No, Sir, just the opposite. They pay to throw it away.

GOD: Now, let me get this straight. They fertilize grass so it will grow. And, when it does grow, they cut it off and pay to throw it away?

ST. FRANCIS: Yes, Sir.

GOD: These Suburbanites must be relieved in the summer when we cut back on the rain and turn up the heat. That surely slows the growth and saves them a lot of work.

ST. FRANCIS: You aren't going to believe this, Lord. When the grass stops growing so fast, they drag out hoses and pay more money to water it, so they can continue to mow it and pay to get rid of it.

GOD: What nonsense. At least they kept some of the trees. That was a sheer stroke of genius, if I do say so myself. The trees grow leaves in the spring to provide beauty and shade in the summer. In the autumn, they fall to the ground and form a natural blanket to keep moisture in the soil and protect the trees and bushes. It's a natural cycle of life.

ST. FRANCIS: You better sit down, Lord. The Suburbanites have drawn a new circle. As soon as the leaves fall, they rake them into great piles and pay to have them hauled away.

GOD: No!? What do they do to protect the shrub and tree roots in the winter to keep the soil moist and loose?

ST. FRANCIS: After throwing away the leaves, they go out and buy something which they call mulch. They haul it home and spread it around in place of the leaves.

GOD: And where do they get this mulch?

ST. FRANCIS: They cut down trees and grind them up to make the mulch.

GOD: Enough! I don't want to think about this anymore. St. Catherine, you're in charge of the arts. What movie have you scheduled for us tonight?

ST. CATHERINE: 'Dumb and Dumber', Lord. It's a story about....

GOD: Never mind, I think I just heard the whole story from St. Francis.

OVER 40% OF JAPAN TOILET PAPER SUPPLY COMES FROM A HIGH-RISK EARTHQUAKE ZONE

Japan's Trade and Industry Ministry was promoting special toilet paper for emergency use, to mark the Country's national disaster prevention day. Officials said people immediately think of food and water as relief goods, but easily forget toilet paper.

41% of the country's toilet paper supply comes from Shizuoka, in central Japan, one of the country's most earthquake-prone areas.

The government said there will be a toilet paper shortage crisis for about a month if the area is hit by an imminent Tokai mega-quake, a lesson learned from the deadly March 2011 disasters in northern Japan. Lack of toilet paper could also cause damage when people start using tissue paper, which is not water soluble and could clog up toilets. Japan takes disaster preparedness seriously, and even more so since three years ago, when about 19,000 people were killed in the tsunami-hit northern coast. Hundreds of thousands of Japanese take part in an annual drill every September 1st – the anniversary of the 1923 Great Kanto Earthquake in Tokyo that killed more than 140,000 people. Led by the prime minister, the exercise also involves the military and civilians.

2014 IS THE INTERNATIONAL YEAR OF FAMILY FARMING

Two and a half billion people depend on agriculture for their livelihoods. Globally, the average age of farmers is 55. With global population expected to reach 9 billion by 2050, government leaders need to support more new and young farmers entering the field of agriculture. The future of farming depends on younger generations — people who see agriculture as an opportunity and something they want to do rather than something they feel forced to do. These new farmers need tools, resources, and support to be successful especially in the developing world.

WORLD SUICIDE PREVENTION DAY

KERRY LIFELINE

September 10th, this week was World Suicide Prevention Day. The theme "One World Connected" indicates that in order to combat suicide we must connect at various levels. At Kerry LifeLine we strongly believe that we can all work together towards being better connected. Through sharing information, expertise and time, we can do a great deal to help those who are feeling vulnerable to suicide. Through our combined efforts a difference can be made.

YOU ARE NOT ALONE

If you are feeling despair and having thoughts about taking your life – it's really important to know that these are just thoughts. No matter how overwhelming they may seem, you don't have to act on them. You may feel like there is no way out of the pain you are feeling. You may feel you can never escape the stresses in your inner and outer world. What I really want to say to you is this; even though you have these thoughts now, however impossible it might sound, there is light at the end of the tunnel. No matter how big or small your problem may be, even if it's just a tiny glimmer, never give up hope. Don't keep these feelings hidden, there is no shame. Know that you are not alone. Many many people experience feelings of hopelessness and despair. Jenny is one such person.

JENNY'S STORY

"There were times when I felt no way out of this prison of my mind. I just wanted the pain to end. I wanted to disappear. I tried to kill myself but looking back now I'm so grateful I got the right support I needed. In counselling I was able to talk about whatever was on my mind. I had always felt not good enough and somehow thought what had happened to me was my fault, even though I was just a child. I thought it would be best for everyone if I died. I know now I couldn't have been more wrong. After counselling, the 'demons' in my head have quietened and I've moved to a better place within myself. Yeah, sure I have down days but nothing like before. I've started a new course and for the first time ever I'm looking forward to the future."

Jenny (not her real name)

STEPS TO TAKE

You do not have to suffer in silence. If you are in despair please talk to someone. Whilst it may feel like a difficult thing to do it's really important to speak to someone who may be able to help. This may be a family member, a friend, your GP, a teacher or a counsellor. There are people who understand what you are going through. You don't need to go through this alone. If this seems like too much of a challenge you can call the Samaritans: **1850 609090**, 1Life **1800 247100** or text HELP to **51444**

Kerry LifeLine provides **FREE** one to one counselling and support to anyone feeling suicidal or bereaved through suicide. To make an appointment call 064 6636416 / email info@kerrylifeline.com

Kerry Lifeline runs a monthly support group for family members bereaved through suicide (7pm – 9pm; last Monday of the month) at SouthWest Counselling Centre.

If you would like to connect with us and support the work of Kerry LifeLine we would be delighted to hear from you. Call us on 064 6636416.

FLU VACCINATION INFORMATION PART 1

What is Influenza (flu)?

Influenza is a highly infectious acute respiratory illness caused by the influenza virus. Influenza affects people of all ages. Outbreaks of influenza occur almost every year, usually in winter. This is why it is also known as seasonal flu.

How serious is Flu?

Flu is often self limiting with most people recovering in 2-7 days. However, flu can be severe and can cause serious illness and death, especially in the very young and in the elderly. Serious respiratory complications can develop, including pneumonia and bronchitis, to which older people and those with certain chronic medical conditions are particularly susceptible. Pregnant women have also been found to be at increased risk of the complications of flu. Some people may need hospital treatment and a number of mainly older people die from influenza each winter.

How do people catch Flu?

Flu is a highly infectious illness. A person carrying the virus can spread the illness by coughing or sneezing. A person can spread the virus from 1-2 days before they develop symptoms and for up to a week after symptoms develop.

Who is most at risk from Flu?

Anyone can get the flu but it is more severe in people aged 65 years and over and anyone with a chronic medical condition. Chronic medical conditions include chronic heart conditions, chronic respiratory disease, diabetes mellitus and immunosuppression due to disease or treatment. Pregnant women have also been found to be at increased risk of the complications of flu. These groups of people are targeted for influenza vaccination.

How can Flu be prevented?

Flu can be prevented by vaccination. Flu vaccine is a safe, effective way to help prevent flu infection, avoiding hospitalisation, reducing flu related deaths and illnesses.

What is the seasonal (annual) Flu vaccine?

Each year the seasonal (annual) flu vaccine contains three common influenza virus strains. The flu virus changes each year, this is why a new flu vaccine has to be given each year.

PART 2 NEXT WEEK...

Dr. Michael O'Doherty,

NOVENA TO THE SACRED HEART ST JOSEPH, PADRE PIO, ST ANTHONY, ST THERESA & ST JOSEPH OF CUPERTINO

NEVER KNOWN TO FAIL

You have said O'Divine Jesus ask and you shall receive, seek and you shall find, knock and it will open to you. Relying on these promises I come with confidence to beg of the favours that I need (make request). From whom shall I ask, Lord Jesus, If not from you whose heart is an unfailing source of graces and merits. Most loving heart of my God I believe in your perfect love for me and therefore I place all my trust in your.

Our Father, Hail Mary and Glory.

Say 3 times for 3 days and request will be granted, Never known to fail.

Must publish.

THE MIRACLE PRAYER

Dear Heart of Jesus in the past I have asked many favours. This time I ask you this special one, (mention favour).

Take it dear heart of Jesus and place it within your own broken heart where your Father sees it.

Then in his merciful eyes it will become your favour not mine.

Amen.

Say this prayer for three days.

Publication of prayer and favour will be granted.

O show me herein you are my mother. Oh Mary conceived without sin, pray for us who have recourse to thee (3 times). Holy Mary, I place this cause in your hands, three times. Thank you for your mercy to me and mine. This prayer must be said for three days and after that the request will be granted and the prayer must be published immediately.
