As we reach the end of January and begin to enjoy a small stretch in the evenings, Romance is in the air in the pages of this week's Killarney Outlook. Inside our magazine we have a complete guide to your perfect wedding day – very well timed in the run up to Valentine's Day when cupid will be out and about.

It's been a busy week in Killarney – Hoteliers in the town honoured one of their own at a gala dinner, the Chamber of Tourism and Commerce welcomed the British Ambassador, the 2016 Strictly Come Dancers are preparing for their big show, a young Killarney student took on a life changing journey and Killarney Outlook photographer Marie Carroll-O'Sullivan was instrumental in providing funds for a worthy charity.

These are just some of the items in this week's Killarney Outlook which is also full of fantastic pictures, community news, the latest from the sporting community and of course lots of advertising.

Aisling Crosbie, Editor.

MARIE SNAPS FOR JACK AND JILL

Over 30 hours of nursing care for the Jack & Jill Foundation has been provided by Killarney Outlook Photographer Marie Carroll O'Sullivan following a family mini-shoot fundraiser. Marie decided to donate to the worthy cause and was all set to use the Killarney National Park as a backdrop before Storm Desmond struck. However the International Hotel swooped in to save the day and provided Marie with the perfect setting for the family portraits. Local Families availed of the photoshoot and some of them made Christmas cards with the pictures

"My sister in law Sheena works for the Jack and Jill foundation and she had told me about the amazing work they do and also some of my clients availed of the services, it was because of this I decided to do a little fundraiser", Marie said. "I was delighted with the response", she added. Marie handed over a cheque for €500 to representatives from the foundation at the International Hotel this week.

PICTURED AT THE CHEQUE PRESENTATION ARE: NURSE KAREN LOVETT, PHOTOGRAPHER MARIE CARROLL-O'SULLIVAN, TERENCE MULCAHY, INTERNATIONAL HOTEL, NURSE SHEENA O'SULLIVAN & NURSE CATHY KERRINS.

PHOTO: VALERIE O'SULLIVAN.

The beneficiaries of the 12th annual Killarney

Rotary Club Evening of Wine & Art were out in force at The Malton on Wednesday as they accepted the proceeds of the event.

The Evening of Wine & Art, held in November, was hugely successful with an attendance of around a thousand people.

Killarney Rotary president John O'Sullivan was delighted with the fundraiser, which this year had Killarney Water Rescue as its main beneficiary. Wine connoisseurs and fans of fine food were absolutely spoilt for choice, thanks to Daly's SuperValu.

An excellent choice of local beers also tantalised the taste buds. "We would like to say a huge thank you to our main sponsor Daly's SuperValu and we were also delighted this year to welcome Killarney Brewing Company and Torc Brewing and thank all of them for their

support," added John.

The evening featured an exciting charity auction of artwork.

Meanwhile, members of both the Kerry Hospice Foundation and the Killarney branch of the Irish Kidney Association sold charity Christmas cards.

The raffle was co-ordinated by the Irish Pilgrimage Trust and the proceeds of the cloakroom will support the Kerry Stars Special Olympics Club.

Amongst the other charities and community projects being supported by this year's Killarney Rotary Evening of Wine & Art the Order of Malta, St Brendan's Microtrack, Gaelscoil Faithleann, Coolick National School, Killarney Athletic Soccer Club, Kilcummin Defibrillator Group and SouthWest Counselling Centre.

HONOUR FOR CONOR AT SKAL DINNER

The SKAL Club of Kerry hosted their Presidents Dinner on Saturday night last, 23rd January at Muckross Park Hotel in Killarney. At this year's dinner the club made a special surprise presentation to Conor Hennigan in recognition of the huge contribution Conor has made to tourism.

Conor was General Manager of The Malton (formerly Killarney Great Southern Hotel) for the last 16 years. During this time Conor was President of Killarney Chamber of Tourism & Commerce, Chairman of the Kerry Branch of the Irish Hotel Federation and was President of the SKAL Club. Over the last 16 years if there was any committee set up to progress the tourism agenda in Kerry, Conor played a vital part in it. He has given a huge amount of his personal time to pursuing tourism interests both locally & nationally.

The Kerry SKAL Club wanted to recognise Conor's tremendous contribution and wish him every success in his future career endeavours.

FOUNDING MEMBER OF SKAL IN KERRY CONOR HENNIGAN WAS HONOURED FOR HIS CONTRIBUTION TO TOURISM AT THE ANNUAL SKAL DINNER IN THE MUCKROSS PARK HOTEL ON SATURDAY NIGHT. PHOTO SHOWS CONOR, LEFT RECEIVING A PRESENTATION OF A PAINTING OF KILLARNEY GOLF COURSE BY RENOWNED PAINTER PAUL DOWNEY FROM KERRY SKAL PRESIDENT MARGARET CAHILL. APPETITE FOR IRISH PROPERTY SET TO CONTINUE

Sherry FitzGerald, Ireland's leading estate agency, will once again bring its Irish Property Show to London on Saturday 20th February 2016. At the event which will be held in Millennium Gloucester Hotel from 11am-3pm, they will be displaying a sample of properties from all across Ireland and giving UK purchasers an opportunity to meet property professionals from several of their offices across the country in one day, and in one location. Mary Dillon, head of Sherry FitzGerald Countrywide said "The performance of the Irish economy was remarkable in 2015 with

GDP expected to exceed 6%, positioning Ireland as the fastest growing economy in the euro area for the second consecutive year. The phenomenal recovery in both the economy and in the residential market have supported the ongoing appetite from overseas investors for Irish property.

In Sherry FitzGerald we agree. Over the difficult years of the global recession we continued to promote Irish property in Ireland and abroad and in 2016 we will continue to do this with our London Property Show - an event that will showcase the very best of Irish property from all over the country.

Our property showcase will promote property to buyers from all over the UK and especially London to a purchaser market that includes investors who see the opportunity and value

in the Irish property market together with Irish people living in the UK who may return home in the coming years but can buy now and avail of value coupled with rental return in the intervening period. There is a major attraction for UK purchasers in the strength of Sterling relative to the Euro. Sterling has appreciated from a rate of .80 at the beginning of 2015 to a rate of .72 at the end of 2015.

We believe in the opportunity, we believe in the Irish recovery, we believe in sustained future growth based on sound economic principles and most of all we believe in bringing our clients properties to the widest possible markets."

So if you want your property brought the extra mile to this event, contact Sherry FitzGerald on 1800 20 9000 or londonshow@sherryfitz.ie and make sure your property travels with us.

THE COUNTDOWN IS ON - STRICTLY COME DANCING: THE MOVIES

The countdown is on and the premiere of Strictly Goes To The Movies is almost here. The 12 couples fine tuning their dances and in this week's Killarney Outlook we meet the last 6 couples taking part.

In the Ballroom camp, waiting in the wings are Mike Doyle and Vera Healy. This couple are taking on the Foxtrot to a very well-known song. The Foxtrot is a ballroom style dance and is predominantly performed in hold. Mike and Vera have been training hard to ensure their top line meets with the judge's approval.

The Quickstep is a fast and furious Ballroom style dance. Its quick speed must be matched with strong control as the lightning speed of the dance must be governed with strength of placement and accurate footwork. Taking on the mantle of the Quickstep are Timmy Moynihan and Mary Cronin who are extremely well placed to make their Quickstep a best seller at the box office.

Shella O'Donoghue-McSweeney and Richie Fitzgerald are preparing themselves to dance the American Smooth. This is a ballroom style dance which is filled with grace, prose and elegance.

Next up is the Jive which is fast in pace, exciting in content and epic in scale. Taking on the Ballroom juggernaut are Niall O'Sullivan and Marie Carroll O'Sullivan. This couple have

been putting the hard yards in to master the complicated speed of the Jive while ensuring its fun and enjoyable routine.

Hoping to get the crowd clapping and dancing in the aisles with their fun loving Charleston are Kieran O'Halloran and Danielle Favier. The Charleston dates back to the 1920's. Kieran and Danielle will bring the style of the 20's with the fast pace of the noughties to their Charleston routine.

And the final dance style is of course the Paso Doble. Michelle Brennan O'Donoghue and Connor Gleeson will make the style their own with an inspired dance routine. The Paso Doble is a strong suspense filled style and Connor and Michelle are sure to have the audience on the edge of their seats.

So there you have it, our 12 couples and the styles of dance which they will perform on the night. As well as 12 individual dance routines, the audience will be treated to a professional dance from Joe Burkett who will be partner by Irish Cancer Society committee member Kathleen Cronin as they take a song encompassing all styles of dance in just over 4 minutes. The night will open with a huge group number filled with Strictly surprises. The opening dance number this year, is definitely a dance not to be missed. And finally the night will conclude with the epic and energetic final group dance. Strictly is going to the Movies, make sure you have your ticket for what's sure to be a smash hit night for the South Kerry Branch of The Irish Cancer Society.

THE FOXTROT: VERA HEALY AND MIKE DOYLE.

THE QUICKSTEP: MARY CRONIN AND TIMMY MOYNIHAN.

THE AMERICAN SMOOTH: SHELLA O'DONOGHUE MCSWEENEY AND RICHIE FITZGERALD.

STUDENTS GRADUATE AT AGA TURKISH BARBERING ACADEMY

There were huge celebrations at Aga Turkish Barber shop in Plunkett Street in Killarney this week when all of the students attending the Barbering Academy passed with distinction, with two of them attaining honours - something which is quite rare.

"I am so very proud of each one of my students and their tutor Rachel Frodsham for all the hard work and dedication", Suleyman Aydin, Proprietor of Aga Turkish Barber told Outlook Magazines.

"I wish all the students good luck in the future with the barbering careers - it has been a pleasure working with all of them - it has been an emotional and inspirational day for everyone at Aga Turkish Barber.

KERRY STAR PETER CROWLEY TAKES TO THE CATWALK

They are normally competing with each other on rival teams in the National Football League or the Senior Football Championship but now Dubs star Davey Byrne and Kerry star Peter Crowley, both studying for a masters at DCU Business School, have teamed up to lead a fundraising event for LauraLynn House.

Each year DCU Business School Alumni choose a charity to support. This year, the charity selected is LauraLynn House, Ireland's children's hospice. The team will host a fashion show in The Venue in DCU on February 24th. Clothes

will be modelled by well-known men's senior inter-county footballers and hurlers. They will be joined by their female counterparts from teams around the country. The presenters for the fashion show will be Maria Walsh, journalist, presenter and former Rose of Tralee and James Butler, fashion editor, presenter and blogger. Clothes for the show are being provided by Tommy Bowe's XV Kings label, Paul Galvin's Vanguard label, Scribes of London, Debenhams and The Dress Pantry. MUSICAL TREAT IN STORE AHEAD OF KERRY SCHOOL CHOIR SHOWCASE

The roof will rise at the Malton Hotel on Thursday 11th February next with the sounds of school choirs from North and South Kerry. Building upon the enormous successes of the showcases in 2014 and 2015, the third annual Kerry School Choir's Showcase will return again this year.

The non-competitive event is organised by Killarney Musical Society, in which participating primary school choirs from North and South Kerry receive choral tuition in their school from the renowned Gemma Sugrue of Voiceworks Studio, Cork.

Gemma is a past member of Killarney Musical Society and the society are delighted that she is bringing her expertise in performance and vocal technique back to Killarney again this year. Each school will present two performances of their own choice while the night will conclude with a very special

JOHN'S KEY POLICIES

01 Job creation and proper investment in business and enterprise supports
Reducing the numbers on the live register by attracting new investment requires proper supports to enterprise and business start-ups, reforming business rates, addressing the issue of accessibility to credit for businesses and ensuring the IDA works to bring investment to rural counties. I will advocate for the self-employed to receive the same PRSI benefits and tax treatment as PAYE workers.

02 Ensuring a high quality broadband service across all of Kerry
A high quality broadband service throughout the country and most especially in rural counties is essential for business development and expansion, rural counties should have the same opportunities as urban areas to create new jobs and attract investment.

03 Developing and marketing our tourism industry
Tourism contributes massively to the Kerry economy and provides vital employment for the county. I will advocate for proper investment and promotion of our tourism industry including overseas marketing, better accessibility to the county for visitors, investment in recreational infrastructure and enhanced provision of training and skills development programmes for the tourism industry.

04 Keeping rural services open
Post Offices, Schools, Garda Stations are all vital and integral parts of ensuring that rural communities remain vibrant, safe and attractive for people to live in. Functional, viable rural communities require rural services to remain open and I will work hard to ensure that we keep services in our small towns and villages.

05 Protecting and enhancing farm incomes
I will lobby to protect and enhance the income of our farmers, supporting agriculture, which is at the heart of the rural economy, is paramount to ensuring that our rural communities are viable. Farmers should receive a fair price for their products, face less red tape and be provided with proper supports to diversify.

06 A fair health service with well-resourced front line services
A fair health service for all, making certain that our hospitals are properly resourced and that Community Supports and front line services most especially the ambulance service are the best they can be, and that in rural areas there is an accessible, quality GP service available to everyone. This also includes fair and decent supports for Carer's and those they care for.

Please continue your preference for my colleague Norma Moriarty

"Protecting and enhancing rural Ireland so that our rural communities are vibrant and viable places to live"

IT'S ONLY THE BEGINNING.....

On January 9th Killarney Physiotherapy Student Gary McGowan travelled to Belarus with some of his fellow students at UL.

Gary kept a diary of his trip for the Killarney Outlook - a trip that was a life changing experience for them all.

SELFIE TIME.... GARY MCGOWAN AND RUZLANNA POSE FOR A PICTURE.

The rumours had worried us with anxiety and apprehension. Expectations of hungry children tarnished by their grim environment had suppressed our excitement to a feeling of vulnerability.

Upon arrival, we were exposed to the stern nature of the airport staff, the stiffening cold, a language that seemed nonsensical and currency ridiculed by a crumbled economy. We now felt more vulnerable than ever.

Arrival into the country required the endurance of a gruelling inspection of all necessary documentation. Once this was complete, we met our interpreter.

This was the turnaround point. Unlike an Irish airport in the summer months, Minsk didn't seem to have much happiness. No excited kids. No middle aged men in socks and sandals. No stressed mothers in maxi dresses. However, the warmth we were greeted with upon meeting Irena was second to none. Her caring nature radiated immediately, and suddenly we could release some of our emotional armour. The driver was equally as welcoming, chuckling at our reactions to the -20 degree cold.

The drive to the orphanage lasted 2 hours. As

we drove, we gradually began to appreciate the beauty of the winter wonderland through which we had the privilege of travelling. We were informed that some of the older kids were waiting up to see us.

As we took our first step out of the minivan, we saw the first faces of amazement gazing out of a window on the second floor. It was dark, and the lights were off, but the smiles and bright eyes could be seen nonetheless. There was a sudden realisation of what we were about to take part in. We were not volunteers, or workers, or anything else. We were the "Irish girls"; superstars.

For the duration of the 2 weeks that followed, what we wore didn't matter, what we looked like didn't matter, how we spoke didn't matter, how much money we had didn't matter. A smile was granted by our presence. Nothing else was necessary. It may seem that the work we done was incredibly difficult. However, your personal economy is dependant solely on what you value. These children placed enormous value in a hug. A hug to them is an iPad to most Irish children. They are wealthy, not in money, but in happiness.

We spent our days dancing, playing simple games, feeding, hugging, and sometimes just sitting with the children. The walls were covered in murals and pieces of art made by the children. The food was nutritious and plentiful.

GARY IS PICTURED WITH SASHA WHO LIVES AT THE ORPHANAGE.

FUN AND GAMES: THE CHILDREN AT THE ORPHANAGE LOVE DRESSING UP.

The children smiled, laughed and danced. It was so far from our expectations. Granted, it was emotionally taxing at times to feed a "child" older than oneself. 20 year olds shouldn't be in cots, nor should they be confined to 4 walls. But for the most part, they were happy. This is what most people don't understand; the orphanage is their world. It's home. It's where all their happy memories are. They are protected, fed, looked after, and spend every day with their friends who they have grown up with. There are no daunting social standards that hover over each individual, forcing them down a path governed by expectations. The perceived satisfaction the kids have within the orphanage was reinforced by Vitalek (26 years old), who when we asked where he would like to travel responded with "No, here is home".

As I sit here in the University library, I have a camera, an iPhone and an external hard drive on my right, a laptop in front of me, and a wallet on my left. These items may contribute to some of my happiness, but I assure you there are far brighter smiles in Gorodische right now. If anyone has ever considered doing something like this, I really do encourage you to do so. This was a life changing experience for those of us that travelled. It won't be the last we see of Gorodische; this is only the beginning.

DOMESTIC AND GENDER BASED VIOLENCE STRATEGY WILL MAKE IRELAND A SAFER PLACE

Senator Marie Moloney welcomed the Second National Strategy on Domestic and Gender Based Violence, which shows the Government's ongoing commitment to combatting these problems, making Ireland a safer and better place to live. The Garda Síochána's role is vital in risk assessment for all victims of domestic violence, in preventing and detecting crime and supporting victims. A planned and managed approach by the Gardai to each report of a domestic violence incident is provided for, including personally calling to victims, in depth risk assessment and the provision of information. There will be ongoing education for public sector staff by legal professionals. Senator Moloney said "In particular I welcome the announcement of a €950,000 national awareness campaign. This will help victims by letting them know that there is support available. We also want to send a strong message to perpetrators that their behaviour will not be tolerated." "This new strategy is a step in the right direction. I have long been a campaigner in this area, and we all have to work towards eliminating domestic, sexual and gender based violence. Domestic violence is often a hidden crime, and it occurs in all social classes, ethnic groups and cultures and among every educational background. I hope that this campaign will make a real and substantial difference to people's lives. The Campaign will start in 2016 and will run for 6 years."

MONEY MATTERS....

By Dermot Cronin,
Financial Advisor

WHERE CAN YOU GET BETTER RATES OF INTEREST FOR YOUR MONEY??

Firstly interest rates in some banks are better than others, for example one bank at the moment will only give you 0.45% per annum interest for a one year fixed rate, so for €75000 you would only get €337.50 interest over 12 months and that's even before DIRT tax is deducted. However another bank will give you 1.10% per annum for a one year fixed rate account which is €825.00 interest over 12 months before DIRT tax. In every bank there are customers earning extremely low rates of interest at present. However, by shopping around or getting an independent advisor to check up to date interest rates you can substantially increase the amount of interest you could earn by just changing bank accounts, which is very easy to do. Also there are even better rates of interest available for other products such as longer fixed term accounts. This can be done for you by a financial advisor who is authorised to carry out this business for you.

For further information on the above or any other financial matter you can contact **Dermot Cronin APA** at **064 66 22775** or **0872893649**.

THE GATHERING WELCOMES YOU AGAIN

From fireside seisiúns to heart-pounding céilís, The Gathering Traditional Festival returns to Killarney for its seventeenth year from February 17th to 21st.

Celebrating the craic and culture of Irish traditional music and dance, The Gathering features concerts, céilís, sessions and storytelling as well as set dancing, singing and instrument masterclasses. Headquartered at The Gleneagle Hotel, this five-day festival attracts trad fans from the US, Britain, France, Germany and all over Ireland. Highlights include performances by Danú, Ushers Island, Jackie Daly, Matt Cranitch and Paul DeGrae.

"We have worked really hard to secure some of the top traditional artists for this year's festival," says Festival Chairman John O'Shea. "We expect that it will be our liveliest festival yet, which is a tall task given the success of previous years."

COUNCILLORS WELCOME FUNDING FOR LISTRY BRIDGE

Cllr. John Sheehan and Cllr. Brendan Cronin have welcomed the announcement of two allocations of funding for works in 2016 to Listry Bridge on the R563. The sum of €28,830 has been allocated under the Bridge Safety Rehabilitation scheme for repair works to

structure and €63,000 has been allocated under the Bridge Safety Improvement scheme for the implementation of a new traffic management plan, new improved signage and associated work to hopefully reduce the number of accidents occurring on the bridge.

JOKER 3 FUNDRAISER

'Joker 3' weekly draw in aid of Nagle-Rice CC Milltown was held in Larkins last Sunday and jackpot of €6000 was not won. Shane Dinham won €100 with John Joe Harmon and Stephen Clifford winning €25 each.

Down to 32 cards next Sunday January 31st and jackpot increasing to €6200 with draw in Killorglin Golf Club. Thank you for your continued support.

CONCERN OVER DEER POPULATION CONTINUES

At the recent meeting of Killarney Municipal District, Councillor Michael Gleeson asked:

● "Would Kerry County Council make contact with both the National Parks and Wildlife Service (NPWS) and the NRA with a view to having funds made available for the provision of an adequate fence on the N72 left hand side outbound from Ballydowney as far as the Castlerosse stone wall? This fence is desperately needed in order to prevent deer from trespassing onto the carriageway and endangering all road users. The number of near escapes from serious injury or even death is of litany proportions".

Kerry County Council replied that they had meetings with the TII (NRA), the Garda Síochána and the NPWS regarding this section of road. During these discussions it was felt that the provision of fencing from Ballydowney to the Castlerosse would not be of benefit, as deer would still be able to enter on to the public road from other locations, and the fence may prevent deer who had got on to the roadway from getting back into the National Park.

Councillor Gleeson expressed disappointment with the reply. He stated that it must surely be possible to put in place a fencing arrangement that would ensure that deer would not trespass onto the very busy roadway.

MEETING ON HOME SECURITY

Following a number of home break-ins in Muckross the Community Association is holding a public meeting in the Muckross Community Centre at 8pm on Tuesday next (February 2nd). Members of the Gardai will address the meeting on the do's and don't's of home security. The meeting will also address the question of Community Alert and the setting up of a community text alert programme.

MUCKROSS ROWING CLUB HOST COFFEE MORNING

Muckross Rowing Club held a successful coffee morning last Sunday to raise funds for the club.

The event got huge support from the Muckross community who were out in force to enjoy the cuppa and home baking and in turn support this fantastic local club.

"The continued generosity towards the club's fundraisers help to make the year round activities of the club possible", club PRO Tim O'Shea told the Killarney Outlook.

The club continues to provide rowing opportunities for boys and girls aged 12+ and adults of all ages, with rowing on the lake weekend mornings and midweek training at the community centre. Members are currently in training for upcoming competition including the Cork Head Of the River in February and the club's own Muckross Head Of the River time trial event in March. The coffee morning also provided an opportunity for locals to see the recently extended Muckross Community Centre. The extension of the centre was completed by the

CATHOLIC SCHOOLS WEEK

Next week from Sunday 31st January, throughout Ireland in all Catholic Schools, both Primary and Secondary, Catholic Schools week will be celebrated.

The theme this year is, "Challenged to proclaim God's Mercy". It is linked to the two phrases, "Be merciful as your heavenly Father is merciful", and, "Merciful like the Father" and the Holy Year of Mercy. God fully understands human weakness and need. God's goodness to each of us is sure: he asks us in turn to be good to each other, especially to the poor and any people in great need. That is 'mercy'.

Life & Body Confidence Coach

LIVING YOUR AUTHENTIC LIFE!

What is an authentic life? For me it is about living in alignment with what really matters to me – my values, dreams and aspirations. As a life coach I have found that the number one thing that holds us all back is when we live out of this alignment with who we truly are. This can happen in many ways – by not believing in our potential, greatness and possibility. By listening to the opinions of others to the point that we devalue our own innate wisdom. And also in allowing ourselves to get stuck in negative, happiness limiting patterns. We cannot run from our self nor can we be like anyone else. True freedom and inner peace arises when we begin to tune into the inner broadcast of our soul and begin to follow our own heart and callings.

AUTHENTIC LIVING COACHING TIP

To know who you are and what you want you need to be able to slow down enough to really listen to the inner you. Begin by slowing down your pace during the day and do everything at half the speed but with maximum awareness and attention. Notice what gives you joy, the thoughts that come up and where you resist what you are doing. Make little notes about what you have learned in a notebook and review this weekly.

Astrid is available for Personal Coaching, Group talks/workshops, Consultations and teaches Chakranetics classes (mindful moving meditations) every week at the Travel Inn, Fossa. Tuesdays at 10.00am. Mondays at 7.30pm!

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU... LET'S GET PREPARED!

STEP 5: PREPARE YOUR WEEKLY EXERCISE PLAN

Now that the food is sorted out, let's get to work in Preparing our exercise plan.

1. It is recommended that a normal healthy individual exercise 5x days per week for approx. 40mins.

State the times and types of exercises you are going to do in the week and be realistic it has to be something you will stick to. Don't pick busy days at work and if occasions arise use one of your recovery days to make up.

3. If you are a total beginner start with Low impact exercises such as walking.

4. If you are advanced add a variety of high intensity exercises that will get your heart rate up such as jogging, hillwalking, exercise classes etc.

5. Pick exercises you enjoy and that will boost your mood because you will enjoy doing them

6. Remember to step it up about every 4-6 weeks to continue to see results. This can simply be done by increasing speed, distance, intensity. etc.

7. And eventually similar to the food Habits discussed in the previous weeks, these exercise habits will eventually become a weekly routine and something you will look forward to and crave!

8. If you need help getting started, don't give up, seek out the advice of a trusted exercise professional or motivator that will set you on the right track.

THE CANCER REVOLUTION - 2016

Tommy Frank O'Connor

As I write this piece news has broken of the death of David Bowie after an eighteen-month battle with cancer. What I really liked about the news flash was that he died surrounded by his family. It also happened that he died two days after his final album Blackstar was released on his 69th birthday. So this revolutionary singer, composer and actor whom some regarded as the Picasso of Rock, despite his cancer, had continued to work at what he loved doing right to the end.

Everybody must have heard of this year 2016 being the centenary of the 1916 Easter Rising our Revolution which promised so much. That was then but today another battle is being waged. There is no sound of gunfire; buildings are not being bombed, but news that a family member is diagnosed with cancer drops like a bombshell in the household. Confusion reigns. Questions become tangled in each other:

why didn't we notice the signs earlier? And so on. But soon other realisations dawn: thank heavens we did not leave it any later; treatments are becoming more effective year by year and there are kind support groups and services out there.

One of my Christmas presents was Tony Ward's autobiography — Twelve Feet Tall. As you'd expect most of it covered his sports career, but the sections dealing with his cancer diagnosis and treatment are full of hope. Effective treatments combined with his positive attitude have resulted in his being declared cancer-free.

Here in Kerry we have excellent support services such as Oncology Unit and Palliative Care Unit at Tralee General Hospital, Recovery Haven and the many Hospice groups which have grown in response to needs around the county.

Wedding Favours

In this age of excess, sometimes it is good to give something back. Instead of following the conventional route for your wedding gift list and favours, why not make a charitable donation instead.

If you would like to do something different on your wedding day there are many charities you can donate to. These include

Make-A-Wish Ireland, the ISPCA, The Marie Keating Foundation, Self Help Africa, Childhood Cancer Foundation, World Vision Ireland or the ISPCC.

All of these very worthy charities would be delighted to accept your donation and all provide wedding favours for each guest.
Check their websites for more details.

When organising your wedding, it's just as important to plan how you are going to finance it as it is to plan the day itself.

When it comes to financial planning your local credit union is the place to go as they have a number of options available to you. Speaking to Emer O'Connor from Tralee Credit Union

who helps members financially plan their wedding day *"a great start for newly engaged couples is to open a credit union account if they don't have one opened already. When opening the account, it's important to speak to your credit union about your needs. The benefits of saving with the credit union for your wedding is that your savings are eligible for a Dividend and free Life Insurance Cover, so you are making your savings work for you. You can set up a Direct Debit, electronically transfer funds and access your account online using our online and mobile banking services. So there is no need to physically call in to the credit union you can lodge and withdraw funds electronically, handy for couples living away"*.

If you need to borrow, credit union wedding loans are very popular. In 2015, Tralee Credit Union lent out over €1 million to couples for their wedding. Emer says *"Not only are our rates competitive but you'll also find our loans very flexible in our repayment options. You don't have to draw down your loan all at once, you can draw it down in small amounts as and when you need to, so you'll pay less interest. You can use the loan as a "bridging Loan" and repay your loan in the weeks and months after your wedding. This is a significant benefit to a credit union loan in that you can repay your loan early or make lump sum payments anytime without penalty. There are no fees and charges and your loan is also insured with free life cover. So for couples planning their Wedding Day, speak to your local credit union"*.

DROMHALL HOTEL, KILLARNEY

A Dream Come True For Your Wedding

Can you think of a more perfect place to hold your wedding celebrations than at a historic hotel set in the beautiful surroundings of legendary Killarney? Dromhall Hotel was originally a hunting lodge, used in times past by the aristocracy visiting the lakes and mountains; over fifty years ago, it was purchased by the Randles family and metamorphosed into the supremely elegant venue it is today. The Randles family still run Dromhall Hotel and thus you are sure of not only

gracious surroundings and superb service but also that personal touch which comes from family involvement. It has always been the Randles' family mission to give every single visitor the individual attention that the hosts of a stately home would always offer to their guests, from fine dining to luxurious bedrooms, and always with a warmly smiling welcome. The stunning Banqueting Suite, now completely renovated, has earned Dromhall Hotel a place in Ireland's top 100

wedding venues, as well as receiving more nominations than any other wedding location by brides of Real Weddings. Here they can offer you a selection of options for your big day, ranging from tailor-made occasions to reflect your individual wishes, to allinclusive packages which take all the worry out of your planning. With fifty years of experience, the Randles family know exactly how to make this most special of occasions perfect. The location is ideal too, of course: easy access, plenty of

parking, and offering wonderful opportunities for memorable wedding pictures, not only outdoors but within the hotel itself (just check out the splendid staircase and imagine yourself standing there with cameras flashing!) And yes, they are fully registered to provide civil ceremonies too. Just talk to the experts at Dromhall Hotel and see just what a wonderful venue they offer to those planning to tie the knot this year. Bernadette Randles, the hotel's General Manager, along with the hotel's Wedding Coordinator, or any of the managers, are always available.

The economic recovery is influencing CAO applicants' course choices (By Billy Ryle)

For the past few weeks, career advice is being aimed at college applicants from all angles. Social media, television, radio and print media (mea culpa!) are providing a stockpile of information about the CAO application process. "Pick a profession rather than a passion," is one expert opinion. "Let your heart not the job be your yardstick," is another definitive recommendation. The recent Higher Education Authority (HEA) report, "A Study of Progression in Irish Higher Education" shows that 16% of full-time undergraduate new entrants in 2012 - about 6000 students - didn't progress to second year. First year drop-out rates are alarmingly high and the HEA report corroborates my view that colleges should provide more general entry courses with options to specialise later on when students can make more informed decisions.

CAO applicants base their choices on a number of considerations. Some applicants construct their course choices on their favourite school subjects. Others apply for courses, which suit their interests and personalities. A surprisingly large number of students prefer to attend a particular college than to do a particular course. Many applicants, despite their tender years and the pressures of Leaving Cert year, objectively analyse their personal career profiles, based on such variables as ability, achievement, application, aptitude, ambition, interest and personality (SAIP). While career profiling isn't an exact science, it's a huge contributory factor in appropriate course selection.

However they decide on what to apply for, the jobs market is never far from CAO applicants' minds. It's also evident that applicants are focussing on courses which offer good job prospects in the current buoyant economy. Because of the cyclical nature and vulnerability of the economy, change is the only constant. When 2016 CAO applicants graduate onto the jobs market the skills and qualifications needed in the economy may have totally changed. Nevertheless, the courses that regained popularity last year, due to a growing confidence in the economy, are very much in demand this year.

Opportunities in the Public Sector are once again opening up. Courses in nursing, teaching, social science, criminology and psychology, which are seen as passports to secure jobs, are attracting a lot of attention from applicants.

Applicants are opting in a major way for science and computer courses, which they see as employment friendly. The Government is promoting STEM (Science, Technology, Engineering and Mathematics) courses as essential for the expanding "smart economy." Science is riding the crest of a popularity wave with attractive jobs available in specialist sub-disciplines like biotechnology, biochemistry, microbiology, forensics and pharmacology. Computing courses will retain their popularity as there is huge demand for people with computer science skills. Courses in health sciences, as always, will generally require well in excess of 500 points while courses in agri-food science will retain huge appeal.

The green chutes of economic recovery revived interest in "build environment" courses last year. Courses connected to the building industry will be very popular this year. Courses in civil and structural engineering, architecture, quantity surveying, valuation surveying, property management and auctioneering are back in fashion.

The humanities and business courses always appeal to a large number of applicants. In total, arts courses account for about 25% of all honours degree applications. The liberal arts and business courses will again be very popular in 2016 with the latter discipline offering opportunities in financial services, accounting, corporate law and business information services. Degree courses in law, tourism, hospitality and manufacturing declined in popularity during the recession. With the economic outlook much brighter, courses in these areas are attracting a lot of attention.

With so much emphasis in the jobs market on skilled and well-qualified personnel, CAO applicants are aware that their chances of employment are considerably increased by obtaining a competitive qualification. CAO applicants are engaging in serious course research at present but their focus is firmly fixed on the jobs market and the economic recovery. Nevertheless, as you ponder your choices keep in mind that you won't arrive on the jobs market for four or five years, so "caveat emptor" (buyer beware)!

In the next article, I'll explore the Post Leaving Certificate (PLC) route to employment and higher education.

Know Your Rights:

REFUSAL TO PROSECUTE

QUESTION

A friend of mine was very seriously assaulted but has been told that the person who was arrested will not be prosecuted. Can she find out the reason for this?

ANSWER

Yes she can. Since 16 November 2015, if the Office of the Director of Public Prosecutions (DPP) decides not to prosecute, the victim can ask the DPP for a summary of the reasons for the decision not to prosecute. In a fatal case a family member of the victim can ask. If the decision not to prosecute was made by the Gardaí, you must ask the Gardaí for a summary of the reasons for the decision.

To request a summary of the reasons for the decision by the DPP not to prosecute you must send a Request for a Summary of Reasons form to the:

Communications and Victims Liaison Unit,
Office of the Director of Public Prosecutions,
Infirmary Road,
Dublin 7

The form is available on dppireland.ie or from your local Garda station. You must send your request for reasons within 28 days of the date you are told of the decision not to prosecute. In some cases the DPP might extend this time limit.

If you are not satisfied, you can request a review of a decision. The review will be carried out by a lawyer who was not involved in making the original decision. If you have already requested a summary of the reasons for the decision, you must make your request for a review within 28 days of the date on the letter telling you of the reasons. If you have not asked for the reasons for the decision, you must make your request for a review within 56 days (8 weeks) of the date you are told of the decision not to prosecute. To request a review of the DPP's decision, you should write to the Communications and Victims Liaison Unit.

MESMERISING ONE MAN SHOW FOR BALLYVOURNEY

For the first time in thirteen years Diarmuid de Faoite brings his multi award winning, epic panorama on the life and times of writer Pádraic Ó Conaire to the stage. Described by the Irish Times as a "mesmerising one man show," and by Foinse as "an energetic, explosive, powerful and imaginative play," 'Pádraic Ó Conaire' is peopled with over thirty characters, including theatrical genius Micheál mac Liammóir, poet Austin Clarke, short story writer Liam Ó Flaherty and revolutionaries Michael Collins and Éamonn de Valera, all of whom offer hilarious and sometimes tragic accounts of their escapades with Ó Conaire though the rebellion, the troubled birth of the Irish Free State and beyond.

'Pádraic Ó Conaire' was a one-man cultural revolution, father of the modern Irish short story, a committed socialist and an inveterate sponger. Rather than adhere to the Celtic heroic twilight of the day, he refused to shy away from societal issues, bringing Irish language writing kicking and screaming into the twentieth century. Similarly, de Faoite's show is a warts and all account of the man, his family, the times he lived in and his tragic demise.

De Faoite's physicality, presence, mastery of accent and seemingly chameleon-like ability to change sex and character while weaving an epic tale holds both Irish and English speakers alike enraptured. An English synopsis of passages in Irish is provided though it is hardly needed as the play moves from Irish to English and back seemingly as effortlessly as de Faoite

PÁDRAIC Ó CONAIRE

moves from one foot to the other.

Born in 2001 in 'Pádraic's Bar' on the docks in Galway, 'Pádraic Ó Conaire' has grown into an epic play performed by one of Ireland's best kept secrets.

Pádraic Ó Conaire is directed by Paul Brennan. Running time is two hours, including an interval. The play has toured over thirty venues nationally and will tour Ireland throughout 2016.

'Pádraic Ó Conaire' – the Resurrection! will take place on Friday 5th February 2016 at 8:30 at Ionad Cultúrtha, Baile Mhúirne, Co Chorcaí.

SPA ALL IRELAND QUIZ FINALISTS 2016.

EAST KERRY NOTES

With **Aine Ní Shúilleabháin PRO**

EAST KERRY UNDER 21 CHAMPIONSHIP – DIVISION 2 FINAL:

RATHMORE 3-8 GNEEVEGUILLA 1-5

The East Kerry Under 21 Championship of 2015 was wrapped up last Sunday when Rathmore took on Gneeveguilla at home in the Division 2 Final, sponsored by Acorn Holistics and Sports Centre Killarney. Conditions were difficult which made scoring very hard. Rathmore played with the strong wind, in the first half and notched up 4 points without reply in the opening twenty minutes, three converted frees by John O'Keeffe, and a great long distance point from play by Brian Moynihan. A great intercept by Gneeveguilla's Kevin Coughlan ended what looked like a Rathmore goal scoring opportunity and Padraig O'Sullivan put the visitors on the scoreboard with a pointed free on the twenty fourth minute. However, the Rathmore response was immediate, after a fast move upfield, Rathmore captain TJ Friel netted the ball for a goal. Rathmore added two points from play, (Donal Moynihan, Donnchadh McCarthy) and a well taken 45m free, by Donal Moynihan, in injury time before Gneeveguilla's Padraig O'Sullivan pointed a free. Half time score: Rathmore 1-7 Gneeveguilla 0-2.

Gneeveguilla made a number of changes at the break and were first on the scoreboard in the second half, with a point by Shane O'Sullivan on the thirty third minute. However, it was Rathmore that next found the target, putting the game beyond doubt with two goals in a five minute period. The first of these two goals by TJ Friel provided by Brian Moynihan brought nine minutes into the half, 2-7 to 0-3. Gneeveguilla pressed forward immediately but the wind carried the ball wide. As the third quarter drew to a close Rathmore captain Connor Jenkins won the kick out and in a fast move, Donnachadh McCarthy worked the ball forward and scored his sides third goal. Rathmore led, 3-7 to 0-3 going into the last quarter. Gneeveguilla, to their credit never gave up and scored two points in the next three minutes, a Cornelius Buckley pointed free and

Padraig O'Sullivan point from play. Shane O'Sullivan dropped the ball into the square which led to a penalty for the visitors, ably converted by Eamonn Herlihy – 3-7 to 1-5 with ten minutes of normal time remaining. However, it was Rathmore who scored, a lovely long distance point from play, by Donnachadh McCarthy. Final score: Rathmore 3-8 Gneeveguilla 1-5.

East Kerry Board Chairman Tim Ryan and Sponsor, Margaret Doyle of Acorn Holistics and Sports Centre Killarney, presented the Pa Doyle Cup to Rathmore captain TJ Friel.

SPA CLUB NOTES

SPA V JOHN MITCHELS 24/01/16 DIVISION 2 REPLAY PROMOTION

There was heartbreak in Brosna for the Spa senior team who went down by the narrowest of margins to John Mitchels in the County League promotion play off. In what was an entertaining and lively opening half, Spa started the brighter of the teams and Dara Moynihan opened the scoring with a well taken point before Michael Foley doubled their advantage with another point after great work from Shane Cronin. Evan Cronin made the score 0-03 to no score after 7 minutes when he slotted over for a well taken score. John Mitchels awoke from their slumber to open their account with a point after 9 minutes to which they quickly added another within 30 seconds. Alan O'Donoghue then drew the Mitchels level after 14 minutes when he cut through the defence and with goal on his mind, blazed a shot that went narrowly over the bar. Michael O'Donoghue then added two points in quick succession for Spa, the first from a free, the second after a great interception

from Eric O'Donoghue in defence, the ball was quickly fed into O'Donoghue in the forward line who took a superb score. Mitchels then reeled off two points in quick succession, including one from the lively James Duggan to leave the score tied at 0-05 apiece after 21 minutes. Spa took a firm grip on proceedings from here on out and with Dara Moynihan and Alfie Giles hovering up the breaking ball in the middle third, scored 5 unanswered points with three from Michael O'Donoghue and one each from Evan Cronin after a surging run up the field from David Spillane and a great fisted effort from Shane Cronin to leave the score at half time reading Spa 0-10 0-05.

John Mitchels started the second half in a much more earnest fashion and after first scoring a point, they got the goal which proved crucial at the final whistle. Corner back Cian Sheridan ran the length of the field to be at the end of a move which saw him finish to the net to leave the minimum between the sides at 0-10 to 1-06. A few minutes later they almost added a second goal when a rasping shot from Alan O'Donoghue seemed destined for the top corner until James Devane got a hand to the ball to make a superb save. Mitchels then drew level with a point from Sean Moloney before Michael O'Donoghue again edged Spa into a one point lead with another point. Mitchels then added two points in a row, the second from corner forward Niall Sheehy giving them the lead for the first time in the game with just over 10 minutes remaining. Michael O'Donoghue drew the game level yet again with another point with just two minutes remaining. We seemed destined for extra time until Alan O'Donoghue popped up one minute into injury time to get the winning score for John Mitchels. The full time whistle sounded shortly afterwards to the despair of Spa hearts leaving the full time score Spa 0-13 1-11 John Mitchels. While we may be in division two again for the coming year, we lost nothing in defeat and the future looks bright as it was a display full of heart, commitment and no little skill and one which wets the appetite for the year ahead.

TEAM AND SCORERS: James Devane, Dara Moynihan, Michael Finnegan, Eric O'Donoghue, Mike McCarthy, Dan O'Donoghue, Shane Cronin 0-01, Matt Moynihan, Andrew Garnett, Alfie Giles, Evan Cronin 0-02, Mike Foley 0-02, Craig Hickey, Michael O'Donoghue 0-08 (0-05f), David Spillane.

MILLTOWN CASTLEMAINE GAA NOTES

MID KERRY MINOR CHAMPIONS 2015:

After a marathon campaign, our minor team had a fantastic win over Laune Rangers on a wet and windy day last Sunday in Beaufort GAA Grounds. Well done to our chairman Podge Leane and to Damian, Jim, John, Pat and the entire panel of players. You all played your part in this momentous victory.

Congratulations to David Roche, who was the team captain and who also received the Man of the Match Trophy- sponsored by Trophy World-Tralee

A special mile buíochas to Beaufort GAA Club for the use of their facilities and of course to the referee Cathal Ó Dúbhá and his officials.

Finally to Laune Rangers who put in a gallant performance, particularly against a strong breeze in the second half.

RECONVENED AGM: Will be held in the GAA Clubrooms on this Friday January 29th at 7.30 p.m. Please come along to our AGM - Our club has achieved much over the last year both on and off the field. Without the involvement of the community, our club will not be able to provide the supports and facilities that are necessary for all the young boys and girls - in our ever expanding community. We need some more volunteerism within the club - perhaps you are the person to join us and help Milltown Castlemaine GAA Club develop to its full potential.

Looking forward to seeing you there!

1. Keel/Listry play Glenbeigh/Glencar/Cromane in Keel at 2 P.M. on Sunday January 31st.

CAO: VISIT CAO.IE: Don't forget to register! After February 1st, the on line fee will increase to €50. So register before then for the reduced fee of €40.

FUN FOOTBALL: Fun Football continues in the new community hall on Monday nights.

During these sessions, children will be learning Fundamental movement patterns that are needed for them to lead active lives in their teenage and adult years. A startling report recently released by the WHO remarked about the level of inactivity among children in Ireland, how sedentary children are becoming and how Ireland's children are going to be the most obese in Europe by 2030. Drop out from sport is huge in the teenage years due to being "bad" at sport. If children realise that they are really good at some sports or at a particular aspect of a sport then they can go ahead and pursue that - be it Basketball, Athletics, Martial Arts, Gymnastics, swimming... The list is endless and it is important to remember that all sports will complement each other. Gum shields are necessary and €2 per child to help cover the cost of the hall rental. Further details available from the mentors or on our Face-Book Page.

FIRIES/BALLYHAR COISTE NA NÒG

AGM: Our AGM took place on Monday, 11th January in Pairc Eamon, Farranfore. Our coaches and mentors were all in attendance to review our ever-growing and vibrant Coiste na nÒg. A special presentation was made to our outgoing secretaries, through retirement. Lil and Frank O'Mahony have served a phenomenal 27 years. Firies Club chairperson, Bridie Breen and Coiste na nÒg chairperson, Eugene Cosgrave presented Lil and Frank with a token of appreciation for the fantastic and diligent service over the years to the Firies/Ballyhar GAA club.

Eugene Cosgrave thanked the coaches, mentors and volunteers for their tireless dedication to the club over the last twelve months. Through their enthusiasm, our U-12, U-13, U-14 and U-15 represented themselves very positively in their respective competitions

displaying great skill and dedication to both the club and the game.

Our U-16 squad proved very successful during the year, remaining unbeaten and dominated both the county and East Kerry League and Championship. This was further highlighted by the presence of Furies/Ballyhar players who won a U-16 County Championship with the East Kerry U-16 district board side.

Our effervescent academy (U-6, U-8 and U-10) has seen a dramatic increase in numbers this year, harnessing and developing the key skills of gaelic football though unique delivery modes. Great effort has been focused on gamesmanship and teamwork; qualities will make our players great club ambassador's now and in the future, a testament to our incredible coaches and mentors.

REGISTRATION FOR GAA COISTE NA NOG BOYS:

LEGION GAA NOTES

THE SEM MARCH ON: St Brendan's College put an emphatic end to Pobalscoil Chorca Dhuibhne's stranglehold in Munster with a classy performance in the Corn Uí Mhuirí quarter final last Wednesday in Killarney. Played in Dr Crokes' pitch in gloomy conditions, the reigning All-Ireland champions were hoping for a victory which would bring them a step closer to an unprecedented fifth Munster title in a row. The Sem, however, started well and never looked back, romping home 1-14 to 0-4 winners.

CONGRATULATIONS: To Legion men Cian Gammell (corner back) and Peter McCarthy (wing forward) who contributed ably to what was an impressive all-round display, and also

to Finbarr Murphy and Mike Pierce who were amongst the substitutes.

Next up for St Brendan's is a semi-final against St Flannan's of Clare on February 6th. St Francis College (Rochestown) play HS Clonmel in the other semi. Best of luck to Cian, Peter, Finbarr, Mike and the whole panel as they prepare for their next outing.

SENIORS BACK IN ACTION: The seniors are officially back in training this week under the guidance of new bainisteoir Kieran Cronin and his backroom team. The group reconvened last weekend and with the East Kerry League just around the corner, everyone involved is looking forward to getting back into the swing of things.

Meanwhile fixtures for Division 1 of the County League have been released and Legion open their campaign with a home game against Dingle on the weekend of March 20th. Over the course of what promises to be an unusually busy June and July in terms of league action, upwards of six games will be played including a visit to our neighbours in Lewis Road on June 11/12th. Kenmare are our opponents on the final day of the league season in a game scheduled to take place in September.

AGM 2016: Our AGM took place on Tuesday last, 19th January 2016. Proceedings got underway shortly after 7:30pm to a large

attendance of members. Secretary, Matt O'Neill then read the AGM 2015 Minutes which were accepted. In his report, Matt recalled the successful year that was 2015. All three senior football teams brought home silverware. Our senior hurlers represented Kerry in the Munster Championships. Our ladies structure continues to grow and win silverware. The underage goes from strength to strength to ensure that we have a treadmill of talent flowing through to our senior panels. Scór gets more vibrant with each year and finds more outlets to display the Club's talents in music, song and dance. We continue to improve our amenities and the seating in our stand and painting of our Clubhouse presents a tremendous first impact for visitors. We continue to find new avenues for Club activity and this year we had Strictly Come Dancing, Tops of the Town and Fr Paddy's card night. We also remembered our members who died during the year, especially our late Patron, Murt O'Shea. Matt finished by thanking all Officers for their support and assistance during his time in the role. In his address, Chairperson Denis Coleman, raised the importance of remembering the members of our club who played their own part in Irish History as we celebrate the centenary of the 1916 Rising. Also, this year, Dr. Crokes GAA Club celebrates 130 year of promoting Gaelic games and culture in the Killarney area and beyond. He acknowledge the great year we've had and paid special tribute to those who gave their time and energy, both on and off the field. He noted some personal highlights including the Scór groups, the U14 Footballers winning the County Féile, the senior hurlers trip to Limerick representing Dr. Crokes and Kerry in the Munster Club Hurling Championship and Fr. Paddy's cards night in the clubhouse which has gone from strength to strength. He finished with a challenge for the members, simply to make a positive contribution to the club in the coming year, to play their part, no matter the size.

KILLARNEY RFC NEWS

SENIOR XV: Our seniors continued their Munster Junior League campaign, last Sunday with a short road trip to Ballymalis to take on Killorglin. This Kerry Derby would be a first for both teams - a first derby at Killorglin's new home ground in Listry. Conditions were favourable for a game of rugby and the home team worked well to deliver a try early on. Full back Paudie Sheahan kept us in the match with penalties. A second try was scored in the second half, allowing the home side win this local derby on a scoreline of 12 points to 9. Paudie Sheahan scored all of our points from the boot. Next up for the lads is a home fixture against Division 2 side Abbeyfeale in the Bank of Ireland Munster Junior Plate. Kick off is at 2pm. Let's get out and support the lads this Sunday, in the very important match.

U14'S: The U14's are back to winning ways following a trip to North Kerry to take on Listowel Rfc last Saturday. A fantastic game of rugby ensued, with the visitors winning on a score of 17-7. Tries came from Liam Randles, Mark Sheehan and Craig McKenzie Vass with a conversion from Cian Murphy. Listowel were physically the bigger team but the work rate from the Killarney boys was evident. Backs and forwards gelled and the defence was exceptional. Every player including the subs played positive, tough rugby on a wet heavy pitch. Thanks to Listowel Rfc for hosting us. Next Saturday, Killarney host Abbeyfeale at home in Aghadoe, at 11am.

MINIS: Our minis are due to host our round of the West Munster Blitz in the next few weeks. Very unfavourable weather over the past two months has meant that the pitches in Aghadoe remain waterlogged. We have been using the Astroturf pitch at Fossa as well as the gym at St. Brendans for the past few months, however we are chomping at the bit to get to train and play on grass, as soon as possible. Thanks to Fossa Astroturf and St. Brendan's College for their huge support to date. We will update all parents as to the plan for the next few weeks once confirmed. Any questions, contact Mini Co-Ordinator Liam Murphy on 087-4145662.

WORKMENS ROWING CLUB

IRISH INDOOR ROWING CHAMPIONSHIPS:

The Irish Indoor Rowing Championships took place at the UL Arena last Saturday January 23rd 2016. As predicted, our seventeen athletes who competed returned to Killarney with new personal best records and a tally of six medals.

We are immensely proud of our competitors young and 'not so young'. New to the Indoor Rowing Champs were Ellen Farndon, Ross McCarthy and Amber Pomeranz, each one of whom put in fantastic performances. The immensity of the occasion did not put them off at all. Congratulations to Ellen Farndon J13, who came away with a medal in each hand, a silver for her 4 minute piece and bronze in the 500m sprint.

Our super J16 girls rowed their hearts out in very tough competitions, the 2000m and the 500m sprint, with Annie O'Donoghue coming in only 2 seconds outside the gold in the 500m. Congratulation Annie on your well - earned silver and well done to your clubmates Ciara Brown and Ciara Moynihan on your amazing erg times in these races. Best wishes to Leona Brown who unfortunately could not compete on the day, and we hope you get well soon. Staying with our ladies, we

enjoyed super races from Lauren McCarthy and Siobhán Burns, who never fail to give their all. They were up against stellar competition in both 2000m and 500m sprints and weren't a bit fazed by the talent surrounding them, making all of us watching so proud to be cheering on their every stroke. Indeed, Siobhán Burns was only 2 seconds outside the medals in her 500m sprint. Another lady who added to the medal tally is Pauline O'Brien, who slashed 8 seconds off her personal best while finishing second in the 2000m, and after a long 5 hour wait, came only one second behind gold in the 500m sprint, bagging for herself another, very satisfying, silver medal. The Workmen 'Men' did not want to be outdone by the ladies and we congratulate them all, Seán Farndon and Ross McCarthy J15, Ruadhán MacCurtáin and Jacob Kunicki J16, Mikey O'Donoghue, Tom O'Leary, Dylan Bartlett and Kamil Kunicki J18, who between them rowed in huge races with up to 130 competitors, showing just how to slash personal bests and sweat buckets!! Well done boys... you may have been just outside the medals but you did yourselves and Workmens Rowing Club proud. Last, but by no means least, our very modest Hugh Rudden, who before a blistering 500m sprint, took on the Mens' 2000m Lightweight Irish Record holder, coming in only seconds behind him and pocketing a bronze medal for his efforts, while cutting five seconds off his own personal best. Congratulations Hugh on a fantastic achievement. Many thanks to Coaches Mikey Joe Burns, Hannah O'Donoghue and Anthony McCarthy, and to all mentors, family and friends who accompanied our rowers on the day.

TRAINING: Training continues as per your coaches' texts. The clean-up continues at the clubhouse, and many thanks to all who have swept, scrubbed and washed the lake out of the clubhouse in recent weeks.

KILLARNEY COUGARS 57 IMPERIALS 61

Cougars hosted Tralee Imperials at the Pres Gym on Monday and the good attendance and the visitors had to come from 7pts down in the closing minutes to take the points in a very close contest. The Tralee side led in the early stages and were ahead 16 - 10 at the end of the opening qtr with Gary Fernane shooting some big scores. Cougars were much improved in the second qtr to reduce Imperials lead to leave the half time score 30-27 with Niall O'Brien and Jourdan Devoll shooting well. Cougars pushed

ahead in the third qtr thanks to the three point shooting of Darren Gaffey to see Cougars ahead 45 - 44. Cougars started the final quarter well to increase the lead but the Tralee side had a big final qtr with Ryan Leonard having a big say as he got his side moving as Cougars tired under a lot of pressure from the younger Imperials side to edge ahead and they held on once a head in the closing minutes with Cougars being well held on the boards.

WOMENS DIV 1

ST MARYS B 54 KILLARNEY COUGARS 40

Cougars travelled understrength to Castleisland on Sunday evening and paid the price as St Marys produced a good home performance to inflict a first defeat of the season on the League leaders at the Community Center. Cougars with only two players available from the side that beat St Marys A last week made a bright opening with Marian O'Callaghan opening the scoring with a three pointer as Cougars finished 14-9 ahead at the end of the opening qtr. St Marys put the pressure on in the second qtr to turn the game around to lead 26-20 with Noreen Ferris and Brid O'Connor doing the damage with some well worked scores. Cougars with limited options battled hard but gradually drifted out of the game despite some good baskets by Mags Cronin and Emer O'Neill. St Marys led 42-31 entering the final quarter with good scores by Tracey O'Sullivan and Roisin Casey giving them a commanding lead and they maintained the lead despite a great effort from the Cougars who tried hard to the finish.

JUVENILE NEWS: U14 BOYS DIV 1:

KILLARNEY COUGARS 41 ST ANNES 35

The Cougars produced a strong first half performance to secure the points in this east Kerry derby game before a good attendance at the Pres Gym. Cougars remained on top in a more even second qtr to stay ahead 25-14 at half time thanks to good baskets by Mark McGlynn and Ruairi Murphy. The Cougars increased the lead to 34-20 by the

end of the third qtr but the visitors stayed in the game to reduce the arrears in the final qtr as Cougars made changes from the bench as St Anne's came back with the hard working Dylan O'Callaghan and Dara Brosnan contributing 7 pts each. Cougars responded in the closing stages with the impressive Sean O'Brien again hitting some great scores to give Cougars a deserved win in a very entertaining game.

Despite some great baskets by the excellent Rachel Ryan who hit 6 three pointers for Tralee they were not able to stay with Cougars through the second half with all Cougars opened up on offence with ten players on target to complete a comprehensive winning margin by the finish despite a determined effort by Tralee.

PARK REMAINS TOP IN DIVISION 1: A 5-2 home win over Ballyhar at Christy Leahy Park means the Tralee side continue to lead the 13's Division 1. Peter Cosgrave got both goals for Ballyhar.

It got even better for the Park when their nearest challengers Killorglin B were beaten by Killarney Celtic B. Rory Dorrian, Joshua Livingston, Aaron Moloney and Simon Coffey with 2 were the goal scorers.

Mastergeeha took advantage of Killorglin's slip up to win 5-0 away at Killarney Athletic and the Kilbreen side's 10 points sees them move into second place. Cian Foley with 3, Sean O'Leary and Barry Lenihan were on the mark for Mastergeeha.

THINGS TIGHTEN UP IN DIVISION 2: With leaders Iveragh United, on 13 points, not playing both Tralee Dynamos B and Dingle Bay Rovers had the chance to close the gap and that's what both did.

Tralee Dynamos B were 2-1 home winners over Fenit courtesy of goals from Philip Evans and Danny Burke with Niall Cassidy replying for Fenit. The Tralee side are into second on 12 points. Dingle Bay Rovers move onto 10 points after they defeated MEK. Sean Leahy, Mark Manning, Tomas O'Se and Ruairi O'Shea got the goals for the West Kerry side.

BIG WIN FOR KILLARNEY CELTIC IN 15 PREMIER:

Killarney Celtic have joined The Park at the top of the Killarney Plaza 15 Premier after they defeated the Tralee side 4-1 at Celtic Park. Goals from Ryan Kelliher, Patrick Darcy, Peter O'Sullivan and an og set up what will be a great battle for this title. Sean McGrath replied for The Park.

Killorglin are into third place following a 2-2 draw at home to Inter Kenmare but in reality both sides needed a win. Roan Moriarty and Gabriel Griffin scored for Killorglin with Bocki Nikik getting both the Inter goals.

LEADERS BEATEN IN 15'S DIVISION 1:

Killarney Athletic suffered their first loss of the season as they went down 2-0 to Killarney Celtic B in Woodlawn. However they remain top of the table on 12 points. For Killarney Celtic B this was a very good result with James Darmody and Tom McGuire from the penalty spot getting the goals. The two sides that could have moved ahead of Killarney Athletic met in Murt Scott Park. However this was a close as expected with Ballyhar and Mastergeeha drawing 2 all, a result that sees both of them move onto 10 points. Jason Brennan and Patrick O'Connor were on the mark for the home side with Niall O'Connor and Paul O'Shea scoring for Mastergeeha.

HONOURS EVEN BEATEN TOP 2 IN DIVISION 2:

Leaders St Bernard's travelled to Ballyheigue who are only a point behind them as both sides looked for a win that could be vital in the race for the title. However both sides cancelled each other out and it ended 0-0. Fenit and the Park B are both level on 7 points and were involved in an 8 goal cracker with the points shared following a 4-4 draw. Fergal O'Brien 2, Cian Donnellan and Abib Hassain scored for Fenit while TJ Mahon 2, Cillian Ryan

and Joe Hannafin ensured that the game ended level.

4-4 DRAW IN 16 DIVISION 1: There was one game in the Tralee Trophy World 16 Division 1 and amazingly the Park were involved in another 4-4 draw. This time it was against Camp Juniors in a cracker. The Park B went into a 3-1 lead and looked set for all three points but Camp Juniors stormed back to take a 4-3 lead. However a late penalty from John Ward levelled matters. Ward had earlier scored and the Park's other 2 goals came from David O'Brien.

FAI WOMEN'S U14'S CUP ¼ FINAL:

Listowel Celtic's run in the FAI Women's u14's Cup came to an end at the ¼ stage as they went down to a very strong AK United side.

INTER LEAGUE: The Kerry u12's weren't able to follow up on their win against Clare as they went down 3-1 to Limerick District, who are now top of the table on 6 points from their 2 games. Adam Owens got the goal for Kerry. Their next game is home to North Tipperary on February 14th.

The Kerry u16's just failed to take a point from their clash against Waterford. They were 2-0 down before Michael O'Gara pulled a goal back. Kerry are away to South Tipperary in their next game in mid February.

KILLARNEY GOLF

KILLARNEY GOLF AND FISHING CLUB

MENS: Club Captain Liam Hartnett is pleased to be able to advise the membership that the Mahony's Point Course will re-open for play on next weekend, some restrictions may still be in force, but at least, and at last, we will be able to start on the first tee-box, and finish on the 18th green.

Course Manager Enda Murphy has advised that the repairs to the greens most affected, namely the 1st and 4th on Killeen, and the 16th on Mahony's Point, has progressed quite well, but the current inclement weather has, once again, put progress back a week or so, but he is nevertheless confident that the previously advised opening dates will be met, and are as outlined above for Mahony's Point, and should be in early March for the Killeen Course.

Enda has also advised that while the re-development is progressing, albeit slowly, that consideration must be given to preventing further re-occurrences of the recent devastation, and to this end some further radical alterations made need to be considered, in the not too distant future.

Liam also wishes to acknowledge the very recent, and untimely passing of one of the very best golfers ever to represent our Club, James Loughnane, passed away in early January, James had represented our Club on numerous occasions, but his most notable success was in being part of the team that garnered the "Barton Shield" for Killarney Golf

and Fishing Club in 1980, for the first and only time that Killarney has won a "Senior" National Championship, the other members of that team were, three times South of Ireland Champion Michael Guerin, Sean Coyne, and also another recently deceased member of that team, Dr. Arthur Spring, "May they both rest in peace", they were under the stewardship and tutelage of

Derry Pyne Team Manager, and the Club Captain Brian Mulcahy, and they won the trophy on the final green in a thrilling final, played over the famed "Lahinch" Golf Course, in County Clare.

WHERE ARE THEY NOW

TIMMY MALONEY

After taking a break from my travels for a few months due mostly to the clubs busy schedule at home, I felt it was time to once again go in search of former Legionnaires who have left their hometown for pastures new. To ease myself into the gruelling travel schedule,

I took the short trip across the water last weekend to London to catch up with Marian Terrace native Timmy Moloney. After landing in Stansted Airport on a cold but dry morning, I drove the best part of an hour to the South East of the city where I met with Timmy in a coffee shop not far from where he lives. I hadn't met Timmy for a long time but it was great to see that he hadn't changed a bit, still the friendly and unassuming lad that he was growing up immediately our conversation was drawn to recent activities within the Legion club and the good run of the senior team late last year with him telling me that he actually flew home for the County final replay, so there was no need to ask him if he still kept an interest in the club. Timmy, who comes from a large family is a son of the late Michael and Deborah, and he fondly remembers his mothers great interest in club affairs as he recollects her going to watch him playing in all of his matches at home and if she could get a lift, she would travel to his away games, but it wasn't just Timmy that she used to follow as his sister Susan was a fine footballer also and Timmy, along with his mother would often go to watch her play and

the whole family were very proud indeed when Susan went on to wear the County Jersey and actually won the senior All Ireland final. As for success for Timmy himself, he admits with a smile that he achieved very little success at underage level with the club and he says it is a great source of enjoyment to his older brother Barney that he has an East Kerry medal and that Timmy does not and Barney likes to remind him of this whenever he gets the chance. Timmy did achieve a better run however playing for his school, the Community College where he played with the likes of Liam O'Connor also from Marian Tce whom he says was one of the finest players around at the time, not just in town but in the County and he reckoned that Liam and Noel O'Leary of St Brendans Tce and Dr Crokes were the best midfielders in Kerry at the time. Timmy also remembers that a lot of the towns great talent in his playing days came from around his area of Marian, Brendans and Daltons Ave. Timmys sporting talents weren't just limited to football as he was a very accomplished basketball player with the town team for years along with enjoying soccer, pitch and putt, table tennis and snooker, with the Parish Hall being the venue for a lot of these activities. As he rightly says, and anyone from that era will agree, the Parish Hall was a great place to have during the teenage years and he remembers spending endless days there.

As regards playing sports since he moved to England, Timmy says that Gaa was never an option as it was all soccer in the area that he moved to but he did play a lot of golf and worked out regularly in the gym up until a few years ago when he picked up an illness and this halted his sporting activities. I asked Timmy when exactly he left Killarney and I knew he was gone quite a while but I couldn't believe it when he said that he was in England for the last 27 years and has a twenty year old daughter Michaela who is studying at the University of Kent. In 1988 Timmy landed in Londons East End and originally worked in the Black Lion pub in Plaistow which was close to West Ham Uniteds home ground Upton Park, but later found work in BMI hospital as a surgical instrument coordinator which he admits was a big change at the time but that once he got used to it he really enjoys it and is still working

there. He moved from Plaistow over three years ago and now lives in South East London. I asked Timmy if he ever hoped to move back to Killarney on a permanent basis and he admits that even though he really likes London, the thought of moving home is never far from his thoughts. When we reminisced of our younger days in Killarney, he has great memories and fondness for his neighbours and friends and he says that he loves meeting them whenever he gets home and he says that he grew up in a great neighbourhood where everybody helped each other. As our conversation drifted back to his Legion days, he is very quick to lavish praise on one man in particular, Weeshie Fogarty and he says. "I owe a lot to him really. He had a way to handle players, give them believe and the confidence they needed to improve their game. I may not have achieved much at Club level but what I achieved playing for the Killarney Tech Senior Team in a way I owe to him as he put that believe in me."

I finally asked Timmy if he saw any difference in Gaa today from the game back in his playing days and he says "I'm glad you asked that question Kevin - No doubt the players are much fitter now but I think the style of football is nowhere near as good now as the style of football that was played back then! I just look at football now and I cringe at times. There is far too much time wasted hand passing the ball in the oppositions half when they are perfectly good opportunities to have a kick at the posts. Like, they should go back to the very basics and have the conviction to have a kick at the posts. It has ruined the game in my opinion at times. A long range point would be 20 yards now from the way the game is going, back then you would be looking at 40 - 45 yards! One example is Pat Spillane!

He did not win 9 All-Stars by looking around to see who could he pass the ball to if he was in sight of goal!

We finished our coffee and I thanked Timmy for his time and as he left to begin his shift at the hospital he said he hopes the Legion seniors give him a few reasons to fly home in 2016.

Next week I stay in the UK as I track down a former player who has lived in Newcastle, Nottingham and currently resides in Manchester. **By Kevin Griffin**

FITZMAURICE OPTIMISTIC AS NEW CAMPAIGN DAWNS

OUTLOOK PUBLICATIONS GAA REPORTER KERRY O'SHEA CATCHES UP WITH KERRY SENIOR FOOTBALL MANAGER EAMONN FITZMAURICE AHEAD OF SATURDAY'S ALLAINZ LEAGUE OPENER AGAINST DUBLIN

With the glamour All-Ireland final repeat clash against Dublin just days away, Kerry Senior Football manager Eamonn Fitzmaurice was in a very relaxed frame of mind when he met with members of the local and national media at the Meadowlands Hotel in Tralee on Monday.

The Finuge man began by outlining the current injury situation and said that Aidan O'Mahony (eye) and Marc O'Se would not be involved in the first two games. Fitzmaurice expressed confidence that most of the injured players should be back by March with the exception of James O'Donoghue whom he expected to return in April, depending on O'Donoghue's recovery from a well-documented shoulder injury.

Fitzmaurice was happy with the commitment shown by the younger players who lined out against Clare and Tipperary in the McGrath Cup. "I was very happy with the lads we used in the McGrath Cup games against Clare and Tipperary. They had a fantastic attitude and a number are ready for senior status."

On Kieran Donaghy, Fitzmaurice stated: "Kieran has played a lot of football in the last two years. Towards the end of last year, Kieran was tired and didn't have his former appetite for the game which is very understandable. I expect Kieran to return after the Roscommon game. Kieran worked very hard in the gym over the Christmas break and physically he is in very good shape and I know that basketball stimulates Kieran in a big way which will be very good for his game and his physicality."

On Bryan Sheehan, Fitzmaurice said "Bryan played fantastic football last year. He is a super leader on the field and young players look up to him and learn from him."

Fitzmaurice expressed concern at the number of injured players "You have to monitor the players. The physios and the medical staff we have are top class. There are big demands made on the players these days, I've thought on the surgery thing, years ago players didn't have surgery and retired from the game at a much earlier stage whereas now the way

KERRY MANAGER EAMONN FITZMAURICE

sports medicine has gone it's more important for players to have their injury issues sorted and keep their bodies fit. They can also stay with the game for a longer period of time. It is important for every manager to be aware of the injuries players pick up and that the right systems are used to treat them."

Fitzmaurice found the break from inter-county action since September long. "I learned a lot from the defeat, I studied the game over the winter and could see where we as a management team weren't always on the ball and where things can be improved."

Getting back to the issue of Aidan O'Mahony and Marc O'Se, who were mentioned as possible retirement candidates following the defeat to Dublin last September, Fitzmaurice stated that both did not need much coaxing from him to keep their involvement with the squad going.

"I met both of them several times and they both needed time to think. Marc and Aidan

are role models for the younger players in everything that they do. As the winter wore on they discovered they were not ready to sit on the fence yet. We were commenting at the weekend that if they weren't involved there would be a huge hole in the set-up"

Fitzmaurice agreed that the additions of Liam Hassett and Padraig Corcoran to the back-room has brought a new freshness.

"Liam Hassett has brought a new freshness to the set-up. He is enthusiastic and a keen student of the game. He brings a new energy and viewpoints which are needed. Liam is very easy to get on with, he is honest and sharp and is doing a great job so far. Padraig has been with us for the last four years and is enjoying the step-up in his responsibilities."

Fitzmaurice was happy with the idea of a new Under 20 All-Ireland championship structure which was featured recently in proposals put forward by Secretary General Padraig Duffy

"There is a need for an inter-county championship at that grade. Payers aged 19 and 20 can easily drop out when they have nothing to play for. It is wrong to encourage a lad of 19 years of age to play senior inter-county is too big a big ask and there is fear of burn-out, it's important to have a championship at that grade to cater for those players."

Fitzmaurice also dealt at length with the fact that players on the extended panel are not allowed sufficient time with their clubs. "We need to assess all the players so that we can have strong panels. We have a lot of training sessions at weekends where we focus on football. The only way we can get to see players close up is during the cut and thrust of a Kerry training session," he added.

Fitzmaurice is looking forward to the game with Dublin. "Games with Dublin are always great occasions. Whatever 15 they put out they are strong we know that. It's a great game for us. We are playing the All-Ireland champions, it's a big game and we are looking forward to it, he concluded."

MOTERING TIPS BY MARK COYNE

It's vital that your car is in top working order so that it's ready to tackle winter driving conditions. I'm highlighting these checks as being necessary for winter, you and your car will be prepared for whatever comes your way.

TYRES: Whether you go for winter, summer or all-year tyres, budget or premium I recommend you regularly check their condition and pressure. Ensure that your tyres have plenty of tread (1.6mm tread dept is the legal requirement.). The recommended tyre pressures for your car will be listed either in the manual or on the door frame. - Look for wear problems inside, outside and the centre of the tyre. If the tyre pressure is correct there could be an issue with the alignment of your vehicle. Costing you more money in tyre's.

BRAKES: With the roads being colder and wetter for longer in the winter months it is important to have good, brakes incase you have to stop in an emergency. If you feel the car pulling to one side under braking or screeching while braking have your brakes checked.

BATTERY: It is recommended to change your car battery every 5 years. If your car battery is old then the cold weather will have a draining effect on the battery which could leave you stranded needing to be jump started.

COOLANT: More so in the icy months if your coolant level has been diluted over years of top up with water, then you run the risk of the coolant/water freezing inside your engine which can cause untold damage to your engine and coolant system. It is recommended to change your coolant every 4 to 5 years.

Wishing you all happy and safe motoring for 2016. Mark Coyne.

BUYING YOUR FIRST EVER CAR

Buying your first ever car is an exciting time, however it can also be a bit of a reality check as you consider elements such as securing a car loan, car insurance premiums, day-to-day running costs and overall vehicle maintenance. To give you a helping hand through this process, we've put together the following tips:

DO YOUR SUMS FIRST: Tot up what your car will cost you each month such as car insurance premiums, car loan repayments, tolls, parking and fuel. Next consider your other obligations such as car tax, NCT, car servicing and general car repairs and maintenance work.

When doing this, make sure you've shopped around for the most competitive motor insurance. Car Insurance for first time drivers can be considerable so this is vital. You should also decide whether you want to go for third party fire and theft or comprehensive motor insurance and the type and value of the car you want to buy. The lower the value of the car and the lesser the horsepower, the cheaper your car insurance will be, so this is well worth bearing in mind. A fuel efficient car should also be considered by all drivers.

And most importantly, don't buy the car if you can't afford it!

SAVE UP: Naturally you'll have to pay interest on your car loan repayments, so it's best to keep the amount you borrow to a minimum by saving up for a decent down payment.

YOUR SAFETY IS KEY: Before buying a second hand car, make sure you complete a full car safety check and road test so you have complete peace of mind that your first car is in good condition.

EXPLORE YOUR FINANCING OPTIONS: Be prepared for the car finance lenders you approach to do a complete credit rating on you, ask about employment status, and the amount of money you have for a down payment. You should study the options available such as the credit union, your bank, online car financing companies and car dealership finance and their lending criteria to determine which is the best option for you is.

Younger drivers who don't yet have a credit score should talk to their bank or credit union about options for building up a credit score. Your parents may also be in a position to co-sign the loan which the car finance lenders can talk you through.

RING OF KERRY CHARITY CYCLE ISSUE STATEMENT

The Ring of Kerry Charity Cycle has issued the following statement to address some of the feedback that they have received in relation to the registration process for this year's cycle.

LOTTERY SYSTEM: Many of the first people who tried to register for 2015's cycle were unable to get a place. This was due to unprecedented demand for places – over 9,000 people applied for 5,000 places on the morning that registration opened which caused the registration system to crash. To avoid this issue happening again and to ensure the fairest system possible for registration, we decided upon a lottery that would be run over 6 weeks, giving people ample time to register. Registration for the lottery is still open and will remain so until open till 23.00 on Sunday, January 31st.

'PRICE'; 'COST'; 'ADMISSION CHARGE'; 'FEE': We have received a lot of feedback regarding the 'price', or 'cost', 'admission charge' or 'fee' for our charity event. The Ring of Kerry Charity Cycle imposes none of these – 90% all monies given by you to the Ring of Kerry Charity Cycle are donations to the charities. Like any charity event, there are running costs, and the remaining 10% goes to cover

these running costs. These include insurance, medical expenses, water, health and safety equipment and more. Many charity sportives can have costs of over 90% with less than 10% of all money received going to charity. In 2014 additional sponsors were brought on board to contribute towards these running costs with the ultimate goal to have 100% of all money raised by cyclists to go to charities. We are aiming to be the very first charity cycle in Ireland to achieve this zero staging cost by 2017.

€10 NON-REFUNDABLE MINIMUM DONATION: This non-refundable donation was put in place to prevent people trying to gain unfair advantage by entering the lottery multiple times. Anyone who secures a place on the Cycle will have this €10 minimum donation taken off their registration fee. The €10 of those who are unsuccessful will be donated to the charities.

Questions on the lottery registration process in relation to the number of previous Ring of Kerry Charity Cycles taken part in and how much money you plan to raise. These questions are purely for research purposes. Our aim is to collect as much data as possible about the cyclists who take part in the event to help us improve our fundraising efforts and ensure the future of this charity event.

€170 MINIMUM COMMITMENT TO SIGN UP WITH A CHARITY: At time of writing, more than 10% of all people who registered to cycle with a charity in last year's cycle haven't returned their agreed sponsorship. To ensure this doesn't happen again and to protect the charities, those cycling with a charity are asked to fundraise a minimum of €170. The reason for this figure is that this was the average amount raised by fundraisers who cycled with a charity

in 2015's event.

THE RING OF KERRY CHARITY CYCLE HAS BECOME A SMALL BUSINESS: The Ring of Kerry Charity Cycle is run by a group of people who are passionate about the event and who share the one collective goal – to raise as much money as possible for the people of Kerry. All are volunteers and all give up endless hours for over 6 months of the year to ensure our fundraising event is as beneficial as it can be for both the fundraisers and the charities.

Every year over 30 charities receive assistance, 10 main and 20-25 other smaller charities with over 1500 volunteers providing their time to ensure the successful running of the event. The ROK Charity Cycle is often compared to other sportives but we are exclusively a fundraising cycle and not a sportive.

We would like to re-iterate that all decisions made by the committee are made with the intention of maximising the funds that are raised to support local charities in Kerry. These funds are vital to the work these charities carry out and without your support, many of the charities that the cycle supports would no longer be in operation. All decisions made are compliant with the charity regulator.

The charity places are also filling up fast. Anyone who wishes to go this route and make the extra commitment to raise upwards of €170 can find the list of charity contact on www.Ringofkerrycycle.ie.

Finally, we would like to remind people that Ring of Kerry Charity Cycle is volunteer run event that allows fundraisers to raise money for worthwhile charities, they just happen to do it while cycling one of the greatest cycling routes in the world!

MUNSTER SENIOR HURLING LEAGUE

ANOTHER DAY OF LEARNING FOR KERRY AHEAD OF LEAGUE

MUNSTER SENIOR LEAGUE RD 3
KERRY 0-8 WATERFORD 0-17

Kerry in the end, the scoreboard probably reflected Kerry's brave effort against a strong Waterford team that proved exceptionally difficult for the home side to break down. The fact that Kerry had to wait almost an hour for their opening score from play showed up the Waterford defensive set up but there was a lot for Ciaran Carey to look at following Kerry's last game in the Munster Hurling League for this season.

In many ways, the game was reflective of the games that Kerry played, slow to start, an element of dominance at stages and a collection of mistakes that were punished by better opposition, while trying to build plays out of defence.

"It's a learning curve for these guys; they won't get to the speed of the game unless they play the top teams. The margins of errors at times are small but the punishment at this level is severe and that is what they have to adapt to and in fairness to them they are learning quickly on their feet but this is a huge ask compared to Christy Ring or playing in the lower leagues" Ciaran Carey told the Outlook afterwards.

By the time Shane Nolan pointed Kerry's first free on the 23rd minute, Waterford were 0-7 to the good with Maurice Shanahan doing most

of the damage with 0-4 (All from frees). Nolan would add a further brace in the closing stages of the first half but Kerry would trail 0-10 to 0-3 at the break.

The second half showed improvement as replacement Philip Lucid kept the score board ticking over but the home side had to wait until the 64th minute for their first point from play when another replacement Jack Goulding pointed. Waterford closed out the game with the final two scores to give them a deserved win, if not all that convincing considering they contributed 14 wides.

Kerry: Martin Stackpoole, Sean Weir, Bryan Murphy, Darren Dineen, Daniel Collins, Thomas Casey, Jason Diggins, John Griffin, Johnny Buckley, Colm Harty, Pa Kelly, Shane Nolan

0-3F, Keith Carmody, Michael O'Leary, Jordan Conway

Subs: Philip Lucid 0-4F for Patrick Kelly (H/T), Mickey Boyle for Micheal O'Leary (H/T), Brendan O'Leary for Shane Nolan (48), James O'Connor for Colm Harty (53), Jack Goulding 0-1 for Johnny Buckley (53)

Waterford: Ian O'Regan, Shane Fives, Barry Coughlan, Noel Connors, Shane McNulty, Darragh Fives, Gavin O'Brien, Kevin Moran, Colin Dunford 0-2, Micheal Walsh, Shane Bennett, Jake Dillon 0-2, Austin Gleeson 0-2, Maurice Shanahan 0-9 (0-6F, 0-1 Pen) Patrick Curran 0-2

KERRY LADIES CONFIDENT AHEAD OF OPENING LEAGUE CLASH WITH DUBLIN

KERRY LADIES PRO DAN KEARNEY LOOKS AHEAD TO KERRY'S OPENING ROUND IN THE LIDL NATIONAL LEAGUE DIVISION 1 WITH DUBLIN

The Kerry Ladies will take on old foes Dublin in Round 1 of the Lidl National Football League next Sunday at Parnell Park, in what's sure to be an exciting first game to the league. I caught up with Kerry manager Alan O'Neill after training in Killarney, and first of all asked him about his expectations for another year in Division 1.

"We have a very tough start to the league with Dublin away next Sunday, followed by Cork at home and Armagh away. That's probably the top 3 teams in the country, I suppose it's a great way of measuring yourself", he said.

"Cait Lynch has gone away to work in Holland, and is a big loss, but Aoife Lyons went away the year before and we lost Louise Galvin to the Irish rugby 7's, you just have to get on with it. We used up to 40 players in last year's league, and that gave us a great chance to have a look at everyone. We know a good bit about the group we have, and players like Anna Galvin, Kate O'Sullivan and Elaine O'Sullivan are coming into the setup this year" he continued.

"Our management set up is the same as in 2015 with Mary Jo Curran, Harry O'Neill and Sean O'Sullivan still on board, but Mags Fitzgerald has also come in to give us a hand as has Rachel Clancy."

"We'll go out with a different plan for every game, but we'll also look to perform and win every game." Alan concluded.

After my chat with Alan, I spoke to new Kerry captain Aislinn Desmond, and I asked her would she now approach things a little bit differently as captain?

"No, I personally don't think that the captaincy will change my approach to the game at all. I suppose it's important for me to show leadership both on and off the field, but it's even more important that I contribute to the team on the field, by playing well", she said.

Aislinn felt that Dublin will be hard to beat, "Dublin are very strong down the centre", she said. "Their half forward line run at you, and it's important to stop the supply at source. It will be challenging,

it's our first game and Dublin always perform well at home, but I guarantee you, we will be up for the battle"

I put it to Aislinn that Division 1 was looking particularly tough this year with the likes of Dublin, Cork and Armagh to face in the first 3 games. "Yeah, this year is particularly tough, there's no easy game", she said. "Preparations have gone very well so far though, there's a good buzz in the camp, and I think that we could have another strong league campaign this year. Maintaining our Division One status is the most important thing, it is vital for the development of our younger players coming through. Hopefully some of them will take the opportunity to put down a marker for a place on the first team."

"A good start is crucial for confidence, Aislinn said, "hopefully we can put the Kerry stamp on the league in 2016!"

EMERGING ADULTHOOD

Emerging Adulthood is known as the period of time between the age of 18 years and 28 years of age approximately. Unfortunately little attention is given to this period in an individual's life which is a pity because it can be quite a daunting, challenging and fearful time. They may or may not just be out of school and finishing the tail end of their turbulent adolescent years

yet this is given little consideration. While it is healthy to encourage more detachment and autonomy and promote the need for more independence it is equally important to acknowledge the plethora of emotions that come with such a step. The fear of the unknown exists. It is part and parcel of this chapter hence parental guidance and support needs to remain steadfast. Emerging adults rarely confess their fears because the pressure is on to save face. They want and need to achieve independence but secretly harbour a lot of fear and confusion as they branch out. Emerging adulthood can extend into a person's late twenties so discussing this reality with our teenagers is necessary. They may change academic courses before finding the right one, take time out and travel, work different jobs, go through various relationships etc on this journey of discovery ; but one thing is for sure they will grow and evolve as they do so. Being open to receiving them regardless of possible mistakes will make them more emotionally robust. They will more than likely seek you out for guidance or comfort and familiarize you with the context of their new world, be it courses, new friendships, problems etc. They are unique individuals encountering unique experiences to them; we, on the other hand, may have forgotten how this feels. We must bear this in mind if they become derailed.

Creating a good foundation, before they eventually fly the nest, will provide a solid base for them to return to. This foundation is achievable via open and honest communication, gentle encouragement, unconditional positive regard and acknowledging the challenges which exist for them. Slowly but surely the need to save face and disguise difficulties fades and the emerging adult can discuss his/her experiences in a more realistic fashion, be it academic pressure, friendship/relationship worries, financial concerns and so on. This is a welcomed moment! Now we can visualize someone who is ready, willing and able to be in touch with their emotions and recognize the need to reach out for support. This can be an uphill struggle for emerging adults who don't want to disappoint. Remember, they remain vulnerable and sensitive to praise and criticism despite this outward appearance of emerging adult. As parents we can do a great deal to help them navigate any obstacles they may encounter without remaining so much in the forefront of their lives! Once they know that your support is consistent they can discover a world full of possibilities and, in turn, discover themselves!

HARNESSING SEAWATER AND SOLAR POWER IN SOUTH AMERICA'S DRIEST DESERT

Between the Andes Mountains and the Pacific Ocean is the Atacama Desert in Chile

- the driest non-polar desert in the world. Now, Valhalla, a Chilean company, plans to build a 300-megawatt solar and hydropower plant, there claiming Chile's unique coastal geography makes it an ideal location for a solar and hydropower plant. During the day, the plant will use solar power to move seawater up a tunnel to the top of a mountain, where the water will be stored in a natural reservoir. At night, the water will be released back down, generating power as it falls. This way, the plant can generate power day and night. Pumped storage hydropower plants are not a new concept, but utilising solar power to pump the water is and because there are natural depressions believed to be very ancient lakes, reservoirs will not have to be built at the top of the mountain.

BRITAIN'S "FIRST AMPHIBIOUS HOUSE"

Located on the banks of the River Thames in Buckinghamshire's town of Marlow, the flood-resistant Amphibious House is designed to float and rise with the water levels during times of flooding. Clad in zinc shingles and high-performance glazing, the unique house rests on fixed foundations that are separated to allow the structure to float upwards when the River Thames overflows its banks. As floodwaters fill the fixed "dock" beneath the three-bedroom home, the water levels push the buoyant house upwards. To ensure that the home doesn't float away, the structure is attached to four guideposts that extend upwards and allow for a 2.5-meter-high floodwater clearance.

BOY AND DUCK ARE BEST FRIENDS

The little boy is about a year and a half old now and Beaker the duck - known as Bee for short - has been Tyler's best friend since he joined the Texas household as a wee duckling, around nine months ago. According to the boy's mother they play, eat, nap, etc. together and first word the boy spoke was Beaker "was easy to train with a harness" and Beaker wears a Nappy while he is in the house though he sometimes yanks his off". The two best friends have together grown into a pair of adorable toddlers and naturally Bee begs for food while Tyler is eating — and Tyler obliges. The duck is also very protective of his little human his mother says to the extent that when he cries Bee is at her feet quacking, making sure he's not hurt". Tyler's mother has kept pet ducks for many years. She's even had a dozen or more of them at a time but by their own choice they've mostly been outside pets until Bee, Tyler's mother says Bee is just as loyal, smart, and sweet as any dog or cat.

INNOVATIVE NIGHTCLUBS ARE INVITING "AROMA JOCKEYS" TO SMELL THE PLACES UP

Ever since smoking was prohibited in night clubs, customers have increasingly noticed other unpleasant smells present in the club - like body odours, and researchers in Europe thought they'd try to cover them up. The researchers measured the effects of peppermint, for example, on dancing activity and asked people to rate their energy level. They found that with peppermint scent, people felt more cheerful and danced more, and so, "environmental fragrancing" may be expected to have a positive effects on club revenue" according to the scientists. The business community caught a rumour of this and

thought maybe peppermint smell would get their secretaries to type faster. And it worked! There was improved performance on clerical tasks associated with the administration of peppermint odour.

FOOD HAS EVENTUALLY ARRIVED TO THREE BESIEGED TOWNS IN SYRIA

Since October, approx. 60,000 people have been trapped without food in the three Syrian towns of Madaya, Fouaa and Kefraya. Fortunately, on January 11th, trucks led by the United Nations World Food Programme (WFP) arrived with 500 tons of desperately needed food and other supplies. However, along with delivering critical aid to families now, more needs to be done to end the Syrian crisis. That's why humanitarian agencies like WFP released a global call to action for citizens worldwide to speak up and demand an end to the violence. Today there are 13.5 million individual human beings within Syria whose lives and futures are in jeopardy, that is one reason why leaders of humanitarian organisations and UN agencies - appeal not only to governments but to each of us - citizens around the world - to add our voices in urging an end to the carnage. To urge that all parties reach agreement on a ceasefire and a path to peace.

MAN BUILDS A COZY SHELTER FOR NEIGHBOUR'S CAT

When a Cleveland resident, saw a neighbour's cat who had apparently been left outside during a freezing cold night, he wanted to do something to help keep him warm in case it happened again - so he built a cat shelter. Following instructions he found online, the man crafted a shelter out of two large storage containers, with about one third of one end removed, he then placed insulation between the boxes before storing one of the plastic box inside the other and added bedding with more insulation. Afterward, he placed the shelter near his house as a welcome refuge for the neighbour's cat, or any other in the area who may have been left outside. When asked why he would go to the time and expense of putting the shelter together for another person's pet, his answer was simple: "I love animals."

SPECIAL DAY OF DIWALI CELEBRATES DOGS

Every year close to the end of October or in the month of November, millions of Hindus around the world celebrate Diwali, or the Festival of Lights. The holiday signifies the victory of good over evil with preparations and celebrations that typically last five days. In Nepal, one day of the festivities is set aside to celebrate the relationship that humans have with their canine friends. Over the five-day celebration, Hindus give gifts and tell stories.

But on the second day, it all goes to the dogs. It's called Kukur Tihar or Swanti in the Newar region. And it's a day to pay homage to dogs and their loyal companionship. On this day, dogs are given garlands of flowers, a mark on the forehead called tika, and all of the delicious food they can eat. Canine companions are also anointed with a red powder on their heads as a sign of their sacredness. And the best part is that all dogs are given the royal treatment - pets and strays alike. On Kukur Tihar, Nepal goes completely to the dogs. And dog lovers around the world celebrate. Diwali is celebrated all over India as it marks the return of Hindu god Lord Rama to Ayodhya in northern India after he defeated Ravana, the powerful demon king of Lanka. Diwali is also celebrated in honour of Lakshmi, the Hindu goddess of wealth and prosperity. It is believed that goddess Lakshmi, signifying prosperity, showers her blessings upon those homes that are clean and well lit. Some residents in northern Jammu and Kashmir state vowed to go eco-friendly this season.

"We light candles and earthen lamps and celebrate Diwali. This year we will not burn crackers because we want the festival to be eco-friendly where we do not feel like polluting our earth," said a resident, in Jammu city.

WORLD'S FIRST VERTICAL CABLE CAR IS EXPECTED TO BE OPEN FOR BUSINESS THIS SUMMER

Construction is finally nearing completion on the British Airways i360, a sleek 162-meter-tall tower with a glass viewing pod that, when complete, will be both Britain's highest moving observation tower and the "world's first vertical cable car." Located just outside the capital near the beach in Brighton, the observation tower will whisk visitors up to a height of 138 meters and offer views across the English Channel, the coastal Sussex landscape, and surrounding town, on a clear day, the pod will offer 26-mile visibility in all directions. The same firm behind the London Eye designed the British Airways i360. But unlike the London Eye's Ferris Wheel setup, the British Airways i360 looks more like an amusement park drop tower. The 18-meter-wide glass pod enclosure that rings the tower will be ten times bigger than a London Eye viewing car and is designed to hold up to 200 people at a time. French lift specialist Poma designed the pod's drive mechanism and control system. A restaurant located at the base of the tower will serve locally sourced food and drink but it might be wiser to wait to order until the viewing part is over!

PONSO - A MIRACLE SURVIVOR ABANDONED BY NYBC

For more than 30 years, Ponso the chimp has

been living on a deserted island off the Ivory Coast. He has no source of food or water, and his companions all died years ago. But thanks to one man, he's alive. For several years, a villager named Germain, despite his limited income, has stopped by to drop off food for the lonely chimp. While the diet of bread and bananas isn't enough for the roughly 40-year-old chimp to thrive, it's kept him alive - and it's clear from photos he shows his gratitude to his saviour. All his companions are dead, many of starvation and disease and now a coalition called SOS PONSO has formed to provide emergency relief and Ponso is now receiving deliveries of fresh food thanks to this coalition and donations from caring individuals. Yet Ponso's sad plight is nothing compared to his sad past. For years, he was used in painful tests by the New York Blood Centre, which conducted hepatitis research using scores of chimps, many of whom were captured from the wild. While trapped in the labs, the chimps faced dozens of biopsies and anestheticxations apiece. One lost her eye when researchers shot her in the face with a dart; another had only one arm after he was hit with a bullet meant for his mother - poachers killed her so he could be kidnapped for the lab. Mothers lost their young time and time again; other chimps strangled themselves at the research centre, where for many years they lived chained by their necks to jungle gyms. Yet when the tests were over, NYBC decided to abandon the chimps, dumping them on a string of islands near Liberia like the one Ponso lives on. They had no source of food or fresh water, and many died soon after from disease and starvation. Within months, half of the mistreated animals were dead or missing. The nine survivors were relocated. A short time after, five more of them were dead. Ponso was the sole survivor, along with his mate and their two young. But the rest of his little family died within days of each other in 2013. Germain, the villager who had been feeding them, reported that Ponso helped bury his family by throwing earth on them. Since then, the elderly chimp - who's at least 40 years old - has been living out his days alone and abandoned on the quiet little island, waiting for death, alone, crying and responding intermittently to the cries of wild chimps. And just when it seemed things couldn't get any worse for the abandoned chimps, it did. NYBC was keeping the larger colonies of chimps alive by dropping off food and providing them with vaccinations. But last year, NYBC announced that they were cutting off all support to the chimps, including one island that's home to 60 to 70 animals, willingly leaving them to starve to death. The centre argued that since it was under no legal obligation to care for them, it was fine to let them die. NYBC is registered a non profit yet brought in an estimated \$400 million thanks to research the chimps were used for. It's abhorrent that an organisation with hundreds of millions of dollars in revenue and assets has left Ponso and the Liberia chimps to die.

A WORD OF VICTORY

Welcome back dear reader following on from last week - we talked about speaking God's Word over our own lives to see negative situations change. It takes faith to proclaim God's Word and promises over gloomy circumstances and you may feel that your faith is not strong enough to achieve results. This is not true - we have all been given a "measure of faith" (Romans 12:3) from the Lord and just like any small muscle that needs to be built up, our faith needs to be worked out for it to grow. At this time of year all over the world people are flocking to gyms and exercise classes trying to get unused flabby muscles fit again, in the same way we need to get our faith 'into shape' in order for us to see negatives turned into positives. I don't know about you but personally I don't relish the thought of having to exert myself and work off the flab after Christmas but once I start exercising I see results in my fitness levels and my health. It's exactly the same with our faith - take small steps and trust in the Lord He will help you (Proverbs 3:5-6). In Hebrews 11:3 we read that "now faith is the substance of things hoped for, the evidence of things not seen". Faith is the anchor to hope that carries us through hard times and brings us to the other side when what we have been believing for manifests in our lives. Jesus told His disciples that it was easy for them to believe in Him because they had seen Him with their own eyes but "blessed are those who have not seen and yet have believed" (John 20:29) Don't knock your faith friend, God loves you and your faith in Him pleases Him greatly - "He is a rewarder of those who diligently seek Him" (Hebrews 11:6). Seek Him today and watch your life change for the better! More next week....

NOVENA TO THE SACRED HEART

You have said O'Divine Jesus ask and you shall receive, seek and you shall find, knock and the door shall be opened to you. Relying on these promises I come with confidence during the novena to beg of you the favours that I need (make request). From whom shall I ask, Lord Jesus, if not from you whose heart is an unfailing source of graces and merits. Most loving heart of my God I believe in your power, I believe in your knowledge, I believe in your personal love for me and therefore O Sacred Heart of Jesus I place all my trust in you. Our Father, Hail Mary and Glory. Say 3 times for 3 days and request will be granted. Never know to fail. Must publish.

MEMORARE TO OUR LADY OF LA SALETTE

Remember Our Lady of La Salette, true Mother of Sorrows, the tears you shed for us on Calvary. Remember also the care you have taken to keep us faithful to Christ, your Son. Having done so much for your children you will not now abandon us. Comforted by this consoling thought, we come to you pleading, despite our infidelities and ingratitude.

VIRGIN OF RECONCILIATION

Do not reject our prayers, but intercede for us, obtain for us the grace to love Jesus above all else. May we console you by living a holy life and so come to share the eternal life Christ gained by his cross. Amen.
