## ENDA KENNY TO BE HONOURED IN KILLARNEY TODAY

ENDA KENNY WHO WILL BE INDUCTED INTO THE ORDER OF INNISFALLEN, TODAY, FRIDAY, DECEMBER 1.

Killarney will this week bestow its top honour on former Taoiseach and Fine Gael leader, Enda Kenny, who will be inducted into the Order of Innisfallen, today, Friday, December 1.

The longest serving TD in Dáil Éireann and one of the most successful politicians of his generation, his contribution to life in Ireland will be celebrated at a reception in Killarney House which was extensively reconstructed and refurbished, at a cost of approximately €10 million, during his term in office.

The award will be presented by Mayor of the Killarney Municipal District, Cllr Niall Kelleher, and Killarney Chamber of Tourism and Commerce President, Paul O'Neill.

Mr Kenny will be honoured in recognition of the wonderful service he gave to his country and to acknowledge the fact that he has been a great friend to Killarney down through the years.

The former Taoiseach and Fine Gael leader spearheaded the administration that was responsible for reducing the tourism VAT rate to nine per cent and, by that act, he helped create and safeguard thousands of jobs in the country's most important and vibrant industry.

Mr Kenny has great affection for and close bonds with Killarney. He has a holiday home in Kilcummin and visits the area at very regular intervals, enjoying walks on the mountains, cycling through the countryside, visiting relatives, playing golf and taking part in the Ring of Kerry charity cycle every year.

A native of Co Mayo, Mr Kenny was first elected to the Dáil in 1975 following the sudden death of his TD father, Henry, and over the past 42 years he served as Minister for Tourism and Trade, Minister for Youth Affairs, Minister for Defence and he became the longest-serving leader of Fine Gael, holding office from 2002 to 2017. He was elected Taoiseach in 2011 and remained at the helm until he stepped down in June of this year.

Mr Kenny is married to Fionnuala O'Kelly – who has strong Killarney links – and they have two sons, Ferdia and Naoise, and a daughter, Aoibhinn.

The Cairde Chill Arne Order of Innisfallen awards scheme is a joint initiative between Killarney Chamber of Tourism and Commerce and Kerry County Council. It was established in 2005 to recognise outstanding contributions of people to the economic development of the town and its tourism industry. Those selected for the honour are invested as Members of the Order of Innisfallen.

Previous recipients include actor Michael Fassbender, entertainer Daniel O'Donnell, industrialist Isolde Liebherr, tour operators Brian Stack, Linda Roberts and Brian McColgan, travel writer Susan Poole, former ministers John O'Donoghue and Jimmy Deenihan and tourism official Margaret Cahill. Innisfallen Island is one of Killarney's best-known and most historic heritage sites. It began as a place of healing and became a major centre of learning where the Annals of Innisfallen, the oldest contemporary source of the history of Munster, were scripted.

# MONEX SCHOLARSHIP GIVES KILLARNEY UCC STUDENTS A FINANCIAL 'HEAD START'

The first recipients of the Monex Scholarship Program have been announced. Three Killarney students have each received funding to support their degree studies at UCC's Cork University Business School (CUBS). CUBS is one of the largest business schools in Ireland with the greatest number of fulltime undergraduate students.

The Monex Scholarship Program, launched in April this year by Kerry based Monex Financial Services is designed to support college education expenses for successful applicants accepting a CUBS course.

Students can receive financial support of up to €3,000 per student.

The three Killarney secondary schools involved in the Program are; St. Brendan's College, St. Brigid's Presentation Secondary School and Killarney Community College which each played an important role by promoting the Program to its 5th and 6th year students and assisting with the Scholarship evaluation process. In his role as UCC Adjunct Professor, Monex CEO, Frank Murphy, regularly engages with the CUBS faculty and student body. This involvement inspired the Scholarship Program concept. Frank, a BComm graduate of UCC, comments "The cost of supporting a student in college can be a major burden for families. We hope our Scholarship Program can assist to alleviate some financial concerns and allow the students to focus on their degree"

He continues "I was very impressed to meet the

MONEX SCHOLARSHIP PROGRAM RECIPIENTS CIAN A. O'SULLIVAN (UCC BUSINESS INFORMATION SYSTEMS STUDENT AND FORMERLY OF ST. BRENDAN'S COLLEGE), KAYLA MCCARTHY (UCC ACCOUNTING STUDENT AND FORMERLY OF ST BRIGID'S KILLARNEY) AND PAUL BROSNAN (UCC ACCOUNTING STUDENT AND FORMERLY OF KILLARNEY COMMUNITY COLLEGE) SEATED WITH FRANK MURPHY, CEO, MONEX. students and witness their determination and focus. They represent the positive attitude of young people. I'm sure they will be excellent ambassadors for the Monex Scholarship Program particularly in terms of organisation, work ethic and dedication. We hope to keep up to date with the students' progress in liaison with the UCC team"

## WHO ARE THE BRAINS OF THE PARISH?

### New fun quiz league to support Fleadh Cheoil Chiarraí in Milltown

So who are the sharpest quiz masterminds in the parish of Milltown-Listry? With preparations for the County Fleadh Cheoil in Milltown next summer ratcheting up by the week, organisers are getting the fundraising ball rolling with a series of fun quizzes in the locality to find the 'Brains of the Parish'.

The first in a new multi-quiz league will be held in Larkin's Bar in Milltown on Friday next, 1st December at 8pm and a great night's entertainment is assured. It's the first of six quizzes to be held in local bars on the first Friday of each month from now until May, just a month before the Fleadh Cheoil in June.

'The Fleadh is a major festival costing tens of thousands to run and which requires significant funding and investment so we're kicking off with these quizzes to get the momentum going but also to give people a few good nights out,' said Fleadh Cheoil chairman, Owen O'Shea. 'The local bars which will host the quizzes have all come on board to show their support which is greatly appreciated. And we're hoping to announce some big names for the Fleadh over the coming months so all support will help.' Teams of four can enter each quiz for €40 per night but the hardcore quiz buffs can enter all six quizzes for a special rate of €200

ANNOUNCING DETAILS OF THE 'BRAINS OF THE PARISH' FUNDRAISER FOR THE COUNTY FLEADH CHEOIL IN MILLTOWN, COMMITTEE MEMBERS CHRIS HORAN, DEIRDRE O'GORMAN AND TURLOUGH O'BRIEN.

with one night free. There will be something for everyone with a few interesting twists and turns along the way. The overall winner will pick up a very special prize and the team will be crowned with the coveted title of 'Brains of the Parish'.

'We are asking local businesses, groups and organisations to sponsor a team for the quizzes and in that way to make their contribution to the festival. All such sponsorship will be acknowledged in the programme of events

and publicity material. And if you can't commit to the full six quizzes, then you'll be welcome on any of the nights which will be advertised locally,' said Owen. 'We have a few surprises in store and it will be a quiz with a difference,' he said.

Over the coming months, the quizzes will take place on the first Friday of every month at 8pm in O'Shea's Bar, the Plough Bar, Langford's Bar, Karl J's Bar and the Faha Court Bar at Killarney Country Club.

# THE BREHON TO HOST THEIR ANNUAL CHRISTMAS PARTY

What's thirty-foot-tall, has over three thousand lights and can be seen all the way from the North Pole?

The magical Christmas Tree at The Brehon will once again be the centre of attention at the annual party in aid of St Vincent de Paul which takes place on December 7 at 5pm. Santa Claus will take time out from his busy schedule to visit the hotel for the special party and, as guest of honour, will turn on the Christmas lights.

Children big and small are invited to attend The Brehon Christmas Tree Party to meet Santa and to see the giant tree. The Gleneagle Concert Band and The Presentation School Choir will perform all your favourite Christmas carols and tunes. There will be tasty treats, hot chocolate, mulled wine for Mom and Dad and lots of surprises in store.

The Brehon Christmas Tree party is organised in aid of St Vincent De Paul and anyone who wishes to donate to this worthy cause can bring new or unused toys to The Brehon on December 7 or make a cash donation on the day.

## Helicobacter Pylori

**Helicobacter Pylori** is a bacterial infection is the most common cause of Stomach (Gastric) and Duodenal (the tube draining from the stomach) ulcers. It can be diagnosed by a breath test (available at your GP or some pharmacies) or from a biopsy sample taken during a Gastroscopy (camera into the stomach). There is also a blood test which is no longer considered accurate as it is unable to accurately differentiate between previous or current infection. A stool (faeces) antigen test is occasionally available. For these tests to be accurate you cannot have taken antibiotics for four weeks or acid suppressant medication for two weeks before. Over 40-50% of the population has Helicobacter and it is more common in developing countries. Unless treated the infection usually persists as the individual is unable to clear it themselves. That said not all cases require treatment if the patient does not have symptoms.

### What issues arise?

Many have no symptoms or complications.

Gastric and Duodenal Ulcers 3 in 20 people who are infected will develop an ulcer. An ulcer occurs when the lining of the stomach or duodenum is damaged by the acid production in your stomach. To the naked eye it looks like a small red raw crater on the surface of the stomach lining. The exact way Helicobacter causes this is uncertain but we believe it disrupts the balance between the amount of acid production and the protective layer the lining usually maintains against this. This process is called gastritis and can leave to other issues such as poor Vitamin B12 absorption and resulting deficiency.

Non ulcer dyspepsia occurs when you have recurrent bouts of indigestion (dyspepsia) which are not caused by ulceration or inflammation (gastritis). Helicobacter can co exist in these individuals but frequently is not the cause of their symptoms so treating it only helps in a small number of cases. People who have non ulcer dyspepsia should eat slowly, avoid too large portions, chew their food properly and sit upright at a table while eating and afterwards. Some people inadvertently swallow air (aerophagia) while eating which will cause dyspepsia.

### Treatment

Helicobacter is killed by certain antibiotics. In recent years antibiotic resistance means previous recommended regimens are no longer effective and current regimens may require a 'test of cure'. Typical you must take 'Triple Therapy' which consists of 2 Antibiotics together and a third tablet called a Proton Pump Inhibitor to reduce acid production. Your stomach can feel more upset than ever while taking these unfortunately.

When taken as prescribed eradication is successful in up to 90% of cases. In a small percentage a second line treatment of Triple therapy is required with alternative antibiotics.

### Special considerations

Most new cases of significant symptoms in an over 40 year old and all new cases of difficulty swallowing, unexplained anaemia or weight loss are not suitable for breath testing in the community solely and will also need formal Gastroscopy to further investigate the cause of their symptoms.

### Barret's Oesphagus

This is when the lining of the lower end of the oesophagus changes in response to chronic acid reflux and becomes very inflamed and may have some precancerous cells in it. This can only be diagnosed by gastroscopy and if identified will require ongoing surveillance to monitor for any changes. The risk of progression remains very small but nonetheless follow up is essential.

### Over the counter Proton Pump Inhibitors

Many of these are available to reduce acid production. If only required very intermittently (ie after a meal out or over Christmas!) this is quite an acceptable way to use these medications. If you find you need a tablet most days, or daily to control symptoms of reflux or heartburn, further investigations are required and you should see your doctor.

# KILLARNEY CELEBRATES RETAILER OF THE YEAR AWARDS

Killarney Retailers gathered for a night of celebrations on Thursday night for the 2017 Killarney Retailer of the Year Awards at the International Hotel. The Killarney Retailer of the Year Awards, sponsored by AIB, were organised by the retail members of Killarney Chamber of Commerce and saw Killarney retailers working together to gain an insight into the shopping experience for customers in Killarney.

Killarney Retailers held their heads high as retail consultant group CREST reported back on their experience of shopping in Killarney. Commissioned by the Killarney Retail Group, the retail arm of Killarney Chamber of Commerce and Tourism, Crest spent much of October carrying out mystery shopping trips a host of participating stores throughout the town.

Michele Cawley of CREST Mystery Shopping said:

“We were delighted to be involved in judging The Retailer of the of the Year Killarney 2017. My team of Mystery Shoppers were elated by the very high standard of retail and customer service standards that they experienced in Killarney. They found Killarney to be a pleasure to visit with a wonderful mixture of independent retailers and coffee shops. As well as the interesting, unique and exciting retail mix, my shoppers could not get over the friendliness and warmth of the staff members they encountered in each of the businesses.

When analysing the results, we found that Killarney’s combined average was between 3% to 5% higher than the national average. We know this because we recently audited the prestigious Retail Excellence Awards which saw 600 stores nationwide take part.”

First prize on the night went to “Scarlett” on Scott Street, while second and third places went to “J MAC I.T. & Office Solutions” and “Dalys Supervalu” respectively.

“As a retailer, mystery shopping provides you with a unique insight into your store and the experience you offer to customers and, more importantly, how you can improve on it”,

Annemarie Kennelly of MD O’Sheas told the Killarney Outlook.

Tanya O’Shea of Eason Killarney commented, “The feedback from this exercise has been

exceptionally positive. It was fantastic to see so many retailers taking part and it shows how committed Killarney Retailers are to ensuring a superior experience for our customers”.

# COISTE NA NÓG CHIARRAÍ CELEBRATE 50 YEARS

Over 50 years ago, Gerald McKenna, the current President of Kerry GAA, proposed at the 1966 County Convention that Kerry, who were struggling at the time, set up a juvenile system. A room in the KCYMS building in Denny St. was the venue for the first meeting meeting a handful of stalwarts in 1967. 50 years later, many of the same people were in the Gleneagle Hotel in Killarney, joined by the officers who succeeded them down through years in building Kerry Bórd na nÓg, now Coiste na nÓg, into Kerry's record juvenile success in recent years. Proceedings opened with a mass by Fr. James Linanne, the corner stone of the whole organisation, for deceased members. Jerome Conway, Chair of both Bórd na nÓg and the Senior County Board, was MC as Munster Chairman Jerry O'Sullivan, Vice-Chairman Liam Lenihan, County Board Chairman Tim Murphy, Johnny O'Sullivan of Lee Strand (great sponsors and supporters since 1985) and another former Chairman of Coiste na nÓg Johnny Brosnan paid tribute to Coiste na nÓg and the many people who had seen the handful of juvenile games back in 1967 grow to over 1000 games in both hurling and football 50 years later. There was special applause for two of the greatest exponents of those codes on the night, Kerry footballer Colm Cooper and Kerry hurler John Griffin. Current

Chairman of Coiste an nÓg, Tom Keane, closed out proceedings before all former Officers were presented with commemorative slate mirrors to mark the occasion. A booklet outlining a brief history since 1967 was distributed on the night.

"We are delighted and very proud to be able to thank to all the people who worked so hard to make Coiste na nÓg what it MCs today, and of

course to all the great people in the clubs who continue to do so, and we greatly appreciate The Munster Chair and Vice Chair and County Board Officers who came here to deny to show their appreciate as well. It has been a great night, a fitting commemoration after 50 years, and we are very grateful to everyone who helped to make it happen", Chairman Tom Keane told the Killarney Outlook.

**WHY SHOULD YOU REVIEW YOUR PENSION?**

As you have probably seen or read in the news recently pensions are being discussed very often. This shows how important pensions are, so if you have a pension it is very important that that you review your pension regularly. You may or may not be contributing to your pension anymore but it still needs to be reviewed. You need to know what kind of pension you have and what funds your pension is invested in. Your pension could be invested in very high risk funds which means that the value of your pension could substantially decrease or substantially increase over a very short period of time. You also need to look at the fees and charges associated with your pension, there may be more competitive options available to you where the fees and charges are less. If you do not review your pension you will not know if your pension is increasing or decreasing in value or if your pension is on track to get you the income you need at retirement. So whether you are currently contributing to a pension or have a pension that you paid into in the past it is very important that your pension is reviewed by an independent advisor regularly.

## RATHMORE/GNEEVEGUILLA

### NEWS by Michael O'Mahony

#### RATHMORE COMMUNITY COUNCIL

Christmas lights & tree are going up on this Saturday & Sunday 2nd & 3rd December. 2017 We really need volunteers to help as we have extra street lighting this year we meeting at 9:30 at the community centre. Can you spread the word, ask a friend to come along with you to help, ask your boss, your neighbour etc. please spread the word. Mr. Liam Flynn from Millstreet outlined a proposal which would very much enhance our town over the Christmas period. Unfortunately the proposal would involve significant expenditure in year one but not quite as costly in year two and subsequent years. Year one brackets would cost €50, trees are €15 and lights €22, putting up and taking down €40. Initial cost of €120. For those who already have brackets, trees and lights can be supplied for €70. He has agreed to leave prices as last year. While we feel that it is not easy for people to find money for everything in these times we feel that this is a project worth recommending but it is up to people themselves. If you are interested please ring Liam on (087) 638 0053 or (029) 70 397, Michael O'Mahony 0876676817, or any member of Rathmore Community Council.

## FOSSA NOTES

#### FR. GALVIN CUP

Fossa played Listry in the Fr Galvin Cup final in the Fitzgerald stadium this afternoon. Played in tough, cold, wet conditions both teams served up a great game of football. Fossa started very well and led by 3 points after five minutes thanks to three quick scores from David Clifford and a free from Tadgh O'Shea.. Listry were battling hard but Fossa were in control in all areas of the pitch, they added further scores through Paudie Clifford and a peach of a point from Tadgh O'Shea from out in the wing. In spite of having a lot of possession and having the aid of the wind the scores were hard to come by, however, cometh the hour cometh the man, up steps David Clifford to bury a fantastic goal in the 29th minute to put some daylight between the sides. Listry did score a penalty in injury time to leave the score at half time, Fossa 1-07, Listry 1-04. The second half was similar to the first, Listry took the game to Fossa but Tadgh O'Shea kept the scoreboard ticking over with two frees. Then in the space of five minutes David Clifford scored three points to give his side some breathing space and in the 27th minute the same man scored an absolutely brilliant goal after great build up play from out the field. David Osterloh completed the scoring with a fine point to leave Fossa comprehensive winners on a score of 2-13 to 1-09. This was very much a team performance where everybody played their part, it was a mix of experience and guile from the older players and work rate and brilliance from the younger ones. Derry O'Sullivan brought all his experience to corner back, Mark Dennehy had a magnificent game at centre back, covering every blade of grass and marshalled a very steady defence. Fintan Coffey

*Truly in a world of its own*

brings steel and experience to the middle of the pitch, the forwards work very hard to make space for the inside line where Donald O'Sullivan brings guile to complement Tadgh O'Shea and there aren't words to describe what David Clifford can do on a football pitch. While his brother gets all the headlines, Paudie Clifford is a rare talent. He plays the game on his own terms, almost in slow motion to everyone else, seeing the defence splitting pass and finding space where there appears to be none as all great players do. It was a great end to the season for players and management who have put a huge effort into the past few months, silverware makes it all worthwhile!

## BUSINESS IN THE COMMUNITY

On Wednesday 22nd November 2017, TY students visited local business Marks and Spencers as part of the Schools’ Business Partnership. Throughout the morning the students received an informative talk from Mr. Paul Daly (Manager) at the store who explained to them the product life cycle of some of their products. He explained to the students when a delivery is received and the steps that happen next in order for it to be available on the shop floor whether it is in the fashion or food hall department. He gave the students the task of dressing a mannequin for an occasion which was one of the activities that the students thoroughly enjoyed. The morning was assisted by Mr. Kieran Fenton and Ms. Noreen Lyne staff at Marks and Spencers who gave information about their particular job.

The Schools’ Business Partnership is an education inclusion programme that partners schools with business. ## DEERWATCH.IE ACCEPTED FOR YOUNG SCIENTISTS EXPO

Three second year students at St. Brendan's College, Killarney are undertaking an exciting project which has been accepted for this year's BT Young Scientists competition.

The project aims to reduce the risk of Deer collisions on our roads in three strands:  
 Information, Surveys and Risk Locations  
 Investigate Deterrents in the field  
 Prototype low cost effective Smart Signage  
 Darragh Fleming, Colm Looney and Ethan O'Neill need the public assistance with one strand of their project – crowdsourcing the location where deer present a possible public safety hazard in the county.

Members of the public can use smartphone and web technology to help students identify the locations and times where deer are on

or near our roads, creating risk for deer and vehicular traffic safety.

This information is then used for testing deterrents and mapped as part of a road

safety assessment which will be shared with stakeholders in road safety in the county – Kerry County Council, An Garda Síochána, T.I.I. and the Road Safety Authority.

It is hoped to use public observation with other hard information to determine the location of future Vehicle Activated Digital Signage – which the project is also researching.

Deer Sightings can be recorded using the project website DeerWatch.ie and from smartphones by downloading the free Ushahidi crowdsourcing App and downloading the DeerWatchy deployment, which will allow “out and about” members of the public report sightings using easy to use smartphone technology with GPS aided locations and photo upload capability.

### COUNTDOWN TO CHRISTMAS

As the countdown to Christmas draws nearer I know a lot of you are really looking at your diet and lifestyle in that last ditch effort to shed a few pounds and look your best for Christmas. But remember weight loss is a journey and not just a quick fix. The key to long term success is sticking to it! Be patient and even the slowest weight loss can result in the most lasting changes as you make long term concrete changes to your eating and exercise regime. It can take time to change old bad habits so be gentle and stick with it and you will soon see the benefits. Usually when you see the weight dropping and your energy increasing it becomes a no brainer after this and then I usually see a clients weight loss accelerate as they really get into it and start believing they can do it.

Currently me and my members are nearing the end of our weight watchers weight loss/ Inch loss programme for Xmas. Everyone is seeing fantastic results, some fast and some slow but all in the right direction. Breda has given me the following message to help everyone on their journey ; "Three key points Attitude, Food & Exercise. Everything comes from the mind. The mind believes everything you tell it. Be ready to go the distance because change takes time. Point your food if counting or eat the foods on No Count. Write it all in your Tracker. Keep you exercise going it will speed up your metabolism and burn calories. It will also keep your body strong and toned. We all want the same thing but we are all individuals with different lives and different shaped bodies so don't compare. Lastly do this for you."

Next week some tips for the holiday/ party season as it is almost upon us.

## OUTLOOK FASHION

### Jewellery Can Multi-task!

You would be amazed at the multiple uses of brooches. A chain through a brooch suddenly makes it a necklace. Or pin it on a bag to glam it up. Or on a hat to give it a finishing touch. Similarly, you can wrap a chain around your wrist to get that statement bracelet look.

### EASE YOUR WAY INTO THE FESTIVE SEASON!

I have fond memories of spending Christmas day at my aunt's house. Everything was always just beautiful so it seemed so odd to see my aunt in a high state of stress and anxiety. She would have been up since five am cooking, cleaning, arranging, fretting, and inwardly panicking about the day. Prior to the day she would have been shopping, organizing, wrapping presents, sending cards, organizing people and pushing herself into a state of high anxiety.

I remember that she would breathe a sigh of relief after Christmas lunch was eaten and had been pronounced "wonderful!" She would sit back in her chair and exclaim, "Thank goodness that's over for another year and it went okay!" This always made me feel odd. She seemed to have suffered and stressed herself out so much – all to give us the "perfect Christmas!" It didn't add up or feel right. While we sat and ate a wonderful meal she wasn't enjoying it at all and was only too glad when it was all over! We would have loved whatever happened on Christmas day... we just adored being all together! What my aunt didn't realize that even if everything had gone completely wrong it would still have been the "perfect Christmas!"

So, this year, if you find yourself rushing around or worrying about creating the "perfect Christmas," just stop and remind yourself that there is no such thing as the perfect Christmas – only the perfect FEELING about the Christmas you have!

#### LISTOWEL CELTIC B 2

We got off to a dream start when Sean O'Brien found himself in space on the edge of the box in the first minute. He unleashed a curling left leg shot into the top corner. The keeper got his fingertips to it but couldn't keep it out. On 20 mins we found ourselves 2-0 up. Left back Cian Myers volleyed brilliantly past the Listowel keeper after a corner by Sean O'Brien. We had a chance to make it 3-0 on 22mins but Eoghan Bolgers penalty was well saved. Eoghan made amends soon after to make it 3-0. We were awarded another penalty just before half time and Eoghan calmly slotted it home to claim his second goal. Listowel rallied and scored seconds later to make it 4-1 at half time. On 40mins Sean O'Brien unleashed another long range effort. This time with his right foot to score our fifth. Listowel responded with another goal to make it 5-2 with 15 mins to go. likes of Curie, Darwin, Einstein, da Vinci & Walton. We hope that we can bring a discussion of STEAM, and the amazing possibilities it has offered, and continues to offer (for both genders), to the soccer pitch. We dream of children going home, thinking "da Vinci scored a cracker against us today. I wonder who he was", looking up Wikipedia or YouTube and becoming enthralled with the amazing achievements of the king of STEAM", Donal told the Killarney Outlook.

Designer Minds operate Science, Design & Technology after-school clubs and Camps for Primary school children throughout Munster

and Galway. We focus on getting the children hands-on with the latest and greatest kits and equipment, to complete fun and educational activities, like: Coding Art, Extracting DNA, Robot Racing, Graphic Design, Slime making, and so much more. [www.designerminds.ie](http://www.designerminds.ie)

"At Designer Minds, we recognise the importance of balance between physical and intellectual activities for children. All of our work is related to the learning side of children's lives, and we wanted to link our work in STEAM education with children's physical activities, while giving something back to our local community as our head office is in Furies, Donal added.

### NOTES

#### RESULTS

##### SENIOR B

**KILLARNEY ATHLETIC B 1-1 CASTLEGREGORY** Heartbreak for the blues as Castlegregory scored an equaliser with the last kick of the game. Excellent performance by our boys and a brilliantly taken goal by David Long.

Athletic going down 2-0 in the first half but pulled one back just before the break when Jason Kerins opened his tally for the blues with a great 30 yard strike. Second half started with Athletic taking the first goal of the half with Eoghan O'Sullivan scoring another great long range goal to equal it up. Athletic looked comfortable with some good passages of play with Damien Switzer latching to the end of a great team goal but a defensive error from a freekick late on left Killorglin in for the equaliser. Overall Athletic were the better team and were unlucky not to come away with the 3 points.

**BOYS UNDER 14 PREMIER** Park 2 Killarney Athletic 2. On a cold and wet Saturday morning these teams played a cracking game to warm the heart even if everything else was frozen. Park scored after five minutes and again after twenty three minutes. The second half was a totally different affair and Athletic were back in it from a close range effort from Sean Dineen. Roko Rudjucan levelled things from a free kick after twenty minutes. A good team effort with Alex Hennigan, Sean Dineen and Matthew Horgan doing well.

## DR CROKES SURRENDER THEIR PROVINCIAL AND ALL IRELAND TITLES

Dr Crokes surrendered their Provincial and All Ireland titles at Páirc Uí Rinn on Sunday last when going down by five points (0-16 to 0-11) to Cork standard bearers Nemo Rangers. The Killarney side could have few qualms about this defeat which would have been more comprehensive were it not for the bravery of both Shane Murphy and John Payne who between them prevented the flood gates from opening by preventing certain goals during the first half. The Cork side were rampant during that opening period and Dr Crokes were a relieved side to be still in the game, though four points adrift at the break.

The reigning All Ireland champions did have a good spell during the third quarter and reduced the deficit to two points but then a stray pass when in a good position gave possession away and Nemo broke for three quick points in as many minutes. When they were reduced to fourteen players soon after there was no way back for an off colour Crokes side.

It has been a long two years for the Kerry standard bearers who could never replicate the hunger they displayed when going all the way to Croke Park glory last year, however, with the pool of talent at their disposal, any talk of their demise in the domestic front here in the Kingdom would be very much wide of the mark.

**CREDIT UNION SENIOR FOOTBALL LEAGUE FINAL** The Credit Union Senior Football League Division 1 Final between Dr Crokes and An Ghaeltacht has been fixed for Sunday December 17th in Lewis Rd at 2pm. Dr Crokes, have home advantage having topped the points table.

**KERRY SENIOR FOOTBALL TEAM APPOINTMENTS** At Monday night's County Committee meeting, chairman, Tim Murphy informed delegates that Joe O'Connor will join the Kerry Senior Football Team set up as Head of Athletic Development.

Niall O' Mahony (Spa) will become the Senior Strength & Conditioning Coach.

Manager Eamonn Fitzmaurice (Finuge), will be joined by selectors Mikey Sheehy (Austin Stacks), Pdraig Corcoran (Dingle), Liam Hassett (Laune Rangers) and Maurice Fitzgerald (St Marys).

As part of the overall Strategy which was outlined previously the Chairman added that Kerry GAA are now commencing the 3 year programme of Supports not only for the Senior football team but for all intercounty teams to ensure a fully streamlined and co-ordinated programme is achieved.

**COUNTY FOOTBALL CHAMPIONSHIP**

### REVIEW REPORT 2017 IS ADOPTED

The Committee, under Eamonn Whelan, set up to review certain aspects of the Senior Football Championship presented their findings (below) to the County Committee on Monday night.

The Terms of Reference of the Committee was to examine the following;

- Timing of the championship
- Format of the championship
- Viability of some District Teams if their stronger clubs go Senior
- The Preliminary round

The recommendations of the Committee were passed, with one amendment in relation to the viability of District teams weakened when one of their stronger clubs goes Senior. Where the specified criteria for such teams is not met for their participation in the championship proper, the team will play in the County Championship Preliminary Round. Following a lot of discussion it was decided by a large majority to play the various Club Championships in block to a conclusion in April/May and to play the senior football championship on block following Kerry's exit from the All Ireland Championship.

**TIMING** The Club championships will be run together prior to the summer and the County Championship will be run after Kerry exit the All-Ireland.

**FORMAT** The committee were in favour of continuing with the existing format for the senior championship i.e. Christy Ring Cup format. Extra-extra time of 5 minutes per half to be played in the first round in an effort to improve the likelihood of getting a result on the day. Viability of some District Teams if stronger clubs go Senior

If a Divisional/District/Group team is reduced to three clubs or less following the promotion of one of its clubs to Senior at least one of the remaining teams would have to be playing at Intermediate or playing in Division 1 or 2 of the County League in order for them to continue to participate as a team in the County Championship.

If this criterion could not be met the Divisional/District/Group team will play in the County Championship Preliminary Round.

Upon re-entry to the championship the performance of the district/divisional team over their last five years of playing in either the championship proper or the preliminary round would be used to determine if they enter the preliminary round or the first round proper.

**PRELIMINARY ROUND;** If and when there is a preliminary round the bottom two performing teams over the five year period that

make up the preliminary round rather than the present system where the loser of the round is automatically in the preliminary round the following year.

If and when there is a preliminary round the committee recommends that the C.C.C. meet with representatives of both teams involved to discuss suitable dates for playing it. Following which the CCC will confirm date & venue.

Motions for Convention discussed at County Committee Meeting

There was a long discussion on Motions for Convention at Monday night's County Committee meeting. As usual, motions in relation to fixtures and competitions are dealt with at the final county committee meeting and many of the motions in relation to the various club championships fell following the earlier decision to support the recommendations of the County Championship Review Committee and play the Club Championships in April/May and the Senior Football Championship after Kerry exit the All Ireland Championship.

Extra time will apply to all Round 1 games in the senior football Championship in an effort to avoid replays and the various Club Championships will now be played with four groups of four with the top team going forward to the semi final and the bottom team going into a relegation playoff. This format will give at least three championship games to each club.

A motion from the Kerins O'Rahillys Club to increase the number of club teams participating in the senior football championship to twelve was defeated. A motion from Coiste Chontae looking for the Minor age limit to be reduced to 17 years for one year was defeated so the status quo remains in relation to minor league and championship. A motion looking for scoring difference to decide promotion and relegation issues in the senior football league was defeated.

The senior hurling championship will be played during the Summer months of June, July and August.

### FINAL - FR GALVIN CUP - EAST KERRY INTERMEDIATE CHAMPIONSHIP

#### FOSSA 2-13 AND LISTRY 1-9

The Fr Galvin Cup East Kerry Intermediate Final, sponsored by the Aquila Club, Gleneagle Hotel, saw Fossa and Listry serve up a good battle last Saturday in Fitzgerald stadium. Fossa proved the stronger with their defenders, midfielders and forwards dominating at different stages of the game. The Clifford brothers, Paudie and David, were outstanding and caused all sorts of trouble for Listry. The game started with a point, by man of the match David Clifford. Ronan Buckley replied with a point for Listry. Fossa raced into a 0-7 to 0-2 lead with 2 points from Tadgh O'Shea, David Clifford 2 points and Paudie Clifford a point. Listry then notched up 3 points without reply - Aaron McCarthy and Anthony Kennedy (2) on target, leaving the score Fossa 7 points, Listry 4 points. Then late in the half David Clifford scored a great goal, after a 40 yard solo run, giving Fossa a comfortable lead 1-7 to 0-4. However, Listry were awarded a penalty on the stroke of halftime, ably converted by Damien Clifford. Score at the break: Fossa 1-7 Listry 1-4.

At halftime both teams made a substitution. Fossa brought on David Ostelloh, while Listry introduced Derry Ahern. Listry started the second half well, with a point from Damien Clifford and had lots of play in the next 10 minutes. However, Listry failed to capitalise on their possession. Fossa weathered the storm and had a purple patch scoring 5 unanswered points - 2 from Tadgh O'Shea and 3 from David Clifford - 1-12 to 1-6, in favour of Fossa, on the 52nd minute. There were 2 Listry points from Derry Ahern and Ronan Buckley, before David Clifford, scored his second goal, in impressive style, provided by his brother Paudie. A point from David Ostelloh saw the score Fossa 2-13 to Listry 1-8, with 5 minutes remaining on the clock. Fossa used their substitutes bench in the last few minutes. Listry had the final say with a Gary O'Sullivan point. Full time score Fossa 2-13 Listry 1-9.

## DR. CROKES GAA CLUB NEWS MUNSTER CLUB CHAMPIONSHIP FINAL

Played in Pair Ui Rinn

Nemo Rangers 0-16 Dr Crokes 0-11

In a game in which we led twice in the first five minutes, we had to play second fiddle to our opponents over the hour. We were still ahead by a point after ten minutes but the next ten minutes of the game proved to be the defining minutes. In this period Nemo sent over six points without reply and went into a five point lead. We had two points in the next five minutes to reduce the lead but a point just before half time by the Cork boys gave them an

0-9 to 0-5 lead at the interval.

When Nemo added two points just after half time it put us very much on the back foot. We rallied strongly after that and four points without reply left us just two points in arrears going into the last quarter. Nemo however rallied again and three unanswered points in the first five minutes of this period put them five points clear. We tried hard to the end but both sides added on two points to give the Cork boys a 0-16 to 0-11 victory.

Our Congratulations to Nemo Rangers on their victory. Nobody could dispute that they were the better team on the day. Our best wishes to them in the All Ireland Semi Final.

Even though we are far from spent force we must acknowledge what our Management and players have done in the last two years. A Munster Championship a coveted All Ireland Victory. We have won six Senior County Championships and four Munster titles in this decade. Our six wins in the County Championship in a decade is the most any Club or Divisional team have ever won. Our gratitude as well to the three previous Managements who have contributed to these achievements.

Team and Scorers: Shane Murphy, John Payne, Mike Moloney, Luke Quinn, David O'Leary, Fionn Fitzgerald, Gavin White 0-1, Johnny Buckley 0-1, Alan O'Sullivan, Micheal Burns, Gavin O'Shea, Brian Looney 0-2, Colm Cooper 0-3 (frees), Daithi Casey 0-3 (0-2 frees), Kieran O'Leary

Subs: Paul Clarke, Tony Brosnan, Eoin Brosnan, Jordan Kiely 0-1.

## FARRANFORE MAINE VALLEY AC

The Irish Life Health National Senior and Juvenile Even Age Cross Country Championships was held at the Sport Ireland National Sports Campus on Sunday 26th November. It was an action packed, cold, dry and muddy day which kicked off with the Juveniles even age races. First up from our club was Shauna McCarthy representing the Munster province in the U14 3000m's. It was made up of two laps of the course which took them through some nice fast terrain initially, but this was short lived as they entered the second field which contained undulating hilly section with wet and heavy mud section to negotiate. With 160 athletes competing it was a race to get a good start and fight for your position. Shauna did very well with getting a good start and fought her way through the mass of athletes to finish in a well deserved fourteenth place overall. She was third Munster team finisher and with there combined totals the Munster Province won team gold. Cian Spillane was our only other

juvenile athlete competing. Also in the U14 boys 3000m distance and also representing the Munster Province team. Cian did not manage to get a good starting position in the 158 athletes pack. He had to work hard throughout the race to claw back some positions. Cian eventually finished in forty ninth place overall. Well done to you both. You have had an exceptional cross country season and the whole of the club is very proud of you both.

Maria McCarthy lined up for the National Senior Ladies race, competing with the county team. They had 8000m to complete, which was four laps of the course. It was a fast race from the onset with some of the top athletes in Ireland competing for a place in the European team. Maria finished in twenty seventh place, third Kerry lady home. With the four person team they managed to win bronze for the County team. A great achievement. We would also like to congratulate Shona Heaslip of An Riocht AC who retained her title as National Women's Champion for the second year and has booked her place in the Irish team for the Europeans XC. In the Senior Men's 10000m we had George McCarthy competing. Again a great turnout with close to 170 athletes competing. George ran a very strong race throughout the five lap course, which was by now well and truly cut up. He was the first home from Kerry out of three runners.

Closer to home, the annual Puck Warriors Christmas 5K & 10K road race was held on Saturday. Congratulations to Marie McKenna who won the 5K and Dermot Dineen finishing fourth in the 10K race.

Cougars after a slow start came more into the game and in a low scoring game the home side led 17-15 at halftime with Chloe O'Doherty on target with a couple of great baskets. A strong third qtr saw Cougars increase the lead with Kate Looney impressing on the boards as she contributed 8pts to leave Cougars in control. The St Bridgets challenge faded in the last qtr as Cougars pushed on finishing strongly in an entertaining game. Best for Cougars were Katie O'Brien, Kate Looney and Fiona McSweeney.

### U16 BOYS DIV III

#### Killarney Cougars 32

#### Glenbeigh Falcons 33

A very entertaining contest at the Pres Gym saw Cougars miss a good opportunity to take the points with the Falcons just hanging on in a game that could have gone either way. The Falcons led throughout and had to withstand a second half comeback with Cougars taking the lead late in the game only for foul trouble and a determined effort for the Falcons secured the win. Best for Cougars Adam Lenihan, Ciaran Cronin, Darren Cronin, Jack Clifford and Daire Murphy.

**CORK OPEN TOURNAMENT BLITZ** The Cougars Boys travelled to Cork on Saturday and were knocked out of the competition by Corrib Galway after a thrilling game in overtime 46-44 at the quarterfinal stage.

# SCOTTS LAKERS SUFFER DOUBLE DEFEAT

### Scotts Lakers St Paul's Killarney 56 Fr Mathews, Cork 67

IT was a disappointing weekend for Scotts Lakers suffering a double defeat at home to Fr Mathews and away to Paris Texas Kilkenny. Like many of their outings so far this season, these were two more games that the Killarney side were more than capable of winning but they struggled to reproduce the great performance that they produced in last week's thrilling overtime win against Ulster Elks.

The Lakers were slightly under strength in both outings with the influential Padraig Lucey ruled out through injury while point guard Mihail Kapitanov picked up an injury on Saturday night and sat out Sunday's encounter. It was a low scoring drab encounter against Fr Mathews in Killarney Sports Centre on Saturday night where Lakers held the upperhand in the first half but a third quarter collapse contributed to their downfall and effectively handed the advantage to the Cork side. Just one basket from play and three free throws was the sum total the Lakers scored in this miserable third quarter and returns like that just aren't good enough to compete at this level.

Scotts Lakers started well and with Andrew

Fitzgerald and Antuan Bootle leading the way, the home side were 15-13 in front at the end of the third quarter. A big three-pointer from Mark Greene kept them in front and the energetic Justin Tuason was outstanding at the end of the half to push Scotts Lakers 29-25 ahead at the break.

However the third quarter belonged to Fr Mathews with Paul O'Driscoll finding his form as they hit ten points without reply and the Cork side led 35-29 with four minutes left. Amazingly Lakers had yet to register a score at this stage in the third quarter. Two free throws from Bootle opened their account with 3.43 left in the quarter and it was over seven minutes of playing time before Andrew Fitzgerald netted the home side's first basket from play. Fr Mathews dominated under the boards and outscored Lakers 17-5 in this period to lead 42-34 as the game entered the final quarter.

Mathews American Marcus Thomas and point guard Michael McGinn kept their side in control as they raced into a 59-42 lead with over three minutes left. Some great work from Dan Griffin and a basket from Dylan O'Sullivan gave the Lakers a glimmer of hope as they cut the gap to 59-50 with 2.20 remaining. However there was no catching the Cork side with Thomas automatic from the free throw line to secure a comfortable 11 point win for the visitors. Scotts Lakers St Paul's Killarney: Antuan Bootle 13, Andrew Fitzgerald 11, Justin Tuason 10, Dan Griffin 8, Philip O'Connor 5, Mark Greene 4, Mihail Kapitanov 3, Dylan O'Sullivan 2.

Fr Mathews: Marcus Thomas 24, Michael McGinn 20, Paul O'Driscoll 14.

### Paris Texas Kilkenny 86

### Scotts Lakers St Paul's Killarney 72

Following Saturday night's defeat, Scotts Lakers were on the road early on Sunday morning for a lunchtime tip-off against Paris Texas Kilkenny. Still feeling the effects from the night before, the Lakers struggled to find their range early on and the home side led 29-9 at the end of the

first quarter.

Scotts Lakers stepped it up in the second quarter but still trailed 44-35 at the interval break. They were still chasing the game for long periods of the second half and actually narrowed the deficit to just two points at one stage. However the home side held on and pulled away again late in the third quarter to win by 14 points.

**Paris Texas Kilkenny:** Taylor Young 25, Brian Hogan 15, Julian O'Keeffe 14.

**Scotts Lakers:** Antuan Bootle 21, Mark Greene 16, Dan Griffin 11.

### CUP GAME

Scotts Lakers will face Fr Mathews again this weekend in the quarter final of the President's National Cup in Colaiste Christ Ri, Cork on Sunday December 3rd at 3.00 P.M. Fr Mathews will be firm favourites after last week and home advantage is another boost to them. Scotts Lakers will probably be without Padraig Lucey again for this one but they are still more than capable of matching up well against Mathews and getting the desired result. A huge improvement in the overall team performance will be required if the Lakers hope to progress in this competition.

## KILLARNEY GOLF & FISHING CLUB - MENS

Club Captain Derry McCarthy has announced that the competition on Sunday next, the 3rd of December will be a Fundraiser for the "Ian O'Connell" benevolent fund, the competition is expected to draw a very large entry field, and in an effort to accommodate such a large entry, the Men's Committee, have decided to have two shotgun starts, the first at 8.30 A.M. and the second at 12.30 P.M. the competition will be played on our Killeen Course.

Ian O'Connell is a 16 year old youth from Park Road Killarney, who plays football with Spa, G.A.A. and he plays hurling with Dr. Crokes, he also plays Rugby with the Killarney side, and soccer with Killarney Celtic, so he is an all-rounder in very many sports. Ian was involved in a fall from his bicycle in August last, and he is currently in Dublin where he is undergoing treatment to his serious neck and spinal injuries and it is expected that his treatment will take quite some time. Derry McCarthy says that this fundraiser is our way as a Club, to show our solidarity with all of the other sporting and social Clubs and Organisations who have already amassed over €120,000 in the fund from their various fund-raising endeavours towards defraying the very substantial costs which will be incurred by Ian and his family during the course of his recuperation.

**NOBODY INVITED SHOWED UP TO THIS LITTLE BOYS BIRTHDAY PARTY:**

Daniel Nicaastro, an 8-year-old boy who suffers from autism, is a typical boy, but unfortunately, has trouble making friends. He wanted to celebrate his birthday by having a party, but nobody he invited showed up to enjoy the day with him.

His mother, Carolyn Nicaastro, said, "No one called to say they were coming to his birthday party. Both myself and his father were heartbroken. It's hard when no one shows up." And this is not the first time this has happened to Daniel. "His father (Dan) and I remembered the past two years of no one showing up for his birthday parties; he spent the days crying that he had no friends. We could not let that happen again," his mother said.

Since police officers are people that Daniel looks up to, his parents decided to invite officers from the North Port Police Department in Florida to celebrate with him. They didn't tell Daniel anything about their surprise as they were afraid they would not come but the officers showed up, going far and beyond the call of duty surprising Daniel with gifts.

"We wanted to make that boy's day, spread good cheer; let him know that he is appreciated, that we did want to attend," a North Port Police Sgt said. Children with challenges and such don't need to feel left out more than they already are. So if he views us as superheroes, the least thing we can do is show up at his party and make his day."

A photo taken of Daniel and the police officers has gone viral, with people from all over the world posting birthday wishes and parents have asked Daniel's parents to set up play dates so that he can make new friends.

**QUOTE:**

"Always forgive your enemies; nothing annoys them so much" - Oscar Wilde

**ON THIS DATE - DECEMBER 1ST:**

1790 - The first boat specialising as a rescue boat (lifeboat) was tested on the River Tyne in North East England.

1824 - The US Presidential election was turned over to the U.S. House of Representatives when a deadlock developed between John Quincy Adams, Andrew Jackson, William H. Crawford and Henry Clay. (Adams ended up the winner.)

1847 - Yerba Buena, California was renamed San Francisco.

1848 - The paddle steamer The Londonderry, with immigrants fleeing the famine, took shelter in Derry harbour. When the covers were removed from the hold it was discovered that 72 men, women and children had suffocated.

1862 - US President Abraham Lincoln sent his Second Annual Message to Congress, in which he called for the abolition of slavery.

1890 - Six days of Irish Parliamentary Party debates began and ended in a split, with the majority opposing Parnell.

1900 - Irish author Oscar Wilde died in Paris at the age of 46.

1913 - The British House of Lords rejected the Government of Ireland Act 1914 (The Irish Home Rule Bill).

1918 - The Kingdom of Iceland was established with the signing of the Act of Union with

Denmark. The act recognised Iceland as a sovereign state under a common monarch with Denmark, and the Kingdom lasted until 1944 when a national referendum created the Republic of Iceland.

1919 - Lady Nancy Astor was sworn-in as the 1st female member of the British House of Commons following her victory in the Plymouth Sutton by-election for her husband's seat. Her main rival was Liberal Isaac Foot - the father of Michael Foot, who later went on to lead the British Labour Party.

**NOW SHEEP ARE HELPING GOOGLE:**

One of Denmark's self-governing overseas territories is the Faroe Islands, a windswept archipelago of 18 sparsely populated volcanic islands situated between Iceland, Norway and Scotland had until now, had been completely shut out of the Google View Map for armchair adventurers that may never have the chance to visit the rugged and lush landscape.

Durita Dahl Andreassen of Visit Faroe Islands wanted to bolster Faroese tourism and grab the undivided attention of Google's mapping overlords. In her Sheep View 360 project, five of her own sheep were outfitted with specially designed harnesses that secured a solar-powered camera to their backs. As the woolly creatures roamed along the lush and grassy hillsides of the isolated island chain, the cameras captured the surrounding landscape in all of its unspoiled Faroese splendour.

The "gently mounted" gear was developed by Ms. Andreassen in conjunction with a local farmer and an "inventor specialised in animal monitoring."

The photos captured by the sheep were sent to Ms. Andreassen's smartphone, from which she uploaded the panoramic images directly to Google Street View herself. She wrote on her blog that the sheep did a fine job capturing the "tracks and trails of the Faroe Islands" that aren't easily accessible by car.

When the tech giant heard about the Sheep View project, they thought it was "sheer brilliance" and, in August 2016, they supplied the Faroese with a Street View Trekker and 360-degree cameras via the Street View camera loan programme so that residents and tourists alike could assist the sheep in capturing even more images of the beautiful archipelago, using selfie sticks, bikes, backpacks, cars, kayaks, horses, ships and even wheelbarrows. In a highly developed autonomous country where a cud-chewing mammal is depicted on the coat of arms, the ovine population does indeed outnumber the human population (approximately 80,000 to 49,000 according to the tourism bureau). The Faroese name of the archipelago itself, Føroyar, translates to "islands of sheep." And while the Faroese economy is highly dependent on fishing and, to a lesser degree, tourism, the production of woollen sweaters and socks continues to be a big money-maker, just as it has for centuries.

**DID YOU KNOW?**

\*Between Thanksgiving and New Year's Day, waste increases about 25%, or 1 million extra tons compared with the rest of the year in the U.S., according to California's Department of Resources Recycling and Recovery. That

includes about 38,000 miles of ribbon, enough to tie a bow around the entire Earth.

\*Because Guam doesn't have any natural sand, but rather coral, the island nation makes its asphalt using a mix of ground coral and oil rather than importing sand from abroad.

\*Around the world Consumers spend more than \$130 billion on gift cards per year, according to advisory company CEB TowerGroup, but it said roughly \$1 billion went unspent.

\*With over 3 million lakes 9% of Canadian territory is actually fresh water and over 60% of all the lakes in the world are found within its borders.

\*During Thanksgiving alone, Americans waste about \$293 million worth of uneaten food — and that's just counting turkey.

**MARE GAVE BIRTH TO RARE TWINS AND VETS SAY IT IS A MIRACLE:**

Did you know a live twin birth for horses is around 1 in 10,000? In a normal twin pregnancy for horses, either nature takes over and the foal will die in utero or vets will give early or late-term abortions so that one foal can grow normally in a healthy manner, because if there are two foals, they are vying for space and the chances of both coming out alive and well are slim.

That's why when a horse named Emma, in California gave birth to a set of twin foals, Will and Grace, vets were amazed as were Emma's as they were not aware that the horse was, in fact, carrying twins.

While twin foals are rare, not only for genetic reasons, but for also the safety of the foals, but the mothers' safety as well, these foals are healthy and happy and so is the mother.

Will and Grace are the first set of documented twins since 2009 where a set of twins were born to a mare in Britain. Their names were Leo and Colby.

**ROUND EARTH DENIAL:**

The first-ever Flat Earth International Conference (FEIC) was held in Raleigh North Carolina on November 9th and 10th last, featuring some of the big names in round-Earth denial.

The conference was hosted by Kryptoz Media, which produces DVDs and other media arguing that "scientism" is an agenda designed to keep people from God, and the Creation Cosmology Institute.

Members of the Flat Earth Society claim to believe the Earth is flat. Walking around on the planet's surface, it looks and feels flat, so they deem all evidence to the contrary, such as satellite photos of Earth as a sphere, to be fabrications of a "round Earth conspiracy" orchestrated by NASA and other government agencies.

According to the Flat Earth Society's leadership, its ranks have grown by 200 people (mostly Americans and Britons) per year since its foundation in 2009..

The next annual Flat Earth International Conference will be held in Denver, Colorado from November 15 - 16th 2018.

**IT TOOK 128 YEARS TO SPOT A GRASSHOPPER IN A VAN GOUGH PAINTING:**

Mary Schafer, a paintings conservator at Nelson-Atkins Museum of Art in Missouri, thought she

was looking at an impression of a tiny leaf, but with the aid of a surgical microscope discovered that imbedded in the paint in the foreground of van Gogh's 1889 work "Olive Trees" are the remains of a tiny grasshopper.

Ms. Schafer said she suspects the dead grasshopper was already on van Gogh's brush when he pressed it into his characteristically thickly painted "Olive Trees" as there was no sign that the insect struggled to escape the sticky paint.

### MAN TOOK OUT A CHAINSAW IN THE MIDDLE OF THE NIGHT TO FREE A DEER:

Jacob Eing was spending time outside one night when he noticed a group of deer frolicking ahead. At the sight of him, they all fled the scene, except for one.

Because he noticed the deer's tail kept flopping up and down at a frantic pace, Mr. Jacob decided to investigate.

When he finally got near the deer, he discovered that the animal had somehow gotten one of its antlers lodged in a tree.

Mr. Jacob tried to free the deer himself, but the antler was stuck in a three way fork in the tree. He then ran back home and asked his father to come help a deer—and to bring his chainsaw.

Even though his father was a bit confused at the request, he obliged. The two of them then went back to the deer and while his father held a light the young man cut one of the forks, as it was falling the deer freed his antler and ran off unharmed.

### A DEADLY HURRICANE GAVE NEW ENGLAND ITS AUTUMN COLOURS:

Around Sept. 21, 1938, a Category 3 hurricane

formed off the coast of Africa and headed to Florida. Without warning, it turned up the U.S. coast and instead came ashore in Long Island, New York. The hurricane passed through Southern Connecticut and up through Massachusetts and Vermont, more than 600 people were killed, especially in coastal communities that were destroyed by storm surge.

The storm's 100-mile-per-hour winds extended inland to Vermont, New Hampshire and Maine, destroying roads, bridges, dams, railroad tracks and buildings. The infrastructure damage was extensive, and the damage to nature was similarly memorable with nearly 1,000 square miles of forest uprooted.

Much of the forest at the time consisted of white pine, which rural families would cut and

sell when they needed money. Roughly 90 percent of the destroyed trees were white pine. The U.S. Forest Service ordered that the knocked trees be stripped of branches and needles to cut down on wildfire danger. Then, the government created an organisation to purchase timber that had fallen and been salvaged from residents, as wood to rebuild was in short supply. This helped families replace some of their lost income.

As the forest grew, deciduous hardwood trees like oak, maple, birch, dogwood, elms etc grew in place of the white pines that had kept them shrouded in darkness on the forest floor. These are the trees that change colour in the fall and provide the breathtaking visual effects we see today.

**GARDENING OUTLOOK**  
 with John O'Sullivan

**FOCUS ON BEECH HEDGING**  
 Beech Hedging is an ideal hedging plant for most situations, because of its tolerance of a wide range of soil conditions including well drained soils, soils prone to draughts and soils that can get waterlogged due to heavy down pours of rain.  
 Even though the beech is deciduous, when it is grown as hedging and is trimmed regularly around August/September the brown leaves will usually be retained throughout most of the winter.  
 Beech also comes with a purple leaf - copper beech. Copper beech is best planted in a sunny position to keep its leaf colour where as the green retains its colour better if planted in partial shade.  
 If you can - it is best to plant your beech hedge bare rooted as it will probably establish that bit quicker, so you have plenty of time from now until the end of March to get planting.

**A WORD OF VICTORY**

Welcome back dear reader can I grab your attention for a just a couple of minutes from your busy schedule and all the distractions of this hectic season, to pause and consider where you are with God? 'The eyes of the Lord run to and fro throughout the whole earth, to show Himself strong on behalf of those whose hearts are loyal to Him' (2nd Chronicles 16:9) This is a word for you today reader because 'Jesus Christ is the same yesterday today and forever', and God does not change (Hebrews 13:8; Numbers 23:19). Human beings are like the wind - blowing one way today and in another direction tomorrow. Some have fallen away from the Lord, and many hold offence toward God because of things that the enemy has perpetrated against them through the fault of another. The Bible is very clear on where evil comes from and who is behind it - Satan, otherwise known as the Devil (John 10:10; Acts 10:38). In one of the greatest deceptions of all time he has convinced many people that he does not exist, and that God probably does not exist either! Many believe this and if you are one of those you need to experience the power of God for yourself, and He is waiting to show His love and mercy to you personally (John 3:16). You need to cry out to Him now - say this, "God if you are real, please show me and let me encounter Your power and love, I ask you to forgive me for my sins and heal my life in Your Son Jesus' Name I pray". It's that simple. Every one of us is given an opportunity to hear the Good News that Jesus, the Son of God, came to this earth as a human being like you and I. He lived a sinless life and was crucified on a cross to take away our sins, sicknesses and pain and then He defeated Satan and death itself when he rose from the dead, and He is alive today and waiting for you with open arms to receive you into His family. One way we encounter the Lord is through His Word - get a Bible or Google the verses listed here - God always confirms His Word with signs following (Mark 16:20). He speaks to us and heals us through His Word because His Word is alive and powerful - Jesus Christ is the Word of God made flesh (Hebrews 4:12; John 1:14). Today you have heard His voice so do not harden your heart.... and watch and see the wonderful things God has for you friend! (Hebrews 3:15; James 1:17) More next week...
