## FROM THE EDITOR

Disappointment and disbelief at the continuation of Government restrictions due to Covid -19 were in the air in Killarney this week. And while the town was buzzing with locals and staycationers, it was sad to see so many premises still closed. Behind the scenes of restaurants in Killarney this week, owners had the task of taking cancellations for dining from July 5th, a situation from which some of them don't see any light at the end of the tunnel.

There was widespread support from the people of Killarney in the town yesterday morning as they gathered at the Town Hall to stand behind those who have been affected by the restrictions.

With all this in mind #staysafe #mindyourself #protecteachother

# DEVASTATION AND DISAPPOINTMENT AS INDOOR DINING DOESN'T GO AHEAD

There was widespread disappointment and disbelief with the news that there was no definite opening date for indoor dining and pubs. In what has been described as a bolt out of the blue the decision not to give an opening date and to restrict vaccinated people only to indoor dining from the 19th has been met with an angry reaction from both restaurant owners and politicians.

Yesterday morning, the owners of Murphy Browne's Restaurant with the support of the Chamber organised a gathering in support of all the businesses who are unable to open due to the ongoing restrictions. The Chamber of Tourism and Commerce fully endorses the call for all businesses in the town to pull together and show support for those that have been left behind following the implementation of the latest public health policies.

Chamber acknowledges that public health advice must be heeded

in the interests of everyone and it is important that everybody conforms to the safety guidelines and regulations that have been introduced. That said, we full appreciate and understand the enormous sense of disappointment experienced by those involved in the hospitality industry following the decision to defer the planned reopening of restaurants and public houses for indoor dining. It is having a devastating impact on their businesses, on their staff and on their families and the consequences for the economy and for those seeking meaningful employment opportunities are of great concern. Chamber pledges continued support to our friends in business and we look forward to the day, hopefully in the very near future, when every business gets to reopen

Chamber President Niall Kelleher pictured with Restauranteur Paul Treyvaud, Publican Pat Sheahan and Butcher Denis Cronin at the Killarney Chamber of Tourism & Commerce supported gathering in support of all the businesses who are unable to open due to the ongoing restrictions on Thursday.

in healthy and vibrant circumstances. In the meantime, we would urge the Government to provide clarity on plans for the provision of vital financial supports for business owners and employees into 2022 to help them to cope with what has been and still is a very difficult and trying time. The government have cited the worrying transmission of the Delta Variant of COVID-19 as the reason behind their announcement.

Taking to social media this week **Michael Healy Rae**, TD said: "The government have shown that they're followers and not Leaders by their inability and unwillingness to make a decision and stick to it. The hurt and disappointment in our hospitality sector is enormous. Workers are being denied the right to work, business's are being denied the opportunity to operate and customers are being denied the right to avail of their services.

This is wrong!! What is happening at present does not make sense, if you have a key of a bedroom in your pocket, you can eat and drink where and when you like and if you do not, you can not. This

is nonsensical beyond belief. The government will never be forgiven for this. Deputy Danny Healy-Rae also raised the issue in The Dáil saying he was outraged that the Government are further delaying the opening of indoor hospitality. "How can they possibly blame indoor hospitality for the increase in Covid case numbers when they have been closed since before Christmas", he said. Restauranteur **Paul Treyvaud** has also expressed his frustration. "Today alone we had just under 500 people cancel with us for all of July and part of August. No one has confidence that we'll be open anytime soon and at this stage I don't blame anyone. This government has turned their back on us and simply don't care what happens to us from here on in. I've spoken to so many people today. A lot were in tears seeing no way out and expect to lose everything. At this god given moment I'm finding it very hard to disagree with them. What's coming down the line is utter carnage. Right now I'm at a loss and I don't see any improvement any time soon", he said.

## WEEKEND CLOSURE OF MAIN STREET IN KILLARNEY STARTS NEXT WEEK

Main Street will join Plunkett Street by closing to traffic on a weekend basis only to contribute towards the achievement of an outdoor summer in Killarney over the coming months and improve pedestrian safety in the town centre. Kerry County Council has decided to close Main Street in Killarney to traffic on weekends during July and August, beginning on the weekend of Saturday, 10 July 2021.

Following the receipt of submissions on the matter under Section 75 of the Roads Act, the Council has decided to close Main Street to vehicular traffic from Saturdays at 11am to Mondays at 8am (extended to Tuesday on the August Bank Holiday Weekend).

Kerry County Council also engaged with An Garda Síochána as part of the consideration of the proposal.

Cathaoirleach of the Killarney Municipal District, Cllr Brendan Cronin said that the elected members in the area requested that the closures be monitored and reviewed as the weeks progress.

# TOMMY AIMS HIGH IN 2021 CYCLING CHALLENGES

Well known cyclist Tommy Sheehy is embarking on an extraordinary series of cycling challenges this year to support Enable Ireland Kerry Services. Tommy, who has to date raised over €100,000 for Enable Ireland, kicks off his first challenge in August when he will attempt an "Everesting" Challenge. The concept of Everesting is fiendishly simple: pick any hill, anywhere in the world and complete repeats of it in a single day until you climb 8,848 metres – the equivalent height of Mount Everest!

In September, Tommy will travel to Spain to take part in the Catalonia Cycling Challenge. A week of tough cycling tackling some of the highest peaks in the area awaits him. His final challenge sees him attempt to climb 1,000,000 metres – yes, one million metres – by the end of the year. Tommy is a fundraiser extraordinaire for Enable Ireland and is well-known throughout

Kerry and further afield for his 8 hour spinning sessions he undertakes for the charity.

Tommy says: "With COVID it's been hard to organize the spinning sessions in retail outlets so this year I've set myself a series of tough cycles – the toughest yet. The Everesting challenge is something I've been thinking about for a number of years, I've put a huge amount of training in and I think I'm ready."

Enable Ireland provides disability services to over 9,000 children and adults across Ireland. COVID-19 has severely impacted Enable Ireland's fundraising and the charity is now facing a loss of €1.5 million in income this year. Sean Scally from Enable Ireland adds "Many

of their traditional fundraising events had to be postponed. This has led to a huge fall in income for Enable Ireland in Kerry, yet they still need to provide vital disability services to children and families across the county. We are delighted that Tommy has continued to support our services in Kerry and everyone in the organization wishes him every success in his challenges. We would encourage everyone to support him in his fundraising efforts".

## 23 WHITE-TAILED EAGLES LAND AT KERRY AIRPORT

The red carpet was rolled out on Friday last as 23 White-tailed eagle chicks landed at Kerry Airport as part of a long-term wildlife reintroduction project that is being led by the National Parks and Wildlife Service (NPWS) at the Department of Housing, Local Government and Heritage. The 2021 phase of this landmark collaboration to restore a native and once-extinct bird to Irish skies will see the release this year of the young eagles at four sites across Munster, including Killarney National Park, along the River Shannon, the lower Shannon estuary, and a site in Waterford.

The chicks were collected this June from nests throughout the Trondheim area of West-Central Norway by the Norwegian Institute for Nature Research and flown to Kerry Airport. They will be held for 6-8 weeks at purpose-built flight cages at four sites in Munster, where they will be cared for and monitored by NPWS, before being released into the wild in early-mid August.

As they mature, these chicks will join and strengthen the small Irish breeding population that has become established since the reintroduction programme began in 2007.

Last year (2020), ten eagles were released along the River Shannon. Nine of those ten birds survived their first year, and currently they are dispersed at a number of locations in Ireland, and one is in Scotland. Previously, 100 young White-tailed Eagles were released in Killarney National Park between 2007 and 2011. Birds from these releases subsequently dispersed widely throughout Ireland with first breeding in 2012 on Lough Derg, Co. Clare. Since then a small breeding population of 8-10 pairs have successfully fledged over 30 chicks, with an additional five chicks likely to fledge into the wild in Munster in the next few weeks. Indeed, this year one nesting pair on Lough Derg has produced three chicks, which are due to fledge shortly. This is uncommon, even in

A Quick Peek...Eamonn Meskall, Regional Manager National Parks and Wildlife Service, showing Peter Jones, and Geraldine Culloty, Department of Agriculture, of one of the 23 White-tailed eagle chicks that arrived in Kerry Airport, Friday June 25th

the very extensive wild populations in Norway. Some Irish-bred eagles are now reaching maturity and starting to breed in the wild themselves. However, a scientific review of the reintroduction project indicated the small population is still vulnerable to mortality factors such as illegal poisoning. The breeding population was also negatively impacted by Avian Influenza in 2018 and storm Hannah in 2019, and indeed, adverse weather this year when pairs were on the nest. Thus, this supplementary release is required to bolster the existing population.

Young eagles have been collected under licence in June 2021 by the Norwegian Institute for Nature Research (NINA) and co-workers. Birds will be transported and held at the four release sites in Munster before release in early-mid August. Birds will be tagged, including with satellite tags, before release to allow the project to monitor their progress and their integration into the existing

Irish breeding population. These magnificent birds, once a striking element of Ireland's natural landscape, were driven to extinction on the island in the 19th Century as a result of human persecution, a development which the Programme seeks to reverse. Restoring this lost flagship species to Irish skies will be a significant step in restoring Ireland's natural heritage and will bring great benefit to Irish biodiversity, and in so doing will also contribute significantly to the economic, tourism and local communities and indeed to human wellbeing. It underlines in practical terms Ireland's commitment to implementing the UN Convention on Biological Diversity. We are particularly grateful to the Norwegian authorities and colleagues for their collaboration enabling this reintroduction to happen.

*A view of the McGillycuddy Reeks from Kilcummin Bog Walks.*

**T**he Kilcummin Bog Walks got a new facelift recently when new signage was erected throughout the Walks as well as in the Village and on the road L3009. Kerry County Council provided the funding through the Covid Emergency funding and this allowed the necessary works to be carried out

Further funding is also available from the Council to carry out some road improvements in the near future.

"Kilcummin Rural Development would like to thank Kerry Co. Council for this funding as well as the Department of Social Protection who provide the maintenance personnel under the local Community Employment Scheme", John

Moriarty from Kilcummin Rural Development told Killarney Outlook.

"We would very much appreciate if the following was observed by all users of the walk; (1) Keep your dog(s) on a lead when you come in contact with fellow walkers or wildlife. As this is the breeding season for our wildlife, dogs off the lead and left roam on the bog can do immense harm to nesting birds, hares etc.

(2) Bring your rubbish home with you and help keep this environment clean.

(3) Respect the local landowners' property. This is a beautiful amenity in our Parish, and we should all strive to make it a clean, safe and friendly place to enjoy", John said.

## CHAMBER CONCERNS OVER ARRIVAL OF BIRDS BAZAAR

Killarney Chamber of Tourism and Commerce had and still has concerns about a funfair setting up in the centre of town at a time when concerned public health officials are warning of an extremely contagious new variant of the Covid-19 virus.

Due to the pandemic, the funfair did not operate in Killarney last year. This summer, like 2020, the vast majority of young people have still not been vaccinated and remain at risk. It was in that context that Chamber felt plans to set up in town might be set aside.

In the current circumstances, any large gathering of people in a restricted space raises issues and precedent indicates that it will be a major congregation point for teenagers. It remains the view of Chamber that proper adherence to social distancing guidelines can be impossible to implement in confined areas where crowds gathers. It is important to remember that this is occurring at a time when restaurants and public houses are being prevented from allowing customers indoors and their staff remain out of work. On Friday, the day after Chamber had issued its statement, it emerged publicly that a permit for the funfair to operate in the Fair Field car park was being granted. Chamber liaised with Kerry County Council and made every attempt to identify and explore other sites that would have

been safer and more spacious which, in turn, would have addressed that knock-on impact of losing 110 car parking spaces in a designated town centre car park. It is worth noting that 60 parking spaces had already been removed from the streets to allow businesses with no outdoor areas to trade and Chamber was fully supportive of that measure. Alternative sites were identified but the decision was taken that the Fair Field car park would again be the location for the funfair. The current position is that Killarney Chamber of Tourism and Commerce is working with Kerry County Council in an attempt to identify additional parking facilities in and close to the

town for the weeks ahead. We are actively liaising with council officials and a number of landowners in an attempt to find solutions to the problems being encountered. Killarney Chamber of Tourism and Commerce appreciates and values the role played by the funfair in entertaining generations of children in the town and we hope they have a very successful and safe stay.

It remains Chamber's view, however, that the public health concerns must be given absolute priority and that the Fair Field car park is not a suitable location at a time when parking facilities in the town are at an absolute premium and in the current public health environment.

# MEANS TESTING OF GRANT ELIGIBILITY AND GRANT RATES ARE SERIOUSLY OUT OF STEP WITH SPIRALLING COLLEGE COSTS

By Billy Ryle

**S**tudent Universal Support Ireland (SUSI), the grant authority's online application system for the 2021/22 academic year is currently open for students who are hoping to advance to PLC courses, Undergraduate Courses, Postgraduate courses or courses outside the State. The priority closing date for new applicants is the 8th July.

SUSI will process late applicants but students who submit their application on or before the priority closing date will receive priority processing. SUSI is certain to receive a large number of applicants, so it's in your own interest to submit your application as early as possible. You don't need to have your Leaving Cert results or to have accepted a college course to apply. At this stage, you can simply supply the details of the course you hope to study and you can update your course choice online if you accept a different course at the time of the college offers. In considering eligibility for a grant, SUSI assesses gross family income from all sources in the previous calendar year. For current applicants, the relevant income year is 2020. The full college grant covers tuition fees, the student contribution of €3000 and compulsory field trip expenses. Not all students who qualify for a grant are awarded a full grant. Many qualify only for one of a range of partial grants. Full details of income thresholds and grant award rates can be found on the SUSI website, [www.susi.ie](http://www.susi.ie). Two grants are normally awarded, the 'special rate' grant and the 'standard rate' grant. In order to qualify for a special rate grant, gross

income must be less than €24,500 and must include one of the long-term Department of Social Protection eligible payments. The value of the special rate adjacent grant is €2375 and the special rate non-adjacent rate is €5915. 'Adjacent' means attending a college which is 45km or less from home. 'Non-adjacent' means attending a college which is more than 45km from home. To qualify for a standard grant, the gross reckonable income for a family with less than four dependent children is €39,875. The adjacent grant is €1215, the non-adjacent grant is €3025.

Because of the economic havoc caused by the pandemic, many families have earned considerably less income during the past eighteen months than they would have in normal circumstances. Therefore, it's imperative that SUSI treats every grant applicant with flexibility and understanding. Families who would normally be in a position to pay for their child's education may need state funding this year. Current adverse economic factors must be taken into account or else many deserving young people won't see the inside of a college next September.

Further and Higher education was very expensive ever before the pandemic struck. The financial burden is somewhat eased for students who qualify for partial or total state funding. Unfortunately, means testing of applicants for grants is so restrictive that thousands of students are ineligible for any financial aid. Capping the gross annual income level for grant eligibility at €39,875 ignores spiralling living costs.

Students who are ineligible for grants need about €12,000 annually to maintain themselves away from home or about €4000 if living at home. The annual student contribution of €3000 must also be paid. Many college students do up to fifteen hours part-time work weekly and/or depend on their parents to make ends meet. Part-time work and parental support may not be as readily available this year as the country recovers from the economic effects of the virus.

The Government must be compassionate with the grants and ease the financial burden on hard pressed families. The €3000 student fee contribution must be abolished immediately. The minimum qualification distance between home and college for the non-adjacent grant must be restored from 45km (28mls) to its pre-recession level of 24km (15mls). The standard rate maintenance grant must be increased from €3025 to €5000 and all other grants on a pro rata basis. The annual income level for standard rate grant eligibility must be increased to €50,000 from the current level of €39,875. No young person must be denied her/his right to further and higher education due to lack of finance.

# CLLR MARIE MOLONEY APPOINTED AS FIRST FEMALE CATHAOIRLEACH OF KILLARNEY MUNICIPAL DISTRICT

**C**llr. Marie Moloney was elected Cathaoirleach of Killarney Municipal District at last Friday's Kerry County Council Meeting.

In her address to the meeting, Cllr. Moloney welcomed new councillor, John O'Donoghue, to his first in person Municipal District meeting and wished him all the very best in the coming years. "John is following in the footsteps of a great representative former Councillor Michael Gleeson and I wish Michael and his wife Kathleen a long, happy and healthy retirement", she said, "I would like to pay tribute to the outgoing Cathaoirleach, Cllr Brendan Cronin, who has been a fine chairperson and Mayor of Killarney over the past year. Brendan brought his experience, his efficiency and his passion to the role and I congratulate him on a successful year in the chair. I think Brendan draw the short straw as it was unfortunate that Brendan was Cathaoirleach during the pandemic when the normal activities and events should be happening, but a lot was cancelled due to the pandemic, however he didn't let this daunt him. He showed leadership

Killarney Municipal District  
Cathaoirleach: Cllr Marie Moloney (Lab).

and dedication in supporting the efforts to limit the spread of the coronavirus in our Municipal District all year and to promote the product that is Killarney and I congratulate him on that.

In particular, I would like progress major works at Rathmore and Kilcummin for which funding has been allocated, carry out safety works at a very dangerous junction at Finnegan's Cross, Kilcummin, where there has been many accidents and loss of lives. I would also like to see us go to construction of further cycling lanes in the town. I am also working with the ETB to secure a venue for a campus in Killarney which would be a massive boost to the town. I will be keeping the pressure on Irish Water to deliver on a sewerage scheme for Kilcummin and the Old Killarney Village, Aghadoe and a proper water supply for the Listry/Faha area. This is one of the biggest honours of my life and to become the first woman to be Cathaoirleach of the Killarney Municipal District since it came into being in 2014 is the cherry on the cake. I look forward to being a Cathaoirleach for all of the Municipal District, urban and rural. I look forward to welcoming visitors to our town and to promote Killarney and Kerry at every given opportunity.

## Longest serving member of Kerry County Council elected Cathaoirleach of the Kenmare Municipal District

Councillor Michael Cahill has been elected Cathaoirleach of the Kenmare Municipal District for the coming term. Councillor Cahill is the longest serving member of Kerry County Council and it was the Fianna Fáil Councillor's first time being elected Cathaoirleach of the Municipal District or Electoral Area as it was previously known. Councillor Cahill was proposed by Councillor Dan McCarthy. The new Cathaoirleach outlined his priorities for the coming term at Friday's AGM.

Councillor Cahill said the South Kerry Greenway will be a Gamechanger, a Lifeline, a future for our children and our children's children and all future generations. "We must ensure all users and residents get the maximum benefit from it and that all land owners be properly and fairly treated in the context of accommodation works and compensation. It will be our counties biggest ever Tourism project and the most important one and it must happen" stated Councillor Cahill. "I believe we must maximise the funding received for our towns and villages under the Rural Regeneration and Development Fund and all other sources of finance available to this District. I am delighted that there is a €20 million Regeneration Scheme progressing in

Caherciveen and I sincerely hope that it will transform the Town Centre by getting rid of dereliction, by reopening closed businesses and indeed by helping to kick start new ones". We are here in Killorglin today and I wish to specifically mention the Regeneration Scheme application for the town and call on Council Management and staff to make every effort by doing everything possible to get it over

the line. Killorglin is ready for a major scheme, the town deserves a major scheme. You have a very hard working, progressive and determined Chamber Alliance here in Killorglin who I believe deserve political support" stated Councillor Cahill. "We must provide a full and consistent water supply to all residents of our Municipal District. Our present system has shown itself to be a shambles, particularly in Beaufort, and a completely new water pipe network is required to solve this major issue. A proper clean water supply is the number one basic necessity" said Councillor Cahill.

"A new Burial Ground is a priority for Beaufort where the situation is now critical. A Playground for the children of Beaufort is also a priority" stated the new Cathaoirleach.

"I believe that we should strive to have more

efficient and environmentally friendly transport systems put in place on the Ring of Kerry such as a battery powered 'Hop on, Hop off' Bus service. I believe, if introduced such a service will be a great success and can be rolled out to Dingle and other parts of our county" said Councillor Cahill.

"I believe we should look at sourcing a site for a Remembrance Park in our Municipal District to honour all of those who lost their lives during this Covid-19 pandemic without the benefit of a traditional wake/funeral. I believe this is very important for all those who lost family and friends during the pandemic" stated Mr Cahill.

"Education is hugely important and I believe we should strive to have top class, modern Sensory Hubs in all our Libraries where they can be accommodated. I believe we should give all our children the best start in life, including children that come from disadvantaged backgrounds, children with Down syndrome, Autism, ADHD, etc. There is such a Sensory Hub in Listowel Library that cost between €15,000 and €20,000 and was funded through the Dormant Accounts" stated the Fianna Fáil Councillor.

"Finally, I know that with the cooperation of all Public Representatives and our Community Organisations, the coming year can be a great one for all of South Kerry and it's residents" added Councillor Cahill.

# CLLR JIMMY MOLONEY ELECTED CATHAOIRLEACH OF KERRY COUNTY COUNCIL

*Historic meeting of Kerry County Council at Austin Stack Park*

**J**immy Moloney from Listowel has been elected Cathaoirleach of Kerry County Council at a historic meeting of the local authority which was held at Austin Stack Park in Tralee. To facilitate a physical gathering of elected councillors and management and to ensure adherence to public health guidelines, the main stand at Austin Stack Park was used for the meeting to elect a new Cathaoirleach and Leas-Cathaoirleach for the coming year.

Cllr Moloney has been a Fianna Fáil county councillor since 2014 and a former member of Listowel Town Council. He is an active member of Listowel Tidy Towns and many other community and sporting organisations. His grandfather, Dan Moloney, was a TD for Kerry North between 1957 and 1961 and he later

served as a member of Seanad Éireann. Fianna Fáil councillor, Michael Cahill from Rossbeigh, a member of the local authority since 1990, and current Cathaoirleach of the Kenmare Municipal District, was elected as Leas-Cathaoirleach of the County Council. 'It is an honour to have been elected Cathaoirleach of Kerry County Council today at the iconic Austin Stack GAA Grounds in Tralee,'

said Cathaoirleach Moloney.

'The large open-air setting allowed us to meet safely and to ensure that the public health guidelines could be adhered to. I want to thank the Kerry County Board of the GAA for facilitating the meeting.

'It is also a historic meeting given the political significance of Austin Stack in the history of our county. He represented Kerry in Dáil Éireann between 1919 and 1927 and was the first Kerry person to serve in government, as Minister for Home Affairs from November 1919 to January 1922,' said Cllr Moloney.

The chairman of the Kerry County Board of the GAA, Tim Murphy said: 'The GAA in Kerry is delighted to host the annual meeting of Kerry County Council today especially given the long and close connection between our organisation and the local authority.'

# Barbecue

## SEASON IN FULL SWING

With more time spent at home and new ways of socialising, the barbecue season has kicked off earlier than usual this year. As cooking outdoors is a favourite, whenever the weather allows, it's important our good food safety habits don't go up in smoke once the barbecue is lit. safefood has some practical tips to help keep your barbecuing trouble-free this summer.

### Before you get started

If this is your first time barbecuing this year, give your grill a good clean. You can scrub the metal rack with an oven cleaner or a damp brush dipped in baking soda. Rinse it well with hot, soapy water afterwards.

### Keep cold foods cold

Food is out of your fridge for longer when you are cooking and eating outdoors. This can lead to harmful bacteria multiplying quickly. So keep perishable foods like salads, coleslaw, and quiche in the fridge until you need them.

### Before you start cooking

Make sure any frozen foods are fully thawed before you start cooking them. The best way to do this is to take them out of the freezer the night before and defrost them on the bottom shelf of the fridge

Keep foods you plan to cook properly chilled in the fridge or a cool box until you need it.

Light your barbecue well in advance. For charcoal barbecues, the flames should have died down before you start cooking.

It's in your hands

When handling raw meat and poultry, wash your hands thoroughly and frequently, most importantly before going on to prepare salads and other ready to eat foods.

Once your meat is cooked thoroughly, make sure to keep cooked meat separate from raw meat and use separate chopping boards, cooking utensils and plates. Harmful bacteria in raw meat, poultry and their juices can cross-contaminate cooked food and can make you and your family sick.

### Cook it well done

The big issue when barbecuing is making sure your food has been cooked thoroughly, all the way through. safefood recommends that meats such as burgers, sausages, pork and poultry should be cooked until they are piping hot all the way through, with no pink meat remaining and the juices run clear.

Turn all food regularly and move it around the grill to ensure it is cooked evenly on all sides. If you have a meat thermometer you can check the meat is safe to eat by inserting a clean thermometer probe into the thickest part of the meat or poultry and checking the temperature at has reached 75°C.

Steaks or whole meat joints of beef or lamb can be served rare as harmful bacteria are on the outside only and not in the centre.

### Don't mix marinades

Make sure any marinade used on raw meat is not then used as a sauce to coat vegetables or cooked meat. It will contain raw meat bacteria! If you want to use marinade as a sauce, cook it in a saucepan and bring it to a rolling boil before serving it.

### Using leftovers

If there are leftovers from your barbecue, cover them and allow the food to cool before refrigerating, however make sure to refrigerate food within two hours of cooking. Always remember that with leftovers - if in doubt, throw it out

Topics include the 5-second rule, use-by vs best before dates and more. These podcasts will be available for listening on the safefood website; <https://www.safefood.net/food-safety/busting-food-safety-myths>, or wherever you get your podcasts. Farm safety tips by **Sandra Lucey, of Healy Insurance**

**D**id you know that almost one third of all deaths at work occur at farms? The main causes of death in agriculture over the past ten years are incidents involving tractors, farm vehicles and machinery. Incidents involving livestock accounts for nearly 16% followed by falls at 10%.

According to the Health and Safety Authority a farmer is seven times more likely to be killed at work compared to other workers in any other business. The elderly and young children are particularly at risk of being injured or killed.

Here are some brief safety tips ;

**Tractors & Machinery**

- ◆ Only allow competent persons to drive tractors. A young person must be at least 14 years old to operate a tractor on the farm, and over 16 years of age to do so on public roads.

- ◆ Proper driving instruction must be given and supervision must be in place. Children under 14 should not ride in a tractor unless they are strapped into a properly designed seat inside the cab.

- ◆ When using machinery do not allow operators with loose clothing or long hair near rotating shafts.

Sandra Lucey, Healy Insurance.

- ◆ Fit guards to PTO shafts, rotating shafts and rotating ancillary equipment such as slip clutches and so on.

## Livestock

- ◆ Always handle animals with caution and use proper handling facilities.

- ◆ When moving livestock on a public roadway, warning signs should be erected. Vehicles and equipment should comply with the

requirements of the Road traffic acts.

**Public safety**

- ◆ Ensure that all slurry tanks and lagoons are covered or fenced in safety.

- ◆ Make sure all your fencing and gateways to public roadways are secure and that livestock cannot escape into public roadways.

- ◆ Take extra precautions with livestock and machinery when any member of the public visits your farm and make sure they leave your farm safely.

**Health & safety statement**

- ◆ Complete a farm safety risk assessment document and a safety statement and ensure everybody who works on the farm reads and understand it. The statement will identify dangerous activities, outline the safety measures that need to be implemented and can be amended to your individual needs.

- ◆ The health and safety authority can be found on [www.hsa.ie](http://www.hsa.ie) or contact [info@healyinsurances.ie](mailto:info@healyinsurances.ie) and we can forward you a farm safety guide.

*At Healy Insurances we have access to a choice of leading insurers with market leading advantages. Some insurers offer up to 15% discount for completing a safety checklist. Contact us today and get the best expert advice at the right price.*

## KERRY HOUSE PRICES RISE 3.2% IN THREE MONTHS

The price of the average second-hand three-bed semi in County Kerry has risen 3.2% to €240,000 in the last three months, according to a national survey by Real Estate Alliance.

Across the county, the average time taken to sell fell from six weeks to five, the REA Average House Price Index shows.

Average Killarney prices this quarter rose 3.6% to €290,000, with time to sell falling one week to six, while Tralee prices rose 2.7% to €190,000, with time taken to sell remaining at five weeks.

"There is very little to sell, and there is no new supply coming on," said Donal Culloty of REA Coyne and Culloty, Killarney.

"There is great demand at all levels and we are still seeing trends of people moving home or out of cities.

"We are also seeing evidence of people moving out to smaller suburban villages near Killarney such as Milltown and Barradubh to find first-time buyer value."

Average house prices have risen by almost €1,000 per week nationwide since the end of

March, the REA Average House Price Survey has found. The survey concentrates on the actual sale price of Ireland's typical stock home, the three-bed semi, giving an accurate picture of the second-hand property market in towns and cities countrywide.

Fuelled by pent-up demand and the return of physical viewing, the marketplace is also seeing the lowest supply and the shortest time taken to sell in recent history.

And as multiple buyers bid for scarce supplies, the average three bed semi is now reaching sale agreed after just four weeks on the market across the country – less than half the ten-week average this time last year.

The price of a three-bedroomed semi-detached house across the country rose by €10,000 over the past three months to €253,685 – representing an annual increase of 8%.

The biggest rises in Q2 came in commuter counties and the country's large towns as buyers continue to move out further from the city in preparation for long-term hybrid working

situations.

In Dublin city, house prices rose by €1,500 per week in Q2, increasing from €438,500 in March to a present rate of €456,667.

Cork, Limerick, Galway and

Waterford cities shared a combined increase of 3.5% in the past 12 weeks with prices rising by €10,000 to an average of €275,000.

Three bed semis in commuter counties rose 4.33% by over €11,000 in the past three months to an average of €270,111 – with the average home selling in just three weeks, down from a high of 11 weeks a year ago.

As the flight to rural locations continues, prices in the rest of the country's towns rose by over 4.6% in Q2 to €176,690.

## KINGDOM PRIDE TO HOST THE KERRY PRIDE FESTIVAL

FRIDAY 16TH JULY  
LISTOWEL, WATERVILLE,  
KILLARNEY

Kerry is to host its own Pride festival over the weekend of 16th to 18th July, with in-person, COVID-safe events taking place across Killarney, Tralee, Listowel, and Waterville. These will be supplemented by online events for those who chose to celebrate remotely, whether they are located elsewhere across Kerry, Ireland, or indeed the world.

The festival will run across three days and includes a schedule of hikes, swims, picnics in pods, drag karaoke, quiz night and family-friendly events. Full event details, including information and links for ticketed events, are available at [www.kingdompride.ie](http://www.kingdompride.ie).

Pride is important all year round, and not just in big urban centres. While the main focus of the public and the media's attention has been on the fantastic Pride celebrations in Ireland's main cities throughout June, it is often forgotten that LGBTQI+ communities exist throughout Ireland, from big cities to small rural communities. With this in mind, Kingdom Pride organises this annual event to highlight and celebrate those LGBTQI+ individuals that make up the fabric of Ireland's regional towns and villages.

Morgan Queeney, Chairperson of Kingdom Pride, commented, "In a time that has been isolating for so many, Pride couldn't come at a better point. Our Pride's theme is "Year of the Phoenix". Every social community is rising from the ashes and being reborn, and we aim to do the same. Our goal is to deliver hope, fun, and colour into life in Kerry for our community and our many allies."

The festival is being organised by Kingdom Pride, a voluntary group of LGBTQI+ activists in Kerry. The group has an advisory panel of community supports that include the Listowel Family Resource Center; STeen In Kerry; Jigsaw Kerry; Trans Kerry Support Group; Kerry Diocesan Youth Service (KDYS); BLM Kerry; Tralee International Resource Centre (T.I.R.C.); CYPSC Kerry; LINC Out Kerry; Gay Project; and Kerry Adolescent Youth Counselling.

## Killarney Racecourse to host Cycle Racing

Normally the home of horses and racegoers, the exciting spectacle of cycle circuit-racing viewed from the stands comes to Killarney on July 6th when Killarney Racecourse hosts a round of the Munster Youth League cycling competition.

Run by Killarney Cycling Club, the racing will take place on the road surrounding the track and, according to club Chairman, Mark Murphy, it is superb venue: "This must be the best venue in Ireland for Youth cycle racing with no traffic, magnificent views and spectators being able to view the action from the stands." He also added that Killarney Cycling Club and the Munster Cycling Federation is extremely grateful to be facilitated at the venue.

The Chairman of Killarney Race Company, Gerard Coughlan added that, after the lockdown, they were happy to help the best young cycle racers of Munster get back into much needed competition and in a safe environment: "The pandemic has brought a new awareness about how we can use our facilities and we are happy to be able to play our part in helping these young cyclist get back into their sport again after the lockdowns".

Racing kicks off at 7PM with racing in Under-12, Under-14 and Under-16 categories. Everybody is welcome.

# ROAD RECONSTRUCTION WORKS COMPLETED ON OLD KENMARE ROAD

**R**oad repairs and improvements works on the Old Kenmare Road in Killarney National Park were completed this week and involved an investment of €382,000.

The Old Kenmare road (locally known as the Tanks Road) from the junction of the N71 to the upper car park at Torc, was closed to all vehicular, cycling and pedestrian access from Monday 17th May to facilitate the repairs which were completed ahead of schedule.

The project formed part of the Killarney Municipal District Schedule of Works Programme for 2021 and is funded via an Outdoor Recreational Infrastructure Scheme (ORIS) to the value of €250,000 and a Local Improvement Scheme investment to the value of €132,000.

The investment is a fantastic boost for locals and visitors and will ensure that a route which had deteriorated in recent years, would now be brought up to standard.

The Road to the Upper Torc car park (known locally as Tanks Road) at the junction of the N71 has been resurfaced. The road leads to the starting point of the Old Kenmare Road, Upper Torc Waterfall and Torc Mountain, Killarney National Park. PHOTOS: VALERIE O'SULLIVAN

Bridging the gap...a new bridge was installed at Cores Cascade, along the Old Kenmare Road, Killarney National Park, which is also a section of the Kerry Way. The essential work was carried out by the National Parks and Wildlife Service, after the former bridge was washed away by flooding last year.

## Sponsorship renewed for Hurling team

Dr. Crokes GAA Club and the Speakeasy Bar have agreed a three year jersey sponsorship deal for the senior hurlers, covering the period 2021 to 2023. Gavin O'Donoghue of the Speakeasy Bar attended last week's senior hurling training to present the new jerseys. Dr. Crokes senior hurlers won the County Intermediate Championship last year and have been promoted to Division 1 County League and Senior County Championship for the 2021 season. The new jersey got its first airing last Sunday, when the senior hurlers met Kilgarvan in the County League and proved to be a lucky jersey, as Dr. Crokes ran out winners on a score of 1-20 to 1-19.

# MONEY MATTERS.....

By Dermot Cronin,  
**Financial Advisor**

## Is it more difficult to get a mortgage to build my home than a mortgage to buy my home?

Yes, it is more difficult. When you are building your family home there is more of a risk of things going wrong than purchasing your home. The most obvious and biggest risk is of course the risk of you going over your budget to build and finish your property. Lenders when assessing your application need to take this risk into account. Lenders will put emphasis on the cost of construction of your property to make sure the costs are realistic. If you are making your application through a mortgage broker he/she should spend a lot of time discussing the cost of the construction and loan amounts with you to make sure they are realistic and affordable. If these figures are incorrect and especially if they are too low then your mortgage application could be declined. A big positive at the moment for people who are first time buyers and are building or buying a new property that is their family home is that there is now a Help To Buy Scheme that you can apply for through the Revenue. There is up to €30,000 available through this scheme, there are terms and conditions attached to this Help To Buy Scheme. Obviously this is very beneficial in terms of reducing your cost of construction and reducing your mortgage amount also. Each lenders criteria for self build mortgages is different & you need to know this before choosing a lender that suits you best. A mortgage broker who has access to many lenders and has a lot of experience with self build mortgages may be very helpful to you.

## SCHOOL'S OUT... FOR SUMMER

*HSE advises Be SunSmart and protect children's skin*

Pictured are sisters Isla (7), Pippa (4) and Evie (3) from Navan. Minister Frank Feighan, Minister of State for Public Health, Wellbeing and the National Drugs Strategy. Maria McEnery, Cancer Prevention Officer, HSE National Cancer Control Programme. Gerry Murphy, Meteorologist and Weather Forecaster, Met Éireann.

As summer holidays start for school children, the HSE National Cancer Control Programme in collaboration with Healthy Ireland and cross-sectoral partners are reminding parents and

carers to be SunSmart and protect children's skin during the summer holidays. Playing and spending time outdoors is great for children. Protecting children's skin from the sun when outside reduces their risk of skin cancer in later life. In Ireland, UV from the sun is strongest from April to September between 11am-3pm, even when it is cloudy.

According to Dr Triona McCarthy, Consultant in Public Health Medicine, HSE National Cancer Control Programme, "Children's skin is very sensitive to ultraviolet (UV) radiation from the sun which causes sunburn. Sunburn during childhood increases the risk of getting skin cancer as an adult. If your child is badly sunburned more than 3 times before the age of 20, they more than double their risk of skin cancer as an adult.

**Protect yourself and your children by being SunSmart as part of your daily routine from April – September, even when it is cloudy:**

**Slip clothing on children that covers skin such as long sleeves, collared t-shirts;  
Slop on sunscreen on exposed areas, using factor 50+ for children;  
Slap on a wide-brimmed hat;**

**Seek shade - Sit in cover of trees to avoid direct sunlight and use a sunshade on your buggy or pram. Keep babies and children out of direct sunlight.**

**Slide on sunglasses to protect their eyes**

Dr McCarthy also says, "It is better to protect babies up to 6 months old from sunlight by using shade and clothing rather than sunscreen. You may choose to use sunscreen sometimes on small parts of your baby's skin. If you do, choose a sensitive sunscreen specifically for babies or toddlers. For children up to 1 year old, it is best to keep them in the shade and wear clothing that covers their skin when outdoors."

Skin cancer is the most common form of cancer in Ireland with over 13,000 diagnosed annually, yet is largely preventable by protecting skin from UV radiation from the sun or artificial sources such as sunbeds. The National Skin Cancer Prevention Plan 2019-2022 provides information about how we are working to reduce skin cancer in Ireland.

For more information on how to protect children's skin you can find the Healthy Ireland SunSmart resources at the SunSmart hub at [www.hse.ie/sunsmart](http://www.hse.ie/sunsmart).

# Minister Extends the Expiry Dates of Learner Permits

Minister of State at the Department of Transport, Hildegard Naughton TD has announced details of a further 10-month extension to the validity period of learner permits in response to the level 5 restrictions due to the Covid-19 pandemic.

Due to restrictions on accessing many of the services delivered by the Road Safety Authority (RSA), as a result of Covid-19, some learner permit holders could not avail of driving lessons, sit the driving test or renew their learner permit.

Commenting on the extension, Minister Naughton said: "Providing this further 10 month extension to the expiry date to Learner Permits will allow for peace of mind to many learner drivers as they continue to work towards passing their driving test in the months ahead. Those who will benefit from this extension don't need to do anything, our systems will update their records automatically. A new learner permit will not be issued to drivers with the new expiry date, rather the electronic driver record will be updated to reflect the new expiry date. This means that a person whose learner permit expired on 10 March 2020 will have the life of this permit extended to 10 September 2021, while a person whose permit expires on 15 August 2020 will have a new expiry date of 15 October 2021.

If you have already renewed your permit, and it had an expiry date between 1 March 2020 and 31 July 2021 the extension will not apply, and the expiry date of your permit will be as shown on your new permit. The RSA has also told Insurance Ireland and An Garda Síochána about the new expiry date of learner permits."

This now means that a driver whose learner permit is or has expired between 1 March 2020 and 31 July 2021 is being extended by 10 months. This is in addition to previous extensions granted. Therefore, Permits that expired between 1 March and 30 June 2020 that were previously extended by 8 months will now be extended by a further 10 months, so 18 months in total.

Permits that expired between 1 July to 31 October 2020 that were previously extended by 4 months will now be extended by a further 10 months, so 14 months in total.

Permits that expired or will expire between 1 November 2020 and 31 July 2021 will be extended for 10 months.

By way of example of the above, where the date of expiry on the physical learner permit, which can be seen at opposite number 4b on the permit shows

5 March 2020, the new expiry date is 5 September 2021.

5 July 2020, the new expiry date is 5 September 2021.

5 December 2020, the new expiry date is 5 October 2021.

Drivers who are affected by the extension are encouraged to check the new expiry date of their learner permit by using the expiry date calculator on [www.ndls.ie](http://www.ndls.ie). Enter the expiry date printed on your learner permit into the calculator and it will tell you the new expiry date.

# CITROËN UNVEIL ALL NEW FLAGSHIP C5 X MODEL

Citroën have unveiled their all-new flagship C5 X model which will sit in the D-segment and aims to disrupt this rather traditional large car division. Featuring an original design that combines the elegance of a saloon, dynamism of an estate and the elevated stance of an SUV, the C5 X ensures that a choice is no longer required between comfort and style in this segment. This new model, available in both petrol and plug-in hybrid versions, will go on sale in Ireland in early 2022 for the 221 registration period.

On the outside, the C5 X exudes confidence with a distinctive modern and innovative body style. The striking fastback silhouette and V-shaped front/rear light signature offers an assertive stance while the long bonnet with fluid, aerodynamic lines and high waistline demonstrates distinction and dynamism. Traditional Citroën practicality is also evident from the easy opening tailgate, wide loading area and carnivorous boot space of 545 litres which increases to 1,640 litres when the rear seats are folded down. The C5 X features an elevated stance, thanks increased ground clearance and large-diameter 19" wheels allowing for a higher driving position with greater safety and visibility. The C5 X stands at 4,805 mm long, 1,865 mm wide and 1,485 mm high placing it at the heart of the D-segment while a wheelbase of 2,785 mm ensures spectacular interior space and comfort for driver and passengers alike.

Inside, spaciousness and practicality are evident all round as Citroën sets yet another benchmark for comfort. Advanced Comfort seating, an uncluttered dashboard design and a spacious rear cabin invites rest and relaxation. Roominess is further enhanced by the brightness of the 360-degree glass areas around the cabin, including quarter windows, and a large opening glass sunroof that allows additional light to flood in as required. Ride comfort is further increased through enhanced acoustic insulation and Citroën Advanced Comfort® suspension which is designed to recreate the iconic magic carpet effect. C5 X also introduces an all-new infotainment interface for Citroën that combines a new 12" HD infotainment interface,

natural voice recognition system, customisable widget-based display, 4 USB Type C sockets and wireless smartphone charging. The feeling of well-being on board is even further increased by additional technologies such as the extended Head Up Display and Highway Driver Assist which combines Adaptive Cruise Control with a Stop & Go feature and Lane Keeping Assist to provide level 2 semi-autonomous driving.

C5 X will provide an offering suitable for all uses, in addition to a petrol engine offering, a Plug-in Hybrid version will deliver 225 hp with the possibility of driving more than 50 km in full electric mode up to 135 km/h.

## How to turn problems into possibilities

As a Body & Life Confidence Expert, I spend much of my life helping others to turn their problems into possibilities. It is so rewarding when I see someone open up to different ways of thinking, being, acting and behaving in their life.

Often, when we are struggling with something in our life, we fall into thinking that if only the external circumstances of our life would change, then everything would be fine. We might focus on the fact that we need a change in our living situation, a new car, more money, weight loss etc.

However, the greatest changes come from changing our own inner state of being. This doesn't mean that the external things don't matter – they do. However, in order to create external changes, we need to get ourselves into the right inner environment. For many of us, this means managing our relationship to stressful situations and reframing our thoughts so that we can see the potential in the problem.

**Coaching Action Tip**

Whenever you find yourself in a challenging situation, take a moment to step back from it and press pause. Harness the power of your creative mind by asking yourself the following guiding question: "If there was a hidden benefit (or gift) in this situation, what might it be?" This begins to help the conscious mind look for solutions and benefits. Then, every day, meditate or sit quietly and come up with three small positive actions to move you closer to what makes you feel better.

WHAT Women WANT

### How can I get rid of Red Veins around my cheeks and chin?

*IPL Laser (Intense Pulsed Light) can provide a great long-term solution for thread veins, red spots or red flushing on the face. Concentrated well controlled bursts of white light are pulsed into the skin where it is readily absorbed by blood vessels, heating them to a point where they are cauterised. The capillaries are then absorbed back into the bloodstream leaving the skin looking less red and clearer in appearance. The heat/light from IPL is milder than traditional laser treatments and will not damage healthy skin cells, so there are no negative side effects like flushing. Fast effective results in just 15-20 minutes and there is no downtime. A course of 3-4 treatments may be needed depending on the severity of the redness.*

*Excessive sun damage, extreme wind, temperature changes and*

*excessive alcohol intake causes your blood vessels to contract and dilate weakening them.*

*To keep blood vessels strong:*

*Get plenty vitamin C - Avoid smoking*

*• Avoid extreme hot or cold - Wear spf*

*• Cover your face in extreme weather*

*• Be aware of foods and drinks that cause you to flush.*

*Following on from last weeks tips on using Habit based approach to reduce stress.....*

## HOW CAN I MAKE A HABIT CHANGE TO REDUCE MY STRESS EASY?

The first step is to scale the habit you wish to change to something you are 90-100% confident you can do for 6 days of the week. Have one day off per week from completing the habit.

I highly recommend finding a trigger in the time you choose to do this habit change. For example if you have decided to pick meditation as your first habit change to help you reduce stress, Choose a trigger that's already in your daily routine that you're going to tie the habit to. Examples: waking up, drinking your first cup of coffee, eating breakfast, brushing teeth, showering, using bathroom in the morning, opening your computer for the first time, arriving at work.

TO DO: Create your personal version of the habit to commit to this challenge!

Here's a template:

I am 90-100% confident that I will [insert habit] for 6 days a week after I [insert what you're going to piggyback off of].

Here's an example:

I am 90-100% confident that I will complete 2 minutes of meditation for 6 days a week after I eat my breakfast.

P.S. Don't worry about making this perfect.

Don't take on your next habit change until you are confident you have successfully completed you first one. Next step is to repeat the same process you did to select the first habit change and make it happen.

Another example of a Habit change to reduce stress coming next week where we will cover habit changes to diet for stress relief.

### CONTACT LENSES

Most people who need to wear glasses can wear contact lenses. There are two main types of contact lenses:

- soft lenses which mould to the shape of your eye
- rigid gas permeable lenses (RGP lenses) which are fitted closely to the shape of your eye and are less flexible.

Most contact lenses fitted in Ireland are soft lenses. They are available as single-use daily, fortnightly and monthly disposable lenses, and more specialist lenses that are designed to last for longer.

#### Which type of contact lens is best?

##### Contact Lenses

The type of lens that is best for you will depend upon several factors. These include how often you want to wear your lenses – for example do you want to wear them just for certain activities such as sport, or do you want to wear them most of the time, instead of glasses?

As soft lenses are initially more comfortable than RGP lenses, they are ideal for people who only want to wear lenses occasionally. RGP lenses are a little more uncomfortable than soft lenses at first, so they take a bit more getting used to

#### Are contact lenses safe?

Modern contact lenses are very safe, as long as you follow advice about how to wear and look after them, and have regular check-ups. It is possible that anything that touches your eye could introduce an infection.

#### I need to wear different glasses for distance and reading – can I have bifocal or varifocal contact lenses?

When you reach your forties it is common to find that you need a different prescription for reading than you need for distance.

There are three main options to correct presbyopia with contact lenses:

- You may choose to have contact lenses to correct your distance vision, and wear reading glasses over the top when you need them.
- You may have multifocal contact lenses.
- You may wear lenses to have one eye corrected to see in the distance and one eye corrected for near vision. This is called monovision. Each of the different options has advantages and disadvantages and we can help you decide which is best for you.

### FEATURE FILM 'JOYRIDE' STARRING OLIVIA COLEMAN HAS BEGUN SHOOTING IN KERRY THIS WEEK!

Joyride, the Subotica produced feature film starring Olivia Colman, has begun shooting on location in Kerry this week! Helmed by Emmy award-winning director, Emer Reynolds, the film follows the adventures of two very different main characters, both, in their own way, on the run. Fourteen year old Charlie Reid has landed the role of his young life, starring opposite one of the most talented actresses in the industry and an acclaimed academy award winner. Throughout July the production will film at an array of locations throughout the county with many locals already on board to take part as extras. The story of the growing relationship between the two unlikely tearaways was created and written by screenwriter Ailbhe Keogan who hails from Kerry and who Kerry College are proud to claim as a graduate!

### >BOG WALKS

Walk Brochures are available at the Rural Development Office and the Post Office and online on our facebook page. We would very much appreciate if the following was observed by all users of the walk; (1) Bring your rubbish home with you and help keep this environment clean. (2) Keep your dog(s) on a lead when you come in contact with fellow walkers or wildlife. As this is the breeding season for our wildlife, dogs off the lead and left roam on the bog can do immense harm to nesting birds, hares etc. (3) Respect the local landowners' property. This is a beautiful amenity in our Parish, and we should all strive to make it a clean, safe and friendly place to enjoy.

## Seán Kelly officially launches 21st Annual Tour de Munster Charity Cycle

Pictured at the official launch of the 21st annual Tour de Munster charity cycle in aid of Down Syndrome Ireland (DSI), hosted at DSI Tipperary's new premises, Meitheal 21 in Thurles. The four day charity cycle takes place from Thursday, August 5th to Sunday August 8th and will see over 150 amateur cyclists travel over 600km around the six counties of Munster, raising funds for the Munster Branches of DSI. Pictured left, Paul Sheridan Tour de Munster Founder, Kevin Donovan DSI Kerry, Enda O'Brien DSI Kerry, Cycling legend Sean Kelly, Kevin Griffin Chairperson DSI Kerry.

With preparations in full swing for the 21st annual Tour de Munster charity cycle, legend of the sport Sean Kelly was on hand to officially launch the four-day Tour across Munster on Tuesday evening, June 22nd. Taking to the roads of Munster from August 5th to 8th, the Tour will raise vital funds and awareness for the Munster branches of Down Syndrome Ireland (DSI). The Tipperary branch of Down Syndrome Ireland played host to the outdoor launch at their newly renovated premises in Thurles. Funds raised as a result

of Tour de Munster helped to purchase the premises, providing vital support for children and adults with Down syndrome. Details of this year's Tour were unveiled at the launch, as over 150 amateur cyclists prepare for the 600km, four-day tour around the six counties of Munster. Along with the Tipperary branch, funds raised will continue to make a tremendous difference to the lives of people with Down syndrome in Munster, as well as their friends and families by providing vital services and facilities in each county.

Sharing the journey, long-standing supporter of the Tour, Sean Kelly is delighted to gear up for his 16th Tour de Munster. Speaking at the launch Sean said, "I am honoured to once again take to the road this August with Tour de Munster and the Munster branches of Down Syndrome Ireland. It's an event that is very close to my heart and something I look forward to every year. Throughout the years, I have met so many wonderful children, adults and families who rely on and benefit from the services provided by each branch and from beginning to end, they are the drivers pushing us over the finish line on Patrick's Hill." Tour de Munster organiser Paul Sheridan established the popular cycle in 2001, which has had a life changing impact on the lives of countless people through its fundraising efforts. Tour de Munster has raised a significant sum of money for some very worthy beneficiaries along the way, raising over €3.4 million in total. For DSI Munster branches alone, the tour has raised a staggering €3 million since they became the main beneficiary of the Tour in 2010. The 2021 tour de Munster will kick off from Cork City on Thursday, August 5th and continues over four days around the six counties of Munster before returning to Cork City on August 8th. The Irish Examiner, Clare FM, Tipp FM, WLR FM, Red FM, SPIN South West and Pure Radio are the Official Media Partners of Tour de Munster 2021.

For more information on the Tour de Munster visit [www.tourdemunster.com](http://www.tourdemunster.com), find it on Facebook @tourdemunster. For further information on Down Syndrome Ireland see [www.downsyndrome.ie](http://www.downsyndrome.ie).

## ➤LEE STRAND U 13 COUNTY FOOTBALL LEAGUE

*Glenflesk 5 – 7, An Gaeltacht 0 – 6 (20/6/21)*

Outstanding passing and clever movement off the ball were crucial in Glenflesk winning in their second game of the under 13 County League against An Gaeltacht. The team got off to a lightning fast start with Liam O'Brien pointing after a move that began at the other end of the field. James Kelly blasted a shot to the corner of the net to continue the dream start. The West Kerry men then opened their account with a close in free. With goalkeeper Adam Hobbs continuously finding his men with perfectly judged kicks, Kelly goaled again, when his left foot shot from out wide dropped over the goalie. As the ref called for a break, the score was 2 – 2 to 0 – 1.

The high ball in to full forward Patrick O'Riordan had almost worked on a few occasions early, and it eventually led to the third goal. O'Riordan making a great catch, before swiveling on to his left foot and finishing clinically. Center back Roan Guerin then saw his long effort take a high bounce off the sod and go over the bar. Another An Gaeltacht's free saw them trail by nine at half time.

An Gaeltacht started the second half strongly, but couldn't make it count on the scoreboard. They eventually got their first score from play to put 8 points between the teams. Another long range Kelly score left Glenflesk with a big lead as the game entered its last 10 minutes. Connor Warren then pointed a free with the outside of his right foot. After Liam McCarthy made a great interception, half forward Dylan Bowler found the bottom corner for goal number 4. Mark Brosnan's last ditch block then denied a certain goal. Kelly had the final say, finding the top corner for his third goal of the day. A superb performance by the young lads, who showed great skill and poise to earn victory. Credit to all the players and trainers for producing such an accomplished performance! ## ➤U15 COUNTY LEAGUE

*Glenflesk 4 – 14, Moyvane 6 – 8 (23/6/21)*

As the second water break arrived tonight in Glenflesk, the game looked up for the Under 15 team. Moyvane had just scored two quick goals after half time, and now had an 8 point lead. Surely that was too much to make up. Not for these lads it wasn't! A late penalty earning them a deserved draw. The evening had started pretty well for Glenflesk with Callum Cronin pointing a free, and then coming in along the end line and chipping over a lovely point. Moyvane replied with a point of their own, before Oisín Lynch's long range shot bounced over the bar. Lynch then grabbed a goal after being first to a rebound off the post, and buried it home along the ground. John Scannel then made a great save, but Moyvane eventually goaled right at the water break. The home side led 1 – 4 to 0 – 1 at the mini break. Glenflesk then had a period on top with long accurate passing and quick transfer of the ball leading to points for Jamie Moynihan and Jack Rudden. Moyvane eventually responded and a powerful run up the middle would lead to their second goal. They added a third one before halftime to lead by 1 at the break. The North Kerry side came out to start the second half. They quickly added goals 4 and 5 to build a big lead. Another Lynch point eventually got Glenflesk back on the scoreboard, but their chances of making up the deficit looked futile as Moyvane's 8 point lead remained at the second water break.

Goals would be needed now if the comeback was to occur. The first one arrived after Cronin had beaten 3 defenders, and found the pass to Liam O'Brien. With the goalie baring down on him, and space to shoot tight, he dropped the ball on his left foot and calmly finished. A free from Moynihan reduced the deficit further, but than Moyvane went up field from the kick out, and goaled for a sixth time. Glenflesk were unperturbed though, and Cronin managed to flick the ball into net from close range after falling down. Lynch pointed a free and added another after a great run from his own half, to keep Glenflesk within 3. One more chance was needed. It arrived after another Cronin run ended with him being fouled. With the pressure on he stepped back, and calmly found the side netting to the goalies bottom left. Unsaveable. Moyvane had two chances in injury time, but both went agonizingly wide. A share of the spoils after an amazing game. Credit to both teams for the entertainment tonight. Moyvane's goals were brilliantly taken, and they have a fine team. Glenflesk never say die attitude and coolness under pressure keeps them in second place in the group and still in a very strong position. A wonderful night enjoyed by all. John Scannel, Mark Brosnan, Diarmuid Furlong, Pearse Moynihan, Aoran Murphy, Cormac Tangney, James O'Connor, Jamie Moynihan, Oisín Lynch, James Kelly, Jack Rudden, Jack O'Brien, Callum Cronin, Tadhg Herlihy, Joshua Switzer, Jamie O'Donoghue, Brian Dennehy, Liam O'Brien. (Report by Michael Healy)

## ➤U17 CO LEAGUE

*Glenflesk 3 – 10, Austin Stacks 3 – 10. (21/6/21)*

Another night of high drama in Glenflesk, as the minor team drew for the second week in a row, which included a great second half comeback, against Austin Stacks in Division 1 of the County League. It was the Tralee side who got out of the blocks quickest, converting an early free to take the lead. John Kelliher replied for Glenflesk with a fine score. Dylan Roche then got his first point of the night, firing over off his left foot. The Tralee side got two quick scores of their own, before Glenflesk scored a superb goal. Roche bypassing the two defenders who were covering him, before drilling the ball into the far bottom corner from an acute angle. Stacks were still looking dangerous though, and the teams were tied at 1 – 3 to 0 – 6 at the water break. It was Stacks who dominated the period up to half time. Their strong running game was opening up space inside and they added a goal and a point during this time to take a one point lead into the break. Glenflesk were being pinned into their own half at this point.

This pattern continued early in the second half. At one point all thirty players were in the Glenflesk half! Stacks second goal arrived soon after the restart, and only a great save from Jack O'Donoghue stopped the lead increasing. Glenflesk gradually regrouped and began playing higher up the pitch. Roche again profiting from good work out the field as he evaded his marker and made no mistake when one on one with the goalie. After stealing the ball in a tackle, he was then hauled down as he looked to complete his hat trick. He got up, collected the ball, and buried the penalty underneath the goalie. Glenflesk now led by a point after regrouping superbly from the slow start to the second half.

By this stage every ball was being contested fiercely. No one was giving an inch and time and space were limited. Oisín Lynch, who had been all over the field, and John Kelliher got his second to increase the lead to three. Stacks found the space to score a leveling goal as injury time approached. Another Roche free put Glenflesk ahead again, but Stacks answered once more, and both sides had to happy with a point.

The team has now finished top of Division One B and will face the second place team in 1 A, which looks like its Fossa. That is to come later in the year. For now congratulations to all the team and management for doing so well in these 3 highly competitive game's. Jack O'Donoghue, Jack Kenneally, Stephen Moynihan, Evan Lucey, Sean Guerin, Eoghan Kelly, Ignatius O'Leary, John Kelliher, Darragh O'Connor, Darragh O'Connell, Luke Crowley, Brian O'Connor, Oisín Lynch, Dylan Roche, Gearoid Healy, Liam O'Donoghue, Ben Switzer, Donal Murphy, Cathan Harrington, Evan Kenneally (Report by Michael Healy).

Whilst the U15 Green Team traveled to Killorglin for the first of two trips this week and faced a very strong Laune Rangers side who took the win.

On Thursday evening our U10 Girls were at home in action against Fries and again showed some absolutely fantastic footballing ability and played very well as a team. On the same night our U11 Boys played very well on their visit to Lewis Road showing very strongly against the two Dr Crokes sides in their Go Games.

Friday evening brought another trip over the Laune with our U15 White Team again the home team were strong but our U15s played very well only losing out by three points at full-time.

The week ended with a great win at home in Paddy Burke Memorial Park with an enthralling game of football for our U13 Green Team against St.Michaels/Foilmore. A fantastic contest that saw our U13s dig deep to win by two points for their third win on the run.

## MINOR

Our minors had another great win on Monday evening welcoming Killarney Legion to Paddy Burke Memorial Park. A great performance on the night helped our Minors remain unbeaten in the league with the Central Region to look forward to this coming week. Final score Milltown/Castlemaine 3-21 v 3-11 Legion.

## JUNIOR MATCH REPORT

### MID KERRY JUNIOR FOOTBALL LEAGUE ROUND 1

Glenbeigh/Glencar 3-12 Milltown/Castlemaine 2-11

Venue: Glenbeigh/Glencar GAA Grounds

No joy for our Junior side tonight as they fell to a four point defeat in Glenbeigh on a lovely surface for football.

We trailed 2-6 to 2-5 at half time with the green flags being raised by Sean Hogan and Liam Burke for us and it was nip and tuck all through the second half also with very little between either side, Glenbeigh/Glencar shading the scoreline at 2-12 to 2-11 heading towards the final minutes. A late well taken goal however on the break sealed the deal for the home side as they ran out four point winners in a game that really could have went either way. The main difference on the evening was the efficiency of the home team in front of the posts.

Hard luck to the players and management who play host to An Ghaeltacht next Tuesday at 20.00 in Milltown.

Team: D O'Connor, P O'Connor, T McCarthy, T Hayes, A O'Brien, S Roche, J Dennehy, L Burke, D Leane, M Foley, C Counihan, J Dennehy, E O'Brien, S Hogan, J O'Shea.

## EAST KERRY GAA NEWS

By Michael O'Mahony

### EAST KERRY JUNIOR LEAGUE 2021

#### SPONSORED BY KERRY PHYSIOTHERAPY AND REHABILITATION CLINIC

Group 1. RD 1 - Rathmore started well with three unanswered points, Gneeveguilla responded with four points to lead by one point at the water break. Rathmore scored three points with the home side getting one point after water break giving Rathmore a one point lead at half time 0 06 to 0 05. Second half saw Rathmore open up a lead of 4 points but Gneeveguilla responded with a goal from Michael Brosnan to bring Gneeveguilla within a point. Points were exchanged at the end but Rathmore held on for a one point win on a scoreline of 0 13-1-09

#### EAST KERRY JUNIOR LEAGUE GROUP 2.RD1

Dr Crokes C 4-08 Spa B 1-07

Both sides started cagey with Spa leading by a point at half time. An Erin Moloney goal for Crokes kept the difference down to the minimum. Spa started the 2nd half better with a long ball in ending up in the Crokes net which brought them 5 points clear. Crokes then started to get a grip on the game and 2 goals by Ronan Coffey and a penalty by Adam O'Shea after Coffey was fouled meant Crokes ended up convincing winners.

#### EAST KERRY JUNIOR LEAGUE

#### GROUP 3. CURROW 4-9 (21)

#### SCARTAGLEN 1-11(14)

It was the home side who struck first in the 2nd minute from wing back Tommy Dennehy. Currow kept up this pressure and went into the first water break leading 1-03 to 0-01, with the goal coming from the boot of Connie O'Connor.

At the resumption Dennehy again popped up to score a well taken point. The visitors however were beginning to string a few attacks together and 4 well taken frees from Scartaglen no.11 Conor Cremin reduced the deficit to 1-07 to 0-05 at Half Time. The second half started ominously for the visitors with a goal from Padraig Fleming a minute in. Scart replied with a point 4 mins later but that would be all they managed in this quarter as Currow really put the squeeze on. Another goal from Fleming, a point from Conor Sheehan and 1-01 from Connie O'Connor brought the teams into the 2nd water break with the scores at 4-08 to 0-06. Currow were able to run their bench at this stage and may have contributed to Scartaglen outscoring the home side 1-05 to 0-01 in the final quarter. FINAL SCORE: Currow 4-09 (21) Scartaglen 1-11(14)

**U-13 COUNTY LEAGUE BOYS**

Our U13 \*Green\* and \*White\* Teams travelled to Tralee for games against Stacks A and B teams in Division 1 & Division 9 of the County League.

In the early game, there was some lovely open football as the game ebbed and flowed. Legion's tenacious blocking in front of goal combined with super kick passing and scoring prowess led to a great Legion win. Well done to the boys and to Enda, Jason & Tomás. Final Score: Austin Stacks 4-7 Legion 5-10. The 7pm game that followed was a very exciting affair with Stacks A team raising a green flag and a white flag before Legion got going but a goal response got the lads back into the game. Stacks led at half time by 4 points but Legion produced a brilliant third quarter, winning kick-outs and putting the pressure on the rockies.

The Legion boys netted 3 times - three quality goals - to take the lead at the water break and some battling resolve in the 4th quarter ensured a great win for the lads. Well done to the group who showed great character and to Diarmuid, Ger, Mike and Paddy on the sideline.

Final Score: Austin Stacks 2-10 Legion 4-7

**U-12 GIRLS**

Our U12 Girls 'White' team made the short trip out the road to Sunny Spa this evening for Round 3 of the South Kerry League. The visitors started the brighter, registering a few early scores to settle in to the game. A ding dong battle ensued with possession of the ball changing hands frequently in a tight opening period. The competitive contest continued after the half time break with the home side responding to narrow the gap on the scoreboard. The girls in green and white threatened the hosts goals, testing the woodwork on a few occasions before finding the net for a crucial second half goal. For the remainder of the game, both sides served up some excellent football but it was the visitors who would come away with the spoils at the final whistle. Well done to all the girls playing this evening, thanks to Spa for hosting us and to the referee who did a fine job officiating a free flowing game.

## *All Things Sport* **KERRY LOWER THE BANNER**

**Munster Championship Quarter-Final: Kerry 3-22 Clare 1-11**

By *Jimmy O'Sullivan Darcy*

The main thing about this one was that it's the first hurdle out of the way – hopefully Kerry can get to the finish line and over it this year. We've already gone further than last year.

Not that this kind of scoreline was unexpected by any of us, but living up to those expectations is a good sign mentally. Physically, of course, everybody can see that Kerry have come a long way in a few years. To me our biggest problem in the crunch games against Dublin in recent years has been matching their energy in the last ten minutes of games, so I took Kerry's muscle to hold off challenges and pace to outrun Clare throughout as a great sign going forward.

That pace was evident right from the start. Seán O'Shea, who again played as the front man in attack, swung the ball over the crossbar with his right leg after just twelve seconds. He quickly added another with his left leg and added another two. Clare were already in total disarray. I did think that trying to opt for short and safe kickouts, given that Kerry were playing a bit of a front court press, was a mistake. Go long, and even if you lose possession, you have time to set up your defence. Mind you, it's worth noting that Clare won seven of our eighteen kick-outs, and they weren't running a hard press. That's a wrinkle that still needs the

application of an iron.

David Clifford kicked a lovely point to make it 0-5 to 0-0 after eight minutes. Eoin Cleary had Clare's first scoring attempt after that. He missed, but sub Emmett McMahon opened their account with his left leg – both teams showed good kicking technique. Paul Geaney pointed – Paul wasn't a dominant factor in the game, really, to be honest – before David Clifford and Eoin Cleary exchanged a brace. Cleary gave Gavin Crowley a tough runaround during the game, and that's not a criticism of Gavin, Cleary really is a superb footballer. Lightning pace. Accurate too – his next point was with his left leg from a tight angle, and he made it look easy. I did think that Clare had a free man at the back post if he decided to cross it.

That was a little niggle for me afterwards. Clare forwards did get more space than I liked at times. They weren't able to get the ball in quickly enough or often enough throughout the game, especially when their early focus was more defence than attack (as I say, that actually suited us) but better teams will have taken note for later on. This was a one-sided victory, but not a perfect performance by any means. I'm not trying to quibble or be pedantic, but I don't agree with the national hype that's been built around Kerry at the moment – I genuinely feel that more than a few pundits are hyping

Kerry because, frankly, how much interest will the general public have in gaelic football if Dublin steamroll another championship. That's not begrudgery, I'm a huge admirer of theirs, but as the seanfhocail says "an rud is annamh is iontach" – that which is rare is wonderful. The opposite is also true.

Paudie Clifford picked off a nice point before the game's most magic moment happened, and it was Paudie who was responsible. He was in the epicentre of the action almost always, and this was a case in point.

Kerry were putting good pressure on Clare coming out with the ball, and Conor Jordan's (a great footballer both for Kerry and Austin Stacks) loose pass was gathered by Paudie. I think he knew exactly what to do even before he actually caught the ball. Certainly he didn't hesitate for one second before an absolutely pinpoint kick pass, perfectly weighted, into Sean O'Shea. The Kenmare man, just like in the Tyrone game, is clearly instructed to do less tracking back and remain a threatening option inside when the opposition are coming out. Because the pass was so fast and so perfectly judged, Seán was bearing down on goal before the defence could react, and Seán isn't a player who misses chances like that. Padraic Collins pulled one back, but Clare were like Canute fighting the tide at that stage, and the Clifford

brothers closed out the first half scoring. Incidentally, I've seen a few reports saying that David was quiet by his high standards – nonsense. He scored 1-6, and his workrate out the field as he drops back (leaving O'Shea in situ) has literally doubled. People forget that he is as good a creator as a taker of scores.

#### Half-time Kerry 1-11 Clare 0-5

David Clifford added another free on the restart and David Moran another (people have been far too quick to write off Brian Fenton's only rival as midfielder of the decade. Fair enough, you can make a strong argument for Aidan O'Shea, Michael Murphy, or Mattie Donnelly, but David definitely belongs in an elite group). Eoin Cleary and David Tubridy cancelled those. Darragh Bohannon kicked a nice point after good teamwork by Clare, but Gavin White's electric pace saw him bear down on goal before opting to take his point and he quickly added another. Gavin was another to really shine in the Kerry firmament. Eoin Cleary pulled one back with another free but a brace by Seán O'Shea and a point from David Clifford pushed to gap to an even dozen, 1-18 to 0-9.

Clare did get the consolation of a goal in the 62nd minute. Scant consolation by then, of course, but a very good goal. The Kerry defence

can't be blamed for that one; it was good interaction at pace by the Clare forwards, a nicely timed handpass by Darragh Bohannon to David Tubridy, and a superb shot by Clare's ace marksman.

Killian Spillane came off the bench and, yet again, was absolutely outstanding. When you think about it, when is the last time he didn't impress on the field for Kerry? I suspect that the starting Kerry forwards get an extra incentive to perform when they see the likes of him on the bench. Certainly there was no let-up in intensity by Kerry. That was epitomised by their second goal. Good pressure culminated in a pass by Adrian Spillane to David Clifford, who had timed his move past Cillian Brennan well and had the strength to hold him off before blasting home from close range. Killian Spillane added two more points in his short enough time on the field (in fairness, he could have given it to Micheál Burns unmarked at the back post for a goal) and Seán O'Shea scored a free. Darragh Bohannon had a point for Clare, one last defiance of an inevitable fate, before Micheál Burns gathered after good work by Paul Geaney and slotted home. It was the final nail in a very good, though not perfect, Kerry display.

### KERRY LADIES LOSE OUT IN ROYAL RUMBLE

*Division Two League Final*

*Meath 2-16 Kerry 1-9*

As well. Let's not pretend that this was anything but a poor outing for the Kerry Ladies' at Head Office for the Kerry Ladies. We beat Meath in the National League by two goals, but it was a harder game than the scoreline and it was reversed here. Absolutely Meath rose their game hugely; they played fantastic football and were fully deserving winners, but the hardest thing about this defeat is that we never showed what we are capable of producing. We were way off our usual standard. Was it because of the attendance of 3,000? I don't think so. Playing in Croke Park? Again, I don't actually see the correlation – a lot of the Kerry team have played well there before. Missing the outstanding Siofra O'Shea? We still had plenty of diamonds on the field, they just didn't sparkle. I have no explanation, to be honest. Sometimes you do everything right and it just goes wrong – the Kerry mens' display against Meath back in 2001 springs to mind. This, I'm afraid, felt like that.

Niamh O'Sullivan and Stacey Grimes (3f) had Meath well ahead before Anna Galvin opened her account. Emma Troy, nominally corner back but actually Meath's main playmaker, traded scores with Louise Ní Muircheartaigh and Máire O'Shaughnessy and Bridgetta Lynch gave Meath a 0-7 to 0-2 lead at the water break. To be honest, we never really caught up on that. Kerry were already down to 14 players while Emma Dineen was sin binned, but strangely we

Kerry No. 7 Cait Lynch &  
Meath No. 8 Vikki Wall

actually steadied to pull back three points from Louise. For me, it's Louise or Meath's Emma Duggan for Division Two's best player – Cáit Lynch deserves to be in that mix as well. All that was cancelled out when Orlagh Lally gave Ciara Butler no chance with a good finish to the net and points by Orlagh Lally and Aoibheann Leahy gave Meath a 1-9 to 0-5 lead at half-time. It would get worse before failing to get better. Aoibheann Leahy opened the second half scoring, with Lorraine Scanlon replying. Stacey Grimes added another free and then slotted a penalty won by Emma Duggan. She swapped scores from play with Hannah O'Donoghue. Megan Thynne and Vikki Wall added further minors to make it 2-14 to 0-7. Look, I have seen miracles in Croke Park on a few occasions, but in this case I think even Jesus would have been advising a wedding party to enjoy the water. Louise Ní Muircheartaigh did score the last point of the quarter.

Hannah O'Donoghue and Bridgetta Lynch traded scores on the restart before Rachel Dwyer pulled back a goal. Niamh Gallogly finished off the scoring and to be honest, it was a relief for everybody when the final whistle blew.

Kerry: Ciara Butler, Julie O'Sullivan, Aislinn Desmond, Ciara Murphy, Aishling O'Connell, Kayleigh Cronin, Cáit Lynch, Lorraine Scanlon (0-1), Niamh Carmody, Louise Galvin, Emma Dineen, Anna Galvin (0-1), Niamh Ní Chonchúir, Hannah O'Donoghue (0-2), Louise Ní Muircheartaigh (0-5, 3f). ### KERRY HURLERS INTO MCDONAGH CUP SEMI-FINAL

*McDonagh Cup Round 1*

*Kerry 2-24 Down 1-21*

Kerry had to carry a spate of injuries through a National League campaign in which they acquitted themselves well, losing out on promotion to Offaly (I'm thankful for small mercies – the gulf between Division One and Division Two is colossal). Down in Austin Stack Park were one of their early victims, though it was a hard battle before Kerry turned the tables and pulled clear. Down were even better last Saturday than on that occasion. Their first touch isn't great, to be honest, but with any bit of space they can string some beautiful passing moves together. However, Kerry have been gradually improving piece by piece and the return from injury of Shane Nolan is a major boost – he really is brilliant to watch. Himself, Mikey Boyle, and Shane Nolan from long range put Kerry in front before Paul Sheehan nailed a Down '65. Conway pointed from play but Sheehan replied with a free. He won the puckout and sent it back in to Daithí Sands

for a goal that was a soft one to cough up, to be honest. Another Sheehan free and Down were ahead by 1-3 to 0-5. Conor O'Keeffe, who excelled, teed up Mikey Boyle for his second point and Pearse Óg McCrickard and Mikey swapped scores before the water break. 0-7 to 1-4. Shane Conway's brace to another McCrickard point put us in front. Kerry were on top now, but hit three wides in succession before Pádraig Boyle and Shane made it 0-11 to 1-5. Donal Hughes and Paul Sheehan trimmed it but Barry Mahony (a great team move) replied and a good ball from Shane Nolan saw Cian Hussey fire home our goal.

Kerry: J B O'Halloran, James O'Connor, Evan Murphy, Eric Leen, Conor O'Keeffe, Fionán Mackessy, Jason Diggins, Paudie O'Connor, Shane Nolan (0-4, 1f), Mikey Boyle (0-4), Barry Mahony 0-3, Brendan O'Leary, Pádraig Boyle (0-4), Shane Conway (1-8, 4f, 2'65), Cian Hussey (1-0). Subs: Tomás O'Connor (for James O'Connor, 22 mins), Bryan Murphy (for Brendan O'Leary, 66 mins), Donal Hunt (for Cian Hussey, 69 mins), Fionán O'Sullivan 0-1 (for Mikey Boyle, 69 mins), Eoin Ross (for Eric Leen, 71 mins).

Down: Stephen Keith, Conor Cassidy, Caolan Taggart, John McManus, Matt Conlon, Conor Woods (0-1, 1f), Liam Savage, Donal Hughes (0-2), Jordan Doran, Chris Egan, Paul Sheehan (0-5, 4f), Marc Fisher, Pearse Óg McCrickard, Eoghan Sands (0-1), Daithí Sands (1-2). ## COMFORTABLE KERRY CRUISE PAST CORK

### Munster Junior Semi-Final

#### Kerry 2-16 Cork C 0-5

Kerry followed up their opening round win over Limerick with an even more convincing one over Cork's third team to book their place in the Munster Junior Final next Saturday night. Patrice Diggin opened the scoring before midfielders Aoife Behan and Tara McCarthy traded scores. Aoife was bean laoch an chluiche, while McCarthy was comfortably Cork's best player. Kerry were always on top, though – this Cork panel was only assembled very recently, whereas Kerry have a lot of work put in. Annmarie Leen, Jackie Horgan (2), and former Munster Feile skills winner Amy O'Sullivan made it 0-7 to 0-1 at the first water break. Fiona Nelligan picked off a nice Cork score on the resumption and McCarthy (f) and Aoife Twohill added more, but Jackie Horgan, Patrice Diggin, and Aoife Behan (2) helped Kerry into a -0-12 to 0-4 half-time lead. Jackie and Patrice (2) stretched the lead before Aoife won a penalty converted by Patrice and Jackie Horgan added a second goal straight from the puck-out after good work by Laura Collins.

Lorraine Collins picked off Cork's last score, with Kerry adding two points in the last quarter to seal an impressive Kerry display.

Clare received a walkover from Waterford in the other semi-final, so Kerry will face them at a neutral venue tomorrow night at 7.00pm.

Kerry: Aoife Fitzgerald, Elaine Ryall, Niamh Leen, Michelle Costello, Patrice Diggin (1-4, 1 pen, 2f), Sara Murphy, Áine O'Connor, Aoife Behan (0-4), Kate Lynch, Annmarie Leen (0-1), Laura Collins, Rachel McCarthy, Amy O'Sullivan (0-2), Jackie Horgan (1-5, 2f), Caoimhe Spillane. Subs: Jessica Fitzell (for Niamh Leen, 46 mins), Edel Slattery (for Rachel McCarthy, 50 mins), Alannah Whelan (for Amy O'Sullivan, 55 mins), Kate Buckley (for Laura Collins, 55 mins), Norette Casey (for Jackie Horgan, 59 mins)

Cork: Eimear Hurley, Jennifer Murphy, Courtney O'Keeffe, Emma Casey, Roisín Killeen, Ciara Ring, Jacinta Crowley, Tara McCarthy (0-4, 3f, 1'65), Lucy Wallace, Tara Sheehan, Aoife Twohill (0-1), Eimear O'Reilly, Molly Barrett, Lorraine Collins (0-1), Fiona Nelligan. Subs: Nicole Crean (for Molly Barrett, 24 mins), Miriam Cotter (for Jennifer Murphy, 24 mins), Tara Crowley (for Tara Sheehan, 38 mins), Maggie Coppinger (for Eimear O'Reilly, 47 mins), Christine O'Neill (for Jacinta Crowley, 47 mins)

Referee: Mike Ryan (Tipperary)

## CAMOGIE

Congratulations to Killarney Camogie Club, who won the delayed 2020 Kerry U16 Final against Tralee Parnells last weekend in a cracking game in Spa that saw a last minute goal seal a four point win.

## BOXING

### Kingdom Warrior Wins Again

Kerry's Kevin Cronin, the Kingdom Warrior, is rapidly making a real name for himself as one of the top boxers around, and that rising reputation was enhanced by a very impressive victory over Daniel Borisov. Kevin won the four rounder at the Celtic Clash in Guadalajara, near

Alicante in Spain. This was the most impressive of his four professional wins in four fights, not least for the simple reason that Borisov was good. As strong as Kevin (not something I'd say lightly), good hands, and good footwork. Kevin wisely stayed out of a dogfight; this fight was all about skill and Kevin just had that little bit more of it, able to sway away from punches (genuinely brilliant head movement) and picking his own shots carefully. He edged the first two rounds but really pulled away in the third and made sure to stay out of trouble in the fourth to win by unanimous decision. It's becoming more and more obvious that this guy is the real deal. There is talk – and it is only talk as yet – about a home fight towards the end of the year, possibly against Crumlin boxer Robbie Burke, who won his own fight by first round KO.

## RUGBY

The British and Irish Lions Tour in South Africa is, unfortunately, not going well. Losing captain Alun Wynn Jones to injury was a bad blow, softened I suppose by having Ireland's Conor Murray given the armband. Much worse, however, is the rise in Covid infections, with the country having moved to level four lockdown protocols. At some point, as with the Olympics in Tokyo, one has to measure the risk against the reward. Everybody coming home safe has to be the main priority and supersedes anything else.

## SOCCER

Congratulations to Kilcummin's Matt Keane on being selected as Treaty United's Player of the Month for May.

## CYCLING

Killarney Racecourse will be hosting a round of the Munster Youth League next Tuesday, July 6th, at 7.00pm, with racing at U12, U14, and U16. It should be spectacular and will be well worth watching in a perfectly safe and well-distanced environment.

## ATHLETICS

Congratulations to David Kenny of Farranfore Maine Valley AC who has qualified for the Olympic Games. David, who is coached by Rob Heffernan will represent his country in the 20km walk. He will also represent Ireland in the European Championships in Tallinn in Estonia next week.

Congratulations to Killarney AC's Sarah Leahy, returns after setting a new personal best of 11.88 in the 100m at the National Championships in Santry and has been selected as part of the 4 x 100m relay in the European U23 Championships in

Tallinn, Estonia, on July 8th to 11th. Dublin's Cian O'Sullivan, both of whose parents hail from Kerry (his Dad is from Kilgarvan and his Mam is from Fries) won no less than seven All Ireland medals as an auxiliary centre back/ sweeper and played a key role in their rise to dominance (it cannot be called anything else at this stage), has unfortunately been forced to retire through injury. Cian represented Farranfore/Maine Valley AC in his youth. Congratulations also to Ciara Kennelly from Killarney Valley AC who came third in the High Jump at the National Championships.

David Kenny will represent his country in the 20km walk.

Treaty United's Matt Keane with his Player of the Month Award.

## NEW MAN IN THE HOT CHAIR AT CELTIC

The old adage that says if you need something don't ask someone that's busy is certainly true of the new Chair of Killarney Celtic Tim Jones. Outgoing Chair Paul Sherry, who had stayed on an extra year due to Covid, stepped down as per rotation rules at this weeks AGM. Paul was 5 years in the role. Tim, a successful businessman in Killarney, takes over having been Vice Chair - the role that Paul now takes up. Tributes were also paid to Liam Shine who gave great service as Treasurer for the last 5 years and John Somers take on that position. Helen Clancy was re-elected unopposed as Secretary with the Committee members

being Jane O'Donoghue who represents Football For All, Padraig Harnett and Mike Courtney."

## NAOISHE IS DEFINITELY ONE TO WATCH

Donning the Kerry jersey in two sporting disciplines this week an up and coming young Listry girl is excelling in both GAA and Soccer. Naoishe O'Donoghue, a student at Faha National School and the daughter of Caitriona and the late Stephen O'Donoghue played soccer on Sunday in Ardferf vs South Tipperary and they won 6-1. The following day she was part of the Kerry team who had a great win against Clare in a challenge game. Naoise is definitely one to watch on the sporting circles.

## KERRY SCHOOLBOY/GIRL SOCCER

### UNDERAGE LEAGUE OF IRELAND AND INTER LEAGUE ACTION PART OF HUGELY BUSY WEEK IN THE KSBGL:

Kerry 14's 0-6 Cork City

The underage League of Ireland has finally begun following its COVID postponement. Kerry 14's welcomed Cork City to Christy Leahy Park and it was the visitors who took the win with all the goals coming during a 20 minute blitz from the 18th minute.

Kerry battled hard in the second half and indeed could have gotten a couple of scores own. This Saturday Kerry are away to Waterford at the IT. Waterford went down 5-1 to Cobh Ramblers in their opener last weekend.

### KERRY GIRLS OUT IN FORCE

The new Ardfert All Weather was a hive of activity when Kerry and South Tipperary Girls sides played four friendly games with the 13's Gaynor and Development squads, the 15's and 16's all in action. There were 80 Kerry girls in action across the 4 home squads which is a sign of how strong girls soccer is now becoming in all corners of the county.

The 13's Development played very well and won 2-0 thanks to Sadie Ryan's goals. The 13's Gaynor Squad were in flying form and ran out easy winners thanks to Laura Falvey, Emma Daly, Phoebe O'Shea, Naoise O'Donoghue and Keeva Riordan who were all on the score sheet.

The Kerry 15's and 16's put in efforts that pleased their managements as they were up against sides who would have been together since their 13's Gaynor days. Casey Mulroy scored for the 15's while Lily Twomey, Mary Kearney and Lucy O'Sullivan impressed for the 16's.

### THE REST OF THE MID-WEEK ACTION

In the 15's Shield Rohan Saha 2, Keelan Veraso and Daniel Fleming got the Killarney Athletic B goals as they won at home to Ballyhar. Joseph Lawlor, Marcus Connolly, Kuba Mikolagczuk, Alex Riordan and an og saw St Brendan's Park B taking the win at Christy Leahy Park where Mathew Spillane replied for Killorglin.

In the 16's Mastergeeha had their shooting boots on at home to Tralee Dynamos with Eoin Kelly, Daire O'Leary, Sean Doolan, Alan Looney and Hugh Lenihan all getting one each in the win.

Girls Mid-Week Games: In the U12 Girls Mastergeeha defeated MEK Galaxy in a 10 goal thriller at Kilbrean Park. Amy Brosnan had a night to remember hitting 4 goals with Sadbh O'Halloran and Grace Murphy getting the goals for Mastergeeha. ## ORNAMENTAL GRASSES

Ornamental Grasses can grow in a wide range of conditions. There are grasses to suit damp or dry soils, shady and sunny positions.

Grasses can add great colour to any shrub bed and they also look great in containers. Ornamental grasses don't need much feeding as this only encourages a lot of growth in the foliage at the expense of flowers. There is a large selection of grasses to choose from. There are grasses like the Pampas, which is tall to the Care Algod which is small. If you are planting small grasses in the garden try and plant them in groups of three rather than on their own. Grasses are also plants for containers but only choose an evergreen one such as Phormium or an Astelia as they will give you colour all year and you can plant your seasonal plants around them.

# Nicky pens a special poem

Regular poetic contributor to Killarney Outlook, Nicky Barry was asked to pen a special poem by one of his fans about the plight of autistic children, "I was honoured when a woman came to me last week to ask me for a favour.

She has been reading my poetry and asked me to write a poem highlighting the plight of autistic children", Nicky told Killarney Outlook "She brought her ten year old son to meet me so I could see for myself. We talked for a while, and then I wrote the poem for her", he added. The lady in question was delighted with it, and gave Nicky's poem ten out of ten. "I hope by having it published, people could better understand such children when they come across them", Nicky said.

## A CHILD WHO DESERVES MORE

By Nicky Barry

*The autistic child looks scattered, nervous and uptight,  
Not understanding very much, about his little life.  
He's short on comprehension, of all that's going on,  
For he is in a special place, and he's there all day long.  
Other kids who run around, find him rather strange,  
For his world is different, and he does not engage.*

*He knows his parents love him, and that most kids don't,  
For they can be cruel, and inclined to taunt.  
His head is full of wondrous things, that they don't know about,  
Which makes him quite frustrated, and causes him to shout.  
This can lead to tantrums, which come out of the blue,  
And people who don't understand it, don't know what to do.*

*They tell him to behave himself, but what does behave mean,  
For he can see nothing wrong, with what they call a scene.  
He has a special place inside his head, for numbers and for sums,  
And sees how they're connected, while other kids seem dumb.*

*Their relationships are simple, for it is his special gift,  
To him figures all make sense, and all equations fit.  
Whether it is millions, or trillions by the score,  
It's where he is happiest, a child who deserves more.*

## KNOW YOUR RIGHTS APPLYING FOR A STUDENT GRANT

**Question:** *I'm doing my Leaving Certificate this year and plan to go to college in the autumn. How do I apply for a student grant?*

**Answer:** *Student Universal Support Ireland (SUSI) awards higher and further education grants to people living in Ireland.*

You complete an application form online to apply to SUSI. You must have an online account with SUSI before you can make your application. SUSI accepts grant applications for the 2021-2022 academic year from 22 April 2021.

You can use SUSI's eligibility reckoner to see whether you meet the criteria for student grant funding.

These include:

- You must be an Irish, UK, EU, EEA or Swiss national. You may also be considered for a grant if you have refugee status, subsidiary protection or leave to remain in Ireland.
- You must have been ordinarily resident in Ireland for three of the last five years.
- Your family's means must be under the specified threshold for the previous tax year (2020). If you or your family have had a change of circumstances during the tax year, your changed circumstances may be taken into account.

You must be attending a course that is approved for a student grant. You can see the list of approved institutions and courses on SUSI's website.

If you are refused a grant or are approved a grant at a rate that you don't think applies to your situation, you can appeal the decision in writing to SUSI. You must appeal within 30 days of getting your decision.

If you are living in direct provision or are in the international protection system, you can apply for support under the Student Support Scheme for Asylum Seekers.

## SELF ESTEEM

### PART 1

Self-esteem is determined by how much we value ourselves, and tends to develop from early childhood right into our adult years. Healthy self-esteem is maintained when we achieve a good balance between feeling capable while also feeling loved. Self-judgement or the judgement of others can trigger low self-esteem. Negative self-talk such as 'I'm no good', 'I'll never succeed', 'nobody like me' can all contribute to our low self-esteem. The more we use this negative self-talk the more we begin to believe its fact.

There are many ways in which we can raise our self-esteem and begin to feel better about ourselves. These include

**Positive Self-Talk:** Why not change the way you talk to yourself by giving yourself positive statements. Replace the negative thoughts with something positive and create positive affirmations. Look at what you do well or what is working in your life and begin to 'change the recording' in your mind to incorporate these.

**Positive Self-Care:** When we begin to take care of ourselves we begin to feel good about ourselves. This involves eating healthier food and cutting out junk. Exercise is also vital to help us feel good about ourselves and feel energised. Talk a walk, run, cycle or dance; do whatever feels good for you.

Do things you enjoy: What do you love to do? Make a list and ensure that you do at least one pleasurable activity each day.

Remember your Success: Look at past successes you have had and draw from these. Reflect on an achievement or a challenge you overcame. Be sure to give yourself credit for this and remember, if you did it once, you can do it again.

Spend time with good people: Be sure to spend time with people who treat you well and try to avoid negative people who put you down.

**Don't compare:** Comparing ourselves to others can really dent our self-esteem. Instead of focusing on the success of others – we need to focus on ourselves and what we can do better. Comparing ourselves will only bring us down.

**Take small steps:** Set small achievable goals so you can see your success as it unfolds. This will result in feeling more successful and confident and lead on to greater accomplishments.

**Be prepared for setbacks;** they are part and parcel of life. However, the way in which we deal with a setback can greatly impact our self-esteem. If you are unable to achieve a goal, try again or change tactic.

*Next week we will continue to look at Self Esteem and ways in which we can nurture self-esteem in our Children.*

## A Word of Victory

Welcome back dear reader "Am I a God who is only close at hand? says the Lord...can anyone hide from me in a secret place? Am I not everywhere in all the heavens and earth?" says the Lord" (Jeremiah 23:23 NLT). Jeremiah was known as the weeping prophet. He wept because he saw how God's people sinned and attached themselves to false gods, living adulterous lives - running away from God and then falling into calamity because of their hardened hearts. Jeremiah saw visions of what their future held because of their sin and it made him tremble and shake. Our world today still reflects these same issues seen by Jeremiah so long ago.

The visions he had were prophecies for those times, but this is also a Messianic prophecy as it reveals God's plan of Salvation through His Messiah. "For behold the time is coming, says the Lord, when I will raise up a Righteous Descendant from King David's line. He will be a King who rules with wisdom. He will do what is just and right throughout the land. And this will be His name: 'The Lord Is Our Righteousness.' In that day Judah will be saved, and Israel will live in safety." (Jeremiah 23:5-6 NLT)

This Messiah King is Jesus – 'The Lord our Righteousness'. Righteousness is the gift that God bestows upon those who will trust Him and believe in Him for Salvation. Firstly sin must be repented for, because God is holy and sin cannot dwell in His Presence. We cannot pay for our own sins nor ever make ourselves holy or righteous enough, no matter how hard we try. In fact, the more we try to adhere to God's law in our own strength, the more we fail! Paul put it this way... "for all have sinned and fall short of God's glory" (Romans 3:23). Our sin nature which came down our bloodline from Adam causes everyone at some point in their lives to make the wrong decision and sin, thus separating us from God. The sin had to be dealt with once and for all so that mankind could be reconciled to God in peace (Hebrews 10:14).

So, God sent His Son Jesus to be our Atonement – that is He took our sins upon Himself - so that we could be forgiven and released from sin, and from the power of death (because the wages of sin is death according to Romans 6:23). The Lord Jesus' blood was sinless because His Father was God Himself. God's plan of Salvation was enacted through the supernatural birth of Jesus. Jesus faced everything we do, but He never succumbed to sin. Thus He, by His sinless life, His death and resurrection made the way for us to be saved and given peace with God forever. (John 11:25-26; 1st Corinthians 15:21) This is why He says "I am the Way, the Truth and the Life. No one comes to the Father except through Me" (John 14:6).
