**T**he summer is slipping by and as we head into the month of August we have a busy magazine for you. There is a FAI Council seat for Killarney man Padraig Harnett, the Scally family are spreading their wings to the capital and

there are pleas to climbers to keep Carruntoohil clean. Dr. Crokes children enjoyed their annual Summer Camp this week, Cathal Flaherty played a fantastic gig at the INEC Acoustic club and the Ring of the Reeks was a resounding

success. We have lots of pictures from the celebrations at the Killarney Outlet Centre and plenty to keep our sports fans happy. Enjoy the August Bank Holiday weekend.

## Scally Family to develop hotel in Dublin

Joe Scally, Chairman, Hayfield Family Collection, pictured with, from left, Claire Scally, Annemarie van Vrede and Etienne van Vrede.

The Scally family, who own The Great Southern Hotel in Killarney, have lodged plans to develop a five star, 195 bedroom, hotel and spa in Dublin.

The property is in Donnybrook at the site of St. Mary's College, which is a protected former Carmelite seminary on Bloomfield Avenue.

The family paid €16 million for the three acre

site and the development is set to cost €50 million. The property is situated in an affluent area of Dublin, Bloomfield Avenue, between Morehampton Road and the Royal Hospital in the heart of Donnybrook, which is within walking distance of Dublin City Centre.

Amenities such as Herbert Park are a short walk away and there are many leisure and

shopping facilities in the area. The building is an impressive four story period building dating back to 1875 and was a former college and monastery. The property is the latest in the Hayfield Family Collection which incorporates The Great Southern Hotel, Killarney, Hayfield Manor Hotel, Cork and the family's original property, The Royal Hotel in Killarney.

## FAI National Council seat for Padraig

Known throughout Kerry and beyond for his dedication to Soccer and sport in general, Padraig Harnett has been elected to the FAI National Council at the weekend.

Padraig, who is Chair of the South West Regional Women's Committee and the Kerry Schoolboys Girls League, was elected alongside Lorraine Counihan and Marie Price Bolger. Following the acceptance of the Governance Report by the members of the FAI at last

weekends AGM a number of changes have come into place. One of these sees the women's game having its participation levels on the National Council increased from 2 to 4 to reflect the growth of that side of the game.

Having been hugely involved in the preparation of the Government Report the Chair of the Women's National Committee Niamh O'Donoghue showed her integrity and kept her promise of stepping down from the Board and the WNC.

She has been replaced by Frances Smith and this left the 3 seats,

which were filled on the Council - Padraig Harnett, Lorraine Counihan and Marie Price Bolger. "I am delighted to be elected to the FAI National Council" Padraig has said. "These are important times for change in the FAI and I am delighted to be on the Council to help oversee the recommendations of the Governance Report."

Kerry now has two representatives on the Council with John O'Regan being a long time member through the Munster Football Association.

*Keep Corrán Tuathail litter free...*

## Local guide pleas for climbers to leave no trace

we brought down the ruc-sac and filled it with all the disgarded items, we brought down 5 of the bricks and got the rest the following days", Piaras added.

Corrán Tuathail also seems to have become a bit of a memorial garden. "While I understand that everyone has a story, many sad and tragic, memorial plaques, letters, photos of loved ones and candles have become commonplace on the mountain and these memorials are not to people who lost their lives on the mountain" Piaras said. "This is a stunningly beautiful wild mountain not a memorial garden, Please respect this and leave no trace" he added.

However, considering the numbers out walking, hiking and climbing the Reeks, these instances are still pretty few and far between but let's not hope we see more of them – the message is clear – leave no trace.

For more information:

www.mcgillicuddyreekskerry.com

Local mountain guide and owner of Kerryclimbing.ie, Piaras Kelly has taken to social media this week to highlight the littering of Ireland's tallest mountain.

Piaras Kelly who runs a family business along with his wife Catherine, knows the mountain like the back of his hand and this week he came across two separated incidents – a group of disgarded clothes and believe it or not, collection of bricks.

"I climb Corrán Tuathail quite a bit, almost everyday in fact, and I can honestly say I still truly appreciate it's raw, awe-inspiring spectacular beauty just as much as I did that very first time I explored and climbed it's rocky slopes. It's ruggedness and wildness is utterly spell bounding but as a consequence of this beauty and appeal then of course more and more people will be drawn to experience it too and though this is brilliant to one degree, unfortunately not everybody will fully appreciate and respect the fragility and relative unspoilt majesty of the place", Piaras said.

On my daily work guiding and playing on Ireland's highest I have seen and witnessed many many things. The good, the bad and at times the down right ugly, and again this week it was a small minority who decided to disgard their rubbish while visiting one of the most beautiful wild places in the entire country, the

mighty, the magnificent - Na Cruacha Dubha na MacGiolla Chuida, the MacGillicuddy's Reeks", Piaras said.

"On these daily guided climbs I am always of the uttermost keen to emphasize to clients and as I'm sure all will be quick to agree, the ethic of the day - "Leave no Trace" and if "Leave it even better than we found it - I call it Mountain Karma...We look after the mountain and it'll look after us", he added.

"Because of the unevenness of the rocky, boggy and at times, very steep and loose terrain on Corrán Tuathail you unfortunately on alot of occasion, quite simply can't afford to look up, and this provides a great opportunity to scan the ground while I'm strolling and as a result I've somehow got a keen eye for even the tiniest piece of rubbish. It's a little daily challenge and I take immense pride in the impact this has had and no doubt avoids others from possibly discarding their own.

There's definitely a strong argument to the statement that "If you don't see litter well you're probably less inclined to drop any litter".

This week Piaras came across a disgarded ruc-sac, jeans, t-shirt toilet rolls and socks and in another area – a collection of bricks which were carried up the mountain.

" On Monday, we left it better than we found it,

## NEW AEROMEDICAL SERVICE FOR MUNSTER

A new aeromedical service has commenced operations in Munster this week and had three call outs on their first day.

This very valuable service will help ensure that seriously ill or injured people in remote areas have more timely access to appropriate high-quality clinical care. The charitably funded Helicopter Emergency Medical Service will operate from Rathcoole Aerodrome, just north-east of Millstreet, in Cork. The charity will fund the aviation service while the Government, through the HSE, will provide the clinical staff i.e. an Advanced Paramedic and an Emergency Medical Technician and consumables. Additional resources of €0.25m have been made available to the National Ambulance Service to fund the additional manpower capacity required.

This service is part of the long-term whole system approach to healthcare which seeks to ensure that the right care is delivered by

the right person, in the right place, at the right time, a fundamental objective of Sláintecare. The new service will be delivered by the HSE

National Ambulance Service in partnership with the Irish Community Rapid Response.

# Stunning surroundings as cyclists enjoy Ring of the Reeks

Almost 300 cyclists gathered in Beaufort on Saturday last, 27th July, to take on the challenge of the Ring of the Reeks. It was a beautiful day for cycling on one of the most scenic routes in the country. This year there were four different routes, 110km, 60km, 35km and a 5km family cycle. Along the way, there were many refreshments stops, with the main two on the 110km cycle being Blackwater Tavern and The Climbers Inn. Following the cycle, everybody was catered for in the Community Hall with a variety of different cakes, biscuits, tea, sandwiches and more, the highlight certainly being the pasta provided and cooked by chef John O'Leary. Beaufort GAA would like to acknowledge the huge contributions by the stewards, those who made the sandwiches, those who did the catering in the Hall, the motor bike stewards, Killarney Gardaí, our three chefs, John O'Leary, Agnes Rooney and Timmy Brosnan. Thanks to Killorglin Cycle Club and finally the generous sponsors - Kissane's Shop, O'Sullivan's Bread, Lee strand, Carson's Daybreak and O'Sullivan's Cycles Killarney.

**HAVE YOU GIVEN UP SMOKING WITH OVER 12 MONTHS?**

If the answer is yes and you have any of the following:

- Life Cover
- Mortgage Life Cover
- Serious Illness Cover
- Income Protection

Then it is very likely that you are paying too much for your insurance regardless of whether the policy is in one person's name or in two names. By reapplying for the same amount of cover you have over the same remaining term there is a very strong possibility that you may have a substantial reduction in your premium. For example a 35 year old male smoker with €200000 life cover and €100000 serious illness cover over 20 years would pay at present €76.91 per month whereas for the same cover as a non smoker the premium is reduced to only €47.98 per month, this is an annual saving of €347.16 and over a 20 year term a saving of over €6943.20.

## Awards shine a light on non profit groups

Launched in Killarney this week, Ireland's Good Governance Awards were established four years ago to encourage and support good governance for the not for profit sector and are in partnership with Carmichael and volunteer centres in Kerry, Cork, Clare, Tipperary, Limerick and Yellow Harbour, who help companies assess, implement and manage corporate social responsibility programmes.

The backdrop of rural Killarney was deliberately chosen to shine a light on the work of nonprofit groups in rural Ireland. A key message at the launch is that small and medium sized rural groups deserve to be at the forefront of initiatives that empower and give national recognition to Good Governance. The Good Governance Awards (GGA) provide the perfect platform for all groups to share their story and tell of the efforts that they are making to advance and comply with good governance. The closing date for submissions via [www.goodgovernanceawards.ie](http://www.goodgovernanceawards.ie) is September 13th.

The collaboration between Carmichael, Munster based Volunteer Centres and Yellow Harbour is in response to the need that they have identified locally for small and medium

sized groups and their Volunteer Trustees, the majority of which are rurally base in Munster, to be empowered and encouraged on the 'how to' practicalities of doing good governance. The focus of the Good Governance Awards, now in its fourth year, is on recognising the

efforts of groups to improve their governance and on the quality of groups' annual reports. As such, there are applications for two award types each having five entry categories.

## Running gear donated at Run Killarney

Pictured left to right are Graham Clifford, founder of the Sanctuary Runners and Oliver Kirwan, founder Elite Event Management

From shoes to leggings and tops to shorts, 1000's of pieces of running gear from all over Kerry and beyond has been donated following last weekend's Run Killarney Event. The organisers of the event held a collection of running gear to help encourage more people living in direct provision centres to start running.

Organised by Graham Clifford of Sanctuary Runners which was set up last the club enables

local runners to run alongside and in solidarity with those living in direct provision.

Numerous boxes were filled after the event and the gear will now be distributed to Sanctuary Runner groups around the country to help encourage more people living in Direct Provision have the opportunity to try out running with members of their local community.

This year's Run Killarney saw 10 runners who

live in Direct Provision compete alongside Sanctuary Runners from all over Ireland. More than 3,000 runners in total took part in the 10k and half marathon through Killarney National Park on Saturday 20th July.

"It's fantastic to receive this gear on behalf of the Sanctuary Runners. People who live in Direct Provision wouldn't find it easy to come by this kind of clothing or gear and therefore it will make a great difference to many of them who would like to try out running and take the opportunity to engage more with the local runners in their area. We would like to thank the Run Killarney organisers for their support on this. We absolutely loved the event again this year and we'll be back again next year with even more Sanctuary Runners we hope, Graham Clifford said.

A new Sanctuary Runners group has recently been set up in Killarney. For more information or to join the group contact local coordinator Mike Riordan at Sanctuaryrunnerskillarney@gmail.com. The group will take part in the weekly Park Runs in the grounds of Killarney House and Gardens in the town centre and you don't have to be a runner to get involved. If you're on Twitter you can follow their progress @Kerrysancrun. Plans are also in place for the Sanctuary Runners to spread to the towns of Tralee and Kenmare in the coming months.

Run Killarney takes place on Saturday 18th July 2020 and registration is now open with an Early Bird offer in place until 30th November 2019.

## And they're off.... €40,000 up for grabs at Dingle Races

The countdown is on to Dingle races which are taking place on 9th 10th 11th August. There will be 24 races over the three days with approx €40,000 prize money up for grabs.

The First race Friday is at 4pm with a 2.30pm start both Saturday and Sunday.

Saturday's Feature race is the Guinness Goldman mile with a value €2500 while the feature race on Sunday is the Dawn Milk Dingle Derby valued at €6000, and each race of the 24, over the three days are valued over €1000.

Many of the successful jockeys riding both hunt and on the flat in the sport started out riding on the Horse and pony racing circuit, including Pat Smullen, Shane Foley, Wayne Lordan, Chris Hayes, Paul Townend, Nina Carberry, Richard Hughes, Jack Kennedy, Oisín Murphy and Colin Keane are only a small small few names of people who started their careers as jockeys at ages as young as 10 years including Kerry lads Bryan Cooper, Oisín Murphy and of course Jack Kennedy.

Oisín Murphy is having a super season and 2019 Cheltenham gold cup winning jockey Paul Townend won the Dingle Derby in 2006.

Dingle Races have now secured a scholarship with the British Racing school in Newmarket to award a jockey in Dingle each year an invitation to participate in their Advanced Pony Racing course. This years winner is Philip Byrnes son of well known trainer Charles Byrnes. "We also are now working with R.A.C.E in the Curragh who recognise that the jockeys of the future are starting Horse and Pony Racing and they know Dingle Races is the 'Cheltenham' of

Horse and pony racing", Dingle Races Chairman Colm Sayers told the Killarney Outlook.

"Last year the Irish racing school RACE came down to Dingle and met these young people and signed a good number of them to do the 42 week trainee jockey course. RACE are also encouraging the trainees to go Horse and Pony racing in the summer to gain more race riding experience", he added.

Dingle Races is completely self funded with no financial aid other than our fantastic loyal sponsors. Many of these are local who contribute whatever they can to keep this important event successful and growing.

Apart from the racing there is a fully licences bar, a live music area, free entertainment for kids (face painting and puppet shows) an outside broadcast from radio Kerry.

Sunday is ladies day with prizes for best dressed lady, best dressed gent and best dressed mother and daughter with hundreds or euros of prizes to be won. Shuttle buses run regularly to and from the bus stop at the back of Garvey's supervalue in town out to the racecourse.

## SENIOR COUNTY LEAGUE DIV 3 - RD 10

Firies took Gneeveguilla who were looking to secure promoting while Firies are trying to maintain their status in Division 3 for 2020. It was Firies who got the first score of the game after 20 seconds, a fisted point from Stephen Foley. But this was to be the only time Firies lead for the entire game as Gneeveguilla pushed on and scored 5 points without reply in the next 15 minutes. 2 points coming from frees from Padraig O'Connor and John O'Leary with 3 coming from open play, two from Conor Herlihy and one from Donal Murphy. Following a great catch from Jake Flynn in the 17th Minutes at Mid-field from a kick out, he put Liam Brosnan through for a well worked point. This was followed up a minute later by a point from Padraig De Brun and left the score 5 point to 3 in favour of the away side. A minute John O'Rourke made a vital interception to deny a goal scoring chance for Gneeveguilla, when they put a great through ball into the square. Gneeveguilla finished out the half with two more points to leave the half time score 0-07 – 0-03 in favour of the visitors. Gneeveguilla controlled the start of the second half but kicked 2 bad wides. Then in the 5th minute, Firies lost William Courtney to a black card. He was replaced by Darragh Donohue. Gneeveguilla got the first point of the second half in the 7th minute and this was cancelled out by Darragh 2 minutes later to leave the score now 0-08 to 0-04. The away side scored the next 2 points in the 11th and 12th minutes from Sean O'Leary and Pa Warren and put abt of daylight between the sides. Firies made a double substitution at this stage with Ed Kerrisk and Connal Murphy replacing Shane Burke and Pat Daly. In the 18 minute, De Brun, now operating around the middle, scored his second point to put 5 between the sides. In the 23 and 24 minutes the sides traded points from Shane O'Sullivan and Darragh Donohue. Sean Cooper replaced Liam Brosnan in the 25th minute The last score of the game came in the 28th minute from the boot of Shane O'Sullivan again but this time from the penalty spot where he took his point. This now left the final score Gneeveguilla 0-12, Firies 0-06. Firies will need to beat St Pats's in the final round to have any chance of survival.

Glenflesk got the second half off to a great start with scores from Jeff O'Donoghue and Gavin Kelly, and while Beaufort had points from Daragh Coffey and Padraig Doona, a great save from Mark Kelliher saw Glenflesk hold their lead, ahead 1-7 to 0-7 half way through the second half. Ciarán Kennedy pointed for Beaufort followed by 2 frees from Liam Carey, but despite the best efforts of Ger Hartnett who was excellent in defence for Beaufort, Glenflesk pushed on with great performances from Michael O'Shea and Stephen O'Donoghue, frees from Jeff O'Donoghue and a Gavin Kelly goal to seal the victory in Beaufort on a final scoreline of 2-11 to 0-10.

# Enjoy your garden...

Gardening should be fun, but there is no such thing as totally labour free gardening. Growing plants necessarily involves some work but this can be reduced to a minimum if the right approach is taken. Plants want to live but too many people fuss over them unnecessarily. Not only do they make extra work for themselves but they also harm their plants in the process and even kill them with kindness. For example, many plants succumb each year through the use of too much fertiliser or too much water. Growth of trees and shrubs is often checked for decades by too deep planting. Much of the hassle can be removed from gardening in the following ways:- Work With, and Not Against, Nature. If a plant dies or fails to thrive, it is often because it is not suitable for that area.

## Plant the right plant in the right place.

Consult your local garden centre and look around gardens in your neighbourhood to find out what plants are right for your location and suit your soil and climatic conditions. For example, don't plant rhododendrons and other acid loving plants on limey (alkaline) soil.

Providing shelter from strong wind is a major aid towards hassle free gardening. If the garden is exposed, most plants will fail to thrive until suitable shelter is established. Plants such as Escallonia macrantha, Griselinia littoralis, hebe spp and elaeagnus are good shelter plants.

Don't plant wind susceptible plants, such as Japanese maples and rhododendrons, in an exposed situation. Give preference to wind resistant species such as heathers, hebe, cistus, olearia and sorbus.

Use native shrubs and trees, especially around the boundary. Native plants are particularly beneficial for wild life and are generally trouble free. In rural areas they link the garden with its surroundings.

## Avoid Having a Large Area of Lawn

Contrary to popular opinion, maintaining a grass sward or lawn in good condition is expensive, both in time and materials. In small gardens, a lawn can often be replaced with advantage by a hard surfaced area. This may be a wooden deck or patio made of brick, stone or slabs. A hard surface is expensive initially compared with a lawn but needs little maintenance and can be used throughout the year.

Select Plants That Need Little Maintenance... the Right Plant in the Right Place Select plants carefully to suit the size and nature of your garden. Avoid certain plants if you can't provide the right conditions. Trees and shrubs need little maintenance once they have been planted and should be the main plants in a hassle free garden. A few woody plants, e.g. roses and red stemmed dogwood, need annual pruning but most are best left unpruned, provided they have enough space to grow in.

Provided weeds are well controlled, there is usually no need to apply fertilisers to trees and shrubs growing in average garden soil. Fertilisers make plants grow faster but they may become more susceptible to wind damage and to pests and diseases. Minimise the use of annuals and bedding plants. These need to be sown or planted each year and weed control is more tedious than with other plants. If herbaceous perennials are used, select types that do not need staking, for example; hostas, geraniums, astilbe and anemone. Most woody plants have good natural defence mechanisms against pests and diseases and should not need any protective spraying if the right plants are selected initially. Given time, parasites and predators of greenfly will usually

build up naturally and bring infestations on woody plants under control before serious damage is done. Avoid the use of plants such as roses, pyracantha and prunus species that may need regular spraying to keep them healthy. If a plant needs regular spraying against fungi, such as rust, it is better in the long term to replace it with one that needs no attention.

## Keep on Top of Weeds

Weeds are the greatest obstacle to hassle free gardening. Getting on top of weeds and preventing them from seeding, rapidly lowers the weed seed population in the soil. This is a major step towards reducing time spent on routine maintenance chores. Before planting make sure that perennial weeds are completely eliminated. This can be done manually or by spraying with a herbicide. Weeds that appear after planting can be controlled in many different ways. In small gardens, weeds can be hoed or pulled by hand. Alternatively, mulches may be used to suppress weed germination. Mulches may be organic material, such as bark or plastic film. Plastic may be covered with a decorative layer of bark or gravel to improve its appearance. Especially in larger gardens, the use of leaf acting herbicides may be preferable to hoeing or cultivation. Under wet soil conditions, herbicides are often more effective against most weeds than alternative methods. Where herbicides are used and the soil is not hoed, a crust may form at the soil surface and become covered with moss or liverwort. A surface crust formed in this way will not cause any damage to established plants. On the contrary, growth will be better than if the soil surface was hoed to break up the crust. This unnecessary action will damage surface feeding roots and bring viable weed seeds up to the soil surface where they will germinate. Moss and liverwort have no roots and will not cause any damage to established plants. People, who are not aware of this, dislike their appearance and have an urge to loosen up the soil surface. No action need be taken. When the benefits of not disturbing the soil surface are realised fully, the beauty of moss will be recognised as it has been in Japan for centuries.

### GARDEN MAINTENANCE

It is important at this time of year to do some pruning in the garden. Climbers such as wisteria and Pyracantha should be pruned back now after flowering. Rambling roses can also be pruned back if they too have finished flowering. Shrubs like Hebes should be given a light pruning at this time of year as the flowers are fading in them. You can also give your hedges a final trim until next year as they will be putting on very little growth from now on. Don't go too hard especially with coniferous hedges as that would leave them with dead looking patches for the winter. Also the time is right to deadhead your roses as this will keep them flowering into early autumn. Roses that aren't looking too good now and have lost some of their foliage can be cut back a bit further to encourage new growth

## Why Body Confidence Matters!

Body Confidence is fundamental to how we live our lives. Why? Because everything you feel, think, do and experience is felt through your body. When that experience is full of health, energy, positivity and aliveness, your life flows easily and even obstacles are met with optimism and inner peace. When we don't feel good enough or happy in the skin, we're in, it affects us on many levels. We hold back in our life. We miss opportunities and most of all we begin to doubt ourselves.

### Body Confidence is first and foremost a choice!

Realising that you have a choice in how you feel is the number one key to living your very best life. In terms of building Body Confidence becoming aware of your inner self-talk is vital. We have around 70,000 thoughts a day and around only 20% of these are positive and uplifting. Boost your Body confidence by choosing to think the most helpful, kind and compassionate things about your body. Begin by being grateful for everything your body does for you every moment of every day. Write five things you are thankful to your body for every day and watch as your body confidence soars!

### So You're Saying I Can Eat More and I'll Lose Weight?

B WELL FITNESS CLUB

Yes. If you're skimping on energy intake, you have to eat more to lose weight, but you also have to eat the right foods, and at the right time. And you have to get your body out of survival mode.

Out of Survival Mode and Into Your Favorite Jeans

Below are my top 6 secrets for keeping your brain out of survival mode to get your body - and weight - back on track:

\* Kick the Crap Out of Your Kitchen - Look, there's no way around it. Sugar, processed foods, biscuits, sweets & fizzy drinks - they've all got to go. They trick your brain into thinking it's got fuel, only to disappoint with a quick energy burn that leaves you tired, depressed, and hungry, creating a vicious cycle of going in for more and continuing to come up empty. Eat only real food that gives you real energy. You're too good for crap.

\* Never Get Too Hungry - Never let yourself get to the point where you're so hungry that you're shaky or jittery or you can't focus or concentrate or you feel like you could just eat an entire box of anything right now that's filled with carbs or sugar or fat. That's low blood sugar, which is the primo signal to your brain to go into survival mode.

\* Cycle Carbs - Carbohydrates have become the modern villain. And the bad kinds like processed flour really are bad for you. But super low carb diets over time have been shown to rebound on women, leading to imbalances in our cortisol, while having some healthy kinds, like whole grains and starchy vegetables (sweet potatoes, winter squash, even modest amounts of white potatoes baked or roasted as long as not slathered in sour cream!) can keep your cortisol in a healthy rhythm, especially when you cycle them at the right time of day.

## GARVEY'S SENIOR FOOTBALL CHAMPIONSHIP

### FIELD WIDE OPEN AS 17 TEAMS SEEK BISHOP MOYNIHAN CUP

DONAL BARRY TAKES A LOOK AHEAD TO THIS YEAR'S GARVEY'S SUPERVALU SENIOR FOOTBALL CHAMPIONSHIP AND ASKS CAN IT BE AS GOOD AS 2018.

What a year 2018 was for football in the Garvey's Supervalu Senior Football Championship. The stats just jump off the page and scream just look at me. There were 29 games played in last year's championship, which included one draw.

Those games produce 96 goals averaging over 3 goals per game. In all the team contributed to 1109 points (in value with goals), which meant that games averaged 38 points per match. That's an incredible 19 points per team.

And for those who talk about mass defenses and shut outs, well only one game failed to produced a goal last season and that was a 0-17 to 0-15 thriller in which Rathmore defeated Kenmare.

Last Monday evening at the Austin Stack Park Pavilion team managers and captains gathered to see what road is in store for them in the 2019 version and there was plenty to talk about in the aftermath with some familiar faces getting to meet each other in Round 1.

Last year's champions Dr Crokes open with a tough one with neighbours Rathmore who have had the Indian sign over the Lewis Road outfit of late. Rathmore may well be in a club relegation play off but have already beaten the Killarney side this season in the club championship.

It is not an easier opener either for last year's beaten finalists who come face to face with current club champions Austin Stacks. Dingle had the services of Mark O'Connor last time out as they kicked started their run to the final.

South Kerry who exited at the hands of East Kerry in 2018 have Shannon Rangers. The men that won in 2014 still have the credentials to challenge while for Shannon Rangers in recent times the championship has presented many difficult challenges when putting teams on the field

Another East Kerry derby that is sure to attract the headlines is that of Killarney Legion and newly promoted Kilcummin. It's a game that both sides will feel that they can win.

Another decent club battle to look forward to is Kerins O'Rahillys and Kenmare Shamrocks. Kenmare have settled well into the senior ranks since their promotion and with county stars Seanie O'Shea and Stephen O'Brien in their ranks, they certainly have firepower.

Power too is something the blues have with a number of current and former inter county

players to call on and Strand Road followers will be expecting an extended run in this year's championship.

St. Brendan's board exited at the hands of Kerins O'Rahillys will face off against an East Kerry side that have lost the services of Kilcummin.

While West Kerry and Kenmare District will travel across the county to face each.

In the final game Mid Kerry will have to await the winners of this years preliminary first round game which sees Feale Rangers and St. Kierans face off.

### FUN FACTS

The title has been won at least once by 22 different teams that will only go to 23 if Rathmore, Kilcummin, Kenmare Shamrocks or St Brendans win the championship this year.

In the 29 games in the 2018 season there was a total of 96 goals scored and 821 points. That's an average of 3 goals and 28 points per game.

Dingles Tom O'Sullivan was voted championship player of the year for 2018

### FASTEST MAN IN KERRY CAN GO FASTER

Meet Travane Morrison who this week brought back a national title for Tralee Harriers. Donal Barry caught up with him.

It is not everyday that you can officially say that the fastest man in Ireland is a "Kerryman", well Travane Morrison, Ireland's national 100M champion still is very much Jamaican but says he is very much an adopted Tralee and Kerryman now since he has arrived here to study in Tralee IT.

Surprisingly it is study and education and not athletics that are the key things that drove Travane to come to Ireland.

"IT Tralee came to Jamaica offering scholarships and I thought 'why not?' I wanted to get away but not to either the USA or England where everyone goes. I prefer a quieter life and I said I'd give it a go." Morrison reveals

Taking up running at 14 in high school just to keep fit, Morrison soon realised that he had the talent for track and field and soon it became his intention to use the sport to gain an education by way of scholarship to go to school.

When he arrived to College, it was evident that his talent was such that the Olympic dream was certainly within reach but again Morrison was more focused on getting his degree. Even his arrival to Tralee was focused on getting a Masters Degree.

"I was actually about to stop running but started training again. I went to the one day intersvarsity's and I got back into it." In fact he modestly fails to mention that he went

on to win the Irish Universities outdoor 100m in April 2018, running 10.50 in the semi-finals and improved that to a lifetime best of 10.41 at the Cork City Sports later in the year. A fortnight later, he was second behind Leon Reid in the 100m at the Irish Championships in Santry.

That was something that he put right last Sunday when he too on Sunday when his 10.61 was fast enough to claim the national title.

With the season coming to an end Morrison is looking ahead a "one of two more races" while he is nursing an injury that prevented him from having a go at his more favoured 200M distance.

In the mean time with Morrison's education coming to an end, he is focused on getting into the work force so he can balance his running with actually working. It is something that leaves him at a loose end at the moment as he feels that he can offer the many local sporting clubs help in speed training. Something that would be of a benefit in particular to GAA and Rugby clubs.

On his athletics future, the champion feels that he can get better times as his training is not at full tilt. "I'm training on my own with no camps yet. If I got into training camps I could really push it and I feel that there is a great chance to run a 38 second 4x100M relay for Ireland with all the sprinting talent that is around at the moment"

There was also more to cheer for the Tralee Harriers club which was formed in 2002 when Clare

Fitzgerald picked up a silver medal in the Discus with Solange Carla who finishing 4th in the National Senior women's Triple Jump while club Junior Luke O'Carroll finished 6th in the Senior Long Jump with a leap of 7.06m

Tralee Harriers Athletic Club was formed in March 2002 with the amalgamation of two existing athletic clubs in the Tralee area, namely St John's Athletic Club & Clounalour Athletic Club. St John's Athletic club had been in existence since 1958 & Clounalour Athletic club since 1975.

Tralee Harriers Athletic Club recognises that athletics is an inclusive sport regardless of one's age or ability – the club was founded on this belief & remains a vibrant ethos within the club to this day & is reflected in the considerable number of junior & senior athletes taking out membership annually & attending the various training sessions offered as well as competing at all possible championships.

## Barraduff Rower Qualifies for the World Rowing Junior Championship

Rhiannon O'Donoghue, a member of the Killorglin Rowing Club, has secured a place in the Women's Double Sculls for the 2019 World Rowing Junior Championship in Tokyo, Japan on 7-11 August. Rhiannon will team up with Molly Curry from Coleraine, another outstanding junior rower. They will be the only female rowers representing Ireland.

A student in the Institute of Technology Tralee, Rhiannon, has been offered full scholarships to several universities in the USA but has chosen to stay in Kerry so that she can continue to represent Killorglin Rowing Club and Ireland. Rhiannon said "Killorglin Rowing Club and especially my coach Mike Fleming Junior have been brilliant to me. He has put in long hours in all types of weather to get me to the World Championship."

However, like many female athletes, she is receiving no financial support from Sports Ireland and must self-fund her participation in the World Championship. O'Donoghue's Barraduff and Mizen Archaeology are her

main sponsors while she has also received support from a number of other businesses throughout the county. Rhiannon said "it would be impossible for me to attend the World Championship with the sponsorship so I am hoping to bring back a medal to make them all proud"

Barraduff is clearly proud of their local girl with good luck posters throughout the village and a send-off was hosted last Saturday for her to show their support. Her father, Donal O'Donoghue, will travel to Tokyo to support her and brings the good wishes

### FACTS:

Name: Rhiannon O'Donoghue

## ALL-IRELAND MINOR FOOTBALL CHAMPIONSHIP

### 34 NOT OUT AS KERRY CLOSE IN ON FINAL

**KERRY 1-12**  
**TYRONE 0-09**

Kerry had to dig deep to overcome a 0-6 to 0-3 halt time deficit to Tyrone to ensure that their unbeaten run since 2013 continued as James Costello's young side made it into the All Ireland semi-final with Galway their opponents.

It may have been a different story were it not for a brilliant save from Kerry goalkeeper Devon Burns to deny Tyrone as they stretched out to a 0-4 to 0-1 lead after 20 minutes.

The big second half performance did come from Kerry and they were level mid way through the second half as the Tyrone grip on the game weakened when Michael McGleenan was black carded and full back Michael McCann was sent off for a hit on O'Shea in the 49th minute.

Fossa's Emmet O'Shea raised a late Kerry green flag to put the contest beyond doubt.

Scorers for Kerry: Jack O'Connor 0-5 (2 '45, 1f), Emmet O'Shea 1-2, Dylan Geaney 0-3, Eoghan O'Sullivan 0-1, Ryan O'Grady 0-1.

**Kerry:** Devon Burns (Na Gaeil), Luke Chester (Auston Stacks), Alan Dineen (Rathmore), Kieran O'Sullivan (Cromane), Eoghan O'Sullivan (Killarney Legion), Adam Curran (Austin Stacks), Sean O'Brien (Beaufort), Ronan Collins (Gneeveguilla),

OISIN MAUNSELL AND THOMAS HANNAFIN WHO WERE PART OF THE KERRY MINOR FOOTBALL TEAM THAT DEFEATED TYRONE.

## MASTERS ROUND UP

### KERRY RIDERS BRINGING HOME THE SILVERWARE

Tralee man Robert O'Connell had 3 first places in the production twin races and now sits 3rd in the championship 15 points off first, he got his first victory on the International Track at Mondello on Saturday and like busses he doubled up on Sunday.

In the same class Lixnaw man Maurice Fealy had a top 10 on Saturday but bike issues in warm up forced him to sit out the Sunday races.

Ballyduff man Dean O'Grady and Ballymac man Evan O'Grady had a podium each in the Superbike Cup and Killarney man Frank Doherty had 3 second places in the Superbike cup.

In the Supersport Cup class there was strong showings by Anthony O'Carroll from Causeway Jack O'Grady from Ballyduff which they are looking to build on in the next outing in 4 weeks time.

While Kevin Coyne from Killarney finished a respectable 6th place on both outings in the junior Supersport class on Saturday.

## TG4 ALL IRELAND LADIES FOOTBALL CHAMPIONSHIP

### NERVY KERRY GET OVER THE LINE

DONAL BARRY WAS AT FITZGERALD STADIUM IN KILLARNEY TO SEE KERRY SECURE THEIR SENIOR STATUS FOR 2020

**KERRY 1-12**  
**WESTMEATH 1-10**

An impressive middle third of the game performance in which Kerry outscored their visitors Westmeath 1-7 to 0-1 made all the difference at full time as Kerry secured their senior status for 2020 and booked a place in this years All Ireland Senior Ladies Quarter Final with champions Dublin.

Next Monday's fixture may well be daunting against the three in a row chasing champions but it is one that Kerry fans will take well ahead of a relegation play off which seemed likely for most of the opening stages on Sunday's game at Fitzgerald Stadium.

Despite Kerry captain Amanda Brosnan firing over Kerry's first point within seconds of the start it was Westmeath who looked far the more composed and dangerous each time they attacked in the opening 15 minutes.

Their first attack of note saw Kelly Boyce Jordan strike for goal in the second minute. Anna Jones added a quick point and Kerry were fortunate moments later as Boyce Jordan got another goal bound shot off only to see it crash back off the crossbar.

Leanne Slevin with a free and Anna Galvin swap points to keep a goal between them as Westmeath through Slevin added a brace of pointed frees to give the away side their biggest lead of the day 1-4 to 0-2.

Kerry finally settled and with Lorraine Scanlon back to her All Star best at the middle of the field, Kerry began to secure more possession.

Kerry got a goal of their own on the 17th minute when Hannah O'Donoghue drove at the Westmeath defence and struck for a Kerry goal.

Four minutes later Kerry were level as Anna Galvin and Emma Dineen tied matters up, before Scanlon and Galvin again pushed Kerry two in front to lead at the break 1-6 to 1-4. Having already had to replace midfielder Kayleigh Cronin early in the first half, Kerry were dealt another blow when Hannah O'Donoghue was to be replace. However the introduction of Louise Ni certainly didn't lessen the Kerry fire power and she fired a point with her first possession as she reacted quickest to

a ball off the post.

It put Kerry 1-9 to 1-5 clear as it looked liked they had one foot in the quarter final. However the Davison 1 side had more in them and with Leanne Slevin continuing to punish an ill disciplined Kerry defence she had them back to within a point as Scanlon and later Tara Breen saw yellow cards.

Kerry opened up some daylight once more but Westmeath were not for shaking and got back to within two once more but Kerry held resolute. Scorers for Kerry: A Galvin 0-3, H O'Donoghue 1-0, E Dineen 0-2, A Brosnan 0-2, L Ni Mhuireachtaigh 0-2, S Houlihan 0-2 (2f), L Scanlon 0-1.

Scorers for Westmeath: L Slevin 0-8 (7f), K Boyce Jordan 1-0, A Jones 0-1, G Halligan 0-1.

**Kerry:** L Fitzgerald, A O'Reilly, E Lynch, J O'Sullivan, A O'Connell, T Breen, C Murphy, L Scanlon, K Cronin, A Brosnan, A Galvin, E Dineen, S Houlihan, S O'Shea, H O'Donoghue  
Subs: N Carmody for K Cronin (20), L Ni Mhuireachtaigh for O'Donoghue (37), C O'Brien for O'Reilly (39), D O'Leary for Dineen (54), M O'Keeffe for Galvin (61)

## Kerry Minors

Congratulations to the Minor Panel and Management who have secured a spot in the Electric Ireland Minor Championship Semi Finals following their defeat of Tyrone last Sunday. The first half was challenging as the Kerry Minors tried to cope with the Tyrone style of play and at half time trailed by three points, Tyrone 0-6 Kerry 0-3. The second half was a far better spectacle and our Minors grew in confidence as the game developed. Emmet O'Shea's goal came at a crucial point and Devon Burns' saves kept Kerry hopes alive in the first half. Captain Jack O'Connor from Beaufort showed great leadership throughout. No doubt that this game will stand to them as they continue to progress through the Championship. Next up for the Kerry Minors is a meeting with Galway. Another difficult task ahead but we wish them well in their quest to get back to an All Ireland Minor Final.

## Garvey's Senior Football Championship

On Monday night a large crowd gathered in the Pavilion, Austin Stacks Park for the launch of the 2019 Garvey's Senior Football Championship. Garveys were represented by Jim Garvey, Kevin McCarthy and Séamus O'Connor. Each competing club and district were represented and the competitive atmosphere in the room as the draw was made was enjoyed by all! The Chairman Tim Murphy thanked the Garveys for kindly extending their sponsorship term for a further three years. The Chairman remarked that the Garvey Group was an ideal match for this Championship as both represented the essence of community. ## DR. CROKES

### COUNTY LEAGUE DIVISION 1 ROUND 10

#### Dr Crokes 3-19 NaGaeil 2-6

Played in Lewis Road on Saturday 27th of July In a game in which we probably lined out with our strongest team in this year's County League Division 1 resulted in a convincing win for us on a score of 3-19 to 2-6. In fairness to NaGaeil they were missing a number of influential players and would probably not have the strength in depth that we have to replace these players. Despite the first half been keenly contested our opponents had a lot of missed chances. We took a lot of our scoring opportunities and went in at half time twelve points in front. In the second half there was still plenty of up and down play. Both sides scored two goals and we won the second half by just four points 2-9 to 2-5. This gave us a victory on a score of 3-19 to 2-6.

This increases our points difference by sixteen points and whether this gives us a chance of contesting the final of the competition will depend on the final round results.

We have been able to give plenty of game time to many of our younger players in the competition and many of them will be challenging for places on our County Championship team.

Team and scorers: Alan Kelly, David Naughton 0-1, Mike Moloney, John Payne, Michael Potts 0-1, David O'Leary, Brian Looney (Capt), Mark O'Shea, Alan O'Sullivan, Johnny Buckley 1-0, Jack Griffin 0-3, Chris Brady 1-5, Kieran O'Leary 1-2, Jordan Kiely 0-4 (0-1 free).

Subs: Paul Clarke 0-1, Brian Fitzgerald, Lorcan McMonagle, Bryan O'Shea 0-2, Kieran Ward, Mark Fitzgerald.

#### Minors Dr Crokes 1-14 Firies 1-09

On a lovely evening for football Dr Crokes minors took on their Firies counterparts in the East Kerry League.

Crokes began with the aid of a breeze and with our forwards moving well, created some very good chances. Our goal came half way through the half with a great team move finished to the net by Padraic Looney. HT Dr Crokes 1-12 Firies 0-04

The second half began quiet well for us but we didn't convert the chances we created. Firies came into the game more as the half progressed and scored some great points to close the gap. With 10 mins to go Firies scored a goal to pressurise us but we steadied and ran out comfortable winners with a final score of 1-14 to 1-09

Team: Adam Kelly, Evan Looney, Mark Cooper, Gerard Cronin, Adam O'Connell, Mark Clifford, Killian Hickey, Michael Lenihan, Harry Potts, Gary O'Connor, Padraic Looney, Godwin Osieba, Sean Megann, Lorcan Martin and Arron Brennan.

## LEGION GAA

### DIV 5 GROUP B

#### Cromane 3-08

#### Killarney Legion 2-15

Travelling to Cromane and fielding a stronger team than usual Killarney Legion struggled against a robust home side and could only score two points after a half of wasted chances. Indeed the half-time whistle couldn't come quick enough as they trailed 2-06 to 0-02 by the break of play. The second half saw a much improved effort with more direct play and the Legion gradually clawed their way back into the game with some well taken points. Despite missing one penalty Legion converted a second to set them on their way. They continued to improve as the game progressed in the final stages of the game and finished up worthy winners after an excellent second half display. Team List: Conor McCarthy, Robert Lucey, Sean McCarthy, Kieran O' Donoghue, Brian Okute, Denis Sheehan, Peter O' Sullivan, Shaun Keane, Connie O' Leary, Kevin Breen, Peter McCarthy, Adam Moynihan, Thomas Moriarty, Mike O' Sullivan, Derek Twomey. ### U12 BOYS EAST KERRY LEAGUE

Spa 3-16 Legion 2-12 The teams played a great entertaining, fast pace game in Spa. Both teams were excellent on the night with the home side getting the edge on our neighbours. Skill level is top class and that's partially down to the coaches who are doing an excellent job with our younger members. The block downs, catching, kicking, passing and teamwork was just class and brilliant to watch. This group is very dedicated, and you won't be disappointed by showing up to support this team.

### U13 GIRLS TROPHY CHAMPIONSHIP

Our U13 girls lost to a strong Castlegregory team in the U13 Trophy World Championships earlier this week. It was a great eye opener to the younger girls who will be moving up to U14 next year. The game was enjoyable and unfortunately they won't be going into the next round as its knockout. It was the first time some of these young players had the opportunity in playing on a full pitch. And it was great to see a team entering this competition in four years.

### MUNSTER FLEADH CHEOIL

## LISTRY GAA

### JUNIOR CO.LEAGUE LISTRY V BALLYMAC

On Sunday 28th Listry junior footballers played their final Co.league game in Ballymac. Missing a few regulars, Listry fielded four minors, a few from the senior panel and some war veterans. On the day we were well beaten by a Ballymac team that had better footballers than Listry and had a physical dominance in all sectors. Colm Counihan was brilliant as always in goal. Roman Gallagher was good at corner back and had a great game in the second half at wing forward. Mike Quirke at full back will never leave you down and moved to centre back for the second half and attacked at every opportunity. Tim Scannell at corner back is a great reader of the game and timed his tackles to perfection. Seamus Giles playing in his first junior game started at half back and moved to half forward mid way through the first half. Seamus put in a man of the match performance showing great battling qualities. Cian O Donoghue was strong on the ball at centre back and contributed as much as

Margaret Doyle pictured with Seamus Moynihan and Michael Cronin and juvenile members of the club at the club walk on Strickeen Mountain on Saturday last.

he could when he moved to mid-field in the second half. Our captain Aidan O Donoghue was a terrific warrior at left half back and did his utmost to encourage the team. At mid field Cain Bradley hasn't returned to the form he had last year but at times gave us glimpses of the potential he possesses. John Foley took a bit of time to get to the pace of the game, but, once he did, he reminded us of the great player he still is. Killian Broderick struggled with the physical exchanges but the switch with Seamus worked better and can be happy to kick a few points. Mike Buckley tried his best at centre forward and never gives up. Eoin O'Donnell was unlucky to come up against a great half back and settled better at corner back in the second half. Jonathan O'Connor worked hard at corner forward against a solid Ballymac full back line. Seán O'Sullivan tried his best to penetrate the defence from full forward and was our only scoring threat all day, scoring from play and frees. Paudie Horgan chased everything at corner forward. Emmet Kennedy was great to attend the game when he realised numbers were short. Emmet played the second half and was unlucky not to score a goal. That's the end of the Junior league and thank you to all the players that contributed. Junior football provides an introduction to senior football for the minors, keeps the senior panellists playing games and legends like Tim Scannell, Mike Quirke and Colm Counihan can encourage the youth and instill the love and dedication it takes to keep the club going.

The final score was Ballymac 3-17 Listry 0-13. Congratulations to Ballymac and best of luck in the final. Hard luck to Listry, thank you for the good behaviour and never say die attitude. Thank you to Robert Gallagher for umpire duty. The game was excellently refereed by Ger O'Connor from Scartaglen.

## KEEL GAA CLUB

### SENIORS

Keel hosted Milltown/Castlemaine in round 10 of the County League on Saturday evening.

Keel opened the scoring with a point from Martin Burke. With 3 minutes gone Gavin Horan opened up the Keel defence and slotted the ball neatly in the back of the Keel net. It was evident from the very beginning that it was going to be a close encounter and both teams fought hard to get scores on the scoreboard. Dylan O'Neill was excellent from the placed ball and he put over two points. The home side replied with a point from Luke Flynn after an excellent run from defence and Gary Sayers kicked two frees between the posts. With 17 minutes gone the score was Keel 0-04, Milltown/Castlemaine 1-2. The visitors gained most of the possession for the next few minutes of play and put the Keel defence under pressure with some sticking runs from Gavin Horan and Jonathan O'Sullivan which resulted in frees which Cathal Moriarty and Dylan O'Neill slotted safely over the bar. Keel gained some key possession and they got 3 points on the board from Gary Sayers and Tommy Buckley. Dylan O'Neill kicked another free just before half time to leave the half time score Keel 0-07, M/C 1-05.

M/C opened the scoring in the second half with a point from Gavin Horan. However, Keel quickly replied with another point from Luke Flynn as well as a free from Tommy Buckley. Luke Flynn slotted another between the posts after some excellent work from Martin Burke, Gary Murphy and Thomas Ladden. With 9 minutes gone Keel had gained some momentum and the score was 0-10 to 1-06 to the home side. M/C replied to Keel's momentum with points from Jonathan O'Sullivan and Pa Wrenn. Again, Keel replied with 3 points from Gary Sayers (2F) and a point from play from Martin Burke. With 20 minutes gone it was Keel 0-13, M/C 1-08. Jonathan O'Sullivan kicked two points for his side to level the game. Influential Pa Wrenn kicked another point to put his side in the lead with minutes remaining. However, the home side never backed down and earned a free in the final minutes with Tommy slotting the free over the bar. A very competitive and entertaining battle between both sides left the full-time score Keel 0-14, M/C 1-11.

#### MILLTOWN/CASTLEMAINE

Made the short journey to Keel on Saturday evening, July 27th for a Mid Kerry Derby in Round 10 of the County Senior Football League. Keel came into the contest on the back of three defeats in the league so were looking to halt that run following a good county championship run earlier in the season & with eyes moving towards the Mid Kerry Championship undoubtedly. Milltown/Castlemaine came in on the back of three wins on the trot following victories over St. Pats Blennerville, Fossa & Furies so were hoping to keep the momentum going.

Gary Sayers through an early free had the hosts ahead but Gavin Horan soon after ran through the spine of the Keel defence and nestled a ball superbly in the bottom corner of Stephen Cahillane's net to make it 1-0 to 0-1.

Points from the classy Dylan O'Neil who scored 0-4 brilliant points off the ground during the opening half & a well taken Cathal Moriarty by point from play off his left, had the locals in a small bit of trouble & amazement at the ability levels of O'Neil from placed ball but scores from Sayers, Martin Burke & Tommy Buckley off frees & from play combined with the first of Luke Flynn's three points from play had little in it heading towards the short whistle with the scores favouring the visitors marginally at 1-5 to 0-7.

The second half was another fierce contest with Keel coming out & throwing everything at the visitors.

An early score from Jonathan O'Sullivan who would go on to add another two huge scores from the stand side during the second half

Some of the many Beaufort supporters that travelled to Tullamore for the minor game on Sunday.

extended our lead out to two at 1-6 to 0-7 however two quick scores from both Gary Sayers & a marauding half back in Luke Flynn (Who scored both off his right and left & contributed 0-3) thereafter seen Keel take the lead at 0-10 to 1-6 following a big point from Martin Burke.

The encounter ebbed and flowed from here on in and Keel looked to have had the upper-hand when a Gary Sayers close range free put the home side two to the good at 0-13 to 1-8 entering the final quarter.

Milltown/Castlemaine who were looking for either a fourth win on the trot or a four game unbeaten record showed huge character as the away team and scores from Pa Wren & Jonathan O'Sullivan brought the sides together again at 1-10 to 0-13.

Pa Wren with another fantastic score from long range looked to have sealed another valuable win for Milltown/Castlemaine but Tommy Buckley who was a handful all night & is a brilliant young footballer made sure the points would be divided after converting a late free under immense pressure.

### CREDIT UNION COUNTY LEAGUE DIVISION 2

#### ROUND 10

### GLENFLESK CLAIM VICTORY OVER BEAUFORT

**Beaufort 0 - 10 Glenflesk 2 - 11**

Beaufort opened the scoring with a point from Ronan Murphy. However, Glenflesk quickly replied with goal from Kieran Murphy and points from Michael O'Shea, Jeff O'Donoghue and Kieran Murphy. Two frees from Fergal Hallissey and a point from Ciarán Kennedy narrowed the gap, but entering half time, Glenflesk led by 2 points on a scoreline of 1-4 to 0-5.

Glenflesk got the second half off to a great start with scores from Jeff O'Donoghue and Gavin Kelly, and while Beaufort had points from Daragh Coffey and Padraig Doona, a great save from Mark Kelliher saw Glenflesk hold their lead, ahead 1-7 to 0-7 half way through the second half. Ciarán Kennedy pointed for Beaufort followed by 2 frees from Liam Carey, but despite the best efforts of Ger Hartnett who was excellent in defence for Beaufort, Glenflesk pushed on with great performances from Michael O'Shea and Stephen O'Donoghue, frees from Jeff O'Donoghue and a Gavin Kelly goal to seal the victory in Beaufort on a final scoreline of 2-11 to 0-10.

## Perfect Putting

Scoring well and putting well typically go hand in hand. In order to start your putts on your chosen line remember these 3 basic points

1  
Putting specific grip with palms opposing, no knuckles visible

2  
Ball position to be forward of the centre to ensure an upward strike

3  
Bending forward from your hips, so that your eye line is over the ball to target line

KERRY PITCH & PUTT CLUB

A great weekend of U-16 Pitch & Putt in Deerpark, Killarney resulted in a national title for Eoin O'Riordan Looney from the host club but only after a dramatic victory in his Semi-Final on Sunday morning. 41 players had taken part in the event with Round Robin and Knockout play over Saturday and Sunday with Eoin and club-mate Joey McCarthy making it to the Semi-Finals of the Plate competition on Sunday morning after victories over Douglas' Sean O'Sullivan and Listowel's Jake Shine respectively, Joey going to the 20th hole before defeating Jake.

Local interest in the Championship competition ended with defeats for Noah Sexton, Cillian Courtney and Robbie Harnett in the Quarter-Finals on Saturday afternoon as it was all on Eoin and Joey from the host club. Eoin looked to be on his way out in his Semi-Final with Westmeath's Jack Mullins, trailing by seven at the halfway stage having lost five of the back nine in his first 18. He was a changed man in the second 18 however, winning six out of the next nine holes as the match was level with four to play. Mullins went in front again but Eoin drw level once more before forcing a playoff which he won at the second extra hole.

Joey could not join him in the final however as despite leading 1up after the first nine holes, he trailed David Murray of Cork by one at halfway stage before losing out by 4&2. Driven out by the nature of his comeback Eoin was a convincing winner of the Final by 13&11 having led by eight at the halfway stage. Eoin became the third Deerpark player to a win National Matchplay

Competition after both Derry McCarthy and Damien Fleming as the Championship event was won by Glenn Towler of Cork who defeated Shea Fennell of Parteen at the last hole 1up. The previous Friday had seen the club host their U-16 Scratch Cup (sponsored by the Victoria House Hotel, Killarney) with 46 players taking part as Cillian Courtney won the event for the second time in three years with a score of 13 under par, two ahead of Patrick Mitchell from the St Annes club in Cork. Robbie Harnett was third overall with 10 under as other prize-winners from the club included Brian McCarthy (10-11 prize) and Ryan Moloney (Beginners Prize). Meanwhile at the National 0-55's Championships in ESB in Cork, none of the Kerry players featured in the prizes but Tralee's Tony Blake shot one under in the senior event on Saturday, nine off the winning score. Ger Casey of Deerpark and Roger Guthrie of Tralee had level and one over par respectively in the Intermediate grade with the winning score nine under par as Castleisland's Gerry Lee had eight over par in the Junior, 10 shots off the winning score. The Bank Holiday Monday next sees Listowel hold their Annual Scratch Cup as we encourage all Kerry registered players to support the event. Entry €10 per player.

National U-16 Matchplay

Great weekend on and off the course, our Grounds Committee worked brilliantly to get the course up to great shape at the height of our season and Paula and her assistants had everyone well fed and nourished. Eoin O'Riordan Looney's victory in the Plate competition was quite unique seeing as he came from seven behind in his Semi-Final to win at the second playoff hole. His 13&11 win in the Final made him the third member from the club to win a National Matchplay competition after both Derry McCarthy and Damien Fleming. Joey McCarthy reached the Semi-Finals of the same competition while Cillian Courtney, Robbie Harnett and Noah Sexton were defeated in the Championship Quarter-Finals on Saturday

Last week we looked at various strategies to reduce workplace stress. These focused primarily on the one thing we have control over in our lives i.e. ourselves. This week we will look at more key ways to deal with stress in our lives. Knowing we are stressed when we are stressed is important. Each person is different – so know your own 'stress busters'.

#### The following are some tips:

1. Taking Responsibility for our own physical and emotional well-being
2. Avoid knee-jerk reactions and falling into old habits
3. Learn to communicate better – which can improve relationships with coworkers
4. Recognise your own emotions and know how to control your emotions and behaviour. If you ignore your emotions you will be unable to fully understand your own needs and find it difficult to communicate with others.
5. Delegate responsibility- let go of the need to control every little step.
6. Be willing to compromise – finding a middle ground with a co-worker can help reduce stress levels for everyone.
7. Balance your daily schedule – as all work and no play leads to burnout. Balance your time between work, daily responsibilities, family life and social activities – ensuring you get some downtime.
8. Avoid over-scheduling your time by trying to fit too much into one day. If you have a lot on – distinguish between the 'shoulds' and the 'musts' and drop any task that isn't completely necessary to the bottom of the list or delete them entirely.
9. Give yourself time – getting up or leaving home ten minutes earlier can decrease stress levels and avoid that frantic rush to get to work on time.
10. Take a quick stroll during the day to clear your mind.
11. There is no better way to alleviate stress than a good laugh – watching a comedy or meeting up with friends and sharing a joke can all help to reduce stress.
12. Don't try to seek perfectionism – this will only add to unnecessary stress. When you set unrealistic goals you set yourself up for failure. Aim to do your best.
13. Watch your thoughts. Negative thinking can drain our energy and motivation – so try to stay positive and avoid negative people as much as possible.
14. Don't try to control the uncontrollable. Many things in life are beyond our control – especially the behaviour of other people. Rather than focusing on the things we can't control, we give our attention to that which we can control – i.e. how we react to the problem.

### Know Your Rights:

#### QUESTION

**I was recently overcharged for a taxi journey. I take this journey regularly so I know what it usually costs. How do I make a complaint?**

#### ANSWER

The National Transport Authority (NTA) is responsible for licencing and regulation of small public service vehicles (SPSVs) – this is the collective term for taxis (including wheelchair-accessible taxis), hackneys and limousines. SPSVs are defined as vehicles capable of carrying for hire or reward a maximum of eight passengers as well as the driver. The NTA operates a national complaints and enforcement system for SPSVs. The law - Section 64 of the Taxi Regulation Act 2013 - sets out the type of complaints that you can make. You can complain about the condition, roadworthiness and cleanliness of the vehicle; the conduct, behaviour and identification of a driver; overcharging or other fare-related matters; the hiring and booking of an SPSV and the identification and the general appearance of the vehicle. You can only complain about breaches of the SPSV legislation - the NTA cannot consider criminal complaints, or road traffic offences or offences dealt with under other legislation. If you booked the service through a dispatch operator (booking service), you should contact them first and make your complaint. If you are not satisfied with the response, you can make a complaint to the NTA. You can make your complaint online, or by email to [taxis@nationaltransport.ie](mailto:taxis@nationaltransport.ie). The NTA also has an information line on 0761 06 4000 that advises customers about how to make a complaint.

You must give full details of the incident and enclose a copy of your receipt (if available) for the journey in question. If there is a dispute the investigation will assess evidence provided by all parties. Once this evidence has been collected and evaluated, a decision will be made as to how to proceed with the complaint. Further information is available from the Citizens Information Centre below.

## 6 TIPS THAT'LL HELP YOU AROUND THE KITCHEN

\*When dropping cut vegetables into a salad bowl, pan or pot, drag them through the hole created by the cutting board's handle. This way, vegetables won't fly all over the place.

\*If you want your frying eggs or omelette to be perfectly round, pour the egg into an onion ring. The onion itself will lend a lot of flavour to the egg.

\*Arrange your food in a ring and leave the centre vacant when microwaving food. Your food should be evenly heated.

\*To prevent tomato slices from sliding out of the sandwich while eating, wrap them in whatever cold cut slices you're using in your sandwich.

\*If your chips are getting soggy due to humidity, lay them out on a paper towel over a plate and heat in the microwave for 30 seconds.

\*Empty plastic toothpick containers are perfectly-shaped and reusable as salt, pepper or spice shakers.

### DID YOU KNOW?

That in the early morning hours (Pacific Time Zone) of August 2, 1943, a small American torpedo boat was moving just west of New Georgia in the Solomon Islands. In command was a young Irish-American destined to one day be the first Catholic president of the United States: Lieutenant John Fitzgerald Kennedy. As PT-109 moved through the gloomy morning, the Japanese destroyer Amagiri suddenly appeared like a ghost ship just a few hundred yards away. The PT boat was running on one idling engine and had almost no speed to manoeuvre. The commander of the Amagiri, Kohai Hanami, spotted the tiny boat but it was too close to fire at so they turned to ram it. They sliced through the middle of the wooden PT boat, which burst into flames. Two of the crewmen were killed, but Kennedy and ten others survived. The next morning, with Kennedy towing a badly burned crewman, the crew swam to a nearby island. Though Kennedy was suffering greatly from a recurring back injury, he and Ensign Ross made several dangerous night trips into Ferguson Passage over the next few days, swimming out, and later using a canoe they found, in an attempt to contact help. On August 5th, the group was found by two natives who worked for an Australian coast watcher, Lt. Reginald Evans. Kennedy quickly carved a note on a coconut for them to bring to Evans. Evans got word back to the U.S. Navy, and, on the night of August 8th,

all 11 survivors of PT 109 were rescued by PT 157. John F. Kennedy kept that carved coconut on his desk in the oval office until the day he was assassinated.

## ARE YOU LOOKING FOR ALIEN ABDUCTION INSURANCE?

A company in the United States is offering insurance in the eventual case of an alien abduction.

The St Lawrence Agency, based in Florida offers alien abduction insurance for a one off \$19.95 (€18 approx) and about 6,000 policies have been sold since its inception in 1987. The firm has now just added 'Area 51 Coverage' in light of the upcoming Facebook event.

The creators of the Facebook Page 'Storm Area 51' now say it is all a joke but almost two million people have signed up to the Facebook event encouraging people to descend on Area 51 - a restricted US military area in Nevada - to uncover any potential alien secrets on September 20th and the 'UFO Abduction Insurance Company' has begun offering Alien Abduction insurance to those planning on attending.

Military personnel have already sought to remind people that Area 51 is a firing range, implying attendees could be met with bullets and Air Force spokeswoman Laura McAndrews said: "Area 51 is an open training range for the US Air Force, and we would discourage anyone from trying to come into the area where we train American armed forces. The US Air Force always stands ready to protect America and its assets". The Nevada National Security Site joining the Area 51 rectangle is the training ground for Counter-Terrorism Operations, also making it very probable that a massive number of Air Force and Homeland Security forces will be waiting to halt them before entering its restricted area.

One of the Facebook page creators Jackson Barnes, who was responsible for designing an elaborate "game plan" for the occasion, has written on the event page: "Hello US government, this is a joke, and I do not actually intend to go ahead with this plan. I just thought it would be funny and get me some thumbsy uppies on the Internet. I'm not responsible if people actually decide to storm Area 51." Las Vegas, the nearest major city to Area 51, has a resident population of just 650,000, so adding roughly 2 million people overnight would also put serious stress on the State's infrastructure and a struggle to put people up in hotels.

### ON THIS DATE - August 2nd

Today is the 2nd day of Autumn in the Celtic

Calendar and the eighth month of the year in the current Gregorian calendar. The Romans called the month Sextilis which means six as it was the sixth of ten months in the Roman Calendar which began with March. Eight years before Jesus was born the name was changed to Augustus in honour of Augustus Caesar. The Anglo Saxons called it Weodmonath, which means Weed month because it is the month weeds and other plants grow fastest.

1790 - 1st US census conducted, the population was 3,939,214 including 697,624 slaves

1791 - Samuel Briggs and his son Samuel Jr. of Philadelphia patented a nail-making machine.

1865 - English author Charles Lutwidge Dodgson under the pseudonym Lewis Carroll's "Alice's Adventures in Wonderland", illustrated by British artist John Tenniel was accepted for publication.

1869 - Japan's samurai, farmer, artisan, merchant class system (Shinokosho) was abolished as part of the Meiji Restoration reforms.

1870 - Tower Subway, the worlds first underground tube railway, opened in London.

1873 - The Clay Street Hill Railroad began operating the first cable car in San Francisco's cable car system.

1877 - San Francisco Public Library opened with 5,000 volumes

1880 - British Parliament officially adopted Greenwich Mean Time (GMT)

1922 - Naval Landing of about 800 Free State troops including Paddy Daly, the Dublin Guard, and others at Fenit in Co Kerry.

## STUDY OF SURVEILLANCE CAMERAS PROVES THAT STRANGERS WILL ALMOST ALWAYS INTERVENE TO HELP

Researchers from the University of Copenhagen, the Netherlands Institute for the Study of Crime and Law Enforcement, and Lancaster University examined video recordings of 219 arguments and assaults in the inner cities of Amsterdam (Netherlands), Lancaster (England) and Cape Town (South Africa).

Using the three urban security cameras which captured aggressive public fights breaking out, 91% of the time, bystanders watching the incidents intervened to \* physically gesturing for an aggressor to calm down \* physically blocking an aggressor or pulling an aggressor away \*consoling the victim. The research further showed that a victim was more likely to receive help when a larger number of bystanders were present.

In contrast to the idea that we live in a "walk-on by society"- where people never get involved- the high levels of intervention found in this study across different national and urban borders suggests that intervention is the norm in real-life inner-city public conflicts.

Finally this week I would like to welcome all visitors from home and abroad to the 'Kingdom' and to wish all readers, advertisers, correspondents and all at the Killarney Outlook office a safe and pleasant long weekend. If you are visiting the countryside or the sea please leave it as you find it and do not leave anything behind that could start a fire or injure animals, birds or sealife.

## A Word of Victory

Welcome back dear reader last week we spoke of God's provision, let's look at it regarding healing. Years ago I suffered a mysterious illness. I was having blackouts and bouts of extreme weakness. I was young and fit, but suddenly everything changed. Months of doctor's visits and hospital stays followed, all drawing no conclusion. Because I didn't understand what was wrong I was frightened, and got panic attacks. The anxiety was terrifying, isolating and draining. My family were kind, but frustrated, because I looked fine on the outside. Fear was my biggest enemy. I couldn't go to work, and was feeling so down and alone. During my last hospital visit the specialist finally diagnosed chronic fatigue and prescribed anti-depressants to re-balance me, which was a shock. That night, I decided that I had a choice to make between two paths; medication, or cry out to God and ask Him to heal me. I chose the Lord. I prayed a simple prayer – "God please help me – Lord Jesus I need you!" I had a Bible open and one particular Scripture literally jumped off the page at me! It was Proverbs chapter 14: verse 1 – "the wise woman builds her house, the foolish one tears hers down with her own hands". I realised God was speaking to me and answering my plea for help. The house refers to my life, and even though I felt no better physically for many months, I learned from Bible study that God was with me, and for me, and loved me (Romans 8:32-39). Many people are living with sicknesses and diseases that are rooted in emotional chaos from past traumas and abuse – even from childhood. These issues need to be dealt with, not medicated. As we allow God to expose areas of pain and hurt, He brings His gentle touch on those wounds and heals them. He does this through the power of His Word and His Spirit working together. In Genesis 1:1 we read that the Spirit of God was hovering over the earth which was dark and void and without form. The translation of the words "without form" here is chaos. As God spoke light into the blackness, Holy Spirit - in agreement with God's spoken Word - brought order to the chaos, and light came. God still works this way today. It is how I got healed and set free. I'll expand on it on our blog at [www.wordofvictory.net](http://www.wordofvictory.net). It's there for you too friend. God loves you!
