With a whopping €25,000 collected on their street collection last Friday, the Killarney/South Kerry Branch Irish Cancer Society have issued a huge thank you to the people of Killarney and surrounding areas. Chairman of the local branch Eugene O'Sullivan told the Killarney Outlook that they were thrilled with the response they got on Daffodil Day and are indebted to the many volunteers and helpers on the day. Money is still coming in from events around the county.

The society would like to thank everyone who contributed during the collection and also the pupils at Lissiviggen National School who wrapped the bunches of fresh daffodils which were for sale on the day.

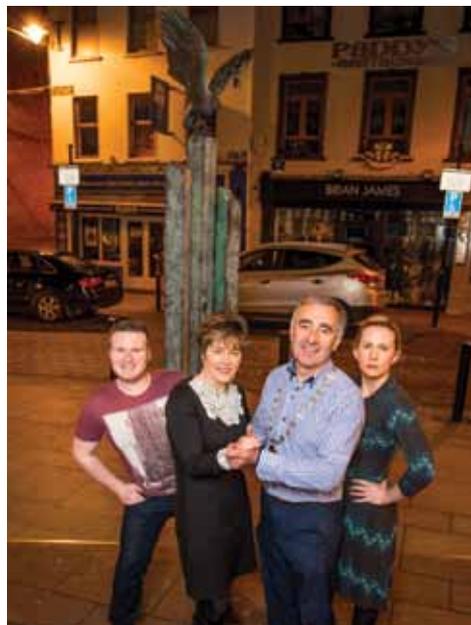

You can still help the Irish Cancer Society at the offices of Killarney Outlook where all merchandise has been reduced to half price.

More than 150 people came together at The Porter House, Killarney on Tuesday, March 31st to launch Nathan's Walk/ Darkness Into Light event with Electric Ireland. Taking place on Saturday, May 9th, Darkness Into Light is a unique, early morning experience which begins in darkness at 4.15am as thousands of people walk or run a 5km route while dawn is breaking.

Nathan's family were joined by Kieran Brady, Director of Fundraising at Pieta House and a number of supporters including: Chief Superintendent Pat O'Sullivan, Lord Mayor of Killarney John Joe Culloty, President of the Killarney Chamber of Tourism and Commerce Kate O'Leary and Electric Ireland representative John Drinan. Representatives from Pieta House and volunteers from the Nathan's Walk/ Darkness Into Light committee were also there to offer their support. Darkness Into Light is now in its seventh year and last year's event attracted 80,000 participants in 39 locations across Ireland, including in London and Sydney. With the number of locations doubling this year, organisers are expecting over 100,000 people to take part. 80 venues will host the event on the island of Ireland and abroad including in Australia, Canada, England, Scotland and the USA. "We're

delighted to be back in Killarney for the launch of the fifth annual Nathan's Walk/ Darkness Into Light event. With Dingle and Listowel coming on board with us this year in Kerry, it's an example of how Darkness Into Light is uniting people across the globe in solidarity with those who suffer" Kieran Brady said. He added "We're very grateful in particular to Pat and Eileen Sheehan of The Porter House for welcoming us so warmly and to Marie and the Nathan's Walk/ Darkness Into Light committee for their continued hard work in making the walk a success." While Darkness into Light raises much needed funds, it is also about awareness, solidarity and local communities. This year, Pieta House is asking those taking part to connect with others at the event. Walkers/ runners are encouraged to speak to the person beside them, tell a story or simply say hello, connect and acknowledge one another. Make your presence known. No one should walk alone. Nathan's Walk/ Darkness into Light is taking registrations now. Online registration and further details are available now at www.darknessintolight.ie. For more information on Nathan's Walk/ Darkness Into Light in Killarney contact Marie Peelo on 01-628 2111

JOHN O'LEARY LAUNCHES POLITICAL MEMOIRS

JOHN O'LEARY.

For thirty-one years without a breach, John O'Leary represented Kerry South as a Fianna Fáil TD in Dáil Éireann, making him the longest-serving Dáil deputy for that constituency. He was a

Minister of State at the Department of the Environment from 1977 to 1979.

Successfully contesting ten elections, and heading the poll on eight of those occasions, O'Leary holds the record for the highest percentage of the first preference vote ever received by any candidate in Kerry South.

From the mid-1960s to the mid-1990s, he observed at close hand the most turbulent episodes in Irish politics from the Arms Crisis to phone-tapping, from the leadership heaves in his party to the rift with Des O'Malley and Fianna Fáil's transition to coalition governments with the Progressive Democrats and Labour.

Serving under four different party leaders – Jack Lynch, Charles Haughey, Albert Reynolds and Bertie Ahern – O'Leary was an eye-witness to the infighting and bitter feuds within Fianna Fáil as well as their many electoral triumphs.

Now an elder figure in the party, O'Leary casts a cold eye over the decline of Fianna Fáil in recent years drawing on his extensive experience of delivering for the party time and again.

Published by Irish Political Memoirs, *On the Doorsteps: Memoirs of a long-serving TD* A valuable addition to the catalogue of political memoirs in Ireland, O'Leary's chronicle sheds new light on the key national political events over three decades as well as colourful insights into the iconic election battles in the cauldron of Kerry politics.

The book will be launched by the former Taoiseach, Brian Cowen on Friday, 17 April 2015 at the Gleneagle Hotel, Killarney at 7.30pm.

Ovens County Cork. The group now progress to the All Ireland's which will be held at City West Dublin on Saturday April 25th starting at 3pm. There is a possibility that the group will create history however as a Kerry club have never won Nuachleas or Leiriú in the years since 1973, despite multi successes in the other categories.

The Fossa cast is Mike Sheehan, Michael Griffin, Gene Moriarty, Theresa Kissane, Eileen Lucey, Michael Kelliher, Amy Moriarty, and Frances Healy. Their script writer/ producer is Jackie Quirke, Sean Kelliher is on sound, and Brendan O'Sullivan has resourced some very authentic props.

Great credit is due to the Cultural Officer Theresa Kissane who persisted with this project despite some setbacks over the years. For Amy and Michael it was third time lucky as they had previously competed in two Munster finals at Instrumental Music. Congratulations are also in order for the East Kerry club Glenflesk who won the Figure Dancing, and Fossa will be cheering them on at City West. Ciarraí Abu.

VETERAN ATHLETES ARE AN INSPIRATION TO ALL

VETERAN ATHLETES MIKE O'CONNOR AND JIM O'SHEA.

There is just no stopping veteran athletes Mike O'Connor and Jim O'Shea. The two life long friends and members of Farranfore/Maine Valley Athletic club have

recently returned after competing in both the British and the Irish Masters Championships. On the weekend of March 7th and 8th Mike O'Connor and Jim O'Shea travelled to the British event at the Lee Valley Stadium in North London. Mike competed in the 3k walk in the Over 65 category and finished just outside the medals. Both athletes enjoyed the trip and were very happy with their effort.

Jim also competed in the Over 70 group and succeeded in winning the High Jump and finished third in the long jump. It was off to Athlone last weekend when both men took part in the Irish Championships where Mike took silver in the 3K walk while Jim won both the High Jump and Long Jump. Both men have competed since the early 1960's

and have competed in track, cross country and road running. Mike won the Kerry Senior cross country title in 1971 and over the years has won many munster and national medals with Kerry teams in various championships. In recent years Mike has concentrated on race walking and can be seen several days each week practicing his skills on the Killarney to Fossa walkway.

Jim, meanwhile, does his jumping training at the Riocht track under the guidance of his coach Jerry Horgan from Killorglin whom he credits with keeping him in prime condition. Both Mike and Jim have no intention of retiring and hope to continue in the endeavours for many years to come - they certainly are an inspiration to many athletes in the county.

KILLARNEY VET ISSUES URGENT WARNING

PICTURED AT ALL CARE VETINERARY CLINIC, DANNY O'SULLIVAN WITH MINATURE SCHAUZER 'DUBH'. DANNY WOULD LIKE TO WARN DOG OWNERS ABOUT THE DANGERS OF ACCIDENTAL POISONING IN THE KILLARNEY AREA IN RECENT DAYS. PICTURE MARIE CARROLL-O'SULLIVAN 087 391 4808

A Killarney Vet has issued a warning to dog owners in the area to be extra vigilant when out walking with their dogs. Danny O'Sullivan who runs the All-Care

Veterinary Clinic on the Park Road has come across three cases of suspected Strychnine poisoning in the past two weeks even though the deadly poison has been banned in Ireland

for the past 25 years. One of the dogs has died with one recovering slowly and in two of the cases the dogs had been walking in the Killarney National Park.

It is possible that a bird dropped a poisoned carcass and that could be the cause of the poisoning. The onset of strychnine poisoning is fast. After eating the poison, which Danny thinks may be scented to attract dogs, clinical signs can appear within 30 minutes. Early signs, which can often be overlooked consist of apprehension, nervousness, tenseness and stiffness. Severe tetanic seizures may appear spontaneously or may be initiated by touch, sound or bright lights. If you suspect your dog has been poisoned – treat it as an emergency and get treatment as quickly as possible.

“Dogs should be kept on a lead at all times while out walking in public areas and if your dog is the type to forage then make sure he is wearing a muzzle which will prevent him from ingesting anything suspicious” said Danny who has been a vet in Kerry for over 30 years has been practicing in Killarney since 1997.

If you notice any of the symptoms above take instant action and report any unexpected deaths in pets to your local vet.

BRYAN WINS OUT IN YOUNG MUSICIAN OF THE YEAR AWARD

BRYAN O'LEARY GNEVEGUILLA WHO WAS THE WINNER OF THE SLIABH LUACHRA YOUNG MUSICIAN OF THE YEAR AT THE SCARTAGLIN ARTS CENTRE; ON SATURDAY NIGHT WITH BRYAN AFTER WAS JOHN JOE CULLOTY (MAYOR OF KILLARNEY); SEAN KELLY (MEP); BRYAN O'LEARY (YOUNG MUSICIAN OF THE YEAR); JIMMY DENIHAN TD MINISTER OF STATE) AND TIMMY COLLINS (DEPUTY MAYOR OF CORK) PIC JOE HANLEY

Bryan O'Leary took the title of Sliabh Luachra Young Musician of the Year Award in the events

inaugural year. Despite the gale force winds blowing across Scartaglin last Saturday night patrons were treated to a feast of musical riches demonstrating the unique Sliabh Luachra style is in safe hands. The Sliabh Luachra Cultural and Heritage Centre played host to the event, which saw five young musicians from Kerry and Cork shortlisted for the prestigious award. Cork County Arts Office and Kerry County Arts Office jointly fund the award in support of the continued development of the Sliabh Luachra Music Trail www.sliabhluchra.ie This joint project focuses on promoting awareness of the unique repertoire of Sliabh Luachra music as well as fostering the next generations of musicians. Minister Deenihan said that the reach of Sliabh Luachra music is across the globe. There is great interest in the music style and music masters over the decades. He thanked the performers and audience for their continued support of the Sliabh Luachra Music

Trail.

As Bridie Garvey pointed out there were two people present on the night not to be envied, the adjudicators; Paudie O'Connor, box player and Connie O'Connell, fiddle player. Theirs was a difficult task, the finalists were outstanding. It was not an easy decision; the standard on the night was inspiring. After much deliberation the inaugural award was given to a very deserving Bryan O'Leary. Kate Kennelly thanked the members of the media present stating that raising the profile of such events, the talent and skill of our young musicians is truly important. Bryan won €500 and the organisers are looking into a possible link with a music trail in America. Minister Deenihan said he would love to see the winner playing at prestigious traditional music festival, part of a similar music trail abroad. 'This is world class music; it shows people across the world the value of our music and culture.'

AVA'S FAMILY CYCLE FOR CRUMLIN

AVA DIGGIN ON HER BIKE FOR CHARITY CYCLE.

THE family of a little Kerry girl who was diagnosed with leukemia in 2012 is planning a major charity event to raise funds for the cash-strapped hospital that saved her life.

Ava Diggin, now aged six, is currently in remission

and doing well after two and a half years of specialist treatment on St John's oncology ward in Crumlin Children's Hospital.

"The treatment Ava received was fantastic so we want to give something back to the hospital," said Ava's aunt, Aoife Looney.

She has teamed up with her mother and Ava's grandmother, Nora O'Sullivan-Looney, to organise an annual charity cycle and an auction for the cause and they have raised almost €50,000 to date.

"Since the first year of the cycle we have been able to put beds into the rooms for the parents. Prior to that it was actually a chair that folded out to a bed so parents could sleep in the room with the child," said Aoife.

Ava's family and friend have urged the people of Killarney and all of Kerry to get involved in this year's cycle on Sunday, April 19 and they can either collect sponsorship in advance or pay the entry fee of €20 on the day, once they have collected at least an the same amount in donations.

They say the event will be an ideal preparation for Killarney cyclists planning to take on the Ring of Kerry this year.

The cycle will start at the Manor Inn in Killorglin at 10.00am with registration from 8.45am. For further information call 087-1656566.

SULLYCARD PUTS MONEY IN YOUR POCKET

We all have loyalty cards. We have them on our keyrings, in our wallets and we have them in our drawers at home under the last bundle of last week's papers. We head to the counter hand it over and wait for our tokens to collect, we wait for our vouchers to come in the post and when we get them, we rarely put them to use. In fairness, all we want is our money back and now for the first time in the country a Tralee businessman promises that to his customers with the introduction of the SullyCard. Seamus O'Sullivan of Seamus O'Sullivan Master Butchers in Manor is pioneering the idea in which for the first time you will get money back into your hand after a transaction in his shop.

"I think it's important for people to see the real value of their savings in their hand at the end of the transaction and that's what very different about the Sullycard" Seamus told the Killarney Outlook. O'Sullivan with over 25 years' experience in Tralee is one of three local business who have taken up the challenge to put more money back in the pockets of their customers. "We have joined forces with Horans Fruit & Veg and Dingle Seafood to provide customers with a greater variety for their value" The card application system is simple and easy to complete at the counter with the Staff of Seamus O'Sullivan and once completed the customer will receive 10% back into their hand of their spend once the spend more than €20 in any one transaction. "We have seen great interest in the card and people are delighted with getting the money back, it only takes seconds after the transaction and with them having the ability to use it in the other shops, it is something that will hopefully grow"

5K SCHOOLS CHALLENGE

A 5K schools challenge which aims to promote and encourage physical activity and wellbeing in our youth will take place in the Killarney National Park on Wednesday April 22nd at 1pm. There are some amazing prizes to be won on the day including individual prizes for top performers along with GAA training sessions with Colm Cooper and James O'Donoghue; a seminar for your school with Joe O'Connor from IT Tralee and Irelands Fittest family and one from Dr. Michael Moloney Sports Medicine Specialist. The event is open to all secondary schools as well as 5th and 6th class pupils in primary schools. There will be a €5 entry fee and a donation of this will go towards the Killarney Micro Track.

WELDON APPOINTED HEAD COACH

James Weldon has been appointed as Head Coach for the Women's Select challenge tour to Luxembourg in May.

The Killarney native is set to prepare a squad for a series of games against countries preparing for FIBA EuroBasket 2017 qualification, including Luxembourg and Scotland.

With the Ireland Senior International Women's Programme still on hiatus, this tour is a chance for the best Irish players to take on international opposition. The squad will be drawn from women with previous playing experience in Basketball Ireland National Competitions.

James has a wealth of coaching experience including overseeing the first Irish side to top a European Championship group with the U18 Women in 2007 and a period of unprecedented success with UL Huskies in the Women's Premier League. He is currently Ireland's representative on the FIBA Europe Coaching Certificate course.

Speaking about his appointment, James Weldon said: "It's a huge honour. I'm delighted that I'll be coaching this team to Luxembourg at the end of May. There's a lot of talent in this league as well as Irish players abroad that would also be in the shake-up. It will be about getting a balance right."

"It's a short lead-in but we'll have a full programme including Strength and Conditioning as well as skills to ensure the players peak in time for the end of May."

"We'll look at how people have performed during the season but coming to the trial, we'll be looking for people who'll be responsive to what we're looking to do as a team and be quick on the uptake."

MONEY MATTERS.....

HAVE YOU REVIEWED YOUR PENSION RECENTLY?

As you have probably seen or read in the news recently pensions are being discussed more and more often. This shows how important pensions are, so if you have a pension at present or a previous pension from a previous job etc. it is very important that you review your pension **NOW**. You need to know what kind of pension you have and what funds your pension is invested in. Your pension could be invested in very low risk funds or even very high risk funds which means that the value of your pension can substantially increase or substantially reduce depending on the type of funds you are invested in and depending on the performance of your pension funds. You also need to look at the fees and charges associated with your pension, there may be more competitive options available to you where the fees and charges are less. If you do not review your pension then you will not know if your pension is on track to get you what income you need at retirement. So whether you are currently contributing to a pension or not contributing to a pension that you had in the past it is very important that your pension is reviewed now.

To discuss this or any other financial matter you can contact Dermot Cronin at **064 6622775** or **kerrymortgagecentre@eircom.net**

Fáilte Ireland this week hosted 40 top international golf buyers and media who were in Ireland to attend a Golf Ireland Convention workshop to negotiate overseas business

for 2015 and 2016 at Druids Glen Resort, Co Wicklow. The international buyers were selected from core golf tourism markets, including the US, Canada, the UK and Europe,

and met directly with over 50 Irish golf industry members, including a number of representatives from Kerry – Aghadoe Heights Hotel & Spa, Ballybunion Golf Club, Ballygarry House Hotel and Spa, Dooks Golf Club, Kerry Coaches, Killarney Golf & Fishing Club, Killarney Park Hotel and SWING – South West Ireland Golf to negotiate overseas business for the year ahead. Indeed, over 900 appointments were made throughout the day in a scheduled 'speed-dating' during which suppliers were able to meet buyers and do business. The buyers represent some of the biggest producers of golf business as well as those with the most potential to grow golf tourism in Ireland. Prior to the event itself, Fáilte Ireland in conjunction with IAGTO and the Dublin East Coast Golf Alliance hosted a major five-day 'familiarization trip' for these top overseas operators, showcasing at first hand our world class golf which Ireland has to offer overseas golfers.

Golf is one of Ireland's most significant tourist activities with over 200,000 overseas visitors taking part in golf during their visit to Ireland every year, contributing almost €220 million to the economy. Fáilte Ireland is working to grow these numbers by targeting those markets with greatest potential.

NO PLACE LIKE HOME FOR LOCAL MEP

Killarney MEP Sean Kelly is celebrating Killarney's achievement of being chosen in the top 25 places in Europe to holiday in.

The former President of the GAA was also celebrating the news that for the first time ever, Killarney was also named Ireland's top destination by the public in reviews and ratings for hotels, restaurants and attractions.

Mr Kelly celebrated the double success in some style as he toasted two of Killarney's most iconic attractions – the 15th century Ross Castle landmark and the white-tailed eagle that has been successfully reintroduced to the area after hundreds of years.

Killarney is far and away the most impressive

must-visit location in Ireland, according to TripAdvisor users who have posted rave reviews about their experiences in the town.

A TripAdvisor spokesperson said: "The competition among global tourist destinations has never been tougher." Irish Hotels' Federation Kerry branch spokesman, Michael Rosney, remarked: "It's a great vote of confidence from the general public in the quality, value and variety of Killarney's tourism product.

"It is a wonderful endorsement of the sheer world class nature of the product this town has to offer," he said. Mr Rosney added: "We should all be very proud of this achievement. All too often we forget just how good we actually are

BRASSIL GETS THE FIANNA FAIL NOMINATION

Cllr John Brassil collected the Fianna Fail golden ticket at last Sunday's evening Dail convention in Tralee when 80% of the Fianna Fail membership cast their votes at two separate polling stations in Killarney and Tralee before a tense count saw Brassil come from behind to defeat Cllr Tom McEllistrim. Of the seven declared candidates a week previous, only four took to the line as Cllr Niall Kelleher and Senator Mark Daly pulled out because South Kerry had less than one third of the total voting power and Cllr Norma Moriarty followed suit prior to the convention. Milltown's Cllr Michael O'Shea was affectively the only South Kerry based candidate and despite a good showing, he brought up the field at the first count behind poll topper Tom McEllistrim just 10 ahead of Brassil with Tralee's Norma Foley on 223. Foley closed the gap somewhat from O'Shea's transfers and it was ultimately Foley's transfers that decided Brassil's

victory with more almost 60% of her votes heading to Brassil. Brassil, the current Mayor of Kerry will now hope to win back a Fianna Fail seat in the new Kerry 5 seat constituency, which sees Kerry lose a TD with the amalgamation of Kerry South and Kerry North and West Limerick. Afterwards Brassil said he would welcome and work with a second candidate but would not be drawn on any particular choice and said it would ultimately be the issues that would decide the election and he intends to campaign on them and as soon as possible. The Ballyheigue based pharmacist was first elected to the council in 1999. In the new five-seat constituency, Fianna Fáil is being strongly tipped to take a seat based on the likely quota and their recent opinion poll ratings, which give them 18% of the popular vote.

RECENT NEWS

JOBS: Since 2013, I have been posting available jobs in Kerry on my Facebook page every week. So far, I have linked hundreds of Kerry jobseekers with potential employers. Please see my Facebook page for weekly updates, as it may help you or someone you know to find work. Overall, Kerry's Live Register is down 20% under this government and we need to keep it going down further.

PUBLIC FINANCES: The Exchequer figures at the end of February 2015 are the most encouraging in years. Income receipts are up substantially and well ahead of target, spending in the economy is also up dramatically and far more people are at work. Unemployment is heading for under 10% for the first time in years and we are almost at 2 MILLION people at work. I will continue to make every effort to help ensure that people feel the recovery in their own pockets.

LOWER TAXES/USC: I will continue to lobby for greater reductions in personal income tax for workers over and above the reductions in Budget 2015. I believe this approach is now fiscally possible, will lead to greater spending in the economy, creating more jobs and generating extra revenue for improved services.

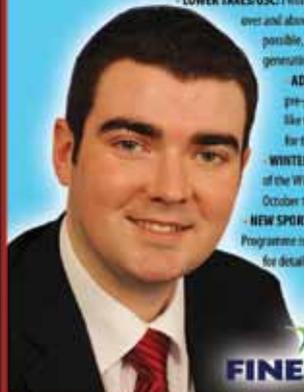

ADARE BY-PASS & MACROOM BY-PASS: The Roads Bill, which facilitates a pre-planning consultation between the NRA and An Bord Pleanála on projects like the Adare bypass, has now been passed. I also continue to lobby for funding for the new N22 Ballyvaughan to Macroom Road.

WINTER TOURISM: I continue to push "The Wilder the Better" winter marketing of the Wild Atlantic Way by Fáilte Ireland to support Kerry's tourism industry from October to May. I believe there is great job potential with this idea.

NEW SPORTS CAPITAL PROGRAMME OPEN: The new €40 MILLION Sports Capital Programme is now open to Kerry sports clubs. Please see www.sportscapitalprogramme.ie for details.

FINE GAEL

“A WELCOME RELIEF TO KERRY FAMILIES OF CHILDREN WITH DOWN SYNDROME”

Fine Gael TD, Brendan Griffin, has welcomed the allocation of resource teacher support to children with Down Syndrome announced this week by Minister for Education and Skills, Jan O’Sullivan. “I strongly welcome Minister O’Sullivan’s announcement of additional resources to be allocated to schools as an interim measure to support those children with Down Syndrome, who are not already supported through the National Council for Special Education’s (NCSE) annual allocation process.

“I know that this measure is long overdue and I know that the news will come as a welcome relief to Kerry families of children

with Down Syndrome who have been waiting a long time, both for proper recognition of the syndrome and also the necessary supports for their children.

“Children with Down Syndrome have specific needs and requirements. This measure will mean that children will get individual attention and support specific to their needs.

I commend Down Syndrome Ireland for their excellent work over many years and I thank the Minister for engaging with them, to get a better understanding of the specific requirements of children with the syndrome.

STROKE UNIT AT KGH

Kerry General hospital has been chosen as a Telemedicine Centre for stroke which will support the care of stroke patients in the hospital. The hospital is awaiting the appointment of a consultant Geriatrician with a special interest in stroke who will together with the appointment of a clinical

nurse specialist in stroke progress the development of a dedicated stroke unit. Speaking with the Tralee Outlook Deputy Michael Healy-Rae stated that this is vitally important for stroke victims and their families. The issue of a dedicated stroke unit was raised with the Minister for Health by

PUBLIC ADDRESS SYSTEM FOR KILLARNEY

At the March 2015 monthly meeting of Kerry County Council, Councillor Michael Gleeson proposed:

“That Kerry County Council would discuss with Killarney Tourism interests the possibility of co-operating towards the development of a permanent Public Address Sound System for the town centre”.

Kerry County Council replied that The Tourism Development Unit of the Council recognises the benefit and cost effectiveness of having a Public Address Sound System

for Killarney Town Centre, given the number of public events that are held in Killarney annually. Joan McCarthy, Head of Tourism Development, will investigate all of the costs involved with purchasing such a system and will discuss the proposal in full with Killarney Chamber of Tourism & Commerce and all other interested parties.

Councillor Gleeson welcomed the response and stated that the development of this System would enhance public events and ceremonial occasions.

SELF-ACCEPTANCE II

Last week we highlighted our tendency to be self-critical and extremely hard on ourselves. Self-acceptance on the other hand means accepting ourselves just as we are whilst acknowledging that there is always room for improvement. This can be very difficult however and requires a change in how we view and what we tell ourselves. By developing a 'self-accepting' voice we focus on validating ourselves rather than paying heed to the automatic negative thoughts. Instead of listening to the thought that says 'I'm not good enough' or 'I'll never get it right' we validate ourselves (much as a parent might a child) saying something like 'I know your feeling useless right now. It's Ok. This is challenging and difficult and frustrating. But you are capable. How about taking a break and coming back to it later' Despite the feelings of guilt, self-criticism and negative put downs, we can start by telling ourselves, that we've done the best we could do.

We need to look at what is it within ourselves that we don't accept – and begin to bring more compassion and understanding to those aspects of ourselves. Perhaps there is a part of us that we are rejecting based on the internal programming (and not the actual reality) that we received as a child. Sometimes our lack of self-acceptance is due to our unwillingness to feel or experience uncomfortable emotions. At other times unrealistic expectations can lead to lack of self-acceptance. When we are unable to forgive ourselves for our 'humanness' then it is very difficult to develop self-acceptance.

Practicing mindfulness can be a great way to begin to become aware of the negative, self-judging thoughts we continuously tell ourselves. It becomes like watching a movie – where you are having these thoughts but these thoughts are not who you are.

Self-acceptance isn't about fixing anything in ourselves. Instead it is affirming who we are (warts and all) at this point in time. It's not that we ignore our faults or weaknesses – we just view them as not relevant to our overall sense of acceptability. We accept ourselves today, just as we are, regardless of our shortcomings. Whilst we can commit to make changes in the future that will enrich our lives - it's about being Okay right now. The only thing we need to change at this moment in time is the way we view ourselves.

FUNGAL NAIL INFECTIONS

WHO GETS FUNGAL NAIL INFECTIONS?

Between 3 and 8 out of 100 people in Ireland will have a fungal nail infection at some stage of their lives. Toenails are more commonly affected than fingernails. It is more common in people aged over 55, and in younger people who share communal showers, such as swimmers or athletes.

HOW DO YOU GET A FUNGAL NAIL INFECTION?

- Spread from a fungal skin infection. For example, athlete's foot is a fungal skin infection of the toes. This may spread to the toenails if the skin infection is not treated early.
- Fingernail infection may occur after a toenail infection has become established. The fungus may spread to a finger if you scratch your itchy toes and toenail.
- Fingernail infections are also more likely to occur if you wash your hands frequently, or have them in water a lot. For example, if you are a cook or a cleaner. Constant washing may damage the protective skin at the base of the nail. This may allow fungi to enter.
- A nail that has recently been damaged is also more likely to become infected.
- You have an increased risk of developing a fungal nail infection if you have various other conditions. For example: diabetes, psoriasis, poor circulation, a poor immune system
- Smoking also increases the risk of developing a nail infection.
- In some cases there is no apparent reason. Fungus germs (fungi) are common and an infection can occur 'out of the blue'.

WHAT ARE THE SYMPTOMS OF A FUNGAL NAIL INFECTION?

Often the infection is just in one nail, but several may be affected. At first the infection is usually painless. The nail may look thickened and discoloured (often a greeny-yellow colour). Commonly, this is all that occurs and it often causes no other symptoms. However, it can look unsightly.

OUTLOOK FASHION TIP:

SOFTEN YOUR T-SHIRTS WITH SALT

This technique takes a little bit of time and patience, but very little effort. Just submerge and soak a cotton t-shirt in a salt water solution for about 3 days, wash like normal, and then say goodbye to stiffness!

Beauty Tip

Tough Nails!

Nail needs Ireland in association with Irish Autism Action are setting you the challenge to prove you are as tough as nails!

To celebrate Autism Awareness Month which began yesterday April 2nd, all you have to do is take your toughest selfie with your nails and upload it to Facebook & Twitter and text "April" to 50300 to donate €4 and nominate your friends.

DIET TIP LIMIT ALCOHOL TO WEEKENDS

Alcohol contains empty calories: a five-ounce glass of wine has 125, a bottle of beer about 153.

Because our bodies don't use those calories well, they usually get converted directly into fat. If you enjoy an occasional drink, consider a compromise.

Enjoy your favorite alcoholic beverage on weekends only, with just one drink for women per day, two for men.

DOES YOUR SKIN NEED A BOOST THIS SPRING?

Aherns Pharmacy's skin-care advisor, Maura Conroy, explains how Vichy's newest product could be the product you are looking for...

This April, we are delighted to be launching **Vichy's LiftActiv Supreme**. It is the newest anti-wrinkle and firming care that continuously corrects the appearance of ageing signs from Day 1.

WHO IS IT FOR?

All women who want to correct the appearance of ageing: wrinkles, lack of firmness, signs of fatigue, dull or uneven complexion.

WHAT IS DAILY AGEING?

The signs of ageing can appear to intensify over the day. Over time, this can alter skins youthful look. 1 in 2 women think that they look older in the evening than in the morning:

- More visible signs of fatigue
- Duller complexion
- More pronounced wrinkles
- Slackening features

HOW DOES IT WORK?

LiftActiv Supreme is Vichy's first everyday moisturiser with a unique formula to boost radiance, make wrinkles look smoother and skin feel firmer. It immediately disguises imperfections while enhancing the skins complexion, reflecting light and giving skin back its radiance.

Throughout the day, **LiftActiv Supreme** reinforces the skins resistance to the pressures of the day, i.e. stress, tiredness and the environment.

In the long-term, LiftActiv Supreme promotes the stimulation of new skin cells, which gives a smoother, brighter look.

To maximise your skin-care regime, in-store we will provide you with a skin consultation, using Vichy's Unique Consult Tool which measures your skins hydration and oil levels.

To coincide with the launch of this amazing new product, on **Friday, 10th April Aherns Pharmacy** will also host a special **in-store event** – incorporating **free skin consultations, make-up applications, goodie bags specific to your skin-type** and there is also a fantastic **Vichy hamper worth €75** to be won!

RELAX, RENEW & LOVE THE SHAPE YOU'RE IN!

Three years ago I suffered a severe knee injury. I have never experienced pain like it! For anyone who has ever experienced great pain you know how debilitating it can be! And yet pain brings with it the greatest learning and the most profound teaching. For me it asked me to slow down and allow a different and new part of my life to emerge. As the pain killers and anti-inflammatory tablets didn't have much effect I began to seek out new ways to manage my pain. Having been a dancer and always fascinated by movement, energy healing and quantum science I began to combine all of these modalities in a mindful movement meditation practice that helped me to heal. I call this movement system Chakranetics. By moving slowly with awareness and intention we can begin to re-programme the brain to find new ways to move, rebalance and heal. Having studied energy medicine and energy psychology I began to combine this with physical movements to create a fabulous fusion of mind body and soul.

The result is a gentle and powerful mindful movement practice that re-energises, renews and revives your well-being and promotes greater clarity, focus and inner peace and joy! I am delighted to bring this class to Killarney and a new six-week course will be starting on Wednesday 15th April at 7.00pm at the KDYS. The cost is €60.00. The class is open to both men and women of all ages and abilities. I look forward to seeing you there! To ensure your place please book as soon as possible! Many thanks!

Know Your Rights: JOBSEEKER'S ALLOWANCE TRANSITIONAL ARRANGEMENT

APRIL 2015

QUESTION

I've been getting a One-Parent Family Payment but I will no longer qualify when my youngest child turns seven. What is the Jobseeker's Allowance transitional arrangement and how do I qualify?

ANSWER

If you no longer qualify for a One-Parent Family Payment because your youngest child is over the age limit, you may be eligible for the Jobseeker's Allowance transitional arrangement (often called JST). This is a social welfare payment that aims to support you into the workforce while also acknowledging that you are parenting alone and caring for young children aged between 7 and 13. JST allows you to work part-time and still receive a partial payment (depending on your earnings).

The rules that apply to Jobseeker's Allowance (JA) and JST are very similar. The means test is similar and the maximum weekly rate of payment is the same. The main differences between JA and JST are that on JST:

- You do not have to be available for and genuinely seeking full-time work. This is to allow you to meet your caring responsibilities. There are childcare supports available if you do find work.
- You must be capable of work but you do not have to be fully unemployed for 4 out of 7 days. This means that you could work part-time for 5 days and still receive a payment (subject to the means test). For example, you could work mornings only while your children are in school. Income from work is assessed with a €20 earnings disregard per day of employment (up to a maximum of €60 per week). Any earnings above that are assessed at 60%.
- You cannot cohabit with another person while you are getting JST. You must continue to parent alone.

When you start getting JST you will be scheduled to attend an activation meeting with a case officer. The purpose of this meeting is to identify and access supports (such as education, training and employment schemes) that will prepare you for full-time employment. If you do not participate in this process, you may be paid a reduced rate of JST (a penalty rate) or you may be disqualified from your JST payment.

If you were getting a Fuel Allowance with your OFFP you can keep this when you go onto JST.

CARTELL.IE KILLARNEY RALLY OF THE LAKES

1ST – 3RD MAY 2015.

Killarney and District Motor Club has announced details of the 36th Cartell.ie Rally of the Lakes.

The rally, a counting round of the The Clonakilty Black Pudding Irish Tarmac Rally, The PlasticBags.ie Southern 4 Rally and the FIA European Historic Rally championships will feature some of Ireland's most iconic stages.

The three-day event will begin with a ceremonial start in Killarney's town centre on Friday May 1.

Plans are at an advanced stage to create a motorsport festival on the streets of the Kerry

town and more details of this sideshow will be announced at the rally's official launch on April 12 at the Gleneagle Hotel, the rally's headquarters since its inception in 1979.

Dermot Healy, clerk of the course explained the route.

He said: "Saturday morning kicks off with the iconic Molls Gap, followed by the Tim Healy Pass and centralised service on Castletownbere Pier. Then it's time to head out on the famous stages of Cods Head and Ardroom with a repeat run over the Healy Pass and into service for a well deserved break. Cods Head and Ardroom are

repeated and a blast through the Kilmakilloge harbour stage to finish off the day.

"Sunday morning starts with Molls Gap once again, followed by the mountainous Beallaghbeama Pass and the fast flowing Shanera stage, Then into service at Liebherr Container cranes Killarney. This Loop is of Molls Gap and Beallaghbeama Pass is repeated and into service again, before heading out to the spectator friendly loop of Rockfield, Shanera and Rockfield stages."

The rally will be backed by Cartell.ie for the sixth consecutive year.

VOLKSWAGEN GROUP MD PAYS A VISIT TO DIVANES OF CASTLEISLAND

LARS HIMMER, A NATIVE OF DENMARK, NEWLY APPOINTED MANAGING DIRECTOR VOLKSWAGEN GROUP IRELAND PAYS A COURTESY VISIT TO DIVANES CASTLEISLAND,. ALSO PICTURED ARE HANS STEINICKE, CHIEF FINANCIAL OFFICER VOLKSWAGEN GROUP IRELAND, PAUL LANGSTON, JOHN VAHEY AND DENIS DIVANE OF DIVANES VW.

It is not every day that the two most important people in a world corporation pay a surprise visit to your business but that is what happened this week when Lars Himmer Managing Director and Hans Steinicke Chief Financial Officer of Volkswagen Group Ireland Ltd dropped by to Divanes of Castleisland.

"We were delighted and honoured by the visit

and its due recognition of the hard work that goes on here and especially a recognition of the wonderful staff who have helped us remain one of the top dealerships throughout Ireland on a constant basis" Denis Divane told the Sliabh Luachra.

Divanes on the Killarney Road in Castleisland have a long association with both Castleisland

and indeed the motoring trade. Stanley Divane took the bold move to enter the motor trade some 60 years ago and what started out as a small fledging business over the decades developed into widely recognised name throughout the county and beyond.

Indeed the association with Volkswagen is a 60-year-old one with the very first Volkswagen Beetle sold to a customer from Oakpark in Tralee. That is one of the many standout records beautifully preserved and on display in their showroom today. Indeed the showroom gives you that feel of family more than most as much of the business history is beautifully restored and on show.

One of the highlights of the visit included the unregistered 1977 Volkswagen Beetle in mint condition still on display in the spacious showroom. The car, one of the last batch to be made has remained in the ownership of Divanes since it arrived and with only 26 miles travelled, its condition is a timely reminder of how fashionable the cars were almost forty years ago.

Divanes has a rich reputation of providing a quality service and currently employs up to 30 staff is one of Castleisland top employers.

TRAFFIC COLLISIONS LEADING CAUSE OF CHILD MORTALITY IN IRELAND OVER 36% OF ALL CHILD DEATHS HAPPEN ON ROADS

Road traffic collisions account for 36.7% of all child deaths, and road deaths are the leading cause of child mortality in Ireland, the RSA's Annual International Road Safety Conference heard yesterday, Thursday 2 April 2015. The conference took place at Dublin Castle and focused on children and road safety.

The child safety theme was particularly relevant as it's mid-term break for schools and given the

fact that the number of children killed on our roads almost tripled last year. 14 children under the age of 15 lost their lives in 2014. Seven were passengers, seven were pedestrians.

While child fatalities have decreased by 89% and serious injuries by 75%, from 1997 to 2012, a total of 262 children were killed and 1,115 seriously injured in that period*. The

greatest danger a child faces each day is when using the road: when travelling as passengers in a car, walking, or cycling. Just under half of all children who die do so while walking and almost 2 out of 5 children killed are passengers. Garda reports into collisions indicate that 1 in 10 children were not wearing a seatbelt or using a child restraint.

ROWING TO RIO

The Monika Dukaraska
Blog. The story of a
Professional Athlete

Tough is the word that best describes the week I had. After trials I had a day off which flew by very quickly. I travelled to Killorglin to see my family and although I'm only 90minutes away from home the volume of training makes it quite difficult to get home on a regular basis. Getting up at 5:30am to get to training in Cork for 7:30am does not support good recovery hence the trips home are limited.

After the trials the focus shifts back to long mileage and technical work. Myself and Leonora have made some significant improvements in paddling. We are becoming more and more comfortable in the boat while our timing and positioning has become more synchronised. It has resulted in quicker paddling speeds which will hopefully translate into faster boat speed at a race pace. The second part of the week I had spent indoors. The weather took its toll and I had to cover the mileage on the rowing machine and the bike. I have over 60km on the ergometer under my belt. We also had a number of side by side racing pieces scheduled for Wednesday and Saturday. Unfortunately Saturday's pieces had to be done on the rowing machines. We were in fact side by side but the nature of the racing was different. We had to do 3 by 2,000m pieces based on the PB (personal best) split for our 5,000m test. The aim was to get a lactate hit and improve on each 2,000m by at least 1second per 500m. Although it was a tough session, I have achieved all of the objectives, reaching 192 bpm heart rate. Having completed the entire training I feel a bit tired but I'm very satisfied with the work I have done.

The combination of aerobic and anaerobic training will prepare us well for the Piediluco Regatta on the 10th to 12th of April. We are departing on the 8th of April and I will race in the Women' Pair event. There is a possibility of 4 races over the weekend, two heats and two finals. I look forward to seeing the entry list.

During the week we also spent some time on mental training, ensuring that our pre-race preparation enables us to perform to our full potential. Some tips: make sure to evaluate your performance whether it's good or bad (learn from it), write things down (it's hard to remember everything) and focus on things within your control. Delivering a good rowing performance starts way before you line up on a start line

KERRY EDGE CLOSER TO SEMI-FINAL SPOT

LADIES NFL DIVISION ONE
KERRY 3-15 MAYO 2-13

Kerry Ladies made the long trip to McHale Park, Castlebar on Sunday and came away with all three points and a place in the semi-finals of the National League after a five point win over their Western rivals.

Two goals just before the interval and an opportunistic third green flag entering the final quarter for the Kingdom were the difference on the day as Alan O'Neill's side held off a late Mayo fightback.

In a tightly contested first half Aileen Gilroy had the home side in front early on but Sarah Houlihan hit her first point of the day two minutes later just as a heavy burst of rain left the loyal supporters scurrying for cover.

The players appeared unaffected by the downpour and Gilroy edged Mayo back into the lead in the fifth minute but Kerry soon found their stride and a trio of Houlihan points allied to a Louise Ni Mhuirheartaigh free eased the Kingdom into a three point lead.

In the midst of the Kerry scoring run Doireann Hughes was sin-binned for the home side but Mayo shook off that blow and three frees from Cora Staunton say Mayo haul themselves level with the half time whistle on the horizon.

Houlihan nabbed another fine point to nudge Kerry ahead once more and they then increased their advantage when Maria Quirke's long range effort slipped through Aisling Tarpey's hands and into the net.

Soon after another long ball from Cáit Lynch caused chaos in the Mayo defence and when Ni Mhuirheartaigh's flick came back off the crossbar, Bernie Breen was following up to poke the ball across the line.

Mayo were rocking but they managed to undo some of the damage almost immediately as they worked the ball to the marauding Fiona Doherty who sprinted clear of the Kerry defence and rattled the roof of the net with a superb effort to leave the half time score 1-5 to 2-6 for the visitors.

The second half began with a Staunton point but every

time Mayo got within striking distance, Kerry had an answer. Ni Mhuirheartaigh responded to that score, as Denise Hallissey did to a Rachel Kearns point. Staunton and Ni Mhuirheartaigh again exchanged scores before Ciara Murphy and Moy Davitts Niamh Kelly did likewise.

Staunton closed the gap to just three points from a free but Kerry were soon on the goal trail again as Ni Mhuirheartaigh nipped in to punch the ball out of Tarpey's grasp as she tried to clear the goalmouth, opening a crucial six point lead for Kerry. Two Houlihan frees quickly made it an eight point game and suddenly the game looked beyond the hosts.

Anna Touhy did have a wonderful chance to find the net in the closing minutes but her effort just flew too high over the bar and Staunton did find a consolation goal in injury time, but it was too little too late as late points from the Kerry woman helped them keep their lead intact to book their place in the last four at the expense of the Connacht side.

LEGION GAA CLUB

WHERE ARE THEY NOW

This week I caught up with former underage star PJ O'Leary when I travelled across the border to Bandon in County Cork. PJ who hails from Fairhill in Killarney is the eldest son of Eileen and the late Patrick and has three brothers, Timmo and Donal who are both still very active with the Legion club and John who is involved with neighbouring Spa. PJ is gone from Killarney since 1982 but only moved to Bandon in 2003 where he is married to local lady Sarah, having lived in Cork for the previous twenty one years. It was down at Bandon Gaa grounds that I met up with PJ and it was great to catch up as we were classmates many years ago, both in the "Mon" and the "Sem" and our chat brought back a lot of memories for both of us. As we talked, we also kept an eye on his son Edward who was training with the U12 hurling team and although, a different code, you could see that the apple hasn't fallen far from the tree. He also has two daughters Alice 17 and Rachel 15. I asked PJ if he gets home to Killarney very often and he admits that not as often as he would like but he does say that the town is almost unrecognisable from the days when we both grew up. I asked him what, if anything that he misses about Killarney and he says that he actually misses everything about it except the rain and the Crokes but before any of you Black n Amberites get up in arms, there was good reason for his response as PJ says that his local rivals broke his heart on an almost annual basis at juvenile level, losing many finals to them, having only ever in fact once been on a victorious side in this local derby and that time it was only in a "B" final. But despite all the dissapointments, PJ really enjoyed his days playing football and he says that he

was privileged to play alongside the likes of Diarmuid O'Donoghue, Kevin Murphy, Richard O'Brien and Tomas Lyne and also against Pa O' Donoghue, Connie Murphy and Spa star Mike McAulliffe. PJ also played a small bit of soccer at the time but this was still somewhat frowned upon at the time but it was at football that PJ excelled and he got his due reward when he was selected on the Kerry minors in 1982 when they won the Munster final beating Cork and went on to contest the All Ireland final only to lose out to Dublin that September. This period was a busy time in PJs life, as in or around this time, along with playing football at both club and county level, he started his college life in UCC studying law and after graduating, he attended Blackhall Place in Dublin which set him up for the career that he is still in today as a partner with PJ O'Driscoll & sons solicitors. During most of these years, PJ tells me that he didn't play much football as he was just too busy with his studies but he took up playing again in his late twenties when he joined Nemo Rangers but never really played at a top level anymore which I could sense he slightly regretted but nevertheless he enjoyed it as a form of exercise. Nowadays to stay in shape PJ plays a bit of what he refers to as "Fr Ted" style 5-a-side soccer. Our conversation drifted back to his early playing days and he remembers that it was Mickey Culloty who roped him into the club initially and always held him in high esteem along with Pat Healy who he recalls had the nickname "Platini" at the time, and he says that Mike Murphy and Padraig Brosnan were inspirational, especially when it came to the big games. As we chatted, inevitably some funny stories were recalled and one in particular was high on his list.....

"My favourite was a game in Glenbeigh in a howling gale with only one ball between the teams. At half time, after playing against the wind (which was blowing out to sea) we were about 20 points down. Our spirits were raised when Weeshie came up with a master plan!" Lads, if it looks like we won't beat them with 10 minutes to go, I'll give the signal and I want ye to kick that ball into the sea to get the game abandoned"! We never got the signal but despite having a virtual hurricane behind us, we lost the game! At least the club didn't lose the ball..." Of the present set up at Legion, PJ says that he gets regular updates from his brothers and is delighted that the club name is now well recognised in his new hometown, and just then with Edward emerging from the dressing room with his hurley under his arm, PJ finishes up with "The present and future of the club looks better than our unsuccessful run in the team. Still, the disappointments help you to deal with the tests in life that await us all and we learned the skills of a great game. I still quote Weeshie's instructions at training one night when he roared out the orders to the tired troops for the next drill" right lads, I'm going to pair ye off in threes for this one" - Priceless, pure passion, commitment and love of club, where else would you get it?" Next week, after a two week sabbatical at local level, we take to the skies again and head back to the new capital of Ireland... Perth, in western Australia.

PJ O'LEARY.

COUNTY LEAGUE DIV. 2.

SPA 3-11 GNEEEVEGUILLA 0-11.

Spa took on Gneeveguilla in Spa on Saturday evening in the second round of the Div. 2 County League. Spa played against the wind in the first half and scored two goals and four points which put us in a great position at half time. The first goal was created by some hard work by John Falvey who set up Rory O'Riordan who fisted the ball into the net. The second goal was the result of a surging run through the middle by Shane Cronin and the move was finished off by Pat Cronin. Spa were feeling confident going out for the second half but Gneeveguilla really upped their game and made it really difficult for Spa to pull away. With 10 minutes to go there were only two points in it but Evan Cronin came on and scored 3 long range points to set Spa up for a good win. With 4 minutes to go Mike McCarthy popped up at the end of a great move to score our third goal and finish off the match. This crowned another excellent performance from Mike McCarthy who has had a huge impact on our first two Co. League games. Overall this was a very good performance from Spa and we are happy to have now secured 3 points out of a possible 4 in the Co. League.

DR CROKES NOTES

MATCH REPORTS

CO. FOOTBALL LEAGUE DIV 1

WATERVILLE 1-6 DR CROKES 4-9

Dr. Crokes made the journey south to Pairc Phroinsias Ui Chathasaigh on a stormy Saturday evening last. With a stiff wind blowing the length of the field it was always going a game of two halves favouring the team that could best adapt to the testing conditions and the home side. Crokes fielded a team consisting of vast experience mixed with some youth.

Dr. Crokes brought on their substitutes off the bench and management will be satisfied that everyone maintained the intensity and concentration through to the end of the game which finished on a scoreline of Waterville 1-06 Dr. Crokes 4-09

Compliment must be paid to the Waterville Club for their hospitality before and after the game and the reverence paid by the minutes silence for Mai O'Leary.

CO. FOOTBALL LEAGUE DIV 4

DR CROKES 0-13 CORDAL 1-3

We secured our first win in Division 4 with a seven point victory over Cordal at Lewis Rd winning on a scoreline of 0-13 to 1-3

Registration for Camp on Tuesday 7 April from 10:30am.

LADIES FOOTBALL: Our U14 Girls had mixed fortunes in their opening two County League fixtures. A slow start away to Beaufort in their season opener on Tuesday 24 March 2015 proved decisive as, despite a good team performance against a physically stronger opponent, they were unable to claw back two early conceded goals. In their second outing on Sunday 29 March against Na Gaeil, Crokes work-rate in the first half against a strong wind, allowed them to flourish with the elements in the second period, winning comfortably in the end. We wish a speedy recovery to young Jade Potts who suffered a broken leg in a non-football related incident, later in the day.

Contact us at secretary.drcrokes.kerry@gaa.ie

DR CROKES U14 HURLERS: Started their season with a defeat away to Lixnaw but were awarded the points by Causeway to get their campaign up and running.

FOSSA GAA NOTES

LOTTO: 29th March 2015. Numbers drawn were 8, 9, 10, 14. There was no Jackpot winner and next weeks Jackpot will be €9,600.

SENIORS: The senior team travelled to Ballydonoghue for Round 2 of the County League on Saturday evening. Playing against a gale force wind in the first half Fossa put in a very hard working performance and they did their best to contain a physically strong Ballydonoghue side. They took most of the chances that presented themselves in this half and the halftime score stood at Fossa 0-04, Ballydonoghue 0-11 which wasn't bad considering the conditions. However in the second half Fossa never really got to the pitch of the game and didn't take advantage of the wind, they couldn't break down a resolute Ballydonoghue defence and the game slipped away from them when they conceded two goals in this half. They will surely play better when they meet the same opposition in the Novice Championship later in the year. Final score Ballydonoghue 2-14 Fossa 0-08.

U-14'S: The U-14'S are away to Knocknagoshel Brosna on Wednesday 8th April at 7pm.

Div 1 Educate.ie County Leagues

Our u14 girls put in another sterling performance in round 2 of the u14 County League away to Austin Stacks last Sunday evening. Played in wet and windy conditions the Fossa girls did well to get the points in this outing as they faced a tough and well drilled Stacks team. Final Score Austin Stacks 4-4 Fossa 5-7. The girls are away to Corca Dhuibhne, Bank Holiday Monday at 5pm.

COUNTY LEAGUES:

The U12 and U16 Ladies County Leagues will be starting on Tuesday April 7th and Thursday April 9th respectively. Our Fossa U12 girls are at home to Laune Rangers in the Preliminary

We wish them every success in the All-Ireland where they are not only representing their club but also their County and indeed Munster where I am sure they will leave no stone unturned in their presentation.

Every good wish to Glenflesk Figure dancers who also progressed to the All-Ireland. Hard luck to Ray O'Sullivan, Spa who despite giving a great performance in his recitation didn't progress.

LEGION GAA CLUB NOTES

SENIOR COUNTY LEAGUE: It wasn't quite the proverbial game of two halves but the strong wind did give a distinct advantage to both sides in each half. Glenbeigh /Glencar got off to a great start, notching up three points in as many minutes before Legion had even time to settle and when they added a fourth by the tenth minute, signs were ominous, even at that early stage a Donal Lyne point after twelve minutes was very welcome but the visitors pressed on and were using the wind to great effect delivering quick ball into their forward line and despite some great defending by Tom Slattery and, Eoghan Carroll, Glenbeigh stretched their lead by the eighteenth minute to lead 0-07 v 0-02 with our other score coming from Conor Keane. But unbelievably, the mid Kerry side would not score again for the entire game and Legion, courtesy of a Lyne free and a great point by David O'Sullivan reduced the deficit to trail by three points at halftime. Playing with the wind in the second half we

gradually clawed back the margin and finally found parity with ten minutes remaining with Damien Sullivan and Kevin Breen growing into the game and David McCarthy playing solid throughout. Some fine long range points in the last few minutes ensured victory on a 0-10 v 0-07 score line.

MAIN CLUB SPONSOR: Randles Brothers Nissan Dealers Killarney and Tralee are the new main club and senior team sponsors.

MINOR TEAM SPONSOR: We would like to thank Pat, Breda and the O'Connor family for their tremendous support for the last 20 years. And indeed they continue to still support the club as we are delighted to announce that "Variety Sounds" College Street are the new sponsors.

FIXTURES: East Kerry Senior League final will be played this Saturday April 4 at 5.30 at a venue to be decided. East Kerry junior league v Gneeveguilla Tuesday April 7 at 6.45pm.

SYMPATHY: The club sends its sincere sympathy to the family of Mai O'Leary of St Brendans Tce who passed away last week, condolences to her husband Donie and her children, Jimmy, Eileen, John, Joan, Mike, Mary, Noel, Denise and Tracy. Ar Dheis De go raibh a Anam Dilis.

MCMANUS POWERS MONAGHAN PAST WASTEFUL KERRY

**NATIONAL FOOTBALL LEAGUE
DIVISION 2A ROUND 5**

KERRY 0-10 MONAGHAN 1-11

Kerry O'Shea reports from Austin Stack Park

Kerry's hopes of a semi-final spot in this year's Allianz NFL and their prospects of staying in Division one of the Allianz FL are hanging in the balance as Monaghan produced a famous win in the penultimate round of this year's competition in Tralee on Sunday.

Kerry needed the win to guarantee a semi-final spot but they now face a potentially tricky tie against old foes Tyrone next Sunday knowing that a win in Omagh will guarantee their top-flight status.

One has to ask the question whether it was wise for the Kingdom, who won the toss, to play with the advantage of the gale-force wind in the first. The Kingdom posted 11 wides in the first half, and four in the second, while Monaghan were more economical up front from limited possession.

Monaghan with Ciaran McManus in outstanding form and posing endless difficulties for the Kerry defence, were full value for their four-point win. Monaghan manager Malachy O'Rourke got his tactics spot on as the Northerners engaged in a first half of damage limitation having lost the toss, and kept their opponent's interval lead to a very manageable three points, 0-7 to 0-4. The Northerners also played the blanket defence, which frustrated their opponents.

With Kieran Donaghy well shackled by the close attention of the Wylie brothers Drew and Ryle, Monaghan were dependent on the classic smash-

and-grab counter-attacking tactic for the bulk of their scores and it worked a treat for them.

The Kingdom got off to a good start and were 0-5 to 0-0 clear after 17 minutes. Monaghan opened their account when Ciaran McManus pointed a minute later. The Farney County added further scores from McManus and goalkeeper Rory Beggan who kicked a superb long-range pointed free from almost 60 yards out in reply to a Paul Geaney pointed free as Kerry held a three-point advantage.

Ciaran McManus, with his third point of the game, reduced the margin to two as the Kingdom lost Alan Fitzgerald to a black card, but Jonathan Lyne gave the home side a three-point cushion going into half-time when he curled over a diagonal point to make it 0-7 to 0-4.

Monaghan turned over in confident style and backed by their large travelling support 'The Farney Army', soon clicked into top gear.

Points from McManus, Malone and Duffy had the

visitors level within six minutes of the resumption but Johnny Buckley put Kerry back in front again when he pointed from play a minute later following a Barry John Keane crossfield pass.

Then disaster struck for the Kingdom when a sweeping Monaghan move resulted in Owen Duffy finding the net to put the visitors 1-7 to 0-8 clear.

Monaghan were now rampant and further points from Finlay, McManus and outstanding midfielder Hughes pushed them five clear with nine minutes to go.

David Moran and Barry John Keane from frees added points before the finish as Monaghan fans in the 6,133 crowd celebrated their first win on Kingdom soil since February 1987 in style at the finish.

OMAGH HOLDS THE KEY TO SURVIVAL

TYRONE V KERRY

Venue: Healy Park. Date: 5th April 2015, Throw-in 3pm

By John O'Leary

Kerry head to Omagh on Sunday to take on Tyrone in the final Round of games in the Allianz Football League. The Kerry selectors certainly have plenty selection headaches not alone after last Sunday's performance but also from the fact the likes of Ó Sé, O'Sullivan, Paul Murphy and Bryan Sheehan will be back in contention for places.

Kerry know what they have to do on Sunday next – defeat Tyrone – plain and simple. A win will guarantee the Kingdom their Division 1 status for a start and after that, issues such as semi final places are in the laps of the Gods. Kerry share six points with Donegal and Mayo, both of whom clash in Castlebar. Kerry have won two out of three of their last games in Omagh but there is no doubt but Tyrone will not want to endure relegation and certainly not at the hands of Kerry. Based on their League form to date, Kerry are due another good game and they will certainly need to produce the goods on a day that scoring difference will most likely be called into play to decide semi-final or relegation issues.

HURLERS LOOK TO RETAIN TITLE

NATIONAL HURLING LEAGUE DIV 2A FINAL

WESTMEATH V KERRY

Venue: Gaelic Grounds. Date: 4th April 2015,

Following the massive defeat Kerry suffered to Westmeath last month, Eamon Kelly put on record that his side would still be there or thereabouts come the final week. While few would have shared the Tipperary's man's optimism, his team certainly responded and with two good victories over Carlow and London and some unlikely help from Wicklow, Kerry indeed get a chance to defend their Division 2A title on Saturday.

Kerry suffered a 3-18 to 0-12 defeat last time they met but Kerry have beaten the midlanders twice before that and certainly have the arsenal to pose Westmeath some more difficult questions than

their last meeting. Kerry who have used 28 players to date will certainly have a more settled look to them on Saturday and Kelly is certainly looking forward to them giving a good account of themselves.

PADRAIG BOYLE WILL BE CRUCIAL TO KERRYS HOPES ON SATURDAY

COMMUNITY GAMES PROVIDES PLENTY OF NERVE RACKING EXCITEMENT

On Sunday last, we had the Under 10 and Under 13 Boys Indoor Soccer Finals taking place at Duagh Sports & Leisure Complex. Both competitions were played in round robin format giving a total of 12 exciting games with plenty of brilliant goals, fantastic skill and excellent goalkeeping on view to large attendance.

UNDER 10 INDOOR SOCCER BOYS: Spa Muckross defeated Listowel 4-1 & Rathmore/Gneeveguilla 6-3 and Ballyduff also saw off both of those teams 4-1 and 4-0. Rathmore/Gneeveguilla won the bronze medals by defeating Listowel 4 goals to nil with Listowel getting the Certs. In a thriller, Spa Muckross & Ballyduff drew 1 all with Ballyduff getting the equaliser in the last minute. In a thrilling replay, Ballyduff struck for 2 early goals with Spa Muckross pulling one back before half time. Midway through the 2nd half Spa Muckross scored a brilliant equaliser to send the game to extra time. Here two brilliant saves by both goalkeepers send this game to a penalty shoot-out with Ballyduff claiming the county title & gold medals and a gallant Spa Muckross getting the silver medals.

RESULTS: 1. Ballyduff; 2. Spa Muckross; 3. Rathmore/Gneeveguilla; 4. Listowel.

UNDER 13 INDOOR SOCCER BOYS: In the Under 13 competition Milltown/Listry defeated Glenflesk 2-1 and also saw off Beaufort 4-0. Ballyduff had 5-1 victories over both these teams leaving the game between Glenflesk and Beaufort as the play off and here Glenflesk won the bronze medals by 4 goals to 1 with Beaufort getting the Certs. The last game was the final and in a brilliant encounter Milltown/Listry claimed the county title and gold medals on a 2-1 score line with Ballyduff a little bit unlucky on hitting the post three times during the 2nd half getting the silver medals.

RESULTS: 1. Milltown/Listry; 2. Ballyduff; 3. Glenflesk; 4. Beaufort.

Provincial Finals: Both Ballyduff and Milltown/Listry teams will now represent Kerry at provincial finals on the 4th July in the U.L.

SOUTH KERRY (U18'S): WEST MUNSTER UNDER 18S CUP, SOUTH KERRY V TRALEE

South Kerry travelled to play Tralee in the West Munster under 18s cup on Saturday 28th March. The tournament is a round robin series this year and this match would be the decider. A strong wind was blowing and Tralee winning the toss elected to make first use of it. South Kerry started well and attacked from the kick off but couldn't translate territory into points. On Tralee's first visit to the South Kerry half, they won a penalty in front of the posts which was converted for a 3-0 lead. South Kerry resumed attacking but a long relieving kick from Tralee turned defence into attack and saw another penalty awarded but the kick went wide. A further Tralee attack ended with them being awarded a scrum on the away 22. From this, Tralee attacked wide to score on the right wing for an unconverted try. The half time score was 8-0 to the home team. South Kerry would have to make use of the wind if they were to recover the deficit. Tralee started well and pressed but a long relieving kick saw South Kerry gain territory. Kyle Griffin executed a great steal and carried to the home 22. Tralee were penalised in front of the posts and Neil O'Brien landed the kick to get South Kerry on the score board. On South Kerry's next attack Kevin O'Sullivan was just short of the line and the ball was lost forward in grounding. The pressure remained on the Tralee line however and finally Danny O'Sullivan crashed over on the right and with conversion missed left the match tied up at 8-8. The game ebbed and flowed then with both sides striving for victory. Tralee were awarded a penalty on the 10 metre line which was kicked to touch on the away 22. South Kerry fingertips brought the lineout ball back to Liam King who kicked a long relieving kick down the field and the chase was on. The Tralee defence fumbled the ball and incredibly the ball sat up for the onrushing Liam King who took off towards the posts crashing over just to the right of the upright as he was tackled. The conversion by Neil O'Brien made it 15-8 to South Kerry with just 3 minutes remaining. Tralee attacked strongly and were stopped in 2 attacks by strong tackling particularly by Rossa Foley.

VICTORIOUS: COUGARS U/17 GIRLS, WINNERS AT THE MOYDERWELL GYM IN TRALEE. PICTURED ARE BACK LEFT TO RIGHT GRACE SHEEHAN, CAOIMHE O'SULLIVAN, FIONA KISSANE AND CLAIRE O'BRIEN. FRONT LEFT TO RIGHT MICHELLE MOYNIHAN, KATIE TALBOT (CAPT), ABIGAIL GRAHAM, NIAMH CLIFFORD.

A scrum was awarded to South Kerry inside their 22 which after two resets was secured and kicked out of play for the final whistle. Cue great celebrations by the visitors!! A great clean game by both sides and first trophy win for many of the South Kerry players. Man of the match was Kyle Byrne who was tireless for the cause but all players gave it everything to bring back the cup.

Thanks to all the supporters who turned up to cheer on the team and thanks to the whole squad for their great enthusiasm. No match at Easter weekend but planning for 2 challenge games before the South Munster shield final.

3 PLACE IN THE 13'S CUP SEMI-FINALS

SORTED: The Park A were the first side to go through to the last 4 as they defeated Dingle Bay Rovers. Melvin Shalemba and Sean McGrath were the scorers for the Park.

Killorglin A made the trip to Inter Kenmare a winning one as they defeated the home side 6-2 to book their place in the semi-finals. Gar Hassett hit 4 with Jack O'Leary and Darragh McKefferly also scoring while Colin Courtney got both goals for Inter.

Killarney Celtic A and Tralee Dynamos A shared 7 goals in Celtic Park with the visitors taking the spoils 4-3. Two goals from Sean Kennedy and one each from Leo Gaxha and Zoran Samardzic saw Dynamos progress to the last 4. James Darmody, Ruairi Doyle and Cian Dineen were the Celtic scorers.

2 THROUGH IN 15'S CUP: Camp Juniors are already waiting in the semi-finals of the 15's Cup as they were the lucky side that secured the Bye from the qualifiers. Castleisland joined them thanks to a 4-0 away win in Killorglin. Shay Walsh 2, Josh Horan and Ben Cooney were the Castleisland scorers.

ONE SPOT LEFT UP FOR GRABS IN 15'S

SHIELD: Mastergeeha and Killarney Athletic got Bye's to the semi-finals of the 15's Shield and they are now joined by Park B. David Oba, Conor O'Brien (penalty), Shane Jordan, Aaron Ward and Jamal Ismail scored for the Park with Jared Barton replying for Celtic C.

TUCKER KELLY SHIELD ¼ FINAL:

Castlemaine were the first side through to the Shield ¼ finals. The Park A are the second side into the last 4 as they defeated Park A 3-0. Dylan O'Sullivan, Joseph Benjamin and Simon Kardesi were the scorers for the Tralee side.

ONLY A FEW LEAGUE GAMES PLAYED:

With most eyes on the Cups there were a couple of League games played. Listowel Celtic moved within a point of 3rd place when they defeated Camp Juniors 1-0 in the JK Sports 12 Premier.

In 12's Division 2 a Dan Fischer goal was the only score in a game that saw The Park defeating Camp Juniors B 1-0. There was also only one goal in the Killarney Plaza 15 Division 1 clash of Killarney Celtic B and Castleisland. Josh Horan got the all-important goal for Castleisland which sees them go top of the table on their own. Goals were certainly not in short supply in the Tralee Trophy World 16 Premier clash of Killorglin and Tralee Dynamos. The game

was played under lights in the Dragons Den and the home side went 3-0 up thanks to goals from Gary Mathews, Kane Bradley and Jonathan Kissane. However this was a case of a game of two halves and Dynamos took the points thanks to goals from Rian O'Sullivan and Odhran Liston who both scored two each.

EXCITING FINAL TO TOWN DARTS LEAGUE

As the Killarney Darts Town League sponsored by Mustang Sally's, comes to a conclusion for another year. In what was one of the most exciting season of darts, last week saw three brilliant finals been contested **PLATE FINAL:** A great final was held in Mustang Sallys on Wednesday 25th March, between The Dunloe Lodge Bar A and The Sportsman's Bar. Each leg counted and it was the first to 14 legs. It was looking like the Sportsmans Bar had it all sown up after the games of singles, when they were leading 11 - 7. But fair play to the Dunloe Lodge A team, they came out in the doubles and gave it all they had, Taking 1 of the first doubles game to make it 13-8. Next two up for the Dunloe Lodge A won 3-0 to make it 13-11, It was all down to the last game of doubles, the Lodge took the first game making it 13-12. It looked like it was going all the way but alas, the sportsmans took the second leg making it 14-12 and winning it out. Hard luck to the Dunloe, ye fought well and made a great comeback, I'm sure ye will be in future finals, Well done to the Sportsmans Bar. MVP player on the night was Eamon Carey for the Sportsmans, Highest finish in Group 1 was Declan O'Shea, from the Sportsmans with 167. **GROUP 3 FINAL:** Took place on Thursday 26th March, in this final it was to be the first to 5 sets, with the best of 3 legs in each set. Congratulations to Charlie Foleys A better known as Good Time Charlie's on winning the group 3 final in Murphy's Bar,

Beating the Old Killarney Inn 5-3. In which was a very exciting final, the OKI winning the first & third single games, while Good Time Charlies were not to be outdone winning all the other single games, making it 4-2 going into the doubles. The OKI came out fighting and won the first double game, making it 4-3. In the second double The Rock for the OKI hit 180 and won the first leg for the OKI, things were starting to look good, but Good Times were ahead for Good Time Charlies taking the next two legs winning the set and winning the final. Final score Good Time Charlies 5, The Old Killarney Inn 3. Well done to both teams on what was a very thrilling final. MVP on the night was James Foley of Good Time Charlie's. Highest Finish in Group 3 was James "ROCK" O'Neill, from the OKI with 137.

PREMIER FINAL: The Premier Final took place in Mustang Sally's on Friday 27th March between The Tatler Jack and Murphy's Bar A. Most people felt the Tatler were favourites in this game. But Murphy's had different ideas. Each Leg counted in this final so it was important to win anyone you could. The Tatler players won the first four games of singles 2-1 making it Tatler 8 and Murphy's 4. Next and last two games of singles saw Murphy's win each one 2-1. After all the singles the score stood Tatler 10 - Murphy's 8. It was down to the doubles, Team Captains Dan Leen Tatler and Paul Kelly Murphys had to use all their wit and experience

GOOD TIME CHARLIES TEAM THAT WON THE GROUP 3 FINAL AGAINST THE OLD KILLARNEY INN

who and where they would play their doubles. After the first two games of doubles the score was Tatler 13 - Murphys 11. Tatler needed one of the last three games remaining to win, while Murphy's required all three. Murphy's final double pairing of Kilgarvan's Connie Cremin and Shronedarragh's Phillip Kelly went into the game with one thing on their mind and that was winning, both played outstanding darts on the night to take the final three games winning three nil and winning the final for Murphy's Bar A Team. Hard Luck to the Tatler Jack Team who we all know will be back. Congratulations to all on Murphy's Bar A Team and Sean Murphy of Murphy's Bar. Hard Luck to the Tatler Jack Team who we all know will be back. Congratulations to all on Murphy's Bar A Team and Sean Murphy of Murphy's Bar. MVP on the night was Phillip Kelly. Highest finish in Group 2 was Jason Stack of Dan Linehans Bar with 112.

The committee would like to thank everyone who helped in anyway through this competition.

Tommys Farming Week

The "Class of 1984" was a movie that I remember very little about. It was also the name chosen to grace the cover of our yearbook in Agricultural college. The movie came out in 1982, our yearbook obviously was the real deal. There was one other seismic event in farming life in 1984, milk quotas were introduced in the then EEC. I may have missed the discussion through lack of interest but I have absolutely no recollection of quotas being mentioned during my entire year in Pallaskenry. But then I have no recollection of milk quotas being mentioned anywhere else either before they became a reality. Some years later when working on a farm in the Netherlands, the farmer told me he had milked every animal he could get his hands on in 1984.

We were new to the community, we were not aware of the significance of this new regime perhaps, we were, quite possibly, not aware of it at all. Continental farmers were more clued in it seems. For some the pain was intense, plans had been prepared, money was loaned and borrowed on the intention of increased production, it was not just farmers who had failed to do their homework.

The dairy class that left Ag college in the year of 1984, have spent their entire working life governed by milk quotas. We have bought it, leased it, overproduced it and underpro-

duced it, we have planned our farming operation around it for over thirty years and this week finally it is no more. After 31 years it is difficult to imagine a Europe without a supply quota. There is, in fact a niggling suspicion that some other fetter will be put in its place. When Europe introduced the quota, the food trading world was a very different place, the intervention guaranteed EEC milk price was not far off our current price but world prices were less than half those achieved at home. Highly profitable in Ireland, it was a no brainer to increase output as quickly as possible and we were not alone in Europe. Phrases like milk lake and butter mountain were everyday parlance.

The surplus European production was exported onto that depressed world market with direct aid thereby distorting the world price even farther. It could not go on. The decision choices were lower the support structure or limit production. Europe went with the latter, leaving an Irish industry just finding its feet, after fifty years of stagnation, hamstrung. Our partners in Europe were at a different stage in development. Better prepared and more amenable to the concept. Ostensibly we were told it was a social policy, to protect small producers. Today we have approximately 20% of the dairy farmers we had in 1984.

Much has changed in 30 years, a massive increase in wealth in developing countries, an increased demand for better quality protein and a convergence of world milk prices has changed the landscape completely. In 2013/14 world milk prices matched EU prices, a situation first reached almost a decade ago now. Quotas were now a clear liability to European farmers and an unnecessary piece of bureaucracy. The wheels of government grind slowly and unaccommodating to the very end. With a record superlevy fine in the offing many farmers will not forget the milk quota regime for some time to come.

KELLY WELCOMES THE ABOLITION OF MILK QUOTAS

Seán Kelly MEP welcomed the long-awaited abolition of milk quotas 30 years after their introduction. Ireland is the tenth largest dairy exporter in the world and with a predicted 50 percent growth in exports expected over the next five years due to milk quota abolition, Ireland will continue to grow its economy. "Global dairy demand is rising and the EU has already increased its export volume by 45 percent over the last five years. Now, with the abolition of the milk quota system and the implementation of market measures to address price volatility, Irish farmers will be supported in increasing production and that will have a

positive effect on job creation and growth in rural Ireland," said Mr Kelly, speaking from Brussels today. "Our agricultural exports are reliant on strong trade ties with other countries. Russia is still one of our biggest trading partners, but with the EU Russian dairy ban in place since last year affecting agricultural trade, our currently negotiated agreements with South Asian countries and other regions will enable Ireland and the EU to retain their influential export status." However, the Fine Gael MEP cautioned EU leaders against an overly liberal trade deal with New Zealand: "As the only Irish member on the International Trade Committee in the European

Parliament, and a member of the ASEAN Delegation (Association of South East Asian Nations) I am delighted that the EU's trade agreement with Vietnam should be concluded by this summer. Vietnam holds great potential for agricultural exports. "However, New Zealand, a top agricultural and dairy exporter to the Asian market, has been pushing for a trade agreement with the EU. While I welcome the EU's continued commitment to trade in South Asia, any deal with New Zealand must not be at the expense of the Irish dairy sector," Mr Kelly added, Leader of the Fine Gael delegation in the European Parliament.

SEAN KELLY MEP

FARMERS CONCERNS OVER PUBLICATION OF PAYMENTS

IFA President Eddie Downey said farmers have genuine concerns around the release of confidential information on payments that could jeopardise security. He said the publication of payments is an unnecessary distraction, "We have never made a secret of the EU funds that support agricultural production in this country. The overall level of support has always been available." "We have continually stressed the importance of CAP payments in allowing agriculture and food production to make an important contribution to our economy. We fail to see how the individual breakdown will add anything to what is generally known about the farming sector." "The EU Commission has a role

to play in communicating to the public the benefits of CAP", Downey concluded.

KILCUMMIN GAA:

CREDIT UNION CO LEAGUE DIV 1.

KILCUMMIN 1-6 AUSTIN STACKS 0-6. There was a glow around most Kilcummin people on Saturday last who had witnessed this great performance against this year's Munster club champions. Yes Stacks may have been playing their first game since February's semi-final and may have been a little flat but Kilcummin well deserved their victory in what were very difficult conditions. With two wins from two we share top spot and face the season with renewed confidence. Well done to players and management as we look forward to an even tougher task against Dr Crokes in Lewis Rd in two weeks time. Playing against the wind in the first half we trailed by 3 points to 1 at the break with Gary O'Leary scoring from a free. The second half saw our lads outscore the opposition by 1-5 to 0-3 with Colm Lenihan seizing on good work by Kevin McCarthy and Noel Duggan to finish to the net. Gary O'Leary and Shane Murphy with frees and Kevin McCarthy from play completed the points total. A fantastic team performance saw James Devane, Sean Brosnan, Kevin McCarthy, Kelvin Teahan and Damien O'Leary stand out. Shea, Jer Sheehan.

U17: ASDEE 2 MASTERGEEHA 2. In this game Mastergeeha had to battle all the way to gain a point in North Kerry. The boys took the lead when Paudie O'Connor scored midway through the first half. In the second half Masteregeha went two up when Paudie O'Connor scored again following a corner. However shortly after the home side pulled a goal back from the penalty spot. After this both side created some chances with Patrick Warren and Paul O'Connor going close. However in the closing stages Asdee scored the equaliser.

SENIORS DIV 2 B: MITCHELLS A 1 MASTERGEEHA 0: In this close game the seniors were unlucky not to get a point. Playing with wind in the first half Mastergeeha created a number of chances with Noel Moynihan and Thomas Templeman going closest. CHOCOLATE - A GIFT FROM THE GODS

Sunday is Easter Sunday and no doubt thousands of chocolate Easter Eggs will be consumed around the Country but did you know that once upon a time it was known as a gift from the gods?

In today's society, chocolate is a commonly available food product, and comes in many forms, including blocks, paste and powder. Several centuries ago, however, chocolate was considered a luxury item, and came only in one form – as a drink.

Chocolate is produced from the cacao tree, which is native to Central and South America. Based on chemical analysis, the earliest known consumption of cacao may be dated back to between 1400 and 1100 B.C. At that early stage, it was not the cacao seeds, but the pulp of the fruit that was used. The 'bitter water' was consumed by nobles and warriors, in a ritual with purpose and solemnity. It was believed the plant was of the gods, associated by the Aztecs with Quetzalcoatl.

It was only later on that the cacao seeds were used. Cacao seeds were fermented, roasted, and ground into a paste. The cacao paste would then be mixed with water or wine, ground maize and a variety of flavourings including chili pepper, vanilla, all spice and honey. The mixture would then go through a process called frothing, in which it was poured back and forth from pot to cup until a deep foam was formed on the top.

When the Spanish conquistadors came into contact with the Aztec civilization, they also came across the cacao drink and brought it to Europe, the drink was transformed by an ingredient not available to the Aztecs – sugar. This made the taste of the drink more appealing, and became popular among the Spanish nobility, it was much later that chocolate became popular in other European courts. In France, for instance, the marriage of Anne of Austria to Louis XIII in 1615 popularised the drink among the French aristocracy, as the

queen was a chocolate enthusiast.

Eventually, the craze for chocolate also hit London and several 'chocolate houses' sprang up, where the elites of society could gather. Not for everyday consumption by the less well off, cacao was of great value, symbolically and economically. Pods were used in trade to the point where they were sometimes counterfeited by filling the plant pods with soil.

It was during the Industrial Revolution of the 18th and 19th centuries that a change in the way people consumed chocolate occurred. Firstly, the invention of hydraulic and steam chocolate mills in France in the 18th century allowed chocolate to be processed faster and at a lower cost. Then, in 1828, the cocoa press was invented by Coenraad Johannes Van Houton. This machine removed the fat from the cacao seeds to produce cocoa powder, the basis for most chocolate products today. These technological advances also resulted in a higher demand for raw cocoa in Europe. Soon, cocoa trees were planted as a cash crop in British, French and Dutch colonies near the equator, where the natural conditions were suitable for these trees.

HOW TO PROTECT PETS FROM BECOMING BAIT ANIMALS

For instance Australia's racing industry has been using live cats, pigs, rabbits and possums as bait to train its greyhounds to run, the undercover footage, shot by Animal Liberation Queensland and Animals Australia, shows the bait animals tied onto an apparatus that swings them around the track, screaming and squealing. The animals are used to invoke "bloodlust" in the dogs, who often maul them to death. The footage provoked the RSPCA to raid several racetracks and suspend 22 trainers for live baiting.

- Offering any pets Free To A Good Home is always a risk, as studies by animal charities have shown that these animals can often fall in to the wrong hands and suffer terribly as a result.

- It is better for animals to be re-homed through reputable rescues that do thorough checks of adopters. If this is not possible, then to minimise the risk, do extensive checks into the people who want to take the pets, if in any doubt visit a Vet and put the pet to sleep, heart-breaking in the short term but the animal will not be tortured in the future. People are often not what they seem and will put up a very respectable front and put on a good act. Even if the person who initially takes your pet has good intentions, the simple fact is that, once a pet is no longer in your care, you have absolutely no control over who it gets passed on to, or what fate it may meet.

- It is best to keep all animals in the house. When they are in the garden, supervise them at all times, as they could be taken in a blink of an eye.

- If you must keep animals in your garden, use security measures to make sure they are as safe there as possible. Make sure your garden is secure so nobody can reach or climb in to it, or enter it, without you letting them. Also make sure there is a lock on the gate.

- Cats are more difficult to protect, unless they are house cats, as they like to roam freely.

- There have been many cases of rabbits and other pets being taken from hutches in gardens, even when they have been padlocked. The only really secure option is to keep animals inside.

- Never leave your dog outside a shop and do not let your dog out of your sight if outside.

- Make sure your pets are micro chipped and wear a tag.

RIDDLE FOR THIS WEEK

A poor farmer went to the market to sell some peas and lentils. However, as he had only one sack and didn't want to mix peas and lentils, he poured in the peas first, tied the sack in the middle, and then filled the top portion of the sack with the lentils. At the market a rich innkeeper happened by with his own sack. He wanted to buy the peas, but he did not want the lentils.

Pouring the seed anywhere else but the sacks is considered soiling. Trading sacks is not allowed. The farmer can't cut a hole in his sack.

How would you transfer the peas to the innkeeper's sack, which he wants to keep, without soiling the produce?

THIS WEEKS TONGUE TWISTER

Something in a thirty-acre thermal thicket of thorns and thistles thumped and thundered threatening the three-D thoughts of Matthew the thug - although, theoretically, it was only the thirteen-thousand thistles and thorns through the underneath of his thigh that the thirty year old thug thought of that morning.

CARPENTER FIRED FOR RESCUING RACCOON

When Todd Sutton came to work one morning in February at a construction site for the San Francisco Museum of Modern Art, he found a young raccoon caught in a live trap.

The raccoon had been causing damage at the construction site, so the construction company hired animal control specialists to capture and kill him.

Mr. Sutton knew the baby animal was going to be euthanized, and he didn't want to see that happen, he placed the trap in the back of his truck and covered him with a blanket, since he thought the nocturnal animal would be happiest in the dark, then went back to work. He had called the city's animal control office to find out how to release him and was waiting to hear back.

When his boss at RFJ Meiswinkel Co. heard that Todd intended to free the raccoon, he called him in to talk. Mr. Sutton thought he was just going to get a slap on the wrist. Instead, he was accused of theft and fired.

Mr. Sutton left and freed the raccoon, then returned the live trap he was accused of stealing to the construction site. He has since found another job, though it doesn't pay as well, and is looking into legal action.

"I'd do the same thing again, Mr. Sutton said in an interview.

THE MOST POPULOUS CITY ON EARTH IS ALSO THE SAFEST

If you want to walk around the streets in the middle of the night, Tokyo is a good bet, according to the latest Safe Cities list, which ranks the top 50 cities in the world.

Tokyo topped the list, and its neighbour, Osaka, came in third. Southeast Asian city-state Singapore was second and European hubs Stockholm and Amsterdam rounded out the top five.

Tokyo is at the centre of one of the world's

largest metro areas. The city proper is home to 13 million-plus people, but the sprawling metropolis has more than 35 million inhabitants. Despite all these people living together in relatively close proximity, the crime rates are extremely low. The biggest problem in the Land of the Rising Sun is bicycle theft: 6.6 riders per 100,000 found themselves wheel-less after their bikes were stolen.

The top 5 cities all share economic wealth and social services. Everyone in Singapore has access to affordable public housing, Stockholm has an extensive welfare system that leaves hardly anyone homeless or in dire poverty for example.

A TIP FOR KEEPING YOUR PETS HAPPY & HEALTHY

Many of us are guilty of simply refilling the water bowl when it gets close to empty, but the water that sits around will form a slimy residue that hosts dangerous bacteria and fungus that can begin to grow. Some pet guardians may not even notice that their pet will start shying away from a dirty water bowl and become mildly dehydrated or, worse yet, seek water from unsafe areas indoors or out.

And what about the food dish? No, licking the bowl 'clean' isn't a possibility. Please be kind. Food and water bowls should be cleaned daily but do not use harsh cleaners that can leave behind residue and odour.

If you have bowls that are already beyond salvaging, why not start fresh with a new set of bowls and choose from one of these easy daily washing techniques.

- Wash and thoroughly rinse with dish detergent and a clean abrasive sponge to release all organic material from the sides of the bowls.
- Try scrubbing with a mix of equal parts baking soda, salt and warm water.

HOW TO IMPROVE ENERGY EFFICIENCY WHILE COOKING

- Minimize the area that needs to be heated. In other words, don't heat up the entire oven

to cook a single piece of fish; Take advantage of having the oven on. Cook double amounts so that you have leftovers; it takes less energy to reheat than to cook. For instance If you are roasting fish or baking pasta, then I roast vegetables alongside.

- Don't put a small pot on a large element, a 6" pan on an 8" electric burner wastes more than 40% of the heat produced by the burner. However, choose the smallest appropriate pan to do the job since it requires less energy to heat.

If possible, invest in high-quality cookware with sturdy bottoms. A pan with a warped bottom can use 50% more energy to boil water. An electric element is significantly less efficient if the pan does not have good contact with the element.

Glass and ceramic are more efficient in the oven than metal. Copper-bottomed pots also heat up faster.

- Keeping a stove and microwave clean can help with efficiency. When burners in the oven or cooker top fill up with food waste, this absorbs heat and reduces burner efficiency. If they're shiny, they reflect the heat back up to the pan. Microwaves work best when there are no food particles inside.

● Make sure previously frozen foods have defrosted fully and that meat has come to room temperature before cooking. This helps with even cooking and speeds up the process. If roasting vegetables, cut smaller to cook faster.

- Cut the heat early, especially if you use an electric cooker and oven. The residual heat will continue to cook the food. An oven will keep baking if you resist the urge to open the door.

FINALLY THIS WEEK

I would like to wish all readers, advertisers, contributors, all at Killarney Outlook, Walsh Colour Print and Educate.ie a safe and beautiful Easter and if you visit the countryside or beach please leave it as you find it, do not leave anything behind that would start a fire or injure wildlife, please take care on the roads, water, hills and mountains and make this a happy Easter for everyone.

CHRISM MASS AT THE CATHEDRAL

THE CONGREGATION AT ST MARY'S CATHEDRAL FOR CHRISM MASS WITH BISHOP RAY BROWNE. PICTURE MARIE CARROLL-O'SULLIVAN 087 391 4808

On Tuesday night last, Bishop Ray Browne celebrated a Chrism Mass at St. Mary's Cathedral. At the Mass, Bishop Ray Browne blessed the oils to be used in the administration of the Sacraments throughout the Diocese in the year

ahead. The Diocesan priests also renewed their commitment to the Priesthood at the ceremony which was attended by parishioners from around the county.

A WORD OF VICTORY

Welcome back dear reader continuing on the gift of Salvation which is freely available to all who call on Jesus, the crucifixion of Jesus was brutal (see Luke chapters 22-23). While He was in the garden of Gethsemane Jesus was under such pressure that the Bible tells us that blood came out through his pores. He asked the Father if it was possible to take this cup of suffering from Him - if there was any other way to redeem mankind. But the Father's heart was set and Jesus knowing this said 'not my will but your will be done'. You know the rest - His mock trial, the scourging at the pillar, being beaten and crowned with thorns and then nailed onto, and hung up naked on a cross and left to die. Dear reader how would you feel if that sentence had been passed on you? You probably wouldn't be happy about it but 'Jesus endured the cross for the joy that was beyond it' (Hebrews 12:2). Just think on that for a moment. What could have been so precious in Jesus' heart that allowed Him to go through such terrible affliction and death and yet caused Him to be joyful? Jesus saw multitudes of people being snatched from the wicked hands of Satan and Hell and being born again into the family of God, becoming children of God and brothers and sisters to Him through His redeeming work. The Holy Spirit witnesses with our born again spirit that we are the children of God by which we can call Him Abba which means Daddy (Romans 8:14-16). An unsaved person even though they may be very religious cannot call God Daddy. Please read it for yourself friend in John chapter 8:31-47 where Jesus was speaking to the religious leaders. Remember 'Jesus Christ is the same yesterday, today and forever' (Hebrews 13:8). More next week....
