With the August Bank Holiday weekend upon us, Killarney is bursting at the seams with visitors enjoying the delights on offer. Likewise on the pages of this week's Killarney Outlook. The new CEO of Down Syndrome Ireland was in town and visited Deenagh Lodge, the Clonkeen Youth Choir launched a CD and a group of cyclists from Liebherr cycled from Malin Head to Mizen. In a week that saw Kerry progress to the All Ireland Semi Finals, all eyes will be on tomorrow's games in Portlaoise. There are some great offers from our advertisers, some great photographs and lots of local news. There is something for everyone in this week's Killarney Outlook. Out first every Friday!

## FANTASTIC NIGHT AS CLONKEEN CHOIR DELIGHT THE AUDIENCE

The Clonkeen Youth Choir delighted audiences in The Kerry Way on Friday night last when they launched their CD "Celebrate". There was huge support on the night with the popular bar packed to the rafters in what was dubbed a "real feelgood night".

"Everyone was in great form and was delighted to be part of such a positive project", Rosie Healy, one of the Choirmasters told the Killarney Outlook.

The inspiration for the project, Leah Lynch, officially launched the CD on the night as well as singing with the choir. Leah is battling a rare form of cancer, but her positive attitude is an inspiration to many and proceeds from the CD will go to the Kerry/Cork Health Link Bus.

THE CLONKEEN YOUTH CHOIR WHO LAUNCHED THEIR CD ON FRIDAY NIGHT LAST.

The choir performed 10 tracks from their CD "Celebrate" intermixed with solo slots from the Kelleher and Cronin sisters.

Mary Woodcock O'Sullivan also

spoke to thank everyone involved with the Choir and this fabulous production. Public Representatives in attendance on the night were Niall Kelleher, Mayor of Killarney,

Maura, Danny and Michael Healy Rae as well as representatives from the Kerry/Cork Health Link Bus. Parish Priest, Fr George Hayes, and Aidan O Connor, local writer and producer of "Patrick", in which the choir performed, were also in attendance as well as a huge number of parishoners and well wishers from near and far.

The choir performed at 9.30am Mass on Sunday in Clonkeen and will perform on Saturday August 12th at 7pm Mass in Glenflesk and Sunday August 13th at 11am in Barraduff. That afternoon they will also be part of the line-up for 'Glenfest' at Glenflesk GAA Grounds. CD's are for sale in shops locally for €10 and will be available at the Masses at which the choir are performing.

## KILLARNEY BUSINESSES IN TOP 100 STORES IN IRELAND

Seven Kerry businesses, including two Killarney shops, have been included in the top 100 stores in Ireland by Retail Excellence. The new Vodafone store on College Street and Mods & Minis at Deerpark Retail Park have both been named on the top 100 shortlist in Retail Excellence Ireland's quality awards for 2017. Other Kerry finalists are Ahern's Pharmacy in Farranfore, Ballyseedy Home and Garden in Tralee, Corcoran's Furniture's Tralee store, Garvey's SuperValu in Tralee and Horan's Health Store in Tralee. The Top 100 stores awards scheme, which was established in 1997 to promote best practice and encourage high standards in the Irish retail industry, is now the largest and most prestigious of its kind in Ireland. There were almost 700 entries nationwide and the shortlisted business represent a very high standard of service and customer engagement. As part of the Top 100 selection process, all store entrants were visited by a mystery shopper and they must now prepare a submission for the adjudicators. The awards ceremony will be held in the Malton Hotel, Killarney on Saturday, November 11th.

## LIEBHERR COLLEAGUES CYCLE 700KM FOR THE BUS

Covering a distance of 700km, 28 work colleagues from Liebherr undertook a mammoth cycle from Malin Head to Mizen Head in aid of the Kerry/Cork Link bus.

Organised by cycling enthusiasts John O'Donoghue and Ger Blackwell the cycle was a great success and raised a total of €14,080 for the Kerry/Cork Health Link Bus.

The group stopped off in Killarney on the last leg of their journey for a barbeque at The Brehon Hotel and were joined by family and friends who cheered them on.

The cycle took place over four days commencing in Malin Head on Thursday 15th June and finishing in Mizen Head on Sunday 18th June.

A total of €14,080 was raised for the Kerry/Cork Link Bus and those who took part were Ger Blackwell, Podge Slattery, John Crowley, Martin Crowley, John Reen, John O'Neill, Sean Moriarty, Mike Murphy, Brent James, Michael Clifford, John O'Donoghue, Joe Bartlett, Brendan O'Donoghue, John Kelliher, Kieran Murphy, Donie Culloty, Danny Brosnan, Michael O'Leary, Mike Brosnan, Dan O'Connor, Noel Reid, Jeremiah Murphy, Peter McGillicuddy, Stephen McKenna, Ger Sweeney, John Joe Kissane, John O'Donoghue and Martin McCarthy.

One of the cyclists, Kieran Murphy penned a poem about the journey.

### Malin to Mizen

by Kieran Murphy

And now the dust has settled and Malin Head is far away,

A journey of a lifetime we'll talk about for many a day.

We cycled the length of Ireland by the wild Atlantic Way,

The winds blew hard in the North but we weren't going to lay down and pray.

We stood up like the men of Munster and fought it all the way.

Hit the sunshine in Galway, Lisdoonvarna on the way,

Late for the ferry in Kilimer but the ice creams were damn fine that day.

And so from Ballybunion it's just another 185k,

A lonely piper played in Killarney the crowd knew

we were on our way.

After leaving the Brehon, Molls or the Caha weren't going to stand in our way.

The tar it boiled in Bantry - another obstacle for today,

But to see the signs for Mizen by God now lads it's not far away!

So to cross the finish line this mighty journey was complete,

This journey wouldn't have happened without the help of two mighty men

and all I can say is thank you to both of them.

Fair play to John "Strava" O'Donoghue and Ger Blackwell.

Now the talk of back to backs and Molls the Caha on the last day are all put away and let's hope we can all do it again some day.

## SOUTH KERRY PLOUGHING CHAMPIONSHIPS LAUNCHED

THE South Kerry Ploughing Championships and Harvest Show, a hugely popular charity event that turns back the clock and looks to the future on the same day, will take place on Sunday, September 3. Organised by Killarney Valley Classic and Vintage and now in its fourth year, the day-long event will take place on Fleming's Farm at Grenagh, Fossa, Killarney. This year's show was officially launched at a reception in the Innisfallen Hotel at the weekend by Kerry County Council Chief Executive Moira Murrell and teenage entrepreneur Jack Nagle, a prizewinner at the Young Scientists exhibition with his invention of a safety lock for tractors that engages the handbrake automatically.

Also in attendance were Mayor of Kerry, Cllr John Sheahan and Mayor of Killarney, Cllr Niall Kelleher. Speaking at the launch, Killarney Valley Classic and Vintage Chairman, Tom Leslie, said since it was started in 2014, the event has generated tens of thousands of euro for local charities and, at this stage, the club has contributed close on €100,000 to worthy causes. This year's beneficiaries will be the Kerry branch of the Irish Kidney Association, Down Syndrome Kerry, the Irish Pilgrimage Trust and the Kerry-Cork Health Link Bus.

"A massive attraction this year is that the event will incorporate the National Rally of the Irish Vintage Society, showcasing Ireland's great heritage, and this year's show will also feature a round of the Irish Tractor Pulling Championships which is always a great

THE LAUNCH OF THE SOUTH KERRY PLOUGHING CHAMPIONSHIP WHICH WILL TAKE PLACE IN FOSSA ON SEPTEMBER 3RD. PICTURE MARIE CARROLL-O'SULLIVAN

spectacle," Tom told the Killarney Outlook.

The latter involves heavily modified tractors pulling massive weights along a pre-determined track and it is billed as the most powerful motor sport in the world. The big day will feature numerous trade stands, traditional and modern method ploughing demonstrations, sheep shearing competitions, harvesting demos, machinery showcases and traditional farm practice exhibitions. Two fun zones and a popular maze in the maize will be on site to keep children amused and novelty sideshow events will include an all-breed dog show, baking competitions and live music to create a real party atmosphere. Several food zones will be on site at this year's South Kerry Ploughing Championships and Harvest Show

and there will be terrific prizes on offer to the best-dressed man and woman and the winner of the always popular bonny baby contest. A major trade stand marquee will be located on the grounds with competitively priced exhibition space available to local businesses, community groups and clubs who might wish to get their message across to thousands of visitors. For information on exhibition space availability contact event secretary Ann Marie O'Sullivan on 087-9726200 or email southkerryploughing@gmail.com. A major traffic management plan will be enforced in Killarney on the day while the South Kerry Ploughing Championships and Harvest Show will take place on 60 acres of land owned by the Fleming family.

## KILLARNEY SET TO GET ON ITS MARKS FOR MICROTRACK

The committee behind the development of Killarney's first micro-athletic running track on the grounds of St Brendan's College will be hosting the fourth annual Killarney 10-mile road race. The race is part of a fundraising drive to support the development of a 200m micro track, four lane tartan track, floodlit astro-turf football pitch, high jump, pole vault and a floodlit all weather pitch area which will be situated on grounds of St. Brendan's College Killarney. The event organised this year by Killarney Valley Athletics Club in association with Alan Ryan of Hardman Events, will take place on Saturday 23rd of September at 9am. The event has generated

€18,000 since it started 3 years ago with numbers growing every year. The patron of the project is Colm Cooper who together with his AIB colleagues including James O'Donoghue hosted over 2,000 students in a fitness challenge to support the project. The 10-mile road race will generate another donation for the project which has already raised €100,000 from a number of different activities including Killarney 10mile, the AIB schools fitness challenge, Rotary Club wine and art night, Lions club, Killarney Minions World Record attempt and donations. Runners and walkers are invited to participate and, in the process, enjoy the route which takes in

## IRELAND CARES – CELEBRATE KERRY'S UNPAID CARERS

The Irish Red Cross is calling for Kerry to celebrate its unpaid Carers by nominating them for the 2017 Irish Red Cross Carer of the Year Award. The award is open to any member of the public currently providing voluntary care. Previous winners include men and women from around the country who provide care for loved ones that are ill, vulnerable or living with a restrictive disability. Last year's winner, Vincent Callaghan from Roscommon, has cared for his two children all their lives. Whilst in 2015, Bernie O'Reilly from Cavan, has cared for her son Damien who has cerebral palsy for more than 30 years. Pat Carey, Chairman of the Irish Red Cross, praised Ireland's Carers, "Unpaid Carers offer a standard

of living to sick and vulnerable members of the community that would be impossible without their selfless commitment. It is essential that both Carers and care recipients are recognised and supported members of our communities and of society as a whole." As part of its Health and Social Care programme, the Irish Red Cross offers a range of resources and services for Carers in Ireland. Services include a Carers Handbook, 'Helping You to Care' course, Therapeutic Hand Care services and free First Aid app. The Irish Red Cross are currently in the process of developing a Carers app, aimed at helping carers and family members care for the most vulnerable.

IRISH RED CROSS CHAIRMAN PAT CAREY, PARAIC MCGAHEY AND ELAINE MONAGHAN

## KERRY COMEDIAN GRABS HEADLINES AT GALWAY FRINGE FESTIVAL

Kerry comedian and magician StevenevetS, alias Steve Mills, won plaudits from all sides following his performance last week at the Galway Fringe Festival. This was the first time for the Killorglin based performer to attend the Comedy at the Fringe event having performed many shows at venues locally in the recent past and was a major coup for him in his career development. Steve has also performed at comedy venues in Dublin and other parts of the country and he can also be regularly seen at festival events nationwide.

The one hour performance at the Galway Fringe incorporated a mix of comedy and magic in a novel approach that catered for all age groups from 5 to 90 that kept the attention of audience throughout. In addition to this programme, he also performs a programme that caters for street events such as festivals as well as performing close up magic events. Kerry audiences will get the chance to see him in action again on the streets both at Puck Fair this weekend, as well as at the Rose of Tralee Festival.

## COUNCIL MATTERS

### Allocation of funding & Motions from July Killarney MD meeting.

#### Allocation of Funding

Cllr. Brendan Cronin wishes to confirm that he have paid €3,500 from his allocations fund, for the provision of a solar powered Speed limit indicator on the R563 on the Milltown side of the Aghadoe junction at the German Flats, in an effort to improve driver awareness of the dangerous junction and location ahead. This will be put in place in the coming weeks.

**Cllr B Cronin.** To request Irish Water to provide a new water main on the public road at Green Lane, Killarney as the existing supply is under or at the rear of homes in private property which causes major problems when there is a water break.

**Reply.** There are 6 houses at the far end of the Cul de Sac Green Lane in Killarney which are served by a 75mm asbestos cement pipe, laid in the 40s/50s. The water main is laid in the back garden of the houses, the extensions for which are built over the old pipe. There have been 2 breaks on this pipe to date in 2017. Accordingly, it will be necessary 50mt of new main along the public road in front of the houses and also to reconnect/re-plumb the 13mm service connections to each of the 6 houses from the front. The Council will make a submission for the funding, provisionally estimated between €15,000 and €18,000, to Irish Water.

**Cllr B Cronin.** To ask that all Group Schemes

supplied by Irish Water in the Killarney Municipal District be taken over by Irish Water.

**Reply.** There are 62 such Group Schemes in Kerry, 6 of which are in the Killarney MD, which have applied (prior to the introduction of Irish Water in 2014) for take over by Kerry County Council. Irish Water has recently developed a protocol to facilitate the take over of Group Schemes. Among the impediments to any such takeovers are the generally poor states of the ageing pipe networks of these group schemes. It was agreed to support the group schemes that wish to be taken over by IW.

**Cllr B Cronin.** Have the drawings for the proposed wheelchair accessible extensions to the public toilets in the High Street Car Park been examined by representatives of the disability sector and when will the works be put out to tender.

**Reply.** This extension has been designed in accordance with the required standards for accessibility and will be constructed in consultation with representatives of the disability sector. The procurement process has commenced.

**Cllr B Cronin.** What steps have Kerry County Council taken to solve the disgraceful dumping of rubbish in Aghadoe Cemetery.

**Reply.** Kerry County Council have temporarily removed the skip from Aghadoe Cemetery, and has replaced this with a large wheelie bin which is currently being emptied on a much more

regular basis. Consultation is taking place with the Graveyard Committee to establish the best method for catering for waste generated from the graveyard. However any illegal dumping will be investigated in the normal manner by the Environment Section. If dumping is ongoing, surveillance measures will be considered at this location.

**Cllr B Cronin.** When will a caretaker be appointed for Aghish Cemetery as it is almost 5 months since the retirement of the previous caretaker. **Reply.** Interviews were held recently for the position of caretaker for Aghish Cemetery and it is anticipated that the successful applicant will be appointed shortly.

## MARVELLOUS MAIREAD CLAIMS ANOTHER TITLE

Champion golfer, Mairead Martin continued her on her rich vein of form by claiming the Leinster Ladies Championship at Donabate on Sunday. Plus 2 handicapper Martin who represents Kanturk GC is also a member of Killarney and Ballybunion Golf clubs won her second national event in less than a fortnight following on from her Irish Girls Championship victory at Mallow GC.

After qualifying in joint 4th place with rounds of 76 & 77 in tricky conditions it was on to the first of 4 head to head matches dispatching Nicole McGavisk (Donabate) 6&4. The afternoon saw a comfortable quarter final 5&4 win over Clodagh Walsh (Castlewarden). A Sunday morning semi final against Irish International Meadhbh Doyle (Portarlington) proved to

MAIREAD MARTIN WHO HAS CLAIMED THE LEINSTER LADIES CHAMPIONSHIP AT DONABATE ON SUNDAY LAST.

be a slightly tougher affair with Martin eventually prevailing 2&1. The final was always going to be a test of stamina and with Rachel McDonnell (Elm Park) making 2 birdies and Martin unable to convert a number of

birdie opportunities Martin found herself in the unfamiliar position of being 3 down after 9 holes. Back to back birdies on the 10th and 11th turned the momentum Martins way eventually running out a 2&1 victor.

After starting 2017 outside the top 800 this win takes Martin to just outside the top 300 in the womens world amateur rankings where she is the 7th ranked Irish Female player behind world number 1 Leona Maguire (Cavan). When not competing Martin works on her game at Swing Studio Killarney with her Kerry based coach Mark Heinemann who is the ILGU regional coach for the south west and ILGU High Performance squad support coach. Martin now faces a very busy August with the ladies home internationals up next from 9th – 11th at Little Aston GC. This is followed up by the British Girls Championship 15th – 19th August at Enville GC and then its on to Royal Curragh for the Irish senior cup representing Killarney on the 2th & 26th.

## KERRY AMATEUR RADIO GROUP CELEBRATE 151ST ANNIVERSARY

In a week where the Valentia community celebrated the 151st Anniversary of the successful completion of the Transatlantic Cable from Hearts Content, Newfoundland, Canada to Valentia, the Kerry Amateur Radio Group (KARG) commemorated the event by trying to establish a wireless radio linkup with Radio Amateurs operating from the historic Cable Station at Hearts Content, Newfoundland.

With very poor radio wave propagation on the day, it made any direct radio contact across the Atlantic very difficult. However lots of contacts were established around Europe, where many radio amateurs were delighted to make contact with KARG members active from the cable station. Lots of visitors were in attendance on the day, and were fascinated to see an active Amateur Radio station making live contacts with other stations all over Europe. Visitors were also intrigued to see a demonstration of morse code in use. Radio Amateurs from Netherlands and Germany also visited the cable station on the day which made it truly an international event.

All contacts are established directly using High Frequency

(HF) radio only. No internet or telephones are used in any way to establish contact.

Kerry Amteur Radio Group's next event will see them participate in the International Lighthouse and Lightship weekend from 18th-20th August, where they will operate from Cromwell Point Lighthouse, Valentia and establish contacts with other lighthouses and lightships around the world. This is KARG's 14th year participating in this particular event, and it continues to become

more and more popular every year. Visitors are very welcome to come along, and see a live Amateur Radio station in operation, and talk to club members if they have an interest in this great hobby. Joining the club is the best way to learn more about this hobby.

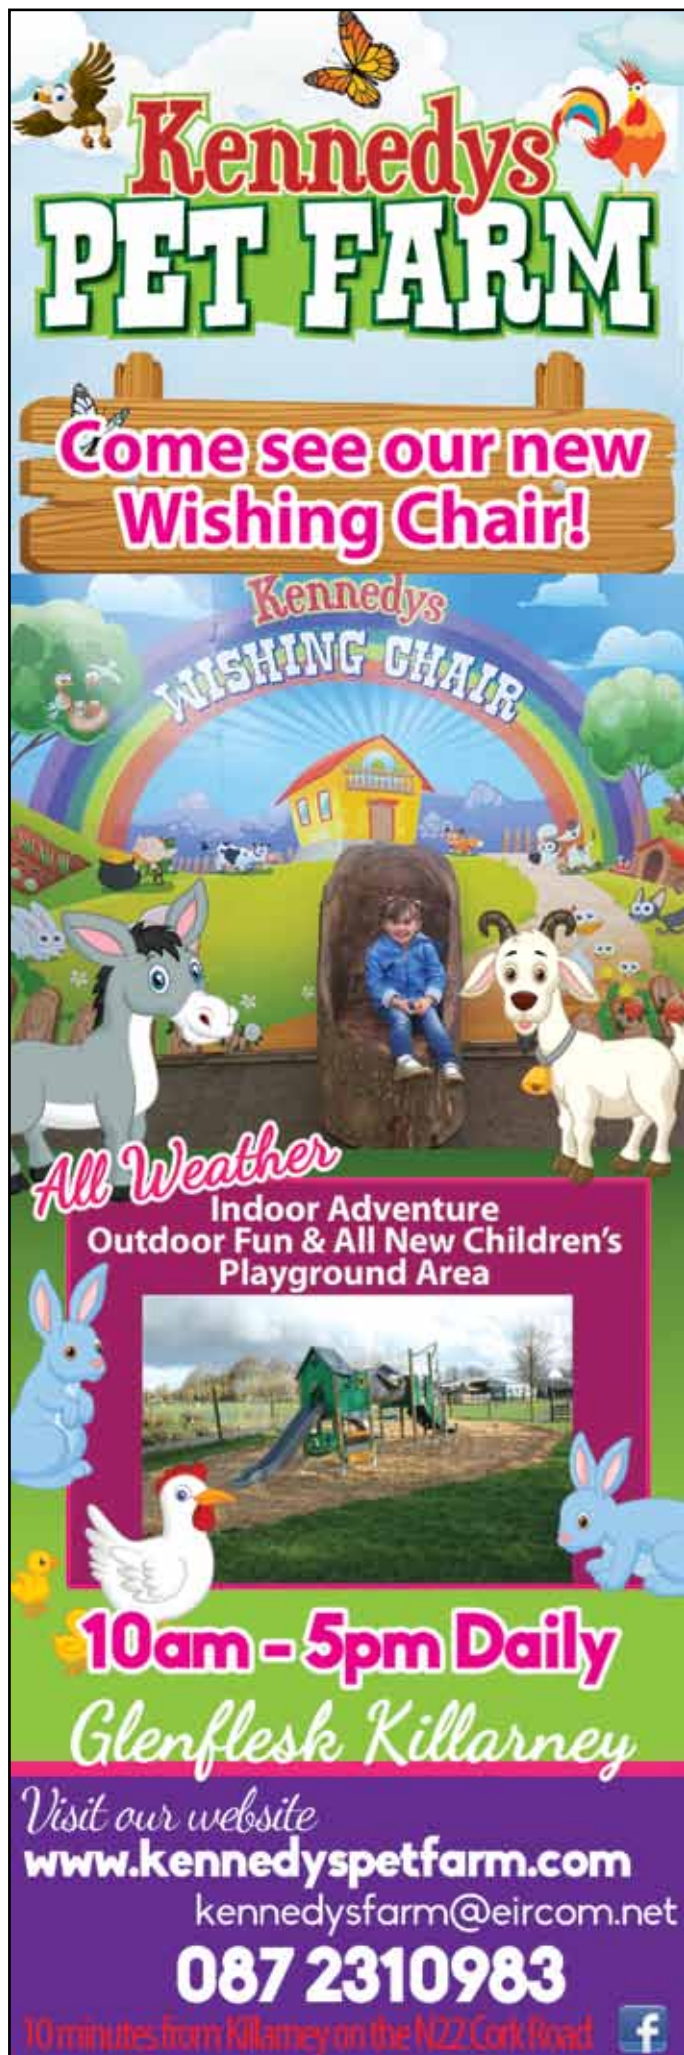

KARG would like to hear from anyone interested in joining our group. KARG are one of the most active Amateur Radio Groups in the country, and run several established events throughout the year, that promote Kerry to

a worldwide audience. Current membership stretches to all parts of the county. No experience is required, just a keen interest in radio communications, or making contact with new people from faraway places, as KARG will help you every step of the way, to enjoy this hobby.

Visitors are very welcome to come along to any of our events or regular monthly meetings, or can contact us via our website [www.kerryamateurradiogroup.com](http://www.kerryamateurradiogroup.com), and our facebook page.

# FIRST PRINCIPAL APPOINTED TO TWO MILE COMMUNITY NATIONAL SCHOOL KILLARNEY

The eagerly awaited appointment of the principal of Killarney's new Community National School (CNS) has been confirmed by Kerry Education and Training Board (Kerry ETB). The ETB is delighted to announce that Catherine Barry has been appointed as the first principal of Two mile CNS. The school is on schedule to open on August 30th 2017 as the first Community National School in Co. Kerry under the Patronage of Kerry ETB.

Speaking about the appointment, Director of Schools of Kerry ETB, Ann O'Dwyer said "We are absolutely delighted that Catherine is taking up this position. She has a huge amount of experience at senior management level in schools as deputy principal in her previous school. She also understands the unique opportunities and challenges of setting up a new school as she has been involved in this process previously."

Catherine began her teaching career in Darndale in Dublin. She moved to Kerry in 1998 and taught in various schools in Tralee before being appointed to Tralee Educate Together N.S. in 2002. She was involved in the setting up of that school and was appointed Deputy Principal shortly after. She has a commitment to multid denominational education and to high quality teaching and

learning.

Two Mile CNS will be the first primary school of its kind in Kerry. Similar schools have been set up in Dublin, Kildare, Meath and Cork over the last 10 years. As well as serving the families of Two Mile, it will attract children from the wider Killarney area who are looking for a progressive model of education, rooted in the best of tradition. As well as its unique multid denominational ethos, having Kerry ETB as its patron is significant in terms of supporting role that the ETB can play in the management, development and expansion of the school in the future. Kerry ETB is a locally based state agency and is already the patron of eight post primary schools in Co. Kerry. The ETB provides key administrative, Information Technology (IT), Human Resources (HR), Finance and many other supports to its schools. This ensures that the staff of the school are can focus on ensuring the learning environment supports excellence in teaching and learning.

Catherine Barry said "I am delighted to take up this very important position of setting up Two Mile Community National School. I am looking forward to working closely with Kerry ETB and the school community to building an inclusive school with a reputation for its excellence

AER

in teaching and learning. As it will start off quite small, it is an incredible opportunity for any parents who want their child educated in small classes where their children will benefit from working closely with the class teacher."

In welcoming the appointment the Chief Executive Officer of Kerry ETB stated "I wish to congratulate Catherine on her appointment. The opening of our first Community National School is a very welcome and significant development for the ETB. Our aim is support Catherine in developing a multid denominational school of excellence, making Two Mile CNS the national school of first

choice for the parents of Two Mile and the surrounding area. Kerry ETB have been working on the refurbishment of the school which will be ready for our new pupils in September".

Two Mile CNS is currently enrolling children from Junior Infants to 6th Class. There will be an opportunity to meet the new principal and tour the school on Tuesday, 15th August at 7 p.m. The principal can be contacted directly on by telephoning 086 4183558 or emailing cns@kerryetb.ie. Application forms can be obtained by emailing cns@kerryetb.ie or visiting Kerry ETBs website www.kerryetb.ie

## LETTERS TO THE EDITOR

A Chara,  
On behalf of Trócaire I would like to thank parishioners in Co. Kerry for their support of the national Church collection held on 22/23 July which was called by the Bishops of Ireland. The money donated to this collection will fund Trócaire's life-saving work in drought-ravaged east Africa.

East Africa stands on the brink of catastrophe with almost 25 million people at risk of starvation. The support Trócaire has received from people across the county will enable us to provide emergency food, water and medical care to people across

Somalia, South Sudan, Ethiopia and Kenya. Our health centres and feeding programmes are saving lives but the needs in the region are enormous. The generosity of people in Ireland will allow us to reach even more people with life-saving aid.

We are very grateful to the Bishops of Ireland for calling for collections to be taken up at all Masses across Co. Kerry to support Trócaire's emergency response and I have no doubt that parishioners have responded with their usual generosity. I would encourage readers to visit our website – trocaire.org – or follow us on social

media for information about how their support is helping us save lives in east Africa.

The people of Ireland have shown time and again that they have an amazing affinity for, and solidarity with, people in the developing world who are facing crisis. Governments of the world could do worse than follow this example as the response of the international community to this disaster has just not been good enough. Globally, this crisis has received very little attention. Appeals for aid are under-funded. For example, the UN has received just 37% of the funding it needs

to respond to the crisis in Somalia. The world is distracted by the actions of a handful of powerful politicians, while in east Africa millions suffer in silence. It is an absolute scandal that in 2017 so many are going hungry.

Thank you once again to all your readers who have donated to our life-saving appeal. Donations can also be made directly to Trócaire at www.trocaire.org or by phoning 1850 408 408 (ROI) or 0800 912 1200 (NI).

# KILLARNEY CREDIT UNION ON HAND TO HELP FAMILIES MANAGE THE COSTS OF 3RD LEVEL EDUCATION

With the Leaving Cert results and CAO offers coming out this month, many families will see their child or children off to college for the first time. For these families, this can be an extremely stressful time, as the cost of third level education continues to spiral, having a huge impact on family budgets and household spending.

Killarney Credit Union would like to remind their members that the credit union is here to help and have this week launched their education loan which can help families in the South Kerry area cover these costs.

This week Killarney Credit Union also announced the opening of its 2017 Bursary Award which will give a €4,000 bursary to four third level students to attend college this academic year.

The bursary is open to all members of Killarney Credit Union who are attending college for the first time and is also open to students studying abroad and mature students.

Speaking about the awards, Joy Clifford-Vaughan, Youth Officer

with Killarney Credit Union said "last year we had 58 applicants for the awards and the lucky winners were Claire Cronin, Brendan Wall, Irene Horan and Shane Howe who each received an award for €1,000.00 each. With the increased costs of attending third level, this bursary is a welcome financial aid for meeting those costs" she concluded. Application forms are available in all branches and on the website [www.killarneycu.ie](http://www.killarneycu.ie). The closing date is Friday 22nd September at 5pm. Proof of acceptance on course must be provided in advance of payment of bursary. Mark Murphy, CEO, Killarney Credit Union said: "The significant cost of third level education puts phenomenal pressure on both parents and students starting or returning to 3rd level education this year. The student registration fee combined with monthly rent and bills, books and materials, food and day to day expenses are a significant financial burden to many families.

Mark added "Killarney Credit Union is available to support

both parents and students as they prepare for the academic year. We offer a very competitive student and education loan rate of 6.2 % \*APR. We encourage anyone who is looking to finance their education or who simply want some advice on planning ahead or budgeting to call into their local credit union and speak to a member of staff. We are here to support families

through our Bursary Award also, so make sure to apply before the end date" he concluded. For a €5,000 education loan with a variable rate of 6% and APR of 6.2%, 24 monthly repayments of €221.65, the total repayment will be €5310.40. Lending terms and conditions apply. Loans are subject to approval.

## MINISTER VISITS GLENFLESK

Following an invitation from Deputies Danny and Michael Healy-Rae, Kevin Boxer Moran, the Minister of State with special responsibility for the Office of Public Works and Flood Relief visited the county and spent some time in Glenflesk where he looked at the problems the community have with flooding.

"I am glad that following Minister

for Flood Relief, Kevin Moran's visit to Glenflesk last Thursday he saw for himself what needs to be done to put an end to the serious flooding experienced by the people of Glenflesk- that is to clear the obstructions in the Flesk from Gortacoosh up to and including Foiladonn", Danny Healy Rae, TD told the Killarney Outlook.

"The Minister told Management

of Kerry County Council at a subsequent meeting in the Council Chambers that he will make funding available if they apply for it. I have been asking KCC to do this for more than a year and a half now. The Minister and his Department can only provide funding if they are asked to do so by KCC. I hope that they will do this shortly", Deputy Healy Rae added.

# MONEY MATTERS.....

**By Dermot Cronin, Financial Advisor**

### HOW TO COMPARE INVESTMENTS

**When you compare investments, look at:**

The minimum investment amount - can you top up your investment?

The minimum recommended investment term for your money.

Access to your money – are there any penalties if you withdraw your money early.

What fees and charges apply, as they reduce the value of your investment.

**Consider two key factors:**

The likely return - risk and return go hand in hand, so as a general rule the lower the risk the lower the rate of return you should expect. With longer-term and higher-risk products, you can expect higher returns, but this is not guaranteed and you could lose money. You need to consider carefully the effect of this on your financial situation.

Risks involved – some investments do give you a capital guarantee and some do not give you a capital guarantee. How much of your original capital would be at risk? Is there a risk of poor returns? Is there inflation risk? You also need to consider how long your money will be tied up for.

**Financial advisors advise on these products on behalf of product providers. It is important that you find out from the advisor if they are tied to any one provider or if they deal with a number of different providers and who are these providers. ## MULTI LINGUAL WALKERS ENJOY THE FOLKLORE AND HERITAGE ALONG THE KERRY WAY

Anyone walking along the stretch of the Kerry Way between Lord Brandon's Cottage and the Bride Valley on Saturday last could be forgiven for wondering which country exactly they were in given the multi-lingual tones that were to be heard along the route.

This was all to do with a walk organised by the Kerry Folklore Group (Béaloideas Chiarraí) aimed at promoting the multi-lingual Kerry Way Folklore & Heritage App but also coincided with a major announcement in relation to the next phase of this project. The app, which currently covers the stretch of the Kerry Way between Lord Brandon's Cottage and Glencar, provides users with the opportunity to learn about the heritage and important archaeological sites along the route. People also get to hear what life was like down through the years in the region through hearing recordings of local people. Once downloaded, the different elements are triggered by GPS as one walks along the route. Amongst those on the walk to experience

the app was German Ambassador Herr Matthias Hopfner and his wife Tina, Kerry's newest Minister Brendan Griffin, football legend Micky Ned O'Sullivan, MEP Seán Kelly and representatives of tourism businesses and organisations from around the region. Welcoming everyone to the event, chair of Kerry Folklore Johnny O'Connor thanked all of the organisations who supported the development of the App and said that it was the hope of committee that it would encourage many more people to enjoy the Kerry Way walk while helping to preserve the heritage of the region. SKDP chairperson Gloria O'Driscoll said that the partnership was delighted to support the project through the RDP (LEADER) Programme as well as through the INTERREG Rural Alliances project while Frank Heffernan of the Department of Social Protection said they were delighted to have supported the project development through having their CE scheme workers involved. The Kerry Folklore (Béaloideas Chiarraí) initiative is

also supported by the Kerry County Council's Heritage Department and by the Trustees of Muckross house. Before the walkers set off on the route, SKDP CEO Noel Spillane broke the excellent news that the Kerry Folklore project application for circa €20,000 in funding under the 2014-2020 Rural Development (LEADER) Programme to enable the app cover the remaining sections of the Kerry Way had been successful. Kerry Group's Frank Hayes then announced that they would again be delighted to provide the match funding to enable the completion of the project. This news added a spring to the step of all the walkers in attendance.

## FOOD FESTIVAL LAUNCH "SALTED GRASS" BEEF AND LAMB

A local initiative launched in Dingle this week aims to establish a lucrative market for locally raised "salted grass" beef and lamb. The project draws together a number of special attributes that are found in West Kerry and no where else. These include Dingle's status as the Foodie town capital of Ireland, the extraordinarily high calibre of chefs who work in Dingle, the native expertise of local farmers and not least the unique flavour imparted to meat by grass that is well salted by the Atlantic. The project grew out of the farmer's Forum meetings held during the annual Dingle Food festival. Chef's Martin and Mark along with progressive farmer Colum Murphy, John Benny Moriarty, Louis Murchan and Joan Maguire put together a strategy for developing and marketing the unique salted grass fed quality of West Kerry Beef and Lamb. The objective of this project is to try and reconnect the farmer with the customer again and hopefully he too can feel the benefit of tourism. It's also to encourage the bar, butcher and restaurant owner to source their beef and/or lamb locally. The success of "Blasket Island Lamb"

indicates that the meat produced here is of a high quality and that people will travel to purchase it." As a pilot project the rearing of 6 heifers was put in the capable hands of Pobalscoil transition year students, Darragh Murphy, Louis Murchan, Sean Brosnan, Dara May, Gavin Mc Carthy and Maurice Kelliher, guided by farmer Colum Murphy and their teacher Lís Feirtéar. With the help of an interest free loan and business support from Comhar Chreidhmheasa Chorca Dhuibhne the lads bought the animals and raised them on Colum's farm. In doing so they showed not only the potential of West Kerry beef but the potential of West Kerry young fellas as progressive farmers. The first of those heifers was slaughtered, the meat aged for 28 days and is now presented to potential buyers.

This event coincides with the launch of the 2017 Dingle Food Festival at which meat from the remaining heifers will be for sale, both as meat and as cooked products. The chefs will work with the young farmers on developing a suitable range of dishes, that will allow them bring their animals

## PARENTS FACE HIGH BACK TO SCHOOL COSTS

As children enjoy their freedom from school, parents are already preparing to shoulder the burden of the back to school spend which has now averaged €1,209 per child. That's according to the Irish League of Credit Unions latest research of its annual Back to School Costs Survey. The nationwide survey again shows clearly that school related costs continue to be a financial burden for the majority (72%) of parents with 29% saying they will get into debt because of it. One in four say they will be forced to deny their children certain Back to School basics this year because they cannot afford them, while a significant 29% say they will get into debt over the back to school spend.

Commenting on this year's findings, Helen Courtney Power Chairperson, Chapter 23 – Kerry and West Limerick Credit Unions Marketing Group said "It is somewhat encouraging to see that more parents than ever are funding the back to school spend through their monthly income, with a fall in the numbers getting into debt. However it's clear that the back to school spend is still so much of a financial burden on parents that they are forced to deny their children some basic items, as well as sacrifice spending on

family holidays and even food. While the rise in numbers using moneylenders was marginal, we would find any increase like this concerning and would really encourage parents to instead talk to their local credit union, where interest rates are fair and capped by law. She added "Credit Unions have always been on hand to provide financial assistance to parents as they try to manage these annual costs and ease the financial burden. We encourage parents who know they will need to borrow, to talk to your credit union before considering a credit card or a moneylender, our interest rates are lower and more affordable. We also ensure that the loan terms are structured in a way to suit every individual situation best".

### Key Survey Findings

- One in four parents will have to deny their children some basic school items this year as they continue to struggle to fund the back to school spend
- The average return to school spend continues to increase and has now reached €1,209 per child – up from €1,185 last year (2% rise)
- More than a quarter say the costs will negatively impact household bills
- Almost three quarters of parents continue

HELEN COURTNEY POWER CHAIRPERSON, CHAPTER 23 – KERRY AND WEST LIMERICK CREDIT UNIONS MARKETING GROUP

to see the back to school spend as a financial burden, despite a 2% drop in the numbers getting into debt

- A substantial two thirds say they will buy foreign goods over Irish produced goods if it means cutting costs
- Tesco has overtaken Dunnes Stores as the preferred shop for back to school supplies and uniforms

available. I already have 4 state of the arts drones purchased and have my ground school training done", Kevin added.

There are many advantages of Aerial Video/Photography Low level flying requires the highest level of skill to deliver, however the results are superb. ### KILLARNEY FRIARY 150 YEARS

August marks the 150th anniversary of the Friary's first Mass which took place on the 2nd August 1867 at 11am. The Franciscan's roots in Killarney stretch back centuries; they first came to Muckross in around 1440, they then moved between Mangerton Mountain, College Street, and New Street over the centuries, and they have been on Fairhill since the 1860s. The Friary building was designed by Edward eldest son of Augustus Welby Pugin who designed the Cathedral. The Friary will soon become an international novitiate, meaning there will be a new community here from August. They will have Dutch, English, German and Irish Friars coming to Killarney, and they will also welcome national and international Novices as a result of their new status. The friary continues to play a positive role in the town, SouthWest counselling was started back in 1994, and in 1999 the friars handed their old building over to the KDYS which does an enormous amount of good work for young people locally.

Jimmy Crowley has been a central figure in the Irish folk scene since his debut album *The Boys of Fairhill* in 1977. With his band *Stokers Lodge* their mission was to present the street ballads of Cork city complimented by the ornate folk songs of the rural hinterland of Cork and Kerry in an exciting orchestration of uilleann pipes, concertina, autoharp, harmonium, mandolin, bouzouki and guitar in their native accent. Singer-songwriter Mick Hanly began his career as a folk singer in Dublin in 1971. In the following years he moved through different phases and forms of music, from Trad, Country, Rock, and Contemporary, and toured the UK, Europe, and the US in a variety of different guises: doubling with Andy Irvine as a folk act on the European circuit in the early eighties, as lead singer with *Moving Hearts*, and lead singer/writer with *Rusty Old Halo*. His songs were covered by Christy Moore, Mary Black and the country singer Hal Ketchum, who took Hanly's 'Past The Point Of Rescue' into the Top 10 of the US country chart in 1993. More events for heritage week to be announced.

### NEWS FROM CLLR MAURA HEALY RAE

1. At the recent Killarney MD meeting I asked Kerry County Council

following previous commitments and dates to carry out improvement works to the dangerous lags to the west of Barraduff. KCC said they have met with the TII and brought the condition of the N72 to their attention. The TII have indicated that a pavement scheme will be given favourable consideration in the future. I welcomed the works Kerry County Council have carried out recently but highlighted that more works are needed on this road.

News by Cllr Maura Healy Rae

2. At the recent Killarney MD meeting I asked KCC to write to the HSE highlighting the unsatisfactory medical service the people of Rathmore have been receiving recently. The HSE agreed that a doctor would be available in Rathmore 3 days a week, this is not happening. I also outlined how recently there was a situation in Rathmore where no doctor was available and an appointment couldn't be got in Millstreet. Furthermore I stated that it's the responsibility of the HSE to provide a locum doctor if the doctor is on leave and I said this wasn't don't in Rathmore. KCC agreed to send a letter to the HSE highlight my concerns on behalf of the people of Rathmore.

## GLENFLESK NOTES

**GLENFLESK MINORS** (SPONSERED BY O'BRIENS TOPOIL AND THE KERRYWAY)

Having all ready met in the Co. minor league this year and playing out a closely fought game, both teams were expecting a tough game and so it transpired. Glenflesk were the better team in the opening half thanks to an fine midfield display by Alan Murphy and the score taking of Dara Fleming and Ian Roche who finished the game with 12 points, but a goal from Johnathan Kissane kept Beaufort in touch and Glenflesk had just a 1 point half time lead for their efforts.

HT Score Glenflesk 0-09. Beaufort 1-05. The second half of this match was a different story and much like Beaufort's Senior side of late, their Minor counterparts showed a great ability to get goals and 4 second half goals from Johnathan Kissane, William Joy, Ciaran Kennedy and Keith Floyd proved the difference.

Final score Glenflesk 0-17 Beaufort 5-10.

## GLENFLESK JUNIORS

# Céad míle fáilte go dtí aonach an phoic Ireland's Oldest Traditional Fair

## The Highlights

### A fair to remember...

*King Puck is set to return to his throne this August*

Killorglin's Puck Fair is Ireland's original and oldest 'Gathering Festival'. This year's festival, which runs August 10th, 11th, and 12th, promises as always to be fun-filled and uniquely entertaining. The age-old celebration revolves around the crowning of a wild mountain goat as King in honour of a tradition and heritage that is purported to be ancient, but can only officially be traced back as far back as 1613 when King James I issued a charter granting legal status to the existing fair in Killorglin. The main coronation ceremony occurs on day one of the festival, otherwise known as 'Gathering Day'. One of the VIP guests at the festival will be this year's Queen of Puck Fair, Caitlin Horgan of Scoil Mhuire in Killorglin. Caitlin will be joined by her Lady-in-Waiting, Lily-Sue Evers, a pupil of Douglas National School on the outskirts of Killorglin. Following the ceremony, the Puck King and his Queen make their way through Killorglin, granting residents and visitors alike the 'Freedom of the Town' for the duration of the festival and this marks the beginning of three-days of entertainment, music, pageantry and tradition. As for the highlights of the festival's opening day, the 2017 parade promises to be a kaleidoscope of colourful floats and entertainers. Long-running Chairman of Puck Fair Declan Mangan, having worked as Chairman of the voluntary committee for 30 years, was quick to point out why he is hugely proud of his important role, saying: "There's a reason I keep returning to this post year in, year out – it's a hugely important part of Killorglin's past and present and it is a great deal of fun. I get such a thrill out of seeing visitors flock to the town each August to witness the crowning of King Puck and to see what our beautiful town has to offer. It brings locals and tourists together and highlights Killorglin as an important focal point within the Irish

tourism industry." Commenting on what visitors can expect, Mr. Mangan added; "Highlights of this year's Puck Fair festival include musical entertainment on the town square stage to be provided by Brass & Co (Thursday 10th August), The Elvis Spectacular Show (Friday 11th August) and The Ultimate Garth Brooks Experience (Saturday 12th August). There will also be a wide range of children's entertainment taking place in the town across the three days of the festival as well as market stalls, street performances and a host of activities for all the family. Information and updates on this can be found at [www.puckfair.ie](http://www.puckfair.ie) in the lead up to the festival and we look forward to having you all there." Now over 400 years old, Puck Fair is one of Ireland's most ancient traditional celebrations. The festival revolves around the coronation of a wild mountain goat, fondly and famously known as 'King Puck', who is crowned by The Queen of Puck; traditionally a young girl from a local primary school. There are many legends surrounding the origins of the Fair, with one particularly popular tale suggesting that it began during the Cromwellian conquest of Ireland in the 17th century, when a wild goat broke away from its herd to warn the people of Killorglin of an impending attack. While the foundations of the historical Fair have remained for centuries, the festival itself has changed and evolved over the years to create the version of Puck Fair as we know it today. From yearly rituals such as the Horse Fair and the all-important public crowning of King Puck to street performances, musical acts and endless children's entertainment, people of all ages visiting the charming Kerry town at this special time of year can expect a truly memorable experience.

## FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

### EFFECTS OF EXERCISE ON YOUR IMMUNE SYSTEM

The good news is that regularly exercise can help boost your immune system. In fact, recent studies have suggested that if you complete moderate exercise just a few times every week, you can drastically reduce the number of colds that you get every year. Research and studies are still being carried out on this subject but here are some facts that have been revealed so far on how exercise boosts the Immune system;

- Your heart gets stronger and is able to pump more blood throughout your body when you exercise.
- Your lungs get better equipped at handling oxygen and dishing it out to the rest of your body.
- Your muscles also get stronger as you use them more often.
- Your immune system also gets stronger as a result of the other areas of the body afore mentioned getting stronger. Doctors have found that exercise can boost your immune system by providing a boost to the cells in your body that are assigned to attack bacteria. These cells appear to work more slowly in people who don't exercise than in those that do. As a result, if you exercise, your immune system is better equipped to handle bacteria that could cause you to become sick. Though this boost only lasts for a few hours after you exercise, it's often enough to help keep you healthier than you would be if you didn't exercise.

## OUTLOOK FASHION

### SLIP DRESS

Embrace the slip dress this summer as your go-to for going out. It's sexy but not clingy – perfect for hot nights.

### HEALTH TIP INTAKE OF WATER

Include in your diet things that contain more water like tomatoes and watermelons. These things contain 90 to 95% water so that there is nothing that you have to lose by feasting on them. They fill you up without adding to the pounds.

### Beauty tip

### WASHING OFF MAKE UP

Always wash your makeup off before bed. That morning-after look has never been a good one, for anyone.

## TELL A NEW STORY ABOUT YOUR LIFE!

Life is made up of lots of different stories. We hear stories of the day's events on the news and on the radio. We tell each other stories of how our days have gone, what happened, who said what, who did what etc. We watch stories on the Television or go to the cinema to be entertained by a story. Right from the beginning of time life's most valuable lessons were passed down through story telling, fables and parables. Essentially we learn through the stories we hear and also the stories we tell. Life itself is a never-ending story. One of the things that has always fascinated me is that no matter what may be happening externally in our lives, the real story is the one that is happening within our heads. It is what we are TELLING ourselves about our life that has the power to change and shape the experience of our life. If you walk through life with a story that creates negative drama, hardship, struggle, bitterness, anger and resentment then this is what you will experience. It can't be any other way. And even if your life is full of challenges and difficulties if the story in your mind is one of hope, love, freedom and the will to overcome and go beyond your limitations, this is what you will create. When you realize that no matter what may be happening "out there" it is what you are creating within you that is the most powerful story of all.

## GARDENING OUTLOOK

with John O'Sullivan

### FOCUS ON BULBS

Even though it is still early August, you can start thinking about planting bulbs.

Most bulbs are suitable for growing in containers especially the likes of tulips, daffodils, lilies and alliums. When planting up a container or window box with bulbs plant them at about three times their depth and about one bulb width apart and don't forget to water them especially when the foliage is on and they are growing. When planting bulbs in the garden dig over the area well where you are planting and add some compost. Always plant your bulbs in groups of about six depending on the type of bulbs. If you would like to add some colour to some areas of the garden for Spring and into summer, it would be advisable to grow your bulbs now in small pots and grow them on until early spring. You can then plant them in their pots in the areas you want and after flowering you can dig them up and keep them until next spring. A good dwarf daffodil for this is Tete-a-tete.

### INCOME TAX EXEMPTION FOR LONG-TERM LAND LEASING

Income derived from leasing land on a long-term lease may be exempt from tax up to certain thresholds. Leases between close relatives do not qualify and to qualify a lease of farm land must be in writing or evidenced in writing and for a definite term of 5 years or more.

For periods up to 31 December 2014 an individual aged 40 years or over, or an individual who is permanently incapacitated by mental or physical infirmity from carrying on a trade of farming, may be entitled to an exemption from income tax of certain income arising from leasing of farm land.

The amount of the relief, (subject to the maximum limit) is allowed as follows:

- €20,000 where the lease / leases are for a term of at least 10 years
- €15,000 where the lease/ leases are for a term of at least 7 years
- €12,000 of annual leasing income where the lease/leases are for a term of at least 5 years

## TOUR DE MUNSTER HITS TOWN NEXT WEEKEND

Tour de Munster 2017 ready to hit the road for Down Syndrome Ireland and individual beneficiaries, and encourage locals to give them that extra push. With the countdown on for the 17th annual Tour de Munster charity cycle in aid of Down Syndrome Ireland and individual beneficiaries, over 100 cyclists are geared up for the four day cycle across Munster. This year's tour will be kicking off from City Hall in Cork City on Thursday, 10th August, and will return to Cork to see cyclist finish up the iconic and demanding St. Patrick's Hill on Sunday, 13th August. It will take a break at Deenagh Lodge in Killarney on its way to Kenmare on Stage 3.

Travelling over 600 km in just four days, the amateur cyclists will make their way through beautiful cities, towns and villages of all six counties of Munster. Joining them will be cycling legend Sean Kelly, who is a huge supporter of the event with this being his 12th year participating in the Tour de Munster. All funds raised from the charity cycle will go directly

to the Munster branches of Down Syndrome Ireland (DSI), now in its 8th year as beneficiary of the cycle and to the individual beneficiaries involved. This is a new addition to this year's Tour de Munster and allows cyclists to select their own beneficiary to raise funds and awareness for it.

Since its inception in 2001, Tour de Munster has raised over €2.4 million for its beneficiaries with almost €1.9 million for DSI alone. Paul Sheridan, who established Tour de Munster, could not be prouder of the Tour and its many participants over the last 16 years. Speaking ahead of the event Paul said, "Everyone involved in this year's tour has put in so much hard work and dedication, and we're really looking forward to another successful year. Without those partaking and supporting, the tour would not be possible and their involvement is looked upon with great admiration. The tour is not for the faint-hearted and is quite the endurance test for amateur cyclists. As we make our way through each county the support we receive from locals

KILLARNEY IS ALL SET TO WELCOME THE TOUR DE MUNSTER.

is what motivates everyone to keep on going, creating such a fantastic atmosphere. With all donations going to such worthy causes, we're encouraging the people of Munster to dig deep, come out and support, and help raise much needed funds from August 10th to 13th." Paul continued, "With the phenomenal success in fundraising in recent years, we really want to keep up

the momentum. Support for the tour grows year upon year and it's wonderful to see the great work being carried out by DSI's Munster branches, and the many families whose lives are improved as a result of these branches."

KERRY O'SHEA REPORTS FROM KERRYS ALL IRELAND QUARTER FINAL CLASH WITH GALWAY IN CROKE PARK

**KERRY 1-18  
GALWAY 0-13**

Kerry's remarkable run of results in the All-Ireland SFC Quarter-finals continued when they recorded an easy victory over Galway at Croke Park last Sunday.

Kerry were always expected to win this game but Connacht runners-up Galway, who stunned Donegal the previous week, had high hopes of recording their first win over Kerry in 52 years. However, it was not to be as Eamonn Fitzmaurice's side won comfortably in the finish. Since the quarter-finals began in 2001, Kerry have won on 14 occasions, drawing once and losing just twice, to Down in 2010 and Donegal in 2012.

The game never rose to any great heights and at times, it looked as if we were witnessing a challenge game rather than an All-Ireland quarter-final. Kerry manager Eamonn Fitzmaurice was not happy with some aspects of Kerry's play, which he described as 'sloppy'. "Any day you win an All-Ireland quarter-final by eight points and you're still in the championship and going into a semi-final, you have to be happy. There were aspects of our performances, patches where we didn't play well and periods as well when we were sloppy. Overall look it's a case of job done." In an erratic display, Kerry kicked eleven wides, the same as Galway. It was noteworthy too that Kerry conceded four goal scoring opportunities to their opponents who failed to convert any and this is something that Manager Eamon Fitzmaurice will have to address ahead of the semi-final clash with either Mayo or Roscommon who replay on Monday in Croke Park.

Damien Comer, Galway's target man at full-forward, was denied on two occasions, once just before half-time when Fionn Fitzgerald's leg prevented a certain goal while Kerry keeper Brian Kelly denied the Galway number 14 with a fine stop in the second half, one of a number of excellent saves the Legion man made on the day.

The Kerry bench again contributed handsomely to the winning margin, with Barry John Keane, Stephen O'Brien and the returning Jack Savage scoring five points between them.

Kerry's goalkeeper Brian Kelly had a superb game and made a number of fine saves and

timely interventions.

The Killarney Legion man marshalled his defences well and proved why he is number one in the county at the moment with a very solid display between the sticks. Paul Murphy was eager throughout, ready for work and covered acres of Croke Park and added to his performance by scoring two fine points one in each half. Kieran Donaghy was outstanding at full-forward despite the close attentions of Galway full-back Declan Kyne and sub David Walsh who could not cope with his huge physique and aerial threat. Donaghy is super-fit at the moment and he proved it with a fantastic work rate throughout the game. Donaghy's goal in the 14th minute was a thing of beauty when he rose spectacularly to meet a long David Moran ball before firing to the net past a helpless Bernard Power.

James O'Donoghue did not have one of his better days at headquarters. The Legion man was well shackled, scored just one point from a free during the game and was replaced by Jack Savage in the 46th minute. Eamonn Fitzmaurice conceded afterwards that O'Donoghue carried a knock into the game but was fit enough to start. Kerry led 1-10 to 0-8 at the break with scores from Kieran Donaghy (1-1), Paul Geaney (3), Paul Murphy and Johnny Buckley (0-2 each) and one each from James O'Donoghue and Donnchadh Walsh.

Galway's total came from Ian Burke (0-4), Sean Armstrong (0-2) and one each from Shane

Walsh and Michael Daly.

**SECOND HALF**

Galway resumed in determined fashion and Kerry keeper Brian Kelly had to be alert to deny Damien Comer a second time in the 36th minute. Sean Armstrong landed a point for Galway as the westerners tried to eat into Kerry's lead.

However, Kerry were comfortable without ever being stretched too much and when Paul Murphy landed his second score in the 46th minute, the Kingdom led by 1-11 to 0-10. David Moran and Sean Armstrong exchanged points before Kerry stretched away with a string of scores from subs Jack Savage, Stephen O'Brien and Paul Geaney.

Ian Burke from a free landed a rare score for Galway but Kerry

finished strongly with scores from Stephen O'Brien, his second and a brace from Barry John Keane.

Kerry must now await either Mayo or Roscommon who replay their All-Ireland quarter-final in Croke Park next Sunday in the semi-final. The All-Ireland semi-final takes place on Sunday August 19th.

## KENMARE DISTRICT ARE THE COUNTY UNDER 21 FOOTBALL CHAMPIONS

All the excitement in a well contested Acorn Life County Under 21 football final was crammed into the final quarter as Kenmare District survived a ferocious fightback from Mid Kerry to win their second title in four years at ASP on Wednesday evening of last week.

The winners had by far the better of the exchanges during the first half despite playing against the elements and they led by a substantial seven points at the break, 1-9 to 0-5, however Mid Kerry laid siege to their opponent's goal during the second half and the margin was down to two points when in the very last action of the game, a screaming shot from Tommy Cahill went just over the Kenmare District crossbar and Kenmare District survive on a 1-13 to 0-15 score..

Killian Spillane was named the Acorn Life Man of the Match and Pius Horgan of Acorn Life also presented the Man of the Match awards from the Semi finals – John Mark Foley of Kenmare District was the recipient in the Kenmare District vs Dr Crokes game and Liam Carey of Mid Kerry was the choice in the Mid Kerry V East Kerry semi final.

## KERRY JUNIORS FACE MEATH IN THE ALL IRELAND FINAL

### JOHN O'LEARY, KERRY GAA PRO LOOKS AHEAD TO TOMORROW'S GAME

Kerry Junior footballers will be hoping to win three All Ireland titles on the trot for their county when they take on Meath in the final at O'Moore Park Portlaoise on Saturday next. Kerry have dominated this competition over the past four years and have now joined Cork at the top of the roll of honour with seventeen titles. In contrast Meath have won the competition five times the last of which was back in 2003. The Leinster champions have defeated the likes of Kildare, Wexford and Louth in Leinster and then British champions Kilkenny in the semi final and certainly have had a far

tougher route to the final than their opponents on Saturday.

Kerry of course were never tested by Limerick in their opening game but they did get a pretty good test of the character and football ability from Cork in Páirc Uí Rinn before they eventually gained another Munster title following an extra time victory. In the semi final in the Gaelic Grounds a couple of weeks back, Kerry had it all their own way for long periods of the game with Leitrim and they never looked like they were going to lose despite a sub-standard performance.

Kerry have plenty players with experience of the big occasion given that seven players have previously won Junior All Ireland

medals; James Walsh and Conor Cox won All Irelands in 2012 and 2015 while Jack McGuire, Brendan O'Sullivan, Philip O'Connor, Jeff O'Donoghue and Killian Spillane were also on the 2015 winning side. In addition, five players from the starting fifteen, Michael Foley, Daniel O'Brien, Roibeard Ó Sé, Killian Spillane and Tomás Ó Sé have won All Ireland Minor medals during the last three years. The fact that many of them have played together previously on winning championship teams has to be a big advantage.

Meath footballers are tough and generally do not stand on ceremony and any side that has come through a stern test of their ability thus far will not give in too

easily. The Kerry management team of trainer Jimmy Keane (Brosna) and selectors Pól Ó Cúinn (An Ghaeltacht), John O'Connell (Tarbert) and Niall O'Mahony (Spa) will certainly want more from their charges than the form displayed against Leitrim and a good strong team like Meath is sure to bring the best out of them. Throw-in for the game is 3pm, referee is John Hickey of Carlow and extra time will be played in the event of a draw. The game is the second in a double bill that sees Kerry and Louth minors in action in the All Ireland Minor Quarter Final.

The Kerry team will be announced on Thursday evening around 8pm and posted on the Kerry GAA website

## KERRY MINORS TAKE ON LOUTH IN THE ALL IRELAND QUARTER FINAL

### JOHN O'LEARY, KERRY GAA PRO LOOKS AHEAD TO TOMORROW'S GAME

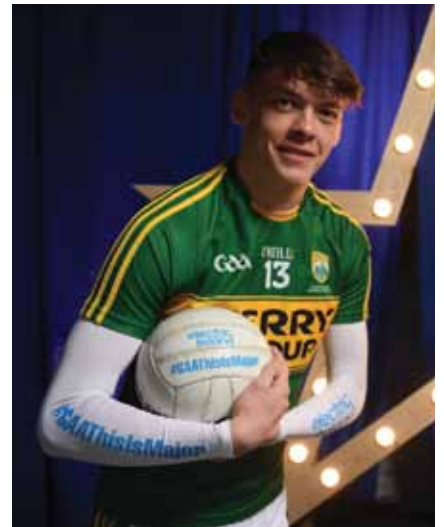

Kerry Minor footballers travel to Portlaoise on Saturday to play Louth in the Electric Ireland Minor Football Championship quarter final tie. So far this year Kerry have accounted for all opposition that has come their way pretty convincingly and the 2-17 to 1-10 defeat of Cork in Páirc Uí Rinn was the most impressive display by them. Chris O'Donoghue and Eddie Horan have held the defence together well from the central positions,

and Diarmuid O'Connor has put the experience gained last season to good use around the middle of the field. Up front, Donal O'Sullivan has been the perfect foil for David Clifford in a forward line that no defence has managed to hold thus far. Louth accounted for Laois, Offaly and Wexford before going down to Dublin by thirteen points in the Leinster final a game in which they conceded two early goals. We will have to wait for Saturday to see what type of opposition they will pose for Kerry but no doubt, Kerry manager Peter

Keane will have his charges well forewarned of the challenge facing them.

The game has a throw-in time of 1:15 and will be refereed by Martin McNally of Monaghan. The winners of this game will play the winners of the quarter final tie featuring Galway and Cavan. The two remaining quarter finals are between Leinster Champions Dublin and Clare, who were heavily defeated by Kerry in the Munster final while Ulster champions Derry play Sligo.

## KILCUMMIN GAA

### U14 FOOTBALL

Well done to the Kilcummin U14 team who turned in a fantastic performance in Fitzgerald Stadium on Saturday evening last to record a 5-18 to 5-13 win over Dr. Crokes in the East Kerry Division 2 league final. On a dry evening with perfect conditions, the standard of football was high with many of our young team making their stadium debut.

Kilcummin opened brightly and kicked five excellent points on the trot. However, after

recording a few wides, Crokes replied with 1-1. The sides swapped goals but Kilcummin finished the half in style to head to the dressing room with a well-deserved lead of 3-13 to 2-7. That lead was reduced dramatically on the restart with Crokes scoring two quick goals, but again our boys responded and found the net at the other end. Kilcummin then held the edge from there to the end, and playing some great free-flowing football they went on a record a deserved five point win.

Every player on the entire panel played their part in this EK league campaign and the win was a just reward for their superb dedication to training throughout the year.

## DR. CROKES GAA

### COUNTY LEAGUE DIVISION 1- ROUND 9

#### DR CROKES 2-13 DINGLE 0-10

As a result of our win over Dingle in Lewis Road last Thursday we now have nine wins from nine games played in the competition. We lined out with the strongest team we have fielded in the league this year. Dingle on the otherhand were understrength and faded after a bright start.

The visitors were well on top in the first quarter. They scored two points without reply in the early minutes and could have been further ahead but for missing several good chances. When Kieran O'Leary had our first score, a goal at the end of the first quarter it put us a point in front 1-0 to 0-2 against the run of play. Our opponents went ahead a few minutes later, scoring two unanswered points. The last seven minutes of the half belonged to us as we scored 1-4 without reply for a half time lead of 2-4 to 0-4. The first of these scores a point in the 23rd minute was our first point of the game.

Dingle had a good start to the second half with

two points to leave just four points between the teams. We got well on top in the next ten minutes and put six points on the scoreboard. This put us ten points clear at the end of the third quarter, 2-10 to 0-6. Our opponents had the next two points but we again dominated the last ten minutes outscoring the visitors three points to two and a final result of 2-13 to 0-10

Even though this wasn't a vintage crokes display, we can take some positives out of it, the return of Eoin Brosnan who had a good solid display and the accurate shooting of Chris Brady and Colm Cooper who between them scored seven points from play. Eight of our players got their names on the scoresheet.

Team and Scorers: Shane Murphy, John Payne, Mike Moloney, Gavin White 1-0, David O'Leary, Alan O'Sullivan, Shane Doolan 0-1, Ambrose O'Donovan, Eoin Brosnan, Daithi Casey (Capt) 0-2 (frees), Gavin O'Shea, Mike Milner, Colm Cooper 0-3, Chris Brady 0-4, Kieran O'Leary 1-1 Subs: Brian Fitzgerald, Jason Lyne 0-1, David Shaw 0-1, David Naughton, Mike Casey, Mark Egan

Listry 2-15 Cordal 1-9

Listry progressed to the Quarter Final of the Killarney Carpets and Furniture Centre O'Sullivan Cup East Kerry Junior Championship, with a convincing display at home against Cordal. It was nip and tuck in the opening quarter with the sides scoring some lovely point, despite wet conditions. Both sides

could thank their goal keeper for great saves from point blank raspers before Peadar Keane found the net for Listry in the 9th minute. The home side led 1-2 to 0-3. There were a scatter of points, and Listry increased their lead to 4 points 1-6 to 0-5 with 10 minutes remaining in the half. Cordal's Kieran O' Donoghue made a surging run forward setting up Brian Reidy who rattled the Listry net for a well worked goal – 1-6 to 1-5 on the 25th minute. Two Listry points without reply left the score at the break: Listry 1-8 Cordal 1-5.

In the second half the sides exchanged scores in the opening quarter, and went into the last ten minutes with the home side leading 1-11 to 1-07. However, Listry showed skill and determination and sealed their victory with a Gary O' Sullivan goal, and with Derry Ahern dominating the middle area of the field. A number of points for both sides saw the final score: Listry 2-15 Cordal 1-9.

## TATLER JACK EAST REGION MINOR LEAGUE ROUND 3

Fires Ciaran Flynn scored a goal from a penalty and the game was in the melting pot. However, a last minute goal from Lee Downing left a final score in favour of Dr Crokes 2 - 8 to Firies 1 – 9. Beaufort's Johnathan Kissane, William Joy, Ciaran Kennedy and Keith Floyd on target. Final score Glenflesk 0-17 Beaufort 5-10.

Gneeveguilla hosted Scartaglen/Cordal in the second division 2 game played last week, in the Tatler Jack East Region Minor league. Gneeveguilla led 0-08 to 0-06 at half time. The second half was also a close affair, with the

## LEGION GAA NEWS

### E.K.DIV.1 U14 FINAL

Killarney Legion 1-19 Glenflesk 0-12

Four in a row for the u14's as they got the better of a competitive Glenflesk team. They needed to be as good as they were as St. Agathas upped the ante in the second half to narrow the gap to just a single point. However the Legion youngsters have shown a great team ethic all year and with William Shine, Séan O Leary and Donnchadh Warren to the fore they regained the advantage having weathered the storm. Critical to the win - and not for the first time this year - was the performance of goalie Aaron O Sullivan who pulled off three great saves at vital times. Kieran Pierce, Ethan O Neill and Patryk Komosa all caught the eye and rather tellingly three points from Matthew Horgan and Sam Benson when introduced proved to

be decisive. Well done to all involved.

## U16 BOYS

Killarney Legion 3-13 Austin Stacks 4-9

Another fine showing for the u16 boys as they defeated the Stacks to continue their good run in the Div.1 league. A slow start to the game gave little indication of the ding dong battle that ensued. Trailing going into the final stretch it took a serious effort by the Legion lads to overhaul their illustrious visitors, but with Niall McGillicuddy, Eoin O Sullivan, Peter O Sullivan and Cian O Leary all in top form and Christian Casey very alert on the breaking ball they added two late points to win the day. A side that shows great promise and very well managed and coached.

## POPE FRANCIS ENDORSES CAMPAIGN TO PUT 'LAUDATO SI' INTO ACTION

Following the 2nd anniversary of the publication of his encyclical "Laudato Si – On Care of our Common Home", Pope Francis has endorsed a pledge campaign that aims to mobilise at least 1 million people to directly engage in turning the encyclical's message into action.

Organised and promoted by the Global Catholic Climate Movement, the pledge calls on those who sign to answer the call of Laudato Si by praying with and for creation, living more simply, and advocating to protect our common home.

The "Laudato Si Pledge campaign" has received support from Church leaders from around the globe and has also gathered the support of major environmental leaders.

## 4 REASONS TO ADOPT AN ANIMAL

With increasing overpopulation in shelters, and rescue organisations scrambling to save animals' lives, there has never been a better time to adopt. When faced with a choice between adopting and buying, please consider this: Adoption saves money and saves lives.

1. Spending long days in a noisy, cramped kennel is no way to live, but that is reality for many animals. Adopting animals can improve quality of life for both the animal and you by reducing stress and anxiety. Research shows that pets reduce anxious outbursts in Alzheimer's patients, help college students cope through transition periods, and reduce risk of heart attacks by almost one-third. Going for long walks and playing Frisbee improve cardiovascular health, and simply living with a pet can lower blood pressure.

2. Often shelter dogs and cats are already housetrained; crate trained and knows obedience commands and they are often already spayed or neutered and vaccinated. Shelter and rescue group employees know which animals get along with other animals and children.

Adoptions reduce euthanisations and make way for others who need homes. Unwanted purebred dogs are also likely candidates for euthanasia. If you are seeking a specific kind of dog or cat, there are rescue groups for every breed across the country.

3. Because they've had difficult lives and uncertain futures, rescued cats and dogs often form deeper bonds with their new family. These

loyal animals can also teach children about compassion, responsibility, and friendship.

4. Not only do pets and people provide emotional support for each other, but a shelter dog is ready to go anywhere with his or her person. From playing in the park to swimming at the beach, people get out more with their dogs, and those looking for love or friendship always have a furry conversation starter by their side. Shelter cats are good companions for people who work long hours. Their independent nature keeps maintenance minimal, and they're content to cuddle on the couch after a long day at work.

## QUOTE

"The world and all that it contains is God's gift to us his beloved sons and daughters. Everywhere we look there is beauty enveloping us. We have beautiful blue skies, green fields, bounteous seas and lands but do we really appreciate the magnitude of such a gift? When we look what do we see? When we stop and listen what do we hear? Take a moment or two this week to reflect on the simplicity and yet the complexity all around us. Stop and really see and hear the beauty that is in everything and everyone'....."

## IS THERE ANY HOPE COW URINE WILL REPLACE CHEMICAL FERTILISER IN IRELAND?

In India the cows' uses in dairying and agricultural purposes such as ploughing, transportation, manure and pest repellents are well-known. Dried cow dung (Gobar) is used prolifically in rural India as fuel for fire and a

power resource. Environment friendly Gobar Gas Plants across rural India are helping save the ozone layer and global warming.

Members of a farmers club in Tamil Nadu established in 2010 began collecting Cow urine from their animals that were housed at night for an agricultural trial, the result was so successful that farmers are now selling this bio fertilizer to non cow owning farmers.

The continuous trials proved that at a rate of 100 litres of cow urine to one acre of land that after analysis of the soil it was found that there was no any deficiency of micro nutrients. Colour of leaves was more greenish than with chemical urea application. Residual effect of cow urine is more pronounced in next cropping.. It creates good environment in soil for earthworm growth improving soil texture. 10-12 days after spraying on crops it worked as an insecticide. It helped as growth promoters of plants. Due to use of cow urine in groundnut crops, leaves didn't show yellowish discoloration which is seen every year. As compared to previous year farmers had got good returns in both the size of yield and income. Chili production increased up to 10%.. Maize which was cultivated in waste land showed 15% increased production.

A summary of the report states: After regular use of cow urine in the crops farmers have found that soil microorganism has increased along with the crop production. It has also improved the soil texture and structure. There was no occurrence of any insect pest and diseases .Cow urine works as growth promoters.

The trials also proved that if cow urine is used in field continuously for three years then there will be no need of chemical fertilizer.

The composition of Cows Urine used was = Water - 95% : Urea - 2.5% : Minerals, Hormones, Salts & Enzymes - 2.5%. The crops tested were: cotton, groundnut, maize, caster and chilies.

## THE 'PURRFECT' MAYOR HAS PASSED AWAY

Stubbs the cat, the rusty orange Mayor of Talkeetna in Alaska, died in his sleep on the night of July 20th at the age of just over 20 years.

The townspeople of Talkeeta, (population approximately 900, elected Stubbs in 1998). "Mayor Stubbs," as he was affectionately known, was born in 1997 and ran the town without the benefit of Councillors', his office was in Nagley's Store where he was recently cared for by the Spone family who bought the businesses in 2015 and signed a contract that included the provision Stubbs stayed with the store.

"No one could imagine the notoriety that Stubbs had," the family said. "Over 75% of visitors asked, 'Where's the Mayor?' or came in saying 'I have an appointment with the mayor', but due to his age he had to begin to slow down in 2015 and more so last year, though he'd still occasionally hop up on the West Rib Bar and Grill counter (also owned by the Spone Family) for his margarita glass full of water and catnip.

Over the years, Stubbs survived a BB gun shooting, a dog attack, an unplanned trip on a garbage truck, and a fall into a fryer vat not in use at the time.

Last summer, the family brought home two kittens, including Stubbs' eventual successor as store cat and "mayor," Denali, who is sociable and will pose with anyone for a photo, or just let you carry him around like a baby his carers

say.

There is a rumour that Stubbs (so named due to his lack of a full tail) has discovered there is Social Media even in Heaven and has tweeted his earthly persons with the following message: "Good news: I'm in Heaven. Bad news: ALL DOGS GO TO HEAVEN."

## MAKING ECO-FRIENDLY AND CHEAP FURNITURE USING WEED THAT OTHERWISE DESTROYS FORESTS

In the year 2000 Maya Mahajan, a PhD scholar from Coimbatore (also known as Kovai) a city in the south Indian state of Tamil Nadu, was researching the impact of invasive alien weeds on native flora and ecology in various forests. During her research, Maya came to know about lantana camara -, an exotic weed of South American origin - which was invading different forest areas and posing a serious threat to the native vegetation in Western Ghats.

Getting rid of the lantana weed was a little tricky as the use of chemicals to remove the shrub could affect the native species of plants too, and mechanical methods of removal are too expensive. After years of trying to think of a possible solution to remove these plants as well as helping the local community in Siruvani Maya had the idea that as lantana looks exactly like bamboo but was more durable than it, mabe furniture could be made out of it. However, she never had the right support and financial backing.

It was when she joined as an associate professor at the Centre for Sustainable Future at Amrita University, Coimbatore, and wrote a project report about how lantana can be used to make furniture and help the local tribal community with some extra income that the project was fully funded and Maya's idea started to take shape in 2015.

The first and foremost challenge to start the project was to convince the tribal community to get the lantana weeds from the forest as elephant attacks were very common in the area. It was only when V Vellachi, a resident of Chadivayilpathy, along with seven other women volunteered for training, that others followed suit. The next challenge was to get permission from the forest department to cut and get these weeds to the villages, permission was granted when the forest department came to know about this easy way of removing the weed, which was a difficult task for them.

In December 2015 a 3 month project was funded by the department of science and technology to train around 40 residents of three villages in making low- cost furniture, handicraft, toys and other utility articles using lantana wood.

Making furniture out of lantana is quite different from the usual way furniture is made. After the shrub is chopped off, its wood is treated in boiling water with chemicals to make it flexible. The bark is removed and the log is sliced into sticks before it is assembled into furniture pieces.

The furniture looks exactly like the bamboo or cane furniture, but is more durable. The cost of lantana furniture is also much less than bamboo furniture as the raw material is available for free. "Everyone was sceptical about the idea in the beginning. Once the products were ready after so much effort from the villagers, I was worried

about the marketing. But one year down the line we had advance orders and now we are worried about how we will finish the orders," Maya says.

## A MAN BUILT A \$550 STAIRCASE FOR A PARK AFTER CITY ESTIMATED IT WOULD COST \$65,000

When several community members of Etobicoke, Ontario had fallen down or gotten injured on the rocky Tom Riley Park path, local citizens contacted the city for a price estimate on a staircase.

Much to their dismay, the city said that eight steps would cost taxpayers anywhere from CA\$65,000 (€44,250) to CA\$150,000 (€102,000). So, Adi Astl who is in his seventies decided to build the installation himself.

With several other neighbours offering to help finance the stairs, Mr. Astl hired a homeless man to assist with the project. Within a matter of hours, they had built eight steps for roughly CA\$550 (€375).

Mayor John Tory emphasised that citizens can't modify public spaces simply because they don't like the way things are and added that the park already has a more accessible path further past the new staircase - visitors simply used the rocky trail as a shortcut at their own risk.

However, city council members are now saying that instead of tearing down the staircase to build a new one, workers will most likely improve upon Mr. Astl's installation for significantly less money than the original official project.

## LAST SURVIVING CAST MEMBER FROM 'GONE WITH THE WIND' HAS CELEBRATED A VERY IMPORTANT BIRTHDAY

It has almost been 80 years since Vivian Leigh and Clark Gable dazzled Hollywood in the 1939 award-winning film Gone with the Wind. Though the two leads have since died, the actress behind another principle character celebrated her 101st birthday on July 1st.

Ms. De Havilland played Melanie Wilkes in Gone with the Wind, cousin and wife to Scarlett

O'Hara's Ashley Wilkes.

Though Ms. de Havilland was a supporting role in Gone with the Wind, she made a name for herself through the film, (which is still the highest-grossing film of all time in both the U.S. and Canada) appearing in 49 feature films, and was one of the leading movie stars during the golden age of Classical Hollywood and won two Academy Awards for best leading actress, the first for To Each His Own (1946) and the second for The Heiress (1949).

The actress was the sister of Joan Fontaine, another Hollywood superstar, who won the Academy Award for best leading actress for her role in Alfred Hitchcock's Suspicion (1941). The women are the only sisters to both win the prestigious award.

Ms. De Havilland's birthday came just one day after the 81st anniversary of the novel Gone with the Wind, on which the film is based was published. The book was written by Margaret Mitchell and released on June 30th, 1936.

**Finally this week I would like to welcome all visitors to the Kingdom and wish all readers, advertisers and everybody at the Killarney Outlook office a Safe and Happy Public Holiday weekend. If you are visiting the countryside or sea shore please dispose of your rubbish responsibly for the sake of all animals, birds and sea life.**

### SELF ESTEEM IN CHILDREN

Last week we looked at the many ways we can raise our self-esteem and begin to feel better about ourselves. We also identified how these patterns of low self-esteem can start very early in life – and thus it makes sense that we think about developing and promoting self-esteem in childhood. Parents and caregivers can do this by encouraging their children and making sure they feel loved, secure and competent.

Children who are scared to try new things and speak negatively about themselves may have low self-esteem. They tend to give up easily or wait for someone else to do the task for them. They can also be overly critical and easily disappointed in themselves. They tend to view temporary problems as permanent and can be pessimistic. In contrast, children with healthy self-esteem are comfortable in social settings and enjoy interacting with others. They enjoy working independently as well as interacting in groups. They work towards finding a solution when faced with a challenge and don't put themselves down. They are generally more optimistic and know their strengths and weaknesses.

To help build your child's confidence, encourage your child to take healthy risks. Allow them to take (age-appropriate) chances, make choices and take responsibility for them. When children make their own age-appropriate choices this empowers them and gives them a sense of control over their bodies.

Children also need opportunities to demonstrate their competence and feel that they make a valuable contribution. This can mean asking them to help out at home – by setting the table or dusting. Encouraging them to take on tasks that they show particular interest in is a great way to boost their confidence. Teach your child to set goals and take pride in their accomplishments. It is important to ensure that their goals are within reach and at an appropriate level for their ability. However, if your child tries and doesn't succeed, this is a fantastic opportunity for you as parent to help build their self-esteem. Let them know that no matter what the result, your love is unconditional. Encourage them to try and try again.

Overly praising a child is not the way to develop their self-esteem and confidence. Confidence comes from them trying, failing and trying again. If we tell them they are doing a 'terrific job' whatever they do, this confuses children and they learn not to trust their own instincts. However when praise is appropriate, specific and earned it is a valuable self-esteem builder.

Welcome back dear reader "the fear of the Lord is the beginning of wisdom" (Proverbs 1:7 & Proverbs 9:10). Observing the condition of our world at the moment an unmistakable lack of fear of the Lord is evident. We are warned in Scripture that a time would be where men would call what is evil good, and what is good evil, clearly that time is now (Isaiah 5:20). What's being taught as good in our schools and universities is totally contrary to God's Word. When I was young we had a fear of the Lord beaten into us through religion. The message was that God was out to get you – that He was watching us and angry towards us so we tried to hide our sins hoping that He wouldn't know what we were doing. But thanks be to God we are set free from the bondage of religion. So what is meant by the fear of the Lord? It is holding a healthy respect towards the Lord and His Word. The Lord's command to us is that we must love the Lord our God with all our heart and all our strength, and we must love our neighbour as we love ourselves (Matthew 22:37-39). What we find in our country is corruption and evil practices covered over with a thin veneer of religion. None of it is based on God's Word - it is traditions thought up by men over the centuries, and it is being fed out to God's people as true food. The Word of God is pushed aside, mocked, and those who follow what the Lord says by studying His Word are ridiculed – even called crazy. But the crazy ones are those who turn away from the Word of God and who follow deceiving spirits – things taught by demons that are spoken through hypocritical liars, whose consciences have been seared as with a hot iron. (Read it yourself in 1st Timothy 4:1-4) People who call themselves servants of God are actually being used by demons to spread Satan's heresies. This has been his plan from the beginning, it started in Heaven when he rebelled against God, and then to Adam and Eve, and then down to rest of humanity's generations. Jesus said that few people find the truth but many, many are deceived (Matthew 7:13-14). This should not be. Friend Jesus came to save us, and all who call on His Name shall be saved (Romans 10:13). More next week....

## FIRST ANNIVERSARY AND ACKNOWLEDGEMENT

*In loving memory of*

**JOAN CRONIN**

**Mullinroe, Clondrohid, Macroom  
who died on August 8th 2016.**

As we remember Joan on this her  
first anniversary, we her family, Ted,  
Marguerite & Daniel, wish to express our  
sincere thanks to all who sympathized  
with us on her passing. Thanks to all  
who telephoned, sent text messages,  
mass cards, enrolments and letters of  
sympathy. Thanks to everyone who called  
to the house for the rosary, attended  
the removal, mass and burial. A special  
thanks to the people who travelled long  
distances, especially Marguerite's friends  
in college. We thank Fr. Wickham for the  
beautiful mass and prayers. We thank  
the readers, musicians and singers at  
the church and graveyard as well as the  
alter servers. We thank the undertaker  
David Tarrant for his professionalism. We  
appreciate very much the people that  
brought food and drinks to the house  
and the people who did the catering the  
night of the rosary. A special thanks to  
the people who stayed overnight the  
night of the wake, stayed at the house  
the evening of the funeral and the day  
of the burial. We thank all the doctors,  
nurses, carers and helpers that looked  
after Joan. We thank the people that  
donated to Marymount Hospice and St.  
Coleman's House. We are very grateful  
to the neighbours and friends who  
directed traffic at the funeral. Finally, we  
sincerely thank our friends and relations

## LETS PRAY TOGETHER INTO THE WORD

Let your days increase. Psalm33(18,19). Behold the  
Lords eye is upon those who fear him, who wait for  
him and hope in his mercy, and loving kindness, to  
deliver them from death, and keep them alive in  
famine.

If you want to start your day right, you must find  
time to seek God and his wisdom, early in the day.  
Spending time with God, adds years to your life. He  
wants to give you insight and understanding. For by  
God your days shall be multiplied, and the years of  
your life shall be increased. Lord Jesus Christ, let me  
be disciplined to seek you in prayer early in the day.  
Please Jesus train me through your Holy Spirit to listen  
carefully, and open my eyes that I will seem your  
insights and understanding.

Amen
