All centres will be open to the public from 2pm to 4pm, and people will have the opportunity to take a tour of the counselling rooms, have a cup of tea, meet some of the therapists and have any of their questions answered.

## CLOSING DATE LOOMS FOR TOM MCBRIDE BURSARY

Potential applicants for funding under the Tom McBride Education Bursary fund are reminded that the closing date for receipt of completed application forms is 5pm on Friday, September 12th. The bursary is funded through the Local Community Development Programme administered by South Kerry Development Partnership and is targeted at giving assistance to those in disadvantaged areas to get back into education.

SKDP Education co-ordinator Julieann Lane pointed out that the fund can cover both direct costs such as course fees as well as indirect costs such as travel, childcare and the costs of books. Last year almost 40 people received assistance in getting a second chance at education through the bursary. It is targeted in

particular at people on low incomes, those who are socially & economically disadvantaged, people with disabilities, those engaged in seasonal work or lone parents.

Funding recipient under the bursary in 2013 Angela Healy from Killarney said that having being able to take up the chance to go back to education has opened up many new doors for her, including the opportunity to go to Spain to further her language skills. She hopes that acquiring her language degree will enable her to teach both French and Spanish in the future. The courses or training eligible for the fund must be accredited nationally and must be seen to improve the employment prospects of the person undertaking the course. However funding may be provided for non accredited

courses where a specific prospect of work exists for the person on completion of the course. Expenses covered by another source of funding are not eligible for grant assistance and those applying must be living in the South Kerry area. A percentage of the bursary is allocated specifically to applicants from the South Kerry Gaeltacht area.

Application forms are available to download from the SKDP website [www.skdp.net](http://www.skdp.net) or they can be collected from the reception at any of the SKDP Offices in Cahersiveen, Killorglin, Killarney or Kenmare.

People can also contact Julieann directly by e-mail [jlane@skdp.net](mailto:jlane@skdp.net) or by phoning 066 9761615.

## SECOND ROUND OF DONATE A LIBRARY NOMINATIONS IS NOW OPEN

Bord Gáis Energy is once again donating libraries throughout Ireland and is calling on people in every town, village and community throughout the country to nominate local groups and charities they believe would benefit from their own library. With over 300 nominations received since the initiative launched last year, Bord Gáis Energy has already donated four libraries in 2014 to community groups in Kerry, Galway, Kilkenny and

Dublin and now is looking for two more in the second wave of donations. The Donate a Library initiative gives the general public an opportunity to be a local hero and nominate a community group to receive a library worth €1,500 for their organisation, something they may not be able to afford themselves. Those wishing to nominate an organisation for a Bord Gáis Energy Library can do so at [www.BGEbookclub.ie](http://www.BGEbookclub.ie).

Nominations for all local not-for-profit organisations are welcome from individuals and groups throughout Ireland. All nominations will be reviewed by judges Sinead Desmond, Presenter of Ireland AM and Gert Ackermann from Ireland's support and representation network for the community and voluntary sector, The Wheel. For more information, please visit [www.BGEbookclub.ie](http://www.BGEbookclub.ie).

## KILLARNEY READY AS GLOBAL ADVENTURE SUMMIT NEARS

Preparations for promoting Ireland's outdoors adventure appeal to the world's top experts in this sector were discussed as the Minister for Transport, Tourism and Sport, Paschal Donohoe, met with local adventure and activity providers in Killarney today at an event to ready them for the hosting of the Adventure Travel Trade Association's (ATTA) World Summit in the town during October 6-9th. With just over 30 days to go, more than 50 key industry members attended a specially planned workshop and countdown event, organised by Fáilte Ireland, in the Brehon Hotel, to prepare for welcoming the 650 international delegates due to attend the conference. The direct economic impact for the Irish economy from hosting the ATTA's global summit will be almost €1m, along with the significant marketing, industry education and global networking value it will also provide. The conference delegates will represent some of the most influential global decision makers (buyers, media, key influencers, etc) from the adventure travel industry and the international meeting in Kerry will be a significant boost for Ireland as it seeks to grow its visitor numbers in this sector of the travel market – particularly along the Wild Atlantic Way. To maximize impact and to really show Ireland at its best, the overseas delegates are all being offered a 'Day of Adventure' free of charge on the opening day of the Summit (Monday, 6th October). Already, almost 400 delegates have registered to do so and many more are ultimately expected to take part. There will be 31 different types of 'adventures' for delegates to choose from, all showcasing the very best of adventure and outdoor activities to be enjoyed around the Killarney/Kerry region.

**MONEY MATTERS.....**

By Dermot Cronin,  
Financial Advisor

**75% OF ADULTS HAVE A DEPOSIT ACCOUNT BUT MAJORITY DON'T KNOW 41% TAX IS PAYABLE ON INTEREST EARNED.**

Two out of three say deposit returns are bad value. A recent survey of more than 1,000 respondents reveals three quarters of adults (75%) have a deposit account but over six out of ten adults (61%) don't know what rate of deposit interest retention tax (DIRT) is payable on the interest earned. Two thirds think current deposit rates are bad value for money. This is especially true for those aged 65+, of whom eighty eight percent consider deposit rates to be poor value.

Tax on deposit interest earned can be up to almost half because DIRT of 41% is payable as is 4% PRSI for certain savers. Many depositors are now earning as little as 1% or roughly half that after taxes.

- The average Irish person has €20,500 on deposit.
- Almost 1/5 Irish adults (17%) has between €10,000 and €50,000 on deposit.

Investment returns vs deposits last five years:  
People who kept long term funds on deposit for the last few years may be licking their wounds with the average Managed fund returning 12% per annum over five years.

## KERRY MOUNTAIN RESCUE TEAM NEWS

Kerry Mountain Rescue Team was called out on Wednesday night at around 10.30pm to locate two male walkers who were lost on the MacGillycuddy's Reeks. The walkers had climbed Carrauntoohil and lost their way in cloud on the descent from the mountain. They called for assistance after darkness fell. Kerry Mountain Rescue Team was able to establish the location of the walkers using a grid reference that was provided from a smart phone used by the walkers.

Members of the rescue team located the walkers in the Derrynafeana area of Glencar at around midnight. Neither of the men was injured; they were guided from the mountain to safety.

The reality is, thousands of family's are still trapped by excessive debt levels and their financial situation has and will not improve unless they get professional help. situation is.

## GARDENING OUTLOOK

with John O'Sullivan

### FOCUS ON AUTUMN LAWN CARE

This is the time of year to look after your lawn after the wear and tear of a long season. Any repair work that needs to be done can commence before the winter comes in and the growth stops.

After you cut your lawn at this time of year it would be well worth giving it a good rake. This practice is known as scarifying and it keeps the levels of old grass stems and dead moss under control.

Old grass stems that go deeper than about 1 cm can slow down water and fertilizer getting through. For larger lawns there are power tools available.

You can also give your lawn an autumn feed at this time of year. Use an autumn lawn fertilizer which is high in phosphates and potash as this will help strong roots to develop. Do not use a spring fertilizer as it contains high levels of nitrogen which will encourage soft leaf growth and this could be damaged by frost.

### CREATE A NEW BODY STORY!

What is your body telling you today? Do you know what it wants? Do you understand where and how it stores your pain, your memories, your joy, fear, anger and happiness? Our bodies hold our life experiences deep within their tissues and shape and mold themselves to our thoughts and beliefs.

Some of the most groundbreaking psychology work today is in working with the body to heal the deepest scars. You can let them go and they can fade without leaving any imprint at all. Our experiences are constantly being recorded, from our first breath, by the body and recreated over and over and over again in the mind. Unresolved issues are stored as tension in the body. As the mind replays the hurts and feelings of the past or anxiety about the future the body becomes the "container" for all of the stressful emotions, chemicals and hormones produced by the mind's fearful or negative thinking.

One of the most significant findings in Body centered Psychology is that if you can feel the story line in your body, you can start to heal.

**BODY COACHING TIP!**

Allow yourself to feel the physical body. Feel where you are holding tension, old story lines, and intense emotional experiences. Feel them in the physical body as clearly as you can, then gently, slowly start to relax. Keep relaxing. Don't judge or comment on any of the feelings – just accept them and let them go. Inhale fully and exhale deeply and completely.

### Know Your Rights:

### IMPORTING A CAR

#### QUESTION

I'm living in Ireland but I want to buy a second-hand car in the UK. What steps do I have to take when I bring the car to Ireland?

#### ANSWER

Within seven days of bringing the car to Ireland you must make an appointment to bring the car to your local National Car Testing Service (NCTS) centre in order to register it and pay Vehicle Registration Tax (VRT). See [ncts.ie](http://ncts.ie) to book an appointment and for details of the documents you need to bring with you.

The car will be examined at the NCTS centre and the details will be used by Revenue to assess the amount of VRT payable, based on the value of the car. Revenue provides an online VRT Calculator that you can use to get an estimate of how much you will have to pay, see [revenue.ie](http://revenue.ie). You pay the VRT to the NCTS. You must complete the registration process within 30 days of the vehicle's arrival in Ireland.

You will get a receipt for the VRT paid, showing the new registration number for your car. You must display this number on your car within three days. You can buy registration number plates at the NCTS centre or at a motor factors.

You will also get Form RF100, which you will need when you pay motor tax. To pay motor tax, you will also need to insure the car and have your insurance details. You can pay motor tax online at [motortax.ie](http://motortax.ie) or at the Motor Taxation Office of your local authority.

After you have paid the motor tax, the Vehicle Registration Certificate will be issued to you by the Department of Transport, Tourism and Sport.

If the car is four years old or more it must also undergo the National Car Test immediately.

## TRANSITION YEAR PROGRAMME INTRODUCED TO KILLARNEY COMMUNITY COLLEGE

This year saw for the first time ever the Transition Year programme introduced to Killarney Community college. The air of excitement around the college is contagious as both teachers and students are fully engaged and looking forward to a tremendous year ahead. The transition year programme is a unique one year programme that promotes

the personal, social, vocational and educational development of students and prepares them for their role as autonomous, participative and responsible members of society. The college endeavours to promote academic skills with an emphasis on interdisciplinary and self directed learning. TY provides a bridge to enable students to make the transition from the more

dependent type of learning associated with junior cycle to the more independent learning environment associated with senior cycle. It encourages the development of a wide range of transferable critical thinking and creative problem solving skills. The students will also discover their individual talents, aptitudes and abilities and will learn a variety of new skills. Another element of the programme will involve preparing the students for the world of work by enabling them to develop skills that will benefit them throughout their lives. The programme will be co-ordinated by Ms. Kerri McCarthy and Ms. Lorraine Crowley. A huge amount of planning has been undertaken to ensure that it is a year that will allow our students to reach their full potential in their leaving certificate. The TY programme will offer our students a broad and balanced curriculum with certification in many different modules at their end of year graduation. According to Ms. Fiona O'Brien "We are delighted to be able to offer this new experience to our students. It is a great addition to the school programme and gives our students an opportunity to excel both academically and personally gaining knowledge and experience through the many different modules that are on offer throughout the school year."

## SHAUNA WINS GOLD

Gold for Kilcummin's Shauna in Community Games

Athlone Institute of Technology was the venue last weekend for the 2014 Community Games All-Ireland finals and what a great weekend it proved to be for Kilcummin's Shauna O'Leary. Fresh from her third place in the Fleadh Cheoil All-Ireland finals in Sligo the previous weekend, Shauna set out for Athlone in what was a highly competitive event with a field of 22 entrants for the U14 solo-singing final.

Supported by her family and friends, and accompanied by musician Jack Healy, Shauna gave a wonderful and perfect rendition of The Water is Wide to win gold.

The Klub Bar was the venue on Tuesday evening last then as the traditional bonfire blazed brightly in recognising the achievement of another All-Ireland Gold medal coming to the Parish. It was a very special occasion indeed for Shauna, her parents Sheila and Seanie, younger siblings Oisín and Rebecca and especially both grandmothers in what proved to be a wonderful community evening of celebration.

## TEACHERS TAKE THE ICE BUCKET CHALLENGE

The Ice Bucket Challenge has taken the nation by storm raising almost €1million for Motor Neuron Disease (MND). This week Killorglin Community College, four of the staff stepped up to the challenge. After being nominated by outside catering contractor Hazel Devane the four teachers, Donal O Reilly, Melissa O Riordan, Ian Twiss and Anthony Griffin, took the plunge all in the name of charity. As well as donating themselves by texting MND to 50300 the teachers offered the students a once in a lifetime opportunity to be part of this soaking! Students were only too happy to contribute to

see this and the school raised €300 from the event. Deputy Principal, Donal O Reilly said "The Ice Bucket Challenge has really caught the imagination of the country. Its a bit of fun but really raising awareness about a terrible disease. Our young people need to be exposed to discussions around serious issues like these, its part of their holistic development. Its great to raise awareness and money for MND this week. And the discussions around it in the staffroom, corridors and classroom all helps to educate everyone on it"

## ***Your Future Begins Here.***

## PLAN YOUR STRATEGY AND WORK CONSISTENTLY FOR EXAM SUCCESS IN 2015

(By Billy Ryle)

September heralds a return to school or college for young people throughout the country. It's also the beginning of an important academic year for those facing into state or college exams. So whether you have a public or an in-house exam at the end of the year, the key to success is good planning and a consistent approach to study. Begin by setting realistic target grades in each subject or module. A clear aim will focus and motive you. Achieve your goals by efficiently managing your time, your study and your personal fitness.

Time management means establishing a regular and disciplined study routine, based on short, medium and long term planning. Commit yourself to a number of hours study each night. At the end of a short period, such as a week, review the quality of your work. Medium term planning involves the completion of a certain amount of work over a longer period, such as a school term. The long-term plan is to be totally prepared for the end of year exam. Review your progress regularly. The first term is primarily utilised to complete course work. Your immediate objective is doing nightly homework of a high standard. Develop the habit of revision as early in the year as possible. Start to organise your copies of past exam papers. Begin to consider how the exam is structured. Become familiar with the format and layout of each paper, the style of question asked and the topics examined. Know how the marks are allocated and how much time should be spent on each question.

Use a homework diary, either conventional or electronic, to record each homework assignment. Develop your own study plan, but prioritise, with deadlines in mind. An efficient system is to follow the subject timetable for the following day's classes. This approach will give you variety each night, it will keep you working to deadlines and it will provide a safeguard against beginning with your favourite subject each night and, perhaps, relegating a less favoured subject until last. Commit yourself to about four hours work each night, to include homework and a little revision, if time permits. Work in two-hour sessions and take a half hour break between the two sittings. In an exam year, Friday night must be included in the study schedule. Do six or seven hours study over Saturday and Sunday, which should mainly consist of review and revision.

Revise only when you have completed your homework assignments. Try to include all your subjects in your weekly revision plan. Revise in small manageable self-contained units. Revision is effective only if you understand and can write down what you have revised.

Study and revision can become tedious. So keep yourself interested by establishing a reward system to reinforce your progress and to maintain your momentum. The aim of doing well in the exam is your greatest motivator, but short-term rewards give you an immediate sense of purpose. Identify the 'time thieves' - that is, where time is being wasted - early in the year and eliminate them by efficient time management.

Good working conditions are vital aids to effective study. A comfortable private study environment at home is essential. Study on your own if possible in a room where you have peace and quiet. A table and a hardback chair are basic requirements. Make sure the heating and the lighting in the room is satisfactory. Don't distract yourself by playing music in the background or by wearing earphones. Organise your books and materials before you begin each study session to avoid having to leave the room.

At school, listen actively in class. Participate in class by asking questions, by showing enthusiasm and by helping to create a studious class atmosphere. It goes without saying that the best information is available at school. So attend all your classes punctually and be determined to learn. Organise your practical materials, such as calculator, books, writing pads, etc. Clear, comprehensible and well-documented notes are an invaluable organisational aid. Ensure that your handwriting is legible, that your diagrams are detailed and intelligible and that your presentation is neat. If you are filing material on your desktop or laptop computer organise it carefully for easy access. Concentration is a by-product of routine and organisation. By arranging it for a set time each day you reinforce your commitment to your study. The more focussed you are on your study and the more determined you are to do well then the more your concentration will improve. To aid your concentration during study, develop the habit of doing mild forms of exercise - perhaps a short breathing exercise, or simply close your eyes to allow your mind and body to relax for a few moments. Concentration is considerably aided by a positive attitude, so have confidence in your ability to perform well in your exam. Always keep a good thought about yourself and be success orientated. Self-confidence and positive thinking lead to success. Be single minded about your objectives. Keep an eye on your personal targets and avoid mental fatigue by sensible use of recreation and leisure. With an organised and disciplined approach to your study you will do very well in your exam.

Have a good and successful year.

minors play Currow on this coming Friday at 6.30 in Currow. Kilcummin Under 21's are scheduled to play Glenflesk on this Wednesday at 6.30 in Glenflesk in the Acorn Life club championship.

**CONGRATULATIONS:** Well done to Shane Murphy who played well with the Kerry Juniors in the All Ireland final recently and to Brendan Kealy and his senior colleagues who lit up the hearts of all Kerry supporters with their display against Mayo on Saturday. Also congratulations to the Kerry minors on who guaranteed a great day out in Croke Park in three weeks time. Congratulations from Kilcummin GAA Club to all of Kilcummin Comhaltas competitors who performed so well in Sligo and especially to the medal winners of which there were many and well done also to Shauna O'Leary who won a gold medal in singing at the All Ireland Community Games finals.

**RAMBLING HOUSE:** Rambling House returns to Kilcummin GAA Club on this Friday Night and the first Friday of every month over the winter months.

**U11 EAST KERRY LEAGUE:** Well done to the Kilcummin U11 footballers who finished joint-top of Group 1 in the East Kerry league which finished last week. Having recorded home victories over Dr Crokes and Furies in the first two rounds, Kilcummin found themselves 7 points down away to a physically strong Kenmare

side in Round 3 but an excellent second-half performance saw Kilcummin emerge 2-point victors after a fine evenings football.

And so it was off to Direen to play unbeaten Legion in the final round and what a cracker of a game this proved to be. Having played with a strong breeze and enjoyed the majority of possession, Kilcummin's slender 2 point interval lead looked precarious indeed. Good Legion pressure saw them lead by 2 points well into the second half but showing great heart and determination, the visitors pushed forward and sustained attacks eventually yielded a goal and a slender 1 point lead with time almost out. Legion kicked the final score and a draw was a fitting outcome indeed with some excellent performances on both sides. Great credit to this young panel of players who have shown great dedication to training throughout the Summer and reaped the rewards for their efforts with fine performances throughout the campaign.

**GAA LOTTO:** There was no winner on Sunday 31st August. Next draw takes place on Sunday night September 7th 2014 at the Golden Nugget Fossa at 11p.m. This marks the 21st anniversary of our first ever Lotto draw on September 5th 1993, and we wish to thank all those who supported us during that time.

**COISTE NA NOG:** Our gallant Under 14 team, who have given us such a great year, fell a small bit short against a strong Scartaglin/Cordal team in the final of The Division 2 East Kerry Championship Monday evening in Fitzgerald Stadium. Fossa had got off to a good start, Emmett O'Shea and Cian McCarthy scoring two well worked points before another good attack saw a goal by Ewan Weldon. However this spurred Scart/Cordal into action and powerful attacking through the middle saw them kick 6 unanswered points. Emmet O'Shea then added a point but a goal from Scart/Cordal gave them a good lead. They added 3 more points before the break to lead 1-09 to 1-03 at half time. The Fossa lads put in a huge effort in containing the opposition in the second half and held them to just 3 more points. The lads fought hard to try and muster some scores and they got two good

hard earned goals from Daniel Talbot and Cian O'Shea, however the failure to score a few points at this time proved costly. William O'Brien was excellent in goals, with Gary Cronin, Anthony O'Keefe and Richard Wallace strongest in defence. John Talbot and Ryan Sheehan, aided by Ewan Weldon and Cian O'Shea worked their socks off around the midfield area and Eamonn Murphy, Cian McCarthy and the Emmet O'Shea were always looking to attack. It was tough to lose, well done to Scart/Cordal, but well done to our lads also, we had an absolutely fantastic year following them. Thanks boys.

**LADIES FOOTBALL:** Fossa U 14 girls are Co League Div 1 champions after giving a great performance to beat a strong Rathmore team in the final in Farranfore on Sunday evening. Our girls started brilliantly and gave an exhibition of football in the first 30 minutes. Rathmore fought back bravely in the 2nd half but Fossa ran out comfortable winners with the scoreline of Fossa 4-09 to Rathmore 1-5. Having gone through the league unbeaten, and also winning Kerry Feile na mBan and the John Egan tournament, this team is having an unbelievable year. We are also delighted that this team has been invited to play in the Kilmacud Crokes u14 All Ireland 7's competition which will be played in Dublin on Saturday, Sept 27th

**FOSSA GOLF SOCIETY:** Kieran Coffey's President's Prize: Winner Brendan Coffey 40 points (11) bb6, 2nd Seamus Kelly (16) 40 points, 3rd Brian Fitzgerald (12) 38 points bb6, 4th Stuart Graham (5) 38 points, 5th Padraig

# BACK TO SCHOOL' ADVICE

*The RSA also has the following 'back to school' advice for parents, guardians and children:*

## Travelling by Car

- All children should be restrained when travelling in a car;
- Select a restraint that is based on your child's weight and height and is suitable for the type of car;

- Remember it's safer if children travel in the rear of a car;
- Never leave children alone in a car.

## Walking to School

- Small children should not cross roads alone. They cannot decide how far away a car is or how fast it is going;
- Walk the route to school with them in advance;

- Children walking on country roads should wear reflective armbands and bright clothing;
- If there is no footpath, walk on the right-hand side of the road facing oncoming traffic keeping as close as possible to the side of the road;
- Show your child how to cross the road by example. Choose safe places to cross and take time to explain why i.e. footbridges, zebra or pelican crossings, lollipop lady/man or junior school warden patrol.

## Travelling by Bus

- Teach children to take special care getting on or off a bus or mini-bus;
- While waiting for a bus, children should stand well in off the road;
- Before crossing the road they should wait until the bus has moved off and they can see clearly in both directions;
- If seatbelts are fitted, they must be worn.

## Cycle Safety

- Make sure they are highly visible by wearing a reflective belt and bright clothes and wear a bicycle safety helmet on all journeys;
- Check that the bicycle's brakes, lights, reflector and bell are in good working order.

# TED'S OPEL VAUXHALL RUN – A GREAT SUCCESS

As some of the car's arrived on Friday evening doubts were cast on Saturday's weather but, thankfully the sun shone down on us all the way. The Group Motors Rallying Team from Belfast didn't disappoint again this year with their array of convertibles as a "Topless" theme. With a total of seven topless cars, one of which was a New Vauxhall Cascada, collected from the Dealer only a few days before the Run. The usual array of Kadett's, Mantas, Chevettes, Cavalier's, Callibra's, Viva's, Vectra's and Rekords finished off the selection. A total of 58 cars did the Run with a few more parked up at the Hotel Killarney.

This year's route incorporated parts of The Wild Atlantic Way, the Dingle Peninsula, Slea Head, the Connor Pass and also covered some terrain used as Rally stages in the past. So we had plenty of Sea, Mountains and the best of the South West's driving roads.

The Lunch stop was the renowned Paidí Sé's Bar in Ventry. After Lunch the Perpetual Cups Awards were presented as well as plenty Spot prizes. The "Kevin O'Leary Opel" Perpetual Cup for the Best Opel was presented to Tony Barnanicle, Westport, for his 1985 Manta B. The Winner of the Perpetual Shield was Liam Healy, Athenry, with his 1980 Chevette. This year we had an additional Perpetual Trophy kindly Sponsored by Opel Ireland for the Best Overall Vehicle of the Run, the winner of this was Paul Horan, Tralee with his 1975 Chevette. Laszlo Kovacs from Opel Ireland was at hand to help with all the presentations. The "Spirit of the Run" Perpetual Award was presented to Brendan (Benny) O'Shea for his commitment

to providing a breakdown service/backup every year since the Run started. The Jackie Small memorial Award presented by Group Motors Rallying went to John Kelly, Crossbarry for the originality of his 1979 Kadett C Coupe, which Jackie would have been one for pure original spec. The four Special Awards went to , Bernard O'Connor, Scartaglin - 1974 Manta A GTE. Brendan Howard, Tralee - 1979 Rekord E, Darragh Pender, Cobh - 1987 Manta B H/B, Denis Murphy, Macroom - 1979 Kadett C City. The cars returned to the Hotel Killarney on the Saturday evening and the night concluded with a relaxed get together in the bar finishing with a few songs.

The Committee of the Run would like to thank all of the Sponsors especially our main Sponsors, Cartell.ie and the Kevin O'Leary

Group (Opel Dealer), the Opel Vauxhall Club Ireland, the Gardaí, the Media, a special word of thanks to all the Marshalls on the day, Opel Ireland for their assistance and input, and last but not least thank you to all that turned up and made the event what it is.

One thing that has happened this year is that the Committee decided to Sponsor a puppy by the Irish dogs for the Disabled. It costs €15,000 to get a puppy to fully trained and placed with someone. The puppy's name is HOPE. We will keep you all up to date on the progress of Hope. This Run has always been Cork/Kerry based since started it in 2008 and next year we will be back in Cork after spending two great years based in Killarney. So for the eight Ted's Opel Vauxhall Run we will see you all on the 8th - 8th - 2015.

# Dental Hygiene

**MOUTH CANCER AWARENESS DAY 2014**

**Wednesday, September 17th.**

## ORAL HEALTH ADVICE FROM BRIDGE PLACE DENTAL PRACTICE, TRALEE

Good health is important to everyone and we are inclined to take it for granted nowadays. Irish studies suggest that as few as 50% of us attend the dentist regularly, despite the fact that dental decay is the world's most common dental disease and up to 80% of Irish people have some form of gum disease. While we have all heard about these common ailments, many do not realise that their dentist is the most qualified person to identify many other less common and sometimes serious oral problems.

While relatively rare, mouth cancer does not just affect stereotypical heavy smokers and drinkers. The consequences of developing this cancer are very serious. Incidences are on the rise in all groups, especially women. Early detection is essential to successful treatment and identification of certain "tell-tales" can assist us in recommending strategies to reduce your future

risk of developing it.

Of course, while carrying out your oral cancer screening your dentist will advise you of any other problems that come to light and you can feel free to discuss any oral health issues you may have.

Untreated common dental conditions like decay and gum disease have been linked to increased rates of Alzheimer's, Stroke and Heart Disease so it is worth getting the entire mouth looked at once a year.

At Bridge Place Dental Practice, it is standard policy to carry out an oral health screen as part of every examination, so there is no need to attend on the 17th if you have recently visited us.

Due to our recent expansion, and the addition of the very experienced Dr. Susan Van Der Merwe to our team we look forward to welcoming as many people as possible to our centrally located clinic

in Tralee which benefits from full disabled access.

Mouth Cancer Awareness Day is a great opportunity to obtain a free assessment of your oral health.

We welcome both new

and existing patients on Wednesday the 17th September and will carry out a full mouth cancer screening completely free of charge. Please call Bridge Place Dental Practice on 066 7123315 to arrange your visit.

## MOUTH CANCER AWARENESS DAY 2014

Wednesday September 17th has been designated as Mouth Cancer Awareness Day here in Ireland. Members of the public are encouraged to visit their local participating dentist or Cork University Dental School and Hospital for a FREE mouth cancer examination.

Mouth cancer is an important global healthcare problem. There are more than 300 cases of cancer of the oral cavity and pharynx reported in Ireland every year. In Britain, the incidence of mouth cancer has increased faster than any other cancer in the past 25 years.

Worldwide, this disease affects 650,000 people a year and is the sixth most common type of cancer. The problem with mouth cancer is not simply that the incidence is rising, but also that these cancers are still being detected at an advanced stage. Consequently, treatments are more complex, can last longer and deeply affect a patient's quality of life and survival. Dentists have a key role to play in the early detection of mouth cancer and in prevention of the disease by identifying those patients who are exposed to risk factors.

- 2 tbsp milk
- 100g marshmallows (pink are my favourite)

Sieve icing sugar into large bowl and make a hollow in the centre.

Gently heat pan, stirring every now and again with a wooden spoon until just melted.  
Pour mixture into hollow in sugar, mix until smooth, then add drop of colouring.  
Leave mixture to cool for 10 minutes, then make into a round flattened shape and tightly wrap in clingfilm.  
Put in fridge for 3 hours to firm up.  
Sprinkle clean work surface with a little icing sugar.  
Roll out fudge with rolling pin until about 1/4 inch thick. Then use cutters to cut out lots of shapes.

### EAST KERRY UNDER 14 CHAMPIONSHIP DIVISION 1 FINAL

#### Rathmore 4-15 Cordal /Scartaglen 4-10

Cordal /Scartaglen took on Rathmore in Fitzgerald Stadium, in the East Kerry Under 14 Division 1 Championship Final, sponsored by MD O' Shea during the week. It was Rathmore that got off to the stronger start scoring 2 goals, Darragh Rahilly and Dan Murphy being on target. Cordal /Scartaglen then took over the scoring settled and notched up 3-07 in the remainder of the half, with an outstanding 3-04 from the boot of Sean Horan and a point each from Donnacha Daly, Shay Walsh, and Eddie Horan. Rathmore's Anthony Darmody responded and scored 4 points, 3 from play and one from a free. Two fantastic saves, by Cordal /Scartaglen keeper Cathal O'Donoghue, denied Rathmore what looked like two certain goals in the first half. Score at the break: Cordal /Scartaglen 3-08 Rathmore 2-06.

In the second half, Rathmore again started strongly and scored three points, one each by Dan Murphy, David Dineen and Sean Cronin. Cordal /Scartaglen with Sean and Eddie Horan scoring 1-02 between them in the half. However, Rathmore's Anthony Darmody scored an impressive 1-07 before the final whistle was blown. After a fantastic game no side deserved to lose, with great skill, character and team

performance by both sides, it was Rathmore that won the title. Final Score Rathmore 4-15 Cordal /Scartaglen 4-10. Sean O Keffe, Vice Chairman the East Kerry Coiste na nÓg presented the trophy to the Rathmore captain, James O'Keffe.

### DIVISION 3 FINAL:

#### Spa 2-13 Gneeveguilla 3-10

Spa got off to the stronger start in Fitzgerald Stadium with a goal and 2 points, the goal by Liam Spillane and a point a piece from the boots of Reece Hegarty and Gary Vaughan. Gneeveguilla responded, but two great saves from Spa goalkeeper Oliver Cremin, denied Gneeveguilla a goal, before Evan Cronin added two points. Ryan Kelliher and Evan Cronin traded further scores to leave the half time score Spa 1-06 Gneeveguilla 0-04.

Gneeveguilla started the second half brightly and added 3 points from Evan Cronin including 2 frees. Spa responded with 3 points (Cian Fahy, Michael Horgan and Ryan Kelliher). It was tit for tat. Gneeveguilla's Sean O' Keffe narrowed the margin when he blasted the ball to the back of the Spa net. However, Spa attacked and Ryan Kelliher buried a goal to the net and followed with two more points. Just as Spa seemed to have the game won, Gneeveguilla went on the attack and Paul O' Leary goaled. With just seconds remaining Evan Cronin finished a great move to the Spa net to leave the sides level on a scoreline of Spa 2-13 Gneeveguilla 3-10. The sides meet again on Friday 5th September and this promises to be an exciting rematch. There will be extra time if necessary and the time and venue are yet to be decided.

**WELL DONE:** Well done to the East Kerry Under 16 team on winning their game in the county divisional championship. Hard luck to Eoghan Ruadh on losing out by a point.

**RESULTS:** Inter. Hurling C'ship Semi-final: Dr. Crokes 0-20, Lixnaw 1-11. Mnr Co. C'ship Semi-final: Dr. Crokes 2-10, East Kerry 1-08.

### INTER. HURLING C'SHIP SEMI-FINAL:

This game took place in overcast, slippery conditions in Austin Stack Park on Sunday last but proved to be an edge-of-the-seat semi-final that went the distance. Lixnaw were quick from the off, leading 0-05 to 0-01 at an early stage in the game. Some strong defending by Dr. Crokes saw the sliotar delivered to Aaron Murphy who made no error in corner forward, bringing the Crokes on level terms with frees from Mike McCarthy. A goal against the run of play pushed Lixnaw 4 points clear again but perseverance by the Crokes side brought the score-line down to a point difference before the break, Jack Lenihan and Shane Lyne working tirelessly in midfield. The second half held a greater task as we were now also playing against the wind. We opened our account early with a point from Michael O'Keffe and Mike McCarthy kept the score-board ticking over from placed balls. Great defending by the entire defence and some inspirational runs by captain Rory Waters pushed the game the distance. There was to be extra-time on an already darkening evening; full-time score: Dr. Crokes 0-13, Lixnaw 1-10. The youth on our team proved to be the difference in extra-time, Jack Lenihan and Aaron Murphy relentless around the middle of the park. Lixnaw were limited to 1 point in extra time, Crokes scoring 7 points to conclude an exhausting semi-final and proceed to the Intermediate Hurling Championship Final where we will meet Kenmare. Final score; Dr. Crokes 0-20, Lixnaw 1-11.

**MINOR CO. C'SHIP SEMI-FINAL:** We deservedly advanced to The Minor Football Championship Final following victory over defending champions East Kerry at a wet and windy Spa on Thursday evening. The crossfield wind favoured us in the opening half and the sides swapped points, Jordan Kiely replying twice for Crokes. Then disaster struck when the East Kerry keeper's attempt at a short kickout went wrong and in stepped Billy Courtney to capitalise from close range in the 12th minute. East Kerry fought back with three points without reply and the Crokes goal had a let-off when Daniel O'Brien was just wide with a fine effort for a goal. Chris Doncel and Paudie Clifford swapped points but Crokes finished with two points, from Paul Clarke and Michéal Burns (free) to leave us 1-5 to 0-6 ahead at the break. Dr Crokes restarted in fine style with

three points inside the opening five minutes courtesy of Michéal Burns, Jordan Kiely and a mighty effort from a sideline free by Burns again to open up a five points gap, 1-8 to 0-6. As East Kerry conceded frees Burns pointed twice in quick succession to leave Crokes 1-10 to 0-7 ahead. While the scoring dried up, there was drama for the remainder of the game. When Shane Lyne was hauled down in the East Kerry square, Kerry keeper Shane Ryan went between the posts and made a great save from the resultant penalty struck by his Kerry colleague Burns at the three quarter stage. Johnny O'Leary pulled off a great save in the Crokes goal, and suddenly there was only two points between them. However, Shane Ryan's scoring touch deserted him as he was off target with three efforts for points and as time ran out, Jordan Kiely availed of another defensive lapse to collect and race through on his own to fire past the keeper with two minutes remaining to seal victory for Dr Crokes. The Keanes SuperValu, Killorglin man of the match was presented to Michéal Burns by Peter Keane.

**REGISTRATION:** for all new underage players will take place this Saturday morning, 6th September from 10:00am.

**3RD ANNUAL COLM COOPER INVITATIONAL BLITZ:** The third annual Colm Cooper Blitz will be held at Dr. Crokes, Lewis Rd on Saturday 6th Sept 2014 from 11.00 to 18.30. This football competition is for U13 Boys and has proved a tremendous success since its launch in 2012. Designed to pay tribute to Colm, who has provided both Kerry and Dr. Crokes with many highlights during his career to date, the blitz is seen as a celebration of Gaelic football where it is hoped all the players express themselves and enjoy the games and off-field activities. The Cup, Plate and medals will be provided by the Coffey family, in memory of the late Denis Coffey, a wonderful link between the history, present and future of the Dr Crokes Club that this event represents. Mark the date, Saturday 6th September down in your diaries and come along and share in this international event with Colm.

**BEST WISHES:** to the Aaron Murphy, Chris Doncel, Jack Lenihan, Shane Lyne and the Kerry Minor Hurling team when they take on Meath in the All-Ireland Minor 'B' Hurling Final on Saturday, 6th Sept.

**CONGRATULATIONS:** to the Kerry Senior Football team and Dr. Crokes club members who defeated Mayo in the All-Ireland Senior Football Semi-final last weekend.

We are also working on a new communications tool which is being developed with the help of

Club member, John McKeon whose Company at Scott's Street, 'Portalis' is working on a collaboration software which will hopefully link all communications between members across teams, players, parents and Alickadoos alike. It plans to link channels including web, facebook, SMS and Twitter and replace general emails with a new system.

**MINI SECTION KILLARNEY RFC:** The mini section will commence training for the new season at Knockreer on Saturday the 6th September and almost every Saturday thereafter for the season, from 10:30am to 12pm. All children are welcome, from Under 12 down to Under 7. As always we are looking for parents to help with coaching and mentoring. He will continue his support for the stock, however it has been moved from Walsh Bros store and will be made available to parents on some Saturday mornings at Knockreer. The plan is that we will have a merchandise store at Aghadoe where all can continue to purchase our Club gear.

**KILLARNEY SENIORS:** Continue to train at Dirreen on Tuesdays and Fridays from 7:30pm. Big numbers of players are available and we could be on the cusp of a second team the way things are going. It is his intention to give as much game time as possible to each member of the squad. Coach Denis Corridan is doing great work and was joined recently by Munster Rugby Coach Ray Gadsden for an intensive session.

## WORKMEN'S ROWING CLUB

Well done to the Heffernan family on their very successful 'Charity Spinathon' event held last Sunday, in memory of our much loved and cherished member and Treasurer, Brendan Heffernan, whose first anniversary occurred on Wednesday 3rd September. What a tribute to Brendan's Life, the weekend was marked with his First Anniversary Mass, held in The Church of the Resurrection, followed by the traditional tea and scones in the Killarney Heights. Sunday's event was in true 'workmen style' plenty of fun,

dancing and queues to spin on the bikes, all in aid of Kerry Hospice, who were just amazing to Brendan and his family during his final days. Those lucky enough to get a spin were some of Brendan's close friends, Batty O'Sullivan, Kieran Counihan, Mike Doherty, Cllr John Joe Culloty, Mayor of Killarney, Anne Moynihan, Timmy Moynihan - doing his traditional dancing with every woman in sight.. and a lot more!!!

Fossa Rowing Club's Connie and Angela Daly and Pat Talbott. And not forgetting Colm Cooper and Seamus Moynihan who spent time spinning. The Success of the event was done to Caitriona Heffernan, Brendan's Sister, who organised the event, along with Mr and Mrs Donie and Kathleen Heffernan, Siobhan, Gerard, Mairead, Brendan's aunts and cousins and members of the Workmen's RC. The Spin of the day has to go to Kathleen Heffernan and her Sister Patsy O'Shea - Unbeatable.

The Workmen's RC also marked the First Anniversary with a special Rowing evening on Wednesday, followed by a drink in the Arbutus Hotel (the Arbut!) for old time sakes, plenty of lovely memories tinged with sadness.

**BEST OF LUCK:** To Oonagh Neilan, as she is leaving the shores of Lough Lein for Canada next week.. we will miss you, just glad you had a great season with the Workmen's, and hope you'll be rowing 'Masters' when you return from your new life abroad... Bon Voyage Oonagh.

## KERRY IMPRESSES AT COMMUNITY GAMES NATIONALS

Superb efforts by all our participants that have trained over the Summer and competed against the best in Ireland in the last two week-end. Every child did us proud representing both their area and county. Standards, as always, were extremely high at both weekends and there is great credit due to children, parents and managers who have given time, energy and commitments to prepare for these Games. Children have battled hard to get to Nationals with local competitions, county competitions, Munsters and then for sporting events there may have been heats, quarter finals, semis, and finals – so achieving a gold medal or any medal at Nationals is not an easy path! For the children who didn't get a medal at Nationals, we hope all children enjoyed the experience of performing against the best in the county and made some friends along the way. One of my own memories of the Finals was seeing a group of Under 10 children from all different counties chatting together while they lined up for their race – that I think is what Community Games is about – children from all areas interacting in a good environment. It was also great to see children supporting each other and other areas and hopefully all participants will have enjoyed themselves and have happy memories of their participation in Athlone.

The following are the children who were lucky enough to get into the medals placings – unfortunately we don't have space this week to give all the name of those making up the teams.

## KERRY SURVIVE TO SET UP TIE WITH DONEGAL

### KERRY 3-16 MAYO 3-13

Kerry qualified for the All-Ireland SFC Final against Ulster Kingpins Donegal when they overcame a stiff Mayo test at the Gaelic Grounds in Limerick on Saturday afternoon. It was a wonderful occasion and congratulations to the management of the Gaelic Grounds and their wonderful staff and helpers who left no stone unturned to satisfy patrons. In a game that had more twists and turns than a country road, it took a period of extra time before Kerry ensured their place in the September 21 Croke Park showdown. One has to feel a certain degree of sympathy for Mayo as they added to a memorable spectacle. This game had everything, including controversy, drama, three penalties, a black card and numerous other talking points. The game was level on four occasions over the 70 plus minutes of normal time. Kerry were seven points down at one stage as Mayo, thanks to a brace of Cillian O'Connor goals, led by 2-3 to 0-2 with 20 minutes gone in the first-half. Then in the 25th minute, the high fielding Kieran Donaghy was in the right place to boot home a loose ball when the Mayo defence failed to clear a James O'Donoghue goal-bound shot.

The Kingdom trailed by three points, 2-5 to 1-5 at half-time in normal time but had the advantage of the breeze for the second half.

**SECOND HALF:** Mayo led by four points early in the second half, but a James O'Donoghue goal from the penalty spot when he was fouled in the seventh minute hauled Kerry level once again. O'Donoghue and Marc O'Se added points to ease the Kingdom two clear with 14 minutes of the second half gone before disaster struck for the Kingdom when goalkeeper Brian Kelly failed to deal with a high ball and Andy Moran was on hand to fist home.

James O'Donoghue levelled once more as the excitement mounted but Andy Moran and Cillian O'Connor edged Mayo two clear.

Kerry were awarded their second penalty of

ACTION FROM LAST SUNDAY'S GAME.

the game when James O'Donoghue was fouled in the 30th minute, the Killarney Legion man coolly slotted past Robert Hennelly to push Kerry 3-11 to 3-9 clear again. Mayo sub Michael Conroy and Donal Vaughan scored points to force the extra-time period.

**EXTRA-TIME:** Mayo began with consecutive points from Cillian O'Connor and Kevin McLoughlin which pushed them two clear, but McLoughlin's score in the 3rd minute of the first period of extra-time was Mayo's last score of the game.

Barry John Keane with two frees levelled at half-time in normal time and one had the sense that this game was Kerry's to lose. Jonathan Lyne with two beauties, and Paul Geaney edged the Kingdom three in front as extra-time drew to a close. Then all hell broke loose in the final minutes when a melee, which resulted in the dismissal of Mayo's Cillain O'Connor, the yellow carding of Kieran Donaghy and the arrival onto the field of an irate Mayo supporter, closely followed by his mortified daughter occurred. It was an unsavoury end to a memorable occasion, but Kerry won't mind, they're back in the All-Ireland Final with it all to do all over again on September 21st against Jimmy

McGuinness's Donegal.

Kerry: Brian Kelly (Kilcummin); Killian Young (Renard), (0-1), Aidan O'Mahony (Rathmore), Shane Enright (Tarbert); Paul Murphy (Rathmore), Peter Crowley (Laune Rangers), Fionn Fitzgerald (Dr Crokes, Capt); Anthony Maher (Duagh), David Moran (Kerins O'Rahilly's); Michael Geaney (Dingle), Johnny Buckley (Dr Crokes), Donnchadh Walsh (Cromane); Kieran Donaghy (Austin Stacks, (1-0), Paul Geaney (Dingle) (0-4, 0-3 frees), James O'Donoghue (Killarney Legion) (2-6, 2-0 pen, 0-2 frees).

Subs: Marc O Se (An Ghaeltacht) (0-1) for Shane Enright, Barry John Keane (0-2 2f) for Paul Geaney Pa Kilkenny (Glenbeigh/Glencar) for Fitzgerald (Black), Declan O'Sullivan (Dromid Pearses for Johnny Buckley, Kieran O'Leary for Mikey Geaney, Jonathan Lynne (Killarney Legion) (0-2) for Donnchadh Walsh, Mark Griffin (St Michael's Foilmore) for Peter Crowley, and Bryan Sheahan (St Mary's Cahersiveen) for Aidan O'Mahony.

### RESULT:

#### KILLARNEY CELTIC B 2 SPA RD. 2

First game of the season and an absolute cracker, with great chances at both ends of the field. Spa Rd. scored first through Danny Roche. Stephen Hayes equalised from the penalty spot after Farouk Aminu was brought down and a quick free kick by Joe Hurley surprised everyone and gave us a 2-1 lead at the break. Ten minutes after the restart Spa Rd. broke down the wing and Brendan Sweeney produced a clinical finish. Celtic dominated the last quarter but Pa Fitzgibbon produced some great saves and both sides fully deserved a draw after a hugely entertaining game. There will be a full match report on our website.

**FIXTURES:** Denny Premier A: Killarney Celtic

at home to Dingle Bay Rovers, Friday, 7.30pm.

Denny Premier B: Killarney Celtic B away to Ballyhar Dynamos, Sunday, 11.30am.

**LOTTO SELLERS / YEARLY LOTTO:** The club is calling on all members to sell at least 5 Lotto tickets. We have all seen the cost of running the club in the financial reports so upping the Lotto sales would ease this burden. Also anyone who wishes to buy a Yearly Lotto ticket and ensure they are in the 52 draws in one go can contact Der Lyne on 086 3787738. If anyone has information for the notes contact Jimmy O'Sullivan Darcy 087 9633397 or jimmyosdarcy@gmail.com. Check out www.killarneyceltic.com for Killarney Celtic news, match reports, or photos.

# KERRY LADIES ROUND UP

This weekend coming sees more domestic finals. On Saturday 6th Sept sees the Senior B Final between Inbhear Sceine Gaels (ISG) & Scartaglin, venue TBC. Both teams had tough openers in the Senior A Championship which saw them drop down to Senior B. Scartaglin faced ultimate Senior A Finalists Desmonds/Duagh & while ISG faced pre championship favourites Laune Rangers. Both teams have a mix of experience & youth. However Scartaglin have had to contend with injuries & retirements this season so just about plumping for Inbhear Sceine Gaels. But result could go to the wire. In the marquee game the weekend, sees the Intermediate Final with the winner representing

Kerry in the Munster Club championship. Na Gaeil who won the Junior All Ireland Club title last year face Castleisland Desmonds on Sunday 7th Sept. Na Gaeil will obviously be keen to add the Intermediate title to their name after the Junior title, similar to Abbeydorney in 2005. However Billy Mangan has a strong Castleisland side who can count on county stars Aoife Lyons, Cait Lynch, Aisling Leonard & Lorraine Scanlon. Na Gaeil will be dependant on Marie Quirke, Eilish & Brid O'Connor & Deirdre Kearney to anchor their ship. James Prendergast Na Gaeil coach will harness the experience of their All Ireland journey to their advantage. However with injuries & players not

available from the team last year, Na Gaeil will find Desmonds the toughest test they will have faced & with their inter county experience will be plumping for Desmonds. Details on both games later in the week on social media. Next Saturday 13th September will be the Junior A Final between Corca Dhuibhne & Rathmore - two of the best young & upcoming teams. While the big game will take place on Sunday 14th September - the Senior A Final between Desmonds/Duagh & Southern Gaels, will the South Kerry side put aside the disappointment of last years final. Preview next week.

## IFA SAYS MINISTER COVENEY TO GET DIRECTLY INVOLVED AND PLAY A KEY ROLE IN RESOLVING BEEF ISSUES

At a meeting with the Minister for Agriculture Simon Coveney in Dublin this week IFA President Eddie Downey made it clear that livestock farmers are angry and frustrated over the way their incomes have been cut this year by price and specification cuts. "The Minister said he fully understands the anger of livestock farmers over what has happened in the beef sector and he is working hard to bring forward solutions," said Eddie Downey.

He said the Minister outlined that he will get directly involved and will play a central role in discussions between factories and farmers to resolve the current problems. The Minister said he expects the processing industry to respond positively to the key issues around the Quality Payment System and specifications to suit the Irish beef sector. The IFA President said the Minister and the Department is due to meet with the IFA again next week. Eddie Downey said IFA is demanding urgent progress and this process must deliver real results for livestock farmers.

must insist that the factories respect the agreement they entered into with farmers on the price grid under the Quality Payment System. It is essential that the unfair specifications cuts on dual pricing, weights, age and breeds that were never part of the QPS are removed. Eddie Downey made it very clear that weight limits are a major problem for the suckler herd and the Irish beef sector. He said progress here is essential to restoring trust and confidence.

# FARM INCOME VOLATILITY MUST BE ADDRESSED IN BUDGET 2015 – ICMSA

The Chairperson of the ICMSA's Farm Business Committee, Lorcan McCabe, has stated that farmers are once again trying to manage their business and plan for the future in the midst of ongoing milk and beef price volatility.

He stated that since 2009, farmers have seen many peaks and troughs in farm returns for all sectors and subsequently family farm income. The agricultural industry faces continuously changing markets with many internal and external forces impacting on the return farmers receive for their produce. "Unfortunately, farm returns in our main beef and dairy sectors are currently experiencing a considerable downturn. ICMSA has serious concerns in relation to income volatility and the need for self-funding of farm development which will be of particular importance in the context of quota abolition in 2015 coupled with the challenge of achieving the targets set out in Food Harvest 2020," said Mr. McCabe.

The Farm Business chairperson stated that ICMSA have addressed the issue of income volatility and the need for a mechanism to facilitate management of such peaks and troughs in order to allow farmers plan for investment in and development of their business in the ICMSA Agri-Taxation Review Submission and the 2015 ICMSA Pre-Budget Submission. "ICMSA have proposed the introduction of what is referred to in Australia as a Farm Management Deposits Scheme (FMDS) which has both a positive farm financing component and a built in mechanism to smooth out income over the years. In recommending a similar scheme to the FMDS, ICMSA believe the existing income averaging scheme in Ireland should be maintained." Mr. McCabe said that ICMSA believe the FMDS has many merits and most definitely should be considered for incorporating into the Irish income tax code for farmers. However, he stated that ICMSA have suggested a number of modifications to take account of Irish conditions.

Mr. McCabe stated that an increasing number of Irish farmers are incorporating in order to avail of the reduced 12.5 percent Corporation Tax rate. In this context, ICMSA believe that in order to provide some of the advantages of incorporation from the point of view of providing self-funding for investment and capital loan repayment, ICMSA have recommended that the 12.5 percent tax should apply on a once off basis for the amounts deposited in the farm management account. Farmers would then be able to avail of these funds in the farm management deposit account for farm investment purposes as the farm business required. No further tax would be paid on such funds taken from the deposit account where they are invested in the farm. In addition, where funds are taken from the farm deposit account in the form of income then the normal rate of tax would apply to these withdrawals less a credit for the 12.5 percent tax which was originally paid on the funds when deposited in the farm deposit account in the first instance. These arrangements would give all the advantages of incorporation without the necessary cost of compliance associated with farm companies in addition to providing a mechanism to level out income volatility.

## PRODUCERS DEMAND ANSWERS ON PIG PRICE DROPS

IFA Pigs Committee Chairman Pat O'Flaherty has said 'pig producers are shocked and disgusted that pig prices have fallen by an unprecedented 16c/kg in five weeks. The average pig price this year is €1.63/kg so 16c/kg is a fall of almost 10%, this is an unwarranted and unexplained drop in prices that producers cannot afford'. Mr. O'Flaherty said 'Pig production is an industry of extremely tight margins and 4c/kg can be the difference between profitability and falling into the red. A drop of this magnitude over such a short period of time is impossible to cover and farmers are now back in familiar territory, struggling to keep their heads above water.' The poor situation on farms is being exacerbated by feed prices which should have fallen by at least €30/tonne this year but so far have fallen by only €10/tonne and although more is promised, this is of very little value to the farmer whose pig price is now falling short

of the feed bill. 'Farmers across the country are querying why such a rapid and huge fall in pig prices has occurred. Exports have been very positive this year with both value and volume rising, retail value is also up with bacon and sausages performing very well this year. Farmers need answers and these must be provided by factories immediately.'

PAT O'FLAHERTY

## LABOUR PARTY CONFERENCE RETURNS TO KILLARNEY

The Labour Party has today announced that they will return to Killarney for their 2015 National Conference. The Conference will take place in INEC Killarney, February 27 – March 1. Labour held their 2013 Conference at the same venue last year.

Senator Marie Maloney said: "The Conference was a great success the last time it took place in Killarney. My Party colleagues were completely bowled over by the facilities at the INEC and by the professional approach taken by all staff at the venue, and indeed all over the town.

"We fought hard to get the Conference brought back to Killarney in 2015, and that effort has clearly paid off. Today's announcement will be good news for Killarney and for the entire county."

## TD DONATES HALF HIS SALARY

KERRY Fine Gael TD, Brendan Griffin, has confirmed that he will be donating half of his TD's salary to pay for a teacher at Fybough National School for the 2014/15 academic year. This is the third year running that Deputy Griffin is paying for a teacher at Fybough.

Deputy Griffin has been waiving half of his salary since his election to the Dail in 2011. In 2012, he started donating the waived portion of his salary directly to Fybough, allowing the school to retain more favourable class sizes.

Deputy Griffin said:

"As the new school year begins, I am delighted to confirm that I am once again donating half of my Dail salary to pay for the provision of an extra teacher at Fybough National School for the forthcoming academic year.

"I am glad to continue this arrangement for the third year running and know that it will have a positive impact on the education of all the children attending Fybough National School.

"I wish the entire Fybough school community well for the 2014/15 academic year and in the future, and know that the very highest standards will continue to be met at Fybough. I also continue to lobby intensely at national level for improved class sizes for all children in the Irish education system."

## NEW JUNCTION LAYOUT AT HIGH STREET

**Statement by Cllr Brendan Cronin**

In light of the amount of complaints I have received regarding the new junction layout at High Street, I have requested the Killarney Area Municipal manager John Breen to re-examine the new junction layout at High street as the current situation is causing a serious traffic backlog down towards the Market cross.

I believe that the traffic coming up High street must have the right of way at the new junction layout as the current layout gives a cul-de-sac the right of way which is highly dangerous and may lead to a serious accident. This new layout is a serious traffic hazard and it must be reviewed immediately.

## KILLARNEY SPORTS AND LEISURE CENTRE

Councillor Michael Gleeson proposed the following Notice of Motion at the recent Killarney Municipal Area Meeting:

"Has Kerry County Council put in place the necessary Personnel and Programme to ensure the continued successful operation of the Aura Sports and Leisure Centre in Killarney as this is a hugely vital part of the social and recreational life of the area for both locals and visitors".

Kerry County Council replied that the Killarney Sports and Leisure Complex is now being managed within the tourism infrastructure business unit. The relevant Personnel are in place and meetings have recently taken place with the operating company as part of the transition process from Killarney Town Council to Kerry County Council. This facility has received a financial subsidy from the former Town Council from its initial operation and will require an ongoing subsidy from Kerry County Council.

This matter will require careful consideration, along with others, in the context of the framing of Budget 2015 and the funding of Services.

Councillor Gleeson stated that the Aura Sports and Leisure Complex is a very vital part of the health and recreational structure for the greater Killarney area. He also stressed that it has become an important part of the Tourism product.

Having taken nearly twenty years to become a reality is of great importance that it would continue to prosper.

## SHEAHAN DELIVERS FOR LISTRY

Cllr. John Sheahan is delighted to announce that he has been given a commitment for 3 projects in Listry.

Chevron signs at Horgan's Bend to highlight this dangerous turn.

Resurfacing at the car park area at Listry Church.

Repainting of road markings at Listry Bridge, alerting motorists of unsuspected dangers.

Cllr. Sheahan looks forward to seeing works commence this Autumn.

## ELEPHANT ANGELS

The largest destruction of illegal ivory was made possible through the efforts of three young girls in Hong Kong. Yet, before tackling elephant poaching at the government level, these girls started in their own communities, building awareness of the horrifying reality of the illegal ivory trade in one of its most active ports.

After Nellie Shute, at age twelve, learned of the devastating toll of poaching on elephant populations, her school project focused on the issue inspired her fellow classmates to go home and educate their parents, many of whom owned ivory products. Seeing the difference she could make, she reached out to the anti-poaching organisation Elephant Voices, writing a letter that generated over 600 comments and shares on Facebook. She also created her own elephant stationary and raised the equivalent of two hundred and fifty Euros, which she donated toward the care of an orphaned baby elephant at the David Shedd Wildlife Trust in Kenya.

Nine-year-old Christina Seigrist and eleven-year-old Lucy Lan Skrine learned of the tragedy of poaching through participating in conservation programs and watching documentary film, and joined with Nellie in September 2013 to form Elephant Angels. The group's petition to the government for the destruction of Hong Kong's ivory stockpile, delivered on January 22, 2014, was followed the next day by the Hong Kong government's announcement that it would destroy 95% of the nearly 30 ton stockpile. The group has also succeeded in pressuring Hong Kong's second largest ivory retailer to stop selling ivory as of July 7, 2014.

## SEPTEMBER

September (from Latin septem, "seven") was originally the seventh of ten months on the oldest known Roman calendar, with March the first month. September has had 29 days, and 31 days; but, since the time of the emperor Augustus, it has had only 30 days.

The Irish name for September (Meán Fómhair) translates directly as "middle of harvest"

## LIFE SOMETIMES CAN BE A VICIOUS CIRCLE

In Arizona, a single mother of three had been dealing with a couple of years of rough times when she finally got a job interview for a good job for which she was qualified.

With her eldest in school, she had arranged for day care for her two youngest, which fell through hours before the interview. Desperate to not miss the opportunity to help her family, she made a decision to take her children with her and leave them in the car while she went on the interview.

She got the job, but she was also charged with two felonies for leaving her children unattended, ended up in jail and lost custody of her children

## A FEW SURPRISING-USES-FOR-HAIR-CARE-PRODUCTS

\*Soften your itchy wool clothing with some hair conditioner. Soak your sweater in cold water before removing from the wash, gently pressing any excess liquid out until the garment is damp. Using your fingers, generously work hair conditioner into the wool and let it sit for about 30 minutes. Rinse off the conditioner, gently press dry again, and leave to fully dry for about 24 hours.

\*Un-Shrink Clothes. Accidentally shrunk your favourite t-shirt? All is not lost! Soak the t-shirt in hot water and a few squirts of hair conditioner for 5-10 minutes. Rinse and let dry fully.

\*Wash Delicates. Fill your sink up with water; add 1/2 teaspoon detergent and 2 teaspoons hair conditioner. Gently hand wash your lingerie and other delicates.

\*Clean Brushes. Keep your brushes in tip-top shape with the help of a couple drops of shampoo. Work into the bristles and rinse well with lukewarm water. This will work on hair brushes, paint brushes, makeup brushes... you name it!

\*Wash Your Car. You can wash your hair with shampoo, so why not your car? Add 1/4 cup of shampoo in a bucket of soapy water to keep

your car clean.

\*Prevent Painful Band-Aid Removal. Coating your band-aid with a little shampoo or conditioner will help ease the pain of removal.

## RICE REPLACES ICE IN CHARITY BUCKET CHALLENGE

The famous "ice bucket" challenge is inspiring thousands of Indians to follow suit, but with a twist- they are replacing ice with rice in a bid to help the country's vast population of poor, hungry people.

The challenge, involves donating a bucket of rice to someone in need and clicking a picture to share online to raise awareness.

Started by a 38-year-old journalist who felt the ice bucket challenge was a little bizarre, the movement's Facebook page defines it as a "local challenge for local needs" and has clocked more than 50,000 'likes' so far.

Mass hunger, much of it poverty-induced, continues to haunt India. The country last year ranked 63rd on a list of 78 countries tracked by the International Food Policy Research Institute's Global Hunger Index.

## PIT BULL AND PIGLET FORM UNLIKELY FRIENDSHIP

A new friendship is blossoming at a West Virginia animal sanctuary between an unlikely pair. After being rejected by her littermates, a little black piglet named Pigalina has taken a shine to a rescued Pit Bull named Levi.

Levi acts as the resident assistant at the sanctuary and has grown up around all kinds of animals. He is comfortable around pigs, horses and other dogs, and the adorable Pit Bull spends a lot of time splashing around in the pigs' mud hole on the farm grounds.

Levi lies next to a sick animal for hours, lets baby animals play on him and encourages the frightened and nervous animals to trust again. He has reached animals that the shelter staff couldn't.

The sanctuary's team members always supervise the interactions between Pigalina and Levi to ensure the safety of both animals.

## NEVER BUY FUR PRODUCTS AND DISCOURAGE ANYONE ELSE FROM DOING SO

In a government sanctioned cull in Namibia 80,000 baby seals were clubbed to death to make fur coats in China that are sold over the internet.

That trade brings in \$500,000 at most to Namibia, according to environmental groups, but it has proved lucrative to China, where the pelts are made into expensive coats, hats, and other clothing.

Why China? For one thing, it still allows the import of seal skins. The United States banned the seal fur trade in 1972, and the European Union imposed a ban in 2009.

Namibia and Canada are the only countries that permit baby seals to be clubbed to death, and along with Greenland, they account for 60% of the 900,000 seals slaughtered annually, according to a European Commission report.

Websites such as Alibaba, the eBay of China, meanwhile, sell fur seal hats and clothing made from the slaughtered pups. U.S. Internet giant Yahoo is a part owner of Alibaba.

Bull fur seals are killed for their genitals, and the company touts the supposed but unproved medicinal benefits of seal penis. Their price is quite high, and can be compared with gold the company states.

The Canadian website Always in Vogue advertises seal fur mittens (\$274), seal fur purses (\$725), seal fur pillows (\$229), and even seal fur bow ties (\$46.) That seal fur is most likely sourced from Canada's domestic slaughter.

## CAT SAVES HOME FROM GOING UP IN FLAMES

Tilly the tabby cat had only been living with her new family for three weeks before she saved their home from destruction.

Matt Clayton and his wife and kids in Blackburn, suburb of Melbourne, Victoria, Australia had recently adopted Tilly, who was a scrappy, beat up stray and new mom to four kittens.

One morning, Mr. Clayton and Tilly were alone in the house when Tilly started acting strangely. Mr. Clayton said Tilly kept looking at him, looking at one particular spot on the ceiling and meowing incessantly and wouldn't budge from the spot.

Although he couldn't see or smell anything

unusual, he put his hand on the ceiling and pulled gently at the light fixture and "smoke came pouring out."

He immediately called the fire department who said the smouldering home would have been in flames within 20 minutes.

## WRITING YOUR OWN OBITUARY

An 80 year old Delaware man wrote his own obituary and kept it short – it simply said "I am Dead" he then went on to visualise the report of his funeral in the newspapers and to make his final wish.

"He was surrounded by his loving wife of 57 years, who will now be able to purchase the mink coat which he had always refused her because he believed only minks should wear mink."

"There was no viewing since his wife refused to honour his request to have him standing in the corner of the room with a glass of Jack Daniels in his hand so he would appear natural to visitors."

"He was preceded in death by his tonsils and adenoids in 1935; a spinal disc in 1974; a large piece of his thyroid gland in 1988; and his prostate on March 27, 2000."

He chose to join the Marine Corps and serve in the Korean War "because of Hollywood propaganda, to which he succumbed as a child during World War II."

"Instead of flowers, I would hope that you will do an unexpected and unsolicited act of kindness for some poor unfortunate soul in my name."

## OLD (AND NEW) FASHIONED MANNERS ARE BACK:

The whole point of manners is that if we can all agree on some basic rules, life will be more comfortable and sane for everyone, and the reality of living in ever more-crowded urban centres means that young people today are craving the manners most of them were never taught.

Oh, and if in doubt, refer to the Golden Rule. "Do unto others as you would have them do unto you" is the first and best rule, from which all the below stem:

1. Let the people on a bus, train, shuttle or any other form of public transportation exit before you get on. Otherwise, pushing and shoving ensues when really there's no need at all for bodily conflict.

2. On public transport, always offer your seat to an older person, a pregnant woman, or anyone who is using a cane or other obvious sign they are disabled; or to people who just look tired or are carrying a bunch of stuff. Err on the side of caution; don't know if a woman is pregnant? Offer the seat anyway — they will either decline or be grateful, and either way you've done something nice

3. Never, ever speak on a phone while

conducting business at a counter, whether it's a fast food restaurant, a supermarket or a bank. It's just incredibly disrespectful to the person who is assisting you or ringing you up. If you are in the middle of an important conversation, the least you can do is ask the person you are speaking with to hold on while you check out. Or better yet, wait until you get home and enjoy your conversation.

4. Cover your mouth when you yawn, cough or sneeze; this keeps germs from being spread and means strangers or colleagues won't know exactly how many cavities you have.

## RECYCLING FACTS

Next time you finish that Diet Coke, decide to replace your mobile phone, or throw away that outdated phone book, take a moment to think about your next step. Before you head to your rubbish bin, ask yourself if there is a smarter option. The more you know about recycling, the more you will be motivated to do it. Not only does recycling keep waste from overcrowded landfills, it provides raw materials to create new product.

\* Using recycled paper saves water, not just trees.

\* Enough plastic bottles are thrown away each year to circle the planet four times.

\* 25 billion styrofoam cups are trashed each year. It takes Styrofoam more than 500 years to decompose in a landfill. A coffee mug can be washed and reused for years generating no waste.

\* It takes centuries for a disposable nappy to break down in a landfill and on average, one baby will go through 8,000 nappies.

\* Recycling aluminium cans saves 95% of the energy used to make new cans. When you recycle just one aluminium can, you save enough energy to power a 100-watt light bulb for 20 hours or to listen to a full album on your iPod.

Each recycled, re-purposed or reused item is an item that does not end up in a landfill. We have one earth, and we all should work together to

## BLACKFRIARS BRIDGE, THE WORLD'S LARGEST SOLAR-POWERED BRIDGE

The energy generated by the 4,400 solar panels atop London's Blackfriars Bridge will prevent 511 tons of carbon dioxide from entering the atmosphere each year, that's equivalent to the annual greenhouse gas emissions from 106 cars.

The roof of the bridge, first built in 1886, was recently retrofitted with 4,400 solar photovoltaic panels covering 6,000 square meters. Capable of generating up to 900,000 kilowatt hours of clean energy annually, the panels will supply half the power needed to run the Blackfriars tube station each year.

## TRANSITION FROM PRIMARY TO SECONDARY SCHOOL WHAT TO EXPECT AND WHAT CAN HELP

By the time you reach your final years in primary school, you will be totally comfortable with your school environment. By sixth class, you are one of the most senior people in your school and you are used to being given responsibility and looked up to by the younger children. However the transition to secondary school means that you have to revert to being the most junior again and have to cope with a brand new environment. Change can be a daunting task for any one of us and can take a lot of adjusting to. Easily the biggest change when entering secondary school is going from the experience of one teacher all day in one classroom to encountering eight or nine different teachers and subject/classroom changes every forty minutes or so. A tip to help you cope with this is to write down the name of each new teacher beside the name of the subject and write your own version of the class timetable. The second big change is the constant movement between classrooms throughout the day. Depending on your subject choices, you will be moving all around the school. Getting lost during the first few weeks will be inevitable and a good tip is to always stay with at least one other person from the class.

Another big adjustment is the number of specific subjects you will be covering. Students in First Year will cover up to sixteen different subjects; many of these will be new to you. Discuss all the subjects at home with your parents and let them know which ones you struggle with. Everyone will have their own favourites and will excel at certain subjects. Your timetable will take a lot of getting used to and you may need help initially in the organisation of your schoolbag each day. Each student will also be provided with a locker and be sure to use your locker to avoid 'heavy bag syndrome'. Homework time is obviously going to increase. However not all subjects are covered every day and not all subjects involve homework. Learn how to successfully manage your time and don't rule out the possibility of supervised study. Schools reports may also be a new experience that comes with secondary school as regular reports come home from the school. Taking part in games and P.E. is a great way of getting to know more students in your school. Find activities which you like and enjoy and try out new activities even if you haven't tried something before, or if you don't know what the activity entails.

If you find yourself struggling with any aspect of this change be sure to talk to someone: Your parents, a friend, a class teacher or school counsellor. This time will fly by, and before long your new school will feel like your second home!!

### MALARIA PART 2

#### Commons symptoms include:

- Fever
- Sweating
- Shivering
- Headaches
- Generalised flu symptoms

The degree of illness within any particular patient depends greatly on the number of parasites with the blood stream. During an initial attack the symptoms are usually very definite and a clinical diagnosis may be quite straight forward so long as a history of international travel is obtained.

#### Making Diagnosis:

The only certain way of confirming the diagnosis of malaria is to find the parasite on examination of the patient's blood. Many Laboratories are quiet inexperienced in identifying tropical diseases and so delay or a misdiagnosis sometimes occurs. In patients with a history of exposure and suggestive clinical symptoms it may be necessary to commence treatment on a presumptive basis before the final results are through. This is often the safest course of action. Remember that following any at-risk travel Fever = Malaria until it is proven otherwise.

#### Protection against malaria:

It is essential that all travellers recognise that none of the malaria prophylactic tablets are perfect. Each of the drugs used have problems – either with a case of compliance or side effects of varying severity. Avoiding Mosquitoes remains counterstone of protection against malaria. In most cases the mosquitoes which transmit malaria tend to bit during the evening hours once the intensity of the sun has lessened. At these times (between dusk and dawn) it is essential that traveller cover up well and use adequate insect repellent. AVOID INSECT BITES.

#### Taking malaria tablets:

1. Start before travel as guided by your health advisor (with some tablets you should start three weeks before).
2. Take the tablets absolutely regularly, preferably with or after a meal.
3. It is extremely important to continue to take them for four weeks after you have returned to cover the incubation period of the disease. Atovaquone/proguanil (malarone) requires only 7 days post –travel.
