### Husqvarna Automower® X- Line

Perhaps the most impressive attributes of a Husqvarna Automower® are their durability and control. Low-noise drive motors now have an expected working life of more than 10,000 hours, which far outperforms a petrol mower's engine life of about 500 hours.

# Stage is set for the Niall McGillycuddy Tournament

Final preparations are underway for a tournament to celebrate the late Niall McGillycuddy's love of football.

His beloved club, Legion, will host the tournament on Saturday next, August 17th, kicking off in Direen at 10am.

The tournament was launched at the end of July by Peter Keane, manager of the Kerry Senior Football team along with Niall's parents, family, friends and members of the club.

Eleven Under 16 teams are invited to play and remember the talented young footballer who passed away last October.

The son of Sheila and Daithi and brother of Ellen and Jane, Niall's love of the game was second to none.

Speaking at the launch, Pat Moynihan said that Nowhere outside of the family, was this loss more keenly felt than in Killarney Legion GAA club. Niall had been a constant presence in Direen since a very young boy and we had all watched him develop into a talented and dedicated Gaelic footballer, but more importantly into a hugely popular, kind and considerate young man".

"We were all looking forward to a wonderful day when we invite all these teams to share Niall's love of football - it will be a great day both on and off the field of play" Pat added.

Among the teams invited are Kenmare, Austin Stacks, Laune Rangers, Glenflesk, Dr.

Niall's love of football and that of his club Legion will be celebrated next weekend.

Crokes, Fossa, Spa, Firies, Rathmore & Kilcummin along with Legion U-16 team.

The club will host a BBQ on the day and everyone is invited to come along.

## Gardener Connie scoops two prizes at local show

It was dream come true for popular Killarney man Connie McCarthy when his love of gardening earned him two trophies at the annual Kilgarvan Show.

Affectionately known to everyone as "Con on the bike", the 81 year old from Ardshanavooley won first prize for his parsnips and second prize

for his potatoes, Speaking to the Killarney Outlook this week, Connie's granddaughter Jorah said that Connie's garden is his pride and joy.

"He absolutely loves gardening, every year he sets loads of parsnips, carrots, onions, lettuce and cabbage and he usually gets me to help with the digging", Jorah said.

"We did up his front garden last year and he spends his days either there or cycling up to his parents old house in Coolcaslaugh where he also has a garden.

On the advice of Con's friend Andrew, he decided to enter the Kilgarvan show, something he always wanted to do – and when he won it was the icing on the cake. !

"He's so proud of his achievement and we are obviously all very proud of him too", Jorah said, "I don't know how he does it at his age but I think the gardening keeps him young" she added.

Con worked in Tuf Shoes and Pretty Polly before he retired but gardening is his first love and he always shares all the fruits of his labours with his family and friends.

In glorious sunshine, the cyclists who took part in the Aoife O'Sullivan Oncology Education Fund arrived in Malin Head after a cycle which took them from Mizen Head to raise funds in Aoife's memory.

The Kenmare cyclists started at Mizen Head on Saturday 28th and took a route through Kenmare, Charleville, Birdhill, Ballinasloe, Roscommon, Carrick-on-Shannon, Enniskillen, Omagh, Derry, Carndonagh and onto Malin Head. During those those five days over

€11,000 was raised for the fund. The fund is operated through the CUH Charity and is set up to advance the education of nurses in the Oncology Department at CUH. The cycle gained a huge following through print media and social media with the sense of fun and excitement clearly showing in posts and tweets. Michael Nason, CEO, CUH Charity commented, "The cyclists should be so proud, this is a charity event at it's very best". Tina & Pat O' Sullivan, parents of Aoife told the Killarney

Outlook. "We are humbled by the generosity of the contributions received, great credit must go to the organisers, the cyclists, the support team, their families and the sponsors. Support for the Oncology nursing staff will hopefully shine some positivity on what is a personal tragedy for our family", Pat added.

The fund will continue to grow with all future contributions being greatly appreciated by the CUH Charity and the nurses who will avail of the financial support.

Aoife's Mizen to Malin Cycle Thirteen Cyclist began their Mizen to Malin Cycle last Saturday the 27th in aid of the late Aoife O'Sullivan Oncology Education Fund. ## Final push for tidy towns clean up

The final push is on for the Tidy Towns clean up and following a two week break – all the volunteers are well rested and raring to go.

The next meitheal will take place at the Lissivigeen Roundabout where they will be edging grass verge, weeding, fence painting and generally tidying up this main approach roundabout to Killarney.

The final round of judging is taking place during the month of August, so everyone is asked to volunteer and make one mighty effort to improve this main approach roundabout area to the town. The date for your diary is Monday 12th August at 6.30pm, meeting in Lissivigeen School Car park.

**WHY DO YOU NEED LIFE COVER?**  
**TO PROTECT YOUR FAMILY AND LOVED ONES**  
If your loved ones depend on your financial support for their livelihood, then life insurance is a must, because it replaces your income when you die. This is especially important for parents of young children or adults who would find it difficult to sustain their standard of living if they no longer had access to the income provide by their partner.

**TO PAY OFF YOUR MORTGAGE, DEBTS AND OTHER EXPENSES**  
In addition to providing income to cover everyday living expenses, your family needs insurance to cover any outstanding debts, like the mortgage, credit cards and other loans. You don't want your spouse, parents, children or other loved ones to be left with any extra financial burden in addition to the emotional burden they're already suffering.

**TO BRING PEACE OF MIND & LEAVE AN INHERITANCE**  
We can't know when we'll pass away. It could be today, tomorrow or 50 years from now, but it will happen eventually. No amount of money could ever replace a person. But more than anything, life insurance can help provide protection for the uncertainties in life. Even if you don't have any other assets to pass to your heirs, you can create an inheritance by buying a life insurance policy and naming them as beneficiaries. Without a doubt, having life insurance coverage will bring you and your family peace of mind. You should also consider income protection and serious illness cover when considering life cover.

# Kerry's 'Star' man to make Croke Park return for sold out Legends Tour

As Peter Keane's young-guns prepare for their All-Ireland Football Championship semi-final clash with old rivals Tyrone this Sunday in Croke Park, one Kerry legend, who knows the opposition intimately, will be giving fans an insight into his experience of stepping out in Croke Park on the biggest days in Football.

Kieran Donaghy, who won four All-Irelands with Kerry and 3 All-Stars, as well as picking up the Footballer of the Year Award in 2006, will indulge GAA fans in a special, behind-the-scenes tour of Croke Park as part of this year's Bord Gáis Energy GAA Legends Tour series.

Kieran's tour will offer guests a special chance to experience Croke Park from the perspective of a player who represented their county on some of the biggest days in its long and illustrious history. The Austin Stacks clubman will also

share his intimate knowledge of Mickey Harte's Tyrone team, having featured in numerous battles between the Kingdom and the Red Hand, during his 14-year inter-county career.

Speaking ahead of the Bord Gáis Energy GAA Legends Tours, Kieran Donaghy said: "It's an honour to be involved in the Bord Gáis Energy GAA Legends Tour this year, particularly on a day where Kerry are looking to register their place in an All-Ireland Football Final. I was lucky enough to wear the green and gold on a number of big occasions in Croke Park myself and look forward to joining guests on the tour this weekend to remember some of those moments."

Tickets for Kieran Donaghy's tour are sold out. For more information on upcoming tours as part of the Legends series, see: [www.crokepark.ie/legends](http://www.crokepark.ie/legends)

# M & S volunteers ensure Killarney is looking good

The Trojan work by the Killarney Tidy Towns volunteers was given a welcome boost recently when ten volunteers from M&S Killarney joined them in their efforts to make the town a cleaner and more welcoming place for the local community to enjoy. Volunteers took to the streets of Killarney washing away graffiti, picking up litter and painting public seating, as well as sprucing up the town bridge that leads into Killarney National Park.

Killarney Tidy Towns are a team of volunteers dedicated to maintaining a clean and safe environment in Killarney and enhancing the beauty of this world-famous town. Each year, they celebrate the best local efforts with the annual Killarney Looking Good Awards.

The M&S volunteer team rolled up their sleeves to help clean-up Killarney town. Work included renovating the town bridge that leads into Killarney National Park, a key attraction both for the local community and visitors to the town. The team also freshly painted the town benches, which are now free of graffiti and

more welcoming to passers-by.

The volunteers were ten of 500 colleagues from all 18 M&S stores in the Republic of Ireland, who took part in a 40-day volunteering drive, committing over 4,000 hours to projects that work tirelessly to improve the lives of people across Ireland.

As well as Killarney Tidy Towns, M&S is working

with 40 organisations including schools, food banks, youth clubs and education charities to create positive outcomes for thousands of people across Ireland.

Johnny McGuire, PRO with Killarney Tidy Towns, said: "We are thankful to the staff of M&S Killarney for choosing to support Killarney Tidy Towns. We had lots of work on our agenda this year to make a difference to our town and the support of M&S Killarney is greatly appreciated."

Paul Daly, Store Manager of M&S Killarney said: "We're really proud to be coming together as a team to support St. Killarney Tidy Towns. At M&S Killarney we care passionately about supporting our local community. Volunteering can make a profound difference, and we believe that lots of small actions from lots of people creates a lasting impact to initiatives that do so much good for people in Killarney." Killarney Tidy Towns and M&S were connected to work together by Business in the Community Ireland.

# Generous Kerry folk raise thousands for the Hospice

The generosity of the people of Kerry was very much in evidence when the Kerry Hospice Foundation revealed that thanks to the support from their volunteers and the generosity of the public across the region, €43,665 has been raised.

The funds were raised during a two-day fundraising event, which took place on the 7th and 8th June 2019. This year marked the 29th year of the fundraising campaign and €739,411 was raised nationally.

Funds raised through the campaign will be used by Kerry Hospice to go towards their campaign to raise over €400,000 for the development of a new 15 bed in-patient unit in Tralee.

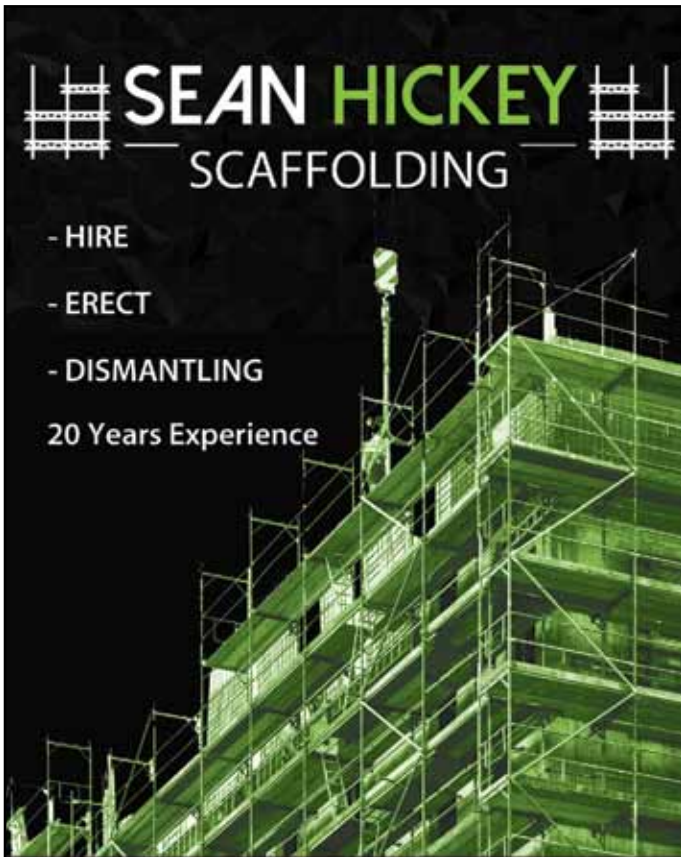

"Hospice Sunflowers Days is one of our main fundraising initiatives during the year, so we are absolutely delighted to have raised over €43,600 for Kerry Hospice. We would like to thank our network of volunteers who gave up their time to help fundraise over the two days and also our supporters for their continual support and generosity in helping us to raise this much needed funding. We are now looking forward to planning activity for our special 30th year of the Sunflower Days campaign in 2020", Joe Hennebery from The Kerry Hospice Foundation told the Killarney Outlook.

Every euro raised in every county across Ireland will go directly towards supporting and

funding the local hospice or specialist palliative home care service in that area enabling them to continue to provide person centred, holistic and loving care to patients and their loved ones.

Irish Cancer Society Ambassador and popular comedian Des Bishop got to grips with a Lamborghini Huracan along with Belle Walsh (5) to announce that the Irish Cancer Society will be the official charity partner for Cannonball 2019. PHOTO: Mark Stedman

The official route for Cannonball 2019 has been announced and it is confirmed that the supercar spectacle is coming back to Killarney on Friday September 6th for the first overnight pitstop of the event. The last time the large Cannonball event came to Killarney was 2011 when thousands lined the streets to welcome the largest road trip in Europe and 190 of the finest cars on the planet. In July there was a smaller Retro Cannonball event which brought classic cars to the stunning driving routes around Tralee and Killarney but now the Super Cars are ready to make an entrance once again to the Kingdom and thousands will flock to Killarney from home and abroad to see the spectacle and enjoy this free family event in aid of the Irish Cancer Society. Cannonball, fuelled by milesPlus from Circle K, will start at Malahide in Dublin this year on September 6th at 10.30 am and then blaze a trail through Cork, Kerry, Limerick, Mayo, Sligo, Meath and Offaly. Fans will meet the drivers and celebrities and get up close and personal with the world's top mark cars such as McLaren, Lamborghini, Ferrari, Aston Martin, Porsche, Maserati, Rolls

Royce and Bentley. The benefit to the Irish economy and host towns of this event is estimated at €2,567,000 per year. Over 200,000 people will line the streets all over Ireland for Cannonball and the event has already raised €1,016,000 for Irish charities. This year, the charity benefactor is the Irish Cancer Society. The charity funds lifesaving cancer research and a range of free support services for people affected by cancer. Spectators will enjoy the unique festival atmosphere that Cannonball is renowned for. The Brazilian Dancers will bring all the glamour of carnival, fire breathers, street entertainers, live music and free giveaways get the party started as the largest screen in Ireland shows footage of the event as crowds gather to welcome the event. The notorious NYPD, German Polizei, Fr Willie and colourful Cannonballers in crazy costumes add to the melee. From Spiderman to Star Wars, Cat Woman to Wonder Woman, Cheerleaders to Charlie's Angels, Batman, The Joker and more, it is a totally unique and free family day out.

Celebrity Cannonballers over the years include Boyzone's Shane Lynch who is a firm devotee and even has the logo tattooed on his leg! Other household names have included former Miss World Rosanna Davison and husband Wes Quirke, Glenda Gilson, Rachel Allen, Kathryn Thomas, Miriam O'Callaghan, Georgia Salpa, Holly Carpenter, Roz Purcell, Nadia Forde, Ryan Tubridy, Mick Galway, Gerald Keane, Andy Quirke, Nicky Byrne, Colm Hayes, Ryan Thomas, Dirty Sanchez, Jenny Green, former Taoiseach Enda Kenny and former President Mary Robinson. This year, organisers are looking for novelty cars, muscle cars and classics as well as supercars so check out [www.cannonball.ie](http://www.cannonball.ie) to register your interest and check routes and all details. Cannonball will be fuelled by milesPlus from Circle K as the main headline Sponsor for 2019. Tour Sponsors include Manhattan Popcorn, Asystec and Hone. # Charity concert at St Mary's

St Mary's Church of Ireland in Killarney is (the Church of the Sloes) is staging a charity concert of the "Canticle of Creation" on 15th August at 8pm in aid of Eco-Charities in Kerry.

St Mary's, the Church of the Sloes is bringing back to Killarney the modern setting of St Francis of Assisi' "Canticle of the Sun". The piece called the "Canticle of Creation" is a musical setting and performed by Vincent Kennedy (trumpet) accompanied by Marina Cassidy (harp). Given that it is the "Season of Creation" from 1st Sept to 4th Oct (St Francis' Feast Day) it is very appropriate to have this concert at the peak of the tourism season, to raise money for worthy eco-charities in Kerry. The major

beneficiary is Transition Kerry. The sponsors—Muckcross House & Gardens Trustees, Killarney Park Hotel with the Ross Hotel, Randles Hotel with the Dromhall Hotel—have graciously provided for the publicity and other costs of staging the event so the whole of the ticket sales will go to charity.

"It is fitting that we have this concert now, to draw people's attention to the honour and respect in which our world is held by that most Celtic of the European saints: Francis. The encouragement of this Canticle links beautifully with the upcoming Season of Creation during which we focus our undivided attention on the way in which we—our actions

and behaviour—impact upon Creation. The lifestyle of humanity has already used up this years' allocation of our world's resources!!! We'll need 1.7 worlds to keep us going at this rate," Archdeacon Simon J Lumby said.

Marina Cassidy is a well-known and well-loved performer at our Church and attracts a wide ranging audience for locals and visitors alike. Her playing of the Harp and her singing are very well regarded. "Marina's musical talent was quickly spotted and she began her musical education at an early age. She holds many musical qualifications and awards including the Irish Vocal Heritage Award, being the first Singer & Instrumentalist, combined, to receive that award. "The rich, pure quality of her soprano voice and her ability to interpret her material, musically and emotionally, combined with her craft as a harper, weaves a magical web which catches us all within its spell."

Vincent Kennedy was commissioned by the Franciscan Order in Ireland to compose the piece and it has been performed at the Friary, and in Dublin and Kinsale. "Vincent is an internationally renowned composer and conductor who has written Symphonies, Cantatas, Concertos, and works for practically every type of performance from solo to Symphony Orchestra with Chorus. His music is played worldwide. He says of music that it "has been a faithful friend; always there to uplift, distract, colour and comfort.

Tickets on Eventbrite and on the door €20.

## Posts should be advertised says Brassil

**- Position has been vacant since June 2018 -**

Fianna Fáil TD for Kerry John Brassil has welcomed the news that the Consultant Appointment Advisory Committee has finally approved two new consultant cardiologist posts in University Hospital Kerry (UHK).

Deputy Brassil said it was shameful that it had taken so long for the posts to be approved given that they had been vacant since June 2018 and called for them to be advertised immediately and filled without delay. He said, "Since first becoming aware

of the vacancies in UHK I have raised it numerous times in Dáil Éireann. Unfortunately, I was met with differing stories from the HSE, the Department and the Minister.

"Despite being told the replacement process commenced as soon as the position became vacant, I learned in March of this year that the post was awaiting approval by the HSE's Consultant Appointment Advisory Committee.

"The delay in approving the post has caused huge concern for the people of Kerry who feared for the future of the hospital as a category 3 24/7 hospital. Over one year later I am glad it has finally been approved but we need to see it advertised immediately. "There can be no further delay in filling these posts and I am calling on the Minister to expediate the recruitment process. I will continue to fight until such a time as both positions are filled and the future of cardiac care in UHK is secure", he concluded.

## Tackle back to school costs - Brassil

Fianna Fáil TD for Kerry, John Brassil, has called on the Government to tackle the soaring costs associated with sending children to primary and secondary schools.

Deputy Brassil said the Government must listen to the Oireachtas Joint Committee on Education and Skills which has outlined a number of measures to be introduced to reduce the financial burden associated with sending children to school.

He explained, "Recently the Oireachtas Education published a report on school costs. It called for funding for the school book rental scheme to be increased; non-badged generic uniforms to be introduced and for the Department of Education and Skills to carry out an independent assessment of the adequacy of the capitation

rates and incrementally increase funding to schools.

"The Barnardos School Costs Survey for 2019 has shown that the costs associated with sending children to school remain stubbornly high. Worryingly, the average cost for a first-year pupil is €735 which really brings a different meaning to 'free education'.

"New uniform costs, book expenses, transport charges and voluntary charges which aren't really voluntary whatsoever all add up and these don't even take into account additional costs associated with extra-curricular activities such as school trips. It's a worrying time for some parents when instead they should be enjoying the next chapter of their child's life", he concluded.

## CU Bursary to help students with college costs

Last year's winners of the CU Bursary

Killarney Credit Union has announced the opening of their 2019 Bursary Award which will give a €4,000 bursary to four third level students to attend college this academic year. With the Leaving Cert results and CAO offers coming out later this month, many families will see their child or children off to college for the first time. For these families, this can be an extremely stressful time, as the cost of third level education continues to spiral, having a huge impact on family budgets and household

spending.

Killarney Credit Union would like to remind their members that the credit union is here to help and have this week launched their education loan which can help families in the South Kerry area cover these costs.

The bursary is open to all members of Killarney Credit Union who are attending college for the first time and is also open to students studying abroad and mature students.

Speaking about the awards, Karena McCarthy,

Youth Officer with Killarney Credit Union said "last year we had 70 applicants for the awards and the lucky winners were Mary Murphy, Paul Murphy, Emily Cronin and Andrew Law Braney who each received an award for €1,000.00 each. With the increased costs of attending third level, this bursary is a welcome financial aid for meeting those costs" she concluded.

Application forms are available in all branches and on the website [www.killarneycu.ie](http://www.killarneycu.ie). The closing date is Friday 27th September at 5pm. Proof of acceptance on course must be provided in advance of payment of bursary.

Karena added: "The significant cost of third level education puts phenomenal pressure on both parents and students starting or returning to 3rd level education this year. The student registration fee combined with monthly rent and bills, books and materials, food and day to day expenses are a significant financial burden to many families. Killarney Credit Union is available to support both parents and students as they prepare for the academic year ahead. We have put in place dedicated student loan officers in each of our three branches, who can advise parents and students on the best finance options. We are advising parents and students to come in early and discuss their financial needs for the college costs. We are also here to support families through our Bursary Award also, so make sure to apply before the end date" she concluded.

# KILLARNEY TOWN TALK

## DERMOT'S VOICE RINGS OUT AT CHARITY CONCERT

The annual Market Cross Busking concert celebrated 30 years this year as local musicians gathered to play for locals and tourists alike in the centre of the town on Bank Holiday Monday last.

The charities to benefit from the day of music and song were Killarney Community Services and the South Kerry branch of the Multiple Sclerosis Association.

One of the most poignant moments this year was when the musicians played a recorded song by the late Dermot Flynn who passed away last year.

Dermot along with his friends in the music industry played every year for the charities and his amazing voice rang out on Monday afternoon along with that of his son Alan who has clearly inherited his dad's amazing voice.

## KEVIN CONTINUES TO IMPRESS IN MONDELLO IRISH MASTERS

With the last round of the Mondello Irish Masters taking place at the end of July, Kevin Coyne is continuing to impress.

He recently changed his bike to a 400 Kawasaki and has moved up to the supersport class which consisted of faster more experienced riders.

Under the watchful eye of Alex Duncan from the North of Ireland, Kevin started to learn his way around his new bike and although he was still lacking power and in need of competitive suspension, he was still optimistic.

"With qualification taking place early on

Saturday morning, Kevin qualified in 6th place which was a great result – getting his time down to just over two minutes", Mark Coyne told the Killarney Outlook.

Race 1 had to be red flagged after 2 riders came together at the start so it was a reset and time to focus.

Kevin had a great start and jumped up to 4th place on Lap 1, however the more powerful machines picked him off lap by lap and he managed to hold onto 6th position.

Race 2 saw Kevin finish in 6th position again, but he did manage to crack the sub 2 minute lap on the international track, which means with a few changes to be made for the bike for the next round, he could be fighting for a podium.

"I'm delighted with the new bike and to be near the pace of the top guys makes me push that bit more", Kevin told the Killarney Outlook – "I know I have a lot to do but we are making progress and I am in a positive position for the next round", he added.

Kevin would like to thank everyone who is supporting him in his journey including his sponsors: Robertino's Killarney, Munster Tyre Recycling, Aherns Pharmacy Farranfore, GMHD, Killarney, JAS Construction Cardiff and Mark Coyne Tyreshop, Killarney.

## Leaving Cert results on Tuesday but be aware of the fast-moving timeline

(By Billy Ryle)

### NEW PROCEDURES

Good luck to all candidates getting Leaving Cert exam results on Tuesday and Central Applications Office (CAO) offers on Thursday. Keep a close eye on the time line as events are moving speedily this year. Following Rebecca Carter's successful 2018 High Court Case against the late release of Leaving Cert subject appeals, the State Examinations Commission (SEC) and the CAO have acted to have the results of subject appeals issued much earlier. CAO is expediting the release of Round One offers and the SEC has developed a Candidate Self Service Portal (CSSP) for Leaving Cert candidates.

### CANDIDATE SELF SERVICE PORTAL (CSSP)

To avail of the services on the CSSP, complete the Registration Process on [www.examinations.ie](http://www.examinations.ie). Click on 'Register.' You will need your LC Exam number and PIN number to register. Application to view scripts, to access component marks in subjects (oral marks, practical marks, etc.), to view scripts in subjects marked online (Maths, Biology, Physics, Chemistry, Politics & Society, LCVP Written Component), to submit the appeal application and to access the appeal results services are provided exclusively online this year.

### LC RESULTS

Leaving Cert results are available in schools on Tuesday and from 10am on the CSSP. Log on to [www.examinations.ie](http://www.examinations.ie) and click on the 'SERVICES' tab. To login in, you will need your exam number and the password you created when you registered on the CSSP. The SEC is also making component marks available (online only) this year from 9am, Wed, 14th Aug.

### VIEWING YOUR SCRIPTS

It's well worth viewing your marked scripts before deciding to appeal any subject(s) results. The SEC is providing two viewing of script services this year, the first at your school for subjects marked on paper, the second online for subjects marked online. The application process is the same for both services. Apply to view scripts on your CSSP between 9am, Wed, 14th Aug. and 5pm, Fri, 16th Aug.

As well as your scripts you will also have access to the marking schemes. If you are viewing your scripts marked on paper you will be assigned to one of three sessions, Tues, 20th Aug. from 5pm to 8pm or Wed, 21st Aug. from 9am to 12pm or Wed, 21st Aug. from 2pm to 5pm. Each candidate may bring in a mobile phone, tablet or digital camera to copy her/his own scripts. Online access to view scripts marked online will be available from 5pm, Tues, 20th Aug. to 5pm, Wed, 21st Aug. Each candidate will be allowed a three-hour viewing session online.

### APPEALING YOUR RESULTS

To submit an appeal application, log on to [www.examinations.ie](http://www.examinations.ie) and access the CSSP. The subject appeal application will be available from 5pm, Fri., 16th Aug and closes at 5pm, Thurs., 22nd Aug. Tick the 'APPEAL' box across from the subject(s) you wish to appeal and complete the online application. The application is the same for all scripts whether marked manually or online. The fee is €40 per LC subject and €15.50 per LCA subject. The fee will be refunded if your result is upgraded. It's not necessary, but advisable, to view your scripts before you make an appeal. Appeal results will be available online only through the CSSP in the week ending Fri., 20th Sept. The SEC will automatically inform the CAO of all changes of results.

### CAO OFFERS

CAO Round One offers and points requirements will be available at [www.cao.ie](http://www.cao.ie) from 2pm, Thurs., 15th Aug. CAO Round One offers must be accepted by 5.15pm, Fri, 23rd Aug. CAO Round Two offers and points requirements will be available at [www.cao.ie](http://www.cao.ie) from 10am, Wed, 28th Aug. CAO Round Two offers must be accepted by 5.15pm, Fri, 30th Aug. As a result of the early offers, there will be no postal offer notices in Rounds One and Two.

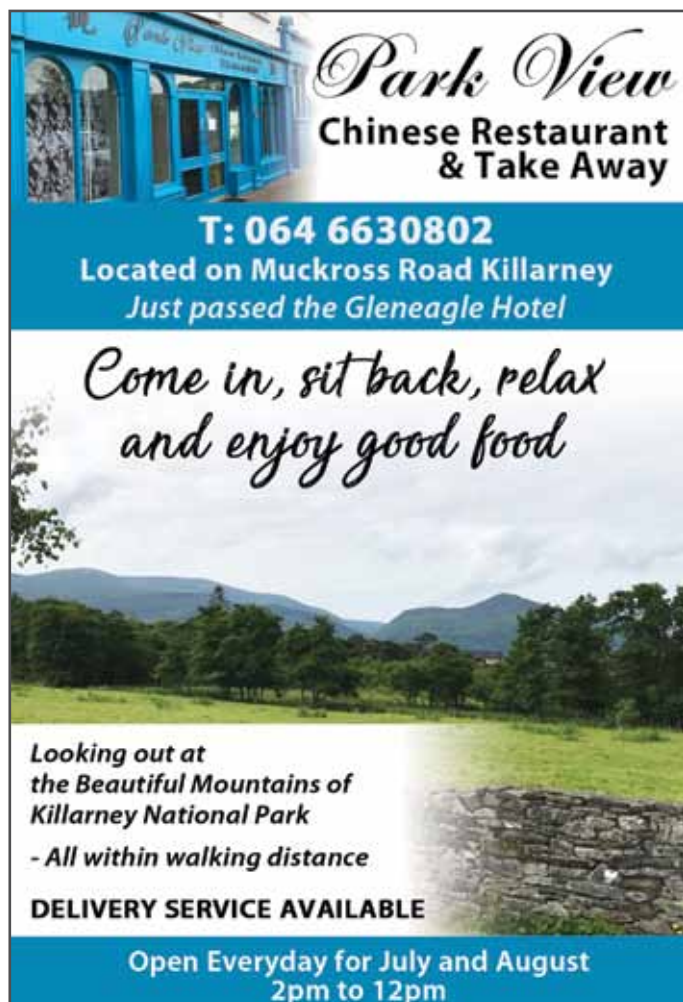

In the next article. I'll explain how to accept your CAO offer and to apply on the Candidate Self Service Portal (CSSP) to view your marked scripts

## Ornamental Grasses

After years in the wilderness, more and more gardeners are recognising the exceptional quality of grasses so much so that they are now at the very forefront of modern design. They are reliable and many kinds furnish the garden for most of the year, being at their best in autumn and early winter. Breathtaking when lit sideways by the sun, their elegance and lightness of touch sits uneasily with stiff hybrid roses or dwarf bedding dahlias, but they form a perfect partnership with a large range of sturdy hardy perennials, many of which like the same growing conditions. Grasses are now more widely available, with specialist Irish nurseries growing them "on-site", so that you know when buying that they'll survive and prosper in our climate. They are amazingly tolerant of a wide range of soil conditions, but most need sunlight to survive, which is why ordinary lawn grass dies out under the shade of big trees. Just a few true grasses will tolerate partial shade, among them *Millium effusum*, delicate *melica* (useful for groundcover) and the lovely *Stipa arundinacea*, which likes moist, porous clay, ideally on the acid side of neutral. A great plant this, it seeds itself about profusely when happy, often in the most picturesque places. Only a few species can survive regular waterlogging, while in areas prone to regular drought, most will survive but only those originally from dry places will thrive. Grasses and their natural planting partners, the hardy perennials, need only sun light and a fertile soil to grow. Modern thinking on grasses and bamboos is against adding fertilisers or compost to the soil, arguing that ornamental grasses need to toughen up by finding their own nutrients. If the ground is very heavy though, it might need opening up by adding generous amounts of horticultural grit.

### PREPARATION

When planting, dig a hole twice the width of the plant in its pot, break up the soil at the bottom of the hole with a fork to loosen it, remove any large or medium stones, and break up any big lumps of clay. Put the plant in the hole and back-fill with the soil you've just taken out, mixing with some added grit if it feels too sticky. It's important to ensure the plant sits at the same level in the ground as it did in its pot. When planted, firm the ground around it with your feet, to ensure the roots make contact with the earth and to stop it rocking in the wind and coming loose. Most grasses have a long and narrow leaf, so if different kinds are all massed together, they can cancel each other out. Use them either as specimens standing apart, or in little groups of one kind. Best of all, mix them with strong, self-sufficient perennials for company.

### BAMBOOS

Bamboos are a sub-family of woody or tree grasses from moist temperate forests. The hardier types all thrive in Ireland's moist and temperate climate with the minimum of fuss. They have a reputation for being invasive, which puts some people off using them at all, though in fact many more are perfectly well behaved. There are practical ways of controlling the most vigorous kinds. You can buy special lengths of flat

metal or sturdy, flexible plastic to insert into the ground as a physical barrier, so as to stop the bamboo's rhizomes (roots) running where you don't want them. Some species can grow into impenetrable jungle, so you shouldn't choose them for a small garden or for containers. Another complaint sometimes heard against bamboos is their susceptibility to wind burn, which can look terrible, so plant them in your most sheltered site. While no bamboo can tolerate very dry winds for long, tests show that in exposed seaside places, for example, *Pseudosasa japonica* (2m), when used as a windbreak, does very well (2m). Another good hedging plant that will also do well near the sea is *Phyllostachys bissetii*, being very hardy and always fresh and green looking even in the depths of winter. The striking colours of some bamboo culms (stems) are particularly attractive. They come in horizontal and vertical stripes and striations, in yellows, whites, creams, pinks, greens and even blue, as with *Himalayacalamus hookerianus*, which is rare but certainly available here, though be warned that its waxy new culms will age from dusty blue to yellow-green or purple-red in colder areas.

### AUTUMN CONTAINERS

Containers filled with permanent and seasonal plants can be very versatile as they can be moved anywhere in the garden at any time to brighten any corner. It is usually annuals that are planted in containers, but you can also plant them with most shrubs, grasses, herbaceous perennials and even certain types of trees and conifers. Vegetables can also be grown in containers. If you have an area in your garden that you would like to screen off but haven't got the earth to do it, you can plant most climbers in containers. A good type of container for this is a quarter barrel as it can fit next to a wall or railing. As with all plants in containers, make sure that you water and feed regularly. When choosing a terracotta container, make sure that the label says frost proof rather than frost resistant as these can still crack in prolonged frost. There are also imitation terracotta pots made from plastic which are very practical to use in your garden.

Life & Body Confidence Coach

*Make change your best friend!*

Body Confidence is fundamental to how we live our lives. Why? Because everything you Life is the greatest adventure we will ever go on and yet for many people the thought of change brings up fear, uncertainty and doubt. However, change is the one constant in life. Even if you were to sit in your room for a month and not do a thing, everything would keep on changing around you. Dust would settle, you would continue to grow older, your body would keep replenishing its cells and the world around you would continue its evolution. Fear of change prevents us from taking risks. It holds us stuck, afraid to grow and move forward. And yet, if we are to live our best lives, we must embrace change and learn how to make it our best friend.

**Body Confidence is first and foremost a choice!**

Top three tips to make change your best friend: mber one key to living your very best life.

- Notice how the day changes constantly, moving from morning to night in an easy, flow. Affirm to yourself quietly, "I welcome the opportunities that each moment of my life brings to me."
- Be pro-active! Do something different each day for 21 days! It might be as small as walking a different way to work or reading a magazine or book you would never usually read!
- Write down three changes you would like to make in your life and take small steps every day to make these happen!

**Get enough sleep**

Get Enough Sleep - We need 7-8 hours of sleep each night to keep our cortisol in healthy balance, keep weight down, and curb the cravings. The top 3 things you can do to improve your sleep? Get to bed at the same time each night and wake up at the same time each day. Turn off all electronics ideally an hour before you try to go to sleep, because the blue light disrupts melatonin production, the counterbalance to cortisol which also helps us detox our brains and hormones while we sleep. And skip the alcohol in the evening - even a glass of good red wine has been shown to cause sleep disruptions, especially in women. Sleep is better, I promise.

\* Indulge now and then - I know this might surprise you, but remember, restriction increases your likelihood of bingeing. It's just a fact. So indulging now and then is a long-run success strategy. I have only three rules: Only indulge in things that are real; don't beat yourself up after - enjoy it with no guilt, shame, or blame; and don't eat anything that makes you feel sick. Consider 2-3 squares of chocolate in the afternoon fair game.

\* Worry less about being fat. And love your body more. Seriously - I know this may be really hard to do, but studies show that the more we worry about being fat, the more likely we are to get fat. And the more we give ourselves a break from the worry and show ourselves some love, the more likely we are to lose weight. So while this may sound like crap, new age-y advice, the reality is that enjoying your food with a healthy dose of self-love is an important ingredient in getting the body, weight, health and with it the life - that you really want.

### U12 BOYS

Fossa U12 Boys played away to Crokes in the EKL. A cracking game that was contested well by both teams. Fossa had a 5 point lead at halftime and kept their cool throughout the game which was a credit to them especially towards the end of the second half. We held our nerve to come out on top with a 3 point win. Full credit to the team who all played well this evening. Final score Fossa 3-16 Crokes 4-10

### BOYS U14

Fossa ran out comfortable winners in a game that was very much one of two halves. Kilgarvan started the game strongly racing into a 7 point lead after only 10 minutes. Fossa did not start to get into the game until the final 10 minutes of the first half with Rory Clancy getting on top in defence and Ted Gorman beginning to create chances from midfield. At the break a subdued Fossa trailed by 5 points. Fossa started the second half strongly with Arron Coffey getting the first point. Both teams traded some nice points before Fossa went on a scoring blitz with goals from Ted O'Gorman, Arron Coffey, Rocco Sheehan and Phillip Lyons. The points kept coming with Sam Buckley, Jack Cronin and Sean Dennehy getting some well worked scores. While the midfield and forwards were racking up the scores the defence, led superbly by Rory Clancy, tightened up on the Kilgarvan forwards setting up a solid attacking platform. Well done to the entire U14 squad

who are now into a Div 5 final.

Fossa minors had a 7 point victory 5-15 to 3-14 over Currow in Div 3 of the East Kerry League In Fossa Last Friday. We led by 5 at half time 2-09 to 1-07, in the second half Fossa withstood a strong fight back from Currow and a goal on the stroke of full time sealed the win. A fine result and very entertaining game considering this team hasn't played in a few weeks. Well done to both players and management.

## ALL-IRELAND FOOTBALL CHAMPIONSHIP SUPER 8'S

## KERRY FINALLY CRACK THE MEATH RESISTANCE TO TOP GROUP

DONAL BARRY WAS AT NAVAN TO SEE KERRY OVERCOME MEATH IN LAST SATURDAY'S EVENING FINAL SUPER 8 GAME BUT IT DID NOT COME WITHOUT A STRUGGLE

**KERRY 2-18**  
**MEATH 1-13**

to register a score of their own as Kerry in Peter Keane's words "survived the battle"

**KERRY:** Shane Ryan; Jason Foley, Tadhg Morley, Tom O'Sullivan (0-1); Paul Murphy, Gavin Crowley, Brian O Beaglaoich (1-1); David Moran (0-2), Adrian Spillane; Gavin White, Sean O'Shea (1-8 four frees, one '45), Stephen O'Brien (0-1); Micheal Burns, Paul Geaney (0-2), Killian Spillane (0-3).

Subs: Dara Moynihan for Burns 31m, Tommy Walsh for Crowley 39m, Shane Enright for White (bc) 45m, Jack Sherwood for A Spillane 46m, Jonathan Lyne for O'Brien (bc) 52m, Jack Barry for K Spillane 68m.

**MEATH:** Marcus Brennan; Seamus Lavin, Conor McGill, Shane Gallagher; Donal Keogan, Padraic Harnan, Gavin McCoy; Bryan Menton (0-1), Shane McEntee; Ethan Devine (0-1), Bryan McMahon (0-3), Darragh Campion (1-1); Cillian O'Sullivan, Shane Walsh (0-6 three frees), Thomas O'Reilly (0-1).

Subs: Thomas McGovern for McEntee 23 mins, Ross Ryan for McCoy 45m, James Conlon for O'Reilly 50m, Niall Kane for McGovern (bc) 54m, Mickey Burke for Devine 64m, Sean Tobin for McMahon 66m.

Referee: Fergal Kelly (Longford).

So they had nothing to play for? They said in the week coming up to the final game of the Super 8's but for the majority of the 9,300 paying spectators they came to see a plucky Meath side who certainly didn't lower the colours easily to give Kerry the win they needed to top the group.

While fortress Pairc Tailteann was finally breached it was not without its moments for Peter Keane's side who ended up 8 point winners in what became a real fight, something Keane admitted afterwards he expected.

"We always expected a battle, and you've just got to survive the battle."

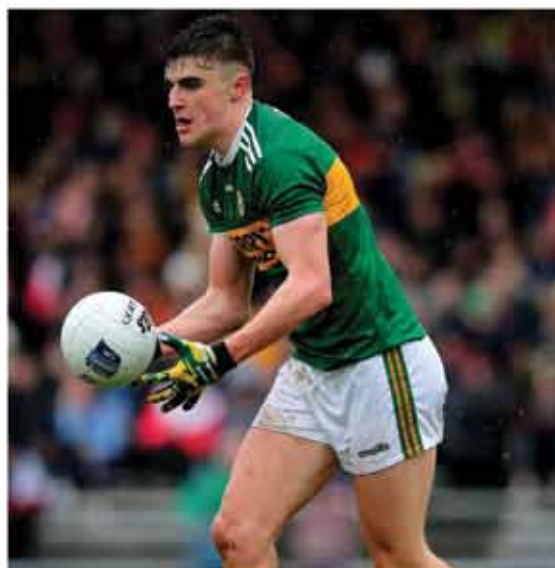

Still it didn't look like a battle early on with Kerry starting very well and they led inside seven minutes 0-4 to 0-1. Seanie O'Shea hit three of the openers on his way to a man of the match performance with David Moran adding a stylish effort to push Kerry 0-4 to 0-1 ahead.

However Meath have proved competitive against both Donegal and Mayo and again gave their fans plenty to shout about and were level on the quarter mark as the Kerry defence came under massive pressure with Jason Foley and Tom O'Sullivan not enjoying their best outings as the Meath runners began to tear into Kerry.

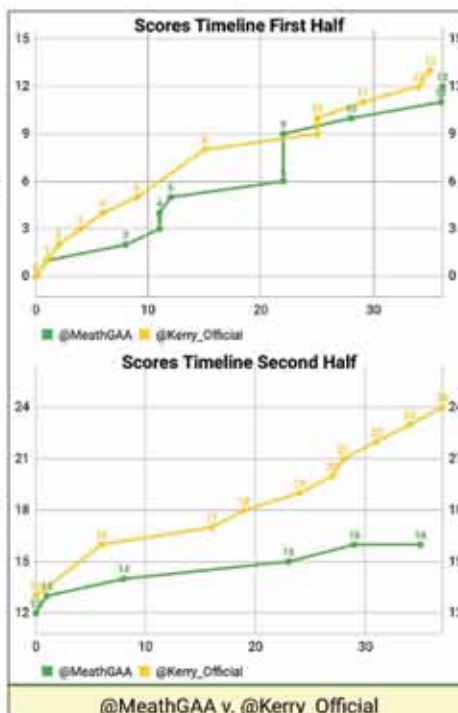

Ironically so that it was Kerry through Brian O Beaglaoich that hit the net first from a driving run of his own to put Kerry 1-5 to 0-5. The score started a run of ten minutes without a score before it was the Royals that found the extra gear. First with a point from McMahon and in the 24th minute a brilliant run by O'Sullivan set up Campion for a fine goal which gave the home side the lead for the first time, 1-6 to 1-5.

Meath continued to look dangerous and while Kerry did open a three point lead at one stage, it was whittled back to the bare minimum at half time 1-10 to 1-9.

Meath found themselves level for a fifth time early in the second half but Seanie O'Shea finally bagged the all important 43rd minute goal which put Kerry in control as Meath were now finding it hard

## TG4 ALL IRELAND LADIES FOOTBALL CHAMPIONSHIP

### DUBLIN GIVE KERRY A HARSH LESSON

DONAL BARRY WAS IN TULLAMORE TO WITNESS THE KERRY LADIES SEASON COME AN END BUT DESPITE THE FINAL SCORELINE, THERE IS SOME POSITIVES TO BE TAKEN FROM A DIFFICULT SEASON FROM THE YOUNG SIDE

**KERRY 2-9**  
**DUBLIN 5-15**

In the end, the scoreboard didn't lie the gulf in class between Dublin and Kerry became more apparent as this TG4 All Ireland SFC quarter final ran into the final stages of an at times lifeless contest in O'Connor Park in Tullamore.

However if the Kerry aim was to show more spirit, more fight and a little more resolve then they can be proud of their efforts especially in the opening half in which the players effort to the cause could not be faulted but as the game wore on it was evident that Dublin were further down the road in development with Mick Bohan's side having one eye on a three in a row.

Having to make 4 changes before the match and having to do without their suspended Manager Donal Doherty, it was joint minor manager Darragh Long that took the bib with Declan Quill by his side and both would certainly have been happy with the first half effort as they trailed at the break 2-3 to 1-4 with Sarah Houlihan's determined solo run reaping a goal.

Kerry were not helped either with the injury to Aisling O'Connell early in the opening half.

Despite Dublin's huge possession in the opening half they were shut out time and again by huge numbers of Kerry players tracking back without the ball however they were opened up cheaply for goals.

First by a quick free into the unmarked Carla Rowe to put Dublin 1-2 to 0-1 ahead on the 8th minute and then on the 15th minute when Niamh McEvoy fisted the ball past Laura Fitzgerald from a smart Sinead Aherne cross to move them 2-2 to 0-2 ahead.

In between Laura Fitzgerald was busy with two fine saves of her own from Noelle Healy and Lyndsey Davey and with Lorraine Scanlon hovering up all the long Kerry kick outs, they were soon able to get a foothold on matters.

Houlihan struck for her goal on the 27th minute and with O'Shea, Dineen and Scanlon all taking points Kerry were well in the contest at the break despite playing with the wind.

As often happens the opening moments of a second period can be crucial and Kerry were found out in a matter of minutes as Dublin pushed their 2 point lead to six inside ninety seconds.

Carla Rowe pointed right after the whistle before a Sinead Aherne goal pushed the gap to 3-5 to 1-4 ahead and on their way to the semi final.

Aherne would add another goal on the 47th minute with their 5th coming from last years minor Niamh Hetherton as Dublin's fire power increased as the contest went on.

Kerry did have a goal of their own and what a fine effort it was from replacement Miriam O'Keefe when her left footed pile driver gave Ciara Trant no chance. O'Keefe who had already pointed with her first touch was certainly a positive when she arrived.

Kerry will resume next season in Division 2 and with their Senior status protected, they will hope to build on the huge number of young players that they have unearthed this season. For Dublin it's a date with Cork in the All Ireland semi final in Croke Park in three weeks.

## ALL IRELAND U20 HURLING FINAL

### O'SULLIVAN SPARKLES AS RICHIE MCELLIGOTT CUP RETURNS HOME

DONAL BARRY WAS IMPRESSED AT FINTAN O'CONNORS UNDER 20 SIDE AS THEY EASILY BRUSHED ASIDE THE DOWN CHALLENGE TO WIN A THIRD ALL IRELAND TITLE IN A ROW

**KERRY 3-22**  
**DOWN 0-12**

Fintan O'Connor's smile was enough to light up a dull evening in Páirc Tailteann in the aftermath of his young charges impressive victory which landed a third All Ireland under 20 title in a row.

In truth the young Kerry hurlers were ahead in almost every aspect of the game as they powered to victory with skill, control, power with Donal O'Sullivan tearing the Down defence to pieces every chance he got.

In the end his 2-4 from play from the Kilgarvan player was plenty to deserve his man of the match award but in truth Kerry had match winners all over.

Tadhg Brick was never in trouble at full back while at midfield Donal Hunt and Dan Goggin never let Down get a foothold as Barry O'Mahony once again proved why he is tipped for great things as Shane McElligott was lively throughout.

Kerry dominated from the off and led 1-4 with O'Sullivan goaling early but Down were eager early on and had got back into the contest trailing 1-6 to 0-4.

However another O'Sullivan goal on the 16th minute put an end to any thoughts Down may have had and by the time Barry O'Mahony shot took the roof off the net for Kerry's third goal, the Kingdom were now 3-11 to 0-7 clear.

They would lead 3-13 to 0-8 at the break.

The second half was never as lively as the opening one with both sides stepping down a gear as the Ulster side sat back more to defend from more goals and in the main they were successful.

However Kerry were also able to pick off some great scores from distance to underline their continued supremacy.

Scorers for Kerry: Donal O'Sullivan 2-5 (1f), Michael Slattery 0-8 (7f), Barry O'Mahony 1-2, Shane McElligott 0-2, Dan Goggin 0-2, Michael Lenihan 0-1, Evan Murphy 0-1 (1f), Seamus O'Halloran 0-1

Scorers for Down: Ronan Blair 0-7 (5f), Tim Prenter 0-2, Stuart Martin 0-1, Ronan Costello 0-1, Conor McCrickard 0-1

# KERRY GAA SCENE

REPORT BY LEONA TWISS, PRO

## Top of Group 1!

Kerry Supporters had a smile on their face making the long trip back to Kerry last Saturday night as the U20 Kerry Hurlers had retained the Richie McElligott Cup and the Senior football team topped the Group 1 table. While the Seniors' performance may not have reached the heights of previous Group 1 games, their fight and determination were particularly evident in the second half. In the final 10 minutes, Kerry pulled away and finished up 2-18 to 1-13 winners over an impressive Meath side.

At the press briefing on Monday night, Senior Manager Peter Keane was high in his praise and gratitude to the Kerry fans who travelled in large numbers to Navan and also to the Kerry fans who sent the team warm wishes in the lead up to all the Super 8 games. Peter reinforced the point that the support was needed more than ever next Sunday!

As we finished winners of Group 1, we are down to play the runners up of Group 2 on Sunday. The Kerry V Tyrone All Ireland semi final will throw in at 3.30pm in Croke Park on Sunday. Referee for this all important fixture is Maurice Deegan. The game is preceded by the All Ireland Minor semi-final between Kerry and Galway at 1.30pm. Family Tickets- Cusack and Davin Stands : Adults - €50 Juveniles - €5

Spa were home to Listry on Tuesday evening in the East Kerry O'Sullivan Cup semi-final.

Niall McCarthy (2), Shane Fenton, and David Spillane exchanged points with Cain Bradley, Ronan Buckley, Kieran Murphy and Anthony Sweeney to level the game at 0-4 each at the end of the first quarter. Scores from Shane Lynch, Niall McCarthy and David Spillane edged Spa in front before Ronan Buckley kicked two more over the bar to put just a point between the sides.

Shortly after, Niall McCarthy dropped a long high ball in towards goal and David Spillane finished it to the net. He almost had a second goal moments later, but keeper Colm Counihan got a touch and tipped it over the bar. At the half time break Spa were leading 1-8 to 0-6.

David Spillane pointed to increase the Spa lead and Listry almost replied with a goal, but James Devane pulled off a great point-blank save. Listry followed with points from Anthony Sweeney, Cain Bradley and Aidan O'Donoghue to make it 1-9 to 0-9. Spa however had three quick points from Paul Cahill and Niall McCarthy (2) before Mike McCarthy sent a long ball in and David Spillane finished the second Spa goal.

Paul O'Donoghue pointed the next for Listry before Spa were again attacking on goal, with Mikey Moynihan's shot rebounding off the post and the ball was deflected into the net to make it 3-12 to 0-10. Listry kept the pressure on and kicked five more points from Cain Bradley, Paul O'Donoghue, Aidan O'Donoghue, Derry Ahern and Anthony Sweeney and the game finished Spa 3-12 Listry 0-15.

Firies hosted Legion on Thursday 1st August in Farranfore in the final round of the East Kerry Minor League. In a closely contested first half of football, Firies lead at half time by 11 points to 9. The second half started with 2 goals in as many minutes, Firies striking first from Cian Cronin, with a lovely ball passed across from Aaron Flynn. Legion then replied from Darragh Lyne who stormed through the Firies defense to blast the ball to the back of the net. This left the score Firies 1-11 to Legion 1-09. Firies then took control of the game for the next 10 minutes and scores 6 point to a single point in return from Legion. Then in the 13th minute Legion were awarded a penalty and it was duly slotted away by the Legion Centre forward. At the midway point of the second half the score was Firies 1-17 Legion 2-10. Firies pulled away again and tacked on another 3 points but Legion struck again for another goal in the 23rd minute leaving the score now Firies 1-20 to Legion 3-10. The final few minutes of the game was a very cagey affair with both team scoring a point each with the 30 minutes up. Firies were trying to retain possession around the middle of the field but Legion broke it down and went on the attack and won a free on the 21m line. They lobbed the ball into the square and a legion fist rose the highest and crashed the ball to the net to leave the minimum between the teams. But the referee blew the final whistle with the goal being the final play of this very entertaining game. The final score in Farranfore was Firies 1-21 to Legion 4-11

Kilcummin proved too strong for a gallant Beaufort and qualified for the final on a score line of 5-23 to 2-6. Paul O'Shea slotted 3 goals and Darragh Lehane scored 2 for the winners while Oisín O'Connor and Simon Coffey replied for Beaufort. Half time score was 4-8 to 0-3

### U-13 GIRLS

Legion u 13 girls welcomed Kilcummin on Wednesday evening in the semi final of the club championship. In a rip roaring encounter both sides had periods of supremacy in the first half. We started the brighter and went into a four point lead only for Kilcummin to get in their stride powered on by their strong midfield pairing to pull us back. Both set of defences got on top and scoring was hard to come by. Legion led by 1 point at halftime. Better finishing by our forwards in 2nd half eventually saw us win by 8 points but it was very close throughout. It was only the closing stages of the half we pulled away. Great credit to both set of players for putting on such a great spectacle of football, full

# Motorbike Safety

compared to cars in the event of a collision. If you ride a motorbike, the following checklist will help ensure you are as prepared as you can be for the dangers of riding on public roads.

## Petrol

Make sure you have enough fuel for the journey. Does your machine have a reserve tank switch or just a warning light? Can you turn the fuel tap to reserve while on the move without taking your eyes off the road? Do you know where the tap is?

## Oil

Find out how to check the oil level on your machine. Most dry-sump machines require you to check the oil when the engine is hot, while most wet-sump machines should have their oil level checked with the engine cold. Which type is yours? The owner's handbook will tell you how to perform this check correctly.

## Water

Is your machine water- or air-cooled? Do you know how to check the coolant level?

## Damage

Check your bike for signs of obvious wear-and-tear. Are the light lenses or mirrors cracked or broken? Any noticeable buckles in the rims? Any drips or pools under the bike? Check for damage to the tyre walls and rim.

## Electrics

Check your lights and indicators are clean and working. Do you know where the fuses are and can you replace them?

## Rubber

As the only point of contact between you and the road, your tyres and their condition are critical to your safety. Too much air in your tyres reduces grip, too little promotes instability because it allows the side walls of the tyres to flex. Know your tyre pressures and the legal minimum tread depth.

## Maintenance

Maintenance is vital. A badly maintained chain may snap or jump off and cause you to crash. If you cannot service your bike yourself get a professional to do it.

Tips for safe biking and advice on safety gear  
Top 10 safety tips

- 1. Be vigilant.** Look into the far, middle and near distance, and behind you, using your mirrors and checking over your shoulders, before changing position or turning.
- 2. Keep your distance.** In poor weather conditions, always leave a bigger gap.
- 3. Be seen.** Make sure your position is correct. Use dipped headlights and wear high visibility clothing (such as a neon vest and 'Sam Browne' reflective belt).
- 4. Avoid surprising others.** Never do anything on the road that could cause another road user to slow down, brake or swerve or that could startle pedestrians.
- 5. Think like other road users.** Anticipate how they might react.
- 6. Read the road.** Ride to current road, weather and traffic conditions.
- 7. Match your speed to the conditions.** Never let others dictate your pace.
- 8. Never ride your bike after consuming alcohol or drugs.**
- 9. Maintain your bike properly.** Regularly check petrol, oil, water, damage, electrics and tyres.
- 10. Take lessons from an experienced instructor.** See every ride as a chance to improve your skills.

## Wear Approved Safety gear

Ensure that the safety helmet and protective clothing that you wear every time you get on your bike has CE or British Kitemark approval standards.

- Jackets and trousers should give you enough protection from impact, abrasion, cold and weather conditions.
- Use approved body armour on vulnerable areas such as the back, knees, elbows, shoulders, hips and shins. This should be adjustable so it fits snugly and does not move in a crash.
- You should wear a good reflective jacket to make you more visible on the road.
- Wear approved protective gloves, and footwear that at least comes above the ankle.

A well maintained motorbike can reduce the chance of death or injury on the road. Make sure you know your machine and look after it. Vehicle reliability and safety are key issues for any road user but particularly motorcyclists, whose machines offer little protection

# RESILIENCE

When we engage with strategies to enhance Mental Wellness resilience is talked about, but usually as an essential skill for healthy childhood development. This article examines the steps adults can take to boost resilience in middle age, which is often the time we need it most as midlife can bring all kinds of stressors including divorce, the death of a parent, career setbacks and retirement worries, yet many of us do not build the coping skills we need to meet these challenges. The good news is that some of the qualities of middle age — a better ability to regulate emotions, perspective gained from life experiences and concern for future generations — may give older people an advantage over the young when it comes to developing resilience. There are three core psychological attributes at the heart of resilience: strength, meaning/purpose, and pleasure. If your personal life is characterized by these traits, you have the core components needed to build resilience. You feel equipped to handle both daily life and those challenging moments when you have to dig deeper. You also believe that you're contributing to the world in a way that helps others, consistent with what seems most important to you. Whether you believe that you exist in a universe controlled by a clearly defined higher power, or participate in the human collective that transcends your personal identity, your source of meaning helps you manage high stress and trauma effectively. And finally, pleasure. It's about deeply enjoying that which enriches and satisfies you. Whether it be poetry or pottery, movies or theater, having experiences that bring you a deep sense of pleasure are essential. Strength, meaning and pleasure. These core attributes must be experienced on both an emotional and cognitive level. Resilience grows from both feelings and engagement in a thought life, bringing you strength, meaning and pleasure. Reading, thinking, working, praying, writing, conversing — these are just as important as emotional experiences that give you the feelings of strength, meaning and pleasure.

## These are some ways to increase resilience:

**Practice Optimism.** Optimism is part genetic, part learned. So if you were born into a family of Eeyores, you can still find your inner Tigger. Optimism doesn't mean ignoring the reality of a dire situation. After a job loss, for instance, many people may feel defeated and think, "I'll never recover from this." An optimist would acknowledge the challenge in a more hopeful way, saying, "This is going to be difficult, but it's a chance to rethink my life goals and find work that truly makes me happy."

**Rewrite Your Story.** When recovering from a challenging situation, know that your life was forever changed, but reframing the situation, focusing on the opportunity the setback presented, so that you can rewrite what will be the outcome.

**Don't Personalize It.** We have a tendency to blame ourselves for life's setbacks and to ruminate about what we should have done differently. In the moment, a difficult situation feels as if it will never end. To bolster your resilience, remind yourself that even if you made a mistake, a number of factors most likely contributed to the problem and shift your focus to the next steps you should take.

**Go Out of Your Comfort Zone.** Resilience doesn't just come from negative experience. You can build your resilience by putting yourself in challenging situations and learn to cope a bit more each time.

**Take Stress Breaks.** Times of manageable stress present an opportunity to build your resilience. It's almost as if you need to invite stress into your life to practice how to manage it. Taking a walk break, spending five minutes to meditate or having lunch with a good friend are ways to give your mind and body a break from stress.

So, take a look around in your life, and keep working on strength, meaning and pleasure and building resilience!

#### QUESTION

**If I am unhappy with a result in my Leaving Cert, how can I get the grade reviewed?**

#### ANSWER

The Leaving Cert results will be available on 13 August this year. If you are unhappy about a result and would like to have it checked, you can appeal your grade to the State Examinations Commission (SEC).

However, before you decide to appeal your grade, you can view your examination script to see how your work was marked. To do this, you must register on the Candidate Self Service Portal on the SEC website, examinations.ie. You can make an application to the viewing of scripts service online from 9am, 14 August to 5pm, 16 August. You will need your username and password (you get this when you register on the portal). Only the scripts from the written examinations can be viewed - not the results of oral examinations or marks for practical examinations. If your script was marked on paper, you will be assigned a session to view it on either 20 August or 21 August. If it was marked online you can view it online from 5pm on Tuesday 20 August to 5pm on Wednesday 21 August.

If you decide to go ahead and appeal your result after viewing your script, you should log into examinations.ie, access the Candidate Self Service Portal and complete the process online. This service will be available from 5pm, 16 August until 5pm, 22 August. The process is the same for all scripts whether they were marked manually or online. Your script will then be sent to an appeal examiner for re-marking.

The appeal fee is €40 per subject for the Leaving Certificate. The appeal fee for the Applied Leaving Certificate is €15.50 per subject. You will get this fee back if your result is upgraded. You can get more information from the Candidate Information Booklet – Leaving Certificate 2019, published by the State Examinations Commission.

### KERRY PITCH & PUTT CLUB

OVER 109 players took part in Monday's  
Listowel Scratch Cup as Tralee's Jason O'Regan  
won the event for the fourth time but for the  
first time in 18 years with a 54-hole total of 18  
under par for a two-stroke win. Jason had a four

shot lead over the field after the first 36 holes  
with 16 under par but despite only improving  
his score by a further two strokes in the playoff  
it was enough to hold off Cork's John Walsh and  
Castleisland's James Dignan who both had six  
under par rounds in the playoffs to finish on 16  
under with Walsh claiming second from James  
on a better back nine.

The Last 18 prize was won by Deerpark's Kieran  
Fitzpatrick, another player to shoot six under in  
the playoff as Tom O'Connor from the host club  
won the Intermediate with 10 under par, one  
ahead of Deerpark's Gearoid Cronin on nine  
under. Tralee's Pa Fitzgibbon had seven under  
in winning the Junior section meanwhile, one  
ahead of John Carey from the host club on six  
under. The Ladies prizes went to Cork's Paula  
Nolan (0-10) and Tipperary's Margaret Courtney  
(11-18) meanwhile.

This weekend sees the Munster Inter-County  
Championships take place in Hillview, Clonmel,  
Co Tipperary as the county has five teams taking  
part in four events. On Saturday the Juniors  
Mens team are in action with Kerry represented  
by Listowel trio John Carey, Ger Guerin and  
Conor Leahy, Deerpark duo Noel Moynihan and  
Darragh O'Callaghan along with Newmarket's  
Ben Newman. The team is managed by Tralee's  
John Fitzgerald. On Sunday Kerry are the  
defending champions in the Intermediate with  
three of last year's team, Gearoid Cronin and  
John O'Brien (Deerpark) along with Tralee's  
Eamon Sheehy joined by Listowel's Richard  
Bunyan, Tralee's Danny O'Leary and Deerpark's  
Adam Kelly this year as Castleisland's Aidan  
O'Connor manages the side.

The U-16's have two sides in the event again this  
year as they bid to make it three-in-a-row for  
the county at this level. The first team consists  
of Deerpark trio Cillian Courtney, Robbie  
Harnett and Eoin O'Riordan Looney along with  
Listowel's Jake Shine. The second side is made  
up of Listowel's Bobby McCarron with another  
Deerpark trio in Ryan Neeson, Jack O'Sullivan  
and Ryan McCarthy making up the second side.  
Kerry's Senior Mens side on Sunday meanwhile  
is made up of Deerpark duo Damien Fleming  
and John McGrath, Castleisland's James Dignan  
and Aidan O'Connor and Tralee duo Alan  
Hobbart and Jamie Blake as Deerpark's Sean  
Kelly is the manager of the side.

John O'Shea (second from left) presenting the Maureen O'Shea Memorial Cup to the winner Lorna O'Leary with Mary Sheehy Lady Captain, Tom Prendergast Club President, James Curran Captain and prizewinners (front left) Miriam McFarlane (back) Amy Arthur, Sarah O'Brien, Tracy Eakin and Kelly Brotherton at Killarney Golf Club on Sunday.

## FLESK VALLEY ROWING CLUB

Well done to everyone who rowed in Fenit on Sunday in difficult conditions.

The regatta was suspended for half an hour in the morning because of the weather conditions. We felt we had to take a decision to withdraw our less experienced crews from the regatta at that point.

The programme of races eventually went ahead as conditions improved, but it was not certain that all races would be held. Our apologies to anyone who made the trip to Fenit and didn't get to row.

Ultimately the club had a successful day at the regatta winning gold in the Pre Vet men, Novice men, Senior mixed and U14 mixed. Silver - Junior men, Intermediate men, Senior men, Pre Vet Mixed and U16 girls. Bronze -Junior ladies and U12 girls.

A special mention for our U14 Mixed crew who took gold with a fantastic finish in the second last race of the day.

Thanks to everyone who helped with logistics and coxing at the weekend, especially John and Tadhg for transporting boats and equipment. See our Facebook page for some pictures of the day.

Next up is the All-Ireland Coastal Rowing Championships in Dingle on August 17th and 18th. The timetable for races will be available this week, and we'll circulate more information about the weekend.

## GOING AWAY ON HOLIDAYS?

Letters and leaflets sticking out of letterboxes and parcel deliveries left outside your door are a dead giveaway that you're not around and the increase of online shopping has made it easier - if you are expecting delivery's and won't be around when they arrive ask your neighbours to check for parcel deliveries regularly.

Other signs you're on holidays are lights being left on, curtains closed, or having no car in the driveway.

Don't hang a calendar with holiday dates where it can be read through a window - thieves will come back when they know you're away.

To limit exposure to those with criminal intent it's best to resist sharing your holiday plans on social media and save it until you return.

Familiarise yourself with the precise terms of your insurance policy

Tips to keep your property safe during your next trip away:

- \*Check that your alarm system is working and properly activated. Smoke alarm also

- \*If you have automatic light switches set them to operate in accordance with your normal schedule

- \*Ensure all windows and doors are securely locked

- \* Store away securely any garden furniture or heaters

- \*Unplug all electrical appliances

- \*Consider turning off the water supply or at the very minimum check the area under sinks for any leaks before you go.

## HOLIDAY SCAM

A woman from Northern Ireland has lost £1,350 in a holiday scam.

The victim, a lady from Armagh, was duped out of the money when she booked using a fraudulent website called 'PerfectHolidaySpain'. After paying for a week-long stay at an apartment in Spain, the would-be holidaymaker attempted to make contact to arrange to collect her keys. It was at this point she discovered the website had disappeared and was unable to get in contact with anyone.

Scamwiseni has since warned anyone planning to book a holiday online to stick to reputable websites and travel agents. The public are advised to carry out checks on holiday review websites to ensure the operation is above board before handing over any money.

## DID YOU KNOW?

That not draining the water out of your ear canal after a swim creates the perfect habitat for bacteria. The resulting infection, commonly known as swimmer's ear, is painful and can cause reduced hearing. Make sure to drain the water from your ear canals after swimming or showering by dipping your head to both sides and pulling on your ear lobe gently to help the water out. And whatever you do, do not insert cotton swabs in your ear. Ear wax protects you exactly from these types of infections and foreign objects may only hasten swimmer's ear.

## ROBOTIC ARM ENABLES AMPUTEE TO TOUCH AND FEEL AGAIN

Thanks to a groundbreaking new technological accomplishment, amputee Keven Walgamott can use his new robotic arm to pick up an egg without crushing it.

What seems simple for nearly everyone else can be more of a Herculean task for Mr. Walgamott, who lost his left hand and part of his arm in an electrical accident 17 years ago. When he picked up the egg, however, he was testing out the prototype of a high-tech prosthetic arm with fingers that can not only move, but also move with his thoughts—and thanks to a biomedical engineering team at the University of Utah, he "felt" the egg well enough so his brain could tell the prosthetic hand not to squeeze too hard.

The team, led by University of Utah biomedical engineering associate professor Gregory Clark, has developed a way for the "LUKE Arm" (so named after the robotic hand that Luke Skywalker received in Star Wars: The Empire Strikes Back) to mimic the way a human hand feels objects by sending the appropriate signals to the brain. "We changed the way we are sending that information to the brain so that it matches the human body. And by matching the human body, we were able to see improved benefits," Professor Clark said. "We're making more biologically realistic signals."

An amputee wearing the prosthetic arm can sense the touch of something soft or hard, accurately understand how to pick it up, and perform delicate tasks that would otherwise be impossible with a standard prosthetic with metal hooks or claws for hands.

## MATH EQUATION GOES VIRAL SINCE PEOPLE CAN'T AGREE ON ONE ANSWER

Only 1 in 1,000,000 people can solve this simple equation" — we've all seen taunts like these, inviting us to dust off our noggins and get our hands dirty with deceptively basic calculations. Well, here's the newest 'simple' equation to go viral on the internet:  $8 \div 2(2+2) = ?$  Have you worked out the answer yet? Are you sure? Have you double-checked everything?

Odds are that you got one of two answers: you either belong to the huge swathe of internet users who got 1 or you're one of the people whose answer is 16. The internet is raging with amateur and professional mathematicians debating what the real answer is resulting in many arguments over who's right.

Some internet users used calculators to show everyone that the answer was 16. Others referred to their 'maths degrees' as an appeal of authority to demonstrate that the answer was 1. Others still took this equation business a bit more seriously than you would expect, and suggested that both answers were correct... depending on what rules you use to figure out the answer.

The reason why there's a lack of consensus regarding this equation is a fairly simple one. Different people are using different rules about what order everything should be calculated in. Whether, after adding 2 and 2 together in the brackets, you should divide 8 by 2 first or multiply what's in the brackets by 2, instead.

Robert Glenn Howard, a social psychologist at the University of Wisconsin-Madison said that such equations are the same as riddles and games, and people get heated over such things because Facebook and other forums are a place for discussion. "Humans have used riddles as a form of play since ancient times," Mr. Howard explained. "And sometimes people can get competitive and wrapped up in it."

## A Word of Victory

Welcome back dear reader "trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him and He will direct your paths (Proverbs 3:5-6). In Luke chapter 16 verses 19-31 we read of a rich man who died and went to Hell on the same night as a poor man called Lazarus, who died and went to Heaven. The man in Hell could see Abraham welcoming Lazarus the beggar and implored him to send Lazarus back to warn his brothers so they wouldn't end up in Hell too. Abraham refused and told him 'they have the Scriptures and the prophets let them listen to them'. Friend there is no last chance saloon after death. We make our decision for eternal life on this side of the grave, and no imploring God or anyone else will change one's eternal destiny. Sadly today Abraham's advice is still ignored - the only prophets being listened to in our world are the media moguls who openly defy the Word of God and lead the public into depravation through heretical opinions. Even Government ministers publicly discredit the Bible - God's Word given to protect us from evil. A church that a lot of people attend is the local pub - to get filled up with a different kind of 'spirit' to God's Holy Spirit. The fruit of this lifestyle is evident - a sick country and severe feelings of hopelessness and despair, and a people looking for a way of escape. Marriages and families are suffering and being destroyed, and society is breaking down into lawlessness as a result. Leaning on God is the only place we will find true direction and wisdom. We must pray for the fear of the Lord to fall upon our nation. "The fear of the Lord is the beginning of wisdom" (Proverbs 9:10). Our enemy the Devil and his demons have had their way in this nation for far too long. It's time for God's people to rise up and remove his domineering influence from every facet of life. We believe that this change is already at work all over the land with many people gathering together even in their homes studying God's Word, and bringing God's perfect will to pass in Ireland. 'Repent of your sins and turn back to God...so that times of refreshing may come'. Jesus is holding His refreshment out to us friend! (Mathew 11:28)

### 25TH ANNIVERSARY

In loving memory of

## EILEEN O'DONOGHUE

late of Ballycasheen, Killarney.  
who died on the 11th August, 1994.

Our Mum,  
Why our Mum we often say  
Why she was picked to be that way  
Now she has gone and left us here  
We all did love her very dear  
When she was very ill in bed  
She won't pull through the Doctor said  
Every time she came out on top  
But suddenly it came to a stop  
All the nurses we must thank so much  
They always had the special touch  
To get her well and pull her through  
We owe it all to all of you  
And also the home-help  
They did a lot  
Don't worry we never forget  
Ye kept her well she- had no pain  
And minding her was not a strain  
And her friend that was so dear  
She never had to live in fear  
Of feeling down and all alone  
She'd come by and make it home  
All the suffering Mom went through  
Dad was there  
And went through it all  
He stood by her through it all  
And at the end he took the fall  
A bouquet of beautiful memories  
Sprayed with a million tears  
Wishing God could have spared you  
If just for a few more years.

*Loved and remembered by your husband  
Sean, son Sean, daughters Norma,  
Patricia, Lorraine & Killian, grandchildren  
Fionn, Saoirse & Oisín,  
relatives and friends.*
