# 2014 AN COMHDHÁIL WORLD IRISH DANCE CHAMPIONSHIPS KICK OFF

The 2014 An Comhdháil World Irish Dance Championships are being hosted at Killarney Convention Centre from the 12th to the 19th of April. This year's competitors from Ireland (North and South), America, Scotland, England and Europe all compete for the world title over

THE 2014 AN COMHDHÁIL WORLD IRISH DANCE CHAMPIONSHIPS ARE BEING HOSTED AT KILLARNEY CONVENTION CENTRE, FROM THE 12TH TO THE 19TH OF APRIL. DANCERS INCLUDE, SARAH SILBY, CIARA SILBY, VIVIAN MOYNIHAN, AISLING LOWE, KAYLEY RIORDAN, EMMA LOWE, FROM WATERFORD AND KERRY, RESPECTABLY. PHOTO: VALERIE O'SULLIVAN.

DANCERS INCLUDE, SARAH SILBY, CIARA SILBY, VIVIAN MOYNIHAN, AISLING LOWE, KAYLEY RIORDAN, EMMA LOWE, FROM WATERFORD AND KERRY, RESPECTABLY, ALSO WITH THE DANCERS IS JACQUELINE LEIGH, DUBLIN, PRO, AN COMHDHÁIL, AND MARY O'LEARY, AN COMHDHÁIL, KILLARNEY. the eight day competition which takes place in the INEC auditorium.

In total, forty three competitions take place over the eight day championships and winners are announced every day after each competition. The youngest dancer in the competition is nine years old and the oldest is twenty five. Over the course of the week the competition will see over 5,000 dancers take to the stage.

The 5,000 competitors will be accompanied by an entourage of organisers, teachers, adjudicators, musicians, families, friends,

supporters and spectators.

An Comhdháil, the organisation who run the World Irish Dance Championships, are forty three years in existence this year. They were the first Irish dance organisation to bring in the no makeup rule for girls under thirteen years of age in 2007.

Lasting over a week, the competition will see male and female world champions crowned across a range of age categories from under ten through to adult. Approximately 400 teams will take part.

## PAYMENT PLAN TO EASE THE FINANCIAL BURDEN ASSOCIATED WITH SCHOOL BOOKS COST

The school year once again has almost surpassed us as when the student's return to school after the upcoming Easter break, it is only for a short term. Leaving Cert and Junior Cert exams will be starting the first week of June but for parents anxiety of the cost associated with school uniforms, school books, school transport and many other relevant costs will be playing on their minds going forward into the new school year. A local education publisher here in Kerry, Educate.ie based in Castleisland have unveiled a payment plan to ease the financial burden associated with schoolbooks cost to parents and schools. They announced their school payment plan back in February. They are offering text books with free e books included at a cost of €6 a year. For schools that are trying to upkeep an existing book rental scheme this is a valuable component and is

even more significant for those schools that are starting up a book rental scheme in their school. The key factor is that there is no seed capital investment by the schools. It is a matter of sincere concern by all parties in a school. Parents need to be aware that such an initiative is available. Parents and schools need to work together on issues like this as the ultimate goal to be achieved by all is the best quality education for our children.

National Parents' Council Post Primary (NPCpp) does not endorse one publisher over another, but is supportive of the initiative being undertaken by educate.ie. NPCpp will be as supportive of similar initiatives which would be as cost effective for schools and parents if offered by any of the other educational publishers.

DON MYERS, PRESIDENT OF THE NATIONAL PARENTS' COUNCIL POST PRIMARY (NPCPP). PIC BY OUTLOOK PICS.

## BUMBLEANCE IS THE MANOR WEST CHARITY OF THE YEAR 2014

Manor West Retail Park is delighted to announce that the Bumbleance has been chosen as their Charity of the Year 2014. Manor West will be working closely throughout the year to aid the Bumbleance through fundraising activities and awareness campaigns for the incredible Tralee based charity.

The Bumbleance is a Children's Ambulance Service which provides improved and professional medical transportation services for long-term sick and seriously disabled children, who require professional ambulance transportation. The service transfers children in a fun environment from all over the country to their treatment centres. The Bumbleance aims to make every trip a positive experience while providing the highest level of care. The Bumbleance, as well as Bees for Batters and Liam's Lodge are branches of The Saoirse Foundation set up by Tony Heffernan. Tony stated "Manor West has been the local cornerstone of our fundraising activities over the past few years and we are most grateful and absolutely delighted that we have been chosen as the Charity Partner for 2014. This partnership will help us ensure that BUMBLEance continues to transport sick children from Kerry and the rest of Ireland.

# GOOCH PAINTING TO TOUR KERRY LIBRARIES

The launch of an extraordinary expression of public philanthropy takes place in Killarney Library on Tuesday next, April 15th.

Colm Cooper (the Gooch) will be guest of honour at the event which sees Dr. Jim O'Sullivan hand over a painting by Artist Paul Downey to the public.

Dr. O'Sullivan first saw the painting at 'Split Second', an exhibition of paintings by Paul Downey at the Frank Lewis Gallery Killarney, last autumn and was hugely impressed by the title painting, a huge - 120cms x 102 cms - canvas, showing Colm Cooper (the Gooch) high in the air back-handing the ball past mesmerised Cork defenders into the Cork goal. As the title of the picture suggests, this was 'The Opening of the Floodgates'. Kerry went on to score a further 2 - 13 in this first ever meeting of Cork and Kerry in an All-Ireland Final in 2007. "If we had lost it would have cancelled out all of our Munster final wins over all the years," was the quip of GAA commentator Micheal O Muircheartaigh.

Downey's painting captures all of the atmosphere of the historic occasion. Cooper's athleticism, craft and skill. The awesome amphitheatre that is Croke Park on occasions like this. The layer on layer of rivetted faces intently following the action. Artist Paul

Downey has carved a unique niche for the sense of power and speed in his sport paintings particularly of football, hurling, horse racing and rugby.

"I thought this was an iconic painting that should be kept in the public arena", Jim O'Sullivan felt the painting should be seen by as many people as possible. "Anyway how could you possibly show a picture like that in a private house?"

So he bought the picture and then worked on how to ensure it will be seen by the largest Kerry audience.

Over the next three years it will be shown in various Kerry libraries beginning in Killarney. Kerry County Librarian Tommy O'Connor says "we are honoured to tour this very important picture throughout Kerry and we are very grateful to Jim O'Sullivan for making it possible." Then, Minister for the Arts, Heritage and the Gaeltacht, Jimmy Deenhan, has indicated that 'Opening the Floodgates' will be shown in Killarney House when the €10 million refurbishment and extension there has been completed.

The final resting place of the painting will be in the proposed Kerry GAA & Cultural Museum in the Fitzgerald Stadium in Killarney.

# VICTORY FOR SQUASH TEAM DONOVAN

The penultimate squash competition of the season paired Connie Doyle's charges with those of Johnny Donovan. As this was the last team event until next September a sizeable crowd had gathered to watch the Aquila Club sponsored event. First up, we had Keith Cronin and Ray O'Callaghan with the former taking a 3-1 victory for team Donovan. It didn't take long for Niall O'Meara to level the match at one apiece as he managed to get the better of Noreen Buckley in a very closely fought affair. This was followed with another straight forward victory when Kieran O'Mahony beat Eamonn McKenna 3-1 leaving Johnny's team one game ahead overall. Seán Morris was due to play Tom Fitzgibbon but a warm weather training camp had him out of the country thus handing Fitzgibbon a walkover and effectively ending the contest overall. The concluding game of the night was between team skippers, Doyle and Donovan. Spectators looked on with renewed interest as the hard-running all action game of Doyle came up against the finesse, poise and experience of Donovan. Despite throwing the kitchen sink at him, Connie didn't have enough to keep Johnny at bay and the old hand emerged victorious on a scoreline of 3-1 giving him and his team the March victory. Many thanks to the Aquila Club for sponsoring the competition and also

for keeping the courts in tip top shape. April sees the last squash competition of the season take place and will be sure to throw up some surprises as the American scoring system

attempts to level the playing field. As always, be sure to pop into the Aquila Club if you'd like to try your hand at squash. Everyone Welcome!!!

## SKILLNETS HOST SEMINAR

Kerry business owners explore financing options at business seminar. Kerry business owners can improve their chances of securing investment or lending by investing in themselves.

Kerry business owners gathered in Killarney last week to attend a business seminar hosted by ManagementWorks, in association with South Kerry Skillnet, Rural Food Skillnet and Southwest Gnó Skillnet. A panel of SME Finance experts addressed the topic of "Financing Your Business - Know Your Options".

Three key messages came through from all the presentations.

**Know your business**  
**Know your options**  
**Upskill or get help**

ManagementWorks used the occasion to promote a new government-funded programme for business owners, managers and sole traders to help them to build their financial capability. The "Building Financial Capability in SMEs" programme available from ManagementWorks is a new measure under the Action Plan for Jobs 2014. Participants will receive subsidised training and one-to-one mentoring from a team of independent SME Finance experts. The programme is being rolled out nationwide and is available in Kerry in May 2014. It will be followed by another highly subsidised programme from ManagementWorks, the Business Growth programme.

## GAA AND SAMARITANS TEAM

The GAA and Samaritans have come together to offer greater emotional support for people who are struggling to cope across the 32 counties. The announcement is the first of a series of initiatives the GAA will be undertaking this year to make sure its members have access to emotional support in these challenging times. For Samaritans, working with the country's largest sporting and community organisation offers the opportunity to extend its important work even further across the country and into every parish on the island of Ireland.

The partnership aims to encourage people who are going through a difficult time to seek help, while also tackling the stigma associated with mental health problems. In doing so, both organisations hope that people will access the round the clock support provided by Samaritans.

The Killarney Branch of the Kerry Hospice Foundation will once again be stepping out for a good cause on Good Friday 18th April. Registration will take place at The Garden Restaurant at Muckross House from 9.30p.m. There is no registration fee but there will be a bucket collection on the day. ## STUDENTS STAGE ART EXHIBITION

Killarney Community College provides Adult Education to approximately 1000 students on a yearly basis. This time it was the art, digital photography and drawing and sketching students who took centre stage at our annual exhibition at the school.

The Exhibition took place on Tuesday 1st April. The students produced works of art that demonstrated a depth and wealth of talent that must surely have made tutors Amélie Gagne (Acrylics), Mary Sheehan (Drawing & Sketching) and Terry MacSweeney (Digital photography) very proud indeed. This year the Acrylics Class

under the tutorship of Amélie Gagne produced a collective mosaic which they presented to the Kerry Early Intervention Services Countess Grove Killarney on the night.

Participants included Noreen O'Riordan, Geraldine O'Keeffe Lyne, Mairead Kerrisk, Libby Buckley, Mairead McCurtain, Breda O'Leary, Phyl Duffy, Amélie Gagné (tutor), Breda Murphy, Sheila Daly, Aine Walsh and Debbie O'Sullivan.

## OUTLOOK ON THE STATE EXAMINATIONS

### IT'S TIME TO FOCUS ON THE EXAMS!

(By Billy Ryle)

With eight weeks remaining before the Junior and Leaving Certificate Examinations get underway on Wednesday, 4th June, candidates can face up to these exams with considerable optimism. Results achieved in the state exams continue to be very impressive and the present generation of young people is well able to successfully negotiate the hurdle of exams. In addition, places in further and higher education courses are very plentiful at the moment. At this stage, it looks as if there will be more places available than there will be applicants to take up these places. While employment opportunities for school leavers are still scarce there are positive signs that the green shoots of economic recovery are beginning to sprout. Nevertheless, if the trend of previous years continues, the vast majority of Leaving Certificate Examination candidates will continue in education as the changing nature of work means that employers are looking for staff with qualifications at degree or post-graduate level.

The stigma of failure is long gone from the state exams. There was a time when failure in Irish meant overall failure. Thankfully, those days are far behind us. Every candidate's performance is now acknowledged by individual certification. The State Examinations Commission (SEC) also provides a range of exam supports, known as "reasonable accommodations," for candidates with physical, visual, hearing and learning difficulties in order to remove, as far as possible, the impact of the disability on the candidate's performance in the exams. This enlightened "reasonable accommodations" facility ensures that no candidate for the state exams is disadvantaged because of a disability.

Despite the criticisms that have been levelled at the state exams, they have stood the test of time and they provide the Irish economy with one of the best educated workforces in the western world. Both Junior and Leaving Certificate Examinations are arguably regarded as an impartial, unbiased and comprehensive test of each candidate's level of achievement. The vast majority of candidates can be fairly certain that they will do well in the state exams. A large number of them will achieve results that are considerably above average.

Despite all the hype about exam pressure, all that is required is a cool head, a positive attitude, optimum use of the remaining weeks, good personal and time management, plenty of nutritious food, rest and a programme of exercise to burn off any excess stress. Approach the exams with confidence, do your best during the remaining weeks and at the actual exams. Then forget about them and enjoy the summer. Exams should be kept in perspective. They are just another hurdle on the fascinating journey through life; a hurdle which thousands of candidates negotiate very successfully year after year. As we approach Easter there is widespread relief that the oral and practical exams have been safely negotiated. The holiday period gives the exam candidate an ideal opportunity to step back and take stock of the situation. The written papers now become the focus of attention. Some students will do revision courses during Easter. Revision courses are fine for students who have the work done or who, perhaps, want to touch up one or two subjects where they may have some areas of difficulty. The revision courses tend to cover the entire course and enable students to test their knowledge against the course content. But for students, who use these revision courses as a crutch or a substitute for hard work, the investment of time and money may not have the desired effect. There is little or no advantage to a student in accumulating reams of notes, which might only add to the confusion.

**In the next article, I'll give you some advice on how to make the most of the last term before next June's exams.**

## NO LIMBS – NO LIMITS AT CINEMA KILLARNEY

No Limbs – No Limits, the Joanne O'Riordan story is in cinemas nationwide from today Friday 11th April.

Cork native Joanne O'Riordan was born with an extremely rare syndrome known as 'Total Amelia', which essentially means she doesn't have any arms or legs. While this affliction might be seen as a constant hurdle to be overcome in life, Joanne's overwhelmingly positive outlook on life and constant cheery disposition display a young woman who has not let her situation

bring her down in any way.

Directed by her brother Steven O'Riordan, No Limbs No Limits takes a look at the life of Joanne, how her syndrome has affected her and her immediate family, but more than that, it takes a look at life and how a little willpower is all that's needed to overcome something.

**No Limbs No Limits is on at 7pm each night at Cinema Killarney. Rating PG.**

## SUCCESS FOR KERRY STUDENT

The National Final of the County Enterprise Boards' Student Enterprise Awards was held on the 2 April in Croke Park and the overall third prize in the Senior Category was awarded to "Steindesign" from Community College Castleisland with a project consisting of the production of an easy-coil storage system for Christmas lights and other wire products.

Tomás Hayes, CEO of Kerry County Enterprise Board, stated that "I am delighted and thrilled with the success of Castleisland Community College in securing third place in this prestigious national award. The student Christian Steinborn

deserves great credit. His project consists of an easy to use storage system for Christmas lights and other wire products prone to tangling such as electric fencing.

His dedicated teachers Grace O'Sullivan and Veronica O'Hanlon and his mentor Maeve Townsend deserve huge credit. I also thank my colleagues Margaret Murphy and Deirdre Moynihan who put huge work into this initiative each year."

The students progressed through the establishment of a mini company which

trades over a period of a number of months. An exciting and rewarding programme, students get to experience the realities of entrepreneurship from developing a business idea to producing a product, researching the market, promoting the business and managing the books.

Over 17,000 students from 370 schools participated nationally in the Awards this year. The competition promotes business idea development and business structure, sourcing of finance, marketing/sales and the presentation of a formal business plan.

## MOLONEY WELCOMES FUNDING

Labour Senator Marie Moloney has welcomed the news from Minister for Education and Skills, Ruairí Quinn T.D., who has provided €60,000 to support the delivery of anti-bullying training sessions for parents.

*"As a parent and as a Senator who has raised the issue several times in the Seanad, I appreciate the*

*need for extra resources to educate and inform parents when it comes to bullying."*

*"This will be money well spent in my opinion based on the success of last year's training sessions. Over 90% of parents who attended the training sessions last year said that they felt more confident in supporting their child with a bullying*

*issue following the session. Likewise, over 90% said they felt more confident engaging with their school if a bullying issue arose with their child."*

*"The anti-bullying training sessions take place nationwide and I would urge all parents to attend a session in their locality and empower themselves in dealing with the issue."*

## KILLARNEY TOWN COUNCIL MEETING

At this month's meeting of Killarney Town Council, Cllr. Cathal Walshe called for microchip tagging of dogs as is the case in Northern Ireland. He wants the government to introduce legislation to bring it into effect. On a local level he wants the council to ask the H.S.E. to reintroduce chiropody services to Killarney as existed in the past.

Also at Monday Nights Town Council Meeting Cllr. Sean Counihan called for the reversal of the Universal Social Charge, to the income of People.

This measure was introduced by the Last

Government and is one of the Singular Austerity Measures to affect the incomes of the majority of people, the removal of the USC would help to stimulate the domestic economy, and give a welcome boost to workers who have had to endure a pay freeze over the last number of years. When the last Government introduced this charge they said it was a temporary measure.

Before there are any future talks on Wage Agreements I am calling on this Government to remove the Universal Social Charge and restore the value of work to the Economy and its people.

## ACTION ON AUTISM

Cllr Tom Doherty is calling on Killarney Town Council To shine a blue light on our civic building to highlight the Autism awareness campaign for the month of April. Autism is a neuro-developmental disorder that affects the development of the brain in areas of social interaction and communication and is marked by severe difficulties in communicating and forming relationships with people.

The difficulties at the moment relate to the need for staff and resources across the network of Kerry's early intervention disability service. Access is needed in the service areas of Occupation therapists, speech and language therapist and physiotherapists.

The latest figures nationally tell us that there are 15,776 children with special needs waiting months for basic initial assessment from a HSE speech and language therapists. I have met parents who cannot even access private speech

and language therapists.

This early intervention should be the first step as part of a continuous support system right up to adulthood. Unfortunately this concept seems to be very disjointed at the moment. There are even difficulties trying to get on a waiting list to access services.

Equality is all about supporting those who have more challenges in life from a young age then that of the needs of the general population. The application process for medical cards should be streamlined to support the individuals who clearly have daily challenges in their life from a young age. Those who have more challenges in life from a young age then that of the needs of the general population.

The application process for medical cards should be streamlined to support families and the individuals who clearly have daily challenges in their life from a young age.

## JOHN O'SHEA CALLS ON HSE FOR AMBULANCE COVER

Kerry County Council candidate, John O'Shea is calling on the HSE to ensure there is adequate ambulance cover for the Killarney area across the busy bank holiday weekends ahead.

*"It has been brought to my attention that the influx of visitors across these exceptionally busy weekends means that services will be stretched to their absolute limit. More people means more traffic, busier roads and more call outs for the ambulance service,"* says Kerry Country Council Candidate, John O'Shea.

*"Killarney is founded on welcoming people to our town, but it is imperative that both visitors and locals alike have the safety of full emergency services cover. It's just not good enough that the existing system is playing lottery with lives and that people are in danger*

*having no ambulance cover."*

*"Killarney's population swells enormously during the busy tourist season and I am calling on the HSE to take this into account when assigning cover for the area."*

Mr. O'Shea also believes strongly that the rates collected from Killarney businesses should be spent on services and projects in the Killarney area.

*"The rates collected in Killarney were always paid to Killarney Town Council which ensured that this money was spent on improvements in the town. However, the disbandment of Killarney Town Council means these rates will now be paid to Kerry County Council and can potentially be spent anywhere in the county,"* says Mr. O'Shea.

## WORK COMMENCES AT BALLINTOURIG BRIDGE

Cllr John Sheahan raised the issue of the damaged wall at the Ballintourig Bridge, Scartaglin at a recent Council meeting.

This wall was damaged and a large section fell into the stream running underneath the bridge. Cllr. John Sheahan has stated that this is a H&S issue for all who travel this route. Vehicles are in danger of going off the road at this location as a large section of the parapet wall has fallen. Cllr. Sheahan has welcomed the news that work has commenced this week and having personally viewed the bridge he would like to thank Padraig Teahan, KCC Engineer, Breda Mulryan, KCC Area Engineer, Patsy Breen, Foreman and all the team working on it.

## HEALY-RAES WELCOME FUNDING FOR BARRADUFF PROJECT

Deputy Michael Healy-Rae and Cllr Danny Healy-Rae welcome the sum of €10,000 to be provided by Kerry County Council for the Barraduff Community Field Project.

This funding is very important to the project and is most welcomed by the greater Barraduff community.

## €3.7 MILLION INVESTMENT FOR RATHMORE

Niall Kelleher, Rathmore businessman and local election candidate has warmly welcomed the €3.7 million investment announced for the Cadbury facility in Rathmore. The announcement from the parent company (Mondelez International), was greeted with great joy in Rathmore and the wider area.

*"The news has been greeted with delight in my home community of Rathmore. I've been speaking to some of the 86 employees since the investment was announced and this is a great boost to them and their colleagues. The Cadbury facility has been part of our community in Rathmore almost 66 years and it an integral part of the infrastructure in our town"* said Niall Kelleher.

## WATER QUALITY AT LOUGH GUITANE

At the April 2014 Killarney Area Meeting of Kerry County Council, Councillor Michael Gleeson asked Kerry County Council the following question:

Of what quality is the water in the vitally important Lough Guitane and also in the River Finnow?

Kerry County Council stated that the results for Lough Guitane indicate a lake of Oligiotropic status, which means that it is of the best possible quality being unpolluted or of low nutrient status.

Councillor Gleeson stated that this finding is of vital importance as the water from the lake serves a large part of County Kerry.

The latest results from the River Finnow, however, exhibits water of slightly polluted status and does not comply with the water framework directive standard. Investigative monitoring conducted during 2012 in the area has found no evidence of agricultural pollution.

Kerry County Council committed to continue to seek the source of the river's unwelcome pollution.

## MINISTER DEENIHAN WELCOMES GRANT

Jimmy Deenihan T.D. Minister for Arts, Heritage and the Gaeltacht welcomed the announcement that a grant of €1,363,000 has been awarded to Kerry County Council by his colleague Alan Kelly, Minister of State at the Department of Transport, Tourism and Sport under the Active Travel Town's Programme 2014-2016.

Greeting the approval, Minister Deenihan said:

"This is a welcome announcement. This programme will improve

cycling infrastructure within Tralee. Not only will it improve cycling connections to and from schools, it will also aid traffic calming measures in the town. I hope that work can begin on this project as soon as possible".

This proposal plans for cycle-ways, speed reductions with shared space proposals for Denny Street, traffic calming around Woodlawn to Rookery Road / Ballaycasheen Road and a cycle/walking path from Ross Road to Muckcross.

## CRONIN CALLS FOR SEPTIC TANK GRANT TO BE MADE AVAILABLE TO ALL HOMEOWNERS

At the April area meeting Cllr Brendan Cronin called on the Minister for the Environment to open up the septic tank grant aid scheme to allow homeowners to improve their septic tanks or percolation areas. Cllr Cronin stated that if the Minister is serious about protecting our waterways and rivers he should immediately allow access to grant aid so that homeowners can upgrade their septic tanks. Not

only will this grant aid help our environment it would also create much needed employment around the country and it would have a positive impact both economically and environmentally. I am calling on all Kerry Fine Gael and Labour members of the government to put pressure on the Minister Phil Hogan to deliver on this important scheme.

## SPA NEWS

### U14 GIRLS CO LEAGUE

#### SPA 2-4 CASTLEGREGORY 2-3

Girls played away and won by the slightest of margins. The players are adjusting well to the big field and none other than Eimear Beasley who made a few solos through the middle of the field to slot over the bar. The team played well in defense, midfield and attack. Meghann Cronin (1-1), Ciara Moynihan (1-1) and Eimear Beasley (0-2) all scored for the winning team. The birthday girl Marie O'Donoghue had a great day between the posts along with defense Emma Cronin, Maeve Fitzmartin, Hannah Daly and Aoife Sheehan. Our forwards Orlaith Spillane, Lauren O'Connor and Hazel Riordan were instrumental in assisting in scores.

**U14 A BOYS:** After a terrible start against Desmonds in this Div 2 encounter played on Thurs night in Castleisland, Spa settled into the game scoring 2-4 without reply, with goals from Cian Murphy and Conor Magee. Eventhough they were facing a uphill battle Spa continued to fight hard in the second half and although controlling possession for long periods were unable to really make it count on the score board. Great work rate by Gary Vaughan and Reece Hegarty as well as well as further points from Stephen McKenna, Ryan Kelliher, Liam Spillane and Keelan Deegan including a goal from Rory O'Keeffe were not sufficient to bridge the gap, as Castleisland ran out deserving victors on the night. Spa take on neighbours Fossa away next Wednesday evening in the next round.

**U14 B BOYS:** In a very entertaining game held in Spa on Wed evening Spa triumphed over near neighbours Dr Crokes by a score line of 4.18 to 5.08. Spa started the stronger racing into a 3.10 to 4.03 lead at half time with well taken goals from Ronan McClure, Cian Murphy and Liam Spillane. Spa's defence held out against a strong wind and many Dr Crokes attacks in the second half with great defensive displays by David Barlett, Daniel O'Sullivan, Daragh O'Leary as well as Tomas Cronin in the half forward line. The whole team worked hard for each other through out and look forward to their next game away to Austin Stacks next Wednesday night.

### EAST KERRY U16 BOYS LEAGUE:

#### SPA 3-11 LISTRY/KEEL 1-5:

Another good win for our u16 team in Spa last Sunday evening in what was a competitive

well-earned victory.

### MINOR CO. LEAGUE: SPA 2-10 AUSTIN

**STACKS 2-9:** In their penultimate game in the minor co league Spa came away with 2 important points thanks to a superb last minute goal by Shane Cronin. Spa kicked over 3 early points and Fergal O'Donoghue found the net after 12 minutes, but Stacks quickly cancelled them out and led 2-5 to 1-6 at half time. Stacks then dominated the exchanges in the second half and looked to be on their way to victory but a last quarter burst from Spa and Shane Cronin's final minute goal earned Spa the win.

**TEAM:** David Carroll, Eoin Fitzgerald, Mike McCarthy, Conor Kearney, Eric O'Donoghue, Aidan Fleming, Shane Cronin (1-2), Timmy Hussey, Aidan Shepherd, Evan Cronin (0-3), Ciaran Spillane (0-1), Fergal O'Donoghue (1-2), Mike Foley (0-2), John Murhill. Subs: Conor Cronin, Aidan Mulvaney, Stephen Kelliher, Dara Moynihan, Mike Moynihan.

**CONGRATULATIONS:** To Dan O'Donoghue and his school Colaiste Ghobnatan, Ballyvourney, in their all Ireland Final win in Portlaoise last Saturday afternoon.

**MINOR COUNTY CAPTAIN:** Congratulations to Liam Kearney on his nomination as Kerry Minor Captain for 2014.

### SENIOR EAST KERRY LEAGUE

#### SPA: 1-13 CURROW: 0-14

Spa came out on top by two points in an entertaining match. A number of players were unavailable but this opened the door for other lads to impress the management. Strong defending by Hugh O'Donoghue, Eoin Cronin and Mike Finnegan helped the Spa cause. Super attitudes by Craig Hickey, Cormac Cronin and Pat Cronin saw Spa trading points with Currow throughout. Jamie Spillane worked tirelessly to set up a number of important scores. Cormac Cronin got a second half goal which set Spa up for victory. John Falvey, John O'Donoghue, Shane Fenton and Paul Russell battled hard and Brendan Lynch, Andrew Garnett and Aorán Farrell were sturdy throughout. Hopefully they can show similar hunger and attitude for the year ahead. The Spa senior panel and management would like to wish Ivor Flynn and Julie Ghirardani a long and happy life together. Enjoy your big day on Saturday.

## MATCH REPORT

**SENIOR FOOTBALL LEAGUE DIVISION 2 ROUND 2**

**LISTRY 0-6. GNEEVEGUILLA 1-5.**

This game postponed from last week as both clubs had players involved in the successful Liebherr team in the All Ireland Inter Firms was played in Listry on Saturday evening. With both teams having lost their first round game this tie was eagerly awaited by the two East Kerry teams. The game was slow to start with Listry first to score from a free by Damien Clifford in the second minute. The next score did not

come until the 17th minute when the visitors levelled through D J O Connor. Both teams were guilty of some poor shooting during this time. Listry were dominating possession but could not convert it to the score board. Gneeveguilla scored two points to Listry's one over the last few minutes of the first half to leave the half time score Listry 0-2 Gneeveguilla 0-3. The home side started much better in the second half and were level almost from the throw in as Garry O'Sullivan tied the sides. Further points from John Foley and Derry Ahern had Listry in the lead by 5 points to 3 as the game entered the final quarter. At this point D J O'Connor was dismissed following an off the ball incident. This seemed to benefit the visitors rather than Listry and when substitute Ger Moynihan was at the end of a move to finish to the net to put Gneeveguilla in front. The same player extended their lead with a point and with a point from D O'Connor to Listry's late point from John Foley Gneeveguilla ran out winners 1-5 to Listry's 0-6.

## EAST KERRY SENIOR LEAGUE DIV 1 FINAL:

The Glenflesk senior team, sponsored by Molly Darcys, were narrowly defeated by Legion in the Super League final on Saturday April 5th in Lewis road on a scoreline of Glenflesk 0-9 Legion 1-7. In an entertaining game played in persistent rain, Legion started the better and led by 0-4 to 0-1 at the mid-point of the first half. However, Glenflesk then came into the game and five unanswered points saw them lead by 0-6 to 0-4 at half-time. Early in the second half a fisted goal and a couple of points saw the tide swing decisively in favour of the Legion. Nonetheless, Glenflesk stuck to the task and got their reward when a late flurry of points reduced the gap to the minimum. The closing minutes were hard-fought but the Legion held out for victory by the slimmest of margins.

**TIPS TO MANAGE CHILDREN DURING THE EASTER HOLIDAYS**  
(for parents, grandparents or childminders)

**Having fun as a family is a very important parenting principle**

1. Communication is the key. I suggest that parents take time to talk with each other about having a plan for the holidays before talking with the children. Children can be very understanding when they know what's going to happen.
2. Sit down with the child/children to talk and listen. Find out what the children's expectations are for the Easter holidays. Gather ideas from the family. All ideas and suggestions are written down. Then go through the list and choose day by day what may work. Plan what's going to happen. Allow children some free time. This allows them to be creative and come up with their own ideas for games etc.
3. Have a budget. What are the activities that will cost money and what can be free. Be realistic. Do not allow the children to put pressure on you to give into unrealistic demands.
4. Give quality time to each child. When parents are with the children all day, this is great but tiring! However, it is important to spend quality time with each child at some time during the day. Parents and children should enjoy each other. When we give positive attention to each child, misbehaviour lessens. The child will feel happier and more secure.
5. Self Care for the parent/s. Children will take all the time they feel they need. It is important for parents to make time for each other and also to make time for themselves as individuals.

### FINAL EAST KERRY SENIOR LEAGUE DIVISION 1

#### LEGION 1-07 GLENFLESK 0-09

Legion won the East Kerry Senior League Division 1 title, sponsored by Frank Doran Safeguard Security, after an exciting game, played in Lewis road last Saturday. Both defences played well and despite the rain there was great team performance and skill on display on both sides. Legion got off to the better start, scoring 3 points without reply in the first 7 minutes and having a goal bound shot come off the upright. Billy McGuire opened with a pointed free, Conor Keane from play and David O'Sullivan a pointed free. Glenflesk gradually came into the game, and opened their account with point from play by Jeff O'Donoghue. Kevin Breen replied on the 14th minute, with a point, from a rasper of a shot that might have been a goal. Glenflesk dominated the scoring for the remainder of the half, Adam O'Reilly pointed a free and Jeff O'Donoghue scored a lovely long distance point. Dara Roche equalised from a move involving Cian Horan and Kieran Murphy. Glenflesk pulled two points ahead at the short whistle, with points from Jeff O'Donoghue and Eric O'Donoghue. Half time score: Glenflesk 0-06 Legion 0-04. Legion got off to a dream start in the second half when Conor Keane netted the ball from a free taken by David O'Sullivan, putting Legion ahead by the minimum, two minutes into the half. Legion built on their lead, with three points (Thomas Moriarty, Billy McGuire, Conor Keane) to a single Glenflesk pointed free (Adam O'Reilly) in the third quarter. Both sides brought on fresh legs and created goal chances. Legion saw what looked like a certain goal come off the upright and Glenflesk's Jeff O'Donoghue shot at goal was well saved at point blank range by Legion Keeper, David Gleeson. In an exciting end to the game, Glenflesk showed great resilience, pressed forward with determination and narrowed the gap to the minimum with points from the boots of Lee O'Donoghue and Dara Roche. Legion cleared Final score: Legion 1-07 Glenflesk 0-09.

## MID KERRY GAA NEWS

### SENIOR LEAGUE RD 5 REPORT

#### LAUNE RANGERS 2-05 BEAUFORT 0-07

Laune Rangers took on Beaufort on Saturday evening in the final round of the Mid Kerry League. On a wet and windy evening at JP O'Sullivan Park, it was the visitors who opened the scoring through a pointed free from James Coffey after 2 minutes. Colm O'Shea slotted over a free of his own shortly after to tie the scores before Beaufort's Conor Breen hit the crossbar with a stinging shot but the rebound was swept up by the Rangers defense and cleared. Colm O'Shea added two more points - one from a free - to put Rangers in the lead on the quarter mark 0-3 to 0-1. Beaufort were then able to put their stamp on the game for the second quarter and scored three unanswered points through James O'Reilly and a brace from Fergal Hallisey to lead at half time 0-4 to 0-3.

The second half had quite a messy start. Poor handling and loose passing from both teams, which could be attributed to the bad conditions, meant that there was no score for the first ten minutes of the second half. A minute later Ryan Keane was on the end of a Shane McSweeney pass across the small square to find the net with a well taken half-volley. Pdraig Doona responded with a point for Beaufort to make the score 1-3 to 0-5 with a quarter of the game to go. Rangers then assumed control of game though and a well finished shot to the top corner of the net by Colm O'Shea followed by a Shane McSweeney point gave Rangers a five point lead with 5 minutes to go. Ronan Murphy

scored 2 fine frees for Beaufort but Kevin Flynn got the final score of the game with a free of his own to make the final score Laune Rangers 2-5 to 0-7.

## LEGION GAA CLUB NOTES

**EAST KERRY LEAGUE FINAL:** Despite very poor weather conditions, Legion and Glenflesk served up an exciting and competitive East Kerry League Div 1 final last Saturday evening. Played at Lewis Rd. scores were at a premium and there was never more than a point or two between the sides, Legion trailing 0-04 v 0-06 at the short whistle. Conor Keanes recent good run of scoring form continued and when he flicked to the net midway through the second half, it gave the team the lift they needed. **MINOR COUNTY LEAGUE:** The minors hosted a good Churchill side last Friday evening in the penultimate round of the County league. The second half saw Churchill get more into the game and as the half wore on they had edged themselves into a 3 point lead but as is the trademark of this Legion team, they dug deep and with some great passing movements they overhauled their opponents to clinch a victory by the narrowest of margins 1-14 v 2-10.

## KERRY LADIES

Kerry ladies sealed their return to the top flight of the Tesco HomeGrown Ladies NFL with a victory over Donegal on Sunday in the IT Tralee. The victory ensure Kerry retains their top of the table status in their last home game of the #KerryLadiesSpringSeries, supported by Tralee Credit Union. It took Kerry awhile to shake off the Ulster side, who despite already being relegated were not there just to make up the numbers. Kerry elected to play with a strong breeze in the first half but it was Donegal who would hit for the first goal, when Aislinn Cunningham flicked the ball into the Kerry net beyond the reach of Edel Murphy & helped Donegal into lead for the first & only time in the game. Patrice Dennehy who was lively in attack all day replied for Kerry 10 mins later with a well taken effort & Kerry hit 5 unanswered points, half time score Kerry 1-08 Donegal 1-01. Donegal playing with the wind in the second half again started lively & again hit for goal leaving only 4 points between the sides. But Kerry held their nerves & with a sweeping attack Sarah Jane Joy hit for Kerry's second goal, keeping Donegal at arms length. Louise Galvin capitalising on a rare mistake in the Donegal defence added Kerry's third goal, leaving the score Kerry 3-10 Donegal 2-05 in the 45th min. Donegal however kept fighting back & hit Kerry for a third goal. Kerry however with 7 mins left on the clock played a possession game & held Donegal at bay, running out confident winners in the end. Final Score; Kerry 3-12 Donegal 3-06 Kerry's reward for a top spot is a semi final clash against neighbours Cork on 27th April, venue TBC later.

Best of luck to the Kerry minors who face Limerick on Saturday 12th April in John Mitchells Tralee at 1 pm. The minor this year is run on a round robin basis, a welcome departure on the straight knock out final the past few years. Kerry management report a clean bill of health & are asking for a Kerry crowd to come out & support the team, who have been training since November.

The Rhino Quality Feeds Co League swings back into action this week & next week, with games across all 4 Divisions. Division 1 sees an interesting clash between Laune Rangers & Castleisland Desmonds, Sunday in Killorglin. Both teams are peppered with county players - interesting clashes Aoife Lyons, Cait Lynch & Aisling Leonard Castleisland & Kerry defenders against Laune Rangers & Kerry forwards Sarah Houlihan, Patrice Dennehy & Amy Foley, some interesting match ups there. In Division 2 sees a Tralee Town Derby as Austin Stacks travel down the road to Na Gaeil, a repeat of the county Junior Championship final last year. Austin Stacks who defeated Finuge/St Senans in their rescheduled back game will be looking for a solid team performance to enhance their league ambitions. In Division 3 John Mitchells face a determined Southern Gaels B side, who had a dug out a draw against Milltown/Listy in rescheduled back game. Both sides are young & new to Division 3 so will be an interesting test for both sides. Finally in Division 4 sees a North Kerry derby with experienced outfits Causeway travelling to Beale. Beale had a tough first day outing against Fossa regrouped well against Cromane & will be hoping for more of the same. All fixtures on website. In the Educate.ie U14 Co league Fossa continued their good vein of form with a strong win over local rivals Legion/Beaufort in Division 1. In Division 2 Finuge/St Senans put in a dogged display against a strong Corca Dhuibhne side but found the home side very well organised & found it difficult to get their scores. In Division 3 Cromane followed up their impressive performance against Abbeydorney last week with another strong performance against Glenflesk, leaving them the pace setters in that division. Finally in Division 4 Ballymac made it 2 from 2 with only 3 points to spare over Laune Rangers. Third round takes place on Sunday 13th at 5 pm.

## KILLARNEY CYCLING CLUB

By Marie Wade

**FERMOY RACE REPORT:** The sunshine in

Fermoy today only served to brighten up what was an already glorious day for Killarney Cycling Club. You have often heard me say that we were out in numbers but today we had reinforcements in the form of our juvenile riders on their first outing of the season in open road racing, and they did themselves and our club proud. I met them after they finished their racing and all I could see were smiling happy faces.

In the U14 race Fergal Murphy made the first podium finish of the day when he sprinted home in 3rd place. Oisín O'Connor was the first U13 home and Evan Kissane was 4th U13. Brilliant results and great credit is due to Mark Muphy and Philip O'Connor for looking after our future champions so well.

When the juvenile races were finished the main event of the day got underway, the A1/2 race run over 5x20Km laps. John Mannix showed that he is finally recovering from a recent chest infection when he rode in for a very well deserved 4th and if the race had been a few kilometres longer he could well have done better as he had been chasing down and gaining on a three man break for the last 10km. A few seconds later Matt Slattery had a strong finish to come in in 10th place. Mike Lucey finished well in the main field but he had emptied the energy tank early in the race in an early escape attempt.

Stephen Doherty was our only Junior rider in the A3 race and he is showing some serious promise as a road racer as well as a mountain biker. Stephen never looked at all under pressure in the A3 bunch and I am predicting here and now that there are some great results to come from Stephen in the future.

Our leisure riders were out as well this weekend and we were represented in the local Tour de Ballyfinnane and in the Tour of Sligo. Well done to one and all!

Can I remind everyone that our Wednesday leisure rides start again on the 30th April and we have a registration in the Dromhall on the 23rd April for anyone who wishes to join us with a view to doing the Ring of Kerry.

## RATHMORE / GNEEVEGUILLA COMMUNITY GAMES:

**U13 BOYS BASKETBALL:** The U13 boys basketball team along with coaches Cormac Collins & John O'Keeffe travelled to Castleisland on Sunday last to part-take in this competition. The boys first met with the team from Glenbeigh / Glenclar, they then played the team representing St Brendans / Oakpark winning both their games they then played Caherciveen in the semi-final. Proving to be the stronger team they advanced to the final where they met with the boys from Currow / Currans. Even though the final was a very exciting game Currow / Currans proved a bit too strong for the Rathmore / Gneeveguilla lads. The day

ended with Rathmore / Gneeveguilla being the recipients of the silver medals. The boys should be very proud of their performance, they are to be commended on their team performance along with the skills they displayed. Team members were: Ronan Collins, Eoghan O'Rahilly, Tadhg O'Connor, Ian O'Connor, Alan Dineen, Dan Murphy, Daniel Collins, Paudie O'Leary, Damien Cronin and James Darmody. We are extremely grateful to Cormac and John for the many hours training they had arranged for the boys, thank you to Scoil phobail Sliabh Luachra & caretakers for the use of the gym, thank you to Rathmore & Gneeveguilla basketball club for their assistance with this competition. Tralee Trophy World 16 Plate:

Park C 1-3 Castleisland

**REPORTS:** There was one back game in the 13's Cup first round and it is Killarney Celtic that move into the last 16 after a 1-0 win away to Killorglin. Ryan Kelliher got the Celtic goal in a game where Darren Dineen and Mark Kelliher were outstanding. Killarney Celtic will meet Ballyhar at Celtic Park for a place in the last 8. Sean Corcoran and Conor Burke had big games for Killorglin while Alex O'Connor in goal did very well to keep his side in touch while Gar Hassett went very close to getting an equaliser in the last minute.

A round ahead and there was a cracker in Camp. The home side, top of Division 2 defeated Killarney Athletic, the leaders in Division after a goal-fest. It ended 6-4 to Camp with the goals coming from a Christopher Keane hat trick plus a goal each from Killian Falvey, Jack Farrell and

Ruaidhri Begley. Tadgh Doolan scored twice for Athleite with Seamus Gallagher and Eamon Long getting the others.

Camp joins Killarney Celtic B, Park A, Listowel Celtic A and C and Mastergeeha who are all through to the last eight.

Christy Leahy Invitational u11's Tournament:

8 teams – Kingdom Boys, Killarney Celtic A & B, Listowel Celtic, Killorglin, Camp and the A & B side from the host The Park enjoyed a great day of soccer at Christy Leahy Park in front of the legend himself. And Christy had to wait a while to present the Cup, named in his honour as the final went to penalties. Killorglin were 2-0 up but Listowel Celtic drew level. However it was Killorglin that took the winners medals after the shoot-out.

The Plate section was named in honour of another Kerry and Park soccer legend John Joe Naughton will have been watching from the grandstand in the sky. This game also ended 2 all after extra time with The Park taking the trophy the short distance to the trophy cabinet as they just go past Killarney Celtic Greens after the spot kicks.

**THE YOUNGEST BLITZ:** 8 teams of our 7's and 8's were in action in non competitive blitz's in Listowel Celtic and Killarney Celtic. All eight teams really enjoyed their day with the North Kerry hosts welcoming Camp, Park and Asdee and Killarney Celtic hosting Inter Kenmare, Killarney Athletic and Mastergeeha.

Moriarty's 11's

In the Moriarty's Centra 11's Camp just got the better of Ballyhar. .

JK Sports 12 Premier:

Leaders Kingdom Boys were too strong for Killarney Athletic and with a Sean Kennedy hat trick, Pa Keane double and one each from Leo Gaxha and Sonay Rramani.

12 Division 1:

Fenit were big winners over Park B in a mid-week encounter. Oisin Horgan hit 3, Eddie McCarthy 2 and both Dara Hennessy and Conor Lenihan one each.

Daly's Supervalu 13 Division 1:

Inter Kenmare have moved to the top of this Division thanks to two Boki Nikic goals. They have played more games than the sides around them but have the points in the bag.

Listowel Celtic B made the trip to Murt Scott Park a winning one. They defeated Ballyhar 3-1 with Cian McGrath getting 2 and Liam Guiney getting the third direct from a corner. Dylan Callaghan got the Ballyhar consolation.

13 Division 2:

Killarney Celtic C closed the gap on the sides above them following a 2-1 win over Fenit. Lorcan Martin and Jack McCarthy got the goals for Celtic with Gene Donnellan replying for Fenit.

The late kick off had joint second placed Park B taking on Killorglin and it ended with the points being shared. Mark Dziedziuch got the goal for the Tralee side with Tim O'Shea netting for Killorglin.

**FOUNDATION SPORTS 14 PREMIER:**

After 25 minutes The Park were afraid that lightening was going to strike twice in two weeks and for the second game in a row they had blown a 2-0 lead. However in this game they managed to get the winner thanks to Thomas Burke. For the first 10 minutes it was all The Park and they were 2-0 up after 8 minutes. Conor Higgins got the first in the 5th minute and Sean Looney doubled the Park's lead 2 minutes later.

However this is a very honest, not to mind skilful Kingdom Boys team and they were level late in the second half. A Dara Lowth penalty was added to by a goal from Dillon Robinson to level matters. But unlike last week when The Park let the points slip they got the 3 here and move onto 18 from 10 games. However Kingdom Boys are still favourites as they remain on 17 from 8 player.

Killarney Celtic defeated Castleisland in a mid-week encounter in this division. Sean Doherty, Ryan Kelliher, Micheal Devlin and Javier Herardia got the goals. Eoin Donnellan replied

for Castleisland.

**KILLARNEY PLAZA 15 PREMIER:**

Killarney Celtic wrapped up the title with their 8 unbeaten League game. They were pushed all the way by Mastergeeha for whom David Twomey scored. However it was another David who ensured the points went to Celtic as David Clifford scored both goals.

**15 DIVISION 1:** Ballyhar are now unbeaten in their 8 League games and have closed the gap to leaders Camp to 3 points and they still have 3 games in hand. They were 6-2 winners over Park B. In the other game Inter Kenmare kept the points in at home after a 2-0 win over Asdee.

**TRALEE TROPHY WORLD 16 PLATE:**

Leaders Castleisland took another step towards this title with a 3-1 win over Park C. Sean O'Donoghue, TJ O'Connor and John McMahon were the goal scorers.

**INTER LEAGUE RESULTS:**

Kerry U13's 2-1 Clare: Kerry enjoyed long spells of dominance with Patrick Darcy and McKenna doing well in controlling matters.

The first goal came from Clare corner. Conor Hayse collected the ball and laid it off to Alfie Christie who put the ball into the path of Nikic who was breaking from his own box. He collected the ball just inside the Clare half, beat a few defenders and slotted the ball home.

The second came after a spell of good pressure with Vasu getting on the end of a good passing movement to wrap up the win.

**UNDER 16 INTER LEAGUE:** Kerry 0-1 Waterford

Kerry put up a very good performance and were unlucky to go down 1-0 to a strong Waterford side. The goal came from a rebounded penalty just before half time.

**FRIENDLY U14:** Kerry continued their Kennedy Cup preparations with a good win over Limerick Desmond. Dillon Robinson and Dara Lowth both scored twice while Shay Walsh and Mikey Kelliher both scored once.

## SUPPLEMENT TO REGISTER OF ELECTORS

### QUESTION

I moved house earlier this year but have not registered to vote at my new address. Is it too late for me to register to vote in the local elections next month?

### ANSWER

You can still be added to the register for the local and European elections which will be held on Friday 23 May 2014.

The Register of Electors is published every year on 1 February but the closing date for submitting changes to the last draft Register was November 25 –before you moved to your new address.

Changes after this date are taken into account in a supplement to the Register of Electors and until 6 May you can apply to be added to the supplement for the upcoming elections.

You can check if you are on the register at [checktheregister.ie](http://checktheregister.ie) or at your local authority, Garda station, post office or public library.

If you are on the register but your previous address is listed, you can have your new address added to the supplement by completing form RFA3. The form is available online at [checktheregister.ie](http://checktheregister.ie) or from your local authority, post office or public library. This will also remove you from the register for your previous address.

If you check the register and find that you are not listed on the register, you can still apply to be added to the supplement up to the closing date of 6 May 2014. In this case the form you use is called RFA2.

There is an earlier deadline of 26 April 2014 for changes to the supplement for postal voters. This may apply if you are not able to vote at a polling station because of your occupation, illness or disability, being in prison, or if you are studying full-time in Ireland but away from the address where you are registered to vote. The application form for inclusion in this supplement to the postal voters list is available from your local authority.

### IS IT TRUE?

Life is simply what it is as it is experienced moment by moment. It is our thoughts about what is happening in these moments that may bring joy, peace or suffering. For many people it is the constant commentary that is running in their minds which brings stress and unhappiness. It may go something like this... "He shouldn't have said that to me – he's so rude, she really shouldn't wear that, I should have done my presentation this way, I've got it wrong, It's a miserable day outside – I wish it would stop raining, I can't afford to go on holiday, I bet they're talking about me... etc" The key is that on their own, these thoughts are harmless... they are just thoughts. It is when we attach ourselves to these thoughts and believe them to be true that we cause ourselves to suffer.

A belief is a thought that we've been attaching to for many years making it **FEEL** as if it must be true. We may never have actually stopped and asked ourselves if what we believe is true. One simple way to become free of your attachments to negative or limited thinking is to simply ask yourself if the thought you believe is true. Allow the answer to come from deep within your heart and notice what your answer is.

Just a heads up on my next Life Lounge! It's on Wednesday 28th May (7.30 – 9.30pm) at the Meadowlands Hotel, Tralee. My guest will be Life & Parent coach Joan Barrett. I cannot wait! Please call me or email to reserve your seat!

## EASTER MOTERING

Planning to take a break this Easter then here are some tips to make sure your Easter motering isn't spoiled by a car breakdown,

- Check oil and coolant levels following the instructions in the owner's handbook.
- Have the cooling system checked – a leaking cooling system or inoperative cooling fan could cause the vehicle to overheat and cause extensive damage to the engine. It's worth noting that owners of vehicles with air conditioning will often see a small amount of water on the floor – this is perfectly normal and is simply condensation of the air conditioning system.
- The electric cooling fan is designed to run only when needed, it's worth getting this checked also to ensure it's operating as it should.
- Check the operation of the convertible roof, especially if it hasn't been used for some time. Make sure you know how to open or close it manually if needed.
- Check all wiper blades for wear or splitting, check the windscreen washer fluid level (screen wash additive is also recommended) and check that the washer jets are adjusted correctly.
- Have the auxiliary belt (sometimes called the fan belt) checked on a regular basis by your local dealer/garage.
- Check the operation of all exterior lights to ensure they comply with any legal requirements, especially if you're travelling to Europe.
- Check the condition of the tyres (including the spare) for correct pressures and legal tread depth. The current minimum legal tread depth for cars and light commercial vehicles (up to 3500 kg gvw) is 1.6mm.
- Inspect the jack and wheel brace making sure they are in correct working order. If locking wheel nuts are fitted, ensure the locking key is safely stowed away in the vehicle. It may be

useful to practise changing the spare wheel, following instructions from your owner's handbook. If no spare is supplied with your vehicle make sure you are familiar with the tyre repair kit in case you need it.

- Ensure all dashboard warning lights operate correctly. If not, consult your owner's handbook or call your local dealer.
- Make sure you have a spare set of keys for your vehicle in a safe place.
- If you are towing a caravan, check the tyre condition – tyres can deteriorate quickly when not used for some time, so check for any cracking in the sidewalls. Also check the braking system, the indicators and brake lights and coupling gear. In addition, make sure that the caravan is properly balanced with the load distributed as advised by the manufacturer.
- Never overload your vehicle or caravan beyond their designed carrying capacity

### ESSENTIALS FOR YOUR CAR:

- A first aid kit.
- A warning triangle.

- A high visibility vest/jacket.
- A fire extinguisher.
- An empty fuel can.
- Additional engine oil and water (for topping up).
- A light bulb kit.
- An up-to-date road map or sat-nav.
- n-car mobile phone charger.

### WHEREVER YOU'RE GOING:

- Plan your journey to avoid getting lost or getting stuck in traffic jams.
- Take plenty of water and refreshments and take regular breaks.
- Take sun cream in case you breakdown, especially abroad.
- If you have children, take some games you can play in the car during the journey.
- Take extra supplies of medication, you may not be able to get them if you're abroad.
- Have sufficient rest. Working long hours then driving is a recipe for disaster.

## REPORT TRACKS TRENDS IN THE MOTOR INDUSTRY

The Ford Focus tops the list as most searched for used car model among Kerry car buyers, followed by the Volkswagen Golf, Audi A4 and Toyota Corolla according to findings of the third Carzone.ie Motering Report. The report is a bi-annual index which tracks trends in both the new and used car markets in Ireland.

Data has been compiled using the 60 million searches carried out on Carzone.ie during the last six months of the year, vehicle transactions listed on Cartell.ie and an in-depth survey of 2,187 motorists nationwide.

The results reveal that Ford is the most searched for car marque in Kerry, ahead of Volkswagen,

Toyota and Audi. In line with national trends, the majority of Kerry buyers choose black as their colour preference when searching for a used car, followed by blue and red.

Overall, 474,418 used cars were sold in Ireland during the last six months of 2013, an increase of 16% on the same period in 2012.

## AGRICULTURAL SCRUB REMOVAL COULD RESULT IN LOSS OF PAYMENTS, PENALTIES OR FINES

Many readers will know that the removal of scrub and other valuable (but non-designated) wildlife habitats is an important issue for BirdWatch Ireland. However, new rules within the new EU regulations governing farmer subsidies now allow such habitats to be left without affecting the area considered eligible for such payments. BirdWatch Ireland welcomes the recent statement by Minister Tom Hayes

(Minister of State in the Dept. of Agriculture, Food and the Marine) clarifying that there is now "no reason" to undertake such actions, which may actually result in loss of payments, penalties or fines if such damage is illegal. As always, please report any incidents of scrub fires or other large-scale habitat destruction to BirdWatch Ireland by emailing casework@birdwatchireland.ie.

## PETITION TO SAVE THE SKDP

South Kerry Development Partnership Ltd is a community led local development company established in 1991 to promote rural development in the South Kerry area. It is an experienced development organisation with over 20 years experience of successfully implementing state & EU funded Rural Development Programmes. South Kerry Development Partnership Ltd works strategically in the areas of Enterprise & Employment, Education & Training and Community Development. Last October, the Department of Environment, Community and Local Government published a report proposing a number of reforms for the local government sector. One of its suggestions is to remove the core funding currently received by local development companies (through programmes like LEADER and the Local and Community Development Programme) and to route it instead through new local authority-led bodies, which would be known as Socio-Economic Committees. If the establishment of the Socio-Economic Committees goes ahead, decision-making and funding will be removed from community-led bodies with a proven track record of success, and placed in the hands of local authorities despite the fact that Ireland's current system of local development is viewed as a model of best practice at European level. If you believe future funding should continue to be distributed by community-led bodies, then please visit the SKDP webpage and follow the links to sign the petition. You will also be supporting North & East Kerry Development Company (NEKD) and IRD Duhallow.

## THIS WEEKS QUOTE

When we destroy something created by man we call it vandalism. When we destroy

something created by nature we call it progress – Ed Begley Jr.

## SWAMP SURVIVAL TIP OF THE DAY

When a crocodile is inching suspiciously toward you, run for land. Do not climb a tree. Chances are it will follow you, or one of its buddies is already up there, licking its chops. Heed this advice especially in Africa, where you'll find Nile crocodiles in trees just as frequently as some birds.

## THIS WEEKS GOOD NEWS

Japan has been ordered to stop whaling! This victory shows what can be achieved for animals when caring people work together.

In the landmark decision, the International Court of Justice has ruled that Japan's Antarctic whaling program is "unscientific" — and as such, has demanded an end to any further whale hunts under this programme.

With Japanese officials promising to respect the ruling, this historic decision by the United Nations' highest court will help protect minke, fin, humpback, and other whales from suffering exhausting pursuit and cruel deaths by harpooning in the Southern Ocean. The long battle to protect the world's gentle ocean giants has been fought by many, and now, all those who have ever taken action for marine animals can stand together in this incredible victory.

## 3,500 YEAR OLD TREE BURNED TO THE GROUND IN A MATTER OF HOURS

The Senator, located in Florida, was the largest bald cypress tree in the United States, and was widely considered the oldest of its species known to exist. Estimated to be around 3,500 years old, the Senator was used as a landmark for the Seminole Indians and other native tribes. The Senator's size was particularly impressive because it has endured many hurricanes, including one in 1925 which reduced its height by 40 feet. The tree got its name from Senator M.O. Overstreet, who donated the tree and surrounding land to the state in 1927.

In 2012 a 26 year old Florida woman was charged with the destruction of the tree located in Big Tree Park in Longwood, she told authorities that she and an unidentified friend were doing drugs inside the hollow tree and she lit a fire to see what she was doing. She took mobile phone photos of the fire as it started and bragged about it to friends saying "I can't believe I burned down a tree older than Jesus." Beyond of the drug charges, there were tree-related charges filed by the Florida Department of Agriculture and Consumer Services, on charges of intentional burning of land, a third-degree felony.

## MR. TWISTER

Tornadoes are often filled with tales of destruction, but in the case of Twister the cat, a twister is part of his origin story. In 2011 a tornado hit a small town in New England called Brimfield. More than 25% of the homes in the area were wiped out. However, during the rescue process a worker found a small kitten stuck in a tree. The cat was only days old and was so high up in the tree that rescuers believed high winds from the tornado had blown the feline to the top. This observation led to the cat's name. "I remember someone calling out 'he should be named Twister if he survived a tornado,'" Jonathan Hall, a paramedic said "He certainly helped to fleetingly relieve the stress and tension we were all suffering and I just knew we had to take care of him and get him some help." During this time the Boston Animal Rescue League had a slew of volunteers helping displaced animals. The group found a mother cat that was able to nurse Twister along with her kittens. Just two months later Mr. Hall decided to adopt the rescued cat. Nowadays, Twister continues to be a brave soul, as he travels with Mr. Hall (on a leash) around town. The pair are now community celebrities.

## FEWER PEOPLE ARE DYING YOUNG

The most up-to-date numbers on global health, the 2013 World Health Organization (WHO) statistical compendium, shows that between 1990 and 2010, the percentage of children who

died before their fifth birthday dropped by almost half. Measles deaths declined by 71%, and both tuberculosis and maternal deaths by half again. HIV, the modern plague, is also being held back, with deaths from AIDS-related illnesses down by 24% since 2005. And that's not only true in rich countries, life expectancy has gone up between 1990 and 2011 in every WHO income bracket. The gains are even more dramatic if you take the long view: global life expectancy was 47 in the early 1950s, but had risen to 70 — a 50% jump — by 2011. For even more perspective, the average Briton in 1850 — when the British Empire had reached its apex — was 40. The average person today should expect to live almost twice as long as the average citizen of the world's wealthiest and most powerful country in 1850. In real terms, this means millions of fewer dead adults and children a year, millions fewer people who spend their lives suffering the pains and unfreedoms imposed by illness.

## WALKING SHARKS

Scientist Mark Erdmann was participating in a night time scuba dive off the coast of Halmahera, Indonesia, in 2012 when he stumbled on a new species of walking shark. The shark is one of nine walking species, six of which are found in Indonesian waters. It is about two to three feet long and uses its pectoral and pelvic fins to walk on the ocean floor, looking for food. For nearly three decades, Indonesia has led the world in the export of dried shark fins and other products from elasmobranchs (sharks, fins and skates). The country averages over 100,000 tons of sharks and rays landed each year — 10–13% of the global catch!

As Indonesia's economy has matured, the past decade has seen a tremendous increase in the number of Indonesians taking up scuba diving. This has dramatically increased awareness of the declines in shark and ray populations while simultaneously creating a large "fan base" for charismatic species like manta rays and whale sharks. Within the government, there is a growing awareness of the important ecological role that sharks play in maintaining healthy fish stocks, as well as the incredible economic potential of shark and manta-focused marine tourism. The director of the Ministry's Marine Conservation Directorate, notes: "We now know, for instance, that a living manta ray is worth up to US\$ 1.9 million to our economy over the course of its lifetime, compared to a value of only \$40–200 for its meat and gill rakers. We believe there is still tremendous untapped potential to expand shark and ray tourism in Indonesia, but we need to act now to manage and recover these populations."

## DID YOU KNOW....

Tristan da Cunha is officially the most remote inhabited chain of islands in the world, sitting 1,750 miles from the nearest land in South Africa. The main island of Tristan da Cunha is 7 miles across and a little under 38 square miles in all and has a permanent population of

less than 300. The islands were discovered by Portuguese explorer Tristão da Cunha in 1506 though the island didn't get its first resident until American Jonathan Lambert showed up in 1810. He declared the islands his own but died in a boating accident only two years after establishing his empire. Eventually, the island came under the control of Great Britain where it remains today, a British Overseas Territory with Saint Helena and Ascension Island.

Most citizens live in the settlement of Edinburgh of the Seven Seas, where residents make a living farming or working for the local government. The island makes a fair amount of income from the sale of coins and stamps from this unique British postal code. Health care on the island is free, but serious injury could necessitate flagging down a passing fishing vessel to ask for a 1,750-mile ride to Cape Town, South Africa.

## NOW YOU CAN HAVE YOUR BOTTLED WATER AND EAT IT TOO

A trio of Spanish design students have created a "water bottle" that you can eat. They have named their creation "Ooho," a gelatinous blob that is actually a membrane that encapsulates water like a bladder. When you're thirsty, just puncture the membrane and drink. Or, if you also have an appetite, just pop a bite-sized Ooho in your mouth and chomp down for a burst of hydration. The gooey membrane, made from brown algae and calcium chloride, is edible, hygienic and biodegradable. The Ooho globule is formed through a process called "spherification," a methodology first pioneered in 1946 and still utilised by some chefs in modern cuisine. Water is frozen into ice before being encapsulated to ease the process and prevent the water from mixing with the membrane ingredients. The bag-like containers are also incredibly cheap — each one costs just 2 cents to make. One immediate use for the Ooho water containers could be for running sports events. Runners often hydrate by grabbing paper cups from spectators as they run, creating a lot of trash. Ooho offers a waste-free alternative; it could even be infused with electrolytes to give competitors an athletic edge. The design was a winner of the second annual Lexus Design Award and was also featured during Milan Design Week.

## FINALLY THIS WEEK:

Prairie voles have long fascinated scientists with their lifelong pair-bonds and live otherwise monogamous lifestyles. They co-parent their young, share the housework and have been known to experience grief and stay single in the wild if they lose their partner..

## WORKPLACE STRESS II

Last week we looked at various strategies to reduce workplace stress. These focused primarily on the one thing we have control over in our lives i.e. ourselves. This week we will look at more key ways to deal with stress in our lives. Knowing we are stressed when we are stressed is important. Each person is different – so know your own 'stress busters'. The following are some tips:

1. Taking Responsibility for our own physical and emotional well-being.
2. Avoid knee-jerk reactions and falling into old habits.
3. Learn to communicate better – which can improve relationships with coworkers.
4. Recognise your own emotions and know how to control your emotions and behaviour. If you ignore your emotions you will be unable to fully understand your own needs and find it difficult to communicate with others.
5. Delegate responsibility- let go of the need to control every little step.
6. Be willing to compromise – finding a middle ground with a co-worker can help reduce stress levels for everyone.
7. Balance your daily schedule – as all work and no play leads to burnout. Balance your time between work, daily responsibilities, family life and social activities – ensuring you get some downtime.
8. Avoid over-scheduling your time by trying to fit too much into one day. If you have a lot on – distinguish between the 'shoulds' and the 'musts' and drop any task that isn't completely necessary to the bottom of the list or delete them entirely.
9. Give yourself time – getting up or leaving home ten minutes earlier can decrease stress levels and avoid that frantic rush to get to work on time.
10. Take a quick stroll during the day to clear your mind.
11. There is no better way to alleviate stress than a good laugh– watching a comedy or meeting up with friends and sharing a joke can all help to reduce stress.
12. Don't try to seek perfectionism – this will only add to unnecessary stress. When you set unrealistic goals you set yourself up for failure. Aim to do your best.
13. Watch your thoughts. Negative thinking can drain our energy and motivation – so try to stay positive and avoid negative people as much as possible.
14. Don't try to control the uncontrollable. Many things in life are beyond our control – especially the behaviour of other people. Rather than focusing on the things we can't control, we give our attention to that which we can control – i.e how we react to the problem.

## Health Matters.... With Dr. Michael Moloney

### HEALTH RISKS FROM THE SUN

As the summer holidays fast approach those of us who are lucky enough to get some sun should bear in mind the harmful effects it may have:

#### Sun Damage to the Skin

Although sunbathing may be enjoyable and a suntan a status symbol, it must be remembered that excessive sun exposure is a health hazard due to the effect of ultraviolet (UV) radiation on the skin.

UVB causes sunburn which can range from intense erythema to blistering and 'burnt skin' similar to a burn from hot water of fire. Sunburn is more likely when, in addition to direct exposure from the sun, UV is also 'reflected' from water (swimming pools or the sea), white sand or snow. The risk is greater at higher altitudes when there is less protection from the earth's atmosphere.

Both ultraviolet A (UVA) and ultraviolet B (UVB) radiation are known to cause pre-mature cancers. Drying of skin can result in exacerbation of facial seborrhoeic dermatitis.

#### Especially Vulnerable Groups

- Babies and children.
- Fair skinned people who often also have red hair or blue eyes.
- Those with certain medical conditions such as albinism or previous skin cancer.
- Those medications such as tetracyclines including doxycycline, oral hypoglycaemic drugs and diuretics.

#### Precautions

- Babies under 9 months should be kept out of direct sunlight.
- Children should wear long sleeved, loose fitting shirts, hats and high-factor sunscreen.
- The greatest risk is from the midday sun, usually from noon until 14.00 hours (15.00 in tropical regions) when precautions are especially important.
- Adults should wear a broad brimmed hat, long sleeved shirts and sunglasses.

#### Sunscreens

- Sunscreens do not replace the precautions described above but they can help absorb UVB and to a lesser extent UVA.
- Waterproof sunscreens can prevent their removal by sweat or water although they should always be reapplied after swimming.
- There is a voluntary star system for sunscreens grading UVA protection; more stars indicating greater protection.
- The Sun Protection Factor (SPF) refers to the protection against UVB (e.g. 'SPF 8' allows approximately 8 times longer sun exposure without burning than with no protection).
- To gain effective protection a cream with an SPF value of 15 or above should be used (less than this provides little protection).
- Sunscreens are expensive - be wary of cheap sunscreens bought abroad which may not give adequate protection.
- Check expiry dates
