KILLARNEY LEADS THE WAY ONCE AGAIN

In a first for Ireland, The Heart of Killarney was launched yesterday morning on Main Street and the ribbon was cut by leaving cert student Tom Geaney, who is a cardiac arrest survivor.

The brain child of Leo O'Connor and Damien Baker, the project aims to increase the public awareness around the location of the public access AEDs in Killarney. "Historically the phone box played a huge part of Ireland's community's, they were the lifeline that kept families together. Now they can do that again by housing these life saving devices and help the public recognise and remember the locations of the AEDs", Leo told the Killarney Outlook. Killarney as with other heart healthy projects aims to lead this innovative project and there is potential that there will be a national role out over the next few years. The team at Heart Of Killarney have created a template for the project that will be provided on request to other towns on that want to follow with this initiative.

Killarney has 13 public access AEDs which drastically improve the chances of survival of someone who has an out of hospital cardiac arrest. The team at the Heart of Killarney are working with the other groups already in existence in Killarney to strengthen the Chain

of survival. Killarney aims to be the most heart safe town in Ireland, with Community First Responders, Public Access AEDs and Public training initiatives. The Heart of Killarney compliments the existing services in the overall goal of reducing the life's lost to sudden cardiac arrests each year. Leo O'Connor and Damien Baker have spear headed this project working along side Cllr Donal Grady, Kerry County Council and Irish Independent Health foods and many more supporters of the project.

Leo, who is also the Coordinator of the Killarney Cardiac Response Unit would like to thank the people of Killarney for their support in this project and would encourage other towns to follow suit. Damien, a student paramedic in the UK, has paid tribute to the sponsors and supporters for making this possible and would encourage as many as possible to learn CPR and how to use an AED. 'BE SAFE AND BE SEEN' DURING WINTER MONTHS

The Kerry Joint Policing Committee is calling on all road users in Kerry to exercise care over the winter months and to 'Be Safe and Be Seen' on the county's roads. The Committee has encouraged the use of high visibility clothing and is asking all road users to ensure lights are fully functional on their bicycles, motorcycles and vehicles.

Speaking at a meeting of the Kerry Joint Policing Committee to, Chief Superintendent of the Kerry Garda Division, Con Cadogan said: 'An Garda Síochána and Kerry County Council and the members of the Kerry Joint Policing Committee are asking people to wear high visibility clothing at this time of the year when natural light is reduced. You cannot expect other road-users to see you if you are not visible to them – wearing a high-vis vest can make a life-saving difference.

'We would also ask motorists to check their lights are working properly as driving with defective lights is both unacceptable and highly dangerous. A survey by the Road Safety Authority found that eight percent of vehicles had at least one defective light. The message is to get it fixed now for your benefit and the benefit of other road users,' he said.

Chairman of the Kerry Joint Policing Committee, Cllr Niall Kelleher said the aim of the 'Be Safe and Be Seen' campaign – which is run by An Garda Síochána and the Road Safety Authority – is to reduce road deaths and accidents on the

county's roads. 'Sadly we have had six fatalities so far this year on Kerry roads and we don't want the horror of such an incident to be visited on any more families. Everyone on the road has a role to play in slowing down, driving with care and ultimately reducing road accidents and deaths,' said Cllr Kelleher. Meanwhile, the Kerry Joint Policing Committee is encouraging homeowners to 'Lock Up and Light Up' their homes over the winter period to deter burglars. It's part of a nationwide campaign to encourage homeowners to be more security conscious.

'Burglaries traditionally rise during the longer winter evenings and nights,' said Chief Superintendent Cadogan. A number of

simple measures can help to deter burglars such as using timers on lights if your home is unoccupied, locking all doors and windows, storing keys away from windows and letterboxes and using home alarm systems,' he said. 'There has been a fall in the number of burglaries in the Kerry Division – down 59 percent to date this year compared to the same period last year – which is due to a number of factors included the Garda's Operation Thor and increased awareness and vigilance in communities. But we want people to continue to be aware of the risks and take the necessary precautions,' said the Chief Superintendent.

'BIG WEEK ON THE FARM' AS VALERIE WINS TOP AGRICULTURAL JOURNALISM AWARDS

ONE GIRL AND HER DOG... TARA FOLEY (11 YEARS) OF CUAS, WITH HER SHEEP DOG 'KNOCKMAA ZWEEP'. PHOTO: VALERIE O'SULLIVAN.

Award winning photographer, Valerie O'Sullivan has to make room on her wall for yet another award. The Guild of Agricultural Journalists hosted its biennial awards and black tie dinner on Friday evening last in Dublin's Castleknock Hotel & Country Club. Supported by FBD Insurance, the awards aim to encourage excellence in the coverage by media of farming, food and rural life on the island of Ireland. Valerie won Best Photograph for One Girl and Her Dog, which was published Irish Farmers

Journal, 13th February 2016.

According to the judging panel "The winner, One Girl and Her Dog, is proof, if it was ever needed, of the old saying that a good picture is worth a thousand words".

'Big Week on the Farm', an Independent Pictures production, broadcast live over five nights by RTÉ television during April 2016, is the overall winner of the Agricultural Journalism Awards for 2016. John Cummins, Independent Pictures, collected the coveted 'Bull' prize, a once-off

John Behan sculpture commissioned in the 1960s by the Irish Dairy Board (now Ornua), which was donated to the Guild of Agricultural Journalism for the awards.

The judging panel, Chaired by Alan Dukes, commended all the entrants. Another Kerry winner on the night was Best Radio Programme/Story: Whose Land Is It Anyway? by Aisling O'Brien, Radio Kerry. According to the judging panel, Whose Land Is It Anyway? is a great example of the power and effectiveness of a well researched and well produced radio programme getting to grips with the practicalities of life on the land and the attachment people have for it.

The judging panel, Chaired by Alan Dukes, commended all the entries.

the future of tourism in Ireland, international tourism trends, tourism policy in Ireland and what is needed to grow tourism and jobs further, as well as rural tourism and how to spread the tourism wealth around the country. The Forum takes place at Muckross Park Hotel, Killarney on Friday 25th November. Over 25

high profile speakers are already confirmed for the forum, with more to be announced. The forum will be chaired by RTE TV and radio broadcast journalist, Miriam O'Callaghan. Guest speakers include Professor of Finance at Trinity College, Brian Lucey, Chief Executive Officer of the Dalata Hotel Group, Pat McCann and Irish Hotels Federation President, Joe Dolan. Other notable speakers include MEP, Sean Kelly, Independent TD, Michael Healy Rae and Chief Executive of the Irish Tourist Industry Confederation, Eoghan O'Mara Walsh.

On the evening of Friday 25th November, a business networking dinner will be held at The Brehon Hotel in Killarney. Special guests being interviewed on the night will be former Kerry footballers Darragh, Tomás & Marc Ó Sé, who together hold 16 All Ireland medals, 12 All Stars Awards, 28 Munster titles and 257 Championship Appearances.

On Saturday 26th November, the Forum goes to Dingle for the day and Forum delegates will be shown how Dingle has developed food & rural tourism on the Dingle Peninsula over the last ten years and how it is booming as a result. A Taste of Kerry lunch will be hosted in Benner's Hotel and Bridgestone Guide Writer John

McKenna will be the keynote speaker at lunch.

The social itinerary of the conference includes the gala black tie Kerry IHF Christmas Ball at Muckross Park Hotel on Saturday night 26th November hosted by the Kerry IHF Chairman Terence Mulcahy.

When asked why local business should attend these seminars, Sean O' Driscoll, Conference Chairman and SKAL Republic of Ireland President told the Killarney Outlook "Various sectors within the tourism industry have annual conferences to discuss the particular interests and issues involving their specific sector. However, there is no forum for the grassroots of all sectors within tourism to meet, to debate and discuss tourism. Our aim was to create a forum where tourism business owners & managers on the ground can discuss the future of tourism in Ireland and network & share business learnings. We would like to thank AIB, Kerry County Council & Failte Ireland for their support, as without it this forum would not have been possible".

The families were greeted by staff and tour guides when they entered the school and each family were given an extensive tour of the school facilities by current TY and 5th year students. During the tours, students and

school and the numerous co-curricular links. They also had opportunities to decorate and eat home-made buns in the Home Economics room, get active with CPR, do some Art work and enter numerous competitions on the night. The students experienced the varied extra-curricular activities on offer such as solving Maths puzzles, practising some language skills, contributing to the fashion-blogging society, debating issues, imparting ideas to the enterprise students and some students even got their nails and hair done. Undoubtedly they found it difficult to leave.

The Principal's address took place in the school gym at 7.15pm to facilitate the large crowd. Ms. Mairéad Lucey, Deputy Principal acted as MC and welcomed everybody to the school. She outlined the importance of the Open Evening as it gave the school an opportunity to showcase the school's successes, achievements and plans for the future. The school choir directed by Ms. Rosie Healy and accompanied by Ms. Louise Luddy gave a glimpse into their range of talents. It was a truly outstanding performance and no less than was expected as these students will perform in the Friary with the Three Tenors on Sunday night 4th December.

The final part of the presentation was given by Ms. Roisín Moore, Principal of St. Brigid's.

ALL SMILES AS STUDENTS ARE PAMPERED AT ST. BRIGID'S.

During her address, Ms. Moore outlined all that St. Brigid's has to offer. She gave very specific information to parents and prospective students regarding the wide range of subjects and programmes on offer in the school and highlighted in particular the fact that all students in First Year are afforded the opportunity to study all subjects for the entire year so that they can make informed subject choices for 2nd Year.

The Open Night was a resounding success. Parents and prospective students undoubtedly got a flavour of the school's history, ethos and aspirations for the future.

WINNERS ANNOUNCED IN HUGH O'FLAHERTY 2016 LITERARY COMPETITIONS

The winners of the Hugh O'Flaherty 2016 School Literary Competitions have been announced with students from Ardfert and Tralee taking the podium this year. The competition attracted entries from around the county and from neighbouring counties. In the Primary Schools category, students were invited to write a short essay on how Hugh O'Flaherty's humanitarian beliefs could be applied to today's world. Two prizes were on offer i.e., Winning Essay for the individual student and Best Collective Entries for the school. The winning Primary School Essay came from Sean Thibeaud from Ardfert National School. The adjudicators were greatly impressed by his essay, commenting as follows, "Msgr. Hugh's heroism shines through this insightful young boy's eyes and thoughts. We can all live by Sean's suggestion 'We can all be a Hugh O'Flaherty', God Has no Country and there are no borders in life so why should there be walls?" The adjudicators considered the entries from Ardfert National School to be the best in terms of content and presentation and so meriting the Best Collective Entries title for 2016. Students in 2nd Level schools were invited to submit a poem on the theme

of Humanitarianism. The winning entry in this category came from Donagh McMahon, Mercy Mounthawk in Tralee. The adjudicators considered the standard of entries for 2016 to be of high quality but they unanimously decided that Donagh's poem titled "Man's Achilles Heels", was the clear winner. In their comments they said, "It is the effort and work the poet has put in to finding the right words and the remarkable range and use of vocabulary throughout which makes this poem stand above all the others". The winner will be presented with the "Fr Pat Horgan Perpetual Trophy for Poetry", which was introduced this year to commemorate the late Fr Pat Horgan who was one of the founders and main drivers behind the Hugh O'Flaherty Memorial Society. The Trophy was designed by the O'Flaherty Memorial sculptor, Alan Ryan Hall, from Valentia and includes the words of a tribute poem to Monsignor Hugh, written by Fr Pat Horgan in late 2015.

The Competition organisers were delighted with the response this year but would be delighted to see the adjudicator's workload increase by receiving many more entries in

FR PAT HORGAN PERPETUAL TROPHY.

CLLR GLEESON CALLS FOR URGENT FUNDING

"At the most recent Killarney Municipal Area Meeting Councillor Michael Gleeson asked if there has been any indication from Uisce Éireann of an intention to provide the money necessary for the provision of urgently needed new water mains in Clohane, Brewsterfield and Knockanes". Kerry County Council replied that

an application for funding of €570,000 to lay 4.5 km of 75 mm Water Mains to replace the burst prone and inadequate pipes has been made to Irish Water. Councillor Gleeson states that he has been in contact with Irish Water on this important matter and awaits their response. The existing 35 year old pipeline is prone to

breakages at regular intervals and also suffers from lack of adequate pressure, particularly on the higher ground. The installation of a larger sized pipe would significantly improve the service to the approximately 100 households and to the local national school.

KILLARNEY DANCERS ON TOUR IN CORNWALL

CAPTION

The Hegarty Irish Dance Academy travelled to Cornwall to take part in the Celtic Festival, Lowender Peran.

Two of the students of the dance academy Kate Lawlor and Carrie Hickey tell the

Killarney Outlook all about their trip.

We are both Irish dancers from Hegarty Irish Dance Academy. Last week 16 of our dancers, 3 musicians and our dancing teachers Maureen

and Lisa Hegarty travelled to Newquay, Cornwall for the Celtic festival, Lowender Peran. While we were there we met lots of other people from other Celtic nations. On Friday night, there was a showcase called the "Dance Spectacular". In this showcase each Celtic nation performed. This included the English, the Scottish, the Welsh, the Bretons, the Galicians, the Manx people and we represented the Irish.

While we were there we danced on the street, taught workshops and céilís and took part in a parade around the town. When we hosted our céilí on Saturday night, there was over 300 people taking part. We learnt about other Celtic nations by taking part in their céilís and workshops and also by going to their music sessions. We really enjoyed the festival and learnt a lot. We have been invited to Wales to perform at their celtic festival and we hope to get the opportunity to go to this festival again.

KILLARNEY CREDIT UNION HELPS WARD OFF THE WOLVES

With Christmas being just around the corner, an exciting and wonderful time for families, but for many it can be a time of stress and financial strain. Chapter 23 Kerry Credit Unions has teamed up with independent financial advisory organisation MABS (Money Advice and Budgeting Service) to produce their "Keep the Wolves from the Door" a Christmas Survival Guide.

Chapter 23 Credit Unions Marketing Committee Chairperson & Killarney Credit Union staff, Helen Courtney Power stated "Our keep the wolves from the door Christmas survival guide offers top tips for Christmas shopping from setting price limits on presents or Kris Kringle, to setting a realistic Christmas budget. It highlights the different source of credit available from moneylenders, personal loans, credit card debt and high interest store credit. In particular the guide shows the very high rates of interest being charged by Moneylenders (Doorstep Credit). The guide shows exactly what savings can be made with a credit union loan versus a loan from a moneylender where you can pay up to €120/€140 less on a €500 loan with your credit union".

Helen added "As most credit unions accept social welfare, access to credit union loans is open to everyone so there is no reason

for anyone to be paying moneylenders high interest rates. Killarney Credit Union offers the "It makes sense loan" micro loan scheme to combat moneylenders in South Kerry and offering credit union loans as an alternative source of credit with loan repayments coming from Social Welfare either directly or through the An Post Household Budget Scheme Speaking to Jerry Doyle Kerry MABS Co-Ordinator "MABS is delighted to be working with credit unions in Kerry on this Keep the Wolves from the Door initiative. MABS is a government funded service but operate independently of government departments, the HSE, credit unions, banks, etc. This is a very important as we offer a free, independent and confidential service to those who approach us seeking financial and budgeting advice. It's been a busy year for MABS, in Kerry this year we have seen an increase in supports for those who are over-indebted and struggling to meet repayments as they fall due. As an example for those in arrears with their home loan repayments and facing possible loss of the family home we now have a free, confidential and independent MABS Dedicated Mortgage Arrears Service. There are a number of other supports available through MABS to assist those who are in debt, which they cannot afford to meet repayments

MARIE MAKES THE NEWS

A Killarney Swim teacher got a surprise when she was browsing through the Life Section of the Sunday Independent last weekend.

Award winning Irish journalist Brendan O'Connor focused his Mid Life Crisis column on his decision to reboot his swimming prowess and returned to the Kenmare Park Hotel where Marie had taught him to swim a

few years ago.

"I decided to go back to Marie Wade, the women who taught me to swim and to go back to her in the Lap Pool in the Park Hotel in Kenmare", he wrote in his column.

Over the course of a couple of days, Marie had Brendan back swimming correctly again getting of his recently acquired bad habits as he swims up and down the lap pool with Marie pacing at the side.... "you don't mess around with Marie" Brendan wrote as he waxed lyrically about the Kingdom.

Marie doubled up as chauffeur for Brendan and dropped him to the railway station in Killarney while his wife and daughters spent an extended break in the county.

MONEY MATTERS....

By Dermot Cronin,
Financial Advisor

WHAT YOU NEED TO CONSIDER BEFORE SAVING OR INVESTING YOUR MONEY.

Investments have different levels of risk – from low risk such as Deposit Accounts to very high risk investments.

There are four main types of investments, called asset classes: cash, bonds, property and shares.

You don't have to invest in them directly – by investing in funds, your money can be spread across different investments, reducing the risk of having everything in one place.

Holding all your money on deposit is not always the best option in the long term – inflation can mean the value of your money could decrease.

Investing some of your money is a way to try and make your money grow more than if you held it all in a bank or building society deposit account earning very little interest.

You need to balance risk and return. In general, more high risk investments have the potential for higher returns over the long term, but they are more likely to suddenly fall or rise in value. You decide the level of risk that you are comfortable with. A combination of a number of options is very often the most suitable option as you will not have all your eggs in one basket. It is very important that the above is explained to you in much more detail and in plain simple english that is easier to understand as allot of the product information can sometimes be complex and difficult to understand.

For any further information in relation to the above or any other matter you can contact **Dermot Cronin QFA APA** at **064 66 22775** or dermotcroninfa@gmail.com

EAST KERRY MINOR CHAMPIONSHIP: Following a marvellous victory over Rathmore in the earlier round Kilcummin played Currow in the semi-final in Rathmore on Thursday last under lights. This was an enthralling game despite the inclement weather and although we were trailing by 4 points at the final whistle the players can take solace from their fine performance. Goals by David Gleeson and Gearoid Kerins in the first half saw us trailing by 3 points at half time 2-4 to 2-7. Currow were very impressive in the third quarter and added two further goals and some fine points to lead by 4-12 to 2-5 at one stage. However our players put in a massive last 15 minutes scoring 2-7 and conceding just a single point. Gearoid Kerins added a third goal and Conor McCarthy brought the team within a single score but it wasn't to be and Currow held on to progress to the final. Well done to players and mentors.

SENIORS: Kerry County Junior Football Champions 2016. It wasn't all a dream, it did really happen. On Sunday November 6th, our red and black shirted heroes took to the pitch at Austin Stack Park and beat North Kerry

side Beale, winning a thrilling replay 2-12 to 0-08. A first County title in our 46 year history, it was poignant to see the tears of joy on the faces of former greats on the famed County grounds after the game. These had strived unsuccessfully to reach this summit over the decades. In the drawn match three weeks ago Fossa had seen a one point lead disappear at the final minute of 7 minutes of injury time. Then in extra time with three minutes remaining we were three behind but from somewhere our heroes summoned the courage to kick three on the trot culminating with Matt Rennie's fisted effort to take the game to a replay. In the warm up on Sunday Matt went over on his ankle, and though he lined out at the start, had to be replaced early on by Kenneth Clifford. We were already missing our sterling centre back Shane Malone, another hero of the drawn game. Paddy Sheehan and Colin Davidson, who both missed a good part of the season through injury started on Sunday and did not let the selectors down. The decisive scores in this replay were the two Fossa goals. Fintan Coffey climbed high to pull down Colin Myers' kick out in the 12th minute, sent long into captain Domnhall O'Sullivan, on to Mikey O'Shea whose quick hands found Paudie Clifford who made no mistake. Four points between the sides at the break 1-04 to 0-03. But Fossa had surrendered an even bigger lead in the drawn

game and Beale had a strong wind at their backs in the second half. Fossa however stuck to their task and maintained their possession and attack rate, and the clincher was the goal from Man of the Match Tadgh O'Shea in the 15th minute of the 2nd half. Paudie Clifford won possession inside his own parallelogram, soloed out to the 45, sent a long ball up the left side to Domnhall who made ground before passing on to Tadgh who buried it in the far corner of the net. Winning Team Colin Myers, Colm Walsh, Anthony Wharton, Darragh Rice, Paddy Sheehan, Mark Dennehy, Daniel O'Keefe, Fintan Coffey (0-03), Colin Davidson, Matt Rennie, Lorcan Daly, Paudie Clifford, (1-00) Tadgh O'Shea (1-06 3f), Mikey O'Shea, Domnhall O'Sullivan (Captain) (0-02f). FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

WHY ESTIMATE YOUR CALORIC NEEDS?

To estimate how many calories you should consume in order to maintain your weight, you'll need to do a little math. By using a simple formula called the Harris-Benedict principle, you can assess your basal metabolic rate - also known as your BMR. (Then, to lose weight, you'll need to cut calories or burn extra calories and shoot for a level lower than the results you get with this formula.)

Calculate Your BMR. Your BMR is the amount of energy your body needs to function. We use about 60% of the calories we consume each day for basic bodily functions such as breathing. Other factors that influence your BMR are height, weight, age and sex.

Step one is to calculate your BMR with the following formula:

Women: $655 + (4.3 \times \text{weight in pounds}) + (4.7 \times \text{height in inches}) - (4.7 \times \text{age in years})$

Men: $66 + (6.3 \times \text{weight in pounds}) + (12.9 \times \text{height in inches}) - (6.8 \times \text{age in years})$

Please note that this formula applies only to adults.

Step two is to Calculate Activity.

In order to incorporate activity into your daily caloric needs, do the following calculation:

- If you are sedentary : BMR x 20 percent
 - If you are lightly active: BMR x 30 percent
 - If you are moderately active (You exercise most days a week.): BMR x 40 percent
 - If you are very active (You exercise intensely on a daily basis or for prolonged periods.): BMR x 50 percent
 - If you are extra active (You do hard labor or are in athletic training.): BMR x 60 percent
- Add this number to your BMR.

The result of this formula will be the number of calories you can eat every day and maintain your current weight. In order to lose weight, you'll need to take in fewer calories than this result. As you lose weight, you can re-calculate the formula to assess your new BMR.

HIGH FIBER MULTIGRAIN BREADS are better than white breads. It is not only better in terms of the fiber content but also in terms of the protein content as well.

Concealer as a Base

Use your concealer as a base on your eyelids. Concealer will help to absorb oil and your eyeshadow will stick to the product instead of your lids, making it stay longer.

THINK WITH YOUR HEART!

Sometimes life hurts. You can go into old patterns that you know are unhealthy for you or you can step forward and make the list of all the things that would be good for you to do instead. When you are feeling weak and vulnerable do the things that make you feel strong and clear. Keep your heart open and approach all things by asking yourself, how your heart really feels and how your heart wants you to speak and act. The heart is the first organ to form in the body. It is the organizing factor for physical formation, including for brain formation. In addition to our cerebral brain, we have a "heart brain." The heart not only puts out its own balancing and regulating hormones, but also instantaneously communicates electromagnetic and chemical information to the rest of the body and to other bodies near it. When two people touch, the heart wave of one can be seen registering in the brainwave of the other.

We speak of knowing something or wanting something with all of our hearts. We say that we FEEL something deep within our heart. Let your words be spoken from an open heart not a closed and fearful mind. Listen to what you are about to say before speaking it, and if it is real from your heart space speak it. If not rethink your words and thoughts. Each person has his own personal history and is sensitive to how words come at him. Each difficult time gives us a chance to grow and step out of old patterns.

RESERVING A CAR REGISTRATION NUMBER

QUESTION

How do I reserve a particular registration number for a new 2017 car?

ANSWER

You can only apply to reserve a vehicle registration number on or after 1 November of the year before you intend to bring the vehicle into use. In other words, to use the number in 2017 you can only apply to reserve a number from 1 November 2016 until Revenue's close of business at the end of 2017. An application received prior to 1 November 2016 will be returned un-processed. The number you reserve must be in the normal format and must correspond with the licensing authority area where you normally reside. It must also correspond with the year and half year in which the vehicle is to be first brought into use. For example, 172-D-111 may only be reserved by someone living in Dublin for a vehicle intended to be brought into use in the second half of 2017. The registered owner of the vehicle on which the registration number is to be displayed must be the person in whose name the number was reserved.

All registration numbers are available for reservation, with the exception of the first number of each half year issued in the following cities Cork, Dublin, Limerick and Waterford. These numbers are, for example, 171-C-1, 172-C-1, 171-L-1, 172-L-1. They are reserved for the Mayor or Lord Mayor of each of these cities and are not available for reservation by anyone else. A reserved registration number can only be assigned to a vehicle when it has been reached in the normal sequence. It may not be displayed on a vehicle before it has been formally assigned by Revenue, following the presentation and acceptance of a completed declaration for registration. The fee to reserve a vehicle registration number is €1,000 and should be submitted with the application. The cheque, bank draft or postal order should be made payable to the Collector, Customs and Excise. You apply on Form VRT15A to the Office of the Revenue Commissioners, Registration Section, Central Vehicle Office, Rosslare Harbour, Co. Wexford.

THE IMPORTANCE OF COMMUNICATION

When people come along to counselling, and begin talking about their problems, it sometimes becomes apparent that some of their difficulties may be down to the challenge of communicating with the other people in their lives.

This can apply to any of us. Whether discussing issues in our relationship with a partner or other family member, or with friends or colleagues, we are quite likely to say 'He knows how I feel about this', or 'She knows how difficult I find that', or 'I'm not going to ask them for help because I shouldn't need to ask, they should just know what to do', and so on. Sound familiar?

All this ignores a fundamental reality – we cannot assume other people know what we think, or how we feel, or what we need, unless we tell them. We are all equipped with a degree of intuition, and some people can be very 'tuned in' to the thoughts and feelings of others. But we cannot always rely on intuition alone. For example, someone may long for their partner to open up about a shared difficulty in their lives, while the partner may want exactly the same thing, but feel they 'shouldn't go there' because they think this would be unwelcome. Two people, who long to connect with each other, may grow further apart because of a gap in communication.

Of course we all need, and are entitled to, our privacy. We don't have to wear our heart on our sleeve all the time. What we are thinking about here is building bridges and sustaining connections with the significant people around us, rather than seeing those connections weaken through a lack of communication, with all the misunderstandings, frustrations, conflict, hurt and loneliness that can ensue.

As children, we may have been fortunate enough to have an adult around who tuned in to our feelings and tended to our needs, before we were old enough to put those feelings and needs into words. Even if we don't realise it, perhaps a bit of us still quite naturally longs for that sort of automatic understanding from others. But, as adults, we probably need to play our part in making ourselves known and understood. The counselling process can offer a safe space where we can start putting things into words, gradually find our own voice, and become more confident about making ourselves known to another person.

TAX Matters with

BENEFIT IN KIND

Benefits-in-kind, such as private use of a company car, free or subsidised accommodation and preferential loans, received from an employer, by an employee whose total remuneration (including benefits-in-kind) is €1,905 or more in a tax year, are taxable (subject to certain exceptions).

Where the employee receiving such benefits is a director of the company concerned, the benefits are taxable regardless of the level of remuneration. The liability to tax also applies in respect of benefits provided by an employer for a member or members of an employee's family or household.

In addition, employees and directors are chargeable to tax in respect of 'perquisites' from their employment, that is, remuneration in non-money form which is convertible into money or money's worth, for example vouchers in various forms, the payment of club subscriptions and medical insurance premiums on an employee's behalf.

HOW IS THE CHRISTMAS BONUS TREATED?

A cash bonus at Christmas should be put through the payroll and PAYE/PRSI and USC applied as normal. Where the bonus is in non-cash form with a value not exceeding €500 (€250 prior to 21 October 2015) PAYE/PRSI and USC need not be applied to that benefit (covered by the one off small benefit exclusion).

Event clerk of the course Kevin Flannery and his crew have built this year's rally around the competitor and in doing so has selected a route of classic stages based around Killarney Town, offering the competitor 110Km of competitive stages, followed by short road Km's allowing for an easy recce, Centralised service area at the event HQ and the popular feature of the final stage to be run in the darkness. The event, which provides a welcome end of season boost to Ireland's tourism capital and is worth millions to the local economy, will once again be hosted at the Gleneagle Hotel as Rally Headquarters, along with supplying some great rally accommodation packages throughout the weekend. We are delighted to confirm extensive TV coverage of this year's event. 1 hour production by Mick Bracken of on the Limit sports, to be televised on TG4, Setanta Sports, Motors TV and Skysports throughout the Christmas period. This is a huge attraction to the event and is very beneficial to our Sponsors, Town and Rally.

The rally starts on Friday evening with a Ceremonial start in main street Killarney at 7pm. The real action gets underway on Saturday morning with the iconic "Molls Gap", often rated by rally drivers as being the best and one of the most-challenging stages in the world. FOSSA ARE COUNTY JUNIOR FOOTBALL CHAMPIONS

By John O'Leary,
PRO Kerry GAA

Fossa made no mistake at the second time of asking at Tralee's Austin Stack Park on Sunday when winning the Co. Junior Football Championship title for the first time (2-12 to 1-8). In a game that never rose to the exciting heights of the drawn encounter between the sides, goals at vital stages of both halves ensured that the Con Brosnan Cup went east. Fossa, considered unlucky not to hold out in normal time of the drawn match but lucky to snatch a draw in the regulatory extra time that was played, had a number of players who upped their games big time since the drawn encounter. Chief among those was the twin threat in the full forward line of Tadhg O'Shea and veteran Domhnall O'Sullivan who kicked 1-8 between them. Fintan Coffey, who hit three points from play, was another who showed the younger players such as Paudie Clifford the way and there was no doubting the fact that Fossa were deserving winners on the day. Beale did have a good second quarter that should have

set them up for a wind assisted second half but they failed to capitalise on their possession during an uncertain period for the winners. Substitutes Darragh Buckley and Ian Blake did score four points from play between them but Fossa's second goal that came from a great sweeping movement, ensured a first county title in their 46 year history for Fossa.

After the game, Treasurer of the County Committee Diarmuid Lynch presented the Con Brosnan Cup to winning captain Domhnall O'Sullivan and Jimmy Roche, representing sponsors, Castleisland Mart, presented the Man of the Match award to Fossa's Tadhg O'Shea.

Winning Team Colin Myers, Colm Walsh, Anthony Wharton, Darragh Rice, Paddy Sheehan, Mark Dennehy, Daniel O'Keeffe, Fintan Coffey (0-03), Colin Davidson, Matt Rennie, Lorcan Daly, Paudie Clifford, (1-00) Tadhg O'Shea (1-06 3f), Mikey O'Shea,

Domhnall O'Sullivan (Captain) (0-02f). Subs Kenneth Clifford (0-01), Kevin McCarthy, Mike O'Keeffe, Dan O'Connell, Damien Dennehy, Maurice Prenderville, Paudie Devane, Shane Malone, Francis Moran, Brian Myers, Cillian Bellew, Alan Buckley, Mikey Cronin, Chris Myers, Austin Trant, Michael O'Sullivan. MURPHY'S LAW AS TIM TAKES CHARGE

Brosna's Tim Murphy is set to become the new Chairman of Kerry GAA. The 49 year-old qualified Engineer will assume the position at next month's Kerry GAA Convention which takes place in the Rose Hotel in Tralee on December 14th.

Tim Murphy was the only nominee for the Chairman's position when nominations closed last Wednesday and will succeed outgoing Chairman Patrick O'Sullivan who is stepping down on completion of a five-year term.

Tim is currently completing a five-year term as County Development Officer and has overseen a number of important projects including the development and construction of the GAA's Centre of Excellence in Currans which is set to become operational next Spring, and the ongoing redevelopment of Tralee's Austin Stack Park. Prior to becoming Development Officer in 2012, Tim served as Chair of the

Brosna Club for 11 successive years.

In other changes at Kerry GAA's top table, outgoing Coaching and Games Officer Eamonn Whelan succeeds Tim Murphy as Development Officer.

Mr Whelan has been at the helm during a period of unprecedented success for Kerry minor teams in both football and hurling and has been touted in the past as a potential future Chair of the County Board, while Laune Rangers' Terence Houlihan takes over as Coaching and Games Officer.

Mr Houlihan has served as Secretary of the Laune Rangers Club for the past five years and has coached with Laune Rangers and worked with the Kerry South U15 Development Squads for the past two years and has served the Kerry Coaching and Games Committee for the past 12 months.

EAST KERRY NOTES

WITH ÁINE NÍ SHÚILLEABHÁIN PRO AQUILA CLUB O'DONOGHUE CUP SEMI FINAL

DR CROKES 2-13 GNEEVEGUILLA 0-09

Dr Crokes progressed to the Final of this years O'Donoghue Cup East Kerry SFC, sponsored by The Aquila Club Gleneagle Hotel, with an impressive display against Gneeveguilla, in Fitzgerald Stadium last Saturday. Dr Crokes dominated the middle area of the field and Colm Cooper had rattled the Gneeveguilla net within five minutes of throw in, in a move involving Daithi Casey. Gneeveguilla created scoring chances but did not have the penetration or scoring power of the Dr Crokes side, against a strong Dr Crokes defence. With Colm Cooper orchestrating their attack the Lewis Road side picked off some lovely points – Micheal Burns, Daithi Casey, Jordan Kiely and Colm Cooper himself on target. The Dr Crokes lead might have been greater but for a great save at point blank range by the Gneeveguilla keeper, Patrick O'Riordan. Three of the Gneeveguilla points came from corner forward Cornelius Buckley and Donal Murphy picked off a great point in the last minute of the opening half. Score at the break: Dr Crokes 1-8 Gneeveguilla 0-4.

On resumption, Dr Crokes continued their dominance and a Jordan Kiely goal on the 35th minute, from a defensive error, extended their lead 2-09 to 0-5. Both sides made substitutions and notched up four points each. Jordan Kiely, Michael Burns, Colm Cooper and Bryan O'Shea for Dr Crokes. Cornelius Buckley, Pdraig O'Connor, Michael S Murhy and Michael B Murphy for Gneeveguilla. The gap between the sides could have been greater but for 3 outstanding saves- two by the Gneeveguilla goal keeper and the third by Michael B Murphy, of a rasper at point blank range. Final score: Dr Crokes 2-13 Gneeveguilla 0-9. The Man of the Match Award, of a years membership of the Aquila Club, Gleneagle Hotel, was presented to Dr Crokes player Jordan Kiely.

TATLER JACK EAST KERRY MINOR B CHAMPIONSHIP FINAL

CURROW 3-13 SPA 1-9:

In a game of two halves, a well coordinated and skillful Currow built a convincing lead, playing with the wind in the first half. Points from Luke Fitzgerald, John Mc Mahon and Adam Manley had three points on the board, within ten minutes. Then came the first of the goals. Currow's Luke Fitzgerald won the kick out, took a return pass and had the Spa net bulging on the eleventh minute. A John Mc Mahon point from play saw Curroe lead by 1-4 going into the second quarter. Play moved from end to end, but although Spa created scoring opportunities, it was not their day, and the ball tailed wide in the strong wind. A scatter of points (Adam Manley, Johathan Hilliard, John Mc Mahon) were followed with a second Currow goal, from the boot of Luke Fitzgerald after a surging run forward, with five minute remaining in the half. A John Mc Mahon point saw the score at the break: Currow 2-8 Spa 0-0. Although Currow opened the scoring on the restart, with a lovely point by John Mc Mahon, Spa responded quickly and had the better of the second half, playing with the wind. The Currow keeper, Brian O'Shea, made a great save of a goal bound shot. Spa maintained pressure and had 5 points on the board going into the last quarter, Dara Moynihan, Niall Mc Carthy (3) and Niall Moynihan on target. Luke Fitzgerald scored the second Currow point of the half. The last fifteen minutes were played at pace. Adam Manley sent a rasper to the corner of the Spa net. Currow went on to notch up three points (John Mc Mahon (2) and Jack Daly). Spa to their credit, never gave up and with time running out, David Spillane rattled the Currow net. Dara Moynihan (2) and Niall Mc Carthy pointed for Spa. Final score: Currow 3-13 Spa 1-9.

The Gleneagle Cup was presented to Currow joint captains, Luke Fitzgerald and Jack Griffin by Tim Ryan East Kerry Committee Chairman. Referee: Christy Crowley (Rathmore).

THE TATLER JACK EAST KERRY MINOR CHAMPIONSHIPS:

The two semi finals in the Tatler Jack East Kerry Minor C Championship

saw Rathmore and Cordal/Scartaglen reach the final with victories against Glenflesk and Fossa respectively. Rathmore Minor C Final when they came from behind to beat Glenflesk by four points. Glenflesk started the brighter and dominated midfield through Denis O'Connor and Daniel O'Brien. They were ahead on the score six points to two by the twentieth minute. The decisive score came in the twenty sixth minute when Oran O'Donoghue scored a well worked goal. Damien Cronin and Donal Moyinhan led the defence for Rathmore whose scorers were Anthony Darmody (2), Cian Jenkins and Damien Cronin. Half time score: Glenflesk 1 -6 Rathmore 0-4. On resumption, Darragh Rahilly scored an early point. Anthony Darmody struck for a vital goal on the third minute and Rathmore were back in the game. Rathmore equalised 1-7 each by the tenth minute. However, Glenflesk were ahead by two again by the fifteenth minute. Rathmore dominated the remainder of the game and hit six points without reply. Anthony Darmody (1-7), David Dineen, Fionn Houlihan and Darragh Rahilly pointing. In the B Semi Final's Spa came out on top against Killarney Legion, after extra time, and Currow proved the stronger against Kilcummin. Played in Rathmore under lights on Thursday last, the wet and cold conditions made it difficult but the Currow and Kilcummin players served up a great hours entertainment. The first ten minutes were very even but a brace of Currow goals from John McMahon and Luke Fitzgerald gave them a lead of 7 points after 20 minutes. However, Kilcummin responded with goals from Gearoid Kerins and David Gleeson and went in at half time trailing 2-4 to 2-7.

Currow started the second half in a determined mood and playing some lovely football gave the Kilcummin defence a difficult 15 minutes. Further goals from Adam Manley and John McMahon and an array of points from Luke Fitzgerald had Currow leading by 13 and in complete control. A number of shrewd moves by the Kilcummin selectors rejuvenated the team and from there to the finish they outscored their opponents by 9 points. However, Goals by Gearoid Kerins and Conor McCarthy and inspired play by Sean O'Leary, amongst others, wasn't enough and Currow ran out deserving winners. Final score Currow 4-13 Kilcummin 4-9

BEAUFORT GAA

BEAUFORT SENIORS: Sponsored by Maurice Foley of MF Decorating and Keel will have to meet again to decide who will progress to the semi-final stages of the Mid Kerry Senior Football Championship to meet Glenbeigh-Glencar after extra time failed to separate the two sides at the end of their game in Beaufort on last Saturday.

Indeed both sides should be happy with a replay as neither team seemed to have played to their capabilities in a game bedevilled by over passing and poor finishing. Despite having to lineout without a never ending list of injured players, Beaufort will at least be happy that no less than ten players contributed to their scoresheet. Keel, on the other hand, were almost totally dependent on their captain and centre half forward, Gary Sayers, for scores. In fact Sayers was the only one of the six Keel forwards that started to register a score.

Aided by the breeze in the first half Beaufort slotted over some early points from Shane O'Sullivan, Padraig Hallissey and Ronan Ferris and Keel's first score did not arrive until the 15th minute through Gary Sayers. The home side continued to dominate the half and just on the call of half time centre half forward Liam Carey might have put Beaufort in an even more dominant position but his powerfully struck shot sailed over for a point. Beaufort led 0-6 to 0-2 at the break. Three early second half points from the boot of Sayers got Keel right back into the game and entering the final quarter they had cut the deficit to a single point. Substitute Darragh Coffey scored Beaufort's first score of the second half in the 48th minute but Sayers and substitute James Foley had the visitors on level terms, for the first time, with eight minutes remaining. Fergal Hallissey's 54th minute free put Beaufort back in front but two minutes later wing back Colm O'Neill pointed to force the tie into extra time (0-8 each). At the end of the first period of extra time Keel led by

a point after Darragh Coffey got the opening point for Beaufort but Keel responded with points by Sayers and O'Neill. In fact that point by Colm O'Neill six minutes into extra time was the first time that Keel led in the game. In the second period of extra time points from Francis Courtney and Mike Breen put the home side back in front but James Nagle, grabbed the equaliser just two minutes from the end of extra time and send the game to a replay.

BEAUFORT: Mike Moriarty, Michael J O'Connor, Nathan Breen (Capt), Cormac O'Connor, Jeremiah O'Sullivan, Ger Hartnett (0-1), Mike Breen (0-1), Shane O'Sullivan (0-1), Padraig Hallissey (0-1), Francis Courtney (0-1), Liam Carey (0-1), Ronan Ferris (0-1), Niall O'Connor, Padraig Doona (0-1), Fergal Hallissey (0-1f).

Subs: Darragh Coffey (0-2) for Padraig Hallissey (40m), Danny Healy for Ronan Ferris (40m), Padraig O'Sullivan for Jeremiah O'Sullivan (56m), Kevin Ferris for Niall O'Connor (et), Jason Foley for Danny Healy (et) and Conor Breen for Shane O'Sullivan (et).

DR. CROKES GAA

O'DONOGHUE CUP SEMI FINAL:

Played in Fitzgerald Stadium on Saturday November 5th

DR CROKES 2-13 GNEEVEGUILLA 0-9:

Despite our ten point victory this was not a one sided game. Our defenders were regularly called on to defend stoutly against our opponents. This however is a Gneeveguilla team in transition and we were able to get through for vital scores at different times during the game. The teams exchanged points in the first five minutes but the rest of the first quarter belonged to us as we added on a goal

and four points without reply for a seven point lead. The teams exchanged points on three occasions in the second quarter to leave us 1-8 to 0-4 in front at the interval. A goal by Jordan Kiely five minutes after half time, more or less ended the game as a contest. We were now ten points clear. In fairness to our opponents they never gave up. At the final whistle we were winners by 2-13 to 0-9.

I'm sure our mentors would have been happy with our display and a big positive to take out of it was that four of our forwards, who did not start in the Munster game against Kilmurphy Ibrickane scored 1-9 between them.

SQUASH NEWS

The 2016/17 Squash Season kicked off in earnest with the conclusion of the October competition last week. Lots of participants ensured that there were plenty of entertaining games throughout the month before eventually being whittled down to the last two teams. This month's competition saw Michael P O'Donoghue and Donnagh Crowley lead their charges through the group stages and reach the final. In the first game Laurence Kelly had a little too much for young Ruairi Counihan winning 3-2 in a great game. The next game saw Paudie O'Connor emerge victorious over his namesake Mags. A great match took place

AT THE PRESENTATION OF PRIZES OF THE GLENEAGLE SQUASH CLUB FIRST MONTHLY COMPETITION OF THE NEW SEASON SPONSORED BY O'KEEFFE'S OILS, RATHMORE, WERE FRONT FROM LEFT, CONNIE DOYLE, JOHN MCCARTHY, KEVIN SMITH AND OSKAR PRZYBORSKI. SEATED FROM LEFT ARE RUAIRI AND BRENDAN COUNIHAN, RAY O'CALLAGHAN, JOHN D. O'KEEFFE, SPONSOR, DONAGH CROWLEY, CAPTAIN OF WINNING TEAM, LAURENCE KELLY, MATT O'CONNOR AND BRIDGET MCCONIGLEY. STANDING FROM LEFT ARE JOE CARROLL, BERNICE ENRIGHT, MIKE CROWLEY, CHAIRMAN, EAMON O'DONOGHUE, LIAM SHINE, ALAN SHEEHAN, GER FOLEY, MICHAEL BUCKLEY, MARTA PRZYBORSKI, SEAN MCCARTHY, MIKE O'DONOGHUE, STANLEY WADE, JACK BUCKLEY AND MARGARET O'CONNOR. PICTURE: EAMONN KEOGH.

but Paudie marked his return to the courts with a 3-1 win and in doing so put Michael P's team into a 2-0 lead. Next up we had Ray O'Callaghan and Alan Sheahan. This was an epic battle with both players emptying the tank in a bid to retrieve each others shots. However, Ray's composure enabled him to close out the match and secure the first point for team Donnagh. The penultimate game of the night paired Matt O'Connor and Liam Shine with each other, both of them experienced players and they showed that with some great shot making. An extremely close match that went right to the wire before Matt took the spoils, 3-2 the final result here.

With the overall result standing at 2-2, it meant the final duel of the night saw the two skippers battle it out. Some quality squash between the two took place before Donnagh stamped his authority on the match and won out on a 3-0 result. In so doing he also sealed the overall match for his team, congratulations to all involved. Thanks again to O'Keefe's Oil Rathmore for sponsoring the October competition. Finally, training for juveniles continues on Friday nights at half 7. If you are interested in playing squash, pop in to the Aquila Club for details on how to get involved. All are welcome!!

KILLARNEY RFC NOTES

SENIORS: The seniors travelled to Cork to take on Mitchelstown RFC in the latest round of the Munster Junior League - Division 3. This was Killarney's first outing in almost a month due to fixtures postponements and the lads had been training very hard over the interim. Mitchelstown, who are second in the league following wins over Bantry and Dungarvan was not going to be an easy road trip for any team in the division. The visitors were ultimately

unlucky to lose the match, with the home side winning on a scoreline of 25 points to 19 points. Captain Ger Moynihan scored Killarneys only try with Paudie Sheahan converting. Paudie also added 4 penalties for the visiting team. Killarney are certainly improving and next up we travel to Fermoy in the second round of the Martin O'Sullivan Cup. Best of luck lads.

U16'S: Killarney U16s played Tralee in Aghadoe, on Saturday in our fourth league game of the season. Although it was a bright and sunny day, it was also very cold and exceptionally windy, which added to the challenge of playing probably the strongest team in the league. As now seems to be customary, we conceded a try within two minutes, two more scores were conceded within the first thirteen minutes, making things look very ominous at 15-0 down. Killarney were awarded a penalty and from a lineout in the corner with a planned move Richard Wallace assisted Craig McKenzie-Vass, to touch down in the corner, again Tralee scored under the posts leaving the score 22-5 at the half. Killarney started the second period a bit brighter, and playing a penalty advantage, Cian Murphy put in a fantastic cross field kick that Adam Walsh gathered for a scintillating finish in the corner (22-10). In quick succession Tralee scored two more tries (32-10), with time nearly up, Adam McSweeney barged up the middle from a ruck, but was tackled short, not held he quickly got to his feet to dot down between the sticks. Final score 32-17.

Without doubt, this team can now compete with the best and in spite of losing this match, the progression of this bunch of players is tangible. Well done lads. The three tries scored were all well executed, theres plenty more in this team, well done also to the new players who made an impact off the bench. Next game is away to Listowel next Saturday KO 11am.

U14 BOYS DIV 3

ST. PAUL'S 22 ST. COLMAN'S 17: This was a very even contest throughout with St. Colman's starting the stronger and leading 8-4 at the end of a very defensive first half by both sides, the highlight for the home side being an excellent steal and score off the fast break by Sam Benson. The game sprung into life in the third quarter with both sides scoring some great baskets. Senan O'Leary scored on the fast break for St. Paul's and Aaron Burke was outstanding scoring eight points in a row.

Darragh O'Brien caught a great rebound late in the quarter before scoring the lay up to give the home side a 16-14 lead entering the final quarter. Darragh O'Brien added four more points early in the quarter but St. Colman's came back very strongly and narrowed the difference to 20-17 entering the final minutes. Conor Gammel forced a turn over for St. Paul's and Matthew Horgan found Tom Benson with an excellent pass before Tom finished off the move in style to give the home side the victory on a final score line of 22-17. This was a game that really could have gone either way and was played in an excellent sporting manner by both sets of players.

U14 GIRLS

ST. PAUL'S 61 KILLORGLIN 26: St. Paul's travelled to Killorglin and cruised to victory over the home side in their third game of the season. U14 GIRLS : ST PAUL'S 32 - ST ANNE'S 27:

This was a very tough and close encounter all through, with some great basketball played by both teams. For St Anne's, Katie Brosnan, Muireann Ring and Martha Fitzgerald all played well. For St Pauls, Holly Power top scored with Jade Potts, Eve Crowley, Clodagh Sheahan and Aisling Stack impressing throughout, and great rebounding by Ellen Kennedy, but scores by Caelyn O'Grady and Katie O'Connor at the end proved vital to this win.

U -16 GIRLS: ST. PAUL'S 51 COBRAS 31:

In a tough encounter against Cobras St. Paul's fought their way to a win in the second half after being level at 20 points each at half time.

SKECHERS NATIONAL CUP:

PARK PROGRESS IN 13'S AND CELTIC IN

THE 15'S: Two goals from Sean O'Connor and one from Messiah Chirwah has put St Brendan's Park one win away from the Last 32 Open Draw on the Skecher's 13's National Cup. Adam Owens replied for Killorglin.

Mastergeeha made the trip to Clare to take on Avenue United and were well in the game into the second half. However the home side got the vital goal to see Avenue through.

Killarney Athletic also went out a Clare side as they were beaten by Moneypoint 4-1. Hugh O'Maghley got the Athletic goal.

CELTIC THROUGH IN 15'S: There was always going to be at least one Kerry side into the Last 32 and the Regional Competition of the 15's National Cup. It was Killarney Celtic that progressed thanks to a 3-0 win away to Ballyhar. Cian O'Leary, Jack O'Connor and Joe Rudden got the Celtic goals.

TRALEE DYNAMOS JUST GO OUT: Tralee Dynamos put in a great effort in their game against Nenagh and scored 4 goals with Leo Gaxha 2 and Sean Kennedy and Derek O'Shea getting one each. However Nenagh were lethal up front and hit 6. This means that Killarney Celtic are away to Nenagh in the quarter final of the new National Cup Regional Competition. Listowel Celtic FC were very unlucky to go down 1-0 to Limerick FC. The North Kerry side were denied by some last ditch tackling and also hit the post.

Killorglin suffered the same fate as they lost away to Charleville where they did everything but put the ball in the net to equalise.

LISTOWEL CELTIC GO JOINT TOP OF 13

PREMIER: Things are very tight at the top of the 13 Premier with Listowel Celtic joining Killorglin and The Park on 6 points. Celtic made it two wins from two thanks to 4 goals from Robert Stack, 3 from Kieran O'Carroll and one each from Josh Brosnan and Chris McQuaid. Liam Reilly and Andy Rogers replied for Dynamos.

IVERAGH UNITED LEAD THE WAY IN 13

DIVISION 1: Iveragh United continue to lead the way in the Daly's Supervalu 13 Division 1 following a 5-0 win at home to Ballyhar. Breece O'Sullivan scored twice, Sean Kennedy and Ronan Teehan once each with the 5th goal being an own goal to move the South Kerry side onto 10 points. Killarney Celtic are up to second place on 7 points and with a game in hand as they were 4-0 in the battle of the Celtic's. The Killarney Hoops had goals from Callum O'Donoghue, Senan O'Leary, William Harty and Robert Brooks in their win over Listowel Celtic B.

CAMP JUNIOR'S JUMP TO TOP OF

15'S DIVISION 1: Camp Juniors 4-2 win over Mastergeeha saw them move to the top of the 15's Division 1. Cian O'Grady got with Adam Costello and Maurice O'Connell getting the others to move them onto 7 points. Philip O'Leary hit two in the first half for the Kilbreen side to leave the sides level at the break but with Mastergeeha having played against a strong wind. However they never got the same intensity going in the second half and Camp juniors were worthy winners getting the only goal of the second half.

The Park B played twice this week scoring 7 goals but they also conceded 7! In mid-week the Tralee side drew 4-4 with Killorglin. Conor O'Sullivan and TJ McMahon both scored twice. For Killorglin it was Kaiya O'Herlihy and Stephen Loughlin that also scored two each.

On Saturday it was a 3-3 draw with Ballyheigue. Liam Tobin, Robert Kerins and Elliot Lynch were the scorers on this occasion for the Park with Conor O'Sullivan 2 and Nathan Guerin replying for Ballyheigue.

JOINT LEADERS OF 15 DIVISION 2:

Table toppers Rattoo Rovers were not in action this weekend and St Bernard's took the full advantage join them at the top of the table. Mathew Burke and Jake Brosnan got two goals for St Bernard's but goals from Dylan Clifford and Kasper Prusak got Celtic level.

But it was the Saints that took the win through Brosnan's second of the day, a scorcher from 30yds. They now join Rattoo Rovers at top of the table. The Park C had 2 goals each from Thomas Cronin, Daniel Crowley and Sean Leary in their win over Inter Kenmare to give them their first points of the season.

KILLARNEY GOLF AND FISHING CLUB

MEN'S CLUB REPORT AND RESULTS: Mikey Daly and Liam Healy are set to become the new Club Council Members.

The 5 person Club Council which came into being with effect from the Club AGM held in November 2013, will be losing two of their members at the forthcoming Club AGM, when Miceal O'Donoghue and Sean Coyne will be stepping down, having served their allotted term, as outlined in the Club Constitution. Their joint contributions to the vastly improved Club finances and general wellbeing of our Club, have been enormous, and Club Captain Declan

McCarthy, on behalf of the entire club wishes to thank them sincerely for the way that they dedicated themselves to the enormous task which they all faced when they took on their respective roles within the Council in 2013.

They will be succeeded by former Club Captain, from 2014, Mikey Daly, and current Men's Committee Member Liam Healy. Mikey who is a Killarney native came relatively late to the Game of Golf, as he spent all of his younger years being involved with Killarney Soccer both as a player and as part of Club Management, Mikey is a founder member of Killarney Celtic, where he enjoys the title of Honorary Life President. Mikey joined Killarney Golf and Fishing Club in 1986 and he was an integral part in the negotiations in bringing the Club towards becoming the Members Club which it is today. Mikey went on to serve as Club Captain in 2014, and he is very much looking forward to the challenge that his new position will bring for his tenure of the next 5 years. Liam Healy who is a Co. Cork native is a former AIB staff member, and has served in several Munster AIB branches. Liam who became a Club Member in 1983, is married to Killarney native and lifelong member of Killarney Golf and Fishing Club, and former Irish International Golfer, Bridget Gleeson. Bridget is also a former AIB staff member, and they met while Liam was stationed in Killorglin. Bridget's family have been associated with Killarney Golf and Fishing Club since moving to the current location of Mahony's Point in 1937. Liam was Club Captain of Adare Golf Club in 2008 when the Irish Open was played there, and won by Englishman Richard Finch, who famously took a dip in the River Maigue while playing the 18th hole, as his ball was perched precariously on the

banks of the river and when Richard played his shot to the green, he duly fell over, into the river as a result of his follow through while playing his shot. Liam became a Men's Club Committee Member in 2016, has been involved in many aspects of the Club, from Junior Golf, to Men's and Ladies Club teams, etc. etc. Liam and Mikey are bringing a wealth of experience to the Club Council, and we wish them both all of the very best for their term on our Club Council.

The competition on Sunday 6th of November was the playing of "The Monsignor Hugh O'Flaherty Memorial" singles stableford competition on Killeen course. The competition was played in very testing conditions, when a strong breeze was combined with relative cold, to make scoring very difficult. The winner was John Lynch who recorded the incredible score of 42 points John was helped in no small way when he holed his second shot to the 14th hole for 4 points, he was the clear winner by three points from Bernard O'Shea who also recorded an excellent score of 39 points, which was a further three shots clear of third placed Matthew Leacy, there were four players on 36 points which was great shooting in anybody's books.

RESULTS WERE: 1st John Lynch (11) 42 points, 2nd Bernard O'Shea (18) 39 points, 3rd Matthew Leacy (5) 36 points, 4th Roland Janssen (17) 36 points, 5th David O'Donoghue (3) 36 points, category 1, George Vass (4) 35 points, category 2, Fergal O'Shea (7) 36 points, category 3, John Hickey (13) 35 points, category 4, Sean Hickey (19) 35 points. Standard scratch was 35 points.

pray. Muslims return the favour by protecting churches during Sunday services. The Nigerian militant group Boko Haram is an equal-opportunity destroyer, attacking both churches and mosques while services are in session. The prayerful people inside can't see it coming, but in some small villages, the terrorists are now running into armed patrols. Cameroon has set up volunteer "vigilance committees" to patrol villages and the capital of Yaounde, to watch for possible terrorists. They are armed for self-defence but report any suspicious activity so the police handle it. The idea of Christians and Muslims protecting each other's worship services is not new to places like Egypt or in Western cultures like France recently or Norway, but it is new to the remote, northern tip of Cameroon where the model is being testing to see if it might be effective elsewhere.

in hollowed-out trees, derelict buildings and barns, but will also nest in specially constructed nest boxes. The Barn Owl has beautiful honey and white plumage. It has a large round head and has a heart-shaped face and long legs. Barn Owls can stay with the same partner for life, and the female can lay between 4-7 eggs in late April to late May. This Owl can see in almost complete darkness; coupled with their excellent hearing, this allows them to track down their prey during the night. These nocturnal creatures hunt small mammals such as rats, mice, birds and frogs but will also eat insects. The Barn Owl is threatened in Ireland for a number of reasons including: · Loss of nesting sites and habitats; · Loss of prey species though increased use of pesticides; and · Poisoning from pesticides.

UNUSUAL USES FOR ONIONS

- Clean metal surfaces - Prepare a mix of crushed onion and one part water. Then, using a damp cloth, rub the mixture on a metal surface, until it appears shiny and clean.
- Clean the grill - First scrub the grill with a wire brush to remove gunk. Switch on the grill. Use a halved onion, speared through a fork, and run the onion over the grill until all of the dirt is gone.
- If your knives are rusting, jab them into a large, raw onion.
- A great way to get rid of that smoky smell from burnt rice is to place half an onion next to the stove to absorb the smell.
- Prevent your windshield from frosting up - Slice a raw onion in half and rub it on your windshield at night. This technique will help prevent frost from forming overnight.
- Place a couple of slices of onion in a bowl of water and leave the bowl in the newly-painted room overnight to absorb the strong smell of paint fumes.

FIRST DETROIT TINY HOUSE VILLAGE LETS TENANTS RENT TO OWN

There are already tiny house neighbourhoods popping up around the United States to house the homeless – but this Detroit initiative will be the first where its residents can rent to own. The nonprofit organisation Cass Community Social Services is building 25 single-family homes from 250 to 400 square feet. Each \$40,000 architectural design is unique to itself – no two finished products look the same. Each building will be rented to a tenant for one third of their monthly income under a year-long lease. After three years of renewing leases, they have the ability to sign a four-year land contract under which they pay off those collected years. By the end of the total seven years paying rent, they will have essentially bought themselves a house to own. Since Cass built the first house in September, they expect to have six more built by the end of the year. They have already raised \$800,000 out of their \$1.5 million goal for the project based solely off of private donations. Half of the tenants are expected to be homeless, with the other half comprising of seniors and college students – and since all the homeowners will be able to decide who moves into the neighbourhood in the future, the community's atmosphere is one of cooperation and support.

ACCIDENTAL THIEF

Erin Hatzi woke up at her home in Portland, Oregon recently to find her old red Subaru missing from the driveway. After checking her security footage, she saw the cameras had filmed someone getting into her car and sitting with the engine idling for seven minutes before finally driving away. Erin filed a police report for her stolen automobile. She didn't have to wait very long, however, as on the following evening, Erin's husband saw a police officer talking to a woman who had returned the car with a note—and cash—left inside. The note read: "Hello, So sorry I stole your car. I sent my friend with my key to pick up my red Subaru and she came back with your car. I did not see the car until this morning and I said, 'That is not my car.' There is some cash for fuel and I more than apologize for the shock and upset this must have caused you. If you need to speak further, with me, I am _____ and my number is _____. So so sorry for this mistake." As it turned out, the intended car was parked 10 yards away from the "stolen" car, and older Subaru keys are sometimes interchangeable with other model's locks, which resulted in the mix-up.

STRAY'S PUPS FIND HOMES AFTER MOTHER DOG CRASHES A STAG PARTY

A bachelor party in a cabin in the woods turned into a movie-of-the-week when a starving stray dog showed up on the doorstep drawn by the smell of cooking bacon. She had recently given birth, but didn't have her pups with her. After winning over "Little Orphan Annie" by feeding her plenty of tasty morsels, the men followed her back to her den. There, they found seven pups! The beer fund for the party quickly turned into a dog food fund, as the groomsmen made the 4-hour trek into town to buy kibble for the hungry mama and her babies. By the end of the trip, the groomsmen had each picked a puppy to adopt, and Annie the mother went home with a family, too.

ICELAND IS THE ONLY COUNTRY IN THE WORLD THAT HAS NO MOSQUITOES

Mosquitoes can breed in a variety of environments such as hot and humid climates

as well as cold climatic conditions. They are even known to breed in Antarctica which is the coldest place on earth but not in Iceland, because they also can't tolerate the chemical composition of the country's water and soil.

DOCTOR BROKE THE LAW TO CREATE A BETTER NURSING HOME

Dr. Bill Thomas is a Harvard-educated physician who in 1991 was transferred from working in a stressful emergency room to being the medical director of a nursing home in upstate New York. The depressing and regimented environment got him thinking on what exactly could improve the residents' conditions. Even though animals in nursing homes were illegal at the time, he took a chance based on a hunch, and brought in two dogs, four cats, hens, rabbits, 100 parakeets, a multitude of plants, a flower garden, and vegetable garden. The change was dramatic. There was a 50% drop in medical prescriptions along with a dramatic decrease in death rates – but most importantly, the residents were simply happier. Dr. Thomas's approach – dubbed the Eden Alternative – has driven nursing homes in Australia, Japan, Canada, and America to allow a more autonomous and creative living space for their elderly. It erases the stereotype that growing old means growing useless, as well as encourages residents to think of their age as an enriching new phase of their life rather than the end of it. Dr. Thomas, now a speaker and author of several books, also created small, independently run residences with their own bedrooms and bathrooms called Green Houses—and he has been preaching a singular message that getting old is not a bad thing.

MAN CREATES 'SHOES THAT GROW' SO POOR CHILDREN DON'T OUTGROW THEM

When Kenton Lee was working with barefooted children in Kenya he realised the importance of well-fitting shoes. He also knew that people living in poverty can't afford to pay for shoes every time their child's foot grew. He had the idea that if there was a shoe that could adjust and expand the child would always have a pair of shoes that fitted. Determined to get started, Kenton became the Founder and Executive Director of Because International, a nonprofit organisation headquartered in Nampa, Idaho. The company completed the prototype for their wonder shoe in 2013 which can accommodate children's ever-growing feet by expanding five sizes, making them last up to ten years, and reached out to the world for crowdfunding of their invention. After hand delivering their first shipment of 100 shoes to little ones in Nairobi, Kenya, Kenton is eager to continue production. Like all brilliant ideas – it is so simple, it's just a sandal with a long strap covering the toes and instep, this

strap is held in place by studs, as the foot grows the strap is loosened to the next stud and the same applies to the sides. Thanks to "The Shoe That Grows", children will no longer be as susceptible to soil-based diseases and infections.

"BAD" HABITS MAY HAVE SURPRISING HEALTH BENEFITS FOR CHILDREN

A new study published in the journal Paediatrics shows children who bite their nails and suck their thumbs are about one-third less likely to develop certain allergies. Study author Malcolm Sears, a researcher for the Firestone Institute for Respiratory Health at McMaster University School of Medicine, in Ontario, Canada says "Early exposure to dirt is not a bad thing, cat, grass, house dust mite, and dog allergies were reduced, some significantly." The findings may be another example of what's called the hygiene hypothesis, which asserts that hyper cleanliness in families and avoiding exposure to the microbes in the environment may increase a child's risk of allergies.

"When they suck their thumbs or bite their nails they're exposing themselves to additional microbes or dirt which is stimulating the immune system," Mr. Sears added.

87-YEAR-OLD RESCUED AFTER 4 DAYS IN BATHTUB THANKS TO CONCERNED WAITRESS

Doreen Mann has been making regular visits into Tomassi's café for the last ten years – so when she didn't show up for her regular cup of tea and slice of cake, Sonia Congrave became worried. As it turned out, Doreen had been taking a bath at her home in Southend when her knees gave out and she became unable to climb out. For four days, the 87-year old drank cold tap water to stay hydrated and had only a towel to keep herself warm. Sonia eventually called the Essex Police and asked them to check on the elderly woman's house to make sure she was okay. The law enforcement officers heard Doreen's cries for help and were able to pull her out of the tub to safety. Doreen and Sonia's close friendship has resulted in the 39-year-old waitress buying her a phone in case she ever finds herself in trouble again. "I'm just glad she's okay, I'm glad nothing bad happened," Sonia says. "I think it would be nice for us all to take a bit of a time-out to remember our neighbours or remember the person down the road who you haven't seen in a few days and just give a knock or a phone call. Just say 'Hey, are you alright?'"

LOCK UP AND LIGHT UP THIS WINTER

Since Operation Thor was launched on 2nd November 2015 domestic burglaries have fallen nationally by approximately 30%.

However as we approach the winter months householders need to be vigilant as traditionally burglaries rise in winter time.

- * In winter, residential burglaries increase by 23%.
- * Over 45% of residential burglaries in winter occur between 5pm and 11pm.
- * In 19% of burglaries, entry is through an unsecured door or window.
- * Jewellery and cash are the most common objects stolen during burglaries.
- * The typical value stolen per incident in the last twelve months is €600.
- * There were over 160 cases where car keys were "fished" through the letterbox in the past year.
- * More incidents reported by an alarm activation were detected than not detected.

Whether you are at home or going out, remember to turn on some lights, use timer switches, lock all doors and windows, use an alarm, store keys away from windows and letter boxes and don't store large amounts of cash or jewellery in the house.

Last year in the UK approximately 4000 children fell from unprotected windows. The purpose of window restrictors is to allow the bedroom window to be opened out only a few inches. It is similar to the night chain that you would use for your front door, but it's purpose is restrict the opening of the window mainly in children's bedrooms. Even though most windows have locks with keys, they are not always secured. The window restrictor can be installed quite simply to the frame and the opening of the windows giving you peace of mind. They come in various colours and suit all window designs old and new. All of which are not visually intrusive. They give great protection for young children from falling out of the window. GARDENING OUTLOOK

with **John O'Sullivan**

FOCUS ON TREES

Trees are beautiful in any garden and their long life makes them a wonderful garden feature. A tree should be the first think you plant in your garden after the hedging – they can be underplanted afterwards with bulbs and shrubs. Trees are interesting in all four seasons with attractive unfolding of leaves in Spring, full foliage in Summer, good Autumn colour followed decorative bark in the Winter. The first and most important think you need to know when buying a tree is what's the height and spread going to be when it is mature. There are many varieties of trees to choose from and there is a tree suitable for most areas. Trees can be planted all year round but as with hedging, trees can be planted when they are dormant between November and March.

When planting your bare rooted tree, dig the hole big enough that you can spreads out the roots all around the hole. Then drive your stake into the hole roughly about 6 to 8 inches below the bottom of the hole, place your tree and spread the roots out well. If possible place your stake on the side of the prevailing winds as this will ensure that the tree is blown up against the stake when the wind is high. Fill in the soil mixed with compost around the roots and firm in with the heel of your foot. Lastly place your tree ties on – one near the top and one at the bottom with a spacer in between to stop the bark being damaged by the stake.

A WORD OF VICTORY

Welcome back dear reader continuing on "do you need a miracle"? Last week in Mark chapter 5 we saw Jairus the father of the little girl that Jesus raised from the dead, let's look at another desperate father who beseeched Jesus to help his son. This father knelt before Jesus telling of how his little son suffered seizures that threw him violently, and that when he had brought his son to the disciples they could not heal him. Jesus was exasperated with his disciples. He rebuked and cast out the demon that was harassing the little boy and he was instantly healed. The disciples later asked Jesus why their prayer didn't work. Jesus told them it was because they had so little faith. He went on to tell them "Truly... if you have faith as small as a mustard seed, you can say to this mountain – move from here to there, and it will move and nothing will be impossible for you" (Mathew 17:14-20). Friend it's no different for you today! Whatever the mountain is in your life, you have the power to bring that miracle to pass just by putting your trust in the 'name above all names' - the Name of Jesus (Philippians 2:9). It doesn't matter what name has been put on your current circumstance – cancer, diabetes, epilepsy, mental health issue, poverty – the Name of Jesus is greater and whatever the problem your faith is the tiny seed that God will use to bring deliverance to you. Now a seed needs water to make it grow and your faith is no different. "Faith comes by hearing and hearing the Word of God" (Romans 10:17). When you study and speak out God's Word His Holy Spirit brings the power of God into your life and waters that seed to make it grow and flourish. It's amazing how in life today any mention of faith in miracles brings mockery from many quarters. Listen, if you're desperate you won't give a hoot what others think and it's not them facing the mountain, and here is a Scripture to ponder only "the fool says in his heart there is no God" (Psalm 53:1). More next week...

LET'S PRAY TOGETHER INTO THE WORD

Psalm 100. Everyone make a noise of joy to the Lord. When serving the Lord do it with gratitude. When we come close we will sing enthusiastically. Lord God made us and he loves us dearly and tenderly. He is our shepherd and we are his sheep he protects. When we come to God we are so thankful and praise his name forever. God is good his enduring love and faithfulness to all people. Psalm 100(1,2) means: Even simple things will bless the Lord. We should run the race with joy. Verse 4 - Praise God throughout the day. Say to God you need him and tell him how much you love him. Thank him for everything.

Amen
