## Dettori to SADDLE UP at Killarney Races

**L**egendary jockey Frankie Dettori is confirmed to ride at Killarney racecourse next Wednesday July 17, the third day of their five-day July Festival. This will be the first time the Italian jockey has ridden at the racecourse.

The 48-year-old Italian-born, British-based jockey who is known for his distinctive 'flying dismounts' is one of racing's most successful jockeys and recognised sports people. He has won all the major Flat races around the world including multiple group and classic races in Ireland.

Frankie is having a fantastic Flat season in Britain. He was crowned leading rider at the recent Royal Ascot meeting with a tally of seven winners. He also rode the dual Prix de l'Arc de Triomphe heroine Enable to win the Group 1 Coral Eclipse at Sandown Park last Saturday.

The five-day festival at Killarney runs from Monday July 15 to Friday July 19 and among the winners at the corresponding fixture 12 months ago was recent Epsom Derby hero Anthony Van Dyck. The 2017 Epsom Derby winner Wings Of Eagles is another Killarney graduate, he landed his maiden success at the course in August 2016.

Philip O'Brien, Racing Manager at Killarney Racecourse said: "We are absolutely thrilled to have Frankie ride at Killarney racecourse on Wednesday. He is a household name who transcends the confines of racing and we are delighted that racegoers will get the chance to see such a racing legend in the flesh. It will definitely be the highlight of our July Festival and we are looking forward to a few of his famous flying dismounts in County Kerry."

Comedian Brendan Grace has died aged 68, following a short illness.

A regular to Killarney Brendan Grace performed at The Gleneagle Hotel for over five decades.

Speaking to Killarney Outlook, Patrick O'Donoghue, MD of the Gleneagle Hotel Group said: "We are greatly saddened to learn of the passing of our great friend Brendan Grace. Brendan worked hard to bring happiness and laughter to generations of Gleneagle guests. We are eternally grateful to him for creating so many memories both in The Gleneagle Ballroom and the INEC over the past five decades. Our thoughts are with his wife Eileen,

his family and his many friends at this time." Born in Dublin, Grace began his career in entertainment as a singer but later turned to comedy, becoming well-known for characters like Bottler and the Father of the Bride.

He divided his time between Ireland and the US and was due to tour Ireland this summer.

He was battling cancer and over the past four weeks had been receiving treatment for pneumonia. Brendan Grace is survived by his wife Eileen, children and grandchildren.

## Special VIP's raise the flag for the 36th Ring of Kerry

The 36th annual Ring of Kerry was launched last Saturday morning by two very special people.... 100 year old Mr. John Coffey - and One year old Logan O'Connor.

Both John, who is Killarney's most famous Centenarian and Logan, with the help of his aunt Triona O'Connor raised the official flag at 7.30am.

Triona's daughter Amy passed away in 2018, after long battle with cancer. Amy raised the official flag with Colm 'Gooch' Cooper in 2017 and this year Triona and her husband Brendan's 'Team Amy' is raising funds for Recovery Haven Cancer Support.

The cycle is the largest single-day charity fundraising event in Ireland. The event attracted thousands of leisure cyclists, completing the 175KM challenge around the spectacular Ring of Kerry, while at the same time fundraising for worthy charities. Over €1 million was raised last year alone. The goal for this year is to continue to raise as much money as possible for the six new charities listed below:

**Aras Mhuire Nursing Home** – Aras Mhuire endeavours to create a home environment and enhance the quality of life for their residents

**Cúnamh Iveragh** – Cúnamh Iveragh supports children and young adults with special intellectual needs. Kerry football legend, Maurice Fitzgerald, is a proud ambassador for Cúnamh Iveragh and the Ring of Kerry Charity Cycle this year

**Breakthrough Cancer Research** - The primary aim of Breakthrough Cancer research is to implement funding and support for their phenomenal research into cancer treatments in Ireland

**Kerry Rape & Sexual Abuse Centre** – Kerry Rape & Sexual Abuse Centre provides professional, free and confidential counselling, information and support to those in need

**Recovery Haven** – Cancer Support House - Recovery Haven is a cancer support house which provides free cancer support services to the people of Kerry. Captain of the Irish Ladies Rugby Team and Recovery Haven Ambassador, Ciara Griffin, will be cycling the ring herself this year to raise vital funds for the cancer support house.

**St Mary of the Angels Parents and Relatives Association** – St Mary of the Angels is a home for people with physical and intellectual disabilities ranging from mild to moderate, and for many, it has been their home for most of their lives.

Cyclists gathered in Killarney for the 7:30am official start to complete the 175km journey, circling the stunning coastal route of the Ring of Kerry with some iconic stops along the Wild Atlantic Way including Glenbeigh and Caherdaniel. The event attracts participants from all walks of life including former Olympian David Gillick,

The event continues to raise over €1 million for such worthy

causes. To the cyclists who support us every year and those who joined us for the first time – Thanks for your participation and we look forward to seeing you all in 2020!" Cathal Walshe, PRO of the Ring of Kerry Charity Cycle told the Killarney Outlook.

# Half a century on the hoof at the track

*Pa MacGillycuddy, with his Son Timmy, carrying on the art of farriery, now in its third generation at the family forge in Ballybribeen, Killarney, Co Kerry. PHOTO:VALERIE O'SULLIVAN*

**T**he age old tradition that dates back half a century will be maintained at Killarney Races next week when a third generation of one local family will provide the all-important farrier service at the track.

Timmy McGillycuddy from Ballydribeen, Killarney, will follow in his father and grandfather's footsteps when he joins his dad, Pa, in the farrier forge at the racecourse for the five-day July festival.

The link with the track goes all the way back to 1969 when Patrick McGillycuddy senior – who trained at Murphy's Forge in Barraduff – was engaged by the Race Company to put his skills as a blacksmith to good use. He passed on his know-how and knowledge to his son, Pa, who is a legendary personality in the industry and, in turn, Timmy took up the trade to ensure the great tradition and top class service continues with father and son working side by side.

"Our 50-year association with the local racecourse is a great milestone and it's certainly a landmark worth celebrating," said Timmy.

While some of the raw materials used might have changed significantly over the past five decades, the essential tools of the trade remain constant and the skills of half a century ago are identical to those used today.

"There might be better nails and shoes and better quality aluminium available now but the principles of the trade

remain the same," said Timmy.

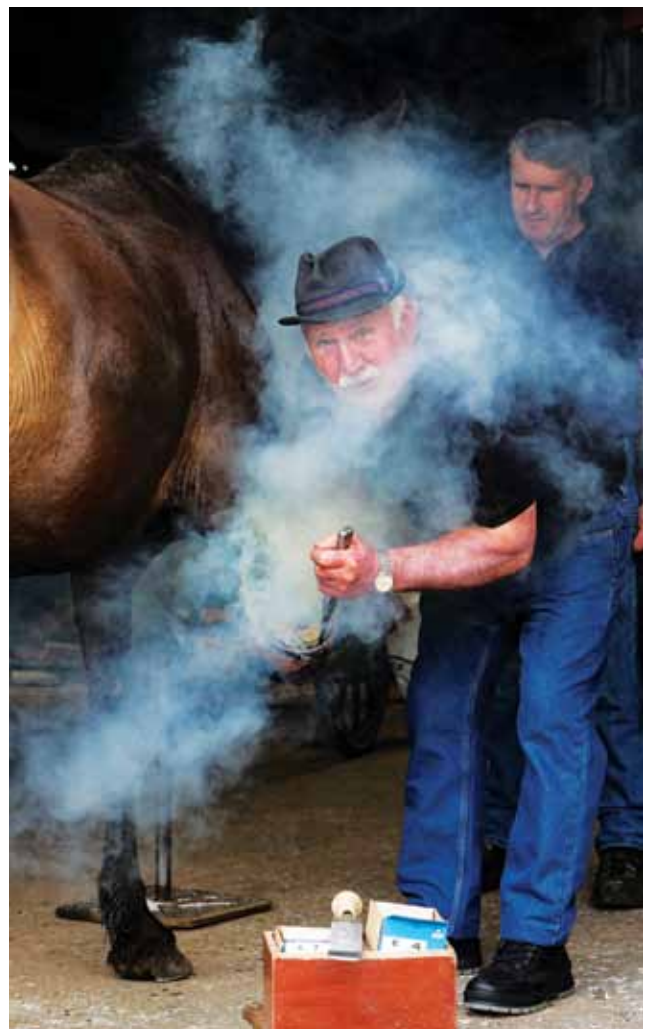

He explained that a farrier's goal is still to make a horse's gait as efficient as possible to ensure comfort, increased athletic ability, greater balance and smoother movement.

The McGillycuddy family operates a busy forge at Ballydribeen where pride of place goes to an anvil dating all the way back to 1800 and it has stood the test of time.

It was sourced in the historic Churchtown Estate in Beaufort – where Beaufort Golf Course now stands. The spectacular Georgian house was built in 1740 by Sir Rowland Blennerhassett and the estate was bought in 1860 by James Magill who turned it into one of the largest dairy farms in the south west.

Killarney's July Racing Festival gets under way from Sunday 15th of July to Friday 19th of July, for five days Killarney Racecourse will combine the very best of horse racing with a fantastic festival atmosphere for all Racegoers.

The Dawn Milk Ladies Day will take place on Thursday, July 19th and is the highlight of the July Racing Festival attracting capacity crowds at the boutique racecourse each year. The winners of the Queen of Fashion and the Most Stylish Hat Competition will enjoy Luxury prizes and receive a specially commissioned crystal vase.

# MONEY MATTERS.....

By Dermot Cronin,  
**Financial Advisor**

## WHEN CAN YOU ACCESS YOUR PENSION & WHAT ARE YOUR OPTIONS WHEN YOU WANT TO RETIRE?

Many pensions can be accessed from age 60, a lot of the rules depend on whether you are an employee or self employed. If you are coming close to retirement you are probably wondering what options you have when you want to get access to your pension. It depends on what type of pension you have but generally there are four options:

**Tax Free Cash:** Most people will be entitled to a tax free lump sum, the amount varies however generally you will get at least 25% of the value of your pension in a tax free cash lump sum.

**Taxable Cash:** You may be able to take sum of your pension in taxable cash.

**Annual Pension:** This is a guaranteed income for the rest of your life that is purchased with the money left after your tax free lump sum.

**Approved Retirement Funds:** You may be entitled to keep some of your money in an approved retirement fund, money can be taken from the fund to give you a regular income. It is extremely important that you take your time and have all the options explained to you in plain simple English and that you understand all your options clearly before you make your final decision. As well as the above there is much more to be discussed about your pension. You should discuss your retirement options with a financial advisor who has access to a number of different pension providers before making any decisions, he or she will help you with the above options and any other queries you may have.

To discuss the above or any other matter Dermot Cronin QFA can be contacted at 0646622775 or dermotcroninifa@gmail.com

# KERRY DELEGATION PROMOTE COUNTY IN THE UK

**R**epresentatives from Kerry attended the launch of a new programme which is led by the British Embassy in Ireland and aims to promote closer links between regions of the UK and the southwest of Ireland. The delegation included Kerry County Council and major global companies and innovative indigenous firms including Fexco, Liebherr, the Agri-Tech Centre of Excellence and Tralee Chamber Alliance. The UK launch of the British Embassy-led programme 'Joining the Dots' took place on Wednesday at the Manufacturing Technology Centre (MTC) in Coventry and is the second phase in the programme, following a successful launch in November 2018 with Cork Chamber. The report identifies areas for growth and offers concrete recommendations on how to promote stronger business partnerships and collaboration between the southwest of Ireland and the UK. Launching the report, the British Ambassador to Ireland, Robin Barnett, said that the large Irish delegation

Joining the Dots 2 - UK Ambassador to Ireland, Robin Barnett with Brendan Tuohy, Pat O'Leary and Moira Murrell.

shows the strong appetite for economic cooperation and partnership.

'Today's report launch is the next stage in our Joining the Dots journey and builds on the enthusiasm shown at the Irish launch in Cork last year. For companies in the South West of Ireland, the report highlights that the UK remains a key target market with untapped opportunities. Similarly, Ireland is seen as a logical first step for many UK companies seeking to test their capability in overseas markets.' Mr. Barnett continued: "The South west of Ireland is a region with an exciting future and the strength and quality of the delegation is a testament to the appetite for this initiative. I am delighted that in addition to a strong Cork contingent, we are welcoming senior business and government representatives from Limerick, Kerry and elsewhere in Ireland." The report launch was followed by two panel discussions where attendees heard from Moira Murrell, Chief Executive of

Kerry County Council discuss the subject of 'Creating thriving regional economies' and from Pat O'Leary, Liebherr, on 'Doing business in the Midlands and South West of Ireland.'

Speaking about the event, Moira Murrell said: 'Regional development and closer links with regions in other countries is a critical part of economic development for rural counties like Kerry. As our closest neighbour and one of our largest trading partners, increased linkages and connections with the regions of the UK are vital at the present time.'

'This event gave us an opportunity to highlight key economic initiatives in the county as well as learning from regions in the UK about what they are doing to create jobs, attract investment and sustain enterprise.'

## SINGING DUO TO PERFORM AT ST. MARY'S CHURCH OF IRELAND

St. Mary's Church of Ireland will be the venue of a night of music featuring Tim O'Shea and Rosie Healy this Saturday night July 13th at 8pm.

Everyone is invited free of charge to enjoy a great night of Kerry Traditional Irish Music and Song with local Kerry musicians who will also be promoting their new CD.

The Concert will feature Tim O'Shea and Friends. Tim's musical "friend" is Rosie Healy from Headford who plays Flute and Whistle and also is a talented singer. The new CD, "another skin too few" will feature new music, recently recorded and also remembers some of the finest Kerry musicians, sadly no longer with us.

Their settings and arrangements of these tunes are now preserved, some well known, and some not so well known traditional melodies.

The Musicians remembered are: Con Durham (Dublin & Dingle) who lived most of his life on the Dingle peninsula and played Uilleann Pipes and Whistles. John Cronin (Aghadoe & New

York), a fine accordion player, and Stephen Carroll (Maulykeevane) who also played accordion.

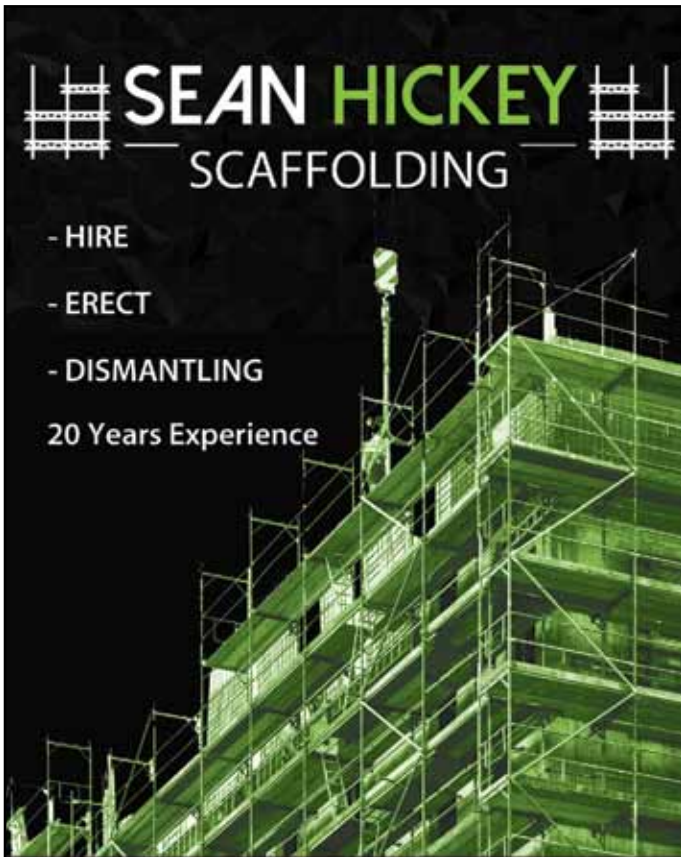

The legend fiddler Paddy Cronin of (Kiskeam & Boston) spent over forty years in America, also contributes a tune to the collection. There is an original poem and spoken word piece, recounting a visit to Kerry from Belfast poet Adrian Fox, set to the music of Sigerson Clifford.

Tim O'Shea contributes and original song in honour of Con Durham, and also, two Scottish songs picked up by Tim on his travels. So all in all a great local night, of local music, played by local musicians, spanning the generations, in one of Killarney's most iconic and historic, beautiful acoustic spaces.

Tim O'Shea and Rosie Healy.

# TRICEL STAFF RAISE FUNDS FOR KERRY CORK HEALTH BUS

**T**ricel recently celebrated the company's third annual Wellbeing Week at the group's European headquarters in Killarney. The company's team of staff participated in multiple scheduled events to promote workplace health and wellbeing. This year events included a step counting competition, launch of the Employee

Assistance Programme, onsite visits from a Financial Advisor, talks from nutritionists and health and fitness specialists as well as a full stand-up comedy show and barbeque for all members of staff on the closing Friday. Each year the company decides on a local charity to sponsor and donates all money raised during the week's events.

In 2019, the chosen cause was that of the Kerry Cork Health Link Bus of the Kerry Cancer Support Group. The service provides an essential means of travel free of charge five days a week for those that require cancer treatment at locations such as Cork University Hospital, The Mercy, The Bons Cork, and The Cork Clinic. As a service, it is essential to many within the Cork and Kerry regions.

Multiple fundraising initiatives took place throughout the week, including an internal company football competition, a staff raffle with prizes, a charity branded T-shirt sale and the option to purchase sponsored healthy snacks. The combination of all the organised events and initiatives have so far resulted in over €2,000 raised for this very worthy cause.

Tricel's yearly Wellbeing Week has been an enormous success since its initial launch and now similar day events take place at company locations throughout Europe. In 2019 the Tricel HR team got shortlisted as finalists in the 2019 HR Management Leadership Awards in the category of Best Wellbeing Strategy and the reasons why are visible in the quality of the week's events.

The Wellbeing Week has been a fantastic success, and the entire team at Tricel look forward to building upon this through further fundraisers and initiatives for this cause throughout the remainder of the year.

## Women waiting over one year for Gynaecology appointments at UHK

Fianna Fáil Spokesperson on Primary Care an TD for Kerry John Brassil says women in Kerry are waiting too long for what should be routine gynaecology appointments. New figures released to Deputy Brassil reveal that there are 761 women on the list for an appointment at University Hospital Kerry, with more than 100 waiting over a year. Deputy Brassil explained, "Last weekend it was revealed that more than 30,000 women across the country are waiting for an out-patient appointment to see a gynaecologist – a 43% increase since 2014. It appears from the figures released to me that the situation in Kerry is in line with those statistics, which is a very worrying development. "Waiting lists across all specialties are spiralling out of control and gynaecology is

the latest to suffer under Fine Gael's failed health policies. "There is no doubt that this government's failure to recruit and retain consultants is having an impact on these long waiting lists, and now women in Kerry and across the country are suffering. Early intervention is so important, yet women in Kerry could be facing waits of over one year to be seen by a gynaecologist. This is a shocking record for a first world country. "We should be providing better care to women in 2019. We have the third highest fertility rate in the EU but less than half of the EU average number of specialists in obstetrics and gynaecology. This deficit must be addressed so that women can receive more timely assessments and intervention", concluded Deputy Brassil.

## Water fountain for the town

As the sun shines brightly and the outdoors beckons the need for some cool clear water increases and so

At the July 2019 Killarney Municipal District meeting, Councillor Michael Gleeson asked: If Kerry County Council is ready to proceed with the provision of at least one public Water Fountain in Killarney town centre. Kerry County Council replied that it is currently preparing a tender to provide a fountain in the town and that it is hoped to have it installed fairly soon.

Councillor Gleeson stated that he had requested such a facility quite some time ago and members of the public have been asking for a progress report. He welcomed the response from Council and he asked that consideration would also be give to a similar provision in the Demesne playground.

# KERRY v MAYO

## PASSENGERS URGED TO 'REFEREE' DRIVING HABITS ON SUNDAY

**A**s important as subs are on a football team, so do passengers play an important role in road safety. Being a backseat driver could save your life. With large crowds taking to the roads for the Kerry versus Mayo game on Sunday in Killarney, two local authorities are taking the opportunity to remind passengers to be proactive when the person behind the wheel is driving dangerously or putting other passengers or road users at risk.

Kerry County Council and Mayo County Council are reminding all road users that passengers have a role to play.

'Passengers should fasten safety belts. If a driver violates traffic rules, a passenger should not be afraid to draw it to the driver's attention,' said Michelle Mullane of the Roads Directorate with Kerry County Council.

'Drivers should be aware that they are responsible for passenger safety. So far this year, ten passengers have been killed on Irish roads out of a total of 79 people who have lost their lives on the roads. We don't want to add to those figures this weekend,' said Michelle.

Noel Gibbons, Road Safety Officer with Mayo County Council said: 'Of course it's hard to

*Kerry will play Mayo in Group 1, Phase 1 of the GAA Football All-Ireland Senior Championship on Sunday July 14th at 4pm in Fitzgerald Stadium, Killarney.*

Speak out when it's someone close to you that's driving poorly, but if you don't, then who will? The one thing I would encourage all passengers, whatever their age, to do when they get into a car is to look at the driver and ask themselves: "Do I want to entrust my safety to you?" Because once that door closes, that's what you're doing,' said Noel.

Both local authorities are urging passengers and all motorists to be aware of the 'Fatal Five':

- Speeding
- Seatbelts
- Fatigue
- Alcohol and drugs
- Distraction and inattention

A passenger could influence a positive outcome on every one of those contributory factors to accidents. Both local authorities are wishing all those travelling to Sunday's game a very safe and enjoyable day.

## Take time to smell the roses...

Roses offer the very best value as they flower for a long period and provide colour and fragrance. With a little care you can enjoy them year after year.

### Buying Roses

When buying a rose the secret is to purchase early in the gardening season, in November or March depending on the type of plant. You will find there is a greater selection available in garden centres at these times. From autumn into early winter, many garden centres stock bare-root roses. These have been lifted from the ground and their roots wrapped to protect from dehydration. The roses are dormant and can be planted, weather permitting, any time up to mid-March. At any other time of year, roses can be purchased container-grown.

This prevents disturbance of growing roots and allows you a longer planting period. Container-grown roses are usually available from the beginning of March until mid-summer. When buying a rose, quality is all important. It is recommended purchasing from a reliable source. This way, you are guaranteed true-to-name varieties and excellent young plants, which get the very best start.

### Planting

For best results, bare-root roses should be planted from October until the end of March. Container-grown plants can be planted at any time of year, providing the weather and soil conditions are suitable. Best results, though, are achieved by planting in either spring or autumn. Soil preparation is all-important. Once you have planted your rose, you will expect many years of pleasure and enjoyment from it, so a little time and effort spent on preparing the soil is setting up the right conditions to guarantee you a healthy and beautiful plant for as long as possible.

Dig the soil well in advance and incorporate organic matter, for example, well-rotted manure. This will help to enrich the soil, improving its texture and quality and also provide necessary nutrients for the new rose. As far as possible, position your roses in full sun. This will encourage extra flowers and a strong, healthy-growing plant. Avoid soil where there are extremes of either wet or drought. Roses enjoy average moisture and, in very dry spells, may require additional watering.

### Care

**Pruning** Carry out pruning in winter while roses are dormant. It is important to use a sharp secateurs as this will give a clean cut preventing disease entering the wound. It also means you are less likely to crush the stem. Make Start Gardening Series Growing the success of Irish food & horticulture 13 Roses the cut approximately half a centimetre above a bud. Ideally this should be slightly sloping away to the back but not sloping below the bud itself. If possible, you should avoid leaving long snags above a bud as these will die back sometimes carrying dead growth down behind the bud which may damage new growth.

When pruning, you should cut out all dead and diseased growth. Also, cut back all of last year's growth to between 2 and 4 buds above the ground. Try to select outward-facing buds. This will encourage a more pleasing shape and helps avoid tangled stems. With climbing roses you will need to remove any stems growing in the wrong direction, but rather than cutting hard to the ground you will need to tidy the plant back to the wall.

### Dead-Heading

Dead-heading roses is very important and by carrying out this practice you can guarantee yourself extra flowers. By removing the dead flowers, you

are preventing energy going into developing seedheads. When the flowers have faded, cut the stem 3-4 leaves below the flower. This will ensure a new flowering shoot, which will bring you extra colour a little later. There is no need to remove dead flowers on roses which are grown for their decorative hips or roses which are only once-flowering.

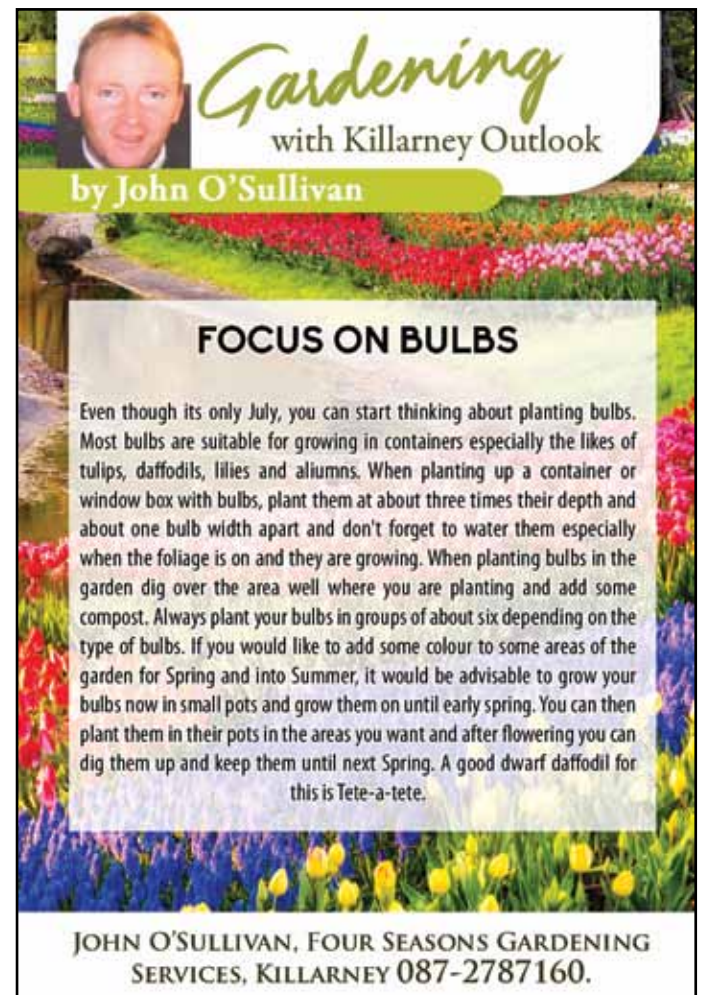

### Feeding

Roses provide a fantastic display and offer superb value for money. But to get the very best from your rose and to guarantee a healthy show of flowers, it is essential that you feed on a regular basis.

Rose blossoms make a great demand on the plant and so supplementing with feeding ensures a good crop. The most popular rose feeds, which are widely available, are granular fertilisers. These contain a special blend of nutrients, including magnesium, which is very important to roses. This blend is specially formulated to give the rose everything it needs to perform well.

These granular feeds should only be used while the rose is in active growth. They do not contribute to improving the soil but act quickly by feeding the rose. Liquid fertilisers are also available. These are an excellent choice for quick feeding. It is advisable to feed on a regular basis, following instructions.

It is best to use little and often rather than apply one strong application. To improve the quality of soil and feed at the same time, it is a good idea to apply a mulch of well-rotted manure. This can be purchased pre-packed in garden centres. It is most beneficial when applied in autumn, allowing the winter weather time to work on it.

**FOCUS ON BULBS**

Even though it's only July, you can start thinking about planting bulbs. Most bulbs are suitable for growing in containers especially the likes of tulips, daffodils, lilies and alliums. When planting up a container or window box with bulbs, plant them at about three times their depth and about one bulb width apart and don't forget to water them especially when the foliage is on and they are growing. When planting bulbs in the garden dig over the area well where you are planting and add some compost. Always plant your bulbs in groups of about six depending on the type of bulbs. If you would like to add some colour to some areas of the garden for Spring and into Summer, it would be advisable to grow your bulbs now in small pots and grow them on until early spring. You can then plant them in their pots in the areas you want and after flowering you can dig them up and keep them until next Spring. A good dwarf daffodil for this is Tete-a-tete.

### The five top beliefs for a happy life!

Whatever you believe about you, your life and the world, becomes the blueprint of the life you will create. Beliefs are the "drivers" of our life. Your mind is so powerful that it continually seeks to bring you experiences in alignment with what you think and believe to be true for you. So, if you believe that you have to work hard and always struggle to get anywhere in your life, you will experience situations and feelings that bring you exactly this.

Choose these top five beliefs for happiness, inner peace and calm:

- I am safe and always supported by life
- I am good enough!
- Everything comes to me with ease and joy
- There is no such thing as failure, only feedback to what I will do differently next time!
- I love myself and I love my life

Choose to say these beliefs to yourself every morning when you wake up. Don't worry if you don't fully believe these statements. The key is to say them and really imagine that they are true for you. The more you do this, the more you will embody them!

If you would like a new career as a Body Confidence & Wellbeing coach please visit my website at [www.instituteforbodyconfidencecoaching.com](http://www.instituteforbodyconfidencecoaching.com) Applications are now open for September training.

### Skipping meals? & weight loss...

What its really doing to your mind & body

#### PART ONE

Do you often forget to eat because you're too busy? Do you skip meals to control your weight (be honest)? Have you tried a 400, 800, or very low calorie or no carb diet only to not lose a pound or gain back more than you lost? Do you hardly eat anything but you're still battling fat? It's so frustrating! If you've been starving yourself at the altar of a new diet and a pair of super skinny jeans only to not be able to get into them, then keep reading. You'll gain a whole perspective on how to lose weight without ever feeling like you're starving again

#### How it effects your brain....

Your brain works full time to keep you safe and smart. Even at rest your personal think tank is gobbling up 20% of all your calories. Add in active thinking, stress, and other real life factors, and you can bump that number right up.

#### Bottom line: Your brain needs to be fed.

When your brain isn't getting the fuel it needs, which comes entirely from your food, it goes into a crisis of epic proportions. It sends out a red alert making you feel awful - shaky, irritable, unable to focus, you may even have cold sweats, with mad cravings for anything with sugar, fast burning carbs, or fat. Your brain is screaming, "Feed me now." Part Two next week.

B WELL FITNESS CLUB: 087-7643449  
[www.fitnesswithedele.com](http://www.fitnesswithedele.com)

Welcome to our brand-new Run Killarney race column for 2019. We've been helping you to get to the start line and we're in the final week of preparation for Run Killarney next Saturday 20th July.

### About Me

My name is Brian, I run the [RunninginIreland.com](http://RunninginIreland.com) website and blog. I am not an elite athlete; I don't think I'd consider myself a fast runner either. I just love to run. But I have done a lot of races, including Killarney and I will draw on this experience to help you on your way.

### Final Stages

It's hard to believe that the Run Killarney is coming up next Saturday, 20th July. This is the last article in the series for the race. If you've followed a training plan, then the main thing now is to relax and let the training work.

### Race Tips

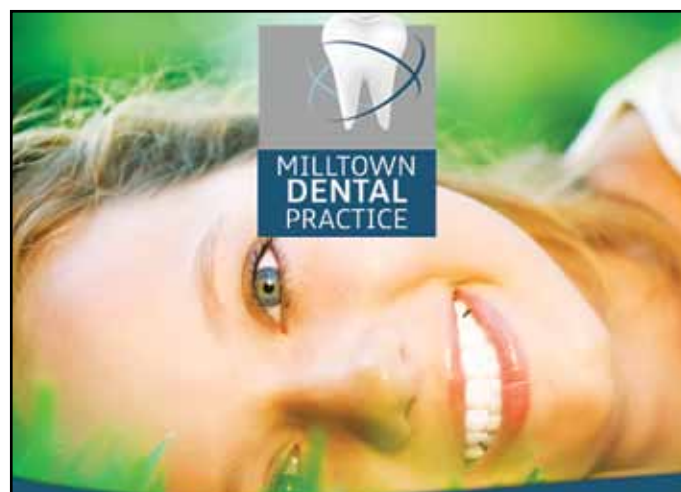

It's time to create your race plan and stick to it. Don't go out too fast and ruin all your training!

- 1. Night before the race** – once you've checked out everything at race HQ, try to limit your time walking around. Stay off your feet as much as possible, have dinner booked so that you can eat when suits you. Don't over-eat the night before the race, just a normal dinner, but still plenty of water.
- 2. Sleep** – try to get to bed at a good time. But don't stress about getting to sleep. Put your mind at ease that actually the most important night's sleep are 2/3 nights before the race, if you don't get much the night before, you'll still be fine.
- 3. Transport and logistics** – make sure you know how you are getting there, and don't leave yourself tight for time. If you're doing the half-marathon bring warm gear and a hat for the start line. You can pop it in a bag to be dropped down to the finish line by the race organisers.
- 4. Gear** – don't change from what you have been training in over these months...nothing new.
- 5. Food** – breakfast, stick to what you know, despite the temptation that might be around in hotels. If you are used to Weetabix for example, ask your hotel if they have it, if not, go out and buy it the night before, or better, bring some with you.
- 6. Start line area** – before you start queueing for the toilets, which may take some time, take a few pictures, enjoy the moment, you'll want to remember that start line.
- 7. Half-marathon pacers** – these guys are great for keeping you to your times, you won't miss the big balloons they have. Run with the group, enjoy the chats!
- 8. Water stops** – make yourself familiar with these on the course map, so you can plan your hydration. Please do not litter.
- 9. Gels** – only take one if you've trained taking one.
- 10. Finish line** – enjoy this. Get yourself sometime in the hot tub...you deserve it...and a beer...and a burger!!

Best of luck to everyone taking part, it promises to be an awesome day once again! Congratulations on making it to the start line – the hard work is done!

### ABOUT THE CHARITIES

#### Skellig Stars

Skellig Stars Special Olympic Club is a group of children and adult athletes with special needs who train on a weekly basis throughout the school year, training for fun and to take part in the Ireland games. The Skellig Stars annually visit all the clubs in Kerry for a fun day. They also host their own fun sports day in Cahirciveen. Skellig Stars provides children and adults of all ages with an important physical outlet through athletics and basketball games. Currently there are approx. 25 athletes ranging in age from 6 to 62 years old. Skellig Stars are fund-raising to upgrade their facilities to install an eight lane running track for the athletes to practice and train on. The club currently uses the sports hall in the local secondary school, Colaiste na Sceilge to train indoors. A proper track is important for the athletes to train on as it would allow them to practice on the surface they will compete on. The Kerry Hospice Foundation

The Kerry Hospice Foundation (KHF) is a voluntary organisation to help provide funding and support for palliative care services in Kerry. The core idea is still as important now as the day,

in 1990, when the organisation was founded. The voluntary part of our organisation is very important to us, as well as a source of great pride. No member of KHF is paid for any of their work, time, effort or any costs incurred while helping the charity. The Foundation exists only to deliver on services delivered in Kerry. All money raised in the county is spent locally.

#### Dingle Cliff and Coast Rescue

Irish Coast Guard Units are crewed by 950 male and female volunteers.

Coast Guard Units and their Stationhouses (sometimes known locally as 'The Rocket House' from using the old Breeches Buoy rescue rockets) are positioned at strategic locations around Ireland and possess initial action fast response equipment with adequate geographical range. This kit includes radio communications systems, cliff rescue gear, rescue, patrol, transport and search boats, response vehicles, line throwing apparatus, first aid equipment, personal protective equipment, uniforms, portable generators and lights and day and night search gear. All Units are operated entirely by local crews (live within 10 minutes of the Stationhouse) who give freely of their valuable time and effort to the Coast Guard, local community and 'those in peril on the sea, cliffs and coasts of Ireland'. Training is provided for the volunteers, who are on-call, 24 hours a day, 365 days a year.

## KILLARNEY COMMUNITY GAMES

The Killarney U10 Community Games football team performed very well in the Munster Final in Na Gaeil, Tralee last Saturday and ended the day silver medal winners for Munster. The team won a thrilling semi-final in the morning against a very physical Clare team 5-5 to 4-5 and were 10 points down at one stage but performed a brilliant comeback to win by 3 points in the end. Unfortunately the victory came with a cost as key players were injured for the final V Cork but again showed great character in the final and finished the game strongly but unfortunately just lost to a very good Cork side. This was a huge achievement for the team and the boys while disappointed can be very proud in reaching the Munster Final. Congrats to all and to the coaches Sean Culloty, John O'Shea, Kieran McCarthy and Billy Hennigan. Full Squad: James O'Callaghan, Jayden Hurley, Ryan Twomey, Eanna Hennigan, Paddy Noonan, Luke O'Shea, Michael McElligott, Jack Culloty, Jamie Fleming, Ronan McCarthy, Oisín Walsh, Conor McElligott, Kiernan Kelly, Callum Cox (Liam Chute injured). Well done to the Kerry Community Games Committee for hosting such an excellent event at the Na Gaeil Club, Tralee.

Juniors:

'C' team show great spirit to move to within a win of County Semi-Final'

County Junior Football League, Group 3, Round 4

Milltown/Castlemaine 'C' 4-07 Dingle 'C' 0-13

Compiled By Dara O'Connor.

Milltown/Castlemaine welcomed Dingle to the Paddy Burke Memorial Park in Milltown for a Round 4 encounter in Group 3 of the County Junior Football League which they won.

Following this win, Milltown/Castlemaine move into 4th place with 3 points on the board. 1 win, 1 draw & 2 defeats from 4 rounds of the Junior League is a very respectable return considering some of the opposition we have faced & their strengths. We now move onto a winner takes all clash with St Pats 'B' on Friday July 19th, where the winner will progress to a County Semi-Final vs Keel 'B'/An Ghaeltacht 'B'. St Pats currently lie in 3rd on 4 points just ahead of us so it's great to have something to play for entering Round 5 and a great sign of the strength of our Senior setup to be able to field three senior sides and compete in each bracket with our 'B' side in a Mid Kerry Junior Final on Tuesday week, July 16th also. Well done to the management and players on a good win & thanks to Dingle for a great sporting game all through played in the right spirits.

Sincere thanks to our senior board sponsors-Larkins Bar and Restaurant and Kellys Londis Topshop.

#### UNDER 14'S

Well done to the U14 Green Team, kindly sponsored by Burkes Butchers, Milltown and Norman Foley Spar, Milltown, who had a great win over a good An Ghaeltacht side in the Central Region, Group 2 competition on Thursday night last. After a brilliant performance at Feile in Galway last weekend, the boys and their management were eager to continue their winning ways.

### DR CROKES NOTES

#### MINORS - DR CROKES 1-10 KILLARNEY LEGION 1-12

Our minors played their second County Championship game v Killarney Legion in Dreen on Tuesday 2nd of July. Missing a number of regulars we went into the game hoping to continue our good form from round

*Peter Cosgrave and Cian Doe represented Kerry South u16's in Limerick at the weekend and won all games*

one. The early stages of the game were very good for us and even though we missed a few chances, we were winning in most areas of the field. Our defensive unit continued their strong start to the championship and were restricting options for the Legions forwards. Even though an unfortunate defensive error gifted our opposition a goal, we were still in the game at half time. Killarney Legion 1-03 Dr Crokes 0-07. Playing a game against a breeze in the 2nd half we needed to work the ball in closer to score, where the Legions forwards has the luxury of being able to kick scores from distance. Following the early exchanges where we outscored our opponents 2 points to 1, they then took over for 15 minutes and scored 6 unanswered points. But as things started to look bleak for us Tom Doyle sparked us back into life with a superb goal from distance. We followed with another great point to draw level with time up, however in added time the Legion scored 2 more points to finish the scoring Killarney Legion 1-12 Dr Crokes 1-10. While disappointed with the final score, on a day where everyone put their shoulder to the wheel and tried their very best, we have to be happy with the players aptitude to the challenge. Special mention however must to our best defender on the night, outstanding performances again by Neil O'Shea & Evan Looney, ably assisted by Liam Randles & Harry Byrne. Our midfield pairing of Mike Lenihan & Harry Potts held their own manfully, while up front once again, Padraic Looney, Cian McMahon and Tom Doyle caused the opposition problems all night.

Next fixture St. Brendan's in Farranfore @ 7:30pm on Tuesday 9th.

#### UNDER 14 BOYS

Our u14 team continued their unbeaten start to the East Kerry league with a 4 point win in Beaufort. Played on a lovely Summers evening our lads will started strongly with strong offensive performances by Robbie Harnett aided

by Dara O'Shea and Fintan Martin. Beaufort came back into the game strongly and we led by 3-6 to 3-3 at half time. Our captain Maidhchi Lynch at midfield as well as Ryan Neeson who moved to centre back for the second half put in strong second half performances as we won out by 4 on a score of 5-12 to 5-8. The lads will know that improvements are needed if we are the challenge for honours at the end of the league. Team: Cathal Kelly, Mark Sheehan, Paddy Foley, Conor O'Shea, Neil Carroll, Maidhchi Lynch, TJ O Sullivan, Ryan Neeson, Alex Hennigan, Jack O Sullivan, Robbie Harnett, Matthew Moynihan, Noah Sexton, Fintan Martin, Dara O Shea Subs: Adam Byrne, Liam Hennigan, Dara Griffin, Oisín O'Sullivan

This was a great activity for all, they all encouraged each other up to the top and were amazed by the wonderful view over Killarney. This was just a simple team building exercise outside of football.

#### EAST KERRY JUNIOR LEAGUE DIVISION 2 SEMI-FINAL: SPA 2-15 GLENFLESK 2-10

Conor Stack and Conor Kerins swapped early scores with Gavin Kelly (2) and John B O'Donoghue before Spa kicked an unanswered 1-5, Mikey Moynihan (2), Andrew Fitzgerald (2) and Conor Stack on target and Gary Vaughan with the first Spa goal. Darragh Fleming found the net for Glenflesk shortly after and they added points from Steven Corsini and Oran O'Donoghue. Spa had two scores from Connie Cremin and Gary Vaughan before the break to lead 1-9 to 1-5 at half time.

Points from Thomas Fleming and Conor Kerins extended that lead but Glenflesk were soon attacking again and Ollie Cremin pulled off a great save before Darragh Fleming pointed for Glenflesk. Gary Vaughan and Steven Corsini exchanged points to make it 1-12 to 1-7 going in to the final quarter.

Glenflesk were keeping the Spa defence under pressure and after another point from Oran O'Donoghue they had a goal shot that went just inches wide and hit the side netting. Darragh Fleming added another point to make it 1-12 to 1-9 but Spa replied well, Paud O'Donoghue pulling off a great save before Gary Vaughan and Pat Cronin added points for Spa. Michael Horgan netted the second Spa goal but Glenflesk responded immediately with a high ball from Garry O'Donoghue dropping in to the Spa goal. Another Glenflesk point reduced it to 2-14 to 2-10 before a Conor Kerins point finished the game at 2-15 to 2-10.

#### EAST KERRY MINOR LEAGUE RD1: SPA 4-7 FOSSA 4-18

Fossa started well and jumped into a 2-6 lead before Spa scored their first point, the two Fossa goals coming from Killian Buckley and William O'Brien. Spa did get one first half goal from Róirí O'Connor but Dean Sheehan netted a third Fossa goal late in the half and Spa were trailing 1-2 to 3-10 at half time. A better second half

Kilcummin Under 16 Girls who had a great win in their league final defeating a very good Moyvane team by 4-7 to 2-5. Well done to all the players and their coaches.

saw Spa come more into the game and notch up more scores. A fourth Fossa goal at the start of the second half from William O'Brien had the visitors leading 4-11 to 1-3 early on. A hatrick from Spa's Cian Murphy reduced the gap by the full time whistle, the game finishing Spa 4-7 Fossa 4-18.

### EAST KERRY JUNIOR LEAGUE DIVISION 2 SEMI-FINAL

Spa 2-15 Glenflesk 2-10

Conor Stack and Conor Kerins swapped early scores with Gavin Kelly (2) and John B O'Donoghue before Spa kicked an unanswered 1-5, Mikey Moynihan (2), Andrew Fitzgerald (2) and Conor Stack on target and Gary Vaughan with the first Spa goal.

Darragh Fleming found the net for Glenflesk shortly after and they added points from Steven Corsini and Oran O'Donoghue. Spa had two scores from Connie Cremin and Gary Vaughan before the break to lead 1-9 to 1-5 at half time. Points from Thomas Fleming and Conor Kerins extended that lead but Glenflesk were soon attacking again and Ollie Cremin pulled off a great save before Darragh Fleming pointed for Glenflesk. Gary Vaughan and Steven Corsini exchanged points to make it 1-12 to 1-7 going in to the final quarter.

Glenflesk were keeping the Spa defence under pressure and after another point from Oran O'Donoghue they had a goal shot that went just inches wide and hit the side netting. Darragh Fleming added another point to make it 1-12 to 1-9 but Spa replied well, Paud O'Donoghue pulling off a great save before Gary Vaughan and Pat Cronin added points for Spa.

Michael Horgan netted the second Spa goal but Glenflesk responded immediately with a high ball from Garry O'Donoghue dropping in to the Spa goal. Another Glenflesk point reduced it to 2-14 to 2-10 before a Conor Kerins point finished the game at 2-15 to 2-10.

### BEAUFORT V BALLYMAC

A much depleted Beaufort side got off to a perfect start when Padraig Doona finished to the net in the very first minute. With Sean Foley and Ronan Murphy playing well in midfield, Beaufort dominated the first quarter, leading 1-6 to 0-5, with Beaufort's points coming from Danny Healy, Fergal Hallissey, Padraig O'Sullivan and Sean Foley. However, an injury to Sean Foley was the turning point in the first half, as Aidan Breen and Vinnie Horan really took control of the game. Ballymac made a great comeback, going ahead 1-7 to 1-6, before a point from Micheal O'Sullivan put the sides level 1-7 each at half time. Ballymac started the second half very strongly and built up a great lead, going ahead 2-12 to 1-9. However, Beaufort showed perseverance as they never gave up, and points from Fergal Hallissey, Padraig Doona, Micheal O'Sullivan, Sean Coffey and Jeremiah O'Sullivan saw the sides level 1-16 to 2-13 entering the closing minutes of the game. In the 30th minute, Cormac Joy scored the winning point for Beaufort, who won on a final scoreline of 1-17 to 2-13.

Beaufort team: Jason Foley, Shane O'Sullivan, Ger Hartnett, Jonathan Kissane, Jeremiah O'Sullivan, Sean Kelliher, James Reilly, Sean Foley, Ronan Murphy, Danny Healy, Fergal Hallissey, Padraig O Sullivan, Micheal O'Sullivan, Sean Coffey, Padraig Doona

Killarney Legion welcomed their neighbours Dr Crokes to Direen on Tuesday evening for what was always going to be an exciting battle. Legion really got off to a slow start with them not really kicking into gear until the second half. To their credit they kept the score board ticking over to go behind by just 2 pts at halftime 0-07pts to 0-05pts. The second half was a different story with our midfield pairing of Brian Obkute and Darragh Lyne winning the battle and sending some direct ball into our forwards resulting in some well taken scores. Peter O'Sullivan showed his great pace and his runs forward were the difference in the end between the two sides seeing Legion run out deserving winners on a scoreline of 1-12 to 1-10pts.

## FIRIES GAA BUILDING FOR THE FUTURE

**F**iries G.A.A. are embarking on a fundraising draw for a duration of 6 months to enable the Club to fund the development of a second training facility in Ballinvarrig close to Firies Village.

The Club has purchased lands in Firies and now set out on the path to develop these long overdue facilities in the Firies village area.

With ever increasing playing numbers and multi sports codes that now require access to training facilities and the playing pitch in Pairc Eamon in Farranfore. There is are huge pressures on the existing facilities in Farranfore to meet the increasing demand.

The Club currently caters for boys and girls teams from U6 upwards in Football and also our ever expanding Hurling teams. Community Games and the Farranfore Maine Valley Athletic Club also use our facilities in Farranfore. St. Anne's Basketball Club use the Sports Hall in Farranfore during the Basketball season.

The development of these facilities will allow greater access to training time for all club teams, it is also envisaged to install a walking track with low level lighting around the perimeter of the facilities for all members of the community to use.

As the site contains a portion of the Old Molahiffe Railway we are working in conjunction with the Kerry County Council to develop this amenity.

To help in the funding of these new facilities in the Firies Village area the Club 600 draw will take place over 6 months with €19,000 being paid out in prize money.

The Club has not undertaken a large fundraising initiative of this nature in over 10 years.

#### COST OF DRAW ENTRY

6 months x €20/month = €120

There are different payment options for your convenience to enter the Draw.

€5 standing order for 20 weeks = €100

€100 one-off payment = €100

€20/month for 6 months = €120

For Draw members that chose option 1.

Standing order or option 2. One-off €100 payment a special draw shall take place for €1,000.

The Club are appealing to the residents of Firies, Ballyhar and Farranfore to support the draw to enable the development of these badly needed sports facilities in the Firies Village area. We also would appeal to the Parish diaspora who are spread far and wide who might like to contribute to this development.

Any interested individuals/businesses can contact any club member for tickets, e-mail [Secretary.firies.kerry@gaa.ie](mailto:Secretary.firies.kerry@gaa.ie) for tickets, contact us on Facebook or ring 00353 87 2998231 to purchase tickets.

Together with the help of the Parish and the Diaspora we can develop these recreational facilities for the benefit of this generation and many more to come in the future. To help streamline the overall dub activities we aim

to have one group going forward Football, Hurling, Scor and the Club are currently investigating the amalgamation of the Ladies Club with the Firies G.A.A. Club.

The Club recently hosted Games in the John West Feile Under 14 Hurling Competition, a very proud day for the players, parents and mentors involved. We would like to take this opportunity to thank our many loyal lotto ticket purchasers and sellers. The Club lotto is vital as this is the main stay of the day to day running of the Club during the year.

Over the next number of weeks between here and the 1st Draw at the end of July, Club members/players will be calling house to house throughout the Parish in its endeavor to fill the Club 600 members draw. Thanks for your continued support.

## SUPER 8'S FOOTBALL

# KERRY "KEANE" TO MAKE A HOME STAND IN OPENER

Kerry manager Peter Keane has said that he is as excited as any Kerry fan for Kerry's opening Super 8's game against Mayo on Sunday and admits that he was "really impressed" with the Connacht visitors on how they have gathered a momentum.

Ahead of Sunday's game he spoke with **Donal Barry**

The weight of history, the physicality of Mayo, the criticism of his defensive structure and Kerry's performance against Cork in the Munster championship all came under the radar at last Monday's press conference but for Keane there is really only one thing on his mind.

"Next Sunday, it is the only show in town and it is the next game for us. Everything else really

won't matter when the first whistle is blown" Keane was high in his praise of his opponents "I thought they were very impressive against Galway, they were tough, you are hearing about all these injuries, and yet they are all there. They are all available. They have a lot of seasoned campaigners there, they are physically in good strong shape, they have a lot of conditioning done over that period of time so they have a lot of physicality and that is something they use."

On the criticisms of defence, "We did give up goaling opportunities and that is something we are looking at. I would not worry a whole pile about the critics, I'd worry a lot more about what we are doing ourselves"

Kerry who have not suffered defeat in Killarney since 1995 in the championship are likely to

PETER KEANE LOOKING FOR HIS SIDE TO MAKE A STAND AGAINST MAYO

see that stat really tested on Sunday but for Keane it is about this year's record with Mayo and nothing that has happened in the past.

## HEALTH AND SAFETY REDUCE FITZGERALD CAPACITY AS TICKET SALES DELAYED

Kerry County Board chairman Tim Murphy has confirmed the capacity of Fitzgerald Stadium has been lowered from 38,000 to 31,900 for this weekend's All-Ireland quarter-final round-robin game.

In order to get the expected sell out crowd into the grounds, the gates of the Fitzgerald Stadium will be open at 2pm on Sunday with entertainment will be provided by Celtic Steps from 2:30pm.

Tickets which went on general sale on Monday were delayed until 4pm in the evening despite the other 3 Super 8 games having general sales from 10am.

It is advised that the main stand will be filled on a first come, first served basis. And once all

seats have been taken, the turnstiles leading into the main stand will be shut, with queuing supporters directed to the terrace.

Tyrone referee Sean Hurson will be the man in the middle for Kerry and Mayo's Super 8's clash in Fitzgerald Stadium on Sunday. Meanwhile Fitzgerald Stadium staff have been busy putting the final touches to their biggest game of the year.

A new astro turf section at the O'Sullivan Stand side dug-outs has been inserted, while work is ongoing at the stadium with concrete seating at the scoreboard end. While painting and power-washing has also seen a brighter touch to the grand old stadium.

## ALL IRELAND JUNIOR SEMI FINAL

# KERRY END THE SCOTTISH DREAM IN DEVASTATING STYLE

**KERRY 3-20**  
**SCOTLAND 0-07**

Jimmy Keanes Kerry junior side are heading to yet another All Ireland final having easily dispatched the challenge of Scotland at the Clydebank Community Sport Hub in Glasgow on Saturday.

Kerry had one foot in the final by the 20th minute having built a 1-10 to 0-2 lead with Templenoe's Stephen O'Sullivan netting for the All Ireland Champions as early as the 2nd minute

Scotland were crowned British champions a week earlier defeating Warwickshire 3-12 to 3-11 in a thriller and arrived a team full of confidence but the gulf in class was evident but to their credit they kept it honest and continued to build their own score board converting the limited chances that came their way.

The Kingdoms scoring spree slowed somewhat

as they headed to the break 1-11 to 0-3 ahead.

A brace of second half goals from Stephen O'Sullivan and Daniel Daly saw Kerry into the final where their five in a row dream remains alive.

Scorers for Kerry:

Daniel Daly (1-8, 3 frees), Stephen O'Sullivan (2-1), Gerald O'Sullivan (0-2), Eoghan O'Brien (f), Philip O'Connor, Brandon Barrett, Michael Foley, Jack Brosnan, P J O'Sullivan, John Mark Foley, B O'Dwyer and Chris Farley (0-1 each):

## KERRY U16 CAMOGIE GIRLS CONTINUE THEIR GOOD RUN

The Kerry U16 camogie team won their Round 2 C Championship match V Wicklow on a score line of 10-16 Kerry 7-7 Wicklow played in Eire Og GAA Wicklow in Greystones this Past Sunday

This follows on from a hard earned first round draw with Mayo at home last week and the team have a tough assignment this week end

with a agme away to table toppers Cavan.

Team Mentors Joe Walsh, John Sheehan Gina O'Donoghue and Sheila O'Sullivan will be happy with the girls performances so far but will know that tougher tests await in the games with Roscommon and Cavan over the coming weeks.

## LADIES LOOK TO TURN THEIR SEASON AROUND

Kerry head into their opening TG4 Senior Ladies Football championship round robin game very much in hope of a result than expectation of one as they face newly crowned Connacht champions at Portlaoise on Saturday at 1.45pm (Game Live on TG4)

A solitary win in six outings (that over Armagh in the Division 2 league semi final) for Donal Doherty's charges is not the ideal momentum to a Galway side who captured their seventh Connacht title in 8 years after they defeated Mayo 3-7 to 0-8 in their replay that formed part of the Galway/Mayo GAA Senior championship game.

Kerry have bolstered up their sideline with the added involvement of the minor management and they still have enough firepower throughout

a talented full forward line to certainly ask questions of Galway.

However with Galway very much one of the team favoured to make the final 4, it would be a big surprise if Kerry registered a result and will look to target defeated Leinster Finalists Westmeath in a likely winner take all game for their passage to the later stages of the championship.

**Verdict:** Galway

# KERRY GAA SCENE

REPORT BY LEONA TWISS, PRO

## THE SUPER 8S BEGIN ON SUNDAY!

On Sunday, the much-anticipated fixture between Kerry and Mayo will throw in at 4pm in Fitzgerald Stadium. The system was changed from last year resulting in Provincial winners this year getting a 'home venue' for the first game whereas last year our first game against Galway was in Croke Park. It goes without saying that a win in this game would be hugely beneficial in our quest to get out of the group and into the semi-final! We need to make home advantage count and we are calling on all supporters to come to Killarney and show your support on Sunday! The players feed off the crowd and if ever we were needed to play our part it is on Sunday against a very fancied Mayo team. Mayo has impressed throughout the qualifiers and has shown the depth of their bench. They have beaten us twice this year already but there's a big difference between Spring and Summer football and Peter Keane will have his Panel well prepared for the task ahead.

Croke Park released the tickets on Monday afternoon and sales are brisk since. The tickets are priced at 25 Euro for adult tickets and 5 Euro for juvenile tickets. Tickets are on sale in the Kerry GAA Store Killarney, tickets.ie, SuperValu stores and Centra stores. Tickets are general admission and those into the stadium first will have access to the seats in the Stand. Once the Stand is full, people will be directed to the Terrace. We ask all attending to co-operate with the Gardaí and Stewards with this matter.

The gates are expected to open at 2pm but this will be confirmed later in the week. Entertainment will be provided for those in early to 'shorten the wait!' People are asked to park responsibly and to avail of the Free Car Parks being made available for the day. The Gardaí have advised us that illegally parked cars will be towed away. It is Killarney in July so traffic delays before and after the game are inevitable so please be patient and leave plenty of time for your journey.

The team will be announced at 8pm on Friday night on the Kerry GAA website. We wish all involved with the Senior Team the best of luck. A win on Sunday would set us up nicely for the game against Donegal the following Sunday at 4pm in Croke Park.

On the topic of the Donegal game, The Kerry GAA Supporters Club will take coaches to Croke Park. All seats must be booked by Thursday night July 18th. For booking, contact Donal O'Leary, John King or Martin Leane. The Supporters Club wish to send a message of congratulations to Adrian Collins, County Board Delegate and Greta Maher who got married last Friday!

## KERRY JUNIORS AND KERRY U20S

Scotland in the Junior Semi-Final last weekend. Jimmy Keane and the team made the long journey to Glasgow for this fixture but received a very warm welcome from the Scottish GAA Board. Kerry gave a great performance and finished winners on a scoreline of Kerry 3-20, Scotland 0-7. The other semi-final between Galway and Meath will be played in Dr Hyde Park on Saturday at 1pm. The winners will meet Kerry in the Final the following weekend.

On Thursday night the Kerry U20s begin their Munster Championship campaign when they face Limerick in the EirGrid Munster U20 semi-final. This game will be played in Austin Stack Park, Tralee at 7pm. The Kerry U20 team will be announced on the Kerry GAA website on Wednesday at 8pm. The U20s performed well during the inaugural John Kerins Tournament particularly considering the challenges posed by players being unavailable due to College and State Exams. We are hoping that a large home support will be in attendance on Thursday night. We wish Jack O'Connor and all involved with the U20 Panel the best of luck with their upcoming campaign.

## SCHOOL BOY/GIRLSOCCER

### 13'S LEAGUE OF IRELAND

Kerry 5-1 Wexford

Kerry have taken 4 points from their first 2 games in Phase 2 of the 13's League of Ireland.

They put on a very impressive show defeating Wexford 5-1 at Mounthawk Park to follow up from their 3-3 draw away to Cabinteely.

The goals came from Finn Barrett and JJ Olijatan in the first half.

Andy Rogers and Niall Tigue O'Brien added two more in the second half before to put Kerry 4-0. Wexford pulled one back but Kerry added a 5th late on thanks to a Stephen Gannon penalty.

### 15'S LEAGUE OF IRELAND

Cork City 2-0 Kerry

This game at Bishopstown was a case of one side taking their chances and the other being just off target.

Cork scored once in each half and while Kerry created some very good chances they were unlucky not to take something from the game.

Both the 13's and 15's are at home this Sunday when Waterford bring their two sides to Mounthawk Park. Both games kick off at 2pm.

### JIMMY FALVEY MEMORIAL CUP SEMI FINAL

Killarney Celtic 2, Tralee Dynamos 1.

The league and cup double is still on for our Youths after a hard fought win in Mounthawk Park against Tralee Dynamos. Despite being short some important players, the boys put in a hard working performance to book their place in the final. Tralee were well organised, defending very deep at times, which proved hard to break down.

Evan Lyne saw a long range effort go narrowly wide early on, while soon after, Liam Spillane was unlucky with a headed effort from a

Lawrence O Donoghue corner. Celtic took the lead through Ryan Kelliher who latched onto a rebound on 26 minutes after a well worked move.

Dynamos rarely threatened Adam Carey's goal, but were proving tough to break down, with very few chances at the other end.

Godwin Osiebe was unlucky not to score early in the second half after a brilliant through ball from Evan Lyne. Tralee equalised on 68 minutes when Sean Horan was first to react after Adam Carey saved from a free kick.

Celtic reacted quickly with Adam McMahon making a great run into the box to try to get on the end of a Jared Barton through ball. McMahon's run was enough to put the keeper off which resulted in the ball finding the bottom corner of the Dynamos net.

From this Celtic pushed on, retaining possession well and holding their lead until the final whistle.

Team: Adam Carey; Emmet Cronin, Liam Spillane, Padraic Looney, Adam McMahon; Godwin Osiebe, Jared Barton, Evan Lyne, Lawrence O Donoghue; Adam May Keane, Ryan Kelliher.

Sub: Dylan Falvey for Adam May Keane (44)

## Know Your Rights:

### QUESTION

What is the Public Services Card and how do I get one?

### ANSWER

The Public Services Card (PSC) helps you to access a range of public services easily. The front of the card holds your name, photograph and signature, along with the card expiry date. The back of the card holds your PPS number and a card number. It also holds a magnetic stripe to enable social welfare payments such as pensions to be collected at post offices. If you are entitled to free travel, the card will also display this information in the top left-hand corner.

Your identity is fully authenticated when it is issued so it saves you having to give the same information to multiple organisations.

You can use the PSC as evidence of identity when applying for a driving licence or learner permit or if you are sitting the Driver Theory Test. In some cases a PSC is required. For example, all first-time passport applicants aged 18 and above who are resident in Ireland need to have one. All applicants for a certificate of naturalisation aged 18 or over who are resident in the State must have a PSC.

A Public Services Card is usually issued when you are allocated a PPS number. If you apply for, or are currently getting a social welfare payment (including Child Benefit) you will be asked to register for your Public Services Card. If you don't yet have a Public Services Card, you can make an appointment to get one either by using MyWelfare.ie or by calling into your local Intreo Centre or Social Welfare Branch Office. You will need to bring certain documents to prove your identity and a mobile phone that can be used to create a verified account. The process takes about 15 minutes and your PSC is posted out to you and is valid for seven years.

You can get more information on the Public Services Card from [citizensinformation.ie](http://citizensinformation.ie) and learn more about online public services at MyGovID.

Further information is available from the Citizens Information Centre below.

IF YOU HAVE A STORY... CONTACT AISLING ON 086 0400 958

**DID YOU KNOW?**

On July 1 1690 or on 12 July 1691 (Julian calendar), equivalent to 22 July on the Gregorian calendar, 30 miles north of Dublin, across the River Boyne a battle began between William of Orange, a Dutch protestant who had recently been jointly crowned monarch of England, Scotland and Ireland during the 'Glorious Revolution' and his uncle, the Catholic James II.

James, the last of the Stuart kings to seek absolute rule, had lost his throne to William the previous year after Protestant nobles encouraged William to seize it, fearing James was founding a Catholic royal dynasty. James chose not to oppose him and was allowed to escape to exile in France.

King William fought, aided by the arms, men, and treasures of his allies in the League of Augsburg, and part of his expenses at the Battle of the Boyne were said to be paid for by His Holiness Pope Alexander VIII, apparently due to the fact that a few years before a French army had marched upon Rome to avenge a slight insult offered to France, it is also said by historians that when news of King William's victory reached Rome, a Te Deum was sung in celebration of his victory over the Irish adherents of King James and King Louis.

France's Catholic King Louis XIV supplied James with troops and in 1689 he landed back in Ireland in the hope of regaining the English crown. A predominantly Catholic Ireland was happy to back him.

William marched south from his landing point in the North of the country to take on James' stronghold near Dublin. The ensuing battle at the River Boyne was the final time two crowned kings of England, Scotland and Ireland met in battle.

James's defeat put an end to Catholic hopes of recovering property that had been confiscated from Irish landowners over the years since Oliver Cromwell's involvement in Ireland. For Protestants in Ulster it ensured the survival of the Protestant, English-speaking areas. The victory is still celebrated every July 12th in Northern Ireland by the Orange Order, named after William of Orange.

The Orange Order is an international Protestant fraternal society, with particularly strong representation in Northern Ireland, Scotland and Newfoundland. The Loyal Orange Institution is a conservative unionist group, seeking to keep Northern Ireland (and Scotland) within the United Kingdom.

## **18 HOURS OF UNRELEASED CONTENT WERE KIDNAPPED FROM RADIOHEADS MUSICAL ARCHIVE**

The hacker that stole the music of legendary English rock group Radiohead demanded a ransom of \$150,000 for the unreleased music's return – but rather than give in to the demands of a thief, the band published the material to their Bandcamp page for 18 days at a cost of £18 (€20) in aid of Extinction Rebellion, an environmental organisation that now operates in 59 countries with 348 groups across 248 cities and towns.

"The climate and ecological emergency demands courage, truth-telling and generosity like never before," wrote the organisation. Words are inadequate, but actions do change the world. From the bottom of our hearts and on behalf of the Extinction Rebellion movement we thank Radiohead for supporting us so that we can continue to build our already far reaching and powerful movement of non violent civil disobedience,"

## **THE 5th OLDEST TREE IN THE WORLD**

In a stand of bald cypress trees in a North Carolina nature preserve called Three Sisters Swamp, along the banks of the Black River scientists began to radiocarbon the ages of the cypress trees while examining a sample of one great bald cypress, and applying the techniques of a discipline called dendrochronology (the study of tree rings), researchers were able to date the tree back to 2,624 years ago, making it the fifth oldest tree in the world and the oldest in the Eastern United States.

The value of the ancient trees speaks for itself, but they also act as a valuable resource in studying climate change. Their rings provide a detailed weather report going back thousands of years and can be used to help reconstruct a timeline of drought, flooding, and other climactic events.

## **THIS WOMANS PLAN TOTALLY BACKFIRED**

When an unidentified woman was frustrated to see a man sleeping in a McDonald's booth, she took a photo of him and published it to a private Facebook group to express her criticism. After the man was given a chance to explain himself to the community, however, dozens of people rallied to help him get back on his feet. 21-year-old Simon Child was homeless and struggling to support his son since the recent death of his mother. When the woman photographed him napping in the McDonald's booth, he had been catching up on his sleep in between his shifts at the restaurant in Fayetteville, Georgia.

When the young man went into work the following day, he was shocked to find that dozens of people had brought him heaps of nappies, clothing, toiletries, and supplies. The owners of a community eatery offered to lend him a car for job interviews for higher paid jobs and a barber gave him a free haircut so he could look spiffy for his new employment opportunities. Other members of the community are paying for Mr. Child and his son to stay in a hotel until they find permanent housing.

## A Word of Victory

Welcome dear reader we have spoken in the past about leadership – let's look at it from another angle. Godly leadership affects the atmosphere and environment, in families, businesses, workplaces, the church and government - 'it comes from the top down'. The influence a God-fearing man or woman has on the place and the people that they have been placed in authority over is enormous. It is God who places people in positions of authority and in government, and He commands us as believers in Jesus His Son, to respect and honour those in authority over us (Romans 13:1-7). It's called submission, and it is a dirty word to many people – perhaps due to a bad past experience. Others don't like to submit because they have a spirit of rebellion working with them. Jesus is God's example of submission. He was totally submissive to the Father. He only spoke what Father God told Him, and only did what the Father showed Him to do (John 5:30). Submission did not begin on earth, it comes from Heaven. When Jesus was about to go to the Cross He demonstrated one last lesson to His disciples. They were arguing over which of them was the greatest, while He taught them instead about servant-hood by washing their feet. Many people are quick to condemn their spouses, their parents, their bosses, or their civil authorities and leaders by focussing on their mistakes and faults. But God operates differently! He tells us to pray for those in authority over us, to bless them, to intercede for them and to respect them (2nd Timothy 2:1-4). This may be difficult for you friend, but it is a key for breakthrough for you, and for the future of our nation. How do you feel that our government is performing - badly? Well, what can we expect, when people are constantly cursing them and pointing out their flaws? Is there anyone blessing them or interceding for them? Are people praying for God to give them wisdom and guidance, or merely gossiping and sniping about them? The government does not control the country – the church does. A lukewarm, passive and critical church that behaves no differently to the world is not walking in discipleship to Jesus Christ, but is allowing the devil to dictate the future. We are to remain humble, and proactively 'be doers of the Word and not hearers only' (1st Peter 5:5; James 1:22-25; Psalm 33:12-22). Start praying for our leaders and watch our nation blossom!

## Happiness in the workplace

For many of us a great deal of our day is spent in the work place – or thinking about work, therefore it makes sense that we would aim to make our working lives a happy and pleasant experience. However, when faced with various frustrating challenges at work our stress levels can increase and lead to anything from burnout to boredom to distraction. Whilst some levels of stress at work are normal, excessive stress can interfere with productivity as well as our physical and emotional wellbeing.

In her book *Real Happiness at Work*, Sharon Salzberg discusses eight pillars of happiness in the workplace. These include balance; concentration; compassion; resilience; communication and connection; integrity; meaning; and open awareness. Throughout the book she presents formal meditations along with mini meditations and practices for the reader to try out. These exercises are simple, small and practical ways in which we can achieve greater calm and satisfaction.

The following includes some of the advice she gives us to have a more peaceful and happier day at work.

1. Before starting a project, meeting or even a conversation, ask yourself: "What do I most want to see happen from this?"
2. Before starting your day, set an intention. She gives the following example: "May I treat everyone today with respect, remembering each person wants to be happy as much as I do."
3. Try to perform a simple act of kindness every day. The following are such examples: "holding a door, saying thank you in a sincere manner, or listening to someone with a clear and focused mind."
4. Pay attention to your feelings. For example, if you're feeling irritated toward a co-worker, pay attention to your irritation, "not so much the story of why you're irritated, but the actual feeling of it." What does it feel like in your body? Where do you feel it? Identifying irritation as it starts helps you prevent an action you might later regret. "With a more immediate recognition of what we're feeling, we have a choice as to how we want to respond in that moment."
5. Think about the people who make your job possible, such as a housekeeper, caretaker or fundraiser – and thank them.

These are just some simple measure we can take to generate more happiness in the workplace. Over the next few weeks we will take a closer look at Stress, Workplace Stress and how we can manage it in our lives.
