KILLARNEY LOOKING GREAT AS JUDGES DO THE ROUNDS

The Tidy Towns Committee have been hard at work on the streets of Killarney to make sure the town is looking it's best. Judges for the prestigious Tidy Towns competition are currently doing the rounds. Killarney Tidy Towns Committee, put in a great effort annually to secure our place as Ireland's Tidiest Town. They are a team of volunteers dedicated to maintaining a clean and safe environment in Killarney, and enhancing the beauty of our world-famous town. In 2011, Killarney was named Ireland's Tidiest Town as well as achieving first place on the Irish Businesses Against Litter survey. Due to the committee's hard work, Killarney has constantly maintained a high result in these competitions. Killarney has regularly won

gold medals, regional awards and awards for best kept large town, and in 2011 won the overall award for the very first time. In 2012 they managed to retain the town's high score. The Towns Committee is committed to stepping up their efforts, and has seen a great surge in volunteers who are fundamental to the constant upkeep of our beautiful town. The Tidy Towns Committee are calling on all businesses to look after their shop fronts and to all householders, to pay particular attention to weeding. All Volunteers are welcome to come to the aid of the Tidy Towns Support Group. You can contact them on Facebook or the website www.killarneytidytowns.com

MOMENTOUS DAY FOR MENTAL HEALTH SERVICES IN KILLARNEY

DEER LODGE KILLARNEY OPENS 11-7-2017: STAFF MEMBERS FROM LEFT TO RIGHT, JULIETTE BROSNAN, DECLAN CRONIN, MICHAEL O'LEARY, DAVID O'RIORDAN, MARY LYONS, ADRIAN MORRISSEY, ANNE O'CONNOR, AIDAN MURPHY, CATHY O'SULLIVAN, MARY O'MAHONY, DR. DARRA PHELAN, LOUISE FITZGERALD, GERARDINE LYNE, ANN MCCARTHY, ANNE MARIA CULLOTY, NOREEN O'SULLIVAN, CHRISTINE CARROLL, SHEILA MCCASRTHY AND ERIC CROWE PICTURED READY TO WELCOME RESIDENTS TO THE €13 MILLION DEER LODGE MENTAL HEALTH FACILITY ON ST. MARGARET'S ROAD, KILLARNEY ON TUESDAY. PHOTO: DON MACMONAGLE

It was a momentous day for mental health services in Killarney on Tuesday last when the €13 million Deer Lodge Mental Health facility opened on St. Margaret's Road, Killarney.

Staff at the O'Connor Unit closed the doors for the final time at 4pm on Friday after the final resident left the building.

Head of Mental Health Services Sinead Glennon said that the move is good news for all of Kerry and should be celebrated by the entire community.

"This is a very significant day for mental health services in Kerry and represents a huge step forward in the care we can provide. All of Kerry can be very proud of this fantastic €13 million facility, and of the very high level of care which will be provided there," she said.

"In particular, this is an important day for the people who have now moved out of the outdated and entirely unsuitable O'Connor Unit. Thanks to the investment in Deer Lodge, we can now offer improved services and therapeutic intervention in rehabilitative and older persons' mental health," Ms Glennon added.

The management of Cork Kerry

Community Healthcare paid tribute to the contribution and commitment of all staff involved in the project, from the design stage to completion. This new facility will transform the lives of the many residents who will use the 40-bed facility in the years ahead.

"Many of the residents and staff at Deer Lodge put a lot of work into the planning process around this opening. I'd like to thank them for their hard work and dedication," Ms Glennon added.

The mental health recovery unit for adults and older people has been built to a very high standard, and will provide a much improved environment for the residents, their families and the staff working with them.

The building is in four "households", all connected through a central module that features a communal area, therapy areas, entrance, foyer, prayer room and other facilities.

Each household has access to an internal landscaped garden area, and each resident has their own bedroom with en-suite facilities.

Care at Deer Lodge will be provided with the aim of ensuring that residents have maximum

involvement in their own recovery process and can move towards more independent living.

A community based recovery team will work with Deer Lodge residents as part of the individual care planning process.

Cork Kerry Community Healthcare acknowledges the commitment and work of all those involved with Deer Lodge, which has resulted in a modern, state of the art facility of which Kerry Mental Health Services is very proud. This facility will provide the footprint on which future service delivery is shaped and enable the delivery of a safe, effective, quality service in a therapeutic environment for both staff and service users.

The opening of Deer Lodge means that there is an overall increase of eight beds in Mental Health Services in Kerry and those eight beds come with a corresponding increase in staff numbers of 28.5. The staffing level and model has been endorsed by the Labour Relations Court and is in place in a similar facility in Clonmel. Additional funding of €1.15 million has been allocated for staffing to ensure the safe transfer of residents.

ON YOUR BIKE.... DUBLIN TO KERRY IN A DAY

The son of a Kerryman who has completed arduous cycle challenges to raise funds for NCBI is set to follow his example by setting himself a tough task of his own.

Niall Crowley, whose parents come from Kenmare, is now set to complete his own cycle, peddling the 296 KM from Dublin to Kerry in one day!

The Aircraft Engineer who lives in Luxembourg says he was so inspired by his Dad's achievements for the sight loss charity that he determined to copy his example and do his own.

"Well Dad did the Gold Coast 1,000 and the California 500 a good few years ago now so he has set the bar. My Grandmother had Retinitis Pigmentosa and that is where the interest in the NCBI and its excellent work comes from".

Niall is optimistic about his chances of

completing his cycle saying he has been practising hard, "Well I should have the legs to do it. I was in the Alps last week doing a bit of practise so it's looking good".

"I know the winds going South West can be hard but I hope to be done and dusted in 14 hours". Cheering him on for the challenge on the 20th July will be his co cyclist Killarney man, Ger O' Donaghue and Niall says that both men are looking forward to a bit of rest and relaxation in the scenic country after their marathon cycle. "We will enjoy the apres cycle that's for sure" laughs Niall! If you see him give him a wave! To support Niall's efforts please go to ; <https://give.everydayhero.com/ie/dublin-to-kerry-1-day-cycle>

PATRICK'S MEMORIAL PLAQUE UNVEILED

Family members and organisers gathered at Rathmore Railway Station on Monday last to unveil a plaque to commemorate the life and times of Captain Patrick O'Connor, a local recruit to the Irish Volunteers and the IRB, who fought in the GPO in 1916 and was later killed on Moore Street.

Patrick left Rathmore station 101 years ago on the train to Dublin to fight for his country. His relatives and friends thought the inscribed plaque would be a fitting tribute. The plaque is cast in bronze and bears the O'Connor coat of arms, the piece was commissioned by Iarnród Éireann and created by craftsman Conor Murphy, who worked with the rail company at Inchicore in Dublin. The plaque was unveiled at a special ceremony at the station on Monday evening. Several members of Capt O'Connor's family, including his nephew, Dan Joe O'Connor and

his Killarney-based grandniece Ann Moynihan, were in attendance. Rathmore native, Mayor of Killarney Municipal District Cllr Niall Kelleher and Mayor of Kerry Cllr John Sheahan officiated and Brian Kelly of Rathmore Community Council was master of ceremonies. Organisers wish to thank all those who helped to ensure the plaque was erected. Many thanks go to the O'Connor family and Ann Moynihan, grand niece of Patrick, PRO of Rathmore Community Council Michael O'Mahony, Shane Ross TD Minister for Transport Tourism and Sport and his office staff who very helpful, Irish Rail, Joy Murray, the Buildings and Facilities Manager Iarnród Éireann, and elected members of Kerry

County Council and Kerry TDs. Earlier this year a monument in Captain O'Connor's memory, carved from stone with a black marble insert, was unveiled close to the church in Rathmore town. It was commissioned by the Glenflesk-Rathmore 1916 Commemoration Group and the cost was covered by proceeds from the staging of a musical drama based on Patrick's life, portrayed by Brian Hickey, which ran for four nights in Rathmore Community Centre last year. The plaque, inscribed in Irish and English, reads: "Patrick left from this railway station to travel to Dublin to play his part in the Easter 1916 Rising. We have loved him in life, let us not forget him in death".

DR. CROKES CLUB MEMBERS ENJOY SATURDAY CLIMB

DR CROKES CLUB MEMBERS ON TOP OF STRICKEEN WITH COUNTY, MUNSTER AND ALL IRELAND CLUB CHAMPIONSHIP CUPS.

Members of Dr. Crokes GAA Club donned their hiking boots on Saturday last for a climb up Strickeen. Eileen Buckley, Health and Wellbeing Officer for club, organised an event last Saturday for all members. A large group of members and friends assembled at 11 o'clock to climb the mountain. There was a great range of age groups and were accompanied by the County, Munster and All Ireland Club Championship Cups. On what was a beautiful day, the views on all sides of Strickeen were spectacular and there were a few breaks to appreciate these views. The group summited after an hour's climbing and took a short rest to take in some nourishment.

"The descent was a bit faster and most hung around for some refreshments and a chat in Kate Kearney's afterwards. Everyone enjoyed the event and eagerly waiting for the next Health and Wellbeing event", a spokesman for the club told the Killarney Outlook.

EDUARD TAKES THE HELM AT KILLARNEY ROTARY CLUB

There was a changing of the guard at Killarney Rotary Club last Wednesday as outgoing president Angela O'Connor presented the chain of office to her successor, Eduard Schmidt-Zorner.

The handover took place at Gaby's Restaurant on High Street where Angela was applauded for a highly successful year at the helm of the club. The year's calendar of events includes the hugely popular Evening of Wine & Art, the Rotary Youth Leadership programme, the annual Afternoon Tea at The Malton fundraiser and the Young Musician of the Year competition and concert.

Incoming president Eduard Schmidt-Zorner paid tribute to his predecessor as he looked forward to the next 12 months.

Originally from Dortmund in Germany and based in Milltown for the past 25 years, Eduard describes himself as "an adopted Kerry man". "My main objective for the club this year is to have fun and to seek out opportunities for service – to increase recognition of our club both in the Rotary community, national and international and in our community at large, to identify new charities, to keep close contact with responsible people in Killarney, with the cultural scene and to visit our neighbouring clubs," said the new president.

Eduard, who is an artist and writer, joined Killarney Rotary after retiring from Liebherr Container Cranes Ltd, Killarney. "My way into Rotary would not have materialised without the support and advice from Killarney Rotarian

Eduard added: "When I look back into the history of our club, I am the first president of foreign origin, though I am an Irish citizen now and proud of it, and I am the oldest to go into the chair," he said.

CLASSIC CAR SHOW TO SET PULSES RACING

Killarney Valley Classic and Vintage Club are hosting a Classic and Vintage Car Show at the Killarney Racecourse on Sunday 23rd July. The Club are inviting all car enthusiasts to bring their classic or vintage car to the Show, with a particular emphasis on Ford Cars to celebrate 100 years of Ford. The Club are also inviting the public to come along and see the numerous vintage and classic cars which will be on display in one of the most beautiful venues in the county, Killarney Racecourse. There will be car displays, a kids play area and delicious food stalls, making it a great day out for all the family. The Club was borne out of helping

others. When the Nobber Vintage Club from Co. Meath decided to hold their Tractor Run around the Ring of Kerry, they needed help with the storage and loading/unloading of these Vintage machines once they arrived in Kerry. This is where Fossa locals Mick Myers and the Wharton family stepped in and facilitated them in any way possible to ensure the charity drive was a success and has been able to raise over €60,000 for cancer charities over the past few years. Following the successful 3rd year of this Charity Drive, involving over 65 vehicles and more than 200 people, the locals who had been invited to participate decided to set up

their own vintage club – Killarney Valley Classic & Vintage Club. The Killarney Valley Vintage Club is open for membership, you can contact them online for more information. Over the years the club has grown and become an integral part of the local community. The club organises a number of interesting runs over the course of the year and also supports several other local clubs and charities by supporting their events. The Killarney Valley Classic and Vintage Car Show admission fee is €5 for adults, cars in for 10am and the show gets underway from 11:00am. For more information, contact James on 087-2579794 or Gearoid 087-3526399.

KERRY'S SOCIAL FARMING EVALUATION REPORT LAUNCHED

Social Farming Works – this is one of the key findings of an Evaluation Report on Social Farming in Kerry, launched by Minister Michael Creed last week.

A huge crowd turned out for the launch of the report on what was a fantastic day at George Kelly's 'Hazelfort' Farm, at Ballymallis in Beaufort, Co. Kerry, where visitors got the chance to go on a tour of the farm to meet with participants, host farmers families, and a multitude of stakeholders involved in the social farming initiative.

The report, which was prepared by Dr Brendan O'Keeffe (Mary Immaculate College), Dr Caroline Crowley (Crowley Research) and Dr Shane O'Sullivan (Limerick Institute of Technology), was commissioned by the Kerry Social Farming (KSF) Working Group in 2016, under the umbrella of lead partner South Kerry Development Partnership CLG (SKDP). The commissioning of this Project Review formed part of a Social Farming Model Project developed by KSF/SKDP and is being funded by the Department of Agriculture, Food and the Marine (DAFM), via the Commission for Economic Development of Rural Areas (CEDRA). The authors undertook a detailed independent review of the Social Farming initiative in Kerry to access its impact as well as to examine ways in which the project can be developed and enhanced.

There are currently over 20 participants and twelve host farms engaged with the KSF Project, which is administered by SKDP. The current project has also seen the appointment of a full time co-ordinator, Irene Kavanagh, to oversee the project, and the numbers of farmers and participants are expected to increase in the coming months. Each of the participants visit their host farm at least once a week, where they undertake a variety of tasks with the host farmer around the farm, from feeding the animals to minor repairs to undertaking a variety of engaging farm activities and projects.

Outlining the findings of the report, Dr Brendan O'Keeffe stated that the Social Farming initiative, which first began in South Kerry in 2013, has yielded multiple dividends for all involved. "The model adopted in Kerry works particularly well because it has been tailored and adapted for local conditions" Dr O'Keeffe noted, adding that the openness of host families, the bottom up approach adopted by SKDP, the funding now being provided by the DAFM and the person centred approach are among the key factors leading to its success.

In welcoming the report, SKDP Chairperson Gloria O'Driscoll also highlighted the input of the other agencies involved in KSF such as St. John of God Kerry Services, Kerry Parents and Friends Association, North East West Kerry Development, Enable Ireland, Down Syndrome Kerry, Cunamh Iveragh, Local Link Kerry, the HSE and Kerry County Council.

MEP Seán Kelly praised the host farmers involved in the project and pointed to the element of volunteerism as being vital to the project.

In his address, Minister Creed said it was a humbling experience to meet with the participants in the KSF initiative, and he was very pleased to see that it works. "Inclusion

isn't just a word, its actions" Minister Creed said and he praised the fantastic collaboration that existed between all the groups involved in social farming in Kerry. He said the report findings and recommendations will be of benefit to all, highlighting how the initiative can be improved and developed, and to inform what broad lessons can be transferred to other areas of the country. Minister Creed said he was delighted to be in South Kerry to launch the report and the words he heard from all the participants, and

those involved with the social farming initiative in the county, will echo with him.

Social farming is where family farms offer social, health or training supports to a small number of people with particular needs in a supervised programme of farming-related activities. In Kerry Social Farming, people with intellectual disabilities or acquired brain injuries attend farms of all sizes involved in market gardening, dairying, sheep and beef production.

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

WHAT YOU NEED TO CONSIDER BEFORE INVESTING YOUR MONEY:

We often here the words "don't put all your eggs in one basket" this applies to investing your money as well. Generally speaking a large percentage of your savings should be in capital guaranteed products. It is important not to put all of your money in one type of product or investment, if you spread your money into various types of products or investments you should be reducing your overall level of risk. Financial advisers have access to different financial providers who offer a wide variety of different investment products and these products should be explained in detail to you in plain simple English before you make up your mind as to what investments suit you best. It is also very important that risk is discussed with you in detail so that you understand what risks may or may not be attached to the products you are considering. Finally you need to know what are the costs and charges for these products and these need to be compared with different providers.

For more information or to make an appointment to discuss the above contact Dermot Cronin QFA, APA, at 064 6622775 or dermotcroninifa@gmail.com

KILLARNEY HOUSE MINI-SUMMER SCHOOL SESSION DRAWS CAPACITY AUDIENCE

A capacity audience gathered at Killarney House on Sunday morning last to hear presentations from five speakers on aspects of the life and connections of the McShain family during their occupation of the house from the 1950s to the 1990s, as well as insights into the work of John McShain and others on The White House in Washington DC.

The event was organised by the James Hoban Societies of the US and Ireland, which researches and promotes the life and times of Kilkenny-born James Hoban, the original architect and builder of the presidential mansion, in conjunction with the National Parks and Wildlife Service of the Department of Arts, Heritage and the Gaeltacht.

Programme Director Denis Bergin introduced the session which included contributions from local historian Conor Doolan who

reported on his research among the many former employees and friends of the McShain family, to give a snapshot of their lives as residents and benefactors of Killarney.

Other contributors included New York author Robert Klara, who has written a book on John McShain's massive reconstruction of the White House in the years 1948-52, reported on his extensive interviews with Sr. Pauline McShain, including her memories of driving with President Franklin Roosevelt in his specially adapted car during a family visit to his New York estate.

Historian Vincent Carmody told of the career of his Listowel-born relative Kathy Buckley, who served three US Presidents as a cook in the White House and Architect Brian O'Connell also addressed the full house.

Killarney House Manager Pat

"I'LL BE BACK FOR PUCK!"

Killorglin Prepares to Welcome Back the Herd as Puck Fair 2017 is Officially Launched!

A festival almost as synonymous with Ireland and its culture as St Patrick's Day, the annual Puck Fair celebrations provide a unique draw not only to those visiting our shores from far off climes, but also to Irish natives living abroad, who use the annual event as a fun and exciting opportunity to return home. This year is no different, with thousands of Irish emigrants planning a visit to the green, green grass of home this summer to coincide with the 3-day festival, which takes place from the 10th to the 12th of August.

The 2017 festivities kicked off on Friday last with a launch event at The Forge in Killorglin, with guests keen to get a taster of the exciting line-up in store for this year's festivities. One of the VIP guests on the evening was this year's Queen of Puck Fair, Caitlin Horgan of Scoil Mhuire in Killorglin. Caitlin was joined on the night by her Lady-in-Waiting, Lily-Sue Eysers, a pupil of Douglas National School

on the outskirts of Killorglin and John Bowe of Diageo, one of the festival's key sponsors.

Monika Dukarska, 2009 and 2016 World Coastal Rowing Champion, this year's festival ambassador, a Polish native who moved to Co. Kerry at the age of 16, was competing in Switzerland during the launch proceedings, but was nonetheless present on the night with the help of a special video message. Long-running Chairman of Puck Fair Declan Mangan, having worked as Chairman of the voluntary committee for 30 years, expressed his delight at being involved in such a fun event.

"I get such a thrill out of seeing visitors flock to the town each August to witness the crowning of King Puck and to see what our beautiful town has to offer", he told the Killarney Outlook.

Commenting on what visitors can expect, Mr. Mangan added; "Highlights of this year's Puck Fair festival include musical entertainment on the town square stage to be provided by Brass & Co (Thursday 10th August), The Elvis Spectacular Show (Friday 11th August) and The Ultimate Garth Brooks Experience (Saturday 12th

SUN SHINES DOWN ON DYLAN'S TOURNAMENT

The Dylan Crowley U11 Invitational Tournament took place in Gneeveguilla on Saturday 8th July. Dylan passed away on the 18th of August 2013 after braving a long illness with cancer. The tournament is now an annual celebration of Dylan's life, his fourth anniversary and his 14th birthday which takes place on the 24th of July.

The tournament has grown over the last few years in the number of teams which is now at 12 including Gneeveguilla, Rathmore, Scartaglen, Furies, Kilcummin, Currow, Dromtariffe, Killarney Legion, Kilgarvan, Glenflesk, Spa and Moyvane. The Division 1 Final was won by Kilcummin with Glenflesk as runners up. The Division 2 final saw Spa overcome Furies and the Division 3 Final saw Scartaglen taking the honours against Currow. A special thanks to all the teams, their mentors and the players who were a credit to their families and clubs.

Dylan's family would like to thank Gneeveguilla GAA Club and the ladies who did trogan work on the day making and serving refreshments for the large crowd in attendance, the biggest in the last four years. Thanks to Father Kevin McNamara who opened the tournament with a special blessing and spoke

so well of Dylan. Thanks to Michael Doyle who played the bagpipes and led the teams around the pitch. This added tremendous atmosphere and was the highlight of the day for the players. Thanks to Tara O'Leary who sang Amhran Na Bhfiann so beautifully before the finals. Thanks also to the East Kerry Coiste Na Nog Board and PRO Áine Ní Shuilleabháin who supported the tournament. Thanks to the referees and umpires who officiated on the day in some very tight games.

A new addition to the tournament this year was the Facebook live where the day was streamlined on Gneeveguilla GAA Facebook page.

This added hugely to the day with people from abroad tuning into Gneeveguilla on Saturday. Special thanks to Sean O'Keeffe and Stephen O'Sullivan who put a lot of work into this.

"The sun shone brightly on the day as we remembered Dylan, his love of football and how special he was. Dylan himself was a perfectionist and thankfully everything went as he would have wanted. Thanks to everyone who contributed in anyway to make it such a successful and enjoyable day", Dylan's uncle Sean O'Sullivan told the Killarney Outlook.

KERRY JOINS CORK IN TOURISM AND TRADE PROMOTION IN THE USA

On his first trip since becoming Mayor of Kerry, Cllr John Sheahan joined The Minister for State for Tourism and Sport, Brendan Griffin TD, and a 20-strong delegation from Cork and Kerry to Providence, Rhode Island in the United States over the weekend to promote the new Norwegian airways Cork-Providence trans-Atlantic service which commenced earlier this month.

The group also included the Council's tourism officer, John Griffin, who was hosted by GoProvidence, Rhode Island Airport Corporation and the State of Rhode Island and they attended a series of engagements with tourism and business leaders. The two-day visit, organised by Cork Airport, was aimed at boosting trans-Atlantic tourism and trade.

Minister Griffin said that Providence, which is located mid way between New York and Boston, was an important new gateway from the USA to the South-West of Ireland. The three times weekly service is expected to bring an additional 20,000 US visitors to Cork and Kerry this year. It is first direct trans-Atlantic service to Cork Airport in its 56 year history.

Speaking at a reception for business leaders in the Renaissance Hotel, Cllr John Sheahan said that Kerry was the home of tourism and

MINISTER BRENDAN GRIFFIN, T.D., MINISTER FOR STATE, DEPARTMENT OF TRANSPORT, TOURISM & SPORT, CLLR. JOHN SHEAHAN, MAYOR OF KERRY, MS. GINA RAIMONDO, GOVERNOR OF RHODE ISLAND, AND STEFAN PRYOR, RHODE ISLAND SECRETARY OF COMMERCE.

attracted over a half a million US visitors each year. He assured his listeners that they would be most welcome in the Kingdom.

The Irish group were very well received by their Rhode Island hosts including at high level meetings in Providence, Newport and in the State House with Governor Gina Raimondo and

Secretary of Commerce, Stefan Pryor. Minister Griffin presented Governor Raimondo with a book on the history of the GAA while Mayor Sheehan and the Governor exchanged books on Kerry and Rhode Island. A return trip by Rhode Island tourism and business leaders to Cork and Kerry is expected in September.

COUNCIL MATTERS

At the recent Killarney Municipal Area Meeting, Councillor Michael Gleeson proposed the following Motions:

•"That Kerry County Council would examine the safety aspects of the existing pedestrian crossing on Mill Road, Killarney as the present situation is not satisfactory for pedestrians or motorists". Kerry County Council replied that

it would examine the safety aspects of the crossing in the near future.

Councillor Gleeson said that the road lining has been renewed at this location in recent days and this should be of some help to all road users. Councillor Gleeson also asked:

•"That a water tap would be provided at Muckcross Abbey as many people wish to clean

headstones and to water flowers on graves. He stated that access to the Abbey is only on foot and, therefore, bringing water is not very feasible for people".

The Motion was unanimously agreed and will be forwarded to the NPWS for their attention."

THE SPA AT AGHADOE RETAINS “MUNSTER SPA OF THE YEAR” TITLE

Staff at The Spa at Aghadoe were celebrating this week as Irish Tatler announced the winners of the coveted Irish Tatler Spa Awards at a gala awards luncheon at The Thomas Prior Hall, Ballsbridge.

The winner of the 2017 Munster Spa of the Year once again went to The Spa at Aghadoe. The guest's relaxation begins from the moment they walk through the doors of the spa. They are immediately immersed in a tranquil quietness and the gentle aroma of essential oils. The immaculately maintained spa dazzles with a modern yet luxurious appearance. The spa has exquisite Thermal Suite facilities which encourage guests to prepare body, mind and

soul for their chosen treatment. The judges awarded top marks to the therapists who they felt not only offered service with a smile but also that this was 100 percent genuine. Added to this, the highly experienced therapists are supremely knowledgeable about the treatments on offer and the products to be used.

Now in their ninth year, the Irish Tatler Spa Awards commends the best spas in the country with awards being presented in twelve categories, including Best Treatment, Best Facial, Innovation, Best Spa Style, Best Spa Therapist, Best Service and the Decléor People's Choice Award as voted for by the public.

KERRY YOUTH GROUPS BRING AWARDS HOME

PICTURED AT THE IRISH CANCER SOCIETY'S X-HALE YOUTH AWARDS 2017 WERE KIAN FALVEY, DANIELLE FORAN, CIAN NAYLOR, CATHAL JOY, OISÍN O CEARRAIGH AND CAROLINE MADDEN FROM THE NEIGHBOURHOOD YOUTH PROJECT KILLORGLIN.

Club Óg Ógras Baile Uí Thuaidh from Kerry has been awarded the prize for best Community Campaign at the Irish Cancer Society X-HALE Youth Awards 2017. The group scooped the award for the campaign around its short film “Ná Bac le Tobac” which was showcased at the recent event in the Odeon Cinema in the Point Village in Dublin.

Fellow Kerry group the Neighbourhood Youth Project from Killorglin also entered a short film to the competition and attended the awards

ceremony in Dublin.

Over 300 young people from 40 youth and community groups came together to showcase their anti-tobacco films and projects which they have created to contribute towards establishing Ireland's first smoke-free generation.

While the rate of smoking has seen declines in recent years, 8% (or approximately 40,260) of children and young people between the ages of 10 and 17 are using tobacco. The Irish Cancer Society has said it is vital that this generation of young people give the biggest blow to

cancer possible – by not starting to smoke or by getting support to quit.

Kevin O'Hagan, Cancer Prevention Manager at the Irish Cancer Society said: “I would like to congratulate Club Óg Ógras Baile Uí Thuaidh on winning their prize and for making a positive impact on their health and that of their peers. They have been recognised at this awards ceremony for exceptional effort in their project. “We need to look at what Club Óg Ógras Baile Uí Thuaidh, the Neighbourhood Youth Project and the rest of the #TheXGeneration are saying. They can be Ireland's first smoke-free generation and they are telling us in their own way about the dangers of smoking and they are confident enough to share this message with their peers. They are educated on the issue of smoking and are refusing to let their health be affected by tobacco.”

X-HALE is an initiative of the Irish Cancer Society which aims to empower young people to work towards reducing smoking among their generation, by raising awareness about the dangers of smoking and encouraging their peers to be smoke free. Since its inception in 2011, X-HALE has awarded over €140,000 to youth groups and organisations through X-HALE to create smoking related community awareness film projects since the initiative started over seven years ago.

Spa got off to a great start aided by a strong wind to lead by 1-3 to 0-0 after 10 minutes. The goal coming from Eoghan Mulvaney. Spa continued to build on their lead and led by 1-9 to 2 points at half time. Gneeveguilla scored 1-3 before spa registered their first score in the second half, another goal from the impressive Eoghan Mulvaney. Another goal made it Spa 3-9 to 1-5 but The opposition hit back to make it 3-9 to 2-6. Spa secured the win when Eoghan Mulvaney scored his third goal of the night. Great defending from Sean and Bailly O'Sullivan and man of the match Eoghan Mulvaney up front ensured Spa remained unbeaten in their group.

MEETING NIAL KELLEHER THE NEW "MAYOR" OF THE DISTRICT

Fianna Fail councillor Niall Kelleher became the new Cathaoirleach of Killarney Municipal District at last Friday's Annual General Meeting and afterwards sat down with Donal Barry to talk about his plans for the year ahead.

CLLR NIAL KELLEHER,
THE NEW CATHAOIRLEACH OF KILLARNEY MUNICIPAL DISTRICT

It certainly is going to be a busy year ahead for Rathmore councillor Niall Kelleher who not alone has a wedding to look forward to but also a house to build and now he has another major role to play for the following year, following his election as Cathaoirleach of Killarney Municipal. It is a title that is official but like all his previous Cathaoirleach's he will be keep the title Mayor, as it was used when Killarney Town Council was in existence.

"Being elected Mayor of the Killarney Municipal District is a great privilege and honour. I am immensely proud to be taking on this new role and I can say that it is very humbling." Kelleher is just three years into his first term as an elected representative but feels now was the time to step up. "I believe I now have the knowledge to be able to approach the role from a different perspective. It is a role that is representative of the entire municipal district and it's important because the town of Killarney and the hinterland, stretching to our other towns of Castleisland, my own native Rathmore and the wider communities, co-exist and are very much interlinked in our daily lives, whether through sport, through music, through work or through socialising." Indeed Kelleher is very conscious of the role at a district level and the demands that it will impose.

"I look forward to working with groups such as the Chamber of Tourism and Commerce in Killarney, the Chamber in Castleisland, Rathmore Community Council and with the many community, voluntary and sporting organisations in the towns and villages of the Killarney Municipal District."

Kelleher prioritises many issues for Killarney, "Parking and traffic management in Killarney is a major issue and we need to develop extra parking spaces. The Upper Lewis Road junction

leading on the bypass road, along with a number of other junctions such as Madam's Hill, Coolcaslagh and Pike Hill all need to be made safer and I look forward to working with my colleagues to bring that about."

He also wants to see buildings like Aras Phádraig and the Pretty Polly sites developed and life brought back into them and creating employment.

"My own town of Rathmore needs major development to one make it brighter, both during the day in its appearance and at night and we need a vastly upgraded public lighting system there to entice business back onto our Main Street and to reopen some of the units closed during the recession."

He cites a rates incentive scheme for non-competing new businesses for Castleisland and to proactively deal with the long-term parking difficulties on the Main Street as well as the lack of a proper infrastructure to allow safe turning around at the top of the town.

Another idea that Kelleher has run with since his election to the council is bring the council meetings and their matters to the public through the use of technology but having got knocked back on this, he now wants to bring it to into the local areas.

"I have been in favour of broadcasting our meetings on the Internet and as we haven't been able to deliver this, for a variety of reasons, I'm hoping to bring our meetings into the heart of communities we represent. Instead of meeting in the same place all the time, I believe we should also go out into the community and meet the people, by hosting at least one meeting in our three towns and also for example at our airport where we can sit down with the stakeholders to see how we can help to promote this vitally important asset in our municipal district."

Coming from a business background, Kelleher finds it hard sometimes to deal with the over-the-top bureaucracy, which an organisation such as this can sometimes experience. "I accept that we have to work within boundaries,

however, but I just hope we can work smarter and faster to get the job done which has to be

CLLR NIAL KELLEHER PICTURED WITH THE 2017 LILY OF KILLARNEY
MARY T. MOYNIHAN

to everyone's aspiration."

Kelleher who replaced Cllr Brendan Cronin having defeated Cllr Donal O'Grady 6-2 will have fellow Fianna Fail party member Cllr John Joe Culloty as Leas-Cathaoirleach.

Kelleher has previously served as Culloty's Leas-Cathaoirleach and while he will call in this support from time to time, he is quick to point out that his best support will come from his family

Without their support and patience, serving in elected office would not be possible. I truly appreciate the support they (Family) have given me, not just today but over the years."

MEMBERS OF DR CROKES FOOTBALL TEAM WERE HONOURED BY THE KILLARNEY MUNICIPAL DISTRICT WITH A CIVIC RECEPTION IN THE KILLARNEY LIBRARY ON THURSDAY NIGHT. PHOTO SHOWS, CLLR NIAL KELLEHER SPEAKING AT THE EVENT.

A SIMPLY FABULOUS THOUGHT FOR THE WEEK!

Have you ever noticed that when you want to make any changes with yourself - the person we visualize becoming or "see" in our imagination is always "out there" somehow. It's as if that person feels apart from us! And yet, the woman (or man) you want to be is **ALREADY HERE!** It's the person you see looking back at you in the mirror everyday. They are within you right now!

When most of us look in the mirror or look at our lives we are looking at ourselves with the same old thoughts, conditioning, beliefs and feelings that we've always had. Consequently we continue to see the same old reflection. To make any changes in your life you have to **CHOOSE** to see yourself and your life in a **NEW WAY!** You have to make decisions based on how this new you feels, what you want, what you prefer to think and what you tell yourself about yourself! Ask yourself how would the you that you desire to be live their life? How would they dress, eat, move and think? What would they talk and dream about? Begin to live your life from the "best" you!

THIS IS SO POWERFUL because it means that all you have to do is peel away the layers of anything that is "NOT YOU" to uncover the "YOU" that is simply waiting patiently to emerge!

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

I'M TOO TIRED TO EXERCISE!

- Download a helpful App.eg with step counters, workout tools, inspirational quotes etc.
- Bring your workout gear to work and go straight after work And don't go home until the exercise is done
- Get it done before work by setting the alarm a little earlier
- Don't eat a big meal. Trying to get motivated to get out exercising after loading down a heavy meal isn't going to happen so exercise before you eat.
- Buy done new workout gear to get you inspired
- Set yourself a goal (e.g. Walk to Muckross and back in a goal time, and keep shaving a minute or 2 off each day)

If doing it for weight loss: Compliment your new exercise routine with a weekly weight check or inch check and track your progress to help keep you motivated Keep a journal and track your every levels day by day and week by week

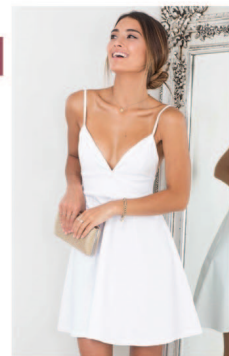

These are just a few tips of many to help get you on track and moving. Remember the first step is to get moving and building in a good Habbit of exercising regularly. Start with something simple like waking and the braver and more adventurous you get you can start doing stuff like exercise classes, running, cardiac steps, cycling etc.... on etc Habbit is set up filling it with stuff you love doing is easily done and is the exciting bit.

OUTLOOK FASHION LITTLE WHITE DRESS

When warm temperatures hit in, it's time for the LBD to make way for its airy sister, the little white dress. Whether your pick is a crisp button down, a beachy caftan, or flirty cotton mini, you can wear one for almost any occasion.

HEALTH TIP STAYING HYDRATED

Staying hydrated keeps your memory sharp and your mood stable. It also helps keep your body cool (by sweating) during hot summer months. The good news is that you don't just have to drink water. You can eat it, too: in addition to delivering skin-protecting lycopene, watermelon is 92 percent water

Beauty tip

SPF

On sunny mornings it's tempting to wear makeup with added SPF and call it a day (most of us do). But skincare experts suggest that those products can be unreliable if they're not at least SPF 30, not to mention uneven makeup application.

Know Your Rights: HELP WITH PAYING THE RENT

QUESTION

We are on the local authority's housing list, but for now we need to find private rented accommodation and get help with the rent. Should we apply for Rent Supplement or the new Housing Assistance Payment?

ANSWER

People on the local authority's housing list should no longer apply for Rent Supplement. You can apply for the Housing Assistance Payment (HAP) instead.

HAP is a form of social housing support for people with a long-term housing need. Since 1 March 2017, it has been available nationwide.

The HAP scheme aims to allow all social housing supports to be accessed through one body – the local authority – and to enable people to take up full-time employment and keep their housing support.

Under HAP, you find your own private rented accommodation. The rental agreement will be between yourself and the landlord. This means that you will have certain rights and obligations, as will your landlord.

The rent must be within the HAP rent limits, which are based on your household size and the rental market in your area. Flexibility is provided for people who cannot find suitable accommodation within these rent limits. The Homeless HAP Pilot in Dublin offers further flexibility for homeless people.

You won't pay the rent to the landlord yourself. You will pay a rent contribution to the local authority through the HAP Shared Services Centre, which manages HAP payments on behalf of all local authorities and will pay the rent directly to your landlord. The rent contribution you pay will be based on your income and your ability to pay – like with a local authority differential rent.

If you are getting a social welfare payment at a post office, you must pay your rent contribution through the Household Budget Scheme.

If you take up a job or increase your working hours, you will still be eligible for HAP, provided that you meet the other conditions of the scheme.

GARDENING OUTLOOK

with John O'Sullivan

LOOKING AFTER YOUR HEDGES

Hedges are an attractive and functional part of any garden. A common mistake is to leave the hedge grow too much before pruning or cutting it, especially if you want a formal hedge as this needs attention from the day you plant it.

You can prune new deciduous hedges when they are dormant in the Winter, while newly planted evergreen hedges need to be planted in the Springtime. Established hedges need to be pruned annually to keep them in shape but before you start pruning any evergreen hedge, always check to see if there are birds nesting.

Lastly, remember when you plant a hedge - its up to you how tall or wide you want it go grow - you can keep it to the shape you require by regular pruning and cutting.

TG4 MUNSTER SENIOR FOOTBALL CHAMPIONSHIP

KERRY SEAL NERVOUS PERFORMANCE WITH TRUE GRIT

KERRY 1-14 WATERFORD 3-6

It might not have been pretty but it was certainly exciting as Kerry did their best to keep their supporters on tender hooks before securing their third TG4 Munster Senior Ladies Championship in five years with a late victory over Waterford at the Mallow GAA Grounds on Saturday.

Trailing by a point with just six minutes to, Kerry could have seen their dreams dashed were it not for the intervention of the cross bar. Waterford's Maria Delahunty went for a delicate chip over Kerry keeper Laura Fitzgerald having intercepted a poor Kerry kick out, just to see her shot rebound from the crossbar back into Kerry hands.

It was the wakeup call Kerry finally needed as Laura Rogers and Louise Ni Mhuircheartaigh (2) pointed late to give Kerry their deserved win.

Kerry who kicked 15 wides against Cork were equally as guilty in the opening quarter of an extremely intensive battle and reel off five wides before Sarah Houlihan opened their account on the 16th minute. By that stage Waterford led by two, with Maria Delahunty opening the scoring with a 43M free from the ground. Kerry were soon in control and with points from Ni Mhuircheartaigh (2), Scanlon and Houlihan, again they seemed to be in cruise control at 0-5 to 0-2 with 23 minutes on the clock.

Waterford who went the whole first half without a wide, converted a 24th minute penalty to level up matters before the very impressive Amanda Brosnan fired over Kerry's sixth point to see it cancelled out with another Delahunty placed ball as the side finished the half level.

An early brace by Houlihan and another fine

LOUISE NI MHUIRCHARTAIGH HOLDS ON TO POSSESSION UNDER A STRONG CHALLENGE.

score from Scanlon seem to put Kerry back in control by the 40th minute as they led 0-9 to 1-3. It may well have been different had it not been for a goal line save by wing back Amanda Brosnan who clear Aileen Walls goal bound effort. Brosnan covered every blade of grass during the contest. However, Waterford through Delahunty did punish Kerry when she pounced on a defensive error as the Waterford sharp shooter fired to the net. Laura Fitzgerald would pick the ball out of the net; again, five minutes later as Grainne Kenneally punched to the net, as Kerry were caught from a poor kick out. It gave Waterford the lead for the first time in the second half at 3-5 to 1-10. Ni Mhuircheartaigh would level it once more but Delahunty through another free on the 54th minute had the Waterford hands on the cup.

Before those last five minutes of

madness in which Kerry showed real character to dig out the result to take another provincial crown and a first for new manager Graham Shine.

ST BRENDAN'S 4-17 AET

Extra-time was needed before East Kerry secured their place in the last eight with a dramatic victory over St Brendan's at Austin Stack Park on Saturday evening. According to many seasoned observers this

was one of the best games in the County SFC for years. It was an absolute thriller from first kick to the last whistle.

St Brendan's will wonder how they lost this game as they held an eight-point advantage at two crucial stages in the game.

The first of these was at half-time when they led 4-6 to 0-10 thanks to a brace of goals from Shane O'Connor and one goal each from Ivan Parker and David O'Callaghan.

St Brendan's, with Jack and Andrew Barry prominent, continued to hold sway and maintained their eight-point cushion at the three-quarter stage, 4-12 to 0-16.

However, the introduction of Kerry minor star David Clifford turned the tide for East Kerry. Jack Sherwood goaled with eight minutes of normal time remaining and with normal time up, Fintan Coffey grabbed a second goal to force extra time, 4-13 to 2-19 the score at the end of normal time.

In extra-time, East Kerry were that bit sharper David Clifford marked his introduction with a fine goal and this was enough to send the East Kerry side into the last eight.

Scorers,

East Kerry: Jack Sherwood (1-5), Dara Roche (0-6, 0-3f), Jeff O'Donoghue (0-5, 0-1 '45), Ronan Buckley (0-3), David Clifford (1-0), Fintan Coffey (1-0), Evan Cronin (0-2), Anthony Kennedy (0-1), Brian O'Donoghue (0-1), Kieran Murphy (0-1).

St Brendan's: Shane O'Connor (2-3), Ivan Parker (1-5, 0-1 free), David O'Callaghan (1-4, 0-1 free), Kevin Shanahan (0-2), David Griffin (0-1), Michael Griffin (0-1), Brendan Poff (0-1), George Bastible (0-1).

WEST KERRY 1-18

KILLARNEY LEGION 0-18

A period of extra-time was needed to eventually decide a very close contest between two very evenly-matched teams. Kerry senior panellist Conor Keane was outstanding for Legion throughout but it was level pegging at half-time in normal time, 0-5 apiece.

Legion on the form of James O'Donoghue went into the contest as favourites to progress but a spirited West Kerry side followed up their win over St Kieran's as a Dara O'Se goal proved crucial.

Colm O'Muircheartaigh and Kerry Junior star Tomas O'Se added points for West Kerry upon the restart but Keane was on the mark again as the sides were still deadlocked 0-10 apiece with 40 minutes gone on the watch.

West Kerry struck for their crucial goal when Dara O'Se finished Declan O'Sullivan's pass on the rebound, but Legion, thanks to Jamie

O'Sullivan, moved a point clear as injury-time approached. However, Sean Mici O'Conchuir levelled at the death to leave the scores at full-time Legion 0-16 West Kerry 1-13.

Both sides exchanged a brace of scores at the start of extra-time but West Kerry, with Dara O'Se (0-2) and James Crean notching their winning scores which confirmed their place in the last eight.

Scorers

West Kerry: Dara O'Se 1-5 (0-1 free), Sean Mici O'Conchuir, Tomas O'Se, Padraig O'Se, James Crean (0-1 free) 0-2 each, Colm O'Muircheartaigh, PJ MacLamh, Declan O'Sullivan 0-1 each.

Killarney Legion: Conor Keane 0-8 (0-2 frees); James O'Donoghue (0-3 frees) and Jamie O'Sullivan 0-4 each, Shaun Keane, Conor Culloty 0-1 each.

LEGION GAA NEWS

CO.CHAMPIONSHIP

Killarney Legion 0-18 West Kerry 1-18 (after extra time) After a bright opening which saw them race into a three point lead that was as good as it got for the seniors. When one compares this to the high tempo, creative focussed aggressive display away to Dingle in the Club Championship it's hard to believe it was the same side. Littered with basic errors the amount of ball that was lost in the tackle or badly kicked ran well into double digits. West Kerry played a simple enough game realising that all they really had to do was engage in contact strip the ball and make progress in a direct fashion despite this it was a constant feature of the Legion's play right to the end. They were also aided by a real lack of intensity by the Legion which led to any real cutting edge and eventually West Kerry ground out the win they deserved for perseverance.

What a wonderful day was had in Killorglin Golf Club on Saturday last at our inaugural fundraising Golf Classic -sponsored by Derek Twiss. Thirty four teams took to the course in amazing sunshine. First prize of €600 was won by team James Long, Keel, 2nd prize - a four ball in Waterville went to team Derek Twiss and 3rd prize- a four ball in Beaufort went to Firies GAA team.

Nearest to the Pin was won by Pat Lynch and the longest drive went to Damian Harmon. Congratulations to Nigel Wrenn who won the signed All Ireland (2009) winning Kerry jersey in the raffle. Round 8 of the Credit Union Senior Football League this weekend

The Credit Union Senior Football League takes centre stage once again this weekend with a wide range of fixtures across

all Divisions. The various Rounds have passed alarmingly fast with all fixtures fully up to date at the end of Round 6 which must be some sort of a record in itself.

In Division 1 there is no doubt that it is a case of who will finish behind Dr Crokes and qualify for the League final with the Killarney side who remain unbeaten and four points to the good. Behind them there is a right race for second place with Rathmore, An Ghaeltacht, Glenbeigh-Glencar and Dingle all tied on 10 points with the big game this weekend being the meeting of Glenbeigh-Glencar and An Ghaeltacht. The situation at the bottom is no less interesting with Desmonds still without a point and the Castleisland outfit will surely need to get at least a point from their visit to Strand Road. It is the predicament of Austin Stacks that is getting most attention however as they hover on the brink with just three points ahead of their visit to Milltown in this round. There is one back game in this Division that between Rathmore and Templeogue on July 27th while Rathmore and Milltown-Castlemaine brought forward their Round 9 game to Wednesday of last week a game Rathmore won by 3-17 to 1-9. In Division 2, Legion have dropped just one point as they lead the table by 2 points on 13 from Spa on 11, Glenflesk on 10 and Beaufort on 9. Indeed the closeness of the teams is a feature of Division 2 this year where just three points separates seven teams. The big game this weekend is the meeting of Spa and Glenflesk who are second and third in the table respectively. Towards the bottom, Listry have 2 points with three teams on 4 points namely Waterville, St Pats and Ardfert, though Ardfert and Listry both have back games with the game between Emmets and Listry due to be played on July 20th while the game between Ardfert and Kenmare will need to be refixed due to Hurling fixtures. Two games this weekend have been rescheduled with Kilcummin playing Ardfert on July 19th next and Listry and Beaufort going back to August 3rd by agreement.

There are five games in Division 3 this weekend (Finuge and St Senans have already played their Round 8 game) and the big game is the meeting of Brosna and Dromid Pearse. Dromid top the table on 12 points followed by Na Gaeil and Ballymacelligott on 11 with Brosna and Finuge on 9 points. At the bottom, both St Michaels-Foilmore on 1 point and Fossa on 2 points would want to be getting points on the board but the former have joint second placed

Ballymac as visitors while John Evans takes his Fossa side to visit his native Laune Rangers. There is one outstanding back game involving St Senans and Annascaul that has to be refixed. In Division 4, all games are up to date with Skellig Rangers on top of the table on 12 points followed by Keel and Lispole on 11 and Dr Crokes and Castlegregory on 10. Leaders Skellig Rangers visit mid table Firies while the big game in the top half is the meeting of Keel and Castlegregory. At the bottom, Scartaglen have just 1 point, Beale have 2, Sneem-Derrynane 3, Tarbert 4 and Duagh 5. There are two big games in this half of the Division and both are "four" pointers with Beale entertaining Scartaglen and Tarbert welcoming North Kerry rivals Duagh.

In Division 5 Ballylongford are tops on 16 points followed by Cordal on 14, Cromane and Moyvane on 12, Rathmore are on 11 and Churchill are on 10. The big games this weekend are the meeting of Cromane and Ballylongford and Cordal and Rathmore while Churchill and Kilgarvan will be battling it out to stay in the promotion race.

Acorn Life Under 21 Championship Semi finals

The semi final draw of the Acorn Life Under 21 Football Championship sees Dr Crokes paired against Kenmare Shamrocks and East Kerry playing Mid Kerry. Both games to be played on this Thursday evening at 7:30pm. Both Kenmare and Dr Crokes have played just one game each with Kenmare getting a walkover from Shannon Rangers and Dr Crokes receiving a bye, both in Round 1. The sides had similar quarter final victories with Kenmare edging out Spa by a point and Dr Crokes defeating Kerins O'Rahillys by three. The District side can call on the likes of John Mark Foley, Stephen O'Sullivan, Patrick O'Shea and Killian Spillane while Crokes have former Minor All Ireland winners in David Naughton, Gavin White, Billy Courtney and David Shaw. Following a toss, this game will be played in Kenmare. Meanwhile in Austin Stack Park, East Kerry and Mid Kerry will clash in the other semi final. Both sides have a good record for scoring goals thus far with East Kerry getting four against Feale Rangers and two more in their defeat of South Kerry. Mid Kerry scored six goals in their defeat of An Ghaeltacht and two more in the quarter final win over Dingle. East Kerry can call on Shane Ryan, DJ Murphy, Paudie Clifford and Dean Fitzgerald while Mid Kerry have the likes of John Tyyher, Liam Carey and Caolim Teahan.

The final is fixed for Thursday July 26th 7:30pm.

Keanes Supervalu Killorglin Minor Football Championship

The Keanes Supervalu Killorglin Minor Football Championship got underway in the past week with seven games played as follows:

Dr Crokes 6-13 Feale Rangers 1-8
Firies 2-13 South Kerry 1-8

DR. CROKES CHAIRMAN DENIS COLEMAN WITH THE ANDY MERRIGAN CUP ON STRICKEN AT THE CLUB'S WELL BEING DAY.

St Brendan's 3-16 West Kerry 2-10
St.Kierans 2-11 East Kerry 1-10
Dingle 0-13 Mid Kerry 0-9
Kenmare District 2-14 Austin Stacks 0-18
Laune Rangers 1-17 Kerins O'Rahilly's 1-9

The seven winners progress to Round 3 while the seven losers, together with the Preliminary Round loser, Shannon Rangers, progress to Round 2 (losers round).

Junior Football Leagues

Round 5 of the Junior Football Leagues went ahead last weekend and the situation now is that clubs who agreed to postpone games over the last few weeks should now agree on a re-fixture date as semi final fixtures will be based on the points table at Monday 17th July. The semi finals are down for decision on the weekend of July 21st with the finals fixed for July 28th.

Intercounty Football Roundup

The situation with regard to Kerry's opponents in the All Ireland Quarter finals on Sunday July 30th in Croke Park has become a much clearer. Mayo will play Munster runners-up Cork and Donegal will play Connaught finalists Galway in Round 4 of the qualifiers. Provincial winners, Kerry and Galway will then be drawn against the Round 4 winners with repeat pairings not allowed so effectively at this stage, Kerry will be meeting one of Mayo, Donegal or Galway.

The Kerry Minor footballers will meet the Leinster Runners-up who will be either Dublin or Louth who clash in the Leinster Final on Sunday next. That quarter final meeting will be played on the Bank Holiday weekend August 6th. That weekend also happens to be the scheduled date for the Under 17 Semi final involving Kerry and Roscommon who defeated Galway in the Connaught final. Kerry GAA has been in touch with Croke Park re the double involvement of Kerry Minors and Under 17s on the one weekend and we await a decision from the CCC on that request. Meanwhile, Kerry Junior footballers will play Leitrim on July 22nd at a venue that is likely to be announced in the coming few days. Kilkenny and Meath play in the other semi final with the final fixed for Saturday August 5th.

CYCLING NEWS

NEW NAME ON SUMMER LEAGUE WINNERS LIST

Tralee Manor West iBike hosted the latest round of the Kerry Cycling Clubs Summer League. In a change from previous rounds the format saw the rider's race from Ballycarthy Cross to the summit at Reanagown rather than racing laps of a road circuit.

Sean wins the Senior Race: Sean Riordan from Valley Wheelers was the winner of a hotly contested Senior race and only jumped clear inside the last few meters. The host club's Shane Fleming took second place. He was the only one of the top 6 on the League table to score points on the night and moves up provisional 3rd.

Third on the night was Tralee Manor West iBike's Mark Ryall with his club mate Trevor Farmer in 5th. Splitting these was Kanturk CC's Billy Allen with Darren Burke Killarney CC taking the final points on the night.

Tom's top in the 16's: Kerry riders competing for O'Leary Stone Kanturk had a good night in the u16 race. Tom Moriarty took the win from Sean Barrett and moves ahead of him at the top of the League. Killarney's Tadgh O'Shea third place sees him move into that place in the League just ahead of Tralee Manor West's Eoin Moloney, who was fourth on the night.

Kanturk's Denis Murphy was 5th and maintains his place in the top 5 while Duagh's Tom O'Connor who is also a member of the Kanturk Club was 6th and is now just a point outside the top 6 in the League.

Patrick extends lead in the u14's: Killarney CC's Patrick Galvin got back to winning ways in the u14's and extends his lead at the top of their League table. Kanturk's David Shine, who won the previous round in Currow was second and is now the closest challenger to Patrick in the League. Kingdom CC's Adam Lenihan took third ahead of Kanturk's Luke Moynihan and Killarney CC's Ethan Slattery with Ben Murphy from Sliabh Luachra taking the final League points on offer on the night. All of these riders are battling for a top three spot on the final League table.

Evan's a new winner at 12's: Evan McConville from Kanturk CC was a new winner in the u12's League ahead of Killarney's Shane Galvin. This was Galvin's first defeat but he still extends his lead on the League table.

ST. PAULS APPOINT NEW COACH

As the countdown continues to the return of National League Basketball to Killarney this Autumn, St. Paul's Basketball Club are delighted to announce the appointment of new coach Vojkan Bencic this week. Serbian native Vojkan comes to Killarney with a wealth of basketball experience as a player and coach. He enjoyed a very successful playing career before establishing himself as a top class and well respected coach in several countries including Serbia, Croatia, Tunisia, Bulgaria, Russia, Poland, Slovenia and Hungary.

Vojkan will take up duties as head coach of the St. Paul's senior mens team that will compete in the national league and his presence will also be a huge boost to all the St. Paul's club coaches and underage players.

Returning to national league basketball after a nine year absence, St. Paul's are confident that the appointment of such a high calibre coach will help them progress to become a formidable force in the league. Vojkan is currently working with club officers in recruiting foreign players for the team as well as assembling the local squad of players. Pre-season training will commence in the next few weeks.

Under the direction of club Chairman Padraig Weldon and deputy chairpersons Jim Delaney and Elizabeth Switzer, St. Paul's Basketball Club will continue to cater for its huge juvenile membership that looks after 400 boys and girls at underage level. A new national league committee has been formed and this is led

TODAY IS – SHARK AWARENESS DAY:

Contrary to expectations, the purpose of Shark Awareness Day is not to stand on the beach and shout out warnings to terrified swimmers and surfers, despite the hours of innocent fun that can provide.

It's true that sharks are impressive hunters and predators, yet the sad fact remains that these magnificent creatures are more threatened by people than we are by sharks. The worldwide demand for shark-fin soup, shark-tooth medallions, and a false sense of security on beaches everywhere, all combine to leave sharks persecuted and endangered, with millions of them being killed each year.

Like top predators in any ecosystem, sharks play an essential role in keeping the seas healthy and productive. Whilst no-one is suggesting we go out and hug a Great White on Shark Awareness Day, it's the least we can do to respect these wonderful creatures and let them be.

* Your odds of being attacked by a shark are actually 1 in 11.5 million, according to research by the International Shark Attack File.

* A great white shark can roll its eyes into the back of its head for protection when attacking prey.

* The dwarf lanternshark is the world's smallest shark; it is smaller than a human hand.

* A great white shark named Nicole swam 12,400 miles — across an entire ocean and back — over a 9-month period.

Happy Shark Awareness Day! Please spread the word about these 450 million year old fish that are now becoming endangered!

A HOMELESS MAN WAS THE ONLY ONE WHO ANSWERED WOMAN'S SCREAMS:

A subway platform in Brooklyn does not seem like a prime location to get away with crime. Surely, there would be too many people to intervene right away, but bystander apathy often leads to individuals taking on less responsibility and turning the other way in the midst of a crime when others are present. If many are witnessing the crime and assumed to be taking action, the question often becomes, 'Why should I get involved, too?'

Unfortunately, bystander apathy was present one Wednesday morning on the No. 3 train at the Bergen Street station. Everyone seemed to ignore what was tragically taking place right in front of them. Then, Maurice Osborne heroically intervened. Mr. Osborne was 37 years old at the time and had been living at a shelter in Brooklyn. He was on the subway train when he heard screaming as the doors opened at the Bergen Avenue stop. It was 11:30 a.m. in a public space, but that did not stop 40-year-old Alvaro Denica from sexually assaulting a 28-year-old woman. Once she explained that the man was trying to rape her, Mr. Osborne knew he needed to defend the woman being assaulted even though others, including the conductor, ignored the cries of the woman. He punched Denica without even hesitating to get himself involved and then pulled Denica by the shirt to the local police precinct two blocks away. Not only did he stop a rapist, but made sure that justice would be served!

In excess of \$22,659 has since been raised

through donations of people touched by Mr. Osborne's heroism. The proceeds raised went toward paying off his student loan debt, the rest of his tuition to become a medical assistant, and other expenses though nothing can repay Mr. Osborne for bravely stepping in when nobody else would.

NEW ISLAND FORMED IN THE BERMUDA TRIANGLE:

A new island has appeared in the Bermuda Triangle. It's a mile long and has been nicknamed "Shelley Island," because of the large number of shells on it. Located off the tip of Cape Point on Hatteras Island, it was formed due to the Atlantic Ocean's changing tides.

Locals and tourists are being told to stay away, however the Island has become something of an attraction despite warnings of strong currents in the gap separating the sandbank from the mainland.

The distance between the sandbank and the mainland is just 50 yards but the riptides are said to be incredibly strong, and there are sharks.

The future of the island is not clear. The sandbank could continue to grow and form part of Cape Point, or it could vanish as quickly as it appeared according to Officials.

PEDESTRIAN CROSSING STRIPES THAT LOOK LIKE RAMPS:

Beijing is trying to make its street intersections safer by introducing optical illusions to help convince its drivers to slow down for pedestrians.

The pilot project has "enhanced" white pedestrian markers at two busy Beijing intersections with blue and yellow "sides," giving the illusion of three-dimensional form that look like ramps, this makes the pedestrian crossings more noticeable to drivers.

A section chief for the municipal traffic management bureau said the new measures are part of a national standard to make crossings across the country safer for pedestrians.

Their appearance coincided with a traffic crackdown that in three weeks saw the city dole out approx. 27,700 fines of RMB 200 and deductions of three demerit points to drivers failing to give the right of way to pedestrians.

Jaywalking pedestrians have been penalised with everything from wearing green hats (representative of the wearer having been cuckolded) to threats of lowering credit scores to being publicly shamed on giant televisions

screens. Drivers have been urged to slow down by having children dance in the middle of busy streets, and have had to deal with a short-lived law that made crossing an amber light into a traffic violation.

As much as these 3D crosswalks are designed to restrain drivers, they may also serve to help pedestrians refrain from jaywalking by providing a distraction during their wait for the light to change

It is hoped drivers will feel compelled to slow down at intersections due to psychological reasons, having been confused into believing there is an obstacle on the road ahead of them where in reality, there isn't.

THIS MICHIGAN MAN MIGHT CALL IN BEEKEEPERS TO REMOVE HIS NEXT BEEHIVE:

A man using a homemade smoke bomb destroyed his own garage in an attempt to eliminate an unwelcome beehive.

Unhappy with the bees settling in at his garage, the man in Grand Blanc, Michigan, managed to inadvertently set fireworks on fire with his attempt of a smoke bomb when he was trying to incinerate the insects, the fireworks then exploded and burnt down his garage and a neighbouring fence.

Fire crews from several towns were called in to arrest the subsequent blaze. There were no injuries as the fire was contained, and the house is also undamaged.

"We really weren't going to celebrate the Fourth of July so much as just have fun in our backyard, the homeowner said, after the explosion and fire. We like to have barbecues, we had a patio back there, it is depressing losing a place where we had a lot of fun, but everyone is safe and that's the main thing".

PUPPY ABANDONED IN AIRPORT BATHROOM WITH DEVASTATING NOTE BECAUSE THERE WAS 'NO OTHER OPTION':

A recent discovery in a McCarran Airport bathroom is bringing to light the tragic ways domestic violence affects pets.

A 3-month-old puppy was found abandoned in one of the Las Vegas airport's bathrooms recently. A handwritten note was left behind with the pup, which contained the devastating reason the tiny Chihuahua mix was abandoned. "Hi! I'm Chewy! My owner was in an abusive relationship and couldn't afford me to get on the flight," the handwritten note said. "She didn't want to leave me with all her heart, but she has no other option".

On the next line Chewy's owner had written "My ex-boyfriend kicked my dog when we were fighting and he has a big knot on his head. He probably needs a vet. I love Chewy sooo much – please love and take care of him".

Chewy was found by a traveller shortly after his owner was forced to flee. The small pup was

safely transported to a local dog rescue called Connor & Millie's Dog Rescue by Airport staff.

A spokesperson for the Rescue said "There has been tremendous interest in little Chewy!!! We are compiling all the interest forms and will be going through them all. CMDR would like to say thank you for all the offers of a loving home. However, there is but 1 Chewy and he can go but to 1 home. Please consider the hundreds if not thousands of 'Chewys' loaded with love that are desperately seeking homes in shelters which are at max capacity, rescues are full!" After Chewy was rescued, he was evaluated by two veterinarians but did not appear to have any serious injuries or show signs of abuse or trauma, he will be kept in foster care for the next several weeks to make sure there are no issues a spokesperson for the a spokesperson for the rescue said. Unfortunately, the circumstances that led to him being left in an airport bathroom are not unique. Countless pet owners struggle in abusive relationships. When they make the brave decision to leave that terrible environment, these animal lovers often have no choice but at best to hand in their pets to a shelter in the hope staff will be able to find them a home and at worst abandon them because most shelters for abuse victims do not allow animals.

BACK TO THE FUTURE:

The mystery behind the outstanding strength of the ancient Roman aqueducts roads, the Pantheon, cathedrals and other constructions which have survived several thousand years has finally been resolved. The explanation according to scientists lies in the unusual "chemistry" of its two main components — volcanic ash and sea water.

In contrast to the modern concrete, which is made up of cement and crushed stone, its Roman ancestor is noticeably stronger. It did not fall apart, but on the contrary only grew stronger after contact with water, a phenomenon that remained a mystery to scientists for a long time. However, scientists found an extremely unusual component inside the concrete, namely Tobermorite group minerals.

These minerals consist of water, calcium, aluminium, silicon and oxygen and are usually formed in hydrothermal springs or within a volcano at ultrahigh temperatures.

According to the research team, the minerals formed inside the concrete as a result of the penetration of sea water and its interaction with an alkaline environment. The growing crystals of the tobermorite then interlocked with each other, which made the concrete stronger and prevented it from falling apart under the influence of chemically aggressive sea water. This process can last several thousand years, during which the concrete not only does not collapse, but becomes increasingly stronger. Now the research team and several other geologists are trying to recreate the "formula" for the ancient Roman concrete, mixing different types of volcanic ash with sea water.

MOTHER IN LAW HANDED OVER HER RETIREMENT FUND TO HELP HER DAUGHTER IN LAW TO HEAR:

Sarah Churman was born nearly deaf. The tiny

hairs in her ears that transfer sound to the brain were prevented from growing because of a defect. In 2011, Ms. Churman's world changed forever. The 29-year-old mother found out about an implant that would allow her to hear. The only problem was that the implant would cost \$30,000 for each ear. Ms. Churman's hope that she would ever hear slowly started to fade. That's when her mother-in-law, Lari, stepped in. She knew what an incredible opportunity this was, so she decided that she was going to make it happen. She gave Ms. Churman all \$30,000 in her small retirement fund. The generous gift was enough for Ms. Churman to receive the implant in one ear.

Her husband, Sloan, caught the moment that Ms. Churman heard clearly for the first time on video, it went viral, and caught the eye of talk show host, Ellen DeGeneres. Ms. Churman was invited to be a guest on the popular show.

Ms. Churman's speech was very clear for someone who had never been able to hear herself speak, so Ms. DeGeneres asked why that was. Ms. Churman said that she attributed her excellent speech to therapy, deaf school, and a lot of talking. Ms. Churman also pointed out how amazing it is for her to be able to hear everything and said she even loves hearing sounds that most people say they find annoying.

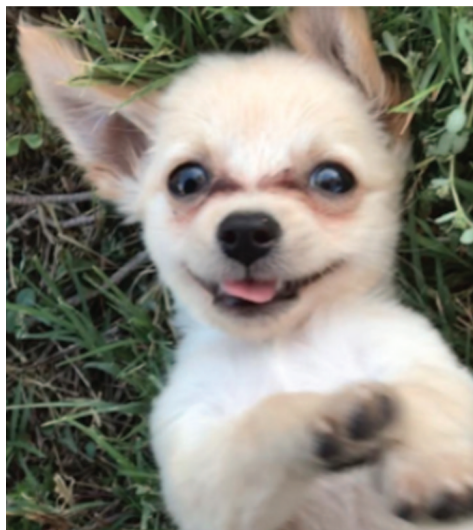

At the end of the interview with Ms. Churman, the talk show host told her that the company that sells the implant, Envoy Medical, was going to pay for the second implant procedure. Ms. Churman immediately started sobbing. Ellen wasn't done, though. They were also giving Ms. Churman's mother-in-law \$30,000 to reimburse her for the first implant.

PRAYING MANTISES RELEASED FOR PEST CONTROL ARE HUNTING BIRDS:

There is an order to predators and prey that feels normal – like, birds eat insects but new research documents that mantises worldwide are eating small birds; in the U.S. for instance, several decades ago, European and Chinese mantises became a popular go-to for pest control. Using insects to battle insects is absolutely the right idea, but using non-native mantises wasn't a wise choice and they are now devouring hummingbirds.

You might already know that praying mantises are carnivorous insects, generally subsiding on arthropods such as insects or spiders. On occasion they have been known to eat smaller vertebrates such as frogs, lizards, salamanders or snakes. Stalking birds, however, isn't usually listed by scientists as part of the mantis menu plan. A research team of zoologists from Switzerland and the U.S. has reviewed many types of bird-eating mantises, documenting 12 species and nine genera shown preying on small birds in the wild. And the extraordinary behaviour was found in 13 different countries and every continent except Antarctica. As for the victims, they came from 24 different species and 14 families.

Native insects eating pests is a great thing; invasive insects eating native birds starts edging into the world-gone-wrong realm. Before introducing new species of anything into your garden, please do some research.

Are you feeling rundown and in need of a gentle boost? Then laughing may be just the medicine for you. The use of laughter as a form of therapy is increasing in popularity. A study at Loma Linda University indicates that laughter produces an abundance of gamma brain waves. Interestingly these gamma waves are also found in the brains of people who meditate often and have reached a state of contentment and happiness.

Researchers are still exploring the potential health benefits from laughter. Perhaps it's the physical act of laughing that contributes to this, or maybe it's having a good sense of humour and a positive attitude. But one for sure we know, that it certainly doesn't hurt to laugh.

Laughing can be compared to a 'gentle body workout' as many physiological changes are taking place when we laugh. The muscles on our face and body stretch, our blood pressure increases and we breathe faster sending more oxygen throughout our body. But not only does it boost our heart rate – one study showed that laughing for 10-15 minutes can burn up to 50 calories! Increased laughter can also help to boost our immune cells and increase the levels of disease-fighting antibodies in the body. Laughter can also help us to relax and sleep better.

When we laugh we release 'feel good' hormones and naturally occurring anti-depressant (e.g serotonin). Laughter can also be a great way to deal with life's unexpected events and help get us through difficult times. Responding to the trials of life with some laughter, can help to protect our body mind and spirit – and may be a bleak situation doesn't seem as insurmountable when we can find some humour.

Laughter can also help us to bond, connect and communicate with others. Humour helps lubricate the channels of communication and can make people feel more comfortable.

Think about what makes you laugh and be sure to do more of it. This may be watching your favourite comedy, sharing a good joke, going to a comedy club or watching a funny U tube clip. Why not try now – just turn the corners of your mouth up into a smile and give a little laugh out loud. It may feel a bit contrived, but notice how you feel. Whatever gets you chuckling be sure to factor in more laughter to your life on a daily basis and increase those happy gamma waves.

SouthWest Counselling Centre Killarney provides affordable professional counselling to children, adolescents, adults and couples – both at its Killarney Centre (Lewis Road) and at Kenmare Family Centre.

Welcome back dear reader when fear attacks the effects of it rocks us, and we can either break under the pressure, or the courage and steely grit that is inside each one of us is revealed through proper support. Jesus came to heal the sick and broken and restore freedom to those held captive by the enemy (John 10:10). This is why it is important to be taught the Word of God in a Spirit filled church or fellowship where the full of Gospel of Jesus is lived out in love. This is where other believers will stand with you and be there for you through thick and thin. Fellowship with other believers is vital to victory. There's mighty power in agreement "If two of you agree on anything you ask, My Father in Heaven will do it...for where two or three of you gather together as My followers I am there in your midst" (Matthew 18:19-20). Do not be like a lonely flagpole on a hill (Isaiah 30:15-17). If you are in a battle, don't try to withstand it alone – get yourself to where God's Word the Bible is taught without compromise. You will enter a haven, like a boat needing to take refuge from stormy seas whose crew, when they see the light beaming from the lighthouse know they are near safety and support. As we mentioned last week relationships are very important to the Lord; between us and each other, as well as with Him: He likens Himself to a rock in many places (Psalm 18; Psalm 62). When you seek out God's Word and relationship with Him (talk to Him, bring Him your cares in prayer, thank Him for your blessings) you will not be destroyed, and no matter what the battle, you will withstand it, because His Word will sustain you and make you stronger and more resilient to every snare of the enemy (Psalm 23; Psalm 54:4; Psalm 55:22). God loves you friend, He doesn't want you hurting. He has a great plan for your life (Jeremiah 29:11). When you go through troubles the future can appear uncertain and there may be no light – this is what the devil would like you to believe, but Jesus, the Light of the world will light your path like the lighthouse leading the sailors to safety. Call on Him and lean on Him for direction, and, as you allow the knowledge of His love for you in, all fear has to go! (Acts 10:38; Proverbs 3:5-6; 1st John 4:18)

More next week...

FIRST ANNIVERSARY & ACKNOWLEDGEMENT

In Loving Memory of

MARY O'SULLIVAN (NEE MURPHY)

Van Nuys, Los Angeles, California and Cahir, Aghadoe, Killarney, whose first anniversary occurs on 17/07/2017

Deeply loved, sadly missed and always remembered daily by her loving husband Joe, children Margaret, Johnny, Martina, Kathleen, Kerry her son-in-law's Noel, Shayne, Mike, Scott and all her grandchildren.

We offer our heartfelt thanks to the many friends, family, neighbours, and well-wishers who visited our home, attended the funeral and provided support at this difficult time. For those travelled long distances, who telephoned, sent cards and messages of condolences, we are truly grateful.

To those who helped in any way your contribution made our loss more bearable. As it would be impossible to thank everyone individually, please accept this acknowledgement as an expression of our deepest gratitude.

*Those who love, Don't go away,
They walk beside us every day.
Unseen, Unheard, But always near,
Still loved, still missed, Still very dear.*

4TH ANNIVERSARY

In Loving Memory of

CIAN O'DONOGHUE

Born into eternal life on 19th of July 2013

*Deep are the memories
Precious they stay
No passing of time
Can take them away
They bring a smile
Sometimes a tear
But always a wish
That you were still here.*

Sadly missed and lovingly remembered by your Auntie Siobhan, Uncle in Law Jerry, Cousin's Cassandra and Ellen and Grand Uncle Jerry.

*A silent thought, a quiet prayer
For a special person in God's care.*

LETS PRAY TOGETHER INTO THE WORD

Let's Pray Together In The Word
Hebrews 4(16). Go to Gods throne. Let us then fearlessly and confidently and boldly draw near to the throne of grace (unmerited favour to us) that we may receive mercy and find grace to help in good time for every need Jesus is our high priest. He understands us so much, our experiences for instance. And he himself lived in a human body. He was tempted like us, but he never sinned. The enemy is near to us, so we need the strength and mercy from Jesus. Receive new mercies everyday from our Lord Jesus. King Jesus, you love us and care for us so much. You protect us from the enemy (the devil). Thank you that it was you who provided the access for us to approach the Heavenly Throne Of God. Our Loving Father In Heaven. We love you Lord more than words can describe.
