## ICONIC KILLARNEY HOTEL WILL BE KNOWN ONCE AGAIN AS GREAT SOUTHERN KILLARNEY

One of Ireland's oldest and best loved hotels will soon be known once again as the Great Southern Killarney. In a move that will no doubt please the residents of Killarney, The Malton hotel will have its name reinstated as the Great Southern Killarney on January 26th, 2018.

The Scally family, owners of the Royal Hotel in Killarney and Hayfield Manor in Cork, have owned the Malton since 2014. The landmark Killarney hotel is to be rebranded as the Great Southern Hotel from the start of 2018, a decade after the name change.

The four-star hotel has undergone an extensive two-year refurbishment programme aimed at restoring many of the building's spectacular traditional features.

According to Ettienne Van Vrede, CEO of the Hayfield Family Collection: "It is fitting and appropriate that we bring the wonderful Great Southern brand back to this beautiful property. Over the past two years we have carefully upgraded the hotel

to reflect its heritage, grandeur and position within the town. Ironically, and perhaps not surprisingly, many people still refer to the hotel as the Great Southern such was the strength of its legacy and heritage. We look forward to celebrating the next chapter of this great story".

The Grand Foyer has been restored to the original Victorian design, the public areas have been redecorated in classical style, an extensive bedroom refurbishment programme has been undertaken and the facilities around the Grand Ballroom have been upgraded. The hotel was sold by the State to a Galway businessman in 2006 and in 2007, the property was purchased by a consortium of local businessmen.

As another company had acquired the title of the Great Southern Hotel during the 2006 transaction, the hotel name had to be changed and the then owners chose to name it after a set of prints by 18th century Irish artist James Malton, which adorned the walls of the

hotel. Many locals continued to call it the Great Southern informally. Built in 1854 by the Great Southern and Western Railway Company and called The Railway Hotel- the first hotel to be owned by a railway company in either Ireland or Great Britain- from 1896 until 2009 the

property was known as the Great Southern Hotel Killarney. It was for many years one of the best-known hotels in the country famed for its prized location next to the town's railway station and is one of Ireland's oldest hotels.

## I'M A CELEBRITY - GET ME OUT OF HERE!

Bush tucker trials, hell holes, the scare chair and gourmet critters are in store for twelve brave local celebs who are set to take part in 'I'm a Celeb...Get Me Out of Here!' at the INEC in Killarney on October 26th, 2017. The event is being staged by The Stephen Lyne Foundation & Kerry Stars Special Olympics Club in conjunction with main event sponsor - Kerry Drain Services.

A number of well known individuals from Kerry have signed up as contestants for October 26th and are ready to hit the jungle! The 12 'Campmates' will be put to the test by having them take part in a variety of Bush Tucker Trials. Enthusiasts will have to wait until October 26th to find out who will be crowned King or Queen of the Jungle.

The following is the confirmed list of brave contestants who will set foot in the Jungle: Michael Healy Rae TD, Brendan Fuller, Sean Taaffe, Rory D'arcy, Sean Coffey, Emma Philips, Mags Harty, Ruth Allen, Gavin O Leary, Enda Walshe, Mary Brosnan and Brendan Kealy.

The Stephen Lyne Foundation was set up with the vision of teaching children the importance of empathy. This is achieved through the provision of the 'Roots of Empathy' programme within primary schools in Kerry. The funds raised from the 'I'm A Celeb' Fundraiser will be put towards introducing the programme in additional schools in the Kerry region while at

the same time maintaining the programme in existing schools.

The Kerry Stars Special Olympics Club was formed in September 2002 by a group of local families. Its objective was, and still is, to provide athletes with special needs the opportunity to be productive and respected members of society through participation in all year round sports and competition. This in turn creates a more positive self image, inclusion, enjoyment

and new friendships for the athletes. There is at present 100 athletes in the Kerry Stars Club and they come from the Kerry and North Cork areas. The athletes compete in athletics, soccer, and swimming. The 'I'm A Celeb...Get Me Out of Here!' fundraiser will be both organisations main fundraising event for 2017 and it is hoped it will raise significant funds to give succour and impetus to both worthy causes.

## SEAN GOES BACK TO SCHOOL

Sean Taaffe, owner of award winning hair salon group Sean Taaffe Hair and Beauty, is returning to education. Having left school at the age of 14, Sean will be studying for a Certificate in Management, from the University of Limerick. Also attending the course will be the General Manager of Sean Taaffe Hair and Beauty, Kara McDonagh. The Certificate in Management programme is part of UL's Kemmy Business School, and will see both owner Sean Taaffe and General Manager Kara McDonagh putting their heads in the books, as they cover modules such as managing employee relations, quality management, managing change and conflict in the workplace. The course is set to run from August 2017 to the end of April 2018.

“Being an early school leaver, I never got that ‘college experience’ that everyone else had. My experience of going to college will be different to most, I’ll be there as a mature student, all with the aim of upskilling myself,” Sean told the Killarney Outlook. This is something that is for the benefit of not just the Sean Taaffe Group, but also for my customers and employees. My career has always been about continuous professional development and this is a testament to that commitment.

“Both myself and Kara are extremely eager to learn what we can, the fact that we are both going into the course together adds that extra bit of morale support. We’ll be there for each other. It’ll be a strange feeling putting a school

# SUCCESS ON THE DOUBLE AS ATHLETIC CELEBRATE

Killarney Athletic AFC celebrated their double-winning success in the Kerry District League in style on Saturday night. Killarney Racecourse was the venue, but a stone's throw from where it all began at the Half-Moon field provided by benefactor John McShain 52 years previous.

The action kicked off with a warm welcome for Don Harrington from Huddersfield, club founder and president and his wife's family, including nieces Máiréad (and husband Michael), Áine and nephew Pádraig. Also in attendance were local public representatives Junior Minister of State for Transport, Tourism and Sport, Mr. Brendan Griffin, Senator Paul Coghlan and Mayor of Kerry, John Sheahan. The Kerry District League was represented by Seán O'Keeffe, Chairman, along with Tadhg Brosnan, Vice-Chairman of the Schoolboys/girls League. A crowd of close to 200 club supporters in many guises – current and former players, managers, officers, parents, sponsors and all-round supporters – took their seats just in time to witness the irrepressible Mike Milner and his

bagpipes lead the victorious team through to the dining room to rapturous applause.

After a sumptuous meal, provided by Kingdom Catering, the formal proceedings began. Don Harrington and Máiréad Murphy were on hand to present Gerardine Nagle with the Monica Harrington Memorial Cup Killarney Athletic A.F.C Club Person of the Year for her impressive contribution as club and county Child Welfare Officer, Vice-Chairperson of the Kerry District League, along with her involvement with the elite Kerry Under 17 team, travelling with them and looking after their welfare. Chairman Mike O' Shea presented Joe Daly with the Donal Brosnan Memorial Cup Killarney Athletic A.F.C. Club Person of the Year for his long-term service as vice-chairman, club coach and committed club man. Kerrie Beckett and senior talisman Paudie O' Connor stepped up to present Shane Lynch with the Sean O'Connor/Martin Beckett Memorial Perpetual Cup Player of the Year Award. Shane made a major contribution to the senior team's success with a number

of impressive performances, including a goal in the 3-0 Greyhound Cup final win.

Speeches ensued from Junior Minister Griffin, Seán O'Keeffe, Tadhg Brosnan, Mike O' Shea, Stuart Templeman, Conor Farrell and fittingly capped by Don Harrington who expressed his absolute delight at the success of the team, comparing it to the pleasure he experienced at the promotion to the Premier League of his beloved Huddersfield Town. Don also praised the players' immense commitment to the cause, expressing his pride in how far the club had come from its

humble beginnings.

Many thanks to all who helped with organising and ensuring the night's success, especially Mike O' Shea for his energy and drive in continuing the work of his predecessors. Heartfelt thanks to the dynamic management team of Stuart Templeman and Alan Brady and above all to the senior players themselves for making it all happen. On a night for the annals, Killarney Athletic AFC took its place as Kerry District League and Cup double winners for the 2016/2017 season. C'mon you Boys in Blue!

## PREPARE TO BE INSPIRED AT THE VISUAL ARTISTS' SHOWCASE

The Government Buildings on New Road in Killarney is the venue for the Kerry Visual Artists' Showcase which opens at 5pm on Culture Night on Friday 22nd September.

A key date in the arts calendar in the County, the selected artists are all of Kerry and are building careers for themselves as artists working in Ireland today.

"It's a wonderful platform for our artists and the standard this year is again very high. Kerry County Council is delighted to be able to directly support the Showcase", says Kate Kennelly, the County Arts Officer. She is calling on all of us to support our artists by visiting the show and perhaps buying a piece if we are so inclined. "Audiences will see some of the best who are creating art in the county today. It's a wonderful introduction for all ages to art and a great evening out as it is Culture Night in Kerry the same day that we open the show." Kate confirmed.

There have been eight artists selected for the Showcase this year. Tralee man Des Fitzgerald is a sculptor and photographer whose work is inspired from his strong visual sense and is often theme based, while Portmagee's Karen Hendy uses unconventional media in her work such as plastic wrap, turf and sticks which are then layered with paper, gesso and paint oftentimes referencing the environment. Emerging artist Kaye Maahs works in oils and is a painter whose work is rooted in the personal and the local. Tralee's Roisin McGuigan has expanded from

the tradition of paint on canvas to the use of non-traditional surfaces and includes drawing, digital media and found objects. Her central focus is place and geographic connection. David Morrison makes the familiar appear unfamiliar in his work and uses photography, digital media, canvas and paint to create his works of art. Castleisland based Philip O'Rourke is interested in photojournalism and street photography. He captures fleeting moments and likes to include a human element in the stories he tells through his photography. Niamh Porter uses photography and painting in her

work which examines the legacy of Modernist architectural design and the materials that construct Europe's multi-faceted identity. Tracy Sexton is predominantly a painter who works through mixed media compositions and enjoys creating installation work. She is interested in the interplay between dream and reality.

This is the third annual Kerry Visual Artists' Showcase. The exhibition will be opened by Killarney Municipal District Mayor, Cllr. Niall Kelleher, and runs from the 22nd September until the 16th October this year.

Macroom will be a Foodie's Heaven from Thursday September 21 to Sunday 24, providing the very best of local food, good cooking and a liberal helping of ceol agus craic to help the digestion.

## CANDIDATES CAN CELEBRATE AN OUTSTANDING ACHIEVEMENT IN THE JUNIOR CERTIFICATE EXAM

### By Billy Ryle

Results were issued on Wednesday to 60,248 candidates nationwide, including 1,867 (930 female/937 male) candidates from Kerry, who signed up for the Junior Cert exam. Today they are deservedly celebrating a significant success in their first public exam. The Junior Cert exam is often overshadowed by the more public Leaving Cert exam but it's a very important exam in its own right. Junior Cycle enables students to complete a broad and balanced curriculum and to acquire the knowledge and skills necessary for progression to Senior Cycle. After three years in Junior Cycle, students get their first exposure to a public exam of the State Examinations Commission (SEC). Candidates are awarded a Level 3 qualification on the National Framework of Qualifications (NFQ). This certificate is a valuable document as it confirms that the candidate has successfully completed Junior Cycle education

at the subject levels and grades shown on the certificate.

Six new grade descriptors - Distinction, Higher Merit, Merit, Achieved, Partially Achieved, and Not Graded - are being used for English this year in the reformed Junior Cycle programme. This format of grading will be phased in until 2021. In the new Junior Certificate exam, candidates will continue to be awarded grades of A, B, C, D, E, F and NG based on marks achieved. In the new Junior Cycle, achievement will be indicated by the new grade descriptors. Both the old and the new grading systems will appear side-by-side on the results issued by the SEC and on the new Junior Certificate Profile of Achievement (JCPA) which will be generated by schools and issued for the first time this year. The broad curricular base of the Junior Cycle gives students insights into their aptitudes, abilities, interests and personality. The exam also measures a candidate's standard at the end of the Junior Cycle. As well as the academic

content, subjects like Physical Education, Career Guidance, Social and Health Education (SHE), Civic, Social and Political Education (CSPE) along with a comprehensive programme of extra-curricular activities develop self-awareness in each student. In short, a personal career profile begins to emerge during the three years of Junior Cycle.

With very few students now leaving school after this exam, the Junior Cert is a passport to Senior Cycle education, which lasts for two or three years, depending on whether the optional Transition Year (TY) is taken. Senior Cycle caters for students in the 15 to 18 year age group. It includes an optional Transition Year, which follows immediately after the Junior Cycle. TY provides an opportunity for students to experience a wide range of educational inputs, including work experience, over the course of a year that is free from formal exams.

## PEUGEOT LION REIGNS SUPREME IN THE KINGDOM

The Peugeot brand was the best-selling light commercial van brand in the Kingdom of Kerry for the month of August. High demand for the best-selling Peugeot Partner van, the load-lugging Boxer van and the excellent new Peugeot Expert van, Irish Van of the Year 2017 placed Peugeot firmly at the top of the Kerry sales charts. Achieving a huge 28% county Kerry van market share, the lion-brand is enjoying a surge in consumer interest across the award-winning Peugeot range of passenger cars and light commercial vehicles

Tim Reen, Dealer Principal at Reen's Rathmore, said "We are thrilled with this result. Our van business is thriving and interest in the Peugeot range, both cars and vans, has never been as strong. With award-winners like the 2008 SUV, Irish Small SUV of the Year and new 3008 SUV, European Car of the Year 2017, enquiries are continuing to soar. Indeed we are finding ourselves talking to new customers every day. The much-anticipated new 5008 7-seater SUV

has just landed in Kerry and we have more new models on the way. Indeed, the future is bright! The team at Reen's Rathmore is looking forward to the future with full confidence in the Peugeot brand. I wish to thank each and every one of our precious customers for their business."

Nationally, demand for the Peugeot van range in August, pushed the brand up into 4th place

overall, with a 9.6% market share, an increase of 19% year on year. The Peugeot range, cars and vans combined, recorded the highest growth in the top ten marques for the month of August, with a 41% increase year on year, registering a 5.7% market share.

A former Peugeot Dealer of the Year winner, the number one priority at Reen's Rathmore is customer service.

## A TEA WITHOUT TEA HITS KERRY SHOPS

A no-nonsense range of herbal drinks aimed at improving people's health and lifestyle is set to hit the supermarket shelves on September 18th. With some of the range already available in Horan's Health Store in Tralee and Mary's Organic Store in Milltown.

Jo Arbon from Glenbeigh and Clair Kelly from Killorglin decided to start their company, The Busy Botanist, after a chat over a bottle of wine. Both are master herbalists and had been providing natural remedies for dogs - but they're equally passionate about making a healthy lifestyle easy for everyone.

Dismayed at the current range of herbal teas currently on offer, they've developed their own range of herbal products designed to tackle

common, every-day ailments that react well to natural treatments.

Locally produced in Kerry, Jo and Clair carefully select and hand-blend every mix, using only high-quality and high-performance organic herbs with nothing else added.

All ingredients are 100% organic with no added sugars, caffeine, fillers, artificial colours or flavours..... and no tea!

The end result? Tea without tea - a hand-tied 3g bag that can be used throughout the day and that tastes just great!

Their current range of products hits the shelves in Supervalu on September 18th having being accepted onto the SuperValu Food Academy Programme back in February.

## RATHMORE SOCIAL ACTION AMONGST KERRY GROUPS TO BENEFIT FROM NATIONAL LOTTERY FUNDING

An Taoiseach announces €5 Billion raised for Good Causes all over Ireland as National Lottery celebrates 30th birthday. Thousands of individuals, clubs and organisations from Kerry have benefitted from some of the €5 Billion raised by the National Lottery for Good Causes all over Ireland in the last 30 years.

The thousands of Kerry Good Cause beneficiaries include the Rathmore Social Action Group and the Finuge Freewheelers Cycling Club.

"When his fingers started to dance to the music on the arm of his chair they knew he felt at home" during a traditional music session at the Rathmore Social Action Group a new resident is settling into his new surroundings.

Aged 85 the Kerryman, and his younger brother, recently left their isolated home in the mountains near the Cork-Kerry border to exchange isolation for a happier home where care, attention and

respect are paramount. Now the two brothers share a sheltered house - one of 27 provided by the Action Group which was first started in 1975 by local teacher Jerh O'Donoghue.

"The whole issue of active citizenship was key since day

one. I wanted the students in St. Mary's secondary school here in Rathmore to come up with ways in which they could help the older community and it snowballed from there," explains Jerh.

And as the Group's catchment area encompasses much of the Sliabh

Luachra area of East Kerry and North Cork traditional music, song, dance and poetry are provided for and by residents.

Last year the National Lottery granted the Group funding of €19,295 which will be used to help redevelop the former Presentation Convent to create several new apartments as well as a residential area for the remaining Sisters.

While social housing, day centre, meals on wheels and laundry services are all available to the older population of Rathmore and the surrounding areas the Social Action Group also provide a Youth Creativity Centre named Teach Iosagain. With meeting rooms, a community gym, birthday party facilities, a disco hall and film making room it's a hub of activity throughout the year.

And so, with the help of Lottery funding, young and old join forces in this corner of the Kingdom to improve the lives of all who live there.

National League Basketball will make a long awaited welcome return to Killarney after an absence of nearly a decade and St Pauls Killarney playing under the 'Scotts Lakers' banner will open their campaign with a home game against Dublin Lions on Saturday September 16th at 7.30pm in Killarney Sports and Leisure Centre. The new national league campaign for Scotts Lakers was launched by Brendan Griffin, Minister of State at the Department of Transport, Tourism and Sport, in Scotts Hotel, Killarney on Friday night. MC for the occasion Kieran Healy introduced the various speakers to the huge crowd that attended the launch. St. Paul's Basketball Club Chairman Pdraig Weldon thanked everybody for coming to the launch. He said the club has been growing at a tremendous rate in recent years catering for 400 juvenile members. He paid tribute to all the officers, coaches and parents of young players for their support and said that the new national league committee has done trojan work with the establishment of the national league team. Scotts Lakers national league committee chairman Aidan Quirke spoke about the fantastic response from local businesses in

Killarney and how it would not be possible to compete at national level without them. He was also lavish in his praise for Maurice O'Donoghue and Scotts Hotel for their role as the main team sponsor and also to Killarney Credit Union for coming on board as a club sponsor.

Mayor of Killarney Niall Kelleher mentioned Killarney's long association with basketball including the Busby Babes era and the great Gleneagle Killarney team in the 1970s and 80s under Paudie O'Connor. He praised the O'Donoghues for their support of basketball from Gleneagle in the past and the new team with Scotts Hotel support. Mayor Kelleher also praised the players, management and committee and the great work being done at juvenile level.

Mayor of Kerry John Sheahan said he was delighted to see Killarney back competing at national league level, while Brendan Griffin, Minister of State at the Department of Transport, Tourism and Sport, congratulated everybody involved and praised St Paul's for being a very inclusive club with a huge grassroots membership.

Scotts Hotel Managing Director Maurice O'Donoghue said it was a very easy decision to come on

board as team sponsor as they could see the great work being done at juvenile level. He said that the club needs a team competing at national level and the young players could look to the future and aspire to playing at national league level.

He also recalled the long association the O'Donoghue family have with Killarney basketball and told the story about his own father the late Maurice O'Donoghue and Paudie O'Connor going to the USA to recruit the very first American basketballers that came to Ireland in 1979. He said that three generations of the O'Donoghue family have had a great association with Killarney basketball and they looked forward to continuing it.

Deputy Michael Healy Rae TD also congratulated everybody involved. He recalled his own fond memories in Killarney as a young boy and the excitement of meeting and looking up at the new American basketball players in town. St. Paul's Basketball Club founding member Tom Looney recalled the massive history of basketball in Killarney and the establishment of St. Paul's in 1985 to cater for juvenile basketball. He said that to hear that there are currently 400 juvenile

members was way beyond their expectation back then.

Serbian native Vojkan Bencic is the new head coach of Scotts Lakers and comes to Killarney with a wealth of basketball experience as a player and coach. He enjoyed a very successful playing career before establishing himself as a top class and well respected coach in several countries including Serbia, Croatia, Tunisia, Bulgaria, Russia, Poland, Slovenia and Hungary. Vojkan's presence in Killarney will also be a huge boost to all the St. Paul's club coaches and underage players.

Scotts Lakers have recruited 6'7" power forward Antuan Bootle, formerly of Sam Houston State University Texas. He is joined by Irish-American Justin Tuason and Bulgarian point guard Mihail Kapitanov. Team Captain is Philip O'Connor and the rest of the squad includes Andrew Fitzgerald, Mark Greene, Dan Griffin, Dylan O'Sullivan, Con O'Mahony, Cian Clernon, Keith O'Grady, Billy Wiseman, Paul Clarke, Patrick O'Regan, Mark O'Shea, Niall O'Brien, Shane Horgan and Sean O'Neill. Scotts Lakers will play their home games in Killarney Sports and Leisure Centre commencing this Saturday September 16th against Dublin Lions at 7.30pm.

## LETTERS TO THE EDITOR

A Chara,  
I recently raised with the Minister for Culture Heritage and the Gaelteacht the issue of the damage that seals are doing in the River Laune and River Maine and other rivers throughout Ireland.  
We have fishermen who are trying to fish, they pay drastic net license fees but are not actually

able to do anymore fishing because seals are not just eating all the salmon but they are also tearing the fishermen's nets and causing wholesale destruction.

The population is gone out of control and I have again called on the Minister that a cull will have to be organised to reduce the ever increasing numbers. The Minister replied that

although they are protected under the wildlife act, there are provisions for a license to be issued to prevent individual seals damaging fishing nets. Minister Humphrey's has assured me that officials from her Department have recently had discussions with fishermen about issuing licenses in effected areas to try and deal with this problem.

### BEST OF LUCK

### YEAR END ACCOUNTS - WHAT YOU SHOULD CONSIDER WHILE REVIEWING THE FIGURES

For compliance reasons all businesses produce year-end accounts. It is important that business owners interpret the information contained in the accounts to the best effect. It is important to review the accounts carefully and see if there are indicators therein that can inform the decisions you make for your business into the future.

Examples of the questions you may consider while reviewing the accounts are as follows:

1. Has turnover increased/decreased in the year? Which areas are performing well and could benefit further from increased time and resources, and which areas are wasting time and resources?
2. Has the profit margin changed, and what were the factors causing this?
3. How are wages costs relative to turnover? If you take on more employees, is turnover likely to grow relatively?
4. What was the overall performance of the business year on year? What was the trend over the last five years? Can you project this trend into the future?
5. How is cash-flow relative to turnover and profitability? Is there a danger of over-trading?
6. Is all expenditure necessary? Is there waste that could be cut from the business?
7. Is there a significant tax liability? Do you have the funds to discharge this liability?

## GARDENING OUTLOOK

with John O'Sullivan

### FOCUS ON AUTUMN GARDENING

There is a lot of work to do in the garden this time of the year, so you can reap the rewards later on during the spring and the summer.

You can start by giving your herbaceous plants a tidy up. Some of them are obviously in full flower and looking good but there are also a lot that have finished flowering for a while, so it is best with these to remove all the dead stems.

After this is done the flower bed might look a little bare, so now is a good time to start planting spring flowering plants such as wall flowers, primroses and polyanthis and also of course spring flowering bulbs.

A lot of containers, baskets and window boxes are looking a bit tired at this time of the year. Some plants look ok but others not so much. The best thing to do would be to remove the dead ones as it is only taking from the good ones. If you want you can always add a trailing ivy or a cyclamen as this will keep them looking good for another while and you can include them in your winter display.

### Know Your Rights: LOST OR STOLEN PASSPORT

#### QUESTION

What happens if my Irish passport is lost or stolen while I am travelling abroad?

#### ANSWER

If you lose your Irish passport abroad, you should immediately report the loss to the local police and to the nearest Irish Embassy or Consulate. You will be asked to confirm the loss in writing or, if you are applying for a replacement, to include the details of the loss in your passport application.

You must also ask the local police for a written statement that you have reported the loss of your passport. A member of the police authority in the country in which the passport went missing must witness this statement.

You will need this police report to get a replacement passport or Emergency Travel Document from an Irish embassy or consulate.

If there is no Irish embassy or consulate in the country where you are, contact the embassy of any EU member state and they will get in touch with the nearest Irish embassy on your behalf. An embassy of another EU member state cannot issue you with a new Irish passport, but can, in some cases, issue an EU Emergency Travel Document for a single journey back to your country of permanent residence in the EU.

It may be useful to carry a photocopy of the personal data page of your passport with you when travelling, or to scan an image of that page and email it to yourself.

Any passport reported as lost or stolen is no longer a valid travel document. You should not try to travel on a passport that has been reported as lost or stolen.

### DON'T STICK TO THE SAME THING

Seeing as we vamped up our timetable this week and changed up a whole range of classes, I thought this might be a good topic to cover as it has been fresh in my head.

Sticking to the same exercise day after day week after week at the same intensity, same pace, same weight etc can not only get boring but your body will just get used to it and plateau. This does not mean you will put on weight or loose muscle, it just means u have reached your peak at the exercise intensity and you will stay the same. (I'm not saying you won't continue to loose weight if you are following a weight loss healthy eating programme, as that is mainly down to the calories you consume. I'm talking about physiological changes to the bodies musculature and cardiovascular system)

A variable needs to change In order for you to see continued results and progress. Eg. More time added, more intensity, resistance, or speed, or a change or more difficult progression added to the exercises you are doing. This challenges the body to do more and work harder and thus taking it up a gear to see results. Likewise you will soon plateau at these changes over time when your body gets used to them.

So having a varied exercise plan is key. I love advising my clients to vary it up day by day. E.g. Hill walking one day, swimming another, exercise class the next etc... having a good mix will challenge you daily and keep you interested and on your toes. Likewise in every Personal Training session I like to keep it varied to keep them on their toes, one day boxing, another on weights etc. Ultimately all improving their strength, fitness and personal goals. But always something different.

## OUTLOOK FASHION

### WHEN IN DOUBT, WEAR NUDE PUMPS.

Matched to your skin tone, they're a pretty safe bet. (And they make legs look longer.)

### HEALTH TIP

#### BLUEBERRIES ARE YOUTH BERRIES

Even frozen blueberries are so packed with antioxidants that just ½ cup can double the antioxidant power of most people's diets—something that experts suspect will slow down your aging clock. Studies also show that blueberries can protect your mental sharpness and prevent memory loss!

### Beauty tip

#### Removing Make Up

Make sure you always remove your makeup before hitting the sheets. The skin needs to breathe overnight. And makeup prevents that, as leaving it on overnight clogs the pores. Don't possess a makeup remover? Just put some olive oil on a cotton pad to get rid of the makeup and dirt.

## MOVE MINDFULLY INTO HEALTH, HARMONY & HAPPINESS

The benefits of meditation are well known to reduce stress, balance emotions and bring us into a quiet restful place within the mind. What is less well known are the extraordinary changes and benefits that can happen from moving in a mindful way. When you combine mindful movements with energy medicine, for example working with the chakras, meridians and positive body mantras you have a fitness experience that goes far beyond your traditional workout. Chakranetics is the powerful new movement experience that helps you to work IN as you work stress, pain or resistance out! Our bodies are the "home" we live in and the present moment is where our bodies belong. However, our bodies also carry the "stories" of our lives within the tissues, muscles, joints and cells. For example, when we are very stressed over many years the body experiences a tightening, shortening and contracting of the muscles and our connective tissue. We may experience this as tightness or pain in any area of the body. If we habitually repeat the same stress cycles this tightness becomes habituated within our body. Moving mindfully asks the body and the mind to wake up to a new habit and a more informed way of being. When we move with total awareness in a slow, gentle, flowing and mindful way our bodies begin to relax the "old" way of being and can begin to open up to new possibilities in our lives.

If you are interested in experiencing the gentle power of mindful movements please come along to my new Chakranetics six week course beginning on Monday 25th September from 7.30pm to 8.45pm at the Innisfallen Hotel, Killarney. The cost is 70.00. Please bring a pillow and blanket to the class for the end of class relaxation. I look forward to seeing you there. Booking is essential.

Match Reports from Week 1:

Killorglin early leaders in 12 Premier:

Killorglin are the first team to top the JK Sports 12 Premier following their 5-0 win over Inter Kenmare. Ben Levy, Andrew Owens, Niall O'Brien, Stephen Gannon and Liam Hayes got the Killorglin goals.

Killarney Athletic just got the better of Dynamos in Tralee 3-2 in a game that swung both ways. Dynamos were 1-0 up and then 2-1 down before levelling matters. However it was the Killarney side that got the winner with all their 3 goals coming from Thomas Healy. Mathew Rogers scored both goals for Dynamos.

Killarney Athletic and Iveragh United shared the spoils in a 1-1 draw. Josh Bowler scored for Celtic with Evan O'Sullivan replying for Iveragh. Listowel Celtic and Killorglin B the winners in **DIVISION 1:**

Listowel Celtic A signalled their intent of being one of the teams to beat with an opening day 7-2 home win over Castleisland. Evan Boyle certainly made an early season mark as he hit 4 goals with Oisín Healy, Ryan O'Rourke and Joshua Magdziak also on the mark for Killorglin. Jack Joy and Eoin Shire replied for Castleisland. Two goals from Darragh Clifford, one from Jack McGrath and an own goal gave Killorglin B a 4-3 win over Tralee Dynamos.

**CAMP'S 7 UP IN DIVISION 2:**

Camp Juniors proved too strong for Mastergeeha B in Camp. Fionn Dario, David Moore and Paudie Fitzgerald all hit two goals each with Diarmuid Waugh getting the other goal in a 7-0 win.

Listowel Celtic first to top 14 Premier:

Listowel Celtic had a 4-0 home win over Tralee Dynamos to become the first team to top the newly sponsored Quills Woollen Mills 14 Premier. Kieran O'Carroll scored twice for the North Kerry side with Rob Stack and Anthony Kavanagh getting the other two.

Killarney Celtic and Killorglin drew 2-2. Luke O'Neill and Peadar Kelliher had Killarney Celtic

PICTURE MARIE CARROLL-O'SULLIVAN

2-1 up after Adam Owens had scored for Killorglin. However a second from Owens saw the sides settle for a point a piece.

**AWAY WIN FOR BALLYHAR:**

Ballyhar began the new season with a 7-3 win on the road away to Inter Kenmare. James Horgan hit 3, Stephen Palmer 2 and Aaron Burke and Luke Ring one each in the win.

**GAME OF THE DAY IN DIVISION 2:**

There was no doubt as to what was the game of the day. It was the clash of LB Rovers and MEK. The North Kerry side were 4-0 ahead at half time and then added a 5th early in the second half. But MEK (Mid and East Kerry) were never going to stop trying and they pulled one back and then another. Amazingly with 10 minutes to go it was 5-5 but the home side scored next to restore their lead at 6-5. As MEK tried hard to draw level again it was LB Rovers that scored to secure the win.

For LB Rovers Mikey Dunworth hit a hat trick, Padraig O'Connor 2 with Jack Mallon and Jack Sheehy getting one each. For a gallant MEK Eddie Moroney hit 3 and Sam Buckley and Sam Griffin completed the scoring.

**DINGLE BAY'S 3 IN 16'S DIVISION 1:**

In the Tralee Trophy World 16 Division 1 a Colm O'hEartain hat trick gave the West Kerry side a 3-1 home win and the 3 points following their win over Iveragh United. Sonny Curran got the Iveragh goal.

Fenit take the points in Division 2:

Cormac Lynch, Gavin Burrows and Liam Tobin got the goals for Fenit in their 3-1 home win over Castleisland. Lynch put the home side ahead but Connie O'Connor equalised for Castleisland. Fenit then hit the last two goals to take all three points.

## MEK UNITED

LB Rovers 7 MEK 5:

Kick off for first game of the season was at 11.45am in extremely wet and windy conditions. Unfortunately, with the wind against us LB Rovers dominated the first half as MEK went 4:0 down. Thank God for half time. A release of pressure, opportunity to regroup and assess the situation! Substitutes at half time Stephen O'Brien and Sam Buckley. MEK kept their heads up and fought hard.

Five minutes into the second half and LB Rovers went 5:0 up. Then, our fortune turned: a penalty for a tackle on Sam Griffin in the box was taken and scored in top corner by Eddie Moroney. 5:1, the comeback was on!!! The ball crossed dangerously into LB Rovers box was finished off by one of their own players who headed it into the net for 5:2.

More chances came and went until Sam Buckley took a shot from outside the box that made its way into the corner of the goal. 5:3! Soon after, as the ball was volleying around the box, Eddie volleyed it into the top corner! 5:4! The game was on! Shortly after another chance taken by Eddie shot with his left foot into top corner 5:5, all square until LB Rovers were awarded a free kick and scored to go ahead 6:5.

Again, in the dying minutes of the game LB Rovers kicked one across the box that trickled into the back of the net 7:5 to LB Rovers.

What an entertaining match especially in the second half. The Irish match wasn't a patch on it for passion and never say die attitude! Hard luck but well done on staying with it!

Many thanks and congratulations on winning in the end to Eoin O' Mahony and his team for a great game. Also, Many thanks to the referee who did a great job.

Matthew O Connor, Darragh O Brien, Connor Crowley, Dean Sheehan, Mason Courtney, Matthew Hunt, Sam Griffin, Leo Healy, Tadhg O Sullivan, Kevin Harant, Eddie Moroney, Stephen O Brien, Sam Buckley, Con Linehan, Conor Harty, Scott Drew.

# KERRY MINORS BID FOR HISTORIC 4 IN A ROW

## KERRY MINORS FACE TOUGH OPPOSITION IN ALL IRELAND FINAL

BY: JOHN O'LEARY, PRO, KERRY GAA

Kerry minors face tough opposition in Derry in the Electric Ireland Minor football championship final, the opening game in Croke Park on Sunday next. On their way to the final, while winning all their games with something to spare, Kerry have blown a bit hot and cold. Due to the quality of the opposition provided in both games, one has to discount the games against Clare in the Munster championship but Kerry did put in a sterling display against Cork in a winner takes all Munster semi final all of four months ago. That was a real test of this team given that they were playing in Páirc Uí Rinn which has not been a good hunting ground for Kerry Minor teams over the years. As well as that, pressure was on both sides given that the loser had no second chance. In the quarter final against Louth, some chinks were seen in the Kerry armour and again in the semi final against Cavan, management would not have been happy with some aspects of their play. However they are where they set out to be at the start of the year.

Derry has had a good run of tough games on their way to Sunday's encounter. They got the better of a very fancied Tyrone side in the opening round and had impressive victories over Antrim and Cavan on their way to an

Ulster championship title. Having been run close by Sligo in the quarter final they then had a very impressive victory over a Dublin side who were many people's favourites to advance to the final at the very least. That victory took place of course in Dublin's own back yard of Croke Park and that makes it an even more impressive win.

Sunday's game has all the makings of a classic. Both teams have players who have come through the tough colleges circuit and both sides have standout players who will no doubt warrant special attention. What makes Sunday's game even more unique is the fact that it is the final Minor championship at Under 18 level with the age limit reducing to Under 17 next season and no doubt both sides will give their all in an effort to lift the Irish Press Cup for the last time.

Referee for Sunday's game that throws in at 1:15 is Anthony Nolan of Wicklow.

Win or lose, the Kerry team will be welcomed back to Fitzgerald Stadium in Killarney at 5:30pm on Monday evening and afterwards the team and management will be welcomed by Fossa GAA Club, home club of captain David Clifford.

## ALL IRELAND MINOR FOOTBALL CHAMPIONSHIP FINAL

### MINORS "WANT TO DELIVER FOR THEMSELVES"

Kerry minor manager Peter Keane believes that his minor side want to deliver for themselves and that the historic 4 in a row is something that fans are talking about but his camp are only looking on one last game. He spoke to Donal Barry at the recent press briefing.

"Those young fellows want to deliver for themselves," Keane admits as he outlines their march to this year's final.

"On a personal level pressure does not exist. The four in-a-row is a historical thing, but you do get a kick out of dealing with the young lads. You just love the craic and banter that goes on in a dressing room.

"There is plenty of banter in our dressing room because they are a great bunch of young fellows as were the guys last year and some great characters among them. You also get a sense of enjoyment out of dealing with them, interacting with them, coaching them,

bringing them on if you can.

"You also are going through the journey with them where they get an opportunity to play in Pairc Uí Rinn and then they get the opportunity to get to play here in the stadium on a beautiful day.

"A Munster Final day with Killarney hopping. They then got to play in Portlaoise in the quarter-final against Louth and then playing the semi-final in Croke Park. Now they have the opportunity of playing in a final in Croke Park and pushing on from there."

Keane how hails from St Mary's in South Kerry is happy to declare that his style is simple

"I like to play football it's as simple as that. We try and go out and score more than we concede, but we play football because I believe that fellas would prefer to play on a team that plays football than a team that plays dour negative stuff."

### DERRY MINOR PLAYERS TO WATCH OUT FOR

#### PADRAIG MCGROGAN

Padraig McGrogan suffered Ulster final heartbreak against Donegal in 2016. But the bitter memories of that setback fuelled the Newbridge player with a huge motivation to come back this year and go one better. McGrogan is comfortable in defence or midfield but he's forged an impressive central partnership with Oisín McWilliams throughout the 2017 championship campaign. McGrogan was man of the match in Ulster final victory over Cavan, and he's also been prominent in the victories over Sligo and Dublin in the All-Ireland series.

#### LORCAN MCWILLIAMS

McWilliams was superb at full-forward against Dublin in the All-Ireland semi-final, as his man of the match display registered six points, including five frees. And yet McWilliams started the 2017 campaign on the bench, coming on against Tyrone in an absorbing Ulster quarter-final to score three points. He scored two points against Antrim and six points in the Ulster final victory over Cavan, before missing the All-Ireland quarter-final victory over Sligo. But McWilliams, a twin brother of ace midfielder Oisín, was back for the All-Ireland semi-final clash with Dublin. And his five points (four frees) were crucial as the Oak Leafers claimed a three-point win.

#### OISÍN MCWILLIAMS

We've referenced his midfield sidekick Padraig McGrogan but Oisín McWilliams has also been superb for Derry in the county's march to a first All-Ireland minor decider in ten years. McWilliams was excellent when Derry upset Tyrone in Ulster, and he also notched two goals against Antrim. He kicked a vital free in the Ulster final victory over Cavan and landed four points (three frees) as Derry edged past Sligo in the All-Ireland quarter-finals. McWilliams was also on the scoresheet with a point as Derry came through the Dublin challenge at the semi-final stage. And the pre-match underdogs will need him at full throttle around the middle of the field if Kerry are to be denied the four-in-a-row.

By Jackie Cahill

THE KERRY MINOR FOOTBALL PANEL FOR 2017 THIS WILL BE THE LAST KERRY TEAM TO COMPETE AT THE MINOR GRADE.

### WHEN THE SIDES LAST MET IN 2016

#### KERRY 1-24 DERRY 2-10

Kerry and Derry are no strangers to each other at this grade having crossed paths in last year's quarter final in which Kerry needed to produce a strong second half performance to see off the Ulster side.

The sides were level at the break 2-6 to 0-12 but they book their semi final passage by adding 1-12 in the second period with 1-23 out of their 1-24 coming from play.

Star of the show was Seán O'Shea who scored 1-6 for the Kingdom (0-6 in the first half) with David Shaw and David Clifford splling 10 points from play between them.

# CROKES CLAIM TITLE AFTER EXTRA TIME

## DR. CROKES 3 -20 KENMARE SHAMROCKS 2 - 20 - AFTER EXTRA TIME

Dr. Crokes were crowned Kerry Senior Club Champions at Fitzgerald Stadium on Sunday. The club ran out winners 3-20 to 2-20, after extra time. The teams finished 2-16 each in normal time. While this was a contest that neither side deserved to lose, Dr. Crokes got their heads in front in extra time because of their greater experience.

The Killarney team had the advantage of the very strong breeze in the first half.

It was nip and tuck in the first ten minutes of the 2nd half each side scoring three points with Crokes having the advantage of a seven point lead.

Kenmare had a purple patch in the next eighteen minutes as they sent over eight points

without reply to go into a point lead. Colm Cooper equalised in the 29th minute with a free from a very difficult angle. Gavin White had a point a minute later to put Crokes a point in front, as the game went into injury time. Kenmare, however did not capitulate but went down the field and sent over the equaliser to send the match into extra time.

Kenmare scored two points at the beginning of extra time (they had the strong breeze at their back in this half). The defining moment of the game came in the fifth minute of extra time when substitute Ambrose O'Donovan had a Crokes goal and this was the only other score in this ten minutes, giving Dr. Crokes a one point lead at the interval in extra time.

The teams exchanged points on two occasions in the first five minutes of the second period but Dr. Crokes finished the stronger with points from Daithi Casey and substitute Tony Brosnan.

## LEGION GAA CLUB NEWS

### KERRY MINORS

The very best of luck to Cian Gammell in this weekends All Ireland Minor Football final vs Derry in Croke Park. Cian has cemented his place in the team throughout the campaign. It would cap off a marvellous 18 months for Cian having already won 2 Hogan Cup titles with St Brendans College and also being involved in last year's All Ireland minor winning panel. Club member Chris Flannery is the teams physical trainer and no doubt he will have the team in prime physical condition. And not forgetting team manager Peter Keane who has yet to lose a game in his role.

Here's hoping the record holds for another day.

### DATES FOR YOUR DIARY

On Friday October 13th we are holding our Annual Golf Classic in the superb Killarney Golf and Fishing Club. Sean Murphy is the supremo behind our biggest fundraiser and he is currently busy finalising details for the big day. The following Friday, October 20th, we will be holding our now Annual Mass. Last years was a great celebration with young and old all present. There's more to a club than the on field activities and it provides members with an opportunity to mix afterwards with tea, coffee and light refreshments served afterwards. Every member is welcome.

### U13 BOYS

Our U13 boys had a busy week competing in the East Kerry League and also participating in the prestigious Lee Strand Invitational Tournament in Connolly Park. While results may not have gone their way the performances were excellent and this age group affords players, who may not have played regularly at U14 level, valuable game time which can only aid their ongoing development.

### GIRLS UPDATE

Our 16 girls have qualified for the East Kerry League final after an excellent week in Direen. They took advantage of 2 home games vs Glenflesk and Laune Rangers to make it through to the decider and they now await the playing of some back game to find out their opponents.

Legion girls continued their East Kerry campaign last Sunday evening at home to Scartaglen. The game proved to be a very tight affair with scores hard to come by.

Legion gained an early advantage with a well taken goal but as the half progressed, both

teams traded score for score before Scartaglen nicked in for a goal just before half time to go in ahead on a score of 1-4 to 1-3. The second half proved to be equally as tenacious with chances being missed at either end as well as cross bar and posts being hit. Legion appeared to be getting the upper hand as they grabbed a goal and went into a two point lead entering the final stages. However, Scartaglen rallied again and despite some fierce defending, Scartaglen scored a decisive goal with time almost up and followed it up with a point. In what was a very entertaining game, Scartaglen won on a score line of 2-10 to 2-7.

U14 girls also played a very entertaining and competitive game against Glenflesk midweek with which showed some excellent performances by some of the younger members of the panel in particular. Next up for u14 girls is an East Kerry game and a trip to Milltown/Listry on Sunday evening next.

The U12 girls had a tough battle vs Kilcummin before eventually going down by 2-8 to 0-7. They now continue the league on a round Robin format with games vs Kilcummin and Laune Rangers .

### SENIOR CLUB CHAMPIONSHIP FINAL

### DR. CROKES 3 -20 KENMARE

### SHAMROCKS 2 - 20 - AFTER EXTRA TIME

In a very exciting game (sometimes too exciting), we ran out winners 3-20 to 2-20, after extra time. The teams finished 2-16 each in normal time. While this was a contest that neither side deserved to lose, we got our heads in front in extra time because of our greater experience.

We had the advantage of the very strong breeze in the first half and while our mentors would have been happy with our tally of 2-11 at the interval, they would not have been happy with our defending as we conceded two goals and four points in this first thirty minutes. As it was very hard to score when playing into the strong wind one wondered if our seven points lead would be enough to carry the day.

It was nip and tuck in the first ten minutes of the 2nd half each side scoring three points. We would have been happy at this stage as we still had held on to our seven points lead. Kenmare had a purple patch in the next eighteen minutes as they sent over eight points without reply to go into a point lead. Colm Cooper

equalised in the 29th minute with a free from a very difficult angle. Gavin White had a point a minute later to put us a point in front, as we went into injury time. Our opponents however did not capitulate but went down the field and sent over the equaliser to send us into extra time. I don't think Kenmare had any wide in the second half.

Our opponents had two points at the beginning of extra time (they had the strong breeze at their back in this half). The defining moment of the game came in the fifth minute of extra time when substitute Ambrose O'Donovan had a Crokes goal and this was the only other score in this ten minutes. This gave us a one point lead at the interval in extra time.

Despite having the elements at our back in the second half of extra time and a one point lead we had to fight hard for victory. The teams exchanged points on two occasions in the first five minutes of the second period but we finished the stronger with points from Daithi Casey and substitute Tony Brosnan. We had nine scorers on the day.

## SERENITY PRAYER

September 10th, was World Suicide Prevention Day. The theme "Connect, communicate and care" indicates that in order to combat suicide we must connect at various levels. At Kerry LifeLine we strongly believe that we can all work together towards being better connected. Through sharing information, expertise and time, we can do a great deal to help those who are feeling vulnerable to suicide. Through our combined efforts a difference can be made.

**You are not Alone**

If you are feeling despair and having thoughts about taking your life – it's really important to know that these are just thoughts. No matter how overwhelming they may seem, you don't have to act on them. You may feel like there is no way out of the pain you are feeling. You may feel you can never escape the stresses in your inner and outer world. What I really want to say to you is this; even though you have these thoughts now, however impossible it might sound, there is light at the end of the tunnel. No matter how big or small your problem may be, even if it's just a tiny glimmer, never give up hope. Don't keep these feelings hidden, there is no shame. Know that you are not alone. Many people experience feelings of hopelessness and despair. Jenny is one such person.

**Jenny's Story** "There were times when I felt no way out of this prison of my mind. I just wanted the pain to end. I wanted to disappear. I tried to kill myself but looking back now I'm so grateful I got the right support I needed. In counselling I was able to talk about whatever was on my mind. I had always felt not good enough and somehow thought what had happened to me was my fault, even though I was just a child. I thought it would be best for everyone if I died. I know now I couldn't have been more wrong. After counselling, the 'demons' in my head have quietened and I've moved to a better place within myself. Yeah, sure I have down days but nothing like before. I've started a new course and for the first time ever I'm looking forward to the future." .....Jenny (not her real name)

### **Steps to take**

You do not have to suffer in silence. If you are in despair please talk to someone. Whilst it may feel like a difficult thing to do it's really important to speak to someone who may be able to help. This may be a family member, a friend, your GP, a teacher or a counsellor. There are people who understand what you are going through. You don't need to go through this alone. If this seems like too much of a challenge you can call the Samaritans: 116 123

To coincide with World Mental Health Day in October, SouthWest Counselling Centre will be having an annual fundraiser on 6th October. We ask all companies, Schools and Community Organizations to hold a Civvies Day for a FIVER FRIDAY. We will also have a Coffee Morning at Lir Coffee shop 10am-2pm. ## THIS COUPLE DEDICATED THEIR LIVES TO CARING FOR ABANDONED CHILDREN

China's One-Child policy, which limited urban families to one child and rural families to two children, started in 1979 and began to lose favour in 2015. Because of the desire of Chinese couples to have male children, millions of baby girls were aborted in sex-selective abortions and many more gave up their girls to orphanages, allowing families outside of China the chance to have a daughter.

However, some of the girls born in China under the One-Child policy were abandoned in the streets.

Yu ShangZhong and his wife from Wenzhou, Zhejiang adopted their first daughter 35 years ago when he was aged 40. About four years later, he found a baby girl dumped in a paper box in his village and they decided to call her their own. Their third child was also a girl he found abandoned at a nearby pavilion, over the years, Yu and his wife started taking in more and more unwanted children until the girls numbered 12 in all.

But life was hard for the family as Yu, the sole breadwinner, earned little money holding only temporary jobs before he finally found more stable work in a mortuary.

"We had tough days. When I was a little girl, my mother carried me on her back, collecting scraps or even begging," said Yu Caisong, the eldest girl now aged 35. "People gave us money and some old clothes."

When one of the 12 girls died from disease, Yu and his wife were grief-stricken, they felt laden with guilt and decided to give up their remaining children for others to adopt so they could have a chance at leading better lives, the elderly man said, adding that he and his late wife eventually kept five of the girls with them. The four youngest girls managed to make it to college despite their poverty. The two youngest which he had found as babies in paper boxes containing their birth information as babies in a span of three days will enrol in a university in Wenzhou this autumn and although the college tuition fees will be partly subsidised by the Wenzhou authorities, it will be still be a challenge for the family to provide for their daily expenses on campus.

## ADDITIONAL USES FOR LIP BALM

Lip balm is a great way to protect the delicate skin of your lips in the winter and the summer alike. If you thought that tube of chapstick in your bag was good for only one thing, just wait until you see what else it can do!

1. Blisters happen if you're wearing a particularly stubborn pair of shoes, rub some lip balm over the affected areas. It will cut back on chafing and ease your overall discomfort.

2. If a too-small ring gets stuck on your finger, rub a bit of lip balm below and above the ring. This should help loosen it up so you can slide your jewellery right off!

3. When you've got a cold, all that sneezing and blowing can leave your nose chapped and raw, applying a bit of lip balm to those areas will help soothe them and also help keep the skin moisturised.

4. While lip balm is not a permanent solution for an open sore or wound, it can help keep the affected area clean and protected until you can find a more permanent solution. Just don't share that lip balm later on!

5. Applying lip balm to the surface of your leather shoes can help give them a beautiful shine and make it easier to bend back into shape.

6. Flyaway hairs and Split ends: If you're one step away from looking fabulous because of stubborn flyaway hairs, lip balm is your best friend. Do not apply it directly to your head, instead rub some on your fingers and then run your fingers through your hair. Make sure to use this trick sparingly for best results! Carefully applying lip balm to the ends of your hair can act as a protecting balm that will keep your split ends from giving you any real trouble.

9. Stuck zippers: We all know how frustrating it can be to get the zipper on a coat or dress stuck on itself. Rather than risk ripping up the coat, go ahead and apply some balm to the area surrounding the zipper to help it gently release.

10. When you go too long without wearing earrings, even old ear piercings can begin to heal, making it difficult to get earrings to fit into the holes without risking infection or discomfort. Applying lip balm to the piercing site and the earring post can help with this.

## HAVE WHEELCHAIR WILL TRAVEL

22 year old Braeden Jones has cerebral palsy and is non-verbal and has travelled all around Australia and to the USA three times.

He and his family are on a mission to prove that

people with disabilities can be globetrotters, despite the challenges of travelling with a wheelchair or other extra needs.

It all started in 2011, when the family won a trip to the USA. "I used to work as a travel consultant, so I really knew how to research all the details for the trip — where the entrances were, which were accessible, what the concessions were, all the nitty gritty information," Braeden's mother Julie Jones said. "I really wanted to take the kids to Disneyland and I wasn't sure how well that would go and whether it would work for us. When it did it was just the most liberating feeling in the world and we just came back filled with so much joy" she said.

Ms Jones decided to share all the information she had found for their trip on the internet, so other people with disabilities, and their carers or parents, could use it as a resource.

Since then the website, Have Wheelchair Will Travel, has grown into an online community where people are encouraged to ask any travel or accessibility-related questions, and to offer their own information and experiences in return.

"People ask really specific questions on the website," Ms Jones said. "They're very interested in hotel accommodation and knowing what facilities are in the hotel, what's nearby, what's in the room, whether the bathroom will suit them, whether they can fit a hoist under a bed etc and we get really lovely comments from our readers".

## STUDENT DROVE INTO HURRICANE PATH TO RESCUE ANIMALS AT RISK

Connor a 22-year-old college student was preparing to head back to school when his mother, who volunteers with Lucky Lab Rescue and Adoption, saw a social media post from a foster home in Corpus Christi. The post said that two dogs, named Thelma and Hercules, desperately needed to be evacuated from the area. Connor then decided that he was the man for the job.

"I said why not? And jumped in my truck, I didn't really think — I just figured someone needed to help them."

Connor made the 4-hour drive south from Austin, Texas to where the dogs were in Corpus Christi. Not only that, but he was also driving towards the hurricane that everyone was running away from.

The student, who requested that his last name is withheld, had never conducted an automotive animal rescue before — but after a long day of driving, Connor was able to transport both

Thelma and Hercules to safety at their new foster homes.

## ODDS OF 1 IN 33 THOUSAND

Beauden Matthew James Eppard of Colorado was born on July 1st. His father Connor James Eppard was born on July 1st, 1990 and the little 8 pound, 11 ounce bundle of joy's great grandfather James Morrisette came into the world on July 1, 1931.

That makes Beauden the third male child in four generations to be born on that particular date and according to the "experts" the odds of that happening in a family are thirty three thousand to one.

## WHY ARE THEY COUNTLESS APPLICATIONS FOR PETS THAT HIT THE HEADLINES WHILST EVERYDAY PETS IN NEED OF HOMES ARE IGNORED?

When a cat ran across the outfield of Busch Stadium while the St. Louis Cardinals and the Kansas City Royals were playing a Baseball game, it took the internet by storm. The cat was quickly picked up by one of the grounds crew, but that became a show in itself as the cat bit him as he "escorted" it from the field.

The internet did the rest, naming the cat "Rally Cat" due to the way the game turned after it ran across the field.

The feral cat was brought to a local shelter after being ejected from the game. Now, there are more than a few forever homes being offered for the Rally Cat including the St. Louis Cardinals organisation which said "the cat will be cared for by our team, making the Cardinals Clubhouse his home". Baseball is a game fraught with superstition, and it's not every day that you're handed such a valuable good luck charm. The Feral Cat Outreach is still working with the Cardinals, but it isn't as cut-and-dry as the team may like. The shelter wants what's best for Rally, and that may not include going to the Cardinal's organisation.

The publicity is of course very good for the shelter; let us also hope it will be equally good for the non-famous cats and that the people who will not be able to adopt Rally Cat will offer homes to the other cats in the shelter instead. Surely the whole point of adopting a pet is to offer it love and comfort, every single pet that has been abandoned or is in a shelter because their owner is no longer in a position to take care of it are equally entitled to that love as the "famous" and there are thousands of pets in the Country to choose from. To my mind at least, those that only look for the "famous" are not offering good homes, they only wish to be status symbols themselves.

## THE RULES THAT PIRATES USED TO LIVE BY

Back as early as the 16th century, pirates roamed the high seas, robbing and plundering with zestful abandon. For a pirate, every single day was an adventure and every day could be their last.

\* Any time a group of pirates returned from a successful plunder, all of the loot was collected and counted. Once a total was recorded it would be divided and distributed to the men. The size of their portion was directly determined by the rank they held on the vessel.

\* Every man regardless of their rank on the ship got a vote of "affairs of the moment" and that included the appointment of the ship's officers, when it came to punishment though the Captain's word was law. Any and all food, water and alcohol was divided up equally between the men.

\* Once a ship had been successfully plundered, the men were allowed to take any and all personal items they liked from the ship. However, anything like gold or jewellery had to go into the common pot. Theft was punishable by death or marooning.

\* Fighting among pirates was strictly forbidden while on the ship. Violators got 40 lashes courtesy of the captain. Most disputes between pirates were settled once they got to shore where swords and guns were fair play.

\* The loss of a limb while on pirate duty was compensated with 800 pieces of "eight." At the time, a piece of eight was worth 1/8th of a dollar – about \$100 for losing a leg or an arm. Accounting for inflation, which would be about \$3,000 today.

\* Gambling was not allowed on the ship itself. All games of cards and dice were reserved for the times when they got off the boat and had a chance to spend the money they had worked so hard to earn.

## COUPLE GOT MARRIED ON MT. EVEREST BASE CAMP

James Sisson and Ashley Schmieder have become the first couple to ever get married at the base camp of Mount Everest in a tuxedo and wedding dress – and though they say that it was a long and arduous journey, they said the photos are proof that the event was worth it.

The couple had planned on doing something dangerous and daring for their wedding, but they had not thought about the world's highest mountain until it was suggested by Charleton Churchill: a self-proclaimed adventure wedding photographer.

Mr. Schmieder contacted the photographer one year in advance and started hashing out plans for the trip. The duo hired a crew that would escort them up the mountain, and to prepare, they went to the gym obsessively to get in shape for the hike.

Then, in March, the troupe flew from Seattle to Dubai, then to Kathmandu in Nepal. With their lightweight wedding outfits and gear strapped to their backs, they began the weeklong hike up the mountain but there were some serious challenges along the way. Mr. Churchill got food poisoning, which prevented him from sleeping well and the groom came down with the "Khumbu cough" halfway through the journey.

After eight days of difficult hiking, they finally donned their wedding outfits and said 'I do' and though they both were wearing wool long johns under their fancy getups, they still had to endure minus 20° C weather at 17,600 feet. According to their Sherpa guides, the mountain also dumped more snow on them during their journey alone than the rest of the winter combined.

## PRAYER TO THE VIRGIN MARY

### NEVER KNOWN TO FAIL

O Most Beautiful Flower of Mount Carmel, Fruitful Vine, Splendour of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in this my necessity. O Star of the Sea, help me and show me herein you are my Mother. (Make request). O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succour me in this necessity. There are none, that can withstand your power. Oh show me herein you are my mother. Oh Mary conceived without sin, pray for us who have recourse to thee (3). Say this prayer for 3 consecutive days and then publish it and request will be granted to you. This prayer must be published in thanks giving for favours received. And thanks to the universe.

## THE MIRACLE PRAYER

Dear Heart of Jesus in the past I have asked many favours. This time I ask you this special one, (mention favour).  
Take it dear heart of Jesus and place it within your own broken heart where your Father sees it.  
Then in his merciful eyes it will become your favour not mine.  
Amen.  
Say this prayer for three days. Publication of prayer and favour will be granted.

## A WORD OF VICTORY

Welcome back dear reader Hosea chapter 4:6 says "My people are destroyed for lack of knowledge, because you have rejected knowledge I will also reject you" - what knowledge is being spoken about here? Jesus is talking about God's Word the Bible that has been given to us to know and to follow and diligently do what it says in order to make our way prosperous and blessed (Joshua 1:8). Now, the problem arose when religious leaders began to interfere with the Scriptures and changed them around to say something that is not being said at all. For example Scripture tells us that poverty is a curse of the law - but man's teaching says it brings us closer to God! God says it robs us from enjoying life and that He gives us all things richly to enjoy (1st Timothy 6:17). We all have in us a desire to prosper and have nice things, but the Word says 'as a man thinks in his heart so is he'. If we have been taught to think that poverty is godly, it blocks the blessings of God from coming into our lives. It has been taught that money is the root of all evil, but the Bible actually says not money, but the love of money, is the root of all evil (1st Timothy 6:10). There is a big difference. If we think that money is the root of all evil when opportunities comes to make money the conflict within us about what is right and wrong will stop us from receiving blessings. "Let them shout for joy and be glad, that favour my righteous cause; yea, let them say continually, let the Lord be magnified, who has pleasure in the prosperity of His servant (Psalm 35:27). "The blessing of the Lord makes one rich, and He adds no sorrows with it" (Proverbs 10:22). A great curse on the human race - and we in Ireland have not been spared from it, is the curse of debt. "The rich rule over the poor, and the borrower is servant to the lender" (Proverbs 22:7) - this is quite evident in the disturbing news we see happening every day with people losing their homes and their businesses because of debt. Friend there is a way to live debt free and prosper and here at Word of Victory we teach and train people on these things. "How can they call on Him to save them unless they believe in Him...and believe in Him if they have never heard...the good news?" (Romans 10:14-15) More next week.....

## LET'S PRAY TOGETHER INTO THE WORD

Please answer my prayer, oh God when I am in distress, you show me the way. I know you here my prayers, Lord God. My life is a honour to you, but people don't see it this way.

People use inappropriate words and lies, but see this as ok.

But godly people, the Lord will set apart for himself. Put your trust in the Lord. Lift up the light of your face upon us God you have put joy into our hearts and give us peace. When we lie down and sleep, and give us safety. We have to follow Gods leading to have a good life. Our Loving Father in Heaven hears all our prayers and never forgets them.

Amen. Psalm4
