FUNDRAISER RAISES OVER €44,000 FOR IRISH CANCER SOCIETY

Raising over €1,000 for every kilometer they ran, the family of Linda Lucey Eviston have completed a marathon in her honour in a time of four hours and seventeen minutes.

Patrick and Erik Eviston were supported on their journey by Alannah Eviston on Saturday last on a route that took them past landmarks which were an important part of Linda's life.

"We are delighted to have completed it and for all the support. It was especially nice to see many friendly faces on the way and at the finish line" Patrick told Killarney Outlook.

The family decided to run a to raise money for the fight against cancer on behalf of their brave and beautiful Linda who passed away last October, and completed the fundraiser on the eve of her first anniversary.

"Linda was diagnosed with breast cancer in 2007 whereupon she underwent surgery, chemotherapy, radiotherapy and hormone treatment. Despite some serious setbacks, Linda returned to good health, but sadly the cancer returned in 2015 and we were told that it was terminal.

Pictured at the finish line at Brook Lodge Hotel on Saturday last were Marcin Szczurek with Patrick, Alannah and Erik Eviston

Supporting the fundraiser at the former Loreto Convent Secondary School were Brooke Keogh, Karen Lucey, Stephanie O'Callaghan Jacqui Koskhan, Aisling Crosbie and Joanne Pierce.

Linda continued to live a full life and care for her family until passing on the 10th of October 2020.

With over €44,000 raised to date and the fundraiser still open, all funds raised will go to the Irish Cancer Society, specifically, the palliative care night nursing service for families, caring for their loved ones at home.

"The nurse's support and compassion is indispensable", Patrick said. "Also, we want to support clinical trials for new cancer treatments. These trials offer hope for patients when all

other treatments are exhausted", he added. In favourable weather conditions last Saturday Patrick and Erik were joined by Patrick's training companion Marcin Szczurek on a route based on landmarks that were an important part of Linda's life. Starting from the family home in Dromkerry, onto Killarney passing the Eviston House Hotel, Linda's grandmother's

home at Park road, Linda's childhood home and national school in Glenflesk, Loreto where Linda attended secondary school, back to Killarney and finishing at Linda's pride and joy - Brook Lodge Hotel.

If you would like to contribute to the fundraiser you can do so on <https://www.justgiving.com/fundraising/inhonouroflinda>

The finish line: Patrick and Erik Eviston complete their marathon in honour of Linda Lucey Eviston and in aid of The Irish Cancer Society.

Killarney's PURPLE REIGN TO CONTINUE

Celebrating Killarney's renewed Purple Flag status are Mayor of Killarney, Cllr Marie Moloney; Cllr Niall O'Callaghan, Purple Flag Committee; Frank Doran, Chairman, Purple Flag Committee and Niall Kelleher, President, Killarney Chamber of Tourism and Commerce. Picture: Don MacMonagle

Killarney has been officially accredited with being a vibrant, exciting and safe place to live in and visit by night.

It has been confirmed this week that the town has retained its prestigious Purple Flag status which is an international awards scheme for towns and city centres that excel after dark. The recognition, considered a major international brand, is the gold standard for night time destinations and, like the Blue Flag scheme for beaches, recipients must meet exceptionally high standards and strict criteria to be receive approval to fly the flag. Killarney has received Purple Flag accreditation annually since 2014 and the official emblem flies proudly over the town hall as well as in the Glebe car park and Killarney Garda Station. Killarney's Purple Flag Working Group is spearheaded by the Chamber of Tourism and Commerce and it involves Killarney Municipal District Council, An Garda Síochána, local businesses, community organisations and schools. Purple Flag locations are deemed vibrant and well-managed between 5pm and 5am and the accreditation recognises excellence in the

management of the evening and night-time economy and the creation of a safe and friendly environment in which to live, socialise and work.

Factors taken into consideration during the adjudication process included after dark safety, cleanliness, vitality, cultural stimulation, lighting, the provision of public transport and broad appeal.

Mayor of Killarney, Cllr Marie Moloney, said for Killarney to secure the Purple Flag this year was a more significant achievement than ever given the unprecedented two years experienced in the town.

"It is great to see that Killarney had emerged from the pandemic with its reputation as a great place still very much to the fore. The recognition just goes to prove that Killarney is a great place to be and a great place to visit," the mayor said.

Purple Flag Committee Chairman, Frank Doran, has attributed the success to the quality and commitment of the working group and the businesses in Killarney town who operate in the night-time economy.

"In order to retain the Purple Flag we must

continue our work on an everyday basis to develop the entertainment, food, hospitality and public transport offering in Killarney," he said.

"The town will be subject to assessment again in 2022 and we look forward to working with local businesses and key stakeholders to help promote the area to the widest possible audience," Mr Doran added.

Killarney Chamber of Tourism and Commerce President, Niall Kelleher, said the last two years have not been what anyone expected and businesses and locals have had to explore new territory in the fightback against Covid-19.

"Retaining the Purple Flag is very important as Killarney needs every advantage it can get in order to recover from the impact of the pandemic.

"People all over the world are very much aware of just how wonderful Killarney is as a visitor attraction and as a welcoming, busy and fun place to be and this latest success just goes to prove that Killarney is just as charming after dark as it is by day," Mr Kelleher said.

A Mass of Commemoration for all those who fought and died in Kilcummin during the Irish War of Independence was celebrated last Sunday 10th October 2021 at 11.30am in Our Lady of Lourdes Church, Kilcummin by Fr Kieran O'Brien. There followed a walk to the Kilcummin Mass Rock where Fr Kieran laid a wreath. The event was organised by Kilcummin Historical Group.

The official opening of the new facilities at Kilcummin GAA Club will take place on Sunday, October 24th at 2.30pm by County Board Chairman, Tim Murphy and all are welcome to attend.

The facilities which include brand new dressing rooms, a referee's room, a training pitch, walking track and state of the art fitness centre and gym will be open to the public from 2-4pm on the day. Members and non-members are welcomed to come and take a look around and

to be a part of this important occasion.

The upgrading of the club facilities, which started in 2019 was made possible by generous support of club members and supporters from near and far, as well as funding received from the Munster Council and Sports Capital Grants. The Executive and the Development Committee of the club have worked hard to bring the project to fruition but it is the countless hours of the dedicated and committed volunteers that ensured it became a reality. It could not have

happened without this collective effort. The new facilities are a huge source of pride for the club and local community and the official opening on the 24th is an event to celebrate this huge community project.

Club officers will be available to chat to anyone interested in memberships of the fitness centre or walking track and club merchandise will be available to purchase on the day. Light refreshments will be served. A Céad Míle Fáilte is extended to all.

An Interview with Maria Cantillon Murphy

www.busyatplay.com

Tell us a bit about yourself.

Hello, I'm Maria. I live in Farran, Co. Cork. I'm married to Eamonn and we have three children – aged 7, 3 and 1 years. They definitely keep me busy!

What is Busy at Play?

Busy at Play is an online store specialising in toys that will spark your child's imagination and curiosity. We don't do flashing lights or batteries but rather great quality toys that will inspire learning through play.

Why did you set up Busy at Play?

I saw a gap in the market for an Irish toy store specialising in toys with children's development in mind. Toys that focus on the skills children need to develop rather than the latest trend to be played with for 5 minutes then tossed aside. My passion for great quality toys led me to start Busy at Play in the middle of the pandemic. I know some people thought I was crazy but I was confident in my business and knew that customers were becoming more discerning and demanding better toys for their little ones.

When did you set up Busy at Play?

In November 2020, I took the plunge and left my job working for a US multinational for 10 years to start Busy at Play.

Do you have a bricks and mortar store?

At the moment, we are a fully online retailer. You can see our store at www.busyatplay.com

Did you always want to have your own business?

I have always been entrepreneurial like my late father. You could say it's in my blood. Growing up I was the girl who was having jumble sales and over the years I have had many businesses on the side. During my college

years, I was an avid eBay seller which helped me fund my education so running my own business was always something I was drawn too.

Where did the concept for Busy at Play come from?

When we had our first child over 7 years ago, I knew little about toys or the importance of play for children. We had a toy room full to the brim of loud toys with flashing lights, so many that you could barely see the floor! We wondered why our little girl didn't play by herself with so many toys. Through my own research and observation of my children over the years, I have learned that children are overwhelmed by too much and toys that are "busy". After all, children should be busy, not toys!

How did you come up with the name?

It's a play on the phrase "busy at work". After all Maria Montessori said that "play is the work of the child". Play is as important to children as work is to adults. When this became clear to me, I knew that I wanted my children to have the best toys to play with as play is so developmentally crucial for them.

Do you have people working with you?

At the moment Busy at Play is very much a family business. When it's busy, which is thankfully often, it's all hands on deck. My girls are pretty handy at labelling and my husband is a dab hand at box making and post office runs!!!

Where do you see Busy at Play in 5 years?

I see Busy at Play going from strength to strength. I am constantly on the lookout for new, exciting brands that fit my portfolio. Having a bricks and mortar store is the ultimate dream. I'm sure I could get my children to help out on holidays and at the weekends. They are pretty good brand ambassadors already.

Why should people buy from you?

I am a local business with a passion to bring great quality toys to my customers. Each product I sell is carefully selected with children's development in mind. On my website: www.busyatplay.com you can search by age, brand and most importantly by developmental skill. The toys I sell are tried and tested on my best and most honest critics – my children. If it doesn't pass them, you won't find it on Busy at Play. For me the most important aspect of my business is my customers. After all, I wouldn't have a business without them. I strive for excellent customer service in a way that large retailers often fall short.

Can you recommend products for a 10 year old, a 6 year old and a 3 year old for Christmas?

For a 10 year old I have a fabulous World Magnetic Map that comprises 92 separate country magnets to learn about different countries and cultures. It doubles up as wall art as well for a bedroom.

For a 6 year old I would recommend one of our Haba 3D arranging games. The aim is to make the designs from the wooden blocks shown on the cards provided. There are varying levels of difficulty so this is very much one that will grow with your child.

For a 3 year old, we have a gorgeous wooden brand called Lubulona who make tunnels, houses and vehicles to spark hours of independent play.

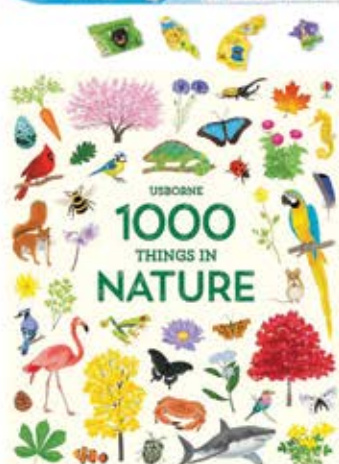

How do I contact you?

If you need any help of advice choosing a gift or would like any product information, you can contact me through the website chat, at my email maria@busyatplay.com or by phone at 0876215107.

In order to minimise traffic impacts and complete the works in an efficient and safe manner the works will be carried out at night.

The working hours are 7 pm to 7 am, Monday evening to Friday morning for the duration of the works. One lane will be closed during these night-time working hours with a stop-go system in place for these hours.

Works will commence on the south side of the level crossing at Farranfore Train station and proceed toward Killarney for approximately 1km.

The works do not cross the railway tracks. The N22 Killarney to Tralee Road will remain fully open during the day, from 7 am to 7 pm, throughout the works.

Irish Water would like to thank you for your patience and cooperation as works progress.

Residents and businesses in the areas of the works will be notified, and customers can call the Irish Water customer helpline on 1800 278 278 for any questions in relation to the works.

CASTLEISLAND COMMUNITY COLLEGE AWARDED 5TH GREEN SCHOOL FLAG

The Green School Programme is student-led and it promotes long term, whole school action to protect the environment. Ms Killington began the programme with Transition Year students 10 years ago along with Mary O Sullivan (Housekeeping) and Maurice Casey (Care taker) when the school obtained its first flag for litter and waste. This was followed by the energy, water, biodiversity and travel flags. The travel flag (which was awarded this year) aims to create awareness of pollution caused by travel e.g. car and bus pollution. One of their initiatives for this flag was to take part in the International Global Air Quality Campaign funded by NASA and the Environmental Protection Agency. This involved assessing the air quality of the school in three different locations. The air quality found on the school grounds was one of the best readings recorded by an Irish school. The promotion of a healthier and more active lifestyle was also encouraged and students took part in a photography competition during the national lockdown in 2021. Students took photographs of nature for this competition that were within walking distance of their home. The Green School Committee has begun work this year on the 6th Green Flag- Global Citizenship for Litter and Waste.

The success of the Green School Programme in Castleisland Community College has resulted in many cross curricular projects taking place. The promoting of a sustainable environment

and climate action is strongly embedded in the school ethos and this resulted in the school being recognised by the Department of Education last year. Students presented to the Minister of Education- Norma Foley,

Department of Education Inspectors and Unicef Ireland for the World's Largest Lesson and relayed the various projects undertaken since the Green School Programme began in the school.

Rev Jim Stephens (1st left) with some of the Tralee and Dingle parishioners who raised €600 for Christian Aid Ireland with their walk from Anascaul to Inch beach on 5 September.

A fundraising walk by members of the Tralee and Dingle group of Church of Ireland parishes has raised around €600 for Christian Aid's work in some of the world's poorest communities overseas. Seventeen parishioners set off from Anascaul on refently and walked the 8 kms to Inch beach before returning to

Anascaul where they enjoyed refreshments at the Hoffman family farm.

They were generously supported by members of the parish who were unable to do the walk on the day.

The walk which was organised by Tralee rector, Rev Jim Stephens took place amid perfect

weather conditions, allowing the group to enjoy views of Inch beach, the Iveragh peninsula and Anascaul lake.

Christian Aid Ireland Chief Executive Rosamond Bennett thanked the Tralee and Dingle parishioners for their fundraising efforts:

"We are grateful to Rev Jim Stephens, to all the walkers and to the many other members of the parish who sponsored them. This fundraising walk comes at a time when Christian Aid Ireland is helping people on the frontline of the global hunger crisis – hunger that is made worse by conflict and climate change."

To help Christian Aid Ireland reach more people affected by hunger, please visit caid.ie/Hunger or telephone 01 496 7040 to make a telephone donation.

IT'S AN EXCITING TIME TO BE A FIRST-YEAR STUDENT AT SECOND LEVEL

By Billy Ryle

Incoming students to second level have spent the past few weeks adjusting to the major changes associated with a new school environment. Post-primary schools are exam focussed and provide a curriculum with a broad range of subjects and extra-curricular activities.

The Junior Cert has been replaced by the Junior Cycle Profile of Achievement (JCPA). Six new grade descriptors - Distinction, Higher Merit, Merit, Achieved, Partially Achieved and Not Graded - have replaced the old ABC grades. The JCPA also records student achievements in class-room based assessments (CBA) under five descriptors - exceptional, above expectations, in line with expectations, yet to meet expectations and not reported. The JCPA also records other achievement in areas such as sport and debating.

Students are usually more excited than anxious about moving to second level and adapt seamlessly to the transition. Having been the senior students in primary school, they start again on the first rung of the ladder as new first years. They arrive into a big school, with a large student population, from the familiar primary school where they were secure and comfortable. They must adjust to a subject specialist teaching system where not only the subject and teacher changes, but where movement to different classrooms is involved.

They must adjust from the single class teacher system of primary education. At second level, students are taught by nine or ten different teachers, each with a different style and personality. Students, who have been in the same class in primary school, often find themselves in different classes in first year. They initially miss their close friends and look forward to meeting them at mid-morning break, at lunch time and at extra-curricular activities. While the separation does cause

concern for some students, most of them take it in their stride and enjoy making new friends.

First years quickly come to terms with the demands of secondary education. They adapt to the class period system, the new subjects, the formal house exams and the sheer size of population and physical infrastructure. The long busy school day causes fatigue during the initial weeks and students look forward to the home comforts in the evening. Many students have to travel longer distances to school. That means an early start and a late return in the evening. Homework then has to be completed for the following day's classes.

First year is one for developing time management and study skills. The ROCAR system works well in first year. Establish a daily ROUTINE for studying at home. ORGANISE your books and materials, your study room and the time you allocate for study. CONCENTRATE on your study by removing any distractions such as mobile phone. APPLICATION means devoting two and a half hours per night to your study. REVISION, or going back over material already covered, is a vital skill for doing well in exams.

Parents play a key role in their child's move into second level. Provide a secure home environment with plenty of psychological and emotional support. Invest time in your child and be there when you're needed. Let your child know that s/he is loved and valued irrespective of her/his shortcomings. Give your child lots of encouragement and set realistic targets that s/he can reach. Avoid comparisons with siblings, cousins or neighbours' children. Take interest in your own child's work and praise the effort not just the performance!

Provide good study facilities for your child. Check her/his homework diary from time to time to confirm that the work is done. Help out

where you can but under no circumstances, should you do your child's homework. Keep the communication channels with your child open. Dialogue and an occasional expression of interest maintain a good relationship.

Attend the parent/teacher meetings and information meetings at the school. Most schools have a parents' association, which organises activities to support the school. Join up, get involved and make a contribution. With the school, the parents and the student working in harmony, transition from Primary to Post-Primary can be very smooth indeed!

SENIOR CYCLE STUDENTS ENJOY ART TRIP

Last Thursday 7th Oct St. Brigid's 5th and 6th year Art students travelled to Dublin as part of their Art history appreciation studies. They visited the RHA (Royal Hibernian Academy) to see the 191th annual exhibition, which showcases a diverse range of work and style by creatives from all walks of life. Following this they took part in a walking tour of Dublin Street Art, which allowed them to see Ireland's contemporary public art scene and how it can be influenced by or provoke social commentary on a range of issues.

KERRY AIRPORT FIRST IN THE WORLD TO PROVIDE

TAILORED COVID TRAVEL INFORMATION FOR PASSENGERS

KERRY Airport Ireland has teamed-up with RDI Hub-based company SafeScore to be the world's first airport to provide passengers with tailored and reliable information to effortlessly track country entry requirements.

By clicking on the Important Travel Documentation icon on www.KerryAirport.ie passengers will quickly find details of the Testing, Covid-19 Travel Documents and Quarantine requirements as well as the Vaccine Acceptance in destination countries.

The CEO of Kerry Airport Ireland, John Mulhern, said: "Kerry Airport, unlike other airports and indeed airlines, has experienced good volumes of passenger traffic since the restrictions were eased in July. This is a welcome development, however, one of the biggest disruptors to the recovery of the travel industry has been a lack of clearly communicated data within countries and between countries. We are proud to partner with SafeScore, a local company, to bring the latest Covid-19 information to our passengers."

SafeScore, which is based in Killorglin's RDI Hub, was founded in 2020 to solve the problems experienced by passengers when travelling the globe. The company's solution allows travel providers to reduce the strain on both themselves, and their customers.

The CEO and Lead Founder of SafeScore, Nicholas Gorman, said: "We are grateful to Kerry Airport for embracing our technology. We have all the data airports and airlines need to ensure smoother transitions, and improve the customer experience. Some of the important data points we include are, child PCR testing ages, locator form information, specific vaccine requirements, and more. We are origin and destination-specific, internationally and we will play a greater economic role than ever when attracting investment and tourists to the region.

Kerry Airport currently services five Ryanair routes to London Luton, London Stansted, Manchester, Dublin, Faro and Alicante. For information on flights and schedules, visit www.KerryAirport.ie or phone +353 66 9764644.

BUSINESS OUTLOOK

GROW YOUR BUSINESS HERE - WITH US!

John Healy.

Professional indemnity insurance provides cover for claims against you or your company for the financial consequences of negligent acts, errors, omissions or breaches by you or your company when providing a professional service. If you advise others in your daily profession then you may be exposed to claims for breach of your professional duty

of care.

A wide range of professional services would require professional indemnity cover, examples include

- Accountants
- Architects & Interior designers
- Engineers and surveyors
- Design and construct professionals in the building, electrical and mechanical trades
- Professionals in the training, media and technology industries.
- Solicitors and members of the Legal profession
- Estate Agents & Auctioneers
- Management & marketing consulting firms
- Health & Safety consultants
- Employment agencies & Training consultancy
- General Service companies & Consultants

How much cover do I need?

• The limits of indemnity can vary from a minimum €100,000 to many millions. The limit should reflect your business needs and exposures. The policy will cover the legal costs in defending actions brought against you for any breach or failure in the course of your work that could cause financial loss to others.

How much is the policy excess?

• Professional indemnity claims excesses (the

PROFESSIONAL INDEMNITY INSURANCE

**JOHN HEALY FROM HEALY INSURANCE LOOKS
AT PROFESSIONAL INDEMNITY INSURANCE**

amount of money payable by you in the event of a claim) can start from €500. Opting for a higher claims excess will reduce the quote so it is wise to get as many options as possible to suit your needs.

What does a "Claims made" policy mean?

• Professional indemnity Insurance covers claims that are actually made while the policy is in force, even though the error causing it may have happened years prior. It is vitally important therefore that professional indemnity policies are kept renewed and up to date. Even after a business has ceased a run off policy can be put in place for a number of years thereafter.

The market for professional indemnity has been highly competitive or "soft" for the last 10 years. Rates fell as insurers competed for business. As claims increased in frequency and value the market became unsustainable and therefore entered its current phase, a "hard" market. This cycle results in less capacity from the market and a significant shift as insurers increase rates and withdraw quoting for certain professions. At Healy insurances we have access to a wide range of insurers for professional indemnity and can search the market on your behalf. Give the team a call in advance of your renewal date.

KERRY SCHOOLS INVITED TO COMPETE FOR 'IRELAND'S FITTEST' TITLE

A call has gone out to schools in Kerry, and elsewhere across the country, from sprinter Phil Healy and fellow athlete, David Gillick, who have joined forces with Fyffes in a quest to find 'Ireland's Fittest School'.

Together, the Irish Olympians have recorded a series of workouts which they say are 'fit for even the least active' – exercise routines they hope schools will adopt as part of their PE curriculum.

In this latest fitness initiative, Fyffes has introduced a strong competitive element. Coupled with monthly and spot prize rewards, one successful school will have the distinction of being chosen as 'Ireland's Fittest School', the prize for which will be a visit from the Fit Squad ambassadors Phil and David and €5,000 worth of sports equipment.

Registration for the Competition, which runs from November until April, can now be made online at www.fyffesfitsquad.ie, with the overall winner to be announced in May.

Building on its campaign to promote fitness and healthy eating amongst young people, the proven Fyffes Fit Squad programme has been introduced to 20,000 plus pupils in a countrywide series of live school visits since its launch just three years ago.

Irish Olympians, Cork sprinter Phil Healy and fellow athlete, Dubliner David Gillick, have joined forces with Fyffes in an online quest to find 'Ireland's Fittest School'.

Last year, Fit Squad went online when schools were forced to close. With hundreds now awaiting visits, Fyffes says it is looking forward to resuming live sessions in schools 'when conditions permit'.

TOYOTA CONTINUES DEVELOPMENT IN ELECTRIFICATION WITH INVESTMENT OF MORE THAN €11.6BN IN BATTERY DEVELOPMENT BY 2030

Toyota Motor Corporation has announced it is investing more than €11.6bn in research and development (R&D) of batteries, electric motors and power control units for electrified vehicles between now and 2030. This continues Toyota's focus on electrification which started over twenty years ago with the introduction of self-charging hybrid vehicles. Toyota's ongoing goal is to accelerate the elimination of CO₂ emissions and ensure true carbon neutrality through the entire life cycle of the vehicles it produces by 2050. This investment is in line with Toyota's Environmental Challenge 2050 that was announced in 2015. Given that renewable energy is not yet widely available for the masses in many countries, Toyota, which is the worldwide self-charging hybrid (HEV) leader, maintains that HEVs still have a pivotal role to play in immediate CO₂ reduction. Without an abundant supply of renewable energy BEVs cannot effectively capitalise on their promise to deliver zero emissions in a mass market scenario. By Toyota's calculations, the CO₂ emissions reduction effect of three HEVs is almost equal to the reduction effect of one BEV. Looking at the extrapolation of Toyota's calculations, the 18.1 million Toyota HEV drivers are reducing the same

amount of CO₂ as 5.5 million BEV owners.

Toyota is already making major step changes in battery development across HEVs, plug-in hybrids (PHEVs) and battery electrics (BEVs). For HEVs, its focus is on continuing to drive improvements in instantaneous power, and for PHEVs and BEVs it is focusing on battery capacity and endurance. This can be seen in the new RAV4 Plug-in Hybrid which has best-in-class electric range of up to 74Km. Toyota believes its multi-billion investment will make for safer, longer lasting, and more reliable high-performance batteries at a lower cost, paving the way for more affordable zero-emission BEVs.

Applying the technologies it has cultivated through the production of more than 18 millions hybrid vehicles sold to date, Toyota said it will achieve battery cost reductions of more than 50% by 2030, while also achieving improved power consumption of 30%. Furthermore, its newly developed batteries will have a significantly higher capacity retention rate after 10 years compared to what has gone before, and for the forthcoming Toyota bZ4X BEV, Toyota has set a target of 90% endurance performance after 10 years of use, which is one of the highest in the world. This aligns with Toyota's long-established focus on the quality of its products, and aim to produce the best batteries in the world.

In Ireland, Toyota has long been a leader in sustainable transport, reducing CO₂ emissions by over 100,000 tonnes through its hybrids sold in 2019 and 2020. Along with this Toyota has the lowest average CO₂ of the top ten selling brands in the last five years and continues to lead the electrification of the fleet, with 92% of its 2021 sales being hybrid vehicles, and selling no diesel passenger cars since 2018.

Solid State

In regions where there is an abundant supply of renewable energy, Toyota believes the increased use of zero-emissions vehicles such as BEVs and FCEVs is crucial, and it intends to ramp up its development of same through its R&D investment. In terms of next-generation battery technology, Toyota is investing in the development and commercialisation of solid state batteries, which it believes will provide the best opportunity for mass market adoption of affordable BEVs, providing high output, significantly longer cruising range and shorter charging times. Toyota is already road testing a solid state powered electric car and is continuing to invest in the refinement and improvement of the technology to ensure it delivers upon its three key measures of safety, security and reliability.

An holistic approach

Toyota's ongoing strategy is to increase the selection of affordable electrified vehicles it offers to customers to ensure the right solution is available depending on where a particular region is at on its renewable energy journey. As such, Toyota will continue to develop hybrid HEVs, BEVs, PHEVs as well as zero emission hydrogen fuel cell vehicles.

Ultimately the company believes that the best way to effectively meet the urgent need for carbon reductions worldwide is to implement a fully holistic solution to achieve carbon neutrality. That means ultimately reducing CO₂ emissions to zero throughout the entire life cycle of a vehicle, starting with the procurement of raw materials and ending with the eventual recycling and disposal of batteries.

SOUTH KERRY GREENWAY

It is eleven years since the South Kerry Development Partnership completed a feasibility study on the the South Kerry Greenway and despite numerous other similar projects being up and running having started later, the people of Kerry are still awaiting the final Green Light to commence building. That is according to Kerry Fianna Fáil Councillor, Michael Cahill and Chairperson of SKDP an ardent supporter of the South Kerry Greenway from day one.

"We are very hopeful that Mr Justice Humphreys will give an ironclad go ahead shortly in the High Court and the people of Kerry can begin to plan for their futures, the futures of their children and their children's children" stated the Deputy Mayor of Kerry County Council and Cathaoirleach of the Kenmare Municipal District.

"The South Kerry Greenway is on everybody's lips, wherever you go, as it is seen as the great hope for a whole region and its people.

I represented Kerry County Council recently in London at Freeman of London, Danny Tim O'Sullivan's walking of his sheep across London Bridge and I was approached by many many emigrants looking for an update on progress of the South Kerry Greenway project" said the Rossbeigh based Councillor.

"The comment by most was that 'it's a no brainer' and 'it just has to happen'. They all see the possibility that they can return to their native shore with a livelihood available" said Councillor Cahill.

"As I have been saying from day one, all

necessary accommodations for landowners must be put in place so that everybody can equally benefit from the South Kerry Greenway. The substantial delay will have increased the overall cost of this project, but we cannot hold back, as at twice the price, it will be well worth the investment for generations to come" stated Councillor Cahill. "This will be a Lifeline and a Gamechanger for the people of Caherciveen, Iveragh, North, South, East and West Kerry. It can not be emphasised strongly enough, the 11th of October is a massive, massive day for the people of Kerry and for generations to come" added Councillor Cahill.

NORMA FOLEY WELCOMES MINISTER FOR HEALTH'S DECISION TO REIMBURSE LIFESAVING DRUG

Minister for Education and Kerry TD welcomes the Minister for Health's announcement that the drug Zolgensma will be reimbursed for the treatment of Spinal Muscular Atrophy (SMA) for patients who meet the specified criteria.

This decision, which represents a very significant development for the State as it is the first time Ireland has agreed to fund a drug for rare diseases, will ensure that a Killorglin child can now avail of this life altering treatment.

Minister Foley said: "I have raised this issue several times with my Cabinet Colleague Minister Donnelly and highlighted the vital importance of this life saving drug for the benefit of patients including a young patient from Kerry. I am delighted with today's positive announcement"

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

WHEN CAN YOU ACCESS YOUR PENSION & WHAT ARE YOUR OPTIONS WHEN YOU WANT TO RETIRE?

You can normally get access to your pension from age 60, a lot of the rules depend on whether you are an employee or self employed. If you are coming close to retirement then you are probably wondering what options you have when you want to get access to your pension. It depends on what type of pension you have but generally there are four options:

Tax Free Cash: Most people will be entitled to a tax free lump sum, the amount varies however generally you will get at least 25% of the value of your pension in a tax free cash lump sum.

Taxable Cash: You may also be able to take sum of your pension in taxable cash.

Annual Pension: This is a guaranteed income usually paid monthly for the rest of your life that is purchased with the money left after your tax free lump sum, this is subject to taxation.

Approved Retirement Funds: You may be entitled to keep some of your money in an approved retirement fund, money can be taken from the fund to give you a regular income, usually monthly. This is subject to taxation also. Taxation at retirement is often much lower than when you are working.

It is extremely important that you take your time and have all the options explained to you in plain simple English and that you understand all your options clearly before you make your final decision. As well as the above there is much more to be discussed about your pension. You should discuss your retirement options with a financial advisor who has access to a number of different pension providers before making any decisions, he or she will help you with the above options and any other queries you may have.

To discuss the above or any other matter Dermot Cronin QFA can be contacted at 0646622775 or dermotcroninfa@gmail.com

MOVING THROUGH CHANGE

I love all of the seasons; however, October always seems to bring a time of reflection, of taking stock and adjusting to what has unfolded throughout the year so far. Change has been the key word for many people over this past year and this seems set to continue as we move into 2022.

Changes can be tough to navigate, especially when they are changes that we didn't consciously choose. However, without change, nothing new can develop or flourish. This is seen, not only in nature in the falling of the leaves and the departure of summer days, but also within ourselves as we let go of what has been and move into what may come.

Mindful Mantras

Whenever you find yourself feeling overwhelmed or anxious about the future it can be helpful to use a soothing word or phrase to help your mind move into a calmer and more peaceful state. The words you use can be any that you particularly love and have a positive effect on you. However, here are some ideas of mindful mantras that you may like to use.

- I am relaxed, safe & peaceful.
- All is well, I am safe.
- I am supported in everything I do and who I am.
- Everything comes to me with ease and joy.

Repeat them gently to yourself whilst placing your hands over your heart or just stroking your own hands.

Noreen **WHAT Women WANT**
answers your beauty questions...

Why do I have such bad dark circles under my eyes?

Dark circles are on the increase as people spend more time than ever looking into computer screens or mobile phones while working or studying from home. This coupled with lack of sleep and stress really shows around the eyes.

blood vessels and pigmentation more visible. If older family members have dark circles too remember this can be heredity.

Try to switch off tv and phones an hour before your bedtime to allow your mind and body prepare for 7-8 hours of quality sleep. Try to take time out daily to de stress, find a new hobby like yoga or meditation. Dehydration or allergies could also be affecting your eyes so drink enough water and be aware of food or environmental triggers not suiting you. As we age, we lose fatty tissue under our eyes and the skin becomes thinner making

A good eye cream and under eye concealer can really help to lighten your dark circles and will brighten under your eyes. Try placing cold teabags for 10 minutes over your eyes, this constricts blood vessels and instantly brightens.

SURVIVING THOSE WINTER BLUES! [PART 2]

- Eat well to feel well. You are what you eat. Taking time to cook wholesome home cooked meals will boost your mood and keep you satisfied. Making sure you eat the colours of the rainbow and vegetable and fruit, just think if everything else feels and looks dull the least you can do is brighten up your dinner plate. Plus you will be boosting your immune system with those bug zapping vitamins and mineral found in fruit and veg.

- Embrace the winter nights with a warming fire, hot water bottle and Soothing hot drinks and use these nights to rest, relax, recover & give yourself a home spa treatment or a hot bath. Changing your mindset to a positive one and embracing the cold dark evenings as a chance to recharge and hit the sack early,

- Treat yourself to a spa day this weekend. No sun, no barbecues or parties to be running to so get yourself booked in for a nice relaxing spa day. Treat your body and mind and reap the rewards mentally,

- Try out something new. Like a new workout or new healthy dish. New experiences will stimulate your body and mind & cheer you right up.

- Try out something fun & active indoors; like our new indoor golf simulator that you can rent and play any course in the world with up to 3 friends. WHEN WAS YOUR LAST SIGHT TEST?

As well as an eye health check, a sight test may detect signs of underlying general health conditions, such as diabetes, high cholesterol, and high blood pressure. It is especially important in early identification of leading causes of preventable blindness such as glaucoma and diabetic retinopathy. Everyone should have a sight test every two years or more often if recommended.

Glaucoma

Glaucoma affects 1-2% of the population, and is a leading cause of sight loss. In the majority of cases, glaucoma is asymptomatic, so regular sight tests are important for detecting glaucoma. The majority of patients with glaucoma are diagnosed following referral from an optometrist. Without regular sight tests, the prevalence of late presentation, sight threatening glaucoma, would rise. Diabetic retinopathy

People with diabetes are at a high risk of developing retinopathy and possible blindness if untreated. Attending regular sight tests allows signs of developing retinopathy to be identified

Risk of falls

Uncorrected vision in older

people also increases the risk of falls. Falls are the leading cause of disability and death from injury among people over 75 in the UK

Risks for children

Undetected conditions such as amblyopia (lazy eye) have been shown to affect reading ability and therefore may impact on future educational attainment. Hyperopia, or long sightedness, has also been linked to poorer literacy in young children. Spotting vision problems through regular sight tests is critical to a child's future health and education.

Driving risks

Undiagnosed vision problems can increase the risk of accidents, particularly those that affect distance and side vision.

More people than ever can now avail of a free sight test using their PRSI or medical card.

>INTERMEDIATE CHAMPIONSHIP QUARTER FINAL RATHMORE 1 - 18 GLENFLESK 1 - 11

A lightning fast start to the match, together with a greater spread of scorers, propelled Rathmore into the semi-finals of the Intermediate Championship, after seeing off Glenflesk's determined challenge, in this hard fought quarter final.

The home side opened the scoring straight from the throw in. Fast ball into Shane Ryan creating a chance for Chrissy Spiers to open the scoring. A free from Mark Reen doubled the lead. Reen then got on the end of another fast movement, to finish to the corner of the net. 1 -2 to no score, with very few Glenflesk touches on the ball. Instead of being completely startled by this shocking start, Glenflesk began to find their men from Mark Kelliher's kick outs. They got their opening score when a good turnover ended with Darragh Roche splitting the posts. Jeff O Donoghue then added a second from an acute angle. O Donoghue's well struck free kept the momentum going, and helped by Denis O Connors, goal line clearance, they had levelled up the score's by the water break.

Rathmore had struggled since their blistering start. Passes had gone over

the sideline, and some bad wide's had been registered. Wing back Darragh Rahilly provided a settling score, before the evergreen Aidan O Mahony found the target with his left foot. Paul Murphy's point extended their lead to three, but the game was back level shortly afterwards. Darragh Roche beautifully chipping the ball up into his hand's, and timing his pass perfectly, to allow Ian Roche to fist to the net. Rathmore were still dominating though, and another run of point's, which included one from corner back Dan Murphy, left them four ahead at the break.

Shane Ryan's free extended the lead soon after the resumption. Darragh Roche then got a much needed score for Glenflesk. Full forward Roche then struck again from an almost impossible angle. His shot with his left foot coming from near the end line on the left hand side! Rathmore replied with a superb score of their own. Shane Ryan's tapping the ball on skillfully from a kick out, which allowed Paul Murphy run in free and fist over the bar. The game then began to get scrappy, with free's occurring too often. Jeff O Donoghue receiving a black card after another stoppage.

Rathmore were in complete control now, and points from John Moynihan and Chrissy Spiers added to their lead. Cian Horan scored a great point for Glenflesk, but the goal chances needed to turn the game did not arrive. Rathmore comfortably seeing out the game to win by seven points.

Rathmore are a top team at this level, and will take some beating. They have quality forwards and a strong bench. The shocking start put Glenflesk on the back foot, and although they came back well, Rathmore were always on top, and found scores easier to come by. This is the level that the Glenflesk have to aspire to reach. It will take time, but the signs are promising.

OUR U15 girls finished on a high last Monday evening, by winning the county championship C final against Legion. The girls played some superb football from the start and an excellent performance by our defence kept Legion goalless throughout the game. At the end of the game our captain Ali O'Donoghue accepted the shield, to the delight of her teammates, coaches and supporters. Thanks to Legion for a sporting game. FINAL SCORE Dr Crokes 7-7, Legion 0-12

OUR U17 girls added a second county championship victory to our ladies tally for 2021 when they overcame a tough Scartaglen side in the B Championship, in one of the most exciting games of our season.

Scart started the stronger with a couple of early goals but by the first water break Dr Crokes backs had re-organised & our forwards delivered when they got possession. The second quarter belonged to the opposition again when they kicked on to put themselves 7 points to the advantage at half time.

However, Dr Crokes owned the second half, with Leah McMahon dead in front of goal we were back to within a point with 3 mins remaining. Clodagh McGorrian pulled off a huge save to keep our hopes alive & with Laura O'Shea & Lara Hoare combining to get the ball forward, Cara O'Sullivan stepped up with a sweet point to put us in front by the minimum. Possession was vital at this point and when Saoirse O'Sullivan won the ball out on the sideline on the next kick out, this gave us the momentum & we held possession until the final whistle. Our captain Rocha Clifford accepted the shield to huge cheers from our fabulous supporters, and wished a speedy recovery to team member Pia Hickey who is currently recovering from surgery. Each member of our panel deserve huge credit for this victory.

Dr Crokes 5-11 Scartaglen 5-10.

A special word of thanks to all of our ladies coaches for the time & effort that they put in over the past few months. The improvement in skill level, the team-work and team-bonding is a joy to see. A well deserved break is now the order of the day and we look forward to what 2022 has in store for Dr Crokes Girls.

THE SKY'S THE LIMIT FOR FIRIES LADIES

MINOR TEAM: It's a story that's well-rehearsed at every training session and match throughout the county; put in the hard work to reap the rewards and Furies Minor Ladies certainly are testament to this affirmation as local businessman, Kevin Moynihan rewarded the team with a new collection of jerseys recently. Kevin, proprietor of Moynihan Scaffolding Ltd. was delighted to present the jerseys to Furies Minor Ladies team captain; Katie Brosnan along with fellow teammates Rebecca Kenny and Katie O'Sullivan and coaches Noelle O'Sullivan and Jason O'Brien in Pairc Eamonn this week. Fiona Walshe, chairperson of the ladies code in the club outlined that "Ladies Football within our club is growing at a phenomenal rate and the support from Kevin and Moynihan Scaffolding is inspiring to our current members and those younger to observe the endorsement in Ladies Football and the club is very grateful to Kevin for his support."

Moynihan's Scaffolding company tag line has accurate significance to every young girl playing football, not specifically in Furies; "The sky's the limit" and thankfully, Furies Ladies Minors are in a great position to disperse the message proudly.

Deerpark Pitch & Putt Club Chairman Damien Fleming receiving the Gerald Horgan Memorial Scratch Cup for the sixth time following his victory in the Senior Scratch Cup event from Deerpark Pitch & Putt Club Competition Secretary Sean Kelly last Sunday evening.

KERRY PITCH & PUTT CLUB NEWS

In unusually ideal playing conditions for the month of October, Deerpark hosted the last Scratch Cups in the county last Sunday as over 135 players from all around the country supported the event at the Killarney venue upon its return to the Pitch & Putt calendar after a sabbatical in 2020.

Two of the three titles went the home club's way as countback was used to determine both of those winners. Irish No 1 and Deerpark chairman Damien Fleming was out in the first group on Sunday and set an early target of 15 under par in the senior event. The only player to match him was the player who preceded him as National Mens Matchplay holder in Kieran Earls of Limerick who also shot 15 under in the second session of play.

However, with playoffs not in use in these events currently it would have to go to countback and the Back 9 of the cards at that as Fleming had four under for his last nine as opposed to three under for Earls. Fleming had actually missed a birdie putt at his last hole for what ultimately would have been the outright win but he still went on to claim victory in the competition sponsored by McGann's of Doolin for the sixth time overall. Thomas Hanley of Bruff would claim third later in the afternoon with a score of 13 under par.

The O'Callaghan's Coach Holidays sponsored Intermediate event needed an even tighter countback as it needed to go to Back 3's between Deerpark members Declan Kelly and Erin Moloney after both shot eight under par for their 36 holes. Kelly just squeezed through here for the win as Ger O'Connor completed a 1-2-3 for Deerpark in this section with a score of six under par. Colm O'Dowd meanwhile just missed out on making it a clean sweep of the Cups for the hosts on Sunday as he was four shots off the winning score in the Tadhg's Boutique sponsored Junior event.

His four over par total was only bettered by Michael O'Donoghue from the Tipperary Hills club on level par as Shaun Donegan from Bruff claimed third on five over par. The Ladies section saw Paula Nolan from the Rocklodge club in Cork finish first on 117, four shots ahead of Margaret

C Looney from the host club on 121.

Following last Sunday's event there now only remains the County Matchplay Championships on the October Bank Holiday Weekend in Castleisland for the 2021 season. Entries are still being taken by the County Board up until Wednesday October 20th with all names and fees (€10 per player) to be sent to Board Secretary/PRO Jason O'Connor by close of business that day.

The Board reminds players that while the main day of play is Sunday October 24th, play may extend into Monday October 25th if the number of entries as well as fading daylight necessitates it.

JACK O'CONNOR PRESS BRIEFING

Jack O'Connor was cool, calm, and composed as he was introduced as the new Kerry Senior Football Manager at a press briefing in the Austin Stack Pavilion as he chatted amiably to journalists for over forty minutes. Along the way, he cleared up one or two stories. He had not signed a new contract with Kildare; in fact, he was strongly debating it because of the nine hour round journey to training and the fact that his sons Cian and Éanna had moved back to Kerry. Only Tom Cribbin remained as a selector for his management team, the rest all had to step down for work and personal reasons. He liked Kildare, he was happy with their progress and wished him well, but as he said himself, he'd expected to be spending the winter "playing golf in Waterville". Kerry managers don't have that kind of time!

He felt that he had gained a good perspective and improved as a manager by stepping outside his beloved native shores "Kildare have played in Division Two, where teams tend to set up very defensively, and we worked hard on breaking that down. I think sometimes you have to go outside to learn." "I'm a bit more thick-skinned now. I think I have a better perspective. You learn tricks, you get 80% of your results for 20% of your efforts". He did stress though, that he would take the heat rather than have it put on any of his players - "I still have a little bite if needed". He was grinning as he said it, but he was only half joking.

He rightly wouldn't be drawn on the manner of his appointment, dismissing it as 'winter talk'. Jack has a future to be looking at, and the rest of us could do the same at this point. He did acknowledge that luck had gone against Peter Keane and that the St. Marys had brought in good players and improved Kerry overall.

He confirmed Paddy Tally as a selector, stating his admiration of Tally's focus and organisational skills, while Arthur Fitzgerald, who worked on the fitness programme for a number of Kerry teams with Jack and with the successful Sem Hogan Cup and Spa Intermediate winners, will be coming on board to work with Jason McGahan - I'm delighted to see McGahan retained; I do think Kerry's strength and stamina have improved under him (and we badly needed it, we were fading in the last ten minutes of the big games. He also had praise for Micheal Quirke and Diarmuid Murphy. With Tally, Quirke, and himself on board, Kerry have three inter-county managers on the line and Diarmuid Murphy brings a huge amount of experience and no small amount of composure to the table. Jack spoke about the influence the great Johnny Culloty had on him as a selector and noted the similarities in character with his current backroom team.

One journalist did note that the last two times he came in as Kerry manager, Tyrone were the reigning champions - an interesting coincidence, but I doubt if it has any greater significance.

For next year, Jack singled out Dublin "they haven't gone anywhere" and Tyrone "they had a little bit of indiscipline at times this year, I think they could be even better next year" as the main dangers. Mayo aren't going anywhere and "Galway had a disappointing season but they have a lot of talent, while Cork, Donegal, and Monaghan aren't far away.

He brought in Paul Galvin and Aidan O'Mahony previously; people wondered if he had his eye on any players outside of the panel at the moment or if he might be bringing back the likes of James O'Donoghue or Peter Crowley? He singled out midfield "in the modern game you need Roy Keane type midfielders, box to box players". Stefan Okumbar has "a lot of potential, a great athlete". Essentially, the panel is open and he will be watching as many forthcoming club games as he can.

Tosach maith - ach tá bothar fada ag teacht! Being Kerry manager is never easy shoes to fill, but Jack certainly has a firm grip on the reins right from the start.

BILLY SHEEHAN

Billy Sheehan started his football for Austin Stacks, where his father, the late and great Timmy Sheehan, was a successful dual player and one of the most respected sports reporters in the county, and eventually played for a number of clubs around the county and for both Kerry and Laois. He also picked up a good bit of managerial experience and becomes the sixth Kerryman to take the reins at Laois. Best of luck to him.

SENIOR CLUB CHAMPIONSHIPS

Austin Stacks 3-9 Templeogue 0-4

Shane O'Callaghan kicked 1-3 and further goals from Brendan O'Sullivan and Darragh O'Brien (penalty). Paul O'Sullivan was man of the match. Austin Stacks have been the form team in this competition in recent years and look likely to retain it as well as have a real shot at the County Championship.

Kenmare Shamrocks 0-17 Dingle 1-13

Sean O'Shea kicked 11 points to maintain his simply incredible run of scores and take Kenmare through to the Senior Club Final. In fairness, I thought the County League Champions would win with a bit to spare, but Kenmare were on top for quite a bit of the game. Dingle did come back in the second half, but Kenmare had enough in the tank to surge forward once more.

Austin Stacks play Kenmare Shamrocks in the final next Sunday at 3.00pm in the Fitzgerald Stadium, and Stacks will go in as favourites.

INTERMEDIATE CLUB CHAMPIONSHIPS

Rathmore 1-18 Glenflesk 1-11

Mark Reen was the star of the show with 1-6, while Chrissy Spiers had 0-4, and Paul Murphy had 0-3. Dan Murphy, Brendan O'Keeffe, Aidan O'Mahony, and Shane Ryan played well for the

victors. Darragh Roche was outstanding for Glenflesk, while his brother Ian flicked home their goal and playmaker Jeff O'Donoghue had 0-3. They were always trailing though; Rathmore had a lot of pace and power and an early 1-2 laid a strong foundation for the win.

Na Gaeil 1-9 Ballydonoghue 1-4

Diarmuid O'Connor (0-5) was the star performer for Na Gaeil as they once again advanced to the semi-finals, with Jack Barry also catching the eye. The county players stood out on both sides, with Jason Foley and Brian Ó Seanacháin impressing for Ballydonoghue.

Castleisland Desmonds 4-11

An Ghaeltacht 3-13

Probably the best game of the weekend. It hung in the balance right through until the climactic finish. Luka Brosnan had 2-1 and Adam O'Donoghue and Tomás Lynch had 1-1 each for Desmonds, while Éanna Ó Chonchuir (1-6), Pádraig Óige Ó Sé (1-1) and Tomás Ó Sé (1-1) were An Ghaeltacht's main scorers.

Beaufort 2-21 Kilcummin 0-10

Kilcummin were missing Seán O'Leary, Kevin McSweeney, Kevin McCarthy, Matt Keane, and lost Kieran Murphy to an injury after only seven minutes. In the circumstances, Beaufort were always likely to prevail, but given the quality of their performance, they were unlikely to be stopped. Liam Carey picked off 1-8, while Mike Breen anchored a great team display at centre back.

Na Gaeil play Desmonds in Austin Stack Park next Saturday at 7.00pm, while Beaufort and Rathmore play in the other semi-final on Sunday in the Fitzgerald Stadium at 1.00pm. Stefan Okumbar is the unknown quantity who could tip the scale for Na Gaeil, but Thomas Hickey's return to play is a massive boost for Desmonds. The other game is too tight to call, I reckon; both teams look senior standard at the moment.

Laune Rangers face Ardfert in one relegation semi-final - Ardfert are struggling at the

moment – and John Mitchels will face Currow in the other. That one's a tight call, but Mitchels will be slight favourites.

JUNIOR PREMIER

Gneeveguilla 1-11 St Senan's 1-7

Gneeveguilla trailed by 1-2 to 0-0 early on after a Cillian Trant goal but 0-2 from Shane O'Sullivan, 2f from John O'Leary, and a Mike Murphy point had Gneeveguilla back within a point at half-time, 1-4 to 0-6. St. Senans led by one or two for most of the second half but ran out of steam and Gneeveguilla picked off 1-3 to 0-1 in the last five minutes to advance to the semi-final.

Gneeveguilla will face St. Michaels/Foilmore next Saturday at 4.00pm in Beaufort and, much improved though St. Michaels/Foilmore have been with a full panel available, I expect Gneeveguilla to come through; they have a range of accurate forwards. Marc Ó Sé has really enhanced his managerial reputation with Listry, and Jimmy O'Leary and Gary O'Sullivan should be able to power them through against Skellig Rangers in the other semi-final in Glenbeigh on Sunday at 2.30pm.

Finuge will face St. Pats/Blennerville in the relegation final.

JUNIOR

Firies 3-17 Kilgarvan 0-6

Yeah, hands up, I thought this would be close, but it was anything but. Firies were simply superb here and a very solid Kilgarvan side – the likes of John Mark Foley, Donal O'Sullivan, Liam Twomey and young Corey Murphy are good players – were completely outclassed from start to finish.

Firies will play Reenard and Cordal will play Castlegregory in the semi-finals. You'd have to fancy Firies after that brilliant display, but take note that Reenard are a real obstacle. They have a couple of great individuals, but the likes of Jack Sherwood, the Donohue brothers, Pádraig de Brún, and Donncha O'Sullivan should have enough in the tank.

NOVICE

Sneem/Derrynane 2-13 Tuosist 2-11

Sneem/Derrynane will play Ballylongford in one semi-final, while last year's champions Cromane will meet the winners of Asdee v Moyvane.

COUNTY MINOR CHAMPIONSHIP QUARTER-FINALS

ATHLETICS

Warmest congratulations to Eileen Switzer, who is the new honorary President of Killarney valley. It honestly couldn't have been anyone else; Eileen has never been one to put herself forward but the amount of work that she has put into athletics in Killarney is simply phenomenal. Any time there was a job that needed doing or something needed organising, Eileen has been at the heart of it. That's for the entirety of my lifetime and I'd say a lot longer than that. Pretty much every successful athlete – and everyone who got to enjoy athletics even if they weren't

great at it – owes her an enormous debt of gratitude and this is a huge step in the right direction for an athletics club that has been going from strength to strength and are now up there with any in the country in terms of facilities and coaching.

Don't believe me? Take a look at the list of athletes represented at the Killarney Valley Club Awards.

BASKETBALL

Tough opener for the Kerry teams as the

basketball season commenced last weekend! Garveys Tralee warriors were the only side to win, and it was Team 360 Financial Killorglin that they put to bed with a convincing 92-78 victory. Aaron Calixte (201), Nikola Roso (21) and Ronalds Eklonis (15) were their big scorers on the night to ensure that, for the first time, they open their Superleague campaign with a win. For Killorglin Simon Fransis (24), Allan Thomas (16) and Xabier Arriaga (13) were the big guns. Scott's Lakers went down to Limerick Celtics, having been the better of the two teams for most of the game. They actually led by 86-79 coming into the final quarter but to say that disaster struck at that point is putting it mildly. Andre Wolford – who was genuinely fantastic – cut loose for Celtics. Five three pointers on the trot absolutely turned the game on its head. Lakers did manage to get it back to 106 to 1-4 but just couldn't find one final push as Celtics won at home by 111 to 104. Emilian Grudov (31), Ben Miller (30), Jamie O'Sullivan (18) and Rui Sarava (12) were Lakers top scorers, while Wolford finished with a phenomenal 51 points. Credit where it is due, that is some player. Paul Clarke, Mark O'Shea, Dainius Varanaskas, and Lorcan Keane all caught the eye for St. Pauls. The result may have been disappointing, but the overall display showed a huge amount of promise.

Killarney Cougars went down to UCC Demons by 87 – 59 despite some great displays by Mark O'Shea (19), Justin Tuason (18) and Conor Flynn (11).

Garveys' St. Marys were blown away 112 – 41 by a great display from Glanmire, including Duagh native and Irish international Áine McKenna, on Friday night. There was some consolation for the Castleisland girls over the weekend, though, with Lorraine Scanlon, Paris McCarthy, and Labhaoise Walmsley playing starring roles in Castleisland Desmond's victory over Corca Dhuibhne in the Ladies Intermediate Final.

BOXING

Wilder v Fury

So, basically, Fury was controlled fury, while Wilder's punches were that bit wilder (I could possibly have resisted truly awful puns, but.... no, I really couldn't). Look, I really think we all knew who was going to win this. Talk of it being one of the greatest fights of all time is exaggerated, I think. Wilder coming in a whopping 17 stone was ridiculous – the man was basically carrying a sack of potatoes around the ring with him and it sapped his energy long before the end.

He has courage, no-one can deny that. He kept going long after this was done and dusted, hoping to land one more big shot that would take Fury out. It was never going to happen, but you can admire his resilience in continue to try.

Next time, put it in the gym before you enter the ring, lad; I'll have some real respect for you then.

Fury started well but was caught in the fourth and struggled to survive – Wilder does pack power, just not finesse. Tyson Fury is a good all-rounder and a big bruiser with a good jab and some accuracy. Not the greatest technique, and he can get a bit careless, but he is good. If you're coming to come at the likes of him, you need to bring everything to the ring – and seventeen stone is not everything; it's an awful lot extra, to be blunt about it. By Round Six it

really looked a matter of time. How Wilder got through Round Seven is beyond me, but Fury was just constantly picking away at him after that and eventually Wilder finally succumbed in the eleventh. It was entertaining, but no more than that really.

Best ever? Nope. But he is the best we have seen in a while and I don't see anything out there to touch him.

There's talk of five fights between the pair. Ah, lads. Fury should have won the first and dominated the next two. Are you going to pay again to watch an inevitability? I'm certainly not. Good luck to the Gypsy King.

There's also talk of a Usyk and Joshua rematch, and I would expect Joshua to do a lot better than last time round – Usyk was efficient, but Joshua was overconfident. That would probably set up a Fury v Joshua, but again we've seen it before and I wouldn't expect a different result. Incidentally, I've just finished Tyson's autobiography. Of Irish Traveller descent, did you know that he actively wanted to box for Ireland? And Ireland refused because he didn't have a birth cert (and probably because Britain, who had inexplicably not selected Fury for the GB Boxing Team (despite being the British amateur champion!) was leaning on their smaller counterparts across the sea.

We really do shoot ourselves in the foot sometimes, don't we?

Olympic Upsets

Amateur boxing may be the worst-run sport in the world nowadays. That's right – worse than FIFA. And that was exposed once again as the Professor Richard McLaren Report, published earlier this month, clearly found that the judging in boxing at the Rio Olympics in 2016 was fixed. It lays out grounds for Michael Conlan's defeat, which absolutely shocked everyone including a flabbergasted Conlan (actually, Conlan threw a massive amount of punches, but I'm still a bit sceptical that all that many hit something besides gloves or top of the head. I did think Kate Taylor had done enough to get the decision (she wasn't at her best in Rio) and she's another vindicated by Professor McLaren's work

New IABA President Umar Kremlev said "AIBA hired Professor McLaren because we have

nothing to hide. We will work to incorporate any helpful recommendations that are made. We will also take legal advice with regard to what action is possible against those found to have participated in any manipulation. There should be no place in the Aiba family for anyone who has fixed a fight."

Anti-corruption was the main plank of Kremlev's campaign to replace Rakhimov as President of IABA in December 2020 after calling Rakhimov out. Hopefully Kremlev is the real deal – although the IOC, not exactly a well of probity itself (Tokyo was expensive, but a big improvement on the shambles in RIO), are still a bit sceptical. Will boxing be allowed back in the Paris Olympics in 2024. Arrah, yeah. There's money involved, and that answers a lot of questions in the Olympics.

SOCCER

Ireland Win

At last. At long, long last we have a little bit of green shoots. Stephen Kenny's 13th game as Ireland manager was the exact opposite of unlucky. He picked a stable team for the first time (just two changes) and goals from the much maligned Callum Robinson (the abuse wasn't fair but let's be pretending that the lad will be joining Mensa any time soon – vaccination is about protecting other people, not just yourself) clocked in with two goals. His opener was a cracking shot after a good pass by Josh Cullen. Not – and I'd like to stress this – not a desperate hit-and-hope by a defender. Ireland actually playing good soccer. Azerbaijan did give us some problems, but Robinson was close to a volley into the second corner. His second goal took a deflection into the corner just before half-time, and I really thought the keeper should have done better. He missed umpteen chances in the second half when he should really have filled his boots. John Egan was magnificent, Cullen has started to look confident, and James McClean looked like the player of old – we haven't seen that guy in a while. Chiedoze Ogbene

Yes, it was Azerbaijan, who have exactly one win (Belarus) and one draw (us) in their last fifteen games, and are ranked 117th in the world. But

it was Ireland, who actually looked like a soccer team for the first time in a long time.

I'm delighted for Stephen Kenny. There were muppets – most of them former players desperate to cling to some media credibility – who wanted him gone. Who were yet suggesting for the job? Frankly, who'd touch it? I'm quite serious. The likes of Denis O'Brien aren't handing money over the FAI any time soon. Kenny is doing fine for the level we are at. At the same time, fair play for Didi Hamann for calling out Stephen Kenny on his 'lost one in seven' guff afterwards. Some supporters are absolutely thick, Stephen, and RTE are, frankly an embarrassment (no, lads, we haven't suddenly become a super team) but you don't have to treat all of us like that.

We should beat Qatar as well, for the little that means. At the moment, even that will count for something. We're not going anywhere fast, it looks like a long time before we actually qualify for anything decent (do not even mention the Nations Cup, where France beat Spain in the final; I truly do not care in the slightest).

Gareth Southgate's England clocked up an easy 5-0 win over Andorra. Northern Ireland lost 2-0 to Switzerland (being down to 10 men is no excuse when it's your own fault). Wales beat Estonia 1-0 – that's a properly run national administration. Best of them all was Scotland, who beat Israel 3-2 with a late winner from Scott McTominay.

U17s

Good news also on the U17 front as a 2-0 win over North Macedonia saw them through to the Elite Qualifying Rounds of the European Championships. That's actually a big deal, considering the FAI's troubles and our Development Programmes. Naturally, the real work is done at club level. I really did admire one stunning PR attempt by the FAI, who made the astonishing claim that the fact that no English club has signed any of these young players on their books is somehow vindication for the FAI. Hah? Kevin Zefi is signed to AC Milan. The rest? English clubs are a whole dimension above the LOI and the fact that they have no interest in these players is the exact opposite of a positive. But nice spin, lads.

GLANMIRE WIN OUT IN FIRST GAME OF THE SUPERLEAGUE

Team Garvey's were no match for Glanmire when they met them in the first game of the ladies MissQuote.ie superleague on Friday last. It was always expected to be a tough challenge given Glanmire's years of experience at this level.

Glanmire had a huge first quarter hitting 28 points to the Castleisland sides 13. Gigi Smith was unstoppable throughout the game for the Cork side hitting shot after shot.

Team Garvey's Le'Jzea Davidson sustained an ankle injury in the early part of the game but managed to keep going, however she went

over on the same ankle in the dying stages. Glanmire continued to excel as the game progressed leaving the final score at 112 to 41 in favour of the Cork side.

Top scorers: Team Garvey's: Le'Jzea Davidson 17, Lorraine Scanlon 12 and Rheanne O'Shea 6
Glanmire: Gigi Smith hit 29, Claire O'Sullivan 18 and Aine McKenna 17.

Despite the disappointing result, it was however, a big night for Team Garvey's Paris McCarthy who made her debut in superleague as a starting five.

Team Garvey's next game will be next Saturday evening October 16th in Castleisland when they face Fr. Mathews. Tip off for the Team Garvey's v Fr. Mathews is at 6.30pm in Castleisland Community Centre.

ENCOURAGING PERFORMANCE BUT LIMERICK WIN OUT

**SCOTTS LAKERS ST PAULS 104
LIMERICK CELTICS 111**

BY: ENDA WALSH

Up to the start of the 4th quarter ,this was a game that Scotts Lakers looked to have well within their control.They led 86 to 79 coming into the final act having seen and raised anything that Celtics could throw at them in the St Munchins College Gym in Limerick. .This was due to superb offence by Emilian Grudov,new Portuguese signing Rui Saravia and Ben Miller combined with solid defence by the likes of Paul Clarke and Mark O Shea.What happened in the next 4 minutes could only be described as a blitz as the explosive Andre Wolford(he finished on 51 points) and Co. bombed down five 3 pointers and went on an 18-0 run to completely change the flow of the game and take the lead ,97 to 88.Although rocked by their scoreless run Scotts Lakers regained their composure to some extent and closed the gap again to 2 points,106 to 104,with a minute on the clock.But Limerick Celtics again put their foot on the gas to close out 111 to 104 winners.But make no mistake about it Coach Jarlath Lee will be equally happy and frustrated with a lot of aspects of the game."It was a game we should have won.All the things we did to put ourselves in a great position we neglected in the 4th quarter and a lack of discipline started to creep in.We were more than capable of getting over the line and that's what's frustrating me most.You can say it's a learning process but sometimes you've got to take the spoils when they are there.We move onto Fr Matthews on Saturday and we'll be aiming to win that one to put us back in the mix" Jarlath added.

The aforementioned Rui Saravia,only signed last week,displayed some real promise and once he familiarizes himself with his teammates he can only get better.Emilian Grudov showed some slickness inside while Ben Miller ran the floor well and put in a mammoth 3rd quarter performance.Paul Clarke showed real strength and steel while Dainus Varanauskas and Lorcan Keane dovetailed well with the starting five but both players ran into foul trouble. The starting five included youngsters Jamie O Sullivan,who was outstanding throughout ,keeping the scoreboard ticking over,and Senan O Leary,whose third quarter basket after some staunch Paul Clarke defence was one for the highlight reel.

It was all looking so rosy for the Lakers as they lead 12-3 early in the game and 34 -18 at the quarter stage.Baskets from Jamie O Sullivan,Saravia and Grudov kept that lead at a healthy 11 at half time,62-51.The third quarter saw the lead stretch to 16 at one stage,69-53, with Miller conducting the orchestra but perhaps the seeds of the fourth quarter were sown in the closing stages of this period as Limerick finished strong to reduce the deficit ,86-79.

That early fourth quarter onslaught saw Celtics power past Scotts Lakers to devastating effect and try as they might,and they sure did,Lakers could not get the momentum back in their

favour.

All in all a very encouraging performance by this young team.They will win games and not play as well as they did tonight in patches.Leading the scorers were Emilian Grudov(31),Ben Miller (30),Jamie O Sullivan(18),Rui Saravia(12).

Next up for Scott Lakers is that trip to the Fr Matthews Arena this Saturday night October 16th to play the home club ,who had a weekend off in Round 1.Tip off 7.30pm.

In the National Cup the Lakers drew the Portlaoise Panthers ,game to be played the October Bank Holiday Weekend Oct 23/24th.This is a home tie so its a great opportunity to come out and support this young team.Fixture details will be confirmed in due course.The winners of this tie are again home in the next round to Fr Matthews.That tie is on the weekend of October 30/31.

WARRIORS FINALLY OFF TO A WINNING START AS THEY SEE OFF KILLORGLIN IN SEASON OPENER

**INSUREMYVAN.IE MEN'S SUPER LEAGUE
2021/2022 - ROUND 1**

**GARVEY'S TRALEE WARRIORS 92
TEAM 360 FINANCIAL KILLORGLIN 78**

Garvey's Tralee Warriors finally laid their season opening ghost to rest with a 92-78 win over local arch-rivals Team 360 Financial Killorglin at the Tralee Sports Complex on Saturday night. A big third quarter for the Warriors along with a fine display of outside shooting proved decisive as the home side managed to win the first game of the season since they joined the League in 2016. Nikola Roso opened his and the Warriors account early in the first before adding another from inside but Killorglin replied with a huge three from Simon Fransis and a

fine score from Allan Thomas. Roso and Arron Calixte fired in to add to the Warriors tally but the impressive Fransis pushed the visitors into the lead with a three and when Eoin Evans hit two from the line Killorglin led by 17-12. A three from Darragh

O'Hanlon and another inside score from Roso saw the Warriors level and when Eoin Quigley was in range and Daniel Jokubaitis converted two from the line the Warriors edged ahead 21-20 at the first break.

The Warriors moved further ahead early in the second quarter through Calixte and despite a big three from Killorglin's Ronan Fitzpatrick the home side hit a hat trick of major scores from Calixte, Roso and Ron Elksnis and when Fergal O'Sullivan got all the way to the board and O'Hanlon followed suit the lead was out to 40-28. But Killorglin rallied late in the half and Fransis and Arriaga combined to cut the gap to 40-32 at the long break.

The Warriors shifted up a gear early in the third and a sensational run of four threes, two each from O'Sullivan and Elksnis, laid down the gauntlet to Killorglin as the home side pushed their advantage out to 52-37. Fransis and Shane O'Connell kept the visitors in touch but Killorglin were now also in foul trouble in particular Jeremy Lorenzo Medina and Eoin Evans. Thomas and Arriaga kept Killorglin within striking distance but with Roso and Quigley now dominating the exchanges under the boards for the hosts, O'Hanlon, Jokubaitis and a three from Quigley piled the pressure on visitors to keep the Warriors significant lead intact. However the visitors renowned resilience shone through late on when player coach Declan Wall hit two scores to cut the gap to 68-57 as the sides turned for home.

The Warriors faithful straightened up in their seats when the relentless Simon Fransis hit a huge three and another from inside early in the final quarter to cut the gap to nine. However back-to-back threes from Roso and Calixte and scores from Quigley and Calixte again eased the Warriors back into the comfort zone. But another late rally from Killorglin through O'Connell, Arriaga, Thomas and Medina left just ten between the sides with 3 minutes on the clock. Warriors captain Fergal O'Sullivan then capped a fine display of three point shooting by arcing in two big threes and Calixte finished the game on a high with two scores of his own to ensure that for the first time in their short history in Super League, the Warriors would claim a win in the first game of the season.

Top scorers: Garvey's Tralee Warriors: Aaron Calixte 21, Nikola Roso 21, Ronalds Elksnis 15 Team 360 Financial Killorglin: Simon Fransis 24, Allan Thomas 16, Xabier Arriaga 13

Next up for the Garvey's Tralee Warriors is an away trip to face Moycullen in the Kingfisher Arena on Sunday next the 17th October with a 3.00pm tip off.

Daniel Jokubaitis and Xabier Arriaga contest under the board.

Kerry 14's go down to Treaty United in final game:

Treaty United 4-2 Kerry

Kerry made the trip to UL to take on Treaty United in their final game of their EA Sports 14's League of Ireland campaign hoping to follow up on their win over Carlow/Kilkenny last weekend. And had a couple of calls gone their way they could have ended with at least a draw.

Kerry started the better with Leigh Meehan, Dawid Grebowiec and Aaron Harty all causing the Treaty defence problems. At the back keeper Brian Dineen and defenders Oran Horgan and Alex Kelly were capably handling the home side threw at them.

Treaty did take the lead against the run of play mid-way through the first half but Kerry hit back straight away. From an in-swinging Alex Kelly corner Aaron Harty got the run on the defence to slot the ball home for his first League of Ireland goal.

Treaty United got a big break at the start of the second half when they went ahead from the penalty spot. But again Kerry hit back. Kelly

again put in an inch perfect corner which Adam Evan cleverly flicked on to Darragh Lynch to score.

But Kerry were not able to stay level for long and conceded from a free kick when the tall centre back from Treaty headed home. Kerry went in search of another equaliser and Darragh Lynch brought a number of good saves from the Treaty keeper as did Neal O'Shea. With Kerry pushing hard for their third goal Treaty United found room on the break to make it 4-2 and take the points.

Once again the Kerry 14's squad gave their all for the jersey and for their coaches Eon O'Mahony, Billy Stack and Brian O'Regan.

After the game Eoin paid tribute to the commitment of the squad all during the season, to the coaches for all their work and to the parents who travelled all over the country to support the players. "This group of young players have learned and grown from game to game and from training session to training session and continually improved all season. It was great to see their efforts rewarded with recent performance and results. And also they have made friends for life which is as important as what happens on the pitch."

Kerry sides progress in the Uneven Ages National Cup:

There was action in the 1st and 2nd Rounds of the Uneven Age SFAI National Cups and a number of Kerry sides have progressed to their next round.

In the 13's Round 1 MEK Galaxy defeated GB Rovers in Fossa thanks to goals from Cillian O'Donoghue who had a day to remember hitting 5 goals. James O'Meara and Leo Allen also scored for MEK.

Tralee Dynamos are also through with a home win over Castle United Eoghan Daly 3, Danny Lane 3 and Marcus Conway. St Brendan's Park B had a good home win defeating Bridge Celtic 2-0 with Darragh O'Callaghan and Rhys O'Connor getting the goals.

Camp Juniors 1-0 Bridge United. Camp Juniors 1-0 Bridge United.

Progressing to Round 2 are St Brendan's Park A who were too strong for Killavilla United. Johnny Neilings, Danny Kingston, Edison Jahiri, Dylan Galloway, Tuoyo King, Dean Courtney and Shane O'Donovan were all on the score-sheet for the Park.

Mastergeeha made the trip to Granville United a winning one thanks to a Killian Moynihan hat trick, 2 goals from Alan O'Leary and one each from Jack Murphy and Liam O'Mahony.

Fenit Samphires National Cup is over as they went out at home to Mungaret Regional from Limerick.

In the 15's there was no luck in Round 1 as Listowel Celtic (Kiegan Moloney) went down 2-1 to Ballingarry, Mastergeeha (Mathew Kennedy) lost out 3-1 to Caherconlish AFC at Kilbrean Park while Camp Juniors were beaten in Limerick by Regional United.

There was better news from the Round 2 games with three Kerry sides progressing, Tralee Dynamos A were too strong for Regional United B in Limerick. Dynamos goal scorers came from Nick Lacey, Alex Touhy, Ryan O'Driscoll 2, Ronan Carroll and Niode Derege.

Killarney Celtic scored 2 in each half with reply from AK United at Celtic Park. Oisín Fleming and Cian Mulcahy scored in the first half while Mulcahy got his second and Cillian Murphy after the break.

Inter Kenmare are also through to Round 3 as they saw off Aisling Annacotty B at home with Rossa MacGearailt having another good say hitting 4 with Donnacha O'Sullivan, Robbie Guest and Darragh Murphy also scoring.

Tralee Dynamos B put in a good effort before going down away to Lisnagarry FC.

LEAGUE REPORTS

While it was an Uneven's weekend there was one game in the Slattery's Carpets and Blinds 12's Division 2. A Goal from Gerry Moroney in the first half put MEK ahead and Shea Driver got their second after the break. Alex Finn pulled on back for Ballyhar Dynamos in Murt Scott Park.

Ballyhar Dynamos B and MEK Galaxy played out a 2-2 draw at Murt Scott Park. David Burke and Eugene Daniel scored for the home side either side of half time with Ryan Carey and Joe Horan scoring for MEK.

The second game in the 15's Division 2 ended with Mastergeeha B and Listowel Celtic B sharing the points at Kilbreen Park. MEK GALAXY CLUB NEWS

U12 DIVISION 2

BALLYHAR DYNAMOS 1 MEK GALAXY 2

A thumping free kick by Gerry Moroney put MEK 1 nil up midway through the opening half. A lead which they took with them into interval break. From the start of the second period Ballyhar began to pile the pressure on the Galaxy goal. Some resolute defending kept the home team out. Eventually the hosts got

Killarney Celtic U15 winners over AK United in the National Cup.

back on level terms 1-1 the score. This however only seemed to spark the visitors into life. With 10 minutes to play Shea Driver conjured up a moment of pure magic. He showed fantastic control and unleashed an unstoppable shot on the turn. 1-2 the score and that is the way it finished. The Galaxy were bravely represented on the day by Ryan van Den Merwe, Rian o Connor, Gerry Moroney, Joe Stephens, Charlie O Meara, Ross Cronin, Shea Driver, Rian Wheldon, Dara McCarthy, Matthew Lucey, Roan Clifford.

U13 NATIONAL CUP

MEK Galaxy 7, GB Rovers 1

5 goals from Cillian O Donoghue and 1 each from Leo Allen and James O Meara was enough to see MEK safely past the Limerick boys and into the next phase. Coole of the Clare league will visit Fossa in round 2 next month.

U13 DIVISION 2

Inter Kenmare 3, MEK Galaxy 3

2 goals from David o Shea and 1 from Conor Hughes gave Galaxy a share of the spoils on their travels. Dara Whelton putting in a man of the match display in midfield. Descent point on the road in the opening league match of the season.

U15 DIVISION 1

The first half was a tight affair with all the action coming late on. In the 32nd minute Ryan Carey put the visitors ahead 1-0 MEK. It was the hosts that were to have the last say in the first period, neatly tucking away a penalty, making it 1-1 at the break.

Galaxy piled in the pressure from the resumption, Ryan Carey, Jamie Vousdon and Callum Smith all going close to putting the away side back in front. However it was the home team that took the lead with a tidy finish. Joe Horan levelled the match to make it 2-2. MEK had a chance to win at the end but the game finished all square. Man of the match on the day was Fearghal Murphy in the Galaxy goal, making some fine saves.

FAI JUNIOR CUP

MEK Galaxy 1, Listowel Celtic 3

Listowel started the better and utilised their pressing to stop MEK from playing the passing game we are used to seeing. Listowel made in 1-0 after 15 minutes with a devastating counter attack. 10 minutes later they doubled their lead through another well worked move. Galaxy grew into the game as the first half wore on. Hugh

o Malley closed down the Listowel Centre back and Harry Buckley pounced on the loose ball to make it 1-2 just before the break. MEK started the second half well and had the visitors on the back foot from the off. However the north Kerry men made in 1-3 with 55 minutes on the clock. Sean Coppinger went close to narrowing the deficit, heading just wide of the post. Tadhg Flemming and Conor Murphy played really well in the centre of midfield, as did Liam Roche on the left wing. Shane o Sullivan in the Galaxy goal made some smart saves to keep the game alive. Sean Coppinger rattled the post late on with a rasping shot, but its Listowel who advance to the next round on a 1-3 scoreline. We wish them all the best for the season ahead. It was not to be on the day For MEK. Until next time, may the force of the galaxy be with you.

KNOW YOUR RIGHTS

LOCAL PROPERTY TAX

Question: *Who has to pay Local Property Tax for 2022?*

Answer: *You must pay Local Property Tax, or LPT, for 2022 if you own a residential property on 1 November 2021. This applies whether or not you usually live in the building. Some properties that were exempt from LPT are now liable for the tax.*

Valuing your house

You must self-assess the value of your house. To help you with this Revenue provides an interactive tool. You can also use information sources about local property values such as newspapers, local estate agents or commercial property websites, or you can have a professional valuation done. No matter what method you choose, you should keep a copy of all information sources you use as Revenue may ask to see this later. The valuation you submit now will apply until 2025.

Submitting your LPT return

Once you have worked out the value of your house, you should submit your LPT return by 7 November 2021. You can do this online. Revenue will issue you a letter that will include your property ID and PIN number. You will need these, along with your PPS number or Tax Reference Number, to log in to the LPT online service.

Paying your LPT charge

You can pay online using a variety of methods, or you can choose to spread your payments out as instalments. You can also pay by cheque if you are submitting a paper form, you should make sure to provide the property ID on the back of the cheque.

You can read more about paying the Local Property Tax (LPT) on citizensinformation.ie.

MAKING THE MOST OF OUR RELATIONSHIPS

Most relationships start out full of hopes and dreams and both parties are committed to making their relationship work. However, as the pressures of life unfold and reality bites, many individuals can find themselves drifting apart. Your relationship with your spouse or partner may provide much happiness and satisfaction or may be a source of anxiety and frustration because of conflict and unfulfilled expectations. It may be that case that you are unable to connect as you once did. All relationships change over time and with hard work and commitment, relationships can continue to be strong, enjoyable and satisfying. So how do we do that and how can we ensure that we maintain long-lasting and fulfilling relationships? When things aren't going so well, it can be all too tempting to focus only on the negative aspects of our relationship. However, if you were to delve deeper - chances are your relationship has many positive factors. Researchers have found that the following characteristics are common in successful relationships: positivity, empathy, commitment, acceptance, love and respect.

As you reflect on your relationship – consider where your relationship ranks in relation to the following points.

Positivity: Studies show that successful spouses have far more positive thoughts about and relate more positively towards each other. Relationships suffer when couples are negative, criticising, resentful and holding grudges. However, some negativity is normal and realistic and it is important that frustrations and grievances are aired. Striking a balance between the two extremes is vital.

Empathy refers to the ability to understand from the other person's perspective. Individuals appear to be happier in their relationship when they believe that their partner understands what they think and feel.

Commitment to the relationship is vital despite the inevitable challenges and obstacles that couples encounter. When couples are prepared to compromise and balance their concern for self with concern for their partner, they are more likely to find happiness and joy in their relationship.

Acceptance is one of the most basic needs in any relationship. Feeling truly accepted for who we are – leads us to feeling more secure and confident in our relationship. Interestingly, studies show that change is more likely to occur when couples respect difference and accept each other as they are (as much as they may not like it).

Love and respect are vital components for a healthy relationship. All too often couples can begin to neglect the love and romance that was once so present. It is important to continue to cultivate and rekindle this love and respect throughout the lifetime of the relationship. Doing so will greatly help sustain a long-lasting and fulfilling relationships. We will continue to focus on the topic of Relationships in the coming weeks and look at what we can do to make our relationships stronger, more enjoyable and satisfying.

A Word of Victory

Welcome back dear reader "for our God is A Consuming Fire" (Hebrews 12:29). God's Holy Spirit power often manifests as fire (Exodus 24:17; 1st Kings 18:24-39). His fire represents two things – His Presence and His wrath. We must not treat God's Presence as a common thing. The fire of God will both discipline us, and empower us to burn with His passion.

John the Baptist was God's forerunner who announced the coming Messiah and His Kingdom. He called people to repentance of sin – to get right with God. As an outward symbol of their remorse for sin John immersed people in water and baptised them. This was also a fore-shadow of how the Messiah would go into the pit of hell to defeat sin and death for us, and then be gloriously resurrected from the dead. Baptism demonstrates our total transformation by the mercy of God, but it is only made possible by repentance and humility before God.

By the way, these were either youths or adults that John baptised, not babies – they understood what they were doing. No baby has sinned, and little children who do wrong are judged on whether they understand the difference between right and wrong by their parents. When Jesus came to be baptised, John recognised the fire of God upon Him, and protested that he did not want to baptise Him (Matthew 3:13-17). But Jesus insisted, in order to set in motion the plan of God's Salvation, by which He would take away all of mankind's sin, and pay for it by giving His sinless life in exchange for our freedom from the consequence of sin, which is death (Romans 6:1-23). Jesus is the Lamb of God Who took away our sins. (John 1:29-34)

Just before Jesus' baptism, John had an encounter with some religious teachers of the law. Never one to mince his words, he called them out for what they were – venomous snakes. (Matthew 3:1-10; Matthew 12:33-37) Their two-faced activities were being judged by God who had 'laid the axe to the root of every tree not bringing forth fruit as God desires'. God is constantly looking for fruit friend. And the fruit He is looking for is LOVE. Jesus said if we love Him, we will obey Him and bear fruit. The branches that are producing no fruit will be cut down and thrown into the fire. (John 15:1-17) This is what Jesus requires: that if we call ourselves by His name, relying upon His grace and mercy, then we will obey His Word and do what He says and live to please Him. John said...."I baptize you with water for repentance, but He who is coming after me is mightier than I, Whose sandals I am not worthy to carry. He will baptize you with the Holy Spirit and fire. His winnowing fork is in His hand, and He will clear His threshing floor and gather His wheat into the barn, but the chaff He will burn with unquenchable fire." (Matthew 3:11-12; Mark 16:14-20) Lord Jesus, baptise us with Your Holy Spirit and Fire, amen.

FOR PA MAC THE BLACKSMITH

By Nicky Barry

Being popular comes easy, to those who have the gift,
For such folk are inoffensive, and give everyone a lift.
They are optimists at heart, who just see the bright side,
As opposed to pessimists, from whom people hide.
The optimist is upbeat, and greets you with a smile,
For it is second nature, and in no way contrived.

They are undemanding, when in company,
And put people at their ease, for simply they are free,
From begrudgery and rancour, and inbuilt nastiness,
And spite in abundance, which can cause distress.

The good guys of this world, are those of carefree disposition,
Who lift up your spirits, with no shade of derision.

They see the ironies of life, with all their dimensions,
And simply just get on with things, devoid of all pretensions.
They will comfort you with cheer, when they see you down,
But not be too intrusive, helping you to come around.

They often have a nickname, which others coined for them,
Which reflects their characters, as pure social gems.

Such decent men and women, make the world a better place,
For happiness glows in their eyes, and so lights up their faces.

A PRAYER TO OUR LADY OF LA SALETTE

Remember, dear Lady of La Salette, true Mother of Sorrows, the tears which thou didst shed for me on Calvary; be mindful also of the unceasing care which thou dost exercise to shield me from the justice of God; and consider whether thou canst now abandon thy child, for whom thou hast done so much. Inspired by this consoling thought, I come to cast myself at thy feet, in spite of my infidelity and ingratitude. Reject not my prayer, O Virgin of reconciliation, convert me, obtain for me the grace to love Jesus Christ above all things and to console thee too by living a holy life, in order that one day I may be able to see thee in Heaven. Amen.

NOVENA TO THE SACRET HEART

Dear Heart of Jesus in the past I have asked many favours.

This time I ask you this special one, (mention favour).

Take it dear heart of Jesus and place it within your heart where your Father sees it.

Then in his merciful eyes it will become your favour not mine.

Amen.

Say this prayer three times for three days and your favour will be granted.

M.M.

PRAYER TO MOUNT CARMEL

O most beautiful flower of Mount Carmel, fruitful vine, splendor of Heaven, Blessed Mother of the Son of God, Immaculate Virgin, assist me in my necessity. O Star of the Sea, help me and show me herein you are my Mother.

O Holy Mary, Mother of God, Queen of Heaven and Earth, I humbly beseech you from the bottom of my heart to succor me in my necessity.

There are none that can withstand your power.

O show me herein you are my mother.

O Mary, conceived without sin, pray for us who have recourse to thee (three times).

Sweet Mother, I place this cause in your hands (three times).

Say this prayer for 3 consecutive days and then you must publish it and it will be granted to you.
