It's been a busy week in Killarney leading up to St. Patrick's Day. The town is decked out in our national colours to celebrate with many of the iconic buildings in the town turning green for the occasion. The opening of a Garden of Remembrance at the courthouse in Killarney was one of many events held to commemorate 1916 with local schools pulling out all the stops to honour this important occasion.

Killarney Camera club launched their exhibition at the Killarney Library and Eva Schloss, a step sister of Anne Frank enjoyed a visit to Muckross House.

Killarney Chamber of Tourism and Commerce launched their new website [killarney.ie](http://killarney.ie) and athletes from all over Ireland were in town for the Quest Adventure Race.

For all this and much more browse through the pages of this week's Killarney Outlook.

## TALENTED KILLARNEY SINGERS HITTING THE HIGH NOTES ON WORLD STAGE

Oisín Treacy Killarney and Megan O'Neill Kilcummin are experiencing the tour of a lifetime as they visit America and China with the Maynooth University Chamber Choir. Under the direction of Michael Dawson, The Maynooth University Chamber Choir made history in July 2015 when it became the first Irish Choir to lift the coveted Pavarotti Trophy as 'Choir of the World' at the Llangollen International Musical Eisteddfod in Wales.

Oisín and Megan are both first year students of music at Maynooth University. Oisín studied voice under Emma Plaine in Killarney. He also

plays trumpet with the Cork Youth Orchestra. Megan is a former student of Sharon Reidy and is currently studying under Mary Brennan at the Royal Irish Academy of Music in Dublin. First stop was New York where, on Tuesday evening last, where they performed in the iconic St. Patrick's Cathedral. These two young vocalists are no strangers to performing in Cathedrals as they are both cantors in St. Mary's Cathedral Killarney under the direction of Declan Walsh. Oisín and Megan will perform in Boston on St. Patrick's Day, then on to Shanghai, Changzhou and Guangzhou in China, back to the US

What is considered one of the most competitive websites in the market place in terms of design, function and usability has been launched by Killarney Chamber of Tourism and Commerce. Killarney.ie is going to be powerful tool for promoting Killarney going forward.

"The objective was to create a website worthy of a destination like Killarney. It is very image focused with powerful imagery throughout the site", Kellie Doherty, Sales and Marketing

Executive at Killarney Chamber of Tourism and Commerce told the Killarney Outlook.

"Contrary to the previous site, it is 100% visitor focused –outlining everything pertinent to a visitor – mainly things to see and do – from the adventurer to families, it has it all".

The website is owned by Kerry CoCo while the design and content will be managed by the Chamber.

"We are very proud of the new website" Kate

O'Leary, President of the Killarney Branch of the Chamber of Tourism and Commerce told the Killarney Outlook. "This site will be of huge benefit to businesses in Killarney as it is a one stop portal to the town and I want to thank Kerry County Council for their involvement in this endeavour" she added.

So have a browse and enjoy -

## TABLE QUIZ FOR BELARUSSIAN BOUND STUDENTS

A group of Killarney students who are heading to Belarus to volunteer at an orphanage in Chernoybl are holding a table quiz to raise funds on Sunday night.

The cause is very close to the hearts of the five girls, some of who have grown up involved in the Killarney Branch of the Friends of the Children of Chernoybl.

Keelin O'Sullivan is the granddaughter of Betty Crosbie who has been involved in the charity for the past 25 years.

"Growing up being surrounded by people who played huge roles in the Friends of the Children of Chernoybl, it has always been a goal of mine to travel to Belarus and experience it for myself. To be able to give back and finally help people there myself is an amazing opportunity", Keelin told the Killarney Outlook.

Karen O'Leary, is the daughter of National Chairperson of the Friends of the Children of Chernoybl, Mary O'Leary and Gillian Fitzgerald's family have hosted children for over 15 years. Clare O'Shea family have also hosted children in their home and the girls will be joined by Gillian's friend Karina Nagle.

The girls are travelling on July 3rd to Chevren Orphanage, where Gillian has already

everyone is welcome.

All the girls are funding their own flights and all money raised will go towards making life a little easier for the children in the orphanage.

## MEMORIES FROM THE KITCHEN

In 1945, World War II came to an end, Cork beat Cavan in the All-Ireland football final, and Tess O'Donoghue started work in Killarney House. She was just 15 years of age, and had left school the year before, but this was already her second offer of employment: The previous year, her mother had sent her down to Hilliards' shoe factory with a freshly baked cake of bread in the hope that she might be given a job there. When asked if she would like to work in the factory, however, Tess replied "Oh, I'd hate it!" The news was not well received at home, but Tess did not take long securing an alternative job.

She lived at the top of Ross Road, so she was very familiar with Killarney House, where her father worked as a butler, first for Valentine, Viscount Castlerosse, and then for his brother, Gerald. Having saved Lord Castlerosse's life in the trenches in World War I, Tim O'Donoghue was rewarded with the job and he dedicated himself to it, even carrying Lord Castlerosse's chair over to the cinema when his employer went to see a film.

Tess's first experience of Killarney House was a dramatic one, when she fell into the pond as a two-year-old and had to be revived with a sip of whiskey. (She has remained a teetotaler ever since). Doing odd jobs in the kitchen proved to be a far pleasanter experience, and she enjoyed the work, until the arrival of a new cook. Tess recalls the day when the replacement cook demanded a knife, and when the young girl brought her the wrong one, the cook threw it at her. Tess fled the kitchen and ran home, where she announced that she would not

be going back to Killarney House to work. Lord Gerald's sister Lady Cecily arrived at the O'Donoghue home later that evening, however, and announced that the cook was to be replaced - with Tess. The girl was still in her teens and had no formal cookery training, but she soon picked up what she needed to know to keep the residents of Killarney House well fed. Groceries were ordered from T.T. O'Connor in Killarney town, with meat supplied by Flemings' butchers, fruit and vegetables grown in Killarney House gardens, and venison in season. The house was comfortable and well equipped, and the Kenmares made easygoing employers.

Tess prepared breakfast, a two-course lunch, afternoon tea, and a three-course dinner and was otherwise left to her own devices, so she would head off on her bicycle around the estate in the afternoons. Summers were busy, when Gerald's sisters Dorothy and Cecily came to visit with their children and their staff, so Tess often did not finish work until 10pm. January was another hectic time, when guests arrived for the annual shoot, but Gerald suffered from poor health and entertained little. After he died in 1952, his niece Beatrice Grosvenor inherited the house, which proved to be too big for her needs. She moved to London in 1953, taking Tess with her. This marked the end of Tess's time at Killarney House, as she married in 1956, but she remembers her days there as among the happiest of her life.

# KILLARNEY REMEMBERS 1916

Spectacular display of patriotism and national pride in Scoil Phobail Sliabh Luachra, Rathmore to commemorate the 1916 rising on National Flag Day.

Students gathered for a cross-curricular presentation in the school gym on various aspects of the events of 1916, with particular mention of local Rathmore man, Patrick O'Connor who died in the Rising and whose grandniece and grand nephew Sarah and Fergal O'Connor are students in the school. All students were presented with a souvenir copy of the proclamation and during the event which was an uplifting celebration of national culture and wonderful local talent, the songs, music and poetry of the Rising were performed by students from all year groups and staff members were dressed in 1916 costumes.

The highlight of the morning was the arrival of the Tri-colour carried on horseback accompanied by pupils who are members of local hunt clubs and who processed from the village to the school for the raising of the flag. A guard of honour was formed by the entire

school and the flag was raised by 2 past pupils, Conn O'Riordan and Breda Fleming who are serving members of the defence forces. This

was done to the sound of Paul Sheerin playing The Last Post on trumpet. The ceremony ended with the singing of Amhrán na bhFiann by the

entire school community in an occasion that was filled with dignity, respect and pride in our national flag in a fitting tribute to the men, women and children who died in 1916.

# STUDENTS LED COMMEMORATION AT KCC

ROSS BRENNAN READS THE PROCLAMATION AT KCC.

On 15th March, a beautiful commemorative celebration for Proclamation day took place in Killarney Community College. The Principal Fiona O'Brien opened the proceedings.

The ceremony was very much a student led endeavour highlighting the extraordinary talents of the students. The morning was filled with Art displays, Poetry readings, musical renditions and drama. Some students performed an extract from Sean O'Casey's the

Plough and the Stars while a third year student Sarah O'Sullivan gave a beautiful performance of 'Grace'.

The 1916 Proclamation was read to the school by fifth year student Rory O'Carroll while Ross Brennan recited the newly created Proclamation for 2016.

# SPA GAA CLUB TEE OFF TO RAISE FUNDS

With a number of major developments on the cards, Spa GAA Club are planning a fund-raising Golf Classic which will be staged at Killarney Golf Club, on Friday June 3 next.

The club is currently carrying out some major developments, including the laying of an all-weather playing pitch and alterations to the clubhouse involving the provision of a larger gym, office areas and toilets upstairs.

It is hoped around 60 teams of four golfers per team will take part in the classic, on the Mahony's Point course. Entry fee is €200 per team. People can also sponsor tee boxes. ## HOW OFTEN SHOULD I REVIEW MY PENSION AND WHY SHOULD I REVIEW MY PENSION?

There are very many important reasons to review your pension, including:

Performance of your pension and what funds you are invested in. This is **VERY IMPORTANT**, if your pension is invested in high risk funds your total pension fund could substantially reduce over a short period of time and if you are coming close to retirement this could result in you having a much less pension when you retire. The value of many pension funds have reduced since the start of the year, has yours?

Is your pension on target to reach the income you want on retirement? This should be checked on regular occasions, if your pension is not on target changes can be made to help put your pension back on track again.

What pension provider is your pension with and how much do they charge you? Charges are very important because you need to make sure that your pension charges are competitive on a like for like basis. Pension providers offer much more choices to clients now than before and the choices can be easier to understand if explained to you in plain simple English and by not using jargon. An independent financial advisor should help you understand your pension and your pension options better.

For the above reasons I recommend at least an annual review of every pension with an independent financial advisor.

To make an appointment in relation to the above or for any queries you can contact **Dermot Cronin** at **0646622775** or email **dermotcroninifa@gmail.com**

## LETTER TO THE EDITOR

### KILLARNEY AGAINST CANCER

*Dr. Maria Harriet Stack is leading a new foundation called "Killarney Against Cancer".*

*Here she tell the Killarney Outlook about her plans and what it is all about.*

Killarney Against Cancer is a new foundation to highlight the importance of prevention and early detection and intervention.

#### IT ALSO WANTS TO HIGHLIGHT:

- What is Cancer
- How Common is Cancer
- New and less toxic Cancer Treatments
- New tests For Cancer patients which would lead to less toxic regimes without compromising outcomes.
- The new guidelines about exercise and diet in Cancer prevention.
- The importance of a healthy lifestyle even in patients with Cancer diagnosis to improve survival rates.
- The new wave of anti cancer drugs. The antibody drug conjugates which have fewer and less toxic side effects and will lead to shorter hospital stays and reduced number of emergency visits to Hospitals without compromising on outcomes.

One in three of us will get a Cancer diagnosis one in four will die of the disease and everybody is deeply hurt by their own story of Cancer. Lifestyle measures are hugely important eg visceral obesity which is weight gain in the

DR. MARIA HARRIET STACK PICTURED WITH RYAN TUBRIDY.

centre of the abdomen is a risk factor for breast cancer in post menopausal women. The fats cells in the abdomen produce insulin which leads to rapidly growing oestrogen responsive breast cancer tumours. Weight loss and exercise will prevent this.

There is currently work on a cancer vaccine which can target the specific weak spot in a patients tumour. The idea is that it activates the T cells which are white blood cells to target just the tumour itself without damage to any other tissue. This will be a game changer for cancer but it is only in experimental phase at the moment.

Killarney Against Cancer recognises the deep trauma and emotional distress a Cancer diagnosis has on everyone.

Kindest regards  
 Dr Maria Harriet Stack

# ON THE QUEST FOR ADVENTURE

The Killarney National Park set the scene for another Epic day of adventure, with over 400 competitors competing in the Quest Adventure Killarney, Ireland's adventure capital, as part of St Patrick's Festival of events.

The endurance driven athletes cycled along the most scenic ancient paths of Killarney National Park, through The famous Black Valley, where they ran a section of The Kerry Way, along Cummenduff Glen, through O'Sullivan's Farm, the last house in the Valley. Then a tough incline onto The MacGillycuddy Reek's to Curraghmore Lake, before turning back to complete their trail run transition at Casey's Farm yard, a final bike ride through the Black Valley, along the challenging Kenmare Road to the finishing line at the Gleneagle Hotel, Killarney. The race included a 55Km Expert challenge and a 33Km race of strength and great fun.

Barry Cronin, powered through the landscape winning the overall race in an incredible record time of 02:28:42, in second place was Michael Buckley in a time of 02:28:54, third home was James Warburton in a time of 02:32:49. It was the Kerry Ladies that stole the show in the Adventure Race, Dingle's Elite Athlete, Ailise Deane's jaw dropping result, 02:32:49. Triathlon athlete, Lisa Stapelbroek of Templenoe, 02:56:48

Race organiser, Oliver Kirwan from Quest Adventure said "Records were broken, the weather held firmly for all the athletes. We witnessed magnificent racing on Saturday, but without the support of the residents of the Black Valley, staff at Killarney National park, the Gleneagle Hotel and local volunteers, the event could not happen. The atmosphere, good humour and banter among the athletes and

hard working organisers added to the great success of the day. It's all part of the Quest Adventure Experience"

The next Quest Adventure Series in the diary is Quest Glendalough on April 23rd 2016, Quest Achill September 3rd 2016, and back to the Epic Quest Killarney October 1st, 2016

## ITS PUPILS V STAFF AT ST. OLIVER'S

Kerry's largest Primary School, St. Oliver's National School, Ballycasheen, is about to undertake a mammoth fitness challenge over the next few weeks. Staff at the school are planning to walk, run or swim a collective 2016 miles in recognition of the Historical 1916 Rising Celebrations. Sponsored by friends, pupils and local business the staff have just 21 days to reach the total mileage. A giant gauge to monitor their progress will be on display in the school hall. However, that's not all the school are planning extra training, P.E classes, nutrition programmes, yoga and Zumba for all of the 800 pupils throughout the month of April. Finally on Sunday April 24th at 2pm pupils and parents face their own challenge - to beat the staff total by taking part in a fun run in Killarney National Park over 3 or 5 miles. All funds raised through sponsorship will go towards supporting the work in St. Oliver's. Entry fee is €10 per person or €20 per family.

## SPECTACULAR NOMINATIONS FOR URBAN OPTICS

There were great celebrations at Urban Optics on Scotts Street when news came through that the company has received two nominations at this Year's Optician Awards - Family Practice of the Year, and Optometrist of the Year.

For over twenty years, the Optician Awards have recognised and rewarded excellence across the profession in both Ireland and the UK, with awards for teams and individuals, independent practices and multiples, technology, family values, and fashion.

After taking home the trophy for Family Practice in 2011, Urban Optics are in the running once again, proving that family values are truly at heart of the business. The judges not only look for a practice that appeals to families but also one that employs family values in the way it is run. Children, parents and grandparents all frequent the practice, and with three generations of optical experience in the business, they are guaranteed the best in family eye-care.

The importance of family is also evident in the second nomination, with Pat's daughter Elaine short-listed for Optometrist of the Year. Not only is Elaine the youngest nominee in her category, she is the only Optometrist from Ireland to make the list.

Despite her youth, Elaine has acquired a wealth of experience and expertise. Her dedication to

STAFF AT URBAN OPTICS, SCOTTS STREET KILLARNEY ARE IN THE RUNNING AGAIN FOLLOWING THE ANNOUNCEMENT OF THE SHORTLIST FOR THIS YEAR'S OPTICIAN AWARDS. the profession has taken her from Dublin to San Francisco, Galway to Mozambique, and Cork to Malawi, before returning to her hometown of Killarney in 2013 to work with her father in the family practice. Over the past year, she has completed her MSc in Clinical Optometry and

won the prestigious Alcon Scholarship, while still finding the time to get married!

Elaine, and her parents Pat and Helen, will be travelling to the Optician Awards in Birmingham to represent the whole Urban Optics team at a gala award ceremony on April 9th.

## LOVE IS ALL THERE IS!

At the end of our days will it be the car we reach out for or the house? Will it be the accolades for the work we've done or how much money we have in the bank? Is it our status that we will want the most? Will we still be seeking someone else's approval? In a recent survey the number one top regret of the dying was that they wished they had lived a life that was true to them and not the life others expected they should live. What was really sad was that many did not realize until the end that happiness and love is a choice. They had stayed stuck in old patterns and habits. The so-called 'comfort' of familiarity overflowed into their emotions, as well as their physical lives. Fear of change had them pretending to others, and to their selves, that they were content, when deep within, they longed to laugh fully and have silliness in their life again."

At the end of our days all that really matters is Love and gratitude. That you have loved your body, your life and the people in it. Don't wait until you are about to leave this earth to really **LIVE** your life! Do it **NOW!** Gather yourself up in your own loving arms and treat yourself kindly. Refuse to indulge in any more of that thinking that brings you down or has you playing small. You're **NOT** small! You're **HUGE, GLORIOUS, EPIC** and a **WONDERFUL** human being! End your addictions – stop hiding and step out into your most **FABULOUS LIFE!**

I am running a **BREAK FREE FROM EMOTIONAL EATING** course - starting Wednesday April 6th from 7.30 – 9.30pm at the Travel Inn, Fossa, Killarney.

## **SNACKING!!! SHOULD I SNACK BETWEEN MEALS? AND WHAT SHOULD I SNACK ON? PART ONE**

I'm a big fan of promoting structured 3x meals a day with clients and 2-3 healthy nutritious low calorie snacks in between meals. These snacks are like stepping stones to get you to the next main meal. Snacking in between meals like this will have the following benefits;

- Keep your blood sugars stable so you don't crash and end up raiding the biscuit tin
- Prevent you from over eating at your main meals, as you hopefully won't be starving by the time you get to your lunch or dinner
- Snacking on healthy snacks will keep your metabolism fire burning so your not risking slowing this down by going too long a gap between meals so you will continue to burn calories efficiently
- Snacking will keep your energy levels up so you won't get that tired and slumpy feeling and find yourself reaching for the caffeine or chocolate fix
- It's a good way of getting good healthy nutrients into you that maybe were not part of your main meal.
- Snacking on healthy options will stop you from picking the unhealthy options as you will have more control by keeping your hunger levels at bay
- Snacking regularly should stop you opting for unhealthy takeaways and convenience foods as they should be used to keep your hunger levels in check so you can go home and have time to cook your dinner without feeling like you are going to faint in the process.

Healthy Snacking is all about controlling hunger levels. By the time you get to each main meal you should feel like you could eat with control. If you do feel like you can't stop and you just want the whole menu then chances are you have left it too long since your last snack or meal. Think of a frog trying to get across the pond, using each Lilly pad to get to his final destination with ease. Snacking should be thought of like this, just a stepping stone to keep your energy levels up so you can get to the next main meal.

## **OUTLOOK FASHION TOP IT OFF WITH A HAT**

Whether you opt for a cap, a fedora, or a floppy boho style, a hat might just be the easiest way to make more of a statement with your style. So top off today's outfit with a hat you keep meaning to wear.

## **HEALTH TIP**

### **EAT PROTEIN AT EVERY MEAL**

*Protein is the ultimate fill-me-up food. It's more satisfying than carbs or fats and keeps you feeling full for longer. It also helps preserve muscle mass and encourages fat burning. So be sure to incorporate healthy proteins like seafood, lean meat, egg whites, yogurt, cheese, soy, nuts, or beans into your meals and snacks.*

## *Beauty tip*

### *Smudge-Proof*

For smudge-proof eye makeup, take blotting tissue to remove any oil or any excess makeup from the eye area. Then, apply a small dab of cream concealer to hold things in place.

## **SAFEFOOD REPORT INTO ENERGY DRINKS RELEASED**

- **MASSIVE INCREASE IN NUMBER OF PRODUCTS NOW ON SALE**
- **SOME BRANDS CONTAIN UP TO 16 TEASPOONS OF SUGAR**

A new report by safefood into Energy Drinks in Ireland has found a massive increase in the number of products on sale<sup>1</sup> compared with 2002 and some brands containing up to 16 teaspoons of sugar. The report also found that some brands cost less than €0.50 cent a can. Males aged 15-24 were the highest consumers<sup>2</sup> of energy drinks (64%) and over half of those who consumed energy drinks (54%) consumed them at least once a week or more frequently.

Introducing the research, Dr Clíodhna Foley-Nolan, Director, Human Health & Nutrition, safefood commented "It's really remarkable that these products are so prevalent and together, energy drinks and sports drinks now comprise more than 20% of the soft drinks market<sup>3</sup> in Ireland. Consumption can have health consequences because of their sugar and caffeine content. A typical small 250 ml can has sugar levels of 6 teaspoons per can which is equivalent to a full chocolate bar. The caffeine content is high and drinking 2 small cans and one small espresso of coffee drives an

adult's daily caffeine intake above recommended levels. In addition, the use of energy drinks as a mixer with alcohol among young adults also has consequences in the context of Ireland's current binge-drinking culture. safefood's position continues to be that these drinks are not recommended as a mixer for alcoholic beverages but this is now common and part of the binge drinking culture prevalent particularly amongst our 15-24 year olds."

The safefood report found that the average price of an energy drink in Ireland was €1.09 however this cost ranged as low as €0.49 cent with supermarket own-brands being cheaper than branded products. The leading brands are also supported by extensive promotional campaigns particularly on digital and social media, with many brands hosting dozens of dedicated Twitter and Facebook accounts and marketing campaigns aimed specifically at active young people with a focus on high adrenalin activities and music.

## MILLTOWN LISTRY LADIES FOOTBALL

Milltown Listry ladies football held their annual get together in Killarney country club recently. It was a great occasion and encouraging to see so many attend and great credit is due to the hard working committee but especially to Phil Tangney and Claire Rochford. Medals were presented by our two Kerry minors Ronan Buckley and David Roche who did a presentation of east Kerry medals to our under 14 girls and county League to our senior team. It is great to have such commitment and pride from every one of these girls.

Our under 12 and under also attended, even though they did not receive any silver ware, there still did their club proud. Chairperson Phil spoke of very exciting times ahead with a major sponsorship deal organised with GMHD insurance in Killarney and Killarney county club. Our senior girls and under 16 girls are so lucky to have these 2 major sponsors on our new jerseys. GMHD in front and Killarney country club on the back.

Our past under 14 Kerry girls were congratulated and special tribute was paid to under 16 player Ciara Murphy who did Milltown Listry proud once again getting an all Ireland medal. Plans were revealed for our biggest fund raiser ever - a night at the dogs will be held in Tralee on April 9th tickets are €10 each and available from Phil Tangney 087 9487355, Margaret Lehane 087 6432812 and Claire Rochford 0876750237

## EAST KERRY NOTES

### FRANK DORAN SAFEGUARD SECURITY EAST KERRY SENIOR LEAGUE

#### DIVISION 1A

##### RATHMORE 2-20 CURROW 3-12

Currow played Rathmore in Rathbeg on Friday night under lights in the Frank Doran Safeguard Security East Kerry Senior League. Both sides fielded strong teams. Rathmore, playing with a strong breeze, got off to a great start with Mark Reen and Eoin Lawlor scoring freely. Currow found the net for an early goal by John Buckley. A second goal from Daniel O'Shea late in the first half left the score at the interval Rathmore 1-12 Currow 2-02. Currow played better in the second half and a third Currow Goal from Eugene Cronin narrowed the gap. However Rathmore who were the stronger team overall, finished winners on a final score of Rathmore 2-20 Currow 3-12.

**LEGION 3-15 GLENFLESK 0-9:** Legion recorded their third win in the competition when they proved the stronger and ran out convincing winners in this Super League encounter against Glenflesk at Derreen last Sunday morning. In the opening half, Conor Keane converted a penalty and also notched a goal from play. Tom Moriarty was in fine form too, racking up five points, giving the home

side an unassailable lead at the break. In the second half Glenflesk improved as both teams ran the bench. Derek Twomey scored a goal from a great team move and David O'Sullivan kicked two nice points. Substitute Darragh O'Doherty scored a point following a seventy yards run. Jeff O'Donoghue kicked a few well taken scores for Glenflesk but Legion were too strong for the men from the Glen on the day. Final score: Legion 3-15 Glenflesk 0-9.

#### DIVISION 1B:

**DR CROKES 0-17 LISTRY 0-9:** Despite the margin on the scoreboard, this game was by no means a one sided affair. In the first half both teams had to defend in numbers and there were only three points between the teams, 0-8 to 0-5 in favour of Dr Crokes at the interval. The home team had much the better of the exchanges in the second half, out scoring Listry 0-11 to 0-2. Two Dr Crokes players scored ten points between them, nine of them from play and the other from a forty five. Paul Clarke hit his six points from play and Brian Looney scored four, three from play and the other from a fourth five metre free. These contributed in a significant way to the Dr Crokes Victory. As a result of their unbeaten record in the league, Dr Crokes have qualified for the Final against the team that tops division 1A, which remains open with a number of games remaining to be decided.

**SPA 1-11 KILCUMMIN 1-5:** Played in Spa on Sunday, two under-strength teams provided an entertaining hours football in beautiful spring conditions. Spa started the stronger and went three points ahead but Kilcummin rallied and matched their hosts for the rest of the half. Kilcummin were reduced to 14 during the half and there was only the minimum between the teams at half time with Spa leading 0-5 to 0-4. Kilcummin started the second half the livelier and were rewarded with a goal by Matt Keane from the penalty spot. However Spa taking advantage of their numerical advantage, took control and when Craig Hickey finished well to the Kilcummin net, after a fine run, there was daylight between the teams. Spa finished much the stronger and ran out deserved winners by six points. Final score: Spa 1-11 Kilcummin 1-5.

#### DIVISION 2

**FIRIES 0-9 SCARTAGLEN 0-8:** This final round of division 2 in the Frank Doran East Kerry Senior League, dished up a game that went down to the wire for decision. Firies opened the scoring by Colm O'Shea, followed by a point by William Courtney. Scartaglen replied through Mike Horan (2). Mike Daly gave Firies the lead again but 2 further Mike Horan points had Scartaglen in the lead at the break by 4 points to 3.

At the restart, Scartaglen threatened to pull away with points by Brian Hanrahan and Brendan Rahilly. Firies responded with 4 unanswered points, Mike Daly, Pdraig De Brún, Ed Kerrisk and William Courtney (free) on target for the home side. A point by Brian Hanrahan levelled the score before Colm O'Shea put Firies

in front again by the minimum. Mike Horan levelled the score again before Eddie O'Rourke kicked the final score of the game. Scartaglen tried hard for the equaliser but Firies held on for the win. This means that Firies joins Scartaglen and Fossa on equal league points in Division 2, with all rounds of the league played. Final score: Firies 0-9 Scartaglen 0-8

## DR. CROKES NOTES

### EAST KERRY SUPER LEAGUE - ROUND 4

### DR CROKES 0-19 LISTRY 0-7:

Even though we won this game by a margin of twelve points we had to fight hard for our scores, especially in the first half, at the end of which we led by just three points, 0-8 to 0-5. We probably had an edge in fitness and this showed in the second half when we added on eleven points to Listry's two. Our opponents didn't have many attacks in this thirty minutes but we defended well and out cut many of their offensive moves. A worrying thing for our management would be, that only two of our starting six forwards, scored from play, Paul Clarke hitting over six and Brian Looney 0-3. This victory qualifies us for the League Final.

We will continue to train and it looks like some nice weather is forecast over the next week at least.

Kerry and as far away as Donegal, where the All-Ireland Coastal Rowing Championships are being held this year. The National Rowing Centre is based in Iniscarra, Co Cork where we participate in the Irish Rowing Championships, annually. Indeed, our recent successes in the Irish Indoor Rowing Championships in UL highlights how this sport is indeed for all the year round, regardless of the weather!! ## KILLARNEY SWIMMING CLUB NOTES

Well done to all our swimmers who took part in the Munster Long-Course Championship which was held at the University of Limerick campus on the 12th and 13th of March. Long-course events are held in Olympic-size pools under Olympic conditions and are only open to the best swimmers in the province so we, as a club, are enormously proud of everyone who took part.

**UNDER 14 GIRLS:** Congratulations to Margaret O'Brien who won silver medals in both the 200 metres Butterfly and the 400 metres Individual Medley, piercing the water with some spectacular dives on the day.

Well done also to Wiktoria Niewiadomska who

picked up a beautiful silver in the 50 metres Freestyle. Wiktoria was invited recently to join the Swim Ireland Munster squad so, for that, a special mention must go to her parents, Isabela & Rafai, who do all the hard work driving to training and galas. "Behind every successful swimmer ..." etc. Wiktoria is only thirteen year old, so watch out for that name in the future.

**OVER 15 GIRLS:** Congrats to Marta Doberschuetz who turned on the style to take silver in the 50 metre Breaststroke and bronze in the 100 metre breaststroke. Marta is well-recognised at this level for her technically beautiful stroke.

**OVER 15 BOYS:** Robert O'Brien was simply superb in the pool winning a magnificent gold in the 400 metre Individual Medley, in what is probably the hardest race of them all. Robert, and his sister Margaret who won medals in the under 14 category, specialise in long distance so they were very comfortable in the longer races over the long-course.

Thanks to our coaches, Cathal O'Brien and Leontia Doody who gave huge support and encouragement to all swimmers over the weekend. Thanks also to all parents for travelling.

board with Ellen Clifford contributing some fine baskets to leave Cougars deserving winners at the finish despite the best determined efforts of the Wildcats.

### SENIOR NEWS: ST MARYS 69

#### KILLARNEY COUGARS 61 AFTER OVERTIME

A very fitting contest for the top of the table clash at the Castleisland Community Centre saw league leaders Cougars miss the opportunity to clinch the league title as they let a 6 point lead slip in the final qtr and had to rely on two free throws from Marian O'Callaghan to rescue their chances and take it to overtime before St Marys recovered their composure again to secure the win in overtime .

St Marys made the early running and led deservedly 22-16 at the end of the opening qtr with Dara Barrett 8pts and Philomena O'Connor 9pts doing the damage despite a good spread of scores from the Cougars and a three pointer to end the qtr from Chloe O'Doherty raise Cougars spirits. The side went basket for basket in a tense second qtr and the game finally turned in favour of the visitors with a solid display from Emer O'Neill, Chloe O'Doherty, Amanda Brosnan and Allyson Caggio to see Cougars ahead 46-42.

Cougars looked set for the all important win before Maura Conroy intervened as she made a big difference with three consecutive baskets to revive St Marys chances, and with Dara Barrett dominating on the boards they had the lead in the closing minute with Marian O'Callaghan saving Cougars at the finish to take the game to overtime.

The home side regained control in overtime and with Cougars numbers on the bench limited due to injuries to key players recently and they tired and hit foul trouble as St Marys took their chances to finish winners in a very competitive game. The league will be decided next week following the final round of games next week with Cougars away to Kenmare next. Further details on training schedules, fixtures and results log onto the website

## OPW CONFIRMS WINTER STORM DAMAGE ONSKELLIG MICHAEL

The Office of Public Works this week confirmed that it has received reports of significant winter storm damage on Sceilg Mhichíl, the famous World Heritage Site off the Kerry coast.

The damage has been sustained to a length of wall along the main visitor path - known as the Lighthouse Road - leading from the landing pier at sea level to the base of the South Steps where visitors begin the climb to the famous Skellig Mhichíl monastic site. A portion of the wall at the Cross Cove has been swept

away, possibly by the effects of wave action during recent severe storms. It is alternatively possible that the wall at this location may have been damaged as a result of rockfall from the slopes above the roadway; the section of roadway involved is particularly prone to rockfall, and a timber covered canopy has been in place for many years near this point to protect users from debris falling from above. However it will not be feasible to assess the actual cause of the damage until the OPW and Department of Arts,

Heritage and Gaeltacht experts can access the site in the coming days to view the position at first hand.

Arrangements are currently being made to have qualified personnel landed on the Island as soon as possible to assess the damage and, once the position has been fully assessed, a report will be made to the Minister for Arts Heritage and the Gaeltacht.

The Park C took the points from their Saturday game with a 3-0 win over Listowel Celtic B.

**JOINT LEADERS IN 15 PREMIER:** The Park A were 4-0 winners over Killorglin in mid-week to move level with Killarney Celtic at the top of the Killarney Plaza 15 Premier. Sean McGrath hit a hat trick with Nathan Gleeson getting the other goal. Both teams are level on 18 points but the Park now have a game more played.

**LEADERS HELD IN 16 PREMIER:** Leader Killarney Celtic were held to a 2 all draw in a cracker by Tralee Dynamos, leaving the Tralee Boys just two points off third place. Dynamos led twice through David Couchman and Codi Dauti with goals from Michael Devlin and Peter O'Sullivan drawing Celtic level twice.

The other game in the Division also ended in a draw with Listowel Celtic and Castleisland drawing 1 all. Jack Sheehan got the goal for the North Kerry side.

#### MASTERGEEHA NOW TOP DIVISION 1:

Following a 3-0 win over Killorglin Mastergeeha moved ahead of Killarney Athletic at the top of the 16's Division 1.

#### POINTS SHARED IN GIRLS 16 PREMIER:

Killarney Athletic and Killarney Celtic played out a 3-3 draw in a great game in the Girls 16 Premier. It was Celtic's first dropped points in 4 games and credit to Athletic as they opened the best and went 2-0 up thanks to 2 Eva O'Donoghue goals. Ciara Randles pulled one back for Celtic and then Kate Murphy equalised following a Lauren Burke pass.

Ellen Coffey restored Athletics lead but an Anna Clifford penalty after a Ciara Randles cross was handled ensured the points were shared.

#### INTER LEAGUE RESULTS:

**12'S:** Limerick County 1-0 Kerry.

Kerry did everything but score in this game but it was the home side that got the vital breakthrough.

**13'S:** Kerry 0-1 Limerick District. Kerry 2-0 North Tipperary

Kerry were involved in the 13's Inter County Blitz in UL and they looked to heading for a draw in their first game against Limerick District. However a late free kick was the difference between the sides.

Kerry bounced with a 2-0 win over North Tipperary thanks to goals from Sean Stackpoole and William Shine.

#### KERRY 16'S 1-2 LIMERICK DISTRICT

An Aaron Dewey free kick had Kerry level with Limerick District in a high quality game in Listowel. However the Limerick side took the win with a late goal.

## MASTERGEEHA FC

Mastergeeha FC will hold a fundraising Night at the Dogs at Tralee Greyhound Track on Friday 1st April 2016. It is a very important fundraiser

for the club and a great night of fun and entertainment is guaranteed. Tickets will be on sale from committee members and in The Village Inn and in Kilcummin Post Office. All support welcome to attend.

**U12 Mastergeeha 3 Inter Kenmare 0.** The boys earned a good home win on Saturday morning in this cup game. Darra O'Shea, Daniel Kelly and Donagh Fahy were the scorers in a good team performance.

**U14 St. Brendan's Park B 4 Mastergeeha 2.** The lads left Tralee empty handed after defensive frailties led to their own downfall in a game they really should have won. They created the better chances throughout and after going behind early they levelled after good team play from Alex O'Leary and Philp O'Leary set up Darren Lehane to fire home. The home side scored further goals but Lehane replied again when he rifled home a free kick just before the break. The lads pushed to draw level in the 2nd half but couldn't take their chances and were punished late on when the Park scored to take the points.

**SENIORS Mastergeeha 1 Tralee Dynamos 1.** In this close greyhound bar cup game the seniors battled hard and took the lead mid-way through the first half. However in the second half the visitors equalized after twenty minutes. Both sides had chances late on to get the winner with both goalkeepers making good saves.

**MASTERGEEHA FC LOTTO** There was no winner on Friday 11th March 2016. Numbers drawn were 6,16,22,24  
Jackpot now €5,250.

## KILLARNEY CELTIC NOTES

### CELTIC PARK TO HOST U18 INTERNATIONAL

Celtic Park has been announced as the host venue for the U18 Centenary Shield Match between Ireland and Scotland on Thursday, April 14th. This is a great honour for the club and testament to the standard of our facilities and the hard work done by wonderful volunteers on previous occasions.

**CLUB SHOP** Our range of Celtic gear has been updated and is now available from the club shop on Saturdays from 12 noon to 2.00pm. Contact Mary Lyne 086-6485809 or Mags O'Neill on 087 6451913 for enquiries.

### 40TH ANNIVERSARY

**COMMEMORATIONS** Our Club has a big birthday when it turns 40 this year. To help mark the occasion and to preserve our history for future Killarney Celtic generations, we will shortly be compiling a Digital Archive of club photos, news reports, memorabilia etc. That will require current and past members to rummage out whatever you might have in display cases, old biscuit tins and photo albums.

We'll be publishing more details here and via the press on the project and how you can get us your materials (and get them safely back).

**KENNEDY CUP:** Reigning champions Kerry have drawn Wicklow, Carlow, and Donegal in this year's competition in UL.

Best of Luck to Brendan Hogan and the Kerry U17 League of Ireland team who play Cork in Mounthawk Park next Sunday at 2.00pm

**RESULTS DENNY PREMIER:** Castleisland 2 Killarney Celtic 7

Another superb result. Celtic were outstanding here and created numerous chances, executing seven in total. Peter McCarthy was the hero of the hour with a whopping four goals, every single one a gem, with Wayne Sparling, Stephen Hayes, and Gary Keane on target as well. This wasn't just about attacking, though. The Celtic defence of Chris O'Leary, Brian Spillane, Jamie Spillane, and Fergal O'Donoghue were not just resolute, they were hugely creative as well, linking well with a quick, clever, and energetic midfield of Conor Randall, Matt Keane, Gary, and Stephen. Replacements Joe Hurley, Conor McCarthy, and Kevin Moriarty were outstanding when introduced.

**Denny Premier B:** Killarney Celtic 6 Skeliga 2

Matt Keane and Chris Coffey got a brace each, with Wayne Sparling and Denis Sheahan also on target in a great team display.

**JIMMY FALVEY YOUTHS CUP:** St. Brendans Park 1 Killarney Celtic 1

Celtic went 1-0 up in a very exciting game and it looked like it would be enough, but Park fought to the end and managed to grab an equalizer three minutes into injury-time.

**U16 PREMIER:** Tralee Dynamos 2 Killarney Celtic 2

Celtic had to show real nerve to come back from behind twice, Micheal Devlin scoring our first and Peter O'Sullivan with the second. After that we dominated but just couldn't get through for a winner.

**U16 GIRLS:** Killarney Celtic at home to Killarney Athletic, Saturday, 2.30pm

**U14 Premier:** Tralee Dynamos 0 Killarney Celtic 1  
This was a very, very tough battle between two evenly decided teams, with a neatly executed penalty by Niall McGillicuddy giving us a narrow win.

**U14 DIV ONE:** Killarney Celtic 2 Fenit Samphires 2

Darragh Cremins and Paul O'Sullivan put us ahead but Fenit battled back bravely for a hard-earned but deserved share of the spoils.

**U12 PREMIER:** Killarney Athletic 0 Killarney Celtic 0

A cracking game in tough conditions. Celtic should have led at half-time, having dominated possession in the first half, but we just couldn't break through. It was a different story in the second half, Athletic got well on top, and we needed a great marking job by Sean Fitzgerald on the impressive Alex Higgins and three world class saves by man of the match Peadar Kelliher between the posts to earn a valuable point.

**U12 DIV ONE:** St. Brendans Park B 4 Killarney Celtic B 0

The lads put in a huge effort but Park were simply a better outfit; this was a much more encouraging display by Celtic than the scoreline makes it sound. Very well done to both teams.

**U12 DIV TWO:** St. Brendans Park C 4 Killarney Celtic C 3

Celtic trailed 2-0 at the break but showed a huge improvement in the second half, with

Eoghan Crowley scoring twice and Calvin O'Sullivan once. In the end, we were unlucky to lose out by the odd goal in seven in a brilliant game.

**CONGRATULATIONS** to U12 goalkeeper Peadar Kelliher on making the Kerry Schoolboys/Schoolgirls Team of the Week.

## KILLARNEY GOLF AND FISHING CLUB

**MEN'S CLUB RESULTS, AND FORTHCOMING FIXTURES** Club Captain Liam Hartnett was delighted to have eventually got the Men's Club competition schedule for the calendar year of 2016, "off the ground" with the staging of the "Keane's Jewellers" sponsored singles stableford competition which was played over our "Mahony's Point" course on last Sunday, the 13th of March.

The entry of over 150 members was a fair testament to both the anxiety of the Men's Club Membership to compete in a Club competition, and was also a fair reflection of the popularity of this competition which was, and is, most kindly sponsored by Keane's Jewellers, who have been excellent supporters of our Club for so very many years.

The competition was played in excellent golfing conditions, and despite the recent atrocious weather the course was in "fair shape", which was reflected with over twenty of the scores of those who played, at 40 points or more, and one of the minor placings was decided by the better points number on the very last hole, and second place was won with a back nine holes score of a massive 25 points.

The competition does not qualify competitors for either handicap reductions or for points back, due to the temporary nature of many facets of the course, but of course, our Club Handicap Secretary James Curran, and his team will be taking due cognisance of those with "exceptional scores", and a possible handicap reduction may be "on the cards" for some of those with the best scores down the line.

1st William D. O'Connor with 44 points playing off 13 handicap.

2nd Ciaran Fleming with 43 points off 28 handicap.

3rd Jonathan Sparling with 43 points off 9 handicap.

4th Con Daly with 43 points off 27 handicap.

5th David MacIndoe Jnr. with 42 points off 13 handicap.

Best gross winner was Simon Gallivan with a score of 68 strokes, who plays off 1 handicap.

Category 2, winner was Ian Cronin with 42 points, off 7 handicap.

Category 3, winner was Peter Lawlor with 41 points, off 15 handicap.

Category 4, winner was Teddy O'Sullivan with 42 points off 18 handicap.

St. Patrick's Day "open" singles competition on Killeen.

The next competition will be a singles stableford "open" competition which will be played on Thursday next St. Patrick's Day, and the time sheet is almost full at this time of

going to press, this will be played on "Killeen", and the competitors will get the opportunity to see for themselves the excellent progress that has been made with both the repairs and the upgrade of many holes on the course that have been undertaken by Course Manager Enda Murphy and his team over the last two months or so.

Sunday the 20th of March, Keane's Jewellers sponsored "mixed foursomes" competition.

The competition to be played on next Sunday will be the Keane's Jewellers sponsored "mixed foursomes" which will be played under the "Scotch Foursomes" format, scheduled to commence at 10.30 A.M. with a "shotgun" start.

# ROAD-USERS REMINDED OF DANGERS OF DRIVING THE 'MORNING AFTER'

RSA AND AN GARDA SÍOCHÁNA ROAD SAFETY APPEAL FOR ST PATRICK'S WEEKEND

As we celebrate St Patrick's weekend, the Road Safety Authority (RSA) and An Garda Síochána are asking all road users to act responsibly and safely on the

roads. In particular, drivers are being warned of the dangers of driving the morning after a night of drinking where their driving could still be significantly impaired by alcohol.

In the five year period 2011-2015 a total of 15 people lost their lives and a further 34 people were seriously injured in road collisions between 16th-18th March.

Ms Moyagh Murdock, Chief Executive of the RSA said, "St Patrick's Festival is traditionally a time for people to enjoy a break from work, school or college, and enjoy the festivities around the country. We're not suggesting that people don't enjoy themselves but we would urge people to act safely and responsibly, particularly when it comes to alcohol and road use. If you decide to go out for the night, leave the car at home and take the sensible option by getting a taxi to and from your destination."

"This is also important the morning after the night before as you may still be over the limit without realising it. It roughly takes you about one hour for your body to get rid of one unit of alcohol, that's a half pint or standard glass of wine. If you got to bed in the early hours and didn't get a good night's sleep, this will magnify the impairing effects of any alcohol in your system."

Chief Superintendent Aidan Reid, Garda

National Traffic Bureau said, "An Garda Síochána is committed to ensuring that the incidences of drink-driving on our roads are reduced. Simply put, drink-driving destroys lives – at best, you could lose your licence but far worse, and far more difficult to live with, is the possibility of seriously injuring or killing someone on the roads. Our members will be patrolling the road network throughout the country over the St Patrick's Festival period in marked and unmarked vehicles and would like to remind drivers that in addition to mandatory breath testing, they can breath-tested if they commit any road traffic offence. So please make sensible choices when using the roads and never, ever drink and drive."

"In particular, I would remind drivers of the dangers of driving the morning after the night before. 12% of all drink driving arrests occur between 8am and 2pm and of those, almost a third happen on a Sunday, peaking between 11am and 2pm. So it is critical that drivers take measures to ensure their safety and the safety of others and this means leaving the car at home and taking a taxi or public transport the morning after if they need to get somewhere. It's just not worth the chance if you are still over the legal limit."

Ms Murdock also warned pedestrians of the dangers of consuming alcohol, saying, "It's hard to believe but two thirds of pedestrians killed

on our roads have consumed alcohol. Alcohol makes you unsteady on your feet and less capable of crossing the road safely or staying upright. It also impairs your judgement, making you more likely to step out in front of oncoming traffic because your ability to judge safety and distance is significantly impaired. The safest thing to do if you're heading out for the night is to plan your journey home by organising a lift, a taxi or using public transport. I would also encourage people to look out for each other – if your friend or relative is under the influence of alcohol, make sure they get home safely."

To raise awareness of the dangers of driving the morning after a night of drinking, the RSA and An Garda Síochána will broadcast a short information video on St Patrick's Day. The video clearly shows what a driver can expect if caught drink driving. In the scenario shown, a driver who is detected driving illegally in a Bus Lane in the morning rush hour is breath tested, fails, is arrested and taken to Store Street Garda Station. The video will be promoted online and through social media.

To date this year, 29 people have been killed on Irish roads, one more than the same period last year. 166 people lost their lives on Irish roads in 2015.

The highlight of the first half was a penalty save by goalie Alex Rennie who had a tremendous game throughout and exceptional defending by the captain Cian O'Sullivan. In the 2nd half, despite having a lot of the ball, Fossa found it hard to get scores and only had a solitary point from Eamonn Murphy to show for their efforts. ### GOOD MOOD FOOD

It is a well known fact that what we eat and drink can affect our mood. Our body and mind responds to what we digest not just on a physiological level but also on an emotional level. However, everyone has a tendency to

ignore this on a small or grand scale to some degree depending on how busy or chaotic our lives become. The end result being we feel drained, emotional, moody, tired and irritable. It can be an ongoing struggle for many of us to incorporate a healthy eating mind set into our lives and yet when we do, we feel so much better, more energised and positive. The challenge, of course, is to maintain and sustain this approach. Some Golden Rules to follow;

- Eat Breakfast and kick start your metabolism.
- Include fruit and vegetables in your diet.
- Eat regularly and include fish, chicken and any lean meat in your diet.
- Drink plenty of water (6 to 8) glasses per day.
- Avoid late night eating and too many take aways!
- Watch portion size.
- Reduce Caffeine
- Be mindful of alcohol consumption.

Some key foods to include are minerals such as magnesium, found in nuts, whole grains and green leafy vegetables, zinc, found in meat, milk, legumes and whole grains and iron, found in red meat, green leafy vegetables, eggs and some fruit. Omega 3 polyunsaturated fatty acids found in oily fish and some plants are also very important and of course vitamins such as vitamin B, C and E. Again whole grains, fruit and vegetables important here. Changes in our diet can enhance our cognitive abilities and indeed protect the brain from any damage, boosting our mood and general sense of wellbeing. So consider the benefits of certain foods in the wider context and you are not only trying to counteract heart disease and cancer through these choices but you are also protecting the brain and looking after your mental health. Go further and make exercise part of the equation and you are well on your way to a healthier you; another layer of self-care is sleep. Strive for 8 hours and when awake strive for healthy eating and moderate exercise. Our physical and mental state is often vulnerable and under duress so it is important to acknowledge this and fuel our being with the right nutrients and minerals when, and if, necessary. Needless to say have the occasional treat and indulge a little every now and then because something sweet and tasty is deserved and worthwhile after all your hard work to be good! Bon Appetite!

## TAX Matters with

### BENEFIT IN KIND EXEMPTION FOR TRAVEL PASSES

For some years an exemption has been available where an employer can purchase a bus, rail or ferry pass for an employee under an approved salary sacrifice arrangement. The exemption means that no tax is payable on the benefit-in-kind. Recently Revenue issued a clarification to show that an employee can enter into one of these salary sacrifice arrangements, with their employer's agreement, more than once a year and the exemption will still apply.

Remunerating staff in a tax-effective manner can make a difference in attracting and retaining good quality employees. So, where you have staff commuting into the workplace using public transport this is a concession well worth considering.

#### What is involved?

A salary sacrifice is where an employee agrees to take a cut in their pay level, and the employer agrees to provide a benefit that equals the value of the amount of the cut. In order to qualify for the exemption the employee's terms and conditions of employment need to show an alteration where the employee has exercised a choice of having the benefit instead of salary with the employer's consent.

The alteration cannot be retrospective, i.e. you need to make the alteration before the travel ticket is purchased, and it must be in writing.

Also there can be no entitlement to exchange the benefit for cash.

Ordinarily it makes little difference to the amount of income tax employees pay whether salary is paid all in money form or as a mixture of money and benefits. However, with this exemption the employee will pay no income tax on the benefit portion of their pay.

### ON THE BOX KILLARNEY OUTLOOKS WEEKLY SOAP COLUMN SELF-CONFESSED SOAP ADDICT, JOE BURKETT TAKES A LOOK AT WHAT'S IN STORE IN THE SOAPS THIS WEEK

#### On The Box

It's all kicking off this week in the soaps as Sarah goes into labour in Corrie, Mick disowns Nancy in Eastenders and Home And Away brings back the Braxtons for a one off special.

**Coronation Street:** This week sees Sarah go into premature labour with only her ex Todd by her side. After reminiscing about their little boy Billy who sadly died, Sarah is shocked when her contractions start 5 weeks early. Luckily, baby Harry arrives safely but Sarah is later rocked when Callum's mother Marion turns up to meet her new grandson.

**NEWSFLASH:** Jason's father Tony Stewart is getting killed off. The character won't be returning but will instead be killed off screen. This is linked to Jason's exit story.

**Eastenders:** This week sees Mick explode with rage as he rants at his daughter Nancy following the accident which may have caused her little brother Ollie brain damage. While Nancy tries to get back in sync with the family earlier in the week, she is later devastated when Mick publically blames Nancy for Ollie's accident.

**NEWSFLASH:** Both Nancy and Tamwar are leaving the Square and will make their joint departure in the coming weeks.

#### Home And Away: An Eye For Eye

## THINKING OF GETTING A RABBIT AS A PET FOR EASTER?

Although they make great pets and are certainly fun to play with, some considerations must first be taken into account before deciding to adopt or buy a rabbit.

1. Rabbits aren't the best starter pets for young children - Rabbits are quite delicate and frighten easily. If a rabbit isn't handled correctly, the rabbit may kick, bite or scratch out of fear. When being picked up, rabbits need full support on their front and hindquarters; otherwise they can seriously injure their spine. Never pick up a rabbit by their ears as this is very painful and cruel.

2. Not all rabbits get along - Before getting a second rabbit, it's important that the two rabbits meet on neutral ground to make sure they get along. Rabbits that are housed in the same cage need to be spayed/neutered to reduce aggressive behaviour and mating.

3. Rabbits love to chew - Rabbits don't know the difference between good and bad things to chew. That's why any area in the house that your rabbit can access needs to be rabbit proof (i.e., no access to things that can harm them, like electrical cords, books or furniture). Give your rabbit something good to chew on, like cardboard boxes, chewing toys or rabbit-safe chew sticks.

4. Rabbits need regular exercise - Rabbits need space to run, jump and exercise, ideally in a playpen, outdoor area or rabbit-proofed room. Rabbits with an outdoor play area should be supervised at all times, since they're vulnerable to predators. It's recommended that rabbits be given several hours for exercise per day.

5. Rabbits require a well-balanced diet - In addition to rabbit pellets, an important part of a rabbit's diet is grass hay, such as timothy or brome, to keep their intestinal tract healthy. Rabbits need unlimited access to hay at all times. Rabbits also need leafy greens, such as dark leaf lettuces, collard greens, turnip greens and carrot tops.

6. Rabbits need their habitat cleaned regularly - Rabbits need their cages cleaned once or twice a week to keep their habitat sanitary and odour-free. Remember not to use cedar or pine shavings to line their cage, since the

fumes can make them sick, and avoid clay cat litters.

7. Rabbits are indoor pets - Rabbits are too vulnerable to predators and too social to be isolated outside. Since rabbits need to be kept indoors, keep in mind that they frighten easily and shouldn't be placed somewhere too noisy.

8. Rabbits have special health concerns - Make sure you're familiar with the health conditions that afflict rabbits as well as the warning signs that require emergency veterinary attention (e.g., diarrhoea or anorexia). Like any other pet, rabbits need regular health exams from a veterinarian, ideally one that specializes in small mammals.

9. Grooming and coat care - Rabbits need routine brushing to keep their coat clean and free from mats. Use a soft bristle brush to brush their entire coat. Stay away from brushing around their face and belly. Bunnies may pluck their own fur occasionally. Make sure to remove this plucked fur promptly to prevent the rabbit from eating it.

If all of the above haven't frightened you off - Rabbits provide great company and make great pets. With access to a healthy diet, a clean cage, fresh water, plenty of exercise and mental stimulation, your pet rabbit can be a loving companion for up to seven to ten years and remember a pet is for life - not just until you get tired of it! Please check out all animal rescue organisations in your area for a rescued Rabbit.

## FAMILY DOG SUFFOCATED ON CEREAL BAG:

A couple in South Bend, Indiana, is mourning the tragic and unexpected loss of their dog who suffocated inside of a plastic cereal bag. While his owners were sleeping, their miniature pinscher "Roscoe," managed to get into a cereal bag...instead of getting food, Roscoe got trapped and eventually suffocated inside of the strong plastic.

On waking in the morning they "called his name and he didn't move. It kind of just sealed around his head. You could feel his teeth and his claw marks trying to get it off" they said.

Dogs suffocating inside of plastic bags is not unheard of. For example a German shepherd pup in South Carolina suffocated inside of a crisp bag and a pit bull in Pennsylvania died after suffocating on a greaseproof bag that she had pulled out of the rubbish.

Small children or pets can smother on any type of airproof bag, plastic or otherwise.

## SILVOPASTURE IS THE EARTH-FRIENDLY WAY TO FARM THAT NO ONE'S HEARD OF:

On a 30-acre orchard in Lovingston, Virginia in the United States an experiment in Edenic coexistence took place: where commercially grown (and chemically sprayed) apples once grew, a herd of 120 goats now wanders between rows of trees, chomping on weeds, thistles and fallen Ginger Gold, Gala and Fuji apples.

Known as silvopasture - the symbiotic integration of livestock and trees - this "regenerative farm management," leaves the

soil and ecosystem better than before farming began, ends pesticide use and provides locally raised meat free of growth hormone and antibiotics, this practice is sustainability taken to the extreme. And there's the additional environmental benefits of protecting the soil from erosion, boosting water quality and ensuring biodiversity, as well.

## QUOTE:

"Every aspect of our lives is, in a sense, a vote for the kind of world we want to live in" - Frances Moore Lappé

## ON THIS DATE - March 18th:

1673 - Lord Berkley sold his half of New Jersey to the Quakers.

1766 - After months of American protests, Britain repealed the Stamp Act.

## WHY COMPANIONSHIP IS SO IMPORTANT FOR THE ELDERLY:

Older individuals can have a difficult time staying busy and active, especially if they are retired and living alone. For some, leading a mostly solitary life can result in less of an incentive to keep a residence tidy, cook decent meals, and engage in self-care. A lack of interest in these activities can also be a sign of depression, or there may be other factors at work. For example, if an elder has mobility issues or painful arthritis in her hands, then she is unlikely to do her physical therapy exercises, gardening, ironing, or baking without some help.

Family members often step up to take on this responsibility, but depending on the level of assistance a loved one requires, this can involve a large time commitment leaving no time for more pleasurable pursuits.

Having someone to converse with on a regular basis helps to keep an elder's mind and body active and healthy. Simple reminding, moral support, and cooperation can have a huge impact on one's willingness to engage in activities. A younger friend can encourage a person to engage in regular, light exercise, and may even participate with them; this activity can be as simple as taking an evening

stroll. Regular activity can help to improve strength and balance, which decrease and prevent mobility problems, health issues, and dangerous falls.

Conversation is another important aspect for many people, and a companion can provide that for elders while enjoying a cup of tea or coffee, or why not play cards with them or whichever games they enjoy.

Having an extra pair of hands to help can make daily activities and household chores much more practicable, sharing tasks like folding laundry or doing dishes with someone can make them seem less mundane. We are social creatures, and it is crucial to our health to interact with others on a regular basis.

If there is an elderly person living alone in your area and you have that time to do any or all of the above with them, you will be improving their quality of life and prolonging their ability to live safely and independently in their own home.

## A LACK OF ANIMAL POOP IS CAUSING A NEW ENVIRONMENTAL PROBLEM:

If you haven't already heard, the world's animal population is down 50 percent from what it was just four decades ago. The declining animal population is not only depressing, but poses a lot of environmental dilemmas. One of these big problems that isn't likely to be discussed in polite circles is the logical decline in animal faeces that follows.

Animal dung plays a critical role in helping to fertilize the world and supply nutrients to everyone's diet.

Small fish eat phosphorous-packed food on the bottom of the sea. Larger fish consume these fish. Coastal birds eat these fish and poop on land. This poop serves as fertilizer for plants that smaller animals eat. Larger mammals eat these creatures and poop inland, spreading nutritious fertilizer all over.

A big reason for the massive drop-off is the decrease in massive land mammals. The days of dinosaurs and mammoths are long gone, and the biggest animals currently on earth are frequently endangered. It's not just that larger animals make larger turds – they also tend to cover more ground in their travels. It's their ability to bring nutrient-filled poops to new environments that make them especially powerful in this process.

Although farmers now keep a sizable percentage of the world's larger mammals, livestock is not going to fix this problem for a couple of reasons. First, the kinds of food animals are served aren't often the most nutrient-packed to begin. Second, and more importantly, these animals aren't free roaming. It's the animals who wander and can take their faeces to various places – further than fences will allow – that are promoting biodiversity.

The animal that the scientists singled out as one of the most important to this poop process is indeed large, but does not live on land: the whale. Whales consume a lot of phosphorus at the bottom of the ocean, which is easily transported along to land and other animals since they poop on the surface. With whale populations down so much due to human hunting, however, they now contribute just

23% of the phosphorus that they once did.

How do we fix this detrimental drop in animal droppings? the best solution might be to advocate on behalf of these whales who poop out hundreds of millions of pounds of phosphorus. If we can get their numbers back up, that means more nutrient-packed fertilizer will make its way to land to the benefit of every land creature.

### THE WORLD'S FIRST BRAILLE TABLET:

Millions of blind and visually impaired people around the world have, to an extent, been left out of the digital revolution. Though using smartphones and tablets is possible since most operating systems provide audio support, not all information can be passed through audio.

But this is all about to change. An Austrian company named Blitab Technologies has come up with a revolutionary Braille tablet for visually impaired people.

The tablet is capable of creating text and images by forming micro-bubbles in Braille on its display. These micro-bubbles can be felt by the blind just like regular Braille. In addition, the user can write and edit pages using a Perkins Brailler keyboard.

Blitab is set to be released by the end of this year.

## PEOPLE PREFER GOOD NEWS TO BAD:

In the past, news outlets simply wanted to get people to watch their shows or buy their paper. Shocking stories made people tune in. But now, people get their news from various sources and a one-off click is less valuable than a story that people actually want to share with their social media networks. And fortunately, happiness spreads more quickly than tragedy. In a study from the University of Pennsylvania, researchers tracked the online reach of about 7,000 articles from The New York Times over a three-month period. They found that the stories that focused on good news had more clicks and shares than negative stories.

Even better, researchers at Tübingen University in Germany found that when our social media connections read these happy stories, they in turn become happier — by about 64% — and thus more likely to also share happy stories.

Happiness, as it turns out, is contagious.

The reverse side of this research is that negative stories are also contagious. When people read negative posts or stories shared by their friends, they are more likely to also share negative posts.

## CARPETS OF FLOWERS THRIVE IN THE WORLD'S DRIEST DESERT:

Receiving barely a half-inch of rainfall per year, Chile's Atacama Desert is one of the driest places on Earth, but that all changes when El Niño rolls around every few years.

Heavy rains caused by this weather phenomenon activate the germination of dormant seeds and bulbs buried deep within the ground, resulting in a sea of brilliant pink-hued blooms beginning around September and as the plants begin to sprout, there's also an influx of insects, birds, lizards and other small creatures.

The gorgeous natural event is known as *desierto florido*, which means "flowering desert" in Spanish and like most things in life moderation is key and having more isn't always better. In this case, while an above-average rainfall is likely to produce a thick carpet of flowers, excessive rainfall can limit the blooms.

As a fairly rare occurrence tied to an irregular climatological phenomenon, *desierto florido* is a popular attraction for locals and tourists alike. According to Chilean tourism officials, 2015 was one of the strongest flowering years in nearly two decades.

### QUICK TIP - Keeping your greens fresh:

Prolong the lifespan of greens (lettuce etc) by wrapping them loosely in a damp paper towel and storing them in a resealable plastic bag.

**FINALLY THIS WEEK:** A Gentleman is a man who notices his wife dropping her knitting and immediately kicks it over to her so that she can pick it up.

## A WORD OF VICTORY

Welcome back dear reader is there someone or something in your life that you have given up on? A dream you once held, your health or finances, or perhaps a family member whose life seems to be a 'write off'? God is not in the business of giving up. Recently we looked at the Scripture in Psalm 103:14 God.. "knows how we are formed (i.e. He knows our weaknesses) that we are dust" but yet He loves us. God is attracted to our weakness. In 2nd Corinthians 12:9 the Lord told the apostle Paul ". My power is made perfect in (your) weakness". We give up way too easily! We allow the lies of Satan to trip us up and divert our attention away from God's power, and instead we focus on all the things that are wrong or look impossible. This brings hopelessness and prevents us from seeing with the eyes of faith at what God can do. The prophet Ezekiel was shown a vision by God of a valley with dry bones scattered everywhere. God asked him the question 'can these bones live'? God then directed Ezekiel to speak to those dry bones and command them to live. All of a sudden there was the sound of bones rattling and before the prophets eyes flesh formed on the bones and an army of people arose from desolation. Read it for yourself in Ezekiel chapter 37. Look friend, there's nothing impossible to God and circumstances will turnaround when you take God's Word and prophesy it over your 'write-off's' be they health issues, lives of family members or your finances. Abraham did this and he is celebrated in Romans chapter 4:17 as he who believed that "God gives life to the dead things and calls those things that are not as though they are". God's hand is not too short that it cannot save you and what looks impossible to man is possible with God (Isaiah 59:1; Luke 18:27). Rattle those 'ole bones by speaking life over them in Jesus' name!
