# ON THE HUNT FOR HEROES

## Calling all Humanitarian Heroes!

Nominations invited for the 6th Annual Hugh O'Flaherty International Humanitarian Award As part of the 7th annual Hugh O'Flaherty Memorial Weekend, which will take place from November 14th to 16th in Killarney, The Hugh O'Flaherty Memorial Society are inviting the public and companies to nominate the person or organisation they feel is doing outstanding humanitarian work and most deserving of the 2014 Hugh O'Flaherty International Humanitarian Award.

Last years winner was presented posthumously to Donal Walsh, that brave young man who despite his own imminent passing at such a young age, reached out to those who were troubled by thoughts of self-harm or suicide. His selfless and incredibly touching message resonated throughout Ireland and indeed the wider world. Previous award recipients included the Darfur based Goal aid workers Sharon Commins and Hilda Kawuki in 2009, Columban Missionary Fr Michael Synott in 2010, Trócaire's Regional Director for Latin America, Sally O'Neill in 2011 and, Sr Agnes Hunt of the Irish Council for Prisoners Overseas in 2012.

Monsignor Hugh O'Flaherty, who was from Killarney, was dubbed the Scarlet Pimpernel of the Vatican for his exploits during World War II. During the course of the war he was instrumental in saving the lives of more than 6,500 Jews and American and British soldiers by hiding them from the Gestapo in a number of safe houses throughout Rome.

# THE 21ST CENTURY POSTCARD SHARE THE LOVE

## #LOVEKILLARNEY

Killarney is leading the way in social media marketing by encouraging visitors and locals alike to go online and share their love for the tourist town.

The concept is simple, take a picture or write a post about Killarney, tag it with #lovekillarney, then upload it to a social media platform like Facebook, Twitter or Instagram. This simple action allows the pictures and posts to be shared online and viewed right around the world. The use of this hashtag will group the information together in one massive online news stream which can act as a pocket guide to Killarney.

#lovekillarney is the brainchild of Killarney local, Noretta Brosnan who is the Social Media Co-ordinator for Destination Killarney.

"It's the 21st century postcard," says Noretta. "More and more people are taking and sharing photos on the go. By capturing all these images under one hashtag we can promote Killarney online like never before."

HASTAG LOVE KILLARNEY... THE NEW ART OF SENDING 21ST CENTURY POSTCARDS FROM KILLARNEY, THAT'S THE MESSAGE FROM NORETTA BROSNAN, SOCIAL MEDIA CO-ORDINATOR FOR DESTINATION KILLARNEY. GETTING INTO PRACTICE WITH HER SISTER EMMA AND FAVOURITE DOG TEDDY. PHOTO: VALERIE O'SULLIVAN.

"The posts can be about anything, your experience on a jaunting cart, a hike on Ireland's highest mountain, a pint of Guinness with friends - the opportunities are endless."

"Visitors are more likely to visit Killarney if they see or read about real people enjoying real life experiences. When people create and share beautiful or fun pictures or posts of Killarney they're endorsing the town."

This is not a new concept tourism giants like Tourism Australia and Destination British Columbia have already rolled out similar campaigns to great effect. Tourism Australia invited fans to take and post pictures using the hashtag #seeaustralia. Two and a half years

later fans were posting over 1000 pictures every day. Aussie locals, tourists and professional and semi-professional photographers are contributing photos daily.

While it is a marketing tool, the beauty of this concept is it costs nothing. Killarney businesses are asked to promote the hashtag #lovekillarney wherever and whenever possible, while visitors and locals are asked to use it when uploading Killarney related content online.

To learn more about #lovekillarney attend the "Here Comes the Summer" Killarney Tourism and Trade evening which takes place in the INEC, Killarney on April 30 at 6.30pm. All are welcome.

## FUN FOR ALL AT THE FAMILY SWIM A MILE CHALLENGE

The Aquila Club were delighted with the fantastic turn out for their 'Family Swim a Mile Challenge' which took place last weekend. With over 85 swimmers taking part the aim of the event was to promote swimming as an enjoyable family activity, as well as it being a great form of exercise. "Many Children participate in our Swim Ireland Learn to Swim Programme and this is their chance to show their parents, families and friends the fantastic progress they have made," says Dieter Gogsch, Swim Co-ordinator at the Aquila Club. "We invited to children's families to take part in our two day Family Swim a Mile Challenge and were delighted to see such a fantastic turn-out". Families were challenged to swim one mile, which is 64 laps of the pool. All the families performed brilliantly with some children beating their personal best. A special mention must go to Ronan Bennett, Sarah McAuliffe and Ian Coffey (aged 6 and 7) who successfully swam the mile (64 lengths). Achieving such a feat at such a young age is a phenomenal achievement and is a testament to their dedication and commitment to their swimming lessons. We are all immensely proud of their achievements. Everyone will receive specially designed certificates and medals for the individuals who achieved the mile swim, along with numerous raffle prizes which will be given out at the end of season party on Sunday May 11th.

## SOUTHWEST COUNSELLING AGM

The annual AGM meeting for SouthWest Counselling Centre was held on Tuesday April 1st at the Centre premises in Lewis Road, Killarney. Two new Directors, Mickey Ned O'Sullivan and Fr. Padraig Breheny were welcomed to the Board of Directors. SouthWest Counselling Centre will be marking its 20th Anniversary this year and are delighted to be offering such a vital service to the community especially following on from another extremely successful year in 2013.

The centre supported 1510 individuals in 2013, an increase of over 200 from the previous year. In the past five years there has been an increase of 33% in the actual number of people accessing counselling services and needing support. The addition of Kerry LifeLine and the support of Suicide Awareness and Prevention have also impacted on the demand for our services. The Centre was delighted to expand its services in the last year by introducing a variety of Workshop and Seminars in the

local community to schools, sports clubs as well as a new Bereavement Support group. Dr Geraldine Sheedy, Centre Director stated that "the centre is seeing more people presenting in crisis and/or feeling suicidal. However whilst we continue to witness this increase in demand for the service, government funding is on the decline. We have never been more dependent on fundraising to ensure the sustainability of the service. Kerry LifeLine - which provides free Counselling and Support for suicide prevention and intervention receives no Government funding - and is entirely reliant on our fundraising efforts". SouthWest Counselling Centre remains indebted to the local community, our fundraisers, supporters and friends of SWCC who have contributed time, expertise, and money to providing this vital service.

The Centre also wishes to thank the Franciscan Friary, staff of SWCC and The Board of Management for their

DR GERALDINE SHEEDY SOUTHWEST COUNSELLING

energy and personal time all of which contributes greatly to the work and success of SouthWest Counselling Centre.

The Centre can be contacted on 064 6636416 or by email on [info@southwestcounselling.ie](mailto:info@southwestcounselling.ie). ## LETTER TO THE EDITOR

**Dear Editor**

Following representations I made to the County Manager Tom Curran and Head of Finance in Kerry Angela McAllen, Kerry County Council have allocated €10,000 towards the Barraduff Community Field project. At a meeting held on Tuesday 1st April 2014 in Barraduff, I proposed that Kerry County Council should contribute funds towards this invaluable community project and that the council should do everything possible to help it near completion. On the night my fellow council colleagues, along with some local election candidates unanimously agreed with and supported my proposal. I would like to commend the brilliant work being done by the Barraduff Community Field Organisation for their effort in providing a vital amenity for the wider Barraduff area. I would also like to thank Kerry County Council for contributing €4,000, following my request at a recent county council meeting, to Fleadh Cheoil na Mumhan which will take place in Killarney this July. It is important to put on record the work being carried out by the organising committee along with the five local branches, Killarney, Glenflesk, Fossa/Two-mile, Sliabh Luachra and Kilcummin who are hosting this event and this money will hopefully assist them in their efforts.

Kind Regards,  
*Cllr Brendan Cronin.*

## MAYOR PADDY TO HOST THE LAST BALL

MAYOR OF KILLARNEY PADDY COURTNEY LAUNCHING THE MAYOR'S CHARITY BALL THAT WILL TAKE PLACE IN THE MALTON HOTEL KILLARNEY ON FRIDAY 16TH MAY. THE BENEFITING CHARITY WILL BE THE KERRY CANCER SUPPORT GROUP (KCSG) AND THE KERRY/CORK HEALTH LINK BUS. FROM LEFT ARE KARINA COURTNEY (KILLARNEY TOWN COUNCIL), EMER CORRIDAN (THE MALTON), MICHAEL O'LEARY (KILLARNEY TOWN CLERK), JAY GALVIN (KCSG), MAYOR PADDY COURTNEY, CONOR HENNIGAN (THE MALTON HOTEL MANAGER) AND LAURA WICKHAM (KCSG). PICTURE: EAMONN KEOGH (MACMONAGLE, KILLARNEY).

Mayor Paddy Courtney will host the last ever mayor's charity ball on 16th of May 2014 at the Malton Hotel, Killarney.

Mayor Paddy Courtney will host the event in aid of the nominated charity the Kerry Cork Health Link Bus. This free bus service runs daily from many locations in Kerry to University Hospital Cork for cancer patients who are receiving treatment.

The theme for the evening will be to

acknowledge all past Mayors and chairmen of Killarney town Council as far as mid 1950's. On the night past mayors or a representative member of their family will be invited up to accept a framed certificate in their honour. The night will commence with a drinks reception at 7.30pm sponsored by the Malton Hotel and this will be complemented with entertainment provided by Killarney School of music. The night will continue with a 5 course

meal as well as wine. Other entertainment over the course of the evening will be provided by Celtic steps, Marina Cassidy, followed by dancing into the early hours with the 2 Mikes.

An auction of fantastic items will take place on the night of the event. These will include; a one off piece of jewellery designed by Brian de Staic, a bike from O'Sullivan's bike shop Killarney, a Kerry GAA jersey signed by Colm Cooper, an Ireland soccer Jersey signed by Martin O'Neil, a Munster jersey from Elma Walsh and family, as well as numerous other items.

On the night there will also be a huge variety of raffle prizes on offer donated kindly to the event on behalf of numerous sponsors. €5 is the suggested donation per envelope for this raffle and envelopes will be provided on the tables with the opportunity to enter as many times as one likes.

Mayor Paddy Courtney would like to thank all the sponsors for the extremely generous support they have given to us for this event and I am sure all proceeds will be hugely beneficial to the Kerry Cork Health Link Bus support group.

Tickets for the event will sell at €45 per person and can be purchased at the Malton Hotel. Tickets can be purchased by credit card, laser card or by cash.

Please come along and support this worthwhile event and charity fundraiser.

## MONEY MATTERS....

By Dermot Cronin,  
**Financial Advisor**

**ARE YOU PAYING TOO MUCH FOR YOUR LIFE COVER?**

Yes, you could be paying too much for your life cover. If you took out life cover for any reason personal, business, mortgage etc you need to review this regularly. You need to do this for a number of reasons:

- The cost of your cover today may be less than what you are paying for it.
- Your circumstances may have changed since you took out the policy and you may not need as much cover as what you have at present, this could bring down the cost.
- Your premium may not have been compared with premiums from other life companies when you took it out, this can and should be done for you now.
- You may have been a smoker in the past and are a non smoker now with over 12 months.
- You could have been charged a higher premium in the past for health reasons, this higher premium may not apply now. If your life cover premium was reduced by €20 per month, over the next ten years that's saving you €2400.00. In today's difficult financial world we are all trying to find ways to save money, this is one way that you could save money, it's easy to check this out. Contact an independent financial advisor who will review your cover and explain the options available to you.

To make an appointment or contact me in relation to the above or any other matter call me at **064 66 22775** or email [kerrymortgagecentre@eircom.net](mailto:kerrymortgagecentre@eircom.net).

## RTE'S LAZY STYLE TO GIVE OPENING FOR NEW IRISH TV CHANNEL.

According to the Irish Independent, An Taoiseach Enda Kenny will launch a new TV Channel for the Island of Ireland and will have a worldwide audience. Irish Tv is the brainchild of husband and wife team Pierce O'Reilly and Maireach Ni Mhaolchiarain, and the station will feature 50 home-produced programmes a week and will create 150 new jobs. The couple, backed by Mayo-born multi-millionaire John Griffin, have bought Sky Channel 191, but the programmes will also be available on Freesat, in the US on Public Broadcasting Service and online at IrishTV.ie and IrishTV.com. Mr Griffin, who recently sold the UK's largest minicab service, Addison Lee, for €360m, is chair of the new €15m project. A spokesman said the new company will focus on community news. "Each of the 32 counties will have their own half-hour 'County Matters' show once a week, produced by IrishTV's own nationwide production network. We are putting three-person teams in place in each county to produce them." He said the station will take news and politics from RTE Digital, but the home-produced programmes will include everything from cookery and country music to fashion and farming, sports, childrens' programmes, golf and entertainment. Musically, the focus will be on the successful country and Irish format, with stars such as Nathan Carter and Mike Denver and singing sensation Lisa McHugh presenting a prime time Saturday night show. "At the moment, we are in Finglas making a classical music series with up and coming young Irish talent - musicians who have never got a minute on TV before"

It's a costly business producing home produced programmes. We are paying RTE €3 million a week to produce Irish programmes and the Irish people are getting a very poor return. We like to hear about the crisis in the Ukraine but not 24 hour coverage – seven days a week. This is lazy journalism. Ireland is full of talented people doing amazing things and the majority of this is been ignored by the RTE.

# TARMAC BATTLE RESUMES IN KILLARNEY

With entries still open for the Cartell.ie International Rally of the Lakes over the May Bank Holiday weekend, over 90 crews have entered and the stage is already set for battle royal in all classes and categories of the 35th Rally of the Lakes.

The event gets under way with a ceremonial in Killarney town centre on Friday evening with competitive motoring kicking off on Saturday morning to tackle a loop of three stages at Molls Gap, Beallaghbeama and Caragh Lake before returning to Service at the Liebherr Container Cranes factory in Fossa.

A second loop of these three classic stages follows, with a further visit to Service before tackling the final stage at Kilcummin, which is a shortened version of the stage which featured as the finale of the Killarney Historic Rally for the past two years.

The first day's stages will be familiar to most Rally of the Lakes regulars but there are some variations such as a hairpin right at the end of Molls Gap and Beallaghbeama reverting to the longer version which was a feature of the earlier years of the Rally of the Lakes.

Sunday sees the cars tackle Molls Gap for the third time and then it's on to a loop of three

stages which have not been used for ten years in the Rally of the Lakes,

The first of these, Borlin, is actually a combination of two old classics, Sheen River and Borlin, and takes the rally over the county bounds into County Cork.

The second is the fabulous lakeside stage at Lough Allua, which was a regular feature of the Circuit of Ireland up to the eighties and of the Rally of the Lakes from 84 until 2004.

In recent years the stage has been associated with the Cork 20 International but the Cork 20 version generally runs in the opposite direction

to the Lakes format, starting in Ballingeary and finishing in Kilmichael.

Fuhiry, which starts outside Ballingeary, brings the rally back over the County Bounds, past Creedons at the Top of Coom, the highest pub in Ireland, and finishes on a fast downhill section towards Kilgarvan.

Service in Kenmare Mart is followed by a further trip over the same loop of three and, after a final service in Kenmare, the rally concludes a run over Moll's Gap back to Killarney.

## BLOOD, SWEAT & GEARS BLOOD4LIFE 2014 CYCLE

Details of the event were announced on Sunday to coincide with a training cycle on the Ring of Kerry over the weekend. Front from left are Paschal Sheehy (RTE), John Kerin, Stephen Cousins, National Donor Services Manager, IBTS. Stephen Roe, Ann O'Donovan, Donor Recruitment Manager IBTS, Paul Hooley and Pat Sullivan. # JOHN HELPS YOU TO MAXIMIZE YOUR HOME STORAGE

No matter how big or small your home is, storage is often an issue for people. However there are many clever ways to enhance the space you have.

John Griffin is an expert in storage solutions in all parts of your home. From Attic/loft drawers to entire attic conversions John also specializes in kitchen storage solutions which will maximize your space and enhance living conditions in your home.

Smart Storage provides neat and aesthetically pleasing under stairs and Attic storage solutions for households at an excellent price and are all Irish made. The units are designed to fit seamlessly under stairs and into the eaves of your roof area using a soft close, push-pull mechanism, alleviating the need for handles. The Attic/loft drawers are proving very popular and they fit snugly into the eaves of the roof and can be used as wardrobes, general storage, or in kids rooms. All of the products qualify for the home renovation incentive announced in budget 2014.

"Through my experience I see storage and poor access in the home ever increasing, most of today's modern kitchens still have poor internal storage fittings" said John, who offers a full service in which all these units can be retrofitted with very smart pull out baskets, bins and brilliant corner cabinet as well as sinks and appliances fittings. John offers great value to the customer because he can offer a call out, supply and fit service with brochures featuring a wide range of top quality products, cutting out the overhead costs of showroom and salesmen, thereby saving you, the customer, not only time and money and but really maximising and organising your cabinets.

John has also recently been appointed as a distributor for the new innovator home appliance sweepovac - which fits into the kick board of all existing kitchens. Sweepovac is the easiest way to gather up floor sweepings with no bending and no dustpan offering greater hygiene and dust control.

You can contact John on 087 9125504 or visit his facebook page [www.facebook.com/jgriffinsmartstorage](http://www.facebook.com/jgriffinsmartstorage).

Here are some of the testimonials that customers have given:

**O'Neill Bros: Glanworth:** Thank you for a great job so well done – we are delighted with the storage units. They are fantastic. The service you provided is excellent and efficient. So much storage space now as the rooms are small there are no units taking up the room space.

**Jac Edwards:** I'm delighted with my smart storage units under stairs and will be telling everyone I know about you and your product.

Last Saturday saw the most successful KWD Kerry County Clean up yet with the largest number of volunteers and the most roads covered since its inception in 2012.

130 groups registered with over 2,800 volunteers, who received 13,000 bags between them in an effort to tidy the highways and byways of Kerry. This event is the only one of its kind in Ireland with other county's now looking to host similar events – such is the success of the KWD Kerry County Clean up.

People were out on roads all over the county at different times of the day and many groups also took part in the tidy up in the days leading up to the official cleaning.

Next year the aim is to have everyone out on the actual day as the large number of volunteers can make the solid and visible statement that we do not accept littering on our Kerry roads .

An example of the improvement over the years comes from news that members and friends of KWD Recycling collected nearly 60 bags of rubbish from the main Annascaul to Dingle road. Three years ago they would have expected a much larger amount of bags on a similar stretch of road and were delighted to see how much it has improved in such a short period of time . In general roads were visibly better this year and the amounts collected were down on the last 2 years which only goes to prove that people are changing their habits when it comes to litter awareness – this is due in no small part to the "KWD County Clean up"

# THE CHASE IS ON - KERRY SPORTS STARS RUN FOR THOSE WHO CAN'T

A host of stars have signed up for a unique history-making global running event coming to The Ring of Kerry, kicking off in Killarney on May 4th.

Kerry GAA legend Seamus Moynihan, Ireland Women's rugby flanker Siobhan Fleming, Munster's Simon Zebo and JJ Hanrahan, Dublin's Bernard Brogan, TV presenter Sile Seoige, model Alison Canavan and thousands of fun and active runners will walk, jog and run at 11am on Sunday, 4th May in Killarney in the Wings For Life World Run - all running for those who can't.

Wings For Life is a not-for-profit charitable foundation set up to help find a cure for spinal cord injury which can happen to anyone at any time. 100% of the €48 entry fee will directly go towards funding cutting edge spinal cord injury research and clinical studies through the work of the Wings For Life Foundation. And, just by signing up to the Irish race, entrants will get a goody bag and go into a draw to win a brand new Honda Jazz car.

globally by Red Bull, is the first event in which the entire world can race together, simultaneously. This ground-breaking race format means that on the 4th of May 2014, at 11am GMT, and equivalent times across the globe over 200,000 competitors will start to run in 35 countries across six continents; all trying to stay ahead of a 'catcher car' for as long as possible. The 'catcher car' takes off 30 minutes after the starter gun at 15km's per hour, accelerating by 1km every hour. Entrants keep running until they are caught by the car. The route begins at the Kings Bridge entrance to Killarney National Park (opposite St. Mary's Cathedral) in Killarney, before heading west towards Killorglin and continues anti-clockwise

around the Ring of Kerry. Entrants can set their own personal goal on the day to jog 5km's, run 10km's or maybe beat the catcher car to a half or full marathon.

Organisers anticipate that the best ultramarathon runners will make it somewhere between Cahirciveen and Waterville before being caught by the Honda CR-V catcher car. Seamus Moynihan commented, "The run is a great challenge for me. I've done some adventure racing in the past but my goal is to get 10 to 15km's of running in before the car catches me and it's all the better that we are running for a higher purpose."

Registration closes on April 27th and you can sign up at [www.wingsforlifeworldrun.com](http://www.wingsforlifeworldrun.com)

## Get your feelings off that fork!

### Tackling emotional eating is key to a successful weight loss programme

It's not just what you eat, it's why

Emotional eating can be a barrier to success in any weight loss programme, so it's important to understand not just what you eat, but why.

People eat for all sorts of reasons and hunger is not always top of the list. Even without thinking, we often take comfort in calories in order to ease stress, relieve boredom or deal with day-to-day difficulties. However, if you think a broken heart will feel better with a tub of ice cream or anger management is a piece of cake, it may be time to get your feelings off the fork and build a better relationship with food.

Motivation Weight Management have put some tips together to help you get your feelings off that folk!

**Eat at your kitchen or dining table.** Having meals on the sofa in front of the TV encourages a mindless approach to food and before you know it, you're munching on snacks and sneaking a soda or an extra glass of wine without even thinking about it. Sitting at a table with no distractions helps to separate your feelings from your food and what's more, some good conversation will enhance the eating experience.

**Think before you eat.** When you feel a craving for food, ask yourself if your hunger is physical or emotional. Are you reaching for that chocolate bar because somebody hurt your feelings? Do you 'reward' a hard day's work with a takeaway? Mindless eating habits can leave you feeling dissatisfied, both physically and emotionally, and before long, you're hungry again. Learn to understand your reasons for eating and you will find it easier to make healthier

choices.

**Eating for fun.** It's lovely to enjoy a meal with friends, but social eating can quickly turn to social overeating if the camaraderie is expressed through heaping food to the point where everybody is truly stuffed! Visualisation techniques can help you eat, drink and be merry with friends without overindulging or feeling deprived.

**Overworked and overeating.** If you're under pressure at work and have little time to spare, turning to junk food can seem like a tempting option. Yet unhealthy food will not give you the energy you need to cope with a busy schedule and ultimately, your weight loss programme will be doomed to fail. Turn your great organisational skills to your own benefit and see – and feel – the difference.

**Find alternatives to emotional eating.** To succeed in your healthy weight loss plan, try to work out how to satisfy your emotional needs without turning to food. If you reward yourself with food, choose an alternative activity that you enjoy – read a good book, go to the cinema, or treat yourself to a spa treatment, for instance. If you eat to cope with anxiety or sadness, find another way to express your feelings – perhaps by talking to friends, taking up a creative outlet like art or music classes, or joining a walking group.

**Don't feel guilty.** Changing behaviour is best done one step at a time. If you fall, don't give up. Above all, be good to yourself.

Motivation Weight Management is best known for its outstanding success in helping thousands of Irish people to reach and maintain their ideal weight long-term. Clinical studies show that the motivation programme has an 86% success rate and the company prides itself in having over 100,000 success stories. Programmes are specially designed for men, women and adolescents with any amount of weight to lose with private one-to-one consultations with experienced advisers and doctors. Motivation's success is founded on the company's unique approach to weight management, which focuses not just on what people eat, but why. This groundbreaking concept was pioneered by world-renowned French-Canadian bariatrician Dr. Maurice Larocque, who developed the revolutionary "Mental Weight" concept, to help people achieve and maintain their ideal weight by identifying and tackling the root cause of their eating habits and behaviours.

According to Motivation Weight Management, 70% of eating is for emotional reasons. An individual person's habits, motivation, stress symptoms, emotions and mental self-image all make up their 'Mental Weight'. Motivation Weight Management is an Irish company almost 20 years at the forefront of weight management in Ireland. ## GEARING UP FOR THE RING OF KERRY CYCLE

**(By Cora Carrigg, Kerry Recreation and Sports Partnership)**

**WEEK 1 - WEEK BEGINNING APRIL 14TH - PREPARATION/TRAINING CONCEPT**

Are you considering doing the 2014 Ring of Kerry Cycle? If so, now is the time to get your gears in motion! With exactly 12 weeks to go, and the evenings getting longer, now is the time to start clocking up the mileage. This weekly column is aimed at the novice leisure cyclist, interested in increasing their fitness and physical activity levels, whilst motivated to raise funds for this years Ring of Kerry very worthy charities.

As we countdown the weeks, always remember to yourself, that "the more mileage I clock up before the Ring of Kerry, the easier it will be for me on the day!" The ultimate goal is to gradually increase 'my' mileage each week leading up to the cycle. So every week a mileage guide will be issued, which is based on the Ring of Kerry Cycle Training programme. By doing it this way, not only will you be able to help avoid injury, burnout and fatigue, you will be able to detect any issues with your body or your bike that you need to fix before July 5th. A much better approach than deciding to start training a fortnight before the Ring! So again the important goal is to build this mileage around your own personal schedule.

People find it easier to do the longer spins at the weekends, interspersed by rest days during the week. Or perhaps as an idea, you might decide, where possible, to cycle to and from work one or two days a week so as not to encroach on family time.... It is entirely up to you. Start with slow rides on easy routes for a couple of weeks and then in time we will be moving on to more intensive work. The best way to learn tips, such as hydration, nutrition and training is to learn from and cycle with people who have cycled before. That said you could certainly do it on your own.

As you start aim to do your best to reach the targets set out in the Ring of Kerry Cycle training programme. It shows the distance of the longest ride each week, typically a Saturday or Sunday, as well as the total distance per week.

**Sat, Sun, Mon, Tues, Wed, Thu, Fri, 20k, 20k, Rest, 15k, Rest, 15k, Rest, 70k. Happy & Safe Cycling...ENJOY!!**

## SCHOOLS CYCLE AGAINST SUICIDE

Killarney Secondary Schools are very proud to be taking part in this year's Cycle Against Suicide. There are approximately 70 students and 8 teachers from Killarney Community College, St. Brigid's Secondary School and St. Brendan's Secondary School cycling on Thursday 1st May.

The route is from Cork city centre, through Macroom and Ballyvourney and finishing that evening at the Aura Health and Leisure Club in Killarney.

Killarney Community College Principal Ms. Fiona O'Brien who is also taking part in the cycle said "The cycle against suicide has been an extremely positive experience for students and staff in the school. The increased participation, training and goal setting were highly motivating for all involved. We were privileged to have Mr. Jim Breen come to Killarney Community College on Friday 11th April to reiterate the message of the campaign "it is really OK not to feel OK and that its more than OK to ask for help".

The student leaders from each of the three secondary schools have been liaising and these students were involved in the organising of the event in May. Training took place once a week after school for the past 8 weeks in Killarney Community College with their 40 students. They cycled between 45 and 50 kilometres on those occasions.

We are extremely grateful for the support of

FRONT L-R: ROSSA FOLEY, RYAN CASEY, LOUISE LANIGAN, NIAMH HICKEY, EIMEAR COURTNEY. BACK L-R: MARGARET MCGRATH(TEACHER IN ST. BRIGIDS), DONNACHA O'SULLIVAN, MR. JIM KENNEDY (MD O'SHEAS), KARON MCLYSAGHT(TEACHER IN ST. BRENDANS), MS. MARIE O'RIORDAN (TEACHER IN KILLARNEY COMMUNITY COLLEGE), MR. JER O'SULLIVAN(TEACHER IN KILLARNEY COMMUNITY COLLEGE), MR. JIM BREEN, JARED MCINERNEY, AIDAN O'LEARY, MS. KAREN RICE(TEACHER IN ST. BRENDANS), MS. MAIREAD MCCELLIGOTT(TEACHER IN ST. BRIGIDS)

local business, MD O'Sheas who are providing the transport for all the cyclists from Killarney to Cork on Thursday morning.

Fundraising for the event will be taking place by the students continuously before the event and all money raised will be donated towards South West Counselling Services.

The organising committee for the Cycle Against Suicide are also looking for your help. They need over 300 beds for all of the cyclists that will be arriving into Killarney on Thursday 1st May. They will be staying for the night before heading off again on the next leg of the journey on Friday 2nd May.

## FOOD DUDES ON THE WAY

Preparations are underway at both the Black Valley NS and Holy Family NS Rathmore as pupils and teachers alike pave the way for the introduction of a new healthy eating programme. The objective of the Food Dudes programme, run by Bord Bia, with funding from the Department of Agriculture, Food and the Marine and the EU School Fruit Scheme, is to encourage children to eat more fruit and vegetables both in school and at home. The programme is currently being introduced to primary schools nationwide. The Food Dudes programme focuses on three factors: taste exposure, peer modeling and rewards. Children are given the opportunity, through videos, to watch peer models – a group of slightly older children called the Food Dudes – gain superpowers from eating fruit and

vegetables.

The national roll out of the Food Dudes programme began in April 2007. To date, almost all of the primary schools in the country and some 465,000 pupils have participated in the programme, with a further 250 schools to be completed by June 2014. In an independent evaluation carried out by University College Dublin, 99% of the teachers surveyed found the programme to be beneficial to participating children. In addition over 95% of the parents surveyed said the children enjoyed the programme and almost 94% found their children eating more fruit and vegetables both in school and at home. The intake of fruit and vegetables in Ireland is below international guidelines and the national target of 500g or 5 portions a day.

## CAHILL WELCOMES €28,000 FOR KILLORGLIN BUS SHELTER

Independent Councillor Michael Cahill has welcomed the announcement whereby the National Transport Authority has provided funding to Kerry County Council for a Bus Shelter in Killorglin Town. In response to a 'Notice of Motion' from Councillor Cahill at this months meeting of the Council, Acting Director of Services, Ger McNamara said the Council has received confirmation from the NTA of funding approval to the value of €28,000. Bus Eireann has also agreed to install the Bus Shelter at Library Place. The Local Councillor said he is delighted with this news as he has campaigned for this facility over a number of years. The Killorglin Councillor who had raised the matter on numerous occasions with Kerry County Council, Bus Eireann and the National Transport Authority said 'the provision of a Bus Shelter in

Killorglin is long overdue as members of the public including elderly people with hospital appointments, mothers with small babies, locals and tourists alike had to stand waiting for buses under appalling weather conditions and this is not acceptable in this day and age'. The Local Councillor said Killorglin is one of the larger towns in the county and serves the entire Mid Kerry area and is on the most famous tourist route in the country, the Ring of Kerry and should have a Bus Shelter. The Acting Director of Services also assured Councillor Cahill at yesterday's meeting that works would commence in the near future.

The announcement was also welcomed by Kerry Independent TD Tom Fleming who had raised the matter in the Dail with the Minister for Transport, Tourism and Sport.

## KILLARNEY TOWN COUNCIL – NOTICE OF MOTION

Cllr. Sean Counihan enquired about the present position of Aras Padraig. Cllr. Counihan praised the Franciscan Order for there wonderful gesture in donating this building to the people of Killarney. This building was offered to the town council over five years ago and there have been legal matters holding up the final signing over of the Aras.

Cllr Counihan welcomed the reply from the Town Clerk that he was hopeful that this matter would be resolved before the demise of the town council

Cllr Counihan requested that the monies that would be required to do up the building

would be put aside to bring this building back to use for the many local community groups who made great use of the Aras Phadraig down the years

Cllr Counihan said it was imperative that we get the building as soon as possible so that the Council could oversee its refurbishment.

Therefore it was vital that this council respond in kind to the great gesture of the Franciscan Order by insuring that we set aside money to do what is necessary to bring this back to the community.

The executive outlined that they may be in a position to update the council at its last Town Council meeting in May.

## KERRY COUNTY COUNCIL NOTICE OF MOTION

Councillor Michael Gleeson proposed the following Notice of Moton at the April 2014 monthly meeting of Kerry County Council:

"In view of the rapidly deteriorating quality of the surface of the N22 from Killarney to the County Bounds, that this Kerry County Council calls on the National Roads Authority (NRA) to undertake the work necessary to ensure that this vital road into our county returns to the required standard for National Primary Roads".

Kerry County Council replied that the National Roads Authority (NRA) is currently prioritising pavement and minor improvement schemes on a national basis. The condition of this section of the N22 National Primary Route has been brought to the attention of the NRA. During previous discussions the Council has been informed that the funding available to the NRA for pavement schemes will be limited in 2014 due to financial constraints and it is unlikely on this basis that a significant improvement scheme on the N22 will progress. However, targeted repairs may be possible through maintenance funding.

Councillor Gleeson stated that the N22 is a vital artery to out County, particularly so for tourists and freight carriers. If it continues to deteriorate the economic life of Kerry will inevitably suffer. He asked that the Government would as matter of urgency be informed of the importance of this road to the job retention and prospects for the county.

## HOME GPS CO-ORDINATES CLLR TOM DOHERTY

That This Council contact the HSE and other relevant authorities to equip all ambulances and emergency vehicles with satellite navigation equipment. A campaign should be put in place to ensure that households are aware of their GPS co-ordinates so they can relay this vital information in an emergency situation.

These Co- ordinates can be stored alongside other vital contact details such as South Doc, the fire service and other emergency numbers. This list could be placed on a central household point such as the fridge door. With the centralisation of emergency ambulance controls far away from rural communities there is need for real local geographical knowledge in an emergency situation. Therefor having GPS co-ordinates readily available in a stressful

situation gives peace of mind to the caller of the emergency and the patient in need of medical attention. It also gives confidence to the ambulance driver that they are heading to the correct address in the shortest possible time.

We are already aware of many stories of emergency ambulance going to the wrong address so just like a vaccination campaign the relevant authority will highlight and promote the need for access to this life saving data.

Cllr Tom Doherty requested that the Council erect seating at the Grotto in Rock Rd.

The grotto is a long established landmark in Killarney. It is a place to meet and centre of reflect. It is also a place frequented by our senior citizens on a regular basis. The council will erect seating at the Grotto within a few weeks.

## MOBILITY SCOOTER USERS

Kerry County Council Candidate, John O'Shea has highlighted the hazards faced daily by mobility scooter users from the moment they leave their front doorstep.

"Mobility scooter users in busy Killarney housing estates are being forced to drive along the roads because the footpaths around their homes can't accommodate them", explains John O'Shea.

*"Mobility Scooters are used by people with mobility problems as a means of independent transport. They are designed solely for use on footpaths and pedestrian walkways and are not designed for use on public roads."*

*"This is an accident waiting to happen and needs to be addressed as soon as possible. As a councillor my aim is to have remedial works*

*carried out which will address this problem. On paper, the solution is simple, sloped verges which allow easy access to the footpaths. Knowing exactly where this needs to be done is the hard part. I know the neighbourhoods from my work both as a postman and as a community activist. As a councillor I will make sure this work happens."*

## MOLONEY WELCOMES WORLD-CLASS GREENWAY FOR KERRY

Labour Senator Marie Moloney has welcomed today's announcement by Public Transport Minister, Alan Kelly, of a major new and world-class greenway as part of a national €11 million funding for cycling infrastructure. The centre-piece of the funding will go towards construction of one of the world's most dramatic scenic greenways – running along

an old railway line, over viaducts through mountainous tunnels overlooking the Atlantic Ocean and Ring of Kerry.

"Having been involved in this initiative for Kerry from the beginning, and after organising meetings between the Department and Council, I am so pleased that €3.4 million will go towards the construction of 26 kilometres of Greenway from Glenbeigh to Caherciveen. This will be a special visitor attraction along the old Great Southern Railway. Cyclists from all over the world will benefit from the outstanding natural beauty of our Kerry coastline."

"An additional benefit of this development will

be the fact that the annual Ring of Kerry Charity Cycle, where close to 10,000 cyclists take part, can now utilise this greenway and no longer have to use the main road in this area. The road between Glenbeigh and Caherciveen is part of the Ring of Kerry route where many tourist buses and cars drive each day and so this development will be safer for all concerned."

"It is estimated that construction will create in the region of 40 jobs and it will contribute as much as 70 jobs to the local economy over time. The greenway will be constructed over the next two years and on completion can be enjoyed by families, guests, adventures, cyclists and lots more."

## OUTLOOK ON THE STATE EXAMINATIONS

### Plan your approach in the final term

(By Billy Ryle)

As they face into the final school term, it's reasonable to assume that every exam candidate has already done a certain amount of work. Many students have worked diligently and consistently throughout the year. Others may have been less focussed and motivated as they traversed the road to next June's exams. But the fact remains that each and every exam candidate has a foundation of work, however solid or precarious, on which to build over the next few weeks. It's absolutely vital to appreciate that effective and judicious use of the remaining time will be sufficient to get you safely over the finishing line. No matter how little work you have done to date, you can still achieve a worthwhile result in your exam if you are prepared to put your best effort into the final few weeks. It's also important to realise that you know a great deal more than you give yourself credit for. The immediate priority now is to reassess your goals and set out a plan of action for the run into the exam. The subject teacher at school, who, after all is the expert, will guide you through the last few weeks in revision, examination techniques and overall strategy. If you do your share by regular attendance at school during the final term and by rigorous attention to your work schedule, you are giving yourself every possible chance of achieving your goals. In order to achieve those goals you must be clear in your own mind as to what exactly they are. You must have belief in your ability to achieve them. You must put a plan in place to accomplish your aim and, critically, you must execute your plan by doing the necessary work.

Before you return to school for the final term review your exam programme. Make a decision about the level – higher, ordinary or foundation – of the paper you will answer in each subject. Set a target grade in each subject to help motivate you. It's vital at this late stage to set realistic goals. For example, if you feel you may not be able for a higher level paper in a particular subject, are you not far better off taking an ordinary level paper in that subject where you may achieve a decent grade? Consider what you would like to do after the Leaving Certificate Examination. A singular determination to achieve enough points to get a place in your course of interest is a great motivator. Perhaps, your primary motivator should be to do yourself justice in the exam and to achieve results that reward your ability and effort. Having clear and focussed goals will make your last term more productive and rewarding. Regard the next few weeks and the actual exam as a challenge that you will meet headlong and with determination. Approach it with confidence and belief in yourself. Take total control of your life and channel your energy in a positive direction. Every time you have a doubt or a negative thought about yourself replace it with a positive one. You will feel better about yourself if you are in control of your situation. To assume that control use the holiday period to make out a plan of action. Decide what topics you need to revise between now and the examination. Make out an overall time schedule, a weekly schedule and a daily schedule. Make out that plan of action over the next few days.

**In the next article, I will take a detailed look at how best to implement the action plan.**

# SPA NEWS

**U12 BOYS** A and B played at home to Ballyduff but were defeated in both games.

**U12 GIRLS:** Spa v Dr. Crokes. Played in Lewis road and on the night our neighbours had their scoring boots on. The girls never gave up and Caoimhe Claffey, Grainne Spillane, Liadh Beasley were outstanding in defense while Sarah Fleming, Elaine Kelly and Erin Holland all tried hard up front.

**SPA U 14 A BOYS V FOSSA** Played away against Fossa in this County League on Wednesday night. Despite missing some regulars Spa hit the lead midway through the first half with goals from Ryan Kelliher and Ronan McClure. However three well taken goals in rapid succession from Fossa threw this game on its head, leaving Spa with an uphill climb at half time. With Stephen McKenna and James Lynch working hard in defence he boys in blue plugged away and were rewarded with further goals from McClure and Kelliher. But with too much of a deficit to make up Fossa ran out worthy winners. **SPA 14 BS V AUSTIN STACKS:** Spa 14 Bs played away to Austin Stacks in the County League. Spa were in contention for most of this game until they conceded a couple of sloppy goals eventually losing by 5.15 to 4.08. Should both teams qualify for the next stage of the competition Spa would look forward to meeting the same

opposition.

**U14 GIRLS:** Travelled to north Kerry to play Duagh. Slow starting and Duagh had built up too much of a margin for our girls to make up the gap. Never gave up and unfortunately were very unlucky with some chances. Ciara Moynihan 0-5, Eimear Beasley 0-2 and Meghan Cronin 0-2 all scored on the day. Twins Marie and Grace Courtney, Hannah Daly, Elizabeth Stack, Elena O'Donoghue were outstanding also for Spa.

**SPA SENIOR LADIES:** Halftime spa 2-13 Milltown/Istry 0-3. Full time Spa 4-18 Milltown/Istry 0-6. Niamh Kearney 2-8, Mags Cronin 1-0, Camie Kelliher 1-2, Alma O'Mahony 0-3, Miceala O'Connor 0-4, Claire Moynihan 0-1. Welcome our new trainer Michael Brosnan who will no doubt bring his valuable experience as a coach to our senior team. **UP COMING FIXTURES:** Spa Seniors away to Castlegregory on Saturday April 19 at 6.30pm. Senior Ladies v Dr. Crokes away Fri April 18th at 7pm. Minors away to Dingle Friday 18th. U14 girls v Laune Rangers Sunday at 5pm home 27th April. U12 girls v Firies home April 22nd at 6.30.

**LOTTO:** Numbers drawn 5, 13, 16, 28.

**SENIOR SCÓR:** All Ireland final takes place in Castlebar on Saturday 26th April. Best of luck to Ray O'Sullivan in the Recitation. Ray has been a great representative for Spa in Scór over the past number of years.

**WEDDING:** Congratulations to senior footballer Ivor Flynn, Ballaugh and Julie Ghirardani, Ardaneanig on their wedding.

**SPA COMMUNITY NOTES:** Sympathy is extended to the relatives of Johnny O'Sullivan, Knockeragh who died at the weekend. May He Rest In Peace.

# BEAUFORT NEWS

By David Doyle

**BEAUFORT TIDY TOWNS:** We would like say a huge thank you to everybody who turned out for our County Clean Up over the weekend. There was a fantastic turnout around the parish. It was great to see so many people out, doing their bit to keep Beaufort litter free. Our weekly clean ups continue now on Tuesday evenings, meeting at the Barracks, at 7pm. If you could just give one hour, it would make such a difference. A range of jobs need to be completed, so all abilities needed. Let's keep Beaufort looking beautiful.

**HEALTHY CLUB PROJECT IN AID OF KERRY HOSPICE:** Under Healthy Club Project Beaufort GAA will host a Walk in association with the Kerry Hospice on Good Friday April, 18th. The route will be the new Bridges over the Gaddagh between Mealis and Lislibane. All monies raised will go towards Extension to the Palliative Care Unit at Kerry General Hospital. The route starts at Kissanes Shop, to Cronins Yard, over the Bridges, to Lislibane and back to Kissanes Shop.

**LOTTO:** Next draw for a lotto jackpot of €4,000 will be held in Kate Kearney's Cottage on Sunday, 20th April Easter Sunday. Tickets are €2 each or 3 for €5. They are available from usual sellers, shops and bars. If interested, €50 annual Tickets or Standing Orders are available from usual Lotto sellers.

**OUR SENIORS:** sponsored by Maurice Foley of MF Decorating travelled to Churchill on Sunday

last in the 3rd Round of the County League but came away empty handed after going down on a full-time score-line of Churchill 4-7 to Beaufort 1-12. The old cliche of goals win games certainly was true in this game. More detailed Match Reports are available weekly on the Club website

**OUR B SENIORS:** Played Glenbeigh/Glencar on Tuesday, 15th April in Glenbeigh.

**OUR MINORS:** Sponsored by Melvin of Carsons Daybreak play Listowel Emmets in Beaufort on Friday next at 6.45pm.

**OUR U16S:** Sponsored by Killarney Credit Union played Currow on Monday evening in Currow in the Eastern Region League.

**OUR U14S:** Qualified for the county semi finals of the division 2 Feile on Saturday. In their opening game Beaufort defeated Firies 2-2 to 0-4, they also defeated Milltown/Castlemaine 4-3 to 2-3. They lost to Na Gaeil 0-7 to 0-3 but qualified alongside them for the semi finals.

**BEAUFORT U14S** Were defeated by a strong Dingle team in Division 2 county league on Wednesday last in Dingle. Having travelled with only 15 players Beaufort competed well in the first half but Dingle showed their superior strength in the second half. Beaufort play John Mitchells in round 3 this Wednesday in Tralee and have Spa at home on Wednesday next.

**OUR U12 LADIES:** Travelled to Cromane on Wednesday and were beaten by a stronger, more physical side. Beaufort tried hard and

their player of the match was Hannah O'Connor at wing-back.

**OUR U-12S:** Were at home to Gneeveguilla on Monday evening. The U12 team had a big win in their game and no doubt will come up against stiffer opposition while the U11s had a very close game and were unlucky to lose to a late goal. The score of the evening came in this game from Brendan O'Donoghue. Their next game is away to Firies. Our U6s-boys and girls, U8s-boys and girls, U10 boys will begin training on Sunday week 27th April at 11.30 a.m. If possible please pay Registration beforehand. See details below.

## KILCUMMIN GAA

**SENIOR CO LEAGUE DIV 1:** Kilcummin continued their good start to their Co League campaign against high flying St Michael's Foilmore on Sunday last in Ballinskelligs. This was a competitive encounter with the hosts showing plenty of skill and enthusiasm but credit to our lads who kept up the pace and following some shrewd moves we finally killed off the game with a Jamie O'Sullivan goal after a good run by Shane McSweeney. This win leaves us with six points from three games and our focus now turns to this Saturday night and a first round Club Championship game against Co Intermediate champion Currow.

# GARDENING OUTLOOK

with John O'Sullivan

## PLANT AN EASTER BOWL

When planting a colourful Easter bowl choose your bowl from either terracotta or plastic but make sure to get a saucer underneath when purchasing. Then put some gravel around the base surrounding the hole and add compost mixed with slow release fertilizer.

Fill your bowl to about one inch from the top as this will make it easier when watering afterwards. When choosing the plants start with the centre piece. An ideal plant for this would be an evergreen grass. This is an ideal plant as when you are finished with the bowl, the evergreen grass can be planted outdoors.

There are a huge range of plants with colour to fill around the centre piece. Some of the most popular to choose from are trailing variegated ivys, heathers in flower, primroses, polyanthus, forget-me-nots and you will also still be able to get some potted daffodils and tulips.

When finished planting make sure to water the plants in well, and if you decide to keep the Easter Bowl indoors make sure that the saucer is underneath. Keep the finished Easter bowl in as much light as possible and this will flower well into the time for Summer bedding. As certain flowers go off before others, don't be afraid to remove them as this will keep your bowl looking good for longer.

## RECIPES OF THE WEEK

### HAKE, BROCCOLI AND CHEDDAR CHEESE BAKE

This recipe is perfect as a starter or a main course. If serving as a starter just use individual serving dishes instead of the large baking dish. Serves 4

#### INGREDIENTS

700g hake, skinned, boned and cut into 4cm chunks.  
200g broccoli, cut into small florets.  
Salt and freshly ground black pepper.  
300ml light cream.  
200ml fish or vegetable stock.  
1 tablesp. Dijon style mustard.  
2 cloves garlic, peeled and chopped.  
2 bay leaves.  
150g grated cheddar cheese.  
1 tablesp. capers.

#### TOPPING

25g butter  
50g stale white breadcrumbs  
2 tablesp. chopped parsley

#### TO COOK

Cooking time  
20 minutes

#### METHOD

Place the broccoli florets in a saucepan of salted boiling water. Bring back to the boil then reduce the heat and simmer for one to two minutes

until the broccoli is just tender. Remove from the heat immediately and drain well. Transfer to an ovenproof baking dish (approximately 24cm x 24cm). Set aside while you prepare the sauce. Add the cream, stock, mustard, garlic and bay leaves to the saucepan and bring to the boil. Add the hake and simmer very gently for 4-5 minutes. Remove from the heat and gently stir in most of the grated cheddar cheese, keeping aside 2 tablespoons for the topping. Add in capers and season with salt and pepper. Then spoon this mixture over the broccoli. Combine gently. In a separate pan melt the butter then add in the breadcrumbs, reserved cheese and chopped parsley. Mix together then sprinkle over the top of the hake and broccoli mixture. Brown under a hot grill and serve with steamed potatoes and a tomato salad.

#### SERVING SUGGESTIONS

Steamed potatoes and tomato salad.

**SENIOR COUNTY LEAGUE:** The seniors travelled to Gneeveguilla last Saturday evening in round 3 of the County league and maintained their good start to this competition eventually accounting for the Slieve Luachra side on a 2-13 v 0-11 scoreline. It must be said that the scoreline was somewhat flattering as it wasnt until the last five minutes that this game was fully decided as the homeside fought all the way and it took three unanswered points and a Tom Moriarty goal to seal this win. Legions other goal coming from the ageless Mike Sullivan following an exquisite James Donoghue pass to find Kevin Breen who in turn laid it on for the score .

**U12 COUNTY LEAGUE:** Well done to both the Green and White teams who both came away with wins last Sunday evening away to John Mitchels.

**U14 FEILE:** Great results from the group stage of Feile which was hosted at Derreen last Saturday. ## EAST KERRY NOTES

By Áine Ni Shúilleabháin PRO

### RESULTS: EAST KERRY JUNIOR LEAGUE

Dr Crokes 2-09 Legion 1-05.

Spa 1-13 Fossa 0-05.

Rathmore 2-08 Kilcummin 0-09

**EAST KERRY JUNIOR LEAGUE:** Dr. Crokes claimed victory over local rivals Legion in Division 1 round 2 of East Kerry Junior League, sponsored by Patrick Doyle Haulage, at Lewis road during the week. First half goals from Tony Brosnan and Keith O'Leary gave the home side the platform to lead at the break 2-05 to 1-02. The Legion goal coming from Jack O'Neill. Dr Crokes kept their noses in front in the second half, notching up 4 points to 3 for Legion and ran out winners on a Final score of Dr Crokes 2-09 Legion 1-05. Referee: Mike Brosnan (Spa). In Division 2, Rathmore proved too strong for a determined Kilcummin outfit, in their round 2 game, played in perfect conditions

in Kilcummin. The teams found scores hard to come by early on with both defences on top and it was mainly a goal by Rathmore's Padraig O'Callaghan that separated the teams at the break. It could have been more but for a great double save from Kilcummin's Conor Teahan. Half Time Kilcummin 0-5 Rathmore 1-6. In the second half Rathmore's superior fitness was very evident although Kilcummin never gave up taking the game to the opposition. A good goal by Brian Moynihan put daylight between the teams and despite the efforts of the likes of William Maher, Kieran O'Donoghue and Damien Doolan, Kilcummin could never bridge the gap. Daniel O'Sullivan, Conor Jenkinson and Derek Moynihan made sure the visitors finished comfortable winners by 5 points. Final score Kilcummin 0-9 Rathmore 2-8. Referee: Tadhg Ahern (Listry).

Spa had a convincing win when they hosted Fossa, in the second Division 2 game, scoring 1 goal and 13 points to Fossa's 5 points. The Spa goal came from Colm Tobin. Referee: Jim O'Connor (Scartaglen).

### WELL DONE IN COUNTY FINALS SCÓR NA BPÁISTÍ

**U12 GIRLS:** This team have played two games so far in the Phase 1 of the Under 12 Co. League, coming away with a victory in both games. They travelled to Kenmare for the first game where the girls put in some great team work and came away the deserved winners on the night. They then took on near neighbours, Spa, in their second game which was a much tighter affair but again the girls worked well together. Niamh Stack And Treasa O'Sullivan worked well in the middle of the field setting up some nice balls in to Caoilinn O'Donoghue, Julie Delaney and Lyselle O'Shea who got some great scores. Five new girls to the team this year, Sarra Neher, Sarah McMahon, Megan Greame, Megan Linehan and Ailbhe Gallaher played in their first competitive competition and were excellent. The back line was solid with Holly Power showing the way. She was ably assisted by Emma Kelly and Leanne Kerins, Jade Potts and Siabh Murphy. Miriam Greene marking was superb. Ana Sheehan had a great game between the posts pulling off some lovely saves.

**U14 HURLING:** South Kerry U14 Hurlers had a comprehensive win over Causeway in the second round of the County League Division 1 game on Saturday, 5th April in Lewis Road, Killarney. From the outset, South Kerry were up for this game and took control early on. With a few vital positional changes from the previous game, this team looked a more balanced outfit and really hurled well for the full hour. Donal O'Sullivan was in great form at centre-forward and immediately made a run through the middle for a great goal. This early lead appeared to settle our players and they proceeded to dominate in almost all areas of the field. Liam Twomey excelled at full-back and was ably assisted by Michael Horgan and Conor Lucey. Michael Lenihan, at centre-back also had a tremendous game and delivered great ball into the forwards. Dan McCarthy and Griffin Wharton dominated the middle of the park for the full hour and both put in a huge amount of work. Frank McGuire looked lively all through at wing-forward and Cian O'Sullivan was strong in possession on the opposite wing, both contributing 2 points. Inside, Tom

Murnane and Gary Randles worked hard and played their part. Ian O'Connell, Patrick Crehan and Dara Smith came off the bench to make good contributions also.

**MASTERS GOLF CHALLENGE:** A huge thanks to all who contributed to this years Masters Challenge Fundraiser and to all the card sellers. Results can be found on Facebook and [www.drcrokes.com](http://www.drcrokes.com).

## KERRY LADIES GAA

### KERRY THROUGH IN FIRST ROUND

Kerry minor ladies defeated Limerick in the first round of the Munster Ladies Minor Championship on Saturday. In a restructured competition Kerry will at least be guaranteed 2 games, last year Kerry & Cork faced off in a straight final, which was no good to both teams. It was a stuttering performance in the first half with Kerry slow to settle. Limerick took advantage of this and also played with the strong breeze. However Kerry's Aisling O'Connell settled Kerry with a goal & Kerry

**KERRY MINORS:** BACK ROW: BILLY MANGAN (MANAGER) CLODAGH QUINLAN, EMMA O'SULLIVAN, PATRIZ BROSNAN, CAROLINE DINEEN, MARTINA GUINEY, AMY REIDY, MEADHBH JOHNSTON, NIAMH MYERS, AOIFE SHINE, ELLEN WINTERS, KATIE DENNEHY, SHAUNA HANAFIN, ALAN HANAFIN (SELECTOR). FRONT ROW: DEIRDRE O'SULLIVAN (LIAISON OFFICER), TINA MANGAN, DENISE DUNLEA, ERIN FINUCANE, NIAMH CARMODY (CAPTAIN), MEGAN O'CONNOR, JANE LYNCH, AISLING O'CONNELL, AILEEN SHEEHAN, SHANNON O'SHEA, BRID SEARS, CLÍODHNA HAYES, PAT BROSNAN (SELECTOR).

nerves seemed abated. Half time score Kerry 2-06, Limerick 1-02. Kerry took the field in a more determined manner in the second half & made the breeze count scoring some fine long range scores. In the end Kerry saw out an embattled Limerick Full time score Kerry 4-14 Limerick 3-06. Kerry face Tipperary next on Saturday 19th in a Tipperary venue TBC. Tipperary will present a much tougher task, as Tipperary schools have reached nearly every schools final this year across all grades, so that will filter down to inter county teams also no doubt. Also on the inter county front Kerry U14's face a strong Waterford side on Saturday in a Cork venue TBC. Kerry who had a poor first outing against Waterford will be aiming for a much better performance against a quite strong Waterford side. Waterford topped their group beating Tipperary, Clare & Limerick & are showing very strong in this age group. The venue for Kerry senior ladies Tesco HomeGrown NFL semi final against Cork has been set for Dromcollogher/Broadford in Limerick on Sunday 27th April at 2 pm. Kerry who topped the table will be hoping to secure a spot in the league final, in our first year back in Division 1. Domestic action was in the spot light with games across all 4 Divisions in the Rhyno Quality Feeds Co League. In Division 1 saw Castleisland Desmonds travel to Laune Rangers to take on the current champions. Laune Rangers despite fielding without Sarah Houlihan & Edel Murphy were still a very strong outfit. The first half was very evenly matched with score Laune Rangers 1-07 Castleisland Desmonds 3-07. However Castleisland blitzed the Laune side in the second half, & also held the home side to just 3 points in the second half. Final Score Laune Rangers 1-10 Castleisland Desmonds 7-08, with goals coming from Aine O'Connor (3) Leanne Mangan (2) Stephanie Murphy & Aisling Leonard. Meadhbh Johnston scored Laune Rangers sole goal. Other results in Division 1 Southern Gaels across the county to Listowel Emmets & it was a journey worthwhile

Listowel 0-7 Southern Gaels 5-12. In an exciting game where Scartaglen defeated Inbhear Sceine Gaels after, going in a goal down at half time to winning by a goal. Scartaglen 2-15 Inbhear Sceine Gaels 2-12 In Division 2 Corca Dhuibhne's passing, movement & superior fitness was too much for the combined Abbeydorney/Kerins O'Rahillys. Though Sinead McKessey & Emma McCarthy dominated in midfield, they combination side couldn't hold the ball inside the forward line. While Corca Dhuibhne were much tighter in defence & very quick on the counter attack. Final Score Corca Dhuibhne 6-16 Abbeydorney/Kerins O'Rahillys 2-09. In the other game in that division, Na Gaeil hosted neighbours Austin Stacks in a Tralee derby. In a high scoring game Na Gaeil used their experience to push ahead. Final Score Na Gaeil 7-10 Austin Stacks 5-03. In Division 3 Dr Crokes are continuing their rich vein of form defeating Dromid, Dr Crokes 6-14 Dromid 1-05. Spa are also continuing their great form, it will be an interesting clash when both these teams meet. Spa defeated Miltown/Listry with their forwards displaying a master class in forward movement. Final Score Spa 4-18 Miltown/Listry 0-06. Finally Currow inflicted a heavy defeat on Kilcummin 6-06 to 0-04. In the sole game of Division 4 Duagh ran out easy winners against newcomers Cromane.

Next round of action is due to take place on 18th April; however with some clubs containing county minors some games will be deferred. All fixtures/results on the website. In the Educate.ie U14 Co league Fossa remain top of Division 1 with only scoring difference separating them from Laune Rangers who also have full points. Division 2 also very close with only a 5 point scoring difference separating table toppers Miltown/Listry & John Mitchels. Cromane are stealing the show currently in Division 3 with no team able to contain them. Finally in Division 4 Ballymac are leaders, unbeaten in all games. Next action in the U14 Educate.ie Co League is 27th April.

## KILLARNEY RUGBY CLUB

West Munster U18 Cup Final - Killarney RFC 3

Tralee RFC 13 - Last weekend the curtain came down on what was a successful season for Killarney's U18 side when they put on a great display against the excellently organised Tralee team in a thrilling Cup Final. Runners Up in both the League and Cup is no less than this side deserved after a season of many highs and a few lows. To have kept the team going when several Senior clubs in the province failed to do so at U18 level was an achievement in itself. There was very little between the two sides in this encounter as the scoreline suggests and a one score difference would probably give a truer reflection of the match. Tralee scored a nicely executed try out wide after twenty minutes but Killarney full back Lorcan Howe converted a fine penalty kick to leave the score 5-3 at half time. Tralee's second try should not have been allowed as the ref failed to spot an infringement, but the score stood. Tralee were deserved winners, and must be congratulated on a superb season. Killarney can kick up the heels for a few weeks now before refocusing on next season where it is hoped they can take it one step further to claim the first piece of silverware for our new home in Aghadoe. The squad: Feargal Courtney (coach), David Corlette, Broghan Edmonds, Michael O'Donoghue, Andrew Courtney, Shane Howe, Patrick Courtney, Luke Sullivan, Corey Doyle, Daniel O'Sullivan, Aaron Jones, Fergus Cronin (coach). Front L-R Alan O'Riordan, Kyle Byrne, Lorcan Howe, Fionán O'Donoghue (c), Robert Leen, Matt Lane. Killarney Minis hosted Killorglin at all ages on Saturday last 12th April in what was to be the penultimate day of the season. In spite of pressure from other codes both clubs were well represented with two teams each at under 12s and 10s and a team each at under 8s and 7s. The skill levels of all players involved were really exceptional, and maybe as recently as ten years ago you would seldom have seen such talent on a consistent basis. Well done to all involved. We will be finishing up next Saturday the 19th of April, and all players who are registered are invited to attend to receive their medals for what was a tough season, additionally player awards will be also made. Queries 087/2657994.

**Bag Packing** – Thanks to all those who kindly gave their time and funds to help our bagpacking event at Tesco's a success. Half the proceeds went to Habitat. We are grateful to Tesco for allowing us perform this task. Senior XV forfeited the Shield tie V Bandon last Sunday as the squad had depleted numbers. The team finished a creditable mid table after a tough season.

Aghadoe – new changing rooms have been secured in a recent transaction nailed by Ger Moynihan who has been doing great work on the grounds on an ongoing basis. More fundraising is required however and meetings will need full support to start the next fundraising initiatives.

## KILLARNEY CYCLING CLUB

We're getting to the sharp part of the Road racing season now and this week we were in Nenagh for the Visit Nenagh Classic. This race in its third year attracted a large high quality field from all over Ireland and there was even a visiting field from Holland.

Our numbers were good but somewhat diminished because some of our team decided that discretion was the better part of valour and decided to rest the legs ahead of the Easter weekend and the sufferfest which is Ras Mumhan.

In the A1/2 race we had Benny Cassidy, John Mannix, Mike Lucey and Matt Slattery. The racing started off at a strong pace. The racing just got harder and harder as the miles went on and the course got more punishing. Well done guys on a very good showing for Killarney Cycling Club on a very hard day....

In the A3 race Patrick Clifford, Mike O Mahony and Leigh Hewerdine were in action and all of them acquitted themselves well and they were all in the top twenty of the A3 race although no prizes this week.

We were represented in the A4 race as well as Dan O Brien and Joe O Leary lined out and yet again and they had a good race by all accounts. Next weekend one of the highlight races of our domestic calendar, RAS MUMHAN and Killarney Cycling Club are in the privileged position of having 10 riders in two teams entered in this international race. It looks like a busy week and weekend ahead but all in a good cause!!! Best of luck to all who will be taking on the challenge and here's hoping that all stay safe in what promises to be a huge weekend of cycle sport over the Easter weekend.

## COMMERCIAL ROWING CLUB

EST 1886--"DOWN MEMORY LANE 1957"

**John Kelly**

Close finishes in all race was the main feature of the Killarney Regatta held at O'Mahoneys Point on Sunday July 7th. Racing was so close that at times victory was snatched from the leading crew at the finishing line as was the case in the senior sixes when it appeared as if Flesk Valley would win but a late effort by Robin Hilliard saw Fossa snatch victory at the line, Another splendid race was the Ladies Sixes which St Finans won in a photo finish.

Mastergeeha doubled their lead 5 minutes later when David Twomey scored again following a cross by DJ O'Leary. Mastergeeha continued to play well and Dillon Murphy increased the lead further after a through ball by Paul O'Shea. Killarney Celtic and Inter Kenmare were involved in a Last 16 cracker on Tuesday night with an amazing 20 penalties taken before Celtic progressed 7-6. The game finished 2 all after extra time with Colm Crowley getting both for Inter and Chris O'Leary and Emmet O'Shea netting for Celtic. Killorglin battled well and had a hat trick from Gar Hassett.

Killarney Celtic B couldn't join their teammates as they went out after a good Cup run. Castleisland booked their place with a 7-2 win at home. Connie O'Connor and David Kelly both scored twice. Redmond O'Connor, Ryan Dennehy and Paul Brown all scored one each to book their place in the last 4.

Ballyhar are into the hat for the semi-final thanks to Dylan Callaghan who got both his sides goals in a 2-1 win away to Killarney Athletic whose reply came from Evan Looney. The fourth quarter final was the Tralee derby and it is The Park who go through after a 3-1 win over Kingdom Boys at Christy Leahy Park. Colin Walsh from the penalty spot, Liam Tobin and Mervyn Shambala were the Park scorers while John Carmody replied for Kingdom Boys.

The other 3 quarter finals: Killorglin A v Listowel Celtic A, Park B v Killarney Celtic A and Kingdom Boys against Park A are all being played this week.

**TUCKER KELLY 16'S CUP:** Killarney Celtic A took the derby against Killarney Athletic to book their place in the Tucker Kelly 16's Cup last 4. **LEAGUE ROUND UP:** JK Sports 12 Division 1: In the JK Sports 12 Division 1 Mastergeeha and Park B both added three points to their titles as they chase the sides above them. Goals from Liam Fleming, Lee Phelan, Shane Warren, Darren Lehane, Philip O'Leary and Evan Murphy gave Mastergeeha the win over Park C. But there was better news for Park B as they were 4-2 winners away to Fenit. This game was in the balance until the last minutes when The Park got the insurance goal. Liam McGee, Robert Morrissey, Cillian Ryan and Darragh Blennerhasset were the Park's scorers.

**U13 DIVISION 2:** Listowel Celtic 6-1 Asdee: Listowel Celtic moved into second place in the Division following a 6-1 win over Asdee. Sean McGrath got 3 of the goals with Conor Hogan, James Twomey and Kevin Goilding all netting one each.

Killarney Athletic jump ahead of neighbours Celtic B following an easy win over the other Celtic C. Alex got a consolation for Celtic C but two goals from TJ Buckley and one each from Shavez, Ryan O'Keffe, Liam Curran and Kevin Thomson sees Athletic move to within 4 points of the leaders.

**GIRLS IN GREEN:** It's another week and more Kerry players pulling on the Green of Ireland. This time it's the girls we are cheering on. Congratulations to Savanna McCarthy, and her u19 teammates, who have qualified for the Euro finals later in the summer. Savanna has just stepped up from the 17's and has fitted in perfectly to the older age group.

## KILLARNEY CELTIC

**FAMILY FUN DAY:** Killarney Celtic will be hosting our annual Family Fun Day from 2.00 – 5.00pm on Monday, May 5th. One and all of every age are very welcome.

**SOCCER TOTS:** Our hugely popular Soccer Tots Programme, an introduction to the game for 4-6 year olds, is back up and running on Tuesday nights from 6.00pm to 7.00pm. This is a completely non-competitive fun introduction to soccer and one and all are welcome to bring their kids along.

**LAST MAN STANDING:** Round 9 and still 8 contenders to be the last on their feet – a lot of them are depending on Aston Vil to do the business this week!

**RESULTS:** Denny Premier A: Listowel Celtic 2 Killarney Celtic 2

Listowel went 1-0 up through a penalty but Stephen Hayes brought us back into it. 1-1 at half-time. Ten man Killarney Celtic went down again in the second half but stayed focussed and were fully deserving of a share of the points after a brilliant strike by Gintarus Paketuras.

**U16 Girls:** Killarney Celtic 2 Listowel Celtic 0 Disappointingly, we received a walkover when a game against a very good Listowel side would definitely have been our preference. As it is, the uncontested points mean that Killarney Celtic are the new league champions. Very well done to all players, management, and supporters.

**U16 Kerry Cup:** Killarney Celtic 5 Killarney Athletic 0

Killarney Celtic A took the derby against Killarney Athletic to book their place in the Tucker Kelly 16's Cup last 4. Mark Harnett, Billy Courtney, Cathal O'Shea, Michael Potts and Conor McCarthy were the goal scorers.

**U16 Kerry Plate:** Killarney Celtic B 1 Park C 3 Our U16 B's were out twice last week. They were 3-1 winners over Killarney Athletic B thanks to goals from Stephen McCarthy, James McAuliffe and Cian Casey, but they couldn't repeat that performance against Park C. Ciaran Sheehan got our goal but a good Park team stayed in control.

**U14 Premier:** Killarney Celtic 3 Inter Kenmare 1 Killarney Celtic moved into 3rd place with a 3-1 win over Inter Kenmare and still have a game in hand on second placed Kingdom Boys. Josh Fleming, Ryan Kelliher and Michael Devlin were the Hoops scorers.

**U14 Div One:** Mastergeeha 3 Killarney Celtic B

1

A brilliantly struck free kick by Gearoid Murphy provided Celtic's goal, but it wasn't enough for a win.

**U14 Div One:** Killarney Athletic B 7 Killarney Celtic C 1

Alex scored a great goal but it was very much against the run of play.

**U14 Kerry Cup:** Killarney Celtic 5 Park B 3

A great game and a battling Park side deserve a lot of credit, but they couldn't match a great team performance that included goals from Peter O'Sullivan (2), Ryan Kelliher (2), and Lee Downing.

**U14 Kerry Cup:** Inter Kenmare 5 Killarney Celtic B 0

No questions and no complaints; the lads gave it everything but it wasn't enough against a very skilful Kenmare side.

**U13 Cup:** Killarney Celtic 9 Ballyhar 0

Killarney Celtic A took the last place in the 1/4 finals after a good win over Ballyhar. Ryan Kelliher was on fire from the start and hit a hat trick inside 13 minutes. Eanna Coleman, Peter O'Sullivan, Ian Darmody and Ryan O'Grady were also amongst the goalscorers.

**U13 Div One:** Killarney Celtic C 2 Park B 5

Conor Casey scored for us and Dylan McCarthy added a brilliant header to our scoresheet.

**U12 Kerry Cup:** Killarney Celtic 2 Inter Kenmare 2 (Celtic win 7-6 on penalties)

Played on Tuesday, the game finished 2 all after extra time with Chris O'Leary and Emmet O'Shea netting for Celtic. Ryan O'Grady, Jack McCarthy, Dylan Doona, Tom Doyle, Jason Kerins, Neil O'Shea and Ruairi Doyle were all successful from the penalty spot for Celtic.

**U12 Kerry Cup:** Killarney Celtic 8 Killorglin 3

Celtic took full confidence from that win to get past Killorglin in the quarter final on Saturday. Niall McGillcuddy and Padraig Looney both scored 2 each with Jack McCarthy, Ryan O'Grady, Ruairi Doyle and Ian O'Connor all getting one each.

**U12 Kerry Cup:** Castleisland 7 Killarney Celtic B 2

The lads put in a huge effort but Castleisland's A side were very strong and deserved winners.

## PITCH & PUTT NEWS

### By: Jason O'Connor

LAST Saturday saw the start of the National

Inter-Club competition with two matches of Kerry interest in the Inter/Junior Gents section as both Deer Park of Killarney and Castleisland were in action. Deer Park started off exactly the way they finished the competition last year as they face St Annes of Cork in a repeat of last year's Final in the same venue as the decider last October, Bruff, Co Limerick. The Killarney club gained a small degree of revenge for their defeat in the decider with a 6-3 win over the defending champions. Victories for the combinations of Creagh Courtney and Hugh O'Sullivan along with St John Kelliher and Paddy Murphy in the Scotch Foursomes gave Deer Park a 2-1 lead after the First 18 holes before victories in the Singles for Kieran O'Keeffe, Kelliher, Courtney and O'Sullivan in the Singles gave them the ideal start to their campaign. Castleisland unfortunately didn't fare so well in their debut losing by 7-2 to Cork club Collins at the Majestic course in Mallow. They always faced an uphill battle after losing all three of their Scotch Foursomes matches with victories for James Dignam and John Clifton in the Singles preventing a whitewash at the end. Both Deer Park and Castleisland meet in the Second Round of fixtures in Tralee on Saturday week April 26th themselves with Tralee themselves making their debut for the campaign against Collins in Bruff the same day. In other news, confirmation of the postponement of the Provincial Matchplay competitions was made during the week meaning the scheduled Qualifiers in Tralee and the competition itself have been put back to a later date. All those who enter the event will be refunded their entry fee through their registered clubs. The National Matchplay Qualifiers will take place as scheduled in Deer Park beginning the week of April 28th however.

# CYCLE SAFETY

With preparations underway for among other things, the Ring of Kerry cycle – Outlook Magazines takes a look at cycle safety.

Motorists should always be conscious of cyclists, giving them plenty of space because of their vulnerability. Drivers of larger vehicles, in particular, should always be on the look-out for cyclists and take extra care whenever they encounter them.

You should be doubly vigilant around younger riders and always remember the 'Look Twice' advice at junctions and when using mirrors before turning, changing lane or overtaking. Only overtake if there's a safe opportunity to do so and do not drive too close to cyclists before overtaking. Think how you would want motorists to drive near you or your loved-ones when cycling.

Cyclists should ensure they are visible to motorists and other road users at all times by wearing bright-coloured clothing. In dark or low light conditions you should always wear reflective clothing and ensure you have effective, working lights. Remember it is generally good advice to wear a cycle helmet. Always be mindful of the speed of other vehicles and consider using cycle lanes when available, and if appropriate.

It is also important to choose your routes carefully and to consider the experience of your fellow cyclists. For example, never ride more than two abreast and be prepared to recognise that on many roads this is not a safe way to ride. In addition, you should always match your cycling style to the road condition, just as you should when driving.

Motorists and cyclists are equally subject to the

laws of road as – every road user is expected to abide by these rules.

#### **THINK!** advice for when you're driving

1. Look out for cyclists, especially when turning - make eye contact if possible so they know you've seen them
2. Use your indicators - signal your intentions so that cyclists can react
3. Give cyclists space – at least half a car's width. If there isn't sufficient space to pass, hold back. Remember that cyclists may need to manoeuvre suddenly if the road is poor, it's windy or if a car door is opened
4. Always check for cyclists when you open your car door
5. Avoid driving over advanced stop lines – these allow cyclists to get to the front and increase their visibility
6. Follow the rules of the road including 'stop'

and 'give way' signs and traffic lights

#### **THINK!** advice for when you're cycling

1. Ride positively, decisively and well clear of the kerb – look and signal to show drivers what you plan to do and make eye contact where possible so you know drivers have seen you.
2. Avoid riding up the inside of large vehicles, like lorries or buses, where you might not be seen.
3. Always use lights after dark or when visibility is poor.
4. Wearing light coloured or reflective clothing during the day and reflective clothing and/or accessories in the dark increases your visibility
5. Follow the rules of the road including observing 'stop' and 'give way' signs and traffic lights
6. **THINK!** recommends wearing a correctly fitted cycle helmet, which is securely fastened and conforms to current regulations.

## REMEMBER 'MORNING AFTER' IF DRIVING OVER EASTER – DRINKaware.ie

As thousands prepare to travel on Irish roads over the Easter bank holiday weekend to meet up with family and friends, drinkaware.ie is encouraging people, if socialising with alcohol, to remember the morning after.

The secret to sobering up is TIME – no amount of coffee, energy drinks, cold showers or breakfast rolls will speed up the process. You might feel better but it doesn't mean you are fit to drive. You can find out how many drinks you have on a night out by using the Standard Drinks Calculator on [www.drinkaware.ie](http://www.drinkaware.ie)" said drinkaware.ie Chief Executive, Fionnuala Sheehan

She added "Morning After driving is clearly linked to weekend socialising." According to official Garda figures, 124 drivers were arrested for "driving under the influence" over the Easter bank holiday weekend last year. There were also over 400 incidents of "drivers under the influence" between the hours of 8 a.m. to 1 p.m. on Saturday, Sunday and Monday mornings in the period from January 1st to September 27th 2013.

In that period, on Saturday mornings, a total of 101 such detections were made by Gardai; on Sunday mornings the number was 208, more than five times greater than the mid-

week detection figure. On Mondays, between 8 a.m. and 1 p.m. over that period, a total of 94 incidents of "drivers under the influence" were reported.

The message from drinkaware.ie is to take responsibility for your drinking this Easter. "If you are having a night out involving alcohol this weekend, do the maths and if you suspect that you might not be okay to drive the morning after, then don't risk it," added Ms Sheehan. "Equally, the message to others drinking over the weekend is not to get in a car with anyone who you think is not safe to drive."

### Know Your Rights: SINGLE PERSON CHILD CARER CREDIT

#### QUESTION

I claimed the One-Parent Family Tax Credit last year because I share custody of my son with my former partner. My notice of tax credits for 2014 didn't include it and I'm told I can't claim it any more if she claims it. Why is this?

#### ANSWER

The One-Parent Family Tax Credit (OPFTC) was a credit for people parenting alone that reduced the amount of tax that they had to pay. If a child stayed with each of its parents for some part of the year, then both parents could claim the full amount of the tax credit for that tax year.

The OPFTC was abolished at the end of 2013 and the Single Person Child Carer Credit (SPCCC) was introduced from 1 January 2014.

Only one parent can claim the SPCCC in a tax year. In general, the SPCCC is given to the person with whom the qualifying child lives for the whole or greater part of the year (more than 6 months). This person is called the primary claimant. If both parents have equal custody (by court order), entitlement to the credit is decided by which parent gets Child Benefit.

When the SPCCC was introduced, Revenue automatically allocated the new credit to people who were due to receive a One-Parent Family Tax Credit and were also getting Child Benefit. If you believe that you qualify as the primary claimant but the credit has been granted automatically to your former partner, you should complete Form SPCC1 (available from Revenue) and return it with any relevant evidence in support of your claim. In the event of a dispute you can appeal Revenue's determination to the Appeal Commissioners.

If your former partner is the primary claimant, she can choose to give up the credit so that you can claim it. To do this, she submits Form SPCC1 and you submit Form SPCC2. You must meet the qualifying conditions and your son must live with you for more than 100 days in a year (for the purpose of this limit, it can count as a day if he is with you for most of the day).

You cannot claim the SPCCC if you are: jointly assessed as a married person or civil partner; cohabiting; married or in a civil partnership (unless separated). The SPCCC is €1,650 in 2014. If you get the SPCCC you are also entitled to an €4,000 extension in the standard rate tax band, increasing it to €36,800.

### CREATE A NEW MAGICAL STORY!

Each of our lives is a story that we create and recreate every single day. We tell others of our story through our words, thoughts, behaviours, deeds and actions.

Our original plot lines and themes were created when we were children by others who simply passed on their own "stories" to us. Gradually after years of hearing, seeing and being involved in this story we adopted many parts of it as our own. Life is one vast story – we watch the "News" to hear the stories of the day in the world. We go to the movies to watch particular stories that we want to experience. Stories are one of the first things that children learn to read and are read to. The art of being a storyteller is a powerful and magical gift. However, we are all storytellers and we all have the power to change, re-write or re-create a new story at any given time. Story is so embedded in our experience that it's often invisible. We may act as if a story we are telling ourselves is true when really it is often somebody else's version of who we should be or what we should do. Stories are muscular -just as when you work out in a gym the more times you repeat a repetition of a particular exercise, the more you develop that muscle. Our life stories are the same, growing stronger with each repetition. So every time you tell the "story" that you are not good enough or that you can't do something you are strengthening and building the fibres of that particular story. Once we understand the true depth and power of narrative in our lives, we become a lot more mindful of the stories that we tell and listen to!

Do join me on Facebook and at my next Life Lounge! It's on Wednesday 28th May (7.30 – 9.30pm) at the Meadowlands Hotel, Tralee. My guest will be Life & Parent coach Joan Barrett. I am really looking forward to it!

## DRIVERS CAUGHT TEXTING FACE FINE OF UP TO €1,000

A new amendment signed into law by the Transport Minister Leo Varadkar, means that convictions will result in a €1,000 maximum fine for a first offence. This will rise to a maximum fine of €2,000 for a second or subsequent offence and a €2,000 maximum fine and or up to three months in prison for a third or subsequent offence within a 12 month period. Although sending text messages was previously legislated for, the use of hands-free devices was not specifically covered and the new regulations cover text messages and multimedia messages. The new law will take effect on the 1st of May.

## NEXT TUESDAY IS EARTH DAY

In the 1960's U.S senator and environmentalist, Gaylord Nelson, tried to galvanise the conservation movement through the

appropriate creation of a national celebration. Mr. Nelson made a lot of efforts in the Congress to pass a legislation which protected the popular Appalachian Trail. He also tried to pass a legislation to ban the use of DDT. In order to organize the first Earth Day, Mr. Nelson sought some help from Denis Hayes, who was a graduate at Harvard University. The first Earth Day was celebrated on 22nd April, 1970. It was specifically designed as an environmental awareness program. Its aim was to educate participants about the importance of conserving the environment. In 1990, Denis Hayes organised a global Earth Day. It was observed in more than 140 countries by 200 million people. In the early 21st century, most of the activities organized during the Earth day revolved around raising awareness about many different environmental concerns. The primary focus was on the threat of global warming and depleting natural resources. It also focused on the importance of renewable energy sources. Earth Day 2014 is not much different from the other ones. However, this occasion gets better with each passing year. Besides focusing on general awareness about conserving the environment, it will also focus on respecting life on our planet. It will also make sure people are aware about growing problems of water, soil and air pollution. You can celebrate Earth day by picking up roadside trash, planting trees or fruit bearing shrubs in your garden, using reusable containers for lunches and snacks and recycling etc, the list is endless. There are many people who also sign petitions to Governments on this day. These petitions call for immediate and stronger actions to stop global warming, and even reverse environmental destruction.

## EVERYTHING IN NATURE HAS A PURPOSE

The dingo is a dog-like animal about 1.2 m long, including a 30-cm tail, and stands about 60 cm tall at the shoulder. It has short, soft fur, a bushy tail, and erect, pointed ears. Its colour varies from yellowish to reddish brown, often with white underparts, paws, and tail

tip. According to a new study the dingo is a distinct member of the dog family, not a kind of wild dog as previously believed. The primitive dingoes were associated with hunter-gatherer societies and later with sedentary agricultural population centres where the primitive dingoes were tamed and subsequently transported around the world including from mainland Asia to Australia and other islands in Southeast Asia and the Pacific between 1,000 and 5,000 years ago. To find a specimen of a dingo unlikely to have cross-bred with domestic dogs, scientists from the University of Sydney looked at specimens pre-dating 1900 and examined 69 skull specimens and 6 skin specimens to create a benchmark description of the dingo. The physical features that define the animal were found to be a fairly broad head, tapered muzzle, erect ears and a bushy tail. Relative to similar-sized domestic dogs, dingoes have longer and more slender muzzles. The 19th century dingoes examined, like wolves do not possess dewclaws on the hind legs. The researchers said dingoes have an important role in conservation through their regulation of species such as kangaroos, wallabies, invasive red foxes and rabbits.

## THIS WEEKS GOOD NEWS

When a homeless man in Thurston County,

Washington, found himself sick and unable to move, he turned to the one being he could count on - his dog. The man wrote a note and attached it to his dog's harness and sent the dog out to find help. Though the dog, named "Buddy," never left his guardian's side, this time, he seemed to know that he had a mission to accomplish. A woman found Buddy near railroad tracks in Tumwater, she could see that a note was attached to the dog's harness and she stopped to see what it said. The note read 'Help,' Send Help. No Joke. Cannot walk' The flip side stated: 'Medicine not working. Need doctor.' Unfortunately, there was no other information - not a name, a location or a phone number. The woman who discovered Buddy and the note contacted the police, who had heard of a homeless man who had a dog in the area. A search by the authorities led them to the man who was in need of help at his camp which was established in the woods. The man was unable to walk and completely alone. A police spokesperson said the man was taken to a hospital for treatment, and later released, the man and dog were reunited and are living quite happily in their camp.

## FORMER SALT TRANSFORMED UNDERGROUND PARK MINE INTO THEME

About 368 feet below the ground in the Transylvanian underworld lies one of the world's most eerily spell-binding theme parks. Salina Turda salt mine near the town of Turda in Transylvania, Romania was originally carved by hand in the 17th century and is now a veritable history museum of salt mining. The excellent state of preservation of mining and machinery that used to transport the salt that was a decisive factor in the development of this prosperous town from Roman times until today is now a museum and theme park featuring a Ferris wheel, mini-golf, an underground lake with paddleboats, basketball courts, a spa and more. Descending into the defunct mine transports you to an otherworld filled with an air of history and magic with a temperature of approx. 10 °C and humidity around 80% if you are ever visiting the mine you would need to dress warmly. Fairy-like lighting illuminates the caverns, the salt patterns on the walls resemble marble and reflect off the underground lake to give the impression that they descend into infinity. The Mine is also listed in 22nd place of the unbelievable travel destinations in the world.

## SCIENCE FICTION IS WAY BEHIND THE TIMES

The Commute-Case electric scooter, which is expected to hit the market soon, is the product of a new company called Green Energy Motors Corporation. This neat little device weighs 27 pounds and can convert from something you

carry into something that can carry you in just a few seconds. After you pop out the wheels, footrests and handlebars, it can scoot along at up to 12.5 miles per hour. That's about four times faster than walking on a busy city street. This briefcase turned scooter can travel up to 25 miles between charges and can be recharged in less than an hour and those 25 miles use just 10 cents of electricity while producing no carbon emissions. The bad news is that the scooter will cost \$5,990. But Green Energy Motors says it is "currently taking pre-orders to help finance production" and people can order a scooter right now at half price (\$2,995) or reserve one for just \$150 (with 10 additional PayPal payments to follow). The company doesn't say when it expects its Commute-Case scooters to be available, but it promises a satisfaction guarantee and a one-year warranty. However before rushing off to buy one make sure Green Energy is a legitimate company just in case this is yet another scam.

## A RACIST SWAN!

Warwick University in Coventry, England has erected a fence around a campus lake to stop swan attacks on students. A 4ft tall bird, with an 8ft wingspan, has been accused of behaving aggressively towards foreign students as they cross over a footbridge near its nesting place at the university's Gibbet Hill campus. The footbridge is used by hundreds of students everyday between their accommodation and university buildings. Undergraduates say the swan only appeared to target students from ethnic minorities.

## LIKE FATHER LIKE SON

A \$26 million donation was recently made to South Africa's Kruger National Park by Howard Buffett, son of billionaire investor Warren Buffett who has himself donated millions of dollars to various causes. The donation will be used to aggressively fight rhinoceros poaching in the sanctuary, and to test new anti-poaching methods that could be implemented elsewhere in the world. Kruger National Park is home to 40% of the world's remaining 22,000 wild rhinos, a species in danger of total extinction due to poaching. In three years, over 1,000 of the animals were poached in South Africa alone, as well as another 172 animals less than three months into 2014. Despite the increasing rarity of wild rhinos, the number of animals poached is rising each year. Rhinoceros horns are highly prized in some Asian countries as a status symbol or, more frequently, for use in traditional medicine. Pound for pound, ivory is worth more than gold, cocaine, or platinum in street markets throughout China. The proceeds from this illegal trade often go to fund poaching rings or other criminal gangs. The money donated by Howard Buffett will provide the park with a helicopter and land vehicles equipped with high-tech electronic sensors to help locate poachers. The donation will also allow the addition of specialised rangers and elite canine units, creating an Intensive Protection Zone within the park. This

new technology and additional anti-poaching staff could help even out the losing battle against poachers in Kruger National Park, while trial of Intensive Protection Zones could lead to improved conservation for many species worldwide.

## LIKE TO TRAVEL?

Saint Helena named after Saint Helena of Constantinople, is an island of volcanic origin in the South Atlantic Ocean, measuring about 16 by 8 kilometres (10 by 5 mi) and is one of the most isolated islands in the world it was uninhabited when discovered by the Portuguese in 1502. Saint Helena is a neighbour to Tristan da Cunha and Ascension Island (Well, relatively speaking: they are 1,510 and 810 miles apart, respectively) and is dominated by Diana's Peak, a 2,684-foot-high mountain that doubles as a national park. A little more than 4,000 hardy souls call Saint Helena home, most the descendants of British colonists. Saint Helena residents make their living working for the British government, exporting goods like coffee and prickly pears, and growing New Zealand flax. If you want to travel to Saint Helena, you'll need to vie for one of the few seats available to civilians on a flight operated by the British military or buy a ticket on one of the ships that visits its port about 30 times a year.

## DID YOU KNOW ....

It has really only been the last 100 years or so that people have bathed more than once a week (Saturday night baths were the norm for most of history), daily showering is actually not objectively healthier or better; and in fact, one of the most common reasons that people cut down on showering is actually for skin-health reasons, not laziness. As far as being actually physically dirty, most of us who don't work outside or aren't otherwise involved in daily work where we might get covered in dust, dirt or grease probably don't get any real dirt on anything other than our faces and hands most weeks. Many people have found that when they stop washing hair and skin so often, after an adjustment period, the body naturally decreases the amount of oil it produces and less washing is needed. Of course, how often you shower depends on your level of activity, how healthy you are (if you work out often and eat healthfully, you naturally produce less body odour) and what you do for a living, and it depends on the season too.

## SELF-ACCEPTANCE

One of my favourite Oscar Wilde quotes says 'Be yourself, everyone else is taken'. So why is it so difficult for us to do just that? Liking ourselves and being ourselves has to do with self-acceptance. Self-acceptance refers to our ability to embrace all facets of ourselves and not just the positive, acceptable parts. Whilst we may recognize our limitations and weaknesses – accepting ourselves fully means we accept these aspects of ourselves too. We stop judging ourselves and being so hard on ourselves.

Research shows that before the age of eight we are unable to form a sense of ourselves separate from that which was transmitted to us by those who care for us. So often I hear clients say to me that their parents were unable or unwilling to communicate the message to them that they were totally okay and acceptable. In addition to this we may have received much disapproval and criticism from teachers, siblings, other relatives and/or our peers. Is it any wonder then that we come to see ourselves as inadequate in many ways? A consequence of this is that we may go on to regard many aspects of ourselves negatively. We 'beat ourselves up' often telling ourselves the very same thing that an overly critical parent or teacher may have said.

So how then do we become more self-accepting?

Developing self-acceptance requires that we develop more self-compassion for ourselves. The Buddhist teacher Pema Chodron says that "Compassion isn't some kind of self-improvement project or ideal that we're trying to live up to. Having compassion starts and ends with having compassion for all those unwanted parts of ourselves, all those imperfections that we don't even want to look at".

However learning to be self-compassionate and kind to ourselves can seem like quite a new idea and represents a deep change in our attitude and way of being. In order to ensure our survival our brains have been designed in such a way as to give attention to the negative stuff. Self-criticism has in fact played an important role for us. However, this criticism needs to be tempered with kindness and not allowed to be a habit based response formed from patterns laid down in our early childhood. Whenever we criticise ourselves we are triggering the same threat and protection systems in the body and brain that get activated when threatened by other people.

By cultivating more self-compassion we come to like ourselves more and to view ourselves as deserving of love and respect. This in turn can lead us to showing not just more kindness and goodwill toward ourselves but towards others as well.

Next week we will look further at developing and cultivating self acceptance.

### TRAVEL VACCINATION PART 1

Thinking of travelling abroad...? Have you thought about travel vaccines...? If so here is some information that may help you get organised.

As you are already aware some destination may require some of the following vaccinations.

**Typhoid Fever:** A serious infection caught from contaminated food or water. It is prevalent in areas where sanitation is poor.

- Typhoid Vaccine (injectable). This is a single injection that helps protect patients for 3 years

**Hepatitis A:** Like typhoid fever, this disease is spread by contaminated water or food, wherever there is poor sanitation.

- Hepatitis A is a single injection followed by a booster dose helps provide long term protection and lasts for 10 years.

**Hepatitis B:** Hepatitis B is a highly infectious virus spread through blood, semen and other body fluids. Contact even through tiny quantities of an infected person's body fluid can pass the virus on.

- Hepatitis B Vaccine: This is a standard Schedule consists of 3 vaccinations given over a six month period. The first dose at an elected date, the second dose a month later and another 5 months later after that. It is very important that all three doses are received.

**Cholera:** Cholera is a serious bacterial disease that occurs in regions of the world where sanitation and food and water hygiene are inadequate or lacking

**Diphtheria:** Diphtheria is a serious disease spread through droplets contained in coughs and sneezes. This is a significant risk in some parts of the world including Russia and the Ukraine.

**Tetanus:** This is a potentially fatal disease, is contracted when spores in the soil enter the body through cuts or scratches. Tetanus exists all over the world.

**Polio:** Polio can cause paralysis and in some cases can be fatal. Although polio has almost been wiped out in industrialised nations, it is still a risk in some developing countries.

- **Diphtheria, Tetanus and Polio** is combined of a total of five injections that help protect patients for a lifetime. However, a booster dose may be required for persons travelling abroad.

**Yellow fever:** A potentially fatal disease that is spread by infected mosquitoes. In some areas of the world, you have to carry an international certificate of vaccination as proof of vaccination to gain entry into certain countries (available at designated yellow fever vaccination centres and included in this booklet). This is valid for 1 year from 10 days after vaccination and immediately after Revaccination.

- Vaccinations for yellow fever consist of one injection every ten years. The international certificate is valid from ten days after primary vaccinations and for ten years thereafter. It is immediately valid for a further ten years if revaccination is performed before expiry of current certificate.
