"She trains at least 3 evening per week, and more coming up to big competitions and has Féis's most weekend. ## KILLARNEY AND DISTRICT MOTOR CLUB LAUNCH 40TH RALLY OF THE LAKES

Killarney and District Motor Club launched its 40th anniversary Cartell.ie Rally of the Lakes to a packed Gleneagle Hotel on Sunday evening.

The rally, set for May 3rd to 5th will feature many new innovations including the reversal of stages like Ardgroom and Cod's Head, running east to west for only the third time in the rally's history. Sunday's Sheen River, the full-length version of Gortnagne from Ballydaly to Headford and a new stage near Rathmore promises a challenging route for competitors.

This year marks the 10th anniversary of Cartell.ie's sponsorship making it one of the longest serving rally sponsorship agreements in Irish motorsport.

The Rally of the Lakes has set standards other rallies could only follow when it comes to the publishing and distribution of stage rally maps to help officials, competitors and spectators. This is due to the rally's support from Ordnance Survey Ireland which stretches back over 20 years.

While the rally is celebrating its 40th anniversary, The Gleneagle Hotel has acted as event headquarters for 39 of them and group MD Patrick O'Donoghue is already looking forward to next year.

"We will have another reason to celebrate next year," he said. "We have been here through thick and thin and through the good times and the bad times. We were happy to support the event in the tougher times to make it what it is today."

KDMC chairman, Diarmuid Cronin said: "40 years is a long time. It is great to see many of the people who were involved 40 years ago still here today. It takes a large number of people from our own club and our neighbouring clubs, 240 volunteer marshals are required but we cannot do it without them so a huge thanks to them."

The rally will get underway on Friday night with a rally festival in Killarney's Fair Hill Car Park where each competing crew will get interviewed by former RTE Sunday Game host Michael Lyster. A static display of rally cars of historical importance will also take place before a rally interview forum is scheduled for Scott's Hotel at 8pm where Lyster will engage leading competitors in a Q and A session on the eve of the rally.

"This year is our 40th year and it is important to put our best foot forward," said the clerk of the course Dermot Healy. "This year we are going to pull out all the stops." Entries have already toped the 130 mark, with a more expected after this weekend's Easter Stages. Frontrunners already entered include Sam Moffatt, a previous double winner of the rally, his brother Josh, both driving Ford Fiesta R5s, Robert Barrable who finished second last year returns in a Skoda R5 and rising Welsh star Meirion Evans in a Hyundai i20 R5 makes his first appearance. Craig Breen's entry is expected to be lodged this week.

Locals on the entry list include Noel O'Sullivan who is starting his 37th Rally of the Lakes and Charlie Hickey who faces Moll's Gap for the 34th time.

"The dream is to have the fully entry of 170 cars," added Dermot at Sunday's launch.

Rally legend Phil Collins, who first came to Killarney in 1981 and has rarely missed a year since returns in his famous Ford Escort.

# MURPHY, MULLINS & DE STAIC Celebrate 75 Years ON HIGH STREET

o celebrate the 75th year of a family business, renowned jeweller Brian de Staic will launch his Cill Aírne Collection at a celebration to mark the occasion. Margaret (Mairead) Mullins and Brian de Stack continue to follow in the footsteps of Margaret's parents Tom and Mary Mullins who established their business in the early 1940's on High Street. Tom Mullins and Mary Murphy bought 19, High Street in the early 1940s where they opened a shop. They married in 1946 and raised 4 Children June (Twomey), Thomas, Patrick & Margaret (Máiréad de Staic)

Tom Mullins was born in Kilgarvan in 1910. He came to Killarney when he was 16 to train as an apprentice tailor.

The High Street premises was bought to open a tailor's workshop. The premises had a bar licence. When someone offered to buy the licence for a considerable sum of money at the time, Mary Murphy decided to hold on to it. The couple ran a Bar and Grocery shop. The

tailor's Shop was on the third floor. "As children we all helped out in the business",

Margaret told the Killarney Outlook.

"Weighing up bags of sugar, stocking up the shelves, washing out the sweet jars and best of all picking out our favorite sweets from the assortment of loose chocolates sold by weight - we loved to help out" she added.

"At one stage Tom employed 6 tailors. The business was booming. He was a master tailor and did his masters in Cork City", Margaret said, and although tailoring wasn't his own career choice he was very successful at it.

He made all the vestments for Monsignor Hugh O'Flaherty - The Scarlet Pimpernel of The Vatican. Tom, Mary & The Monsignor were great friends. "My father told lots of great stories about him. He was very proud of The Monsignor's accomplishments", Margaret said. Tom happily gave up tailoring in the late fifties. The arrival of ready made suits saw a downturn in the tailoring market and he concentrated on running the thriving Grocery & bar business.

Mary Murphy was born in 1916 in Mangerton View Killarney and attended The Mercy Convent Primary School and The Loreto Convent Secondary School following which she took up a position in the Accounts Department of Macky Ó Shea's, MD O Shea now.

She was a talented actress and a shrewd business woman. As Tom was running the the bar & grocery, Mary took the opportunity to

open a Guesthouse & and Café upstairs. Business was booming in the 60s and early 70s in Killarney. Mary bought an Ice Cream fridge in the early sixties against everyone's advice.

It was a shrewd marketing decision and attracted new customers who purchased a lot more than ice cream. The building was renovated in the late 60's to incorporate more bedrooms and to open a restaurant Downstairs. The grocery shop was replaced by a lounge bar. Mary was one of the first in Killarney to introduce Pub Grub and also one of the first to buy a television 6 to 8 months before Mullaghanish made its first transmission in 1962.

People thronged the bar to see the first broadcast by Charles Mitchel. Tom and Mary bought 18 High Street, Killarney in the mid 60s. When they sold 19, High Street they moved next door and opened a guest house.

Always the business woman, Mary converted the sitting room into a retail outlet with a large pane glass window and a separate entrance.

30 years ago she convinced Brian & Margaret de Staic to open up a jewellery shop in High Street, Killarney and loved helping in the jewellery shop. The past 75 years has seen the business survive post-war depression Ireland, the economic recession of the 80s & the financial crisis in 2008.

"The business flourished during the booming 60s & 70s, the Celtic Tiger and Brian de Staic is still going strong today", Margaret said proudly. The first year in business in High Street, Tom's brother Johnny brought a trailer of turf from Kilgarvan. As Tom was unloading the turf another publican remarked to a passer by

" Mullins must intend staying for the winter !" Tom replied "Mullins intends staying for many many winters .... '

75 years later - 75 Years fé Bhláth

The family are planning to celebrate their 75th anniversary on Friday 26th April at 19 High Street - The Sportsman Bar - where it all began!

# Plan your strategy for the final weeks before the State Exams

Candidates preparing for June's State Exams have already done a fair amount of work. Many of them have worked diligently throughout the year. Others may have been less motivated on the road to June's exams. But the fact remains that every exam candidate has a foundation of work on which to build over the next few weeks. Efficient use of the remaining time will be sufficient to get you safely over the finish line. No matter how little work you have done to date, you can still achieve a worthwhile result in your exam if you put your best effort into the remaining weeks. Also appreciate that you know a great deal more than you give yourself credit for.

The immediate priority now is to clarify your goals and make a plan of action for the run into the exam. The time for procrastination has passed. It's essential to have clear goals and an action plan to help you to be successful. Your goals will have to be SMART – specific, measurable, achievable, realistic and timelined. Your focus must now be on your total readiness for next June's exams. Avail of all the help that is at your disposal during the next few weeks to ensure that you are in tip top shape for the challenge of the exams.

The subject teachers at school, who are the experts, will guide you through the last few weeks in revision, exam techniques and overall subject strategy. Attend school regularly during the final term and maintain a diligent work schedule to give yourself every chance of doing a good exam. Be clear in your own mind as to what exactly your goals are. Have confidence in your ability to achieve them.

Make a plan to accomplish your aim and, critically, execute your plan by doing the necessary work.

Carry out an honest review of your exam programme straight away. Make a decision about the level - higher, ordinary or foundation - of the paper you will answer in each subject. Set a target grade in each subject to help motivate you. It's vital at this late stage to be realistic. For example, if you feel you may not be able for a higher level paper in a particular subject, are you not far better off taking an ordinary level paper in that subject where you may achieve a decent grade? Consider what you would like to do after the Leaving Cert exam. A singular determination to achieve enough points to get a place in your course of interest is a great motivator. Perhaps, your primary motivator should be to do yourself justice in the exam and to achieve results that reward your ability and effort. Having clear and focussed goals will make your last term more productive and rewarding.

Regard the next few weeks and the actual exam as a challenge that you will meet headlong and with determination. Approach it with confidence and belief in yourself. Take total control of your life and channel your energy in a positive direction. Every time you have a doubt or a negative thought about yourself replace it with a positive one. You will feel better about yourself if you are in control of your situation. To assume that control set aside some time to make out a plan of action. Decide what topics you need to revise between now and the exam. Make out an overall time schedule, a weekly schedule and a daily schedule. Make out that plan of action over the next few days so that you will hit the ground running. In the next article, I will take a detailed look at how best to implement the action plan.

## County Library Hosts Starlight Exhibition

Kerry County Library in Tralee will host a major exhibition on the night sky by members of the Dublin-based Irish Astronomical Society from Friday, April 26th to Friday, May 10th. The "Images of Starlight" Exhibition is a stunning collection of sixty images of stars, planets, galaxies and other space objects photographed through telescopes in Ireland including a number taken from the Kerry International Dark Sky Reserve in South Kerry. It will be officially opened on Thursday evening, April 25th, by the Cathaoirleach of Kerry County Council, Cllr. Norma Foley.

The event, which premiered in the National Botanic Gardens in Dublin in November and attracted several thousand visitors, is on its first visit outside the capital. It will coincide and is linked to the Wild Mind Nature Festival in Fenit from April 25-28. The exhibition is supported by the Tourism Unit of Kerry County Council and will continue to Cahersiveen Library and the Kerry International Dark Reserve on May 15th and be on view there until mid-June.

Astronomy and astro-tourism has a growing public and tourist following in Ireland and abroad, according to County Tourism Officer, John Griffin. 'The designation of South West Kerry as a gold tier dark sky reserve has positioned Kerry at the forefront of this growing niche market. It also part of the wider activity, adventure, education and natural heritage tourism which is a key objective of Kerry County Council's Tourism Strategy. We are hoping that large numbers come to view this stunning exhibition and participate in the other Wild Mind Nature Festival programme of activities being organised in Fenit and Tralee Bay area next weekend.'

## **MAKE 2019 POSTER FREE**

Cllr. Brendan Cronin has called for a postr free election. In previous elections, I have always respected thecall for a poster free campaign within Killarney town as have other candidates. For this election I have decided to commit to a full poster free campaign in what remains of the Killarney Electoral area. This decision was made easy for me given a few factors.

Firstly, on a recent canvass in Kilcummin, I was devasted when I located what was merely a dumping ground in our countrysidewhich comprised of bags of rubbish, household waste along with a used treadmill. This is a total lack of respect for our environment and can only have a negative impact long term. This issue of illegal dumping must be tackled byKerry County Council through more severe fines and penalties.

Secondly, it is evident that all of us are more conscious of recycling and our environment, and this can be seen through the thousands of volunteers who gave up their free time last weekend to take part in the County clean up, in order to maintain a litter free neighbourhood & community. This shows real appetite by the public to

try reduce our ecological footprint on our countryside and ensuring it remains litter free. I am calling on candidates not to destroy every junction, crossroad & roadside with largescale Corriboard posters & cableties. We must respect our environment and as candidates going before the people, we must show that we take our environment seriously and will do our part toprotect it for future generations.

Niall "Botty" O'Callaghan has announced his intention to stand as an in dependent candidate for the Kerry County Council in the Killarney Municipal District on May 24th.

## Drainage works in Glenflesk

Cllr. Maura Healy-Rae has stated that Kerry County Council have promised that they will carry out the piping and drainage works adjacent to the Glenflesk football grounds in the week after Easter. "I am glad the works will be carried out as I allocated funds for this from my Councillor's allocation fund", she told the Killarney Outlook.

# Letter to the EDITOR

A Chara,

In July, 2017 the Deer Lodge facility opened in Killaney to cater for 40 residents in need of long term psychiatric care. Since the building opened a foul odour at times permeates the building to the great distress of the residents and the staff.

Deer Lodge is a state of the art building and is purpose built to facilitate the needs of the residents. Unfortunately the comfort of these people and the working condition of the dedicated staff is being compromised by the terrible malodour.

Repeated representations have been made by staff to management to have the situation

## CLLR CALLS FOR LEGISLATION

At the April 2019 monthly meeting of Kerry County Council, Councillor Michael Gleeson called, by way of Notice of Motion, on the Government to introduce, as a matter of great urgency, legislation indemnifying from prosecution land owners who facilitate access onto their lands by people visiting historic or archaeological sites.

Councillor Gleeson states that there are on private lands many hundreds of ancient sites that are of interest to visitors and to research students. At present many land owners quite rightly refuse to allow access because they are fearful of being sued for compensation in the event of a visitor receiving an injury. The present situation is most unsatisfactory for both the property owner and for the intending visitor. It is important that a national indemnity scheme would be introduced in order to overcome the present impasse. The Motion was unanimously agreed and will be

forwarded to Government for its consideration and hopefully for legislative provision.

rectified. Some attempts have been made to improve the situation including letting additional water flow through the system. To date there has not been a satisfactory solution and all in the building continue to endure the very upsetting presence of the odour.

It is most assuredly a terrible contradiction that this state of the art building for people with disability is causing them and their cares severe distress. It is long past time that the matter was seriously addressed by the authorities." Mo Bhuíochas leat. Michael Gleeson [Cllr]

I would like to thank my council colleague, Clir John Joe Culloty, whom I've served with for the last five years on Killarney Municipal District Council. He has been a great colleague, friend and a dedicated councillor and he will be a real loss to local politics.

## **T**POSITIVE VIBES POSITIVE LIFE

## You are here for a reason!

So often in life we may feel as if we're not really moving forward or going anywhere. We may desire to make changes but feel as if all of our efforts are not producing results. However, what is really important to know is that it is in the baby steps we take that prepares us for the big leaps in our lives. Have heart that all of those small every day changes you are making are really helping you get ready for what you desire. Don't lose hope or faith! Those breakthroughs that you want are often just around the next corner and all you have to do is to keep walking in the direction of what makes you feel better. Trust yourself. Trust your life! You are absolutely here for a reason and that reason is to become the fullest expression of who you truly are.

## When was your last Sight Test?

As well as an eye health check, a sight test may detect signs of underlying general health conditions, such as diabetes, high cholesterol, and high blood pressure. It is especially important in early identification of leading causes of preventable blindness such as glaucoma and diabetic retinopathy. Everyone should have a sight test every two years or more often if recommended.

#### Glaucoma

Glaucoma affects 1-2% of the population, and is a leading cause of sight loss. In the majority of cases, glaucoma is asymptomatic, so regular sight tests are important for detecting glaucoma. The majority of patients with glaucoma are diagnosed following referral from an optometrist. Without regular sight tests, the prevalence of late presentation, sight threatening glaucoma, would rise.

#### Diabetic retinopathy

People with diabetes are at a high risk of developing retinopathy and possible blindness if untreated. Attending regular sight tests

allows signs of developing retinopathy to be identified

#### Risk of falls

Uncorrected vision in older people also increases the risk of falls. Falls are the leading cause of disability and death from injury among people over 75 in the UK

#### **Risks for children**

Undetected conditions such as amblyopia (lazy eye) have been shown to affect reading ability and therefore may impact on future educational attainment.

Hyperopia, or long sightedness, has also been linked to poorer literacy in young children. Spotting vision problems through regular sight tests is critical to a child's future health and education.

#### Driving risks

Undiagnosed vision problems can increase the risk of accidents, particularly those that affect distance and side vision.

## To peel or not to peel...

Exfoliation is one of the most important part of your beauty routine and more often than not is either overdone resulting in dry sensitized skin or underdone leaving your skin flaky and uneven, so let's talk about what exfoliating actually does! The layer of our skin that is visible to the naked eye is actually made up of 5 individual layers and a bit like a production line, they each have an important function and work their way to the surface resulting in a protective layer of dead skin cells that keep out infection as well as giving us a layer of natural moisture creating the 'skin' that we apply all our lotions and potions to! As our skin cells renew themselves every 4-6 weeks (depending on your age and lifestyle ) it is important to slough off the dead keratinised cells which if left untreated prevent the new healthy cells coming on behind from giving our skin healthy, smooth appearance(not to mention the layers of fake tan and makeup residue that accumulates)

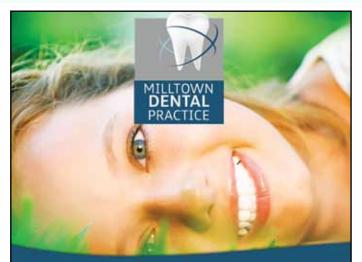

There are exfoliating products suitable for all skin type, even the most sensitive widely available, the most common being the traditional scrub which should be used weekly after cleansing by gently massaging a 20cent coin sized amount of product onto damp skin, focusing on pesky areas such as sides of your nose and chin where pores tend to get congested and don't forget to include your neck of course as it can often show , the earliest signs of ageing. There are a few things to consider when choosing a scrub, most importantly your skin type as drier skins often mean thinner more sensitized skins therefore it is important to use a product with a very fine grain to avoid damaging an already fragile skin. In essence, the larger the exfoliating particles, the rougher the exfoliation, which should only be used on skin that can tolerate it such as thicker oilier skins or indeed the body! It is also important to consider that by exfoliating too vigorously or too frequently, not alone will you break down dead skin cells but you will also diminish the natural oils , which we need and end up looking like a piece of dried fruit rather than achieving the bright fresh glow you were aiming for. In the case of sensitivity, exfoliating masks are a great option. A thin layer of product is applied to the skin containing ingredients that will gently breakdown the dead cells. Once these masks have been given a few minutes to dry, they should be frictioned off the skin gently which will bring away the dead skin without aggravating your face resulting in a flushed hot appearance.

As the beauty industry is fast paced it can often be hard to keep up! The buzz in the business at the moment is all about Chemical peels and while the words tend to bring the fear of God unto most peoples minds (who will ever forget Samantha's red raw face in Sex and the City) these treatments done responsibly by professionals yield amazina anti ageing benefits such as refined fine lines, impressive boosts in hydration levels and a seriously smooth textured face. They are also one of the most successful treatments available for irregular pigmentation but I must stress - vour skin prep at home ahead of a course of peels (your therapist will advise you on this ) and vigilant use of SPF after is vital. as by stripping your skin back so much will leave it very photosensitive. So why are they so effective? The use of AHA (Alpha hydroxyl acids) which are mild natural acids found in citrus fruits, milk and sugar have very strong exfoliating properties such as glycolic acid found in sugar cane and lactic acid derived from milk. A slow introduction to these ingredients is vital eg. Use sparingly a couple of times per week initially building up your tolerance to them resulting in using them more regularly over time or in preparation for a salon treatment. Professional Chemical Peel treatments are quite complex and I will delve further into the pros and cons in the coming weeks. I have included some reputable home care products for various skin types so, get exfoliating folks .

## FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

TIPS ON BUYING YOURSELF MORE TIME:

"If we could just bottle time we would be millionaires"! Anyone who knows me well has often heard this phrase pop out of my mouth. And it's true. What do we all want more of? Yes ... Time.... Time to Exercise,... Time to Eat Healthy..... Time to spend with loved ones ..... Time to Rest.... and the list goes on ....

Over the past few years 90% of my clients no.1 Barrier for Goal success is TIME and lack of it. Often my first job as their Personal Trainer is more of a time management coach as I need to help show them how to step out of the bush fire of a stressful life and see what's going on from an outsider in. This can seem difficult at first as their lives, are already jam packed with work and life demands and where the hell are they going to find time to fit more in!!! But a little bit of restructure and miracles can be made.

I believe we can all make more time if we just slow down and figure it out. Take a little time to sit down, find space to let your mind get creative again to help problem solve this puzzle.

I would start with a simple list of the daily or weekly tasks you need to do or are called upon to do. And I'm talking about even the little stuff like being asked by your friend to pick up milk in the shop. You may be shocked at the amount of "small" stuff that is robbing you of valuable time.

## Know Your Rights:

## QUESTION

I've just booked my summer holidays for this year and plan to travel around Europe with my partner and my 10-year old son. How do I make sure we have access to public healthcare while travelling?

### **ANSWER**

Each member of your family will need a European Health Insurance Card (EHIC). This card allows you to access public healthcare service in another EU or European Economic Area (EEA) state for free, or at a reduced cost. (The EHIC was formerly known as the E111 form).

All member states of the EU are covered by the card, along with Iceland, Liechtenstein, Norway and Switzerland.

The EHIC card is free of charge and you can make an application for yourself, your partner and any dependent children under the age of 16. You have two options to apply:

•If you already have a medical card or Drugs Payment Scheme card, you can apply online for your EHIC at ehic.ie. •Or, you can download an application form from ehic.ie or get one from your Local Health Office. You need to provide your name, address, date of birth and Personal Public Service Number (PPSN).

If your EHIC has expired you can renew it online at ehic. ie. You will need your old EHIC number and your Personal Public Service (PPS) number. If your details have changed (for example, your address) you will need to contact your Local Health Office to renew the card.

If you have concerns about getting a new or renewed card in time, you can get a Temporary Replacement Certificate, either online or from your Local Health Office. You may also wish to consider taking out private travel insurance for expenses not covered by the EHIC (such as the costs of repatriation or the expenses of relatives who travel to you if you fall ill abroad).

weekend. Unfortunately the weather once again was the undoing of the racing action, with the Schools Regatta on Saturday cancelled at an early stage and Sunday's Lough Rynn Regatta also cancelled. In the small number of Schools Regatta events that went ahead, our Womens Junior 15 Eight finished second in very challenging conditions. Well done to all! While it was an otherwise disappointing weekend from a rowing perspective, it was a great team building trip for all our younger rowers who enjoyed Plan B activities at both Lough Key and Ox Mountain Adventure Camps. Sincere thanks goes to those parents who travelled and supervised on the bus, those who drove and helped out with the overnight stays, those who towed the boat trailer and helped with boat loading and unloading in the rain and finally to those who provided home baking, brought food supplies and looked after all the essentials.

## **U12 COUNTY HURLING**

#### **LEAGUE DIVISION 2**

This week's fixture saw two South Kerry teams face each other when Dr. Crokes/St. Pat's hosted Firies in an exciting contest on Friday evening. While the weather played havoc with strong winds at times, both teams put in fine displays

of hurling. Adam Byrne was outstanding for Dr. Crokes/St. Pat's to the point where his passion for the game led to a yellow card! Rory O'Connor also displayed great skill and, for Firies, Sean Barry was on form, showing confidence and determination. This match was an exhibition in blocking and hooking with both sides putting in everything to until the final whistle. While Dr. Crokes/St. Pat's led at the interval, Firies second half performance saw them win on a final score of 3-03 to 2-03.

#### JUNIOR PREMIER

#### **CLUB CHAMPIONSHIP**

Firies played Ballymac in Farranfore in round 2 of the junior premier championship in a difficult evening for football. Firies got off to a great start and were 1-03 to 0-01 up after 16 minitues. Points came from Padriag O' Connor, William Courtney and Niall Donohue and a Goal from Mike Daly. Firies were playing very well upto this point with the forwards working hard to put pressure on the Ballymac forwards. In the second guarter, Ballymac started to take more control and playing with the advantage of a wind scored two soft goals and a point. Darragh Donohue scored a point for Firies in response. During this time, Firies also lost James O'Donoghue to Injury who was playing well around the middle for Firies. Half Time score Firies 1-04 Ballymac 2-02. Ballymac keep the momentum they gained in the second guarter going and scored 2 points within the first four minutes of the second half. Darragh Donohue had a great shot tipped over the bar by the Ballymac keper to leave the score 2-04 to 1-05 in favour of Ballymac after 40 minutes. Ballymac then went to score 4 unanswered point in the next 15 minutes before Firies scored a goal from Padriag De Brun and a point from Stephen Foley. But Ballymac kicked on again with a further 3 points to leave the final score Ballymac 2-11, Firies 2-06. Firies kicked a number of bad wides in the second half and these could have made a difference in the end. Next up for Firies is the round 3 game away to Skelligs Rangers on Satuarday at 18.30. This is a must win for Firies to maintain our Junior Premier status.

#### **DR CROKES CLUB NOTES**

Club Championship - Round 2 Played in Lewis Road on Saturday 13th of April DR CROKES 1-7 RATHMORE 1-9

In a game played in miserable conditions Rathmore played a type of game more suitable to the elements and deservedly won the game by two points. We did have enough chances to get something out of the game and some of our wides were as a result of poor shot selection. When our opponents went in front midway through the second half they played good possession football and turned us over as well on a number of occasions.

Even though our opponents had the advantage of the strong breeze in the first half and led 0-3 to 0-1 after ten minutes. We got in front before the end of the first quarter through a Tony Brosnan goal. Rathmore had a point in minutes later but we sent over four points without reply to go ahead 1-5 to 0-4 after 25 minutes. Our opponents outscored us 0-2 to 0-1 in the next five minutes to leave us 1-6 to 0-6 ahead as we went into injury time. In time added on Rathmore struck for a goal which proved to be

the defining moment of the game as it gave them equality 1-6 a piece as the teams left the field at half time.

As we were aided by the strong breeze in the second half one would have anticipated a Dr Crokes victory. This however was not what happened as our opponents scored three points to our one in the second thirty minutes, all four points from placed balls. Our opponents victory could be credited to great determination and on ability to hold on to possession in the last quarter when they went into the lead.

All our supporters know that these players owe us nothing. We will have to pick ourseleves up for next weeks vital game against Kerins O'Rahillys. We can put this game behind us as we look at our positives and negatives of last Sunday and be ready and confident going into this vital encounter.

Team and Scorers: Shane Murphy, David O'Leary, Mike Moloney, Fionn Fitzgerald, Michael Potts, David Naughton, Alan O'Sullivan, Johnny Buckley, Daithi Casey 0-3 (frees), Micheal Burns, Gavin O'Shea, Brian Looney (Capt), David Shaw, Kieran O'Leary 0-1, Tony Brosnan 1-3 (0-1 free) Subs: John Payne, Jordan Kiely, Billy Courtney.

#### **UNDER 16 GIRLS**

Crokes u16 girls entertained Dingle Annascaul last Wednesday evening. Both teams played with 14 players. After a heavy defeat last week, it looked like another beating was in store as we went 1 goal and 5 points behind before we registered our first score. A few positional changes and we were on a roll and ahead at half time. Dingle came back with a goal and a point without reply at the start of the 2nd half but we moved up a gear and put together some superb passes combined with excellent defending and totally dominated till the end and ran out easy winners at 8-9 to 2-6. A magnificent display of fine football and a deserved victory. Excellent work by the girls keep it going!

Our second u14 girls game of the season against St Pats Blennerville away. We travelled to Blennerville for a 10-a-side game, played under awful conditions of high winds and rain. Every girl gave it their all, with particular praise to Isabel Waters and Aoife O'Donoghue for their goals. And player of the match goes to captain Aoife O'Donoghue. The U14 girls were in the Fitzgerald Stadium on Sunday supporting the Kerry Ladies v Cavan and met some of the Kerry players after the game.

#### U-12 BOYS CO LEAGUE DIV 7 RD 2

Spa 5-14 to 2-07 Kerins O Rahillys

It was a dry spring evening with a cold stiff breeze blowing down from the Tiernaboul end of the field in the direction of the town centre. Rahilly's won the toss and opted to play with the wind in the first half and duly opened the scoring with a fine point from play aided by the breeze. Against the wind it took our lads a few minutes to adjust but it wasn't long before our boys got into a nice rhythm with some fabulous scores & link up play coming from Joey, Fionn, JJ, Luke, Alex, Cormac & Shane. Maurice joy in the half back line wasn't found wanting in the scoring action either with some lovely scores from play to finish the half 4-05 to 0-04 in favour of the home team. Tralee side responded strongly in the second half with two early goals, and only for some resolute defending by Adam, Jake & our captain Daragh Brosnan coupled with two fine saves by Caoilann Mitchell in goal the margins might have been tighter. The second half also saw the introduction of Jasiek & Thomas in the forward line with both quick to get in on the scoring action. At the same time Daithi O Donoghue was introduced into the half back line to assist in defence and these boys helped immensely in the team finishing the winners on the night.

The second half started was hot n heavy, with referee Mike Hennessy showing Damien O'Sullivan and minutes later Jack Savage the line. Legion got to grips at midfield having closed off Rahilly's short kick out which saw them edge ahead in what was a hotly contested second half. Legion just about came away with a valuable 2 points leaving group two wide open going into round 3.

Minor Div 1 Semi Final

Killarney Legion 4-8

An Gaeil 2-13

This was definitely a game of two halves, Legion never got going to Na Gaeils credit in the opening half. William Shine opened Legions scoring with a goal with 2 minutes on the clock and Peter O'Sullivan who put in a great display for the Legion hitting the back of net in the 12th minute Legion just kept within touching distance going in at the half time whistle trailing 2-2 to 1-8. The second half was guick paced trading points but it wasn't until the final guarter Legion kicked into gear and the game got going. Some fine mid fielding from Brian Owkute who fed some good ball into our forwards resulting in two goals which brought Legion back into touching distance for the first time. Legion kept the pressure on and drew level with only minutes remaining on the clock, a Ryan Grady kick from play saw Legion take a one point lead in injury time which was the difference in the end to save Legion from losing out for a Final place. Legion deserve great credit for the strength and heart within the team to close a 9 point gap. Well done to a great bunch of players and Management, Good luck for the final. Legion U-16 Girls Killarney Legion 1-5

Na Gaeil 3-7

Legion u16 girls continued their division 2 County league campaign by welcoming Na Gaeil to Dirreen on Thursday evening. Playing with the benefit of a good breeze in the first half Legion dominated for periods and went in at half time ahead by 2-4 to 1-2. However, it was expected that a talented Na Gaeil team would come back strongly in the second half. A good start was important for Legion and they duly obliged scoring 1-2 without reply while keeping Na Gaeil at bay at the other end. As the game wore on, Na Gaeil came more and more into it and reduced the gap. However, Legion steadied and through some Trojan work all around the pitch finished the stronger and won through on a score of 3-7 to 1-5. Well done again girls who are working very hard for each other and representing the club very well, developing all the time.

Match Report U-12 Girls

Killarney Legion 1-4

Southern Gaels 4-6

Our u12 girls completed their preliminary round matches with a home game this evening at direen. We came up against a physically stronger Southern Gaels side who capitalized on having the benefit of a strong wind in the first half. The visitors went in at half time with a commanding lead having raised a green flag on 4 occasions.

With the benefit of the wind on our backs in the second half our girls showed great fighting spirit throughout. However scores proved difficult to come by. Credit to the South kerry girls, they kicked a few great scores against the wind to run out worthy winners on a scoreline of 4-6 to 1-4. U-12 Boys v Dingle

One of our U12 boys teams made the long trip out west to take on Dingle in the second round of the County League this evening. In atrocious weather conditions, both teams served up a sporting contest. Battling wind and rain, our lads gave a great account of themselves and represented the club with distinction. Thanks to our hosts in Dingle GAA Club

We would like to thank everyone who turned out last weekend to help with the Annual church gate collection.

Wouldn't a win or share be a nice gift from the Easter Bunny?!To be in with a chance, you must have a ticket in the draw. Tickets available from all local business outlets in Milltown, Castlemaine and Ballyfinnane.

# Killarney defeated by Castleisland in the final

Killarneys lack of panel depth finally caught up with them on Sat 13th in this final played in Tralee against local rivals Castleisland. Down 7 regular players for various reasons they started this final on a 13 v13 basis knowing that any further injuries would result in a concession. The return of winter on the day with a storm force wind, driving rain and biting cold made conditions almost impossible for both teams. With so many positional changes Killarney started hesitantly and with passes either hitting the deck or blowing forward they gave the pumped up Island Boys a platform to attack. After several forward movements Jordan O Sullivan burrowed over to establish an early 5 point lead. Gradually Killarney got forward momentum however the usual continuity and crispness was lacking. After a period of wind assisted dominance the ball was moved through the backline and ever sharp Tomas Clifford raced in on the left to score. Donnchadh Grealy nailed a difficult conversion to give Killarney the lead. The half continued with Castleisland forward surges and long relieving Killarney kick clearances and decent chase follow ups however the scoreboard remained untroubled.

Playing into the wind in the second half Killarney settled into a more controlled rhythm. In the adverse conditions the line out functioned remarkably with Brendy O Donoghue finding John McCarthy continously. The back field trio of Tomas Clifford, Mikey Moriarty, and Jack Kenneally, superbly ran back

any kicked ball and threatened the defence on several occasions., Donnchadh Grealy, Padraig Talbot, and Ozdenis Koyun carried controlled ball away from the physical Island pack. With 15 minutes remaining Castleisland got close electing to go blindside from a 5 metre scrum hovever the defensive line held up. With time ticking on it seemed like Killarney might hold on. Play was remaining between the 10 yard lines and Killarney were containing attacks and cooly controlling their own ball. Spirits were lifted further with one huge lineout drive from the combined Killarney forwards unit of Rob Nealon, Mike O Donoghue, Brendy O Donoghue, Shane McAllister, Darren Cronin,

James Kenneally, and John McCarthy that surged upfield. However the games intensity began to take its toll. Castleisland introduced fresh legs and after one attacking phase of play 3 Killarney players needed attention. With 8 minutes remaining the Killarney coaching team decided to take off one of their players for precautionary reasons and even though ahead on the scoreboard the reduction to 12 meant the game was conceeded. The lads were devestated and exhausted after their superb effort yet their comraderie was evident in their post match unity. Congratulations to a hungry, committed Castleisland team who brought home the cup.

This game brought down the curtain on what has been a hugely successful, breakthrough year for the club. The statistics are impressive. 19 games played, 16 victories, 2 defeats, one concession. The team scored 375 points and conceeded 115 in response. The team were South West Conference winners and for the first time Munster Development Cup winners. The journey was always exciting and compelling with victories against teams like Nenagh Ormond, Cashel Kilfeacle, Clonmel, Carraig on Suir and Cork Con.

The coaching team of Seamus Grealy, John OConnell, Eoin Seery, Leo Randles, Bill Stack, Con Crowley and Fiona Reidy would like to congratulate the lads and thank them for their commitment and amazing performances. A word of appreciation as well for our super parents, family members and fans whose huge support was a feature of the year. A special word of thanks to our resident photographers Mary McCarthy and Ian Cronin whose work thankfully recorded all for posterity.

Ensure to tick off Sat May 11th in your calender and attend the Clubs celebratory open family day when medals will be awarded and memories traded. GAA SPOTLIGHT 🎆

# Co Intermediate Football Championship Group 4 GLENFLESK CLAIM ONE POINT VICTORY

Glenflesk 1 - 08 John Mitchells 0 - 10

Brian O'Donoghue Glenflesk and Michael Wrenn, John Mitchels. PHOTO: SEAMUS HEALY

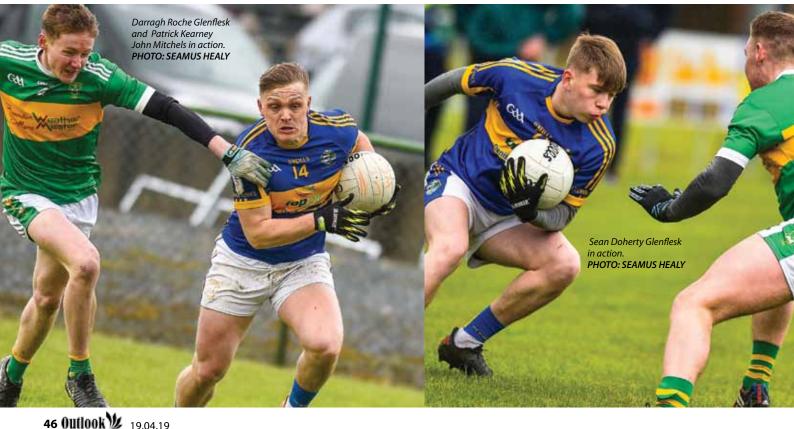

Glenflesks journey to redemption in the Intermediate Championship continues after a nail-biting win over John Mitchells on Sunday afternoon in blustery conditions. Glenflesk were playing against the breeze in the first half and this showed in their kick outs as the ball barely reached their own forty five meter line before boomeranging back towards their goal. John Mitchells were winning the breaks from these kick outs but could not take full advantage of this as they combined shots that went wide and into the goalies hands to leave chances to build a lead behind. Even with limited possession Glenflesk were able to strike for an early goal after good passing from midfield created a chance that was fired to the back of the net. This goal would prove crucial come the end. Glenflesk held the lead by one two to a point at this juncture

John Mitchells began to hit their stride at this stage and scored four of the next five points. They also missed a good goal chance to take a lead to the break as Glenflesk could only muster one point from a free during this period. At half time Glenflesk would lead by the minimum, one three to five points. They would have the elements with them in the second half.

Glenflesks defence came to the fore early in the second half as a great block denied a certain goal. They took advantage of this superb defending to go down the field and kick an outrageous long range point. Glenflesks subs brought them huge energy and incision. It was touch and go at this stage as the teams were locked together.

It was then that things turned fractious. For the second week in a row Glenflesk were forced to try and engineer a win with two men down as they had two sendings off within minutes of each other!! Roared on by the passionate home support the Glenflesk defense expertly repelled the John Mitchell sieges as the game dwindled down to its closing stages with the sides still drawing. For all their bravery a draw would be no good to Glenflesk as John Mitchells had the advantage on scoring average. They needed to find the winning score to progress. Just when it looked like it would not come, Great passing opened up the opportunity and the ball was dispatched between the posts to give Glenflesk a lead they would not relinquish.

So Glenflesk qualify for another Semi Final in this extremely competitive competition. For John Mitchells it is heartbreak as they will rue missed first half opportunities and the inability to take advantage of having two extra men. This was Glenflesks day though as they secured victory after a tense, hour long battle.

# Scoil Phobail Sliabh Luachra CLAIM THE TITLE IN ONE SIDED AFFAIR

The Liam O'Higin Munster Colleges B Cup Final played in Listry Football Pitch between Scoil Phobail Sliabh Luachra and Colaiste Na Sceilige on 12 /4/19 turned out to be a one sided affair with the Rathmore side winning on a score of 3g 9pts to 7pts.

The first half saw both sides being very evenly matched with scores at a premium as both sides missed lots of chances, however a goal by the busy forward Paudie O'Leary separated the sides at half time. The half time score was 1g 4pts to Rathmore and 4pts to Colaiste na Sceilige. the game was finely balanced at this stage and one felt it could have gone either way.

Rathmore introduced Kevin Bowler at half time and he made an immediate contribution, as he covered every blade of grass in the field and scored a great goal to give the Rathmore side a commanding lead. Scoil Phobail Sliabh Luachra dominated the second half and when James Darmody scored the third goal one felt they had enough done to win the game. Scoil Phobail Sliabh best players on the day were William casey in goal who dealt with lots of high balls which were driven to the square by the Caherciveen team, Dennis Mahoney, Alex Mihailovs and Damien Cronin in the back line who repelled any dangers of the Colaiste Na

Sceilige team and James Darmody who won lots of ball at mid field.

Overall the Rathmore played lovely football mixing hand passing and the kick ball when needed which made the game a joy to watch. This win was some consolation for the Rathmore team who had lost the All Ireland B final by a point the previous Saturday, many of this team were substitutes on that team. The team was trained by David mc Carthy and the selectors were Donal Cremin, Jamie O'Sullivan and Ian O'Connor.

#### **EAGUE OF IRELAND:**

The Kerry 13's and 15's took on Galway in a double header in Mounthawk Park in games that were played in the height of the strong wind.

The 13's rebounded from back to back defeats with a well-earned 2-2 draw. Playing against the wind they conceded in the 8th minute but held out from then until the break.

They took over in the second half and Jack Slattery equalised with a 25 yards cracker and then took the lead through Oisin Healy. They looked to have done enough but credit to Galway who kept going and snatched a draw one minute into injury time. The 15's run of three wins in a row came to an end as they went down 2-0 to Galway. They were also against the win in the first half and went behind directly from a corner. Galway did well in the second half and wrapped up the win from the penalty spot.

Both teams will take a break for Easter and come back with the double header away trip to Galway.

## **DAY TO REMEMBER FOR KERRY 12'S**

Kerry are the SFAI Subway Munster Plate champions after a hard fought but deserved win on penalties over a gallant South Tipperary side at Mounthawk Park. Both sides put in a great effort in the game especially by Kerry's defence as they snuffed out the potent South Tipp offence.

The sides could not be separated in normal or extra time and so for the second time in three games Kerry had to do it from the penalty spot. Caolan Mitchell gave Kerry the perfect start saving the opponents first spot kick. From there Shayne Stack, Oran Horgan, Adam O'Neill and Luke Doolin showed great composure to hit the back of the South Tipp net to give Kerry the win.

As well as being Munster Plate champions they will now be away to the Connacht winners on the weekend of May 4th in the All Ireland semi-final. Both Leagues had two squads on duty on the day and in the Development Game Kerry won 4-0 thanks to goals from Oisin Fleming 2, Tom Quilter and Brian O'Shea.

## MEK UNITED U12 SHIELD: KILLARNEY CELTIC B 1 - 3 MEK UNITED B -

Match report : Jerry Hayes

In a match played in very windy conditions in Celtic the under11's playing in the under12 shield came out on top, the game started very even with both sides cancelling each other out, but as the half worn MEK dominance began to tell and chances were being created, the break through came after 17 mins with Kevin Coffey firing home after some great work in the middle of the field by Liam O Brien, the wait for the 2nd goal was short with Feargal Murphy making a great run down the right wing and forcing a Celtic defender into turning the ball into his own net, at this stage the MEK team was creating numerous chances and a short corner lead to a beautiful cross being deflected to the net by Celtic defender. HT 3-0 to MEK United. The 2nd half was played into a strong wind with Celtic trying to make the wind at their backs count, but it didn't stop MEK from creating a lot of very good chances from Which Killarney Celtic can be very grateful to their goalkeeper who made a number of outstanding one on one saves, Celtic made a breakthrough with 12mins remaining but with some good controlled defence the result was never in doubt and the game finished 3-1 in MEK Utds favour, Kevin Coffey was Man of Match with Liam O Brien, Fionn Kennedy and Jayden Fennell also in contention.

Really bad conditions, having lost the toss we had to play against the wind, we couldn't kick the ball 5 yards. They got a couple of lucky goals but the wind meant we couldn't get past the half way line. Game of two half's as we pounded them in the second half. Pulled one back from Eanna Murphy, who was outstanding on the day. We came close time after time but their keeper was in superb form. Tough day with bad conditions, but the boys all worked very hard.

# MONDAY IS EARTH DAY

Each year, Earth Day-April 22nd-marks the anniversary of the birth of the modern environmental movement in 1970.

Nature's gifts to our planet are the millions of species that we know and love, and many more that remain to be discovered. Unfortunately, human beings have irrevocably upset the balance of nature and, as a result, the world is facing the greatest rate of extinction since we lost the dinosaurs more than 60 million years ago. But unlike the fate of the dinosaurs, the rapid extinction of species in our world today is the result of human activity: climate change, deforestation, habitat loss, trafficking and poaching, unsustainable agriculture, pollution and pesticides to name a few. The impacts are far reaching.

All living things have an intrinsic value, and each plays a unique role in the complex web of life. We must work together to protect endangered and threatened species.

# WELL DONE TO THESE CANCER DUBLIN HAS A VERY SURVIVORS AND THE IRISH CANCER SOCIETY

The Irish Cancer Society has added foxhunting to a list of organisations it will not accept donations from

The decision comes after members of the public expressed concern at a Kerry-Limerick hunt festival that has raised money for the society for the past 14 years.

The Irish Cancer Society told the organisers of Abbeyfeale Harriers Hunt festival, which runs for a week each year, that it would not be accepting a donation from them this year.

The move came after cancer survivors and supporters had contacted the society to complain about the hunt raising money for the charity.

In a statement, the society said that as a result of recent public concerns, fox hunting activities have been incorporated into their guidelines as an area from which the society will not accept donations.

# **HANDY HINTS**

\*Quickly sooth and heal paper cuts by applying a little lip balm to the cut.

\*Use a lighter or hairdryer to heat up a dented ping pong ball. The heat will cause air in the ball to expand, popping it back into place.

\*If you want to listen to music but your phone's speaker is too weak, place it in a bowl for an instant volume boost.

\*Headache wonder cure – cut a lemon into quarters, sprinkle with salt and pepper and roast in the oven on high for a minute and eat the flesh - however if the headache continues or is vey severe, visit your Doctor.

\*If you are feeling sleepy, hold your breath for as long as you can and slowly exhale. This will speed up your heart rate and wake you up - but if you are driving just stop and take a rest.

\* Got something in your eye? Dip your face in a bowl of warm water and open your eyes.

\*Like playing on your Smartphone? Switch it to 'aeroplane mode' to prevent Ads from popping up.

\*While running, exhale when your left foot hits the ground. This will prevent muscle cramps.

\*Charge your phone in half the time by switching it to 'aeroplane mode'.

\*Stop an oncoming sneeze by pushing your tongue to the roof of your mouth.

# HUNGRY TREE

Most trees feast upon a steady diet of carbon dioxide, water, and sunshine, which they absorb through their roots and leaves. Some, though, like to absorb other things as well.

At the corner of the King's Inns property on Constitution Hill the training ground of centuries of Irish lawyers and barristers, stands a vast London Plane tree that is estimated to be over eighty years old and is listed as one of Ireland's Heritage Trees by the Tree Council of Ireland.

The tree which is immediately inside the impressive wrought-iron gates, has grown in a way that makes it appear it is gobbling up a cast iron park bench which is now firmly lodged within the tree's bulk as it's been slowly but surely swallowing it up over time.

The Kings Inns is Ireland's oldest school of law, established in 1541 during the reign of King Henry VIII; the grounds are open and accessible to the public and lead on to Henrietta Street.

# SCIENTISTS HAVE DEVELOPED **NEW THREADS THAT CHANGE** COLOUR WHEN HARMFUL GASES ARE IN THE AIR

Engineers from Tufts University in Massachusetts have developed a novel fabrication method to create dyed threads that change colour when they detect a variety of harmful gases. Woven into clothing, smart, gas-detecting threads could provide an affordable safety asset in medical, workplace, military, and rescue environments.

The researchers demonstrated that the threads can be read visually, or even more precisely by use of a smartphone camera, to detect changes of colour due to analytes as low as 50 parts per million.

Such an approach could make the technology accessible to a general workforce, or to lowresource communities that can benefit from the information the textiles provide as repeated washing or use underwater does not dilute the dye, the threads can be relied upon for consistent quantifiable detection many times over.

Welcome back dear reader what does the world need in the midst of chaos? What is needed is stability, wisdom, leadership and the Truth. What we are being fed though, is instability and hopelessness by weak minded leadership that is being swayed hither and thither by daily-changing trends that are influenced and controlled by corrupt corporations, institutions and individuals that hate the truth. Climate change and global warming agendas are trends of the moment. People are fearful that the earth's resources will run, out putting future generations in peril. At least that's what we are being told. However this is not the truth. This earth is decaying yes - but, it is as a result of sin and corruption, and the complete lack of the knowledge of God that is contaminating it. Of course we are to look after our world, but God created it for us to enjoy and live from its' produce. But we are not to make a god out of it! We are to worship our Creator not creation (Romans 1:25). This earth will pass away as prophesised in Scripture to make way for the new heaven and new earth. The Lord Jesus, the Son of God Who died on the Cross for your sins and mine, and rose from the dead to defeat death and redeem us from the penalty of sin, is returning back to this earth (1st Corinthians 15:3-28). He is coming soon, whether the intellectuals and environmentalists like it or not to judge mankind. And only those whose names are written in the Book of Life will be saved from destruction. (Read Revelation 20:11-15; Revelation 21:1-8) "The nations are in chaos and their kingdoms crumble, God's voice thunders and the earth melts" (Psalm 46:6-7). The chaos we are experiencing is a sign of Jesus' return, heralded by the earth, mountains and oceans all being shaken. In fact God promises to 'shake all of creation so that all that remains will be the unshakeable things' (Hebrews 12:26-29; Haggai 2:6-9) This shaking will bring the people and nations who have rejected God to their knees, but, for those who obey Him the Light of Jesus Christ will arise over them. You can laugh, but this is true - and God's Word will come to pass. Call upon Jesus today friend to reveal His truth to you, and be saved before it's too late. See more on wordofvictory.net

Emotional intelligence can be a key to success in life and the ability to developing good relationships. Therefore El is a very important skills for parents to teach their children. When parents have it themselves, their child will automatically learn El. Parents with El will naturally attune to their child and understand what their child is feeling. This in turn helps the child to learn how to read and respond to his own feelings and those of others in a healthy way.

However parents who struggle with El themselves may lack the necessary skills to teach their child. This can set up a cycle of low El within a family across the generations. When we ignore a child's feelings, don't notice when they are upset or anxious or tell them that their feelings are irrelevant, we are teaching them to ignore their own feelings. The child therefore grows up to believe that feelings are irrelevant. As adults they can struggle with emotions and in their relationships.

The following are ways in which parents can enhance their Child's Emotional Intelligence.

 Know your child's true nature: Pay attention to see what your child likes, dislikes, gets angry about, is afraid or struggles with. Communicate these observations to your child in a non-judgemental way. This helps your child to begin to see themselves through your eyes – and they can feel how well you know them. Your child will see themselves reflected in your eyes, thus helping them to know who they are. This can boost their confidence and make them resilient to life's challenges.

 Connect emotionally to your Child: Make an effort to empathise with your child and feel what they are feeling. Your child will feel an instant bond with you when your feel their emotion. This in turn helps your child to learn how to be empathic with others and to form healthy relationships. When your child sees you trying to understand their feelings or feel their feelings, they receive a powerful message.

 Respond non judgementally. When you child is emotional do not judge their feelings as right or wrong – instead look beyond the feelings to the source of this emotion. Help them to name and manage the emotion rather than judging it. This will help your child to develop a healthy relationship with their own emotions. It also teaches them to regulate and manage their emotions.
