FANCY A PINT? - KILLARNEY BEERFEST SET TO ATTRACT IRELAND'S TOP CRAFT BREWERS

Ireland's top craft brewers are set to descend on Killarney for the annual celebration of barley and hops at Killarney Beerfest from May 26th to 28th.

Ballyvourney's 9 White Deer Brewery along with twenty other craft beer producers from all over Ireland will bring over 100 craft beverages the town.

Elite craft brewers will descend on Killarney bringing with them kegs of tasty delights to quench the collective thirst of festival fans who can enjoy beer tasting master classes, a gala awards ceremony, competitions, tasty bites at the food village and live entertainment.

Once again, the league of extraordinary beer drinkers, in the guise of Beoir Ireland, will host their awards programme at the festival and various breweries will be putting their best new craft-mixtures up for consideration to see who rules the roost in 2017. The awards are open to all Irish Breweries North and South and the panel of judges is led by Reuben Gray of Beoir along with CAMRA and EBCU members. There are eight categories in total with top kudos going to the Beoir Champion Beer of Ireland.

Last year's winners, Kinnegar

Brewing, will be hoping to have a repeat of the success they had with Flying Saucer, while last year's Trouble Brewery and White Hag Brewery will be hoping to gain a lead by working on the successes of their respective concoctions, Stakeout and Púca.

This year, the overall winning beer will get the opportunity to brew an exclusive craft beer for Carry Out Licence. Festival sponsor Carry Out Off Licence are offering this unique opportunity to brew a craft beer complete with a full promotional campaign with Ireland's leading chain of off licences.

Or for those that just want to sit back and sip their stout then this music line up will keep you thirsty. Irish Folk Band Rackhouse Pilfer, trad heroes Beoga, fresh from collaborating with Ed Sheeran on his latest album Divide, as well as The Whileaways headline Killarney Beerfest alongside The Small Hours, The Tom Cats, The Rising, and DJ's to keep you supping all night!

As well as all of this, there will be a fantastic variety of workshops. You'll have the perfect excuse to dispose of your perilously breakable wine glasses after learning about beer and food

pairings with Caroline Hennessy, the award winning Irish food writer and broadcaster. 'Say Cheese' and combine some of the finest craft ciders with cheese at the insightful and exciting cheese and cider pairing hosted by Jacqueline Stedman of Liquid Curiosity. Dean McGuinness of Newstalk's Movies & Booze will present Beer Flavour in the Brain – an understanding of how our brains process the flavour of craft beer. Take it from us, it promises to be enlightening! And Christina Wade President of Ladies Craft Beer Society highlights the role of women within the industry. The

guys who put the hip into hops, the National Homebrew Club, will also be rocking about leading Brewing Demos workshops which will help you learn more about your own brew bubbling away in the corner at home.

Here is your golden opportunity to treat yourself to a selection of great tipples. It will be a packed weekend, so you should feel positively ebullient if you're a craft beer aficionado! From the experienced beer sommelier to the novice pint drinker Killarney Beerfest suitable for people of all levels of knowledge and interest.

KILLARNEY IS HIGHLY COMMENDED AT THIS YEAR'S IARNRÓD ÉIREANN BEST STATION AWARDS

PICTURED RECEIVING THEIR AWARD WERE (L-R) MAURICE MOYNIHAN, CATHERINE CAHILL AND MARTIN CAREY WITH IARNRÓD ÉIREANN CHIEF EXECUTIVE DAVID FRANKS.

Killarney has been highly commended in the Munster category at this year's Iarnród Éireann Best Station Awards. Catherine Cahill, Martin Carey and Maurice Moynihan was in Inchicore to pick up the certificate. Killarney was narrowly beaten to the top spot in Munster, by Templemore.

David Franks, Chief Executive of Iarnród Éireann said: "The Best Station Awards reward excellence in customer service at our railway stations. What is so special about these awards is that it is the customers that decide and I am delighted that so many of them voted.

Voting was conducted through an

online poll and voting at stations, with almost 15,000 people voting as part of the competition. Customers were asked to rate their station under the following criteria; Customer Information, Station Appearance and Staff Helpfulness with Killarney scoring highly in all categories. The votes were cast during January of this year.

The Iarnród Éireann Best Station Awards reward excellence in customer facilities, cleanliness, innovation and customer service in the country's 144 railway stations.

The Overall Best Station Award winner this year was Dublin's Pearse Station.

PICTURED ABOVE: SETTING THE PACE...COMPETING IN THE LAKEs OF KILLARNEY MARATHON AND HALF MARATHON, SET AGAINST THE BACKDROP OF SPECTACULAR KILLARNEY NATIONAL PARK. OVER 400 RUNNERS COMPETED IN THE EVENT. ORGANISED BY ALAN RYAN, HARDMAN EVENTS, BASED IN KILLARNEY.

Report and Pictures by Valerie O'Sullivan

Killarney National Park was the perfect backdrop for this year's Lakes of Killarney Marathon and Half Marathon, running along the spectacular Lough Lein, Ross Castle, ancient cooper mines, and this year's crop of wild garlic and bluebells. Over 400 Athletes competed in the event. Organised by Alan Ryan, Hardman Events, based in Killarney. The usual mixed weather of rain and a hint of sunshine added to the atmosphere, enough to cool the harden athletes down.

It was Tom Shanahan who raced to the finish Line in a time of 02:53:23, full Marathon and Michael Morgan who came first in the Half Marathon in an outstanding time of 01:15:42. The biggest cheer of the day went to a Phenomenal Cork Athlete, Gerry Forde, wheelchair athlete, who has completed over 300 marathons, more marathons than any other wheelchair athlete in Ireland or the UK. The First lady home was Marathon stale-worth, Dolores Duffy in an amazing time of 03:17:12,

knocking almost 10 minutes off her record.

Event Organiser Alan Ryan, said "I'm absolutely delighted with this year's event. Killarney National Park always looks fantastic, even the rain added to the occasion. We are truly grateful for the kind support of National Park and Wildlife Services and the NPWS local Park Rangers for their assistance. Also to the many volunteers, stewards, pacers, and of course the 400 athletes who encouraged each other along every mile of the looped course".

This year, music and film will form part of the week thanks to events organised by the Fenit Development Association. KILLARNEY NATIONAL DEDICATED TO FINBARR SLATTERY

DURING and after his term as the highly-regarded secretary at Killarney racecourse, Finbarr Slattery had always maintained that the staging of a Killarney National would be a very significant event and a big attraction at his local track.

His dream came true when the inaugural event was staged a few short years ago and on last Monday night, just two months after his passing, the feature 2017 €40,000 Killarney National was held in his honour.

In a poignant gesture by the Killarney Race Company, under the chairmanship of Gerard Coughlan, the white flag was raised at 7.40pm for the Finbarr Slattery Memorial Killarney National Steeplechase, making it an emotional

experience for those that knew and admired the former Race Company secretary from Countess Road, Killarney.

"It was always Finbarr's wish to have a Killarney National and we are delighted to be in a position to remember him with a race dedicated to his memory," said Mr Coughlan.

"A real gentleman and an incredibly intelligent man, Finbarr packed so much into his busy life but he always had a very special place in his heart for Killarney Races," he added.

Members of the Slattery family were there to witness the occasion and, fittingly, it was a class horse that won the race when the JP McManus owned Auvergnat, piloted by Mark Walsh, romped to victory ahead of Kansas City Chief

and Georges Conn.

The late Finbarr was secretary of Killarney Race Company from 1977 to 1991 and it was under his watch that Lester Piggot and Princess Haya of Jordan raced in Killarney. He was also responsible for the memorable Dublin Millennium Day at Killarney Races in 1988 as well as a special tribute day in honour of legendary broadcaster Micheál Ó Hehir.

Another poignant event at the racecourse on Monday evening was the dedication of the first race to the late Killarney mun-of-two Sheila MacGillcuddy-Kelliher – popularly known as Sheila Mac – who passed away in January 2016. That race, with a value of €11,000, was won by Carrigmoorna Matt.

MINISTER OPENS NEW STABLE BLOCK IN KILLARNEY

A new, state-of-the-art stable yard, part of a major development costing close on €500,000, was officially unveiled at Killarney Racecourse on Sunday by the Minister for Agriculture, Food and the Marine, Michael Creed.

The 54-unit American barn style facility brings the total number of stables at the track to 145 and, the minister noted, the quality of the development will play a major part in attracting more top trainers and horses to the scenic course.

"Killarney is the most beautiful racecourse in the entire country. There is no place quite like it and now it is one of the most modern in terms of facilities," Minister Creed said on the opening day of the three-day May meeting.

He said the equine industry was a global force and Ireland was on top of its game due to the vision and hard work of those involved, including Horse Racing Ireland and dedicated people like those involved in the Killarney Race Company.

Killarney Race Company Chairman, Gerard Coughlan, said the new stable block and the renovated existing stables was an indication of the many big improvements to come at the track.

He said his main aim as chairman will be to work more closely with the local business community and to develop stronger ties between the town and the racecourse.

"The races have a great deal to contribute to Killarney with the three annual festivals bringing 80 races over a total of 11 days. The conservative estimate is that the races are

worth in the region of €6.2 million to Killarney with an additional €1.42 million in prizemoney," he said.

Mr Coughlan said the reputation of Killarney as a top class racing venue is growing at a great pace and that was very much in evidence last Monday evening when 2017 Cheltenham winner Rock The World – trained by Jessica Harington and now owned by JP McManus – competed on day two of the meeting and didn't actually win.

The chairman also revealed that Killarney will seek to add to its 11 days of racing annually, whether by adding days to the three festivals or opting for a new stand-alone festival.

KERRY CANCER SUPPORT GROUP BENEFIT FROM RAG MEETING

Paul Kennedy, a member of the Listry Greyhounds Supporters group tells the Killarney Outlook about a charity close to his heart.

On Sunday the 9th of April 2017, the men, women and children from the Listry Greyhound Supporters ran their annual Greyhound Rag Meeting, in aid of Kerry Cancer Support Group, on the farm of Kieran Kennedy in Lahard. The event was very well supported by the greyhound community not only in Kerry but we had owners and trainers from as far away as Galway and Kilkenny, making the long journey to the foothills of the Macgillycuddy reeks. You would have to ask yourself what makes a person sit into their car and brave a journey of 3 or 4 hours for such an event. The answer to this can quickly be understood by having a 5 minute conversation with any of the doggie men and women who attend the event year after year in their droves. "The day runs like clockwork", "The gallop is always in tremendous shape and very safe for our greyhounds", "The hospitality at Listry is second to none", "The committee are a credit to the parish, it's always a great day out, we wouldn't miss it", these are just a sprinkling of the glowing comments received from far a wide for an event that is in its 31st year since its inception way back in 1986.

While being a great fundraiser for Listry GAA Club over the past 30 years, in most recent years, it has become direct fundraiser for a very worthy charity, Kerry Cancer Support Group. Over the past 5 years we are delighted to have donated in the region of €9,000 to a charity very close to the hearts of our community. Having spent the past five years trying to come to terms with the loss of a family member to this disease, we felt it is important to stress how absolutely vital this service is to our community. The most important part of this charity for us is in its title, "Support". Until you are directly faced with it and the harrowing upheaval to life as you know it, it may not be apparent what this great charity provides in terms of a service and support structures.

Imagine having to travel from the far reaches of Kerry, to CUH in Cork for treatment every week. You may not always have somebody to drive you, you don't want to be a burden on the same people all the time, you feel nervous and worried about what lies ahead, the effects of the treatment will not allow you to drive safely yourself, what do you do, who can you turn to. That's where you need support and that's where the Kerry Cancer Support Bus comes in, providing daily transport to and from CUH, servicing all of Kerry and parts of Cork, totally free of charge. This ensures you don't have to go through the journey alone, you are facing it as part of a group of people who all understand where you are coming from and can relate to battle you are fighting. What an incredible

source of support to be able to offer anyone in this position, you don't ever have to be on your own.

The recent passing of father Pat Moore, former parish priest of Duagh county Kerry, shone a new light on the daily struggles faced by cancer patients and their families. Father Pat kept an online blog at the caringbridge.org site throughout his battle with cancer over the past 2 years and even published a book called "Weathering the Storm" in late 2016, which focused on his battle with the disease. He bared his soul by documenting the daily trials and tribulations he went through; giving a detailed insight into the many great people he met along his journey that supported him in his battle. The blog reached many thousands of hits online and the humility with which he delivered it struck a chord with people across all generations. On the evening of Sunday the 9th of April, as our committee members dusted themselves down after another successful running of our Listry Fundraiser, father Pat was to make his final contribution to the Kerry Cancer support group, by donating €3,000 from the proceeds of his book to the charity. Unfortunately only a few weeks later, his 2 year battle with cancer was to come to end and he slipped away on the 1st of May 2017. The huge legacy of support he has left behind him will comfort cancer patients and their families long into the future. His journey and the many challenges he faced, is unfortunately the plight of many of our family members, neighbours and friends. Support at this time is everything, it doesn't have to be a fundraiser, it might only be a chat over a cup of tea, a quiet word of support on the street, calling unannounced

with a cake or taking that loved one for a drive, you don't realise how much that could do for someone who is in their darkest hour. I think Sean Keane sums it up best in the words of his song "Never Alone",

*I have to be honest
As much as I wanted
I'm not gonna promise that cold winds won't
blow
So when hard times have found you
And your fears surround you
Wrap my love around you
You're never alone....."*

(Sean Keane - Never Alone)

From the committee of Listry Greyhound Supporters – In Aid of Kerry Cancer Support Group – Dedicated to the late Father Pat Moore and all the loved ones we have lost to cancer over the years.

CALL FOR VACANT PROPERTIES FOR USE BY KERRY COUNTY COUNCIL FOR SOCIAL HOUSING

Kerry County Council has issued a call for properties which have been vacant for more than one year for possible use for social housing purposes. The newly launched Repair and Leasing Scheme targets vacant properties as a possible source of social housing and provides property owners with an income stream that may be otherwise unavailable.

The scheme provides that repair and improvement works to bring such properties up to the standard for rented accommodation are funded by the relevant local authority, in this case, Kerry County Council. The cost of the works is then deducted from rent/lease payments over an agreed lease term of at least ten years.

There are a number of requirements in relation to the scheme:

- The scheme is not available for private renting
- The property must be vacant for at least 12 months
- There has to be a social housing demand for the property locally
- The property has to be viable to provide

accommodation

- The minimum lease term is dependent on the cost of repairs with a minimum lease period of 10 years and a maximum period of 20 years
- The maximum cost of repairs allowable under the scheme will be €40,000
- The lease payments will be based on the general terms of social leasing which is set at 80% (85% for apartments) of the current market rental rates in the property location
- The scope and cost of the works are agreed

between the owner and Kerry County Council Properties in all areas will be considered but in particular the council is anxious to source properties in the main towns and villages in the county. The benefits for those considering availing of the scheme include:

- Upgrade your property at no capital outlay from your own resources
- Guaranteed rent
- No loss of rent during vacant periods
- No collection of rent or finding a new tenant
- No dealing with tenants or routine maintenance
- No advertising costs

Application forms and further details are available on Kerry County Council's website, www.kerrycoco.ie, or by contacting the Housing Department at 066 7183645 or by email at kerryrls@kerrycoco.ie

Interested property owners should complete the application form and submit the relevant documents to the Housing Department, Kerry County Council, County Buildings, Tralee, Co Kerry on or before Thursday, 1st June, 2017.

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

WHERE CAN YOU GET BETTER RATES OF INTEREST FOR YOUR MONEY?

Firstly, interest rates in some banks are better than others, for example one bank at the moment will only give you .35% interest for a fixed rate account for 2 years, so for €75000 you would only get €262.50 interest over 2 years and that's even before DIRT tax is deducted. However another bank will give you 2.01% for a 2 year fixed rate account which is €1507.50 interest over 2 years before DIRT tax, that is over €1245.00 more in interest that you would earn before DIRT tax. Remember also that some people are exempt from DIRT Tax. In every bank there are customers earning extremely low rates of interest at present. However, by shopping around or getting an independent financial advisor to check up to date interest rates you can substantially increase the amount of interest you can earn by just changing bank accounts, which is very easy to do. Also there can be even better rates of interest available for other products such as longer fixed term accounts. This can be done for you by a financial advisor who is authorised to carry out this business for you.

For further information on the above or any other financial matter you can contact Dermot Cronin QFA APA at 0646622775 or dermotcroninifa@gmail.com

BUS FUND TO BENEFIT FROM SUN SET ON STTRICKEEN

Killarney Walking Festival has announced that this year's Charity Walk - a Sun 'SET' on Strickeen, on Friday 9th June, 2017, will be in aid of 'Bus Fund' Kerry Parents and Friends. The charity Kerry Parents and Friends has played an enormous role in the lives of families in Kerry, living with intellectual difficulties. The 'Bus Fund' is the initiative of Agnes Rooney, Her sister Mairead - cared for full-time by Agnes since their mother's passing in 2015 - has Down's syndrome, and has been helped by the group for decades. Agnes herself admits she'd be lost without the association's assistance, which has led to her ongoing attempt to raise €60,000 to purchase a wheelchair-accessible bus for the charity. To date the present fleet of 17 buses

are deteriorating with no funding for replacement. Agnes says "These buses take Mairead and her friends to work, home, hospital appointments, social training, respite and holidays. They travel all over Kerry and truly support them and their families in ways that the greater community may not understand."

The Charity walk departs Kate Kearney's Cottage at the entrance to the Gap of Dunloe, at 7.30pm. Walkers will be asked to dance an entire Kerry Polka on the summit, just bring a tin whistle and a bodhrán. The 'Buy a Bus' campaign is also one of the beneficiaries of the Ring of Kerry Charity cycle this year, Agnes is actively seeking Cyclists to register for the 'Buy a bus' charity on the Ring of Kerry Website.

CATHAOIRLEACH WELCOMES PROGRESSION OF KILDERRY BENDS SCHEME

The Cathaoirleach of Kerry County Council, Cllr Michael O'Shea, has welcomed the announcement by the Minister for the Transport that the N70 Kilderry Bends realignment project is to be

progressed.

The proposed scheme involves a realignment of approximately 3.5km of the N70 between Milltown and Killorglin near Tinnahalla.

"I am delighted that the Minister for Transport has announced that this is one of four schemes nationally to be progressed as it will improve this important artery for road-users. We await

further details from Transport Infrastructure Ireland," said Cllr O'Shea.

LETTER TO THE EDITOR

A Chara,
"Over a number of years Councillors past and present have been highlighting the dangerously uneven surface that prevails at the level crossing in Minish. The situation was and indeed still is a hazard for drivers, motorcyclists and cyclists as the

sudden vibrations caused could easily lead to loss of control of the vehicle or bicycle. It is most fortuitous that no serious accident has occurred.

It is therefore most welcome to learn that, following a meeting between an engineer from Kerry County Council and the

Infrastructure manager of Irish Rail, there has been agreement on the need for remedial action. Irish Rail has committed to undertake the necessary work and it is hoped to do so during September.

I wish to acknowledge the many public representatives who spoke on the matter and Kerry County

Council for actively pursuing a satisfactory resolution."

THE ANIMAL ROADSHOW VISITS BEAUFORT STUDENTS

St. Francis special school, Beaufort was taken over by various exotic animals last week when the students were treated to a special visit from The Animal Road Show on Friday 12th May. The day was full of fun and the students were given an informative talk about wildlife and were also given an opportunity to handle the creatures. The Animal Roadshow is a mobile education program which introduces a variety of exotic creatures in a safe and entertaining way. During the session the enthralled students were introduced to a range of animals including Madagascan Tenrecs which are similar to hedgehogs, rabbits Binkle and Arthur, Guinea Pigs named Munchkin and Scruff, Bindi the Bengali Eagle Owl, Herman's Tortoise Mr T, Leopard Geckos, Corn Snakes, Tangles

and Ned the Milk Snakes, Phillippe the Royal Python, Webster the Chilean Rose Tarantula, chinchillas and Tegus lizards. The students were allowed to hold each animal and were presented with the textures, sounds and individual smells of all the different creatures. The students really enjoyed the day learned about where the animals come from, what they like to eat and what they do to survive. The show proved to be great fun whilst educational for the students and will be remembered for a long time to come!

GARDENING OUTLOOK

with John O'Sullivan

LOOKING AFTER YOUR SUMMER BEDDING

- If you look after your bedding plants throughout the Summer you will have colour until early autumn or the first early frost.
- A liquid feed of Tomato feed every 2 to 3 weeks is an ideal way to feed your hanging baskets, window boxes and containers.
- Make sure when you are feeding them to do it in the evening time and keep the liquid off the foliage as much as possible.
- As the summer goes on you will notice that some of the flowers will start to go off. All you have to do here is take the dead flowers off, a process called dead heading.
- It only takes a couple of minutes and it will ensure that new flowers will grow.
- Later in the Summer if a plant looks bad in the basket or window box, remove and replace it with something else like a trailing ivy. Otherwise the whole hanging basket, window box or container will look as if it's gone off, and a new plant will give it a new lease of life.

NEXT WEEK I WILL FOCUS ON SUMMER FLOWERING SHRUBS.

SURVEY

Are you aware of the NCCA Survey on Religious Education in our Primary Schools? Under the NCCA's proposal Religious Education will no longer be a subject in the state recognised Primary Schools Curriculum, unless you let your views be known. Is this an effort to remove Religious Education from our schools? This move devalues and challenges the place and status of Religious Education in our schools. Is this what you want for the future generations of children? As a matter of urgency parents, teachers, Boards of Management and interested adults need to engage with the survey before closing date 26th May 2017. EDUCATION OUTLOOK

Good exam techniques will improve your grades in the State Exams

(By Billy Ryle)

With the State Exams beginning in three weeks, on Wednesday, 7th June, it's now time to focus on your answering strategy. Candidates who adopt a planned approach to answering the question papers will be successful. Begin with a detailed study of the exam timetable. Get a personal copy and highlight the days and times when you are due to sit for a subject.

Each subject is answered in an A4 style covered booklet. Write your exam number, the subject and tick whether you intend answering through Irish or English. Read the directions on the back cover before you write anything. Each page of the answer book contains two margins. Only the number of the question and each sub-question should appear in the left-hand margin. The right-hand margin is for the corrector's use only. Write your answers between the margins and work neatly down the page. Write clearly and legibly. Keep your answers well spread out for easy reading. Number each question and sub-question clearly in the left-hand margin to make it easier for the corrector to follow your work.

Don't split questions by answering a part of a question on one page and then the other part a few pages further on. If you are unable to completely answer a question leave a page blank to which you can subsequently return. Use diagrams, sketches and illustrations if they enhance your answer. Small drawings aren't helpful and may be difficult to interpret. Use decent size diagrams, as they are quicker to draw and allow greater inclusion of detail. While the presentation of your answering won't merit extra marks, a well-presented script will make a favourable impression on the corrector.

The core of any exam is the quality of your answering. The content of your answer to each question must be relevant to the question asked. Read each question carefully before deciding which ones to answer. Tackle a good question first to settle you down. Before answering a question list the key points around which you will build your answer. Be concise, accurate and relevant. Don't be long-winded or wordy. Waffle and repetition will not impress the corrector.

Be familiar with the format of each paper well before the date of each exam session. Know how the paper is presented. What topics are examined? How many questions must be an-

swered?

What styles of question can you expect on any exam paper? Familiarise yourself with the choice available on the paper. Is one or more question compulsory or is there an unrestricted choice available to you? Be particularly careful about a paper, which is subdivided into subsections. Without prior knowledge of such a paper you could easily fail to address the relevant number of questions. Over the next few weeks, as you do past papers, and again at the exam, read the instructions carefully. It's a good idea to handle a recent past paper in each subject for physical familiarity.

Doing well in any exam involves not just knowing the course material but also in presenting your answers within the time allowed. Be determined to attempt the required number of questions. If you don't attempt a question you can't possibly earn any marks for it. Be aware of the marking scheme for each paper and work out in advance the approximate time you can afford to devote to each question. The time allocated to each question should be in direct proportion to the marks available for that question. Let me reemphasise that the candidate who attempts the required number of questions is the one who has the best chance of maximising her/his grade in that subject. So work out in advance, and write down, the approximate time at which you should be completing each question.

When your exam paper is handed to you read the instructions in case there is a change in format. Then spend about five minutes reading the entire paper. This preliminary

scrutiny of all the questions gives you the feel of the paper and allows you to settle down and gather your thoughts. Stick to your own pre-prepared answering plan and once you have made your choice of questions, start with a question you can answer well. As you warm to your task, you will be pleasantly surprised at the amount of information that comes to mind, as you need it.

When you have finished answering each question, re-read it to ensure you haven't omitted any part. Allow at least five minutes at the end of the exam to read back over your answers and to check your enumeration and your overall presentation.

In the next article, I will have some advice for parents of exam candidates.

CHECKLIST

- It's now time to focus on your answering strategy
- A planned approach to answering leads to success
- A well-presented script makes a favourable impression
- Number your questions clearly and write neatly and legibly
- Leave some blank space at the end of each question in case you wish to revisit it
- Read the entire paper before deciding which questions you will answer
- Keep your answers concise, accurate and relevant
- Familiarise yourself with the logistics of each exam paper
- Be careful with a paper which is subdivided into subsections
- Handle a recent past paper for familiarity with its physical appearance and colour
- The time spent on a question must be in proportion to the marks for the question
- Proper allocation of time will enable you to attempt the required number of questions
- Reread the question when you have answered it to ensure you haven't left out a part
- The State Exams begin on Wednesday, 7th June and conclude on Friday 23rd June
- Examination timetables are available on www.examinations.ie.

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

EXERCISE BENEFITS FOR MENTAL HEALTH

Being active doesn't have to mean taking out an expensive gym membership, hiring the most expensive personal trainer, getting up at 5am for an early bird run!!!! There are so many ways to be active and they can all help to improve your mental health. Getting out with a friend for a catch up walk, training for your first 5k, walking up Torc steps, cycling the national park routes, taking part in a local gym class and much more. Acting almost like a meditation practice to help us switch off from the busy mind.

OUTLOOK FASHION TIP:

MASTER THR BASICS

Just because it's a basic doesn't mean it has to be... basic. A t-shirt, skinny black jeans, and heels are all closet staples, but when worn together, they create a model-off-duty kind of vibe.

DIET TIP

CLEAN THE CUPBOARDS OF FATTENING FOODS

If you have chips in the pantry and ice cream in the freezer, you're making weight loss harder than it has to be. Reduce temptation by purging the cupboards of fattening foods. Want an occasional treat? Make sure you have to leave the house to get it -- preferably by walking.

Beauty Tip

Tone down a bright lip:

You loved that neon lip colour in the pharmacy but on your lips it's more Las Vegas showgirl than runway chic. Apply your bold lipstick then add concealer on top, or blend the two hues on your hand before putting on your lips. This is also a way to make that not-so-nude lipstick you splurged on your perfect barely there shade.

HAVE A MIRACLE MORNING!

Mornings matter! They set the feel and energy for the rest of your day! How you wake up each day and your morning routine (or lack of routine) dramatically affects your levels of success in every single area of your life. Focused, productive, joyful mornings invariably generate focused, productive and joyful days—which inevitably create a happier, focused, joyful and productive life! Spend a little time in the morning to set your intention for the day ahead. What do you desire your day to bring you? How do you want to feel and be at the end of your day? This takes about 10 seconds!

Get organized the night before so that you aren't rushing around trying to find things. Make breakfast a relaxed and enjoyable part of your day – eat slowly and with attention. Refuse to put the Television on first thing in the morning especially the news!

Studies have shown that negative news first thing in the day has the ability to dramatically lower your mood and increase stress. By simply changing the way you wake up in the morning, you can transform any area of your life, faster than you ever thought possible.

Mornings are where the magic begins.

PENSION TERM ASSURANCE – LIFE COVER WITH TAX RELIEF

Pension Term Assurance is a great alternative to a level term life cover policy with the added benefit of tax relief available on premiums paid. You can qualify for this kind of cover if you are self-employed or if you're not included in a company pension plan.

The life cover is designed to last until you retire, usually age 65. At that point, you have the option to convert your policy into a new life cover policy, for the same lump sum. That new policy will expire when you turn 75.

Pension Term Assurance also known as a Section 785 policy can be used by sole traders or those not covered by a company pension scheme, to protect their families in the same way as a traditional level term assurance policy. However with the added benefit of tax relief, they will pay less for their cover.

You are entitled to tax relief at your marginal rate of tax. If you are in the lower tax bracket, you can claim relief at 20%, but if you are in the higher bracket, you can claim relief at 40%. For example, a higher rate taxpayer paying a monthly premium of €50 could claim €20 of that back off income tax, for a net premium of €30.

BASKETBALLERS BENEFIT FROM HEAD COACH CLINIC

Ireland Senior Men's Basketball Head Coach Pete Strickland led a special once off coaches clinic in Killarney Sport Centre on Tuesday night. Assisted by top American college coach Chris Harney (St Mary's College Maryland) and Killarney's James Weldon (Basketball Ireland Green Shoots Initiative Coordinator), the clinic was attended by several coaches from St. Paul's Killarney and coaches from other Kerry basketball clubs.

Maryland native Pete Strickland was recently appointed as Ireland Head Coach following a very successful career coaching at college level in the USA. Pete's connection with Ireland started way back in 1980 when he arrived in Ireland to play with Neptune Cork in the national league. he spent two seasons in Ireland and recalled fond memories of playing in Killarney during that golden era of Killarney basketball

when the great Gleneagle side were the top team in the country.

"I remember playing games in the St. Brendan's College gym where the huge crowd was squeezed in and right next to the action on the court. It was an amazing atmosphere and Gleneagle had such a really good team then. Paudie O'Connor stood out and was a player ahead of his time. He had all the attributes of a great player and with two outstanding Americans in Tony Andre and Arnold Veasley alongside a good squad of local players, Killarney were a step ahead of many other teams in the league back then," he said.

Pete returned to Ireland several times over the years coaching at various basketball camps in Dungarvan and other venues. At one particular camp in Castleisland in June 1988, Pete met a young John Teahan for the first time and in-

spired his interest in the game. It was John's first time playing basketball and was the start of an amazing journey where he went on to win national leagues and cups as well as playing for the Irish senior mens team. Now in his mid 40s, John Teahan is still playing competitive basketball in the Kerry county league.

At Wednesday night's clinic, Coach Strickland and Coach Harney worked with young players from Rathmore and St. Paul's demonstrating excellent coaching skills and how to get the best out of young players. St. Paul's Basketball Club Chairman Padraig Weldon made special presentations to Pete and Chris to mark the occasion of their visit to Killarney. Padraig also thanked Sean Murphy of Murphy's and Lord Kenmare's Killarney for facilitating their stay in town by providing accommodation for them.

REPORTS:

SATURDAY'S THREE FINALS THE FIRST OF MANY AT MOUNTHAWK:

Park leave it late to win John Murphy 12's Cup Final:

With Killorglin already through to the John Murphy 12's Cup final St Brendan's Park joined them following a 3-1 mid-week win over Inter Kenmare. Darragh Cunnane, Ewan O'Sullivan and Odhran Ferris got the goal to see the Tralee side into the decider.

And in the decider in Mounthawk on Saturday it was the Park that opened the brightest but could not find that early breakthrough. That went to the Cup holders Killorglin when Tim Mangan got on the end of a good move to put his side ahead in the 6th minute. The Park tried hard to get level but found the Killorglin defence in good form and when keeper Dara Crosby made a great save from Jamie O'Shea Killorglin stayed ahead at the half.

Early in the second half Park keeper Richie

KILLARNEY CELTIC BARNARDOS PLAYERS 2

Healy had to be alert to stop his side going further behind before things turned in the Park's favour. After sustained pressure The Park forced 2 corners and from the second one Odhran Ferris was the quickest to react following a great Crosby save and he levelled matters.

The Park went looking for a winner and Ray McGrath forced Crosby into another save before the decisive late late winner. McGrath perfectly hit corner was headed home by Darragh Cunnane with less than 3 minutes remaining to ensure the Park win the John Murphy Cup for 2016/17.

ALEX'S ATHLETIC TAKE THE 12'S SHIELD:

North Kerry side LB Rovers progress continues as they reached the John Murphy 12's Shield final. However despite a great effort, particularly by keeper Michael Whelan, their more experience opponents Killarney Athletic gradually took control. Josh Coffey got their first before and own goal made it 2-0. Any hope of a comeback was dashed when Man of the Match Alex Hennigan got his first goal. He added two more to complete a hat trick as the John Murphy Shield headed for Woodlawn.

GOALS GALORE AS IVERAGH PIP BALLYHAR IN 14'S SHIELD FINAL:

The concluding game on Sunday's opening round of Cup and Shield finals at the Mounthawk Park was the game of the day from an offensive point of view as the teams shared 9 goals.

Iveragh United and Ballyhar came through mid-week semi-finals to earn the right to face each other in Saturday's final. Iveragh United won 3-2 away at Killarney Athletic thanks to a Cathal O'Shea hat-trick. Kieran Pierse and Jamie Alade got the Athletic goals but it wasn't enough as the South Kerry side progressed to meet Ballyhar in the final. They had a 3-1 win in their semi-final after extra time with Peter Cosgrave getting 2 and Andrew Kelliher the third.

In the final at the start of both halves it looked like Ballyhar were going to have enough to take the win with Darren Daniel giving them a 1-0 start. However Iveragh United began to

take control and got their reward when twins Odhran and Cathal combined to level matters in the 25th minute. The duo did it again 8 minutes later to give the South Kerry boys the lead and on the stroke of half time a third assist by Odhran O'Shea – this time setting up Seamus Curran opened the game to two.

Ballyhar needed a good start to the second half and pulled a goal back 5 minutes in but conceded another 2 minutes later when Liam O'Connor ran from deep beating a number of defender to make it 4-2 to Iveragh United.

Credit to Ballyhar they never gave up and Ethan Campbell came off the bench to score his sides third but again Iveragh United responded when Cathal O'Shea fired in his third – and his second hat trick in two games – to make it 5-3 inside the last 4 minutes. Ballyhar threw everything at Iveragh and scored again through Christopher Palmer but time ran out and the large South Kerry crowd could make the long trip home happy.

CUP AND SHIELD ROUND-UP: IVERAGH UNITED AND KILLORGLIN C IN 13 SHIELD DECIDER:

Killorglin C were the first side into the John Joe Naughton 13 Shield Final as they saw off Castleisland 2-1 after extra time. Dara O'Connor for Killorglin C and Liam O'Sullivan shared the goals in normal time but it was Jack Lynch who was to prove to be the Killorglin hero getting the winner in extra time.

They were joined in the decider by Iveragh United. Goals from Sean Kennedy, Alex Coffey, Cian O'Shea saw the South Kerry side through 3-1 at Celtic Park with Michael Nolan replying for Killarney Celtic.

KILLORGLIN FIRST INTO 14'S CUP FINAL:

Killorglin will play either Killarney Celtic or Tralee Dynamos in the Tom Hayes 14's Cup final after they proved to be too strong for Fenit. Killorglin progressed thanks to goals from Adam Owens 3, Dylan Moriarty, Keith Evans, Jack O'Sullivan and Callum Russell.

Dynamos book place in 15's Cup final:

A 2-1 away win at Listowel Celtic saw Tralee Dynamos book their place in the Healy Family

15's Cup final. A Sean Kennedy penalty was cancelled out by a Michael Nolan goal for Listowel Celtic before Leo Gaxha got the winner for Dynamos.

Dynamos will meet either The Park or Killarney Athletic in the Healy Family 15's Cup final.

NORTH KERRY DERBY IN 15'S SHIELD FINAL:

The Healy Family 15 Shield Final will be a North Kerry derby when two of the Leagues newest sides, Ballyheigue take on Rattoo Rovers meet. Ballyheigue had 2-1 extra time win over Park B thanks to two goals from Conor O'Sullivan with Darragh Moriarty replying for Park.

Rattoo Rovers defeated the other Park side, Park C with Adrian Shanahan hitting a hat trick and these were added to by goals from Dillon Moriarty, Nathan McGrath, Mikey Kelliher and Kevin Goiding.

LEAGUE ROUND-UP:

Wins and Draws in Moriarty's Centra 11's:

In the Moriarty's Centra 11's there were wins in the Premier for Castleisland over the Park and Killarney Celtic over Mastergeeha. The Division 1 clash of Dingle Bay Rovers and Iveragh United ended in a draw while in Division 2 it was the Park B that defeated Castleisland B while Killarney Celtic did the double over Mastergeeha.

INTER'S GIRLS WIN SEES THEM GO TOP:

In the Girls 12 Premier Inter Kenmare's 1-0 win over Killarney Celtic sees them go top of the Premier, two points ahead of Listowel Celtic. The only goal of the game came from Grace Foley who was also the Player of the Match.

MASTERGEEHA'S WIN SEES THEM UP TO 3RD IN 12 PREMIER:

Mastergeeha had goals from Hugh Lenihan, Owen Kelly and Jack O'Donoghue and it gave the Kilbreen side a 3-1 win over Listowel Celtic for whom Shane Horgan got the goal.

BUSY WEEK IN 12'S DIVISION 2:

Divisional winners Dingle Bay Rovers made it 10 wins from 11 as they defeated Killarney Celtic C 1-0 with Aodhna O'Beaghlaioich getting the only goal off the game.

Mastergeeha B and MEK are battling for second with the Kilbreen side 3 points ahead going into the last game. This week Mastergeeha B were held to a 2-2 draw away to Tralee Dynamos. Kieran Nolan and Ewan Evan got the Mastergeeha goals with Thomas replying with both goals for Dynamos.

MEK took 4 points from the 6 on offer as they defeated Killarney Athletic 1-0 thanks to an Aaron Coffey goal and 1 all draw with Killorglin B. Rocco Sheahan scored for MEK with Daniel Evan replying for Killorglin.

Tralee Dynamos have games in hand and are still in the hunt for the runners up spot. They had a second draw in the week when a win was what they were hoping for. But they had to be happy with a point in a 2-2 draw with Killorglin B. Luke Horgan and Thomas got the Dynamos goals while Daniel Evans and Jack McGrath replied for Killorglin.

Following Dingle Bay Mastergeeha are on 19, MEK on 16 with both having played 11 games while Dynamos are on 14 from 9 played.

Killarney Athletic defeated Killarney Celtic C 5-0

thanks to a hat trick from Simone Mudokova and 2 from Eric Moriarty.

ATHLETIC WIN 16 DIVISION 1 TITLE

There was nothing blue about Killarney Athletic as they wrapped up the Tralee Trophy World 16 Division 1 title with a game to spare. They defeated Ballyhar 2-1 to take the points they needed to wrap up the title.

Liam Kelliher scored from a Caolan Ryan cross before turning provider for Jack Duggan to hit the winner after Ballyhar had equalised.

INTER GIRLS REACH 14'S CUP FINAL

On Sunday Inter Kenmare qualified to meet Listowel Celtic in the final of the John Murphy 14 Girls Cup final.

They defeated Mastergeeha 4-0 with 3 goals coming early on as Inter took control. Abby Murray hit 2 and Serina O'Sullivan the 3rd.

Credit to Mastergeeha they battled hard with Jenny Healy, Kate Lynch, Anna Hannigan, Caoilhe Crowley and Katie O'Leary all doing well.

But Murray completed her hat trick late on to wrap up the win and send Inter into the final.

PARK INTO 13'S CUP FINAL

Two goals from Cianan Cooney have sent The Park into the 13's Cup final after a hard fought 2-1 win over Killorglin. Jack O'Sullivan put Killorglin ahead and they also had a goal disallowed as they pushed for an equaliser.

But it was the Tralee side that went through to the final where they will meet either Killarney Athletic or Listowel Celtic.

KILLARNEY ATHLETIC NOTES RESULTS

U16 CROWNED LEAGUE CHAMPIONS

KILLARNEY ATHLETIC 2-1 BALLYHAR DYNAMOS

A great result for the boys in blue which sees them crowned division 1 champions. Athletic started brightly and had numerous attacks but the well organised Ballyhar defence were keeping us at bay until Caolan Ryan sprinted down the right wing to cross to Liam Kelliher who coolly slotted home. Caolan Ryan beat the offside trap to play a 1-2 with Harry Potts to give Athletic a deserved lead again in the second half and that's how it finished. A great team performance from the boys to ensure the league title and remain unbeaten in the league all season.

U14 SEMI FINAL IVERAGH 3 - 2 KILLARNEY ATHLETIC

Played in Cahirciveen on Thursday evening the lads traveled in high spirits having drawn with their opponents two weeks ago at home. Playing into a stiff breeze in the first half, Athletic started slowly but grew into the game. However, with 5 minutes to go to halftime disaster struck as an Iveragh striker avoided 4 tackles and broke through, and while his shot was saved well by Doolan, the referee called it back for a pull on the jersey for a penalty. Midway through the second half Athletic got their breakthrough when a corner from Lee was only half cleared to Pierce who sent a looping header back across goal into the top corner. With the whole team pressing now it looked like only a matter of time before Athletic

got the equaliser. A corner from Mulvaney was cleared to Alade on the penalty spot who unleashed a thunderous left foot volley to the net for what was the last kick of the game.

U12 SHIELD WINNERS

Killarney Athletic 5 - 0 LB Rovers.

Goals from Josh Coffey and a Hat-Trick from Alex Hennighan. Well done to all the players, parents and Manager Pat Fuller.

We thank LB Rovers for a very sporting game and wish them well for the remainder of the season.

CONGRATULATIONS.

The club wish to congratulate Anthony O Carroll on his marriage to Kirsty Morag Mitchell and also to Micheal O'Neill on his marriage to Treasa Foley.

Two games took place at the same time giving all players valuable game time on the day. Tralee CBS took the honours in the main pitch with both sides evenly balanced the greater physical strength of the Tralee lads proved decisive over a gallant St Brendans team. The top pitch hosted a cracking game with the St Brendans College forward unit combining well goals scored proved decisive in the finish. Well done to all management teams and players for giving a large attendance great enjoyment on the day.

O'Neill worked very hard around the middle setting up Eoghan Mulvany on a couple of occasions who coolly slotted two early goals to the net giving the boys in blue at half time lead of 3-5 to 1-9. On the resumption the physically bigger South Kerry lads began to take some great long distance scores. However some fantastic defending Bailey O'Sullivan and phenomenal work rate by Timmy Moynihan kept the Spa lads in touch. However despite more fantastic scores by Spa including an outstanding point by Sean Hickey were unable to hold out losing by 4-17 to 4-11.

DR. CROKES GAA NEWS

SENIOR COUNTY CHAMPIONSHIP - 1ST ROUND

Dr Crokes 2-14 Mid Kerry 0-9

We got off to a good start in the Premier Championship in the County as a result of a 2-14 to 0-9 victory over Mid Kerry. The Visitors suffered a blow before a ball was kicked as Peter Crowley and Darren O'Sullivan were unable to play.

We got a good start also in the game itself, scoring 1-4 without reply in the first ten minutes even though we were playing against the stiff breeze. Mid Kerry had a point in the 12th minute but we had the next two points to end the first quarter six points in front. The second quarter of the half was evenly contested. Both sides scored three points in this period to leave us 1-8 to 0-5 ahead at the interval.

The visitors had the first score of the second half but a Kieran O'Leary goal in the 34th minute put us eight points in front. Three unanswered points by us extended our lead to eleven points at the end of the third quarter. Both sides ran their benches in the final quarter with both sides equalising one another on the scoreboard to leave us winners on a score of 2-14 to 0-9.

Our management must have been happy with our display but will not be carried away with the comprehensive win. They know full well that Divisional teams improve with games and we also witnessed some big wins by other Club teams over the weekend.

Team and Scorers: Shane Murphy 0-1 (45), John Payne, Mike Moloney, Fionn Fitzgerald, David O'Leary 0-1, Gavin White 0-1, Alan O'Sullivan 0-1, Ambrose O'Donovan, Daithi Casey Capt

Subs: Chris Brady 0-1, David Naughton, PJ Lawlor, Paul Clarke 0-1, Mike Milner, Jason Lyne.

UNDER 14

A late Glenflesk goal took victory from our grasp in the final round of the County League for our Black Team on Wednesday evening. Glenflesk dominated the first half and led by seven points at the interval. The young Crokes players clawed their way back into the game and went one point ahead before Glenflesk delivered a late sucker-punch. Final score 3-1 to 2-11.

UNDER 16

The Black team were left disappointed as there failed to get the better of Rathmore in the East Kerry Division One final last week. Rathmore proved too strong on the night and ran out winners on a scoreline of 4-13 to 1-7. The Amber have qualified for the Division 4 final and are awaiting a date for the fixture.

LEGION GAA NEWS

CO.CHAMPIONSHIP RD.1

Killarney Legion 0-15 Kenmare Shamrocks 1-12 Both sets of supporters of these two sides certainly got their nerves well and truly tested in this tense and absorbing 1st.rd.game played in Derreen.The football may not have been of the highest standard at times but the closeness of the encounter and the seesaw nature of the scoring made it compulsive viewing. If the Legion were to overturn their club championship defeat to the same opposition then they would have to limit Stephen O'Brien and Sean O'Shea's influence,this they did with Chris Davies doing a fine man marking job on O'Brien and Darragh Doherty holding up his end. One problem though was the concession of frees which led to O'Shea notching 6 from dead ball chances.Legion captain Danny Sheahan had a tremendous game on Paul O'Connor and overall the Legion backs did well.Kenmare defence also in which Dara Crowley and Sean O'Sullivan were no less effective and this was the springboard for much of their attacks.The first half was especially tense as reflected by the halftime score which saw the Legion go in ahead 4pts.to 3.What could have been a critical moment for the Legion was the awarding of a penalty just on the stroke of halftime as Jamie O'Sullivan smartly turned Dara O'Shea and was hauled down just as he was about to shoot. Up stepped James O'Donoghue but his low shot was turned away one handed by Kieran Fitzgibbon in the Kenmare goal.Crucially the

same player brought off another timely stop midway through the second half when Tom Moriarty bore down on goal but again was denied by the keeper.The second period was far more fluid as both sides went for it and the scoring rate increased as a consequence.While O'Shea was Kenmare's scorer in chief Jamie O'Sullivan was his equal as he hit 4 minors and became more and more of a problem for the Shamrocks.James O'Donoghue also made a telling contribution as he bagged 5 pts.for his side.As the clock ticked into Injury time it looked like the Legion had nicked it as Finbar Murphy coolly slooted over after good work by O'Donoghue but in a last gasp sally O'Shea levelled from 40m.to send the game to extra time. Kenmare sprung from the traps at the very start of extra time as sub Kevin Price struck for a goal after 40 seconds it could have been a fatal blow for the home side but keeping their cool they gradually chipped away at the deficit and points from Cian Gammell,Jonathan Lyne and Conor Keane levelled matters to live to fight another day. On the positive side the Legion created goal chances,they had a sound defence,and in adversity kept cool and were rewarded for that.The replay no doubt will be another tense tight affair as these two sides continue their trilogy.Many thanks to those who helped on the day to make sure all ran smoothly - which it did.

GREAT GAMESMANSHIP AT THE U8 EAST KERRY GO GAMES

GAA – THE BEST MEDICINE

KILLARNEY OUTLOOK'S COLUMNIST LOOKS BACK ON A WEEK SPENT IN UHK AND DISCOVERS THAT GAA IS THE BEST MEDICINE BY A HURLER ON THE DITCH

I ended up in University Hospital Kerry (UHK) for a week of tests, to rule out a host of unthinkable possibilities that, thankfully, were all negative in finding anything, which was a positive result for me.

Having transversed the initial tests of the Accident and Emergency Ward, I was transferred to Clonfert Ward for my stay. It was late, when I landed. All were bedded down for the night. No time to acquaint myself with my room-mates. However, next morning, as we roused ourselves for an early shower, blood pressure, heart-rate and temperature test and breakfast, I began to get to know my neighbours – all GAA men. Across the road was a Gneeveguilla man and the man beside him was a Laune Ranger. The last man on that side was from my neighbouring club Spa. Next door neighbour on my side shared my own colours of black and amber – but his were of the Currow flavour.

Family and friends are great for visiting on these occasions, to while away the long hours. However, they can spend only so much time with you. The staff in TUH do more than their bit too. But, there are still long tedious hours to fill and when the sight is impacted and you can't read or watch TV – those hours can drag on. And here is where the GAA family came in. "Do remember that game in Gneeveguilla..." or "Is so-and-so still playing?" or "I remember a game I played back in..." By the time that story

had ended and the ancillary stories it stemmed, it was dinner time – where did the time go? And after the dinner, we might start in on the Kerry teams; how would they do this year?; were this year's Minors as good as previous years?; what new players might come in? We even resolved the problem that encompassed the Under 21 campaign this year. And already it was tea-time. These conversations were held in pairs and groups and you slipped in and out, as you pleased and as the call for tests allowed. A call for tests was a big thing, for that is what was detaining you and depending on the

outcome, it could lead you on to different paths of treatment. No matter what test you went for, you got the good luck of all as you left the Ward. I've been at games and never heard a Laune man shout for Crokes or Crokes cheer for Gneeveguilla. But on my way out, I had the backing of Currow, Spa, Laune and Gneeveguilla with me and this was reciprocated when it was their turn. The angiogram was another event that caused a bit of a stir. It meant a trip to Cork and if it showed blockages, you stayed to get a stent, if all was clear, you returned to home base. Laune left in the ambulance and it was turning late in the evening. It looked like it was a stent job for him. But, then he arrives back late – "clean as a whistle" was the verdict. He was cheered back into Clonfert by the entire GAA family.

The medical staff will do their bit to get us all back into full fitness. However, there is a state of mind in every patient that needs to be in the right frame to speed up recovery. The dose of GAA medicine I received in Clonfert Ward had a significant positive impact on my stay there. GAA – the best of medicines.

Fógra (apologies to the late Con Houlihan RIP): Sincere thanks to all the staff in University Hospital Kerry for their kind and attentive care during my stay with them.

Fógra eile: It is good to see that UHK still serve breakfast, dinner and tea, in that order.

The gala night for the sport pays tribute to those who were successful on the court and to those who are doing some Trojan work behind the scenes.

From the playing side Dominic Lynch and John Joe Quirke received an award to make their recent All Ireland Over 35's success. The Feile team made up of Sean Quirke, Diarmuid McGillicuddy, Liam Smith and Darragh Blennerhasset were also honoured on the night.

Jack O'Shea's win in the 1 Wall Nationals saw him pick up his award while Ballymac's Dara Keane picked up his award for his recent All Ireland u17 win.

The trophies for the annual Leagues were also presented on the night with John Michael O'Sullivan, Brian McEvoy, Stephen O'Shea, John Clifford, Anthony Clifford and Ger O'Sullivan being honoured for their wins.

Off the handball court's an amount of work goes on behind the scenes and Club Chairman Eoin Riordan and Theresa Quirke were presented with awards for the work they have done over the last 12 months while Dominic Lynch presented a well-deserved award to Christy Moriarty for the years of work he has done for handball in the county.

On the Court: Glenbeigh duo Dominic Lynch

and John Joe Quirke were defeated in their All Ireland Hardball senior semi-final. They lost out to the Dublin pairing of Eoin Kennedy and Karl Brown, going down 21-12, 21-4.

Two of the four will meet again next weekend in the All Ireland Hardball Senior Singles semi-final when Dominic Lynch takes on Eoin Kennedy on Sunday. Also next weekend in the All Ireland Hardball Junior singles semi-final Glenbeigh's Jack O'Shea will meet Meath's Peter Reilly. There are no venues set for these games at the time of going to print.

KILLARNEY GOLF CLUB - MENS

The team representing our Club in the Jimmy Bruen Shield has now advanced to the West Munster Final which has been scheduled to be played at Tralee Golf Club on Wednesday the 24th of May at 4.00 P.M. when we will be up against Newcastle West Golf Club. Club Captain Declan McCarthy is also hoping that the support for the team at Tralee on the 24th will be as good as it was in Dooks last weekend, and several of the team remarked that whenever they were down in their matches, they gained tremendous encouragement from the many

members both Men and Ladies who had travelled to support the team.

Killarney were up against Waterville Golf Club in the 2nd round which we won by a margin of 3 and a half points to 1 and a half points.

Tom long & David Moloney won 2/1

James Curran & Ger Moroney won 2/1

Dan Doona & Padraig Sweeney won 2/1

Liam Hartnett & Jason Arthur lost 4/3

Dermot Roche & Darren Mulcahy were called in when level with 2 holes to play.

The result belies the tightness of the tussle, as after 9 holes we were behind in 4 of the 5 matches, and all square in the 5th match

In the 3rd round we faced our near neighbours and friends from Beaufort Golf Club and again we were behind in the early stages, but again the team staged a great recovery and in the end were comfortable winners by a margin of 3 and a half matches to 1 and a half matches,

Dermot Roche & Darren Mulcahy won 3/2

Peter McEnery & Ryan Kelliher lost 4/3

James Curran & Ger Moroney won 2/1

Liam Hartnett & Jason Arthur had posted our 1st win of the tie when they won 5/4

Dan Doona & Padraig Sweeney were called in when level after 16 holes.

In the semi-final Killarney faced home favourites Dooks Golf Club, and a very tight ding-dong match was expected and was exactly what we got.

Tom Long & David Moloney won 1 up

Dermot Roche & Darren Mulcahy won 2 up

Liam Hartnett & Jason Arthur with a 5/4 victory Both matches with James Curran & Ger Moroney, and Padraig Sweeney & Peter McEnery were called in from the 18th fairway and 17th tee, respectively with both matches standing at all square.

Declan remarked afterwards that we had only lost 2 games out of 15 played in our three matches over the whole weekend, which was a fantastic achievement, and a great credit to the management team of Tomas Barry, Sean Casey & Eugene O'Sullivan.

The competition on Sunday the 14th of May was the Kerry Petroleum sponsored singles stroke played on Mahony's Point, the competition was won by Paudie Horan with 67, and John O'Connor was 2nd also with 67, beaten by a better back 9 holes.

KERRY COUNTY COUNCIL

Do you own a property (vacant for more than one year) in Kerry and are you willing to lease it to Kerry County Council?

The newly launched Repair and Leasing Scheme targets vacant properties as a possible source of social housing and provides property owners with an income stream that may be otherwise unavailable. The scheme provides that repair and improvement works to bring such properties up to the standard for rented accommodation are funded by Kerry County Council. The cost of the works is then deducted from rent/lease payments over an agreed lease term of at least 10 years.

There are a number of requirements in relation to the scheme:

- The Scheme is not available for private renting
- The property must be vacant for at least 12 months
- There has to be a social housing demand for the property locally
- The property has to be viable to provide accommodation
- The maximum cost of repairs allowable will be 40,000
- The minimum lease term is dependent on the cost of repairs with a minimum lease period of 10 years and a maximum period of 20 years.
- The lease payments will be based on the general terms of social leasing which is set at 80% (85% for apartments) of the current market rental rates in the property location
- The scope and cost of the works are agreed between the owner and Kerry County Council

Properties in all areas will be considered but in particular the Council is anxious to source properties in the main towns and villages.

Why lease your property to Kerry County Council?

- Upgrade your property at no capital outlay from your own resources
- Guaranteed rent
- No loss of rent during vacant periods
- No collection of rent or finding a new tenant
- No dealing with tenants or routine maintenance
- No advertising costs

Application Forms and further details are available on our website www.kerrycoco.ie or by contacting the Housing Department at 066-7183645 or by email at kerryrls@kerrycoco.ie

TODAY IS - WORLD FAMILY DOCTOR DAY

World Family Doctor Day (FDD) was first declared by the World Organization of Family Doctors in 2010 and it has become a day to highlight the role and contribution of family doctors in health care systems around the world. The event has gained momentum globally each year and it is a wonderful opportunity to acknowledge the central role of their specialty in the delivery of personal, comprehensive and continuing health care for all of their patients. It's also a chance to celebrate the progress being made in family medicine and the special contributions of family doctors all around the world.

Depression is the theme for World Family Doctors Day 2017.

Depression was also the chosen theme for World Health Day, and the World Health Organisation has made a number of posters and videos available for general use on the WHO website.

Depression is a common mental illness characterized by persistent sadness and a loss of interest in activities that people normally enjoy, accompanied by an inability to carry out daily activities, for 14 days or longer.

Depression is the leading cause of ill health and disability worldwide. Suicide is the second leading cause of death among 15 to 29 year olds. According to the latest estimates from WHO, more than 300 million people are now living with depression, an increase of more than 18% between 2005 and 2015.

Lack of support for people with mental disorders, coupled with a fear of stigma, prevent many from accessing the treatment they need to live healthy, productive lives.

For someone living with depression, talking to a person they trust is often the first step towards treatment and recovery.

Mr. Allen's family foundation provides funds to improve communities throughout the Pacific Northwestern region of the United States. It has programs dedicated to education, science and arts.

CHARLIE HOPS HIS WAY TO PEOPLES HEARTS

Charlie lovingly goes about his daily routine at the William E. Christoffersen Veteran Soldiers Home in Salt Lake City. People pet him, hug him, and feed him treats, and then Charlie hops away to his next duty station. This award-winning animal brings love to everyone he sees, especially the veterans at the home. The odd thing is that Charlie is a red kangaroo.

Charlie started at the home in March 2015 as a baby. He shows love towards everyone he meets. It doesn't matter what kind of condition or disability someone has, Charlie treats everyone with the same tenderness. His handler, Noralyn Kahn, says Charlie's love helps bring families together as he eases the fears of children coming to visit relatives. Younger children become less afraid because they can meet with a cool kangaroo while visiting grandma or grandpa.

The residents of the veterans home love Charlie's presence as he brightens up the surroundings. He's one of about a dozen therapy animals that visit residents on a regular basis. The animals love to be held, touched and petted. However, Charlie is unique. He's the only one that hops. His soothing presence works so well that he also visits special education classes and hospice care patients.

Ms. Kahn says that Charlie lessens people's depression and makes everyone happier at the veterans home by giving veterans something warm and cuddly to focus on. All other concerns of the moment seem to melt away and disappear, which is the point of therapy animals.

When Charlie grows up and reaches puberty he will be much larger and stronger, he will then go to a ranch to live out his retirement

years. The Red Cross honoured Charlie with the "Animal Hero of the Year" award for his service to veterans. Charlie was the first kangaroo to receive this honour.

Charlie's story illustrates that the love shown by animals doesn't just come from dogs and cats. Any animal can make a difference in someone's life, including in the lives of veterans who deserve to be happy in their golden years.

"THE GREEN REAPER"

Death is a natural part of life that everyone must deal with, but when the financial burdens of funeral costs and burial services mount, families are often heaped with an unnatural amount of stress after losing a loved one.

That's why one mortician in Boring, Oregon decided to make a difference—bringing her big heart and lower-cost biodegradable options to the funeral business in her small town.

Since she opened Cornerstone Funeral Services eleven years ago, Elizabeth Fournier has given hundreds of mourners affordable services, and sometimes foregone fees altogether.

"As long as the mortuary board is happy with me, and I am being ethical I tend to march to my own drum," Elizabeth told Good News Network. "If a family is truly having a hardship, I have no issue giving services away."

Elizabeth guesses she has excused over forty parents from paying any money for child burials or cremation services, and has financially assisted over 20 families with regular services. Typical funeral costs in America average around \$7,500 or more, but Elizabeth charges only \$2,000.

As well as offering steadfast affordability, Ms. Fournier cares about the environment and has earned the nickname "The Green Reaper", she creates her own biodegradable urns out of dryer lint, flour, and water which she has donated to poorer families. The urns are just one of the many ways the Green Reaper cares for Mother Earth, such as using biodegradable shrouds and wooden coffins rather than concrete, embalming fluids, or expensive caskets.

"Being an undertaker has helped me with many daily things," says Elizabeth, "from wearing my seatbelt and always telling my family that I love them, to bigger things such as knowing that I am on this earth for a greater purpose outside myself. I truly view my job as my ministry."

Elizabeth followed an unwavering interest in funeral science since her childhood at age 8 when her mother and grandparents passed away. "The funeral industry seemed like a natural

life path for me. I started to read about different cultures death rituals in National Geographic Magazine. When a friend's pet died, I'd perform the funeral. I watched the burial scenes on TV with great interest" she said in an interview.

Most of the students at her Catholic school in Portland, Oregon had living parents, so Ms. Fournier became a resource for peers who suffered loss: from pets to family members, Elizabeth became renowned as always knowing just what to say.

A mass communications student in college before studying to be an undertaker while working odd jobs, the now 47-year-old mother with a husband who met her at a crematorium, Ms. Fournier continues to serve the families of Oregon with her motto "Cornerstone Funeral Services: Where Compassion Guides."

"Dealing with loss is hard. I advocate for people to dialogue and have conversations and go to support groups and read on the Internet and get whatever nourishment or guidance they need to work through the loss. When someone dies, the rug really is pulled out from underneath you. You are cracked wide open. It's important to fill that crack with positivity and love" she concluded.

MT. EVEREST IS COVERED WITH OUR RUBBISH

At 8,848 meters tall, Mount Everest, also known in China as Mount Qomolangma, still did not manage to escape our debris. Fortunately, much of the waste that has accumulated on the iconic mountain will soon be making its descent. Tibet has launched a huge clean-up campaign in the high-altitude area of Mount Everest that is also the first endeavor of the kind. The aim of the campaign is to collect all the waste left on the mountain by hikers and campsites.

The cleaned campsites are at altitudes between 5,200 meters and 6,500 meters on the north side of the mountain. Heightened human activity in that area with as many as around 60,000 people visiting the north side of the mountain every year, left the so-called "Roof of the World" looking rather vandalized – covered with tin cans, plastic bags, discarded tents, and a variety of other equipment and climbing paraphernalia. The official team taking part in the project was joined by volunteers from Tibet and from abroad and in the first five days collected four tons of litter

Tibet government is now planning to install sorting, recycling, and degradation stations throughout the camping areas of the mountain. Thanks to this great step, the mountain will hopefully suffer much less from the recklessness of the climbers in the future!

Even if you haven't climbed Mount Everest (or even considered it...) you can help reduce the impact of our global trash problem. Each of us has the power to take little steps to reduce the amount of disposables, particularly plastic, that we produce. From bringing a reusable water bottle to work and always remembering to carry a cloth tote bag, you can keep hundreds of plastics out of landfills and the oceans every year.

DELHI POLICE DONATED BLOOD TO THE VERY PERSON WHO SHOT AT THEM

After spotting two men with backpacks trying to scale a boundary wall of a housing block around 4am, the police were informed immediately and soon, Assistant Sub-inspector Ramashray Singh,

Head Constable Rajesh Kumar and reached the spot.

The two suspects now known to be 24 year-old Nitin and his accomplice Salman managed to buy some time by climbing a wall and jumping onto the road outside, but their ploy failed and they ended up face to face with their pursuers. Finally, the suspects were cornered by the policemen and in their final bid to escape, took out their guns and opened fire.

"A bullet whizzed past my left ear and I pulled the trigger in self-defence. My colleague, ASI Ramashray, too began firing," Constable Ashok said.

During the shootout, nine rounds of bullets were fired by him and Ramashray Singh with their service revolvers, severely injuring Nitin in one of his legs, both arms and lower back. However, it was that lone bullet lodged into his back that did the maximum damage and put an end to the firing. His accomplice, in the meantime, had managed to escape. The three Policemen rushed him to the nearest hospital, where he was taken into surgery to remove the bullets.

SS Rathee, the station house officer of Prashant Vihar police station, who was present at the Ambedkar hospital where Nitin was taken into surgery, was told by doctors Nitin would survive but required three or four units of blood, SS Rathee immediately offered to donate and upon his request

both Rajesh Kumar and Constable Ashok, without thinking twice, gave blood. "Firing at the criminal at the time of shootout was my duty as a policeman. At the hospital, I was performing my humanitarian duty," Constable Ashok said following the incident.

Despite receiving the 4 units of blood, Nitin, a native of Kasganj district in Uttar Pradesh, about whom the doctors had initially shown hope for survival, could not make it and succumbed after a long surgery.

FACIAL RECOGNITION HELPED PARENTS FIND SON 27 YEARS AFTER ABDUCTION

Some experts believe that as many as 70,000 Chinese children — mostly boys — are kidnapped every year. The Chinese government puts the estimate closer to 10,000 and the United States government estimates 20,000. These children are usually sold to foster parents or people who use them for slave labour or prostitution.

When Fu Gui was six, he was abducted on his

way home from school in Chongqing, China. He was then trafficked to Quznahou, about 1,000 miles away, where he was sold to foster parents. Now, 27 years after he was taken from his family, he has been reunited with them. And it's all thanks to the latest cross-age facial recognition technology from Chinese tech giant Baidu.

In 2009, nearly two decades after Gui was kidnapped after school, he uploaded the earliest photo he had of himself, taken when he was 10, adding it to the database of tens of thousands of images. In January of this year, Gui's father uploaded a photo of Gui when he was 4.

Baidu arranged a meeting between Gui and his biological family, but Gui was suddenly hospitalized. Instead their first reunion took place over video conference on April 8. Gui's birth mother was overcome with emotion when she saw her son's adult face on a phone screen. The family later visited him at the hospital.

PEOPLE IN AN ASSAM VILLAGE ARE USING UMBRELLAS TO FIND THEIR WAY IN THE DARK

Like many parts of rural India, the state of roads and power supply in the villages of Assam are not very promising. After sunset, there are very rare occasions when there actually is a steady supply of power. "One major worry for the people in my village is to get back home safely before it is twilight", 21 year old Dhrubajyoti Kakati says. So he has put together an umbrella with a 4-inch solar plate that can fuel a battery of 6-volt capacity and it also charges mobile phones. The solar plate on the outside top of the umbrella can charge the battery, even on days with low sunlight and the battery can also be charged by electricity. This entire assembly that is attached to the handle of the umbrella weighs about 300 gm and can light up a torch with a LED bulb.

The device, embedded in a box, is equipped with an LED torch that can be detached from the umbrella's handle and also used as a flashlight.

Mr. Dhruba has previously invented a multi-purpose crutch for the physically challenged that is equipped with a seat and a small table that is lightweight and easy to use, a seed driller, that is perfectly suited for small-scale farmers which helps with furrow making and covering as well as setting seed, a pedal-operated grinder, a concrete mixer and a brick-making machine etc. all of which are easy to operate.

A WORD OF VICTORY

Welcome back dear reader let's look at the nation of Israel and its importance. Because of Adam's sin and fall Satan became ruler of the earth planting evil thoughts in people's minds which, when acted upon, prevented them from being able to live godly lives, opposing God's standard. So God chose a small nation called Israel to introduce the knowledge of His will to the human race by revealing it to a man called Moses in the form of the Ten Commandments which were to be strictly obeyed (Exodus 20:1-17). Great rewards were promised to those who obeyed the commands, but great curse would come upon the nation if they disobeyed. This was called the giving of the Law which at that time was only given to Israel (otherwise known as the Old Covenant). Because of the weakness of human nature the Jews found it impossible to strictly obey these laws, and in the year 70 A.D. the Roman army invaders of Israel captured the capital Jerusalem. They slaughtered the Jews, tore down their Temple and took the survivors into captivity scattering them to the four corners of the earth. In Jeremiah chapter 31 verses 31-34 the Lord said that He would make a New Covenant – this time He would write His Laws on the people's hearts and forgive their sins and never again remember them; and that He would draw His people Israel back to their homeland from where they had been scattered, with Jerusalem as the capital, and the Hebrew language being spoken there again. The return to Israel and the re-establishing of the nation took place on 12th May 1948, the return of Jerusalem as its capital took place in 1967. Scripture also says that many nations will hate the Jews and will do everything they can to annihilate Israel. But God promised to preserve and watch over them (Psalm 121:4). God said He would bless those who bless Israel and He will curse those who hate them (Genesis 12:3). When Jesus came, the New Covenant in Jeremiah 31 was established through His death and resurrection (Read Hebrews chapter 10). God opened the way for all nations to come to Him and benefit from the blessings of this New Covenant by accepting Jesus as Lord. Our sins are forgiven and forgotten and we are included and grafted in to God's family along with the Jews. More next week...

4TH ANNIVERSARY

In loving memory of

**DECLAN
HEALY**

**Rockfield, Faha, Killarney
Called home by God on 21/05/13**

*Don't remember me with tears,
Remember all the laughter,
We had throughout the years,
Then when the Summer sun,
Shines and wakes the flowers in bloom,
I'll walk that light from Heaven,
Around the corners of every room.*

*Do the things we did before,
The same in every way,
Just whisper a little prayer to me
At the dawn of every day.
Just think of me as gone ahead,
For my love is a blessing
In death it still can last.*

*Forget your troubles and worries,
They are mine forever more.
I'll watch and care and love you
From Heaven's open door,
And when your road gets rough and rocky,
Or you're down and need a crutch,
Remember, I'm right beside you,
Just and inch too short to touch.*

You were a wonderful part of my life
You have my love forever, Mary.

This letter comes to thank you, Dad,
For needed words of praise;
The counsel and the guidance, too,
That shaped my grown-up days.
No words of mine can tell you, Dad
the things I really feel;
But you must know my love for you
is lasting, warm and real.

(Gemma, Savio, Izzy & Eloa)

LET'S PRAY TOGETHER INTO THE WORD

Let's Pray Together In The Word
Collosians3(8,10) Be Transformed. But now put away
and rid yourselves of all these things, anger, rage, bad
feeling towards others, curses and slander and foul
mouthed abuse and shameful utterances from your
lips. And clothe yourselves with the new, which is
renewed and remolded into knowledge after the
image of Him who created it.

Pray to receive Gods transforming power. Believe that
God is at work to change you.

Father God (Abba) please forgive my sins, and
change me to the person you want me to be. Your are
working in me right now, because I have come to you
in repentance, confession and prayer. Thankyou for
changing me.

Amen

NOVENA TO THE SACRED HEART

You have said O'Divine

Jesus ask and you shall receive, seek and you
shall find, knock and the door shall be opened
to you. Relying on these promises I come with
confidence during the novena to beg of you the

shall I ask, Lord Jesus, if not from you whose
heart is an unfailing source of graces and merits.

Most loving heart of my God I believe in your
power, I believe in your knowledge, I believe in
your personal love for me and therefore O Sacred
Heart of Jesus I place all my trust in you. Our
Father, Hail Mary and Glory. Say 3 times for 3
days and request will be granted, Never know to
fail. Must publish. **S.M**
