PORTRAIT OF Michael Mackey O'Shea UNVEILED

A stunning oil on canvas portrait painting of the inspirational Killarney man Michael "Mackey" O'Shea was unveiled to the O'Shea family at Killarney Races last week.

Killarney artist, Diarmuid O'Sullivan, who is based in Cork was commissioned by Tim O'Shea to undertake the painting of his father.

Michael "Mackey" O'Shea was a progressive businessman who left school at 13 and built his business empire in the town of Killarney. He was also one of the key businessmen who were responsible for bringing Liebherr to

Killarney.

The O'Shea family own and operate MD O'Shea's Builders Merchants, Home Garden and Building Suppliers in Killarney and Ballincollig along with O'Shea's Funeral Home on New Street in Killarney.

"I would like to extend a huge thank you to the O'Shea family, particularly Tim, who commissioned me to paint this portrait of his father" Artist Diarmuid O'Sullivan told Killarney Outlook adding that "Mackey" was a pioneer in more ways than one and a very well respected businessman in Killarney".

"Tim was initially shown some of my paintings online and got in touch, not knowing that I am also from Killarney", Diarmuid said.

"After a brief email exchange, we quickly realised the connection between our families, making the commission even more special for both parties", he added.

Diarmuid is the son of Andy and Kathleen

KERRY HOLDS ITS BREATH AS THE COUNTDOWN TO THE ALL IRELAND FOOTBALL FINAL IS ON

With only days to go to the All Ireland Football Final, Killarney is decked out in Green & Gold with some families going "all out" in their bid to honour their heroes.

One of those people is Antoinette Moloney-O'Shea who decks out her home on Torc Terrace in Green and Gold every year.

"We haven't got tickets for this year so we will all gather here and watch it at home", Antoinette told Killarney Outlook.

Indeed, so enthusiastic is Antoinette and her family about the Kerry Team, she got word on Wednesday morning that TV3 were on the

way to visit her home.

"We just love all things Kerry" Antoinette said as she proudly showed off the amazing collage that her grand children, Jack and Eoghan and Nathan and Roisin made.

Antoinette and her husband Pat O'Shea and her daughters Suzanne and Janet have entered lots of competitions to win tickets but to no avail, however she said that watching it from home with all her family will be just as good.

HITTING THE TRAIL IN KERRY AS NEW MAP SHOWCASES 130 WALKS

Walk the line... from left, Cathaoirleach Kerry County Council, Cllr. John Francis Flynn, CEO North East and West Kerry Development, Eamonn O'Reilly, Head of Tourism Kerry County Council, Niamh O'Sullivan, Kerry Tourism Industry Federation member Mike (Larkin) Murphy, Active Me Digital mapping, Brian Coakley, CEO South Kerry Development Partnership Noel Spillane. Walkers in Kerry and beyond will delight in the new online map which showcases over 130 different walking trails in the county. The Kerry Trails Map is an online interactive map for Kerry, which provides essential trail information for those who would like to explore the county's numerous walks and trails and was this week launched by Kerry County Council. The map was developed in partnership with the South Kerry Development Partnership and North East and West Kerry Development and was funded through the support of the Department of Rural and Community Development's Outdoor Recreation Infrastructure Scheme. The project mapped 130 Kerry trails and offers over 270 options for walks throughout the county, and provides essential information including trail location, length, difficulty,

duration, GPS coordinates, directions to the trailhead/parking areas and other important information. 'This is a really exciting showcase for what we have to offer here in Kerry,' said the Cathaoirleach of Kerry County Council, Cllr John Francis Flynn. 'Given the popularity now of outdoor pursuits including walking and hiking, it is wonderful to have such a useful and interactive resource being made available to those wanting to explore and enjoy the many walks and trails which are available all over the county,' he said. Head of Tourism with Kerry County Council, Niamh O'Sullivan said that developing and promoting trails and walks around the county is an integral part of the County Kerry Tourism Strategy. 'Kerry already has a well-established reputation

for walking and hiking and this new map, which is so easy to use, will greatly complement the resources and information which is available to walkers from Kerry and beyond,' she said. 'I would like to acknowledge the assistance of Brian Coakley of Active Me who was involved in developing the map as well as SKDP and NEWKD and the Kerry Tourism Industry Federation who supported the initiative from the outset.' The map can be downloaded for use off-line and offers a 3D view of trails to enhance the user experience. Visit <https://www.kerrycoco.ie/tourism/kerry-trails-map/> to view and download the map and follow Kerry County Council on social media for updates.

It's the talk of the town...

With Anne Lucey

Anne Lucey looks at the positive news happening in the town of Killarney

A JP FOR EVERY COUNTY IN THE COUNTRY

Congratulations to the Limerick people living in Killarney on a super game and a super win on Sunday.

The connections between Limerick and Killarney are almost as strong now as those with Cork.

Thanks largely to a shared taste for all things sport, but also a university that probably attracts as many students from Kerry as Cork once did.

But when it comes to Limerick, JP McManus' backing for all things Limerick is surely central to the county's growing status from golf to GAA.

After Limerick won the 2018 All-Ireland, he donated 3.2 million euro to every Gaelic Games county board in Ireland, to be divided evenly among the clubs.

Broker and racehorse owner JP wanted to even the money away from his home turf - and the donation of €100,000 to every Gaelic Games county board in Ireland was to be divided equally among their clubs.

JP, a regular at Killarney races down through the years, is not exactly media friendly. And he is a tax exile, although he prefers to be known as someone who works abroad and brings back the money to spend at home. He'd be an emigrant if he made no money, but he's an exile because he has made money, he once quipped. "If I was somebody who set up a business abroad and it didn't go so well I'd be considered an emigrant; if it goes well I'm considered an exile," he said.

His backing for Limerick, whether it's hospitals or hurling or holidays for the Limerick team in Barbados is truly transformative. Ask any Limerick person, and they will simply say "JP" with a sense of gratitude.

Few counties or even countries have anyone like this. Old style patronage, I suppose you'd call it, where money is channeled by an individual to his childhood home directly where he deems it needed.

We would all like a society where funding for services is directed equally and evenly. . But we don't have that. A county with a strong minister, or a senior civil servant in Dublin who has not forgotten what it is like to live outside the capital, will get more basic services than others. Cork with three senior politicians is doing spectacularly well at the moment.

So until we get a fair system, Kerry could do with a JP McManus and whether he's an emigrant or an exile won't trouble us!

JP McManus

SORTING TRAFFIC

Traffic is never far from this column. Partly because traffic is an eternal problem in Killarney. I can't understand how it got so bad or when exactly. But on top of the decade of jams, there is the intractable parking problem.

This weeks' county council heard from Councillor Brendan Cronin how the principal of St Brigid's in Killarney, Roisín Moore, has seen no progress since November 2020 when she first raised concerns at a meeting with council engineers about the need for a pedestrian crossing at St Marcy's Tce, and other safety measures for the 730 students.

Just under half the school population uses St Mary's Tce egress and access.

The school is having to put staff on point duty to control traffic to ensure their girls are safe. She was told that by April 2021 there would be a pedestrian crossing, but there still is none.

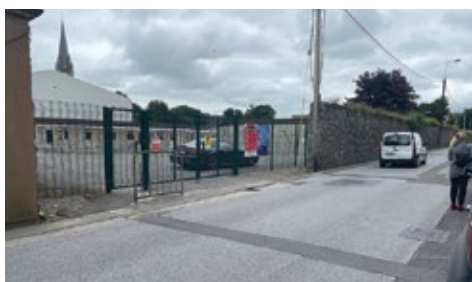

She can't feel at ease and is indeed in a moral dilemma promoting walking and cycling to school when it is not safe to do so, she has told the council engineer.

"The town's urban landscape and infrastructure does not adequately cater for cyclists and pedestrians and until it does, I am afraid we are fighting a losing battle. It is simply not safe to walk or cycle to St. Brigid's at the moment for a number of reasons," Ms Moore said.

"No cycle path gives direct access to the school. The cycle paths that do exist stop and start in an ad hoc manner around the town and none bring students directly to the school," she says. Privately owned cars continue to park on the only bus space outside the Cathedral which results in the school bus double parking and creating even greater disruption and privately owned cars double and triple park on a daily basis from the West End as far as the Old Presbytery on both sides of the street. "This type of driver behaviour does not support a safe cycling and walking environment for our young people," she adds.

With September looming, can there be a solution?

A small suggestion from this column to ease the traffic on Mission Road: a one-way with no exit onto Mission from Beech Road would help traffic flow.

St. Brigid's Principal Roisín Moore, has seen no progress since November 2020 when she first raised concerns at a meeting with council engineers about the need for a pedestrian crossing at St Mary's Terrace.

A DAY AT THE RACES

Speaking of traffic, full marks to Sgt Dermot O'Connell and his team which kept traffic flowing smoothly during Ladies' Day at the racecourse. We all remember snarled traffic and late arrivals of years past.

It was a magnificent occasion with worthy winners Charlene Brosnan and Niall Crowley, all Killarney. A third Killarney person should not go unremarked: Danny Leane of Annburys boutique, Tralee has not forgotten his roots despite a quarter of a century in Tralee. Danny was a finalist in the best dressed gentleman with a stunning Kerry tweed suit, aqua blue tie and a silk lined waistcoat made from a Kate Lopez designer dress which had been his wife Anne's all set off with a felt hat.

The success of Dawn Milk Ladies' Day is due in no small part to the hard work of Gerard Coughlan, chairman of the racing board.

Gerard, a former general manager of Dawn Milk, thanked the company for its continuing sponsorship.

The association between Dawn Milk and the Killarney race meeting has continued for three decades and it's by far the longest sponsorship in racing in Ireland, Gerard said.

It was really three years since the last Ladies' Day, and the organisers were "a small bit nervous" and worried that people would still be too anxious to come out, he said.

But Killarney was "blessed with the weather" and everything else.

FINAL PREPARATIONS UNDERWAY FOR FÉILE LUGHNASADH - MILLTOWN

Final preparations are underway for Féile Lughnasadh which will take place in Milltown from July 28 to 31st, and marks a very important time in the life of ancient Ireland. The festival, featuring Sharon Shannon, jiggy and The Rising playing free, open-air concerts, will be a spectacular celebration of tradition and culture for all the family.

Féile Lughnasadh is based on the late July celebration of the beginning of the annual harvest and the origins of this reach back into the mists of Celtic lore. The Celtic god Lugh is honoured in many parts of the Celtic world, throughout Ireland and Europe. County Louth and the Galician city of Lugo in Spain both derive their names from this Celtic past. Traditions including Garland Sunday and Lammastide also owe their origins to honouring Lugh, the protector of the people and provider

of the rich harvest of food, sustaining all for the long winter ahead. Legend tells us that Lugh defeated Crom Dubh and freed the people from darkness and hunger. The end of July in ancient times would see nuts and berries ripen, before the main crops of grain and roots later in the year. People celebrated nature's abundance and hoped the gods would ensure a dry autumn and a good harvest. Lugh and his foster mother, Tailtiu, are the Celtic figures most associated with this festival. Tailtiu gives her name to the Tailteann games, a term used for several events, most recently in the football championships.

Lughnasadh is a key event in the Celtic year, marking the half-way point between the summer solstice on June 21st and the autumn equinox on September 21st. "It's fitting to name our festival after a god who protects the people

and provides for their needs. Our festival comes at a time where we need to get out and celebrate our cherished traditions again", said Owen O'Shea. The ancient origins of the festival will be marked with the opening parade on July 28th, with local groups in costume as Lugh and Tailtiu, wearing traditional straw and rush garments in what promises to be a spectacular opening. "We've worked with local groups, using traditional methods to recreate Celtic ceremonial clothes", added Cecelia O'Shea, "making for a rich, authentic experience."

The festival will feature the three concerts as well as the opening parade, music and singing sessions, kids' activities, a food and crafts fair and much more. See facebook and instagram for full details.

BUS ÉIREANN URGES FAMILIES TO CONFIRM THEIR SCHOOL TRANSPORT REQUIREMENT FOR 2022/23

The family portal has reopened and families must confirm their request by Friday 29 July 2022

Following the Government announcement that the school transport scheme will be free to families in 2022/2023, Bus Éireann has reconfigured its online family portal and is advising families that it has now reopened. Bus Éireann operates the school transport scheme on behalf of the Department of Education.

"We have emailed all registered families this morning advising them of their next steps. The first thing they should do is to check their inbox. The email has a link to bring them directly to the new confirmation page on the website," said Miriam Flynn, Chief Schools Officer, Bus

Éireann. "It is fantastic to be able to offer free school transport for this coming school year. The system is a little different but very simple – it just requires people to click a button to request their ticket.

We are urging them to log in to the portal as quickly as possible and get that confirmation in as tickets cannot issue without this request on the system."

People who have already made a payment for school transport do not need to take any further action and will be refunded around the start of the school year.

People who have applied but have not yet made a payment will need to log in and request

their ticket on the portal.

People with medical cards do not need to enter their medical card details but do need to log in and request their ticket on the portal.

Free school transport is a temporary measure introduced by the Government to provide assistance to families for the current year. The normal eligibility criteria are unchanged.

IRELAND'S NEW RESEARCH VESSEL TOM CREAN

Ireland's newest research vessel the RV Tom Crean arrived today in Irish waters and is currently docked in the Port of Galway before embarking on its first survey towards the end of July and then making its way to Dingle in advance of its official commissioning due to take place in Autumn 2022. Ireland's latest marine research vessel has been named the RV Tom Crean, after the renowned seaman and explorer from Kerry who undertook three ground-breaking expeditions to the Antarctic in the early years of the 20th Century.

The RV Tom Crean which will be based in Galway after its commissioning will enable the Marine Institute to continue to lead and support vital scientific surveys that contribute to Ireland's position as a leader in marine

science. The research vessel will carry out a wide range of marine research activities including expanded fisheries surveys, seabed mapping and marine spatial planning, climate change related research, environmental monitoring, deep water surveys, and support increased research in the Atlantic Ocean.

WARNING ISSUED BY KCC FOR LOUGH LEIN

Kerry County Council has issued a warning to the public not to swim in Lough Leane following the potential for an algal bloom in the water and on the shoreline.

The Council has erected signage at a number of locations along the shore of Lough Leane to advise members of the situation.

Following the taking of samples by Kerry County Council staff in recent days, laboratory tests confirmed the presence of cyanobacteria (a blue-green algae) indicating the potential for the formation of algae along the shoreline.

In accordance with protocols for these situations, precautionary signage has been erected at locations along Lough Leane and those who frequent the shoreline are being advised to exercise caution. Members of the public are advised not to bathe in water if there are visible signs of algal blooms in vicinity. They are also advised to ensure that they keep their dogs under control as such algal accumulations can be harmful on ingestion. The situation is being monitored closely on an ongoing basis by Kerry County Council.

WIDESPREAD SHOCK AT AIB ANNOUNCEMENT

A Kerry Fianna Fáil Councillor has compared the announcement of the withdrawal of cash services from AIB Bank branches in Kerry to your local publican advising that he was no longer selling alcohol.

"We have all heard the song 'The Pub With No Beer' but a Bank with no cash is beyond a joke. AIB Bank has once again left down the people of Ireland by withdrawing vital services from them" stated Councillor Michael Cahill.

"I understand that cards are increasing in usage, but that is mostly amongst our younger population. Many of us reared in the cash era, continue to rely on notes and coin to transact our business and transferring to plastic or digital payments would be terribly difficult" said the Rossbeigh based Councillor.

"Also, our rural businesses such as shops, restaurants and pubs will continue to require to lodge cash and source coin for change going forward. What are they to do, with no night safe facility even?" said Councillor Cahill.

"I genuinely hope our Post Office network can

step up to the plate and replace our present banking system with the services our people require. I believe there should be a concerted effort made now to transfer any financial business that we transact, to our local Post Office and show the Bank Executives that we, the people don't need them anymore" added Councillor Cahill.

Meanwhile Deputy Danny Healy-Rae has also condemned the act.

"This is a deplorable action by AIB which will leave many people in Kerry without cash. This impacts 5 branches of AIB in Kerry- Kenmare, Castleisland, Killorglin, Cahersiveen and Dingle", Deputy Healy Rae told Kilarney Outlook.

"Many people still use and need cash to survive. Many Businesses, Farmers, Tradesmen and elderly people won't be able to manage and won't be able to get change or make lodgements and it will be setting up families and households for more robberies.

The Government already closed a lot of post offices and they still want to close more of

them, now they are downgrading the banks and telling us to go to the post offices, are they all raving or what?

The Government have a large share in the bank. Why are the Government totally silent on this? I am calling on the Minister for Finance Paschal Donohoe and the Government to step in as everyone is still paying for bailing out the banks in 2009", he added.

Customers from Cahersiveen, Killorglin and Kenmare will have to travel to Kilarney to avail of cash services.

MEET CIAR AND GO ON A QUEST WITH HIM.....

Meet Ciar, he is a descendant of the O'Connor Chieftain Ciar, the founder of the Kingdom of Kerry. To honour his ancestors his mission is to protect Kerry's rich folklore & heritage.

Ciar's Quest is a new tourism, a digital app created by KTIF/Rdi Hub and KCC.

The project began at the end of last year and now two exemplar Apps have been developed which will be rolled out in the Killarney area. The first is called Ciar's Quest which is a digital treasure hunt using Augmented reality with a storyline around Ross Island and its wildlife. The second app will be available at the end of the month and will feature the stage of the "Kerry Way" beginning at Muckross Abbey and along the lakeside route up to the back of Torc. This will have historical characters presented in Augmented reality giving the history at various locations along the route.

Join him on his quest to find the Kingdom's hidden wildlife while also uncovering some hidden gems on your journey.

KILCUMMIN IS CERTAINLY *Looking Good!*

The village of Kilcummin is blooming with the the village, the park and surrounding areas benefiting from wonderful sunshine and heat.

With the impending arrival of the adjudicator, expected over the next few weeks we would ask all householders to make a special effort on road side outside their own house to ensure it is presented at its very best.

"Please ensure if you are a dog owner that you take on your responsibilities associated with dog fouling on footpaths and park", Derek O'Leary from Kilcummin Looking Good Committee told Killarney Outlook.

We have to express our sincere gratitude and compliment artist, Martin Carey for the excellent art work on the snake's and Ladders and the "Failte" lettering within the park. Also I think all would agree that his artwork, on the side of each flower container in the Village is a wonderful addition and embellishment to the overall look of the village", Derek added.

Don't forget to get out and visit the park which is now in full bloom. Maybe have a game on the life size snakes and ladders, hoping you get more ladders than snakes!

PURE NATURAL JUICE GOODNESS

The Story so far ... Nicola Lynch in conversation with the Killarney Outlook

Nicola, can you tell us what inspired you to start up Zenergy?

Many years ago I suffered severe burnout from having three business's to run and having four small kids all happening together. When conventional medicine failed me I started looking for other alternatives. I started researching nutrition for my chronic anxiety and fell into a whole new world. I must have read 50 books on nutrition and also saw a very interesting documentary on Netflix called fat, sick and nearly dead. It has been a long journey for me but nutrition is vitally important to keep my head above water. I really do believe there is massive healing in natural foods. Nutrition is only one piece of my jigsaw. I do mindfulness, yoga, tms and nutrition and the combination is working well at the moment.

Was it difficult to start up with equipment etc?

I convinced my husband to go to Barcelona to see a juicer that I wanted to purchase and two week later it arrived from America. It was massive money to invest at the time but I was willing and determined to make a go of it. Zenergy is based in Killarney and we only do door to door deliveries to provide our customers with top class nutrition in a drink. Raw cold press juicing is a hard business and is very time consuming and very precise. It takes a huge amount of time making these juices but you can be guaranteed that they are what they say in the tin.

What sets your product apart from others?

We never pasteurize any of our juices because when you pasteurize a juice it is heated to a certain temperature which will kill off any of the bacteria that would spoil a juice but this also kills off the goodness that should be in juice. Juices these days are mostly pasteurized. Pasteurized juice give a longer shelf life of a couple of weeks to a couple of months. Juice should not sit on a shelf for weeks or months on end it needs to be made and consumed as soon as possible. I did the Food Academy program with the Kerry Enterprise board a couple of years ago and I was successful in getting into all the Supervalu's in Kerry. I did it for a couple of weeks and it nearly broke me, not financially but in spirit. I would spend all this time making these juices and would hate to see the way they looked on the shelf, compared to other juices but we weren't comparing like with like. Pasteurized juices always look amazing they never separate as they have added stabilizers. A lot of juice companies also add water, artificial flavors, artificial colours or artificial preservatives to make juices look more appealing on the shelf. Our juices are just pure natural untreated Raw cold pressed juice that has nothing added and nothing taken away. It is so time consuming but it is a labor of love.

What do you love most about running Zenergy?

I absolutely love when I get phone calls and

emails from customers who have gone on the Juice Cleanse and it has helped them in some way. The cleanse give our customers a great start on their own health and healing journey. I really believe in the power of nutrition for a lot of health problems these days. My job really works for me now as I work in Killarney mostly. I have a cafe in Killorglin with a fantastic team who have been with us for years. They are like part of our family. Patricia our manager does a fantastic job in running Zest from day today. I love working in Zest with the girls as we all get on so well. Our customers are great and have supported us in the worst times in business. I was lucky enough to trust Patricia to run Zest while I was able to put all my time into Zenergy in Killarney. We start juicing at 5am when our deliveries arrive. They are thoroughly washed and prepared then our courier company collects at 6 PM to dispatch our boxes nationwide and offer next day deliveries.

Can you explain your products and who they might benefit?

The most popular item in Zenergy is the three day juice cleanse. This is where people consume juice only for the three day period. Everybody experiences the cleanses differently. It is a very difficult three days but on the fourth day the benefits are clear to see and people feel that their energy is restored along with losing a few pounds. Their taste buds are reset after the fourth day and everything tastes really sweet, so this is the best time to cut out sugar and start a new way going forward. Most of our customers cleanse every two months just for a general reset and to recharge energy and nourish the body. Most people lose a good amount of weight but it is more about nourishing the body to function better rather than losing weight. It is what you do after the cleanse that will make all the difference. We provide video demonstration on how to make breakfast super food bowls that will take minutes to make and taste amazing. I was absolutely thrilled to win the entrepreneur of the year award at the Connect Kerry women in business. I think you need a lot of drive passion and commitment in any business. It takes a lot of tears but if you really believe you have a great product eventually it will come right. I am passionate about juicing and absolutely love making a difference to peoples lives and health. Our newest functional juices are shark juice and charcoal lemonade. Shark juice is for someone who really needs a boost of minerals and vitamins. It contains Organics Spirulina which has an incredible amount of benefits. Our Charcoal lemonade is for a general detox. Charcoal latches on to the toxins in the body and expels them. We do baby shark juices and unicorns juices for kids which are also flooded with goodness. They are ideal for picky eaters. Zenergy is more than a beverage, they are functional juices. You should feel a difference when consumed regularly.

MINISTER VISITS FAHA NS

Minister Josepha Madigan pictured at Faha National School with Brendan Griffin TD, Principal Jerry Fitzgerald along with staff and students.

Minister Josepha Madigan, along with Deputy Brendan Griffin, TD visited Faha National School on Wednesday to observe their Summer Provision Programme.

We are delighted to welcome the Minister to Faha NS and fully support the provision of this Summer Programme", Principal Jerry Fitzgerald told Killarney Outlook.

"The children really enjoy and benefit from the lower pupil:teacher ratio which is fundamental to the success of the programme", he added.

Following the disruption of the recent Covid pandemic the government has provided this new Summer Provision Programme to help children with additional and complex needs as well as those at risk of educational disadvantage to catch up on any ground lost during the school closures. This is an expansion of the long-standing July provision which has been in place for many years. As part of this programme schools can identify the children, they feel would most benefit from extra help and then support them for two /three weeks during the summer holidays. This continuity in education can prove hugely beneficial for

children who may have complex needs and who need stability and routine to help them achieve their potential. The reduced pupil teacher ratio that this programme provides, gives an ideal opportunity to target particular areas and/or topics that may have proved challenging for these children during the school year. With a 1:12 pupil teacher ratio, as well as the essential support of an SNA, the children will be given the best possible opportunity to fully access the curriculum as well as gain in confidence in all areas. It gives teachers the chance to explore in more detail other areas of education including physical, artistic and STEAM education to help the children. The programme allows teachers to work more closely with individual children and give them more individualised attention.

"We are exploring so many aspects of STEAM education by using robotics and tablets to build and programme robots. We also have an artist, Egle Saladziute, and physical trainer Dan O Sullivan coming into the school to work with the children, As well of course as revision topics in both numeracy and literacy", Mr. Fitzgerald added.

KILLARNEY COMPAINIES RECEIVE FUNDING IN THE ONLINE RETAIL SCHEME

Companies in Killarney including Horan's Fruit and Veg, Walsh Bros Shoes and Tim Jones Butchers are among 14 Kerry businesses who have been successful in the Online Retail Scheme

New funding has been announced for Kerry retail businesses to expand their online offering and presence to customers at home and abroad, Deputy Government Chief Whip, Brendan Griffin TD, has said.

Deputy Griffin was speaking after Minister of State for Business, Employment and Retail, Damien English announced more than 200 retailers who have been approved for funding under the Online Retail Scheme (ORS) administered by Enterprise Ireland.

This latest development under will see 216 retailers across all counties approved for funding of €9.29 million. The Scheme for retailers who already have an online presence and who have a physical store and is targeted at enhancing their online capability.

Speaking today, Deputy Griffin said: "Many Irish companies have successfully made the digital transition in recent years and developed

their online capability to sell their goods and services online.

"Consumer habits have also changed in recent years and it was great for them to know that that when they went online, they had local options instead of just the large international retailers, particularly when the pandemic occurred.

"Recipients from this latest call are based across all counties in Ireland and are from a number of sectors, including hardware, pharmacy, clothing and furniture. 72% of successful applicant companies are based outside of Dublin.

"14 Kerry businesses have been successful in this round of the Online Retail Scheme. They will receive grants ranging from €10,000 to a maximum of €64,000. KILCUMMIN COMHALTAS ENJOY SUCCESS AT THE FLEADH

It was a successful trip for Kilcummin Comhaltas who travelled to Fleadh Cheoil na Mumhan which kicked off on July 10th in Newcastle West.

The group were strongly represented in the set dancing categories which took place in the earlier part of the week.

Our two sets in the mixed under 12 category faced stiff competition from all corners of Munster. Our "Colm" set danced first and were un-phased by the occasion, putting their best foot forward. Last up in the section were the slightly older "Dean" set who also performed admirably. The winners were soon announced and we were delighted that our "Colm" set place third in the over-all placing which is a great achievement for a relatively young group of dancers.

As the competition progressed we saw our girls under 12 set produce a classy performance that saw them achieve second place that will see them progress to the All Ireland Fleadh in Mullingar in August.

Later the same day and not to be outdone by the extremely high level of competition, our ladies 12-15 year old set achieved second place and they too will be heading to Mullingar in August.

The next day saw the dancing competitions continue. Kilcummin CCE were once again well represented and it wasn't long before the favourable results started to come through.

The 12-15 full set ladies were first up and came second in their category and they were followed by the under 18's mixed half set who placed first in their category.

Later on, the same day we saw the over 18's half set mixed compete and claim first place and they were followed that evening by the over 35's full set who danced with a plum to achieve second place. All of these competitors will be travelling to Mullingar to dance in the All Ireland Fleadh.

Well done to all who danced and as always, much credit to Mary, John and Adrian Moriarty of the Moriarty School of Dancing who's tuition, hard work and dedication has guided our dancers to achieve these fantastic results.

The music competitions took place in the latter part of the week into the weekend. Once again the standard throughout was exceptional. We were proud to be well represented across many of the musical disciplines and congratulations to all our members who participated. Huge congratulations to Michael Healy who came 1st in the 12-15 Accordion, Munster Champion & 2nd place in 12 to 15 Melodian. Michael will march on to compete in the All Ireland Fleadh in Mullingar in August.

Another winner was Eoin Foley who has placed first in the 13A Mileoidean / Melodeon FAOI 12 and who also has come in first place in the Button Accordion under 12's category at the Munster Fleadh.

Well done to all who competed and we look forward to the All Ireland Fleadh which will be held in Mullingar July 31st-7th August.

The Kilcummin under 12's "Colm" set with their trainer Mary Moriarty, who placed third in their category.

Kilcummin CCE ladies 12-15yrs set who placed second at the Munster Fleadh and will be heading to the All Ireland Fleadh in Mullingar in August

Eoin Foley who has placed first in the 13A Mileoidean / Melodeon FAOI 12 and who also who has come in first place in the Button Accordion under 12's category at the Munster Fleadh

Michael Healy who came 1st in the 12-15 Accordion & second place in 12 to 15 Melodian

MONEY MATTERS.....

**By Dermot Cronin,
Financial Advisor**

WHY DO YOU NEED LIFE COVER?

TO PROTECT YOUR FAMILY AND LOVED ONES
If your loved ones depend on your financial support for their livelihood, then life insurance is a must, because it replaces your income when you die. This is especially important for parents of young children or adults who would find it difficult to sustain their standard of living if they no longer had access to the income provide by their partner. You can also apply to add other benefits to your life cover including serious illness cover.

TO PAY OFF YOUR MORTGAGE, DEBTS AND OTHER EXPENSES
In addition to providing income to cover everyday living expenses, your family needs insurance to cover any outstanding debts, like the mortgage, credit cards and other loans. You don't want your spouse, parents, children or other loved ones to be left with any extra financial burden in addition to the emotional burden they're already suffering.

TO BRING PEACE OF MIND & LEAVE AN INHERITANCE
We can't know when we'll pass away. It could be today, tomorrow or 50 years from now, but it will happen eventually. No amount of money could ever replace a person. But more than anything, life insurance can help provide protection for the uncertainties in life. Even if you don't have any other assets to pass to your heirs, you can create an inheritance by buying a life insurance policy and naming them as beneficiaries. Without a doubt, having life insurance coverage will bring you and your family peace of mind. You should also consider income protection and serious illness cover when considering life cover.

If you have any queries on the above or any other matter you can contact Dermot Cronin QFA at 0646622775 or dermotcroninifa@gmail.com

5 STEPS TO CULTIVATING INNER PEACE

During times of great change it is a powerful skill to be able to cultivate a state of inner peace. This helps to build resilience and to manage stressful situations.

Here are my top tips to creating inner peace – enjoy!

- **Have daily moments of quiet or stillness throughout your day.** Simply sit quietly for a few minutes, focus on your breathing and rest your hands on your lower belly to help ground you. Do these during the morning, midday and evening or as many times as you feel necessary.
- **See every situation as an opportunity to grow and learn.** Ask yourself, 'What can I learn from this situation?'
- **Focus on beauty.** Notice the beauty in life – the trees, the flowers, the birds singing, the smile from a loved one.
- **Stretch slowly.** Ease out any tension or stiffness in your body by stretching slowly. Hold the stretch for at least 8 to 10 seconds.
- **Go from stressed to blessed by appreciating all that you have in your life.** Gratitude has a powerful positive effect on how we feel. You cannot be fearful whilst in a state of gratitude or appreciation.

Noreen

answers your beauty questions...

Which is easier to apply pencil, liquid or gel liner?

Eye liner is a staple beauty product in every woman's make-up bag as it can transform your look. A soft pencil is the easiest to use if it is sharpened well. Use your index finger to hold your eyelid taut just under your outer brow. If you find it difficult, apply dots of colour first along your lash line and join together after with small strokes. Gel liner is pliable, making it easier to apply if you use a nice thin brush while holding your eyelid taut. It creates a solid color instantly without having to layer it up and mistakes can be fixed with a cotton tip as it does not set immediately. Pencil or gel can also be smudged out with a pencil brush to create a soft smokey line. You may need more practice to use liquid or felt tip liners. These create intense colour

and are great for a winged look or precise flick. Choose waterproof liquid liner if you have oily eyelids or watery eyes.

Experiment with different liners under good lighting to find which suits you best.

TIPS TO HELP
YOU STAY MOTIVATED

B WELL
FITNESS CLUB

WHAT'S YOUR MOTIVATION?

Motivation is defined as the mental processes that initiates, sustains and directs human behaviour. Or simply put another way, motivation is the reason or reasons we act in particular way.

There is a trigger for all of us when it comes to training. We have a particular goal that starts us off on the process of personal training or fitness classes. We are motivated to get started and we see a new version of ourselves in our mind that we want to achieve, so the motivation is strong when we start out. One of the biggest problems however is that internal motivation that initiated the process can become less forceful as each week passes. The overall goal will not have changed but the persons perception of how they are progressing can chip away at the early enthusiasm to get the job done and achieve that goal.

American entrepreneur Jim Rohn said "Motivation is what gets you started. Habit is what keeps you going". You might also say that it is determination that keeps you going.

Fitness journeys are never easy, goals are reached but it is not always a straight forward journey. It is when you start to struggle from a motivation point of view that your trainer can help but also you have to remember why you started and ultimately this is the thing that will drive you the furthest. No one ever said it would be easy but it will be worth it.

Remember at B Well Fitness Club we are here to help you, physically obviously, but also with the mental aspect through coaching psychology. Remember that we will ask you to look inwards and ask yourself the question – What's your motivation?

COLOUR VISION DEFICIENCY

Most people with a colour vision deficiency (CVD) are able to see things as clearly as other people but they have difficulty distinguishing between some colours. This may have an impact upon a child's performance at school or on the sports field and can also affect career options, for example becoming an electrician or a pilot. As most people with a colour vision deficiency can see some colours. There are some people who are unable to see any colour at all, but this is very rare.

In the normal eye there are three different types of cones. Some cones are best at capturing long wavelength (red) light. Others catch medium wavelength (green) light, while other cones respond best to short wavelength (blue) light. The signals from these cones are sent to the brain where they are perceived as colour. People with CVD are born with one or more cone types absent or different. Most people with CVD are red/green deficient, which means they mix up all colours with some red or green in them. For example, a red/green CVD person will confuse blue and purple because they can't 'see' the red element in purple. This is more severe in some forms of CVD than in others.

Who is affected by colour vision deficiency?

Colour vision may be affected by

some eye diseases, but the most common cause of CVD is genetic. The gene for this is transmitted on the X chromosome (from your mother) and so it mainly affects men and boys, with around 8% of males and 0.5% of females having CVD. There are around 3 million people in the UK with some kind of CVD.

What are the symptoms of colour blindness?

If someone has CVD they may have difficulties distinguishing between different types of food – for example mistaking chocolate sauce for ketchup. It may also be very hard to get a child with CVD to try green vegetables as they will look unappetising. Older children may confuse the red and green lights on their games console.

If you have any concerns about your child's vision, a sight test is recommended.

How do you treat colour vision deficiency?

There is currently no cure for genetic CVD. Your optometrist may suggest using colour filters on your glasses, or coloured contact lenses. People with illnesses that have led to CVD, may find that their vision returns to normal when their illness has been treated.

KILCUMMIN

➤KILCUMMIN LOOKING GOOD

With the village, the park and surrounding areas benefiting from wonderful sunshine and heat, every corner appears in full bloom. With the impending arrival of the Tidy Towns adjudicator, expected over the next few weeks we would ask all householders to make a special effort on road side outside their own house to ensure it is presented at its very best. Please ensure if you are a dog owner that you take on your responsibilities associated with dog fouling on footpaths and park. We have to express our sincere gratitude and compliment artist, Martin Carey for the excellent art work on the snake's and Ladders and the "Failte" lettering within the park. Also I think all would agree that his artwork, on the side of each flower container in the Village is a wonderful addition and embellishment to the overall look of the village. Don't forget to get out and visit the park which is now in full bloom. Maybe have a game on the life size snakes and ladders, hoping you get more ladders than snakes!

GREEN AND GOLD

By Karen O'Mahony

We remember the words of the famous song "As I leave behind Neidin"
As you look back o'er the winding hills, it's like "purple splashed on green".
But for a while these words can change, a new story must be told
For looking now on the little nest, it's a sea of green and gold.
The many colours of our town, for now they hide behind
It's green and gold for Kerry, the vibrant ones you'll find.
The flags that fly so very high for anyone coming in
Surely they will tell them, it's the Kingdom they are in!
But underneath the banner, of Kerry's green and gold
Shines four great club colours; with pride this truth be told.
The blue and white, the red and black, together they are bound
When Templeogue and Kenmare unite, for the Tower, Harp and Hound.
Crowley, Morley, two Spillanes, O'Brien and O'Shea
Will fight side by side on Crokers grass, if only for a day.
These six young men, from different sides, much for both clubs they've done
But united now on Sunday; their hearts will beat for one.
And when ye leave to sink the Tribes, the wind to leave their sail
Know we stand behind you, as strong as any gale
And as you reach the county bounds and "leave behind Neidin"
See the colours have briefly changed, for its golden splashed on green.
And as the coach gets closer, you'll see flags of maroon hue
Here's a little small reminder of the support that's there for you...
Raise your eyes to every tree that's standing tall and bold
For when Autumn comes, their fading leaves are a little green with gold.

UP THE KINGDOM!

KERRY V GALWAY

CROKE PARK, SUNDAY, JULY 24TH

Isn't it lovely to go into an All Ireland Final as favourites? The short and simple answer is no, it definitely is not. There is a public perception that Kerry have done the heavy lifting by seeing off Dublin in that pulsating semi-final. Most people, myself included, felt that meeting was fairly inevitable – the Munster and Leinster Championships have been far too predictable of late – and the overall winners would come from that game. I also expected them to be meeting Ulster opposition in the final – Donegal were my fancy. But I will say that I predicted Galway as genuine dark horses – no great trick to that, because so did pretty much everyone else. Galway have been dark horses for the All Ireland every year going back to the 1930s. Strong club scene, great tradition behind them, and – surely to the envy of their green and red neighbours – a knack for unearthing scoring forwards every couple of years.

The general perception was that Kevin Walsh had tried to implement an Ulster-style blanket defence that didn't suit his players mindset – it's a bit harsh, that Galway side absolutely pulverised us in the 'Super' 8s that year. Eamonn Fitzmaurice's last year with Kerry was an unhappy one. Meanwhile, Galway were progressing at underage – their minors were toasting ours in the first half of the 2018 final before Kerry took over. They also played in the 2016 and 2019 minor finals. Unlike us, they were able to bring it through – U21 finalists in 2017 and U20 champions in 2020. Their U21s beat Jack O'Connor's Kerry with ease – a four point margin hugely flattered us on a day we just never got going. Gareth Bradshaw, Gary Sice, and big Fiontán Ó Curráin retired. Ian Burke, their first All Star in 21 years, withdrew from the panel. Adrian Varley is now playing with New York. Seán Armstrong – I always feared him, though he never quite fulfilled his potential – stepped away. Tom Flynn, Declan Kyne, Seán Andy Ó Ceallaigh, Ruairi Lavelle and Eamon Brannigan were seemingly deemed surplus to requirements.

Those were very, very big calls by Padraic Joyce. Galway had too many runners and utility players, and not enough specialists for

either the full back or full forward line. Very few managers would have acted so decisively. Joyce came in as manager in 2019 and Galway looked like the dashing and potent force of old. However, they lost to Roscommon in the Connaught Final and Mayo in round four of the qualifiers, and it seemed to instill caution in Joyce. This year he seems to have gotten the blend right – I expect that Cian O'Neill is playing a big role in that behind the scenes. O'Neill has the ability to give a team that extra two or three per cent, as he showed with us in 2014.

I'm not comparing paths to the final – it isn't like for like. We coasted as far as the Dublin game – I'll acknowledge that Cork put up a decent battle, but I never once felt that they could win, likewise with Mayo. Galway had built a nice head of steam in winning promotion to Division One, losing a cracking final to Roscommon – I actually think that did them no harm in the long run, and opened their campaign with a belter against Mayo, walloped Leitrim, and beat Roscommon in the Nestor Cup before that high-octane thriller against Armagh. They are plenty battle-hardened – both literally and figuratively! Galway have scored a whopping 11-82 in just five games. Sure, 4-20 against a fairly hapless Leitrim bulks up their percentage, but 2-21 against Armagh? That was absolutely phenomenal shooting. Galway are deadly dangerous, they really and truly are.

Galway Defence v Kerry Attack

This is probably where Joyce has rejigged the most. Connor Gleeson was better known as a soccer goalkeeper and has been somewhat of a surprise in goal. He got criticism for the two goals Armagh got off high balls late in normal time, but I'd be far more critical of the defensive cover. At that stage in the game it was very obvious what Armagh were going to try, they certainly shouldn't have succeeded twice. I fully expect 6'2" Seán Kelly to pick up David Clifford – both of them will be picking up All Stars later on. I imagine Jack Glynn will wander out with Paudie Clifford, while Liam Silke will try to marshall Paul Geaney. We all know that the Dingle man didn't have the best of games in the semi-final, and Killian Spillane and Tony Brosnan are chomping at the bit – Tony was desperately unlucky not to see gametime against Dublin. I'd still be starting Geaney, though, a proven big game performer.

There's no question about who starts on the forty – I'd trust him with the frees as well! Seán has been drifting in and out of the full forward line from the forty, and it's been very effective. Incidentally, Seán was championship top scorer last year and is currently six points behind Derry's Shane McGuigan and four behind Dublin's Dean Rock. The biggest decision for Jack O'Connor will be the starting wing forwards. Galway have big men around the middle and like to crowd the traffic there. Kerry have the option of starting Diarmuid O'Connor and Adrian Spillane on the wings to bolster midfield, but I'd go for Dara Moynihan

and Stephen O'Brien to start. Weather will be a key factor in Jack's decision – muscle matters more when slippery ground slows down the speedsters. Moynihan was outstanding when he came on against Dublin, and I think roving Kieran Molloy wouldn't get much change from the Spa man. Stephen O'Brien has been playing well all year, albeit perhaps fading a bit later in games, and he does a lot of hard tracking. I'd give them the nod – the team that starts won't be the team that finishes, of course, and Jack will need to have aces to draw from the deck.

Midfield

Advantage Galway. No point in pretending. David Moran will go toe to toe with Paul Conroy, who has been outstanding all year. He is a typical old-school midfielder in many ways and doesn't roam too far but is always good for a point or two – himself and David could share the kind of duel in the sky reminiscent of O'Connell and Frank Evers three score years ago. That leaves Cillian McDaid for Jack Barry, and McDaid is even more dangerous than Conroy. The former dual player and AFL recruit has everything, including a sharp eye for the posts. When Galway are on the back foot, McDaid often drops back to the half back line, with Tierney coming out to midfield, and that gives him space to accelerate onto the attack – check out his goal against Armagh. McDaid is a certainty for an All Star, and could well be a Footballer of the Year nominee. Make no mistake, it will take everything we have to break even in this sector.

Kerry Defence versus Galway Attack

Shane Ryan is likely to pip Ethan Rafferty to the All Star, I've been especially impressed with the work Kerry have done on kick-outs. Tadhg Morley will nominally be marking Matthew Tierney, but Morley is the anchor of Kerry's defence. Like Liam Flaherty of old, I want our centre back to hold his ground rather than follow the roving Tierney – Galway would thrive on space for direct runs. I suspect that Gavin White will be able to play – I think we'd be told by now if he wasn't, and he's likely to pick up Patrick Kelly. He'll be giving a lot of height away to the big man (6'5"), but Gavin attacks the ball fast and his pace going forward will be a nightmare for Kelly. Brian Ó Beaglaíoch has been an absolute revelation since replacing the injured Mike Breen. I expect Heaney to play deep – he's basically a converted defender – but Ó Beaglaíoch doesn't suffer any altitude sickness in the opposition half! If Gavin is out, I could see Ó Beaglaíoch playing at seven and Paul Murphy starting at five – I have no fears of Paul; he always thrives in this arena and is still one of the most intelligent footballers around. Jason Foley has locked down the full back berth, long a troublesome area for us, and been outstanding. He always had height and speed, but he has added a real maturity to his football. That said, Comer is deadly. Strong as a bullock, great at winning ball, and very, very hard to stop. Jason will have his hands full, that will be a key duel. You need to keep primary possession away from Comer; Jason will need

help. Graham O'Sullivan will be Galway's other main threat, Shane Walsh. Graham is another who had to be patient to grab a starting jersey, and hasn't looked back since he got it. Walsh is a different kettle of fish, though – Walsh drifts into space and is deadly accurate. Tom O'Sullivan will most likely be picking up Robert Finnerty, and like Gavin, his forays forward are a key weapon for us.

It's worth noting that defence isn't really about one-on-one duels anymore. It's more about the collective screen – Kerry have been brilliant at covering for each other – one suspects that handiwork of Paddy Tally. Incidentally, I am aware that referee Seán Hurson and Paddy Tally both hail from Galbally Pearse in Tyrone – I just don't care. After all, Cian O'Neill and referee Brendan Cawley, who took charge of the Galway Derry game, also hail from the same club (Newbridge) and I didn't care then either. Hurson is an outstanding referee who gives a bit of leeway. Frankly, be it Bannon, Gough, or Coldrick, I never saw a referee beat Kerry yet, and I find these pre-made excuses tiresome in the extreme.

Kerry have only conceded three goals all year, and I believe that Galway will need two if they are to win. Galway coach Cian O'Neill win this. Galway will be looking to kick in fairly fast, especially to Comer and Walsh, with runners breaking fast in support.

I'm tempting fate, I know, but I just think that Kerry are slightly better in too many sectors of the field and should bring Sam Maguire back to his traditional home. Here's hoping!

KERRY V GALWAY PAST MEETINGS

1913: Kerry 1-8 Galway 0-1 (Semi-Final)

Dick Fitzgerald kicked 1-5 and cemented his reputation as the greatest footballer of the era.

1919: Galway 2-6 Kerry 3-3 (Semi-Final)

Kerry had John Joe Sheehy make his debut this year and become an overnight sensation, but Galway had Michael 'Knacker' Walsh shine as brightly. Jas. Bailey and Tom O'Connor goals earned us a fairly fortuitous draw.

1919: Galway 4-2 Kerry 2-2 (Final Replay)

Galway dominated the replay, with Knacker Walsh scoring two goals himself. Kerry were well outplayed, two late goals giving the scoreline a flattering aspect. Galway had no answer to Kildare's high-flying Larry Stanley in the final.

1938: Kerry 2-6 Galway 3-3 (Final)

Kerry beat Laois in the semi-final (Tommy Murphy and Paddy Kennedy marked each other) with supporters watching from the new Cusack Stand. Timmy O'Leary's goal had us in front with three minutes left but Bobby Griffin goaled for Galway to level it. John Joe Landers actually kicked a great 50 to

win it from long range....but referee Thomas Culhane, who had played minor, junior and senior for Limerick in the one year, blew the final whistle with the ball in flight! It was the first final broadcast by schoolboy Micheál Ó hEithir.

1938: Kerry 2-4 Galway 0-7 (Replay)

Moyvane's Jack Flavin played for Galway, who were always that little bit better than us. Ned Mulholland and Martin Kelly goaled for them but Kerry had a late free to snatch a draw. The referee blew his whistle to warn off encroachers....and supporters swarmed the pitch, thinking it was over. By the time play resumed, Kerry players like Bill Dillon, Bill Casey, and Paddy Bawn Brosnan had departed, leading recruitments like Joe Keohane to be plucked from the crowd to finish the game. It made no difference, with John 'Tull' Dunne lifting the cup and Brendn Nestor (for whom the Connaught cup is named) awarded man of the match.

1940: Kerry 0-7 Galway 1-3 (Final)

It was a tough game. Kerry, backboned by Dingle players, were the reigning champions. The key moment came when John Burke's effort for Galway came down off the crossbar, with super sub Paddy Bawn, who had replaced the injured Dan Spring, grabbing it to clear. Charlie O'Sullivan scored a beauty with his left leg to secure victory.

1941: Kerry 1-8 Galway 0-7

Kerry beat Dublin in a replay in Austin Stack Park, having needed a Murt Kelly special to draw the first game. The final was a much better affair than last year, with Tom 'Gega' O'Connor's goal the difference and two frees by Murt Kelly sealing the win.

1942: Galway 1-3 Kerry 0-3 (Semi-Final)

Kerry were gunning to become the third team to win four in a row, but Galway had other ideas. The withdrawal of a number of Dingle players in a dispute over selection didn't help. A '50 kicked by Dan Kavanagh was spilled into the Kerry net and that remained the gap at the end. Dublin had four native Kerry men in their ranks as they beat Galway in the final, who had three themselves!

1954: Kerry 2-6 Galway 1-6 (Semi-Final)

Tadhg Lyne had 1-3 and Paudie Sheehy had 1-1 from either wing in a victory that was slightly more convincing than the scoreline, with John Joe Sheehan and John Dowling outstanding. However, we lost to Meath in the final. Full back Paddy 'Hands' O'Brien and 36 year old Peter McDermott, the famous 'man in the cap' were outstanding, but Kerry's decision to drop Jackie Lyne came in for severe criticism afterwards.

1959: Kerry 3-7 Galway 1-4

Kerry had won an enthralling semi-final against Dublin, with Mick O'Connell at his peerless peak. He was carrying an injury in the final, with Frank Evers shading their duel, but a head injury to Seán Purcell was a

hammer blow for Galway. Kerry switched Tom Long to midfield, while Jerome O'Shea made a fantastic goal-line clearance. Dan McAuliffe had two goals and Garry McMahon another. Star of the show, though, was Seán Murphy at left back – he gave one of the greatest exhibitions of all time, and the final still bears his name.

1960: Kerry 1-8 Galway 0-8 (Semi-Final)

Waterford shocked Cork to leave us with a fairly comfortable passage to the semi-final against Galway. They weren't quite the force they had been. It was still a tough game, but Tadhg Lyne's accuracy (0-5 in total) and an opportunistic Garry McMahon goal (he scored more goals than points in championship football, 7 to 6 in total) just before half-time when a defender spilled Mick O'Connell's long kick saw us lead by 1-3 to 0-5 at half-time. Purcell scored 0-7 and Frank Stockwell forced a brilliant save out of Johnny Culloty – they also hit the crossbar. Nobody fancied Down in the final – after all, we had hammered them in a challenge game to open Frank Sheehy Park in Listowel – we would receive a sharp lesson in the final.

1963: Galway 1-7 Kerry 0-8

Kerry had a truly great team, and the era would be defined by their rivalry with Galway. Kerry were well on top at first, leading by 0-4 to 0-1. By early in the second half they were in front by 0-7 to 0-2, despite missing good chances (16 wides in total, 11 in the first half). Then Galway kicked into life. Pat Donnellan pounced for an opportunistic goal. Galway's speed began to tell. Seamus Leydon, switched into corner forward, kicked them in front and added another to seal victory.

1964: Galway 0-15 Kerry 0-10 (Final)

Kerry were down by four after ten minutes and never really closed that gap. Cyril Dunne, Tull's son, kicked 0-9, while O'Connell kicked 0-7. The Donnellan's were magnificent, not knowing that their father, sitting T.D. and former Galway player John, had passed away in the stand. Joe Joe Barrett had a late chance of a goal, but Johnny Geraghty made a brilliant save.

1965: Galway 0-12 Kerry 0-9 (Final)

Kerry were hurting now, but it wasn't going to get any easier. Pat Donnellan lorded midfield. His brother John caught Derry O'Shea by the shorts – Derry let him know how he felt, and the pair were sent off. Derry was sitting disconsolate in the dressing room when his brother John 'Thorny', a Kerry sub, walked in. Derry thought Thorny had come to comfort him – he hadn't, John had tussled with big Noel Tierney and got his own walking papers!

1984: Kerry 2-17 Galway 0-11 (Semi-Final)

Galway had lost in '83 to 13 man Dublin, and there were questions about the great Kerry team after their defeat to Cork that year. But Galway were hit by injuries and Kerry were hungry to reclaim their throne. Jack O'Shea

was imperious in the middle, with goals from Mikey Sheehy and John Egan seeing Kerry to a convincing win.

2000: Kerry 0-14 Galway 0-14 (Final)

Kerry pulverised Galway early on, with Seamus Moynihan comfortably winning the duel with close friend Padraic Joyce and Liam Hassett starring. Once Joyce moved out to the forty, though, it was a different story. The introduction of Kevin Walsh saw them take over midfield, and they gradually and deservedly reeled us in. It was 0-10 to 0-7 at half-time and Galway had chances to win it late on, although the final opportunity fell Kerry's way – but neither side could convert a winner.

2000: Kerry 0-17 Galway 1-10 (Replay)

Galway were missing Ja Fallon and Kevin Walsh picked up an early injury, but got the fillip of a brilliant early goal by Declan Meehan. That only spurred Kerry on, and they led by 0-8 to 1-3 at half-time. Galway dominated the third quarter with four points on the trot to led by 1-7 to 0-9, but the introduction of Maurice Fitzgerald as a third midfielder transformed the game and Kerry never looked back after that.

2002: Kerry 2-17 Galway 1-12 (Quarter-Final)

Reigning champions Galway had early goal chances, but mostly opted for points instead – Michael Donnellan's blistering strike the exception. Kerry had Mike Frank Russell and Colm Cooper on form up front though and Seamus Moynihan, Mike McCarthy, and Darragh Ó Sé winning their personal duels, as they gradually nudged ahead. Seán O'Sullivan scored a fantastic goal himself, and Dara Ó Cinnéide set up Aodhán Mac Gearailt for another one late on.

2008: Kerry 1-21 Galway 1-16 (Quarter-Final)

It was played in a deluge so bad that they had to turn on the lights in Croke Park. Even so, two footballing sides produced a wonderful exhibition of skill. Michael Meehan gave an absolute exhibition, but Kerry had a better spread of threats with Bryan Sheehan, Declan O'Sullivan, and Tommy Walsh. Donnchadh Walsh's goal gave us a 1-8 to 0-9 half-time

lead and the introduction of a sparkling Daniel Bohane for Kerry really put us in control. Galway did nudge into a two point lead with a fisted Joe Bergin goal, but normal service quickly resumed as Kerry won the fourth quarter by 0-8 to 0-3.

2014: Kerry 1-20 Galway 2-14 (Quarter-Final)

James O'Donoghue's helped Kerry into a 1-6 to 0-1 lead, but Tom Flynn slalomed from his own half and buried a brilliant goal to make it 1-8 to 1-3 at half-time. With sub Shane Walsh and Damien Comer impressing among Galway's coterie of newcomers, a Michael Lundy goal made it 1-11 to 2-6. Two points for Paul Geaney helped settle the nerves, though, and while Galway certainly never gave up, they could never reel Kerry in after that.

2017: Kerry 1-18 Galway 0-13

Brian Kelly had to make a good save to deny Ian Burke but a Kieran Donaghy goal made it 1-4 to 0-2 and Kerry kept up the pressure to lead by 1-10 to 0-8 at half-time. In fairness, both sides had left good chances after them. Most notably Comer's effort cleared off the line by Fionn Fitzgerald. Brian Kelly made another great save from Seán Armstrong. Kerry's tendency to cough up chances like that was perceived as a real weakness in this team, but Galway couldn't trouble them enough in point-taking and Kerry always had a relatively comfortable lead to the finish.

2018: Galway 1-13 Kerry 1-10 (Super 8s)

Have you forgotten it? If so, I envy you. The truth is that Kerry were at sixes and sevens all year and just never raised a gallop in this game. Galway outfought us, outthought us, outshot us, and completely outplayed us. It was very near to the end of Eamonn Fitzmaurice's tenure, and that great player and manager deserved a better ending. 13 of the current Kerry panel saw action that day, but just 5 of the current Galway panel. Killian Young played very well until dismissed late on, David Moran tried very hard, and Dermot Clifford's younger son was already a superstar in the making – David's late goal meant that he finished with 1-5. It also put an extremely flattering look on the scoreboard.

DEERPARK PITCH & PUTT CLUB

NATIONAL U16 MATCHPLAY

Another national honour claim the club's way last weekend at Ryston Pitch & Putt Club in Newbridge as Nathan Cronin won the Boys Plate event. Nathan was in great form after finishing third in his Round Robin Group and ending up in the event. He had big quarter-final and semi-final victories before defeating Adam Byrne from the host club in the final by 12&11. Nathan is the second player from the club to win this event after Eoin O'Riordan Looney did so back in 2019. Both Bryan O'Leary and Dara Wickham were beaten quarter-finalists in the same event

as both Brian McCarthy and Noah Sexton were beaten in the Last 16 of the Championship. Well done to associate member Sophie Moynihan from Tralee meanwhile on reaching the Girls final.

FIXTURE CHANGES

We ask club members to note the following- This Sunday will see a 36 Holes Singles Strokeplay with entry €10 per player take place. The Club Strokeplay will now take place on Sunday August 21st following National's decision to reduce the National U16 Strokeplay and Inter-County events to one day. The Ricky Kelly Memorial will take place on the weekend of August 28th now

KERRY LADIES SECURE ALL IRELAND FINAL SPOT

Ladies All Ireland Semi-Final:

Kerry 4-10 Mayo 0-13

Kerry's hard work over the past number of years has really started to pay rich dividends this year. They look stronger, fitter, and sharper. Kerry won promotion to Division, something we've needed for a few years now, and now they have reached the All Ireland Final for the first time in a decade. This was as confident and clever a display by Kerry as I have seen in a very long time. To be fair, one has to note that Mayo have lost a number of their top talents to AFL, including the legendary Cora Staunton.

Mayo opened with a Shauna Howley free won by Lisa Cafferky. Kerry had a slice of good fortune when Aishling O'Connell's effort was half-blocked, causing it to loop over the hapless keeper's head and find the net. Emma Costello and Louise Ní Muircheartaigh added points. Ciara Whyte doubled Mayo's tally, but a scything run by Cáit Lynch saw Siofra O'Shea fist home another Kerry goal. Niamh Carmody pointed from long distance to make it 2-3 to 0-2. Mayo rallied well, picking off the next four points through Tara Needham, Cafferky, and Howley. Louise Ní Muircheartaigh and Sarah Mulvihill (a great kick from range) swapped scores before Siofra O'Shea pounced for her second goal. Aisling Tarpey got a hand to it, but the kick had too much power for her. Danielle O'Leary and Cáit Lynch picked off further points. The older Cafferky sister, Sinead, kicked a good score for them, but Mayo were in real trouble at the break.

Half-time Kerry 3-6 Mayo 0-8

Mayo staged a revival early in the second half with points from Aoife Geraghty, Shauna

Howley, and Tara Needham trimmed the gap, but great work by Paris McCarthy saw Louise Ní Muircheartaigh open Kerry's second half account. Louise added two more, plus a point from Aisling O'Connell, to a lone score from Aoife Geraghty, and Kerry were back firmly in the driving seat.

Paris McCarthy pounced on a loose ball and drove a rocket – once again Tarpey got a great hand too it, but the shot simply had too much power to be stopped. Mayo, as obdurately gallant as ever, kept trying bravely, but the Kerry defense, especially Kayleigh Cronin (bean laoch an chluiche), and Emma Costello, were absolutely outstanding from start to finish.

Kerry will now face reigning champions Meath – who actually sojourned with us in Division Two recently before bursting through to win arguably the most sensational ladies' title of them all. Could Kerry do the same thing? Actually, I really think they have a strong chance here. Meath actually lost the Leinster Final to Dublin but regrouped and survived a nailbiter against Donegal thanks to a last minute Emma Duggan point. The stage is set for an epic finale...

Kerry: Ciara Butler, Julie O'Sullivan, Kayleigh Cronin, Eilís Lynch, Aishling O'Connell (1-1), Emma Costello (0-1), Ciara Murphy, Lorraine Scanlon, Cáit Lynch (0-1), Niamh Carmody (0-1), Siofra O'Shea (2-0), Anna Galvin, Paris McCarthy (1-0), Danielle O'Leary (0-1), Louise Ní Muircheartaigh (0-5). Subs: Aoife Dillane (for Julie O'Sullivan, 30 mins), Erica McGlynn (for Paris McCarthy, 45 mins), Niamh Ni Chonchuir (for Danielle O'Leary, 52 mins), Niamh Broderick (for Ciara Murphy, 54 mins), Caoimhe Evans (for Niamh Carmody, 56 mins).

LIAM SECURE THREE IN A ROW

**All Ireland Hurling Final: Limerick
1-31 Kilkenny 2-26**

Oh wow. In the end, an unstoppable force met a moveable object as the Treaty County saw off a determined challenge by Kilkenny and the old master Brian Cody to make it three in a row and four in five years. And what a game it was. 60 scores and 20 wides in total in just under 80 minutes. No other field sport in the world can produce this, it really can't. Admittedly, part of the scoring rate is the distance the sliotar travels now – Diarmuid Byrnes should nearly take the puck-outs. Speaking of which, Limerick had a better retention rate and were harder to dispossess – they are the physically strongest GAA team I have ever seen. Even Kilkenny, never exactly known as shrinking violets themselves, couldn't go toe to toe with them when it counted. For me, Limerick were always in control of this contest really after Gearóid Hegarty's early goal (coughed up a small bit easily – Limerick would have shut down that angle instantly at the other end). Kilkenny maintained touching distance, with TJ Reid yet again defying the years and his opponents with a masterclass of shooting. I thought the introduction of big Walter Walsh helped as well. A goal by Billy Ryan electrified the contest, but it was very noticeable that Limerick quickly upped a gear to cancel it out on the scoreboard. Likewise when Martin Keoghan found the net.

Brian Cody was an absolute gentleman in the

Joy as Limerick retain the Liam McCarthy Cup

aftermath – I’m not remotely surprised. Win or lose, this is one of the all-time greats and I was appalled at the media hysteria over him not celebrating a defeat to Henry Shefflin’s Galway earlier this year – my understanding is that there wasn’t a cross word spoken by them, but plenty by self-important pundits. But the day, and the year, once again belong to Limerick, who have deservedly made themselves immortal.

HISTORIC WIN FOR IRELAND

It was a rugby truism for a hundred years that Ireland do not beat the All Blacks. That all changed on Soldier’s Field in Chicago....frankly, it was a friendly to promote the game in the States at the end of a long New Zealand playing season. Frankly, I thought the hullabaloo was a bit ridiculous.

This three game series in New Zealand was different. The All Blacks were looking vulnerable after three losses in the past year. Still, they are the All Blacks. Not only have we never beaten them in the likes of the World Cup, we have never, ever beaten them on their home soil. Andy Farrell started a lot of new faces in the first test. New players, but an age-old result. New Zealand 42 Ireland 19. So far, nothing to see here.

Then came the second test, win or burst for Ireland. And win they did, and did it in style.

Andrew Porter was the unlikeliest of heroes with two tries. Johnny Sexton ran the game like a puppet master until his departure (a head injury – this is becoming a regular and worrying trend) and gave the final pass for Porter’s opening try. The real stars here, though, were the front row, battering New Zealand time and again. To be honest, I kept waiting for a New Zealand comeback – how many of those have we seen over the years? - but they couldn’t seem to muster a charge. More significantly, they weren’t allowed to.

Game three. A chance at history, and Ireland seized it with both hands. We were, plain and simple, the better side all through here, despite the late fightback by New Zealand. And as for Tadhg Beirne....that’s one of the all-time great performances.

I was delighted. And then I saw the reaction of the Irish media, and I came back to earth very fast. Apparently, that wasn’t just our greatest rugby performance of all time (because Grand Slams are ten a penny these days), it was “the greatest sporting performance by Ireland ever”. Ah, lads. Dress it up how you want. These were glorified friendlies in preparation for a World Cup, nothing more. Yes, we have added the width and guile of the likes of Hansen, Lowe, Gibson Park, Keenan (I really rate him as an instigator) to the power of the likes of Beirne, Porter, Ryan, Conan, Sheehan et al. But exactly how many times have we flattered to deceive before falling apart at the actual World Cup? Sexton is the greatest conductor in world

Killarney natives Paul and Miriam O'Callaghan, originally from Mill Road pictured at the Rugby series in New Zealand. Paul lives in Australia with his wife Ali while Miriam lives in New Zealand with her husband Fraser, daughter Kelly and son Jack.

rugby, but we still haven’t really settled on a second choice and Sexton’s days are drawing very short. We are still looking to the likes of Peter O’Mahony and Conor Murray when the chips are down. Number one in the world? Show me yere medals, lads. Look, we are shaping well and of course we should celebrate. Let’s just all keep our feet a little bit on the ground.

KILLARNEY LEGION GAA CLUB

SENIOR MENS UPDATE

A late Conor Keane goal proved to be the difference in this highly entertaining East Kerry Superleague Final played in idyllic conditions on the lush carpet of Fitzgerald Stadium.

The first half was a story of two quarters, the first owned by Crokes as points by Daithi Casey(2), Billy Courtney(2), Mikey Casey and Brian Looney saw them ahead 0-6 to 0-4. Jamie O Sullivan was prominent in the first half hitting four points but the pivotal score of the half was the result of some nice link up play by Thomas Moriarty and Ryan O'Grady with the former slotting home nicely into the corner. Although cancelled out almost immediately by a Daithi Casey strike, points by Conor Keane and Ryan O'Grady saw the teams retire to the dressing room with Legion ahead 1-8 to 1-7.

Thomas Moriarty picked off the opening score of the second period but when David Shaw intercepted a crossfield ball to race clear and slot home a fine goal Crokes suddenly found themselves in the driving seat again. Mikey Casey nudged them three clear but then Legion pounced for another goal. Peter O Sullivan set off on a mazy run and the ball found the careering Padriag Lucey in the D and he proceeded to hit a piledriver past Crokes netminder Brendan Falvey. Scores were at a premium in the next ten minutes as Jamie O Sullivan and Shaw traded points before Daithi Casey's late run looked to have settled it. A feature of the last ten minutes was some loose play by both sides with some poor shooting but that shouldn't detract from what was a fine spectacle overall.

Just when it looked like the Crokes would hang on for the win, that late Legion turnover saw Keane pounce for the late goal which ultimately decided a fine contest. While the attack would be instrumental in the win scoring at vital stages it was also a very sound defensive display with cornerback Cathal Sheahan the pick of the sextet.

The Senior B team made it a successful weekend for the adult teams when they beat Castleisland Desmonds to capture the Division 6 Shield competition. Playing at a scorching

but blustery Currow they played against the breeze in the first half and would have been very content to be just two down at half time with Luke O'Donoghue grabbing the first half goal. A determined start to the second half saw the teams level but Desmonds pulled six clear again with two quick fire goals. With the referee sensibly allowing water breaks a response was needed at the three quarters stage and so it happened as a flurry of points and a Finbarr Murphy goal saw us run out 3-12 to 4-7 winners. Well done to team management Donal O Donoghue, Michael B O'Donoghue, Conor McNiece, Mark O Leary and Mike Piggott who have been particularly busy these last few weeks with Junior competitions in full swing.

LADIES UPDATE

Our U14 and U16 Ladies teams have both qualified for their respective County League finals. The 14s travelled to Finuge and came away with a hard earned win over the home team, Finuge/ St Senans , on a scoreline of 2-10 to 2-03. Opposition, time, date and venue all to be confirmed. The U16s travelled to Gallerus for the second time in the competition , this time for the semi final. Having drawn their previous encounter another tight battle was envisaged and so it ensued. A real ding dong affair saw us ahead at the full time whistle by 3-16 to 4-8 . Well done to both teams and best of luck in the finals.

JUVENILE BOYS

A good week for our U15 White team who have qualified for the Division 5 East Kerry Final. They were in Listry on Wednesday evening and battled back from nine points down to earn a draw. That draw qualified them for the semi final where they faced Kenmare/Kilgarvan in Kenmare on Saturday. Another titanic battle and we came out on the right side of the result, a one point win , 3-8 to 2-10.

The old adage "Goals win games" could definitely apply to our U17 Boys who captured the East Kerry Division 3 against Gneeveguilla in Barradubh Community Field last week. Two first half goals, including a rocket from Tom Benson saw the lads hold a 2-4 to 0-6 half time lead. Gneeveguilla kicked some nice points to keep the scoreboard ticking over but early second half goals from Josh Bowler, Darragh Murphy and Liam Cronin saw us establish superiority. Oisín Fleming added another goal that looked to put a tin hat on it but credit to Gneeveguilla, they got two of their own but it wasn't enough to deny Legion captain Alex O Callaghan lift the cup. Final Score Killarney Legion 7-6 Gneeveguilla 2-14.

KERRY

A unique year in every way with both Kerry teams, Mens and Ladies, qualifying for the All Ireland finals. It's the first time since 1986 this feat has happened and a result of those results, a Kerry double, would certainly be welcomed. Cian Gammell is a member of the extended Mens panel while Elizabeth Mohan and Keri Ann Hanrahan(extended panel) are very much looking forward to the showpiece occasion on July 31st. We wish both Kerry teams the very best of luck on the next two Sundays.

DR. CROKES GAA CLUB NEWS

EAST KERRY SUPERLEAGUE FINAL DR.CROKES 2-12 LEGION 3-10.

A disappointing end to a highly entertaining local derby played in beautiful conditions on Friday evening. We got off to a good start, leading by 4 points to 2 points after 10 minutes of play. A legion goal after 20 minutes was quickly counteracted with a Daithi Casey goal down the other end of the field. Four legion points without response meant that we trailed by one at the short whistle, 1-07 to 1-08. Goals were quickly swapped once again after 4 minutes of the second half after a David Shaw goal was followed by a legion goal. We worked well to hold our lead for much of the second half until we conceded an unlucky goal with 62 minutes on the clock. This concluding goal proved costly.

U15 EAST KERRY FINAL DR.CROKES 5-04 RATHMORE 1-17. Our U15 boys staged a thrilling comeback in the East Kerry Div. 2 Final on Thursday last. They ultimately came up short by 2 points against an excellent Rathmore team played in splendid conditions in the magnificent Fitzgerald stadium. The boys showed brilliant character but were beaten by a better team on the night in a fine sporting open game of football. Thanks to Der Brosnan of the Fitzgerald Stadium, Sean O'Keefe and team from the East Kerry Board for the excellent organisation on the night and to James Brosnan referee and his officials.

U16 GIRLS

Our U16 girls faced Furies away in the County League Semi Final on Wednesday last. Unfortunately, we never got into the game in the first half and found it very difficult against a physically stronger Furies side. They never gave up and kept working hard until the final whistle, however Furies ended comfortable winners in the end. Well done to our younger players who really stepped up on the night. We wish Saoirse O'Sullivan a speedy recovery from an injury she sustained towards the end of the game.

EAST KERRY NOTES

By Michael O'Mahony

U 17 EAST KERRY LEAGUE DIVISION 3 FINAL. LEGION 7 – 6 (27) GNEEVEGUILLA 2 – 14 (20)

Goals proved the difference in Barradubh, as Legion raised seven green flags as they overcame Gneeveguilla to win the Division 3 East Kerry League title for 2022.

After Legion got an early goal, the teams swapped scores to leave Legion 3 points up after the first 15 minute's. Legion then grabbed their second goal, with Tom Benson bursting forward and blasting to the net. Gneeveguilla replied with superb points from Sean Finnegan and David O Leary. At half time Legion held a four point lead, on a score of 2 – 4 to 6 points.

After half time the pattern continued. Gneeveguilla continuing to kick some fine points, from the likes of James Doyle and Gavin Barry. Legions thirst for goals though went unabated, with Josh Bowler, Darragh Murphy and Liam Cronin all finding the net. When Oisín Fleming goaled late on, any chance of a Gneeveguilla comeback ended. They kept going, but two late goals came too late to chance the outcome. Legion were deserved winners, with Captain Alex O Callaghan the man to lift the trophy afterwards. Credit to both teams for producing such an entertaining game.

RATHMORE 1 – 18 (21) DR CROKES 5 – 04 (19)

After a match that the result was unknown right till the final whistle, Rathmore just about overcome Crokes late surge to become East Kerry Division 2 League Champions, with Fitzgerald Stadium the setting for this thriller.

It was Rathmore who dominated the early stages, without making it count on the scoreboard. Points from Damien Moynihan and Conor Moynihan was all they had to show for their quick start, and when Muiris O Donoghue finished to the net off the ground, benefitting from Liam Hennigan's good work, Crokes began to get into their stride. Ben Kelleher added a second goal soon after, and with center back's Sean Kiely's marauding run's causing trouble, only a brilliant diving save to his right from Evan Cronin, denied them a third goal. Sean McCauliffe's point before half time

for Rathmore was a timely score, as it meant they went in at the break just one behind. Playing with the wind in the second 30 minute's, Rathmore came out fast after the restart. With midfielder Cathal Casey becoming increasingly influential, the fast movement of the ball inside allowed Damien Moynihan and McCauliffe the space needed to create havoc. They went on a scoring run of 1 – 09 to 0 – 01, with McCauliffe's classy finish after linking with Moynihan, looking like it would seal the victory. Crokes had other ideas though. Firstly Kelleher swiveled and finished to the roof of the net with his left foot, before Hennigan then blasted in another goal. With Rathmore dropping deeper and deeper, and clearing the ball nervously, Kelleher hammered a free kick to the net, at the start of injury time. With only two points between the sides, the improbable comeback looked likely. Rathmore stood firm though, thwarting Crokes last gasp efforts to steal victory. An absorbing final, and one that was a privilege to witness.

EAST REGION U15 LEAGUE DIV 6 FINAL SPONSORED BY MD O SHEA KILLARNEY GNEEVEGUILLA 1.21 LISTRY-KEEL. 2.06

Played in beautiful July sunshine, Glenflesk was the venue for this Div 6 clash.

For the winners Odrian O Carroll was good in goals assisted by Ezekiel Mobolaj and Tadgh Jack O Leary who both sniffed out a lot of danger. Both Oisín O'Leary and Oisín Hurley were very strong in the middle as Con Deally, Jack Murphy impressed up front.

Listry-Keel tried hard on the night and fought bravely until the end and were best served by Joe Horan and Daire Mc Carthy.

After the game Seán O'Keeffe Chairman of East Region Coiste na nÓg presented the Div 6 Shield to Gneeveguilla Joint Captains Declan O Connor and Ethan Fitzgerald.

LISTRY BRIDGE RAISED AT DAIL EIREANN

An Taoiseach
Micheál Martin

Deputy Danny
Healy Rae

An Ceann Comhairle
Sean O'Fearghail

Danny Healy Rae raised the issue of Listry Bridge Repairs during Order of Business recently sparking a debate between the Kerry deputy, An Taoiseach Micheál Martin and An Ceann Comhairle Sean O'Fearghail.

Deputy Healy Rae began the debate by informing the Dail about the importance of Listry Bridge, saying it is on the regional road from Killarney to Milltown, Castlemaine and Dingle. It services all of mid-Kerry. It was built more than 200 years ago.

The Taoiseach What is the name of the bridge?

Danny Healy Rae: Listry Bridge. It was built more than 200 years ago for horses and cars. It is now unable to carry single-lane traffic. Indeed, Deputy Griffin goes over this bridge. I do not know whether he knows the name of it or not. It is very unfair on all the people of mid-Kerry, and on Deputy Griffin, that the bridge is reduced to a single lane. There are plans on file somewhere detailing the need for this bridge. I ask the Taoiseach to dust down the files and provide money to make a proper bridge out of it.

An Ceann Comhairle : The Deputy's concern for Deputy Griffin is most moving and touching.

The Taoiseach : It is indeed. In fairness to Deputy Griffin, we should do everything we possibly can to identify the issues here. I presume it is a matter for the county council.

Danny Healy Rae : The county council is in charge of it but the money has to come from here.

The Taoiseach The Deputy has great access to the county council. Surely-----

Danny Healy Rae: Johnny and Maura and Jack Healy-Rae have it raised.

The Taoiseach I would have thought the Deputy, as a public representative, would have persuaded the council at this stage to get it done. Anyway, we will dust down the digital files and see where the bridge is.

An Ceann Comhairle : Good stuff.

The Taoiseach There are quite a number of projects like that across the country that need to be done, so we will see what the story is.

LOCAL LIVE PERFORMANCE SCHEME NOW OPEN

Fianna Fáil Councillor Michael Cahill has welcomed the announcement by Kerry County Council's Arts Office, that round 4 of the Department of Culture's Local Live Performance Programming Scheme is now open for applications.

The aim of the scheme is to support employment opportunities for professional performers and technicians across every town, village and county in Ireland and to help underpin the recovery of the commercial live performance sector.

"Individual professional performers, professional bands, groups of professional musicians, event producers, promoters based in Kerry and Kerry arts organisations, festivals, and venues are invited to apply for funding support for costs incurred in the development of work for live

performances, including rehearsal and production costs, marketing and PR, Photography/Videography/Live Streaming" stated Councillor Cahill.

"This funding will be a great support to those who continue to produce cultural entertainment events throughout Kerry, but have struggled recently through the pandemic lockdown. Our culture is very important to us in Kerry and live performances ensure the continuance of our traditional music, dance, storytelling etc" said Rossbeigh based Councillor.

"This is an opportunity to fund performances in every village and town in Kerry and help foster the fantastic talent that exists here" added Councillor Cahill.

PUBLIC SERVICE CARD

Cllr John O Donoghue has raised the problems with Public Services Cards at the last meeting of Kerry County Council. "Given the huge delays surrounding getting the Public Services Card, and given that this is needed in order to do driving lessons having completed the theory test, that we ask the relevant Ministers, presumably including the RSA and the Minister for Transport, to place a temporary derogation on the need for the Public Services Card to sit driving lessons. Learning to drive is an invaluable life skill and the current situation where many, particularly young people, are forced to cancel lessons as they are still awaiting the arrival of the Public Services card is entirely unsatisfactory."

The huge strain the social services are under at the moment in this country is a fact all here in this chamber are well aware of. However, one knock on effect of this is the impact it is having on people, and mainly the younger people, who are trying to get their drivers licence. To get the now required driving lessons, you need to have passed your theory

test and be in possession of a Social Services Card. The huge delays associated with getting this card has resulted in many learner drivers having to cancel their lessons as after months of waiting, their card has still not arrived. While the merits of public transport are well espoused by the Government, the reality for many in rural counties like Kerry is that without a car you are stranded. Preventing learner drivers from taking lessons because they have not received their Social Services Card is entirely unsatisfactory and I would like to call on the Minister, the RSA and all other relevant bodies to immediately bring in a temporary derogation on the need for this card to receive their lessons. Proof of application should suffice until such time as the huge backlog has been processed. I call on my colleagues here today to support my motion as this is an issue which affects constituents in all

LOOKING AFTER YOU'YR HERBACEOUS PERENNIALS

July can be a very colourful time in the garden for Herbaceous Perennials as a lot of them flower from early Spring, Summer and late into Autumn.

There is a huge range of Herbaceous Perennials - from small, medium to large and also a wide range of colour and foliage.

Looking after you perennials really comes down to a few important things, such as, dead heading the flowers when they go over. Cutting back is also very important for plants like Herbaceous Perennials when they flowers go off and the foliage isn't looking very healthy.

The plants can be cut right back and within a few weeks will be back looking as good as new. Make sure when you are watering that the water trickles slowly into the plants to ensure proper soakage.

CHANGE OF VEHICLE OWNERSHIP

If you sell your vehicle or trade it in for a new model, you must by law register the change of ownership with the Department of Transport. A record is kept called the national vehicle and driver file (NVDF). It is important that the ownership and address details are up to date at all times and that changes are notified quickly. If for example, a vehicle is subject to a safety recall, manufacturers will contact all registered owners from this list.

If I sell my car privately what so I need to do re changing the Vehicle Registration certificate (VRC)?

If you sell your vehicle privately, you must complete and sign the change of ownership section on the back of the Vehicle Registration certificate (VRC). The buyer must sign the same form. The seller is responsible and must send the completed form to the Department of Transport for updating. The Department of Transport will post the VRC to the new owner.

If I sell my car to a motor dealer what so I need to do re changing the Vehicle Registration certificate (VRC)?

If you sell your vehicle to a motor dealer, you must give the dealer the Vehicle Registration Certificate and both the seller and the dealer must complete the Form RF105. An approved dealer can use the online change of vehicle ownership service to notify the details online. Otherwise the seller must send the RF105 to the Department of Transport.

What do I need to do if the current owner is deceased?

If you buy a vehicle and the current owner (seller) is deceased, a letter from the executor of the deceased's will, or the solicitor dealing with the will, indicating your right to the vehicle should accompany the Vehicle Registration Certificate (VRC). Where the VRC is not available or cannot be produced, an administrative process allows the acceptance of a declaration of ownership change in the form of a statutory declaration sworn before a Commissioner for Oaths or a practising solicitor. The statutory declaration form, which is available from the Driver and Vehicle Computer Services Division, should accompany the letter from the executor of the will or the solicitor mentioned above.

What does it cost to register Change of Ownership details?

There is no charge for registering Change of Ownership details at Motor Taxation Offices or at the Driver and Vehicle Computer Services Division.

When can I tax the new vehicle?

You cannot tax your vehicle until the registration of the change of ownership has gone through. You can renew motor tax online or by completing a Form RF100A.

What happens if I lose the Registration Book or the Vehicle Registration Certificate?

It is possible to get replacement documents associated with changes to vehicle ownership. To get replacement documents, download and complete form RF134 from www.motortax.ie and have this form witnessed by a member of the Garda Síochána at your local Garda station. Forward your completed form with the appropriate fee to your Motor Tax Office. The fee for a replacement Registration Book or Registration Certificate is €12.

If you need further information about any of the issues raised here or you have other questions, you can call a member of the local Citizens Information Service in Kerry on 0818 07 7860. They will be happy to assist you and if necessary arrange an appointment for you.

NOVENA TO THE SACRED HEART

Dear Heart of Jesus in the past I have asked many favours.

This time I ask you this special one,

Take it dear heart of Jesus and place it within your heart where your Father sees it.

Then in his merciful eyes it will become your favour not mine.

Amen.

Say this prayer three times for three days and your favour will be granted.

NOVENA TO ST. JUDE

May the Sacred Heart of Jesus be adored, glorified, loved and preserved throughout the world now and forever.

Oh Sacred Heart of Jesus, pray for us.
St. Jude worker of miracles, pray for us.

Helper of the hopeless, pray for us.

Say this prayer nine times a day, by the eighth day the prayer will be answered.

It has never been known to fail.

A PRAYER TO OUR LADY OF LA SALETTE

Remember, dear Lady of La Salette, true Mother of Sorrows, the tears which thou didst shed for me on Calvary; be mindful also of the unceasing care which thou dost exercise to shield me from the justice of God; and consider whether thou canst now abandon thy child, for whom thou hast done so much. Inspired by this consoling thought, I come to cast myself at thy feet, in spite of my infidelity and ingratitude. Reject not my prayer, O Virgin of reconciliation, convert me, obtain for me the grace to love Jesus Christ above all things and to console thee too by living a holy life, in order that one day I may be able to see thee in Heaven. Amen.

*A Word of Victory*

Welcome back dear student continuing on talking about healing. The book of Proverbs 15:15 says this...."all the days of the afflicted (the oppressed, the despondent) are evil (wretched, bring trouble). But for he who is of a merry heart life is a continual feast (regardless of the circumstances). This is a good example of the glass half full or half empty depending on how you see it. Our perception of circumstances, other people and the world in general has the power to cloud everything if we struggle with a negative mindset. It also affects our physical, emotional and mental well being. "The heart of him who has understanding seeks knowledge. But the mouth of fools feeds on foolishness" (Proverbs 15:14). Feeding on negativity is foolishness in God's eyes. The word 'fool' is not the worst insult in our eyes today. But for God to use the word fool to describe someone in the Scripture is really bad. We may think of a fool as someone who does something silly. Perhaps we have even called someone a fool – don't friend. It's not light hearted banter at all. In Scripture the word 'fool' means a wicked and depraved person - one filled with pride and arrogance. "The fool says in his heart there is no God" (Psalms 14:1). Unfortunately those fools will find out that God does indeed exist, and that He is not only a rewarder of those who diligently seek Him, but He is also our Judge when we leave this life (Hebrews 11:6; Psalms 50:6).

But, getting back to feeding on foolishness. "As a man thinks in his heart so is he" (Proverbs 23:7). What we entertain we become. Where does negative talk, pessimistic outlooks, gossip, slander and mocking come from? It comes from our hearts – what we have been engaged in, listening to and tolerating. Yes - you may have endured difficult things in life or experienced pain, trauma and betrayal, but ultimately we all have a choice to make; whether to continue to live life in bitterness because of all that happened, or live better with a positive outlook and change the world instead. Jesus taught those who were listening to Him "...each tree is known by its own fruit. Indeed, figs are not gathered from thorns, nor grapes from brambles. A good man out of the good treasure of his heart brings forth good; and an evil man out of the evil treasure of his heart brings forth evil. For out of the (abundant) overflow of the heart the mouth speaks" (Luke 6:44-45).

What we feed upon will take its toll on our lives. "Death and life are in the power of the tongue and those who love it will eat the fruit of it" (Proverbs 18:21). Many people are battling with sicknesses that are ravaging their bodies or their minds and no medicine is working because these things are spiritually rooted and need to be dealt with spiritually through the knowledge of God's Word (Hosea 4:6; 1st Peter 5:6-9). Jesus told His disciples to heal the sick, raise the dead, cleanse the lepers, cast out demons (Matthew 10:8). And "....believers will lay their hands on the sick and they shall recover" (Mark 16:14-20). God always confirms His Word with signs following. If you need prayer we pray for people at our meetings where we teach a biblical foundation for a joyous and stable life rooted in the knowledge of God's love. See our Facebook page for details.
