GOWNS DAZZLE AT THE ROSE OF TRALEE FASHION SHOW

Don O'Neill promised high-octane Red Carpet glamour and he didn't disappoint after bringing his most spectacular gowns to The Rose of Tralee Autumn Winter Fashion Show in the Dome.

The Ballyheigue native, who is based in New York, said the 1600-strong audience was bigger than attendances at any other fashion shows he's been involved in from New York to London or Paris.

The Rose of Tralee Autumn Winter Fashion Show is the first such event of the season each year in Ireland and it delivered on its promise to fuel dreams and keep the paparazzi cameras flashing.

Over 40 designers and boutiques were joined on the catwalk by The Design Centre, Dublin and Dublin-based designer Synan O'Mahony in showcasing their very best styles for the

coming Autumn/Winter season.

The winners of the second annual Rose of Tralee Kerry Fashion Designer Awards 2014 were: Best Designer - Nuala McCarthy Designs and Best Milliner - Elizabeth Christina Designs. Caitriona Sayers from Tralee was judged by Fashion Journalist, Lorraine Keane and Rose of Tralee, Haley O'Sullivan, to be the Best Dressed Lady on the night.

There was positive news from Don O'Neill who confirmed tonight that Oprah Winfrey has recently received a number of new dresses from him and there are a few more on the way. "There's also another possible magazine cover in the works and it comes on top of a busy year dressing a slew of actresses, including some of the stars of hit US TV show, 'Orange is the New Black,'" said Don.

ULTRA RUNNERS READY TO ENDURE THE KERRY WAY. 50 ATHLETES - RUNNING NON STOP FOR 189.05KM

RUNNING THE LONGEST SIGNPOSTED WALKING TRAIL IN IRELAND!

The Kerry Way Ultra, is a non stop endurance race, along the famous The Kerry Way Walking Trail, a distance of 189.05km to be exact. 50 Athletes will endure this mammoth non stop race - the equivalent to 4.5 Marathons.

The Kerry Way Ultra starts on Friday 5th September at 6.00am from Killarney Tourist Office, which is the official starting point of the Kerry Way. The Race has already been named 'Ireland's most brutal race'. It stretches along the Wild Atlantic Way, circling the Iveragh Peninsula and traversing one of Ireland's most spectacular mountain ranges with magnificent coastal views, lakes, moorlands and lonely glens with a mixture of new and old roads, paths, grassy lanes, bog and mountain passes underfoot.

This extreme event is organised by Eileen Daly, Kerry Outdoor Sports.

The Kerry Way Ultra is also the first adventure event in Ireland (and the world) to adhere to the No Trace Race guidelines. This is an initiative taken by the committee of The Kerry Way Ultra to ensure that the event has minimal

adverse impact on the surroundings and the people of the Kerry Way.

The event is being run in association with Kerry Outdoor Sports, the staff of which have been involved since 2012, Kerry Spring Water Co., who are very kindly donating water for all the athletes, The Malton Hotel who are providing a room for the Registration and are hosting The Ultra Brunch on Sunday (the morning after!), Doireann O'Riordan, a local jeweller who has designed the unique and handmade winners' awards and Simon O'Shea, who has made the finishers' awards from locally sourced wood!

Eileen wants to encourage as many people to come out and support this amazing athletes

along their way, "the best places to see them would be Killarney Tourist Office at 6am on Friday morning on Sept 5th, The Climbers Inn, Glencar a few hours later, Sheahans Centra, Glenbeigh or any of the Support Crew Stops along the way. There will be live tracking of the event with a Leaderboard in the window of Kerry Outdoor Sports in Killarney showing the participants position and The Kerry Way Ultra's website, Facebook and Twitter will be constantly updated. Leave your laptop at home and venture out to support these amazing people"

VINTAGE VEHICLE RUN ON THE RING

All roads will lead to Killarney this weekend for the annual Nobber Vintage Club Ring of Kerry vintage run. The Nobber Vintage club was established in 2006 by Sean McDermot who had a huge interest in vintage tractors, cars and old farm machinery. The group decided to complete the Ring of Kerry with Vintage vehicles in 2011 and it quickly became an annual event. The group have raised almost €60,000 over the three years so far for deserving

charities including Beaumont Hospital, Crumlin Children's Hospital and the Marie Keating Foundation and this year the funds raised will go to Temple Street Children's Hospital with the group also making a donation to the Kerry-Cork Cancer Link Bus.

Today, Friday August 22nd, a convoy of vehicles including Honda 50/90 enthusiasts departed Nobber in Co. Meath at 5am and hope to arrive in Killarney around 7pm.

They will head off on the Ring of Kerry tomorrow Saturday August 23rd at 8am from the Supervalu Car Park in Killorglin and will be joined by a number of vehicles from the Killarney Valley Vintage Club and the Iveragh Vintage Club on the route.

The group would like to thank Tony Wharton and Mike Myres for all their assistance along with everyone who helped out in organizing the event.

KILLARNEY SOUTH COMMUNITY GAMES NOTES

BIG KERRY TURNOUT AT NATIONAL FINALS

Killarney South has its first representatives heading to Athlone last weekend. The Kerry team had a big turnout for the event on both days. There was an early start on both days with excellent weather conditions in Athlone. The course was split into two distances, the longer distance 800m contained a steep hill and a changing surface, and the shorter distance was more level and smooth for the athletes.

The boy under 14 was a straight final event. Kerry started out well and were in contention with the leaders throughout the race. Mark Cooper ran very well on his leg of the relay negotiating the difficult terrain with ease. The team (David Leane, Rory Murphy, Mark Cooper, Alex O'Connor and Tadhg Dennehy) battled hard in the final leg of the event and were rewarded with 4th place and the peweter medal. Kerry's under 14 girls dominated their event on every leg. Fional Doyle and Shona O'Brien gave technical and tactical excellence in their legs. The team were convincing winners.

The boys under 12 team were involved in a difficult competition with many of Irelands best athletes in this age group present and on the hunt for gold in Athlone. This young team (Darragh Fleming, Jack Greaney, Sean & Tim Pullman Daamen, Eoghan Hassett and Kilian Burke) performed very well on Saturday to win

KERRY ATHLETES PICTURED IN ATHLONE.

their semi-final in fine style. On Sunday they lined up in a competitive final. Each athlete gave workman-like performances on the difficult course. They eventually finished a creditable 5th place.

The Kerry Girls under 12 team (Rachel Dwyer, Ava Fitzmaurice, Aoife Kearns, Natasha Myers, Marie Courtney and Kate Murphy) qualified on Saturday in 3rd place in their semi-final. On Sunday they competed out of their skins and were rewarded with the Bronze medal. A terrific achievement for all those involved in

managing and training all teams.

Valuable experience was learned for the future for all athletes in Athlone.

This weekend sees the finals of the athletics events. Killarney South is well represented both in relays and in individual events. Best of luck to sprinters Sarah Leahy and Conor Gammell (100M), sprint hurdler Alex Hennigan (60m H). Best wishes are also conferred on our relay teams, mixed under 10's and mixed under 16's.

EAST KERRY CYCLE TO REMEMBER WILLIE REEN AND PAUD O'LEARY

Sliabh Luachra Cycling Club will commemorate the life and times of two popular sons of East Kerry when they host the annual Tour of Sliabh Luachra Charity Cycle in their memory. On Saturday August 30th the late and much loved Willie Reen and Paud O'Leary will be remembered during the cycle which will benefit the Rathmore Branch of the Children of Chernobyl and the Cork Simon Community.

Gneeveguilla native Paud died tragically while out training for the 2012 Ring of Kerry Charity Cycle while Willie, from Reens Garage, passed away that year aged just 35. This year's cycle has three routes. The 110Km trip takes in Rathmore, Knocknagree, Newmarket, Ballydesmond, Castleisland, Kilcummin and back to Rathmore. The 90Km and 60Km are easier and suitable for all levels of fitness. Registration takes

place at Teach Iosgain in Rathmore on the morning of the event. Pre registration at www.sliabhluchracyclingclub.com. All cycles start at 9.00am. Last year more than 400 cyclists took part. A 10Km fun cycle will also take place at 6.45pm. Full details of the cycle are on Facebook.

MINISTER OPENS PHOTOJOURNALISM EXHIBITION IN KILLARNEY

A collection of award-winning and highly commended images from the AIB Photojournalism Awards, was officially opened by Minister Jimmy Deenihan T.D., Minister of State for the Diaspora, at a reception held in AIB Killarney recently. Almost 2,000 images were entered by 112 Photojournalists from around Ireland into this year's awards, which reward and recognise excellence in the field of photojournalism. In total 28 awards were presented by Taoiseach Enda Kenny T.D., across nine categories - news, daily life, sports action, sports feature, portrait, environment, politics, arts & entertainment and reportage, as well as the overall title of AIB Photojournalist of the Year 2014. This year's AIB Photojournalist of the Year 2014 is Kerry native Julien Behal, of Maxwell Photography, who scooped the award for the second time, having previously won the title in 2012. In his winning portfolio Julien received five AIB Photojournalism Awards. Three of Julien's awards were for images taken in his current role as photojournalist with Maxwell Photography, 1st Prize Portrait, 1st Prize Politics and 2nd Prize Reportage. While two of his awards, 1st Prize News and 2nd Prize Portrait, were taken on assignments for Press Association of Ireland. Speaking at the exhibition opening, Bobbie

We look forward to welcoming visitors into our branch to view

these outstanding images, especially those of the 2014 AIB Photojournalist of the Year, local man Julien Behal."

A series of Masterclasses for schools, camera clubs and photography groups will be held in locations throughout the country over the coming months, presented by members of the Press Photography Association of Ireland.

Killarney Golf & Fishing Club's Ladies' Senior Cup team competed in the All Ireland Final at Mount Wolesey Golf Course, Carlow on Friday 15th and Saturday 16th August. They were joined by the other 4 District Champions, as well as the 3 lowest handicapped runners-up. The team put in some very solid performances over the weekend. They defeated Sligo in the quarter finals on the Friday morning where they won 4.5-0.5. The team went on to meet Elm Park in the semi-finals on Friday afternoon. This round saw some super scoring from the

Killarney ladies and they didn't lose a single match, defeating Elm Park by 4.5 to 0.5. Killarney vs Laytown & Bettystown proved to be a thrilling final on the Saturday. The team displayed great fighting spirit but unfortunately it wasn't to be, and a first-time title slipped away.

The panel included 13 year old Valerie Clancy, 14 year old Mairead Martin, and 16 year old Catriona Griffin. Some of the more experienced panel members included Margaret Campion, Claire Keating, Anne Moynihan, Ailish Mulcahy, and Nicola Rainsford. The team was managed by Club President Mary Geaney, with the assistance of Liam Healy and Mary Leacy and coached by the club's resident Head Professional David Keating.

"We must congratulate the team members, their management team and our own club Pro, David Keating, who all did the club proud. They put in a huge amount of time and effort over the course of this competition. They're an exceptionally talented group of golfers and while we're disappointed for them, we've no doubt that they'll be back next year, said Cormac Flannery, General Manager of Killarney Golf & Fishing Club. "The team has a great blend of youth and experience and this title is well within their reach in the very near future".

BUSY TIMES FOR KERRY MOUNTAIN RESCUE TEAM

Its been a busy month for Kerry Mountain Rescue team who assisted a German lady who suffered a hip injury while walking on the Kerry Way between Derrycunihy Wood and Lord Brandon's Cottage on August 19th last.

The alarm was raised from Lord Brandon's Cottage, with the assistance of a park ranger from Killarney National Park. Rescue 115, the Shannon-based Irish Coastguard helicopter, was also tasked. KMRT treated the lady for her injuries before she was airlifted by Rescue 115 and transferred to Kerry General Hospital.

Earlier in the month they were involved in the rescue of a Danish walker who fell ill while walking on the Kerry Way near Torc mountain, while on August 3rd they rescued three people, who became stranded on a ledge in the hills near Waterville. They were taken to safety in a rescue that involved KMRT and the Irish Coastguard. The three people, who were locals to the area, were short-rope to safety from the ledge in the late afternoon.

BALLYHAR CAR PARK NEARS COMPLETION

A project to provide parking and amenity facilities adjacent to Ballyhar Parish Church is nearing completion much to the delight of the broader community of Ballyhar/Firies. The Ballyhar Community Development Group have announced that their current project is drawing to a conclusion. The Committee was originally set up as a result of an approach by a local landowner who was prepared to donate a parcel of land for the purposes of developing a fully landscaped park, which would have seating areas and parking for up to sixty four cars. To date the group successfully obtained planning permission and secured Leader funding in the form of a grant from North and East Kerry Development which will cover 75% of the cost. The group engaged a contractor

THE NEW PARKING AND AMENITY FACILITY IN BALLYHAR NEARS COMPLETION.

and at this stage the project is at an advanced stage.

On completion of the project there will be a shortfall of €36,409 which needs to be raised locally and to this end, the committee are currently doing a once off house to house collection to raise this amount.

This will allow the project to finish and provide

a much needed amenity for the parish. The project will also significantly improve road safety in the area and will be of enormous benefit to those using the nearby Ballyhar Church.

The committee are respectfully asking each household to be as generous as possible with their contribution.

CALL FOR JOBSPLUS TO EXTEND TO FARM ASSIST RECIPIENTS

KERRY Fine Gael TD, Brendan Griffin, has called for recipients of farm assist to become eligible for participation in the JobsPlus Scheme.

The JobsPlus Scheme provides a direct monthly financial incentive to employers who recruit employees from those who are long-term on the Live Register, and the incentive is worth between €7,500 and €10,000 over two years.

Deputy Griffin says that he has come across many recipients of Farm Assist in Kerry who are long-term looking for employment but are currently not able to avail of JobsPlus, which has so far supported 2,634 people returning to full-time employment from its launch in July 2013 to the end of June 2014. 60% of those people had been on the Live Register for at least two years. Deputy Griffin added that JobsPlus should also be open to fishermen and women on Fish Assist.

Minister Joan Burton has responded to Deputy Griffin's call by saying that while Farm Assist recipients are currently not eligible for JobsPlus, the workings of the scheme are being reviewed and this review will inform any proposals for its development and expansion.

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

HOW OFTEN SHOULD I REVIEW MY PENSION AND WHY SHOULD I REVIEW MY PENSION?

There are very many important reasons to review your pension, including:

1. Performance of your pension and what funds you are invested in. This is **VERY IMPORTANT**, if your pension is invested in high risk funds because your total pension fund can substantially reduce over a short period of time and if you are coming close to retirement this could result in you having a much less pension when you retire.
2. Is your pension on target to reach the income you want on retirement? This should be checked on regular occasions, if your pension is not on target changes can be made to put your pension back on track again.
3. What pension provider is your pension with and how much do they charge you? Pension providers are different in the types of pension products they can offer you. Pension providers offer much more choices to clients now than before and the choices can be easier to understand if explained to you in plain simple English and not by using jargon. Charges are very important because you may be on a high charging structure that can be decreased.

For the above reasons I recommend an annual review of every pension.
To make an appointment in relation to the above or any other matter you can contact Dermot Cronin at **064 66 22775** or **kerrymortgagecentre@eircom.net**.

SWEET DEALS ON STUDENT LOANS FROM KILLARNEY CREDIT UNION

Killarney Credit Union offers 6.2 % APR Education Loan Rate.

Going to college is an exciting time but it can also be very stressful for both students and parents alike. The increase in the third level registration fees combined with the very significant day to day costs of going to college are forcing many to borrow in order to meet these costs, according to Killarney Credit Union.

Killarney Credit Union has this week launched a new education loan at 6.2 % APR which can help families in the XX area cover costs.

Mark Murphy CEO from Killarney Credit Union said: "The significant cost of third level

education puts phenomenal pressure on both parents and students starting or returning to 3rd level education this year. The student registration fee combined with monthly rent and bills, books and materials, food and day to day expenses are a significant financial burden to many families."

Research carried out by the Irish League of Credit Unions in August 2014 has highlighted that strain which both parents and students are experiencing in attempting to finance third level education. A summary of the findings is below:

- 79% of parents supporting their children financially through college, contributing €428 per month per child to cover costs of college
- 64% of parents are struggling to cover the cost of third level education
- Parents are saving for an average of 8 years to put their child (children) through college
- 72% of family budgets have been adversely affected by the third level registration fee
- 44% of students now living away from home compared to 32% in 2013, paying average of €346 in rent
- 51% of students have to work throughout the academic year to find their third level education, working on average 19 hours per week

● Parents greatest worry for their child in college is that they won't find a job after they finish their course

Mark added: "We are keenly aware of the huge financial burden which 3rd level education places on students and their families in the Killarney and surrounding area. Killarney Credit Union is available to support both parents and students as they prepare for the academic year. We offer a very competitive student and education loan rate of 6 %. We encourage anyone who is looking to finance their education or who simply want some advice on planning ahead or budgeting to call into their local credit union and speak to a member of staff. Planning ahead where possible is the best way to prepare for these expenses."

Cost of Finance

For a €5,000, 5 year variable interest rate loan, with monthly repayments of €96.67, at an APR of 6.2 %; the total amount payable by the member will be €5,799.66.

For further information please contact either of our offices in **Beech Road** or **Park Road** where our friendly and qualified staff will be happy to assist you for all your Educational needs.

STIFF COMPETITION AND STIFF BREEZES AT THE ALL IRELAND COASTAL ROWING CHAMPIONSHIPS

The Coastal Rowing Clubs of Kerry played host to this years All Ireland Coastal Rowing Championships which took place on Lough Currane, Waterville, Co Kerry, at the weekend from Friday, 15th to Sunday 17th August 2014. More than 2700 rowers competed, in the picturesque village of Waterville, which lies on the Iveragh Peninsula, 530 crews raced for medals and trophies in the most coveted of Rowing Championships. Crews from Donegal, Antrim, Belfast, Dublin, Wicklow, Wexford, Cork, and Kerry competed at the weekend. The type of boat used in the Coastal Rowing Championships is called a 'One Design' - fibre glass boat, fixed seat, a crew of four and cox.

Though the sun was shining, the breezes were stiff, just like the competition, the course was flawless, designed by Nick Norris, Schull, Co Cork, a great friend of Waterville Rowing Club, overseeing all the course was Kerry Coastal Chairman, Pat Cuffe and volunteer Andrew Wharton, who were seen, cutting branches, fixing engines, making tea, cleaning up the rubbish! Waterville Rowing Club's Noel Clifford and team were on hand for every element of the rowing weekend. Taking the honours for the Senior Men's Race

Not to be outdone the Senior Ladies was won by Killorglin Rowing Club, 2nd another great Kerry Club, Sneem RC and in 3rd place was Arklow RC.

HAPPINESS ALL ROUND AS DOGS COME HOME

Hard work by Killarney Gardai was being hailed this week as the Kennedy Family from Glenflesk welcomed the return of their stolen dogs.

The popular pet farm was raided in the early hours of Saturday morning and a number of animals, including dogs and birds were stolen. The thieves also raided the office where they stole a sum of money as well as making off with some chainsaws.

The dogs were returned to the family late on Monday night by Killarney Gardai following a tip off that they were on a property outside Bandon in Co. Cork.

The families golden retrieve, Saoirse had previously made her own way home after escaping from her captors.

The Kennedy family have said this week that they are overwhelmed with the support and

help they got. "We will never be able to repay the kindness we received. The help from the people of Ireland, the newspapers, radio stations and social media have all helped the Gardai to get our dogs back. Unfortunately no sign of the birds yet but the dogs are ok and delighted to see us".

As a sign of their appreciation the Kennedy Family randomly picked ten names from all the people that shared, liked and commented on their facebook appeal and have send them all a family pass to visit the farm.

LETTER TO THE EDITOR

A chara,

On behalf of the committee of Fleadh Cheoil na Mumhan, which took place recently in Killarney, I would like, through your newspaper to express our gratitude to all the people who helped to make it such a wonderful success:

Our main sponsors: Kerry Group, Killarney Town Council, Kerry County Council, Killarney Chamber of Tourism and Commerce, Killarney Credit Union and Killarney Race Committee. The many Killarney Hotels and Bars who gave their financial support and, in some cases, their facilities.

The Killarney businesses who advertised in our programme. The Principals and staffs of St. Brendan's College, Killarney Community College and the Presentation Monastery N.S. who placed their schools at our disposal.

The management and staff of the Gleneagle Hotel.

Fr. Kieran O'Brien, Administrator of Killarney Parish, who allowed us to use the Cathedral field for parking. Kerry Parents and Friends Association and the Mercy National School who allowed us to use their parking spaces. An Garda Síochána, The Order of Malta. The many volunteers

who helped during the week. The members of our hard working committee, drawn from five local branches of Comhaltas – Cill Airne, Cill Chuimín, Fossa-Two Mile, Gleann Fleisce and Sliabh Luachra.

The media – newspapers, radio and television who gave us such wonderful coverage and last, but by no means least, the people of Killarney who came out in such numbers to support our events.

**Mise le meas,
Eoin Ó Carra, Cathaoirleach
Fleadh Cheoil na Mumhan,

ROAD WORKS AT BALLYCASHEEN

At the July meeting of the Killarney Municipal District, Councillor Michael Gleeson proposed

• **"That Kerry County Council would resurface the Eastern half of Ballycasheen Road, Killarney".**

Kerry County Council replied that there is currently no funding available to carry out this work. However, it can be considered for inclusion in future roadworks programme.

Councillor Gleeson expressed disappointment with the Reply. He stated that the former Killarney Town Council had done an excellent job upgrading the Western half of this road. He further stated that the Ballycasheen / Woodlawn Road is much used by Visitors to the greater Killarney area and that its present condition is a poor introduction to a very beautiful area.

Councillor Gleeson will endeavour to have this stretch of road included in Kerry County Council's 2015 Roadworks Programme.

“Manage Your Health

Back to school means school bags, school books, lunch boxes and unfortunately... Head lice! So to help you this year, here are some popular tips on how to manage head lice...

DEALING WITH HEAD LICE

Dealing with Head Lice

- Head lice are not a sign of poor hygiene; they can infest the cleanest of hair.
- Only apply head lice treatment when you are certain living head lice are present.
- Head lice cannot jump/fly from head to head. They can only be passed through close head-to-head contact.
- Head lice cannot survive off the hair, on bedding, towels or clothes.
- Wet combing using a fine tooth comb is the best detection method – see illustration below.
- ‘Nits’ (empty egg casings) can remain stuck to the hair after successful treatment & thorough fine tooth combing is needed to remove them.
- Treatments containing Dimeticone have replaced traditional insecticides because of head lice becoming resistant.
- A 2nd treatment is vital 7 days after the original treatment to ensure any lice which have hatched in the meantime are also eliminated.
- A fine toothed nit comb can be used to remove the nits after treatment.
- Preventative products are available which can help to deter head lice surviving on the scalp.

How to check for infection:

The single most important thing to keep head lice under control is to check your child's head EVERY WEEK, and to treat when necessary. If a living head louse is found on just one child, check everyone else in the household. Detection and treatment for all affected should be carried out on the same day in order to reduce the risk of re-infestation.

Step 1

Detection combing is easier to carry out on towel dried hair, so wash or wet the hair and apply a small amount of conditioner or olive oil.

Step 2

Detangle the hair with a wide-toothed comb and divide into 4 sections and pin back.

Step 3

Starting on one of the lower sections, divide this section in 2 horizontally and pin back the upper section.

Step 4

Working on the loose section, place the teeth of the nit comb against the scalp and pass the comb along the hair right to the ends, maintaining contact with the scalp for as long as possible.

Step 5

Wipe the nit comb on a tissue after each stroke and inspect for live lice.

Step 6

Continue working your way around the head in sections until you have either found a live moving louse, or until the whole head has been completed.

KILLARNEY MOURNS THE LOSS OF PADDY MAC

Killarney town is this week mourning the loss of one of its most respected sons. Renowned author, photographer, printer and publisher Paddy MacMonagle who recently celebrated his 94th birthday, died peacefully surrounded by his loving family at his home at Countess Road, Killarney, on Wednesday morning.

Paddy's father Daniel was a master printer and photographer who founded the Killarney Printing Works and The Kingdom Newspaper in St. Anthony's Place, off College Street in 1913.

Following his education at Presentation Monastery National School, St. Brendan's College and Salesian College, Pallaskenry, Limerick Paddy joined his father Daniel in Killarney Printing Works in 1938.

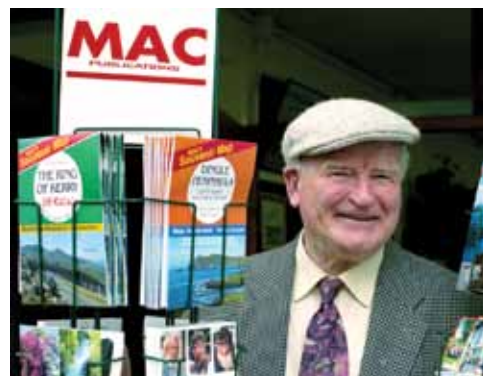

With his father Daniel and brother Sean, they perfected the art and soon became one of Ireland's leading printing houses with customers from all over Ireland and some international clients. They specialised in colour postcards, brochures, calendars, letterheads, invoice books, calling cards etc.. and won many accolades at the annual printing awards in Dublin. A hat-trick of awards was a particular highlight at the Irish Print Awards in 1980.

Paddy MacMonagle was the author of several books and publications including 'Paddy Mac's Collection of Vintage Postcards' in 2006, 'Louis Anthony's Killarney' and 'Paddy Mac's Shreds & Patches'. Paddy was involved in many groups and organisations in Killarney most notably he was a founder member of Killarney Chamber

of Commerce, he was the very first Chamber President from 1975 until 1980 and was an honorary life member. He was a Trustee of Muckross House since 1976 and was a former Chairman and Vice President.

Paddy was particularly well known as the doyen of Ireland's print industry and he spent four terms as President of the Irish Master Printers Association and his portrait hangs in the Printers Hall of Fame in Dublin.

An active sportsman in his earlier years Paddy was a member of Dr. Crokes where he played senior hurling and also St. Brendan's Rowing Club. In recent years he received a Killarney Regatta Club Hall of Fame award and was honoured by St. Brendan's with the launch of the 'Paddy Mac' boat. Paddy had a deep love of gardening and growing all his own vegetables with a penchant of sweet peas. He enjoyed fishing, films, fine wines and whiskies, the annual Killarney Regatta, but most of all hiking in the mountains and outback around Killarney. He was passionate about the Irish language and enjoyed talking fluently 'as Gaeilge'. He was a regular traveller to London for The Chelsea Flower Show, The Annual Wine Fair, The Postcard Fair and the Killarney London Reunion. The eldest son of the late Daniel and Catherine MacMonagle, Paddy was also predeceased by his brothers Sean, Donal, Louis and Harry MacMonagle and his sister May Walsh. He is survived by his wife Lil (nee Dillon), to whom he was married to for almost 65 years,

THE LATE PADDY MACMONAGLE

daughters Catherine (Candy), Lile and Eileen, his sister Kathleen (Keogh), ten grandchildren, 14 great-grandchildren, extended family and many friends.

Johnny Maguire, President of the Killarney Chamber of Tourism and Commerce speaking on behalf of the business community of Killarney has said: "we are indebted to Paddy MacMonagle for his lifetime commitment to the economic development of our town. He was the founding father of Killarney Chamber of Commerce in 1975 and served as president for five years 75 – 80 and he laid the solid foundation which has created the success that the chamber currently enjoys.

The way he combined business and culture was hugely significant in creating an ethos that still exists today in the Killarney chamber.

Ni bheidh a leithéid ann arís.

PADDY O'CALLAGHAN RIP

A NOTED SPORTSMAN AND COMMUNITY WORKER

BY JOHN KELLY

On last Friday morning the sad news filtered through of the passing of one of Kerry's outstanding sportsmen and community activists Paddy O'Callaghan Cromane. Born in Ballyhar Furies in 1933 attended Faha National School and later Tralee Technical College. The 1940's and 50's was a period marked by huge unemployment and in his younger days Paddy worked in various occupations in Killarney and Millstreet where he played football and hurling with the local club. He later declared for Listry with whom he won an East Kerry title with the side which defeated Spa in the 1952 final in Fitzgerald Stadium. On taking up employment as a trainee psychiatric nurse in St. Finan's Hospital Killarney in 1954 he fully immersed himself in all the sporting activities of the hospital and was a member of the side which won the Connolly Cup in Croke Park in 1959.

However it was as a Cyclist with the all conquering Kerry cycling team of the mid 1950's that he really came to prominence. This team which included such noted cyclists as the legendary Gene Mangan, Johnny Switzer, Paddy Moriarty, Jackie O'Connor, Paudie Fitzgerald and Mick Murphy dominated the annual Ras Tailteann between 1953 and 1958. This was also the era which on occasions was

marked by high political drama which included clashes with the RUC as the team rode through Cookstown in Co Tyrone. This was also an era which was marked by much fragmentation in Irish Cycling and Athletics and after his retirement from cycling Paddy played a major part in the unification of the various grouping engaged in National Cycling and Athletics, and became President of the National Cycling Association and later International President which involved travelling to many countries in the Continent and further afield in organising the sport at international level.

On leaving his employment at St. Finan's Hospital in the early 1960's he became a successful businessman in the motor business and with his partners the Mangan Brothers ran a very successful Opel Dealership in both Tralee and Killorglin for many years and on retiring from this business he commenced work as a very successful cycle dealer in Killarney and later Killorglin. In later years he made a major contribution to many voluntary and cultural organisations. He was a founder member of Killorglin Credit Union and the Mobile Education Unit, a member of the Board of Radio Kerry and was very much involved with Killorglin Mountain Rescue club. Throughout his entire life he maintained a keen interest in local and national politics and served as a Sinn Féin member of Kerry County Council

THE LATE PADDY O'CALLAGHAN THIRD FROM LEFT PHOTOGRAPHED AT THE START OF A CYCLE RACE IN KERRY DURING THE MID 1950'S and made a huge contribution to having the late John Joe Rice elected to Dail Eireann in 1957 recording 5,5883 votes. Paddy always maintained that if John Joe Rice had decided against abstaining from sitting in the Dail after his election he would have been a permanent Deputy for South Kerry for many years.

On his marriage to Rita Sugrue Cromane he continued he continued his involvement with many local organisations in that area and made many friends through such involvement which was demonstrated by the huge turnout at his funeral Mass on Sunday during which both his life long friend Frank Lewis and chief Celebrant Fr Dan O'Riordan paid due tributes to his many achievements in the world of sport and community activities. Sympathy is extended to his wife Rita and sons Ciaran, Micheal and Sean. May the sod Rest Lightly on you Paddy O'Callaghan you served your native Kerry and Ireland well.

SUPERB PERFORMANCE BY KERRY'S LEAVING CERT CANDIDATES

(By Billy Ryle)

Kerry's students are top of the class when it comes to qualifying for higher education. In fact, on a pro rata population basis, Kerry has the highest take up of college places in the country. This year's 1,976 Leaving Cert candidates from Kerry – 1,029 females and 947 males - magnificently maintained the high achievement of their predecessors. As a result of their excellent performance in the exam, the vast majority of applicants throughout the county secured one of the coveted 50,848 offers, which the CAO issued on Monday. More than 70% of students from the county, who sat the 2014 Leaving Cert, will progress to higher education in colleges throughout the country. A further 20% will secure places at Post Leaving Cert (PLC) and further education courses.

Nationally, 2014 college applicants did extremely well in CAO Round One offers. About 78% of the 39,398 applicants, who were offered a Level 8 (Honours Bachelor Degrees) course, received one of their top three preferences. A phenomenal 90% of the 34,615 applicants, who were offered a Level 7/ Level 6 list (Ordinary Bachelor Degrees/Higher Certificate) course, received one of their top three preferences. This year CAO received 77,725 applications, an increase of 1600 on the 2013 figure. About 60,000 can expect to receive at least one offer of a college place before the end of the offers' season in October. Last year, about 46,150 applicants accepted college places and that figure is highly likely to increase this year. This is great news for 2014 applicants and proves conclusively that the CAO system works very hard to accommodate the maximum number of applicants.

Poor job prospects since 2008 have resulted in school leavers rushing to college in unprecedented numbers during the last few years. The welcome increase, also, in the number of mature and non-traditional applications is very much in line with Government Strategy, aimed at increasing the skills and qualification levels of the general population, not just traditional school leavers. Once again this year, a quota of places was reserved by CAO for the 11,210 mature applicants and 15,298 applicants from the PLC sector. The quota system is a very healthy development as everybody deserves a second chance. So, there were plenty college places on offer on Monday for all categories of applicants.

CAO always issues more offers than there are places available in anticipation of a level of refusal by applicants. Offers are issued independently in respect of the two lists (Level 8 and Level 7/6), so that about 23,000 applicants received an offer from each list. Log on to the CAO website, www.cao.ie to view your offer/s. Enter your CAO Application Number, your date of birth and your Account Password, if you provided one with your initial application. If you didn't, simply leave that entry blank. You may accept a first round offer online until 5.15pm next Monday. An offer automatically lapse unless you accept it on time.

Applicants sometimes find the CAO course offers system mind boggling. However, it's important to understand how it works. The following key points are well worth your attention.

- 1) You were offered the highest course preference/s to which you are entitled on the basis of your points.
- 2) When you were offered a course preference, you were excluded from any course preference lower than the one, which you were offered.
- 3) In the second or subsequent rounds of offers, you won't be considered for a preference lower than that already offered.
- 4) If you were offered a preference, which is not your first preference, you may subsequently be offered a higher preference if such a place becomes available.
- 5) It's not necessary to accept an offer in order to be considered for a higher preference if it becomes available. As there is no guarantee, of course, that a higher preference will become available, it's in your best interests to accept your first round offer and hope for the best in the second round. As the saying goes, "a bird in the hand is worth two in the bush!"
- 6) Finally, it's worth remembering that when you have accepted an offer you are not obliged to accept any subsequent offer.

In the next article, I'll explain why Post Leaving Cert (PLC) courses give you a firm footing on the ladder to skills and qualifications. I'll also have a few words of practical advice for "Freshmen."

GARDENING OUTLOOK

with John O'Sullivan

FOCUS ON PLANTING BULBS.

Most bulbs are suitable for growing in containers especially the likes of tulips, daffodils, lilies and alliums.

When planting up a container or window box with bulbs plant them at about three times their depth and about one bulb width apart and don't forget to water them especially when the foliage is on and they are growing.

When planting bulbs in the garden dig over the area well where you are planting and add some compost. Always plant your bulbs in groups of about six depending on the type of bulbs.

If you would like to add some colour to some areas of the garden for Spring and into summer, it would be advisable to grow your bulbs now in small pots and grow them on until early spring. You can then plant them in their pots in the areas you want and after flowering you can dig them up and keep them until next spring.

A good dwarf daffodil for this is Tete-a-tete.

Life & Body Confidence Coach

THANK YOU TO ROBIN WILLIAMS!

I was so saddened to hear of the recent death of the actor and comedian Robin Williams. I didn't know that he suffered so severely with depression, addictions, illness and so much emotional pain. His legacy will be of the laughter he brought into so many lives but perhaps his death will generate even more awareness of this toxic state we call depression. One of the greatest problems with depression is that it becomes a neuro-physiological response within our bodies. Over time the body becomes flooded with the stress hormones and chemicals the brain produces in response to fear and anxiety. Our body literally becomes depressed to the extent that we identify who we are with this feeling. We say, "I'm depressed." We have become the state called depression. There is no separation in who we truly are (The "I" that is the conscious self) and the feeling we are experiencing. Just as in the same way that we are NOT our anger, or our joy! We certainly may experience anger and joy **BUT IT DOES NOT DEFINE WHO WE ARE!** Just being able to separate your conscious self from the feeling is key to change and breaking this vicious cycle. With the death of Robin Williams people are once again talking about depression and how vital it is to talk, get help and become aware of how vital it is that we each look after our own mental, emotional, physical and spiritual health. Thank you Robin Williams for the laughter and perhaps for waking people up again to realize that behind the smiles and the bravado no one ever knows how someone is feeling – so lets just be kind, present and reach out to one another!

I am running a six week Conscious Energy Movement class called CHAKRANETICS Beginning Monday September 8th At The Meadowlands Hotel from 7-8pm! €60.00 for six-week course! I am also accepting applications for my Body Confidence Coaching Certification programme.

GAA NEWS: AUSTIN STACKS 0-13 KILCUMMIN 0-12. This was always going to be a formidable obstacle in our efforts to reach a league final and so it proved as the physical and experienced Stacks team ran out winners by the slimmest of margins. We can feel a bit disappointed at the result but we must take some encouragement from the spirit of a team that just wouldn't accept defeat and kept coming back at the home team. Sean Brosnan, Kevin Gorman, Shane McSweeney, Jamie O'Sullivan and Noel Duggan in particular epitomised that spirit that Seanie, Mark and Willie have installed in these players and with everyone giving their 100% in the future anything is possible. Shane Murphy (0-2), Sean Brosnan, Chris O'Leary, Donal Maher, Eric O'Connor, Daniel O'Leary, Tommy Brosnan, Kevin Gorman (0-2), Shane McSweeney, Ian Devane, Kevin McCarthy (0-1), Gary O'Leary, Noel Duggan, Jamie O'Sullivan (0-6), Kelvin Teahan. TIM RYAN PRESENTS BILL TANGNEY CUP TO DERRY SULLIVAN FOSSA

EAST KERRY NOTES

By Áine Ní Shúilleabháin PRO

BILL TANGNEY CUP FINAL

FOSSA 1-10 LISTRY 1-09

Listry was unstoppable in the first half of the Bill Tangney Cup competition, versus Fossa, in Listry last week, and lead by five points at the break. But a massive second half performance from the Fossa men saw them win by the narrowest of margins after an exciting and nail biting second half.

A Mark Dennehy point for Fossa opened the scoring and Listry levelled through centre forward Paul O'Donoghue after five minutes. Listry added 1-3 over the next thirteen minutes, the goal played along the ground by Mike Tangney who rounded the Fossa keeper. Points came from Ronan Buckley and Gavin Nolan. A terrific block by Listry's Fergus Clifford on Francis Moran resulted in corner back Kieran Kennedy clearing from defence. Kennedy continued his run forward taking a number of passes before punching a point from close range. Fossa responded with a determined catch and accurate pass from Lorcan Daly to Tadgh Shea who added a point. Two points in quick succession from Ronan Buckley pushed Listry into a seven point lead 1-6 to 0-2 after twenty minutes. Fossa finished the half strongly but Tadgh Ahern in the Listry goal, denied the visitors two goals. Fossa record two points (Brian Myers and Lorcan Daly). Half time score: Listry 1-6 Fossa 0-4.

A rejuvenated Fossa took the field after half time. Within a minute Fossa's Brian Walsh fed centre forward Paudie Clifford for the opening point of the half. Fossa began to dominate midfield, attacked forward and won a free which Tadgh Shea converted. Listry's John Foley passed to Gavin Nolan for a point. A Paul O'Donoghue point maintained the Listry lead, 1-8 to 0-6 after 35 minutes. However, Fossa's determination paid dividends as over the next

ten minutes they hit 1-3 without reply. Lorcan Daly pointed. Wing back Dara Rice attacked forward. His shot rebounded to Tadgh Shea who supplied an inrushing Paudie Clifford who made the Listry net billow. The sides were level at 1-8 apiece. Mike Keefe won a free close to the square and Tadgh O'Shea converted for the Fossa lead after fifty minutes. The last ten minutes saw no quarter conceded by either side. A top class Tommy Cronin save kept the Fossa net secure. Listry won a free. Nolan converted and the sides were level at 1-9 apiece with three minutes to go. In the final minute, Fossa corner back Derry Sullivan broke out of defence. Mark Dennehy took possession, placed an inch perfect pass to Paudie Clifford on the wing. Clifford jinked infield to shooting distance and unleashed the ball from forty metres out for the final score of an enthralling game. Final score: Fossa 1-10 Listry 1-9.

East Kerry Board Chairman Tim Ryan presented the Bill Tangney Cup to Fossa captain Derry Sullivan.

EAST REGION MINOR LEAGUE: The East Region Minor League, sponsored by The Tatler Jack, continued with two semi finals last week. In Division 2 Gneeveguilla played at home to Glenflesk and started brightly through a Shane O'Sullivan point. Gneeveguilla dominated the first 10 min with a Connie O'Connor goal and Eamon Herlihy slotting home a penalty to give Gneeveguilla a 2-01 to 0-01 score. Lee O'Donoghue was accurate from frees and kept Glenflesk in touch but a Marcus Cronin goal on the stroke of half time meant the sides went in 3-03 to 0-07. Glenflesk got the first score of the second half with midfielder Dan O'Brien kicking a fine point from 30 yards out followed by another Lee O'Donoghue free. Gneeveguilla however had Shane O'Sullivan, Corneilus Buckley and Jamie Brosnan in fine form up front and never looked in danger of being caught. Two points from John O'Leary and a goal from Paul Sherrin sealed Gneeveguilla place in the East Kerry Division 2 final, on Thursday 21 August 2014 against the winners of Beaufort V Fossa semi final.

The Division 3 semi Final, Scartaglen/Cordal V Currow, played in Scartaglen in good conditions, saw Scartaglen/Cordal come out the eventual winners after a tough game. Scartaglen had the majority of possession in the first half and made great use of it, scoring 4-08 to Currows 1-03. The Scartaglen/Cordal scores came from: Padraig Breen (2-0), Kieran Donoghue (1-2), Kieran Herlihy (1-0), Sean Tagney (0-1), Daniel Kearney (0-1), Padraig Connell (0-2), Brian Hanrehan (0-2). Currow scorers were A. Fleming (1-0), J. Scanlon (0-1), C. Dennehy (0-1), P. Brosnan (0-1).

The second half saw the roles reversed with Currow taking control and coming within five points of Scartaglen/Cordal after some excellent attacking play. However, in the end Scartaglen/Cordal did enough to hold on and advance to the final on a scoreline of Scartaglen/Cordal 6-14, Currow 5-10

SCARTAGLEN/CORDAL SCORERS: Kieran Herlihy (1-03), Padraig Connell (1-02), Florence McCarthy (0-1). **CURROW SCORERS:** A. Fleming (3-0), C. Dennehy (1-02), P. Brosnan (0-3), J. Scanlon (0-01), B. Rourke (0-1). Currow play Kilcummin in the second semi final on Thursday 21 August.

ST PATS EAST KERRY - GOLF CLASSIC 2014 A SUCCESS:

Present and former hurlers featured prominently in the awards at the annual St Pats East Kerry golf classic held at the Ross Golf course Killarney on Saturday last. Sponsored by Killarney Credit Union, the event was well supported and Credit Union chairman Pat Delaney paid tribute to all who contributed to its success. Tom Prendergast successfully defended his first position won last year. However this year he put a new team in place and took the honours accompanied by Enda Prendergast and Dave McIndoe. Tom won a Senior County hurling medal in 1969 with Killarney. Susan Tong, Siobhan Brosnan and Pat Barrett took second place. Declan and Eoin Kelly and Tom Barry were third. Declan and Tom won county junior medals with St Pats in 2007. Current keeper Wayne Doyle along with Tom Coleman and Mike Furlong took fourth prize. All three won county junior medals last year with St Pats. They were closely followed

by Brendan and Killian Lynch and Tim O'Brien. Brendan was a team mate of Tom Prendergast on the Killarney team that won the County Senior Hurling championship in 1969.

St Pats Chairman Pat O'Brien thanked the many players that participated. He paid tribute to Killarney Credit Union who along with Aghadoe Heights Hotel, ENVA Ltd, Killarney Race Company, Laurels Bar and Macs Restaurant were the principal sponsors of the event. Many local businesses and GAA clubs purchased tee box adverts and provided the contents of goody bags for the players. A BBQ sponsored by Flesk Meats and cooked by Brigid Delaney and Kathleen & Louise O'Brien was much appreciated after the rigours of 18 holes. As always Ross Golf Club represented by Micheal Lucey and Denis McCarthy were first class hosts. The Longest Drive was won by Tom Coleman who was on the 4th winning team and Nearest the Pin was Eddie Slattery.

FIRIES UNDER 11 BLITZ: The Firies Under 11 Blitz took place last week with eight teams from all over Munster participating. The standard of football was excellent with all teams showing fantastic skills. Games were 11 aside. The four semi finalists were Firies, Glenflesk, Fossa and Dr. Crokes. Glenflesk proved worthy winners defeating a gallant Firies team in the decider. Well done to Roger O'Donoghue (Firies) for running the tournament in such an excellent manner. All clubs are looking forward to next year.

KELLOGS CÚL CAMPS: The Kellogs Cúl Camps were well attended during the summer months. The boys and girls who attended were delighted with the quality of coaching at all venues. Thanks to East Kerry/ Kenmare coaches for the excellent coaching at the camps and parents who continue to support the Cúl Camps in great numbers. Clubs continue to provide vital assistance to East Kerry/ Kenmare GDA Vince Cooper to deliver the Cúl Camp experience which have excellent coaching, good quality gear and value for money at all East Kerry/ Kenmare Cúl camps.

LEGION GAA CLUB NOTES

SENIOR COUNTY LEAGUE: The senior team made their trip to Tralee to play John Mitchels worthwhile as they defeated their opponents on a 0-16 v 0-04 scoreline in round 9 of the county league. With promotion already guaranteed, the team put in a solid display to maintain their 100% record in this competition.

U 13 ROSE CUP: A fantastic days football in Tralee for our Under 13 boys who took part in the Rose Cup. 16 teams played in the well organised competition and the weather wasn't too bad either. We were in the same group as Kerins O'Rahillys, An Ghaeltacht and Churchill. Although the matches were only 10mins a half we were able to give game time to the entire panel, 19 lads in total. We beat Rahillys in our opening match 5-03 to 0-4 with some excellent teamwork. We dominated our second game

against An Ghaeltacht & recorded a 6-05 to 2-01 win. The third match was a great contest against Churchill and we found ourselves behind by 6 points at half-time. But this group of boys are made of steely stuff and bounced back to win 3-08 to 4-01 in a pulsating second half. We now faced Rathmore, (who had convincingly topped their group) in the Cup semi-final. Our defence were dogged and closed out the opposition time and again. We managed to win by 2-02 to 0-2 in this exciting & tough match. We made our way to Killeen to take on Na Gaeil who had also made the Cup final. Unfortunately we came up short on this occasion and were beaten 2-08 to 0-5 by an impressive team in a very sporting match. BEAUFORT MINORS: Sponsored by Melvin of Carsons Daybreak were at home on Monday evening against Fossa in the Eastern Region League semi-final. The winners are due to play the Final on Thursday evening.

BEAUFORT U16S: Sponsored by Killarney Credit Union had a fine win in the Division 3 County League Final which was played in Fossa on Wednesday evening. Beaufort never looked in trouble in this game as the score-line shows and won out Beaufort 2-19 Spa 2-5. Beaufort lead at half time 2-9 to 1-3 with goals from Ciaran Kennedy and Jonathan Kissane. Again as ever Mike Breen played the captains part and drove on from mid-field ably assisted by the hard-working Declan Floyd. Mike contributed 4 points in the first half and 1 point in the 2nd half. All players gave it their all but in particular Beaufort's half-back line of Mike Healy, Luke Sweeney and Kealan Cahill dominated the play and Spa found it hard to get inside this line. Aaron Foley at full-forward kicked 4 points while Ciaran Kennedy contributed 1-2, the impressive Kealan Cahill at wing-back scored 2 points. The usual busy players Paudie Coffey at corner forward and Padraig Cronin at wind forward were well marshalled but Paudie Coffey contributed 2 frees in the 2nd while Jonathan Kissane in the other corner scored 1-2 in the first half. Paul Murphy also had a point in the first half. Sean Coffey in goals was dependable and brought off a fine save in the first half. The full-back line of Cian O'Sullivan, Cormac O'Connor and the ever improving Rory Clifford dominated their more physical players, but were well up for the occasion and set up numerous breaks. All subs namely Joseph Glinwood, Michael O'Shea, Timmy O'Connor, Ian McGillicuddy, Brian Coffey and Liam O'Connor were introduced in the game and didn't seem to weaken the team in any way. Well done to all concerned and to trainers Jimmy Kennedy and Moss Foley. Coiste na nOg Officer Mary Jo Curran presented the well-deserving Beaufort captain Mike Breen with the winning plaque.

KERRY LADIES

CONGRATULATIONS: To Moyvane who won the Glebe Kitchens U12 Division 5 title last Monday 11th August defeating Spa in a very exciting game. Moyvane took early control of the game but Spa made them work very hard for every score they got. Moyvane pulled well ahead in the early stages of the second half but Spa fought back bravely. But in the end, Moyvane held out. Mary Courtney of Glebe Kitchens was on hand to present the title to a proud Moyvane captain Gillian Musgrave & she also offered great praise to Spa, in what was a second final in a week for many of the players. All that remains now in the Glebe Kitchens U12 Co. League are the Div 3 & 4 ties, which will be played very soon.

KERRY LADIES SENIOR TEAM: Face Dublin on Saturday 23rd August in the TG4 All Ireland Quarter Final. The game which will be televised on TG4 takes place in St Brendans Park Birr at 12.30 Dublin under new management had a very strong league campaign, comprehensively defeating an under strength Kerry in the early rounds, losing to Cork in the league final. They also had a very good campaign in Leinster, remaining undefeated to become champions. Dublin have a very good panel and with strong performances underage in Minor and U21 especially they have a strong bench to call upon. Dublin will be depending on Siobhan McGrath & Sinead Goldrick to anchor their defense while up front Lyndsey Davey and Noelle Healy have been their score getters. Kerry have slight injury worries on Louise Ni Mhuircheartaigh and Denise Hallissey but do expect them to have made a recovery. The tough game against Donegal will stand to Kerry. Will be one of the most tightest & competitive of all the quarter finals, but tipping Kerry of course to shade it.

CONDOLENCES: Kerry Ladies Football board offer our condolences to the family of Donal Curtin, Knocknagoshel. Donal was a former Chairperson of Kerry Ladies Football and was also a selector for the Kerry Junior Ladies intercounty team. He was also very active within his club Castleisland Desmond Ladies. A minute later, Brian Looney found the net to put us into a 1-01 to 0-00 lead. Dingle found it difficult to penetrate the our defence but Mark Evans opened their account from a free following several wides by Dr. Crokes. Gavin O'Shea and Brian Looney (free) closed out the half's scoring. Half-time score: Dr. Crokes 1-04, Dingle 0-01. Cillian Fitzgerald opened scoring in the second half, travelling from his position in wing-back. Rory Mangan was on target shortly after with 2 points before being substituted for Chris Brady, who added another following introduction. A foul in our square resulted in a penalty for Dingle. Mark Evans made sure with a well taken goal to make the score 1-08 to 1-01. We responded immediately, with a point from Eoin Brosnan and another from Chris Brady (free). Tony Brosnan intercepted a loose pass in the Dingle defence and took a shot on goal from 21 yards out to put Dr. Crokes clear. Chris Brady closed out our account with another free before the end. Craig Hickey and Michael O'Donoghue of spa traded scores with John Foley and the impressive Derry Aherne to leave the sides all square after twenty minutes. The decisive score came shortly after this when Cian Tobin latched onto a long ball from Michael O'Donoghue and he finished calmly to the Listry net. NATIONAL FINALS WEEKEND 1: The first weekend of the National Finals was held in Athlone last weekend. Children from our area were representing Kerry in the U13 Choir, U9 Gymnastics and U10 & U12 Freestyle Swimming. First on stage on Saturday morning was the U13 Choir along with manager Joanna Hughes and accompanist John O'Donoghue. The choir being third group to go on stage, had an excellent performance and sang beautifully. Much to the disappointment of everyone they were not placed in the medals by the judges. However the children along with Joanna and John have to be commended on their performance. We are grateful to Joanna and John for preparing the children for county level and National. Thanks to the children who have shown such great interest in being part of the choir and who have practised diligently over the months. Choir members were: Aimee Cremin, Leah Kennedy, Miriam Dineen, Hanorah Hurley, Katie O'Sullivan, Alice O'Leary, Aoife O'Sullivan, Hannah Reen, Madhbh Dennehy, Muireann Hughes, Shauna Fleming, Caoimhe Dineen, Niamh Finnegan and Mark O'Leary. Saturday afternoon Grace Murphy took part in the U9 Gymnastics competition. Well done to Grace and hopefully we will be seeing Grace representing us and Kerry in this competition again next year, as she will be still in the U9 category. On Sunday morning the boys swimming competition was held. We had Ross O'Leary and Paudie O'Leary taking part in this competition. First on was the U10 boys freestyle, there we had Ross representing Kerry with great pride. Ross with great determination had excellent swims in the quarter final and semi- final, thus earning himself a well- deserved place in the final, where he came third and thus received a bronze medal. A fantastic result. Next into the water were the U12 boys freestyle. Paudie being well accustomed to Athlone had a great swim in his qualifiers, swam very well in his semi-final but was unlucky not to qualify for the final. Again a great display by Paudie. Great credit is due to Paudie and Ross for showing such interest in this competition and others year after year. We congratulate Paudie and Ross on an excellent performance.

KILLARNEY RUGBY CLUB NEWS

KILLARNEY SENIOR: Squad continues to train at Dirreen off the bypass road on Tuesdays and Fridays at 7.30pm. The first match of the new season is a challenge away to Listowel in the Town Park on Saturday 30th August. Kick off time is to be arranged. We have a host of new players this season which is great. There are plenty of experienced players some of whom have even come out of retirement and are most welcome back. Preparations are going well for the season and John Nikora is happy so far with the turnout of players. More players are very welcome and enquiries from Club Captain Ger Moynihan on 087 1240365.

MINIS: Will resume Saturday mornings from Saturday 6th September at the familiar spot at Knockree. We have plans to move to the new grounds as soon as possible but a lot of work has to be done before that can happen not to mention some more grass seeding etc. So please be patient, it will happen soon.

TAG TUESDAYS: Has been cancelled the past two weeks as the peak holiday season has hit home and interest has waned. We had a great summer for the past 10 weeks or so. The facilities are very central and useful and our thanks to Killarney Community College for the use of them and also thanks to Anne Clifford, Tony Dunne, Willie O'Sullivan and special thanks to Feargal Courtney for his great work and patient refereeing this year. Thanks to all who took part. Watch out on Facebook for further details.

FUNDRAISING: New ideas are welcome and the next meeting of the Committee takes place at the Malton on Monday 25th August to review progress with some of those ideas. Anyone with an idea of fundraising can come along and attend this meeting at 8.30pm and contribute. A reminder also that there are sponsorship and membership renewals to be collected from generous benefactors around the locality who had pledged funds in lieu of membership and sponsorship deals. Please contact members of the committee regarding these matters asap.

AGHADOE PROJECT: Seeding will take place on part of the grounds soon and power and water are almost ready to be brought on site

which will help development works in due course.

The Club is planning an Open Day later in September / October to invite all contributors to come and experience the new venue and see what we are doing with the new pitches etc.

COACHES: As well as players our Coaches and mentors are the core of the Club. We urgently need coaches to take charge of underage teams from Under 14s to Under 18s. We need 3-4 adults to help out with each team and if you are thinking about lending a hand we can arrange for full coaching and affiliation. This is a very exciting time to get involved. Contact Feargal Courtney or Paul Murphy for details. Even giving a hand with travelling to matches is a huge help for any coach. Parents are most welcome to come and join a coach and lend a hand.

IRISH WOMEN'S RUGBY TEAM:

Congratulations to our Kerry girls Siobhán Fleming and Sharon Lynch and the rest of the Irish rugby team for a wonderful effort in the Rugby World Cup in France this summer. They were brilliant. The win over World Champs New Zealand was the pinnacle for them and it probably took its toll overall. England had a superb team although Ireland would have preferred to have met them in the final than the semis. Well done all round.

FIRIES COMMUNITY GAMES

By: Carmel Sheahan

Congratulations and well done to all the children who took part in The All Ireland competitions at the weekend in Athlone. Well done to Elaine O'Donoghue who won bronze in team cross country. Furies had five children representing Munster in the judo competitions and well done to all these children who won gold medals. Congratulations to Diane Cooper, Brid and Laura Flynn and TJ Stephen Palmer. Next weekend the 2nd weekend of All Ireland finals take place. Rachel Hoctor will compete in the shot putt, Amy Kennedy in the Javelin and Robert Campbell in the discus competitions. Thank you to Jerome and his team for their commitment to training the athletes. Cian Sheahan will represent Kerry in the recitation and Rachel Hoctor, Shannon Foster, Amy Kennedy and Aoife O'Shea will compete in the singing group. The best of luck to everyone taking part.

Furies Community Games are taking part in the healthy eating events and this will continue at The All Ireland events as Community Games nationally are participating to promote health and an active lifestyle for children. Thank you to David Norris who recently gave children a lesson in growing your own vegetables and how to care for hens. The children really enjoyed this and had great fun and learned a lot.

WORKMAN ROWING CLUB

Three cheers to all the crews, trainers and families of the Workmen's Rowing Club, you all

put in a stellar performance last weekend at the All Ireland Coastal Rowing Championships in Waterville. All crews reached the final..which in itself is such an achievement, but if there were medals and trophies given out to the club that had the most amount of 'craic', sportsmanship and food..it would definitely be the Workmen's RC. Our Chairman Timmy was very proud of everyone, as we remembered Brendan throughout the weekend, knowing how much he would love to have been in the thick of it all. Also in all our thoughts is Pat 'Doc' Doherty, all the club wishes you the very best during your recovery. Another friend of the Workmen's RC Oonagh O'Connor paid us a visit on Saturday... great to see Oonagh amongst us all. Don't forget this weekend Caitriona Heffernan Sister of the late much loved and cherished Brendan Heffernan, is organising an 8 hour

fundraising spinathon which will be held on Sunday 31, August, 2014, at The Market Cross, Killarney commencing at 1pm. The Spinathon is in memory of Brendan. All proceeds raised will be donated to the Kerry Hospice Foundation, who provided wonderful care to Brendan throughout his illness.

Brendan's family together with his friends and team mates from Workmen's Rowing Club are helping to organise this event as his first anniversary approaches. If you would like to cycle or collect please contact brendanssistercaitriona@gmail.com.

Brendan's anniversary mass will be offered at 9.30am on Saturday 30th August at the Church of the Resurrection.

The Club is taking a much needed break as the rowing summer season comes to an end. Happy Holidays!

To the boys who varnished boats and helped out with general boathouse maintenance, thanks for your time and elbow grease! A big welcome home to Brendan and Claire, you guys were really missed and can't wait to have you back at Ross! Well done to the crews who competed in Carrick-on-Shannon where they came away with 3 2nd places in the U16 Quad, Club Quad 1 and the Doubles races. Big thank you to their coach Sean Real and to all St. Brendans oarsmen who did us proud with their performance.

RUSSIA BANS FRUIT, VEG, MEAT, FISH AND DAIRY IMPORTS FROM EU AND US

There was devastating news for Irish farmers last weekend with the announcement that Russia is to ban fruit, vegetable, meat, fish, milk and dairy imports from the EU, US, Australia, Canada and Norway. Russian Prime Minister Dmitry Medvedev said the ban will last for one year. The move is in response to the latest round of penalties imposed by the US and the EU on Russia over its actions in Ukraine. Ireland's agricultural exports to Russia in 2013 were worth €235m. Last year Ireland exported €4.5m worth of cheese to Russia. IFA President Eddie Downey

said the impact of a ban on Irish food exports into Russia is another example of external shocks that can lead to uncertainty and volatility on Irish farms. As an export-led sector, any threat to a market for Irish food is a concern. "Price volatility, extreme weather events and political instability are all elements that have an influence on commodity prices. With increased exposure of the agricultural sector to world markets, the impact of these factors is greater, with negative consequences for the viability of family farms." At European level, the IFA President said this latest

development underlines the importance of the Common Agricultural Policy in providing a secure supply of food for Europe's 500 million consumers. "This has to be the focus of future reviews of the CAP. There is a role for our Government also, to implement measures through the taxation system that tackle increasing income volatility."

LGAN AND THE ADVANTAGES OF SINCLAIR MCGILL

Reseeding in Ireland is on the increase and the practice of reseedling is being accepted as one of the best paying investments on grassland farms. Grazed grass has been long heralded as the most cost effective feed for cows and drystock, while grass silage is also the cheapest winter feed produced on farm.

Grass mixtures have been put together based primarily on yield with little or no emphasis on how the chosen varieties will be utilized by the animal. One of the most important limiting factors to production is the voluntary dry matter intake of the cow. Increasing the quality, digestibility and energy content of the daily dry matter intake is the most efficient way to increase production. When increasing the quality of any feed it is important this is done in a balanced way, for example increasing the protein content of a feed will not give the desired results without also increasing the energy content. Sinclair McGill are the first to formulate grass seed mixtures with the animal's dietary requirement and agronomic performance of varieties in mind. When a Sinclair McGill mixture has been formulated using this criteria it is accredited with the LGAN (Limagrain animal

nutrition) symbol denoting a superior nutritional value whilst maintaining excellent quality and yields.

The basis for compiling these mixtures is from an extensive database of variety trial results from across Europe. With 3 of the current range of Sinclair McGill mixtures in Ireland having LGAN accredited status our aim is to have a full range of mixtures meeting the strict LGAN criteria. LGAN this allows us to design mixtures with greater precision to application. In on farm trials LGAN grass mixtures were producing 1.4 litres of milk per cow per day over the existing swards, based on a 100 cow herd this is equivalent to €16,800 net profit.

Sinclair McGill traditionally offers unrivalled higher voluntary standards of germination and seed purity along with Headstart gold seed dressing, ensuring maximum germination and establishment. Now with the added benefit of LGAN accredited mixtures Sinclair McGill must be the no.1 choice when reseeding.

For further information or should you require a farm visit please contact John Lynch at Kelliher Feeds & Agri Supplies Ballymullen 086 8136865 or 0667123446.

With New LGAN Mixtures

- » Tried, tested and trusted formulations all over Ireland
- » High yielding digestible grass swards
- » Exceptional ground cover and persistency
- » Exploit Tetraploid Ryegrasses which are preferentially grazed by livestock
- » Seed is treated with **HEADSTART[®] GOLD** to improve establishment

SAFE HANDLING OF CATTLE ON FARMS

The Teagasc National Farm Surveys have indicated that farmer injuries associated with livestock herding and handling have increased and now account for 65% of all on-farm injuries. The trend of increased injuries when herding or handling cattle is attributable to the facilities used, less contact with animals arousing fear and inadequate attention being given to breeding for docility.

Teagasc, in association with the Health and Safety Authority and ICBF, are working to reduce the level of injury associated with livestock, while at the same time improving

animal welfare.

Teagasc participated in a European Union Leonardo da Vinci livestock safety project where safety and related welfare issues of cattle handling were examined. Understanding the concepts of 'flight zone' and 'point of balance' will help cattle handlers to be able to move animals more easily. The point of balance is at or near the animal's shoulder and it is determined by the animal's wide-angle vision. Animals will move forward if the handler stands behind the point of balance. They will stop if the handler stands in front of the point of balance.

ICMSA SAY FARM TAXATION REVIEW MUST PLAN FOR PRICE AND INCOME VOLATILITY

Speaking following a meeting with the Dail Committee on Agriculture, Food & Marine, Lorcan McCabe, Chairperson of ICMSA's Farm Business Committee, said that he welcomes the cross-party support for a number of the proposals put forward by ICMSA and said that this across-the-board support must now turn into real action through implementation of these proposals by Government.

"ICMSA's Submission focussed on two key areas: farm income volatility and land mobility. In relation to farm income volatility, we made two specific proposals. Firstly, a farm deposit scheme where farmers can pay tax efficiently by saving surplus income generated in a good year that can be subsequently drawn down in a poor income year. ICMSA believes that such a scheme, with appropriate controls, can play a major role in assisting farm families through periods of farm income. Price volatility is now a fact of life for farmers with the milk price

a prime example, where milk price has varied from 20 cents per litre to 40 cents per litre since 2009," said Lorcan McCabe. "If farm families are to survive this volatility, the taxation system needs to provide innovative ways that will allow farmers to tax efficiently save funds for the lean years. In relation to the income averaging relief, we think, that farmers who work part-time should not be excluded from this relief going forward. On land mobility, ICMSA put forward proposals in relation to Capital Gains Tax, Capital Acquisitions Tax and Stamp Duty to encourage the early transfer of farmland and in addition, the extension of the land leasing incentive to family leases. While Government may say, and may genuinely believe, that agriculture is full of opportunities, but if those opportunities are to be seized then the Farm Taxation Review must deliver a taxation regime that will allow farm families to go forward and survive through the periods ahead when all the indicators are that farm income will continue to be under pressure and subject to fluctuations."

PROMOTING RECYCLING AND FEEDING STRAY ANIMALS

Istanbul, Turkey recently unveiled awesome new machines that help both the environment and needy animals. Each time a person recycles a plastic bottle in the designated receptacle, pet food is ejected into a bowl at the bottom so hungry stray animals have something to eat. So far, the machines have been a hit with residents. Many people who would normally throw bottles in a rubbish bin now dispose of it in the recycling bin to assist animals.

In addition to increasing the local recycling rate, the machine ensures that the unfinished water in bottles doesn't go to waste either. Before depositing the bottle, users can dump the remainder of their water into a slot, which funnels it into a dish from which animals can drink.

Turkish officials readily agreed to allow Puggedon to set up the machines once the company pledged it wouldn't cost the government anything. Instead, the company uses the money collected from the recycled materials to purchase more pet food.

In general, the machine raises awareness of the ongoing homeless animal epidemic in Istanbul. An estimated 150,000 stray cats and dogs live in the city. Part of the goal is that when people are reminded of the problem and can do a little something to help out, hopefully they will then feel inspired to do a little more, too, and adopt some of the animals in need.

While feeding the animals is an act of kindness, it's not a permanent solution for these formerly domesticated animals, many of whom were abandoned by their previous owners on the streets.

Even if the machines don't solve the problem altogether, it does give starving animals something to eat. It's certainly better than how some other countries have handled their growing stray animal populations. Both Brazil and Russia have faced major controversy for their inhumane ways of handling street dogs in conjunction with the World Cup and Olympics, respectively.

6 WAYS TO COMFORT A DYING CAT

Responsible pet owners must realise that illness and even death is just as inevitable for our feline friends as it is for the human ones. To make our furry loved ones as comfortable as possible, it's necessary to know the signs of death, and how to deal with them in a way that's compassionate and medically-sound.

If you've got a young cat, rest assured that you probably won't need to implement any of these ideas for a long while. The notion that 1 cat year is equivalent to 7 human years is a myth. Now that more cats are "indoor only," it's not uncommon for some cats to live to be 18 or 19 years old. Still, this means it's likely your cat will become elderly and pass on long before you do. If you can't bring yourself to euthanize your cat when the time comes (and there are medical reasons why you might), keep these tips in mind.

1. Pay attention to the signs. Cats can't tell us when something hurts or when they're feeling sick. So it's up to us to pay attention to the clues in their behaviour. Loss of appetite and rapid weight loss, lethargy and abnormal lack of interaction, obvious signs of discomfort or crying when touched, urinary and/or faecal incontinence, and breathing difficulties are all signals that something is wrong. A trip to the vet is in order.

2. Consider pain medication. If the ailment isn't something that can be treated, our job is to make the cat as comfortable as possible. In many cases, this means administering pain medication. Sometimes, this can provide relief and extend the cat's life. However, if you can't afford meds or they don't seem to work, euthanasia must be considered. After all the love your cat has given, why prolong her suffering to ease your own?

3. Emphasize hydration. Since it's likely that a dying cat will be reluctant to go get food and water, make sure to bring it to him instead. Add water to your cat's food (both wet and dry) to make it easier to eat. Also use a medicine dropper to keep your cat hydrated if he's no longer making it to the water bowl.

4. Be quiet. When we're not feeling well loud noise and chaos just makes everything worse,

and the same is true for your cat. Make it a point to keep household noise to a minimum, or reposition the cat bed in a quiet corner of the house so that other animals can't bother her.

5. Give warmth. "Very unwell cats, especially senior cats are often not as good at maintaining body temperature. Make sure your cat has a warm and comfortable place to rest. It should be easy to clean as very sick animals often have elimination problems.

6. Say Goodbye. Cats love it when their human friends talk to them and say their name. Especially if your cat is an old friend, now is the time to speak to her in low, reassuring tones. Speak to her in a calm manner, say her name, and remind her of your love.

DID YOU KNOW...

*A cama is a hybrid of two animals from different worlds — camels from Asia, and llamas from South America. The two species exhibit many differences, but camels and llamas are both camelids descended from a common ancestor that evolved in North America during the Palaeogene period. Camas were produced via artificial insemination to create an animal with the size and strength of the camel, but the more cooperative temperament of the llama. The unlikely fertilisation was a success, but the result wasn't quite what breeders had hoped. Camas exhibit a camel-like temperament, but they are attracted to female llamas.

*Beefalo are the fertile offspring of domestic cattle and American bison. Crosses also exist between domestic cattle and European bison (zubrons), and yaks (yakows). The name given

to beefalo might be the most suggestive, since the breed was purposely created to combine the best characteristics of both animals with an eye towards beef production. A USDA study showed beefalo meat, like bison meat, tended to be lower in fat and cholesterol. They are also thought to produce less damage to rangeland than cattle.

*A cross between a sheep and a goat is rare because goats and sheep each belong to a different genus. Though matings between the two are known to occur, the offspring most often is stillborn. Even so, live births have occurred, the most famous of which happened in Botswana in 2000. Called the Toast of Botswana, the animal was infertile.

*Narwhals and beluga whales are the only two living species of the Monodontidae family, though narwhals are distinct in that they have a long, straight, spiraled tusk extending from their upper left jaw. Though extremely unusual, at least one hybrid between the two species has been documented from west Greenland.

*Perhaps the most widespread and useful of hybrids are mules (from a male donkey and a female horse) and hinnies (from a male horse and a female donkey). Reputed for their hard work and strength despite their medium size, mules are dependable and often exhibit higher intelligence than their purebred parents. All male mules and most female mules are infertile, so their continued existence depends entirely on human intervention.

6 WAYS TO USE EXPIRED SPICES

Before you throw that jar of spice that's been sitting in your cabinet for longer than you can remember, consider these tips. Spices that aren't worth eating may still have some use around your house and garden.

The good news is that spices don't spoil in such a way that will make you sick, but they can lose their flavour, the best way to know if the spices on your shelf are still good is by colour and smell. If either has faded, it may not be worth cooking.

1. Brewed potpourri - Even if a spice doesn't smell as strong as it once did, heat can release the last of its volatile oils, giving off a lovely aroma. Boil a pot of water on your stove and add whichever spices you want your house to smell like—cinnamon, cloves or ginger. You can also throw in some citrus peels.

2. Spicy soap - The granular texture of ground cloves and pepper can act as a gentle exfoliator in your next batch of homemade soap.

3. Deter animals - Spicy peppers like cayenne or chili are good for keeping creatures away from bulbs, just sprinkle the spice on the bulb itself or the topsoil around it. Black pepper can also be used to fight ants, which are repelled by the smell. Keep in mind that older spices may be less potent, and you may want to pepper plants lavishly.

4. Nontoxic fungicide - Cinnamon is an organic

way to fight fungus, particularly on seedlings and houseplants. It's easy to apply as spray, just mix the cinnamon with warm water.

5. Sachets - Many spices have deodorizing effects. Sage, thyme, oregano and clove are particularly powerful. You can put this power to work in any musty parts of your home by making spicy sachets.

6. Homemade ornaments - Another good-smelling option is to make some biscuit-like ornaments, which use cloves, cinnamon and nutmeg.

GOOD NEWS

In San Jose, California, the homeless are being hired to clean the city streets in exchange for food, housing and job placement.

This programme comes from a novel partnership between Groundwerx, a group that provides cleaning services to downtown San Jose, and the Downtown Streets Team, a nonprofit that works to combat homelessness in Silicon Valley.

Everyone wins with this approach since it helps reduce the city's litter while providing much-needed assistance to people who are down on their luck. Although the programme only launched earlier this month, it's already seen its share of success stories. Participants such as one 53 year old man who helped clean San Jose's downtown, was finally able to find housing after being on the streets for four years.

Not only that, but participants are also learning all-important job skills, too a former high school peer counsellor says that thanks to the regularity of his job as a trash collector and working with others who also want to get back on track, he was able to find his footing and secure employment.

It's initiatives like these that prove those without homes need a second chance.

MELTING ICE MEN

Crowds flocked to Birmingham to see a moving artistic commemoration to the millions who lost their lives in the First World War.

5,000 frozen statues were left to simply melt away in the summer sunshine ahead of the anniversary of Britain's entry into the war.

Minimum Monument by internationally acclaimed Brazilian artist Nêle Azevedo was organised by Birmingham Hippodrome and each ice sculpture was in memory of life's lost who do not have a monument.

SAVED FROM EXTINCTION

Wood bison are some of the largest mammals in North America and while they were once prevalent throughout parts of Alaska, they are now listed as a threatened species under the Endangered Species Act (ESA) and have not freely inhabited the Alaskan wild for many years. The U.S. Fish and Wildlife Service (FWS) are working to re-establish a population of

wood bison in Alaska so the species may once again thrive in the Alaskan wilderness.

Once listed as endangered under the ESA due to their extremely low population numbers, wood bison have rebounded in Canada in recent years. Thanks in large part to conservation efforts from government agencies as well as concerned activists, the wood bison population has grown to the point where the FWS deemed the species could now be listed as threatened. Alaska currently has a captive herd of over 100 of these wood bison. According to the FWS, the Alaska Department of Fish and Game will carry out and maintain responsibility for the actual reintroduction of the wood bison into their historical habitats in central Alaska.

TEMPERATE CLIMATE

With an average annual high temperature of 17 °C and yearly average nighttime low of 13°C, and with only slight variation in temperature throughout all of the months of a given year, Viña del Mar, on the central coast of Chile, ranks as the best weather place in the world for humans. Flushed by the cold Humboldt current of the Pacific Ocean, Viña del Mar sees an average daily high temperature of just 75.2°F during its warmest month of January, with an average nighttime low of 59°F in that month. The coldest month at Viña del Mar, July, experiences a mean daily high of 59°F and an average nighttime low of 50°F. Each year, Viña del Mar receives just under 19 inches of rain, with most falling in the winter months of June and July. Globally renowned for its white sand beaches (and absolutely beautiful weather), and free from the threat of ferocious cyclonic storms and tornadoes, Viña del Mar is not quite an Anthro-Weathertopia, however, as fog can occasionally envelop the region.

FINALLY THIS WEEK

More than 64 million women and girls leave their homes every day to find jobs as domestic workers in cities around the world. But when they show up for their first day of work, some find out they've been deceived. Locked in the homes of strangers, their passports taken away, often beaten and sexually abused, they are caught in a nightmare of modern slavery.

For the first time ever, there's a global standard to protect domestic workers—the Domestic Workers Convention. It has already been signed by 15 key countries, and momentum is growing for an international surge of support. I am proud to say that on the 9th July 2014 the Minister for Jobs, Enterprise and Innovation, Mr. Richard Bruton, TD, announced the Government's decision to ratify the International Labour Organisation (ILO) Convention on Decent Work for Domestic Workers (No. 189), 2011.

This decision puts Ireland among the small group of ILO member countries who have ratified this Convention and Ireland was only the third EU country to ratify.
