In an effort to keep their area clean, members of Lissivigeen Community Alert together with Tim and Kathleen Corcoran joined School Principal Mike McAuliffe and pupils from fourth fifth and sixth classes in Lissivigeen National School to raise awareness of the problem.

An art competition was held with the theme being KEEP LISSIVIGEEN CLEAN and this created great interest among the pupils.

There were many clever slogans which gave the judge Tracey Russell a difficult job picking winners.

This week there was a presentation

of awards for the Arts competition which was attended by Eileen O Donoghue Killarney Municipal District Officer.

Kathleen and Tim Corcoran presented the Patrick Corcoran Perpetual Trophy to the overall winner Mia Counihan while awards were also presented to the winners from each class

Eileen O Donoghue praised the pupils for the display of Artwork and thanked and commended the Lissivigeen Community Alert Association for their work helping the fight against litter and in further developing the promotion of Environmental awareness in the

School

"The local Community is at one from the oldest to the youngest carrying on the tradition of caring for each other and the environment", Pat Kelliher Chairman of Lissivigeen Community Alert told the Killarney Outlook.

"The litter problem exists on N72 and N22 and also minor roads and the people of Lissivigeen take great pride in our area and litter pickers can be seen working many days every week", committee member, Christy Lehane added.

The N22 and N72 take many thousands of tourists into the

Tourism Capital every year and we feel it is very important that they enjoy a litter free Lissivigeen.

Earlier this year Kerry County Council created a Community Support Fund to assist local communities to undertake projects to enhance their localities and Lissivigeen Community Alert were awarded €500 from this fund which was used to purchase and erect anti litter signs in our area

"As littering is a big problem in this area we hope that the initiatives will inspire all to KEEP LISSIVIGEEN CLEAN", Pat said.

ROWERS HUNT FOR MISSING CUP

Muckross Rowing Club are on the hunt for a missing cup. The McGillicuddy Cup was presented to the Regatta Committee by the McGillicuddy Family of Mill Road on behalf of Flesk Valley Rowing Club. "The cup was handed in for engraving a few years ago by Muckross Rowing Club and

unfortunately for whatever reason never came back", Alan Lyne of Muckross Rowing Club told the Killarney Outlook.

"We were the last recipients of the club and we think it may have been given out to some other sporting organisation by mistake", he added.

"There is a lot of history behind the cup and it would be lovely to have it back for this year's Killarney Regatta which is taking place on Sunday" he said.

LAUNCH OF THE 232ND KILLARNEY REGATTA TAKES PLACE

THE COMMITTEE & SPONSORS PICTURED AT THE KILLARNEY AVENUE HOTEL FOR THE LAUNCH OF THE 232ND ANNUAL KILLARNEY REGATTA. PICTURE MARIE CARROLL-O'SULLIVAN

Early on the morning of Sunday June 25th the rowing fraternity of Killarney will flock to the O'Mahoney's Point course where the 232nd annual Killarney regatta is being staged and the news emerging from all six competing clubs is that they will be competing in all the seventeen races on the regatta programme. Killarney has a rowing tradition dating back to the early 1800s and what makes it unique in the world of rowing is that the town and its environs can muster a grand total of six clubs.

Muckross who have been enjoying much success in recent years has a history dating back to 1800 and claims to be one of the oldest clubs in Ireland. and their neighbours in that region are Flesk Valley established in 1920 Fossa once known as Aghadoe Boat Club

established in 1893 draws its membership from the parish of Fossa while down beside Ross Castle we have Commercial established in 1886. St Brendans in 1895 and Workmen in 1920 with all of those clubs enjoying much success over the years.

While the annual Killarney regatta may be the focal point of the rowing season the majority of those six clubs now compete regularly at regatta around the country and at Coastal Rowing events in both Kerry and Cork with the result that the rowing season now stretches from mid January to late October and we must also take cognisance of the fact that three Killarney oarsmen namely Paul Griffin, Sean Casey and Cathal Moynihan rowed for Ireland in the Olympic Games and which akin to the feats achieved

by the O'Donovan brothers from Skibbereen has helped to promote rowing as a sport in the county, As the cost of staging the regatta continues to escalate each year the committee are deeply indebted to its sponsors who contribute generously each year and are also greatly indebted to the management of Killarney golf club who have made their facilities available since 1954 when the regatta was first staged on that course.

Rowing has been growing in popularity among the fair sex over the years this years programme will feature eight races for the competing ladies crews and the full programme is as follows 9-30 am Ladies Juvenile Sixes followed by the Juvenile Mens Sixes, Junior Ladies sixes, Junior Mens Sixes, Minor Ladies sixes,

Minor Mens Sixes, Veteran Mens sixes, Veteran Ladies Sixes, Senior Mens Sixes, Novice Ladies Sixes, Novice Mens Sixes, Junior Ladies Fours, Junior Mens Fours, Senior Ladies Fours Senior Mens Fours. On shore entertainment will be provided by the Mary O'Leary School of Dancing while the Bonny Baby contest will also attract much attention.

Win lose or draw the contestants will assemble for the annual regatta dance and presentation of prizes on Tuesday June 27th during which the winner of the Regatta Queen Contest will be announced.

So all indications are that this year's event will attract a bumper attendance to O'Mahoney's Point on June 25th

KILLORGLIN COMMUNITY COLLEGE PLAN A TRIP DOWN MEMORY LANE

A group of ex students from Killorglin Community College are organising a school reunion in July to mark the two decades since they did the Leaving Certificate in the school. The reunion is for those students who started in the school in 1988 or finished in 1993. "The reunion is a great opportunity to meet up with people that you haven't seen in many years and recall the days attending the 'tech', as it was known then. We have sent out invitations to the class of 1988, however, we don't have addresses for everyone that did the Leaving Cert, so we are hoping that word of mouth will work and everyone will come along on the night to share in the fun" organiser of the reunion, Helen Courtney Power told the Killarney Outlook. The reunion is booked for Saturday

29th July in Nicks Restaurant, Killorglin at 8pm. Hot buffet and music will be provided on the night.

Owen O Sullivan, event organiser added "we have managed to unearth some great photos and videos of the class and we would invite the old class to bring any mementos they have to share on the night. A number of former teachers have also been invited to attend the reunion" he said.

Further information on the reunion is available from Owen O Sullivan on 087-7900985 or Helen Courtney on 0863644113 or the Facebook Page Killorglin Community College School Reunion. If you wish to attend please RSVP before Friday 14th July 2017.

KILLARNEY TO CELEBRATE AMERICA THIS 4TH OF JULY

Killarney will be transformed into all things American as it prepares to celebrate the annual 4th of July festival which runs that day from 7 am to 12 midnight. The festival, now in its 4th year, is shaping up to be bigger, better and more colourful than ever before with an exciting parade, BBQ, live music, street performances, fireworks and much more. The festival aims to celebrate all that is great about the US and to remember the years of legacy between the United States and Ireland.

"The 4th of July is, to a lot of Irish people, what St. Patrick's Day is to Americans. We have a longstanding and positive relationship with the U.S Of A. as so many Irish people have been welcomed into the land of opportunity and have laid foundations there. And how can we forget that America has introduced us to things like American Football, French Fries and Friends! – so what better way to acknowledge all of this than to celebrate with them from across the pond on their Independence Day", Killarney festival committee member Ollie Favier told the Killarney Outlook.

The celebration will commence on Tuesday July 4th at 7am with a "Dawn Chorus" of the Star – Spangled Banner - performed by The Shire Male Choir and a ceremonial hoisting of the USA flag over Killarney Town Hall. Every year this proves to be an incredibly emotional event with American visitors joining Irish revellers to hold their state flags aloft and sing their national anthem with pride.

The 4th of July celebrations will see down town Killarney transformed into Main Street USA, with the town coming alive with street entertainment throughout the day – including

AT THE LAUNCH IN KILLARNEY WERE MIKE MOYNIHAN, HEINEKEN IRELAND, OLLIE FAVIER, FESTIVAL COMMITTEE, BACK ROW, DIARMUID LEEN, FESTIVAL CHAIRMAN, PAUL O'NEILL, PRESIDENT, KILLARNEY CHAMBER OF TOURISM AND COMMERCE, CLLR BRENDAN CRONIN, CHAIRMAN, KILLARNEY MUNICIPAL DISTRICT, EILEEN O'DONOGHUE, KILLARNEY MUNICIPAL DISTRICT OFFICER, AND DISNEY FRIENDS LENDING A HAND TO LAUNCH THE FESTIVAL. PHOTO: VALERIE O'SULLIVAN

The Wild West Troupe, Brass bands and can-can girls performing on the streets. As well as a pipe band, a big parade, street party and BBQ; nostalgic movie lovers will get to watch the classic Back to the Future in Killarney House. And no 4th of July Celebration would be complete without a spectacular fireworks display which will round off the evening at 11.30pm and light up the night sky over Killarney.

"This will be the biggest celebration of America's Independence outside of America itself. We want to show our American visitors how truly appreciative we are of them and also give a nod to our loved ones over in America celebrating the day. This is of course a celebration of all things American so wear your colours, bring your flags and join us on Tuesday 4th of July as Killarney becomes hometown USA just for a day", Ollie added.

KILLARNEY PERFORMERS TO ATTEND CELTIC FESTIVAL

A Killarney dance troupe are heading to France this weekend Echoes of Killarney are a local traditional Irish Music and Dance group have been invited to Saint-Avertin in France this summer to join Le Festival des Horizons on the 24th and 25th June where they will exhibit the best of local Killarney talent. the Fó Chomórtaisí Na Mumhan which was held in Limerick last weekend. The children had a fantastic weekend and lots more of medals, cups and trophies made their way to Killarney. The Fó Chomórtaisí is important to the dancers who are making their way through the grades in Competitive Irish dancing as it's a stepping stone to the Munster Championships. While they compete at all levels, from beginner to

World level, they emphasise that the school ethos is not all about competition. "Dance is for everyone, whether you compete or not, it's an expression and 'every child counts'. We are all the same thrilled that the Hegarty Irish Dance Academy did so well in Limerick last weekend." Congratulations to all and best of luck for their upcoming trip to France!

HUGELY SUCCESSFUL "FISH TRAIL" VISIT TO SOUTH KERRY

Delegates from partner areas in Slovenia, Denmark, Portugal and the UK were in South Kerry over four days last week to meet and learn from angling groups in the region as part of the COSME funded project Fish Trail. The project, in which South Kerry Development Partnership (SKDP) is a partner, aims to promote angling across the partner areas through creating a fish trail using videos, fish planners and fish tales which potential anglers can explore. The groups visit coincided with a small fishing festival event that included an event introducing young people from the KDYS to angling for the first time.

During the visit the delegates visited the Waterville, Laune and Owenmore system as well as some Bass fishing areas to see how these fisheries are operated and managed. They also met with Michael Hennessy of Inland Fisheries Ireland who gave them an excellent insight into the work undertaken by them. The group were particularly interested to see the variety of angling in the area and had many questions for the representatives of the fisheries they met around stock levels and habitat management in particular. SKDP Project Manager Seán de Buitléar said the visit had proven to be a tremendous success and he thanked in particular the representatives of the different areas who took the time to meet with the delegates and show them around. "It was an

excellent opportunity for the area to showcase the range of angling opportunities that exist for visiting anglers and to develop long term links between South Kerry and the partner areas" Seán said. It also provided the chance for the partners to learn from each other in terms of management of spawning streams and such matters" he said. Seán also thanked Inland Fisheries Ireland and the Laune Salmon & Trout Anglers Association for providing licences and permits to the group while they were here.

SKDP CEO Noel Spillane welcomed the delegates to the area and said that he hoped this project would build on previous work undertaken by SKDP around the promotion

of angling tourism to the area which brings significant economic benefits from a tourism point of view. "Studies have shown the value to the local economy of having anglers visit the region and we want to use projects such as Fish Trail to increase the numbers of such visitors to the region in the future" Noel said.

The project is also supported by Fáilte Ireland who are providing match funding for the making of the fishing videos as well as Kerry County Council and MEP Seán Kelly who supported the project application. It is planned to have the revamped online booking system for angling in the region available again in the coming weeks.

MUNSTER FINALS MATCH AND TICKET ARRANGEMENTS

John O'Leary Kerry GAA PRO looks at the arrangements for next week's big games.

The Munster senior and Minor football finals are just over a week away and the clamour for stand tickets in particular is in full flight. These games are all ticket fixtures with a capacity of 38,235 already set for Fitzgerald Stadium by safety authorities. It will indeed be interesting to see if either of the attendances of two years ago at the drawn (35,600) and replayed (32,300) games at the same venue will be matched but current estimates put the attendance figure at between 25,000 and 30,000. The Minor game between Kerry and Clare throws in at 12 noon and the Senior game between old rivals Kerry and Cork has a 2pm throw-in time.

Stand

There are approximately 5,500 Stand Tickets for distribution between the three competing counties when Season Ticket holders are deducted from the stand capacity. The majority of these tickets will be allocated to the competing counties. A limited number of Stand tickets went on sale on Tuesday morning at the usual sources. Stand Tickets pre-purchased before midnight on July 1st cost €35 which includes the pre-purchase discount.

Terrace

Terrace Tickets also went on sale on Tuesday and Terrace Tickets are Colour Coded as usual, Green, for the St Finans end, Blue for the

Lewis Rd end (both adult only) and Red for behind the Lewis Rd goal. Terrace Tickets, if pre-purchased before midnight on July 1st cost €25. €5 Juvenile terrace tickets apply to the Red section only. Terrace Tickets may be purchased in advance at the usual sources including participating Centra & Supervalu Stores (including all Garveys Supervalu Stores), Tickets.ie The Kerry GAA Store and Austin Stack Park,

Family Tickets

Family Tickets pre-purchased for the Scoreboard end cost €25 for adult and €5 for children.

There is a concession of €10 on Adult tickets for Students/OAP's prior to entry with valid id at the designated stiles in each area.

Pre purchase discount is valid until midnight on Saturday 1st July. Adult Ticket prices increase by €5 on Match day.

Bags and Ticket Search

Renewed awareness of security means that all bags will be searched. Spectators are advised to expect a Ticket and security search in the environs of the stadium and allow time accordingly. The advice is that if you do not need a bag - leave it at home!

KERRY GAA NIGHT OF CHAMPIONS DREW RECORD CROWDS

The Kerry GAA Night of Champions at the Kingdom Greyhound Stadium on Friday evening last drew record crowds for the event which was held in brilliant sunshine. The major Kerry GAA annual Fundraiser is rightly acclaimed as one of the highlights of the GAA Social calendar in the county and Friday night did not disappoint in that respect.

The Kerry senior Football squad, led by manager Eamonn Fitzmaurice, were present and played no small part in the enjoyment of the evening and thanks is due to them for their patience in providing autographs and photos and selfies etc for young and old alike. Thanks also to the members of the Kerry Senior Hurling panel and their manager Fintan O'Connor.

On the track, the big Race of the evening, The Kerry GAA Supporters Club Race of Champions, was won by Killinan Rosie earning €15,000 for the connections, while the winner of the Kerry GAA Club Sweepstake was won from Trap 3 by the aptly named "Right Half Back" who earned a nice cheque for both Lispole and North Kerry Football Board.

No such event of course would be complete without a "Best Dressed Lady" competition and on this occasion, the Judges from Jasmeine Boutique opted for the "Lady in Red" Anne Chute from Killarney.

Winners of the Race Card Draw were as follows:

KERRY COUNTY BOARD CHAIRMAN TIM MURPHY, KERRY ROSE BREDA O'MAHONY AND FRANK HAYES DIRECTOR OF CORPORATE AFFAIRS, KERRY GROUP PICTURED AT THE KERRY GAA NIGHT OF CHAMPIONS AT THE KINGDOM GREYHOUND STADIUM TRALEE.

ANNUAL CHARITY GOLF CLASSIC SEES 280 GOLFERS TAKING TO THE FAIRWAYS

The picturesque setting of O' Mahonys Point at Killarney Golf & Fishing Club was the venue for the 31st Annual Kerry Parents and Friends Association Charity Golf Classic in association with Liebherr Container Cranes Ltd. The weather was truly magnificent and thoroughly enjoyed by all who had the pleasure in participating on Friday 16th June.

60 teams participated in two shotgun starts with 29 teams at the 08:30 start and 31 teams taking to the fairways in the 13:30 start. With the support from Liebherr Container Cranes Ltd and their suppliers, 50 teams were organised by them in this year's event.

Graepel Perforators and Weavers Ltd were the winning team with a magnificent score of 113 points, made them truly deserving winners on the day. The team consisted of Brendan Wilson, Jamie Cooper, Brian Regan and John Egan. The nearest competitors in catching up with this dream team was Calor Gas who scored 105

points to take 2nd place followed by 4 teams with 104 points, so in third place were the gentlemen from Downpatrick who had the best 104 points, based on the back 6, followed by Doyle Shipping Group in 4th place, Downing Courtney and Larkin in 5th place, and FEXCO in 6th place. RALLY ACE MCCARTHY MAKES HIS MARK

Killarney rally competitor John McCarthy is very much in the frame for the top honours in the prestigious Irish Tarmac Championship following a tremendous result in the Donegal International Rally at the weekend. From Lawlor's Cross in Kiicummin, John was navigator for Declan Gallaher and they finished a very impressive second overall in the high-profile rally event up north. In May, McCarthy and Gallagher were runners-up in the National category in the Kilcummin man's home rally, the Cartell.ie International Rally of the Lakes in Killarney, and they repeated that feat on Gallagher's home turf at the weekend. They were to the fore throughout the three-day event with their Toyota Starlet powering through the tough 21 stages before Sunday's grandstand finish. 25-year-old John, a dairy farmer, is a brother of Kerry senior footballer Kevin McCarthy and former All-Ireland winner Mike and, away from the wheel, he is also an accomplished footballer with Kilcummin.

A member of Killarney and District Motor Club, John learned his rally and navigational skills from his uncle, Eddie Murphy – another Killarney club member – and he is the latest young star to emerge in the town, joining the likes of Rob Duggan, Mikie Galvin and Noel O'Sullivan Jnr at the top end of the rallying game.

DANCERS CELEBRATE GREAT SUCCESS

JESSICA MCCROHAN & LISA HEGARTY (HEGARTY IRISH DANCE ACADEMY)

ANNIE VOGELS

ELLEN CARROLL

TARA ROARTY & AOIBHE O'DONOGHUE

Hegarty Irish Dance Academy celebrated this week after a hugely successful weekend at the F6 Chom6rtaisi Na Mumhan held in Limerick last weekend. The children had a fantastic weekend and lots more of medals, cups and trophies made their way to Killarney. The F6 Chom6rtaisi is important to the dancers who are making their way through the grades in

Competitive Irish dancing and it's a stepping stone to the Munster Championships.

"While the dancers compete at all levels, from beginner to World level, we emphasise that our school ethos is not all about competition. Dance is for everyone, whether you compete or not, it's an expression and 'every child counts'," Lisa Hegarty told the Killarney Outlook.

"We are all the same thrilled that the Hegarty Irish Dance Academy did so well in Limerick last weekend. Next up, their dancers will join a group of musicians from Killarney next week and visit Killarney's twin town, Saint Avertin for the Festival des Horizons, held in the town every year.

COUNCIL MATTERS NOTICES OF MOTION

DANGEROUS JUNCTION

Cllr. J. Sheahan

"That Kerry County Council write to the TII to call for a speed restriction zone of 50km to be implemented at the busy junction of Beaufort Bridge on the N22 Killarney Killorglin Road"

REPLY:

The national road network, including this section of the n72, has been assessed by transport infrastructure Ireland (tii) as part of the speed limit review. There are proposals for a reduction in the speed limit on various sections of the National Secondary Road network, particularly on the Ring of Kerry, from 100kph to 80kph.

Briefings will be provided to the members at MD level on the proposals in advance of the draft Bye-Laws going on public display. These briefings are being scheduled over the next 6 weeks and it is our intention to commence the statutory consultation process on the draft Bye-Laws in September.

Cllr. Sheehan replied:

The junction at Beaufort Bridge is very busy and very dangerous.

A speed limit of 60k is required urgently to make this area safe. Local business man Micahel O' Sullivan said if the speed is not reduced someone will get killed as the traffic is travelling too fast and it is making it literally impossible for traffic coming over the bridge from Beaufort which is crossing the N22 to go to Killarney and the majority of the traffic is headed to Killarney.

Cllr Sheehan is calling for a 60km speed limit and hopefully they will listen to my plea before

there is another life lost at this junction

WATER CHARGE FOR FARMERS

Cllr. J. Sheahan

"That Kerry County Council write to Irish Water to request that they discontinue their policy of billing farmers for non domestic water that has not been utilized. This practice needs to be reviewed and it's time for a level playing field."

REPLY:

This is a matter for consideration by the members.

Cllr Sheehan

The farming community are paying Irish Water for the privilege of having a water connection on their farm. This is grossly unfair seeing that all other communities are receiving their water for free.

Cllr. J Sheehan said he is calling for this charge to be discontinued as soon as possible.

STATEMENT FROM CLLR. MAURA HEALY RAE

- At the full meeting of Kerry County Council on 19th June, I asked KCC "what they have done or will do following the EU ruling in relation to planning and various clauses which are preventing local people from putting a roof over their heads". I outlined that this needs to be dealt with as a matter of urgency as people are very hurt over this as they feel they could have been refused planning permission unduly and it is adversely affecting local people from getting planning in their local area. Kerry County Council replied by saying "A high

level working group has been established by the Department of Housing...to examine a recent European Courts of Justice ruling, and to ascertain, if any, the implications on planning policy nationally". I replied by saying I acknowledge a working group has been set up but we need more clarity as to when they will report back to us.

At the full meeting of Kerry County Council on 19th June, I asked Kerry County Council "to engage with the Minister for Housing to increase the HAP payment for social housing tenants as they are being deprived from private renting because rents are gone up". I also outlined that people are not availing of the scheme as the rent caps in Kerry are too low. For example in Kerry the maximum rent cap for a 4 bed house is 575 euro while rent in Killarney is typically ranging in excess of 1000 euro for a 4 bed house. To put this into perspective the maximum rent cap in County Cork is 950 euro. I highlighted that there is a huge divide between Cork and Kerry and I'd strongly question how these rent caps were decided on. I also added that this issue with HAP is adding to the housing crisis. Kerry County Council replied: "The Housing Directorate is in communication with the Department of Housing, Planning, Community & Local Government in relation to the thresholds on the HAP scheme and evidence based data is being gathered to prove that the thresholds are an issue in Kerry." I welcomed the fact KCC acknowledged that the thresholds are an issue and look forward to communication from the Department on this issue.

KENMARE WINS BEST KEPT SMALL TOWN

Kenmare has won the Best Kept Small Town category in Ireland's Best Kept Town competition, 2017. The results were announced this week at an awards ceremony in Farmleigh House.

Michael Ring, T.D., Minister for Rural and Community Development paid tribute to each of the category winners and also to the other towns that had been nominated for awards. The Minister congratulated all of the winners and nominees in this year's competition, and in particular to Rathbarry for winning the overall title. He said; "Being nominated for these awards represents an achievement in itself, and is reward for your efforts in the SuperValu TidyTowns and the Best Kept competitions. After more than two decades, this all-Ireland competition continues to be a strong recognition of the great pride people have in their own communities, and how local volunteers take ownership of their surroundings and work to improve them, both for now and into the future. Close relationships forged here and in other North South community based initiatives, will benefit discussions in the European institutions with

THE PICTURESQUE TOWN OF KENMARE.

Britain as we prepare for their departure from the European Union. Well done, your communities are richer for your efforts and

hard work, and I'm sure that you have great joy and pride in being here today."

EDUCATION OUTLOOK

YOU HAVE UNTIL 5.15PM ON 1ST JULY TO AVAIL OF THE CAO “CHANGE OF MIND” FACILITY

(By Billy Ryle)

State exams conclude tomorrow, Friday and the thoughts of exhausted candidates are no doubt turning to holidays, travel or summer jobs. But there is still one very important task to be undertaken. The 80,000 or so applicants to the Central Applications Office (CAO) must now turn their attention to the CAO “Change of Mind” facility which affords each applicant an opportunity, if s/he wishes, to register a change of course choices online by 5.15pm on Saturday, 1st July. Not all applications to CAO avail of the change of mind facility.

Many applicants are happy with the course choices they submitted by 1st February and are content to leave well enough alone. On the other hand, you might have done further course research in the meantime or you might have simply changed your mind about the course you would like to study. Whatever your reason for submitting a change of mind form, make sure you know exactly what you are applying for. Don't list any courses which you haven't researched. Don't apply for any course which you know in your heart and soul that you won't accept if it's offered to you. Most important of all, never apply for a course in which you haven't the slightest interest simply because your friends are applying for it.

If you decide to submit a change of mind form, work on your choices before going online. Don't tinker with your original list while online as it's very easy to make a mistake. Start from scratch and prepare a new list of courses. When you have finalised your choices, open up your CAO account via the “My Application” facility. Click on “Add Level 8 Course Choices” and/or “Add Level 7/6 Course Choices.” Then use the “New Courses” list to enter your new course choices. Remember that every choice is important and it's advisable to fill up all ten choices in each category. Check the minimum course requirements and the special requirements for each course you are including on the change of mind form. Don't enter a restricted application course for the first time on a change of mind form as it won't be considered. Restricted application courses are those for which assessment procedures such as audition, aptitude test or portfolio submission have already taken place. The one exception to this rule is a restricted course which shares the exact same assessment procedures as a restricted course you have applied for by 1st February. Don't

list any course which has been cancelled, but you may include any new courses which were announced after the 2017 CAO Handbook was published. All of this information is easily accessible on the CAO website, www.cao.ie.

The two course categories – Level 8 (Honours Bachelor Degrees) and Level 7/6 (Ordinary Bachelor Degrees/Higher Certificates) are totally separate from each other for the purpose of submitting a change of mind form. You may change one category and leave the second category unchanged or you may change both. On the other hand, you may decide to stick with the choices you submitted by 1st February last.

If you change courses online, which is now the standard way of doing so, the CAO will send an acknowledgement to your email address. You should also check that your courses have been updated by using the “My Application” facility by 5.15pm on 1st July. You may change your course choices free of charge as often as you wish up to the closing date. The final change of mind form that you submit is the one that will count for your CAO offers in August, so be very careful to check online before 1st July to make sure that all is in order. After the 1st July you can make no further changes to your CAO application form. So the remaining nine days provide you with a valuable window of opportunity. Use the time to put some serious thought into your choice of college courses. With the state exams done and dusted, you can give your undivided attention to submitting a “change of mind” form that truly contains your course interests. It will be time well spent if you achieve your course of choice when the college offers are issued in August.

The Leaving Certificate Examination results will be delivered to schools on Wednesday, 16th August. The results will also be available via internet at www.examinations.ie from 12 noon on that day. Round One offers of college

places will be available on the CAO website, www.cao.ie from 6am on Monday, 21st August. The reply date for acceptance will be 5.15pm on Monday, 28th August.

Next week, in the final article of the current series, I'll provide some information about Student Universal Support Ireland (SUSI), the awarding authority for college grant applications and other sources of funding for college.

This year you were invited to bring a stone to be used as a 'prayer stone' to the Cemetery Masses in the parish and will create a cairn of stones. ... to honour our prayerful gathering.

Cairns are a group of monuments constructed for a ritual or social gathering. There are just over 400 of them in Ireland, and they are almost all found north of a line between Galway Bay and Dublin, i.e. in the northern half of the country. There is also a Jewish custom of leaving stones on the grave to mark a visit to remember a loved one.

Please inform people outside Parish who may have relatives buried in any of the aforementioned of dates and time. It is greatly appreciated that all our graveyards are kept tidy.

THE BOYS OF MEANUS After much searching and asking of many people about the words of 'The Boys of Meanus' written by one JerHartnett ... you can consider the grand search over and it eventually found like most things in the bottom of a box of papers. The song is of great interest to people of Beaufort and Killorglin and for fear it would disappear, the full song with minute corrections is printed below. Who knows that in the near future it will get an audio airing as part of the musical repertoire round these parts. Bigi ag canad !!!

THE BOYS OF MEANUS

Chorus

*We are the Boys of Meanus,
We're fit for any game;
Although we're few in number,
We're sportsmen just the same.*

*The Doyles they were great ploughmen,
Many prizes home they'd bring;
And the two Sugrue brothers,
Well known in the boxing ring.*

*If there's anyone amongst them,
To whom I'd give my hand,
Its Patrick Doyle from Meanus,
He's the leader of our band;
That gallant, famous Treasure Band,
That plays a line of songs,
They'll raise the rafters from the roof,
With music thats so grand ????*

*To speak about some farming,
'Tis there you'll see it well done;
They cut the hay in the month of June,
And they give it plenty of sun.
They're up before the break of day,
And up till late at night;
For there they must labour busily,
Where they use the electric light.*

*Danny Connor goes to the creamery
And Micky goes to town;
Jer Hartnett goes to Sheehy's,
And he'll go round and round;
He'll surely go to Falvey's
And then up to Paud Neill's,
Sure he takes that pint called Guinness,
In sunshine or in rain.*

GET WELL WISHES

We wish our under 12 dancer James Williams a speedy recovery.

CREDIT UNION CO. LEAGUE.

Kilcummin 2-10 Beaufort 3-13. Our senior team played Beaufort for the first time in a competitive fixture in over twenty years and came out on the wrong side of the result. The visitors were well worth their six point win and our large number of injuries and unavailable players is taking its toll. Two first half goals from Oscar O'Connor and Richie O'Connor and four points from Noel Duggan helped us trail by just one point at half time. After conceding an early goal and being reduced to fourteen players early in the second half it was always going to be an uphill struggle after that. However credit to the players for their efforts and it took a number of great saves from the Beaufort goalie to prevent us getting back into this game. Our next games are away to Currow on July 1st and home to Ardfer on Wed July 19th.

Team Kieran Fleming, Mikey O'Shea, Damien O'Leary, Jamie O'Donoghue, Donal Maher, Chris O'Leary, Daniel Moynihan, Shane McSweeney, Kevin Gorman, Paul O'Riordan, Matthew Keane, Ian Devane, Oscar O'Connor, Noel Duggan, Richie O'Connor. Subs used Gavin O'Connor, Tadgh Ryan Tomas O'Connor.

UNDER 14 GIRLS

Well done to the Kilcummin Under 14 girls who won the shield final in the county league beating a gallant Moyvane team in the final. The game was played in lovely conditions in Kilcummin on Sunday evening. Final score was Kilcummin 6-5 to Moyvane 4-1. This was a good team performance with all girls including the subs on the day making a contribution. There was great excitement as captain Eabha Dwyer received the county shield after the game. The win was well deserved as the girls have shown great commitment to training all year. Hopefully this will continue for the rest of the year. Well done girls!!!

At the recent Municipal area meeting Councilor Michael Gleeson asked that the Council would upgrade the footpaths in Killaha Cemetery that become mucky and slippery during times of rain as they are then a threat to safety and well-being. The Council replied that it will examine the pathways and ensure that they are to the correct standard.

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

CARDIO WORKOUT V'S WEIGHTS

This is a debate that is trashed about a lot as to which is more effective for weight loss, getting fit, and toning. The truth is both are needed for all the goals listed above.

If you are looking to loose weight on the scales however, don't let the scales fool you. When engaging on a weight programme don't be surprised if the scales doesn't shift or even goes up a few lbs. this does not mean you are putting on fat, it is reflective of the muscle mass you are building that will burn the body fat you don't want. You will be dropping on inches and overall body fat but might be weighing the same or more as the drop in body fat is being replaced by the weight of the muscle. Obviously a Calorie controlled diet is essential to compliment this programme. You will need protein as the building blocks to build muscle and reduction in your calories daily to burn fat. If you don't get the diet right, you could end up burning lean muscle if you eat too little calories or even the opposite gaining more fat on top of the muscle and risk looking bulky if you consume too many calories.

Weights will not make you look bulky unless you want them to. It's up to you to take your weights programme as far as you like. It's not that easy to bulk up with weight so don't just think it will happen over night. It will take time and you will be able to track your visual progress and increase the weight as much as you need to get the muscle gains you are happy with.

OUTLOOK FASHION TIP:

DON'T OVERDO BELTS:

The belt is meant to give you a waist or hold your pants up. There are times however, the belt should be left at home. If an outfit is already fitted, there is no need for a belt. If you are wearing pants but feeling like belting the shirt, it looks a little odd. Use belts sparingly rather than often.

DIET TIP

Choose lean cuts of meat and trim off any excess fat before cooking. Small servings of lean meat deliver all the nutrients you need and you save money on the extra weight.

Spray it on:

To give your skin a sexy sheen in seconds, fill a spray bottle with a dry body oil and mist it all over right after you shower.

CREATE A WONDERFUL DAY – EVERY DAY!

With every morning we begin again to a new day. In every fresh moment we get the opportunity to choose how we want to be, what we want to feel and how we will live. What is the story of your day? What will you write on the script of your life? Living really well means choosing to live each day and moment as well as you can. It means approaching everything you do as if you've never done that thing before. If you think about it, even though you may have done the same thing millions of times, it is always different in each new moment! This moment hasn't happened before, this breath hasn't happened – it's a new breath! Everything is constantly new and fresh if we allow it to be! So make each day a new opportunity to be more fully in love and engaged in your own life. Many people give up on themselves too soon. They brand themselves a failure when things don't go according to plan. They feel useless when they don't get that job promotion, exam result, or their creative ideas are rejected. They feel unlovable when a relationship ends. That's all part of the experience called Life. It doesn't mean that you will never be happy, loved or achieve your dreams. Don't let one bad chapter or one negative moment in your life define the rest of your life. The key is to learn from that chapter or moment and write a new story.

Happy New Day!

RING OF KERRY CHARITY CYCLE - SATURDAY JULY 1ST 2017

THE COUNTDOWN IS ON TO THE RING OF KERRY CYCLE - HERE ARE SOME TIPS FOR ALL THOSE TAKING PART IN THIS YEAR'S CHARITY CYCLE.

Ease off the training for the last week. Get plenty of sleep. The night before you must eat well, load on the carbs, have the dessert trolley, all of it. Hydrate, but don't go mad. This is not a race, you will have all day to eat and drink, and the organisers try to supply plenty for everybody. Every year a couple of hundred set off hungover having gone 'for just the one' the night before. It is just not worth it, dehydration adds to the suffering and if you survive the day you will be useless for a decent night out afterwards. There is no creamier pint than the one after 175 km round Kerry! Register early, Friday night in Killarney and a bit of grub and an early night. Saturday morning from 5.30 am, but either way you are looking at a very early start. A good breakfast, porridge / cereal / museli, fruit / yoghurt. Try pancakes / maple syrup or scrambled eggs / brown bread.

Start off at a steady pace and don't mind others tearing past, as the day is long and the hills are on the second half of the day. Caherciveen at your leisure – 4 hours is fine – stop for food and hydration. The new school and the team there have fed thousands of riders over the years and deserve all the thank you's you can muster.

If you puncture **FIX IT!** Stand by your bike and someone will stop and help. Leave the repair crew to sort serious problems, and anyhow the wait is not worth it.

Kenmare is an important stop where some food and tea will fortify you for the climb up Molls Gap. Don't make the mistake of skipping through as late in the day you will run out of fuel and risk getting 'the knock'. Finally take it easy on the decent down Ladies View which can be slippery when wet, and remember that AFTER the decent there are still 15 km to go.

VOLUNTEERS

The Ring of Kerry Charity Cycle has an unparalleled level of volunteer support for participants, including 10 bike-repair points and transport to the finish if needed. Therefore, you need not worry that you could be left stranded.

Nevertheless, it's best to take all precautions to avoid difficulties and punctures are naturally the most common. You will get help if you can't repair one yourself, but it may take a little time which will involve delay for yourself and for your friends if you agree to stick together.

Volunteers fix a large number of punctures and the most common causes are:

Embedded debris in tyres, such as tiny pieces of glass or stone – check your tyres beforehand. Tyres not inflated correctly – make sure they have the recommended air pressure.

When punctures occur, the inside of the tyre is not inspected and whatever caused the puncture is not removed, resulting in the replacement tube puncturing again – check the inside of the tyre before replacing a tube.

If you can't change a puncture yourself at least carry a spare tube and the means to take off your wheel if you don't have quick-releases. Somebody is likely to help and spare you the wait for a volunteer support crew.

Other types of mechanical problems also occur and it's often not possible to fix them outside of workshop. So, get your bike thoroughly checked to help avoid having to come back in a support-bus!

For medical contingencies there are 12 first-aid points on the route, three medical centres and numerous ambulances. All staffed by fully-qualified volunteers, so you can be assured of support in the very unlikely event of it being needed.

Other difficulties can arise from the weather, either good or bad. On hot days, for example, not drinking or lack of sun-protection can lead to problems. Similarly, rain and cold wind can cause difficulties if not prepared.

The vast majority of participants enjoy the Ring of Kerry Charity Cycle without any difficulty but, if you do have an unfortunate problem, you can be assured of support from a large, experienced and qualified team of volunteers who have years of experience helping people through the event.

FOOD FOR THOUGHT

On the Ring of Kerry Charity Cycle it is best to eat often and lightly so that your body gets an even, regular supply of food that can be digested easily. Aim for something like a banana or similar quantity of good food at least

every hour, but eating smaller amounts every half-hour would be even better.

Do this from the beginning even though you might not feel like eating for the first hour or two. With the relaxed speeds that are normal on the Ring of Kerry Charity Cycle there is generally no need for specialist supplement products or for 'carbo-loading' – a normal good quality dinner the evening before and a good quality breakfast will ensure that the system is fully fuelled before you set out. There are two substantial food-stops on the route and participants enjoy taking a break at these. However, don't be tempted to over-eat: there is a limit to how much nutrients the body can absorb in one sitting and indulging too much before hitting the road again can let you feel bloated and sluggish. Drinking regularly is also important especially if it is hot – aim for at least a bottle per hour. Plain water should be sufficient but, if you do feel like it, indulge yourself in a cool, sugary drink to give yourself a pep for the last section of the route.

GEAR UP

You do not need any special gear apart from a helmet but having suitable kit may help make your riding more comfortable and enjoyable. Make sure your helmet fits and is worn correctly. If considering gear to buy, a pair of good cycling shorts should be first on the list. A cycling top has useful storage pockets and a pair of padded cycling mitts will ease pressure on your hands. There will be times when you will need a light rain jacket or windbreaker and being able to stuff this into a pocket is a bonus – never hang clothing around your waist as it is dangerous. These basics will make life more comfortable but there is, of course, no end to what you can get. Make sure everything fits snugly for comfort and to prevent flapping in the wind.

TAX MATTERS

With O'Brien Coffey MacSweeney
Accountants & Statutory Auditors

RENTING OUT A ROOM IN YOUR HOME

If you rent out a room (or rooms) in your home to private tenants, the rental income you earn will be exempt from income tax, provided this income does not exceed a certain limit in a tax year. This is called the **rent-a-room relief**. A self-contained unit, such as a basement flat or a converted garage attached to your home, can qualify for this relief.

The relief applies only to residential tenancies, not to short-term guest arrangements.

The total (gross) rent that you get, which includes sums that the tenant pays for food, utilities, laundry or similar goods and services, cannot exceed €14,000 in the tax year (1 January to 31 December)

You cannot deduct expenses from your rental income while claiming rent-a-room relief.

If you qualify for rent-a-room relief, the income you get from renting out the room is not liable to PRSI, the Universal Social Charge or income tax. However, it must be included on your annual income tax return.

Rent-a-room relief will not affect your mortgage interest relief or your exemption from Capital Gains Tax (CGT) if you sell your home.

Know Your Rights: MEDICAL CARD AND DOMICILIARY CARE ALLOWANCE

QUESTION

I'm getting Domiciliary Care Allowance for my daughter so I was happy to hear that medical card cover was being extended to children who qualify for the payment. The medical card application form seems to require a lot of information that doesn't appear relevant in this situation. Is there another way to apply?

ANSWER

You don't need to complete the medical card application form to get the medical card for your daughter. The medical card for children who qualify for Domiciliary Care Allowance (DCA) isn't subject to a means test so information about your income is not required.

Instead, you can register your child online by going to the website medicalcard.ie and clicking on 'Medical Cards (DCA)'. The site also has a form you can download if you prefer to apply by post.

You will need to provide the following information:

- Your Personal Public Service (PPS) Number and contact details
- Your child's PPS Number and date of birth
- The name and address of your child's GP

The website includes a list of GPs who are participating in the scheme. If your GP of choice is accepting applications electronically, your child's details will be sent to them. If not, you will be emailed a copy of the relevant details, which you can print out and bring to the GP.

Once the GP accepts your child to their GMS patient list, the registration will be finalised by the National Medical Card Unit and a medical card in your child's name will be sent to you.

If you have questions about the medical card, you can call the information line on Lo-call 1890 252 919.

Further information is available from the Citizens Information Service below.

RESULTS

Kerry District League: Killarney Celtic 7 Fenit Samphires 0

Celtic needed something here to book their place in the League Final, and obliged with an absolute master-class. Fenit were a good side, breathing hard on our necks in the league table, but they simply never got a look in against Celtic's pace, power, and precision. Gary Keane opened the scoring, Peter McCartyhy and Jamie Spillane both went close before Cathal O'Shea doubled our total. Peter McCarthy added our third on 25 minutes and Gary Keane, Brendan Falkvey, and Wayne Sparling libked up superbly to set up Cathal for our fourth before the break. Celtic kept up the pace in the second half, with Cathal claiming his hat-trick before Styephen McCarthy set up Stephen Hayes for 6-0. Before thew finish, Cathal landed his fourth.

Fenit emerged from the game with an awful lot of credit. On a hard day for them, they always kept their discipline and played good football all through, particular the influential Bill Mullins.

Killarney Celtic: Roy Kelliher, Chris O'Leary, Brendan Falvey, John McDonagh, Jamie Spillane, Peter McCarthy, Wayne Sparling, Pa McGrath, Matt Kerane, Gary Keane, Cathal O'Shea. Subs Stephen Hayes, Stephen McCarthy, Conor McCarthy, Anthony O'Leary, Lee Downing, Jordan Leahy, Evan Jones.

Fenit Samphires: Ciaran Murray, Sean Allen, Peter McCarthy, Pa McCarthyu, Robert Prendeville, Donnacha McGarry, Chris Murphy, Bill Mullins, Jesse Stafford-Lacey, Daniel Clinton, Sean Foley. Subs Sean Ryan, Conor Lowe Referee: Derek O'Shea

DENNY PREMIER FINAL

Killarney Celtic v Killarney Athletic, Mounthawk Park, Sunday, 3.30pm

The exodus from Killarney to Mounthawk Park

next Sunday will be comparable to Moses' exodus from Egypt as the two best sides in Kerry this year prepare to face off in the biggest Killarney derby of them all. History will be made....hopefully we can be the ones to make it, but its up to all of Killarney Celtic to make that happen, the supporters in the stands as much as the players on the field.

MASTERGEEHA FC

PREMIER B FINAL

Mastergeeha 0 Castleisland 2. In the opening stages of the game Mastergeeha played the better soccer creating some chances with Chris Egan and Jer Sheehan having shots saves and cleared off the line. However mid-way through the half Castleisland took the lead. After this Mastergeeha had the most of the possession with Padraig Doyle going close for the equaliser before the break. The second half continued in a similar fashion with Mastergeeha dominating and creating further chances. With 10 minutes remaining Castleisland scored the second goal to ensure the trophy win. All for Mastergeeha played well. Despite disappointment on the day Mastergeeha had a successful season gaining promotion to the top tier in Kerry soccer.

WELL DONE

Well done to Mastergeeha players Anna Hannigan, Kate Lynch and Caolinn O'Donoghue on being selected to play with Kerry U16 girls in the Gaynor Cup in University of Limerick. This national competition will run from Wednesday to Saturday and we congratulate the girls on their selection and wish them every success.

TG4 SENIOR LGFA MUNSTER SENIOR CHAMPIONSHIP

KERRY PRODUCED A STORMING LATE COME BACK TO EARN A PLACE IN THE TG4 MUNSTER LADIES SENIOR FOOTBALL FINAL WHEN LATE GOALS BY SARAH HOULIHAN AND ANNA GALVIN HELPED DEFEAT CORK. **DONAL BARRY** WAS AT FITZGERALD STADIUM

KERRY DIG DEEP TO END IMPRESSIVE CORK RUN

MUNSTER SENIOR LADIES FOOTBALL ROUND 3

KERRY 2-15 CORK 2-13

It really was last chance saloon for both Kerry and Cork in last Saturday's Munster Senior Ladies Football Round 3 game with both having lost to Waterford in the earlier rounds. In front of a reasonably healthy crowd with soaring temperatures Fitzgerald Stadium played host to one of the most competitive championship games between the old rivals is quite a while and it was Kerry who showed the character late on to win a game which looked like it was going away from them. Playing with an energy and hunger that they lacked in the loss to Waterford Kerry were quick off the blocks and their half time double score lead 0-10 to 0-5. It possibly should have been more considering they kicked eight first half wides as well as missing out on two gilt edge goal chances in which Cork keeper Martina O'Brien turned one wide for a 45 with Marie Ambrose clearing another effort off the line.

Kerry opened brightly and with Houlihan and Rogers firing over in the first minute and they were never to trail in the first half. Caroline Kelly playing as an affective screen in front of an Aislinn Desmond led full back line; Kerry dealt well with the potent Cork full forward line in the opening half despite Cork levelling matters on the sixth minute with points from Scally and Finn.

Kerry would hit three on the trot to lead 0-5 and 0-2 and do so again to lead 0-9 to 0-4

with Lorraine Scanlon hitting Kerry's last point of the half with the home support rising to their feet at the half time whistle. Louise Ni Mhuircheartaigh with an early free saw Kerry continue where they left off upon resumption but the Cork comeback was coming as Kerry faded somewhat with the amount of energy that they had put in. On 33 minutes, Finn would fire over and then for the first time in the contest Aine O'Sullivan who slotted past Kerry keeper Laura Fitzgerald gave Aislinn Desmond the slip. It was Cork's first real chance of goal and the gap was back to just two and Finn would have it back to just one by the 35th minute (0-11 to 1-7) as Kerry looked rattled.

Sarah Houlihan and Louise Ni Mhuircheartaigh would restore the Kerry lead to three points shortly afterwards as both forwards along with Anna Galvin and Laura Rogers continued to look dangerous with every chance they got.

All Star Orla Finn and Rogers would swap points as Kerry continued to hang on by the 42nd minute but Cork would have their second goal from the hard working Niamh Cotter. The midfielder fetch a high ball at midfield and two passes later she was in for goal. It would level the match for the second time. Kerry looked on the ropes and Finn added two points in quick succession as Cork now appeared to be in the driving seat. Eimear Scally would put Cork three clear with 11 minutes to go.

A Louise Ni Mhuircheartaigh free had Kerry back to two (0-15 to 2-11) with a draw enough to ensure Kerry's final place but no one could have imagined the grand stand

finish that was in store.

With just 4 left to play Sarah Houlihan was put through by Laura Rogers and she fired past O'Brien in the Cork goal, two minutes later O'Brien would pick the ball out of the net as Anna Galvin showed a clean pair of heels to the Cork defence and tremendous poise to shoot past the keeper. It was a score born out of the South Kerry and one deserving of its importance on a day when the Derrynane's neighbour Sneems John Egan was honoured in the South Kerry village.

Cork were now on the floor, having come from six down to lead by three, they had to do it all again but late points by Annie Walsh and Eimear Scally only served to put a better reflection on the board as for the first time since 2004 Cork will not contest a Munster Final. With a repeat of the 2003 Kerry v Waterford one set for July 8th with a Waterford venue likely.

in division 3A. The golds drew their game, securing 2nd spot in division 3B. They only lost one game in both phases of their county games & that was by a single point. Plus they were under strength on the same night. The blues were unbeaten in all their games in both phases of the county league. The Coaches can't speak highly enough of these group of boys, their skill, determination, heart is unbelievable. Each & every boy is a credit to Spa GAA club & more importantly to their families. The Coaches would like to thank the families & friends of the boys for their great support, it got us through some tough games this year.

Senior Co League Rd 6: Spa 3-12 Ardfert 2-8

Aided by the breeze in the opening quarter, Spa's Mike O'Donoghue kicked four points in quick succession before Paudie Carroll pointed for the visitors. Evan Cronin and Daithi Griffin exchanged further points before Darren Dineen slotted the ball past James Devane for the first goal of the day. Ciaran Spillane replied with a Spa goal at the other end but Ardfert replied immediately when Bobby Regan rattled the net for a second Ardfert goal to make it 1-5 to 2-2 coming up on half time. Spa were attacking again shortly after but Evan Cronin's effort was well saved by Nicky Sullivan as points from Eoin Cronin and Mike O'Donoghue gave Spa the advantage at the break 1-7 to 2-2.

Shane Cronin and John Egan swapped points before David Spillane made a long run through and scored Spa's second goal and Shane Cronin hit the back a minute later to stretch the Spa lead to 3-8 to 2-3. Two points from Michael McCarthy extended that lead before John Egan (2) and Brandon Barrett exchanged points with Evan Cronin (2) and late scores from Ardfert's Paudie Carroll and Shane Griffin closed out the game to finish Spa 3-12 Ardfert 2-8.

DR. CROKES GAA

COUNTY LEAGUE DIVISION 1 ROUND 6

Dr Crokes 4-17 Kerins O'Rahillys 1-12

Played in Kerins O'Rahillys ground on Saturday 17th of June

After this round of matches we are five wins from 5 games and sitting at the top of the table and probably out of relegation trouble. On a more positive note we should be going all out for a top two place and qualifying for a place in the final of the competition.

Even though we started better and had the first point our opponents had the next 3 points without reply for a two point lead. The difference between the teams over the hour was our ability to score goals and our first came as early as the 7th minute. Our opponents equalised the game with a point in the 12th minute. We were completely on top in the 2nd quarter with five points without reply, followed by a Jordan Kiely goal and then another point. Kerins O'Rahillys had the last 2 scores of the half, 2 points to leave us 2-8 to 0-7 in front at the interval.

Our opponents struck for a goal in the first minute of the second half to leave just 4 points between the teams. A goal by Ambrose O'Donovan and 3 other Crokes points in the next 5 minutes put us 10 points clear. The teams then exchanged points on two occasions. Just before we entered the fourth quarter we got on top again and for the next 10 minutes we scored 1-4 without reply, the goal by wing back David O'Leary. Our opponents had 2 points to our 1 in the last five minutes, leaving us 4-17 to 1-12 winners. Our wishes for a speedy recovery to Jordan Kiely who got injured during the game and also to Micheal Burns and Luke Quinn who are also nursing injuries.

A big positive from the result were the displays of newcomers Brian Fitzgerald, David Naughton, Cillian Fitzgerald and Jason Lyne in defence and a very good midfield contribution from PJ Lawlor and Paul Clarke who notched

up 4 points from play.

TEAM AND SCORERS

Shane murphy, Brian Fitzgerald, Mike Moloney, David Naughton, Cillian Fitzgerald, Jason Lyne, David O'Leary 1-1, Paul Clarke 0-4, PJ Lawlor, Daithi Casey 0-2, Gavin O'Shea 0-1, Brian Looney, Shane Doolan, Kieran O'Leary 1-5 (0-1 free), Jordan Kiely 1-3. Subs: Ambrose O'Donovan 1-1, Mark Egan, John Payne.

CO.LEAGUE

Killarney Legion 1-13 Listowel Emmetts 0-13

The Legion supporters were a bit unsure as to whether it was the blazing sun or the fact that the seniors couldn't really translate their many opportunities into scores that caused many of them to sweat but they prevailed ultimately by a goal after Conor Keane showed a cool head to net on the stroke of time. As was the case around the county not a cloud in the sky and a good job the water tax wasn't in vogue as both teams took on as much hydration as possible. The visitors dominated the first quarter and mainly thanks to the free taking of Conor Cox managed to look comfortable leading by 3 pts. after 15 mins. this shook the Legion into action and the remainder of the half saw them produce their best football. Once again Chris Davies lead from the front and he snuffed out the threat of Cox and Danny Sheahan was commanding at full back. A run of six unanswered points saw the Legion go to the dressing room leading 7 pts. to 4. Picking up where they left off further good play added another 3 pts. and they looked to be comfortable with a 6 pt. cushion. The Emmetts however took full advantage of the many missed chances by the Legion and whittled away at the deficit to level matters

with full time approaching. Fittingly Billy McGuire, Shaun Keane and Chris Davies all had a hand in setting up Conor Keane for his well taken goal which sees them return to top of the table with a game in hand.

Scorers - Conor Keane 1-4, Jamie O Sullivan, 4 pts. (2F), Tom Moriarty 2pts, Danny Sheahan 2 pts. Shaun Keane 1pt.

U12 GIRLS

The U12 girls certainly got everything right on the night as they saved their best till last with a superb win over Currow in the County League final. The tone was set early as the forwards linked up to great effect with the defence and midfield giving a very solid foundation. It was testament to the great work being done by coaches Selina Looney, Hannah Devlin, Jason Stack and Enda Murphy since March. The improvement in the team performance's this year was there for all to see. A word too for beaten finalists Currow who despite being beaten never gave in and no doubt they too will have better days. Comhghairdeas a cailíní, laochra óg sibh go léir.

HANDBALL NEWS

1 Wall Handball Championships get underway: The Munster 1 Wall Championships are taking place in Conna Co Cork next Saturday. This is a different discipline for the players who have been putting in the hours in the build-up to next weekend.

Kerry has three players in action with multi-discipline winner Dominic Lynch in the Masters grade. He told Kerry's Eye that the One Wall is one he really enjoys. "It is all about accuracy and you have to keep the ball between the lines. The wall is 20 feet across and 16 feet high with the court 34 feet long. The fact that you can't depend on the side walls really concentrates the mind and there is a great buzz from the One Wall events."

"Glenbeigh has just installed a new One Wall court that we will be opening at the weekend and it will certainly make training easier going forward."

Jack O'Shea will take part in the Men's B grade with Eamon Lacey playing in the Men's C grade with all three looking to bring home the titles and progress onwards during the summer. Their opponents will not be known till the end of the week.

KERRY PITCH & PUTT

Last weekend at a sun drenched ESB course in Cork city the Munster Stroke-Play Finals took place. On Saturday it was the turn of the Junior gents and Ladies grades.

Five players represented their clubs in the Junior grade, it wasn't a good day for Tralee players Tim Scannell and Tommy Higgins who both missed the cut of four over par. However Chris Fleming from Newmarket and Pa Byrne from Tralee both shot one under par and Tralee player David Hobbart shot three under to lie in second going into the final round five shots behind Fermoy's Keith Flynn who shot a brilliant eight under.

In the final round the heat played a huge factor with players wilting in the heat and scoring proving very difficult. David Hobbart came home with one under overall but was pipped into third on back eighteen by Mark Jordan from Raffeen Creek who also came home on one under par. Keith Flynn went on to win the Junior grade by eight shots.

In the Ladies Lisa O'Connor from the Tralee club played well in the searing heat of the afternoon but never got into contention.

On Sunday morning it was the turn of the Intermediates, Johnny O'Brien from Deerpark, Tralee's Jason Cregan and Danny O'Leary missed the cut of seven under by some distance. However Listowel's Chris Curran shot an impressive seven under to make the final round but it was Tralee's Alan Hobbart

who posted a ten under total only four behind the leader where eyes turned toward in the final round. In the final round both Chris and Alan posted one under with Alan finishing on eleven under. In the end three players finished on thirteen under and a ply-off ensued where Parteen's Conor Fahey prevailed.

On Sunday afternoon it was the turn of the Seniors where Tralee's Tony Blake and the Deerpark duo Damien Fleming and John McGrath teed off. Tony Blake and John McGrath both missed the cut of nine under with John missing out by one shot. It was Damien who lead the field with fifteen under going into the final round. In the final round a few drop shots cost Damien and three players ended on twenty-one under to set up another nine hole play-off where Bryan Delaney won out on the fifth sudden death hole.

This weekend all eyes turn to the St. Anne's club in Cork city where the Munster U16 Match-Play Finals take place. We wish all the Kerry U16 players the best of luck over the weekend.

THINKING ABOUT FEELINGS

When someone comes along to counselling and begins to talk about what is troubling them, one of the difficulties that sometimes emerges is their sense of having feelings that are 'bad' or 'wrong'. Perhaps they have been experiencing feelings of anger, or frustration, or maybe sadness, or regret. They may see such feelings as negative or self-pitying, and not compatible with being a good and kind and positive person. They wish these feelings would just go away. But, however much they try to wish them away, the feelings stubbornly persist. So then they experience shame and anxiety about having what they see as such negative feelings, and this shame and anxiety gets added to the mix, and just makes everything worse.

Counselling can offer us time and space in which we can talk about, and think about, all the different aspects of our emotional life, without using labels like positive or negative, right or wrong, good or bad. Instead, the counsellor provides a non-judgemental relationship, in which all aspects of our emotional experience can be heard and thought about. If we can slow things down a bit, begin to make sense of our feelings, and see them as an unsurprising response to aspects of our life experience, they are much less likely to cause us anxiety.

Gradually, we become more able to manage our feelings and get on with our lives, instead of our feelings managing us, perhaps by making us anxious or irritable or unconfident or withdrawn. We learn to accept that, if we face difficult and challenging situations in the future then, naturally, we are bound to experience difficult and challenging feelings within ourselves. And when we have to bear particularly difficult circumstances or events in our lives, there is no shame in seeking support to work through our feelings about them.

A counsellor is able to sustain an open and accepting attitude to another person's feelings, without anxiety getting in the way, because, through their own training and personal development, they accept that having emotional responses to life's events is a part of what it is to be human. Perhaps then, the more accepting and tolerant we can be towards our own emotional life, the more kindly and accepting we are able to be towards the feelings of others.

2-INGREDIENT REMEDY TO ALLEVIATE A TOOTHACHE

We all know that toothaches have a nasty habit of striking in the night when the dentist's office is closed or at a time when you just can't go to a dentist.

To ease the pain you just need 2 simple ingredients – cloves and coconut oil. Cloves make an incredible (and inexpensive) home remedy for toothaches. Long before we had the dental care we have today, dentists used cloves to help pain because they contain eugenol, a powerful anaesthetic and antiseptic that stops pain in its tracks and wipes out germs. Eugenol remains popular and effective even now, and is still used by dentists today in a purified form that separates it from the essential oil.

Ingredients: ½ teaspoon clove powder and ½ teaspoon coconut oil

Mix these 2 ingredients and apply this mixture (an eye dropper is easiest) on the affected tooth. This mixture will help you alleviate the pain and you'll feel much better but go to the dentist as soon as possible or the pain will keep recurring.

FIDGET SPINNER SENDS LITTLE GIRL TO ACCIDENT AND EMERGENCY

The ever-popular fidget spinner has proved in many cases to be more of a nuisance than a helpful tool. The toy, apparently intended to help students focus, has become a huge distraction at home and in the classroom and on the odd occasion can also be dangerous.

A little girl from Indiana was riding in the back seat of the family car. They chatted away as her father, an off-duty firefighter, drove. She was playing with her spinner, as all young people do these days, when things got out of hand. One of the metal bearings from the spinner broke off and flew into her mouth. The piece became lodged in her throat and she began to choke. Horrified, her father stopped the car and rushed to help his daughter.

The girl's father hit her on the back while she coughed, in an attempt to dislodge the metal piece. And eventually the object left her throat and ended up in her stomach. She was taken to the hospital to be checked out, but was later released when it was determined that she would be fine.

Her father took to Facebook to share a warning about the popular toy. He wants all to be aware that they can pose a choking threat. It is important for parents to be diligent in keeping an eye on new trends that emerge with young people. Even things that seem benign can end up causing serious damage.

PLEASE DO NOT VISIT ZOOS OR SO CALLED SAFARI PARKS IF YOU ARE GOING ABROAD

Every week, it seems like there's another story about zoos neglecting or treating their captive wildlife horribly. Unfortunately, sometimes these zoos are actually members of the World Association of Zoos and Aquariums (WAZA) – which is supposed to ensure member zoos are providing humane care and wildlife conservation.

Recently, elephant trainers at Germany's Hanover Zoo were caught on video using rough

treatment with whips and bullhooks on three-year-old elephants, forcing the animals to cringe and cower in order to "train" them. Before that, video showed a clearly drugged tiger being posed for photos with tourists at the Taman Safari in Indonesia.

What do those facilities have in common? They are both members in good standing of WAZA.

WAZA membership is supposed to help keep animals safe and well cared-for. Clearly in these examples, it is failing. Even worse are the thousands of zoos that are not members, so WAZA does next to nothing to help wild animals suffering in those facilities.

DOG SHOOK AWAKE BLIND 66-YEAR-OLD AT 3 A.M. AND PROBABLY SAVED HER LIFE

All seemed well for 66-year-old Rachel Slater, who lay sleeping in her Kenosha, Wisconsin home, peacefully unaware of the impending danger in her body. But Ms. Slater's seeing eye dog, Parfait, sensed that something was deeply wrong with her owner and wouldn't let her stay asleep.

It was 11:30 p.m. when Slater first woke to her the feeling of her Golden Retriever insisting that she get out of bed. Sleepy and confused, Ms. Slater stumbled to the door to let Parfait outside and then promptly fell back asleep.

But just a few hours later at 3:00 a.m., Ms. Slater woke again to Parfait's insistent nudging. Ms. Slater was puzzled by her 4-year-old canine's behaviour, but Parfait was keenly aware of the reason her beloved owner needed to stay awake. "Oh, dear Lord, what's wrong with her?" Ms. Slater remembered thinking of Parfait and was concerned about Parfait's well-being when it was her own health and wellness that had the dog so worried.

Wide awake by now, Ms. Slater began to tune in to what her body was telling her — what Parfait knew all along. She felt nauseous and realised her heart was racing, which led to an emergency 911-call.

Ms. Slater already lives with retinitis pigmentosa, a rare eye disease that causes deterioration to the retina and peripheral blindness. Ms. Slater has lived with the inherited disease since childhood, but having a trained Seeing Eye dog like Parfait has helped to maintain her independence.

But on this night, Ms. Slater's vision problems were Parfait's least concern. Ms. Slater's family also has a history of congestive heart failure, and Parfait was so tuned in to her owner's health and well-being that she detected an early, urgent abnormality in Ms. Slater's heart.

Ms. Slater ended up hospitalised for three days. The paramedics and doctors involved with her care agreed that Parfait saved her life that night.

QUOTE

"I expect to pass through life but once. If therefore, there be any kindness I can show, or any good thing I can do to any fellow being, let me do it now, and not defer or neglect it, as I shall not pass this way again" - William Penn (1644 – 1718), founder of the Province of Pennsylvania

ON THIS DATE – JUNE 23RD

0930 - Icelanders established the Althing, an open-air national parliament and the world's oldest surviving parliamentary body. This was later credited as the first example of representative government.

1611 - Henry Hudson set adrift in Hudson Bay by mutineers on his ship Discovery and never seen again

1683 - William Penn signed a friendship treaty with Lenni Lenape Native Americans in Pennsylvania. It became the only treaty "not sworn to, nor broken."

1704 - The Registration Act came into force requiring all Catholic priests in Ireland to register in court, to furnish two £50 bonds for good behaviour, and not to leave the county in which they were registered

1713 - French residents of Acadia, a colony of New France that included parts of eastern Quebec, the Maritime provinces and modern-day Maine to the Kennebec River were given one year to pledge allegiance to Britain or leave North America.

1757 - Forces of the East India Company led by Robert Clive (1725-1774) defeated Indians at Plassey and won control of Bengal. Lord Clive defeated Siraj-ud-daula, the Nawab of Bengal and exacted a payment of \$140 million from Moghul ruler Mir Jafar and a Moghul title of nobility and rights to land around Calcutta. This effectively marked the beginning of British colonial rule in India.

1810 - Governor Macquarie opened Australia's first post office in Sydney.

1817 - Bank of Montreal incorporated with £250,000 capital; Canada's oldest.

1888 - Frederick Douglass became the first African-American nominated for US president.

1896 - In the Canadian General Election the result for Assiniboia East ended in a tie and was decided by the vote of the returning officer.

ICELAND IS THE MOST GENDER EQUAL COUNTRY IN THE WORLD

On Oct. 24, 1975, 90% of Iceland's women went on strike during the first Women's Day Off. They refused to work at paid jobs, women who were prevented from carrying out paid employment due to their household and childcare responsibilities also went on strike within the home. Some children were taken to work by men, while others stayed home, and shops were bought out of easy-to-prepare foods like sausages. Men called it the Long Friday. Meanwhile, the women gathered in public squares to listen to speeches, sing and enjoy the sunshine. (It was, apparently, a beautiful day.) More than 25,000 women showed up that day in Reykjavik's Downtown Square, which is significant for a country that had a population of only 220,000 at the time.

Just five years after Women's Day Out, the country elected its first female president, who held office for 16 years. Today, Iceland has the highest female participation in the labour market (88%), and 44% of Iceland's parliament is comprised of women. In Iceland, childcare is subsidised at a high rate, and both men and women get three months of paid parental leave when they need it.

Last October, thousands of female employees across Iceland walked out of workplaces at 2.38pm to protest against earning less than men. After this time in a typical eight-hour day, women are essentially working without pay, (due to the 14% pay gap) according to unions and women's organisations.

THIS MAN PUT HIS RELIGIOUS RULES ASIDE TO HELP AN INJURED BOY

Religious law states that a turban must always cover a Sikh's head.

But when a devout follower, twenty-two-year-old Singh Harman, saw a five-year-old boy bleeding from the head at the scene of an accident, he had no reservations about uncovering his own so he could comfort the child.

"I wasn't thinking about the turban. I was thinking about the accident and I just thought, 'He needs something on his head because he's bleeding.' And I think anyone else would have done the same as me," he said.

When Mr. Harman visited young Daejon Pahia at an Auckland hospital, the boy's family greeted him with flowers and a balloon, and showered him with thanks.

HEALTH-AWARE MARKETING OFTEN HAS THE OPPOSITE EFFECT

With the unwitting help of university students and faculty, Stanford University researchers performed a psychology experiment involving cafeteria food — and it showed that vegetables might need a marketing rethink.

Throughout the fall semester of 2016, the university's lunch menu prominently displayed a different vegetable item in one of four ways. An item was either given a plain description ("beets"), a healthy, if boring label ("reduced-sodium corn"), a more upbeat but still diet-conscious label and a jazzed-up, inspired description. Regardless of the label, though, the veggies were prepared and served the exact same way each day, the researchers said in a study published recently.

All told, around 29% of the 27,000 or so cafeteria diners that semester ate the selected veggie. But not only were they more likely to eat it on days when the label was gussied up, they also gobbled up more when they did. Compared to the healthy, restrictive label, which generally performed the worst, for instance, 41% more people went for the colourfully-named vegetable, and they packed 33% more of it onto their plate.

The findings, according to the researchers, are only the latest to reflect an unfortunate trend of health-aware marketing — we usually avoid those sorts of foods like the plague, presuming they'll taste horrible and leave us unsatisfied.

"These results challenge existing solutions that aim to promote healthy eating by highlighting health properties or benefits and extend previous research that used other creative labelling strategies, such as using superhero characters, to promote vegetable consumption in children," the authors wrote.

BALD EAGLES ADOPTS BABY HAWK INSTEAD OF EATING HIM

In the wild, bald eagles and red-tailed hawks are natural-born enemies, frequently fighting each other to the death — with larger bald eagles typically winning those bloody battles.

That's why it's so amazing that instead of serving her offspring a 4-week-old red-tailed hawk she may have snatched, a bald eagle in British

Columbia has literally taken the young bird under her wing, raising it alongside her three eaglets.

A raptor expert says this is extremely rare in nature. Why was the hawklet's life spared? One theory is that the mother bald eagle's hormonal urge to kill it was overwhelmed by her hormonal urge to feed it when the hungry hawklet started squawking for food.

"What probably happened in this case is that when they brought this little guy back, he probably begged for food, as he would do, not even realising the danger it was in. Food overrides everything for bald eagles, he begged away and mom and dad said, 'Okay, here's an open, gaping beak. Let's put food in it.'"

For now, the hawklet appears to be very comfortable in his adopted home, in a Douglas fir at the Shoal Harbour Migratory Bird Sanctuary "I've seen it standing on the edge of the nest, right beside two eaglets, and looking very, very cocky and sort of proud of itself," the raptor expert said.

The bald eagle's nest, easily visible with binoculars, has been in the tree since 1991 and is popular with birders.

PROFESSIONAL CYCLIST SAVES LOST KITTEN

Brazilian cyclist Viitor Fonseca was out on a ride on May 13th when he came across a tiny lost kitten. The scrawny little tabby was found in desperate need of help and Mr. Fonseca didn't want to just leave him all alone.

So with nothing to carry him in, he decided to tuck the tiny kitten into his shirt. Something the tabby seemed very happy about.

The cyclist from Taquaritiba, São Paulo cycles professionally for ECT—a renowned cycling team in Taubaté. While out on a ride with his friend, he spotted the cat and picked him up. As a video shows, the cat looks calm and happy in his shirt and he can be seen 'kissing' and nuzzling up to Mr. Fonseca during the ride back.

After sharing the video on Facebook, the cyclist wrote: "Saving a little life today".

GOOD SAMARITAN GAVE HIS SHOES TO MAN CRAWLING ON SCORCHING STREET

David Lee Witherspoon Jr. was leaving his volunteer shift at a food pantry in Phoenix, Arizona when he was shocked to see a man

crawling across the road on all fours. The volunteer immediately stopped his car and walked over to the man to ask what was wrong. The man explained that he had become homeless because of an argument that he had had at his last place of residence. Without having time to grab a pair of shoes, he had run out the door in only his socks.

With temperatures in Arizona climbing well into the hundred degree Fahrenheit range, the city tarmac had become scorchingly hot, which led the man to crawling with his shorts barely covering his knees, and his socks covering his hands.

Without hesitating, Mr. Witherspoon grabbed a spare pair of shoes and a water bottle from out of his car. He then carefully washed and dried the man's feet before slipping on the footwear.

The volunteer said that he keeps extra pairs of shoes in his car so he can change them between his work at the office of Phoenix Veteran Affairs and the St. Vincent de Paul's food pantries at St. Mary's Basilica.

Though Mr. Witherspoon is being hailed for his compassionate act, he stands by the fact that he was simply doing what any person should do.

"A lot of people give up on people now and that's the biggest problem," Mr. Witherspoon said "I mean, you don't have to empty your wallet or anything like that; just a simple, kind act can help people"

POSTAL WORKERS SHUT DOWN LOCAL MAILBOX — TO LEAVE NESTING BIRDS IN PEACE

The Republic of Ireland's postal service is not about to be responsible for the uprooting of a tiny bird family — not if they can help it.

An Post, erected an endearing sign next to the mailbox in County Cavan reading: "Postbox Closed Due To Bird Nesting".

While some people might not have a problem disturbing the little creatures, An Post is much more understanding. "We let nature take its course. It happens from time to time, once the birds (believed to be sparrows) are gone, the post box resumes its duties" a postal service representative said.

It may seem like a small gesture but it's gone viral, and it's good to know that the Irish wildlife is cared for by government workers.

A WORD OF VICTORY

Welcome back dear reader how do you pray? In these times it's vital to know how to pray effectively. There has never been more danger facing us and our children. Jesus taught his disciples that "the thief does not come except to steal, to kill and to destroy, but I have come that they may have life and have it to the full" (John 10:10). It's imperative that we realise the Devil does exist and he has only one aim, that is to bring destruction to mankind in any way possible. Accidents, sickness and disease, addictions and acts of terrorism are some samples of how Satan can steal, kill and destroy. He uses people in many cases to bring his devastation on others. We can feel overwhelmed because there seems to be nothing only horror and negativity coming off the news and media. Remember bad news sells, but it also strikes fear into people's hearts, especially children listening to what's being discussed by the adults caring for them. Be careful with your words around your precious family – images seen or fear filled conversations heard can be very difficult to erase. So what can be done? We need to pray properly according to Scripture, and God has plenty to say in the Bible about protection from evil. Seek out His Word and confess it aloud over your life and your family every day, the Psalms are a great starting point. Jesus, the Son of God shed His blood for us that we would be saved from sin, sickness, death and evil. Pray aloud like this – "Father I thank You for sending Your Son Jesus to die for me that I would be saved. Lord Jesus, I ask You to forgive my sins, live in me and heal my heart and I pray that I and my family would know you as Saviour and grow in the knowledge of Your love for us every day. Almighty Father, you are our refuge, our place of safety. I declare that no evil shall befall me or my family and no disaster shall come near us. You are a shield about us, the Lifter of our heads. We trust in You Lord to guard us and protect us, cover us with the Blood of Jesus everywhere we go and deliver us from evil, in Jesus Name I pray. Amen (Romans 10:9-11; Psalm 91; Psalm 27; Psalm 3; Matthew 6:13). More next week...

1ST ANNIVERSARY AND ACKNOWLEDGEMENT

In Loving Memory of

PADDY (BOMBER) O'SHEA

O'Sullivan's Place, Killarney

In loving memory of our dearly beloved husband, father, father-in-law, grand-father, brother and uncle. Sadly missed by his adoring wife Anne, sons Padraig, John, Colm, Aidan.. his daughters Aine and Sinead.. daughters-in-laws Fiona, Siobhan, Marie, Catherine.. son-in-law Karl, and all his loving grandchildren.

Our eternal gratitude to Dr. Donal Kavanagh for the excellent care he provided Paddy during his life, but most especially during his short illness.

To the amazing staff of ICU in both the Bons Secours and University Hospital Tralee for their wonderful care and kindness in Paddy's last few days.

Thanks to our wonderful relatives, neighbours and friends who gave generously of their time to cater for us and our house callers at that very emotional time.

We offer our sincere thanks to everyone who called to our home, sent cards, wrote letters, phoned, and stood in line for hours to pay their respects at the funeral home and at Paddy's funeral mass.

To the Executive, and members of the Dr. Crokes G.A.A. Club, who honoured Paddy's love and dedication to his beloved club with their dignified and supportive presence.

Thanks to Tim, Gerard and Mark of O'Sheas Funeral Home for their unobtrusive and professional manner during our time of grief. And finally to our long time family friends Fr John Fitzgerald & Canon James Linane; to Fr Kevin O'Sullivan, Fr Kieran O'Brien and all the co-celebrants. We are heart felt and grateful for your participation in Paddy's funeral mass. Those who did readings, prayers of the faithful, ministers of the Eucharist, altar servers, St Mary's Cathedral choir and all those who supported us as we removed Paddy to his final resting place.

The Holy Sacrament of the Mass is being afforded for all your intentions.

*Paddy's Anniversary mass is on Sunday
25th June at 12 o'clock in St. Mary's Cathedral*

*Death leaves a heartache that no one can heal.
Love leaves a memory no one can steal.*

You have said O'Divine Jesus ask and you shall receive, seek and you shall find, knock and the door shall be opened to you. Relying on these promises I come with confidence during the novena to beg of you the favours that I need (make request). From whom shall I ask, Lord Jesus, if not from you whose heart is an unfailing source of graces and merits. Most loving heart of my God I believe in your power, I believe in your knowledge, I believe in your personal love for me and therefore O Sacred Heart of Jesus I place all my trust in you. Our Father, Hail Mary and Glory. Say 3 times for 3 days and request will be granted, Never know to fail. Must publish. **M.M**
