# KERRY YOUNG PEOPLE URGED TO CONSIDER A CAREER IN TOURISM

As thousands of students deliberate their first round offers from the Central Application Office (CAO), the Irish Hotels Federation (IHF) is encouraging young people in Kerry to consider a career in tourism. Hospitality and tourism businesses around the country are looking to recruit over 6,000 entry-level employees each year across all areas of their operations.

There is a variety of career options available through the CAO, PLC courses as well as opportunities for those who wish to start working straight from school. Areas include food and beverage; catering; accommodation services; reception; leisure centre and spa facility management; sales and marketing; human resources; IT; management and finance. The IHF has a dedicated website, Get a Life in Tourism, supported by Fáilte Ireland, which offers comprehensive information on the many careers available in the sector and how to get stared. The website also includes personal stories that offer a realistic picture of what to expect from a career in the tourism and hospitality sector as well as some of the many courses and training schemes that are available, providing young people with valuable firsthand information to help them make their course or career choice.

Patrick O'Donoghue, Chair of the Kerry branch of the IHF commented: "Tourism is Ireland's largest indigenous industry, providing employment in every county in Ireland including Kerry. It offers thousands of opportunities for young people interested in pursuing a career in tourism with enormous potential for professional development and advancement. We're encouraging school leavers especially to explore the many options available, including the hundreds of specialist third-level courses on offer throughout the country for those interested in obtaining a recognised qualification. If you are looking for an exciting challenge, with endless career possibilities then this is the path for you."

Tourism now supports an estimated 230,000 jobs in Ireland, equivalent to 11% of total employment. With over 60,000 new jobs created since 2011, the industry is well-positioned to create in excess of 40,000 additional jobs over the next five years. The tourism sector in Kerry supports 11,900 jobs and contributes some €508M to the local economy annually.

# **KILLARNEY WELCOME FOR CHINESE AMBASSADOR**

On Sunday August 20th, 2017, His Excellency Dr. Yue Xiaoyong, Chinese Ambassador to Ireland, visited Muckross House in Killarney. Dr. Yue Xiaoyong is the Ambassador Extraordinary and Plenipotentiary of the People's Republic of China to Ireland, a position he took up in June 2016. Ambassador Yue is the 13th Chinese Ambassador to Ireland.

Ambassador Dr. Yue Xiaoyong was welcomed by Geraldine Rosney, Chairperson of the Trustees of Muckross House, along with Denis Reidy, General Manager of the Trustees of Muckross House and Anne Tangney, Supervisor Guide at Muckross House.

The Ambassador was very appreciative of the tour and he thanked Anne for her time. He said it was obvious that she had a passion for the House and this came through in the tour. He spent time examining the pieces of furniture, and was especially interested in some of the tables that previous owners had purchased during their travels to China. He was also impressed with the wallpaper in the billiard room and gave some insights into the meaning of certain elements contained in the wallpaper in Chinese culture.

At the conclusion of his visit he thanked Geraldine, Denis and Anne for a wonderful and interesting visit to the Muckross House. Geraldine thanked the Ambassador for taking the time to visit.

# **MUCKROSS ROWERS ENJOY BARBEQUE & BOAT LAUNCH**

On Friday last 18th August, Muckross Rowing Club held its Summer Fundraiser BBQ at the Muckross Park Hotel. The club was delighted with the support received, as the function room of the hotel was filled to capacity with members, supporters, friends and family.

"The club is indebted to the generous sponsorship of the Muckross Park Hotel, who has kindly sponsored the event annually now for a number of years with all ticket proceeds going directly to the club", Tim O'Shea, PRO for the club told the Killarney Outlook. The barbeque has proved a big hit for all the family in recent years but is also a very important fundraiser for the club. The club is celebrating a successful rowing year, following six wins in the local Killarney Regatta at the end of June and scooping the prized McGillicuddy Points Cup for best overall club.

The club was also represented at time trial and regatta events throughout the country over the past twelve months. In July, the club celebrated a national win with gold medals for the club's Womens Junior 14 Quad crew at the Irish Championships Regatta held in Cork. The club is delighted to have seen an increase in the number of younger rowers swelling the ranks in the past year, thanks in no small part to the phenomenon of the O'Donovan brothers and all their success for Irish rowing. With so many new members, fundraising has never been more important to invest in equipment and maintenance for the years ahead. The barbeque was once again a timely fundraiser as the club starts to look ahead to the winter season of training and a new rowing year.

On the evening, the club also officially named and launched the club's newest racing boat, a Wintech Quadruple Scull. The boat has been named the 'Friends of Muckross Lottery', to honour the immense contribution made by

PICTURED L-R: MAURICE COFFEY (CHAIRMAN), SHEILA DOONA AND GRANDCHILDREN, FR. KIERAN O'BRIEN, MARGARET O'RIORDAN (VICE PRESIDENT), PADDY O'SULLIVAN, KATHLEEN MURPHY (VICE PRESIDENT), JOHNNY DOOLAN, SEAMUS GUINEY (PRESIDENT)

the local ticket sellers. A number of the lottery ticket sellers have been quietly playing their part for the club selling tickets on a weekly basis for over twenty years since the lottery's inception. The ticket sellers were thanked on the night by the rowing club's Chairman Maurice Coffey. The Muckross Lottery was started initially to help fund the construction of the Muckross Community Centre in the early 1990s. Since then, continued Muckross Lottery ticket sales have enabled vital investment in local community groups. For the rowing club, lottery sales have contributed to essential equipment and facilities that became the platform for Muckross rowers to achieve their success from Killarney Regatta all the way to the Olympic Games. The club was delighted to welcome so many of our long serving ticket sellers on the night as guests to the barbeque but also to unveil the boat's new name. Prior to the unveiling, the boat was blessed by Fr. Kieran O'Brien and the official reveal of the boat's new name was carried out by two of Muckross Lottery's longest supporters and ticket sellers, Kathleen Murphy and Johnny Doolan. The special unveiling was also overseen by Club President Seamus Guiney and Club Vice Presidents Maurice Coffey, Margaret O'Riordan and Jerry Murphy. Also present at the club's barbeque were Danny Healy-Rae TD and Councillor John Joe Culloty.

The club was delighted to have received such great support on the night for an enjoyable club gathering and a very special boat launch. We are very grateful to all who supported the fundraiser barbeque and the Muckross Lottery, the ticket sales for which also received a boost on the night.

## **GO BRIGHT FOR SIGHT THIS SEPTEMBER**

#### Sightsavers Launches New Fundraising Campaign

Actress and comedian Deirdre O'Kane has joined forces with Sightsavers Ireland to call on businesses and workers across the country to go Bright for Sight and wear something yellow to work on September 8th and show their support for ridding the world of avoidable blindness. Deirdre was on hand with some little workers decked out in their finest yellow attire to help kick off Sightsavers Bright for Sight campaign. For more information about the campaign and to download a free fundraising pack visit www.sightsavers.ie/bright

Bright for Sight is an exciting new fundraising event that enables companies to support Sightsavers' work tackling avoidable blindness in developing countries. Sightsavers is seeking as many companies as possible across Ireland to lend their support. It couldn't be easier, all workers have to do is wear something yellow to work and make a donation. Why yellow? Because yellow is the colour most easily identifiable by people living with visual impairment.

A staggering 285 million people around the world are visually impaired, of which 39 million are living with blindness. It's a sad and startling fact that 80% of this is avoidable. A little donation can go a long way. €2 provides a pair of glasses, €4 pays for a lens for a cataract operation, €36 pays for a sight-restoring cataract operation, €543 can purchase the equipment to perform the surgery, and €1,265 can help train an ophthalmic surgeon.

Now in its fourth year The Killarney Cycling Festival returns Saturday August 26th 2017. Well established in the calendar of events for cyclists the length and breadth of the country bring the cycling season to a close with either one of these truly rewarding cycles Saturday August 26th. A twist on the traditional Ring of Kerry, The Wong Way Round has a few surprises up its sleeve or challenge yourself on the scenic Hard Way Round that circles the dramatic Skellig Ring, taking in some of the most spectacular vistas on the planet! 180 km long, the route diverges from the Wrong Way Round by taking a right for Ballaghbeama through the heart of Kerry to Ballaghoisin. On the 180 km route you'll pass the stunning St Finian's Bay with views of Skellig Micheal to aid you on the tough climb up Coomanaspic, not for the faint hearted but a serious achievement all the same with breathtaking views, before the descent to the picturesque fishing village of Portmagee.

For anyone who has been to County Kerry; they won't need to be told how beautiful this part of the Ireland is. This year will be the fourth running of the event and last year saw over 500 riders turn out.

The dramatic coastal scenery, great marshalling, superb food are just some of the reason why Killarney Cycling Festival is growing in popularity. Culture Night this year takes place on Friday 22nd September. With the national catchphrase Switch On Culture Night, venues and public spaces across Kerry open their doors to host a programme of arts entertainment late into the night.

Culture Night is an all-Kerry celebration of arts, heritage and culture. The event is in its thirteenth year and the choice across Kerry is one of the best to date. John Sheahan, Mayor of Kerry, along with Charlie O'Sullivan, Deputy CE of Kerry County Council were in Tralee this week and marked the printed programme launch and approaching events in the company of Aidan O'Mahony, Kerry's Culture Night Ambassador and Kate Kennelly, Arts Officer and Sharon O'Keeffe, Arts Office.

The Arts Office at Kerry County Council has been busy co-ordinating events, along with arts groups and organisations "who are happy to give a free night of cultural events to their communities", Charlie O'Sullivan mentioned. A total of seventeen towns and villages are involved across Kerry, offering fifty seven events, in forty two venues.Highlights from the programme are many and events start as early as 8am in Killorglin with K-Fest's Verse to Work public poetry readings. At 5pm the annual Kerry Visual Artists Showcase has its official opening at Government Buildings in Killarney and is a significant event for artists in Kerry. The Creative Ireland Kerry programme

# **MONEY MATTERS**

By Dermot Cronin, Financial Advisor

## WHERE CAN YOU GET BETTER RATES OF INTEREST FOR YOUR MONEY??

Firstly interest rates in some banks are better than others, for example one bank at the moment will only give you .25% interest for a fixed rate account for 2 years, so for €75000 you would only get €187.50 interest over 2 years and that's even before DIRT tax is deducted. However another bank will give you 1.61% for a 2 year fixed rate account which is €1207.50 interest over 2 years before DIRT tax, that is over €1020.00 more in interest that you would earn before DIRT tax. Remember also that some people are exempt from DIRT Tax. In every bank there are customers earning extremely low rates of interest at present. However, by shopping around or getting an independent financial advisor to check up to date interest rates you can substantially increase the amount of interest you can earn by just changing bank accounts, which is very easy to do. Also there can be even better rates of interest available for other products such as longer fixed term accounts. This can be done for you by a financial advisor who is authorised to carry out this business for you.

For further information on the above or any other financial matter you can contact Dermot Cronin QFA APA at 0646622775 or dermotcroninifa@gmail.com

#### FUNERALS IN THE DIOCESE OF KERRY

Bishop Ray Browne has announced that from the 1st September 2017, there will be no funerals (Mass, Liturgy or burial) on a Sunday in the parishes of the diocese. This change is necessary for many reasons: related to good Liturgy; related to factors in individual parishes; and related to the availability of priests; This applies from Saturday mid-afternoon; Removals to the church can take place on either Saturday or Sunday evening; This will apply to Christmas Day and St Patrick's Day also. On the other Holy Days of Obligation for flexibility reasons the decision is left to the local parish (while discouraging such funerals for liturgical reasons); Parishes are reminded that there will be no exceptions to this diocesan regulation.

HERITAGE WEEK CONCERT Heritage Week 2017 at Muckross culminates in a very special concert by two of Ireland's greatest singer songwriters – Jimmy Crowley & Mick Hanly on Sunday 27th August. Jimmy Crowley has been a central figure in the Irish folk scene since the enthusiastic reception of his debut album The Boys of Fairhill in 1977. With his band Stokers Lodge their mission was to present the street ballads of Cork city complimented by the ornate folk songs of the rural hinterland of Cork and Kerry in an exciting orchestration of uilleann pipes, concertina, autoharp, harmonium, mandolin, bouzouki and guitar in their native accent.Singer-songwriter Mick Hanly began his career as a folk singer in Dublin in 1971. In the ensuing years he moved through different phases and forms of music, from Trad, Country, Rock, and Contemporary, and toured the UK, Europe, and the US in a variety of different guises: doubling with Andy Irvine as a folk act on the European circuit in the early eighties, as lead singer with Moving Hearts, and lead singer/writer with Rusty

Old Halo. His songs were covered by Christy Moore, Mary Black and the country singer Hal Ketchum, who took Hanly's 'Past The Point Of Rescue' into the Top 10 of the US country chart in 1993. Concert starts at 3.00pm at The Schoolhouse at Muckross House. Admission is free

## FOSSA NOTES

#### **COUNTY LEAGUE U16 DIV 6 FINAL**

Fossa 6-15 Ballyduff 5-11

Fossa and Ballyduff played out a thriller in Austin Stacks Park on Wednesday evening, played on a superb surface and ideal conditions, the spectators were treated to a fantastic game of football, 11 goals, each one a cracker and a total of 37 scores explains the exciting flow of the game.

Straight from the throw-in, Ballyduff had the ball in the Fossa net within a minute!! Joe Cahillane opened the scoring for Fossa with a well taken point, this was quickly followed by a brilliant Killian Buckley goal after a great 30 yard pass from Darren Cronin. Then Emmett O'Shea kicked 3 superb points, a long distance free, a 45 and a side line ball from 30 yards on the stand side. We had 10 minutes of Fossa superiority which resulted in 3 cracking goals by Emmett O'Shea, the first after a super pass by Ruairi Doyle - Emmett sent a 25 yard pile driver to the roof of the net, the second a replica of the first and the third, again after driving through the centre, the ball was sent crashing to the net. In between these goals was a Ballyduff goal and a few excellent points, again by O'Shea, Killian Buckley and Jack Clifford.

Half time score Fossa 4-10 Ballyduff 2-5

The Fossa spectators must have being feeling very comfortable at this stage but these North Kerry boys are tough and Ballyduff came out for the second half with all guns blazing. A goal immediately on the restart and within 20 minutes Ballyduff had hauled back that 11 point lead and were now one point up with 7 minutes to go, the next few minutes proved to be the turning point in the game. After going ahead by a point, Ballyduff had 2 great chances of goals - the first was thwarted by a massive block down by William O'Brien and from the next attach Ballyduff had a one on one but Pauric Talbot turned the ball round the

## **COMMUNITY** FOCUS

post with a brilliant save, Ballyduff drove the 45 wide. From the kick out Eoin Talbot won possession and moved the ball swiftly upfield, Fossa who had introduced Conor Horgan into the attack, was at the end of the move and in typical poacher fashion scored a great goal to put Fossa back in front. In the next few minutes points from Emmet O'Shea and Jack Clifford and the final score, a goal by Eoin Talbot finally gave Fossa breathing space and finished out the game to come out on top in this thriller!! On the night Fossa had many superb performances, Ruairi Doyle was again magnificent, his passing range, fielding and tackling was a joy to watch all night. This is a very young U-16 team, four U-14's started on the team and four U-14's on the bench.

Darren Cronin, Jack Clifford, Rian Colleran and goalie Pauric Talbot, Conor Horgan, Sean Dineen, Harry Kelly and Cian Doyle, all U-14's and all good footballers.

On the night, the older players really stood up to a very physical Ballyduff side - William O'Brien, Eoin Myers and Cathal Welton were hit hard but stood firm. Captain Richard Wallace played the captain's part and lead by example.

Killian Buckley showed what a classy player he is.

The Talbot brothers in midfield had a mammoth battle all evening, when the game was in the melting pot, Eoin Talbot regained control of midfield which was vital in winning this game, kicking 6-15 should be enough to win any game and a personal tally of 3-10 from Emmett O'Shea on the night was a joy to watch even though he got a good "North Kerry' welcome from the Ballyduff backs!!!

On the night Fossa lined out without Harry Buckley, Evan Mannix and Naoise Buckley making it an even more difficult win. Richard Wallace accepted the trophy to start the celebrations. Credit must be given to manager Adrian Sheehan and his selectors Mike Cahillane and Tadgh Kelly. This was the second U16 league title in a row and shows the future is bright in Fossa.

**CONGRATS** Congratulations to David Cliford who gave another phenomenal performance in Croke Park on Sunday when his personal tally of 1-10 helped the Kerry minors to victory over Cavan and a place in the All-Ireland final. His array of talents, fielding, vision and ability to score with both feet was on full display in terrible conditions and this is what sets this young man apart from his peers.

**COMMUNITY GAMES** Well done to all our participants who took part in the Aldi Sponsored Community Games finals in Dublin at the weekend. We had great success with Ciara Kennelly winning gold in the High Jump with a personal best of 174 and Catriona McKenna won Gold in the Art competition. The U-16 music group of Tom Cahillane, Cian Doyle, Rian Colleran, Meadhbh Bennett, Olivia Gaffey and Alanna Brady won a Silver medal much to the delight of their teacher, Catriona Cahillane who has put a lot of work into this young talented group of musicians.

**JUNIORS** The juniors will play Kerins O'Rahillys in the Cahill Cup in Tralee on Friday 25th August at 7pm.

### DON'T FEAR CHANGE! CHANGE THE FEAR!

I found myself thinking the other day about change and how more often than not any kind of change brings with it a certain amount of fear. I know that in my own life I have been slow to change. I tiptoed towards it, constantly holding myself back from dipping my toe in the water. "What if I don't like it?" "What if everything goes wrong?" "What if I can't manage?" used to be the questions that I asked. These questions were always based on the fear that change would be negative for me. And the more I thought this way, the bigger the fear became until I was almost immobilised!

But, what if even the smallest change were a positive thing? What if I embraced change as a natural part of living, evolving and growing? I decided that I had to start to change the fear. And you change it by answering the fearful side of you. So, this is how it goes... Q: "What if I don't like it?"

A: "You don't have to continue, nothing is written in stone. You can walk away, take a different road. It's ok.

#### Q: "What if everything goes wrong?"

A: "Things don't always go right. It's ok. You are a resourceful person, you will find a solution. You can ask for help. You will learn from what doesn't work."

#### Q: "What if I can't manage?"

**A:** "Think of all the times you have managed in the past when you didn't think that you could. You are stronger than you think."

It's interesting that we seldom ask ourselves the positive questions around change. The other side of fear is love so when faced with changes try asking yourself, "What if I love it?""What if everything goes right?""What if I manage it so exceedingly well?" Where's the fear? It's gone! Only excitement and a positive

looking forward remain! Magic!

# ALL-IRELAND SENIOR FOOTBALL SEMI FINAL

OUTLOOK PUBLICATIONS' GAA CORRESPONDENT KERRY O'SHEA WAS AT SUNDAY'S ALL-IRELAND SFC SEMI-FINALCLASH

#### KERRY 2-14 MAYO 2-14

Forty years ago almost to the day, Croke Park staged an epic All-Ireland semi-final between Kerry and Dublin.

Forty years later, Kerry were again involved in another epic All-Ireland semi-final this time against Mayo. Unlike forty years ago, there were no winners on this occasion, which in the end was a very fitting outcome to a game which was played in dreadful conditions.

Before an attendance of just over 66,000, this was easily the best game of football so far this year.

The game had everything one could wish for and the players deserve credit for producing such entertainment on a slippery sodden pitch. Scores were level on nine occasions throughout the 70 plus minutes and in the end no one could guibble with the draw.

One of the major talking points in the leadup to this game was how Mayo would cope with the threat of Kieran Donaghy who was so influential in the last draw and replay between the sides in 2014.

Shock was the order of the day when Stephen Rochford deployed centre-forward Aidan O'Shea to curb Donaghy's influence. Despite the presence and close attention of one of Mayo's talismanic players, the towering Donaghy was still a key figure for the Kingdom. The tactic of the high ball into Donaghy was changed, much to the confusion of both sets of supporters, in the end, the only man who could answer whether this was a wise decision or not was Kieran Donaghy, but no one ever thought of asking Donaghy the question.

Despite the fact that Donaghy had to play deep and come out for possession, Kerry's two marquee forwards Paul Geaney and James O'Donoghue still managed 0-10 between them with Geaney accounting for 0-7, despite the very close attentions of Brendan Harrison and Keith Higgins. Donaghy still had a direct hand in 2-4 of Kerry's final tally.

Mayo must be very disappointed that they did not close this game out as they scored 2-13 from play.

The Westerners, who have been through the mill and back this year again showed fantastic resilience.

Mayo looked dangerous every time they got possession and when it looked as if Kerry might just hang on for a narrow victory very late in the afternoon, that resilience was there for all to see again when sub Paddy Durcan kicked the

KERRYS STEPHEN O BRIEN CELEBRATES HIS GOAL AGAINST MAYO

equalising score in the 74th minute. From the resulting kickout, Kerry had a chance to win it but Bryan Sheehan's free from distance did not have the accuracy with the heavy greasy ball.

The switch of Tadgh Morley from centre-back to full-back at the start of the second half was a key move and certainly tightened things in the full-back line, which again was left exposed at times and Mayo exploited this to the full, plundering two first-half goals and were unlucky not to get a third.

Both managers Stephen Rochford and Eamonn Fitzmaurice will feel that their side could have won the game and will have plenty to work on ahead of the replay, which takes place in Croke Park this Saturday at 3pm. What will Kerry do to shore up the backline and how will Mayo cope with the threat of Donaghy all these questions will be answered on Saturday.

Mayo got off to a sensational start when Andy Moran, who finished with 1-5, scored a goal after less than three minute. Jason Doherty added a quick point and suddenly Mayo were 1-1 to the good.

Paul Geaney and James O'Donoghue added frees for Kerry as Mayo were dictating the early play. Andy Moran kicked a good score to extend Mayo's lead before Donaghy's first major contribution saw him place Stephen O'Brien for a well-taken goal in the 13th minute. Killian Young and James O'Donoghue added scores as Kerry led 1-4 to 1-2.

Mayo's response was superb. Back they came, Andy Moran lofted over his second point before Colm Boyle finished to the net to put the Westerners firmly in the driving seat. Cillian O'Connor added a fine point before the Kerry defence was exposed again in the 21st minute when Andy Moran blasted over the bar after Kerry goalie Bryan Kelly and Mark Griffin got in timely saves to deny Mayo a certain third goal. Now it was Kerry's turn to respond which they did superbly with scores from Paul Geaney (3) and Kieran Donaghy when he ghosted past Adrian O'Shea. These scores levelled things at half-time, Kerry 1-8 Mayo 2-5.

#### SECOND HALF

Paul Geaney following a Donaghy assist eased Kerry in front within minutes of the resumption but Andy Moran, who was on fire for Mayo, responded in kind.

Mayo then moved 2-9 to 1-9 clear, thanks to three great scores from Donal Vaughan, Cillian O'Connor and Tom Parsons. Kerry responded when David Moran, who was placed by Donaghy soloed through the Mayo defence.

The Kerins O'Rahilly's man's goalbound effort was stopped by Mayo keeper David Clarke but the rebound fell to Johnny Buckley who goaled to level things again at 2-9 apiece.

Paul Geaney and Cillian O'Connor swapped scores as the excitement ebbed and flowed. James Donoghue from a free eased Kerry 2-11 to 2-10 ahead before Andy Moran levelled for Mayo.

Geaney and Tom Parsons swapped scores. With 60 minutes recorded, Cillian O'Connor eased Mayo ahead when he converted a great score. Kerry's reply was swift as sub Barry John Keane levelled once again.

# **SELECTIONS COULD HOLD THE KEY**

Kerry and Mayo will get little time to sit and ponder last week's dramatic drawn All Ireland semi-final as both sides will again meet this Saturday afternoon in Croke Park (3pm) and both sides will have plenty to do. Mayo Manager Stephen Rochford on the receiving end of criticism for his bold move to play Aidan O'Shea at full back, while Kerry manager Eamon Fitzmaurice on the receiving end of some critics who felt that Kerry's decision to play his half back line at a more advance line left his full back poorly defended as the Mayo full forward line took them to the cleaners.

So plenty of talking points add in the possibility of a new starting team considering the impressive performances of Jack Barry, Jack Savage and Jonathan Lyne and next Sundays result could well be won with the selections that both selectors will make.

For all the criticism that lands on the shoulders of managers and their selection teams, one tends to forgot that the sport is still in its amateur roots. Some of the criticism levelled at players in the wake of last Sundays result,

EAMONN FITZMAURICE KERRY MANAGER

may well be justified if players were earning the same money that premiership players are getting, but in the heat of discussion, people seem to forget that all the players were back at work on Monday morning. Its what makes our sport special, that and the fact they we can

meet our players as part of everyday life. Sunday is another great day to be a GAA fan and we should let our players know this when they march out into Croke Park, whatever team is selected.

# MINOR FOOTBALL CHAMPIONSHIP SEMI-FINAL CLIFFORD LIGHTS UP CROKER AS CAVAN DISPATCHED

KERRY 2-22 CAVAN 2-10

Another star performance from David Clifford who struck a brilliant return of 1-10 at Croke Park helped Kerry continue their amazing minor run as they secured a remarkable fourth consecutive Electric Ireland All-Ireland minor football final place with victory over Cavan.

Clifford's complete performance however was not just about his scoring of which 1-7 was from play but his contribution to the team as he set up a number of other scores as well as assisting in Kerry's late goal by scored by substitute Jack Griffin, who impressed on his arrival to the pitch.

Also catching the eye was Brian Friel who on another day could easily have been the stand out player with his four points from play.

Kerry were in control for most parts of the game but Manager Peter Keane said that he knew Cavan would enjoy a purple patch and they did in the third quarter when they scored 1-5 without replay to reduce a 13 point gap to just five. But helped by a 63rd minute goal by Griffin, Kerry kicked on in the 10 additional minutes of the game, which was added due to injuries that were caused from a serious clash of head between two Cavan and one Kerry player. Cavan were on level terms twice inside the first 10 minutes but fell behinf 0-4 to 0-2 behind following Kerry points from Clifford and Diarmuid O'Connor

Six Kerry points without reply between the

16th and 26th minutes moved the Munster champions 0-10 to 0-03 as Kerry took complete control.. Cavan, were thrown a lifeline in the 27th minute goal when Patrick Lynch's long free in wasn't dealt with by Kerry's full-back line or goalkeeper and Oisin Pierson bundled the ball home from close range.

Friel and Clifford (2) added points early in the second half to put Kerry 1-14 to 1-4 clear. Kerry scored 1-6 in total without reply before

James Smith finally stemmed the green and gold tide with a 46th minute point for Cavan.

There was that solid response from Cavan and Smith fired their second goal while Pierson took his tally to 1-5 for the day, but it was too little, too late and Kerry rallied in stoppage time. **Scorers for Kerry:** David Clifford 1-10 (245s, 1f), Jack Griffin 1-1, Brian Friel 0-4, Fiachra Clifford 0-2, Diarmuid O'Connor 0-1, Barry Mahony 0-1, Donnchadh O'Sullivan 0-1, Donal O'Sullivan 0-1 (1f), Eddie Horan 0-1.

### STRONG CAMARADERIE & SPORTMANSHIP AT THE JERRY FOLEY U-11 MEMORIAL BLITZ

As anyone who has been involved in GAA will know, there is no rivalry more intense than the one between neighbouring parishes, but, it was great sportsmanship and camaraderie that were the themes of this years' annual Jerry Foley U11 Memorial Blitz. Pairc Eamonn, Farranfore was the venue last Saturday, 19th August where U11 teams from Firies, Milltown/ Castlemaine, Kilcummin, Ballymac, Listry and Newmarket, Co. Cork treated everyone in attendance to a spectacle of skill and teamwork. All teams took part in a round robin series with the top two teams contesting the final. The two pitches in operation were hectic for the day but in the end, there could only be one winner with tenacious Ballymac taking home the spoils after a thrilling game against a brave Kilcummin side.

After the final, Neil Foley, Jerrys son, presented the annual cup to a victorious Ballymac with great scenes of jubilation. He also presented Newmarket's' Brian O'Keeffe with player of the blitz. Eugene Cosgrave, Firies GAA Coiste na nOg Chairman praised the visiting clubs, their mentors and parents/guardians for their efforts ensuring their clubs attendance, thus warranting the its' success. He also commended Firies GAA volunteers and officers on their hospitality and generosity in time and effort, especially to Firies GAAs' two Kerry Minors; Niall Donohue and Donnchadh O'Sullivan who spared a few moments to wish the home side well prior to their immediate departure to Croke Park for the All-Ireland Minor semi-final. Finally, he expressed his gratitude to the Foley family who have resoundingly supported the continuation of this annual blitz in its 22nd year. The future certainly looks bright for this much respected tournament with the skill level that was on display throughout the day and we look forward already to next year.

STACKS 4-14 A first half dominant performance by the Stacks in which they led 3-5 to 0-6 at the break effectively won the game for the Tralee side.Making full use of their physical advantage they made their possession tell and hit for goals at crucial stages to give them the foundation for the win.A pity because this Legion side has a lot more about them and they showed this in the second half where they managed to bring a 9 point deficit down to a goal. However the Stacks responded and tacked on a series of points to eventually run out 8 point winners.No fault to this very good Legion side who have performed superbly this year under Daithí McGillicuddy Paddy Osbourne, Aaron Benson and Diarmuid O Donoghue.While not intending to single out any individual as all the players gave what they had one would have to say that goalie Christian Casey performed heroics and was certainly one of the stand outs on the day.

No doubt about it but you can never take anything for granted in juvenile football as was shown by our u11's in Spa.Trailing by a substantial 9pts.at the break they turned in a magnificent second half to run out 2 point winners, Darragh Murphy helped greatly with a personal tally of 3-8. #### EAST KERRY NOTES **KILLARNEY CARPET AND FURNITURE CENTRE O'SULLIVAN CUP EAST KERRY** JUNIOR CHAMPIONSHIP FINAL

Dr Crokes 0-10 Spa 0-9

In an entertaining game played in Killarney Legion in a great sporting spirit, Dr Crokes won the Killarney Carpet and Furniture Centre O'Sullivan Cup by the minimum against Spa. Dr Crokes dominated the opening half and led 0-7 to 0-3 at the break. Spa made changes at half time and dominted the scoring. Spa reduced the gap to 2 points before the Lewis road side pulled ahead again. Dr Crokes again increased their lead to 4 points, with as many minutes remaining on the clock. However, Spa notched up 3 points, narrowing the gap to the minimum. Spa would have taken the lead but for the outstanding blocks of what looked like certain goals, by man of the match goal keeper Johnny O'Leary. An impressive free, 50 meters out, ably slotted over by Johnny O' Leary kept Dr Crokes ahead. It was 2 points a piece after 11 minutes, Jamie Doolan and Michael Casey on target for Dr Crokes, Niall Mc Carthy and Cian Tobin for Spa. Both sides had set up what looked like certain goals but were denied by the respective goal keepers. Dr Crokes dropped the ball into the square, but the Spa keeper Aaronn Farrell, took it well and cleared. Spa were denied a goal when Dr Crokes Goal keeper stopped a rasper, sending it out for a 45m free. The well struck free came off the cross bar. Five points without reply saw Dr Crokes lead 0-7 to 0-2 in the 21st minute. The first a well taken Chris Doncel point from a difficult angle. While Chris Brady slotted over 2 frees and Cian O'Neill and Michael Casey added to the Dr Crokes tally with points from play. A Spa point saw the score at the break, Dr Crokes 0-7 Spa 0-3.

On the restart, Spa dominated proceedings, Michael O'Donoghue scoring 2 unanswered points, one from play, the second a well taken free 0-7 to 0-5. However, a Chris Brady pointed free on the 42nd minute increased the Dr Crokes lead. Dr Crokes pressed forward but the Spa defence proved stronger and Niall Mc Carthy narrowed the gap to 2 points in the 41st minute- 0-8 to 0-6. Dr Crokes won a free, 50m out. Up stepped goal keeper Johnny O' Leary who sent the ball high and straight over the bar, increasing the lead again 0-9 to 0-6 with 5 minutes remaining on the clock. Michael Casey gave Dr Crokes a four point cushion, with 3 minutes remaining. Man of the match, Goal keeper Johnny O'Leary made a number of impressive saves, as Spa pressed for a goal to level the game. Michael O' Donoghue pointed a free. Andy Fitzgerald pointed 0-10 to 0-8. Michael O'Donoghue sent a rasper goalbound, send out for a 45m free by Johnny O'Leary. A Michael O' Donoghue point saw Dr Crokes win by the minimum. Dr Crokes 0-10 Spa 0-9.

Despite conceding 4 goals, Firies defenders who caught the eye for their fine overall play included Pat Browne, Diarmuid O'Mahony and Padraig O'Connor while up their front top scorer Mike Daly, Conal Murphy and Ed Kerrisk worked hard to keep Firies honour intact.

It was tit for tat scoring in the first ten minutes but with Firies leading 0-3 to 0-2, Glenflesks lan Roche set up Padraig Healy for a goal. Firies drew level with 2 points from their best forward Mike Daly and with further points from Daly, Ed Kerrisk and Padraig O'Sullivan they regained the lead - 0-8 to 1-2 after 20 minutes. Gavin Kelly added a Glenflesk free before Padraig Healy set up lan Roche who flicked the ball to the Firies net - 2-3 to 0-8. Michael O'Shea and Con O'Mahony exchanged points. Then a speculative lobbed ball by Ciaran O'Mahony which appeared to be heading wide was connected with in the air by Ian Roche and again Glenflesk rattled the Firies net – 3-4 to 0-9. The response by Firies was immediate with 3 unanswered points by Mike Daly, Ed Kerrisk and Liam Brosnan. But Firies inability to raise green flags from good opportunities dogged them in this period. Mike Daly smacked a screamer off the crossbar. Shortly after, Daly and O'Sullivan failed to capitalise on a goalmouth scramble only to see Glenflesk keeper Felim Jacob parry their efforts out for a 45. Gavin Kelly gave Glenflesk a 2 point lead at half time - 3-5 to 0-12.

Within 3 minutes of the restart, Firies found themselves on the backfoot again as Glenflesk forwards patiently worked the ball to Padraig Healy for his second goal and Glenflesk led 4-5 to 0-12. After 15 minutes, the men from the Glen had increased their lead to 7 points - 4-8 to 0-13 with points from Danny Lucey, Padraig Healy and Gavin Kelly. To their credit, Firies continued to bring the fight to Glenflesk in a strong final quarter which saw them hit points from Ed Kerrisk, Jake Flynn, Liam Brosnan, Conal Murphy and Mike Daly, while Glenflesks Michael O'Shea and Gavin Kelly kept their scoreboard ticking over. It finished 4-10 to 0-18 in Glenflesks favour. East Kerry vice Chairman Johnny Brosnan presented the Bill Tangney Cup to Captain Gary O'Donoghue. Referee Donal Casey (Scartaglin)

#### game.

Both sides sent over two points in the first ten minutes but then we had three unanswered points for a three pointlead at the end of the first quarter. We sent over three points in the second quarter to Milltowns two. This gave us a lead of 0- to 0-5 at the interval.

Right through the thirsd quarter we found it hard to put more daylight between ourselves and our oppnents. The score at the end of this peiod was 0-11 to 0-8 in our favour. The game changer came at the start of the fourth quarter when substitute Billy Courtney found the net after a good passing movement something we found it hard to put together for 45 minutes. Milltown to their credit never gave up and quickley added on two points to bring our lead back to four points. Points by Gavin O'Shea and Kieran O'Leary stretched our lead to six points. Our opponents had two points in the remaining minutes but these scores were sandwiched in between a good goal for us by Gavin O'Shea.

**MINORS:** Our minors are away to Ardfert on Monday next at 7 pm. We wish Pat, his management team and the panel all the best.

**SENIORS:** Two last quarter goals for the visitors finally settled this penultimate Division 1 County League clash played in the Paddy Burke Memorial Park on Friday evening last.

The home side took the lead with a Derek Twiss pointed free but it was Dr. Crokes who lead at the end of the first quarter on a score line of 0-05 to 0-02.

Both sides traded points and the visitors lead by 3 points at half time -Dr.Crokes 0-08, M/C 0-05.

An early 2nd half point stretched that lead but points by Pa Wrenn, Derek Twiss and Jonathan O' Sullivan brought the home side within 2 points of the visitors 0-10 to 0-08.

However goals in the 47 th and 58 th minute from Billy Courtney and Gavin O'Shea gave the visitors a solid cushion. Despite scores from Craig Counihan, Cathal Moriarty and Jonathan O' Sullivan, it was Dr. Crokes who maintained their 100% record in Division 1, when referee Pádraig O'Sullivan blew the full time whistle. Defeat however, left the home side in the

The National League Final was held in Tullamore on Sunday August 20th. The Kerry Women's team did very well with a total of 89 points. This was enough to finish in third place overall earning a national bronze medal. They were just seven points from second place. With a number of very talented athletes unavailable on the day it shows that Kerry has a pool of young women athletes coming up the ranks. A credit to all county clubs and the Kerry development squad. Competing from our club was Maria McCarthy in the 3000m where she finished in 2nd place. When we engage with strategies to enhance Mental Wellness resilience is talked about, but usually as an essential skill for healthy childhood development. This article examines the steps adults can take to boost resilience in middle age, which is often the time we need it most as midlife can bring all kinds of stressors including divorce, the death of a parent, career setbacks and retirement worries, yet many of us do not build the coping skills we need to meet these challenges.

The good news is that some of the qualities of middle age — a better ability to regulate emotions, perspective gained from life experiences and concern for future generations - may give older people an advantage over the young when it comes to developing resilience.

There are three core psychological attributes at the heart of resilience: strength, meaning/purpose, and pleasure. If your personal life is characterized by these traits, you have the core components needed to build resilience. You feel equipped to handle both daily life and those challenging moments when you have to dig deeper. You also believe that you're contributing to the world in a way that helps others, consistent with what seems most important to you. Whether you believe that you exist in a universe controlled by a clearly defined higher power, or participate in the human collective that transcends your personal identity, your source of meaning helps you manage high stress and trauma effectively. And finally, pleasure. It's about deeply enjoying that which enriches and satisfies you. Whether it be poetry or pottery, movies or theater, having experiences that bring you a deep sense of pleasure are essential.

Strength, meaning and pleasure. These core attributes must be experienced on both an emotional and cognitive level. Resilience grows from both feelings and engagement in a thought life, bringing you strength, meaning and pleasure. Reading, thinking, working, praying, writing, conversing - these are just as important as emotional experiences that give you the feelings of strength, meaning and pleasure.

These are some ways to increase resilience:

Practice Optimism. Optimism is part genetic, part learned. So if you were born into a family of Eeyores, you can still find your inner Tigger. Optimism doesn't mean ignoring the reality of a dire situation. After a job loss, for instance, many people may feel defeated and think, "I'll never recover from this." An optimist would acknowledge the challenge in a more hopeful way, saying, "This is going to be difficult, but it's a chance to rethink my life goals and find work that truly makes me happy."

Rewrite Your Story. When recovering from a challenging situation, know that your life was forever changed, but reframing the situation, focusing on the opportunity the setback presented, so that you can rewrite what will be the outcome.

Don't Personalize It. We have a tendency to blame ourselves for life's setbacks and to ruminate about what we should have done differently. In the moment, a difficult situation feels as if it will never end. To bolster your resilience, remind yourself that even if you made a mistake, a number of factors most likely contributed to the problem and shift your focus to the next steps you should take.

Go Out of Your Comfort Zone. Resilience doesn't just come from negative experience. You can build your resilience by putting yourself in challenging situations and learn to cope a bit more each time.

Take Stress Breaks. Times of manageable stress present an opportunity to build your resilience. It's almost as if you need to invite stress into your life to practice how to manage it. Taking a walk break, spending five minutes to meditate or having lunch with a good friend are ways to give your mind and body a break from stress.

So, take a look around in your life, and keep working on strength, meaning and pleasure and building resilience.

# Know Your Rights: EUROPEAN HEALTH INSURANCE CARD

#### **QUESTION**

My partner and I are planning a holiday in Spain. How do we access public healthcare services if one of us becomes ill?

#### **ANSWER**

You and your partner each need a European Health Insurance Card (EHIC). This card allows you to access public healthcare services if you become ill or get injured when visiting certain European countries. It doesn't cover private treatment or the cost of repatriation to Ireland if required. The countries covered by the card are the 28 member states of the EU, the three other members of the EEA (Iceland, Liechtenstein, Norway) and Switzerland. The card is not required for a visit to the UK if you can show that you are ordinarily resident in Ireland. In practice, this means showing a driving licence, passport or similar document.

If you have a smartphone you can download the free EHIC app.This includes emergency phone numbers and information about the treatments and costs that are covered. The app does not replace the card.

If you already have a medical card or Drugs Payment Scheme card, you can apply online for your EHIC at ehic.ie. Otherwise, you can download an application form from ehic.ie or get one from your Local Health Office. You need to provide your name, address, date of birth and Personal Public Service Number (PPSN). If your EHIC has expired you can renew it online at ehic.ie. If your details have changed (for example, your address) you will need to contact your Local Health Office to renew the card.

If you have concerns about getting a new or renewed card in time, you can get a Temporary Replacement Certificate, either online or from your Local Health Office. You may also wish to consider taking out private travel insurance for expenses that are not covered by the European Health Insurance Card (such as the costs of repatriation or the expenses of relatives who travel to you if you fall ill abroad). #### A CAT HAS CHANGED THE LIFE OF AN AMAZING AUTISTIC GIRL:

Iris is a very special 5-year old British girl who is diagnosed with autism. One of Iris' daily struggles with autism was anxiety. She didn't feel right in social situations. So, her mother, Arabella, decided to research autism and found a lot of information on the wonderful effects that animals can have on autistic children. Arabella said, "We took Iris to equine therapy but she didn't seem very interested in horses at that time. Then I began to think about a therapy dog" but instead they decided a cat was more suitable for their situation and two years ago, Iris's parents bought Thula, a beautiful Maine Coon, since then, Iris and Thula have become inseparable.

Arabella said, "Thula has lowered Iris' daily anxieties and keeps her calm, but equally has the effect of encouraging her to be more social" and Iris has even started to speak – something the doctors warned might never happen.

Thula wears a harness most of the time, rides in the car, goes on boat cruises and bike rides along with Iris and sits patiently on the table while Iris does her artwork.

Iris loves art, her work is abstract, colourful, but with perfect sequence and tones, paintings are sold to private art collectors around the world. Her family uses the money they make from the paintings to pay for therapy treatments, art supplies, and to raise awareness about autism. Thula is not a trained a service/therapy cat, but, since the family took her in at such a young age, she has gotten used to being with Iris and her constant presence and gentle nature is having a remarkable effect upon Iris. The family also bought Thula but please remember there are practically an uncountable number of cats out there looking for homes, if your neighbours haven't unwanted kittens then the animal shelters have, so please adopt don't shop!

#### A JOB THAT NO LONGER EXISTS:

While leeches were utilised for bloodletting during the 19th century, it was once someone's job to go out and collect them. To do this, the collector would wade through marshes while allowing leeches to attach to their bodies. Then, they would remove them, place them in a canister, and return to the medical facility.

#### **DID YOU KNOW?**

Jockey Frank Hayes died and won a race simultaneously. In 1923, during a horse race at Belmont, New York, he suffered a massive heart attack. Even though he had perished before reaching the finish line, his horse finished the race in first place.

#### METAL COATING TECHNIQUES USED 2000 YEARS AGO OUTSHINE MODERN METHODS:

Ancient technology used by craftsmen 2000 years ago to apply thin films of metal onto their statues surpassed modern standards for producing DVDs, solar cells, and electronic devices.

2000 years ago, ancient gilders made metal coatings that were especially thin, adherent, and uniform – increasing durability and saving on more expensive materials. This level of quality had yet to be reached in the modern

#### world.

Despite their apparent lack of knowledge of chemical-physical processes, ancient artisans could create amazing results while manipulating metal. One technique they put into practice was to use mercury like a glue and then apply thin films of precious metals to their desired objects.

#### **QUOTE:**

"Let no man dare, when I am dead. to charge me with dishonour; let no man attaint my memory by believing that I could have engaged in any cause but that of my country's liberty and independence, or that I could have become the pliant minion of power in the oppression or the miseries of my countrymen"- Robert Emmet

#### **ON THIS DATE – AUGUST 25TH:**

1718 - French colonists arrived in Louisiana and settled New Orleans.

1803 - The British captured Robert Emmet in Dublin.

1804 - In England Alice Meynell became the 1st woman jockey.

1819 - Birth of Allan Pinkerton in Glasgow. He fled Scotland in 1842 to avoid capture for his involvement with the revolutionary group called the Chartists. In 1850 he founded the Pinkerton detective agency in Chicago and later worked as Abraham Lincoln's bodyguard. 1825 - Uruguay declared independence from Brazil.

1829 - US President Jackson made an offer to buy Texas, but the Mexican government refused.

1830 - The "Tom Thumb" steam locomotive, designed by Peter Cooper, ran its famous race with a horse-drawn car. The horse won as the engine, which had been ahead, broke down.

1853 - Francis Cadell launched Australia's first paddlesteamer, the 'Lady Augusta', from Goolwa.

1875 - Captain Matthew Webb (1848-1883) became the first person to swim across the English Channel, traveling from Dover, England, to Calais, France, a distance of 35 mile (due to currents) in 21 hours and 45 minutes.

1920 - Captain Euan Dickson completed the first air crossing of Cook Strait, flying a 110hp Le Rhone Avro from Christchurch to Upper Hutt and carrying the first air mail between the South and North Islands of New Zealand.

# SCOTLAND'S FLOATING OCEAN WIND FARM:

A flotilla of wind turbines are being assembled

in deep waters off the north-eastern coast of Scotland that are destined to become the first floating wind farm in the world.

The turbines will be stationed 15 miles offshore and are not only designed to withstand gale force winds, but their placement will avoid the visual impact of land-based wind farms, which often repel community support along coastal areas.

All the five turbines that will power the Peterhead Wind Farm will be 175m (575 feet) tall on top of a flotation base with a depth of 70m (229 feet), the farm will power over 20,000 Scottish homes.

The farm is being welcomed by animal conservationists as an environmental victory, since offshore windmills are unlikely to endanger sea birds that nest along the coastlines.

#### LIONESS RESCUED FROM SYRIAN ZOO GAVE BIRTH AT SANCTUARY:

Last month, animal advocates flew to an abandoned zoo near the war-torn city of Aleppo in Syria, and rescued a group of animals. Now, those advocates are celebrating the miraculous birth of a healthy lion cub that was born just hours after his mother arrived at a sanctuary.

An emergency rescue mission was launched by Four Paws International to get the animals out of the Zoo and to safety. In partnership with volunteers, security experts and government officials, the organisation successfully saved nine lives at the end of July, including three lions, two tigers, two Asian black bears and two hyenas, but more remained behind, rescuers returned days later to get the remaining animals, including two dogs, a lion and a very pregnant lioness named Dana.

After a long journey, all of them have been successfully moved from Syria, through Turkey and into Jordan where they were taken to the Al Ma'wa for Nature and Wildlife sanctuary.

Shortly after arriving, Dana gave birth to a cub, who was named Hajar, which is Arabic for "the emigrant." Although Dana's rescuers were worried the stress she was under might cause her to reject or attack the cub, she's been a perfect and nurturing mother.

Dana's new baby, will never know the life its mother did, and the rest will now be able to live out their days in peace, while getting the care they need. So far, it's expected that most of them will be staying at the sanctuary in Jordan, while the tigers will be taken to Four Paws' big cat rescue in the Netherlands, and the two dogs will soon hopefully be adopted.

# A WORD OF VICTORY

Welcome back dear reader Jesus told His disciples one day that "the harvest is plentiful but the labourers are few...pray the Lord of the harvest would send workers out into His harvest field". (Mathew 9:35-38) Jesus was speaking here about the people of the world who are not saved, who are on their way to destruction and aren't even aware of it. The labourers are people who are born again, filled with the Holy Spirit and who will share the good news of Jesus and what He has done for us, so that when people hear and receive the Gospel they will not perish but will have everlasting life. A question you seriously need to ask yourself friend is where are you - are you saved or not saved? There is no in-between - you are either one or the other. There are people who believe that religious practices will make them right with God but Jesus said not everyone who says 'Lord, Lord' will be saved." (Mathew 7:21-23) He went on to say that many will come before Him and He will tell them "depart from me I never knew you, you who practice lawlessness." Even though these people went to church and did good things in His name they will be sent away to everlasting punishment, and Jesus said many people are in that position. These people live on the earth and do their religious things but the fact is they never became born again (John 3:1-21). It is imperative to act on what Jesus told us to do, which is acknowledge Him as Lord and Saviour, and be filled with the Holy Spirit Who leads us to do what is right according to the will of God. To be born again means to have our human spirits energised by the Holy Spirit and become connected back to God, He becomes our Father and we become His sons and daughters. You see friend God needs nothing, but He wants a family (John 1:12). As we enter that personal relationship with the Almighty God through Jesus then we are all family. All fear goes and the joy of the Lord becomes our strength (1st John 4:18; Nehemiah 8:10). There are so many good things the Lord wants us to have and enjoy - He says "I give you all things richly to enjoy" (1st Timothy 6:17). If you are not in Father God is waiting for you to step over the line and enter His family! (Ephesians 2:19-22) More next week ....

# ් LETS PRAY TOGETHER INTO THE WORD ්

Let's Pray Together In The Word Have peace. John 14(27). Peace I leave with you. My peace I now give and bequeath to you. Not as the World gives do I give to you. Do not let your hearts be troubled, neither let them be afraid, and do not permit yourselves to be fearful and intimidated and cowardly and unsettled.

Never be in a hurry. Jesus wasn't. When we see Jesus we see peace. He was hearing from God all throughout the day. Have the peace of Jesus. Lord Jesus, King Of Peace. I pray that you will refuel me with your peace throughout the day. Jesus open my ears so that I may hear from you, and our Heavenly Father, through your Holy Spirit, during the day and not to be in a hurry. Amen For Prayer RequestT comlaurencewoodley63@gmail.com
