## EDITOR'S NOTE

We had an amazing Easter in Killarney with fantastic weather and the streets teeming with people.... it is certainly looking like we are in for a bumper season this year. Fundraisers to the fore in this week's Killarney Outlook - an

amazing €5,700 was raised for the Jack & Jill Foundation, the soroptimists presented their cheque to St. Mary of the Angels and its time for the launch of Nathan's Walk - Darkness Into Light. Legion Minor footballers celebrated an emotional win

and its all systems go in the race for the title of the County Championships. Keep safe this weekend as Storm Hannah approaches and keep an eye on your elderly neighbours.

## Looking Good Committee to focus on the Importance of the Bee

Enjoying the long sunny evenings getting out for a walk and pictured at the new Bee Painting on Park Road, raising awareness of the decline in our bee population, organised by Killarney Looking Good were L-R Ava O'Doherty, Eleanor O'Doherty, Claire Tangney and Christina Tangney with her dog Harley. PICTURE: MARIE CARROLL-O'SULLIVAN

The importance of the bee to the planet is one of the aims of The Killarney Looking Good Committee and this year it is gearing much of its 2019 programme towards educating and raising awareness of the tidy towns themes in the community.

"We are not only litter pickers and painters but we have a common aim of developing and promoting sustainability, biodiversity and enabling all residents and locals to work together for the common good of Killarney", a spokesperson for the committee told the Killarney Outlook.

This year the group are trying to raise awareness around the plight of the humble bee. 90% of the world's food comes from one hundred crops and 70% of these are pollinated by bees so they play a very important and vital part in the food chain. Our bee population in Ireland is declining and we need to work together to stop this decline.

"Late last year many of you will remember the planting of bluebells and snowdrops

on the Mission Road by over 50 Tidy Towns volunteers over 2 days. We'll have to wait for next year for the snowdrops but we are now beginning to see the fruits of our labour with the bluebells beginning to bloom. Snowdrops and bluebells while in keeping with the landscape of Mission Road are also great pollinators for the bees. Tidy towns intends to continue similar bee friendly planting schemes later in the year", they added. In order to embrace biodiversity we may need to change our perception of beauty and embrace the wildflowers growing on our roadside verges and not accept tightly mown grass as beautiful. Dandelions must be seen as beautiful and sustaining life and not as a weed to be treated. We need to embrace "Don't mow, let it grow" To raise awareness of our message a new bee and wild flower meadow mural is in place on Park Road. Tidy towns will also be working with the schools raise awareness and to help stop the decline of bees.

*The Flower doesn't dream of the bee - it blossoms and the bee comes....*

# €5,700 RAISED AT ALEXIS 3RD BIRTHDAY

PICTURE: MARIE CARROLL-O'SULLIVAN

**A**magical day full of fun and games and a magical amount of money was raised at the third birthday of little Alexis O'Mahony from Woodlawn in Killarney.

Organised by her mum Teresa and dad Steve at The Dromhall Hotel, the couple held the birthday to raise funds for the Jack & Jill Foundation, a service which Alexis avails of and they raised an amazing €5,700 which translates into 356 nursing hours for the Jack & Jill Foundation. Speaking after the event, Steve and Teresa want to thank everyone who made Alexis's 3rd birthday bash in aid of The Jack and Jill Children's Foundation such a fun day out last Friday. "We were delighted with such a big crowd and most of all such a great atmosphere and it was good to see everyone having a brilliant time", Steve told the Killarney Outlook.

"Thank you to all who donated; including online; and helped raise €5700. This translates into 356 nursing hours for children in need of intensive nursing care in Ireland.

"Most of all the event last Friday has raised the profile of Jack and Jill in Kerry and created a better understanding of the extent and nature of the work they do even within this county alone. I have had phone calls from people that organise golf classics as well as people involved in stage productions that will consider Jack and Jill for their own charity work later this year and this alone shows the potential knock on effects," Steve added.

Work is also ongoing behind the scenes to get the foundation involved at some stage with a major charity event that takes place yearly here in Kerry. Thanks and endless appreciation to the Dromhall hotel for the excellent venue and the work in setting it up for the day as well as for providing so much on the day from staff to soft drinks. To Java Republic who donated the beverages for the event and thanks to their local rep for organising this. To all who baked and brought food and to The Cake Wizard for the piece of art that was the birthday cake. To JM Reidy's, The Porterhouse and Centra Muckross road for the big spread of delicious and creative in house baking as well as Easter eggs for the hunt. Also thanks to Tesco Deerpark and Pewex Polskie Sklepy on Park Road for their help with food.

Huge thanks also to Killarney Athletic Club who dropped in some Easter eggs without even being asked! Kingdom Party Pals who were so busy all day with the face painting and balloon modelling. Thanks to the Easter bunny who turned up despite it being its busiest weekend in the year and shout outs to Winnie

the Pooh, Tigger, Spider man and both Mickey and Minnie mouse who hung around doing their thing for the day. To Killarney Fire Brigade who despite being so busy stayed all day. Thanks to all their staff who offered their time and rotated in teams so that kids and adults alike could experience the ins and outs of a fire brigade through the excellent demonstrations. To Nave Yoga who kept everyone in a state of Zen through two positive and uplifting yoga sessions that benefited the body and mind. To Flares Gymnastics/Scorchers Cheerleading Club for their hip hop routine and gymnastics display that made a big impression on all in the room. Thankfully the chandeliers survived! To Kala Holistic Therapy who were busy all day with both a nails stand and a makeup stand. To all the businesses and individuals who gave spot prizes for the raffle, we are grateful for your essential kindness. To the BrandGeeks Killorglin for the eye catching poster design, print and help with promotion. To all local media for their support in spreading the story of the Jack and Jill Foundation, this will have a lasting effect. To Zumba Killarney for organising their own raffle, to Peak Performance Academy in Deerpark and to O'Sullivan Sound. Finally to all the individuals who helped in anyway you know who you are from raffle ticket sellers to the people with buckets collecting money to those that helped with food and tea/coffee. To everyone that helped look after Alexis on the day as we were so busy, a big thanks as she was in safe hands and well looked after. To the MC, he really worked the room and made the day.

# KILLARNEY WOMAN LEADS TREK TO THE ARCTIC

*Claire Concannon pictured on her Arctic Adventure*

**A** Killarney woman who works with Debra Ireland has recently led a fundraising trip to the Arctic.

Claire Concannon, a former student at St. Brigid's Secondary School was among more than 30 of Ireland's top business women to take on the Arctic challenge to raise money for charity.

The six day trek over 150km of the Arctic Circle raised much needed money and awareness for butterfly skin charity Debra Ireland.

Claire had to learn the skills to survive in temperatures of -20c while trekking across the polar region in March.

Over 300 in Ireland are living with EB a condition with no cure.

The condition causes the skin, both inside and out to blister and wound at the slightest touch.

"I never thought I would say this, but living in minus 20 degrees for a week was one of the best things I have ever done! The arctic tests you in every possible way you can be tested and brings you back to what's really important. I certainly came home better for it", Claire told the Killarney Outlook.

From the Arctic Challenge 2019 we have raised over €200,000 - with funds still rolling in!

"This is a once in a lifetime opportunity to push yourself beyond your limits and be tested like you've never been tested before", she added. Do you have what it takes to go totally off the grid with no running water or electricity; don your snow shoes and learn about this unique landscape with only the Northern Lights as

company", Claire added. DEBRA are currently recruit for Arctic 2020, and for the first time there will be an all male group, as well as an all female group. If people are interested in getting involved, they can visit <https://debraireland.org/debraevent/arctic-challenge/>.

# €10,000 AND COUNTING AS HUNDREDS WALK FOR ROISIN

**T**here was an amazing turnout for Roisin's Walk which took place in Farranfore on Saturday last with a staggering €10,000 raised on the day.

Roisin Collins is preparing to go to Germany for specialist treatment following surgery for a tumor in her spine in January.

The 11 year old is a fifth class pupil in Furies National School and her parents Tim and Ann were overwhelmed with the support from their local community.

The walk was organised by Furies Ladies GAA Club to help the family with expenses around the treatment and the sense of community spirit and support shown to

Roisin from far and wide was just amazing. Roisin is set to spend six weeks in Germany receiving Proton Radiotherapy and last week spent a few days there for pre-assessment.

The club would like to thank everyone who turned out on the day including all those who made the event happen including Furies GAA Club, Niall "Botty" O'Callaghan who provided the entertainment, KLGFA for allowing a bucket collect at the Centre of Excellence in Currans, An Garda Síochána, everyone who provided food and of course everyone who turned up on the day.

A group of Roisin's friends who supported her walk.

The community came out in their droves to support Roisin's Walk.

## Soroptimists continue to raise funds for charities

Killarney Soroptimists are champions at organising various fundraising events in aid of local charities and they recently presented a cheque for €4,170 to St. Mary Of the Angels, St. John of Gods.

The money was raised at the group's annual Pancake morning on March 5th and will be used for the Hydrotherapy Unit in St Mary of the Angels. This unit is used by the 74 residents and the 50 students of St Francis Special Needs School which is located in the Grounds of St. Mary of the Angels.

Some of these monies will be used towards the Hydrotherapy Pool and for the purchase of a sound system that will be used to enhance the service user's hydrotherapy experience by promoting relaxation before, during and after the pool session.

"This Pool has been in operation since 1975 which was a very innovative for that time period and we the Killarney Soroptimists are delighted to be able to assist them with upgrading their Unit", Sheila Casey, told the Killarney Outlook.

**SHOULD YOU BE CONSIDERING SWITCHING YOUR MORTGAGE**

Yes, because some of the Irish mortgage lenders have much lower mortgage interest rates compared to others. There has been a lot of discussion recently in the media recently as regards mortgage switching this is because there can be a very substantial difference in interest rates and monthly repayments between lenders. For example on a mortgage of €200000 over 30 years based on a property value of €300000 and comparing current fixed interest rates one lenders 2 year fixed rate is as low as 2.30% (3.85% APR) which costs €770 per month whereas another lenders 2 year fixed rate is as high as 3.30% (APR 3.90%) monthly repayment €876 per month. The monthly repayment for the lender with the higher rate is a staggering €106 per month more expensive. Over the term of the mortgage you could pay €38,271.60 (approx) more in interest, assuming the interest rates don't change over the term of the mortgage. Of course you would need to qualify for the mortgage with the new lender and also there are many other considerations and information you need to know before proceeding further. An experienced mortgage broker should be able to discuss your options with you in plain simple english and answer any queries you may have.

# Good time management and smart study will pay dividends at the State Exams

By Billy Ryle

The 2019 State Exams begin on Wed., 5th June so make the most of the remaining six weeks. Manage your revision efficiently and sharpen your exam techniques. Concentrate on a final revision of your course material and practice answering past exam papers. Be organised in your revision plan. Set down priorities in the subject areas, which you intend to revise. Be patient and methodical in your routine. Don't be over ambitious in your revision planning. Take a self-contained manageable unit of work in a revision session. Cramming – extended revision sessions with too much content – is the least effective way to prepare for exams.

When answering past exam papers simulate exam conditions as far as possible. Using A4 paper, try to answer within the time allowed for each question. Accurately number each question and part of question. Ensure that your handwriting is legible, that your diagrams are detailed and that your presentation is neat.

Attend school every day up to the end of term as your best work is done under the expertise of your teachers, who will guide you through revision and exam techniques. Be familiar with the format of each exam paper. Be aware of the style of questions and the topics examined in each paper. Know how the marks for each paper are allocated and how much time should be spent on each question.

As the final weeks are for revision and for answering past exam papers, avoid studying new unfamiliar material, if possible. If you have missed out on some part of the course, prioritise that topic. Study the topic, revise

the topic and consolidate it by answering past exam questions based on it. The alternative is to omit that topic completely. In summary, an intensive revision period is the best prescription for effective exam performance.

Manage your home study well. A regular routine is essential. Study for about four hours on each of the five weekday nights. Two sessions of about two hours each with a half-hour break in between will result in good quality work. Aim to do seven or eight hours of revision spread over Saturday and Sunday. Prepare a daily, weekly and full-term study schedule. Review your progress at the end of each week. Be disciplined and organised in your approach to study. Stick to your routine and to your study schedule. Use short breaks between subjects. Avoid unscheduled breaks and beware of "time thieves" such as excessive TV watching and long telephone calls.

A comfortable home study environment is essential. If possible, study on your own where you will have peace and quietness. You need a table or desk on which to write and a hard-backed chair on which to sit. Good lighting keeps you from getting tired. A desk lamp, if available, is a useful aid to mental application. Your total focus must be on your work, so don't allow yourself to be distracted.

Use a reward system to reinforce your progress and to maintain your momentum. Your greatest motivator is to do well in your exam but also build in a few treats. After an evening of study, your reward might be a favourite television programme or listening to some music. At the

weekend, treat yourself to a few hours of active leisure. As a result, you will face the challenges ahead with confidence and renewed energy.

In the next article, I'll take a detailed look at mental preparation for the exams.

In the next article, I'll explain how to plan your strategy for the final weeks before the exams.

## A PHOTOGRAPH IS THE PAUSE BUTTON OF LIFE

A collaboration between the Kerry Parents and Friends Community Programme mindfulness group and leaving certificate students from Killarney Community college, will come to fruition next week with the launch of their photographic exhibition on "mindfulness through the senses" at Killarney Library on Tuesday April 30th at 2.00pm. This exhibition will be open for viewing 29th April until Friday May 10th.

This project explored the sensory connection of body and mind in relation to the world around us through the lens of a camera. It also facilitated community integration and partnership resulting in all participants experiencing a connection and a wider perspective through the medium of photography.

The group would like to thank all involved, especially Kerry ETB who supported this project and the students, both from Killarney community college and Kerry Parents and Friends, for their openness and enthusiasm.

## STEVEN HODD RETURNS TO HIS HOME TOWN

Stephen William Hodd (a.k.a. Ragged Rebel City) is playing his first headline Irish show in over 14 years in Courtney's Bar (Upstairs) on May 12th. And what a fitting place to return to. Having spent the best part of 4 years touring the world as guitarist and co-writer with Passenger and Lou Rhodes (Lamb), Stephen William Hodd has fired up the gears of old and promises to leave the pedals behind and bring just his Voice, Guitar and Lyrics to the intimate surroundings of Courtney's Bar in Killarney.

This is the place where it all began many moons ago. Many great performers such as Glen Hansard, Paddy Casey, Mundy, Damien Dempsey, David Gray & many more have cut their teeth and tasted the warmth of a Kerry crowd in this hallowed space.

Showcasing much sought after guitar skills with feet planted in the finger-picked & alternate tuning world of John Martyn/Nick Drake, monumental lyrics birthed in self discovery and unabashed uncovering of the self yet remaining inclusive in their scope, and a voice that is dragged from the very core, echoing Van Morrison, Glen Hansard, Bonnie Prince Billy and Bill Callahan, this night will be electrifying, truly moving & soul rejuvenating.

Expect old songs, new songs and some songs from recent release 'Ode' which will be available for the first time ever in physical format in a hand number LTD edition of 100 copies only.

Opening up the night will be Damien Flynn. A man who has a huge baritone voice and lyrics cast from statues of free thought.

The capacity is limited to 50 so get your tickets early to avoid disappointment.

Doors 7:30. Music starts at 8:00.

## €350,000 and Counting raised from Nathan's Walk

With a staggering €350,000 raised in Killarney since its inception, Marie and Denis Carroll will launch the 2019 Nathan's walk - Darkness into Light on Monday night, April 29th at Reidy's Bar on Main Street at 7.30pm.

"We are so proud that an amazing €350,000 has been raised in Killarney alone for Nathan's Walk and this year we hope to set the ball rolling to have a Pieta Outreach house in the town", Marie told the Killarney Outlook.

Marie and Denis' youngest son Nathan lost his life to suicide at the age of 14 and they are now the driving force behind the fundraiser for Pieta House. This year's walk will take place on May 11th, 4:15am at Killarney Race Course.

From Darkness into Light the walk will begin while it's dark and finish as dawn is breaking, the 5km route can be walked, jogged or ran. This is a beautiful, symbolic event which raises funds for suicide and self-harm charity Pieta House. Every year the walk in Killarney remembers Nathan and an estimated 5,000 people are set to take part. The relationship between Pieta House and the community, although forged in tragedy, provides so much hope for individuals and families throughout the country. Pieta House tackles the issues of suicide and self-harm day after day, issues that have touched every community in Ireland. Pieta relies on the generosity of the public, whose donations and fundraising make up nearly 90% of their income

## Letter to the EDITOR

I raised the following motion at the full council meeting on behalf of small publicans across the country as their very existence is under sever threat.

"I am calling on the government to support small businesses especially small pubs in rural villages that are facing demise due to the rising costs of running their business i.e tax, insurance and stock price increases. There is also a major decline in these businesses due to the drink driving bill that was put in place. These businesses provide a much needed social hub for many that live in rural isolation. Unless assistance of some form is provided I have no doubt our renowned rural pubs in our local villages face extinction."

This motion was debated in council yesterday requesting the minister for finance to alleviate financial pressure from small rural pubs across the country by A) To increase the VAT threshold from €75,000 top €150,000 i.e. meaning any business that reaches €150,000 sales in the year would be exempt from paying VAT on sales.

B) That the accelerated capital allowance for small pubs would be reduced from 8 years to 3 years meaning a larger tax rebate on improvements & renovations than the original. This has been forwarded on to the minister for finance and also to Deputy John Brassil to raise this as a PQ at the house of Oireachtas.

We await the response. I would ask other councils across the country to support my motion.

## You are here for a reason!

So often in life we may feel as if we're not really moving forward or going anywhere. We may desire to make changes but feel as if all of our efforts are not producing results. However, what is really important to know is that it is in the baby steps we take that prepares us for the big leaps in our lives. Have heart that all of those small every day changes you are making are really helping you get ready for what you desire. Don't lose hope or faith! Those breakthroughs that you want are often just around the next corner and all you have to do is to keep walking in the direction of what makes you feel better. Trust yourself. Trust your life! You are absolutely here for a reason and that reason is to become the fullest expression of who you truly are.

### Life & Body Confidence Coaching Tip

Make decisions based on the following three questions:

Does your choice of action bring you...

1. Joy
2. Peace
3. Love

So, whenever you are met with a decision in your life (even if it's just what to eat or drink) ask yourself if your choice of action will bring you more Joy, peace and Love. It's a powerful way to live and one that will move you closer to your dreams, desires and goals. Have a super week!

## FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

### TIPS ON BUYING YOURSELF MORE TIME: PART 2

Now prioritize them putting the essential tasks on top like sleeping, washing, eating, work duties etc. in this list you will see a bunch of stuff that you do daily, hitting the end of your list. Ok now is time for the good stuff, now you need to work out how much of this stuff needs to be on your list? Scratch off the stuff that you don't "need" to do and maybe make another Column for the stuff that you can delegate to be done by someone else. A lot of the stuff near the end of your list might just be habits that eat into our time but can be changed (eg too much time watching TV or driving and waiting outside the Chinese takeaway)

Some Small examples of time wasters;

- Do you always have to be the one who picks the kids & neighbors kids up from school? Maybe if you asked the neighbor to share the pick ups you might be surprised at their response and more so surprised at how much extra time you have bought yourself.

- Another example is delegation of housework, asking housemates, partners, kids to give a hand on even the smallest of duties like emptying the dishwasher or a washing machine. This saving of 10mins of your time can buy you a quick Home HIIT workout

## PRESBYOPIA

### What is presbyopia?

Presbyopia is the normal loss of near focusing ability that occurs with age. Most people begin to notice the effects of presbyopia sometime after age 40, when they start having trouble seeing small print clearly. Presbyopia is caused by an age-related process. This differs from astigmatism, myopia and hyperopia, which are related to the shape of the eyeball and are caused by genetic and environmental factors. Presbyopia generally is believed to stem from a gradual thickening and loss of flexibility of the natural lens inside your eye. These age-related changes occur within the proteins in the lens, making the lens harder and less elastic over time. With less elasticity, this means the eye has a harder time focusing up close and we may have to hold material further away to see it clearly.

### What is the treatment for presbyopia?

Presbyopia is a natural part of ageing and there is no cure for it. The solution is generally to wear glasses for reading. Contact lenses are also available for presbyopia if you do not want to wear glasses.

### Are there exercises I can do to stop needing reading glasses? Will I make my eyes worse by wearing glasses?

No. As presbyopia is caused by the lens stiffening, and not the muscles weakening. Wearing glasses will not make your eyes worse and there are no exercises that can help this. However, you may notice that when you take your glasses off, things appear to be worse without them than before you had them. This is simply because you are noticing how clear and comfortable vision should be. Before you had the glasses, you were unaware how blurry your vision really was because it changed slowly over the years.

Presbyopia will get worse as you age until you reach your late fifties, when you will have no natural focusing ability left. Unfortunately there is nothing you can do to stop it.

For any vision changes it is important to have a sight test to determine the cause.

## The Cycle Against suicide arriving into local secondary school

Students at Killarney Community College will welcome the Cycle Against Suicide.

**T**his May the Cycle Against Suicide Cycle will return to Kerry. Local secondary school, the Killarney Community College will act as a host school for the event. The Cycle Against Suicide initiative began in 2013. The cycle begins on the 27th of April and finishes the 6th of May in Dublin. With over 800 people dying by suicide in Ireland each year, and

research indicating that thousands more contemplate it, we all have a role to play, and together we can collectively address the challenges that suicide presents. The majority (335) of suicide deaths last year were among men. This high male to female ratio has been a consistent feature of deaths by suicide over the years. The highest rates of suicide were observed among 45-

54 year-olds (men) and 55-64 year olds (women). Ireland's overall suicide rate in 2015 was 10th lowest of 33 European countries. Although for young people (aged 15-19), it was seventh highest.

Discussions about suicide are needed now more than ever. In a bid to save more lives, Cycle Against Suicide sets out to start these discussions and change culture to create a society that openly talks about suicide, enabling people to speak up and reach out for help. The cycle will be welcomed into Killarney on Wednesday the 1st of May with the first cyclists expected to arrive at the Killarney Community College at 4.30pm. On Thursday morning there will be a hour long presentation focusing on the topic of mental health and wellbeing in the school for students and around 150 cyclists intending to cycle the next leg to Cork. The school intends to showcase a video they prepared to raise awareness about mental health, there will be a number of guest speakers and the school choir will perform a selection of

songs including Kodaline's 'Head Held High'.

Killarney Community College Principal Stella Loughnane stated "There is a strong emphasis now being placed on mental health and well being by the Department of Education. Four hundred hours of wellbeing have been allocated to all junior cycle students entering secondary school. We are delighted with the opportunity to host such an important and worthwhile event that raises awareness about such a sensitive subject and whose central message highlights the fact that it's ok to not be ok. Hopefully students will realise that there is always help available to them with regards to their emotional needs."

On Wednesday the 1st of May, the evening the cyclist arrive, volunteers are needed to cater for homestays for cyclists. If you are able to accommodate any cyclists arriving into the town that evening please make yourself known to Juliet Culloty who can be contacted on 087-4125680.

## JOHN DRUMM CUP 2019

The 54th annual John Drumm Cycle race will take place in the Kerry village of Currow on Sunday April 28th. As always a very exciting programme of racing has been planned by the host club Currow CC who take pride in putting on racing for all categories from the elite riders to the under 12 race. In fact it is the underage riders that kick off the day's racing with their events at 10.30am with the Senior events following then at 12.30pm.

The feature event is seven circuits of the now familiar circuit that takes the riders from Currow Village, to Castleisland passing by Davy Roche's cross and returning to Currow on the main Killarney Road from Castleisland totalling 108.5km. The finish line is 800 metres at the Castleisland side of Currow and

spectators are reminded there is no parking at the finish area so please allow enough time to walk to the line if you wish to do so.

As an event, that was first held in 1966 almost a year after the untimely death of Johnny Drumm who was tragically killed in an agricultural accident, it has produced a list of winners that is as impressive as any in Irish cycling.

This goes back to the first winner Gene Mangan, a RÁS Tailteann winner where he is not unique in winning both events.

There were many more famous names to be added to the cup down through the years such as the Lonergan brothers, Johnny and Joe from Tipperary, Colm Nulty of Meath, John and Denis Mangan of Killorglin and Adrian Byrne a Dublin based Garda.

The 30th race in 1995 was won by German Patrick Rives Maye who was a student at the University of Limerick at the time and a former junior champion of West Germany.

Séamas Kennedy of Meath won the event as did Mick Cahill of Banteer, Bobby Power of Tipperary, John O'Sullivan of Kanturk, Batty Flynn and Jack Lacey of Kerry.

There was a unique result in 1972 when the event resulted in a dead heat between Limerick man Gearóid Costello and Anthony O'Halloran of Kerry.

John Blackwell, Billy Reidy and Paul Griffin won the race more than once to again keep the cup in Kerry but in recent years Corkmen Mick Fitzgerald, Richard Hooton and Paidi O'Brien have won the race. Tipperary man Simon Ryan added the Drumm Cup victory to a very successful season in 2015.

Eoin O Connell the 2016 winner will be back sporting the colours of Blarney CC who are

always prominent at this event. Limerick man Mark O Callaghan was a very worthy winner in 2017 and has since moved to Italy where he races with the US Fausto Coppi Gazzera team having he won the event in the colours of the Aqua Blue Academy Team.

This has always been a race that cyclists really wanted to win and many competitors going on to be professionals with Sam Bennett winning the race three times and is now competing successfully with the world's elite cyclists.

Eddie Dunbar was second in 2014 and has since gone professional having a massive win at the Tour of Flanders U23 in 2017.

Michael O Loughlin is no stranger to the roads of Currow and maybe one day he could emulate his father Martin in winning the race with Michael also now embarking on a professional career.

The 2018 Kerry Group RÁS Mumhan winner Conor Hennebry of the Dan Morrissey-Mig-Pactimowill take part The Kerry Clubs will also be to the fore on home roads.

Cathal Moynihan always does well in Currow where he had his first victory as an A4 when he was a newcomer to the sport.

Cormac Daly is another flying the flag for Kerry and he is having a very good season already this year having won in Newcastlewest recently. Killarney will be lead by Conor Kissane to name a just one of their squad is capable of victory.

Other Kerry Clubs will also travel with a strong squads in their bid to win the cup with the likes of Manor West, Killorglin, Lee Strand, Sliabh Luachra as well as the host club Currow also competing.

# SUPER LEAGUE SUCCESS for Killarney Coach

**K**ILLARNEY basketball coach James Fleming enjoyed further success when he guided

the Fr Mathews senior ladies team to their first ever title at Super League level when they defeated league and cup champions Liffey Celtics in a thrilling Women's Champions Trophy final at the DCU complex in Dublin on Sunday.

There has been remarkable progress for Coach Fleming and his Fr Mathews team over the past year since winning the Division One national cup in January 2018. Promotion to the SuperLeague followed and securing a title in their first season there was an incredible achievement.

James Fleming also received a Basketball Ireland coach of the month award last month following on from his Women's Division One Coach of the Year award last season.

In Sunday's final Fr Mathews trailed 66-63 with

just five seconds left in normal time. However a dramatic buzzer beating three-pointer from Grainne Dwyer levelled the tie at 66 points each forcing overtime. Coach Fleming's girls dominated the overtime period with match MVP Grainne Dwyer finishing with 31 points in a 83-70 victory.

Caherciveen native Amy Fitzgerald was also on the winning Fr Mathews team while popular Castleisland man Vince Barry was the team manager. Head coach James Fleming has now completed four seasons with the Cork club. A former St. Paul's Killarney superleague player and senior ladies head coach, James has also coached a number of St. Paul's underage teams in recent years. He is also assistant coach of the Ireland's under 20 ladies' squad and is well known in sporting circles as a former Dr Crokes senior football championship winning captain.

This was the case in the first half with the half time score being 2-06 a-piece. Goal scores for Furies were Darragh Donohue and Aaron Flynn. Furies put in a great team performance in the second half and won out in the end by 6 points, 2-17 to 2-09. Cian Ring pulled off a number of great saves throughout the game. Furies played Gneeveguilla in the final Tuesday in Cordal.

### JUNIOR PREMIER

#### CLUB CHAMPIONSHIP:

Furies played Skellig Rangers in Portmagee in a do or die game in round 3 of the junior premier championship. In a beautiful evening for football in the picturesque surroundings, Furies came out on top on a final score of 2-06 to 0-09. Furies got off to a good start to the game with the first point coming from the boot of Mike Daly and Diarmuid O'Mahony. Skellig replied with a point before after some good team play, Mike Daly scored a goal for Furies. This was shortly followed by another Furies goal from Padraig De Brun. Skellig Rangers kept in touch with Furies with some impressive free taking from Darragh O'Sullivan. Half Time score Furies 2-03 Skellig Rangers 0-06. Skellig dominated the first 20 minutes of the second half but couldn't make it count on the scoreboard. Furies improved in the final 10 minutes and did enough to hold out for an important win with 2 free from Donnacha O'Sullivan and a point from play from Jack Sherwood. Final score Furies 2-09 Skellig Rangers 0-09. This now means that Furies maintain their Junior Premier status for 2020.

### CYCLEFORMICHAEL

2018 saw the club lose former player Mike Dennehy after a short illness. The rapidity of his death caused shock in the area and beyond. Mike was also an avid cyclist and completed the Ring of Kerry Charity Cycle on many occasions. This year's event is on Saturday 6th July and a number of friends are organising a group "Cycleformichael" to do the ROK in his memory. After consultations with the family they have decided to register for the nominated charity "Breakthrough Cancer Research". Breakthrough Cancer Research is an Irish Charity focused on research to develop new treatments for cancers that currently cannot be cured. We hope to make this a special day and would appeal to people in the area who are thinking of doing the ROK and haven't already registered, to join us by registering for Breakthrough Cancer Research charity.

Even if you are not partaking but know relatives of friends that are, please ask them to join us on our journey. We are also, in conjunction with the charity, designing a special cycling jersey to mark the occasion. All proceeds of the jersey sales will go to the charity. If any business in the area would like to put their name or logo on the jerseys please contact Furies GAA on 0872998231 or James O'Sullivan on 0872274127.

## SPA NOTES

### INTERMEDIATE CHAMPIONSHIP RD3:

Spa 4-16 Laune Rangers 1-16

Played in a sunny Spa on Saturday evening, Spa needed to rack up a high score and wait on other results to keep their championship hopes alive – and they certainly did that, kicking 4-5 in a massive second half comeback. Spa Team: James Devane, Eoin Fitzgerald, Dan O'Donoghue (0-1), Bryan Russell, Shane Cronin, Niall O'Mahony (0-3), Brian Lynch, Liam Kearney, Andrew Garnett, Ryan O'Carroll, Mike McCarthy, David Spillane (1-1), Niall McCarthy (1-3), Ciaran Spillane, Evan Cronin (2-7). Subs: Gary Vaughan, Cormac Cronin (0-1)

### U14 CO LEAGUE RD3: SPA 3-9 LISTOWEL EMMETS 5-14

A great competitive game of football took place in Spa between Spa and Listowel. The opposition started well notching up some scores. However, the Spa management made some instrumental positional changes and midfielder Oran O'Neill opened up our scoreline. Great teamwork from Mark Daly, Danny Coffey, Oran Daly and Timmy Moynihan resulted in more results. Listowel responded with a well taken goal. Points exchanged between both teams but the visitors started to pull away in the first half with a half time score of Spa 0-5 to Listowel 4-3.

Second half the team started with a great goal by David O Sullivan and a few points from Calvin O Sullivan to decrease the margin. Listowel scored a few more points and David O Sullivan found the net once again. We kept the opposition scoreless for the next fifteen minutes but they woke up to pull away even further.

The defence worked tirelessly with great work from Chris Healy, Donal Hickey, Cian Russell, Liam O'Leary and pulled off great blocks and goal keeper Aaron O'Connor had some great saves. Midfielders Oran O'Neill and Luke O'Neill won some great ball in the middle of the field and delivered to our forward line. David O'Sullivan, Calvin O'Sullivan, Timmy Moynihan, Aidan Cronin, Oran Daly and Emmet Spillane were a nightmare for the North Kerry side.

Our subs that were introduced, Cathal Coffey, Daniel Daly, Cathel Mackey, Conor Sowerby and Lucas Sowerby, all contributed but couldn't defeat Listowel on the night.

## SENIORS

Intermediate Club Football Championship  
:Report courtesy of Dara O'Connor

An Ghaeltacht 1-11 Milltown/Castlemaine 0-8  
An Ghaeltacht advance to the Intermediate Semi-Final after a six point win over Milltown/Castlemaine (sponsored by Seamus Kelly, Londis and Larkins Bar and Restaurant) on Sunday last in Gallarus. Essentially a game of two goal chances, the one MC missed following a save from Tomas Mac An Tsaoir & the one An Ghaeltacht took on the stroke of the interval, both these goals had a massive bearing on the end result which flattered the West Kerry men. MC led 0-5 to 0-3 approaching half time but an error right before the break handed An Ghaeltacht a goal chance which they took to lead 1-3 to 0-5 at the short whistle.

In the 2nd half, MC held their own for large parts and were ahead 1-3 to 0-7 after 40 mins. An Ghaeltacht bolted for home however in the final fifteen minutes outscoring the Mid Kerry side 0-8 to 0-1 to win out by 1-11 to 0-8. MC can however look back on a reasonably promising championship campaign where they finished 2nd in Group 3 after one win vs Ardfer, one draw vs Brosna and one defeat by An Ghaeltacht.

They will now get back to focusing on the County League on May 12th when they travel to Lissaspole in a hugely important game for both sides in Round 3.

## UNDER 12'S

## LEGION GAA NOTES

### CLUB CHAMPIONSHIP RD 3

Rathmore 0-09

Legion 2-12

Legion travelled to Rathmore for Round 3 of the Senior Club Championship and had to work hard to get the result they deserved. The

first half was a tentative affair with both sides swapping points. Played in ideal conditions both sides contributed to an entertaining match that ebbed and flowed with scoring opportunities being at a premium. Midfielder Billy Maguire's two points from play helped Legion to within a point of Rathmore going in at the break.

### HALF-TIME RATHMORE 0-07 TO LEGION 0-06.

It wasn't until the second half that Legion's effective use of the long ball into their forwards reaped rewards with several goal opportunities in the second half. After five minutes Thomas Moriarty set up Conor Keane only for the goalkeeper to save on the line. Within five minutes after a long ball in from James O'Donoghue left Conor Keane to find the left corner of the net with a cracker of a goal. Two minutes later Keane who was on fire returned the favour to Thomas Moriarty who lifted the roof of the net. From here on it was all Legion and such was the effectiveness of their defence, led by the outstanding Danny Sheehan and Podge O'Connor, they held Rathmore to two points in the second half. Stephen Stack and Pat Flannagan will be well pleased with this performance to finish top of this group.

Legion Team:

Brian Kelly, Darragh Docherty, Danny Sheehan, Podge O'Connor, Cian Gammell, Robert Leane, Jonathan Lyne, Padraig Lucey, Billy Maguire (0-02), Jack O'Neill, Finbarr Murphy, Kevin Breen, Conor Keane (1-4, 4f), James O'Donoghue (0-3), Thomas Moriarty (1-02)

Subs: Kieran Slattery (0-01) for Finbarr Murphy, Jamie O'Sullivan for Kevin Breen, Peter McCarthy for Thomas Moriarty, Shaun Keane for Conor Keane, Cathal Sheehan for Robert Leane

### COUNTY LEAGUE MINOR DIV 1 FINAL

#### KILLARNEY LEGION 0-13

#### LAUNE RANGERS 0-11

This Division 1 Minor County League final will live long in all our memories for all the right reasons. A thrilling competition between two evenly matched teams that went right down to the wire and even the cross bar on the 35th minute in the second half. This bunch of lads are a credit to the club, the hard work that was put into this team by Alan O'Neill and his selectors was evident throughout their campaign. The first half saw little between the sides with Laune Rangers going in ahead at half time.

The second half saw play opening up with some lovely fielding, well taken scores and great defending to Legions credit to hold off a well prepared Laune Rangers side.

This success was a result of a complete team performance with everyone contributing from the goalie Aaron O'Sullivan right through out the field including the substitutes with some great talent on show that will wear the Kerry jersey in the future. This team received great support on Friday evening with a huge crowd at Fitzgerald Stadium which was richly deserved to cheer them on.

Man of the match & Captain Darragh Lyne with his Co Captain Evan Smith dedicated this win to their friend and fellow player Niall McGillicuddy who was most definitely looking down on the

lads in the closing few minutes to help them over the line.

## DR CROKES CLUB NOTES

### CLUB CHAMPIONSHIP - ROUND

#### 3 - GROUP 2

Played in Kerins O'Rahillys Pitch on Saturday 20th of April

Dr Crokes 1-18 Kerins O'Rahillys 1-14

We came out on top in the end by four points in a game which both sides were anxious to win. Winning could give the victorious team place in the final of the competition while losing could mean being involved in a play off against the fourth placed team in Group 1. Our win qualified us for the final and other results steered O'Rahillys clear of the relegation play off.

Our opponents had the first two points of the game and led 0-3 to 0-1 after ten minutes. We came back with a point and just before the end of the first quarter Jordan Kiely struck for a goal which for our victory was a defining moment in the game. Both sides had several minutes of supremacy in the second quarter. From the 17th to the 23rd minute our opponents dominated and sent over five points without reply to go 0-8 to 1-2 ahead. The remaining minutes of this quarter belonged to us. We scored 7 unanswered points to go in at half time 1-9 to 0-8 in front.

Kerins O'Rahillys had two points at the start of second half to reduce our lead to two points. We had another period of supremacy in the next ten minutes and sent over 4 points in succession to give us a six point lead as we entered the last quarter. The teams exchanged points on two occasions in the next ten minutes. A Micheal Burns point in the 26th minute put us seven points clear. A goal by our opponents before we went into time added on left just 4 points between the teams. Kerins O'Rahillys outscored us two points to one in the first few minutes of the five added on to leave just a goal between the teams. We were awarded a penalty in the last minute and Daithi Casey tapped it over the bar. The full time whistle sounded after the kick out.

Our opponents were short more influential players than we were and this helped us to get over the line. We won this game by virtue of our

early goal, by our seven points without reply in as many minutes at the end of the second quarter and our 4 unanswered points before the end of the 3rd quarter. A good display on the day but we will have to improve to beat the Group 1 winners next weekend.

We wish Gavin White who had an outstanding game a speedy recovery from his injury. Our hope and prayers that the injury will not interfere too much with his University studies and that he will during the year lead his Club and his County to major success.

Team and Scorers: Shane Murphy, John Payne 0-1, Mike Moloney, Fionn Fitzgerald, David O'Leary, Gavin White, Michael Potts, Johnny Buckley 0-2, Daithi Casey 0-2 (frees), Micheal Burns 0-2, Gavin O'Shea 0-1, Brian Looney (Capt) 0-3, David Shaw, Tony Brosnan 0-6 (0-2 frees), Jordan Kiely 1-1

Subs: Alan O'Sullivan, Mike Milner, Billy Courtney, Mark O'Shea

### DR CROKES HURLERS

Dr Crokes Senior Hurlers played Millstreet in Millstreet on Sunday morning 21-Apr in Rd 3 of the Duhallow JAHL.

We travelled minus some key players, however with a strong squad this year we hoped to get our first win of the league and build on the strong performances in the previous fixtures. Michael Lenihan opened the scoring in the first minute from a placed ball before a long ball into the square found its way into the Crokes net. Our discipline let us down in the first half as we gave away 1-4 from needless frees and with

the Millstreet free taker; Cork intercounty player Mark Ellis rarely missing we found ourselves 1-7 to 3 pts adrift approaching the twenty minute mark. We added 4 points before the break with Michael Lenihan and Rob Ryan contributing, leaving the half time score at 2-9 to 0-7.

The second half was evenly balanced with Millstreet starting the stronger and Crokes finishing strong. Again easy frees proving costly. We had a chance to reduce the deficit to 4 points in the closing stages when we were awarded a penalty, however a good save from the Millstreet keeper left the second half tied at 7 points each. Scores from Michaels Lenihan, Anthony Keogh and Rob Ryan. Final score 2-16 to 0-14.

Now confident that we are competitive at this level we need to up the ambition and target a win in the remaining fixtures. Eliminating the simple errors will go a long way to achieving that.

Team and Scorers: Michael Horgan, Shane Kavanagh, Brendan McMahon, Michael Eoin Buckley,

Mike O'Keeffe, Shane Lyne, Rory Waters, Chris Doncil, Aaron Murphy, Michael Lenihan (0-10, 08F), Anthony Keogh (0-1), Jack Lenihan, Eoin Hayes, Rob Ryan (0-3), Joe Enright.

Subs: Gary O'Connor for Shane Lyne (40 mins), Timmy Hourigan for Eoin Hayes (50 Mins)

# Ryan wins Meet and Greet with Dr Crokes' Senior Team

A young Dr. Crokes fan won a meet and greet with the Dr. Crokes Senior Football team after winning a recent Art Competiton.

Ryan Moloney was one of the winners in the competition and his prize was a meet and greet with the Dr Crokes' senior team. Ryan got to kick around with some of the players, including Micheál Burns and David O'Leary. Johnny Buckley and Fionn Fitzgerald gave Ryan some good advice. At the end of the session last year's captain, John Payne, and this year's captain, Brian Looney, presented Ryan with a Dr Crokes jersey, signed by all the players. Ryan really enjoyed his evening with the players.

# FRIENDS DEDICATE WIN TO THEIR FRIEND NIALL

Killarney Legion 0-13 Laune Rangers 0-11

**T**his Division 1 Minor County League final will live long in the memory of all at Legion GAA club for all the right reasons.

The team sealed the victory and dedicated it to their friend and fellow player Niall McGillicuddy who passed away last October.

## ROUND UP INTERMEDIATE

Donal Barry Reports

**DROMID, TEMPLENOE, AN  
GHAELTACHT AND GLENFLESK  
STILL IN THE MIX**

Dromid secured top spot in Group 1 with a late win over Currow. A win for Currow in that game and they would have topped the group, instead a heartbreaking 1-13 to 0-15 loss, sees them in relegation trouble. In the other game in the Group St Mary's bettered their South Kerry neighbours Waterville 1-14 to 0-10.

Templenoe made it three wins from three in Group 2 with a 1-14 to 3-7 win over Glenbeigh/Glencar with Spa securing second spot with a 4-15 to 1-15.

In form An Ghaeltacht also book their semi final spot with a third win defeating Milltown/Castlemaine 1-11 to 0-8.

Last years beaten finalists Glenflesk make up the final semi-finalist having booked their place a week ago, also recording three wins.

## PREMIER JUNIOR

Donal Barry Reports

**NA GAEL, GNEEVGULLIA,  
KEEL AND ST SENANS ALL STILL  
STANDING**

Na Gaeil are just 60 minutes away from a place in this years Premier Junior Club Championship final with Gneevgullia standing in the way. On the other side of the draw Keel will take on North Kerry champions St. Senan's.

Na Gaeil topped their group unbeaten with a 0-18 to 1-12 win over BallyMac, while Furies got the better of Skellig Rangers to avoid the relegation play off. Gneevgullia made it three wins on the bounce with a 0-15 to 1-6 win over Finuge as Ballydonoghue defeated Listry.

Keel pinched Listowel Emmetts 0-16 to 0-15 thus ensuring a final day win and a place in the semi finals while Churchill enjoyed a 1-13 to 0-10 win over Lispole.

**RATHMORE 0-9  
LEGION 2-12**

What a two weeks it has been for Rathmore. A win away to Dr. Crokes, had set the East Kerry side up for a shot at the Senior Club Final but a disappointing second half at home to Legion saw them slump to a nine point defeat.

Ahead at the break 0-7 to 0-6, the home side only managed two second half points as goals by Tom Moriarty and Conor Keane saw Legion top the Group 2 only to lose out on the head to head to Dr. Crokes, following their first round loss.

## CROKES SHOW SIGNS OF THEIR OLD FORM

**KERINS' O'RAHILLY'S 1-14  
DR. CROKES 1-18**

Dr. Crokes are back in the Senior Club final following a deserved 4 point win over Kerin's O'Rahilly's at Strand Road. The Blues had shown signs in the first half that they could well have troubled the champions, especially when they hit five points unanswered to led 0-8 to 1-2 having conceded a Jordan Kiely goal. However, Crokes

showed their familiar devastating form when they reeled off the next seven scores to take a half time lead.

They push on to a 1-16 to 0-12 lead before the Blues through a Barry John Keane goal ignited a late fight back but Crokes saw themselves over the line with the luxury of Daithi Casey tapping a penalty over the bar for an insurance point.

## THE STACKS ARE BACK WITH KILCUMMIN IN TROUBLE

DONAL BARRY WRAPS UP ALL THE SENIOR CLUB FOOTBALL ACTION FROM GROUP 1 LAST WEEKEND

## DINGLE DO WHAT IS ASKED OF THEM

**KILCUMMIN 2-6**  
**DINGLE 3-16**

A 13-point win away to this years All Ireland Intermediate club champions Kilcummin was all Dingle could do, in their final round game as they hoped for a favour from Kenmare in the other group game.

and Dingle finished second in the group on two wins, avoiding any talk of relegation play offs.

Dingle led at the break 1-11 to 0-5 and were never troubled in the second half as Kilcummin without Kerry player Kevin McCarthy hope to regroup for a battle for their status against neighbours Rathmore later in the year.

In the end Kenmare fell at home to Austin Stacks

## STACKS CONTINUE TO SHOW FORM

**KENMARE 0-12**  
**AUSTIN STACKS 1-16**

Three wins from three games is proof that Austin Stacks were really the form side in the opening games of the Senior Club championship. Needing a win to seal a place in the club final, the Tralee side led from gun to tape in what was an entertaining affair throughout.

Stacks led at the break 0-10 to 0-4. The games only goal came in the second half when Shane O'Callaghan (right) with a quick free found Michael O'Gara who took complete advantage of a tiring Kenmare defence to score.

Stacks now set up a repeat of the 2016 final against their black and amber rivals Dr.Crokes, it was a final that had happy memories for the Tralee side.

The Programme represents a significant investment on behalf of Liebherr and demonstrates their commitment to future engineers. I would highly recommend the Liebherr Scholarship to interested students."

# KERRY GAA SCENE

REPORT BY LEONA TWISS, PRO

## Kerry Petroleum Club Championship

Round 3 thoroughly lived up to expectations last weekend as many games went right down to the wire! For awhile it looked as though we would have our first penalty competition to determine a 'winner on the day' in the Ballyduff v Cromane game but in the end extra time was enough to separate the sides. Perhaps the penalty competition will be needed this weekend?! There were many permutations before last weekend's games but as the final whistle sounded at pitches across the county, the tables became far clearer! Peter Twiss and Brendan Collins from Kerry Petroleum made the draws live on Radio Kerry last Sunday evening and CCC met on Monday night to finalise the fixtures for the semi-finals and relegation play offs.

The Senior Club final will be an all 'Black and Amber' affair as Dr Crokes face Austin Stacks. This is the only game going ahead in Austin Stack Park this weekend and it is fixed for Sunday at 2.30pm. The Intermediate Semi Finals are going to be played as a double header in Fitzgerald Stadium on Sunday. All the fixtures for the semi-finals and relegation play offs can be found on the Kerry GAA website. Best of luck to all the clubs in their quests for promotion or in their quest to avoid relegation.

I wish to thank all the Club Secretaries and Club PROs for providing teams on time for neutral venue teamsheets, for producing the home venues programmes and for providing social media updates at games. Their input has played a significant part in the success of the opening three rounds of the Kerry Petroleum Club Championships.

## TAX MATTERS

With O'Brien Coffey MacSweeney  
Accountants & Statutory Auditors

### CONSTRUCTION INDUSTRY

#### TRAVEL AND SUBSISTENCE PAYMENTS (COUNTRY MONEY)

It is important that employers in the construction sector are fully aware of the conditions that apply to the payment of tax-free expenses.

Employees in the construction industry are often required to travel to work at different sites. Expenses of travel and subsistence may be paid tax free to a site-based employee, up to the 'country money' rates below. This only applies where the employee is working at a site that is 32km (20 miles) or more from the employer's base.

Construction Industry Federation Agreement	Electrical Contractors Association Agreement
€181.68 per week for more than four days	€168.26 per week for more than four days
€36.34 per day for four days or less	€33.65 per day for four days or less

#### EXCLUSIONS

Expenses may not be paid tax free where the employee is:

- provided with transport to and from the site by the employer
- provided with board and lodgings by the employer
- recruited to work at one site only

Records relating to the payment of country money should be held by the employer for six years.

#### 'EATING ON SITE' ALLOWANCE

An 'eating on site' allowance is paid to site-based employees in some sectors, including construction. If this allowance is paid it may be tax free if:

- facilities for making tea or coffee are not provided on the site by the employer
- the employee does not receive another tax-free subsistence payment
- the employee works on the site for at least 1.5 hours before and 1.5 hours after normal lunch break
- the allowance is no more than €5 per day.

## Know Your Rights:

### QUESTION

My daughter is starting secondary school in September and we live 5 kilometres from her school. Am I eligible for the School Transport Scheme?

### ANSWER

You may qualify for the School Transport Scheme. The scheme provides subsidised school transport for both post-primary and primary pupils. Bus Éireann runs the school bus service and the Department of Education and Skills decides the annual fares.

The service is only provided where there are at least 10 eligible pupils in a distinct locality that can be economically serviced by a bus route. Even when a pupil meets the age and distance criteria for school transport, there is no legal entitlement to it.

Your daughter is eligible for the Post-Primary School Transport Scheme if she is attending her nearest school and lives 4.8 kilometres or more from the school. The Department and Bus Éireann determine the appropriate nearest school with regard to ethos and language.

Parents must arrange to bring their child to the nearest pick-up point on the bus route. Generally, bus routes are organised so that no pupil has more than 3.2 kilometres to travel to a pick-up point.

There is a single annual charge of €350 per pupil. However a family does not pay more than €650 per year. The charge is due to be paid in full by the end of July or else in 2 instalments: by the end of July and the start of December. Pupils who are eligible for school transport and who hold a valid medical card are entitled to free school transport to the nearest school.

Since your child is enrolling in post-primary school for the first time, you should either apply for school transport online or download the form from Bus Éireann's website. Applications are now being accepted for the 2019-2020 school year. You should apply by Friday, 26 April 2019.

### FOCUS ON SUMMER BEDDING

It's that time of year again when we think of putting colour in our pots, baskets and containers and also in the ground. Summer Bedding plants can be used very effectively in the ground for filling gaps between shrubs or border perennial plants as they can cover a lot of ground and add plenty of colour very quickly. When planting Summer bedding plants in the ground the first thing you have to do is to dig over the area and dig in plenty of compost. Most Summer Bedding plants need a nice sunny sheltered position but if you have a shaded area, begonias are excellent bedding plants for this situation and they will give you flowers right through the summer and into early autumn. As an added bonus they will also provide you with excellent coloured foliage from light green to dark purple. Always remember when planting bedding to put the taller ones at the back. If you want to do a summer display of bedding on its own in a bed you will have to choose a centre piece - a good plant for this would be a standard fuchsia. Then start with the tallest, such as marigolds or antirrhinums and work your way out to the edge of the bed with some begonias or petunias and finally at the edge of the bed with some lobelia and alyssum. A good idea before you plant would be to position all your plants to get an overall view of what it will look like. And remember to water all plants well in afterwards.

## DO YOU LOVE GRILLED FOOD?

\*Achieving the perfect burger is hard, however, with this trick, you'll manage. When your raw patties are cooking on the grill simply put a pad of butter on top of them. Or, for a healthier option, use an ice cube. This will melt into the burger as it cooks making it your juiciest burger ever.

\*Wooden skewers tend to get burned or light on fire when they are cooling on the grill. To avoid this, soak the skewers in a bowl of water for 15 to 20 minutes before cooking to avoid any dangerous flames. It is also recommended that you use two skewers per kebab to ensure that they don't slip through the grates, and to stop the food from turning over.

\* Have you heard about the dangers of grill brushes? Those metal bristle brushes that you typically use to clean off your grill can sometimes fall off the brush and stay on the grill getting lodged into your food, which is of course, unsafe to ingest. To avoid this problem simply crumple up a piece of aluminium foil and pick it up in between tongs, and scrub down the hot grill with the foil.

## BY PROTECTING POLLINATORS LIVES, WE'RE PRESERVING OURS

Over 1 million homeowners and gardeners from around the world have joined the fight to save dwindling pollinator populations – and you can join the team too.

Though most of the registered pollinator gardens are concentrated in the United States, the ambitious project has also recruited members in Europe, Canada and Mexico. The registered spaces, most of which are comprised of private flower gardens and public parks, all add up to a network of approximately 5 million acres of enhanced or new pollinator habitat.

If you have a lawn area or back garden, or even just a small piece of outdoor property, you can contribute to the pollinator network by planting at least three different pollinator-friendly plants that bloom in spring, summer and Autumn. You can find more information and resources on the Million Pollinator Garden Challenge official website.

## ELEPHANTS ARE EXTRAORDINARILY KIND HEARTED

A large amount of the unique behaviour seen in elephants is emotionally-driven. They are extremely empathetic creatures, and have been known to identify members of their herd that have died from just the bones. They usually linger around their fallen fellows remains, until thirst or starvation kicks in and they have to leave. They even have rituals for the dead, and cover up the bodies of other elephants, or even humans and dogs, with earth, branches and leaves. They have a tremendous respect for the departed.

## COMPASSIONATE 7-ELEVEN OWNER SENT A THIEF HOME WITH EVEN MORE FOOD

Jitendra Singh had been managing his branch of the convenience store in Toledo, Ohio recently when one of his employees alerted him to the young man's suspicious activity.

Upon reviewing his security footage, Mr. Singh saw that the youngster had been secretly pocketing snacks as he wandered the aisles. When the teen approached the counter, Mr. Singh asked him to reveal all of the merchandise hidden in his clothes – otherwise, he would call the police.

The teen responded by saying that he was only stealing food because he and his younger brother were hungry and had nothing to eat.

Cedric Bishop, who is a regular customer at the store, said that he was stunned as he watched the event unfold. "The cashier had the 911 operator on the phone and the owner told her to hang up, the owner then told the teen to go and collect more pizzas, chicken, sandwiches, fruits, and meals from the aisles so he could take them home – all free of charge" recalled Mr. Bishop who also felt inspired to give the youngster \$10.

"I thought that was an amazing thing the owner did," said Mr. Bishop. "Some young people just need to know that someone cares."

## DID YOU KNOW?

The Myotonic Goat takes anxiety attacks to the next level. This type of goat, also known as the Wooden Leg Goat and the Tennessee Fainting goat, has an interesting defence mechanism. Whenever it feels panic, the muscles in its entire body tend to freeze, almost perfectly mimicking death.

Their origin has been hunted after by a number of people but it only traces back to the early 1800's when a farm worker appeared in Marshall County, Tennessee, with three females and a male that fainted. It was thought by the way he dressed that he might have come from Nova Scotia. He was a quiet man and wouldn't talk to anyone so whatever he knew remained a secret. He eventually moved from Marshall County but before he did he sold his goats to Dr. H. H. Mayberry who bred them and tried his best to research their history. He could find no proof of such a breed anywhere else in the world, but was convinced they were a breed because their unique traits are hereditary.

Shepherds often kept the goats in with their flocks as insurance in case a predator would attack. The theory was that as wolves would come down from the hills to attack a flock of sheep, the goats would become startled and they would faint. The sheep would make a clean getaway, as the wolves would focus on the stunned goats rather than follow the fleeing sheep.

# KEEP AN EYE OUT FOR CYCLISTS

Outlook  
MAGAZINES

Self-esteem is determined by how much we value ourselves, and tends to develop from early childhood right into our adult years. Healthy self-esteem is maintained when we achieve a good balance between feeling capable while also feeling loved. Self-judgement or the judgement of others can trigger low self-esteem. Negative self-talk such as 'I'm no good', 'I'll never succeed', 'nobody like me' can all contribute to our low self-esteem. The more we use this negative self-talk the more we begin to believe its fact.

There are many ways in which we can raise our self-esteem and begin to feel better about ourselves. These include Positive Self-Talk: Why not change the way you talk to yourself by giving yourself positive statements. Replace the negative thoughts with something positive and create positive affirmations. Look at what you do well or what is working in your life and begin to 'change the recording' in your mind to incorporate these.

Positive Self-Care: When we begin to take care of ourselves we begin to feel good about ourselves. This involves eating healthier food and cutting out and junk. Exercise is also vital to help us feel good about ourselves and feel energised. Talk a walk, run, cycle or dance; do whatever feels good for you.

Do things you enjoy: What do you love to do? Make a list and ensure that you do at least one pleasurable activity each day.

Remember your Success: Look at past successes you have had and draw from these. Reflect on an achievement or a challenge you overcame. Be sure to give yourself credit for this and remember, if you did it once, you can do it again.

Spend time with good people: Be sure to spend time with people who treat you well and try to avoid negative people who put you down.

Don't compare: Comparing ourselves to others can really dent our self-esteem. Instead of focusing on the success of others – we need to focus on ourselves and what we can do better. Comparing ourselves will only bring us down.

Take small steps: Set small achievable goals so you can see your success as it unfolds. This will result in feeling more successful and confident and lead on to greater accomplishments.

Be prepared for setbacks: they are part and parcel of life. However, the way in which we deal with a setback can greatly impact our self-esteem. If you are unable to achieve a goal, try again or change tactic.

Next week we will continue to look at Self Esteem and ways in which we can nurture self-esteem in our Children. ## A Word of Victory

Welcome back dear reader why did Jesus die on the Cross? Because of sin, mankind had been separated from God and a sacrifice was required – a pure, sinless, blood sacrifice, to pay the penalty due for sin. Because of the sin nature handed down from Adam, no human could be found without sin - "all have sinned and fallen short of the glory of God" (Romans 3:23), so God Himself came down, born as one of us, through a supernatural conception. So Jesus had no human father with sin-contaminated blood. This is why He could offer His Blood as the perfect, sinless offering for our sins. In the Old Testament when God instituted the Passover (when His people were slaves in Egypt), He instructed Moses to have each family take a perfect, unblemished lamb and slaughter it (see Exodus chapter 12). They then put the blood of that lamb over the doorposts of their houses which marked them as off limits to the Angel of Death. They were told to cook the lamb and eat it, each family group together and to remain inside the house as the Angel of Death passed through the land. This lamb that was sacrificed provided protection and healing for each family and not one of them was harmed by the plague of death that night, and not only that but they were all healed by eating the meat, and the next day they walked into freedom out of bondage and slavery. This was a prophetic foreshadow of Jesus – the Lamb of God and what He would do for you and I and everyone who would accept His sacrifice (see Isaiah chapter 53). When Jesus told His disciples 'you must eat my flesh and drink my blood' He was not instituting an act of cannibalism (which is forbidden in the Bible), rather we symbolically take a piece of broken bread as a reminder that His body was broken so that we could be healed. We take the cup of grape juice as a reminder that He shed His perfect Blood for the cleansing of our sins to bring us back into right relationship with Father God accepted as His children as if we had never sinned. Jesus brought His Blood to the Father and placed it on the mercy seat before the Throne – the one-time sacrifice that forever takes away our sins (Hebrews 10:10) and brings us freedom.
