AND THE SHOW GOES ON....

Never one for resting on their laurels, the INEC have pulled out all the stops to ensure that festival goers in Killarney won't be disappointed this weekend.

Yesterday afternoon, Patrick O'Donoghue, MD of the Gleneagle Hotel announced that a number of the Irish acts, previously lined up to play The Killarney Festival of Food and Music, have confirmed they will now perform at the INEC this weekend with all proceeds going to charity.

"We have been contacted directly by a number of our regular artists who still wish to perform in Killarney this weekend" says Patrick O'Donoghue, Managing Director of The Gleneagle Hotel and INEC. "They are determined not to disappoint their loyal fans and, as our venues have no acts scheduled for this weekend, we are able to oblige."

Walking on Cars, Mick Flannery, Little Hours and Guests will perform on Saturday night at the INEC (tickets €20 including booking fee), while on Sunday, Damien Dempsey, Mundy and guests, will all perform at the INEC (tickets €20 including booking fee). The INEC Acoustic Club will host Aprés Match, Colm O'Regan and guests on Saturday night and Jason Byrne and Guests on Sunday night (tickets €15 per night). Stay tuned to INEC Facebook for further announcements throughout the day.

Proceeds from the weekend will be donated to the Oncology Unit in Tralee General Hospital & Cuan Counselling.

"The artists we have spoken to want to play Killarney and they are happy to donate the proceeds to charity, we feel that it is in the best interest of everyone to help make this happen," said Patrick O'Donoghue.

Walking on Cars have issued a statement saying "We're very disappointed to hear that Killarney Festival isn't going ahead. We've never cancelled a show before and we don't intend on starting now. We're putting on a show in the INEC on Saturday night. All of the proceeds will go to Cuan Counselling and the Tralee Oncology unit."

Tickets for all acts will be on sale through ticketmaster.ie and outlets nationwide shortly, alternatively you can call the INEC Box Office on 064 6671555.

The Kerry branch of the Irish Hotels Federation (IHF) also expressed its disappointment at the cancellation of the Killarney Festival of Music & Food. Tom Randles, Kerry branch representative, stated that local hoteliers will do their utmost to facilitate those affected and will waive any cancellation fees on rooms booked.

"Our immediate priority is to limit any inconvenience to visitors and guests. Local hotels will be as flexible as possible in this regard. While the cancellation is obviously very disappointing for those affected, we're encouraging those with travel plans to come to Killarney this weekend and experience the tremendous range of things to do and see in and around the town and further afield," says Mr Randles.

SCOTTS STREET SIZZLING FOR THE 4TH JULY FESTIVAL

Sizzling burgers, summer sounds and a fun atmosphere heralds the second Scotts Street Barbeque which will be held on Friday July 3rd between 2pm and 4pm.

The Barbeque is part of the Killarney 4th of July Festival and is sponsored by the Henggeler-Moriarty family in memory of their daughter Dorothy who passed away at her home in Baltimore, USA last year.

"This is our second year hosting this barbeque," says Maurice O'Donoghue, Managing Director of Scotts Hotel. "A huge crowd attended last year, testament to the popularity and affection felt throughout Killarney for the Henggeler-Moriarty family."

"Once again we are inviting everyone to come along and enjoy the festivities. Our Head Chef Colin will have plenty tasty treats to toss on the barbeque while our neighbour DJ Botty O'Callaghan will be there to entertain the crowds. The barbeque is free, but we are asking that people donate whatever they can to the Kerry Cork Health Link Bus, which is a very worthy cause."

The Scotts Street Barbeque takes place on

KILLARNEY SCORCHERS BRING HOME GOLD

THE SCORCHER SQUAD WHO TRAVELLED TO LIVERPOOL AND WON TWO GOLD TROPHIES.

Competing with over 300 teams at the European Cheerleading competition, Killarney Scorchers have put Kerry on the European Cheerleading map this weekend when they won two gold trophies at the fifth and rapidly growing 'Jamfest Europe' Cheer Competition.

The club joined more than 300 teams at the Echo Arena in Liverpool to compete in the two-day event, the largest hosted in Europe. For the Scorchers it was a wonderful repetition of last year's success when they also brought home gold for Ireland.

Faced with strong competition from the UK and other European teams, the skill, determination and passion of the Kerry squad peaked in a stunning display of dance, tumbling and stunting. Adults who accompanied the team to the event at the 11,000 capacity arena were caught up in the jubilant scenes which followed the announcements of Killarney's success, the club marking firmly Kerry's place in European cheerleading history.

With a litany of gold medal wins firmly under their belt since their inception six years ago, the

Scorchers will be making their way next year to the home of cheerleading when a number of team members will represent Ireland at the World Cheerleading Championships in Florida, USA. Danny Farkas and Hayley Murphy, coaches and co-founders of the club, are delighted with the opportunity to represent Ireland in America. Hayley, who first cheered for the Lakers basketball team at Killarney's Gleneagle Hotel in her early teens after watching the movie Bring it On!, welcomes the challenge: "Of course it is daunting to perform on American soil" she said, "because cheerleading is to America what hurling and Gaelic football are to us. But we will do what we always do" she added, "prepare, train hard, work together and have fun".

PAT TO DO "THE RING" TWICE!

Not content with cycling the Ring of Kerry on July 4th, Fitness expert Pat Sheehan has decided to cycle the whole thing again on the Sunday - but this time in the surroundings of The Shire.

Pat is planning a Spinathon at the pub in Michael Collins Place in Killarney the day after the epic event and hopes to raise much needed funds for the Barraduff Community Field Development.

If you are out and about on the day why not pop in and give Pat your support. It is a great community project.

NEW MAYOR OF THE KILLARNEY MUNICIPAL AREA IS OLD HAND

O'CONNELL TO BE A MAN FOR ALL PEOPLE

Killarney's new Cathaoirleach is a Castleisland man. A fact clearly not lost on the incoming Cathaoirleach. Fine Gael's Bobby O'Connell who readily admitted, "That some people may see that as an issue and there may be some scepticism" but has vowed to work to represent the whole area of the new Municipal Council. "Areas like Gneevegullia, Rathmore, Currow and Castleisland are also part of the new municipal area and they deserve to be recognised on an equally footing as well".

O'Connell who has had previous experience as Chairperson of Kerry County Council was proposed by party colleague John Sheahan and seconded by outgoing Cathaoirleach John Joe Culloty who received a unified praise from all parties. "You were fair, upright and carried out your duties in an upright way," Cllr Brendan Cronin said.

The new Leas Cathaoirleach is SKIA's Michael Gleeson who said he "knew the importance of an extended panel from his playing days

and would be ready as needed to serve the people of Killarney". However, he along with Cllr Donal O'Grady said they would not be using the new term of Cathaoirleach and would always use the term of Mayor. "I was disappointed to receive a letter saying that the term Mayor is no longer allowed to be use. I can tell you now that it's the only term I will ever use," said O'Grady. Speaking to the Outlook O'Connell said, "I will endeavour to promote the whole district in the best way possible. My Deputy Mayor will be the capable Cllr Michael Gleeson. As a former Mayor of Kerry myself and currently being the longest serving member of Kerry County Council, it is an honour to be granted the role and I will utilise the best of my experience to work for the people of the whole area. I am looking forward

to working with and representing the people of Killarney and all the surrounding areas in order to boost tourism and industry in our world famous County"

While looking forward to his new role he is already looking forward to the 4th of July Weekend in Killarney. "The coming month will be a very busy time for the whole area. I look forward with special anticipation to the launch of the iconic Ring of Kerry cycle next weekend, the exciting 4th of July Celebrations in Killarney which will see the Main Street transformed into our equivalent of Main Street USA as the town of Killarney turns red, white and blue to honour and celebrate our American friends and associates."

MINION MADNESS SET TO DESCEND ON KILLARNEY

A novel fundraiser in aid of the Community Track Project is set to send Killarney into a spin over the August Bank Holiday weekend. Minion madness will ensue if organisers of the world record breaking attempt have anything to do with it.

Launching the event on Monday last, Chris Lynch along with Jo Harty, Jerry Griffin and a group of volunteers are planning a fun national day of minion adoration at the Gleneagle Hotel on Sunday 2nd August.

There will be a €5 entry fee for an individual and €20 for a family with lots of entertainment and fun promised.

All proceeds on the day will go towards the Community Track which is being built on the grounds of St. Brendan's College.

The current record stands at 250 so organisers are hopeful that they will have no problem topping that given that they have over 1600 confirmed as going on their facebook page.

HAVE YOU REVIEWED YOUR PENSION RECENTLY?

As you have probably seen or read in the news recently pensions are being discussed very often. This shows how important pensions are, so if you have a pension at present or you have a previous pension from a previous job etc. it is very important that you review your pension NOW. You need to know what kind of pension you have and what funds your pension is invested in. Your pension could be invested in very high risk funds which means that the value of your pension can substantially decrease or substantially increase over a very short period of time. You also need to look at the fees and charges associated with your pension, there may be more competitive options available to you where the fees and charges are less. If you do not review your pension you will not know if your pension is increasing or decreasing in value or if your pension is on track to get you what income you need at retirement. So whether you are currently contributing to a pension or have a pension that you had in the past it is very important that your pension is reviewed now.

To discuss this or any other financial matter you can contact Dermot Cronin at **064 66 22775** or kerrymortgagecentre@eircom.net

ACADEMY CAMPS KEEP KIDS HAPPY FOR SUMMER

THE TEAM BEHIND KILLARNEY'S PREMIER PERFORMING ARTS ACADEMY L-R MYRA FITZGERALD, JOE BURKETT & LISA CURRAN. PICTURE MARIE CARROLL-O'SULLIVAN 087 391 4808

Killarney kids will have the perfect excuse to enjoy all that the stage entails at the Premier Performing Arts Academy Summer schools which are taking place in July. Spa GAA Club House has been chosen as the venue for the camps which is aimed at all Primary School Children and uses drama and dance techniques to build confidence and encourage creativity and imagination. This will be achieved through the art of dance, drama and singing. The kids will have the opportunity to learn stunning dance routines, receive voice coaching in a song of their choice, and create art and craft pieces and

much much more. This is an interactive summer school where fun is the aim of the game. The summer school will have a relaxed and friendly environment where all students will grow in confidence and self development.

"The summer school will use songs and drama extracts from Disney films including Frozen, Cinderella and many more for the kids to perfect their dance and acting skills as they will be familiar with these movies", creative director Joe Burkett told the Killarney Outlook.

"We have decided to make the camps as budget friendly as possible with one child costing €50 per week and when there are two or three from the same family there will be concessions – two children from the same family will be €90 while three children from the same family will be €120," he added.

There will also be an arts and crafts element to the summer school as well as introducing the kids to creative writing and storyboarding which will help them in school when writing essays. If you love to sing, dance and act, then this is the summer school for you!

Camp dates and times are 13th – 17th July and 20th – 24th July from 9.30am to 12.30am.

Contact Myra/Joe on 087 1163812 Places limited so please book early to avoid disappointment.

SHOOTING FOR THE STARS... KILLARNEY BASKETBALLERS ON IRISH TEAM

IRISH TEAM PLAYERS JORDAN LEE AND EWAN WELDON

KILLARNEY teenagers Jordan Lee and Ewan Weldon saw their long-time dream come true when they represented Ireland at International level at a glamour invitational tournament in Wales last weekend.

Ewan and Jordan, both students at St Brendan's College and clubmates with the St Paul's club, helped Ireland to a 2-1 victory in the series and they excelled on the court against very strong opposition.

They hope their performances were impressive enough to help them make the cut when the Irish Under 15 development squad for the European basketball championships is selected.

Even though he was born with just one full arm, Jordan was inspired to play basketball from a young age by his father Jarlath Lee, a former superleague player with Gleneagle Lakers.

Jordan described making the international breakthrough in Wales as the proudest moment of his life.

"It's a great feeling to know that you've proved so many people and doubters wrong.

"It obviously took an awful lot of hard work and pain to get there," said Jordan.

Team-mate Ewan, the son of Mike and Hilda Weldon, is a very accomplished basketballer and is a nephew of James Weldon who is considered one of the premier coaches in the game.

GLEESON CALLS FOR TIDY TOWNS ADVISOR

CLLR MICHAEL GLEESON.

"At the June meeting of Kerry County Council, Councillor Michael Gleeson asked that the council would give favourable consideration to deploying a member of

council as a full time Liaison Officer and advisor to the 35 or more Tidy towns and villages groups in the county.

Councillor Gleeson stated that the tidy towns and villages groups provide an invaluable service in our tourist county as they ensure that our environment is not only free from detritus and filth but that it presents attractively to our many visitors.

He stated that tourism is the very vital life-blood of Kerry's economy and that we must always do everything possible to ensure that it is looking its best all year round.

The volunteers in the towns and villages, particularly those newly involved would benefit greatly from the expertise of a dedicated council official particularly in the matter of preparing submissions for entry to the competition.

The Council replied that at present it offers various types of support to the voluntary groups and that the Municipal district officers are a new and important additional resource in establishing needs and coordinating work programmes. This relationship is, the council states very beneficial for both the council and local groups."

HEALTHY SNACK IDEAS

If you are someone that is on the go all the time like me and struggling to find a healthy energy snack that will keep you going between meals or before a workout, then these just might be the answer for you.

Obviously to be eaten within a calorie controlled diet.

And not to be over consumed, they will not make you skinny but they will help you stick to a healthy eating plan without reaching for a chocolate bar or empty calorie snack full of artificial sugars & additives.

The key to feeling good is to never let yourself get too hungry and to keep your sugar levels sustained throughout the day. So why not try these out. I know they look funny!!! Lol.... But they are tasty....

HIGH PROTEIN ENERGY BALLS

Recipe provided via <http://deliciouslyella.com/the-ultimate-energy-bites-vegan-gluten-free-dairy-free/>
Makes 15 – 20 balls, depending on size
(130cals per ball based on 15)

- 1 cup of medjool dates
- 3/4 of a cup of almonds
- 3/4 of a cup of walnuts or any other nut
- 2 tablespoons of chia seeds
- 2 tablespoons of ground flax seed
- 1 tablespoon of coconut oil
- 1 tablespoon of hemp protein powder
- 1 tablespoon of raw cacao powder

Start by placing the almonds, walnuts, ground flax seed and chia seeds in your food processor. Blend for 1 minute, until the a flour forms and the nuts have crumbled.

Then add the remaining ingredients, pitting the dates before adding those. Blend for another minute until a stick dough forms.

Use your hands to roll the mixture into little balls, place in a bowl and store in the fridge.

OUTLOOK FASHION TIP:

KEEP YOUR FEET FRESH

Foot perspiration is typical in the summer and can lead to fungal infection and unwanted odor. Wash feet daily, and let them dry thoroughly before putting shoes on.

DIET TIP

HOW YOU COOK

Careful how you cook! Switch to steaming, boiling and baking to cook food rather than frying or roasting to reduce your fat intake!

Fashion footwear Tips

Getting used to Sandals

Give your bare feet time to get used to sandals. The first hint of sun and we forget about tights and stockings. But beware! While your newly liberated feet may look beautifully naked in strappy sandals, blisters are not a good look. Toughen up your skin with surgical spirit applied morning and night and wear your stocking-free sandals around the house for a week before venturing outside.

SUMMERTIME AND THE LIVIN' IS EASY.....

But not if you are an older person living in Ireland with few friends or social contacts.

Even though daylight hours are increasing as we move towards summer, afternoons and the evenings are still a lonely time for older people. Senior Help Line, Ireland's only national help line for older people, has been reviewing its recent calls. Typical quotes from callers include:

- 'I'm very depressed as I'm less mobile each year. This year shows me that I can get out and about even less' - 78 year old female caller
- 'If I have seen nobody all day, the afternoon only emphasises how lonely I am' - 80 year old male caller
- 'I enjoy afternoon television, but they change the schedule in summer, and I miss my favourites' - 71 year old female caller
- 'I am terminally ill, and I feel so alone. I know I will never see another spring' - 67 year old male caller
- 'There seems to be a lot more people hanging around in summer, or knocking on your door wanting to sell you things. It makes me feel very vulnerable' - 77 year old male caller

Senior Help Line is a national confidential listening service for older people, provided by trained older volunteers. It is Ireland's only peer telephone service for older people, and one of the few worldwide. Senior Help Line is a programme of Third Age, a voluntary organisation with 1,400 trained older volunteers countrywide contributing to their communities variously as tutors, advocates, listeners and

befrienders. Third Age promotes the value of older people as volunteers, while offering services to more vulnerable older people, all geared to connectivity and social inclusion.

Senior Help Line is open every day of the year from 10 am till 10 pm, and many people phone regularly for valuable social contact. Aine Brady is Third Age CEO: "All our trained volunteers are older people themselves which means that they understand very well the feelings and problems of our older callers. Indeed this peer aspect is one of the aspects that callers comment on very frequently. They tell us they feel understood, that we feel they are listening to them.

"It may be surprising that summertime can be a lonely time for older people. But remember this is a time when families and neighbours go away and an older person can be left with little variation in their day, and little to look forward to. We would encourage anyone who feels lonely, whatever the weather, to give us a ring. Our volunteers are always happy to hear from you. You don't have to have a big problem to call us, but hopefully if there is something worrying you, we can help you look at that also," she says.

**Senior Help Line is available throughout Ireland for the cost of a local call.

Dreamers

Isn't it funny how in life we are encouraged to be realistic and not to dream? Keep our two feet on the ground and stay within our limits. No wonder so many of us feel stuck, as if we have so much more to give and experience. Well we do have much more to give and experience and it's time we start to go outside the norm, do what we want and get in touch with our true self which is waiting to be expressed. Just look at what we as humans have achieved over the centuries - we have created planes, Television, the internet, we have even put a man on the moon. A man on the moon, can you believe it? If we stop and think about how ridiculous this would have sounded before these things were invented.

Can you imagine the Wright brothers talking about how they were going to make a man fly like a bird? I would think they were labelled mad, but they kept on with their dream, never giving up or giving in to people's criticism. Thank God for that, now we can go anywhere in the world within a day. Even now I can't get my head around flying in the air, hundreds of miles per hour, eating, drinking, watching tv and now there are even showers on some planes, all this while flying hundreds of miles over the earth. These days we don't even give it a second thought. Thomas Edison invented the motion picture machine as they called it back then and the light bulb not to mention loads of more useful inventions. He knew that if he focused on his dream, kept on trying and moving towards it, it would come to light. All the things we have that make our life comfortable today at one point was a dream in someone's mind. Look around you, the clothes you are wearing, the paper you are reading, even the house that you are living in, all started in someone's imagination, as a thought, a dream and then it was made into reality. Lots of people may say don't aim so high, you'll only get disappointed. So what if we get disappointed, if that thought, dream gets you excited and puts you in a positive state, let's get dreaming and if your dream doesn't work the first time or the second, keep going, be positive and look for all the opportunity's that will assist you with your dream. Know that you can have whatever it is you want once you keep focused and don't let anyone or anything knock you. This is your life and it is none of your business what other people think about you. Whatever their opinions are, they are their limiting beliefs. Be who you want to be, experience what you want to experience and dream what you want to dream.

Once you respect everyone you come into contact with in your life, then you can do as you please.

So what do you dream of? Do you dream anymore?

If not let's start to work on your imagination again and get in the way of possibility's and abundance. We all have our limitations and we all can go above and beyond them. I help people move from being stuck to feeling free and I can help you.

IS YOUR CHILD SAFE IN YOUR CAR?

4 IN 5 SEATS FITTED INCORRECTLY

Parents in Kerry are being urged to have their child's car seat checked as research from the Road Safety Authority (RSA) indicates that as many as 4 out of 5 child car seats are incorrectly fitted. The RSA 'Check it Fits' service will be visiting locations across Kerry between the 7th and 10th of July where child car seat installation experts will be available to ensure car seats and restraints are correctly fitted. The service takes between 10-15 minutes, is free of charge and offers parents and guardians reassurance that their child is safe while travelling in the car.

Since 'Check it Fits' began in October 2013, the RSA service has checked over 8,000 child car seats and restraints across Ireland. Of these, 82% required some adjustment. Worryingly, 75% of seats required a major adjustment, of which 4% were deemed not fit for purpose and condemned, meaning they have the

potential to cause injury or even death in the event of a collision. If your child's car seat or restraint is incorrectly fitted, the 'Check it Fits' experts will advise on how to fix the problem, demonstrate how to fit the restraint correctly and answer any queries participants might have to avoid potential serious or fatal injury in the event of a collision.

Aisling Leonard, Senior Road Safety Promotion Officer for the RSA commented "Almost 2 out of 5 children killed are passengers and Garda reports into collisions indicate that 1 in 10 children were not wearing a seatbelt or using a child restraint in 2014. More recent statistics have shown an increase in child passenger fatalities on the road. The reality is that if a child's car seat isn't fitted correctly, it could lead to a serious or fatal injury in the event of a collision. Having a correctly fitted car seat is a simple measure parents, grandparents and guardians can take to ensure children are safe while travelling by car."

Moyagh Murdock, CEO of the RSA, while speaking about the service said "The RSA

'Check it Fits' service is there to provide professional, trustworthy advice to parents and guardians around child car seat safety. Parents all over the country are availing of this service to get practical advice and expert fitting of their car seats. We would advise all parents to ensure that when they buy a new car seat, that they get the seat fitted by an expert. We would also advise that parents to check the label on their car seat to make sure it's appropriate for your child's age, weight and height, to make sure your seat is firmly installed in the car, and to always ensure that your child's harness is fitted snugly for every trip. Coming into the summer months you may need to tighten the harness as your children are wearing lighter clothes."

Have your child's car seat checked at Deerpark Shopping Park, Deerpark, Killarney on Friday 10th July, 10.00am – 5.30pm

For more information on Check it Fits and for an up-to-date schedule of upcoming road shows, visit <http://www.rsa.ie/checkitfits>

NEW GARDA POWER TO ARREST DISQUALIFIED DRIVERS TO COME INTO FORCE

Approximately 10% of drivers disqualified in recent years prosecuted for driving while disqualified

The Minister for Transport, Tourism and Sport, Paschal Donohoe TD, has signed an Order commencing new powers for An Garda Síochána, allowing them to arrest people who drive while disqualified. The Order, which commences section 6(b) and (c) of the Road Traffic Act 2014, comes into effect next Monday, 22nd June 2015.

Speaking this week, Minister Donohoe said: 'Drivers not surrendering their licences to the licensing authority (the RSA) and continuing to drive while disqualified has been identified as an issue that needs to be tackled. People who continue to drive after they have been disqualified commit a serious and unacceptable offence. They are blatantly disregarding the sanction imposed by the court for another offence or offences which has put them off the road and should be dealt with severely'.

'Driving while disqualified, like all forms of unlicensed driving, is already an offence. It is a particularly serious form of unlicensed driving, because people in such cases have been explicitly barred from driving, generally for road traffic offences, which means that they have posed a danger on the roads*.

'While it is not possible to state precisely how many drivers may be driving while disqualified figures show that, in recent years, approximately 10% of drivers disqualified in any given year were later subject to prosecution for driving while disqualified. Almost 13,000 drivers were disqualified in each of 2013 and 2014, with nearly 6,000

THE MINISTER FOR TRANSPORT, TOURISM AND SPORT, PASCHAL DONOHOE TD, HAS SIGNED AN ORDER COMMENCING NEW POWERS FOR AN GARDA SÍOCHÁNA, ALLOWING THEM TO ARREST PEOPLE WHO DRIVE WHILE DISQUALIFIED. THE ORDER, WHICH COMMENCES SECTION 6(b) AND (c) OF THE ROAD TRAFFIC ACT 2014, COMES INTO EFFECT NEXT MONDAY, 22ND JUNE 2015.

disqualified to date in 2015. The number of prosecutions for driving while disqualified was 1,286 in 2013, 1,392 in 2014, and 592 to date in 2015.

'Before the new measures were commenced, Gardaí who identified people driving while disqualified were required to initiate proceedings resulting in a summons to court, and the case could take months to reach the courts. Under the new measures, Gardaí will be able to arrest drivers driving while

disqualified, and bring them to court as early as the next day, or even on the day of the arrest, if a court is sitting.

"The new power of arrest, which comes into effect from Monday, represents the seriousness of the offence and provides An Garda Síochána with the necessary power to deal swiftly with this offence. I expect that this will have a very significant deterrent effect for persons who drive while disqualified and ultimately enhance safety on our roads."

JACK GOES FULL CIRCLE WITH UNDER 21 APPOINTMENT

The Kerry County Board confirmed at a meeting last Monday evening that Jack O'Connor will succeed Darragh Ó Sé as manager of the Kingdom's U21 side on a two-year term.

Currently O'Connor is also in charge of the Kerry minor side as they get set for a Munster final meeting with Tipperary on 5 July. Last year he guided Kerry to Munster and All-Ireland minor crowns.

O'Connor was in charge of the Kerry U21s back in 1998 and 1999, while since then he has been in charge of the county senior side for two stints — 2004-2006 and 2009-2012.

In his first spell in charge he won All-Ireland senior titles in 2004 and 2006, while in his second tenure he also lifted Sam Maguire in 2009.

In between, O'Connor coached Kerins O'Rahilly's to reach the 2008 Kerry and Munster senior club football finals but defeat was their lot on both occasions.

Kerry have enjoyed a wretched record at U21 level in recent years, with only one Munster crown (2008) to their credit since 2002.

According to a Kerry GAA statement, O'Connor's appointment "is to oversee the putting in place of a programme of Strength and Conditioning for the Kerry U20 Development Squad in conjunction with the county's Coaching and Games Committee.

"Jack will name his U21 management team once his tenure with the minor team comes to an end."

DR CROKES AND AUSTIN STACKS THE PICK OF ROUND 3

The draw for Round 3 of the Garveys Supervalu Senior Football Championship has paired Dr Crokes against Austin Stacks in what is undoubtedly the tie of the Round. Between them, these sides have dominated the championship for the past five or six years with Austin Stacks being the reigning champions and Dr Crokes completing a four in a row of titles between 2010 and 2013 during which time they twice defeated the Rockies in finals.

Elsewhere, senior club finalists, Dingle have South Kerry as visitors while Shannon Rangers' reward for accounting for St Brendans in Round 2 last weekend is a home tie against Rathmore. Laune Rangers face a tough assignment having to visit Kenmare while Feale Rangers, following their Round 2 victory over Ardferth last weekend, face a trip to Killarney to take on Killarney Legion. St Kierans have to travel to take on

KERRY V CORK SHOWDOWN IS AN ALL TICKET AFFAIR

Well the Kerry /Cork showdown in the Munster senior football final is just over a week away and already you can feel the excitement and anticipation building for what is surely going to be another sell out attendance at Killarney's Fitzgerald Stadium. One has only got to look at the huge Kerry support that travelled to Thurles last week for the semi-final to know that the demand for stand tickets in particular is going to be huge and as usual for Killarney, the demand is going to far outstrip the supply given that there are three counties involved with Tipperary of course taking on Kerry in the Minor final. The stand capacity in Killarney is 8,500 approx and all stand tickets will be distributed through the clubs in the county and to the large

number of Kerry season ticket holders (approx. 2,000).

As is the case with all League and Championship games, this game will be an all-ticket affair. Stand Tickets are €35 and Terrace Tickets are €25. Juvenile Terrace tickets are €5. Terrace tickets are colour coded as follows:

Blue and Green Terrace Tickets for adults and Red Terrace Tickets for Family Area.

Terrace Concession: Students and OAP's can buy full price Adult terrace tickets and receive concession of €10 at designated turnstiles on the day on production of proper ID.

The senior game has a 2pm throw-in and it will be preceded by the Minor football final between Kerry and Tipperary at 12 noon.

ROWING TO RIO

The Monika Dukarska Blog. The story of a Professional Athlete

It was like going down memory lane watching the Killorglin Rowing Club junior crews competing at Cork Regatta last weekend. With international season well underway and my focus turned to World Cup 3 event it was a pleasure to watch the hustle and bustle at Cork regatta. Only three years ago, it has been my 'international' stage where I competed for medals against more experienced competitors. I also did not train in a fancy facility like the National Rowing Centre but I was smashing it up and down the river Laune in Killorglin. It has made me the athlete I am today, you have to start somewhere and move forward, one-step at a time.

However the further you go the things get more serious. The following three weeks will consist of 'flat out', maximum power and rate pieces to prepare us for the World Cup3 regatta, which will be used as a 'final check' before the World Rowing Championships in late August. With ups and down like during any preparations I hope things will go smoothly for Leonora and I as we will race the Women's Pair event at, as its often said, the most competitive World Cup of all. Last weekend there, was 15 entries in the World Cup 2 regatta in Varese, Italy with Great Britain yet again taking first in our event? The weather conditions were quick enabling crews to produce times close to (only 3 second off) the World Best Time (WBT) of 6:50 in the Women Pair event. Also, at the weekend the Lightweight Women's Single Sculler of New Zealand has set a new World Record of 7:24 over 2,000meters. Previous WBT was unchallenged for over 20 years.

The speed at which you move the boat is dependent on many factors for example the wind speed/ direction, the temperature of water, water flow, one's physiology and boat set up. Some of the factors however are out of our control hence some records remain unchallenged for decades as things do not fall into place on the day. The unfortunate nature of an outdoor sport.

Nonetheless, it is all about giving 100% on the day and preparing as well as one can as these are the things within one's control. On that note, I had better get back to training.

Please do not forget that Nissan Generation Next competition continues for another 2 weeks! Please vote every 24hours here: <https://www.nissangenerationnext.ie/candidates/view/19>

You are the one racing this race for me! I have my fingers crossed. Thanks

BUSY WEEK OF ACTION AHEAD FOR LADIES

The Randles Bros Nissan Adult Football Championship's kick into gear this weekend with semi final and quarter finals across many grades. There is also a final in the mix.

In the Randles Bros Nissan Intermediate Championship Final Rathmore Junior A Champions in 2014 will face Na Gaell. Both teams have a mix of youth & experience, with Na Gaell winning the All Ireland Junior Club title in 2013. Rathmore feature many inter county under age stars and have been very consistent the past few years climbing through the grades. It will be very close game, but with Rathmore playing in Division 1 of the Rhino Quality Feeds County League it may stand to them. Venue & time TBC.

In the Randles Bros Nissan Senior Club Championship Southern Gaels and Castleisland Desmonds faced off in a cracker game on Monday in Castleisland. In a very intense encounter which featured 11 goals, 37 points, 2 sin bins, 1 red card & extra time, Southern Gaels came out on top. Final Score Castleisland Desmonds 4-22 Southern Gaels 7-15. They now face Scartaglen in semi final on Sunday, with Laune Rangers home to Inbhear Sceine Gaels also on Sunday. Expecting Southern Gaels and Laune Rangers to come through based on league form.

In the Randles Bros Nissan Junior A Championship quarter finals Dr Crokes play Kilcummin while Abbeydorney host John Mitchels in Abbeydorney at 12. East Kerry neighbours both had good league campaigns with result extremely too close to call. While Abbeydorney had a poor league campaign, with John Mitchels winning out their division and defeating them heavily in earlier

rounds, would expect the Tralee side to come out top here.

In the Randles Bros Nissan Junior B Championship quarter finals, Dromid are home to Clounmacon/Moyvane, Spa host Finuge St Senans, Milltown Listry take on Causeway and Furies play Annascaul/Castlegregory. Based on league form and players available due to injuries/travel would expect Clounmacon/Moyvane, Finuge St Senans and Annascaul/Castlegregory to come through. The Milltown/Listry v Causeway very close to call. Milltown/Listry finished extremely strong in the Div 4 final, while Causeway lost out by the slimmest margins in their Div 3 final.

Finally Randles Bros Nissan Junior C Championship Currow play Beale, Fossa take on Legion. Based again on consistency in league would expect Currow and Fossa to come through here.

Best of luck to the Kerry teams heading to Feile's this weekend. Division 1 champions Corca Dhuibhne will be competing in Portlaoise in the Regional Competition. While Division 3 Champions Currow are heading to Wexford for the National.

Also participating in the Provincial Féile in Mallow are Rathmore, Fossa and Milltown/Listry. Congratulations to Mairead Uí Chiobhain of Corca Dhuibhne who placed 4th at the National Féile Skills competition recently.

EAST KERRY NOTES

By ÁINE NÍ SHÚILLEABHÁIN

EAST REGION MINOR LEAGUE: The East Region Minor league, sponsored by The Tatler Jack, got under way on Sunday evening, with three round 1 games. In Division 1, Spa hosted Dr Crokes and proved the stronger, running out winners on a final score of Spa 3-13 Dr Crokes 2-11. Firies won their game versus Gneeveguilla and in Division 2, visitors Glenflesk were convincing winners against Kilcummin. The league continues this week, with round 2 on Thursday (the 25th June). All games at 7.30pm. The fixtures are: Division 1: Legion V Spa, Dr. Crokes V Firies, Gneeveguilla bye. Division 2: Glenflesk V Rathmore, Beaufort V Kilcummin. Division 3: Currow V Fossa, Scartaglen/Cordal bye.

EAST REGION MINOR LEAGUE - DIVISION 1

FIRIES 3-12 GNEEVGUILLA 2-10

Played in very wet conditions, this Division 1 tie, in the East Region Minor League sponsored by The Tatler Jack, turned out to be an entertaining affair. Firies began well and were 3 points to the good before Gneeveguilla had their first attack which yielded a goal by Mike Brosnan. Firies replied with points from William Courtney and Conor Randall. Gneeveguilla responded with further points from Jamie Brosnan but Firies hit back with points from William Courtney and Jake Flynn and goals from Ciaran Flynn and Conor Randall to leave a half time score of Firies 2-08 Gneeveguilla 1-05.

After the break, Firies began the better and a goal by Paudie O'Connor and points by Cathal O'Shea and Ciaran Flynn put Firies in control. To their credit, Gneeveguilla did not give up and came back to finish the stronger with a goal from Conlan O'Leary. Points from the same players left the final score Firies 3-12. Gneeveguilla 2-10. Both teams deserve a lot of credit for a great game of football in bad weather conditions.

EAST REGION MINOR LEAGUE - DIVISION 2

Glenflesk proved the stronger when they travelled to Kilcummin on Sunday evening, for round 1 game in the East Region Minor league, sponsored by The Tatler Jack. In a great final match, played in a sporting manner, Holy Family NS Rathmore won the event, with a superb team effort, defeating a fantastic Presentation Monastery NS team. Well done to Eddie Walsh on organising the event. It was a great day.

Annual BBQ, karaoke, music song and dance. All welcome. Full schedule with the senior men playing Glenflesk in the County League at 5.30. Fun starts at 5pm. Great fun for everyone. Please contact 0876779292 for further queries.

COISTE NA NOG:

U10 BOYS: Are enjoying a fun blitz in Crokes every Thursday night.

U12 BOYS: Spa travelled to Gneeveguilla last Sunday evening in a closely fought

county league game. Spa raced into an early lead and held onto a 4 point lead at half time inspired by an incredible display by Ethan O'Neill in midfield. In the second half Spa had to defend their lead against wave after wave of Gneeveguilla attacks great leadership was shown by Bailey O'Sullivan and Josh Moore as the turned ball over and fed the Spa attack. Others who inspired those around them in defence were Sean Hickey and Jack O'Sullivan. Spa eventually ran out winners on a 5-16 to 3-8 scoreline.

U14 BOYS: Spa travelled away from home to play Fossa in the 2nd round of the East Kerry League. Straight away Fossa got the upper hand with a well taken goal. However heroic defending by Cian Murphy playing in an unaccustomed position of full back led by example. However the Fossa boys were on the attack and outstanding goalkeeping from Oliver Cremin prevented Spa from being completely overwhelmed at the interval even though they went in 3-6 to 1-4 down at half time. After a few changes at half time some inspirational play for Adam Kelly and Tomas Cronin began to turn things around. Great ball was being fed into full forward Dara O'Leary who scored 3-1. Suddenly the game was in the melting pot and further goals from Ian O'Connell and Ryan Kelliher were not enough to prevent the Spa men going down by a 6-10 to 6-09 scoreline. Spa play Kilcummin away next Monday in the next round.

SPA 3-13 DR. CROKES 2-11:

Played in a miserable evening with unseasonable weather at this time of year. Spa owned the first half with David Spillane bursting through the Crokes defence opening the first score of the match with a goal. Fergal O'Donoghue had a great game also. Dion Marcus was very impressive scoring brilliant goal after Mike McCarthy fielded a great ball in mid field, passed onto the running Dara Moynihan and found the boot of Dion Marcus. Second half Crokes held us to only 2 points for the first twenty minutes. Crokes defence held strong until Aidan Kelly intercepted a pass from Crokes to deliver a pass to Dara Moynihan and David Spillane had his shot deflected by goalie Tony Clifford and finished by Fergal O'Donoghue. Aidan Fleming, David Spillane, Eric O'Donoghue, Mike McCarthy and Michael Kearney all played well.

Our U12 Team played a game at home versus Castleisland Desmonds in the County League. Even though our girls put in a great display Castleisland Desmonds proved too strong for them and victory went to Castleisland Desmonds. Thanks to their mentors parents and supporters who came along to the game. Our U14 Team had a win over Cromane. This was a good and sporting game with great football being played by both sides. Final score Milltown Listry 3 goals 17 points to Cromane 1 goal and 14 Points. DR CROKES CLUB NOTES

By AOIFE CRONIN

COUNTY LEAGUE ROUND 6 DIVISION 1 DR CROKES 2-11 DINGLE 1-12

We came through winners by two points in this game played in Dingle on Saturday night last. This was a match in which we seemed to have no chance of winning with fifteen minutes to go. At this stage our opponents were leading by nine points and seemed to be on the road to victory. There was a complete transformation in the game in the last quarter as we took over completely and scored 2-6 to Dingle 0-1 for a two point win.

Dr Crokes Best Player - Mike Milner.

BEST WISHES: For a speedy recovery to Brian Looney and Chris Brady, also Kieran O'Leary and Luke Quinn.

UNDER 12 GIRLS: The under 12 girls played their last league game last Tuesday against Kerins O'Rahillys where we came away with a win. It was a very one sided game from the start. Kate Donoghue was outstanding in goals where she kept a clean sheet. Emma Kelly was superb in the half-back line clearing every ball that came her way linking well with Pia Hickey and Holly Power. Holly kicked some lovely scores as did Sara McMahon and Rocha Clifford. Amy Leahy, Faith Lockett and Laura O'Shea started in the forward line and played very well. The girls now play John Mitchels in the semi - final which will take place next week.

U16 FOOTBALLERS: Our U-16 Footballers got their County League campaign off to a winning start with a comfortable win over Beaufort at Lewis Road on Wednesday 17th. The first half was a close contest with Crokes leading by 3 points at half time but we scored a couple of early second half goals and ran out winning comfortably. Our next outing is away against Kerins O'Rahillys on Wednesday 24th.

Brendie O'Donoghue scored 2 well-taken points with Kieran Dennehy, Dylan Ferris and Tim Casey scoring 3 nice goals for Beaufort. The Beaufort (Blue) team proved too strong for the second team fielded by Kerins O'Rahillys. At half-time Beaufort were 2 - 11 to 1 point for Kerins O'Rahillys. LEGION

U12 GIRLS FOOTBALL: Our U12 Legion

girls have a lot to be 'selfie' confident about after being successful in 4 out of 5 matches in the Division 2A County League!!

After a long bus journey, and lots of 'Are we there yet?', it was sun, sea, swooping seagulls and a balmy breeze that met us as we entered the GAA grounds in picturesque Castlegregory. Energised by the fresh sea air, our ladies took up the lead very early on in the match and with great vigour and heart, they maintained their lead to the very end. However, Castlegregory U12 girls never put their heads down and in a highly spirited performance, they ensured that our girls could never leave their feet off the pedal. We completed our mission in Castlegregory by securing a final result of 5 goals and 10 points to Castlegregory's 2 goals and 4 points. Later that evening, it was McDonalds all round as our ladies celebrated their achievements!

Congratulations girls and a huge 'Thank You' to all parents in ensuring that we have such large numbers turning out for training sessions and match fixtures, which makes for great team spirit among our young lady footballers.

INTERNATIONALS: Best of luck to our Under 15 lads Robert Osborne & Jack Hanrahan who are heading off to Holland this Sunday to take part in the International Children's Games being held next week in Alkmaar. The lads are part of the Tralee team that includes soccer, judo and track athletes. Robert is with the soccer team while Jack is competing in the judo competition.

FIRIES COMMUNITY GAMES

Well done to all the children who took part in the Athletics Co Final at the weekend. All the children did very well in their individual races with a lot reaching the quarter and semi final of the races. RATHMORE GNEEVEGUILLA COMMUNITY GAMES

CONGRATULATIONS: The County Athletics final took part at the Weekend in Castleisland 'An Riocht' track and a very large crowd turned out for two fantastic and enjoyable days.

We would like to congratulate Sinead Warren who took part in the Girls U16 Discus event on Sunday. After a very close final, Sinead ended up second in this event, winning a County Silver Medal. This is Sinead's final year with Community Games and Sinead was a previous All Ireland Silver winner in the Shot Put event, some great memories to look back on !!! well done and the best of luck for the future Sinead.. Big congratulations to one of our youngest entrants, Oisín O'Leary who took part in the Boys U8 80 metres event on Saturday and after qualifying in his initial heat, ran a very exciting quarter final race, which he won to give him a place in the Semi final on Sunday. He gave it his very best on Sunday and was unlucky not to qualify for the final.. a great achievement though, for one of our younger participants! Well done Oisín!

His older brother, Jack O'Leary took part in the Boys U12 600 metres and qualified on Saturday to return for a straight final on Sunday. It was a very exciting race with some great athletes taking part but Jack took a sprint on the final bend and reached the finish line with an enthusiastic round of applause from his family and friends. This was a great victory for Jack, as it is Jack's second year in the row winning a County Gold Medal to once again represent Kerry, in the All Ireland finals in Athlone, we wish him all the very best as he continues his training.. and look forward to August and to the finals.

Well done to everyone who took part in the County finals. You did us and your families, all very proud on the day. Well done to you all.

SPAMUCKROSS COMMUNITY GAMES

Well done to all our athletes that competed in the County Athletics Competition last weekend. There was a huge turnout on the Saturday, so competition was fierce. Well done

to every single child that took part both days. It is nerve racking to compete, but especially so in front of such huge numbers, so be very proud of yourselves. Congratulations to the children that qualified in their running heats for the 2nd day of the competition (semi-finals & finals): Mark O'Carroll U8 60m, Neil O'Carroll U10 60m Hurdles, Ali O'Donoghue U10 200m, Oisín Lynch U10 200m, Timothy Moynihan U10 100m, Cian Lynch U12 100m, Ruth Courtney & Elizabeth Stack U14 100m, Marie Courtney U14 800m. We struck gold in the form of Kianan O'Doherty, who came 1st in the U16 High Jump. Kianan now goes on to represent Kerry in the National Finals in August. Well done Kianan! Ruth Courtney jingled all the way home to the sound of her 3 silver medals in U14 100m, U14 Shot Putt & U14 Girls Relay & Cian Lynch ran a fantastic race & added a silver medal to his collection. Tristan O'Donoghue rose to the challenge of the 1500m race to secure 4th place and a certificate. We had great success in relays, with the U10 mixed (Ali O'Donoghue, Leah McMahon, Mark Daly, Oisín Lynch & Timothy Moynihan), U14 Girls (Caoilinn O'Donoghue, Elizabeth Stack, Grace Courtney, Mairéad Bennett, Marie Courtney & Ruth Courtney) & U16 Boys (David Culloty, Gary Vaughan, Kianan O'Doherty & Tristan O'Donoghue) coming in at 2nd place in their respective finals. The talent & teamwork combined made for some fabulous results and it really was a joy to watch. Many thanks to their trainers for giving their time to help the children prepare for the competition. Also worth mentioning is how nice it was to see young competitors offering a handshake / wishing the 1st place winners well in the National finals, so credit is due to the children themselves and to their parents / coaches. Finally, an almighty thanks to all the volunteers that spent the last 2 days making sure everything ran smoothly - it simply couldn't happen without you.

WORKMEN'S ROWING CLUB

KILCUMMIN COMMUNITY GAMES

An Riocht track in Castleisland was the venue on Saturday and Sunday last for the 2015 County Athletics Finals and Kilcummin were extremely well represented with a record turnout. Our involvement started early with Lily Foley - Kerry's representative in the national U14 solo singing competition - proudly singing the National Anthem to open the event. Competitors Saoirse Sweeney and Killian O'Brien carried the Kilcummin banner in the opening parade before a big attendance. Following this opening ceremony the main events got underway. First in action were our U8 girls with Sadhbh O'Halloran and Tara Roarty running well. Young Tara put in some excellent performances in the 60m race to progress through the heats and quarter finals before missing out narrowly at the semi final stage on Sunday morning. In the U8 boys Cathal and Mark Larkin competed in the 60m with a particularly large attendance in this race. Dara O'Brien also excelled in this age group, showing much promise for years ahead. We had many runners in the U10 age group with

Sadhbh Teahan and Senan Kennedy running well in the longer 200m distance race. Luke Daly, Cliodhna Doolan and Cliodhna Sweeney all showed their talent running strongly in the 100m race U10. Kieran Nagle and Saoirse O'Brien performed superbly to progress to the quarter finals in these same races. As these five are still eligible for this race next year this experience will stand hugely to them and expectations will be high in 2016. On to the U12s where in the 100m Turlough O'Connor stormed through his heats and only lost out narrowly in the semi finals on Sunday morning in what was a very competitive event. In the 600m event Cian Foley came in 3rd position in his semi final on Saturday. He put in another outstanding performance on Sunday to finish in 6th position in the final against some very experienced competitors. Our only U12 girl was our banner carrier Saoirse Sweeney who also performed well. When it comes to the U14 age group the athletes usually peter out, however this year proved different with Kilcummin having quite a few boys in this category. In the sprint event Evan Fitzgerald and Killian O'Brien both put in strong performances while we had 3 boys taking part in the 800m event. Micheal Sweeney was the best placed of these with Evan Murphy and Darragh Brosnan also running well. These races took place later in the afternoon with the heat another obstacle the boys had to face at this late stage. The relay events are always hugely entertaining and an exciting team event to watch. Kilcummin had 3 relay teams prepared and were well up for this following good training over the previous weeks. In the U10 mixed relay Kieran Nagle started his team off well, passing to Cliodhna Sweeney, then Saoirse O'Brien and finally Luke Daly. This team will be disappointed not to have progressed to the final but these four individually talented athletes are still in this age group next year and will be a force to be reckoned with. The boys U14 relay were unlucky not to make the final in a tough event. The Kilcummin boys were well up for a bit of competition in the U12 relay. They won their semi final in style on Saturday evening and in Sunday's final Colin O'Leary, Dara O'Callaghan, Cian Foley and Turlough O'Connor all put in terrific runs to come home in third position. This was great for the whole Kilcummin camp to see some of our athletes make it to the podium to proudly collect their well deserved bronze medals. Though the medals were scarce, Community Games is all about the participation so take a bow to all our young athletes who put their toe to the line in their Kilcummin singlets and did their parish proud. Well done to all the athletes and to the proud parents that came to support them. Thanks to Eimear Foley who trained the young runners individually and in their respective relay teams over the past few weeks. Finally thanks to Dave O'Leary and all at Kilbreen Park for making their facilities available for training.

Last Sunday morning all Kerry players made their way to the fantastically turned out Deerpark club for the National Stroke-Play qualifiers. The windy conditions proved difficult at times but those who held their nerve came through. The seniors had eight spots on offer and the deerpark players took full advantage with Conor McCarthy, Damien Fleming, Jason O'Brien and John McGrath qualifying along with Tony Blake and Jason O'Regan from Tralee, Gleneagle's Denis Looney along with Mory Galvin from Listowel. The Intermediates also had eight spots and five were taken by the host club namely Michael Foley, Creagh Courtney,

Michael Cronin, James Fleming and Ger Casey, along with Tralee's Alan Hobbart, Castleisland's James Dignan and Listowel's Richard Bunyan. Castleisland's John Clifton was the only Junior under par and Deerpark's duo of Kieran Fitzpatrick and John O'Brien along with Tralee's David Hobbart were the four Junior qualifiers. All twenty players now go on to represent their club and county in Cunnigar, Dungarvan, Co. Waterford in the National Stroke-Play Finals on the last weekend in July.

This Sunday all eyes turn to Riverdale, Nenagh Co. Tipperary for the Munster Stroke-Play Finals.

OVER 32,000 SUCKLER FARMERS TO RECEIVE BEEF DATA PAYMENTS

Some 32,000 suckler farmers are to start receiving payment under the Beef Data Programme in the coming weeks.

It was announced by the Minister for Agriculture, Food and the Marine, Simon Coveney.

"I am pleased that these payments will begin issuing to suckler farmers participating in this programme next week", the Minister said.

This year the payments will proceed in two tranches. The first is an 80% advance payment and the balancing payment will issue when information on autumn born calves has been finalised. The level of funding is similar to 2013.

The Minister said the programme assists farmers in improving the genetic quality of their livestock, while maintaining a flow of crucial data to Irish Cattle Breeding Federation (ICBF) that will

generate advances in cattle breeding at national level.

"I am delighted to say that there has been a 21% increase in the participation level in the Programme this year with 5,700 new suckler farmers being paid this year. These figures are a vote of confidence in the Irish beef industry and its future."

The Minister went on to say that the suckler herd is the seed bed for a quality beef industry involving more than 100,000 farm families, employing almost 8,000 people in processing, sales and marketing, and driving exports valued at approximately €2 billion per annum.

"The Beef Data Programme in conjunction with the Beef Genomics Scheme increases the breeding data available and harnesses

technology in a way that improves efficiency and ultimately profitability at farm level.

"I am convinced that the combination of these and other measures will make a major contribution to the expansion of beef output and greater market penetration."

GLAS ON COMMONAGES MUST BE IMPLEMENTED FLEXIBLY

IFA Hill Committee Chairman Pat Dunne has called on the Minister for Agriculture Simon Coveney to implement GLAS in commonage areas now that the first phase of the scheme is closed and with commonage plans due to commence shortly.

Speaking in advance of a meeting with the Department of Agriculture, Pat Dunne said with more than 4,000 farmers having applied for the GLAS scheme on 2,700 commonages it is clear that there are still many farmers who will want to join the scheme but are concerned about the criteria being imposed by the Department of Agriculture.

Pat Dunne also pointed out that there are some commonages where planners may not be in a position to carry out commonage plans and it is up to the Department of Agriculture to appoint and pay for planners to carry out plans in such areas.

In relation to the min/max level of stocking, the period of time for this to be achieved must be extended in commonages where there is a low level of interest in the GLAS scheme. No individual farmer should have to reach a level of stocking that is unsustainable and impractical.

Guidelines

The IFA hill leader also asked for the publication of the guidelines to planners to carry out commonage management plans for 4,000 farmers who joined the first phase of GLAS. These guidelines must allow CMP's to be carried out in a flexible and simple format.

Pat Dunne said that many planners are ready to carry out these plans and must now be provided with these guidelines without further delay. He also said that the time period to carry out the plans, which has been set for the end of August, needs to be extended. However the 4,000 farmers who have applied for the GLAS must get a significant part payment for 2015 later in the year.

The IFA hill farmer leader said it is expected that many commonage farmers who did not join the first phase of GLAS are ready to join when the scheme reopens in the autumn when the CMP's are completed. Many commonage farmers are still in AEOS, and as they are priority Tier 1 farmers are guaranteed entry to the scheme. In addition, the splitting parcel issue ensured that some farmers were better to wait until the autumn as they could maximise their payments.

COMMITMENT TO LOOK AT LEGAL STATUS OF PRE-NUPTIAL AGREEMENTS WELCOME – DOWNEY

Speaking after a meeting with the Minister for Justice Frances Fitzgerald, IFA President Eddie Downey said he welcomed the Minister's commitment to look more closely at the proposal to provide greater certainty to the legal status of pre-nuptial agreements.

Mr Downey said, "The uncertainty surrounding the legal recognition of pre-nuptial agreements, in the event of marriage breakdown, is a real issue which is impacting negatively on the timely lifetime transfer of the family farm".

He said, "IFA is supportive of measures that can remove barriers to family farm transfer, and I emphasised to the Minister that allaying the fears of parents would be an important supporting mechanism to facilitate the orderly transfer of the family farm. This is in line with other key policy measures required to address issues such as income security. This includes include IFA's priority taxation proposal for this year's

budget, which would provide an incentive, through the taxation system for parents and children to farm in partnership together, prior to the lifetime transfer of the family farm".

He continued, "IFA is clear that pre-nuptial agreements are a matter for individual families, but believes that the main recommendations of the Study Group on Pre-nuptial agreements (2007) should be implemented by the Government as part of its reform programme for family law. This would require the courts to have regard to existing pre-nuptial agreements when making judgments in judicial separation and divorce proceedings".

Eddie Downey also raised the issue of rural security and the need for an increased mobile Garda presence in rural Ireland. He said IFA is working closely with Garda Síochána in developing services to assist in the fight against rural theft and crime.

JUNIORS: The juniors had a hard fought win over Annascual on Wednesday evening on a scoreline of 0-13 to 0-08 to finish top of their Division in the county league, this will hopefully mean a home semi-final for them but we have no fixture yet.

U-14'S: The U-14 team had a busy week when they played Spa on Monday evening and came away with the narrowest of wins on a scoreline of 6-10 to 6-09. Then on Thursday evening they put in one of the best displays of the year when they defeated Kilcummin on a score of 3-12 to 5-20. The team worked tirelessly as a unit and this team spirit and support was reflected in the quality of play. Indeed any team that can score

twenty points during a game must be putting in the hard work at training and hopefully this team ethic will push them on for the remaining games.

U-16'S: The U-16 team recorded a great win over Listowel on Wednesday evening, winning by 1 point, 3-12 to 3-11.

KILCUMMIN GAA: KILCUMMIN 2.08, WATERVILLE 2.08. Following a loss at home to Milltown/Castlemaine, Kilcummin secured a valuable point away to Waterville on Sunday last. Two goals by Shane McSweeney and a great save by Kieran Fleming made sure the supporters had something to take home from the long trip. Kilcummin seniors now travel to Dingle this Sunday for Rd. 7 of the Credit Union Co. League and look forward to a Co. Championship meeting with St. Kieran's in early July.

EASTENDERS MASS EXITS AND A MYSTERY ARRIVAL

Eastender favourites Max Branning and Carol Jackson are leaving the soap. Max played by Jake Wood will be taken a year out from his role while Lindsey Coulson will be departing for good when she leaves. Exact exit storylines are not yet confirmed but it is believed that Max could be heading for jail when he is possibly arrested for the murder of Lucy Beale.

Meanwhile, with her return from the dead getting ever closer, Kathy Beale will be joined on screen by her new husband Gavin Sullivan. As viewers know from the brief scenes Kathy has had on screen, she is frightened and possibly running from Gavin. Could Gavin be the new Archie Mitchell when he descends on the square this summer?

EMMERDALE WHO'S THE DADDY?

Emmerdale delivered quite literally a huge shock recently when a secretly pregnant Charity Macey gave birth to baby Moses. But for those wondering who the father of Charity's baby is, the wait will soon be over. Airing on Tuesday June 30th, after baby Moses is rushed to hospital in need of an urgent operation, Charity will be forced to call the sick tot's father. But who will the daddy be? For maximum drama, the father has to be Ross Barton seeing as he's embroiled in an affair with Charity's daughter Debbie who is due to marry his brother Pete but it could also be Cain, James or Pete as all are in the frame.

Know Your Rights: GP VISIT CARDS FOR CHILDREN AGED UNDER SIX

JUNE 2015

QUESTION

I've heard that young children can now visit the doctor for free but that they have to get a GP visit card. How do I get a card for my child?

ANSWER

From 1 July 2015, children under the age of six are entitled to free visits to a GP (family doctor) that is taking part in the free GP care for children under six scheme. All children aged under six who live in Ireland or who intend to live in Ireland for at least one year are eligible.

To get a GP visit card for children aged under six, you must register your child. To register, you will need:

- Your Personal Public Service Number (PPSN)
- The PPSN of each child
- Your choice of participating GP

You are sent your child's PPSN when you register their birth. If you do not have a PPSN for your child, contact Client Identity Services in the Department of Social Protection on Lo-call 1890 927 999 or email cis@welfare.ie. If your baby is under two months of age and you don't have a PPSN yet, you can register and leave the PPSN blank and the HSE will write to you separately to get it.

You can get a list of GPs who are taking part in the scheme at gpvisitcard.ie. The list also tells you whether your chosen GP accepts online registrations. If they do, you can apply online at gpvisitcard.ie. If a GP doesn't accept online registrations, or if you prefer to use a paper form, you can download the registration form from gpvisitcard.ie, bring it to the GP to sign, and then send it to: **GP Visit Card – Under 6s, PO Box 12629, Dublin 11.**

Your child will be included in this scheme until the end of the month of their sixth birthday. The expiry date is shown on the card. You will be notified approximately three months before it is due to expire.

The card covers free GP visits, including home visits and out of hours, urgent GP care. It does not cover visits to hospital emergency departments.

If you have any questions about registering for the scheme, you can phone Lo-call **1890 252 919**.

BE UNSHAKEABLE & UNSTOPPABLE!

Ever had a great idea or decide that you're going to make a positive life change? You're all ready and feeling excited and committed until something or someone throws you off track? It could be a negative comment or a lack of interest by someone else. It could be that you tell yourself you don't have enough money or that the time isn't right. It could even be a rainy day and you decide to put it off until tomorrow when you're feeling more energized and motivated. Whatever it is, it stops you from moving ahead in your life! "Commitment is very important in life and the biggest commitment begins with committing to who you are, your skills, talents and unique gifts that only **YOU** can bring into this world. If you really put your heart and soul into that, you can do it. Begin with your own life. Let nothing shake you. You have to be really bold and strong to achieve anything in life. Be that bold. When you know that something is right, don't hesitate to follow it. There may be obstacles and challenges but don't give up. Even if you should fall down or make a mistake, get up and say, "What did I learn from that?" And then get up again and let that learning spur you on! Keep on going, like great mountain climbers, until you reach the top. If you really want to do it, you will be given all the strength you need. You will have all the support. WHAT ARE OUR CHILDREN WATCHING ONLINE?

Pornography is a subject which can evoke strong responses - both for and against. But let's look at the issue of pornography use amongst teenagers and children - and specifically internet pornography. The difference between internet pornography and other forms of pornography is the speed at which the images are available, the ease at which the images can be accessed and the hardcore nature of the images.

We know that the average age globally that a young person first views pornography on the internet is 11 years and that mirrors our findings here in Kerry. We carried out informal research in 4 secondary schools in Kerry and young people (age 16/17) have told us that most of them will have seen their first image by the end of 1st year in secondary school and some will have viewed their first image by the age of 8, 9 or 10 years of age. Our statistics tell us that

54% of male students and 38% of female students viewed their first image on the internet. The majority just came across it and did not go looking for it. Most young people are viewing their first image on a mobile phone. A worrying statistic is that 9% of male students watch it once a day with 45% of male students watching it a couple of times week. 12% of male students watch it once a week and 13% of female students watch it a couple of times a month

Exposure to pornographic material at a young age can be a traumatic, confusing and disturbing experience. Add to this the actual content our young people are viewing - this is not just 'mild' pornography but rather images and videos of rape, sexual violence, degradation and extremes in sexually deviant behaviour. Pornography creates a powerful biochemical 'rush' in the user that actually mimics the brain's reaction to alcohol and drug use so therefore the viewing of pornography is highly addictive. The negative effects of pornography include modelling and imitation of inappropriate sexual behaviours, unhealthy interference with normal sexual development, residual feelings of shame, guilt, anxiety and confusion and development of misleading and potentially harmful attitudes toward sex.

So what can a parent do? Plenty!! First of all let's talk about the conversation with children (if we warn children, they will be more comfortable in letting you know when they come across an image. So the conversation might go like this:

'...you might come across something on the computer, or someone might show you a picture on their phone that might upset you... the people might be naked or they are doing stuff that looks very strange! If you see something please let me know and we'll talk about it...'

Next week we'll discuss how to deal with the older teen who might be viewing pornography.

BREAST CANCER

Breast cancer is the second most common cancer in women and most cases occur in women over the age of 50. Around 1 in 9 women develop breast cancer at some stage in their life. Breast cancer can also develop in men but this is rare. If breast cancer is diagnosed early then there is a good chance of a cure. If you notice any lump or change in the breast then you should attend your doctor promptly.

The breast tissue is attached to the chest wall and extends as a 'tail' into the armpit. Many women find that their breasts become tender and lumpy before their periods. They also change in size in shape with age, pregnancy and weight changes. Therefore it is important that you get to know what is normal for your breasts and report any changes immediately.

Breast cancer occurs when an abnormal cell within the breast multiplies out of control. Malignant tumours refers to a group of these cells which has the potential to spread. Spread may occur to nearby organs but can also spread through the blood stream and lymph channels to distant parts of the body unrelated to the breast. If the tumour spreads to distant parts of the body then these are referred to as metastases (secondary tumours).

Breast cancer has many different subtypes. The type of breast cancer determines the treatment options as well as the prognosis. You may hear of the following terms:

INVASIVE OR IN SITU:

Invasive refers to cancer which has spread from within a particular compartment of the breast whereas in situ cancers are normally contained within a particular duct or area. Invasive cancers are divided into ones which have moved into local blood or lymph vessels. The most common in situ cancer is "Ductal carcinoma in situ" (DCIS) which refers to cancer which has remained within a particular duct. About 1 in 5 new breast cancers are DCIS.

GRADE:

This refers to how aggressive the cancer appears. The higher the grade the more aggressive the cancer.

RECEPTORS:

Certain cancers contain receptors which allow proteins and hormones to attach to them. Finding this information out is important in deciding in a particular treatment plan.

STAGE:

This is a measure of how much the cancer has spread. In general the earlier the stage the better the outcome.

It is important to realise that identifying the exact type of cancer can take a number of weeks. This allows the specialists to discuss the case at meetings in order to determine the best treatment plan. Although the wait is frustrating, specialised treatment plans improve the overall outcomes.

BLOOD DONOR CLINIC IN RATHMORE

The Irish Blood Transfusion Service will be holding a Blood Donor Clinic at St. Joseph's Day Care Centre, West End, Rathmore on Monday 29th June from 6:00pm to 9:00pm.

WHAT IS THE BEST PET FOR YOUR GOLDEN YEARS?

Pets in our care give us a sense of responsibility - something to care for daily and something to touch physically and emotionally. It is not uncommon for seniors to feel isolated and alone. Pets often bridge the gap to lift their spirits and make them feel more connected to the world. Countless studies have shown that pets not only reduce stress for the elderly, they smile more frequently and become more social. And while they may feel that society no longer respects them, Rex and Fluffy will think they walk on water.

● **Size Matters** - If you are in or approaching your senior years and are considering adopting a pet, size actually does matter. Cats and small to medium size dogs may be a better fit for seniors. While Great Danes are gentle giants, they may be too challenging to physically pick up if they are injured or sick. When adopting a new pet, it's important to not only think about your pet's mature years, but also consider yours. Will you be able to handle the physical challenges of a larger dog in 10 to 15 years? If not, a cat or small to medium size dog may be a better fit.

● **Lifestyle** - While size matters, sometimes small packages come in bundles of energy. A Jack Russell Terrier may only weigh 15 pounds, they are known for their large personalities and high energy. If you want to spend your golden years drinking tea and lounging with your friends, a pet with a calmer demeanour might be best suited for your lifestyle.

● **Living Environment** - What is your lifestyle and what will it be in the next 10 years? Do you

live in a rural area with grassy fields for playing fetch? Or will you be moving into a retirement community where your pet will mostly be inside with you most of the time? Think of how you spend your days now and what they'll be in 10 years. Do you like to spend your time at home reading and on the computer? Then a cuddly cat might be the best fit for you. If you enjoy taking several daily walks, a dog might be your best bet.

● **Visitors** - Who will be visiting you in your senior years? Do you have a grandchild who is afraid of dogs or allergic to cats? If you enjoy these visits, make them a priority and consider them into your decision when bringing a new 4-legged friend into your home and heart.

● **Age of Pets** - In addition to size, lifestyle and living environment, the age of your pet is important to consider. When you adopt an adult pet, you know what you'll be getting. A kitten or puppy's personality and behaviours won't be certain until they mature. If you adopt a young pet, will there be someone to take care of it if should become ill? One of the best matches for senior people is senior pets.

● **Where to Get a Pet** - Visit your local shelter for pets waiting to find their forever home. They will welcome you with open paws. Have a particular breed in mind? Most breeds have rescue organisations. Most also have mixed breeds which can have fewer health problems than purebreds. Many seniors enjoy adopting older dogs that won't be adopted by families with children.

YET MORE TAXES

● The French had a salt tax called the gabelle, which angered many and was one of the contributing factors to the French Revolution.

● In 1712, England imposed a tax on printed wallpaper. Builders avoided the tax by hanging plain wallpaper and then painting patterns on the walls.

● England introduced a tax on hats in 1784. To avoid the tax, hat-makers stopped calling their creations "hats", leading to a tax on any headgear by 1804. The tax was repealed in 1811.

● In 1789, England introduced a tax on candles. People were forbidden from making their own candles unless they obtained a license and then paid taxes on the candles they produced. The tax was repealed in 1831, leading to a more widespread popularity of candles.

● In 1795, England put a tax on the aromatic powders that men and women put on their wigs. This led to a dramatic decline in the popularity of wigs.

● In 1885 Canada created the Chinese Head Tax, which taxed the entry of Chinese immigrants into Canada. The tax lasted until 1923 when a law was passed banning Chinese people from entering Canada altogether with a few exceptions.

A BIT OF GOOD PUBLICITY FOR THE HUMBLE RAT

Most people hate the humble rat but, according to researchers in Japan, this much maligned creature has a Good Samaritan side. Nobuya Sato and his team at Kwansei Gakuin University divided a box into two compartments separated by a transparent partition. Water was poured into one of the compartments while the other remained dry. A rat, placed in the water, could be seen by

another from the dry side of the partition. The wet individual had to tread water to stay afloat but it wasn't in danger of drowning; there was a ledge to which it could cling. It could only leave the water, however, if the observing rat opened a door in the partition. Rats placed on the dry side soon learned how to do this and released their wet companions.

This is not the first experiment to reveal what seems to be altruism in rats. Four years ago, scientists at the University of Chicago, placed a rat in a small cage. Rats outside the cage soon figured out how to open the door of the cage and liberate the prisoner. In a refinement of the experiment, access to chocolate was also provided. Rats usually opted to free the trapped individual before gorging themselves on the chocolate. As in the Chicago experiment, the Japanese rats were placed in a box with two doors. Opening one door released a victim swimming in the water; the other door gave access to a piece of chocolate. Most of the rats released their wet colleague before going for the chocolate.

DISSATISFIED CUSTOMERS

These are actual complaints received by "Thomas Cook Vacations" from dissatisfied customers:

1. "On my holiday to Goa in India, I was disgusted to find that almost every restaurant served curry. I don't like spicy food."
2. "They should not allow topless sunbathing on the beach. It was very distracting for my husband who just wanted to relax."
3. "We went on holiday to Spain and had a problem with the taxi drivers as they were all Spanish."
4. "We booked an excursion to a water park but no-one told us we had to bring our own swimsuits and towels. We assumed it would be included in the price."
5. "The beach was too sandy. We had to clean everything when we returned to our room."
6. "We found the sand was not like the sand in the brochure. Your brochure shows the sand as white but it was more yellow."
7. "No-one told us there would be fish in the water. The children were scared."
8. "Although the brochure said that there was a fully equipped kitchen, there was no egg-slicer in the drawers."
9. "I think it should be explained in the brochure that the local convenience store does not sell proper biscuits like custard creams or ginger nuts."
10. "The roads were uneven and bumpy, so we could not read the local guide book during the bus ride to the resort. Because of this, we were unaware of many things that would have made our holiday more fun."

RIDDLE FOR THIS WEEK

What has no beginning, end, or middle?
Answer next week.

TONGUE TWISTER

The great Greek grape growers grow great Greek grapes.

GOOD THINKING

One families baby triplets are so identical that their parents can only tell them apart by colour coding their toenails.

Karen and Ian Gilbert were overjoyed when they had their three little girls, but they soon had trouble telling which was which, so they overcame the problem by painting each one-year-old's toenails with a different bright-coloured varnish. Ffion has fuchsia polish on her toenails, Maddison has mint green and Paige wears purple.

Mrs Gilbert, said: "It's not a fashion statement. We really struggle to tell them apart, we came up with the nail varnish idea and it works a treat. It makes life a lot easier when it comes to our daily routine of feeding, bathing and nappy changing. The colour coding helps us to know who has had what."

The parents matched the first letter of the baby's name with the first letter of the shade of nail polish and hope as the little girls get older they will develop individual looks and personalities to help them tell one from another.

DID YOU KNOW?

The swallow weighs about the same as a buttered slice of toast, which is a remarkable, given swallows travel 30,000kms on their yearly migratory round trip. A swallow's heart, which it uses to pump blood continuously to maintain its wing action, is, relatively speaking, four times the size of a human's.

AFRICAN POACHERS TRADE WEAPONS FOR FARM TOOLS

At one time, Edson Zimba only took from his native land of Zambia. Now he gives back.

For twenty years he combed the bush of Zambia's Luangwa National Park, a remote reserve known to tourists as a place to experience wildlife undisturbed. He hunted buffalo, elephant and hedgehog.

Zimba was a poacher.

But he grew weary of hunting the increasingly barren brush. So when he was asked by a non-profit environmental group to turn over his gun in favour of farming, he quickly accepted their offer.

Community Markets for Conservation (COMACO) is in the business of providing alternative life choices for would-be poachers, teaching them beekeeping, vegetable gardening and carpentry.

The group has taught Zimba sustainable farming techniques so that he now yields enough to feed his family and what's left, he sells to COMACO for its food processing facility.

In recent years, eighty percent of farmers in Zambia couldn't grow enough food to make ends meet. The fallback, according to

COMACO's founder was poaching.

One reformed poacher says, before, he was a destroyer. Now, the farmer calls himself a human being.

A HELPFUL HINT FROM 100 YEARS AGO

● Keeping a plant watered while you are away on holiday - Fill a large pail with water, and stand it a little above the level of the plants and group round or near as many plants as practical. Loosely plait two or three strands of wool together, immerse completely in water, and place one end in the pail, weighted, and touching the bottom. Rest the other end on the soil: a separate plait of wool is advisable for each pot.

A FATHER'S LOVE:

40 year old Yu Xukang, a single Dad from the Sichuan Province in China, walks 9 miles every day with his son, Xiao Qiang, strapped to his back so that the boy can get an education. The 12-year-old has a disorder that has caused his arms and legs to become twisted and his back to be hunched over and there is no public transportation available to take him to class.

To support himself and his young son, Yu works as a farmer, and since last September, Yu has woken up every day at 5 a.m., prepared a lunch for his son and then secured Xiao Qiang -- who is about 3 feet tall -- in a basket that he attaches to his own back.

The pair makes the 4.5-mile trek to school across the rugged terrain, then Yu walks back home so that he can work. The devoted Dad then returns to pick his boy up from school and carries him all the way home - an 18-mile round trip,

"I know that my son is physically disabled but there is nothing wrong with his mind, however, I couldn't find any school here with the facilities to accept him and was constantly rejected" Yu said.

Once Xiao Qiang was accepted to the Fengxi Primary School, Yu vowed to do everything in his power to make sure his son would get there every day. His dream is for Xiao Qiang to one day go to college and as Xiao is already top of his class that is a definite possibility.

FINALLY THIS WEEK

Reaching the end of a job interview, the Human Resources Officer asks a young engineer fresh out of the Institute of Technology, "And what starting salary are you looking for?" The engineer replies, "In the region of €125,000 a year, depending on the benefits package." The interviewer inquires, "Well, what would you say to a package of five weeks' vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every two years, say, a red Corvette?" The engineer sits up straight and says, "Wow! Are you kidding?" The interviewer replies, "Yeah, but you started it."

A WORD OF VICTORY

Welcome back dear reader the earth's population consists of many races of people - different colours and creeds. But according to the Scriptures when Father God looks at the earth He sees only two races of people - Jews and Gentiles (non-Jews). God called the nation of Israel to be His chosen people from whom He would bring Messiah Jesus onto this earth. God also promised that He would bless all those people who would bless Israel, but He would curse those who would curse Israel (read it yourself in Genesis 12:3). Blessed means being under God's protection, cursed is a proclamation of harm and this promise to the Jews and to all of us regarding our attitude towards Israel will remain in force until Jesus returns back to this earth. After the death of Paul the Apostle in Rome the early church became entangled with the false religions of the Roman Empire. But the Jewish followers of Jesus would have no part of that so the church leaders at the time began to hate and murder them by the thousands. Jews were burned to death in their synagogues, thrown to lions in the Coliseum and many more acts of brutality were carried out against them. This brought about a tremendous curse on Christians which is very evident in the weak and anaemic condition of the denominations today. Anti-Semitism (hatred of Israel) is rampant still, even in our own country. Disease, abuse, stress, financial hardships etc. is evidence of the curse. We as individuals and as a nation need to repent of the terrible sin of anti-Semitism, and start blessing Israel so God's promise of blessing can come upon us and our families. "If My people who are called by My Name will humble themselves and pray and turn from their wicked ways, then I will hear from heaven and will forgive their sin and heal their land" 2nd Chronicles 7:14.
