KILLARNEY OUTLOOK PAINTING IT PINK WITH THE IRISH CANCER SOCIETY

The Killarney-South Kerry Branch of the Irish Cancer Society launched their Pink Ribbon Month at the offices of the Killarney Outlook recently.

Paint-It-Pink fundraisers will be held in Kerry throughout the month of October and Outlook Publications will be supporting their initiative from their offices on High Street.

Imagine a world without breast cancer, with your help we can make it happen! The Irish Cancer Society know how to save lives, but can't do it without you. By getting involved in the Paint it Pink fundraising campaign this October you are joining them in the fight against breast cancer.

Paint it Pink is a fun way for people to raise money for the Society's work in breast cancer funding vital research, advocacy and services to those affected by breast cancer.

The campaign is all about doing something big or small to paint it pink on October 3rd by hosting a pink event or doing something pink, sharing pictures of your activity on social media

using the hashtag #PINKPICS, and texting the word Pink 50300 to donate €4 to the Society.* You can wear a pink tie, bake a pink cake, host a pink party, paint your nails pink, change your profile picture pink or even paint your house pink! Take a picture of your efforts, share it with your friends using #PINKPICS and don't forget to donate by texting Pink to 50300 to give €4 to the Irish Cancer Society.

There are other ways to Paint it Pink during October, you can Paint it Pink:

- by buying and wearing a pink ribbon.
- with a fundraising event like a coffee morning or sponsored walk.
- at work with wear pink day, spin-a-thon, or cake sale.
- by joining our advocacy campaign to extend breast cancer screening.

There are so many ways to get involved. Visit www.paintitpink.ie for more information, ideas and much more!

COUNCILLORS AGREE TO RETAIN 2015 PROPERTY TAX RATE

Kerry County Councillors have agreed to retain the rate at which the Property Tax is paid in the county in 2015. The property tax rate was set following a commitment from management to ring-fence €600,000 for recreational facilities around the county.

Councillors have the power to increase or decrease the property tax rate in their counties by 15%. Chief Executive of Kerry County Council, Moira Murrell told a meeting of Kerry County Council that the council is facing a budget deficit of

€1.5m next year. She said maintaining services in the county demanded that the LPT rate for 2015 be retained at its current level. Councillors voted by 22 votes to 9 to retain the Local Property Tax rate at its current rate for 2015.

FUNDING FOR PROJECTS IN KILLARNEY

"Councillor Michael Gleeson is pleased to have been able to allocate from his 2014 Councillor's Allocation the money for the following projects:

1. The provision of a hand Rail on the eastern steps to Bishop Moynihan Crescent.
2. The painting of Safety Signage on the approaches to Loughquittane National School.
3. The provision of Safety Fencing at Ballyspillane.

Councillor Gleeson wishes to clarify that the Rates proposal by Kerry County Council of having the AVR rise progressively from €70.37 to €79.90 from 2016 to 2019 is not acceptable to him and that he will be voting against it as its impact would be far too severe on Killarney businesses.

He will be asking Kerry County Council to seek a more equitable means of achieving Rates harmonisation over a certain number of years."

Killarney is celebrating after winning four gold medals at this year's 26th annual 'Hotel & Catering Review Gold Medal Awards. Aghadoe Heights Hotel & Spa won the Five Star Hotel Award and Breeda Lucey, who works at the hotel, won the People Awards Front of House. Castlewood House won Guesthouse of the Year and The Europe Hotel and Resort won Best Spa. Breeda Lucey, a treasured member of The Aghadoe Team since 1972, was absolutely thrilled to receive her award and thanked her colleagues and her family for all their support throughout the years.

"I am so delighted for Breeda. Just like Marvel comics, the magic of Aghadoe is in its characters - ordinary mums & dads, sons & daughters who become everyday 'Service Superheroes'.

Breeda Lucey is no different; she is truly one in a million. Breeda has been part of the team here in Aghadoe for over 40 years. Breeda runs our breakfast room impeccably every day. She continuously endorses and promotes the culture and identity of our hotel & spa, always ensuring every visitor receives a personal but always professional service," said Marie Chawke. The awards recognise and reward excellence in hotels, guesthouses, restaurants, spas, clubs and catering operations across the island of Ireland. They were presented at a gala ceremony in the Double Tree Hilton Hotel, (formerly the Burlington Hotel) earlier this week. The finalists were judged by a panel of industry experts, who carried out rigorous site inspections at each premises to determine the winners.

MUSIC TOTS RETURNS TO KILLARNEY – WITH A MASTERS!

Last year, Music Tots classes in Killarney took a break while the teacher, Ruti Lachs, did a Masters degree in Community Music in University of Limerick. Ruti's MA specialisation is the social and language benefits of music for young children. She has researched how music can be used as a tool in developing these characteristics, as well as the pleasure of music for music's sake.

Now, Music Tots is back, with more games, songs, and educational/social aims than before. Music Tots is a fun way for young children to start learning music, including having a go on various instruments, playing music games, singing songs, and hearing different styles of music. For the babies and toddlers, there is a lot of singing, action songs, and dancing. As the children get older, more technical concepts (beats and rests, high and low notes, etc) are introduced.

For 5 yr olds and over, group keyboard lessons allow the child to learn simple tunes and play along with others, as well as introducing

basic music skills such as rhythm, timing, melody, harmony, tone, posture, and hand position. These skills are very useful when a child starts to take music more seriously, whatever instrument they choose.

All the classes take place at Killarney School of Music. To book a place, call Ruti on 087 660 6118. Or contact her through her website www.activemusic.ie, where you can also read more about Music Tots and other community, healthcare, and educational music projects.

REDUCED VAT RATE RESULTS IN 692 NEW JOBS IN KERRY

According to a report published by the Restaurant Association of Ireland, 692 new jobs in the Food, Tourism and Hospitality sectors have been created in Kerry since the reduced VAT rate of 9% was introduced in July 2011. Speaking about the launch of the Report Adrian Cummins, Chief Executive of the Restaurants Association of Ireland, said: "In terms of creating new jobs in the food and accommodation sector, the introduction of the new VAT rate in July 2011 has been a major driver of local employment growth. 692 new direct jobs have been created in Kerry alone, with 21,633 new direct jobs created across the whole country. This is a very conservative estimate and does not include the number of indirect jobs created in the wider economy as a result of the multiplier effect. When the multiplier effect is included, the total number of new jobs is even more impressive, with 1010 jobs created in Kerry and 31,584 jobs created nationally."

BARBADOS TRIP AWAITS RALLY WINNER

The Killarney Historic Rally is set to hit the roads on Saturday November 29th with the winner of this year's Rentokil Killarney Historic Rally receiving free entry into the 2015 Barbados Rally Carnival.

This year's rally, the only event in Ireland to cater solely for historic rally cars and the organisers, Killarney and District Motor Club under the guidance of clerk of the course Kevin Flannery, have selected a typically challenging route.

Classic stages, like Molls Gap, Ballaghabeama, Carragh Lake and Gortnagane, often rated by rally drivers as being the best and most-challenging in the world, will each be tackled twice over the course of the day. The second run over Gortnagane, which runs in parallel to the main Rathmore to Killarney road, will be run under the cover of darkness.

The rally always attracts a strong entry from Ireland and abroad but the new Barbados prize package will be welcomed by competitors new and old.

Mr Flannery said: "The prize includes free of cost: entry on both motor sport events during the Carnival, two return flights from London to Barbados, free return shipping for one car from Portsmouth dock to Barbados and a double hotel room for 12 nights."

The event, which provides a welcome end of season boost to Ireland's tourism capital will be, once again, based at the Gleneagle Hotel in the town. It will form the opening round of the 2015 Irish Tarmac Rally Championship.

Hundreds of ladies walked, jogged and ran through the Killarney National Park last Saturday for the The Dawn Milk Killarney Women's Mini Marathon. The 10k event attracted people from all over the county and with Michelle Finn coming winning the event outright.

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

WHERE TO INVEST YOUR MONEY

Interest rates for deposits in banks are the lowest they have been in years. Another problem for people looking for good interest rates is that as well as interest rates being low is that DIRT tax is very high at 41% and since the 1st January this year a PRSI levy of 4% can also be applied. The effective tax rate on interest earned on savings can be as high as 45% as both the new higher rate of Deposit Interest Retention Tax (DIRT) tax and the PRSI levy on unearned income have both come into force. If you invested €20000 over 12 months at 2.50%, taking into account DIRT tax and the levy you may only get €275 after DIRT tax and the PRSI levy. Because these returns are so poor people are looking for alternative investments. Thankfully there are other investment options available to you.

Investment providers have introduced many different types of products because of the very low returns on deposit accounts and it is very important that people know about all these products before deciding on what products suit them best. A mixture of different type of investments may be the best way to spread your investments rather than having all your eggs in one basket.

For more information or to make an appointment to discuss the above contact Dermot Cronin APA, at **064 66 22775** or **087 2893649**.

Canada, was seen as a great opportunity and very cost effective means for the Industry to meet the Agents.

Included in those who attended the event were Destination Killarney Group, Eviston House Hotel, Killarney Park Hotel & The Ross, Muckcross Park Hotel & Spa, Randles Hotel, Sheen Falls Lodge, The Malton, The Lake Hotel and Tralee Bay Wetlands Centre.

Meanwhile, the second in a series of targeted 2015 sales drive of international tourism workshops took place today in the Silver Springs Hotel, Cork, hosted by Fáilte Ireland. The workshop focused on the British coach tour sector, with Irish tourism businesses from across the country pitching directly to agents from the British market.

The workshop saw 86 Irish tourism trade meet with 18 GB Coach and Group Operators who

were very keen to develop business contacts and business relationships with Ireland. The operators were from many locations within the UK and it was seen as a great opportunity and very cost effective means for the Industry to meet the Operators.

To further showcase what Ireland can truly offer, Fáilte Ireland also put together a specially crafted tailor-made itinerary for the travel agents to get out and about, to learn first-hand more about the country, and really get an authentic taste of what an Irish holiday can offer.

The British Coach Tour Operators Workshop will be followed by a New Markets Workshop (October 16th) and the North American Expo (October 21st).

KILLARNEY HAIR SALON LEADS THE WAY

A local hairdressing school has been chosen as the first schools in the world to rollout the amazing new Fantastic Hairdresser 'Passionate Professional Programme'.

Aisling Madigan of the Hair Academy in Killarney was chosen from hundreds of other hopefuls by the London based Fantastic Hairdresser Company - recognised as one of the most important and influential education companies in the global salon industry.

Alan Austin-Smith founder of the Fantastic Hairdresser company told us "We were looking for someone that was passionate, not just about the salon industry, but about the development of young people, but also someone who holds the principles of The Fantastic Hairdresser close to their heart - that the client is the most important person in the salon!!"

Working closely with the Fantastic Hairdresser and industry icon Vivienne Mackinder in New York, Aisling's is the first School anywhere in the world to offer this amazing programme to anyone who wants to become a hairdresser.

Hairdressing is frequently voted one of the top 3 most enjoyable and satisfying jobs and recently the Irish Independent listed it as one of the top 50 future career choices .

"I am so proud to have been chosen to be the first to run this amazing programme, it sits perfectly with everything I believe and the principles on which my business has been built upon - and now with the incredible 'Butterfly Scholarship', awarded by the Fantastic Hairdresser Company, it gives anyone who is passionate about a career in hairdressing the opportunity of a lifetime."

However, it's not just the great content and teaching methods that make The Hair Academy in Killarney so successful (100% of students from their full time courses over the last 3 years gaining employment, says everything!!), it's the belief that the customer comes first that makes the difference.

As a successful hairdresser herself working closely with the award winning Sean Taaffe group, Aisling knows how important a happy

BEAUFORT BOWLS CLUB: Three teams from Beaufort were entered into the high profile National Active Retirement Competition, held in the INEC last week. All teams played well, but special congratulations are due to the Beaufort Hobbits, who lifted the Perpetual Cup for the second time in three years. Elaine Scully, Sara

Peden, Gisela Gloge and Mary Grant (Skip) won all 8 matches, narrowly beating the odds-on favourites in the semi-final and defeating the Neidin Gannets from Kenmare in the final. The fact that it was an all Kerry final speaks volumes for the advancement of this sport in the county. Eight pairs from Beaufort travelled to Conna,

Co. Cork for a Doubles Competition on Saturday night, and two of the pairs reached the third round before being knocked out.

Beaufort Bowls Club are always looking for new members. Come and join us in Beaufort Community Hall each Wednesday at 7.45pm.

ALL IRELAND WINNING KERRY TEAMS MINOR AND SENIOR 2014:

What a day in Croke Park 21st September. Both teams were outstanding on the day. Minor team was very special this year both to the county and club. After a wait of 20 years our own club player, Liam Kearney was the first Kerry man to lift the Tommy Markham trophy on the steps on Hogan Stand. What a proud and historic moment for everyone. Liam lined out as no 14 along with fellow clubman Dan O'Donoghue as the no. 2. The county holds the most minor titles (12) after this win. Jack O'Connor whose reputation speaks for itself with All Ireland titles as manager in Senior, u21 and now minor including a few School Colleges deserves huge praise along with his management team.

The 37th Senior title was bestowed when the famous Sam Maguire was presented to co-captains Fionn Fitzgerald and Kieran O'Leary from Dr. Crokes club. The Legion and Dr. Crokes clubs had numerous players on the team along with extended panel. Eamonn Fitzmaurice is a talented manager and probably one of the best tactical in Ireland. Few thought that we would even see past Cork in the Munster final not to mention an All Ireland title. He proved everyone wrong but no doubt had the belief in this team

as he had the right combination of novice and experienced player that had the hunger to win and belief in themselves. All players had a part to play in the Championship series to bring the Sam back to Kerry to its rightful home. All Ireland Homecoming celebrations no doubt will be terrific in Killarney with the help of East Kerry Board, Kerry Co Board and Kerry Co. Council. Ciarrai Abú.

SPA COMMUNITY NOTES: Wedding, Congrats to Annette Cronin Lissivgeen on her marriage to Shane Smith Cork.

SPA MUCKROSS AC: We are in the final stages of preparation for the Killarney10 road race taking place on Saturday 27th at 1.30pm. There is still time to enter the race, and we will also be available to take some entries at St Brendans in the morning. We would encourage everyone to come out and take part in the event - serious athletes and joggers will be joined by enthusiastic walkers on the route which takes the participants through Aghadoe and into the beautiful grounds of Killarney National Park. The race will finish in the grounds of St Brendans College, where we intend building the track and tea/coffee and refreshments will be served to the runners once they finish. We have also put in an order for good weather so a great day is expected! We are having a post race get together in the Plaza Hotel on Saturday night and all runners/walkers are welcome to join us there.

CONGRATULATIONS: To both Kerry minor and senior teams on winning the All-Ireland on Sunday last - an outstanding achievement by any standards.

MOTORISTS URGED TO BE VIGILANT DURING DEER RUTTING SEASON

It's autumn and in our forests and across our mountains, tensions are rising as the rutting season gets under way, the time of the year when male deer are driven by an urge to reproduce. From late September until early November the clash of antlers will be heard as males show off their virility to potential mates and, like gladiators entering an arena, they parade around showing off their armoury of antlers.

While the rut is an amazing experience to witness it is also a time when there is an increased incident of road traffic accidents involving deer as male deer go in search of females and younger males are ousted by dominant males forcing deer to cross roads and motorways. The Wild Deer Association of Ireland are calling on motorists to be vigilant at dawn and dusk, when deer are most active, particularly in high risk areas such as woodlands and mountains.

What should drivers do in high risk areas? Reduce speed where they see a warning sign and stay alert. Prepare to stop, never swerve as you could hit another obstacle or oncoming vehicle. When you see a deer "dip your

headlights" as the full-beam may cause the deer to freeze. If a deer has crossed in front of your vehicle, be aware that others may follow. Do not approach an injured deer. If you are involved in a Deer RTA or come across a deer

that has been involved in a RTA, immediately contact the local Gardaí.

For more information or to report an accident go to <http://www.wilddeerireland.com/report-accident>

HEALTH AND SAFETY AUTHORITY, AN GARDA SÍOCHÁNA AND THE ROAD SAFETY AUTHORITY JOIN TO FOCUS ON TRACTOR SAFETY

Accidents involving tractors and machinery have been the main cause of serious and fatal accidents on farms over the last 10 years. So far this year 21 people have been killed in Agriculture, with 14 of those deaths involving tractors and machinery.

In an effort to improve and increase safety awareness around tractors, the Health and Safety Authority, An Garda Síochána and the Road Safety Authority have launched an 'Essential Tractor Safety Checks' leaflet at the National Ploughing Championships in Ratheniska, Stradbally, Co Laois.

The leaflet has been designed to provide tractor users with a series of simple visual checks that should be undertaken regularly. These checks are easy to carry out and, if done properly,

will help to protect the driver, passengers and anyone in the vicinity of the tractor, whether on the road or on the farm.

Pat Griffin, Senior Inspector with the Health and Safety Authority, says that it is important to understand why so many of the fatalities are associated with tractors, "When we study the causes of deaths involving tractors very often we find that poor maintenance, inappropriate usage, lack of training and competence are the main factors. Tractors are essential to the work of the farm, they have made farming more productive and reduced the need for heavy labour. Maybe it is because these developments have been so beneficial that the dangers are less apparent. Farmers must be aware of the dangers and focus on working safely at all times."

Chief Superintendent Michael O'Sullivan, Garda National Traffic Bureau said:-

"Working with tractors and machinery carries risk, whether on or off road, especially if simple checks are not carried out. It is essential for any driver or operator to take a few minutes to carry out these safety checks, not only for their safety but for all around them. An Garda Síochána are delighted to join with the HSA and RSA to produce this simple but effective check list for the safety of all working with such equipment." Mr. Michael Rowland, Director, Road Safety, Driver Education and Research with the RSA

asked farmers to also be safety conscious whenever bringing a farm vehicle onto the public road. "Farmers should be aware of traffic building up behind them and keep left where possible to allow other vehicles pass safely. I would appeal to other road users to show patience when encountering farm machinery on the road. With understanding on both sides, the roads can be safer for everybody."

He also reminded drivers of agricultural vehicles that they are covered by road traffic laws on driver licensing, insurance, standards in relation to vehicle roadworthiness, vehicle lighting and motor tax.

THE ESSENTIAL TRACTOR SAFETY CHECKS COVERED BY THE LEAFLET ARE;

- Initial Checks,
- Driver Checks,
- Windscreen and Side Windows,
- Mirrors,
- Lights & Indicators,
- Tyres and Wheels,
- Passengers,
- Safe Parking,
- External Checks, and
- In Cab Checks

EAST KERRY UNDER 16 DIVISION 2 LEAGUE FINAL

FÍRIES 0-10 CURROW 2-04

The Under 16 East Region League Division 2 Final, sponsored by MD O'Shea, between Fíries and Currow last Friday evening was a cracking game. The players gave their all and a draw was a fair result on the night, for a game where both teams had periods of dominance and both showed great skills. Fíries got off to a strong start and built up a 3 point lead in the first quarter with points from Cathal O'Shea and Liam Brosnan and Donnacha O'Sullivan. Currow found the net twice in close succession two goal blitz the first from the boot of Oisín Fleming from a high ball in by Jack Scanlon. Luke Fitzgerald found the net for the visitors second goal giving Currow a three point lead. Fíries responded with two points form play by Donnacha O'Sullivan and a reply from the Currow's Tommy Dennehy meant that Currow led by two points at the break on a score-line of 2-01 to 0-05.

Currow increased their lead to three points within a minute of the restart with a point from John McMahon. With play varying from end to end, there were a scatter of points, two from Fíries Donnacha O'Sullivan and a reply from John McMahon leaving, before Fíries equalised with a Cathal O'Shea free followed by a point from Niall O'Donoghue. With 5 minutes remaining, the pace of the game increased. Fíries had a goal shot just skim wide before Currows John McMahon pointed a superb 45m free to give Currow the narrowest of leads in the 58th minute. Both teams then turned over possession several times in a nail-biting finish before substitute David Kenny kicked the equalising point for Fíries with the last attack of the game on a final score-line of 0-10 to 2-04. Both teams will feel they had the winning of the game at different times but it will take another outing to separate these two fine sides.

Referee Tom Moriarty

BEAUFORT GAA NOTES

CONGRATULATIONS: To Liam Carey and the Minor Kerry team who won the All-Ireland on Sunday after a 20 year gap. Liam was brought on in the 1st half and gave a great display and scored 2 fine points. Well done Liam. Well done also to the seniors who brought home Sam, the first since 2009. What a day and great thanks is due to Bridget and Padraig who had the onerous task of dealing with match tickets but almost all were sorted by Saturday or Sunday.

MID KERRY O' SULLIVAN CUP FINAL- KEEL 0-13 BEAUFORT 0-9.

Beaufort's Seniors sponsored by Maurice Foley of MF Decorating quest for a first title of the year came unstuck in Milltown on last Saturday evening when they had to give second best to a better balanced, though wasteful, Keel side in the Mid Kerry O'Sullivan Cup final. Beaufort led early on through points from Niall O'Connor and a Francis Courtney free but when Keel levelled the game 13 minutes in they went on to build a two point lead after 18 minutes. Another Francis Courtney point and a Fergal Hallissey free got Beaufort back on level terms but three points in a row from Keel in the minutes before half time saw them go in at the interval leading by 0-7 to 0-4.

Two early second half points from Fergal Hallissey got Beaufort to within a point but four unanswered points from Keel in the following 10 minutes saw them five points to the good going into the final quarter of the game. Aaron Cahillane in defence, Tomas Ladden in midfield and Gary Sayers in attack were proving to be a real handful for Beaufort. Another Fergal Hallissey point in the 50th minute was followed by two more points from Keel to give them a six point advantage as the game entered the final minutes. Two late Fergal Hallissey frees gave the scoreboard a better look from Beaufort's viewpoint.

They are due to play Castlegregory at home

on Sunday next in the 2nd last round of the County League. Not yet finalised.

BEAUFORT JUNIORS: Qualified for the Final of the Barrett Cup on Wednesday evening when they defeated St. Marys, Cahirciveen in Beaufort on a score-line of Beaufort 3-12 St. Marys 1-15. Beaufort lead at half-time 2-8 to 0-6 with goals from Sean Fogarty and Padraig Hallissey. The 2nd half was a much closer affair even though Beaufort went 7 points up mid-way through the 2nd half when Niall O'Connor had Beaufort's 3rd goal. A spirited fightback by the visitors when they scored 1-2 without replay and a fine save from Darragh Curran in the home goals lead to a very exciting final few minutes.

They are due to play St. Pats, Blennerville in the Final on this week-end.

BEAUFORT U14 FOOTBALLERS: Bounced back from a bad defeat to Laune Rangers earlier in the week to overcome visitors M'town/C'maine in this fifth round tie played in Beaufort on last Sunday evening. A strong first half performance laid the foundation for their victory as they went in at half time leading on the scoreline 3-6 to 0-5. The goals had come from Jason Coffey-Hallissey (2) and Liam Curran. The second half was a much more open affair with both sides emptying their benches but Beaufort's ability to grab goals at crucial stages being crucial. Final score Beaufort 7-10 Milltown/Castlemaine 2-12.

In the final round Beaufort received a walkover from Laune Rangers 'B'.

LOTTO: The next lotto draw for a jackpot of €2,400 took place in Beaufort Bar on Tuesday, 23rd September.

BEAUFORT U21'S: Were unable to field a team on the evening of the Shield final against Castleisland Desmonds on Friday, 19th September.

UNDER 16'S: They are at home to Milltown/Castlemaine on Wednesday, October 1st.

U12 GIRLS: Played Kilcummin in Beaufort on Friday evening last.

U12 BOYS: Sponsored by Maurice Foley of MF Decorating had a good win in the East Kerry League when they defeated Spa on a score-line of 5-15 to 5-6 and also had a good win over Scartaglin on Thursday.

It will be on Friday, 3rd October in GAA Clubrooms. This seminar is for parents, players, minor to senior, coaches and the wider community. Time of seminar will be available next week. A seminar for younger people will be held at a later date.

MID KERRY U16S: Lost to St. Brendan's in the County Championship on Monday evening by 2 points. This team was managed by Colin O'Sullivan from Cromane. Beaufort had the following players involved: Cormac O'Connor, Cian O'Sullivan, Mike Breen, Declan Floyd,

LEGION GAA CLUB NOTES

ALL IRELAND VICTORY: Congratulations to our three amigos who all collected their first Celtic cross last Sunday and to both Kerry teams as they pulled off the double by winning both the senior and minor titles for the first time since 1980. Brian, who gave solid displays in each outing of the championship, finishing with a game saving parry in the dying moments last Sunday, James, who was in devastating form all season, wreaking havoc up and down the country and proving on Sunday what a versatile footballer he is, as he played, what is widely regarded as an extremely selfless game of football to ensure his team came out victorious, and Jonathon, the player whose two fantastic points in the semi final replay made it possible for Kerry to play in the final, you have done your club proud. Well done also to Podge O'Connor and Conor Keane who have been an integral part of the Kerry training panel this year.

Children who competed in Nationals in Athletics qualified by competing at our County Finals which took place at Tralee Sports Complex, and after a Summer of training they went on to compete in the National Finals in Athlone in August. A special thank you to Josephine Cahill who managed our Team of 41 swimmers in Athlone and gave them every support and encouragement - Josephine has kindly given us her account of the Nationals in Athlone.

The third weekend in August saw the 41 members of the Kerry Community Games swim

ROSS O'LEARY RATHMORE, WHO WON A BRONZE MEDAL AT THE NATIONAL COMMUNITY GAMES IN ATHLONE.

team make their way to Athlone to compete in the National Finals, which were held over 2 days. As is usual the girls events were held on one day with the boys events held on the 2nd day. There were 15 events each day ranging from U8 to U16, with two team events U13 and U16 which usually are very exciting even in the heats! Our team consisted of some first timers and "seasoned campaigners" and this year, for the first time we had siblings from four families participating over the weekend. Special mention must go to Pdraig, Erin and Deirdre O'Halloran, Castlegregory; Ross & Paudie O'Leary, Rathmore; Joe & Emma Reidy, Rock Street, Tralee & Eoghan, Sadhbh & Caomhan Daly from Listowel.

As is well known the competition in the pool is fierce and the standard is extremely high and to get to a final, either in an individual or team event is a super achievement. This year we had 14 finalists, including the boys and girls U16 squads - a few others were just pipped at the post in the semi-final, to miss out on a final place. At the end of the weekend we had 9 medals (1 gold, 3 silver & 5 bronze) a fantastic result!

Congratulations to all the swimmers who participated over the weekend, they represented their parish and county with pride and great determination and we were delighted with the results. Thank you to all the parents, families and friends who made the journey to Athlone and provided such valuable, vocal and colourful support to the swimmers - hopefully we will see some of them back again next year. The medal winners were: - Pdraig O'Halloran, Castlegregory, Silver U8 Freestyle; Ross O'Leary, Rathmore, Bronze U10 Freestyle; Eoghan Daly, Listowel, Gold, U10 Backstroke; Seamus Harty, St Brendans, Bronze U14 Backstroke; Jack Grace, Listowel, Silver, U16 Freestyle; Caomhan Daly, Listowel, Bronze, U16 Backstroke; Tom

Healy, Sean Cahill, Oisín O'Mahony & Seamus Harty, St Brendans, Bronze U16 Medley Relay; Erin O'Halloran, Castlegregory, Bronze U 12 Freestyle; and Sadhbh Daly, Listowel, Silver, U12 Breaststroke.

COMMERCIAL ROWING CLUB

The members of Commercial Rowing Club past and present wish to extend their deepest sympathy to the family of Sean Lynch Upper Lewis Road, who passed away recently. Sean was one of the stalwarts of the club during one of its more successful eras - the late 1950's and early 60's when it won several races at the annual Killarney Regatta. He occupied the position of club treasurer for many seasons. It gave him much satisfaction when the club was revived and a new Clubhouse erected in 2004 and he was always available for the annual Church Gate collection. May He Rest In Peace.

MINI RUGBY: Continues to grow and numbers are still rising. Surrounded by the Killarney Half Marathon at Knockreer, the sounds and music did not deter swarms of young lads tear into their respective practice games. We will soon have news of the first blitzes of the new season but for the meantime practice sessions continue at Knockreer from 10.30am to 12pm every Saturday morning.

PITCH DEVELOPMENT: Aghadoe is blooming steadily. Grass is growing despite the nocturnal visits of a couple of big Stags on a regular basis. It is turning green and the sands are seeping down into the soil creating superb surfaces. It is heartening to see the hard work turning into magnificent fields where sport and recreation can flourish for years to come. Former President Seán O'Sullivan recently visited the grounds and was overwhelmed by the emotions of history's pages and the efforts of people like him who selflessly over the years to keep the sport alive in Killarney. He was very proud to witness it. Not only had he given of his personal time but he has invested significantly in the grounds over recent years and is one of a number of generous benefactors. We look forward to his future visits to see games in due course.

FUNDRAISING: Night at the Dogs is coming up on Saturday November 22nd. Teams of fundraisers and their respective captains are vying with one another to raise the most money. They have to find sponsors for: a Race, 6 dogs (nominators), adverts in race card, full and half pages available. Tickets on the night are €20 for the Buster and it promises to be a helluva night. First race is at 7:50pm. We can make reservations for full dinner or party lounge service as you require. This is going to be a great night of fun. Let's get going. All funds raised towards the club running costs. The more sponsorship we sell the more funds we make. For details call 087 2676377.

TRAINING: We still need to recruit coaches for our Youths. We are very much needing parents to get involved. We would plead with parents to become involved as much as possible. If you think you know someone who might be able to lend a hand, contact Feargal Courtney on 087 6177825 or Luke O'Sullivan on 087 268 9234.

Training will be provided and we would greatly appreciate your help.

YOUTHS: Under 16s and U18s training at Dirreen at 6pm on Tuesdays and Thursdays. Training for U14s is on Wednesdays at 6pm. Senior training is on every Tuesday and Friday from 7:30pm. Minis as usual at Knockreer from 10:30am to 12pm Saturday mornings.

KERRY COMPLETE THE DOUBLE SAM RETURNS FOR THE 37TH TIME

KERRY 2-9 DONEGAL 0-12

Report Kerry O'Shea

Firm favourites Donegal were in shock as they wended their way home following a decisive victory by underdogs Kerry in last Sunday's All-Ireland SFC Final at Croke Park. The Kerry Minors and Seniors are bringing home two trophies, the Tom Markham Cup and the Sam Maguire Cup. This in itself is a unique achievement as the double has only been won on six previous occasions in the Kingdom's history.

As a spectacle, the game wasn't memorable, but that will not worry the legions of Kerry supporters who turned up in Croke Park last Sunday.

Kerry are back as All-Ireland champions for the first time since 2009, and the Kingdom's excellent record of winning an All-Ireland title in a year ending with the number four continues as they won the title previously in 1904, 1914, 1924, 1984, and 2004.

This was a very sweet victory for the management and team; firstly it was the County's first win over Ulster opposition in an All-Ireland final since 1986. Secondly, all hopes of winning an All-Ireland this year seemed lost after Cork's rout in April, and thirdly, it proves yet again that Kerry can beat any system deployed against them.

This was a memorable victory too for the management of Eamonn Fitzmaurice, Mikey Sheehy, Diarmuid Murphy and Cian O'Neill.

Fitzmaurice got his tactics spot on as Kerry matched Donegal if not bettered them in almost every sector of the field.

Fitzmaurice has garnered the respect of Kerry fans and the team for his flawless management skills. After the game, the Finuge man spoke to reporters saying this team of veterans and youngsters spurred him on this year. They made me feel as if I was playing again myself. It was a joy to train a team prepared to give all they had."

THE RETURN OF SAM TO THE KINGDOM! CO CAPTAINS KIERAN O'LEARY AND FIONN FITZGERALD PICTURED WITH FELLOW DR CROKES CLUB MAN AND KERRY TEAM PLAYER JOHNNY BUCKLEY. PICTURE MARIE CARROLL-O'SULLIVAN

Kerry had star performers everywhere. Aidan O'Mahony kept Donegal's marquee player Michael Murphy to just one point from play. Peter Crowley, David Moran, and Killian Young had their moments, while David Moran and Anthony Maher dominated the midfield exchanges.

Paul Murphy, in his first full competitive season, impressed at wing-back and was a deserving winner of RTE's Man of the Match award, while Kieran Donaghy more than most deserves special credit.

Donaghy singlehandedly kept Kerry in the title hunt, and his opportunist goal which he dedicated to Colm Cooper 51 minutes into the game, helped to effectively seal the deal.

James O'Donoghue, despite not scoring last Sunday, made a vital contribution to this win with some telling foot passes and clever ball distribution and is a certainty for the Player of the Year award. Kerry manager Eamonn Fitzmaurice's tactic of playing O'Donoghue as a decoy worked perfectly. It did not allow the young player the freedom to score, but he didn't mind as he was part of a team who worked to achieve this great victory.

The contribution of the subs to this win too was impressive, as Barry John Keane and Bryan Sheehan scored three vital frees at a stage when Kerry needed scores.

This wonderful win had everything, but the common thread was the achievement of a brilliant young manager, Eamonn Fitzmaurice and a group of players who wanted to win.

It is a victory that will be savoured by Kerry people everywhere. Ciarraí Abu! Welcome home Sam!

KERRY MINORS COMPLETE FIRST LEG OF A MAGNIFICENT DOUBLE

KERRY 0-17 DONEGAL 1-10

Report Kerry O'Shea

Kerry's minors made a magnificent start to the day's proceedings in Croke Park when they collected their 12th All-Ireland Minor crown and in the process completed the first leg of a famous Minor/Senior double last Sunday.

It was a victory long overdue that was 20 years in waiting and it was a victory that has given the Kingdom great hopes for future senior glory.

Kerry were favourites to win the minor title this year, and they certainly didn't disappoint last Sunday.

This was a united and driven force and each player stuck to his task manfully.

It was a particularly sweet victory for Colaiste Pobalscoil Chorca Dhuibhne, who had eight players on the panel.

Kerry had stars in Killian Spillane, son of Tom

and nephew of Pat, who scored five points, Na Gaeil's Andrew Barry and midfielders Barry O'Sullivan and Mark O'Connor both from the Dingle club.

The talented midfield partnership of O'Sullivan and Mark O'Connor scored three points and orchestrated many moves throughout the game.

Add in the performances throughout the year of Tomas O'Se, what a prospect this young man is, Cormac Coffey who retired injured just before half-time, man of the match Michael Burns, and substitutes Liam Carey, and Jordan Kiely all quality players and bright prospects for the future.

This was a victory too which vindicated the County Board's decision to appoint Jack O'Connor as Minor Manager.

O'Connor now has the distinction of guiding Kerry to Senior, Minor Under 21 and All-Ireland Colleges titles, some performance by the Dromid Pearses' man.

Kerry were never headed throughout the game and were 0-8 to 0-6 clear at half-time. The Kingdom stretched their advantage to six points midway through the second half and not even a late Donegal rally could deny them ultimate victory.

Teams and Scorers

Kerry: Shane Ryan (Rathmore) (0-1, free); Dan O'Donoghue (Spa), Brian O'Beaglaioich (An Ghaeltacht), Tom O'Sullivan (Dingle) (0-1); Brian Sugrue (Renard), Andrew Barry (Na Gaeil), Cormac Coffey (Kerins O'Rahilly's); Barry O'Sullivan (Dingle) (0-2), Mark O'Connor (Dingle) (0-1); Michael Burns (Dr Crokes) (0-1),

Brian Rayel (Lispolle), Matthew Flaherty (Dingle) (0-1); Killian Spillane (Templenoe) (0-5, 0-3 frees), Liam Kearney (Capt, Spa), Tomas O'Se (An Ghaeltacht) (0-1).

Subs: Liam Carey (Beaufort) (0-2) for Cormac Coffey; Jordan Kiely (Dr Crokes) (0-2) for Liam Kearney; Robert Wharton (Renard) for Brian Sugrue; Stephen O'Sullivan (Templenoe) for Tomas O'Se; and Ivan Parker (Churchill) for Brian Rayel.

Congratulations also to former Celtic player Pdraig Lucey, who has signed a professional Aussie Rules contract with Geelong.

CONDOLENCES: To the O'Donoghue family on their recent loss.

GOLF CLASSIC: Killarney Celtic's Annual Golf Classic will be played this Saturday. This has always been a hugely popular day for golfers within and without the club, and a great introduction to the game for those who have never played before, and we hope that everyone has a great time.

CLUB SHOP: Killarney Celtic's shop is now up and running on Saturdays from 12 noon to 2.00pm. We have a full new range of fantastic merchandise to suit every age, size, gender, and especially budget.

REGISTRATION: Non-playing registration of €20 is now due and payable to any committee member.

LAST MAN STANDING: The last time I saw this many casualties it was the opening scene of Stephen Spielberg's 'Saving Private Ryan'. After losses by Tottenham, Everton, Man Utd, Liverpool and Swansea and draws for Newcastle, Sunderland, Chelsea and Burnley meant that only the Arsenal selections and the brave man who picked Southampton away to Swansea are still running. Best of luck to John Don, Mike Daly, John Henderson, and Packie O'Connor this weekend.

NATIONAL FOOTBALL DRAW: Tickets now on sale for the Irish National Football Draw, they are €10 each and this is a new fundraiser for our club. There are local, regional and national prizes, over 2000 prizes. Proceeds from tickets sold go to the club, please support, contact any club member, Suzanne 086 8449082 or May 086 6485809

KILLARNEY WHITE COLLAR BOXING:

Killarney White Collar Boxing will be hosting a series of bouts in Mustang Sallys on Friday, 31st of October, in aid of Kerry Lifeline. Tickets are available from Southwest Counselling and from sporting outlets in Killarney. This is a fantastic cause and a well-organised event by Paudie Looney in aid of suicide prevention, and a special highlight of the night should be the clash of the titans between Brian Spillane and Karl McMahon.

VOLUNTEERS BADLY WANTED: It takes a lot to keep a club going, but most of all we need people who can volunteer their time. We have a long-standing and proud policy of providing support and games for anyone, regardless of ability, but we badly need sufficient adults to provide supervision and support. No training is necessary and child protection training will be provided. Anyone willing to help out with a team is asked to contact Mike Lyne on 086 0836356

RESULTS: DENNY PREMIER A: KILLARNEY CELTIC 6 KILLORGLIN 1.

Killorglin took the lead in the first minute with a great free-kick. Celtic started to press, though, with Peter McCarthy opening the scoring and also hitting the crossbar with another effort and Trevor Nagle forcing Damien McGillicuddy into a point-blank instinctive save. William Courtney and Gary Keane had it to 3-1 by half-time and Celtic were always in control after Killorglin were reduced to ten men, with Peter adding three more goals.

U16 PREMIER: KILLORGLIN 0 KILLARNEY CELTIC 3

A great game and a great win. Niall O'Donoghue, Micheal Potts, and Mark Harnett were on target for Celtic.

U16 DIV ONE: PARK B 1 KILLARNEY CELTIC 1

A very tough match between two skilful sides. It was deadlocked at 0-0 at the break but Park went 1-0 up early in the second half. Celtic kept working and a late strike by James Kelly earned us a deserved point.

U14 PREMIER: KILLARNEY ATHLETIC 0 KILLARNEY CELTIC 5

The first half was tighter than the scoreline might indicate, and it took a real screamer from Darragh Lyne to break the deadlock. Mike Lenihan and Ryan Kelliher added a brace each for a comfortable Celtic victory in the finish. Best for Celtic were Darragh Lyne, Jared Barton, Peter O'Sullivan, and Patrick Darcy.

U14 Div One: Killarney Celtic B at home to Killorglin B, Saturday, 10.30am.

U12 PREMIER: KILLARNEY CELTIC 1 KILLORGLIN 3

Celtic took a deserved lead through Ronan Coffey and it could have been more in the first half. Celtic also dominated early on in the second half but once Killorglin got to grips with the game they were hugely impressive. Cillian O'Sullivan, Kieran Dennehy, Cian McMahon, and Kevin Bowler stood out for Celtic

Pierce McGill showed he has lost none of his goal scoring abilities hitting a 4 goals for the South Kerry side, one coming direct from a corner. Cian Flynn, Killian Kerins and Liam Nagle were on the mark for Castlemaine.

The Park B and Killarney Celtic B shared the points in a 1 all draw. James Kelly equalised late on for Celtic after Ruairi Kelly had put the Tralee side ahead.

The Park missed the chance to go two ahead after their penalty came back off the post midway through the second half.

It was with deep shock and sadness that the club learned of the tragic death of Micheal O'Donoghue in Dublin last weekend. Micheal was a member of the club as a juvenile for a number of years and was always in good form and very helpful at all times. He was a joy to play with and good fun. We express our deepest sympathy to his family. May he rest in peace.

The club offers our deepest sympathy to the Looney family on the death of Ernest Looney. May he rest in peace.

The club offers our deepest sympathy to the Lynch family on the death of Sean Lynch. May he rest in peace.

This Sunday we will have our usual competition. The county over 50's competition will be held in Castleisland on Tuesday 7th October at 10.30am.

DAIRYMASTER'S LATEST INNOVATION LAUNCHED AT GLOBAL HQ

Breeding, fertility and health are critical factors for success on-farm. Dairymaster's latest product, the much anticipated MooMonitor+ that monitors each individual cow's health and fertility has arrived. Launched this week at Dairymaster's Global Headquarters in Causeway, at an event attended by the European Commissioner for Research, Innovation and Science, Máire Geoghegan-Quinn the MooMonitor+ allows farmers to monitor their entire herd, from their phone. As herd sizes are increasing, farmers have less time to watch cows for signs of heat. How can a farmer focus on each individual animal? Imagine you could look at how long each cow is in heat, feeding, ruminating and resting for... The MooMonitor+ allows farmers detect heats with ease, as well as providing advanced health and wellness monitoring through advanced data analysis.

"The MooMonitor+ will basically allow farmers to have their herd in their pocket - this means that they can enjoy more family or free time and their herd is still being monitored for health and heat detection on a constant basis" said Dr Edmond Harty

Expectations for the MooMonitor+ are high. Farmers across the planet have been asking Dairymaster reps about its arrival. Dairymaster have confirmed that the MooMonitor+ is ready to ship worldwide - and with customers in over 40 countries, that really does mean worldwide. While the original MooMonitor focused solely on whether a cow was in heat or not, the latest model can now help with animal health, reducing further the revenue lost through illness and missed heats and through networking and cloud computing, literally allows the farmer to monitor his entire herd 24x7 with his phone.

The mobile app allows two-way interaction with

the system, this removes the need to go back to the computer. When the system detects sick cows it will send an immediate notification direct to your phone.

The new system allows farmers to stay in control with features such as;

- Battery life is up to an amazing 10 years.
 - Up to 1000 times improvement in range compared to current systems on the market.
 - 4x more data intervals = more real-time information, precisely monitor changes in behaviour and identify illness much faster.
 - 210,000 data points of information on each cow every year through the monitoring of high precision activity and behavioural analysis.
- The better the heat detection, the more animals will be presented for artificial insemination (AI) and the quicker animals will be pregnant. This means shorter calving intervals, reduced culling rates, less labour and a reduction in the number of animals you need to re-inseminate. The farmer does not even have to be present on the farm to know which of his cattle need a visit from the AI people, or a vet. Accurate health and fertility monitoring has never been easier!

MINISTER MUST INSTRUCT COMMONAGE COMMITTEE TO DELIVER ON JULY COMMITMENTS TO HILL FARMERS

IFA Rural Development chairman Flor McCarthy has said the flexibility secured by IFA in July at a meeting with the Minister for Agriculture, Simon Coveney must now be delivered by the Commonage Implementation Committee to ensure that all farmers who sign up for GLAS on commonage lands are accepted. IFA will hold the Minister to his commitment that if the 50% management agreement is not achieved for legitimate reasons, active farmers will still get priority to participate in GLAS.

He must ensure that the Commonage Implementation Committee, which IFA fought for and secured, must recognise the difficulties and constraints of hill farming and ensure the Minister's commitment to IFA in July is upheld. He also said there is a responsibility on the Department of Agriculture and Teagasc to prioritise hill and commonage areas in the west of Ireland that will have a significant number of applicants. "Whatever resources are required

in those areas will have to be made available to avoid any delay in getting the new GLAS Scheme up and running. Farmers cannot be left waiting because of a lack of personnel. If it means re-locating resources, it will have to be done."

Flor McCarthy said, "Flexibility has always been a key demand of IFA. It is absolutely essential that no farmer is disadvantaged and IFA will make this very clear to the Department at their forthcoming meetings." He called on the Department of Agriculture to run additional information meetings to explain the new rules and provide accurate and detailed information. It is essential that every effort is made by the Department to address farmers concerns.

"No barriers must be put in the way of effective implementation of GLAS and early approval from the EU Commission is now urgently required." Pat Dunne said the upcoming Budget is a real test of the Government.

IFA URGES MINISTER COVENEY TO USE ALL EU TAMS FUNDING BY REOPENING SCHEME

Following a meeting with the Department of Agriculture on Monday, IFA Rural Development chairman Flor McCarthy from Kenmare has urged the Minister for Agriculture Simon Coveney to utilise all EU TAMS funding by reopening TAMS for specific measures.

Flor McCarthy said it is clear from the applications and drawdown across all TAMS measures there is an underspend of up to €10m. This is due to farmers not proceeding with work for various reasons such as delays in getting Department of Agriculture approval and the changing economic circumstances of various enterprises. If this funding is not utilised by next August it will go back to Brussels.

The EU funding available only needs to be co-financed by 15% of exchequer funding. This low level of co-financing was agreed a number of years ago at the height of the recession and allowed member states which were in the bailout to utilise EU funding by applying the lowest level of national co-financing.

The IFA Rural Development Chairman said there is now an

opportunity to implement a scheme targeted at specific issues such as safety measures on farms. This could include replacing damaged slats, safety fences, silage pit barriers, outside agitation points etc. Applications could be open for a short period between now and the end of the year with approvals being issued shortly afterwards and with payments made by end of August 2015. TAMS 2 will be available under the new RDP and IFA is calling for an early start-up date. This scheme must be broad based and include a much greater list of items for grant aid.

SOWING HARDY ANNUALS

It may seem a long time away, but sowing some hardy annuals now will give you a very impressive display in early spring. Most hardy annuals can be sown in autumn and will over-winter quite well.

Hardy annuals are plants that will grow and flower for one year only.

When sowing your seeds, dig the soil over well, to about a spades depth, then rake it over and firm it down, and make sure it is weed free. A good idea before sowing your seed is to mark it out by sprinkling some sand on the on the area you're going to sow the seed on. Also don't sow the seed into soil that is too rich, as this will only encourage too much leafy growth and not enough flowers. If the soil is rich there is no need to use fertilizers.

You can also scatter the seed over the whole bed, and try and leave about a 1/4 of an inch between them and cover them lightly with some compost and water well, but make sure there is a fine rose on your watering can. There is a range of hardy annuals to choose from so make sure you know the heights and spread and, of course, the colour.

AFTER-SCHOOL CHILD CARE SCHEME

QUESTION

I'm unemployed and want to get back to work but my son is in primary school, which makes it difficult to be available all day for work or training. Can I get help with childcare for after-school hours?

ANSWER

If you go on an employment support scheme, go back to work or increase the number of days you work, you may be able to avail of the After-School Child Care Scheme. The scheme provides subsidised after-school childcare places with local childcare providers and is for primary school children aged 4 to 13.

To qualify for the scheme you must be getting Jobseeker's Allowance, Jobseeker's Benefit or One-Parent Family Payment, or be on an employment support programme, for at least three months.

If you get a place, you can get after-school childcare for up to five days a week at a daily rate of €3 per child. The scheme includes a pick-up service. You can get up to 52 weeks of childcare while you remain eligible for the scheme. If you use the scheme during the school year, you can also get up to 10 weeks' full-time childcare during the holidays.

You can apply and get more information at your local Intreo centre or social welfare office. You can apply up to 26 weeks after you start your new job, take up additional employment or start your employment support scheme.

The scheme is not available to Community Employment scheme participants who can apply for the CE Childcare Programme instead.

For vocational training with an Education and Training Board, the Childcare Education and Training Support Programme offers subsidised childcare.

If you don't qualify for these schemes you may be eligible for the Community Childcare Subvention Programme, which offers childcare at a reduced cost to parents who are disadvantaged or in training, education or low paid work.

IMAGINE YOUR BEST SELF!

Albert Einstein said 'Imagination is everything. It is a preview of life's coming attractions.' If you don't know where you want to go, how can you get there?

As children we know how to dream, to play and use our imaginations to create the most extraordinary worlds within us! One of the biggest mistakes that most adults make is that they forget how to dream. They complain about the present circumstances but they don't imagine their ideal world either. As kids, we daydream and imagine. As adults, we frown upon life's miseries and hope that someone in power will make our life better.

LIFE COACHING ACTION:

- Find time to daydream and create your vision of what the best **YOU**, living your best life feels like! Your vision should be based on your passions and values, not on someone else's! Look within and find what makes **YOU** happy. What are the feelings that you desire to experience most in your life? What really matters to you? PLAY with this image in your mind. Allow yourself to do and experience all that you desire in your life! SEE yourself loving each moment and feeling full of radiant happiness & vitality!
- Remember that everything that has ever been created in life begins first with a thought – a desire!

ARE YOU LOOKING FOR A NEW & INSPIRING CAREER?

Is your life calling you to make a positive difference in this world and help people transform from the inside out? Train to become a Certified Body Confidence Coach! 9-month course (one weekend per month) starting October 25th. Please email or call me for details.

TRAD FOR TRÓCAIRE:

Music is powerful, but a Trad for Trócaire seisiún has the power to change lives.

The official Trad for Trócaire week runs from Fri 26 Sep to Fri 3 Oct, with hundreds of sessions taking place throughout the country.

However, Trad for Trócaire sessions will also happen outside of this official week so you have plenty of time to arrange a session.

Please play your part this year by organising a Trad session, and raising funds to support some of the world's poorest people with Irish music and song.

Organise a Trad for Trócaire session in your locality.

To start off, email us at trad@trocaire.ie and we'll post you out a free Trad for Trócaire pack. This free fundraising pack contains everything you need to start organising your Trad for Trócaire session! Please include your full name, address and a contact telephone number in the email.

When you have your session planned, register your session with us and we will add the details to our Trad for Trócaire listings.

TOASTMASTERS OPEN MEETING:

Toastmasters provide a safe, low-cost, positive and effective learning environment for people looking to improve their communication and leadership skills.

If you would like to learn more about Toastmasters then why not come along to an Open Meeting at the Malton Hotel, Killarney on Tuesday, September 30th at 8pm with guest speaker Micheal Collins of Toastmasters International. Everyone welcome. Admission free.

8 THINGS EVERYONE SHOULD KNOW ABOUT COOKING:

1. Cooking from scratch can be fast and easy. Don't bite off more than you can chew. On busy weeknights, do the absolute minimum. Tackle the basics – steamed rice, boiled potatoes, pasta. Sauté vegetables, serve with some meat or eggs, and you've got a fast, tasty dinner. Remember, it's better to cook simply every night than make elaborate meals once in a while.

2. Cooking from scratch will save you so much money! Buy groceries once a week, keep a well-stocked kitchen, and cook from scratch on a nightly basis, or cook just a few times a week and eat the leftovers.

3. Learn some cheap shortcuts to save even more money. Dried beans and lentils are very cheap and easy to prepare: simply soak, boil, and season. Ask your butcher for tough cuts of meat, which are just as delicious as pricey cuts if cooked for a lengthy time in stews or soups; they're especially simple to use in a slow

cooker. Buy seasonally to keep the cost down. Plan your weekly menu in advance to cut down on wasted groceries.

4. There's a lot more to pasta than just tomato sauce. The sky's the limit when it comes to pasta. Cream, butter, and Parmesan can create a quick Alfredo sauce. Olive oil, toasted breadcrumbs, and cheese are a delicious combo. Add a beaten egg, ham, and more Parmesan for instant carbonara. Pesto, chopped leftover roasted vegetables, smoked fish, fresh tomatoes with basil and mozzarella – try everything!

5. Making bread from scratch takes time, not work. There are wonderful no-knead recipes that require almost no work – just some initial measuring and stirring – then you let them sit for hours with minimal attention.

6. Master a few recipes and use those. Start by establishing a small collection of foolproof recipes that you can always fall back on, i.e. roasted chicken, a fine pasta dinner, a vegetable soup, a good omelette, an awesome steak. Branch out as you can, but don't stress out about knowing how to cook everything all at once.

7. Good, basic cookbooks are a great investment.

8. Last but not least, buy a fabulous knife. When chopping becomes effortless, cooking anything becomes a whole lot easier and you'll be more inclined to do it.

BUYING A NEW CAR - BUDGET CAREFULLY:

*Aim to keep a new car for at least three years to spread the cost of rapid initial depreciation

*Check car tax rates before you buy and make sure your budget includes insurance and road tax.

*If you need to borrow money, shop around for a loan before visiting the dealer—you'll almost certainly get a better deal than you would with the dealer's own finance.

*Check the price covers delivery charges and number plates

*Make sure any special features or extras you

want are included in the price

*If you're part-exchanging, price your car realistically: Get an idea of your car's value based on its age, condition and mileage.

*Focus on the 'cost to change' – if you negotiate a good discount on a new car, you're unlikely to get a generous trade-in for your old car.

*You should be able to get more for the car by selling privately but that can be very time consuming and stressful compared with the simplicity of driving to the dealer in your old car and driving away in the new one.

*Be wary of advertised minimum trade-in offers – they might look attractive, but may only be available if you take the dealer's finance package

*Many dealers will have allowed for bargaining in agreeing a price – remember your budget though – don't get carried away

*Don't hand over money until you're satisfied with the collection or delivery arrangements

*Try to schedule collection for a time when the dealer's not too busy so that they can put aside enough time to help familiarise you with controls and any set-up required.

*Familiarise yourself with the warranty conditions before you sign anything:

You may need to fork out for routine checks done to ensure the long-term anti-corrosion warranty remains valid.

Car manufacturers can't insist that you get the car serviced by a franchise dealer during the warranty period but you must still get it serviced according to the manufacturer's recommended schedule and

criteria using only manufacturer approved parts. You will have to keep records so you can demonstrate to the manufacturer that servicing was undertaken to their requirements.

It's worth bearing in mind that if anything goes wrong shortly after the warranty expires, a manufacturer is more likely to show goodwill towards any claim if the car has been serviced by one of their dealers.

*Don't be pressured into buying – walk away if you're not completely happy.

THREE-LEGGED DOG RESCUES LITTER OF KITTENS & CARES FOR THEM:

A three-legged dog in Britain has welcomed new family members to her pack after a heroic rescue that brought a litter of kittens to safety. The dog named Meg alerted staff members at the Rochdale RSPCA to a litter of kittens that were trapped in the ceiling of the animal rescue facility by whimpering and looking up at the ceiling in distress. When they began to investigate, the team found five baby cats in a tiny ceiling cavity, with only about eight inches of space surrounding them. The staff thinks the kittens' mom snuck into the space from the roof of the building to give birth. The shelter believes it is caring for the kittens' mother, but the cat has rejected the litter of kittens, so Meg, a mixed-breed dog who is responsible for their rescue, is pitching in and helping, she is really kind and gentle with them and is always licking them. Meg was brought to the RSPCA shelter as a puppy back in 2008. After being abused by children, Meg had to have her back leg amputated. But the dog has thrived with the manager's care and regularly accompanies her to work. The Rochdale RSPCA will find homes for the kittens once they are old enough to adopt out

but for now, Meg will continue to assist the staff in caring for the young felines and is doing a very good job so far.

IT'S NICE TO BE AN ALASKAN

Residents will pocket \$1,884 by way of this year's Alaska Permanent Fund dividend, up from last year's \$900 payout and the third largest since the payments from the state's oil wealth savings account began in 1982. The fund which is available to all residents born in Alaska on or before December 31st 2013, or those who have lived in the state for one year was established in 1976 after the discovery of oil on Alaska's North Slope. The payout is based on a five-year average

3 OF THE MOST RECENT DISCOVERIES:

1. Archaeologists in England digging at a 14th-century burial site made an unexpected discovery: A couple buried together holding hands had remained that way all this time. The man and woman were found at the site of an ancient chapel in Hallaton, along with nine other skeletons. Scientists plan further study to see whether they can determine the cause of death and why they were buried where they were.
2. According to scientists, an ancient, crescent-shaped stone monument recently identified in Israel is older than much of the Pyramids and Stonehenge.
3. After thawing a 770-pound colossal squid that was hauled up by a fishing boat in the Antarctic and kept frozen for eight months scientists were finally able to take a good look at the best-preserved specimen of the elusive colossal squid ever discovered.

SAVING WATER:

Don't run your washing machine and dishwasher until they are full.
Only fill your kettle with as much water as you need - you'll also save on your electricity bill.
Use a basin. It's useful for washing dishes by hand or collecting the water you use to rinse fruit and veg - which can then be used for watering plants.
Keep a jug of water in the fridge instead of running the tap to make the water cool to drink.
Use the shower instead of soaking in the bath.
Spend less time in the shower.
Flush the toilet only when necessary -

depending on your cistern's age and size one flush can use up to 9 litres of water.
Consider adding a displacement device (such as a 2 litre plastic bottle filled with water or sand) to your cistern to reduce the amount of water used.
Turn the tap off when brushing your teeth, shaving or washing your face.
Collect rainwater to use in your garden instead of using drinking water from the tap.
Use a rose head watering can instead of a hose to water your plants.
Avoid watering your lawn - grass can survive long dry spells and recovers quickly with the next rainfall.
Use a bucket and sponge to wash your car or windows instead of a hose.
Regularly check your indoor and outdoor taps, pipes and plumbing fixtures for leaks.

THE CAT'S DIARY:

My captors continue to taunt me with bizarre little dangling objects. They dine lavishly on fresh meat, while the other inmates and I are fed hash or some sort of dry nuggets. Although I make my contempt for the rations perfectly clear, I nevertheless must eat something in order to keep up my strength. The only thing that keeps me going is my dream of escape. In an attempt to disgust them, I once again vomit on the carpet. Today I decapitated a mouse and dropped its headless body at their feet. I had hoped this would strike fear into their hearts, since it clearly demonstrates my capabilities. However, they merely made condescending comments about what a "good little hunter" I am. There was some sort of assembly of their accomplices tonight. I was placed in solitary confinement for the duration of the event. However, I could hear the noises and smell the food. I overheard that my confinement was due to the power of "allergies." I must learn what this means, and how to use it to my advantage. Today I was almost successful in an attempt to assassinate one of my tormentors by weaving around his feet as he was walking. I must try this again tomorrow, but at the top of the stairs. I am convinced that the other prisoners here are flunkies and snitches. The dog receives special privileges. He is regularly released, and seems to be more than willing to return. The bird must be an informant. I observe him communicate with the guards regularly. I am certain that he reports my every move. My captors have arranged protective custody for him in an elevated cell, so he is safe. For now ...

EMOTIONAL INTELLIGENCE

Emotional intelligence (EI) refers to the way in which we manage, perceive, understand and control emotions and relationships – both our own and others. Research has shown that EI is very important in life – and for many people it is more important for success than general intelligence (IQ). Four different factors have been identified in EI and these include

1. The ability to perceive emotions. In order to understand emotions, we have to first perceive them accurately. This might mean understanding nonverbal cues such as body language and/or facial expressions.
2. Reasoning with Emotions. Emotions help us to prioritize what we pay attention to and what we respond to.
3. Understanding Emotions. If someone is expressing emotion, we must interpret what it might mean – emotions can have a wide variety of meanings.
4. Managing Emotions. Being able to manage our emotions, regulate our emotions and respond to the emotions of others effectively is key to EI.

In order to recognise an emotion 'as it happens' for us, it is important to develop self-awareness. This involves tuning into our feelings, recognising what they are and the effect they have on us. Self-regulation is also important in helping us to manage our emotions. There are times when we may have little control over our emotions, but we can learn techniques to self-regulate.

All of these factors are important in helping us to better understand, empathise and negotiate with other people. The ability to recognise how other people feel is important for success. Being able to read other's signals and respond appropriately is key. The better we are at discerning the feelings behind another person's behaviour, the more skilled we become at communicating with them.

The good news is that EI can be learned and developed. Strategies to work on our EI include

1. **Observe:** How do you react to others. Do you rush in to judge before you know all the facts? Do you stereotype people? Take a closer look at how you are interacting with people and try putting yourself in their shoes.
2. **Put the focus on others:** Give others a chance to shine – without worrying about getting attention for your accomplishments.
3. **Examine how you respond to Stress?** Do you get upset, blame others or get angry when in difficult situations. The ability to stay calm and in control when things go wrong is key to success.
4. **Take Responsibility:** If you make a mistake, apologies.
5. Know how your actions will affect others.

Next week we will explore how parents can teach EI to their children.

SouthWest Counselling Centre will run an 8 week parenting course on Parenting You Teen – beginning Wednesday October 1st. Call **064 6636416** to book your place.

Health Matters.... With Dr. Michael Moloney

Pneumonia is a serious lung infection. Treatment with antibiotics is usually needed. If you are normally well, it is likely that you will make a full recovery. Some severe cases are life-threatening. When someone is in poor health or very old, pneumonia can make them very ill and the infection is more likely to be life-threatening.

WHAT IS PNEUMONIA?

Pneumonia is an inflammation of the lung tissue. It is usually due to infection. Pneumonia tends to be more serious than bronchitis. Bronchitis is an inflammation or infection of the large airways - the bronchi (see diagram). Sometimes bronchitis and pneumonia occur together which is called bronchopneumonia.

Are there different types of pneumonia?

Pneumonia is commonly caused by an infection with a bacterium or virus. There are 3 or 4 different bacteria that are the most common causes of pneumonia. There is also a well-known group of bacteria that causes pneumonia in about 3 out of 10 cases. They are called atypicals. Other germs such as fungi, yeasts, or protozoa can sometimes also cause pneumonia.

Rarely, non-infective pneumonia is caused by inhaling poisons or chemicals.

What are the symptoms of pneumonia?

Typical symptoms are cough, fever, sweats, shivers, being off your food and feeling generally unwell. Headaches and aches and pains are common. You usually make more sputum. This may become yellow/green coloured and is sometimes bloodstained.

You may become breathless, breathe fast and develop a tight chest. A sharp pain in the side of the chest may develop if the infection involves the pleura. (This is the membrane between the lung and the chest wall.) A doctor may hear crackles in the chest when listening with a stethoscope.

Can pneumonia be prevented

Pneumococcal vaccine helps to protect against infections such as pneumonia and meningitis. The vaccine will be injected into a muscle or under the surface of your skin. The most common side-effects are tenderness at the site of the injection, mild fever, feeling tired, and head/muscle aches.

These should soon pass.

Pneumococcal vaccine stimulates your body to make antibodies against pneumococcal bacteria. These antibodies then help protect you from illness should you become infected with pneumococcal bacteria. It provides protection against many (but not all) types of pneumococcal bacteria.

Take it dear heart of Jesus and place it within your own broken heart where your Father sees it.

Then in his merciful eyes it will become your favour not mine.

Amen.
