KILLARNEY TURNS PURPLE TONIGHT

Keep your eyes peeled this evening as businesses and public buildings in Killarney turn purple for the night as part of The Purple Flag assessment. The Purple Flag, is an international quality accreditation for town centres that achieve the required standards of 30 criteria. Similar to the Blue Flag scheme for beaches, towns that meet the stringent criteria can proudly fly the flag. This is a 'gold standard' for Early Night Time Entertainment destinations. Tonight, Friday, 27th July, Independent Assessors will visit Killarney to review the progress the town has made since its initial accreditation in 2014 and again in 2016. The Official Assessment will take place overnight on Friday between 4.00 pm and 4.00 am.

Towns are judged on factors such as atmosphere, the welcome extended to visitors, cleanliness, security and amenities. Purple Flag aims to raise the standard and broaden the appeal of night-time destinations from 5pm to 5am. Town Centres that achieve a Purple Flag are those which are vibrant and well managed in the evening and night-time. Over 70 town and city & town centres have been awarded Purple Flags in the UK and Ireland since the scheme was launched by Association of Town City Management in October 2009. The total number in the Republic of Ireland is 16. Killarney proudly flies the flag at the Town Hall, Garda Station and at KDYS Centre. Killarney's Purple Flag is led by Killarney Chamber of Tourism and Commerce, working with Killarney Municipal District, the Gardai, local businesses, groups and local schools. The Purple Flag is becoming widely known in the tourism industry as a major international brand.

VOLUNTEERS ENSURE KILLARNEY IS LOOKING GOOD

Killarney Tidy Towns Committee, along with a host of volunteers are hard at work in the run up to the Tidy Towns Judging.

Bringing out the best in community spirit, the group meet each week at locations around the town to ensure everything is spic and span ahead of the annual Tidy Towns Competition. The team of volunteers are dedicated to maintaining a clean and safe environment in Killarney thus enhancing the beauty of the world famous town.

Last Monday night the group met at Lidl and cleaned the area around Hans Liebherr Road.

On 2011 Killarney was named Ireland's Tidiest Town and the commitment by the Tidy Towns Committee has ensured that the high standards have been maintained ever since.

Killarney has regularly won gold medals, regionals and awards for the best kept large town and hopefully with all the hard work which is continuing we will be celebrating again this September.

All volunteers are more than welcome to give a hand and the Tidy Towns Committee can be contacted on their facebook page or on their website at www.killarneytidytowns.com.

IMPROMPTU GIG ROCKS KILLARNEY

It had all the signs of a "Crazy World" on Plunkett Street on Tuesday night when Aslan's frontman Christy Dignam and musician Liam O'Connor decided to perform an impromptu gig on the town's pedestrianised street. Belting out the band's hit song - 'Crazy World' the crowd went wild and Killarney Outlook Photographer Marie Carroll O'Sullivan was there to capture the magic. Word of the impromptu performance spread online following an announcement by the Tidy Towns committee on social media and it didn't take long for the street to fill to capacity for the gig which had the town rocking. Aslan are due to play the Town Square in Listowel on August 11th, which will no doubt be another cracking gig.

Killarney Extends a Warm Welcome to Twin Towns

Killarney Town Twinning Association recently hosted two of the first towns, Killarney twinned with - Castiglione di Sicilia, Italy in 1986 and Concord in North Carolina in 1993. "We were delighted to introduce both groups as they had planned their visits at the same time", Sean Counihan, Chairman of the Killarney Twin Town Association told the Killarney Outlook. "We hope in the future to have a mini-conference with the emphasis being on sport, cultural and business", he added.

The group are currently panning the Erasmus European Education and Work Experience Programme with their Twinned town of Pleinfeld, Germany where many links have been established. Killarney town is twinned with 5 towns in Europe and has a Sister City Agreement with 4 cities in the USA.

The twinning link between Killarney & Castiglione di Sicilia was established in 1986. Castiglione is located in the province of Catania in Sicily near the foot of Mount Aetna Volcano and has a population of c. 4000. In 1993, Killarney was chosen as Concord's first Sister City. Concord is a city in the state of North Carolina with a population of approx. 84,000. It is effectively a suburb of Charlotte. Concord offers an excellent variety of entertainment and leisure for visitors, e.g. shopping spree, taking in the beauty of the historic district or attend one of NASCAR's largest races and special events at the Charlotte Motor Speedway. Concord has a diverse economic base that includes distribution, manufacturing, racing and professional services.

Killarney Golf and Fishing Club are formally twinned with Rocky River Golf Club in Concord – joining two premier golfing facilities.

Members of the Killarney Town Twinning Association host members of the group from Concord USA.

ESB Networks warning to farmers transporting hay and straw

ESB Networks has issued a public safety warning to the farming community about transporting high loads of hay and straw which may come in contact with overhead electricity wires.

Coming in contact with overhead electricity wires is extremely dangerous and can be fatal.

Electricity wires are erected at best international heights that permit the transit of loads safely. However serious problems arise when loads are too high and interfere with live overhead electricity wires.

ESB Networks Public Safety Manager Arthur Byrne says: "At this busy time for farmers, hay and straw is being saved and transported on roads around the country. ESB Networks is concerned about a number of incidents where tractors pulling high loads of hay and straw, have come in contact with the overhead

electricity network. In one case, where a high load pulled down live electricity wires, both the tractor and load caught fire. Thankfully the driver escaped injury, but it serves as a timely warning to the farming community on these hazards."

When loading hay and straw onto a tractor or lorry, our advice is to always ensure that the load is low enough to allow for safe transit, and avoid putting the public at risk. When planning the route with a high load, identify where electricity wires cross the road. Where there is doubt, establish if there is adequate clearance and, if necessary contact ESB Networks. NEVER, under any circumstances touch an electricity wire or anything the wire may be in contact with, including the inside or outside of a tractor/lorry/trailer etc. Please contact ESB Networks immediately on 1850 372 999.

Council issue caution alert at Lough Lein

Following investigations, Kerry County Council has identified algal growth along part of the shoreline of Lough Leane in Killarney.

In accordance with protocols for these situations, precautionary signage is being erected at locations around Lough Leane and those who frequent the shoreline are being advised to exercise caution and not to allow dogs to enter the water.

There are indications of further warm and humid condi-

tions which may give rise to further algal blooms at other shoreline locations. Kerry County Council will continue to monitor this very closely.

It should be stressed however that Lough Leane is currently considered to be in very good condition and that the development of algal growths is due to the exceptionally warm weather that has been experienced over the last few weeks.

UNIQUE TRAVEL CLUB TARGETS THE OVER 50S

Loneliness may be a growing problem among older people but one Kerryman has come up with a fun solution to encourage empty nesters and pensioners to connect with others, broaden their horizons and even make money in the process. It's called the Freebird Club, a website offering peer-to-peer homestays with fellow older adults. It is like Airbnb but for over 50s and with a social aspect, in that the host always interacts with the guest. The story of the Freebird Club began in Killorglin, when Dublin-based, Peter Mangan, asked his dad, Owen, to look after Airbnb guests at his house in Kerry. While Peter was away working at a university in Dublin, his retired father Owen was on hand to meet and greet the visitors from around the world. This was an enjoyable experience for Owen, but when fellow older adults came to stay something special happened. They had nights together in the local pub, games of golf and local sightseeing trips, with Owen at the helm. Seeing the great social benefits that his father was now enjoying prompted Peter to think how he could encapsulate and replicate this enriching experience for the benefit of older adults everywhere. This is the heart of The Freebird Club, to

Peter Mangan at his home with his father Owen Mangan.

connect people. The Freebird Club was officially launched in 2017 as a social travel and homestay club exclusively for the over 50s. It is now developing as a global 'peer-to-peer' community, whereby Freebird Club members can travel and stay with each other in the context of a trusted social membership club. Members who wish to travel can search and stay with suitable hosts in destinations far and wide, knowing that a genuine, warm and personal welcome awaits them. To travel or host via Freebird, you first have to become an approved member of The Freebird Club. There is a once-off Joining Fee of €25

which helps cover the costs of vetting and approving members. This 'pay-to-join' membership model also serves to ensure that only genuinely interested people, who subscribe to the Freebird ethos, will go on to join the Club. This enhances the sense of trust, community and security. At the moment they have about 2000+ users across 63 countries. The Freebird Club's mission is to connect and enrich the lives of adults, fostering an 'age-friendly' world and life-enhancing experience. For more information see www.thefreebirdclub.com

Summer Hog Roast Fundraiser

The summer Hog Roast Fundraiser at the Great Southern Hotel on Monday 30th July from 4:30-6:30pm to raise funds to bring Kerri Bird home for Christmas. April Bird, whose family runs the Euroshow funfair in Killarney every summer, is hosting the event. Kerri was diagnosed with mixed cellularity Hodgkin's Lymphoma recently. She has been living in Auckland, New Zealand for 6 years and has started her own beautiful family. Her son Hudson

is 3 years old and her daughter Lexi has just turned 2. April is organising the fundraiser to raise money to hopefully bring her and her family, home to Ireland for Christmas (or at least as soon as she is able to travel). This is a great excuse for groups of friends and families to have a get together. There will be a succulent hog roast with a selection of salads and desserts. The hog roast will start at 4.30pm but you can arrive any time that suits you. They

MONEY MATTERS.....

By Dermot Cronin,
Financial Advisor

SHOULD YOU BE CONSIDERING SWITCHING YOUR MORTGAGE

Most definitely yes because some of the Irish mortgage lenders have much lower mortgage interest rates compared to others. There can be a very substantial difference in interest rates and monthly repayments between lenders. For example on a mortgage of €200000 over 30 years based on a property value of €300000 and comparing current fixed interest rates one lenders 2 year fixed rate is as slow as 2.30% (3.90% APR) which costs €770 per month whereas another lenders 2 year fixed rate is as high as 3.30% (APR 3.96%) monthly repayment €876 per month. The monthly repayment for the lender with the higher rate is a staggering €106 per month more expensive. Over the term of the mortgage you would pay €38,271.60 (approx) more in interest based on the above difference in interest rates and based on interest rates not changing. Of course you would need to qualify for the mortgage with the new lender and also there are many other considerations and information you need to know before proceeding further. An experienced mortgage broker should be able to discuss your options with you in plain simple english and answer any queries you may have.

If you have any other queries regarding the above or any other matter you can contact Dermot Cronin QFA, APA at 0646622775 or dermotcroninifa@gmail.com

KERRY RAISES OVER €144,000 FOR LIFE-SAVING APPEAL

Esther Chegem and son in Central Turkana, Kenya where Trócaire responded to the drought, distributing food packages through the Diocese of Lodwar. PHOTO: AIDAN O'NEILL.

The Kerry public raised over €144,000 for Trócaire's east Africa appeal, which took place this time last year.

Trócaire has thanked the people of Kerry for donating to the life-saving appeal, with their support continuing to save lives. Their donations provided water, food and funds to 75,000 people in Somalia, South Sudan, Kenya and Ethiopia.

The appeal was launched in response to the threat of famine in these four countries as a combination of drought and conflict left almost 25 million people facing severe food shortages.

A national church collection, organised by the Bishops' Conference in support of Trócaire's work, was held on the weekend of July 22/23 and raised €5m for the emergency response. A

Generous contributions from parishioners in the Kerry diocese raised €144,174.58, helping to provide vital aid, including:

Food support to 13,000 primary school children in Kenya.

Rain water harvesting installed for 1,112 households.

Clean water for 4,800 people in Ethiopia. Seeds and tools for 20,000 people in South Sudan. Éamonn

Meehan, Trócaire Executive Director, thanked the Irish public for their compassionate generosity to last year's campaign. "This weekend marks the one-year anniversary of the national church collection held in support of Trócaire's east Africa emergency appeal," said Meehan. "The Kerry public's compassionate generosity has helped us to provide emergency food, livelihood support and water supplies to some of the most devastated areas in the region. "On behalf of Trócaire, I would like to sincerely thank every parishioner who donated to this appeal."

All for a good cause...

FOCUS ON BULBS
Even though it is only the end of July, you can start thinking about planting bulbs.
Most bulbs are suitable for growing in containers especially the likes of tulips, daffodils, lilies and alliums. When planting up a container or window box with bulbs plant them at about three times their depth and about one bulb width apart and don't forget to water them especially when the foliage is on and they are growing. When planting bulbs in the garden dig over the area well where you are planting and add some compost. Always plant your bulbs in groups of about six depending on the type of bulbs. If you would like to add some colour to some areas of the garden for Spring and into summer, it would be advisable to grow your bulbs now in small pots and grow them on until early spring. You can then plant them in their pots in the areas you want and after flowering you can dig them up and keep them until next spring. A good dwarf daffodil for this is Tete-a-tete.

The play will also run in County Mayo for the first time at the Town Hall Theatre, Westport, Friday 14th/ Sat 15th September at 8pm.

A special performance will take place at Killarney Golf Club, Co. Kerry on Friday 26th October at 8pm. This performance will be staged in celebration of the 125 years of Killarney Golf Club and also as part of the Hugh O' Flaherty memorial commemoration. The Monsignor had a very close attachment to Killarney Golf Club.

It gives me great pleasure to announce international dates also. This is crucial to spreading the story of this great Killarney man as well as promoting Killarney and Kerry abroad.

The play will be staged at the Theatre Practice, Singapore on Thursday 28th/ Friday 29th/ Saturday 30th September with the support of the Irish Chamber of Commerce in Singapore. It will be the first time I've had the opportunity to take Monsignor O'Flaherty's story to Asia.

A further honour will be two performances in Valetta, Malta on Monday

15th and 16th October. The second of these will be a special performance in the Presidential Palace where, Marie-Louise Coleiro Preca, President of Malta will be in attendance. These performances have been organised by the Irish Embassy in Malta and follow on from a performance in Rome in 2017 which was also thanks to the Irish embassy there.

In November the play will go to America for a second time with a performance in Columbus, Ohio on November 1st and a second performance at the prestigious College-Conservatory of Music, Cincinnati, Ohio on November 2nd.

"I am delighted with the continued success of "God has no country" which since its premiere in my home town, Killarney in 2013, has been performed almost 100 times and has been seen by nearly 10,000 people", Donal added.

MILLTOWN BYPASS PROJECT – CONSULTATION DAY

A public consultation day will take place on Thursday next, 2 August 2018, at which members of the public and interested parties can view plans for the proposed N70 Milltown Bypass Road project.

Members of the public are invited to the Nagle-Rice Community Centre between 4pm to 8pm to view drawings and designs for the proposed road which would see a bypass of Milltown developed with the support of Transport Infrastructure Ireland.

The upgrade of the N70 route is sup-

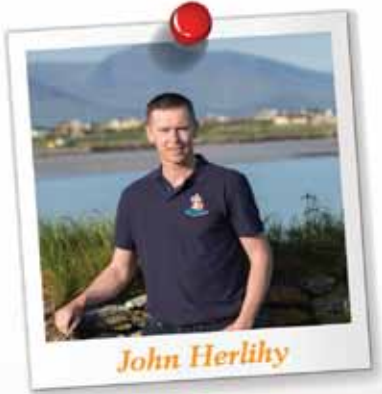

ported by objectives in successive County Development Plans, with the need for a bypass of Milltown being a specific objective of the Kerry County Development Plan since 2009, as well as in the Local Area Plans, and is consistent with national policies for the development of the region and the county.

The objective of the proposed scheme is to improve journey times between Tralee and Killorglin on the busy N70 route and to alleviate traffic congestion in Milltown.

Work currently underway on a new road

which will eliminate a series of bends at Kilderry between Milltown and Killorglin will be completed next year and the proposed bypass would represent a continuation of the route which would connect with the N70 between Milltown and Castlemaine.

Options for the proposed route will be presented at the consultation day and staff from the National Road Design Office of Kerry County Council will be in attendance.

A CUT ABOVE THE REST

Julie's Barbershop, on High Street, awarded some students this week with their hairdressing qualifications. Julie is a member of the Association of British and International Hairdressers (ABIH) and is also a member of the Teaching Council of Ireland. The Association of British and International Hairdressing Schools was founded in 1960 and is recognised worldwide by the The Hairdressing Council as a certifying authority in the UK and Ireland for Hairdressing Schools. It was established to improve standards in hairdressing skills and to formally recognise quality in the teaching of those skills. All members are individually assessed, and recognised, and teach to approved syllabus and exacting standards. Julie's Barbershop was opened in 2004 in the heart of Killarney and she has been teaching in her salon for 10 years now while also teaching in colleges in Cork and Kerry. Jerry Rossiter vice principle /examiner of ABIH was on hand to award the students; David Browne, Shauna Hickey, Jozefina Cenalia., Sean O'Connor, Basheer Almamoori, and Raed Almamoori. The students received certificates which confirms their training to a high standard and is recognized worldwide. Shauna Hickey was the lucky student to receive Barber of the Year 2018, while some of Julie's students now work abroad and others have their own buisness.

New Tehnology at Killarney Salon

Visage Beauty Salon located on Chapel Lane delivers top quality beauty services and therapies in Killarney and with over 30 years' experience in the beauty and health industry Jackie is noted for her high standard of service. The salon has recently added a new treatment to the repertoire -Elysion laser hair removal. A course of treatments is required as laser hair removal is effective on hairs in the growing stage or visible on the skin. At any one time only 70% of hairs in the skin are dormant and not visible on the surface. Therefore for maximum clearance additional treatments are required for each phase of hair growth. The hair will be destroyed and removed permanently and over the next week will fall out leaving the skin hair free and smooth. Treatments are scheduled 6-8 weeks apart as you wait for the next phase of hair growth to appear on the surface. Most clients find treatment comfortable as Elysion has patented 'cool freeze' skin cooling technology which keeps the skin at a cool temperature throughout treatment protecting the skin and ensuring a painless treatment .For most people Elysion achieves maximum clearance in just 6 sessions saving you time and money. Both men and women who wish to remove unwanted hair permanently can avail of this service.The first step is to book a free consultation so they can assess your suitability and answer any questions you may have. For more information you can call them on 064 663 2813 to arrange your consultation.

Back-to-School Tips for Parents

Starting the new school year can be a time of great excitement... and anxiety. Help calm your child's fears with these tips.

MEET THE NEW TEACHER

For kids, one of the biggest back-to-school fears is "Will I like my new teacher?" Breaking the ice early on is one of the best ways to calm everyone's fears. Some teachers welcome phone calls or e-mails — another great opportunity to get to know each other before the year begins.

If personal contact with the teacher isn't possible, try locating the teacher's picture on a school website or in a yearbook, so your child can put a name with a face. If your child's teacher sends a welcome letter, be sure to read the letter together.

TOUR THE SCHOOL

If your school hosts an open house, be sure to go. Familiarising your child with her environment will help her avoid a nervous stomach on the first day. Together you can meet her teacher, find her desk, or explore the playground.

With an older child, you might ask him to give you a tour of the school. This will help refresh his memory and yours.

CONNECT WITH FRIENDS

A familiar friend can make all the difference when heading back to school. You might try calling parents from last year's class and finding out which children are in your child's class this year. Refresh these relationships before school starts by scheduling a play date or a school carpool.

TOOL UP

Obtain the class supply list and take a special shopping trip with your child. Having the right tools will help him feel prepared. While keeping basic needs in mind, allow for a couple of splurges like a cool notebook or a favourite-coloured pen. These simple pleasures make going back to school a lot more fun.

TAX MATTERS

With O'Brien Coffey MacSweeney
Accountants & Statutory Auditors

CHANGING JOB

Whenever you leave a job you should get a P45 certificate from your employer. Your P45 is a statement from your employer that shows your pay, tax, Universal Social Charge (USC), and PRSI details for the year up to the date you leave. When you begin work at your new job, you will need this P45 to give to your new employer. Your new employer then takes some details from your P45 and then sends your P45 to the tax office on your behalf. This is to notify the tax office that you have now commenced working for a new employer and ensures that they are deducting tax appropriately. When you give the P45 to your new employer, they will:

- Operate PAYE in accordance with the tax credits and standard cut off point details shown on the P45 until they receives a tax credit certificate from the tax office.
- Notify the tax office that you have changed jobs so that a tax credit certificate can be issued for your new job.

If you do not give your new employer a P45 certificate, emergency tax will be deducted.

Emergency tax

If your employer has not received either a:

- Certificate of tax credits from the tax office or,
- P45 certificate (parts 2 and 3) from you, in respect of your previous employment,

your employer will be obliged to deduct tax on an emergency basis when paying your employee's wages or salary. This means that they will give you a temporary tax credit for the first month of employment but tax deductions are increased progressively from the second month onwards. The effect of emergency basis is that after 4 weeks, no tax credits are given and tax is paid at the higher rate from week 9, regardless of the level of pay.

FITNESS EXPERT EDELE DALY GUIDES YOU TO A FIT AND HEALTHY NEW YOU...

SETTING GOALS

Not having an end goal is a pitfall I find many people falling into when looking for results. They may want changes to happen but have no goal to motivate, inspire or drive them towards. You need something to work towards, visualise, & make changes for. It would be like hopping into your car in the morning and not knowing where to go? Not having any plan, agenda, or goal? Most mornings most of us have various goals to get through the day; it may be to go to work or drop the kids off to crèche, clean the house, go to the gym or get a presentation ready for a big meeting etc. But the main thing is we have goals to work towards however small or big they are, without these goals how else would we even get out of bed!

- So try it out for yourself! Get out your own and paper & Set yourself a Goal
- Make it measurable, attainable, realistic, and within a certain sensible time frame.
- Write it down
- List the changes that need to be made to make this goal happen
- List the barriers in your way from achieving this goal and work on ways of removing each barrier and this is the key to true success.

WHEN THE WAVES OF LIFE COME CRASHING IN – BE UNSINKABLE

When life is pottering along in its usual way everything feels comfortable and good in our worlds. However, when the waves of life come crashing in we need to know how to navigate those storms. Just as when we are out in the ocean and a huge wave knocks us over, we have to learn how to keep getting up again and again. The key is to keep a buoyancy in your spirit that is unsinkable so that no matter what may happen in your life, you are always in touch with the under current of joy and peace that flows through you.

Here are my top keys for riding those waves and being unsinkable!

•Accept what is happening. When you have news that frightens or upsets you try to accept what is happening in the moment. Fighting the waves won't change them, it will just tire you out and leave you drained.

•Express your emotions. To heal is to feel. Give yourself permission to cry, be angry, upset, shocked or whatever you are feeling. Allow your body to release the emotions.

•Breathe deeply. Help your body cope by taking deep breaths. Make the exhalation longer than the inhalation. Place your hands over your heart and soothe yourself by saying, "It's okay, I'm okay. I'm here."

•Take time. Don't rush into any "knee jerk" reactions. Give yourself the space to think about what is best for you. Talk it out. Seek advice. Come to a coaching session.

•Trust that there is a greater energy in the Universe that has got your back. Connect with this energy. It may be in the form of your guides, angels, guardian spirits or even a loved one. Just imagining some kind of energy helper is a powerful way to feel safe, connected and whole again.

•Know that everything passes. Everything changes. Even the hardest times of your life will pass – they have already.

RATHMORE/GNEEVEGUILLA NEWS

by Michael O'Mahony

THANK YOU

A big thank you to all those who came and supported the 'Comedy' night in Teach Iosagain on Fri. 13th July. Many thanks to the wonderful cast and Teach Iosagain staff that helped make the evening so special.

Keep an eye out for future events and we look forward to the next one! Margaret O'Sullivan.

GNEEVEGUILLA BASKETBALL CLUB

We recently held a very successful fundraising walk to support our Ireland U16 basketball international Ronan Collins with his trips to Europe for international games. Ronan was presented with the proceeds of €3701.50 in the company of his parents Siobhan & Cormac & members of our clubs committee. Ronan played in the Dussmann Trophy held in Luxembourg this past weekend where he and his teammates finished a close runner up to winners Poland. Ronan will be in action again next month. Games are streamed live & we are so very proud to see one of our young people compete at this level. The club & the Collins family would like to thank everyone who came along to our walk & contributed in any way. It was a great day out & again highlighted to us a great sense of community spirit very much alive and kicking in Gneeveguilla. In other Club news we are currently having a SCRAP METAL collection. Any scrap metal can be dropped to Dillanes garage Gneeveguilla until the 9th of September.

We greatly appreciate any metal however big or small.

SLIABH LUACHRA COMHALTAS

Well done to everyone who competed at the Munster Fleadh in Ennis last weekend. It was great to see the branch represented in many competitions across many age categories. To the branch members who were unlucky on the day not to be placed in their respective competitions you did your best and did yourselves and your branch proud. The under 18 half set mixed were placed third in their competition narrowly missing out on All-Ireland fleadh qualification. Dancers were; Cathal Collins, Rachel McGillicuddy, Sean Doody and Ellen Daly.

The under 18 ladies were placed 2nd in their competition securing their place in the All Ireland fleadh. Dancers are; Rachel McGillicuddy, Michelle Brosnan, Aoife O' Sullivan, Emma McGillicuddy, Ellen Daly, Shauna Fleming, Siobhan Mc Sweeney and Gillian Casey. Raecaol senior ladies will also be competing in the All-Ireland final in Drogheda. As reigning champions the senior ladies do not compete at county or regional level. We have two Munster Champions after the weekend.

Mark O'Leary won the English singing competition in the 12 to 15 age category. A fabulous achievement. Mark was also placed 3rd in the Irish singing competition. We wish Mark the very best of luck going forward.

Kieran Browne won the senior Sean nós

dancing competition, a great achievement and we wish Kieran every success in Drogheda. A special thanks to Marie Sheehan who coaches the set dancers for the branch ensuring the dancers are well prepared for any competition. Well done again everyone and we look forward to the All-Ireland fleadh in Drogheda from 12th to 19th August.

FOSSA

MINORS

Fossa were well beaten in the East Kerry League by a strong Rathmore side in the East Kerry league. Rathmore took the lead early on and raced into a five point lead inside seven minutes. Fossa were awarded a penalty in the 10th minute which was scored by Cian O'Shea and they followed this up with another goal in the 13th minute from Killian Buckley to level matters. Rathmore took over from there and the free scoring Anthony Darmody scored a goal in the 20th minute along with a brace of points to leave Rathmore in total command at the break, 1-15 to 2-01.

The second was similar to the first with Rathmore in command, they added further goals through Anthony Darmody, Sean Clifford and some fine points from Fionn Houlihan, Alan Dineen and Paul Cremin. Fossa never gave up, Cian O'Shea was unlucky not to get another few scores when he moved to full forward but Rathmore were too strong on the night and ran out winners on a score of 4-23 to 2-08.

CONGRATULATIONS

Congratulations to Paudie Clifford who won an All-Ireland medal on Saturday when the Kerry Juniors overcame Galway in Ennis.

Paudie set the tone when he scored a brilliant individual goal early in the first half and then after a similar run in the second half was pulled down for a penalty which proved to be a crucial moment in the game. It was a brilliant result for a fantastic player who so deserved to win a medal in the green and gold.

It was younger brother, Davids turn on Sunday when he scored a brilliant goal in Clones to rescue Kerry's season and hopefully help the senior team to a place in the semifinal of the championship. All in all, it was an unbelievable weekend for the Clifford family and long may days like that continue!

FOSSA/TWO MILE COMHALTAS

DR CROKES CLUB NOTES

EAST KERRY JUNIOR CHAMPIONSHIP O'SULLIVAN CUP SPONSORED BY KILLARNEY CARPET & FURNITURE CENTRE

A young Crokes team took on Scartaglin in the first round of the O'Sullivan Cup in Lewis Road on Tuesday night. Dr Crokes put early scores on the board through good points from Mark Fitzgerald, Billy Courtney and Mark O'Shea but

Happy faces.... Enjoying the Dr. Crokes Summer Camp which was held this week at the club's Lewis Road grounds.

the visitors stayed in touch leaving the score 0-03 to 0-02 after 15 minutes. Crokes then lost the influential Mark O'Shea to a Black Card and became more profligate in front of the posts. Points from Brendan Falvey, Brian Fitzgerald and Cian O'Neill gave the Crokes a deserved 0-06 to 0-04 lead at half time but it should have been more.

On the resumption Scartaglin reduced the Crokes lead to the minimum as the home side continued to be inaccurate in their shooting before three point in 3 minutes from Cian O'Neill, Brendan Falvey and Darren Doherty put Crokes up by four points at the three quarters mark.

Credit to Scartaglin, they fought back with two quality points. A Mikey Casey point pushed the lead out to three again but Scartaglin found the back of the net to level the tie with ten minutes to go and ensure a nerve finish.

Both sides had missed some chances in the closing stages before a third point from Brendan Falvey and a Bryan O'Shea point gave Crokes a two point lead with three minutes to go. Scartaglin fought to the finish and saw an effort rebound off the crossbar in additional time but Dr Crokes held on to win on a scoreline of 0-12 to 1-08.

INTERMEDIATE HURLING CHAMPIONSHIP Q/FINAL

Dr Crokes 2-18 Kenmare 0-11

Played at Lewis Road on Wednesday 18th July we recorded our second win of the Championship, this time against our old rivals, Kenmare.

Our team, backboned by several talented young players as well as a few experienced old campaigners led from start to finish. There was little between the teams for most of the game but the two goals, the first scored by Jack Lenihan shortly before half time and the second by Rob Ryan (after a searing run by Chris Doncel) along with a series of well taken points, notably by Richie Farrissey, put us in a commanding position and in the end we ran

out as comfortable winners.

Kenmare will regret several missed chances both from play and placed balls as well as the sending off of one of their players late in the first half.

This was our best display of the season so far and we now face the winners of St. Brendans (Ardfert) and Causeway on next Wednesday 25th July at a neutral venue to be arranged in the County Semi Final.

ALL IRELAND FOOTBALL CHAMPIONSHIP SUPER 8'S

CLIFFORD'S CRACKER RESCUES KERRY

KERRY O'SHEA REPORTS FROM ST TIERNACH'S PARK, CLONES AS KERRY SURVIVED TO FIGHT ANOTHER DAY

GROUP 2

STORY SO FAR

KERRY
(Munster Champions)

It certainly has not turned out like what we would have hoped but Kerry have limped to game day three and still have a chance. That about sums up it up really. Kerry will want to end the season on a high and really sees where it goes from there.

GALWAY
(Connacht Champions)

Win and top the group lose and face Dublin. That really is the choice for Galway and in many ways, it is somewhat lucky for Kerry that the threat of Dublin in Croke Park for an All Ireland Semi-final hangs over the tribesmen and surely, they will want to finish on a high in front of their fans.

KILDARE
(Qualifiers)

Kildare have nothing to play for but pride but the one thing you have to say about the Kildare outfit, is that they are hugely competitive. Their losses to Galway and Monaghan mask their ability and by years end, they will have a lot more positives than negatives gathered

MONAGHAN
(Qualifiers)

There are still in the hunt and will head to Galway in two weeks' time with a real chance. Probably lucky that they have a 2 week break to get over what must have been a real disappointment that they did not defeat Kerry.

RESULTS

Kildare 0-16 Galway 0-19
Monaghan 1-17 Kerry 1-17

FIXTURES

Saturday 4th Aug: Galway v

Kerry v Kildare
Fitzgerald Stadium Killarney 6pm.

MARK GRIFFIN IS BROUGHT DOWN ON HIS WAY TO GOAL BY MONAGHAN'S DEFENDER DREW WYLIE IN LAST SUNDAY'S ENCOUNTER.

KERRY 1-17 MONAGHAN 1-17

At St. Tiernachs Park

A late late piece of individual magic from Kieran Donaghy, David Clifford and James O'Donoghue rescued Kerry from almost certain defeat in this Super 8 Phase 2 clash at St Tiernach's Park, Clones on Sunday afternoon.

Just as he had accomplished seven days previously in Croke Park, Clifford was in the right place to volley Donaghy's palmed delivery to the net for a crucial goal.

O'Donoghue's perfectly-timed kick pass to Donaghy was the catalyst for the dramatic equalising goal which left the Monaghan faithful in shock and the Kerry supporters breathing a huge sigh of relief.

Monaghan should have won this game as they held four and five-point advantages three times during the second half but Kerry are never beaten until the final whistle blows.

The Kingdom stuck to their guns and clawed their way back each time and indeed, the fighting ability of the younger players in this Kerry side, such as Sean O'Shea, David Clifford, Tom O'Sullivan and Gavin White was there for all to see.

Monaghan, thanks to the individual brilliance of Conor McManus, their main scoring threat this summer, got off to a dream start. McManus, who finished the day with 1-9, stole inside the Kerry defence to shoot past Brian Kelly.

Monaghan were unlucky not to goal a second time when Conor McCarthy's shot from a rebound flew over but the Farneymen were

full value for their four-point interval lead, 1-11 to 0-10.

Kerry's main scoring threat in the first-half was Kenmare's Sean O'Shea, who scored seven of his side's tally, including six frees. O'Shea was subsequently withdrawn midway through the second-half by manager Eamonn Fitzmaurice, much to the chagrin of the Kerry fans.

Late late points from David Clifford, Stephen O'Brien and Anthony Maher ensured that Monaghan maintained a three-point cushion as the game entered stoppage time. Then came that late-late equaliser and the rest is history.

Kerry know that a win by at least seven points in their final game against Kildare should secure them a semi-final spot provided of course Galway beat Monaghan in the other final round fixture in Pearse Stadium.

Monaghan: Rory Beggan (0-4, 4f); Kieran Duffy, Drew Wylie, Ryan Wylie, Colin Walshe (capt), Vinny Corey, Karl O'Connell (0-2); Niall Kearns, Darren Hughes (0-1); Ryan McAnespie, Shane Carey, Dermot Malone; Conor McCarthy (0-1), Fintan Kelly, Conor McManus (1-9, 0-5f)

ALL IRELAND FOOTBALL CHAMPIONSHIP SUPER 8'S

THE SIDELINE COLUMN

In his column this week donal barry praises the kerry's team heart to keep going to get a result in Clones

KERRY NOT "MAROONED" JUST YET

With five minutes to go, they were already working on Eamon Fitzmaurice's management obituary.

"Never won a big game since 2014 when it mattered". "Never made the right calls at the right time" with "a question mark over his team selections".

However while the obituary writers were busy collecting their data and their thoughts, most had forgotten one thing Fitzmaurice has installed in all his teams "Heart".

It cannot be measured and it will not show up in a stat but "Heart" was needed when James O'Donoghue floated in that one last throw of the dice.

It was heart that put Kieran Donaghy in the right place having to keep his eye on the ball with three Monaghan players hanging off him and it was heart that was needed by David Clifford who struck for that late goal.

It was a goal that saved the Kingdom from exiting the championship in July. However it may still not be good enough to put Kerry in the All Ireland semi-final's but it ensures that Kerry, in front of their own fans have at least one last championship big day out and if Galway can defeat Monaghan and Kerry return with a decent win against Kildare, they might yet end up in Croke Park with Dublin.

It's the Dublin factor, that will keep Galway honest and hopefully they will not be looking back at the 1982 world cup when both Austria and West Germany conjured up a 1-0 result to prevent Algeria from exiting the group.

In many ways, it is proof that the Super 8's is an exciting competition. In the other group Donegal, host Tyrone with the winners looking for a semi-final spot. So the GAA hierarchy will be delighted that there is plenty to play for in the third round of games.

Delighted too will be Eamon Fitzmaurice, who surely must have been feeling the pressure with

ten minutes left on the clock in Clones. He rung the changes – 5 in all from the Galway loss – but it seemed more of the same for a team who thrilled and delighted fans in their opening rounds against Clare and Cork.

That delight was in short supply as the clock ticked into injury time, in fact some Kerry fans had already headed for the exits. Something I can never understand from supporters. You go to support the team, they are amateur in status and despite their performances, signally or team, they certainly do not go out to underperform. During the game, Kieran Donaghy called on Kerry supporters to make their voice heard and for a time, sections did but not in a way Mayo fans did last season.

In two weeks' time, Kerry fans will get a chance to host their team in Fitzgerald Stadium, in a game in which the players need support. Real support, real colour and real encouragement. The eyes of the GAA world will be on Kerry to see can they perform their great escape and while it is true that their fate is in the hands of others, they still have the ability and talent to win.

Where it goes after that is another day's debate.

SUPER 8'S FOOTBALL GROUP 1

STORY SO FAR

DUBLIN
(Leinster Champions)

With a semi final spot already secured, Jim Gavin's team showed a controlled side against Tyrone and while tested a little more than usual. Had plenty in the reserve. Roscommon unlikely to stop their unbeaten run

DONEGAL
(Ulster Champions)

All set up for a winner take all contest with Tyrone. The current Ulster champions were far from their best defeating Roscommon but will surely back themselves at home to Tyrone.

TYRONE
(Qualifiers)

Mickey Harte has one last throw of the dice with a trip to Donegal and its something that certainly wont fear his. They are creating chances and running up big scores but might have to revert back to type in this all Ulster derby clash

ROSCOMMON
(Qualifiers)

Hasn't been the greatest time to be a Rossie fan and they have one more tough day in the office to look forward to with Dublin next up. Highlight to date has been Paul McStay's shooting, deadly accurate from 20 yards as well.

RESULTS

Tyrone 0-14 Dublin 1-14
Roscommon 0-13 Donegal 0-20

FIXTURES

Sunday 5th August: Donegal v Tyrone at Donegal 3.30pm
Dublin v Roscommon at Croke Park 3.30pm.

KERRY GAA SCENE

REPORT BY LEONA TWISS, PRO

STILL IN IT AFTER PHASE 2!

Last Sunday was a rather special occasion in that Kerry hadn't played too many Championship games in Ulster. In fact, the last time was in 1933 when Cavan beat us in the All Ireland semi-final. Compliments to Monaghan GAA who did a superb job hosting the fixture and St Tiernach's Park, Clones proved to be a top-class venue. The game was a joy for all neutrals but Kerry Fans experienced a range of emotions throughout the 75 minutes! At 70 minutes, it looked as though our Championship hopes had come to an end but then came the pass from James to Kieran, the brilliant block down from Kieran and the sublime finish by David to level the game. There was a possibility that we could have won the game but that perhaps would have been undeserved. Kerry improved on their previous week's performance against Galway and came out showing hunger and fight in the second half. Our younger players really stood up and were not fazed by their Ulster opposition. Éamonn Fitzmaurice announced two further changes before throw-in and the introduction of Kieran Donaghy brought superb leadership and vision to the Kerry side. We did struggle in some quarters but a draw gave us an invaluable 'point' in Group 1 of the Super 8s. We are still in the Championship but our destiny is no longer completely in our hands. We need to beat Kildare at home in Killarney and we need Galway to beat Monaghan. That would put both Kerry and Monaghan on 3 points and then it comes down to scoring difference! But the hope is still there that we can finish in second place in Group 1 and that would set us up with a semi-final against Dublin. But let us not get ahead of ourselves and our focus is now completely on playing Kildare. We cannot influence matters in Salthill so it is best to focus on winning our own game.

Our game against Kildare throws in at 6pm in Fitzgerald Stadium. Kildare can't qualify for the semi-finals but they will be playing for pride and the desire to finish third in the group. Tickets are currently on sale online at tickets.ie, in the Kerry GAA Store Killarney and in the SuperValu and Centra stores around the county. Adult tickets are €25 and Juveniles are €5. Student/Senior citizen tickets are available on the day. There will be no concession stiles. Seating is not allocated so those arriving earlier will have the access to the seats in the stand. Match programmes will be on sale for €5 with a percentage of the sales going to the Fitzgerald Stadium Committee for the maintenance of the grounds. The gates will open at 4.30pm and as always we ask Patrons attending the game to follow the instruction of the stew-

John C O'Shea, Mark Cooper and Terry Potts pictured on top of Strickeen Mountain on the Dr Crokes Day Out - Part of the Healthy Clubs Initiative.

ards and to avoid parking in residential areas. The team will be announced on the Kerry GAA website on Friday week at 8pm. For last minute purchases, the Kerry GAA Store in Killarney will be open for business right up to throw in time so it gives all fans the opportunity to proudly wear their colours!

THE KERRY JUNIORS & KERRY MINORS

The Kerry Juniors are All Ireland Champions! It was a great game and an amazing achievement to win 4 All Ireland Junior titles in a row particularly as you are working with a new group each year. Congratulations to Jimmy Keane, his selectors, his management team and of course to the full panel. The players really stood up to the plate particularly in the last 10 minutes when they trailed Galway but then Niall O Shea's penalty conversion put them back in the lead, a lead they maintained until the final whistle. The cup was presented to Kerry Captain Kieran Murphy by Munster Council Chairman Jerry O'Sullivan.

The Kerry Minors will play Roscommon on Saturday at 3pm in the Gaelic Grounds Limerick in the All Ireland Minor Quarter Final. The Kerry Minor Team will be named on Thursday night on the Kerry GAA website.

ACORN LIFE U21 COUNTY CHAMPIONSHIP & CREDIT UNION COUNTY LEAGUES

The Quarter Finals of the Acorn Life U21 Championship are fixed for next week. The draw will be made today (Wednesday) and the CCC will

announce fixtures later this week. This weekend, Round 10 of the Credit Union County League goes ahead with most games fixed for 7pm on Saturday. For all the latest fixtures, check the fixtures section of the Kerry GAA website.

EU SURVEY ON SUMMERTIME

Ireland South MEP and Kilcummin Native Sean Kelly The only Irish Member of a cross party group of MEPs campaigning for a review of Daylight Savings Time (DST) is advising all citizens and stakeholders in the EU to let their opinions on whether we wish to continue the present system of putting our clocks forward one hour in the summer, and back again in the winter, have permanent Winter Time or Permanent Summer Time by completing a short survey online. The consultation questionnaire can be filled out online until August 16th by entering EUSurvey Public consultation on summertime arrangements in your search engine or if you really like typing please enter <https://ec.europa.eu/eusurvey/runner/2018-summertime-arrangements>

Please remember that if you do not let the EU Parliament know your opinion, then it will not be very fair of you if you complain at having to adjust your clocks and timers twice a year into the future.

THE REWARDS OF ADOPTING DOGS

Some weeks ago in my Ramblings I mentioned 5 Reasons to Adopt a Dog and I would like to sincerely thank Killarney Outlook Reader Pam Kelly for being so kind as to get in touch with me at the beginning of July and letting me know her own experience of the rewards to be gained – which I am sure she will not mind sharing with my readers in her own words:

"I have 2 fostered dogs that were in Kingdom rescue, I'm mad about them, though they do try my patience at times but I've only just had them just over 2 weeks, and it's about learning to live with one another and understand what they have gone through and understanding why they do what they do and how can you help change their behaviour. Within a week the bonding started, when I took them for a walk, they learnt quickly to walk behind me as it is not easy to walk 2 dogs without falling over them, I have to say they did

not care for the bath at first but once I massaged the shampoo into Tiny he relaxed, and I think they realised I did it for their good. I must say they really do appreciate what they have and they only want to please me.

They came as a pair as Billy is deaf and met Tiny at the rescue and became good friends and Tiny helps Billy".

Pam says she has discovered that anyone who will adopt a dog will get great fun out of watching them play, and get a great welcome when they get up in the morning or when they get home, they are easy to please it's unconditional love.

HAVE YOU EVER HEARD OF WOLVERTON MOUNTAIN?

Most followers of American Country Music have at least heard of, if not sung along with "Wolverton Mountain" but did you know that the real Woolverton Mountain is north of Morrilton, Arkansas and the man mentioned in the song Clifton Clowers was born in 1891 and farmed a section of land on Wolverton Mountain. There are photos of him ploughing his land with a horse when he was 100 years old, just two years before his death in 1994. The original song was written and recorded by his nephew Merle Kilgore.

Clifton Clowers and his wife Esther (Bell) are buried in Woolverton Mountain Cemetery, on Woolverton Mountain near the northern boundary of Conway County, Arkansas.

HUMANS ARE HEALTHIER WHEN THEY'RE CLOSER TO NATURE

We all know that nature is good for us. It feels simply wonderful to just stand outside, surrounded by green leaves, fresh grass, golden dandelions, and the chirping of little birds.

According to extensive data collected by researchers from the University of East Anglia, "living close to nature and spending time outside has significant and wide-ranging health benefits." Exposure to greenspace, be it an urban park or a rugged trail, had powerful health impacts. It was shown to reduce type II diabetes, cardiovascular disease, premature death, stress, high blood pressure and more. It even improved sleep quality and duration. And this wasn't just shown across a few hundred people. The evidence spanned 140 studies over 20 countries and involved over 290 million people.

CLONES AND DESCENDANTS OF ISAAC NEWTON'S FAMED APPLE TREE GROW ON 6 CONTINENTS

At Woolsthorpe Manor in Lincolnshire, England, the ancestral home of Sir Isaac Newton, sketches drawn by the revolutionary physicist, mathematician, and astronomer still adorn the house's walls. Outside, a gnarled apple tree has been growing for centuries.

A genetically identical tree is growing at Trinity College, Cambridge the University he attended, several more grow at Parkes Observatory in Australia, and another at the Massachusetts Institute of Technology. Descendants and clones of the Woolsthorpe Manor tree dot college campuses and research centres on every continent, except Antarctica. A tree at Occidental College in Los Angeles bears plaque like many others across the globe that reads "Grown From An Apple From The Estate of Sir Isaac Newton, Lincolnshire, England."

In 1665, the just-graduated Isaac Newton fled to his family home to avoid a plague outbreak. After observing an apple fall from the then-young tree when he was just 23 years of age he considered what force could pull objects in a straight line towards the earth. It was the first step towards his theory of gravity, which he published in 1687.

The story is widely believed to be false, but Isaac himself said his theory arose from seeing a falling apple while he stayed at Woolsthorpe.

Regular sketches of Woolsthorpe Manor after Mr. Newton's death continuously show an apple tree in the same spot as the current tree. With no other aged apple trees recorded as growing in the garden, before or after Newton, the Woolsthorpe Manor tree is now widely considered "the one."

Likely planted around 1650, it partially collapsed after a storm in 1816. While it re-rooted itself, part of the fallen tree was made into a chair, and chunks of the wood were taken as souvenirs. Living wood was also taken and propagated elsewhere. One shoot was taken to nearby Belton Park in 1820. The Fruit Research Station in East Malling took part of that tree in the 1930s. From there, the tree spread across the world, as universities, observatories, botanical gardens, and research centres clamoured for a Newton tree of their own. These institutions received a piece of history, not delicious fruit.

WORKPLACE STRESS

Whilst we can't control everything in our work environment, we're not powerless to make some changes – even in very difficult circumstances. Fear of losing our job, increased pressure to perform to meet rising expectations, staff cutbacks and increased overtime can all lead to excessive workplace stress. The way in which we deal with workplace stress and pressure is crucial. The key factor is to focus on those things that are within our control – namely ourselves. The better we are at managing our own stress, the less we will be affected negatively by other people's stress. Strategies to manage our own stress include It is important not to ignore the warning signs of work stress as these can lead not only to less productivity and effectiveness but to physical and emotional problems. Some signs and symptoms of excessive job stress include lack of interest in work, sleeping problems, social withdrawal, headaches and muscle tension, fatigue, difficulty concentrating, feeling anxious or irritable and stomach upset. If you are experiencing any of these symptoms then it is time to take action. Taking care of you involves making more positive lifestyle choices – one step at a time.

1. Keep Active. Regular exercise is a powerful stress buster. Try to get at least 30 minutes of heart-pounding exercise at least 5 times a week. This will enhance your mood, increase your energy and relax your body and mind.

2. Healthy eating is vital for dealing with stress. Eat small but frequent meals to maintain a balanced blood sugar, avoid mood swings, keep your energy up and help you to concentrate.

3. Smoking can lead to higher levels of anxiety as nicotine is a very strong stimulant.

4. Don't drink to relieve job stress as this can lead to problems down the line.

5. Aim to sleep for 7-8 hours per night as a good sleep can keep us emotionally balanced and better resourced to deal with stress.

6. We've all heard how 'a problem shared is a problem halved' – so share how you are feeling with family or friends.

7. Prioritise and Organise your responsibilities. Good time management and organization can significantly reduce stress levels. Make a list of 'to-do' tasks and attend to them in order of importance – with high priority tasks first.

8. Break tasks into small steps – and focus on each manageable step one at a time. This will prevent you from getting overwhelmed by taking on everything at once.

Next week we will look at further strategies to reduce Workplace Stress.

Know Your Rights:

QUESTION

I am a pensioner living alone. I used to get an allowance towards my telephone bill, but it stopped a few years ago. I heard it might be coming back – is this true?

ANSWER

The allowance you used to get was the Telephone Allowance, which was a monthly payment towards your mobile phone or landline and was part of the Household Benefits Package. This payment was discontinued in January 2014.

What you may have heard about is the new Telephone Support Allowance (TSA). The TSA is a weekly payment from the Department of Employment Affairs and Social Protection (DEASP) which aims to help with the cost of communications and/or home alert systems for people who live alone and have limited means.

To qualify for the TSA, you must be getting both the Living Alone Increase and the Fuel Allowance along with another social welfare payment such as the State Pension. Since the week of 4 June 2018, the TSA has been paid automatically to people who qualify. There is no application form and you do not need to contact the DEASP to apply.

The TSA is a payment of €2.50 a week. It is paid in addition to your weekly social welfare payment.

If you believe you should qualify for the TSA but have not been getting it since 4 June, contact the DEASP section that pays your main pension or benefit. You can find these contact details on welfare.ie.

A Word of Victory

Welcome back dear reader, last week we spoke about sex outside of marriage, now let's look at sex within marriage. God created sex to be enjoyed within the covenant of marriage. Yes - to be enjoyed, not just for creating babies! Condemnation has beset this subject, causing people to experience negative emotions regarding sex. This is a religious spirit in action, and it tries to destruct that which the Lord made beautiful. When a husband and wife love each other, sex is an expression of that love. Unfortunately, like everything else, a married couple's intimate relationship can be corrupted by sin and demonic forces which can crush and destroy it. God created the woman from the man to be his helpmate and partner in life. The Lord anointed the man as priest in his home to reflect God's love to his wife and family, and to look after them. "For this reason a man shall leave his father and mother, and be joined to his wife...and the two shall become one flesh." (Genesis 2:24) Both the man and woman have distinct needs which are fulfilled and complimented as they join in marriage.

Marriage must be given priority by both the husband and the wife, and this is where difficulties arise. In Moses' time, a young husband was left at home for the first year of marriage so that he could bring happiness to his wife. Nowadays pressures of jobs, mortgages, children, (and the ever-present phone in the hand) can prevent a couple spending time with each other to work on their friendship and relationship. Things can get out of sync because of communication breakdowns, or unresolved hurts and wounds, or simply by not taking the time to encourage each other as friends should. Have you ever prayed with your spouse dear reader? Prayer changes things, and when we bring the Lord Jesus into our circumstances, we are submitting to Him and bring a blessing on our family.

When one partner violates the covenant of marriage by a betrayal, or by aggression, manipulation or abuse, they are bringing judgement on themselves, and curse on their family. If this has been you, repent and stop it now before it's too late. The devil hates marriage and family and does his utmost to destruct it - watch out! Unity in a family starts with the couple's own relationship, based on 'oneness' and equality, and not on domination or control. "Rejoice in the wife (or husband) of your youth" (Proverbs 5:18). Don't ever think the grass is greener on the other side friend - it isn't!
