"CPAP therapy completely turned my life around"

Marguerite is from Kerry, lives and works on a farm and has been active all of her life. However, regardless of the amount of sleep she had she continued to feel tired. Marguerite attended her GP who referred her to Dr Alan Mulgrew one of the two Respiratory Consultants in the Bon Secours Hospital Tralee.

“Dr Mulgrew admitted me for sleep studies and I was diagnosed with severe sleep apnea. I was supplied with a CPAP machine and since then I haven't looked back. I now feel like a normal person again and can go about my daily life without feeling tired and lethargic

“Obstructive Sleep Apnoea is a common condition characterised by intermittent pauses in breathing during sleep. Sleep apnoea is associated with an increased risk of heart attack, stroke and motor vehicle crashes. Patients with sleep apnoea are often severe snorers, although not everyone who snores has sleep apnoea. The condition is treatable and the prognosis is good once treated. -Dr Alan Mulgrew, Consultant Respiratory Physician at Bon Secours Hospital Tralee

The Respiratory Department in the Bon Secours Hospital Tralee provides a wide range of services for various different conditions. "As well as sleep apnoea, we offer diagnostic and treatment services for the full range of chronic lung disease including asthma, COPD and fibrotic lung disease." Dr Alan Mulgrew, Consultant Respiratory Physician, Bon Secours Hospital Tralee.

Dr Mulgrew and Dr Azhar Jahangir, are both supported by Ms Mary Nagle, Advanced Nurse Practitioner and two Respiratory Physiologists, Ms Daniela Freire and Ms Helena Dias.

Marguerite attends the Respiratory Department for her yearly review.

“After the initial shock I experienced an overwhelming sense of relief. The more educated I became about sleep apnea, the more reassured and positive I felt. This diagnosis has changed my life – I feel like I'm living again. I am very grateful to all the staff in the Bon Secours Hospital Tralee

A HERO'S WELCOME HOME FOR JORDAN

A heroes welcome at Killarney Cultural Centre for Jordan Lee bringing home bronze in the Euro Para Athletics High Jump from Berlin. Pictured with Killarney Valley Athletic Club were L-R Breda Stack, Jerry Griffin, Tom Doherty, Ruth Courtney, Jordan Lee, Elizabeth Stack and Gene Courtney. PICTURE: MARIE CARROLL-O'SULLIVAN

Killarney's own European Champion, Jordan Lee, was given a hero's welcome in Killarney last monday. A large crowd turned out to welcome him following his win at the European Para Athletics Championships in Berlin. High jumper Jordan, aged 18, arrived back in style in a convertible sports car with the bronze medal around his neck and the tricolor across his shoulders. The talented 18-year-old, only began practicing the sport in 2017, but finished third in the T47 high jump at the championships. Lee's bronze adds to Ireland's haul of four golds, won by Greta Streimikyte, Noelle Lenihan, Orla Barry and Jason Smyth, and Orla Comerford's bronze. Jordan who is coached by decorated athlete Tomás Griffin at Killarney Valley AC, paraded through the town arriving at the Cultural centre on East Avenue where there was a real party atmosphere with DJ Gavin O Leary spinning out the hits. The event was organised by Killarney Valley Athletics Club with support from the Killarney Chamber of Tourism and Commerce. There was a number of Speakers on the night with Killarney valley's disability liaison officer Tom Doherty acting as the MC for the celebrations. Deputy Mayor of Killarney, Cllr Niall Kelleher, was on hand to greet Jordan and commented on the tremendous joy Jordan has brought to his parents, his family, his friends and to the entire country through his achievements in Berlin. Jerry Griffin spoke on behalf of Killarney AC and expressed the pride of the club with Jordan's achievements. Jerry received a large cheer when he availed of the the opportunity to remind the politicians present the importance and value of the micro track project for the local community. Jordan also took to the microphone to share his experience of taking part in the championships, and he thanked everyone for coming out to support him. The Minister of State with responsibility for Sport,

EDITOR'S NOTE

It has been a week of welcomes in Killarney – On Monday the town welcomed home Athletics hero Jordan Lee following his success at the Para Athletics in Berlin, schools in the parish welcomed pupils of all ages back for the start of the school year and businesses welcomed the news that the Races are worth €8m to the local economy. As the Kerry minors prepare for the toughest test of all on Sunday we wish them the very best of luck in their quest for 5-In-A-Row as they meet Galway in the All Ireland Minor Football Final.

Brendan Griffin, also congratulated Irish athlete Jordan Lee for his bronze medal success at the World Para Athletics European Championships in Berlin.

"I am delighted to congratulate Jordan Lee for securing a bronze medal at the World Para Athletics European championships in Berlin. Ireland's Paralympics sports men and women are an inspiration to us all and I know how determined Jordan is to continue his progress with the Paralympics in Tokyo 2020 in his sights. He has already shown such character by making his mark in basketball so I'm sure all of his family and friends are not one bit surprised by his determination to be amongst the best high jumpers in the world. No doubt all of his club-mates and coaches at Killarney Valley AC are extremely proud of Jordan's achievements." Huge congratulations to Jordan and best of luck for the future!

Carolyn's Climb of Carrauntoohil Completed

Bad weather did not dampen the spirits of those that took part in Carolyn's climb of Carrauntoohil which took place on Sunday August 26. 50 people turned out in poor conditions to reach the summit of Ireland's highest mountain, including climbers from Kilkenny, Galway and even California. Organizer, Elyse Brosnan, planned

the sponsored climb of Carrauntoohil in memory of her sister Carolyn and to raise funds for the Kevin Bell Repatriation Trust (KRBT). The KRBT aims to alleviate the financial hardship of bereaved families repatriating the bodies of loved ones who have passed away in sudden or tragic circumstances abroad, back to Ireland. Elyse's sister Carolyn passed away in London in December, the Kevin Bell Repatriation Trust

were helpful and supportive and took over the legalities and costs of bringing her home. The group were guided by Richard Morrison of Morrison Tours who gave his time and waived all fees bar the insurance so that they could have more money for the foundation. Elyse is so grateful for everyone who turned out in

horrendous conditions, from people who brought cupcakes and bananas, to Derek Daly from Supervalu Killarney for providing sandwiches. Kate Kearney's Cottage gave them a warm welcome after the climb. She would like to thank everyone for their support and is delighted that she has exceeded her fundraising goal thanks to donations and generous sponsors, as she said 'Carolyn would be so proud of all of us and everyone should be so proud of themselves'. If you would like to donate to the KRBT you can do so IE39AIBK93633281587341

Thank You to our Facebook followers

A huge thank you to the followers of Killarney Outlook on Facebook who came to the aid of an elderly lady who had lost a miraculous medal which is very precious to her, as it was given to her by her sons who are now deceased. The Lady of the Immaculate Conception Medal has been in her possession for 60 years and

she wears it on a long silver chain every day. On Tuesday this week we posted her dilemma on our facebook page and within hours it had been shared by hundreds and reached an amazing 18,000 people. The good news is that the lady and her medal have been reunited and she wants to thank everyone who came to her aid.

Culture Night in Kerry will be catching all right!

A date for your diary....

Culture Night this year takes place on Friday 21st September. With the national catchphrase 'Culture is Catching', venues and public spaces across Ireland open their doors to host a programme of free arts entertainment from 5pm until late. In Kerry the event is in its fourteenth year and the selection this year is "one of the best to date", said Cathaoirleach of Kerry County Council, Norma Foley who, along with Moira Murrell, CE of Kerry County Council, Kate Kennelly, Coordinator of Culture Night in Kerry and importantly Culture Night participants from across Kerry came

together to mark the launch of Culture Night is week at Tralee Town Park. All event details for Kerry are available on www.culturenight.ie under 'Kerry'. The printed programme will be available in Libraries and from Kerry County Council from September 7th, and on line at www.culturekerry.com.

This years' local Culture Night Ambassador, is vocalist and musician Gemma Sugrue, who knows all about catching culture, having been reared in a family where theatre, music and storytelling were part of everyday life. Gemma is urging everyone to enjoy the free events on the evening and look at September 21st as a starting point for a greater relationship with

the many cultural offerings available in Kerry. The Arts Office at Kerry County Council has been busy co-ordinating events with local organisers and is supported in this work by the Department of Culture, Heritage and the Gaeltacht. A total of 13 towns and villages are involved across Kerry, offering 58 events, in 48 venues. "Culture Night offers great choice and is a very important showcase for creative people and organisations right across the county", stated the CE at Kerry County Council, Moira Murrell.

Events start at 5pm in Killarney at the annual Kerry Visual Artists Showcase in Government Buildings, a significant exhibition of work by artists in Kerry. A commissioned event titled "The Landed Gentry & the Help" takes place at Killarney House at 7pm and will be delivered by musician and composer Criostóir O' Loingsigh who will bring the audience through a history of music that was listened to by the owners and workers at Killarney House throughout the centuries. In The Brehon on the Muckross Road, performer and vocalist Grace Foley will take to the floor for an intimate performance followed by a Site-Specific Theatre piece that will use four bedrooms in the hotel. Eleanor McEvoy is in concert at Muckross School House and a Voices for Women Writing Workshop at The Plaza Hotel kicks off at 6.00pm and is followed by Kampala to Killarney, an Afro Trad Ireland musical journey in St. Mary's Church of Ireland.

There is so much not to be missed so remember 'Culture is Catching' on Friday 21st September. All events are free to enjoy. For full programme details go to www.culturenight.ie or www.culturekerry.com or phone 066 7183541. Culture Night Kerry is brought to you by the Department of Culture, Heritage and the Gaeltacht and the Creative Ireland programme in partnership with Kerry County Council.

No footbridge between bus and rail stations

Following years of requests for a footbridge linking Killarney Bus station and Killarney Railway Station, Cllr. Michael Gleeson is disappointed with the news that he received this week.

"Over the years I have been trying to get a Bridge erected to link Killarney's Bus Station and Train Station. In February 2018 I again raised this matter by means of a Notice of Motion to Kerry County Council. I have just received a reply as follows from Bus Éireann", Cllr. Gleeson told the Killarney Outlook.

"We have consulted with Irish Rail since a Bridge over the rail tracks is predominantly an Irish Rail matter. While a direct link would be desirable, a footbridge is not the option for accommodating the elderly or mobility impaired. An alternative Ramp Bridge would require a considerable amount of space which is not available on the train station side. The cost of any type of Bridge would also be very significant and the current route from Bus Station to Train Station via the shopping centre

is considered quite short and not prohibitive". "I am very disappointed with the response from Bus Éireann as many people are inconvenienced by the present situation of having to walk with luggage between Stations. The reply also fails to acknowledge

the efforts being made to progress Killarney towards achieving its designated objective of becoming Ireland's first fully accessible town for all. The response from Iarnród Éireann was equally negative. I will, however, continue to pursue the matter", Cllr. Gleeson added.

KERRY 1978 FOOTBALL TEAM HONoured BY GPA

The team that began Kerry's four in a row journey is being honoured and celebrated by the GPA at the GPA Former Players Reunion Lunch, which will take place on the eve of the All-Ireland football final.

As this is a GPA event honouring these athletes, all former players are welcome, by contacting the GPA via email, formerplayers@gaelicplayers.com

Proceeds from this event will go toward the GPA Former Players Benevolent Fund.

This Kerry team capped off the year with a monumental win over Dublin in the final, with 17 points to spare (Kerry 5-11, Dublin 0-09), while also stopping Dublin's three in a row aspirations. Under the stewardship of Mick O'Dwyer, this is the Kerry team that hosted a dynamic full-forward line up of Mike Sheehy, Eoin Liston and John Egan, with the late Páidí Ó Sé, Jack O'Shea and Pat Spillane also featuring. On their drive to the final, Kerry beat Waterford, Cork and Roscommon before coming up against Dublin. During the final, Mike Sheehy ensured his spot in football lore

when he scored his now infamous lobbed goal, while the Dublin goalkeeper was arguing with the referee. 1978 was the third of four All-Ireland football titles won by the Kingdom in the 1970s. The GPA Former Players Reunion lunch will take place on 1st September 2018, on the eve of the All Ireland Football Final. Each year at the event, one former hurler and one former footballer are recognised. Both will be presented with Lifetime Achievement awards

for their outstanding contribution to both codes. This year's hurling award recipient is Galway's Joe Connolly and our football award recipient is Down's Paddy Doherty.

At the 2018 event we will also recognise the achievements of 10 teams-hurling and football All Ireland winners through the decades from 1968-2008. While we are honouring those 10 teams, we also invite all former inter county footballers and hurlers to be present and enjoy the event.

There will be approximately 500 former players with some special guests in attendance

at the event. As well as honouring some of the greats of our games on their past achievements, our ambition is to grow this event, expand our Alumni of former players and enhance the level of support we can provide to former players if & when needed. All profits from this event will go directly to the GPA Former Players Benevolent Fund.

Letter to the EDITOR

Dear Editor,

Further to the campaigns to commemorate, in an appropriate manner, those who have made outstanding contributions to the social, business and political life of Killarney over a sustained period of time, I would like to add to those families mentioned, the Hilliard family. Recently while researching various outlets for a book I have written called "The Wonderful Life Of a Councillor" I sighted a brochure published by Hilliard enterprises who were celebrating one hundred years of business in 1946.

Hilliard's was one of the most important companies in Killarney and Kerry founded in 1846, when the great famine was causing such devastation throughout the land. R. Hilliard and Sons Ltd was later to encompass Hilliard and Palmer boot factory and in 1868 the boot factory was built.

In 1880 Richard's sons Robert and John took control of this very well organised enterprise. John was the principal driving force behind the expansion and development over the following years until his death in 1931. Described in the excellent publication "John was a man who united exceptional industry with foresight and astuteness of mind, he inspired his colleagues with his own zeal and it

was by his efforts that the drapery section was further expanded in 1894." In 1940 the turnout of boots was six thousand pairs per week with two hundred and sixty employed.

The total employed in all enterprises in Killarney was just over three hundred and fifty. There was three enterprises in total, which though functioning independently were connected, R. Hilliard and Sons Ltd., Killarney and Tralee; Hilliard and Palmer, Ltd. Killarney and the Lake hotel. Hilliard's were one of the principal employers in Killarney, Kerry and the south west until Hans Liebherr arrived in 1958. Over a period of almost one hundred and

fifty years the various Hilliard enterprises employed thousands from the Killarney area through this time span. That due recognition was not afforded to the Hilliard's over the years is a mystery but together with those already mentioned, Hilliard's would be greatly deserving of such an honour.

I have today advanced to the Killarney Municipal authority a request to the effect that the family would be so honoured.

Yours Sincerely,
Sean O'Grady
114, Ardshanavooly,
Killarney.

WHY SHOULD YOU REVIEW YOUR PENSION?

As you have probably seen or read in the news recently pensions are being discussed very often. This shows how important pensions are, so if you have a pension it is very important that that you review your pension regularly. You may or may not be contributing to your pension anymore but it still needs to be reviewed. You need to know what kind of pension you have and what funds your pension is invested in.

Your pension could be invested in very high risk funds which means that the value of your pension could substantially decrease or substantially increase over a very short period of time. You also need to look at the fees and charges associated with your pension, there may be more competitive options available to you where the fees and charges are less. If you do not review your pension you will not know if your pension is increasing or decreasing in value or if your pension is on track to get you the income you need at retirement. So whether you are currently contributing to a pension or have a pension that you paid into in the past it is very important that your pension is reviewed by a pension advisor regularly.

To discuss this or any other financial matter you can contact Dermot Cronin QFA APA at 0646622775 or dermotcroninifa@gmail.com

Ian takes centre stage at Deerpark

It has been a busy year for Deerpark Pitch & Putt Club and following their hosting of the 2018 National Inter-County Pitch & Putt Championships, the club will follow up with the staging of their annual Ricky Kelly Memorial Tournament a week later which will take place this year in aid of the Ian O'Connell Trust in conjunction with Spa GAA Club.

Ian's story has touched the club as much as it has many others both near and far and the club is delighted to give the proceeds of this year's event to Ian to aid him with the living of his life into the future. Inaugurated in 1991, the event has been held in Ricky's memory since 1992 and is the 27th staging of the popular competition.

The event will take place on the weekend of September 15th/16th and the club is throwing it open this year to both members and non-members of the PPUI this year in an effort to raise as many funds as possible for the Trust. The event is kindly sponsored once more by the Tatler Jack Bar, Killarney and the cost of entry this year is €90 per adult team with an U-16 section this year for the first time with a fee of €30 per team.

Play is scheduled to begin on Friday afternoon September 14th with players this year allowed to play on multiple teams if they so wish. Prizes will also be awarded for the best local sports club team (non PPUI members) as well as a number of other different categories as the club extends a big invite to former and current members, keen golfers, sharks, scrubbers and complete beginners to support this year's event.

The presentation of prizes will take place on Sunday evening at the club with an evening barbeque and entertainment. Further information on this year's event and anyone looking to pre-book tee-times can contact the club on 087 9488516 in advance.

Quiet Your Mind.... Free Your Body

TIME FOR HOT YOGA

If you have ever thought about joining a Hot yoga class now is the perfect time!

Slow Flow Yoga is a hidden gem of a yoga style. Slow Flow Yoga is not restricted to beginners or those with physical limitations. All levels of Yoga practitioners can find their personal challenges, as they slowly and mindfully move through a series of postures. Poses can be refined and strengthened, without feeling rushed into the next move, next breath, or next pose. You'll be advised to take it easy and allow yourself the time to connect to your breath. Since one of our aims is regenerating health & peace in the body/mind, Slow Flow allows a person to become familiar with his or her body, create a reflective pause, and create the time to go inward. It's perfect for tired or sore muscles, ideal for beginners, seniors or those seeking slow and mindful practice to balance out our busy lives.

Classes are taught by Reidin O Meara who has been practicing yoga for over 15 years and is qualified at the RYT 500hr level. Reidin has practiced many styles of yoga including Hatha, Ashtanga, Yin, Restorative, Vinyasa Flow and brings aspects of these together to create a flowing class that emphasizes the importance of alignment and breath while building strength and flexibility. She

believes in the importance of creating a space to connect and empower oneself to live a full, happy and creative life.

You can find this class starting Tuesday 11th September at 10am in the Killarney Sports & Leisure Centre. More information on upcoming events and other classes on the schedule please call Reidin on 086 3427957 or check us out on facebook/hotyogakerry

Races ensure a massive €8m boost for Killarney

KILLARNEY Races are now worth nearly €8 million to the local economy and the company that organises the three yearly festivals insists that the estimate is on the conservative side.

Hotels, guesthouses, restaurants, bars, shops and transport service providers all report a boom during the races in May, July and August, in addition to fashion houses and hair and beauty professionals who enjoy a huge spin-off from the Queen of Fashion event in July and Ladies Day in August.

An extra day of racing was added in July – bringing the total number to 12 in the year – and a whopping €1.5 million in prizemoney was on offer for the 2018 season. “The hope is to increase this next year, along with adding new dates to our already busy calendar,” said Killarney Race Company Chairman, Gerard Coughlan.

“We went out on a real high with a 15 per cent increase in attendance last Saturday, the closing day of the August Festival, bringing a very successful year on the track to a wonderful climax. “Despite the drought, the course was in pristine condition for all three festivals and we would like to compliment course supervisor, Padraig Bruton, and his team for their great work,” Mr Coughlan stated.

Killarney is unique in Irish Racing in that it hosts two separate Ladies Day events. This year marked Dawn Milk’s 25th consecutive year associated with Killarney Racecourse through Queen of Fashion sponsorship in July and a new sponsor joined this year for the August Ladies Day with Simply Suits of Killarney and Cork coming on board. Another big attraction this year was the arrival

at the track, by helicopter, of newly crowned Rose of Tralee, Kirstin Mate Maher, who was making the first public appearance of her 12-month reign.

In keeping with the company’s customer care policy, a complimentary return shuttle bus service from the town centre to the track and back was very well received by racegoers and it assisted greatly with the overall traffic management plan in place in the town.

On the racing front, there were a number of notable performers with a potential superstar winning his maiden in Killarney in July. Anthony Van Duck won by eight lengths and he has followed up since with wins in a Group 3 and, most recently, a Group 2 at the Curragh. Anthony Van Dyck is also the current ante-post favourite for the 2019 Epsom Derby. Another impressive winner in Killarney in July was Wicklow Brave who went on to win in Galway before returning to the August festival to win again.

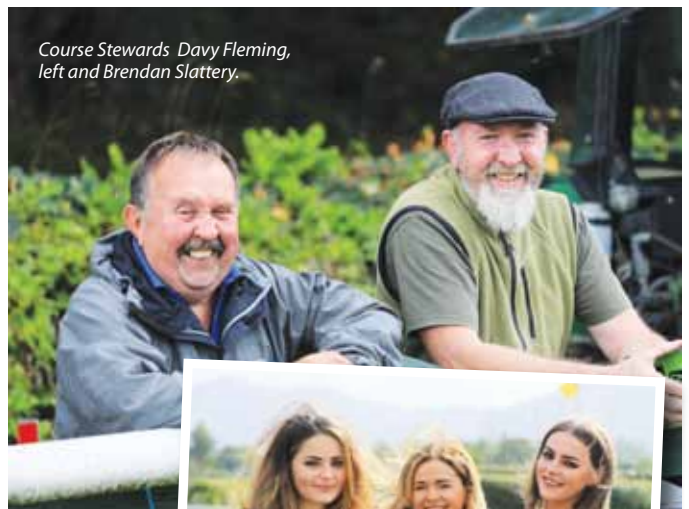

Peregrine Run won in Killarney in July 2017 and followed that a year and a month later to win the feature race last Saturday. Camlann, meanwhile, won in Killarney in July and followed up with a victory at the Galway festival while Espere won in Killarney in May and also tasted success in Galway. Lizzies Champ finished second in Killarney in July and went on to win in Galway.

“Killarney has unearthed some notable performers in the past along with some household names such as Derby winner Wings of Eagles and we hope that many more superstars will perform at the track in years to come,” said Sales and Marketing Manager

ATHLETES COMPLETE THEIR QUEST FOR ADVENTURE

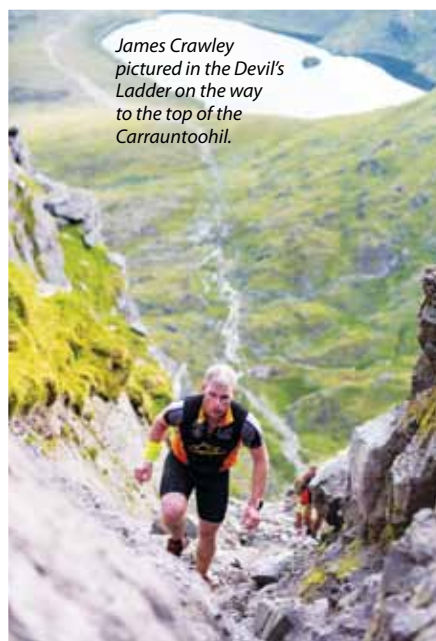

Cycle through Ballaghbeama Gap, Co. Kerry in the Quest 12/24 Adventure Race last Saturday. It is one-day individual unsupported adventure race across Ireland's highest mountains and the toughest cycle routes in the South West, along the Wild Atlantic Way.

Quest 12/24, an endurance length adventure race, with two distances of 146km and 253km respectively took place for the very first time this weekend. More than 250 hardened adventurers took the course with the aim of completing it in the allotted time of 12 or 24 hours respectively.

Winners of the 24 hour, 253km event were Paul Mahon, Wicklow in a time of 15hrs 09mins 37secs and Moire O'Sullivan in 16hrs 19mins 55secs. In the men's race second position went to Gavin Byrne (15hrs 22mins 53 secs) and third went to Killarney man Kevin Leahy (15hrs 35mins 21secs). In the female race second position went to Ailise Deane from Dingle (16hrs 56mins 51secs).

In the 12 hour, 146km event, the winning male was Killian Heery, Cavan, in a time of 8hrs 10mins 15secs. The winning female was Aine Mahony in a time of 9hrs 57mins 48secs.

In the male event second position went to Brian McBride (8hrs 13mins 59secs) and third position was won by John Paul O'Connell, Limerick (8hrs 16mins 42secs). In the female event second position went to Regina Sheehan from Mallow, Co. Cork (10hrs 10mins 02secs) and the winner of third position was

James Crawley pictured in the Devil's Ladder on the way to the top of the Carrauntoohil.

Ger Kelly (10hrs 22mins 43secs).

"We are absolutely delighted with how the event has gone. The participants put in such effort, blood, sweat and tears - and that's no

exaggeration! We had excellent support from the local community around the Ring of Kerry and I would like to thank them all for this. Feedback so far has been phenomenal and we will certainly be bringing the event back again next year", Race Director, Oliver Kirwan told the Killarney Outlook.

Moire O'Sullivan, Quest 24 winner of the female category said, "We had an absolutely unbelievable weekend. It was so tough but so worth all the time and the training. It's amazing to be out on the hills and roads with such great people and the camaraderie is just brilliant. Anyone who is into their fitness and is looking for a serious challenge for next year should think about this, it's a unique event in a spectacular location."

More than 200 participants took part across both events. The majority of participants came from other parts of Ireland and the UK with some travelling from as far field as Australia.

Quest 12/24 will take place on Saturday 31st of August 2019 and will open for registration in October.

STAYING HEALTHY AT SCHOOL

Back to school means school bags, school books, lunch boxes and Aherns Pharmacy can help you to keep your child healthy during the school year.

Here are some of our top tips:

ASTHMA

Now is a good time to review your child's inhaler medication; that they can use it properly and have sufficient supplies for home and school. Check that your child's school knows how to respond in the event of an emergency.

HEAD-LICE

Check your child's head once a week and avoid the sharing of hats, clothes, combs and pillows. Don't worry should you discover head-lice on your child's head as it can be effectively treated.

CHICKENPOX

This is the most common childhood infection and in most cases, the symptoms can be managed with a range of Pharmacy products. Be familiar with the signs of chickenpox and how to manage it should it occur.

VACCINATIONS

Make sure your child's vaccinations are up to date.

SLEEP

A good sleep pattern and bedtime routine will help your child stay focused during the school day. Minimise screen time and provide a calming environment before bed so they will feel refreshed the following morning.

GOOD HYGIENE

A good hygiene routine is a good habit for your child to develop as it will help them to avoid catching bugs at school and bringing germs home. Hand sanitiser is a great product that can be easily put in the school bag and will come in handy when soap isn't available.

Farranfore

BACKPACK SAFETY

Make sure your child's backpack is the correct size and it fits well so that it doesn't put strain on their growing bodies. It is recommended that a school bag should never weigh more than 20% of the child's body weight.

NUTRITION

A good breakfast and a healthy lunchbox are vitally important in keeping your child healthy throughout the school year.

EXERCISE

Regular daily exercise, ideally outdoors is key to maintaining child health, particularly for your teenagers who may be in exam years.

Our team in Aherns Pharmacy will be able to advise you on any health queries you may have.

Be part of the solution to plastic pollution

The Diocese of Kerry takes up the challenge of Plastic Pollution for the 'Season of Creation' 2018. The Season runs from September 1st to October 4th a time when Christian Churches around the world focus on prayer and action to protect the natural world or creation. This time can be described as the churches' Eco Time.

Be part of the solution to plastic pollution, is the catch phrase for the theme chosen by the Diocese of Kerry for this Season of Creation. This is not a new initiative to the Diocese of Kerry, but this year all Catholic Dioceses in Ireland have been asked by their bishops to celebrate the season.

The Events include:

- September 1st A Prayer Event in Tralee Town Park at 11am and all are welcome.
- In Killarney, St Mary's, Church of Ireland, is hosting a celebration at 10.30am on Sept 1st, in its own grounds. The people of Killarney from all and any faith traditions are invited to meet to pray for the protection and care of this planet and its inhabitants.
- Film Plastic in Paradise will be shown in the Killarney, John Paul 2 Pastoral Centre, Rock Road on Wednesday 19 September at 8pm when film maker Vincent Hyland of Derrynane will be present, for this screening of his documentary of the effects of plastic pollution in the ocean. The screening will be followed by a short recycling workshop given by a Recycling Ambassador from VOICE Ireland.

Last year's Tralee Park Prayer Event for the Season of Creation.

Again there will be a warm welcome for all. A special brochure is being circulated in parishes and throughout the diocese: Be Part of the Solution to Plastic Pollution. All parishes across the diocese will receive copies of this brochure explaining the theme and giving suggestions for practical actions to be taken. This will also be available on the diocesan website.

This 5-week Season of Creation gives parishes the opportunity to include the theme in Sunday Mass, and resources to support this are available. The Radio Kerry programme 'Horizons' and the daily 'Just a Thought' will

also highlight the theme during the Season. "This is an ideal opportunity for all Christian churches to come together as we are all aware of the huge challenges facing our common home, that home for all creation. The issue of plastic pollution is on everyone's lips right now and not surprisingly as Ireland is the top EU producer of plastic waste. This Season is an invitation to become part of the solution and join the many exciting initiatives, local, national and global, says Sylvia Thompson, of the Diocese's Justice, Peace and Integrity of Creation Committee, the group organising the event.

Kerry ETB Doorway to Dynamic Careers and Higher Education

For many the last week has been a time of angst. What next? Should I go to college, not to mention did I get the points to secure a place or can my family afford the three to four year investment? Well here is some good news...there are many more options available to you and they are on your doorstep.

Even for students who got top points in the Leaving Certificate, Further Education is a fantastic way to experience a new vocational area while you become a self directed independent learner, but in a well supported environment. For some, a first year lecture theatre with 300 people who don't know your name is not a place they want to be.

PLC Colleges of Further Education have come a long way since the days of general secretarial studies for the girls and trades for the boys. Options now include: Physiotherapy Assistant; Computer Game Design and Development; Software Development; Engineering Technology; Fashion Design; Youthwork; Music Technology; Animal Care and Grooming to name just a few.

Today Kerry College of Further Education (KCFE) in Tralee, and North Kerry College of Further Education (NKC) in Listowel, run by Kerry ETB, offer alternative routes through CAO to Higher Education and pathways to dy-

namic new careers. Some courses with a Level 6 option even have advanced entry routes to year two of certain higher education courses. PLC courses are open to school leavers and mature students. Financial supports such as the SUSI grant or the Back to Education Allowance are available to eligible learners. The focus is on giving the learner the opportunity to get a great academic foundation in their chosen field, along with hands on learning through practical application, projects, group work and work experience. Assessment is mainly by continuous assessment.

"We like to prepare our learners really well for their work experience. I think that is why many of them end up in full time employment afterwards. For example on our Engineering Technology course, the class is exposed to a range of engineering processes such as welding, brazing etc, as well as Computer Aided Design (CAD) and Computer Numerically Controlled (CNC) Machining so they already have skills to bring with them and apply during work experience", said Stephen Goulding, Principal of North Kerry College of Further Education.

Karen Whelan, who did Pre Nursing Studies in Listowel said "I was absolutely delighted with the course. I learned so much and gained a huge amount of skills from my work experi-

ence in a nursing home. I am now totally sure that nursing is the career for me because of this course. The high standard of teaching and support I received allowed me to obtain very high exam results. Thanks to this pre-nursing course I have secured a place in the University of Southampton in the UK where I will obtain my Bachelor of Nursing degree. I can't wait to begin my career in Nursing."

This time last year 19-year-old Paul Sheerin was disappointed he didn't get a place on the Level 8 (honours degree) Bachelor of Music at Cork IT. So the Trumpet player from Rathmore did the KCFE Music Technology course instead. Now he says "doing the PLC was the best decision I ever made". And he is starting the CIT course he wanted next month.

Some PLC applicants who may not meet the entry criteria, or have not been involved in learning for a long time, may opt to do a VTOS course first. This is a well structured and supported two year course with academic, personal, financial and childcare supports built in. You have to be over 21 years and in receipt of a social welfare payment for six months. VTOS is available in four Kerry towns, including the option to do a Leaving Certificate in Tralee.

One past Killarney VTOS learner said, "I started VTOS in 2014 and was very nervous returning to education having completed my Leaving Cert in 1988. I couldn't recommend VTOS highly enough – from the open day right through to the last day of the 2 years. It was a purely positive experience from start to finish. The teachers are fantastic, all extremely fair and committed. The subjects are interesting and diverse- something for everyone. I learned so much in two years in particular about myself and for that I am entirely grateful and I made wonderful friends. All I learned in VTOS I'm using on a daily basis at work and I know there is no way I'd be still working at this job without VTOS and the fantastic start I got there. I am working in an office doing wages and accounts and not a day goes by that I don't think of VTOS especially the computer and payroll classes – everything I learned in these I use on a daily basis."

To find out about Kerry ETB course options go to www.kerryetb.ie or www.fetchcourses.ie. Kerry ETB also offer a free adult guidance information service to the public. They can be contacted on (066) 7121300.

EDUCATION OUTLOOK

College students face daily commute to avoid homelessness in accommodation crisis

(By Billy Ryle)

A new survey from the Irish League of Credit unions has found that 69% of third level student are now living at home during term time. Many are forced to make a daily return commute from Kerry to Limerick or Cork because they can't afford the spiralling unregulated cost of student accommodation.

The research shows that the average monthly cost of accommodation has exceeded €1000 in Dublin, with costs increasing by 20% since last year. Nine in ten parents are funding their children's education but are getting into considerable debt to do so. Some parents say it's costing up to €15,000 per annum to put a child through college. Accommodation, student contribution, travel, books, laptop, food and utilities are factored into the cost.

The supply of rental accommodation is at a critically low level and students are competing for the most basic accommodation with those who cannot afford to purchase a home or are awaiting social housing. Students who normally live away from home during the academic year now face the prospect of missing out on college if they can't, firstly, find accommodation and secondly, if they don't have the means to pay for it. The alternative is a long daily commute to and from college which is costly in terms of time, fatigue and finance. In fact, application data reveals that the vast majority of college applicants from Kerry look no further than Tralee, Cork and Limerick as they now accept than Dublin is unaffordable.

An increasing number of parents are cutting back on family clothing, household goods, food, groceries and a family holiday to cover the cost of third level education. Money issues are the biggest concern for all parents of college students with 42% saying it occupies their minds more than any other issue. Six in ten parents

are forced into debt to fund their children's third level education. The survey has also found that an increasing number of parents are borrowing from moneylenders.

The financial burden is somewhat eased for the four in ten students who qualify for partial or total state funding. However, many college students have to work part-time to make ends meet. Students who are ineligible for funding due to punitive means testing of the family income must come up with an average of €10,000 annually for accommodation and maintenance if they are living away from home or about €5000 if living at home. The unjustifiable student contribution of €3000 has also to be paid.

Currently the maximum standard maintenance grant payable to students whose college is 45 km (28ml) or more from their homes is only €3025 (non-adjacent grant). For students who live less than 45km from their college, the standard maximum grant is a paltry €1215 (adjacent grant). Means testing of applicants for grants is now so restrictive that thousands of students in third level education may be ineligible for any financial aid this academic year. Capping the gross annual income levels for grant eligibility at €39,875 has made a mockery of spiralling living costs and is financially crippling middle income families.

Student Universal Support Ireland (SUSI), the grant awarding authority will process late applications. Submit your online grant application as soon as possible. Applicants are assessed on gross income from all sources in the 2017 financial year. Further information on state funding can be found on www.studentfinance.ie. Most of the institutions also offer scholarships for excellence in areas such as academic, sport, creative arts and entrepreneurship. Colleges also operate a Financial Assistance Fund for students

experiencing financial difficulty during term. Go to the relevant colleges' websites for further details. Watch out also for local scholarships such as Credit Union Scholarships available to members. If at all possible avoid taking out a student loan, but if you must then the best rates are available from your local Credit Union.

In the next article, I'll explain how good planning and consistent work will lead to exam success in the 2019 State Exams.

TOP KERRY TEEN TALENT SOUGHT FOR €5,000 CLASSICAL MUSIC PRIZE

The search for Kerry entries for Top Security's Frank Maher Classical Music Awards for 2018 has begun and, with a €5,000 top prize, they are Ireland's largest classical music competition for secondary schools. The 2013 winner and award-winning violinist Mairead Hickey was at the launch in the Crawford Art Gallery and, as this year's competition is taking place earlier than usual, the closing date for entries is now Friday 14th September 2018.

The Frank Maher Classical Music Awards were created in 2001 by Emmet O'Rafferty, chairman of the Top Security Group, to showcase outstanding young talent in classical music. Past winners have received national and international recognition for their achievements and used their prize money as a springboard towards

a professional career by funding their studies at some of the world's most renowned music colleges and institutions, the Barenboim-Said Akademie, Royal College of Music, Conservatoire Nationale Supérieur de Musique et de Danse, Kronberg Academy and the Meadows School of the Arts to name a few.

The Awards are open to sixth year post-primary students of string, woodwind, brass and piano. The €5,000 top prize will be used by the winner to attend a recognised place of tuition, a course of study in Ireland or abroad or on a purchase necessary for the development of their talent. The finalists will each receive a €250 bursary.

The closing date for entries is Friday 14th September 2018. Seven finalists will be selected by an independent board of adjudicators to

attend the competition night on Friday 5th October 2018 at the Royal College of Physicians in Dublin to perform in front of an invited audience. Full details, including rules and a copy of the application form for downloading, are on www.frankmaherclassicalmusicawards.com

Gardening
 with Killarney Outlook
 by John O'Sullivan

AUTUMN AND WINTER CONTAINERS

Containers filled with permanent and seasonal plants can be very versatile as they can be moved anywhere in the garden at any time to brighten up any corner.

It is usually annuals that are planted in containers, but you can also plant them with most shrubs, grasses, herbaceous, perennials and even certain types of trees and conifers. Vegetables can also be grown in containers.

If you have an area in your garden you would love to screen-off but haven't got the earth to do it you can plant most climbers in containers, a good type of container for this is a quarter barrel as it can fit right up next to a wall or trailing.

As with all plants in containers, make sure that you water and feed regularly.

When choosing a terracotta container, make sure the label says frost proof rather than frost resistant as these can still crack in prolonged frost. There are also imitation terracotta pots made from plastic which are really very practical.

IS COMPARISON SABOTAGING YOUR SUCCESS

PART TWO...

Constantly making unrealistic comparisons between yourself and others can leave you feeling like you can't measure up, which tears at your self-worth and can result in mental health issues such as depression and feelings of failure.

Comparison also causes you to focus on others rather than yourself, which sets the stage for feeling that you're not "enough." When you start worrying that you're not strong enough or fast enough, you set off an internal

Instead of feeling confident and empowered, you end up draining your system of the vital energy that you need to be successful, both mentally and physically. Moreover, comparisons can negatively affect relationships with friends and workout buddies. If you're envious of one another's accomplishments, it's nearly impossible to also be supportive of each other and truly celebrate when you reach milestones.

Astrid Longhurst
Life & Body Confidence Coach

What are you feeding yourself?

There is a restaurant in the States who always tells its customers what music was played as their food was cooked. There was something in this that deeply resonated with me. How lovely! Customers could also request their favourite pieces of music to be played as their food was prepared. Traditionally we are taught what to eat. What foods are better than others, the nutritional content and value of foods. But this is only half of the story. What we miss out is who we are as eaters. There is increasing research that shows that the food we eat is directly affected by our thoughts, feelings, beliefs, levels of stress, inner and outer environment, fears and relationship with our bodies. Many people are confused around what to eat and how much to eat. People fight food, fight pleasure, fight their instincts and desires, fight body fat – and because it's a battle against our own self – it's a fight we are destined to lose. Clearly, there's an immense amount of pain around eating. Media images that portray what a body should look like has all too many of us chasing impossible standards of perfection. Nutrition pundits and experts are continuously contradicting each other leaving everyone more confused than ever. We are overloaded with information, but undernourished when it comes to wisdom. Tune into your own bodies wisdom by asking the following questions:

1. What foods make me feel alive and full of energy?
2. What emotional state do I prefer to be in whilst eating?
3. What music would I choose to prepare food to?
4. What is my relationship with food?

If you are interested in training to become a Certified Body Confidence & Wellbeing Coach please visit my website www.institutebodyconfidencecoaching.com and enroll. 12 week training course starts in September.

CROWS HIRED TO EDUCATE PEOPLE

An unlikely new group of freelance employees have been added to a French workforce.

At the Puy du Fou theme park in western France, six birds have been employed to collect and dispose of litter – mainly cigarette ends and other small pieces.

As payment for their services, the birds take the collected rubbish to special bins where they can receive bird food in exchange for depositing the litter.

"The park is very clean," park president Nicolas de Villiers said. "The purpose of the crows ... is to educate the people, to open their minds, to think, 'OK, the birds are able to do something that we are much more able to do than them, so we should do this by ourselves.'"

Corvids like crows, ravens, magpies, and rooks have long been observed for their startling displays of intelligence. They are one of the smartest groups of animals on earth, with remarkable problem solving, tool making, and deductive reasoning skills.

SEASON OF CREATION

Sept 1st to Oct 4th. Right across the world and here in our own Diocese of Kerry, we will be celebrating and honouring the Season of Creation for the next five weeks. The theme in our Diocese is - 'Be part of the solution to plastic pollution'.

THE LAST PLASTIC STRAW

When is the last time you received a plastic straw without asking for it? Are you ready for it to be your last plastic straw?

Plastic straws are of no real value or significance to most people and they contribute massively to the plastic pollution problem in our oceans, waterways and beaches.

The Last Plastic Straw movement seeks to activate citizens through grassroots campaigning to encourage individuals to push for change in restaurant protocol and practices in their local communities. By becoming aware of the issue yourself and mobilising a movement within your community to limit and ultimately eliminate the use of plastic straws, you can bring about wider behaviour change and reduce the amount of single-use plastic damaging our planet.

The movement started in the US and teams of community organisers are now mobilising around the world to take simple, practical and effective action towards eliminating plastic straws.

Over 1,800 restaurants, organisations, institutions, and schools worldwide have stopped using plastic straws or implemented a serve-straws-upon-request policy as part of the Last Plastic Straw movement. Businesses report a 60-90% reduction in plastic straw use and waste, resulting in significant financial savings.

EVERYONE IN THIS VILLAGE CAN SPEAK SIGN LANGUAGE SO DEAF RESIDENTS CAN BE TREATED EQUALLY

Almost everyone in the little village of Bengkala in Bali can speak sign language so they can properly communicate, welcome, and respect their 40 deaf residents.

Ordinarily, a town of 3,000 people would have an average of 4 deaf residents, but the community experiences a high rate of deafness due to a recessive gene that has been passed down for the last seven generations.

Instead of ostracising their deaf neighbours, however, the town made up their own form of sign language called Kata Kolok.

4 YEAR OLD READS BEDTIME STORIES TO THE FAMILY CAT

In a heart-melting video that was recently uploaded to Twitter, a 4-year-old girl named Abby Merryn can be seen reading a bedtime story to her cat Bailey.

While some cats might not be especially fond of snuggling, Bailey lounges across his buddy's lap while she reads aloud from a storybook. Every once in a while, he'll sleepily raise his head so he can gaze at Abby's face before falling back asleep.

This is not the first time that this has happened, either – according to Abby's mother, Erin, the little girl regularly curls up to her cat so she can read to him; and he is always the perfect audience.

Erin, who lives in Illinois, adopted Bailey when she was in college 13 years ago. She was drawn to the cat after he literally jumped into her arms and would not let go.

TOP SCHOOL OF MEDICINE IS NOW PAYING TUITION FOR ALL OF ITS MED STUDENTS

The New York University School of Medicine recently announced that it is offering full-tuition scholarships to all current and future students in its MD degree programme regardless of need or merit—a bold effort to simultaneously address the rising costs of medical education and still attract the best and brightest students to careers in medicine.

"This decision recognizes a moral imperative that must be addressed, as institutions place an increasing debt burden on young people who aspire to become physicians," says Robert I. Grossman, CEO of NYU Langone Health.

It is the only top 10-ranked medical school in the USA to offer the free tuition and it has already raised \$450 million of the \$600 million necessary to finance the historic initiative thanks to more than 2,500 trustees, alumni, and friends.

YOUNG KERRY LADS “KEANE” ON FIVE IN A ROW

BY: DONAL BARRY

It really is a sign of the great development work at underage level carried out by the county that sees the Kerry minor crop of 2018 compete in their fifth successive minor football final next Sunday when Galway stand in the way of a historic 5 in a row.

In fact, if stats could win games, then Kerry would have a strong hand. Unbeaten in 29 games since their victory over Clare in 2014 when Jack O'Connor's lads left Ennis with a 2-16 to 0-7 win back in 2014.

Four All Ireland victories to date with wins over Donegal (2014), Tipperary (2015), Galway (2016), Derry (2017) and now Galway look to avenge their 2016 loss and prevent something really special in the GAA world, a five in a row.

Still stats do not win games, players do and Kerry manager Peter Keane at every corner of this year's journey has played down the significance of any of what has gone before. "None of this team has played in those games and in fact they are now a lot younger with the age group gone to under 17", so in many ways Kerry despite their great showing this year are certainly breaking new ground.

Keane is a realistic when it comes to talk about records and five in rows. "There is no talk by any of the players or us as a management in viewing it that way (5 in a row), these players were only 11 or 12 years when all this (success) all began and all they want is their own medal which is something none of them hold at present"

In many ways, too they are a Kerry team who have shown a different glow to the teams

in the past as they have brought a new strength of character as witnessed in their wins over Cork and Monaghan especially. Games in which they were put to the pin of their collars to escape and games in which they never panicked and were calm under pressures. Something that belies their age. Keane, who is on his own personal three in a row, comes face to face with the team he conquered for his first All Ireland minor crown – Galway.

He is in no doubt that they present a major challenge. "They play good football like Galway teams traditionally have done and like the side we faced two years ago did as well. We don't see too many weak spots and obviously there is a desire for a double there with the Minor Hurlers having won their All Ireland."

KERRY PITCH & PUTT

A TREMENDOUS summer for Kerry Pitch & Putt continued last weekend in Seapoint, Termonfeckin, Co Louth as for the third time in its short history, Deerpark's Damien Fleming was crowned the Mens winner. After wins in 2009 in Royal Meath and 2011 on his home turf in Deerpark, Fleming won on the links course last weekend with a lead he pretty much held from start to finish. Fleming started with 11 under par for his First Round, matched only by Darren Fagan from the host club as his second round of seven under gave him a two-shot lead ahead of the final round on 18 under par.

Both Ray Murphy of Cork and Fagan were his nearest challengers on Sunday and it got very tight between both Fleming and Murphy coming into the fine nine holes as the two players became tied on 21 under par. Further birdies for both players saw them level on 22 under par ahead on the last hole with Fleming getting the birdie he needed for a third title on 23 under par as Murphy bogeyed in finishing level with Kildare's Frank Ryan on 21 under par in second. Damien's win follows a National Senior Gets Strokeplay success back in July in Glenville, Dublin and comes after a win for the Kerry U-16 team in their National Inter-County event the previous week in Fermoy.

The County Board congratulates Damien again on another momentous success as the year arguably nears towards the high point for the

Amazing performances by both girls.

Mixed.

A very proud day for our club, coaches, crews, families and supporters who all travelled to this prestigious event for the weekend. We had some super races, with windy conditions on Saturday but idyllic on Sunday. Our Junior Ladies of Siobhan Burns, Ciara Moynihan, Ciara Browne, Annie O'Donoghue and Miriam Fleming were still in top form this year and strolled home with 5 of the Golds. Likewise our Junior Men- Ruadhan Mac Curtain, Jakub Kunicki, Callum Myers, Marc Woodard and Dylan Bartlett didn't disappoint and gave us thrilling finishes with their 2 Golds and One Silver in the super competitive U18, Intermediate Men and U21 Men respectively. Our Pre-Vet Ladies were in top form with Pauline O'Brien, Derva Ireland, Karen Hill and Club President, Mary Moynihan winning Gold. Also Vet-Mixed with Timmy Moynihan, Pauline, Derva and John O'Leary gave us a magic race with Gold at the finish. The Pre-Vet Mixed again proved too fast for the field and brought home the All-Ireland Gold- congrats to Anthony Mc Carthy, Hugh Rudden, Karen Hill and Derva Ireland.

There were many more races and many more medals but special congratulations to our U14 Silver medallists- Ryan Bartlett, Maya Fleming, Kate Rudden and Luke Ryan. Also to our super U16 Boys- Peter O'Shea, Caolan Ireland, Ben Cussen and Joe Rudden, and not forgetting Tom O'Leary and Dylan Bartlett who were with Ciara and Ciara in the Senior Mixed Silver

Medalist Boat.

Combining with some of the rowers in the above boats and winning bronze All-Ireland Medals was Maria Browne winning in both Vet Ladies and Vet Mixed. Also to Irene O'Leary who was in the Masters Ladies boat and won silver. A huge congratulation to our competitors who narrowly missed out on placings but rowed so well on the day: Conor Lehane, Ross Mc Carthy, Ellen Farndon, Sarah O'Leary, Meadhbh Ni Churtain, Abigail Gallagher, Amber Pomeranz, Noreen O'Donoghue, Mike Quirke, Sarah Looney and Kelly O'Connor. They should be so proud of their races and how nailbitingly close they came to All-Ireland glory.

A very special mention to our coxes over the two days: Mickey Joe Burns, Joe Rudden and especially Michael O'Donoghue who guided our crews home to so many victories. Many thanks to everyone who made the weekend so amazing...the Ferrycarrig Hotel made us feel so welcome, Troll and Maudlinstown Rowing Clubs and the Irish Coastal Rowing Federation.

CONGRATULATIONS

A huge shout out to Ben Cussen who celebrated his birthday last Thursday the 30th, to Lauren Lehane who celebrates on 4th, Vivien Reczetar on the 5th and also Pat O'Donoghue on the 5th September.

Best of luck to everyone returning to school and college and especially to all starting out on these new adventures for the first time.

DR. CROKES GAA CLUB

SENIOR COUNTY CHAMPIONSHIP

- ROUND 1 DR CROKES 1-18

ST KIERANS 2-13

Played in Lewis Road on Saturday 25th of August

In a game in which we struggled for supremacy for forty five minutes we ran out winners in the end by two points. Credit also goes to St Kierans who had a defensive structure we found hard to break down and who also sent over some very good long distance points from play and from placed balls. They also breached our defence for two goals.

We won this game through having two great periods of play in the last fifteen minutes. We were four points down at the end of the third quarter but sent over four points without reply from the 47th to 52nd minute to gain equality. Even though our opponents went a point in front again a minute later we took over again and had four unanswered points between the 56th and 64th minute to go three points clear going into the last minute of added time. St Kierans had a point on the stroke of full time to leave us winners by two points at the end of play.

One would have to single out two of our leaders Colm Cooper and Johnny Buckley who stood up as leaders do in our last quarter of supremacy. Credit too to the rest of the team and the off the bench players who also upped their game during this revival. Our goalkeeper Shane Murphy was also very strong and decisive under the high ball as he needed to be as we had lost our full back Mike Moloney through injury before half time.

We had plenty of play in the first quarter and led six points to three after fifteen minutes. Our opponents had a point at the start of the second quarter and then went into lead for the first time with a goal in the 19th minute. In the last ten minutes of this half they outscored us three points to two to go in at the interval leading by 1-7 to 0-8.

St Kierans had two points in the first few minutes of the second half and it was very much game on. A point by Colm Cooper and a good goal by David Shaw put the teams level after 37 minutes. A goal, followed by a point put our opponents four points clear as we entered the last fifteen minutes, including injury time. We were now in a position we haven't been for a few years but we rose to the task in hand and outscored our opponents eight points to two in the remaining period of play.

There were positives and negatives in our display. We played on the back foot for a lot of the game and credit St Kierans for that. Our players deserve credit for their grand stand finish to achieve victory. We had nine scores on the day. All forwards scored and our bench accounted for 1-2. Our Management also deserve credit for freshening up the team when it was needed.

Team and scorers: Shane Murphy, John Payne (Capt), Mike Moloney, Fionn Fitzgerald, David O'Leary, Jason Lyne, David Naughton, Johnny Buckley 0-2, Alan O'Sullivan, Micheal Burns 0-3, Gavin O'Shea 0-1, Brian Looney 0-1, Colm Cooper 0-5 (0-3 frees), Daithi Casey 0-3 (0-1 free), Jordan Kiely 0-1.

Subs: David Shaw 1-0 Kieran O'Leary 0-1, Michael Potts, Brian Fitzgerald, Paul Clarke 0-1.

We wish Mike Moloney a speedy recovery.

KERRY COISTE NA NOG

Lee Strand U-16 County Football Championship We are two thirds of the way through the round robin phase of the new structure for the championship this year. It was agreed at last year's AGM of Coiste na nÓg that teams would be graded into cup or plate. It was also agreed that teams would play a league basis to decide on whom qualified for the quarter finals.

We have seven teams graded in the cup competition. This has meant that we have two groups. The winners of each group will progress to the semi-final. Quarter finals will be played between the second and third placed teams.

In group 1 East Kerry and Kenmare District lead the way and will vie for the semi spot. In group 2 Mid Kerry have qualified to the semi directly. In the Plate competition, Shannon Rangers are leading the way but the game have been tight and we should have two very good semi-finals in this group.

Fixtures and Results can be viewed at www.kerrygaa.ie or Kerry Coiste na Nóg on Facebook and Twitter.

LEGION GAA NOTES

COUNTY CHAMPIONSHIP ROUND 1

Rathmore 2-12 – Killarney Legion 2-14

This first round championship encounter between Killarney Legion and Rathmore lived up to expectations with little to separate them right up to the final whistle. Rathmore, playing against the wind, went into an early lead 0-04 to 0-01 after just seven minutes making full use of home advantage. That all changed on the twentieth minutes with James O' Donoghue's clinical finish to the roof of the Rathmore net and some fine points contributed from play from the on form Conor Keane finished the first half with Legion deservingly going in at half time 1-08 to 0-08. The second half saw Rathmore reducing the deficit with a goal early in the half only to see Legion respond with their second goal with Pádraig Lucey finishing to the net. Legion stretched their lead to five points with twenty-four minutes on the clock and looked comfortable to see the game out.

Austin Stacks and Milltown/Castlemaine U8 and U10 players at the juvenile blitz in Connolly Park last Sunday. Mile buio-chas to all the players, parents, mentors, and supporters who supported the event.

Rathmore, to their credit, responded with their second goal on the twenty-six minute mark to leave only two points between the teams, but Legion held with some great defending led by Danny Sheehan and Damian Sullivan and Brian Kelly in goal. Legion finished strongly and deservedly ran out winners.

Legion Team: Brian Kelly, Cian Gammel, Damien O' Sullivan, Darragh O' Docherty, Rob Leen, Danny Sheehan (C) (0-1), Jonathan Lyne, Billy Maguire, Jack O' Neill (0-1), Aiden Slattery (0-1) Jamie O' Sullivan (0-5f), Denis Sheehan, James O' Donoghue(1-3/1f), Pádraig Lucey (1-0), Conor Keane (0-4).

We led by a solitary point at 0-7 to 0-6 at half time but a commanding 2nd half display which culminated in some lovely attacking football coupled with tireless defensive work which kept Brosna to only 2 points in the 2nd half. GOING TO SCHOOL

A parents guide to getting children to school safely.

WALKING TO SCHOOL

Research shows that children under 12 should not cross roads on their own. They cannot decide how far away a car is or how fast it is going. They should be taken to school by a responsible adult.

Children should wear high visibility clothing when out walking.

If there is no footpath, you must walk as near as possible to the right-hand side of the road (facing oncoming traffic).

Choose a safe route to school and keep hold of your child's hand at all times.

Don't allow your child to cross the road between parked cars. This is very dangerous as a driver will not be able to see your child.

Show your child how to cross the road by example. Choose safe places to cross and explain

GOING TO SCHOOL

A PARENTS GUIDE TO GETTING TO SCHOOL SAFELY WITH THE RSA

the reasons why to your child i.e. footbridges, zebra or pelican crossings, with a Garda, an adult warden or junior school wardens.

Ensure that your child always stops at the edge of the footpath, and always put the Safe Cross Code (see overleaf) into practice. After some weeks assess your child's understanding by asking him/her to bring you across the road.

The best person to teach your child to cross the road safely is you. But remember, a child will do as you do, not as you say. So set the good example yourself!

TRAVELLING BY BUS

Teach your child to take special care when getting on or off public transport.

While waiting for a bus get them to stand well in on the footpath or grass verge.

Before crossing the road, they should wait until the bus has moved off and they can see clearly in both directions.

On the bus your child should remain seated until the journey is complete.

If safety belts are provided, they must be worn. Place school bags under the seat.

DRIVING YOUR CHILD TO SCHOOL

Children should be secured in the back seat in a restraint appropriate to their weight and height. Children who are under 150cms in height and weighing less than 36 kilograms must use the correct child restraint when travelling in cars or goods vehicles. Ensure they cannot open doors or windows.

Children should never be left alone in a vehicle, even for a brief period.

Set down and collect your children on the school side of the road whenever possible. Never park opposite and call your child.

You must not park where parking is prohibited by a traffic sign or roadway markings. Children are most vulnerable when crossing the road between parked

cars. Not only will the child be unable to see approaching cars, drivers will not see the child. Co-operate with school wardens. Drivers, please give cyclists plenty of room.

Set a good example to children by always wearing your safety belt.

CYCLING TO SCHOOL

Research shows that children under 12 do not have the skills and experience required to be safe in traffic on their own and should only cycle accompanied by an adult or responsible person.

Parents should decide whether their child is fit to cycle on public roads. When doing so they should be confident that their child possesses the appropriate skills and training. It is important that your child understands and is protected against potential hazards.

Children should be taught that a bicycle is a vehicle and must follow the same rules as other road users. Impress on your children that traffic lights apply to cyclists too and that Red means Stop.

Cyclists are advised to use cycle tracks where provided. By law, cycle tracks must be used as part of a pedestrian street/area or as part of a contra flow cycle track. Where there is no cycle track, cycle on the left-hand side of the road.

Ensure the bicycle is a suitable size for your child and that he/she can comfortably apply the brakes.

Check that the bicycle's brakes, lights, reflectors, tyres and bell are in good working order.

Make sure your child is highly visible and wears a reflective belt and bright clothes. The higher the visibility, the lower the risk.

Because of their vulnerability cyclists should, in their own interest, wear protective headgear at all times. While it is not a legal requirement it is strongly recommended that cyclists wear a helmet suitable for their head size and ensure it is fitted correctly.

Know Your Rights:

QUESTION

I am parenting alone and getting a One-Parent Family Payment. I would like to go back to college. What are my options?

ANSWER

Your options depend on your circumstances. You can go back to education and transfer onto the Back to Education Allowance (BTEA) or you can choose to keep your One-Parent Family payment. You will need to assess whether it is more beneficial for you to transfer to the BTEA when you go back to education or to remain on your One-Parent Family Payment and apply for a student grant.

If you go onto the BTEA, you will not be eligible for the maintenance component of the student grant. However, you can apply under the student grant scheme for a fee grant to cover the student contribution and course fees/field trip costs (where appropriate). You can also keep your Rent Supplement, medical card and other secondary benefits you may have. If you qualify for the BTEA, you are also entitled to an annual Cost of Education Allowance of €500 as you have a dependent child.

If you stay on your One-Parent Family Payment and are studying full-time on an approved course, you can apply for both the maintenance and fee components of the student grant. If you study part-time, you may be able to keep your Rent Supplement. However if you go back to full-time education and stay on your One-Parent Family Payment, you will no longer be eligible for Rent Supplement. If you are on the Rental Accommodation Scheme or living in local authority housing, you continue to pay your differential rent. However, this may be affected by the student grant, depending on your other sources of income.

Visit studentfinance.ie to find out more about financial supports while studying.

Transition from Primary to Secondary School What to expect and what can help

By the time you reach your final years in primary school, you will be totally comfortable with your school environment. By sixth class, you are one of the most senior people in your school and you are used to being given responsibility and looked up to by the younger children. However the transition to secondary school means that you have to revert to being the most junior again and have to cope with a brand new environment. Change can be a daunting task for any one of us and can take a lot of adjusting to.

Easily the biggest change when entering secondary school is going from the experience of one teacher all day in one classroom to encountering eight or nine different teachers and subject/classroom changes every forty minutes or so. A tip to help you cope with this is to write down the name of each new teacher beside the name of the subject and write your own version of the class timetable. The second big change is the constant movement between classrooms throughout the day. Depending on your subject choices, you will be moving all around the school. Getting lost during the first few weeks will be inevitable and a good tip is to always stay with at least one other person from the class. Another big adjustment is the number of specific subjects you will be covering. Students in First Year will cover up to sixteen different subjects; many of these will be new to you. Discuss all the subjects at home with your parents and let them know which ones you struggle with. Everyone will have their own favourites and will excel at certain subjects.

Your timetable will take a lot of getting used to and you may need help initially in the organisation of your schoolbag each day. Each student will also be provided with a locker and be sure to use your locker to avoid 'heavy bag syndrome'.

Homework time is obviously going to increase. However not all subjects are covered every day and not all subjects involve homework. Learn how to successfully manage your time and don't rule out the possibility of supervised study. Schools reports may also be a new experience that comes with secondary school as regular reports come home from the school. Taking part in games and P.E. is a great way of getting to know more students in your school. Find activities which you and enjoy and try out new activities even if you haven't tried something before, or if you don't know what the activity entails.

If you find yourself struggling with any aspect of this change be sure to talk to someone: Your parents, a friend, a class teacher or school counsellor. This time will fly by, and before long your new school will feel like your second home!!

A Word of Victory

Welcome back dear reader last week we spoke of what Jesus said His church would be founded upon – the revelation Father God gave to Peter that Jesus is the Son of God, the Messiah Saviour (Mathew 16:16). This revelation must be our foundation stone of faith also – Jesus Christ the Son of God, was brutalised and crucified and died in your place and in mine, to take away, and pay the penalty for, our sins. God raised Him from the dead as Saviour after He defeated the powers of darkness and death itself on our behalf, so that we could receive God's promises and live blessed and set free as His children, and inherit eternal life when we die. This is the Gospel in a nutshell friend. Jesus is the Chief Cornerstone and everyone who believes in Him and acknowledges Him as Saviour is a living stone in His church and is given right standing with God through His perfect sacrifice (1st Peter 2:4-25). He laid down His life so that you and I could be saved. And to everyone who comes to Jesus and believes that He is the Son of God and acknowledges Him as Saviour, He gives the right to be called sons and daughters of God (John 1:12). In Mathew chapter 14, after John the Baptist had been killed by Herod, Jesus did a mighty miracle in feeding the five thousand (that five thousand was the number of men by the way, not including women and children who were there also), and then He ushered His disciples onto a boat while He withdrew to pray. During the night the boat was in trouble out on the lake when Jesus came towards them walking on the water. They thought He was a ghost! He told them 'do not fear', and Peter said 'Lord, if it's You, call me to Yourself'. Jesus said 'Come', and Peter walked on the water towards the Lord. When things are difficult in life, we must leave our comfort zones and reach out to Jesus for breakthrough and healing. As Peter kept his eyes on Jesus, he accomplished an impossible thing. But once he looked at the waves and the wind around him, he lost faith, and fear caused him to sink. Jesus caught him and rebuked him for doubting. The disciples' eyes were opened at the wonder they had just witnessed and they told Jesus 'truly, you are the Son of God'. All it takes is a step of faith friend, cry out to Jesus today and He will meet you in your darkest hour, and you will behold Your Saviour! **See more on www.wordofvictory.net.**

ACKNOWLEDGEMENT AND FIRST ANNIVERSARY

In Loving Memory of

KEITH O'DONNELL

Faha Glen, Faha, Killarney, Co Kerry and formerly of Ballinamore, Co Leitrim who died on 3 September 2017

As we remember Keith on his first anniversary, his wife Eileen, daughter Sinéad, son Eoin, mother Maureen, brothers Niall and Brian, sisters Mary and Niamh and the extended O'Donnell and O'Leary families, wish to acknowledge the many expressions of sympathy and gestures of kindness shown to us following our sad loss. Thanks to our relatives, friends, neighbours and work colleagues for all their help and support. We express our deep gratitude to all those who called to Keith's home, attended the rosary, removal, funeral mass and burial. To the many people who travelled long distances to be with us at this difficult time, and to all those who sent mass cards, enrolments, letters of sympathy and made charitable donations, we are truly grateful.

Thanks to all the medical staff who cared for Keith during his illness. A special word of thanks to the staff in Aghadoe Ward and the Dialysis Unit, Dr Patricia Sheehan and her team in Palliative Care, University Hospital Kerry for all the care, kindness and compassion shown to Keith and all the family during Keith's final days. Thanks also to the staff in O'Sullivan's Pharmacy, Killarney.

A sincere thanks to Listry GAA for organising the stewarding and who managed the flow of traffic so well during the funeral. We extend our appreciation to them also, and to the residents of Faha Glen and the students of Presentation Secondary School, Milltown for their respectful participation in the Guards of Honour.

Our heartfelt thanks to Fr Kevin Sullivan for all his guidance and support and for the lovely funeral mass, and to Fr Teddy Linehan, Fr Pat O'Donnell and Canon Peter Rabbitte who concelebrated. A special word of thanks to Mary McSweeney and the choir for the beautiful singing and music. Thanks also to Sean O'Mahony, Undertaker, for his kindness and understanding.

NOVENA TO ST. ANTHONY

The Saint of Miracles O holy St. Anthony, gentlest of saints, your love for God and charity for your neighbour made you worthy when on earth to possess miraculous powers. Miracles waited on your world which you were ever ready to speak for those in trouble and anxiety. Encouraged by this thought I implore of you to obtain for me my request... (mention request). The answer to my prayer may require a miracle. Even so, you are the Saint of Miracles. O gentle and loving St. Anthony, whose heart was ever full of human sympathy, intercede for me and the gratitude of my heart will ever be yours. Amen.

THE MIRACLE PRAYER

Dear Heart of Jesus, in the past I have asked you many favours. This time I ask you this special one.

(Mention favour).

Take it dear heart of Jesus and place it within your own broken heart where your father sees it.

Then in his merciful eyes it will become your favour not mine. Amen.

Say this prayer for three days.

Publication of prayer and favour will be granted.
